Joslyn: judge needed

Tuscola County Circuit Court Judge Patrick R. Joslyn says his case load has gotten to be too much for one judge to handle, and he's asked county commissioners to do something about it.

Joslyn recently sent a memo to commissioners asking them to agree to provide the facilities, staff and funds necessary for a second circuit judge in the county.

The memo was referred by the board to its Personnel Committee during a rescheduled regular meeting last week.

The judge indicated he would like to see action on the request soon.

Joslyn said he's currently disposing of an average of about 1,000 cases a year. Another 800 to 900 new cases are filed annually.

While the actual number of cases hasn't changed drastically in recent years, he pointed out that the amount of work related to post-judgment relief - hearings, motions and other proceedings filed in a case after that case has been resolved - has increased significantly. "We're seeing more of that than ever before," he added.

Joslyn noted that when he started as a circuit judge in the county in 1979, he was one of 3 judges serving Tuscola and Lapeer counties. In 1981, he became the only circuit judge in Tuscola County and the other 2 judges went to Lapeer County.

At that time, there were about 1,000 cases, including 30 cases 2 years or older - pending in Tuscola County. "We were able to break 500 cases pending" in 1985, but the number has been on the rise ever since, Joslyn said, adding, "I don't see any diminishment in the work load."

LITIGIOUS SOCIETY

He said the problem, due largely to an increasingly litigious society, has led to delays in getting cases resolved.

"Everybody is aware of their rights and wants an Please turn to page 9.

Judge Joslyn decision

\$12 million award nullified

A jury's decision that led to a \$12 million award to a Mayville woman and her daughter last year has been voided by an unusually late ruling in Tuscola County Circuit Court.

Circuit Judge Patrick R. Joslyn Friday ruled in favor of a motion for directed verdict, filed by attorneys representing the Tuscola County Road Commission during the trial.

Normally, a motion for

directed verdict is filed and decided midway through a trial after the plaintiffs have presented their case.

But in issuing his opinion, Joslyn remarked that the case was close, so he decided to take the motion under advisement at that time and allow the trial to continue.

A 6-member jury last December ruled in favor of Mary Miller, guardian and conservator of Sherry L.

Lester, and awarded the plaintiff \$10 million in her case against the road commission. Lester's daughter was awarded an additional \$2 million in the case.

The jury, however, reduced Lester's award by 74 percent based on its ruling regarding her negligence.

The suit stemmed from an Aug. 3, 1985, auto accident in which Lester sustained permanent injuries, including severe head injuries.

Court records state Lester was traveling in a northeasterly direction on East Dayton Road near the intersection of Ryan Road when she gradually drifted off the roadway, entered a ditch and collided with some trees some 33 feet from the roadway.

Evidence and testimony presented during the trial revealed that Lester had been drinking prior to the 3:30 a.m. crash.

The suit claimed that the road commission's failure to erect a guard rail on the portion of East Dayton Road involved in the case was the cause of the injuries sustained by Lester.

Joslyn stated in written opinion, "...a guard rail that is not in existence (even if claimed it should be) cannot be part of the improved portion of the highway" as it

School boosters honored

Parent critical of school lunches

Cass City Schools will offer student lunches next year at no increase in prices, due to economies that became possible because the school now administers its own lunch program, Supt. Ken Micklash told members of the school board at its regular meeting at the high school Monday night. Despite its financial success, one parent at the meeting was sharply critical of the lunches.

Nancy Wolschlager told the board that her child, a first grader, is having trouble because of the spicy foods served and claims the snacks furnished kindergarten are not as varied or as good as those served in Bad Axe. My boy doesn't even want to look at a graham

cracker anymore, she declared.

When it was revealed that the number of lunches served has remained as high as it was before local management of the cafeteria began, Mrs. Wolschlager claimed that the children were throwing away the lunches uneaten. Tacos and pizza are not a good diet for youngsters, she asserted. She said lunches at Bad Axe were better.

Micklash said that he would certainly get a copy of the Bad Axe lunch menu for recent months to compare it with Cass City's. We are always ready to try anything that will benefit the students that we can afford, he said. Micklash explained that much of the food served is

surplus from the government and is used to keep the lunch prices down.

Other than the complaint, the news from the cafeteria is good. The program earned a profit of \$8,000 in the first 3 months of this year and a shuffling of the staff after the resignation of a member will reduce the amount of labor needed by 3 hours a day.

RECOGNITION

Several volunteers were recognized for their support of the school, and the resignation of 3 staff members was accepted.

Leaving the teaching staff after 23 years is Betty Kim, who is retiring...but not completely. In her letter of

resignation she told the board that she would become a volunteer to work at the school a day or 2 a week.

Also resigning are Dave Clayton, a custodian at the Intermediate School for 2 years who plans to attend Spring Arbor College, and Vi Vining, a cook for 9 years.

The board will send letters of appreciation to 3 persons. They are: Mrs. Dorothea Quick, who has worked a day a week in Campbell Elementary School since she retired in 1981; Dr. Douglas Pancratz, Bad Axe, for conducting scoliosis screenings in the district, and Jan Moore for donating a Hammond organ to the school district.

Jeung medical laser first of others to come

Area residents seeking high tech medical treatment often find themselves traveling to hospitals or other facilities in Saginaw, Ann Arbor or Detroit.

In many cases, there's no choice; the needed equipment and technology isn't available in the Thumb. In other cases, however, a belief that the medical care available in rural areas is somehow of a lesser quality than in large cities may prompt a patient to leave the Thumb for treatment.

Cass City physician and surgeon Dr. Hoon K. Jeung is trying to change that attitude.

And, with the recent addition of some new equipment in his office, he's now offering a form of laser treatment not available elsewhere in mid-Michigan.

The new equipment is a laser designed specifically for use on soft tissue, according to Jeung, who's been practicing medicine in Cass City for nearly 13 years.

Problems such as skin tumors, some forms of cancers, hemorrhoids, ingrown toenails, and even tattoo removal are ideally suited for the treatment, he remarked.

The laser also has some valuable medical applications in the area of gynecology, he added, and its use could prevent the need for some serious surgical procedures - colostomy in anal cancer victims, for example.

"There are many advantages to the laser. The major advantage is no pain. It promotes healing and the patient is back to work quick," he said.

Jeung explained that the treatment consists of pinpointing a specific area of tissue, which is numbed with a local anesthetic, and gently vaporizing it with heat from the laser beam.

There's little pain following treatment, he continued, because the laser seals nerve endings as it "cuts."

"A knife is fast, but after that the patient has a lot of pain and drainage," he said. "The laser pain is only 15 to

20 percent" of that experienced following surgery.

The physician also noted that the laser seals blood vessels, which translates into little blood loss, and the laser's heat sterilizes the treated area, cutting down on the risk of infection.

Jeung added that while tis-

sue surrounding a treated area is often disturbed by a scalpel's cut, the same isn't true with the laser, which is so accurate and precise that there is virtually no damage to surrounding tissue.

Close to 90 percent of laser treatments can be done in the office, most of them taking only 5 to 10 minutes to complete.

Jeung pointed out that the laser's benefits also include less expense to the patient in terms of the cost of treatment (compared to surgery), avoiding a trip to a hospital and less time off work.

Cost for the treatments ranges from \$60 to a few hundred dollars depending on the problem, he said.

"The insurance companies are happy because they don't have to pay as much, and the patient is happier," he remarked.

The only disadvantage to offering the treatments is the initial cost of purchasing the laser, Jeung commented.

Although the portable equipment is relatively small - a control box, a laser and a vacuum device - the price tag is about \$25,000, he said, adding he spent 2 days in Atlanta, Ga., learning how to use the high tech equipment.

He said he hopes the availability of laser treatments, as well as his own qualifications and training, will change some attitudes. Some people think a physician in the Thumb area is second class, but that isn't true, he added.

"I like to offer the people the best medicine; to offer advanced medicine," he

Student summer job market tight

by Matt Bach Staff Writer

High school and college students looking for em-

ployment locally may find it difficult to find a summer job.

But there are federal and state-funded programs

available which are designed to help young people secure summer work.

"If you're just trying to get a job (right now) it's kind of tough to do in Cass City," Wayne Dillon, Cass City High School guidance counselor, remarked recently.

"I don't get a lot of summer jobs because most of the co-op kids stay on for the summer," added Dillon, who also serves as coordinator of the high school's cooperative program.

He explained that about half of Cass City's approximately 120 high school seniors are employed, and many of those employed through the co-op program will keep their jobs throughout the summer.

Sommers' Bakery is a good example. Joan Merchant, owner of Sommers' Bakery, said she has 6 co-op students working at the bakery, 5 of which plan to keep working during the summer. Currently, Merchant plans to hire only one additional employee, a waitress, for the summer.

In contrast, Penny Serour, manager of Hardee's, reported from her previous experience as manager at other Hardee's she has learned to hire between 10 and 20 employees for the summer.

"We will be hiring about a dozen people probably around the first of June," She added 10 of the 12 employees being hired will probably be students.

Although few local businesses offer an abundance of employment for the summer, Dillon pointed out 2 programs, available through the Thumb Area Consortium, that offer help to job seeking young adults.

Rebecca Nicholson, workforce training manager at the Thumb Area Consortium, described the programs, which will officially begin June 5 and end Sept. 30.

The first, called the Summer Youth Employment and Training Program, is federally funded through the Job Training Partnership Act, Nicholson said.

There are 800 jobs available through the program for persons ages 16 to 21 years in Lapeer, Huron, Sanilac and Tuscola Counties. Participants who receive jobs earn minimum wage and can work up to 40 hours per week.

Nicholson cautioned, however, that not everyone is eligible to take advantage of the program.

INCOME CRITERIA

"Because it's federally funded there is an income criteria," she said. "There are some young people, especially from ages 16 to 17, based on family income, who would exceed the guidelines Congress set up."

Nicholson explained that the criteria for eligibility is based on several aspects, including the number of

people in the applicant's household and the family's income.

"As of (May 5) we have 138 young people that have an approved application filed," she remarked, adding that participants "work in public offices and public non-profit organizations. We work with people at summer camps, city and county governments, school systems and the Department of Public Works."

The second youth program, known as the Michigan Youth Corp, has less criteria to meet because the program is funded by the state.

Nicholson said the program, created by Gov. James J. Blanchard in 1983, is for unemployed Michigan residents ages 18 to 21.

400 OPENINGS

"For the 4 county area there are 400 openings. This year is the largest program we've ever had in the Thumb," she added.

Persons interested in either job program are asked to call the Thumb Area Consortium for an appointment, Nicholson said.

Both she and Dillon commented that the two programs are good opportunities for people looking for experience.

"I think it's a great opportunity for young people," Nicholson said. "It's an

Three-man basketball competition is growing in the Thumb. Cass City staged the first tourney in the 3-county area during the July 4 Festival and plans are already complete for the 2nd annual event during the celebration this year.

Now Sebewaing is jumping on the band wagon with a tourney slated June 24-25 during the Michigan Sugar Festival.

It's garage sale time. There are 18 listed in the classifieds this week and that should be enough to keep even the most avid bargain hunter busy this weekend. It's always amazing to me how much money these events earn, especially those items that I routinely throw out as having no value.

Speaking of the classifieds, let me get this plug in. We sold our 1981 converted diesel Oldsmobile with just one ad, could have sold it twice, and got what we wanted for it without haggling.

I know, of course, that no-till planting is not new, but I haven't seen it in operation, so the field owned by Dr. H. T. Donahue next to the Cass River, east of Cass City will be watched with special interest.

Dick Donahue, who is planting the field, will also watch with more than usual interest. The corn planted there is the first field that he has tried using no-till.

That shouldn't be surprising. If you can't experiment at dear old dad's expense, who can you take a chance with?

Caro pair charged in district court

A Caro couple was arraigned recently in Tuscola County District Court on drug related charges.

Court records state Gerald M. Schniers, 37, 2250 Deckerville Rd., is charged with delivering marijuana April 25 and conspiring to deliver marijuana April 26, both in Almer Township. Denise L.

Schniers, 31, also of 2250 Deckerville Rd., faces identical charges, both of which allegedly occurred April 26 in Almer Township.

A preliminary examination for Gerald Schniers was to have been held Tuesday, while Denise Schniers faces a preliminary exam at 9 a.m. May 24. Bond for each has been set at \$4,000 per count.

Scouts attend "camporee"

Nearly 1,000 Boy Scouts and adult volunteer leaders from the Lake Huron Area Council took part in a weekend "camporee" at Paul Bunyon Scout Reservation, Rose City, May 5-7. The council covers 19 counties in east central and northern Michigan.

The theme for the weekend was "Baden-Powell Patrol Method." Lord Baden-Powell was the founder of the scouting movement. The patrol method encourages scouts to work together in a group of 5 to 8 boys with minimal adult supervision.

To qualify for the Baden-Powell Patrol Award, each patrol was required to make a patrol flag, a patrol song, a patrol cheer, score 8 or more points out of a possible 12 on a campsite inspection, complete scout skill activities, and participate in a service project during the camporee.

Cass City was well represented at this year's event. The Viking Patrol from Troop #594 was presented with the Baden-Powell Patrol Award Sunday

morning. Members of the Viking Patrol are patrol leader, Scott Iwankovitch, assistant patrol leaders, Dean Gee, Marc Wallace, Luke Taylor, Jake Lounsbury, Jon Fruendt and Kareem Khoury. Senior patrol leader was Jeff Kosal.

Ten members of Cub Pack #3594 accompanied the scouts as guests of the troop.

Matt Klinkman, Jared Roth, Richie Priestap, Kurt

Iwankovitch, Josh Lounsbury, Todd Milligan, Joseph Khoury, and Trevor Roth were the Arrow patrol.

Adult leaders from Cass City were Scoutmaster Ken Spencer, Cubmaster Connie Iwankovitch, and Webelos leader Steven Roth.

Boys in grades one through 12 interested in the scouting program may contact the Cubmaster/Boy Scout committee chairperson at 872-4667.

The Haire Net

At the meeting of persons who agreed to sign notes as backers of a building for Jordan College in Cass City one suggested that the venture was no bigger gamble than earlier community supporters took when Walbro came to town.

Look at how that came out, he blurted.

He was half right. You can compare it with the money spent to acquire the land and the original Walbro building. The best that investors could hope for was to someday get their money back. As it turned out most of the backers then donated the money to the Cass City Development Corporation.

But the similarity ends there. Money invested in the fledgling Walbro Corporation had a dual purpose. It's true to say that if Walbro had opted to locate anywhere but Cass City none of the investors would have been interested in the project. Walbro had nothing but a shaky contract with Clinton Motors and had never made a dime in its brief history in Fenton.

M. B. Auten, president of the Cass City State Bank, said that there was no way the company could make it judging by its financial statement.

But enough of ancient history. Let's talk about today. It's not surprising that there was support from the business community or that the drive was spearheaded by Lambert Althaver. His involvement with anything that pushes Cass City is documented by his public service record.

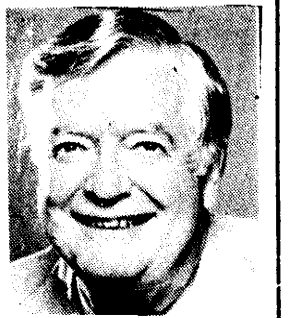

What is surprising is the number of persons there who had little to gain if the college locates in Cass City or is around at all. For persons doing business in town it's easy to pinpoint why they agreed to back notes of \$5,000 or \$10,000 each in this no win situation. Investors can't make a single dime directly if the college succeeds. Perhaps merchants might sell a few more groceries, a couple of more ads or some clothing. Certainly all of us have our future tied to the future of Cass City.

But sprinkled among the 35 or so persons at the meeting were residents who have agreed to help with nothing

"If It Fitz..."

Good work, bad circumstances

By Jim Fitzgerald

Three days after the JOA decision was delayed for a fourth year, there was an extra sheet of paper in my pay envelope. It was folded so that the first line of words I read was "Your Questions Answered on."

Good, I thought. Free Press management is probably offering some information on when, if ever, my wife can have our bathroom refurbished. It is a question she has often asked the last 3 years. My answer, always: "Wait until the JOA is settled."

For me personally, compared to my coworkers, the aggravation of JOA uncertainty has been mild. I'm nearing the end of a newspaper career distinguished mostly by my reluctance to work hard. I long ago stopped denying an obvious truth first pointed out by my father more than 50 years ago: I was born lazy.

I've always stirred my stumps enough to provide a fairly comfortable living for my family, but there was never any ambition for great wealth and/or glory. Sure, it would be nice to be rich, but not at the expense of my favorite things: sitting and reading, sitting and watching good entertainment, sitting and enjoying little children, sitting up late at night, and lying in bed late in the morning (not everything important can be done from a sitting position).

HOPE STILL ALIVE FOR FREE PRESS

So it's not surprising that I wouldn't be terribly upset if a JOA rejection forced me to retire a few years earlier than anticipated. Many well-intentioned people disagree, but I believe the Free Press eventually would fold -- or at least cease being the newspaper I've enjoyed for 55 years -- if it couldn't combine business operations with the Detroit News.

I don't agree with many past management decisions that put both newspapers where they are today, but that's history. My current (for 3 years) worry is that the Free Press would be lost, not my job. However, I'm 60-something; I wouldn't say that if I were 30 something.

Most of the people I work with are young enough to be my offspring. They are raising children, buying homes, planning career moves. I wonder if I should bet a new bathroom sink on JOA approval. They wonder if they should bet their future on it.

Many managers and some columnists (including me) are receiving bonuses for sticking around until the JOA application is settled, one way or the other. Every-

one else is receiving much-deserved praise from management for doing good work under lousy circumstances. The executives who hand out these plaudits are surely sincere and appreciative, as they should be. They are also self-serving, as they can't help being.

Several fine employees have jumped ship since the JOA was first floated. They couldn't resist the odds -- the certainty that it would be easier to find a decent job right now rather than risk waiting for a possible JOA rejection that would suddenly flood the newspaper market with 2,000 job seekers.

Management's toughest task is maintaining the quality of the newspaper by stemming the exodus of valued employees. Executives must offer praise to people who really want -- and deserve -- raises. But how do you raise salaries when you're losing \$18.5 million a year and the owner must answer to stockholders? I'm glad I don't run the Free Press.

ADMIRATION FOR CO-WORKERS

I'm glad I can't be accused of being self-serving for writing how much I admire

my coworkers. Some of them want the JOA approved, and some don't. But all of them continue to bring an upbeat attitude to work, however ruefully, despite 3 years of job insecurity. Sure, they snarl at the boss' back and throw an occasional coffee cup. But they continue to hustle to get the story right and fast. They're proud of putting out a newspaper that's one of the best, and I'm proud of them.

As for the extra sheet in my pay envelope, the irony is supreme. It wasn't from management; it didn't concern a JOA decision and whether I would be wise to hire someone to refurbish my bathroom. It was from a group of building maintenance employees generously offering a seminar that will answer all questions about doing my own "painting and patching, electrical work and carpentry."

Onward and Upward.

HEALTH TIPS

Treatment can often help those with hearing impairment

by C. Everett Koop, M.D.

I recently had the pleasure of meeting Timothy Lundy, an energetic 7-year-old from Beaverton, Ore. Timmy and I share a common challenge: we both are hearing impaired. And we are not alone. Figures from the National Center for Health Statistics indicate that hearing loss affects 21 million Americans in one or both ears. Roughly 16 of every 1,000 school-aged youngsters use hearing aids; nearly 300 of every 1,000 people 65 and older have a hearing loss that requires them to use a hearing aid in one or both ears.

A child's hearing loss often is noticed first by parents or teachers, allowing the family to seek assistance from the family doctor or hearing specialists. Quite often, however, older citizens either fail to recognize that they have a problem, or they may be too embarrassed to seek help. Family members may notice the loss first - the television is turned up too loud; the person shouts to be understood; words and sentences need to be repeated...

It is crucial that people with hearing or speech problems seek help, so that they can overcome feelings of isolation and frustration and participate fully in social and professional activities. What should you do if you or someone you love suspects a hearing problem? First, see your family doctor, who will determine if an infection or a blockage is the problem. Your doctor may then recommend a visit to an ear specialist, called an otolaryngologist or otologist, for further medical evaluation, or to an audiologist for an evaluation of your hearing and, if warranted, an assessment of things that might be done to help you hear better.

Treatment might include medicine, surgery or one or aids. An audiologist will evaluate your hearing and recommend the aid that best meets your needs. Audiologists can dispense hearing aids as well as refer you to hearing aid specialists from whom you can purchase aids.

More than 90 percent of all hearing aid users have some form of nerve deafness, a common type of hearing loss, called conductive hearing loss, is often helped by surgery. My own progressive hearing loss has been helped dramatically by the use of 2 hearing aids. They have helped me maintain a full schedule of public meetings, speaking engagements and social functions.

I don't mean to imply that hearing aids are the answer for everyone, but they certainly can make a difference for lots of people. If an elderly person can hear at all, a hearing aid usually can improve his or her hearing. Some simple assistive listening devices, such as telephone amplifiers, telecoil switches on hearing aids and loop induction systems in theaters, places of worship and other public meeting facilities, also can help.

Sadly, of the nearly 12 million Americans with hearing loss who could benefit from wearing hearing aids, only about 3 million do use them. Two common reasons for this are vanity and expense. Although the expense of a hearing aid can pose a genuine problem for many people, I have no sympathy for the person whose hearing would be helped by a hearing aid but who refuses to wear one because of the way it would look to others. When former President Ronald Reagan was told that he had a hearing loss, he asked one question: Would hearing aids help? If so, he more hearing aids. If the right treatment for you turns out to be a hearing aid or wanted them.

Hearing aids can help a lot of people. This is the message that young Timmy

Lundy and I want to get out to the millions of people who have communicative disorders. Not only can most hearing and speech problems be treated, many can be prevented by early intervention and treatment.

For more information about hearing and speech, contact the Council for Better Hearing and Speech Month, a non-profit group of 22 organizations concerned with hearing and speech problems. The Council's address is One Lomb Memorial Drive, P.O. Box 9887, Rochester, N.Y. 14623-0887.

Laurie says

Congress needs to stay out of disaster business

Michigan Farm Bureau President Jack Laurie, who is currently serving on a national commission for the improvement of the federal crop insurance system, told farm broadcasters meeting in Ann Arbor May 6 that Congress is a roadblock in the effort to develop an effective program.

"Congress likes to make political hay by coming up with case-by-case disaster assistance programs," Laurie said. "In my opinion, we will never have a successful crop insurance program until we discipline that area. Congress must accept the fact that farmers are willing to take the responsible position on insuring themselves, if given that opportunity. Congress needs to stay out of the disaster business in order to let the crop insurance program work."

Laurie said that hearings held by the commission in various parts of the nation have surfaced several con-

cerns: many farmers don't use the program that's available, the perceived high cost of crop insurance, the complexity of enrolling in the program and its actuarial soundness.

"Farmers in Michigan are additionally concerned

about the inability to insure many of the specialty crops grown in our state," he said.

The National Commission for the Improvement of the Federal Crop Insurance Program will make a final report to Congress by July 1.

2 file property damage reports

Cass City police reported 2 malicious destruction of property complaints over the past week.

Elaine Romain, a housekeeper at the Charmont Motel, reported a broken outside window in one of the rooms at the business over the weekend.

Reports state Romain discovered the damage, estimated at \$200, when she reported to work Saturday. Police found a half full wine

cooler bottle at the scene.

Earlier in the week, Debra Cook, 5932 Koepfgen Rd., Cass City, reported damage to her vehicle Thursday while parked at Coulter Farm Service.

Cook stated that when she returned to the vehicle, she noticed someone had attempted to remove a protective cover from the front of the vehicle, causing several large scratches in the hood.

remarked. "I made my mind up; I want to try. I know it's the best."

Jeung's recent purchase may be only the beginning of the introduction of laser technology to the area, according to Ken Jensen, administrator of Hills and Dales General Hospital in Cass City.

"We're happy for him (Jeung)," he said, adding, "We'll probably get into laser surgery in the near future here."

Although no time line has been set, Jensen said purchase of laser equipment on a larger scale is planned at the hospital. The purchase, he added, will be tied in part to physician recruitment.

CASS CITY physician and surgeon Dr. Hoon K. Jeung demonstrates his new laser on a partially peeled orange. He's the first doctor in mid-Michigan to offer carbon dioxide laser treatments.

Award of Excellence

Board earns highest honor

Board Chrysler/Plymouth/Dodge, Cass City, has earned Chrysler Motors' highest dealership honor, the "Award for Excellence."

Top Pappert, Chrysler Motors' vice-president-

sales, said, "This is the first time Board Chrysler/Plymouth/Dodge has received this prestigious award for outstanding achievement in sales performance, customer service, administration,

facilities and community relations.

Only about one in every 10 Chrysler Motors' dealerships nationwide meets the stringent performance criteria to qualify for it," Pappert said.

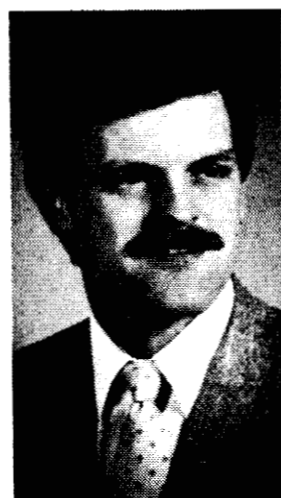

DISPLAYING THE PLAQUE EARNED by Board Chrysler-Plymouth-Dodge is owner Roger Board. It indicates that the company is one of 10 percent of Chrysler Corporation dealers to win the Chrysler 5-star service quality award. From left: Jim Holden, Chrysler zone manager; Karen Holm, parts manager, Board, Dennis Porter, service manager, and Al Crawford, Chrysler zone service and parts manager.

Caister is CMU grad

Former Cass City resident Durrell J. Caister recently graduated from Central Michigan University with a Bachelor of Science degree.

Caister, who majored in biology and earth science, also received a secondary education certificate. He recently completed student

teaching at Bay City Central High School.

Durrell J. Caister

A 1978 graduate of Cass City High School, he is the son of Arthur and Majorie Caister of Cass City.

Caister and his wife, Susan, reside in Bay City.

Attendance urged

Cholesterol meet slated

More than 200 persons are learning their results from the free blood cholesterol screening held recently at Hills and Dales General Hospital.

Those whose readings are over 200 mg./dl. are urged to learn how their risk for heart attack or stroke can be significantly reduced by attending "Cholesterol Countdown", slated for 7 to 9 p.m. May 22 in the hospital meeting room.

Hospital dietitian Bonnie Johnson will show participants how to follow American Heart Association guidelines by using the Step I and Step II diets before starting drug therapy.

Johnson said the National Cholesterol panel of the association urges persons to

assure maximum diet effect with at least 6 months of diet therapy, including professional nutritional consultation and/or education from a registered dietitian, before using medication, and that diet therapy must be continued even if drug therapy is initiated.

Simply cutting out cholesterol in foods is not the answer, Johnson remarked. She added saturated fats are in many foods labeled "no cholesterol" and are just as harmful as eating cholesterol.

Cholesterol occurs only in animal meats, dairy products and the fat in poultry, she continued, "thus, the wording 'no cholesterol' really tells you nothing."

Johnson explained that

knowing how to increase foods rich in Omega 3 fatty acids, polyunsaturated and monounsaturated fats, and fiber rich foods, may make a big difference in altering cholesterol levels.

"Gimmicks such as taking fish oil supplements, fiber supplements, taking lecithin and the use of garlic cannot be substantiated by any scientific data for reducing blood cholesterol by the American Heart Association and other groups," Johnson said.

Persons interested in attending the presentation, which will include taste testing lower fat foods and a mini-grocery tour (via video), can obtain more information by calling 872-2121, ext. 222 or 289.

Thumb hairdressers meet

The Thumb Hairdressers and cosmetologists met and elected new officers at Helen's Beauty Salon in Cass City May 8.

Officiating at the installation of new members were president of the Bay City Hairdressers and board member of the Michigan Education Committee, Betsy Zwetzig, and vice-president of the Bay City Hairdressers and board member of the Michigan Education Committee, Carla Huebner.

New officers elected are president, Cheryl Horetski of Kinde; treasurer, Leota Anthes of Cass City; recording secretary, Helen Agar of Cass City; financial secretary, Marion Graham of Caro; first vice-president, Esther Fisher of Harbor Beach; Historian, Mary Wilcox of Clifford, and chairman of the Program Committee, Monica Ozak of Bad Axe.

Marlene Marie Bieble, formerly with Caro Beauty College and now with

Beauty By I in Caro, is a new member.

Betsy Zwetzig told the group that the style for spring and summer has warm and gold highlights in the hair coloring, and Flips Beehives (new version) waves are reappearing.

The club voted unanimously to get an education tape to aid customers under radiation treatment to look good and feel better, which promotes a strong sense of well being.

BOOK ILLUSTRATOR Jane Stroschin, Fremont, shows Campbell Elementary kindergarten students the layout of her first children's book, which she illustrated and wrote.

For Health Insurance That's A Cut Above The Rest

Consider the 24 Karat Major Medical Plan from Time Insurance. Time's plan outlines the competition because more value has been built into every benefit you receive. Values like:

- Freedom to choose your doctor and hospital
- 15% non-smoker's discount
- Prescription drugs, ambulance, and x-ray coverage
- 100% coverage for pre-admission testing, second surgical opinions, home health care and more.

In addition, because the 24 Karat is a hospital pre-certification plan, it uses a system of managed health care to ensure that every hospital treatment and service you receive is medically appropriate for you. For more information contact:

4-Hers at career workshop

Two Sanilac County 4-H members recently attended a career exploration workshop at Ford Motor Company World Headquarters in Dearborn.

Sheree Walker, 16, of Marlette and Neil Best, 15, of Shover, were among the 55 young people who took part in "Your Future -- A Better Idea," April 25-27, a workshop co-sponsored by Ford and the Michigan State University 4-H Youth Programs.

The workshop encourages young people to pursue careers in high-technology areas such as engineering, computer science and telecommunications.

Participants visited Ford's robotics center and watched robots in action. They also received hands-on experience in broadcast news production and satellite communications at the Renaissance Center.

Each 4-H'er spent a morning in a mentorship experience, working one-on-one with a Ford employee in a high-tech career and learning about the skills and training needed to be successful in these jobs.

At a luncheon at the end of the 3-day event, participants received completion certificates from Michael J. Tate, director of Michigan 4-H Youth Programs.

Mr. and Mrs. Martin Sweeney spent Mother's Day weekend with Dr. and Mrs. Tom Collins and family in Allegan.

Dorothy Harris, Kari Kenner and Joe Konkel were Thursday guests of Mr. and Mrs. Larry Konkel, Marney and Lois Cardenas.

127 attend mother and daughter meal

Saturday evening, May 13, a mother and daughter banquet was held at Salem United Methodist Church.

The room was decorated in pink and blue streamers and the tables were covered with pastel tablecloths.

The meal was served by men of the church at 6:30 p.m. with 127 grandmothers, daughters, daughters-in-laws and granddaughters in attendance.

Following the meal, the women convened in the sanctuary for the program. Mrs. Yvonne Sherman was emcee and she handed out several prizes. The prizes were a wooden vase with flowers, made by Ron Geiger.

Mrs. Barbara Kirn gave a toast to mothers and Mrs. Betty Kirn the toast to the grandmothers.

Mrs. Betty Kirn introduced the Kitchen Band from Lapeer, which is the Ladies Auxiliary of Rebecca Lodge. They played several songs on various kitchen utensils.

The program closed with Mrs. Betty Kirn giving the Benediction.

Honor society inducts 22 area high school students

Twenty-two students from Cass City High School were inducted into membership of the National Honor Society in an evening ceremony held Thursday, April 20.

To be eligible for membership consideration, sophomores, juniors and seniors must have at least a 3.0 average. Additionally, potential members must meet high standards in leadership, service, and character.

Leadership is based on the student's participation in 2 or more community or school activities or election to an office. To meet the service requirement, the student must be active in 3 or more service projects to the school or community. Character is measured in terms of integrity, behavior, ethics, and cooperation with both students and faculty.

Newly inducted members are: SENIORS: Tina Ballard, Teresa Bedell, Sally Brooks, Dawn Edzik, Brent Hall, Karen Hittler, Andrea Isard, Scott King, Darlene Monroe, Roger

Root and Paul Tuckey. JUNIORS: Mike Bills, Steve Bills, Ken Micklash, Kevin Smith. SOPHOMORES: Bob Battel, Jandi Hillaker, Mark Howard, Janet Kubacki, Tracey Patera, Randy Peasley, Melissa Zinnecker.

Previously elected members are: SENIORS: Caren Britt, Jodi Clark, Amy Francis, Darin Gyomory, Jeff Hrycko, Krista Iseler, Brian Jones, Bill Kappen, Melissa Knowlton, Janet Koch, Michelle Koepf, John Kritzman, Michelle Laming, Julie Loomis, Wendy Mellendorf, Heather Merchant, John Merchant, Patrick Murphy, Pam Nieboer, David Nolan, Ted Peasley, Cindy Powell, JoEllen Pratt, Kathy Rockwell, Connie Schneeberger, Adam Suzor, Cesar Valdez. JUNIORS: Scott Dillon, Jan Erla, Judy Matthews, Paula Merchant, Melissa Osantowski, Beth Powell, Jason Robertson, Tim Rutkoski, Mary Shagena, Janel Sweeney.

National Honor Society membership certificates were presented to the new

members by counselor, Wayne Dillon. High school principal, Russell Biefer, presented Janet Koch with an honor award recognizing her 4.000 grade point average compiled over the past 4 years. This average represents a perfect academic achievement in her high school career.

Cass City students among top stock market "investors"

The ups and downs of the stock market can put some people in the poor house and give others a seat on the millionaires' round table.

For the past 5 years Cass City High School students have been participating in a state-wide Stock Market Game, called "Top Dollar." Using make-believe money, students can learn how the stock market works without losing a thing, commented Ron Nurnberger, who teaches business math at the high school.

"It's as close to being authentic as if they used their own cash. Most of the kids love it," he said.

This year one Cass City team has beat the odds and after 10 weeks of competition, they placed in the top 5 out of 1,500 teams in the state.

Mike Francis, junior, and Brent Sturtevant, junior, placed 1st in the region, out of 4 Michigan regions, which include the Upper Peninsula, and 4th in the state, Nurnberger added. They were one of the 20 teams from Cass City to participate in the state sponsored game.

"The majority of the teams lose money. Only 25 to 30 percent of the teams make money at all," he explained. Nurnberger and Kate

Jackson teach the game in their business classes.

Each team is given an initial investment of \$100,000. Francis and Sturtevant profited \$43,264. Their finish was Cass City's best finish in 5 years. The number one team, from Birmingham Seaholm High School, profited \$75,000, Nurnberger added.

"Some students trade daily on all three market exchanges. Sturtevant and Francis amassed their profits from Brazil Fidelity, California Real Estate Corporation and RJR Nabisco," he remarked. "They beat 577 other teams to win their region."

The game is sponsored by the Michigan Council of Economic Education for high school business classes. It is in conjunction with Eastern Michigan University, Central Michigan University and the Detroit Free Press.

Sturtevant and Francis will receive awards May 31 at CMU for their 4th place finish.

CASS CITY'S TOP PLACING TEAM for the state-wide stock market game from Ron Nurnberger's business math class. The two team members, Mike Francis, junior, and Brent Sturtevant, junior, finished 1st in 4 Michigan regions and 4th in the state.

CASS CITY HARDWARE
6092 East Cass City Road, CASS CITY

TUSCOLA COUNTY AGRICULTURAL Agent Eric Franm (far left) accepts a plaque commemorating the Cooperative Extension Service's 75th anniversary from county board Chairman William Worth during a May 10 open house in Caro. Also shown above are commissioners Arnold Krumnauer, Terry Houthoofd, Michael Green and Kim Glaspie.

Board votes to phase out treasurer payments

Tuscola County's treasurer won't get a share of Delinquent Tax Administrative Fee Fund monies for her work in collecting delinquent taxes after 1991.

The decision was made last week by county commissioners, who voted to gradually phase out the payments over the next 3 years.

The board first approved a motion to pay the treasurer the full amount this year, according to a formula, for collecting delinquent taxes during the period Jan. 1 through Dec. 31, 1988.

County Controller Michael Hoagland said the payment totals about \$3,000.

Commissioners then adopted a new payment schedule for 1989, 1990 and 1991. Under the revised schedule, the amount normally paid to the treasurer under the original formula will be compared to the cumulative increase in the treasurer's 1989 base salary of \$23,000.

If the cumulative pay increase is greater than the amount that would normally be paid to the treasurer for collecting delinquent taxes, the payment will go to the General Fund.

However, if the salary increase is less than the amount the treasurer would normally be paid for the work under the original formula, then an amount equal

to the increase in the treasurer's salary for that year will be transferred to the General Fund, and the remaining amount will go to the treasurer.

Beginning with taxes collected in 1992, all funds previously paid the treasurer as the county's collecting agent for delinquent taxes will be transferred to the General Fund.

County Treasurer Patricia Donovan had no comment on the action.

In other business during the rescheduled May 10 session, commissioners voted 5-1 in favor of a resolution regarding plans, cost estimates and other factors related to the planned construction of a

new county health facility.

Hoagland said the resolution includes a statement that the county will advertise its intent to sell bonds for the facility, giving the public an opportunity to initiate a public vote via petition.

The resolution also covers a lease agreement between the County Building Authority and the board, he said.

Commissioner Terry Houthoofd (R-Akron), who has opposed previous votes to proceed with the project at this time, cast the lone dissenting ballot. Commissioner Kim D. Glaspie (D-Cass City), who also has voiced opposition to starting construction now, abstained.

Also last week, the board:

- *Authorized \$5,000 to help defray the costs of planning a multi-county solid waste solution.
- *Approved a request that \$3,000 initially budgeted for an agricultural economic development position be authorized for use in 1989 to fund a portion of the home economist's position at the Cooperative Extension Service Office.

The funds are to be used only if sufficient funding can't be obtained through the Thumb Area Consortium. A request for another \$3,000 was denied.

- *Renewed a 3-year cost allocation plan agreement with Griffith and Associates.

Hoagland said the firm determines areas of additional indirect cost that certain county offices can charge back to the state. The county will pay up to \$10,000 a year for the service provided the firm nets \$20,000 in reimbursements.

- *Established a Thumb Narcotics Unit account in the Trust and Agency Fund for the receipt of payments from local units of government in the county and other transactions related to the Thumb drug task force.
- *Accepted a letter of resignation from Ethelynn Hunt, and authorized the personnel administrator to advertise for the juvenile office secretary position.
- *Authorized 2 county Planning Commission members to attend a 2-day recreation/tourism tour of western Michigan cities May 22 and 23 at a cost of about \$190.
- *Established summer hours, effective May 30, for the courthouse, courthouse annex and Cooperative Extension Service Office. They are 8 a.m. to noon, and 1 p.m. to 4:30 p.m.

Clark Helwig

Lifelong Cass City resident Clark Helwig died May 10 at Hills and Dales General Hospital following a lengthy illness. He was 77.

Helwig was born May 22, 1911, in Elkland Township, the son of the late Edward and Mary Striffler Helwig.

He was united in marriage to Myrtle Walters April 15, 1939, in Cass City, where they made their home. The couple celebrated their golden wedding anniversary April 15 of this year.

Helwig was a member of the Salem United Methodist Church, Cass City, and the Thumb CB Club.

He is survived by his wife, Myrtle; 8 grandchildren and 3 great-grandchildren. One son, William; one daughter, Judy, and one granddaughter, Dawn, preceded him in death.

Funeral services were held Friday at Salem United Methodist Church with the Rev. Clare Patton, pastor, officiating. Interment was in Elkland Township Cemetery, Cass City.

Edward C. Smith

Funeral services were held Saturday for Edward C. Smith, 79, of Cass City, who died May 10 at Hills and Dales General Hospital, Cass City, after a lengthy illness.

He was born July 18, 1909, in Woodbury, Tenn., the son of the late Andrew and Ida Pearl Todd Smith.

Smith was united in marriage to Dorothy S. Stine July 4, 1931, in Pontiac. Following their marriage, the couple made their home in Pontiac and Westland, moving to Cass City in November 1976.

Smith, a psychiatric nurse

in various county hospitals, was a member of the Cass City Church of Christ.

He is survived by his wife, Dorothy; one daughter, Mrs. Lyle (Mary Jane) Wheeler of Fenton; 9 grandchildren; 10 great-grandchildren and one sister, Mrs. Jesse French of Stockbridge, Ga. Two brothers preceded him in death.

Funeral services were held at Little's Funeral Home, Cass City, with Willard Dodson of the Cass City Church of Christ, and Keith Doty of the Deckerville Church of Christ, officiating. Interment was in Elkland Township Cemetery.

Lucille Stafford

Mrs. Lucille Arrie Stafford, 73, of Vermilion, Ohio, formerly of Cass City, died Monday, May 8, at the Lorain Community Hospital in Ohio after a short illness.

She was born June 9, 1915, in Silverwood. Her parents were Mason and Mary (Sergeant) Wilson.

She married Carl Stafford July 1, 1937, in Elmwood. They lived in Cass City, Uby and Granite City, Ill.,

before moving to Vermilion in 1983.

Mrs. Stafford was a life member of Echo Chapter #337 OES, Cass City, a member of the White Shrine, Hills and Dales Hospital Auxiliary, a former member of Trinity United Methodist Church and past president of the Uby Woman's Club.

Survivors include her husband, Carl; 2 daughters, Mrs. James (Sharon) Gettens of Vermilion, Ohio, and Mrs. Richard (Sandra) Ambuehl of Granite City, Ill.; 5 grandchildren, and 6 great-grandchildren. Two sisters died previously.

Funeral services were held Thursday at Little's Funeral Home, Cass City, with Rev. Eldred Kelley, pastor of the Evangelical Free Church of Cass City, officiating.

Burial was in Elkland Cemetery, Cass City.

Bertha M. West

Former Cass City resident Bertha West of Chelsea died May 10 at the (Sergeant) United Methodist Home following a lengthy illness. She was 82.

West was born Jan. 18, 1907, in Huron County's

Grant Township, the daughter of the late Nelson and Anne Sturton McCullough.

She married John W. West Sept. 12, 1926, in Lapeer. The couple made their home in Cass City.

West had been a member of the Trinity United Methodist Church, Cass City, and the United Methodist Women. She also was a Past Matron and life member of Echo Chapter 337, Order of the Eastern Star, Cass City.

West is survived by 3 sisters-in-law, Esther McCullough, Mrs. Kenneth Copeland and Lottie Pinney, all of Cass City; one brother-in-law, G. Alfred West of St. Clair; 3 nieces and one nephew.

She was preceded in death by her husband July 28, 1974, and by 2 brothers, Raymond (Mac) and John G. (Scottie) McCullough.

A memorial service was conducted Friday, and funeral services were held Saturday, both at Little's Funeral Home in Cass City. The Rev. S. Joe Robertson, pastor of Trinity United Methodist Church, officiated.

Interment was in Elkland Township Cemetery, Cass City.

County needs a second circuit judge -- Joslyn

Continued from page one.

another judge is justified by virtue of the case load."

Commissioner Kim D. Glaspie (D-Cass City), who chairs the county's Personnel Committee, acknowledged a heavy work load in circuit court.

He said a decision won't be made, however, until the committee fully investigates the proposal, including the costs involved.

While the state pays a majority of judges' salaries, the county would be responsible for fringe benefits as well as a courtroom, secretary and court reporter for a second judge, he noted.

The guidelines, Joslyn explained, will mandate how much time judges have to dispose of various types of cases. An example would be 90 days for a criminal case.

"I can tell you right now I just can't do it. We're barely keeping up with the case load as it is," he remarked.

Currently, Joslyn said, it takes 9 months or longer to dispose of such cases.

Assuming the county board agrees to endorse the judge's request, the proposal would then go to the State Court Administrator's Office and, if recommended, to the state Legislature.

Joslyn said he has no doubt a second judge would be approved at the state level. He added, "I've been informed statistically that

applies to the road commission's statutory duty.

"The defendant has a duty to maintain guard rails once erected, but there is no law stating that a government entity has a duty to erect a guard rail or alter the slope of an existing embankment to protect motorists from hazards existing outside the improved portion of the roadway designed for vehicular travel."

Testimony indicates the road section in question was free from defects, straight and relatively flat, Joslyn wrote.

Joslyn nullifies jury decision

Continued from page one.

From the above evidence one could conclude that the plaintiff was intoxicated and/or unconscious at the time of the accident and thus not in control of her vehicle."

Joslyn concluded, "This court finds that the defendants have fulfilled their duty...and are not in breach. The court further finds that the plaintiff has failed to establish a prima facie case as to negligence and proximate causation."

Attorneys for the plaintiff could not be reached for comment on whether they plan to appeal the ruling.

CASS CITY CHRONICLE

Cass City, Michigan

CASS CITY'S LEANN LaRoche takes a high relay throw that allowed Marlette's Misti Anderson to record an inside the park home run.

Broncos fall, Marlette wins in Thumb B doubleheaders

The Cass City Red Hawk softball team started the week right by sweeping a doubleheader from North Branch Monday, May 8, but ended it on a sour note by losing both games to Marlette Thursday.

It took a big rally for the Hawks to win the opening game against North Branch, 13-7. In the opening inning the Broncos sent 12 batters to the plate and bombed Beth Powell for 8 hits and 7 runs. Then in a remarkable turnaround, the plucky Hawk hurler blanked North Branch the rest of the way to get the win.

It only took Cass City 2 innings to regain the lead with a 3-run rally in the first inning and a 5-run outburst in the second. Darlene

Monroe was a one-girl gang for Cass City with a home run, triple and 5 RBI's in 14 trips to the plate. Sue Papp helped by stroking 3 hits. Hunt, who yielded 13 hits, was the losing pitcher.

History repeated itself in the nightcap. Again North Branch jumped out to a huge lead in the first inning with 14 batters going to the plate and 9 runs scored. Terri Gibson started and lasted just a third of an inning. Erla relieved and got credit for the victory.

There were lots of heavy hitters for the Hawks. Vicki Robinson was 3 for 4 with 4 RBI's. Monroe rapped 4 hits in 5 tries and Wendy Mellendorf and Cindy Powell each had 2 hits. Erla was backed in the

field with a pair of double plays that kept the Broncos from mounting game-winning rallies.

MARLETTE GAMES

The Marlette Red Raiders used good pitching in the first game and all-around good playing in the nightcap to top Cass City twice.

The story in the first game was the pitching of Jill Atkins, who limited the Hawks to 2 hits while posting a 13-1 decision. The game was called after 5 innings by the mercy rule. Beth Powell went the distance for Cass City and gave up 9 hits and 16 walks while being charged with the loss. Cindy Powell and Robinson were the only Hawks to get hits.

Terri Gibson just didn't have it in the nightcap as she was unable to find the plate, walking 4 and retiring just one Marlette batter before being replaced by Erla.

The Raiders scored 6 times in the first inning in a 10-9 Marlette victory. Cass City bounced back with 33-run innings but the raiders scored the decisive run in the last inning on a home run by Kelly Brown.

The Hawks got back in the game in the sixth when Papp lashed a 3-run homer. LeAnn LaRoche had a big game with 3 hits in 4 trips and Robinson was 2 for 3 with 3 runs batted in. Michelle Savage started on the mound for Marlette and was

relieved in the fourth by Dawn Goss, who got credit for the win.

Junior High honors night scheduled

Cass City Junior High students will be honored during an evening awards and honors program, sponsored by the Student Council and staff, Thursday at 7:30 p.m. in the gym.

Nearly 90 students will be recognized for outstanding achievements. Students, parents and the public are invited to attend.

Thumb B Association

Girls split, boys lose 2 track meets

Cass City boys were defeated in 2 Thumb B Association track meets during the week while the girls split the 2 meets.

The girls topped Imlay City Monday, May 8, 80 1/2 to 72 1/2, but were no match for the Marlette Red Raiders, who are favored to take the title. The score was 101-51.

The girls won 10 of the 16 events, with the team's top point producers showing the way again. Keri Santos won the long jump, the 300-me-

ter low hurdles and ran a leg in the winning 400-meter relay. Jandi Hillaker won the 100, 220 and 440-yard runs and ran a leg on the winning 880-relay team.

Against Marlette Thursday it was a different story. Against the potent Raiders Cass City won just 3 events. Two were taken by Santos in the 120-yard high and the 330-yard low hurdles and Jandi Hillaker won the 440-yard run.

The Cass City boys lost a heart breaker to Marlette by

a single point, 82-81. Cass City won 9 of the 17 events, including all 3 relays, but lack of depth enabled the Raiders to edge out the win.

Tim Englehart was a triple winner for Cass City, taking the high jump, long jump and 100-yard dash. Chappel was a double winner for the Raiders with first places in the discus and shot put.

The Hawks were topped in a dual meet with Imlay City, 82 1/2 to 78 1/2, despite winning 9 events. Tim

Rutkoski was a double winner, taking the 120-meter high hurdles and the 300-meter low hurdles. Englehart won the high jump and 100-yard dash. The winners with times or distance were:

NAMED THE OUTSTANDING Girl Athlete at Cass City High School this year was Darlene Monroe, who was presented with the award Friday by Brenda Severance, the 1988 Outstanding Girl Athlete.

CASS CITY ATHLETIC standout Paul Tuckey (right) was named the 1989 Paul Smarks Award winner. Last year's recipient, Jeff Sontag, presented the trophy during an awards program at the school Friday morning.

Bulldog girls sweep Peck, CPS

Some things are easier than others.

That was the case last week for Coach Judy Campbell's softball team, who effortlessly defeated Carsonville, Port Sanilac on Monday, then struggled at home against Peck on Thursday.

The results were the same, however, 4 wins in 4 tries. Against CPS, Campbell's Bulldogs were never challenged in recording wins of 14-1 and 13-3.

In the opener Angie Bolzman continued her fine season by limiting the hosts to 2 hits while fanning 7. Sherri Pickering was on the mound for the losers.

The game was settled in the 'Dogs' first at bats when they scored 5 times on 2 hits. The visitors also made good on 5 walks and one Tiger error.

Leading 5-1 heading into the 4th inning, the 'Dogs' put the game out of reach when they added 4 more runs to their lead.

Bolzman helped her own efforts in the frame when she tripled to left, bringing home Wendy Ferguson and Andrea Mandich. Bolzman crossed the plate 2 batters later on Brandy Salcido's single that slid through the infield.

In the nightcap the Bull-

dogs spotted the Tigers 3 runs in the first inning, without the help of a hit.

Bolzman handled the pitching chores for the winners and held CPS hitless, her second no hitter in 2 weeks. Bolzman uncharacteristically walked 4, which led to 2 of the host tallies.

The 'Dogs' scored all the runs they needed in the 2nd stanza, when they collected 5 runs. They padded 4 more runs to the 5-3 lead in their next 2 times at the plate to record a 10-run margin of victory.

On offense the North Central Thumb League Bulldogs were led by Bolzman, who had one hit and 3 walks. She also scored 3 runs.

DECKERVILLE

The Bulldogs broke a 3-all tie in the 4th inning Thursday and went on to mark a 5-4 decision over the visiting Deckerville Eagles.

As usual, Bolzman was on the rubber for the winners. Gracie Estrada was handed the loss.

Andrea Mandich accounted for the go-ahead tally for the hosts in the 4th frame when she expertly laid down a bunt single with one out. Mandich then stole

second and rode home on Bolzman's single.

The Eagles weren't through, however, and knotted the score for the second time when Leah Briker reached base safely on an error and scored on Melanie Mosure's RBI single. Mosure was able to reach 3rd with only one away, but was stranded as Bolzman fanned 2 Eagles to end the threat.

Salcido led off the next inning for the 'Dogs, and scored the winning run. She tagged the final base on Lori Radabaugh's game winning ground out to second base.

In the 2nd game of the twin bill the Bulldogs scored 8 times before the end of the first inning and went on to an 11-1 triumph.

Senior Angie Mandich recorded the win for the hosts.

In that first frame, the Bulldogs sent 13 batters to the plate and collected 5 hits.

Several Bulldogs enjoyed a good afternoon at the plate, as Owen-Gage batted .500 as a team.

Collecting 2 hits for the winners were Radabaugh, Vicki Ricker and Andrea Goslin.

Tuckey, Monroe earn top athletic honors

Seniors Paul Tuckey and Darlene Monroe received Cass City High School's top athletic awards Friday morning during an awards program at the school.

Tuckey was named winner of the Paul Smarks Award and Monroe, the Outstanding Girl Athlete Award for 1989.

Aside from those honors, which recognize athletic ability as well as high marks in scholarship, leadership and character, the 2 seniors also were awarded U.S. Army National Scholarship Award medals.

Tuckey, the son of Roy and Kathleen Tuckey, has earned 7 letters in 3 sports over the past 4 years.

Two of the letters were awarded in football. Tuckey, who served as a co-captain on the 1989 varsity squad, has racked up several honors in the sport, including all-conference honorable mention as a junior, all-

area and/or all-conference recognition from 2 Thumb area newspapers as a junior and senior, most improved player as a junior and most valuable offensive back as a senior.

He earned 3 letters in baseball and earned first team all-conference honors as a sophomore and all-conference honorable mention as a junior.

In basketball, Tuckey was named a first team all-conference pick in his junior and senior years. He also was listed in all-area teams in 4 newspapers, including the Detroit News (sixth team all-state pick as a senior) and the Detroit Free Press (all-state honorable mention as a senior). The senior co-captain also received honorable mention in an Associated Press poll.

Monroe, the daughter of Douglas and Donna Monroe, has participated in

4 sports and earned 9 letters to date over the past 4 years.

She earned 4 letters in basketball, achieving honorable mention status as a sophomore, being selected second team all-conference as a junior and first team all-conference as a senior. She also served as co-captain, was named most valuable player and received state honorable mention honors this year.

In volleyball, Monroe has earned 3 letters. She was picked first team all-conference in her sophomore, junior and senior years. She also received all-area honors in her junior year and senior years.

She was an all-area honorable mention selection during her junior year in softball, which she played for 3 years, earning 2 letters.

Also active in Junior Olympics the past 2 years, Monroe currently is a member of the girls' track team.

Hood, Erla are top local bowlers

Cass City's Charmont Lanes awarded the alley's "Bowlers Of The Year" honors on Thursday.

Tops in the men's competition was Rodney Hood. Best lady finisher was Lisa Erla. To qualify for the prestigious event, men were required to roll a 3-game series of at least 650 total pins during the year. Women's prerequisite was a 3-game pin count of 550 or higher.

Of all the entries only 5 players, in both divisions, advanced to the step ladder round where qualifiers went head to head in single game elimination.

Positioning in the showdown finals was awarded to the best 3-game totals.

Making the cut among the men were: Hood (661), Ken Beachy (662), Todd Comment (673), Myron Jackson (695), and Mike Lefler (714).

The women bowlers were: Brenda Kilbourn (531), JoAnn Morell (543), Jackie Yost (556), Erla (558), and Bonnie Watson (594).

Erla defeated Watson in the women's finals, 206 to 160, while Hood rolled a 254 to defeat Lefler, who tossed a 176 and walked away runner-up.

CHARMONT LANE'S "BOWLERS OF THE YEAR" Rodney Hood and Lisa Erla (center) are congratulated by last year's winners Mark Lutz and Sharon DeLong.

"Report card" shows state has 3rd worst dropout rate

Michigan, which continues to be a leading state for teacher salaries and per pupil spending, now has the third worst school dropout rate in the country. The state fell from 28th place among all states just 5 years ago, according to a national "report card" issued by the U.S. Department of Education.

But top state officials, while acknowledging the seriousness of the problem, disputed the 1987 figures showing nearly 37.6 percent of Michigan high school students fail to graduate.

In other areas, the report card showed Michigan students' ACT scores have now dropped to the national average, holding steady while the average in 28 states using the test increased slightly to 18.8; the state dropped 2 places, to 14th, in spending per pupil which increased to \$4,353 in 1987 from \$4,176 the year before, and dropped 2 places, to 6th, in teacher salaries, which increased to \$32,926, from \$31,500.

Superintendent of Public Instruction Donald Bemis, noting the Michigan dropout rate was based on estimates by the National Education Association, said the percentage of ninth graders who graduate should be closer to 75 percent, rather than the 62.4 percent shown in the report card.

He said he will seek a correction.

The state had protested the figure last year as well, when the graduate rate was 5 points higher at 67.8 percent, ranking 38th in the country.

Minnesota was reported to have the best rate in 1987, the latest year for which figures are available, with

90.6 percent.

Fortifying his argument, Bemis said state Department of Education figures show that 80.6 percent of students who entered ninth grade in 1984 graduated in 1988, although numbers have not yet been reported by 40 districts.

Still, Bemis said the information is "disturbing. If 75 percent of those who start finish school, ... that's morally unacceptable to us as a society."

Governor James J. Blanchard would not comment on what the survey indicates as to the quality of education provided in Michigan schools, but said it underscores the need to put more money into critical areas to produce improvements, such as pre-school, early grades and dropout prevention.

"It shows that sprinkling money around doesn't do any good," he said.

He said any school improvement ballot proposal must focus on quality, program changes and needy districts. "There has to be change and innovation," Blanchard said.

He has urged a doubling of funds in pre-school programs, a \$50 million program to purchase computers for every classroom and rewarding districts showing improvement in such things as test scores, and levels of dropouts, violence and teen pregnancy.

Like the governor, Bemis said the figures underscore the need for a stepped-up pre-school education program, which he said has proven to be effective.

"This report in general can serve as a reminder for action," he said.

State Board of Education

President Cherry Jacobus said "the heat will be on (the Legislature) from the board" to pass a school improvement proposal before the legislators adjourn for the summer.

The board unanimously supported the Harden plan, calling for .5 percent sales tax increase for school programs and .5 percent for property tax cuts.

Sen. Dan DeGrow (R-Port Huron) agreed the report card points out the need to put more money into specific programs, but said the governor is asking for too much money in pre-school when other critical services need the funds as well.

He said Operation Graduation, funded at \$2.5 million this year for support programs for pupils in later grades, should be doubled.

Larry Chunovich, executive director of the Michigan Education Association, said he was not surprised at the dropout trend, but was surprised it was as significant a drop.

He blamed some of the "devastating statistics" on federal government budget cuts, particularly for at-risk students. He said he was still proud that in the area of test scores, Michigan has held its own.

Education Secretary Lauro Cavazos said he

would write every governor, state superintendent and board president to urge adoption of improvement targets, including a 90 percent graduation rate and cutting in half the number of children who fail a grade.

National averages show a lack of progress despite a flurry of activity in states to boost attention to education and increase spending.

Aside from dropout rates and ACT scores, the report shows expenditures per pupil increased by 221 to \$3,977, pupil/teacher ratios dropped to 17.7 from 17.9 and teacher salaries increased to \$28,008 from \$26,556.

Youth invited to enter beef cattle, sheep in show

Young people from 9 to 21 years of age may enter their beef cattle and sheep in the Michigan Junior Livestock All-Breed Beef and Sheep Show, slated for June 17 at the Ionia County Fairgrounds, Ionia.

The show gives youths an opportunity to practice their showing skills before exhibiting their animals at county fairs.

The sheep show will consist of classes for breeding ewes born on or after Sept. 1, 1987 and market lambs, as well as showmanship classes. Registration certificates must be in the name of the youth exhibitor by June 1, 1989.

The beef show will consist of classes for breeding heifers born between Sept. 1, 1987, and March 31, 1989, and market steers, as well as showmanship classes. Registration certificates must be in the name of the youth exhibitor as of May 1, 1989, and must be presented at check-in time. Exhibitors must have owned their market steers before March 1, 1989.

The event is sponsored by the Michigan Junior Livestock Society, various Michigan beef and sheep breed associations, Michigan beef and sheep producers, and Michigan State University.

More information is available by contacting Kenneth Geuns, Department of Animal Science, 105 Anthony Hall, MSU, East Lansing, MI 48824, or call (517) 353-2924.

Red Hawks win, lose doubleheader

The Cass City Red Hawks won and lost doubleheaders in Thumb B Association competition, topping North Branch and losing to Marlette.

The Hawks' double loss can be traced to one of 2 factors, excellent Red Raider pitching or slumping Hawk hitting.

Cass City lost the opening game, 4-2, as Duff pitched a 7-hitter, but kept them well scattered. Jeff Krol hurled a 6-hitter and the game went to the final inning before it was decided.

Both teams notched 2 runs in the opening inning on 4 hits. The Hawk rally was sparked by Jason Robertson, Jeff Dillon, Paul Tuckey and Krol with base knocks. Marlette's first 2 batters in the inning knocked singles and went around to score.

That ended the scoring until the fatal last inning, when the Raiders scored twice on 2 hits. An error by the catcher after a strikeout started the winning Marlette rally.

In the second game Marker left his mark on the Red Hawks as he tossed a 3-hit shutout and didn't walk a batter. His outstanding effort nullified a strong pitching performance by Brent Sturtevant, who pitched 3 innings, and Robertson, who hurled the final 2. Marker helped his own cause with 2 hits and scored the only run he needed to win with good base running.

NORTH BRANCH GAMES

Cass City used some lusty hitting and timely pitching to take the doubleheader from North Branch Monday, May 8, at Cass City.

In the first game the Hawks scored early and often to register a 12-3 decision. Krol started and pitched 5 innings to take the win. Bill Langenburg mopped up by pitching a scoreless last inning.

Krol helped his own cause with a pair of big hits that drove in 4 runs. Also pacing the attack with 2 hits each were Jeff and Scott Dillon and Paul Tuckey.

In the nightcap North Branch staged a 4-run last inning rally to make the game closer, but by that time Cass City had the game

under control. Sturtevant started and was relieved by Langenburg in the fifth. When the Broncos closed the gap to 2 runs, Robertson came in to get the final out.

The Hawks banged out 8 hits led by Jeff Dillon, who had 2 singles in 4 trips.

For the season the Hawks are 8-4 in the league and 13-5 overall.

Eagles pitch 'Dogs aside

Coach Harvey Billy's Bulldogs ran into 2 problems on Thursday when they hosted the Deckerville Eagles in North Central Thumb League baseball competition.

The problems were starting pitchers Brian Davis and Dan Brown.

In the first game Davis limited the Bulldogs to 3 hits, while striking out 8, in a 16-3 win. Kevin Koch suffered the defeat.

The game was decided before the 'Dogs even swung a bat, as the visitors scored their first 12 batters.

The potent Eagle offense added 4 more runs in the 2nd frame, which were more than enough for Davis to

record his 7th victory against only one setback on the season.

One of the few bright spots for the Bulldogs on the afternoon was a 2-run double off the bat of senior Marc Reinhardt in the opening stanza.

In the nightcap of the twin bill Brown whiffed 8 Bulldogs as he bested Owen Gage's Bob Haldane 10-4.

The 'Dogs' only runs came in the 4th inning. Chad Sturtevant delivered the big blow with a one out double that sent Mike Errer and Bryan Abbe home. The Bulldogs never threatened again.

Abbe led the losers at the plate as he was perfect in 3 trips to the plate, including one double and 2 singles.

Recreation survey set

A number of Tuscola County residents will be contacted soon for a survey on what should be done to improve county parks and recreation facilities.

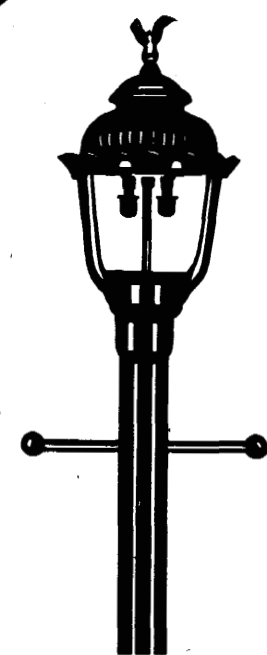

The survey, to be conducted by the county Planning Commission with the assistance of some Great Lakes Junior College students, is designed to determine what recreation needs exist, according to county Controller Michael Hoagland.

The project has been endorsed by county commissioners, who have directed

the planning board to prepare a plan for their review and approval.

Without a DNR approved plan, Hoagland explained, the county can't obtain federal, state and other financial assistance for recreation facilities improvements and programs.

He urged residents who are contacted to take a few minutes and respond to the questions. "Implementing the plan will only be successful if needs are identified and if activities are done to satisfy needs," he added.

During the business meeting plans for the May 12 mother-daughter banquet were finalized.

Rev. Mary Neal gave the lesson on Women of the Bible and the hostess served refreshments.

The 5-day Mission of Prayer and Renewal at St. Agatha closed Thursday evening with a 7:30 Mass attended by more than 100 parishioners and guests. Father Tom Donaldson of Grand Rapids was the celebrant and conducted each of the 5 days morning and evening sessions. En route back to his home parish Thursday evening, Father Donaldson visited friends at St. Bridget's Rectory in Midland.

Willie and Wen Birch of Bay City visited Mrs. Phyl Connors of Caseville Friday afternoon. Friday evening, they met with Harry and Gen Kehoe at Greenfields in Pigeon for dinner.

Dick and Esther Walsh spent Thursday in Detroit. Lela Walsh of Bad Axe and Harry and Gen Kehoe visited Madge Murray Thursday afternoon.

In honor of her husband Harlan's birthday, Helen Stock hosted a party at their home Friday. Among the guests were Mrs. Velda Stock and Delphine Dillon.

The group viewed a video of last month's evening of entertainment, Encore, presented at the Elementary gym.

Mr. and Mrs. Basil Ziehm spent Mother's Day with Dennis and Georgia Condon of Okemos.

Phyllis Connors of Caseville attended the Mother's Day banquet at St. Agatha Parish Hall with her mother, Gerry Carolan, Saturday evening.

Mr. and Mrs. Harry Kehoe spent the weekend with their son and daughter-in-law, Steve and Barbara Kehoe of Brighton. Mother's Day dinner guests were Mr. and Mrs. Jack Bieth and Mike of Highland.

The monthly breakfast at St. Agatha's will be held Sunday, May 21, postponed from May 14.

Helen and Harlan Stock entertained at a Mother's Day barbecue. Guests were Dick and Pam Ried of Caro, Rick and Betsy Dillon and family, and Mr. and Mrs. Don Lamb.

Sister Patricia Marie, O.P., of Adrian is spending some time with her family, Miss Mary O'Rourke and Doug and Vernita Comment.

Letter to the editor

How could anyone shoot a kitten?

To the person that shot the six month old tiger striped kitten on Monday, May 8th:

I just thought you might like to know a little bit about your victim. Trouble and his two litter mates were rescued from the Animal Shelter about four months ago by my husband and I. He started out on rocky ground. He wouldn't eat, he wouldn't play and he was sick all the time. Then after a lot of love and patience he started eating and soon he was running around the house without a care in the world. He was always the first of the three to explore and experience new places and things. I'll never forget the time my husband was taking a shower and the nosy Trouble fell in the bathtub. I laughed so hard I cried, but, last Monday, the crying was real. Trouble, being his natural curious self, went outside. After he didn't come back for a couple of hours we started to really get worried. My husband walked around the block calling for him and I kept watch at home. I thought for sure he was lost. When we finally heard his faint meow at the door both my husband and I rushed to let him in. At first I thought he had been in a fight, but as I wiped the blood away from his side I noticed a small hole and upon further investigation I found a hole on the opposite side where the bullet came out. I wrapped my friend in a towel and took him to the veterinarian. The doctor looked doubtful and after seeing the blood soaked towel everything hit me and I started crying. How could someone be sick enough to shoot a kitten?

My husband and I respect the lives of all living creatures and when you become attached to any of those lives, you begin to realize their love and devotion. Trouble was more than just a kitten, he was a companion and a very dearly loved part of our family. I thought I

No injury in roll-over

No injuries were reported in a one-vehicle roll-over involving a Kingston motorist last week in Koylton Township.

According to troopers at the state police post in Caro, Lonnie G. Stark, 3845 S. Kingston Rd., was southbound on Cemetery Road north of Cartwright Road when he lost control of his vehicle, which left the roadway and rolled over in a farm field.

Moderate damage was reported in the 6:45 p.m. accident.

lived in a nice peaceful neighborhood. I can see now that it's not the kind of place I'd want my children or myself to live. Is this the way our children are to be raised? Not caring about animals and not caring about the people who will get hurt. Could you explain to a young child why someone would want to hurt her pet or tell your grandmother that her life long companion has been shot? Why should we have to?

Trouble died Tuesday afternoon and we miss him.

Card of Thanks

THANK YOU TO all our friends, neighbors and family members for the many acts of kindness and concern at the time of Max Agar's death. Special thanks to the paramedics, Pastor and Jean Wood, the ladies of First Baptist Church for the meal, and to others who brought in food, sent flowers and expressed sympathy. Your thoughtfulness was deeply appreciated. His family. 13-5-17-1

WE WOULD LIKE to express our appreciation for all who shared with us their special kindness, prayers and cards over these many months of Keith's long illness and recent death. A special thanks to everyone for the beautiful benefit. We also want to thank Rev. Joe Robertson for his ministering to our needs at home and in the hospital and during the funeral. We also want to thank all the ladies of the church who put on the lovely meal for us after the funeral and Joan Merchant for the special music. A special thanks to Collon Funeral Home of Caro for all their special help and care given Keith and our family and for going the extra measure for Keith and us. Most of all, we want to thank the community for caring and giving us encouragement, love and hugs to help us through this very difficult time. May God bless each of you. Please accept our heartfelt thanks from all of us. Sincerely, the family of Keith Beecher. 13-5-17-1

The Palm Beach Post has found a sure-fire way to cut expenses. You do away with the copy-editor.

In days of old when I was running a paper, the copy-editor caught errors in grammar and phrasing and just plain dumb statements. A good copy-editor was an essential cog.

The P B Post recently had a review on the concert given by Steve Lawrence and Eydie Gorme. The review's last paragraph:

"At the end of the concert the audience gave a partially standing ovation."

I sent the glitch to Jim Kilpatrick, the columnist who publishes this sort of stuff once in a while.

Can't you see those elite Palm Beachers in all their finery in this "partially standing" posture, trying to maintain their balance and clapping their hands at the same time?

The governor of Vermont, Madeleine M. Kurin, could use a copy-editor, too, before she goes on television. In a recent morning show, she was talking about women in public office.

"As more and more women enter government," she said, "it will in time become a common phenomenon."

In December the savings and loans had a net outflow of deposits of over \$6 billion. I'm glad I'm not in that business, and have told friends for years to keep their money in banks. The little extra interest isn't worth the risks, even though deposits are insured.

If the situation continues to worsen, there could be long delays in people getting their money out.

Banks themselves are not all that great—the big "money center" banks, that is. Their greed in seeking high interest rates in loans to backward countries is haunting them now. Look:

Bank	Equity Ratio % of assets	Bad Loans % of equity
Bank of America	4.0	87.8
Chase Manhattan	5.4	83.5
Chemical Bank	4.1	95.3
Security Pac.	4.1	56.7
Wells Fargo	5.9	29.5
First of Chicago	3.3	64.7
First of Boston	4.9	63.1
Marine Midland	3.2	108.5
Mellon Bank	2.4	104.1
Bank of N.Y.	5.4	29.1

Above figures from Weiss Research, Palm Beach, Fla. Now, another set of figures from Wall Street Journal for market value of "developing countries: debt: (Jan. 20, 1989 prices).

Country	Market as % of face value
Argentina	19
Brazil	35
Chile	60
Mexico	38
Peru	58
Venezuela	38

These are all South American countries, in case you are one of the generation when geography wasn't taught.

If South American loans are this bad, imagine what Africa's are. The money center banks have plenty of paper there.

Grass, lawn mower fires reported

A riding lawn mower was destroyed by fire at a Severance Road home last week, according to Elkland Township Fire Chief Dick Root.

Root said Glenda Twor was riding the mower at 6674 Severance Rd. at about 1:30 p.m. May 9 when the fire began.

The blaze is believed to have started in the engine compartment, Root continued, adding the equipment, valued at \$800, was ruined. There were no injuries.

Also May 9, fire fighters quelled a grass fire at 6051 Elmwood Rd.

The property is owned by Nell Maharg, according to Root, who said the fire covered less than a quarter of an acre. Cause of the blaze is unknown.

TROOPER STEVE Norman and "Smack", a narcotics dog from the state police post in Flint, demonstrated how games are used in training a dog to sniff out drugs during an open house Monday at the Caro post. Norman and Trooper Brian Newcomb (left) of the Caro post also showed off the talents of "Sting", a tracking dog at the area post.

Lunch program criticized

Continued from page one.

The board presented a plaque to Jack Frazer and Marty Daniel, Walbro Corporation representatives, for Walbro's support of the school's athletic and academic programs.

TRANSFERS

The thorny question of student transfers again faced the council and as usual resulted in a split vote. By a 5-2 margin with Beverley Auten and Fred Matthews dissenting, 3 children were granted the right to attend Campbell Elementary School rather than the DeFord School, where their homes are.

The 3 attended Campbell last year and the board decided that they should be allowed to continue as long as there is no increased cost to the district and there is room in the grade the students are in. Elementary Principal Dave Lovejoy said that he could not anticipate any problem keeping the students in Cass City.

A swap of 2 children of the Michael Justices, who live in the Cass City district, with 2 children of the Warren Reeves, who live in the Caro district, was approved. The families live on the border of the 2 districts and

the exchange was made for parental convenience.

SCHOOL PROJECTS

Supl. Micklash outlined summer projects for the school. Most of the work is normal summer maintenance. One project will be the construction of the baseball field in back of the high school at a cost of \$5,000.

At Campbell work includes moving playground equipment off asphalt and Evergreen School will be rewired to eliminate electrical overloads.

Micklash said that he intended to have as many as possible from Michigan Youth Corps working at the school during the summer.

OTHER BUSINESS

• There will be 4 sections instead of 3 in the 4th grade at Campbell Elementary next fall due to an increase in students. With the addition there will be 2 classes of 25 each and 2 of 26 each, Principal Lovejoy said. However, the added class will not mean an added teacher, Micklash told the board. We will juggle the high school, where enrollments are down, to fill the opening at Campbell, he explained.

• Teachers will be polled to see if they want to participate in a "Wellness" program next year. It has been designed by Elaine Howard, Community Education Director, and Geri Tonti, school nurse. The program, if adopted by the teachers, will include complete physicals and a variety of programs designed to help participants to better health with group and individual therapies. There will be no cost to the school and a very nominal charge to persons in the program. A state grant is expected to pick up part of the cost if the program gets off the ground.

• High School Principal Russell Bieffer outlined 4 new textbooks that will be purchased for a total of \$3,198.43. The new books are: Basic Technical Drawing, Advanced Technical Drawing, Michigan History

Your neighbor says

Pistons will take '89 championship

Last year the Detroit Pistons were just one basket away from winning the NBA Championship against the Los Angeles Lakers.

During the 7th, and deciding game, of the 7-game series, Detroit lost by missing a shot in the final seconds of the game.

The Pistons swore they would be back and one year later they have returned with the best record in the NBA. The first team they faced in the play-offs was the Boston Celtics. Detroit swept the 5 game series in 3 games, and now faces the Milwaukee Bucks.

Detroit is expected to beat the Bucks and win the NBA Championship. Your neighbor, Kent Winter, 14, agrees with that prediction.

"I think they will go all the way," Winter remarked. An avid Pistons fan, he also anticipates the Pistons will beat the Bucks in 5 games in the 7-game series. He commented the Pistons can win if they do the same things they did against Boston.

Winter believes 2 key elements allowed for Detroit's sweep against Boston. "I think their defense was a main factor and Rodman played exceptional basketball," he said.

He added that along with Dennis Rodman, other players off Detroit's bench made substantial contributions to the Pistons' success against Boston and throughout the season.

Winter is a freshman at Cass City High School. His parents are Marvin and Janice Winter, who own and operate The Colony House.

He shows his interest in the team by his knowledge about Detroit. Winter reported if the Pistons beat Milwaukee they'll have to play the winner of the series of 7 games between the Chicago Bulls and the New York Knicks. He hopes Chicago beats New York because he would rather have Detroit play the Bulls than the Knicks.

"The Pistons have had better games against Chicago. All they have to do is shut down one man," he said, adding the one player Detroit would need to stop is Michael Jordan.

REAL CHICKEN

At your nearby Hardee's, you'll find three delicious ways to enjoy the rich full flavor of REAL chicken. Our recipes use only whole white meat cuts, and our Chicken Fillet Sandwich and Chicken Stix™ are cooked in cholesterol-free vegetable oil. The result is a rich, full flavor... and a wholesome goodness. So hurry in today, and taste for yourself!

We Use
Cholesterol-Free
Vegetable Oil

Chicken Fillet Sandwich

A savory, whole white meat chicken breast fillet, lightly breaded with a seasoned coating. Served piping hot on a sesame seed bun, with shredded lettuce and mayonnaise.

Chicken Fiesta™ Salad

A Garden Fresh salad, loaded with mouth-watering strips of specially seasoned, whole white meat chicken. Tossed with shredded Swiss and Cheddar cheeses, sun-ripened tomatoes, shredded carrots, and iceberg lettuce.

Chicken Stix™

Succulent strips of tender, whole white meat chicken breast, with a tasty, spiced-just-right coating. Ready to dip in your favorite sauce... choose from Barbecue, Sweet Mustard, Honey, or Sweet & Sour.
