pleased, however, with the Atlanta  
Exposition.

evening, after a long and painful ill-  
ness. The bereaved husband and

tire community. The funeral was held  
yesterday afternoon. Obituary next  
week.

Many of our exchanges have been  
making comments on the ENTERPRISE  
adopting the cash-in-advance system  
and seem to think we have "hit the  
right nail on the head." We hope all  
our readers will think the same and all  
will go well. If you can't pay \$1 in ad-  
vance pay 50c. or even 25c. It will be  
accepted with thanks.

Ask some men for an advertisement  
or a few locals and they will say they  
don't believe in advertising; a paper is  
never read. Let one of them be caught  
in some act which he does not care to  
have known, and if the printing office  
is in the garret of a seventeen story  
building he will climb to the top and  
beg the editor to keep quiet and not  
publish it in the paper.

Dr. H. C. Edwards has been appoint-  
ed Health Officer for Elkland town-  
ship. The law provides that house-  
holders and physicians must immedi-  
ately give notice of the first case, and  
of every case of dangerous communi-  
cable disease occurring under their ob-  
servation in the township of Elkland.  
This notice shall be given in writing.  
Neglect to do this is deemed a misde-  
meanor and is punishable by fine or  
imprisonment.

The annual meeting of the Woman's  
Home Missionary Society of the M. E.  
Church was held last Friday afternoon  
at the church and the following offi-  
cers were elected for the ensuing year:  
Pres., Mrs. Fonn; Vice-pres., Mrs. Joseph  
Wallace; Sec'y, Mrs. T. H. Fritz;  
Treas., Miss E. Wright; Cor. Sec'y, Mrs.  
D. J. Landon. Several new members  
were enrolled and new interest awak-  
ened. Tea was served in the evening  
to which all honorary members received  
a special invitation.

Nothing daunted by their recent se-  
vere loss by fire at the Gagetown mills,  
although feeling it keenly, Heller  
Bros. are preparing to do a larger busi-  
ness than ever at their mills here. In  
order to handle the work properly ad-  
ditional help has been secured and the  
mill will be run steadily night and day.  
Eight men are employed at present, all  
men with families. Custom work last  
week amounted to 3,000 bushels, 951  
bushels being handled on Saturday  
alone. Sufficient orders were received  
the first of the week from Oxford and  
Pt. Huron for a three days' run, but  
owing to a rush of other work it was  
necessary to return them. The "boys"  
are energetic and enterprising and de-  
serve to succeed.

A blind man houldn't attempt to

Diseased blood, constipation, and kid-  
ney, liver and bowel troubles are cured

Lexington News:—Lou M. Houghton,  
editor of the Baraga Press and the  
Hancock Reporter, two very excellent  
papers, is spending a week in Lexing-  
ton with his family. He speaks highly  
of the upper peninsula and the op-  
portunities offered a man of ability and  
push. He has been fortunate enough  
to secure another paper in addition to  
the one at Baraga, and has a fine out-  
look for a lucrative business. The  
News rejoices to see a Lexington boy  
achieving success. Lou is a good  
printer, a bright young journalist, and  
deserving of prosperity. [So mote it  
be.]

The Tuscola County Teachers' As-  
sociation will be held in Cass City, on  
Friday and Saturday, Nov. 29th and  
30th. At 8 o'clock Friday evening  
there will be a lecture by Hon. H. R.  
Pattengill, Supt. of Public Instruction,  
in the M. E. Church, which will be  
preceded and followed by music. The  
program was received too late for pub-  
lication but two sessions will be held  
on Saturday, at 10 a. m. and 1.30 p. m.,  
also in the M. E. Church, at which  
several papers will be read on im-  
portant topics and discussions engaged in.  
The program will be enlivened with  
suitable music.

It may not be generally known to  
our readers, but Novesta township  
acquired its name in rather a peculiar  
way: At a meeting of the county  
board of supervisors when that town-  
ship came into existence, some twenty-  
five years ago, those worthy gentlemen  
were somewhat puzzled for name for  
the "baby." The meeting was being  
held in an old hotel in Caro and the  
room was warmed by a stove with the  
lettering "Vesta No.—" The happy  
thought occurred to one of the super-  
visors that a transformation of these  
letters would make a good name.  
The suggestion was acted upon and  
hence the name, "Novesta."

North Branch Gazette:—Miss Lizzie  
Beach, who returned to her home in  
Cass City Tuesday morning after an  
extended visit to friends here, was  
tendered a very pleasant farewell party  
at the residence of Mr. and Mrs. W. W.  
Harrington on the evening previous to  
her departure, in which quite a large  
gathering of young ladies and gentle-  
men of the village participated. Miss  
Bertha Harrington and several other  
young ladies, who had been the intima-  
te associates of Miss Beach during  
her stay here, were the promoters of  
the very pretty testimonial of esteem  
so opportunely and successfully  
arranged. Light refreshments were  
served and several hours were spent in  
delightful parlour amusements. As a  
souvenir of the happy occasion, Mr.  
Harrington, for the company, in a few  
well chosen words presented Miss  
Beach with a beautiful silver cup.

**Baptist Convention.**

The Worker's Convention which con-  
vened at the Baptist Church last Mon-  
day and Tuesday was both interesting  
and profitable. The opening sermon  
preached by Rev. C. Irving, West Bay  
City, was deeply impressive and inspir-  
ing, setting forth the presence of  
Christ's spirit in the Believer. All  
who were privileged to listen to the  
eloquent address were greatly helped  
and inspired to deeper consecration.  
On Monday morning the churches of  
Huron Association reported the pro-  
gress of their work. The reports of  
the delegates present indicated a spir-  
it of aggressiveness and advancement  
in the various branches of church work.  
Rev. C. E. Conley, of Detroit, then  
presented a new plan for aggressive evan-  
gelistic work to be prosecuted among  
the Baptist churches of the state. The  
plan provided for the unification and  
strengthening of the forces already in  
operation and received the sympathy  
and co-operation of the convention.  
The afternoon session on Tuesday was  
devoted to the reception and discipline  
of church members. The subject pre-  
sented by D. W. Leonard, of Union-  
ville, and Rev. H. Fraser, of Caro, elicited  
a lively and profitable discussion.  
In spite of the blustering snow storm  
many were present at the evening ser-  
vice. The opening address by Rev. C.  
E. Conley was a clear and forcible pre-  
sentation of the advantage and value  
of training in Christian work. Rev. C.  
Rundell then gave a stirring address,  
subject, "The family altar." All pre-  
sent were fully convinced of the duties  
and privileges of this exercise. The  
convention closed with prayer service  
and all felt the benefit and inspiration  
of the closing service.

**A VALUABLE FIND.**

Better Than the "Novesta Gold  
Mine" of Auld Lang Syne.

URING the three  
months past vague  
rumors have been  
afloat in our town  
regarding the dis-  
covery of a lead  
mine southwest of  
town, but they were  
so vague that we  
have thought best  
not to give them

publicity. Recently, however, they  
have taken on a more definite form  
and we now give our readers the bene-  
fit of what information we have been  
able to obtain.

Many of the older inhabitants are fa-  
miliar with the "traditions" which told  
of lead deposits along the banks of the  
Cass River where the Red Man used to  
procure the wherewithal to make his  
deadly bullets, but no one could locate  
the spot. It is said that one man who  
was intimate with these roamers of the  
wild wood was taken to the place and  
shown the metal but was blindefolded  
so that he, even, could not find it after-  
ward.

The "Brown" farm, southwest of the  
town some four miles, is well known.  
Wm. Brown, deceased, was the original  
owner. He found upon the place a  
rock or stone which no used for mak-  
ing lime by burning it in a kiln. He  
also worked some of it into building  
stone and it was used for corner stones  
in some of the county buildings. He  
sent specimens of the same to an ex-  
pert and received the answer that it  
was suitable for hones of the finest  
nature.

About two years ago this property  
was advertised for sale in the ENTER-  
PRISE by C. W. McPhail, now of Detroit,  
and it was purchased by Geo. S. Farrar  
and D. Lawrence, the latter securing  
216 acres north of the river, at less  
than \$10 per acre. Mr. Lawrence built  
a house and barn and cleared up a  
large portion of the farm placing it  
under cultivation. A few months ago  
a stranger appeared and wished to  
lease the property but Mr. Lawrence  
refused to lease, offering to sell, how-  
ever. The stranger proved to be one,  
Conrad, who had been engaged in lum-  
bering here some thirty-five years ago  
and had heard the "traditions" about  
lead. After some parleying he secured  
an option upon the farm on the con-  
dition that he purchase it for \$7,000 be-  
fore Dec. 1st. Conrad has spent the  
intervening years in the Upper Penin-  
sula and other mining regions and ap-  
pears to know "where he is at."

Operations were commenced and a  
shaft sunk eighteen feet. The rock  
was reached at a depth of three and  
one-half feet but at present depth the  
workmen have not reached the bottom.  
The rock is said to contain zinc, man-  
gane, cement and silver. We are not  
able to give the result of the assay as  
matters have been kept "mum," but af-  
ter conversing with one or two old  
miners and those who are best in-  
formed in our town we feel fully warranted  
in saying that the find is a valuable  
one and only needs developing. It is  
stated that the cement alone would  
pay for working it if done on a large  
scale. Manganese is of high value but  
there are many varieties of it and we  
have not ascertained which class this  
comes under. The silver is said to  
make up twenty-five per cent. of the  
quartz. The last work was done at the  
shaft about ten days ago and the im-  
pression prevails that a stock company  
is now being organized to make further  
developments. Efforts are being made  
to lease or purchase other adjacent  
lands.

An Elmwood farmer has specimens  
of quartz-bearing rock which he took  
from the river bed early last summer  
and he states that the same formation  
of rock runs across the river in a south,  
easterly direction and is apparently  
quite extensive. We shall watch de-  
velopments and endeavor to keep our  
readers posted.

Boys, the world is wide. If you wish  
to be somebody, "pitch in." The brave  
always have friends. Where others  
have gone you can go. If the old  
tracks don't suit make new ones. Suc-  
cess is not obtained without effort. If  
you fail once try it again. If it's dark  
strike a light. Are you in the shade?  
move around; for if there is shade on  
one side there is sunshine on the other.  
Take time, boys; don't hurry too fast.  
Go slow especially until you know the  
road or become acquainted with your  
team. Mind your own business. Don't  
stop to retail gossip—but go right on  
straight ahead, and—you'll get there.

It is not half as importa to make  
good cake as good bread.

OUR MISSIONS BURN

AND OUR MISSIONARIES FLEE FOR THEIR LIVES.

Inflated Fanatic, Bloodthirsty Turks Fire the American Missions at Kharput—Thousands of Christians Murdered—No Relief in Sight.

The later reports from the scenes of the massacres in Armenia only make the terrible affairs seem more bloody. There were fully 800 victims at Harput (or Kharput) and eight of the 12 buildings belonging to the American missionaries there were sacked and burned in spite of the assurances of the porte to U. S. Ambassador Terrill, that the lives and property of Americans would be protected and although it was announced that Turkish gendarmes had been detailed to guard the missions. The American missionaries, however, escaped, and are now in place of safety. Mr. Terrill has notified the porte that the United States will hold it responsible for the lives of the missionaries. The inhabitants around Kharput are in great distress. From Guram, in the vilayet of Sivast, where the Kurds have been besieging 4,000 Armenians, it is reported that all the Armenians have been massacred. In the district of Mardin, where there is Turkish Christian population of Chaldean and Syrians, a number of villages have been burned to the ground, the people are destitute and suffering. This outbreak is regarded there as being very significant and as indicating that the system of oppression against all Christians, and not against the Armenian Christians in particular, as has generally been believed to be the case.
