A number of our young folks attended the play, "The Miller's Daughter," at Gageton last Monday night and pronounced it first class. It will be played here in a few weeks by some talent. Don't fail to attend.

P. A. Koepfgen and daughter, Beryl, left for Port Huron on Monday morning to visit friends and Mr. Koepfgen will attend the I. O. F. High Court as representative of the local court. H. L. Pinney also attends as alternate.

If a fellow sneaks into your dwelling and tries to sell you a potted plant with fragrance rich and rare, kick him out. He's a fraud. The odor comes from a little bottle of cheap perfume buried in the jar. —[North Branch Gazette.]

C. W. Heller, of the Roller Mills, visited his parental home at Charlotte this week, his mother being seriously ill. He found her considerable improved, however, and on the way to recovery. He returned by the way of Detroit.

Eugene Parcell, Post Office Inspector, who is making a general inspection of presidential postoffices in his district, called on Postmaster Aleo on Tuesday. He expressed himself as very highly pleased with the condition of the office here.

Revival meetings are still going on in the Evangelical Church with increasing interest. A full house each night. Elder Frye, of Caro, will conduct the meetings this week. Next Sunday the last quarterly meeting of this conference year will be held. All are invited.

The new postoffice in Evergreen township is to be called Pingree and the service is expected to start next week. It will be tri-weekly and an old gentleman named Banks will be mail carrier. Our subscribers in that vicinity will please notify us if they wish their papers sent to that office.

We are in receipt of a program of the round-up Farmer's Institute, which is to be held this year at St. Louis, Gratiot county, beginning Tuesday afternoon, March 2, and continuing till Friday afternoon, March 5. This is one of the strongest programs that we have ever seen, and we feel that the meeting is to be of wonderful profit to those that can attend.

Our correspondents would do well to sign their name to their communications each week as we have such a large number of correspondents that it is almost impossible to familiarize ourselves with their various styles of handwriting sufficiently to recognize each one on sight. Please bear this in mind.

At the sessions of the I. O. F. High Court in Port Huron this week the election resulted as follows: H. C. R., M. M. Callahan, of Reed City; V. C. R., J. J. Starkweather, of Romeo; secretary, John Chambers, of Port Huron; treasurer, O. A. Taggett, of Caro. H. L. Pinney, of this place was favored with an appointive office, that of high conductor. The high court will meet in Detroit next year.

The gentlemen of the Presbyterian Church have organized themselves into a "Men's Aid," and are preparing to give a tea in the Town Hall on the evening of Tuesday, March 2nd. The various committees are hard at work making the necessary preparations and it is certain to be a tremendous success. A program is being prepared as well as a most enjoyable time is assured all who attend.

Wm. Smith, assistant state fish commissioner, on Monday placed in the streams in this vicinity 6,000 spring brook trout. These fish are protected for a period of three years and any person found fishing in these streams or having in his possession a trout less than six inches long is liable to a heavy fine and imprisonment. It is intended to also place some wall eyed pike in the river here soon.

The editor attended the sessions of the Michigan Press Association held in Detroit, at the Hotel Cadillac, on Monday and Tuesday, and sat at the sumptuous banquet tendered by Swart Bros., of that hotel on the latter evening. The sessions of the association were intensely interesting and profitable to the newspaper fraternity, a large representation of which were present. The annual meetings will hereafter be held in winter instead of in summer.

We aim to publish all the legitimate news of our locality and to publish only that which is reliable but we regret that an item should have been given publicity through our columns last week to the effect that the wife of Rev. B. Allen, of the Grant circuit, had passed to the world beyond. It appears that a misconstruction was placed upon a telegram received from Rev. Miller, of Caseville, regarding the death of Mrs. Miller, and the report spread before the mistake was discovered.

A gentleman who has been studying the caucus and election laws, finds that while women may vote for school inspectors, they have no voice in nominating candidates. The caucus law provisions apply only to male voters. They must be "identified with the party," and in other ways the qualification is masculine. No reference is made to female voters. It is also claimed that the registration books which the law requires shall be furnished for caucus purposes are not the ones in which the female voters are registered. —Ex.

On Thursday evening last, Prof. S. D. Williams, of Grand Rapids, field secretary of the state anti-saloon league, delivered an address at the M. E. Church, to a fair-sized audience, consisting for the most part of those interested in temperance reform. The address was a practical one and the workings of the league were fully explained. A local league was organized, officers elected and committees appointed. It is non-sectarian and non-political and has received the hearty endorsement of many of the state's most prominent men.

O. S. Munson, the musical combinationist, gave his entertainment in the Town Hall, last Thursday evening, to a crowded house. The entertainment was of an unusual character, consisting for the most part of exhibitions on various musical instruments, the operator playing as many as seven at one time. The selection, "Down on the Mississippi" was especially good. Before leaving town Mr. Munson purchased a King David's harp of O. Lenzner, Sr., which is a valuable acquisition to his already large supply.

At the last meeting of the Summer Home Club, it was decided to make an assessment upon stockholders for the purpose of causing a channel to be dredged from deep water to the inner shore at Oak Bluff. The channel will be sufficiently large to accommodate pleasure boats and will be completed in time for resorters the coming season. The contract will be let to Saginaw parties. The probabilities are that, now this improvement has been decided upon, shareholders will feel warranted in making greater improvements upon their individual lots and Oak Bluff will come into greater favor than ever with those seeking a summer's outing.

Some few weeks ago, Jacob Cramp, of Moore township, exchanged horses with John McBerney, near this place. Last week, however, a couple of gentlemen claiming to hail from Inlay City appeared on the scene and stated that the horse had been stolen from them. Mr. McBerney allowed them to take the horse and then endeavored to secure the return of his own horse from Cramp. He was not successful in this and on Monday Deputy Sheriff Striffler arrested Cramp and brought him to this place on a charge of obtaining goods under false pretenses. Cramp had his hearing on Tuesday before a justice of the peace and gave bonds to appear on Saturday.

On Friday evening, A. A. McKenzie, of this place, left his team tied in front of T. M. Bradshaw's, of Cumber, while he went inside to transact some business. He was absent about half an hour, but upon coming out his horses were out of sight. He procured another horse and drove home, but the horses were not here, so with a team Mr. McKenzie started in search of them. After spending the greater portion of the night in search for the team, it was found at the farm of George Meredith, about a mile east of Bradshaw's, with the robes and blankets thrown over them as they had been left standing, but showing evidences that they had been driven a considerable distance.

Mr. Meredith or his family did not know of their presence as it was quite early in the morning when they were found. It is certainly too bad that miscreants who will perform such heinous deeds could not have justice meted out to them.

We have, on a few occasions, heard it stated by individuals in this vicinity that our grain and produce market was not as good as in some of our neighboring towns. In order to satisfy ourselves on this point we have selected one of our exchanges from each town and compared their market report with that published in the ENTERPRISE of the same date. The comparison is a favorable one for Cass City market. Not one of the outside reports made as good a showing throughout. Occasionally they would make a little higher quotation on some particular grain or product but on several others would be lower than our own market. Even Bay City, although showing a little higher, was only one cent better on wheat, two cents on oats, two cents on eggs, etc. We believe our various dealers are honorable and upright and will pay as high a price as possible for whatever they buy and that these rumors of better markets elsewhere are made up of "wind." Give our dealers a fair trial and be convinced.

The unknown Indian, who was killed Monday night between Pinconning and Gladwin, was Wm. John, of Quince, His dog was killed and buried with him.

Our people are growing more and more in the habit of looking to P. H. Fritz's for the latest and best of everything in the drug line. They sell Chamberlain's Cough Remedy, famous for its cures of bad colds, croup and whooping cough. When in need of such a medicine give this remedy a trial and you will be more than pleased with the result.

## DISTRICT NEWS.

Brown City has raised \$2,000 for a new Catholic church.

Thomas Singleton captured a wild cat near Caseville a few days ago weighing 20½ pounds.

John W. Brown, of Bad Axe, has accepted an appointment in the food commissioner's office at Lansing.

The Arenac Independent which suffered a severe scorching a few weeks ago is back again to its regular size.

A slight accident occurred at the Electric Light Works Tuesday evening, which has prohibited the lights being on the past two nights. The damage is being repaired and it is expected everything will be in running shape again to-night. —[Bad Axe Democrat.]

John Ballagh, the man from Greenleaf so much tried and convicted for stealing sheep, was found guilty by the jury on Monday of stealing three more lambs valued at \$8.30. Justice Dawson sentenced him to 90 days in the county jail. We hear that the case will be appealed. Hugh Morris is Ballagh's attorney. —[Sanilac County Republican.]

While George Holshoe was going home from town Sunday evening he attempted to pass a sleigh load of young people opposite the McDowell school house. As he did so his horse became frightened and turned the occupant of the cutter out and under the team drawing the load. One of the horses stepped on Mr. Holshoe's head, hurting him severely. —[Bad Axe Democrat.]

John Ross, who formerly lived in Brown City but for the past nine years has been a resident of Gladwin county, was taken to Sanilac county jail, where he will serve six months for going to George Wiseman's house, who is his father-in-law, and threatening to murder the whole Wiseman family, including Ross's wife, who is a daughter of Wiseman's. There is a family of small children which the poor fund will have to support.

A Polish teacher, by the name of Pawlovski, employed in district No. 6, Huron township, Huron county, on very slight provocation became angry at one of his pupils and stabbed the boy several times in the face, nearly severing the upper lip. The assault occurred on Tuesday and complaint was immediately made, but the teacher is still at large. Pawlovski hitherto bore a good reputation but is quick tempered. —[Lexington News.]

As the southbound evening train was thundering along at full speed Wednesday, it overtook a man this side of Carsonville walking on the track, the engineer giving all the necessary signals, but as the man was deaf, of course he did not hear them, and the engine struck him, killing him instantly. The train was stopped and he was picked up and taken to Carsonville where he was identified as Charles Coughel, age 21 years who resided with his parents there. The back of his head was fractured, caused by the train striking his feet first throwing him so his head came in contact with the head of the engine. —[Decker's Recorder.]

## Village Caucus.

In accordance with the official announcement, the village caucus was held at the Council Rooms last evening. The attendance was not as large as at the caucus last year but it was more harmonious and contained a very fair representation of our citizenship.

Village Clerk H. W. Seed called the meeting to order and E. B. Landon was chosen chairman. H. W. Seed was elected secretary of the caucus and the chairman appointed A. A. McKenzie and Wm. Hebblewhite as tellers. It was necessary to take four ballots before a choice could be made for the presidential nominee, when Jacob H. Striffler received 29 of the 57 votes cast. G. A. Stevenson received 19 and the remainder were scattering. The balloting for the first trustee was also quite lively and the fourth ballot was necessary. The following is the entire ticket placed in nomination: —

President—Jacob H. Striffler.  
Clerk—James B. McGillivray.  
Trustees—Wm. J. Campbell, Edward W. Keating and Dr. D. P. Deming.  
Treasurer—Wm. H. Hebblewhite.  
Assessor—Egbert B. Landon.  
These gentlemen have all had more or less experience in managing the affairs of our village and we believe are thoroughly competent. We are not in a position to say whether the nominations are entirely satisfactory to all or not, but we have not as yet heard any complaints. There is ample time, however, to call another caucus if it is thought necessary. Let our motto be "Pro bono publico."

PROFESSOR BARNARD.

HE IS THE NESTOR OF AMERICAN EDUCATION.

Brief Story of His Useful Life—Recently Celebrated His Eighty-Eighth Birthday Anniversary—Has Held Many Eminent Positions.

HENRY BARNARD, the "Nestor of American Education," celebrated his 86th birthday at Hartford recently, surrounded by many of the most brilliant educators of the country, and bearing with the consciousness of a life well spent and good deeds done.

The career which had been laid out for Mr. Barnard was that of the law. He studied law, but his mind did not turn to it with spontaneity.

When he left Yale he took up the study of law and was admitted to the bar in 1835. But he did not practice. He had mapped out his life work and to the accomplishment of those plans he gave up his entire attention.

The Trials and Tribulations of a Battle Creek Citizen—How He Comes to Tell This Story.

(From the Battle Creek Moon.)

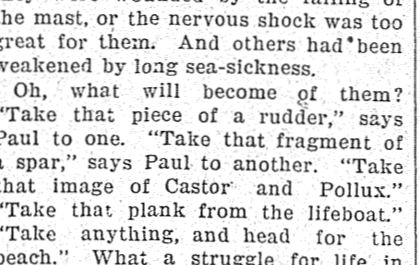

Among the moulders at the works of the Michigan foundry company can be found Mr. Amos Maynard; he has lived in Battle Creek for over ten years, is honored and respected by all who know him; such is the man who makes this statement, he says: "I have had kidney trouble for years, and it has made my life miserable."

While I am talking to another man about his case, he tells me: "I do not become a Christian because I do not believe there is any hell at all."

"WORN OUT."

A COMMON EXPRESSION USED BY AMERICAN WOMEN.

Many do not realize the full significance of these two words.

When a woman is nervous and irritable, head and back ache, feels tired all the time, loses sleep and appetite, has pains in groins, hearing-down sensation, whites and irregularities, she is not "worn out."

trouble is imminent, and she cannot act too promptly if she values her future comfort and happiness.

The experience and testimony of some of the most noted women of America, go to prove beyond a question that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition.

WASTED DOLLARS.

Over Four Hundred Given to Doctors—Only Five Exchanged for

Dr. WHEELER'S NERVE VITALIZER

Millions of dollars are spent every year for the treatment of human ills. Unfortunately a large portion of the people who make this expenditure receive little or no benefit. Such a waste of money seems wholly unnecessary since the introduction of the new world-famed health restorer, Dr. Wheeler's Nerve Vitalizer. You who have been wasting your money may be interested in reading the following letter from Washington, D. C. 'During a year and a half I paid over \$400 to the best physicians of Kenton and Big Springs without receiving any benefit. In fact they were unable to say what my trouble was. I had almost unbearable pains in my stomach, head and spine, besides nervous chills, which seemed to freeze the small of my back. No appetite, what I did eat was not properly digested, consequently I gained weight. I gave up the doctors and tried several kinds of patent medicines, which did me no good. I fortunately had Dr. Wheeler's Nerve Vitalizer recommended by Mr. Fitzworth, who had seen remarkable results from its use. In my case it had a wonderful effect. It seemed to be just the right thing for my trouble. I continued to use it until five bottles were used and I was a perfectly well man. I do not believe I would be alive today if I had not found this great medicine.' Sold by T. H. Fritz, Druggist.

Narcotics. BY EDWARD WITTY.

By narcotics we mean substances which have the property of stupefying those who indulge in their use. Rightly administered by the hand of a skillful, thoughtful, conscientious and experienced physician, they are used to produce sleep and insensibility to pain. It is when they are self-administered that there is greatest cause for alarm.

Opium, the king of narcotics, is prepared by cutting the seed vessels of the poppy with a sharp instrument a few days after the petals of the flower have fallen off. A milky juice flows from the incision, which soon hardens and becomes of a brown color. These little brown globules are scraped off the plant and wrought into masses or cakes, forming the opium of commerce.

The action of narcotics and alcohol on the human system is identical, though that of alcohol is more violent than that of narcotics. All contain poison. Strong drink contains the poison alcohol. Opium contains the poison morphia, and tobacco contains just as deadly a poison, nicotine. All three affect the brain, the heart, and the stomach. Consequently, nearly every organ of the body is affected. Through the brain the nervous system is affected, through the heart the whole circulation of the blood, and through the stomach the digestive and assimilatory organs are influenced.

The action of alcohol and narcotics on the physical organs is the same. First they excite these organs, then depress them, and finally deaden them. As the appetite for the fascinating poison grows stronger, the moral perception becomes blunted, the sensibilities deadened, and finally the craving for more poison becomes the controlling purpose. The higher duties to self, to family, to the community and country must give place to the insatiable demand of the morbid appetite.

There are no data from which to make a reliable statement of the quantity of opium used in the different countries. It is sufficient to know that in addition to the native production, 55,200,000 pounds were annually imported by China as early as 1803 from India, all of which was consumed. In the same country, it is estimated that 10,000 deaths occur every year from suicide by opium. Dr. Talmage, in Brooklyn Tabernacle, said: "It is one of the besetting thoughts that are brought to our notice that there are to-day 600,000 victims of opium in the United States of America. I myself in this beautiful church have knelt by side of elegantly dressed men and women crying out in agony to God for deliverance from the opium habit. But deliverance rarely comes. There is not a physician in this nation today but will tell you that there is not one-tenth as much hope of the reformation of an opium eater as there is of a drunkard, and the moral degradation is a hundred times greater."

Tobacco, though in some respects a lesser evil than opium, acts like other narcotics on the human system. Tobacco has grown on this continent by the Indians long before its discovery by Columbus, and those who use it now are simply following one of the customs of those barbarous people. The name "Tobacco" is derived from Tobago, one of the West India islands, where Sir Walter Raleigh first obtained it. The tobacco habit encountered great opposition in Europe. King James I. of England wrote a "Counterblast to Tobacco." Pope Urban excommunicated all those who used it in the Church of Rome. The priests of Turkey declared smoking a crime. More recently the Minister of Public Instruction in France forbade the use of tobacco by pupils in the public schools. Several of the State Legislatures have passed laws forbidding the sale of tobacco to minors, while the Provincial Legislature across the border not only passed an act forbidding boys under eighteen to use it, but made those who sold the tobacco to these boys liable to a heavy fine.

Tobacco is obtained from the leaves of a plant having much the appearance of a small sunflower during early growth. When the plants come to maturity they are cut and hung up in the open air to dry. They are then taken into a large building where the leaves are removed and packed in bundles. These bundles are then shipped to different countries where, in factories for the purpose, they (after being well seasoned with coppers, arsenic, rum, and the like), are manufactured into plugs of tobacco for smoking and chewing, cigars, cigarettes and snuff.

The odoriferous and poisonous part of tobacco, as already intimated, is a substance called nicotine. It was so called after Jean Nicot, a Frenchman, who introduced tobacco into France. This nicotine is a limpid, colorless liquid, soluble in water, and it has been found by experiment that one drop of it will kill a big dog. Tobacco smoke contains water-vapour, particles of free carbon, carbon di-oxide, carbon monoxide, and ammonia. It is the ammonia which it contains that bites the tongue, causes thirst, and is detrimental to the circulation of the blood.

The use of tobacco is injurious to man physically, mentally and morally. It injures almost every organ in the human body, and is the origin of many diseases that have been ascribed to other causes. A boy that begins to use tobacco at an early age becomes stunted. His skin is of a dark sallow color. It blunts the sense of taste, smell, and indirectly hearing, touch and sight. It produces sore throat and irritates the lungs. Often the whole process of digestion is impaired which may result in indigestion and dyspepsia. The circulation becomes weakened, resulting in palpitation and irregular action of the heart and is the cause of many cases of heart failure.

Tobacco is as injurious to the mind as to the body. It wastes time and energy, and it stupefies and injures the nervous system like all other narcotics. It makes those who use it, especially the young, dull and listless; it will soothe a tired brain by preventing the waste of nerve tissue, but will never allow of the highest intellectual attainments. At Harvard University no student that used tobacco ever graduated at the head of his class. An inquiry recently instituted at Yale College developed the fact that forty students holding the first rank but ten used tobacco, while twenty-two out of twenty-six in the fourth or lowest rank, used the weed. (Continued next week.)

The little daughter of Mr. Fred Webster, Holland, Mass., had a very bad cold and cough which he had not been able to cure with anything. I gave him a 25 cent bottle of Chamberlain's Cough Remedy, says W. T. Holden, merchant and postmaster at West Brimfield, and the next time I saw him he said it worked like a charm. This remedy is intended especially for acute throat and lung diseases such as colds, croup and whooping cough, and it is famous for its cures. There is no danger in giving it to children for it contains nothing injurious. For sale by T. H. Fritz, Druggist.

Homeseekers' Excursion.

Also one way cheap settlers excursion tickets south on sale from Port Huron the first and third Tuesdays in each month up to and including May '97 at very low rates. For full particulars call or write to agent.

C. R. CHARKE, 917 Military street or tunnel station, Port Huron.

We desire to call the attention of our readers to our announcement, in another column, of an arrangement by which we offer The Michigan Farmer and The Enterprise, both one year for \$1.60. The Michigan Farmer has lately added four pages to its regular weekly issue, making it twenty pages each week, which is filled with practical and timely articles on all branches of farming. All of the reading matter is set "solid," that is, the lines of type are placed closely together so that a page will contain as much reading as a page and a half of the ordinary run of farm papers. The market reports alone are worth the price of both papers, as they are very complete and thoroughly reliable. The publishers of The Michigan Farmer always stop their paper when a subscription expires unless they receive an order for a renewal. A free sample copy will be sent to any address by writing The Michigan Farmer, Detroit, Mich., or calling at our office. The Enterprise will continue to give you all the news, local and foreign. Can you afford to miss this opportunity?

THE MICHIGAN FARMER and THE CASS CITY ENTERPRISE BOTH ONE YEAR FOR ONLY \$1.60.

You can find no Agricultural paper that will give you as much solid, practical matter devoted to the farm as The Michigan Farmer with its 20 pages filled each week with article from the most practical and successful farmers in the country. The market reports are as complete and reliable as time and money can make them. Send direct to The Michigan Farmer, Detroit, Mich., for a free sample copy. Address all orders for subscription to CASS CITY ENTERPRISE.

Prominent—everyone who reads the paper sees it (you did, didn't you?) YOU can secure this space for your announcement of goods and bargains that our readers would be glad to learn about. Always remember, though, when you advertise, to Say Something to the Point. We Will Send You the THE MICHIGAN FARMER and THE CASS CITY ENTERPRISE. You can find no Agricultural paper that will give you as much solid, practical matter devoted to the farm as The Michigan Farmer with its 20 pages filled each week with article from the most practical and successful farmers in the country. The market reports are as complete and reliable as time and money can make them. Send direct to The Michigan Farmer, Detroit, Mich., for a free sample copy. Address all orders for subscription to CASS CITY ENTERPRISE.

Now and again we hear faint remarks about our supervisor which will venture to say are false as such mistakes could hardly be possible but especially in order to get a town office or cause another to lose his position.

**GREENLEAF.**  
The home of Mr. and Mrs. Hugh McColl was the scene of a very pretty wedding Wednesday evening, Feb. 21, when Anna L. their third daughter, was united in marriage with Ernest F. Kreiman. Miss Cressie McColl, sister of the bride, was maid of honor, while F. F. W. Giesel, captain of Co. D, 3rd Inf't, M. N. G., of Saginaw, acted as best man. Miss Lillie McColl was ring bearer and Miss Flossie McColl, niece of the bride, carried a beautiful bouquet of bridal roses. Promptly at eight o'clock, sweet strains of music announced the coming of the bride, who soon appeared upon the arm of her father, preceded by the maid of honor and followed by the ring and flower bearers. The groom and best man stood in waiting under an arch of evergreens and carnations, where the bride was given away and the marriage ceremony performed by Rev. C. D. Eldridge, of the First Baptist Church, Cass City. After congratulations and greetings, the company sat down to a sumptuous wedding supper. The bride was attired in a beautiful gown of Nile green over cream satin. The groom was dressed in a regulation suit of black. The tables were decorated with pink and white carnations and smilax and presented a most delightful appearance. The bride is a charming and highly respected young lady of this place, while the groom is a prominent and esteemed business man, of Saginaw, Mich. Those present from abroad were: Mrs. Mary McColl, grandmother of the bride, and Mrs. Margaret McColl, an aunt, of Chatham, Ont.; Fredrick Kreiman, father of the groom, and P. F. W. Giesel, of Saginaw. Mr. and Mrs. Kreiman left for Saginaw, where they will be "at home," to their many friends at 616 S. Bond St.

**ANOTHER LETTER.**  
From the British Medical Institute to the Citizens of Cass City. A Magnanimous Offer.

Saginaw, Mich., Jan. 4, '97.

**BRIEF BUT EXPRESSIVE.**  
Please inform your readers that the good work accomplished by the British Medical Institute during the first year of its existence in Saginaw has resulted in attracting so many patients from all over this section that, Dr. Hale, the general manager, and chief consulting physician is now here, with his chief associate, Dr. Gordon, and will remain here until March 1st, in order to accommodate the unusually large number of callers.

In order that the rich and poor alike may enjoy the services of these skilled specialists, during that time, all professional fees will be suspended, and no money whatever will be received (except for medicines furnished.)

Can every reader suffering from a Chronic Disease fully realize what this means to him? It is simply this: Between now and March first, you can consult doctors who have devoted their lives to the study and cure of chronic diseases, and can have the benefit of all their rare knowledge of modern medical science and vast experience, without going to some distant city, or paying the large fees regularly charged for such services.

No matter what treatment you have taken heretofore if you are not cured, call on the doctors and get an honest and honorable opinion of your case. In all difficult and complicated cases the combined wisdom of the Institute's staff of seven eminent specialists is brought to bear. If incurable you will be kindly and frankly told so. Offices are at 106 South Washington Ave.

**HOW TO FIND OUT.**  
Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settlings indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

**WHAT TO DO.**  
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and stinging pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mail and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Enterprise and send your full post office address to Dr. Kilmer & Co., Birmingham, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
