# 4 area suspects caught in Thumb marijuana sweep

At least 4 area residents are among 14 persons arrested in a Thumb Narcotics Unit sweep of the 4 counties in the Thumb conducted last Wednesday and Thursday.

Two other suspects have since turned themselves in and 5 others are still being sought.

Aside from the arrests, officers seized more than 5,000 marijuana plants with a street value of \$7.5 million, 12 pounds of processed marijuana, numerous guns, drug records, cash and real estate with a combined value of \$42,000.

The case is the result of a 4-month investigation conducted in conjunction with several agencies, including the Michigan State Police in Bad Axe, Sandusky, Lapeer and Caro; the Tuscola, Sanilac, Lapeer and Huron County Sheriffs departments; Vassar City Police, Caro Police Department and the Army National Guard.

According to Det./Lt. Gordon Good, TNU commander, the bulk of the investigation was focused on Tuscola County, where most of the suspects reside.

Thirty counts of drug trafficking have been authorized against the suspects, including delivery of marijuana, conspiracy to deliver marijuana and manufacturing marijuana.

Among those arraigned on various drug trafficking charges Thursday and Friday in Tuscola County District Court were:

•Jennifer A. Smith, 40, 1670 Dodge Rd., Deford — possession of marijuana

with intent to deliver Sept. 24 in Ellington Township.

•Michael D. Russell, 21, 6766 E. Deckerville Rd., Deford — delivery of marijuana Sept. 23 in Elkland Township.

•Kimberly L. Russell, 20, 6766 E. Deckerville Rd., Deford — 2 counts of delivery of marijuana Sept. 15 and July 15 in Novesta Township.

•Joseph J. Swierczynski, 32, 1146 S. Kingston Rd., Deford — manufacturing marijuana Aug. 11 in Kingston Township.

•Shawn P. Jefferson, 31, Vassar — 4 counts of delivery of marijuana May 22, June 16, July 1 and July 23 in Vassar.

•William P. Dow, 36, Mayville — manufacturing and possession of marijuana Sept. 23 in Dayton Township.

•Lloyd J. Newsome II, 32, Caro — manufacturing and possession of marijuana Sept. 24 in Wells Township.

•James Lester Jr., 33, Mayville — manufacturing and possession of marijuana Sept. 23 in Dayton Township.

•John S. Beebe, 30, Millington — possession of marijuana with intent to deliver Sept. 16 in Millington Township.

•Christina A. Dawe, 26, Millington — possession of marijuana with intent to deliver Sept. 16 in Millington Township.

Bond for most of the defendants was set at \$4,000 per count, and preliminary examinations were scheduled for Friday beginning at 9 a.m.

The names of the other suspects are being withheld pending arraignments.

## Area United Way girds to meet \$17,500 campaign goal

The Elkland-Novesta United Way drive opens Thursday and its goal of \$17,500 is greater than last year's, but less than generous area residents contributed in 1991. Slightly more than \$18,000 was collected as the campaign goal was exceeded.

The local United Way has always reached its goal and President Dale McIntosh is confident that it will again this year. Contributions to the United Way are about equally divided among gifts from individuals and businesses.

One 4-star performer in Cass City has been United Parcel Service, which has had 100 percent participation for 6 straight years.

Employment at Walbro Corporation and General Cable is on the upswing, and that is a big plus, McIntosh feels.

It should be pointed out, authorities said, that the United Way of America is now operating with a new president, Elaine Chao, who replaced William Aramony, former president who resigned under pressure when it was discovered he paid himself a salary of \$463,000, plus perks.

Persons who work out of the area can help the local drive, if they donate to drives at their work place, by earmarking it for the Novesta-Elkland drive, McIntosh explained.

That way the money comes back home, where it is used for a variety of local civic projects. Included are the

Huron-Tuscola Day Camp, Village of Cass City Park and Recreation, Village Bach Festival, Tuscola County United Way, food baskets, Rawson Memorial Library, Cass City Pony League, Cub Scouts, girls' softball and Little League.

Other beneficiaries are Boy Scouts, AAUW Reading Is Fun, and math and science projects, Cass City Food Closet, Cass City Literacy Council, Tom Thumb

Singers, July 4 Festival and Cass City Players.

The United Way is handled by a volunteer board which meets 6 times a year. Officers are McIntosh, Nina Davis, secretary, Dawn Prieskorn, treasurer, and John Maharg, vice-president.

Members of the board are Art Holmberg, who has served over 20 years; Colleen Langenburg, Beverly Perry, Cliff Jordan, Joe

Guza, Wayne Dillon and Beth Howard. All have served previously except Howard, who joined the directors this year.

### VOLUNTEERS

The officers say that there is a need for volunteers to solicit for the drive this year, especially in the rural areas. Persons willing to help are asked to call McIntosh at 872-4311.

PLEDGE DOLLARS at work. The Elkland-Novesta United Way recently donated \$500 to the Tuscola County American Red Cross to help victims of Hurricane Andrew. Representing the United Way are: (from right) Dale McIntosh, president, Art Holmberg, board member, and Dawn Prieskorn, treasurer (far left). Expressing their gratitude is Pat Fox, chapter chairman of the Tuscola County American Red Cross. Ken and Beverly Mercer are with the disaster arm of the Red Cross.

## 2 die in separate Tuscola County traffic accidents

Traffic accidents claimed the lives of 2 motorists, including a Caro man, last week in Tuscola County.

The latest fatality occurred at midnight Friday at the intersection of Saginaw and Leix roads in Fremont Township, Tuscola County Sheriff's deputies reported.

The victim was identified as John H. Robinson, 44, 2235 Chambers Rd., Caro.

Reports state Robinson was southbound on Leix Road when he failed to stop at the intersection and drove under the rear wheels of a westbound semi-trailer. The impact tore Robinson's car apart and he was thrown from the vehicle, according

to deputies, who stated the driver was not wearing a seat belt.

The car came to rest in a ditch on the south side of the road and the tractor-trailer, owned by Carry Transit trucking company, Bridgeview, Ill., continued another 500 feet before stopping.

Robinson was dead at the scene. The driver of the truck, Timothy C. Schankin, 42, of Birch Run, was transported to Caro Community Hospital, where he was treated for minor injuries and then released. He was wearing a seat belt at the time of the crash, reports state.

Sheriff's department investigators were assisted at the scene by Mayville police and ambulance personnel and Michigan State Police troopers from the Caro post.

The accident remains under investigation.

### WEDNESDAY CRASH

A Birch Run man was killed Wednesday night when the vehicle he was driving slammed into the rear of a farm truck 2 1/2 miles northeast of Cass City.

The victim, Charles M. Jacobs, 30, was southbound on Dodge Road just north of Milligan Road at about

10:50 p.m. when the accident occurred, deputies reported. A witness stated Jacobs, who was not wearing a seat belt, was traveling at a high rate of speed prior to the crash.

The driver of the truck was identified as Frank B. Holcomb, 38, Cass City. He was wearing a seat belt and was not injured.

The truck, owned by Walther Farms, 3390 Lake Rd., Clio, was not loaded and was equipped with flashing lights that were activated to indicate a slow-moving vehicle, according to reports.

The accident remains under investigation.

## \$240,000 deficit at O-G last year, report shows

Money matters, including an audit report that verified the need for some belt tightening, dominated Monday night's monthly Owen-Gage Board of Education meeting.

The audit report, presented by Walt Moore of Laine, Appold & Co., Saginaw, confirmed what school Supt. Harley Kirby has been telling board members since June: the 1991-92 school year wasn't a good one financially.

Moore briefly outlined the report, noting expenditures exceeded revenues last year by some \$240,000. Subsequently, he said, the district's fund balance is continuing to shrink, with a year-end balance of \$275,338, compared to about \$518,000 the year before.

Moore indicated the deficit is the result of a combination of factors—little increase in property tax revenues and steadily decreasing state

revenue, and an additional \$31,000 in expenses, mostly tied to contractual costs such as salaries.

He noted the district's hot lunch program continues to lose money, although Kirby pointed out a price increase implemented this year is expected to help offset that deficit.

As for state revenues, Moore said schools can expect the trend of fewer dollars to continue.

He explained that money schools have received from the state in the form of FICA recapture has been reduced and will probably disappear altogether in the future, leaving the entire burden of the employee match on the shoulders of local districts. "I wish I had better news and better answers," Moore said in summarizing the audit report.

On a positive note, he commented he's extremely pleased to hear the district is going to implement a com-

puterized accounting system. It's a move that will save a great deal of time and improve the quality of record keeping, he said.

The board recently approved spending about \$5,240 for software programs and training to make the transition from ledgers to computerized budget, accounts payable and payroll processing.

### INSURANCE

Turning to insurance, the board unanimously voted in favor of switching to "pool" coverage offered by the Michigan Association of School Boards SET/SEG Insurance program.

The change will result in an immediate \$5,000 in savings. On top of that, the district will begin to receive a form of dividend from the "pool" after 2 years.

During a Sept. 30 special meeting, representative Dan Genger explained MASB

SET/SEG is a non-profit, self-insured "pool" program that covers only schools. He explained the program differs from others in that surplus funds in the pool are returned each year to established member districts based on a formula.

Examples of districts slated to receive monies back this year include Ubly (\$9,493), Bad Axe (\$18,138) and Lakers (\$23,976).

The switch to MASB SET/SEG will mean a savings of \$1,200 on property and liability coverage and \$4,000 on errors and omissions. At the same time, the deductible on the superintendent's house will increase from \$100 to \$1,000, and the school fleet insurance deductible will go up from \$250 to \$500 or \$1,000.

Total cost of the package, which includes boiler and umbrella coverage, is about

## Group forms to fight for child support enforcement

Nancy Watta knows first hand the confusion and frustration of struggling through the legal system in an effort to try to collect child support.

An office supply sales representative from Sandusky, the mother of 2 children, ages 11 and 13, spent a year working with the Sanilac County Friend of the Court and found the system slow and inefficient.

"Not only at the local level, but also at the state level," she remarked. "Child support problems concern our

children and it's sad to find out our children are only a case number when working with the system."

Watta was successful in her efforts, but vowed to help make it easier for others.

"I don't want anybody else to have to go through that. It's not fair to the kids," remarked the Thumb woman, who serves as coordinator of a newly formed chapter of the Association for Children for Enforcement of Support Inc. (ACES)

ACES, the largest child support organization in the United States with 259 chapters in 49 states, is dedicated to assisting disadvantaged children affected by parents who fail to meet child support and/or visitation obligations.

All interested Thumb residents are eligible to join the new Sanilac County-based chapter, whose service area covers mid- and northern Michigan and the Upper Peninsula.

According to Watta, the organization's main objec-

tive is to help custodial parents understand and exercise their rights.

"(We want to) educate them; let them know that they're not alone and hopefully help them get through the system," she said, "and if they're not getting support, to help them get it again."

To accomplish those purposes, ACES offers a number of services to members and the community, including educational programs that provide families with information about their legal rights.

## Lutheran Ladies Aid elects 1993 officers

The Ladies Aid of Good Shepherd Lutheran Church met Monday, Oct. 5 with 16 members present. Adeline Butler read an opening devotion entitled, "Be Willing to Serve."

Plans for the Harvest Auction, scheduled for Nov. 2 at 7 p.m., were finalized.

The following officers were elected for 1993: Donna Schuette, president; Sue Baker, vice president; Connie Britt, secretary; Lois Moslander, treasurer; Deb Ruggles and Mary Wheeler

Christian Growth co-chairpersons. Joan Matthews was appointed to the altar committee on which Jackie Guinther, Tina Hoad, and Helen Easton already serve.

It was reported that the Lutheran Women's Missionary League Fall Rally will be held at St. John Lutheran Church in Kilmanagh. The theme will be "Close to His Heart."

Refreshments were served by Connie McNaughton, Adeline Butler and Eloise Dorsch.

## MAJOR ADVANCES IN CATARACT SURGERY

Cataract surgery has made many big changes in the last few years. Besides improvements in surgical techniques, the standard now is to use a small implant--an artificial plastic lens--inside the eye where the old lens was. Because of this, the person's vision returns to normal much sooner than before, and the need for glasses with very thick lenses is gone.

If glasses are needed to get the best vision after surgery, they will at least be normal appearing glasses. The person will also have a full field of vision and the size of objects will not be distorted as it was with the older glasses.

Another big change is advising the surgery much sooner. Doctors no longer wait for the vision to be completely lost. Vision is so important to a person's enjoyment, social interactions and his ability to take care of himself that it is better to do the surgery earlier and provide useful vision for longer.

Surgery is usually done as an outpatient. There is no need to spend the night in the hospital unless there are medical problems. A person can also resume normal physical activities much sooner these days--usually as soon as the person feels he is able to. The eye is patched for 1-2 days, and rechecked by the ophthalmologist the day after surgery.

A new option is treating the cataract with a phacoemulsifier which allows the surgeon to remove the cataract through an incision that is only a quarter inch long.

The complications are few, but bleeding in the eye may occur, as well as inflammation or damage to the retina (the back of the eye). These are uncommon and normally respond to treatment.

Shopping can be fun

by Melva E. Guinther

You have probably noticed that stores have begun displaying Christmas merchandise.

No, they are not premature in doing so. This is just a gentle reminder that you really must start thinking about Christmas shopping if you haven't already done so. Now stop groaning and pay attention, children, and you'll learn the fine points of enjoyable Christmas shopping from a pro.

One reason people find the experience unpleasant is that they don't plan ahead or start early enough. It's not conducive to a positive frame of mind to realize 3 days before Christmas that you have to get 2 dozen gifts in a crowded mall. Getting them all wrapped on Christmas Eve is not usually a thrill either.

So begin now. Make lists. Check local stores first. It's easier to shop close to home, and easier to return or exchange merchandise later.

For the things you can't get locally, plan at least one trip to the city. Try to go during the week. Thursday is good, because sales promotions are on, selection is good, and you avoid the weekend crowds.

Decide before you start how much you can spend, keep track as you go along, and stay within your limit. Nothing extinguishes the warm shopping glow more quickly than realizing that you'll be shivering as you wrap your presents in the dark because the power company has shut off your heat and lights.

Shopping for pleasure is not something to be hurried. Give yourself plenty of time.

Start early in the day, and you can be finished before the after-school mallie invasion. Armed with your list of things to look for, chart your course and avoid needless trips from one end of the mall to the other.

Take a break before you get overly tired. Make a trip to the rest room, freshen up, have a muffin and a cup of tea or a Diet Pepsi while

resting your feet.

In most malls you can rent a locker for your parcels for a quarter. Otherwise, take a couple shopping bags and try to keep your packages balanced. You will, naturally, purchase heavy or bulky items last.

Be sure to keep track of all your receipts, in case something has to be returned.

Wear comfortable clothing, especially shoes. A belt purse, as opposed to a heavy handbag, will add to your freedom and endurance. If you were to be trying on clothes you would, of course, wear something that's easy to get in and out of, but this is not that kind of shopping trip, is it?

This brings us to the important issue of focus. It's essential to establish and stick to your objective. Determine in advance what you hope to accomplish. It's not necessarily a sign of failure to come home empty-handed, if you've picked up some good ideas and compared prices. For that matter, a shopping outing can be merely a social time with a friend.

One final suggestion for new grandparents. Walk swiftly, with eyes straight ahead, past the kiddie shops, and avoid the infant section of department stores. Otherwise, you'll get stalled there and end up with nothing but another carful of baby stuff.

by John Haire

(And anyone else he can get to help.)

The walking trail was just completed 2 weeks ago and already there is talk of changes to make it better.

The suggestions are for trees, shrubs installation at the north end of the park and for benches added at regular intervals all along the trail.

The most urgent need and one under discussion by the village council now is erecting a safety barrier to keep persons from walking on the beams that formerly supported the old railroad bridge.

Suggestions included building a fence at the access point on the south side of the river or extending the overlook all across the river. Stay tuned.

The color was at its peak last weekend all across the northern lower peninsula. It should be still good this weekend, but if you go, plan ahead and don't assume that because the traditional tourist season ended on Labor Day that there will be plenty of places to stay.

We attempted to check in at the Cadillac Sands at about 4 p.m. Saturday. Sorry, filled up, we were told. On to Traverse City where the Holiday Inn clerk informed politely that the nearest room anywhere was 2 hours to the south at Muskegon. (He didn't know about our cottage at Boyne City.)

From time to time we publish predictions in the GTE booklet, "2001 Imagine the Possibilities." Some we figured were far out, some that were well on the way to realization in the couple of years since publication.

One that will probably come to pass although I will never understand how is this:

"A minuscule transistor will increase computer chip processing speed 100 times. Too tiny to be seen with even the most powerful light microscope, it will be able to switch on and off in a trillionth of a second."

Idle thought. How do you measure speed in a trillionth of a second?

Members of the 30-person Friends of the Library club are about to become friends of all new arrivals in the village.

The 2-year-old group has volunteered to become official greeters of newcomers to the village in a project called "Friends Welcome Friends."

Ramrodding the project are 2 relatively recent arrivals to the community, Bob Shantry and Jacquelyn Seski.

Welcome Wagon type projects are not new and one has been promoted through the Chamber of Commerce.

Where the Friends Welcome Friends feel that they may be more effective than past welcome projects is that they will make personal calls to the new arrivals.

Sure, we expect to have lots of welcome gifts from businesses when we call, the pair agreed, but the most important part of this endeavor will be sitting down and chatting with them.

We can answer their questions and, since we are new arrivals ourselves, we know what is helpful. Where the doctors are, when the stores are open, available laundry service and other everyday needs of families.

We've found Cass City to be a very fine place to live, Shantry said, and if we can ease the adjustment to our community we want to do it.

## 53 from area donate blood

Fifty-three persons donated blood at the Red Cross blood bank Oct. 6 at Hills and Dales General Hospital in Cass City.

The blood drive was sponsored by the Hospital Auxiliary.

First time donors were Barry Brown, Pearl Kubeak, Clark Hillaker and Paul Walsh.

Pins were given to one-gallon donor, Michael Kropewinicki, and 3-gallon donor, Ben Gruber.

There are 3 blood banks a year held at Hills and Dales General Hospital and one at Cass City High School.

Persons wishing to furnish gifts and that have not yet been contacted can participate by calling Shantry (872-3969), Seski (872-4908) or Rawson Memorial Library (872-2856).

## Wright elected new mayor

Charles Wright was elected mayor at Gagetown to fill the vacancy created by the death of William Downing, at the regular village council meeting. He is a 14-year veteran of the council and was the former mayor pro tem.

Replacing Wright as mayor pro tem will be council member Eugene Comment.

Dave Abbe was appointed to the vacant seat on the board. He is a previous Gagetown council member and mayor.

Wright said that he will act as mayor until March 1994, when his term of office expires.

My trouble is that I usually can see 2 sides of most questions and often it leaves me at a loss to know which way to turn.

The coffee table pundits today were airing the need to give the president the right of a line item veto.

There are some impressive arguments for the veto. The president could axe some of those pork barrel riders to important bills. Those that dip into the public trough so the senator or congressman can be sure of reelection.

But the president could also use the veto as a way to bludgeon the congress to get what he wants. It's not hard to visualize a scenario in which the president would forego red-lining an item, not for the good of the country, but in return for a congressman's help in the political wars.

That gives the president too much power and tilts the checks and balances that we are so proud of. So make a choice. Mine would be to keep it as it is with all its obvious flaws.

The same day that the line item veto was the topic, the morning papers were full of the news that Windsor was going to open up to casino gambling.

Canada is probably in a worse recession than we are. The casino is a desperate gamble to pump some life into the economy. It's a test case and Windsor will be the only place in all of Canada to have gambling.

Supporters say that there is

already lottery gambling, horse race gambling and illegal gambling. Casino gambling will add \$180 million to the government revenue, they point out. And it is expected to provide jobs, jobs, jobs, on both sides of the Detroit River.

Dissenters say that gambling has not been that great a financial success in Atlantic City. They also point out that with gambling comes an increase in crime and that most of the jobs are low paying ones.

Plans for the casino will include traditional gambling, with one exception. Crap (dice) games will not be allowed.

Once the easy bucks start flowing in, it's a given that there will be more casinos and they will include crap games as well as other traditional gambling games and machines.

Again it's a balancing act. Do the benefits outweigh the negatives? The vote here is against casino gambling in an area where it is sure to take big chunks of the ordinary guy's paycheck...just like the lottery. And perhaps have as much lasting effect on the economy as the lottery has for our schools.

As pointed out in the beginning, there is no real assurance that the conclusions reached here are the right ones.

It could be that I could toss a coin, heads, yes, tails, no, and make as good a decision. Or is that illegal gambling?

## "If It Fitz...."

## Saved by the feds

By Jim Fitzgerald

Whew! That was a close call. Detroit almost didn't survive the long Labor Day weekend. Pedro Chavez almost got here for an exchange visit that would have threatened Motown citizens with a fate worse than death by gunfire.

But the U.S. State Department acted just in time to keep Chavez out of town. I breathed much easier while watching the Labor Day parade downtown. After all, it wasn't as though Chavez intended to exchange something relatively harmless, like gunshots, with Detroiters. He intended to exchange culture.

Pedro Chavez is mayor of Havana, Cuba. He was invited to Detroit by some City Council members who were guests of Chavez in Havana last December. Chavez was to participate in our parade, visit with labor leaders and speak at universities. In their effort to repay a social indebtedness, the council members apparently didn't care how many innocent capitalist minds were put at risk.

The terrible danger was averted when a State Department official told Council President Maryann Mahaffey that the federal government almost never grants visas to Cuban officials because they are known exporters of communism. The council and U.S. Rep. John Conyers of Detroit requested a waiver, but the feds stood firm and, as a result of their determined vigilance, Detroit still stands.

Veteran observers say it was probably Detroit's narrowest escape since 1986 when 3 Nicaraguan jurists came here and tried to have their picture taken with councilman Jack Kelley. But he bravely refused. "I think they're communists," Kelley explained, and Belle

Isle was saved.

There are, of course, a few culture-exchange sympathizers, like Mahaffey, whose insidious propaganda included this statement: "It's time for the last of the Cold War barriers to come down. People-to-people exchanges between Cuba and the U.S....can only be of benefit to everyone in this hemisphere."

Sure, Mahaffey is probably just subversively sore because Cuba allowed her to visit there and didn't even frisk her. Doesn't Castro suspect that she is an exporter of democracy? It has to be insulting for an American government official to exchange culture with foreigners who aren't worried enough to search her for a hidden liberty bell.

Intelligent people might wonder about the priorities of a federal government that stops cultural exchanges while failing to take even the first feeble step toward stopping gunshot exchanges.

Intelligent people might say if there were, for instance, a national law mandating a 7-day waiting period for handgun purchases, local officials would begin to lose their favorite alibi for opposing local gun controls — that deprived citizens would simply drive to the next town to patronize a drive-through pistol store.

Intelligent people might vomit at the constant mewling of the National Rifle Association that gun controls are useless because criminals ignore them. Intelligent people might point out the thousands of domestic arguments that escalate into bloodshed because handguns are handy, and the thousands of children accidentally shot for the same reason.

Intelligent people might stress that if the manufac-

ture, sale and possession of handguns were severely curtailed, the bad guys might benefit in the short run, but in the long run they'd run short of firepower and this nation would be much safer for your children's children.

But what do intelligent people know?

They know that even though Mayor Chavez didn't get into Michigan on Labor Day, George Bush did, and that was good. If the president hadn't been walking the Mackinac Bridge, he might have been in a defense plant sucking up for votes by promising to assure jobs by selling F16 fighter jets.

We don't want no communist culture 'round here, but bloodshed is good business, and if we don't sell war weapons to warriors, they'll just drive to the next country to buy them.

## SIMPLE THINGS YOU CAN DO TO SAVE OUR PLANET

### DID YOU KNOW...

Detergents account for 1/2 of the country's phosphate pollution?

### FACT:

By shopping for detergents low in phosphate, we can make a much needed effort to curb this problem.

### DID YOU KNOW...

Only 3% of our earth's total water is fresh?

### FACT:

America uses 450 billion gallons of water per day.

The rate of pollution is jeopardizing that precious commodity. What can we do? We can cut down on the soap we use. You can add a little baking soda to your detergent if your water is hard. Be conscious of and shop for low-phosphate and phosphate-free detergents.

We are suffering an ecological algae bloom. The emptying of large quantities of phosphates into our streams and lakes has created an over-production of algae.

Since algae requires so much oxygen, it has taken oxygen needed by other marine life and plants for survival.

We are killing our water bodies. We can help relieve this problem. Be a conscientious shopper.

### Caro office closed Oct. 20

The Caro Secretary of State branch office, located at 130 Millwood, Caro, will be closed the morning of Oct. 20. During that time, branch office employees will participate in an in-service training program required for on-going operations. The office will reopen promptly at 1:00 p.m.

On the morning the branch office is closed, service will be available at nearby Secretary of State branch offices at Marlette and Vassar.

### Women's council makes plans for bazaar

St. Pancratius Women's Council met Monday, Oct. 5, at the parish hall. The evening began with a reading from the Bible and a prayer was said by the women. President Nina Davis opened the meeting with 21 ladies present. A short discussion was held about the annual bazaar and new ideas were exchanged for next year. Plans for a trip in December will be finalized at the November meeting.

The women were asked to help at the chicken dinner to be held in the parish hall Oct. 18.

Geneva Richards will be the guest speaker at the November Meeting. She will show her slides of Israel.

The meeting was adjourned and refreshments were served.

## Governor declares October as Child Support Month

In recognition of the crucial role child support plays in providing financial resources for children, Governor John Engler has declared the month of October as Child Support Month in Michigan.

In his proclamation, the governor noted that "child support is an obligation of both parents, and failure to pay results in serious consequences for the noncustodial parents, the children and the citizens of Michigan."

The governor praised the state's domestic relations system for its record of enforcing child support orders. "Michigan ranks among the top states nationally in the collection of child support," he said. "In 1991 more than \$698 million was collected for families."

In an effort to heighten

public awareness about the importance of child support, a series of new audio and video public service announcements will be aired by radio and television stations during the month of October. A poster entitled "All Kids Need Support" and a media information kit also have been developed.

In addition, a number of Michigan Friend of the Court offices will offer payers who have gotten behind in their child support obligations an opportunity to visit the office and make arrangements for payment without the fear of being arrested. Persons who are interested in this payment option should contact the Friend of the Court office that has their case to find out if it is participating in this program.

A good part of your life.

OWEN-GAGE backcourt partners Michelle Tkacz (with ball) and Lori Ondrajka helped lead the Bulldogs past CPS Thursday, registering 18 and 15 points, respectively.

# Sputtering O-G offense leads to loss to Kinde

The Owen-Gage gridders were soundly defeated Friday at North Huron, losing 20-0. Again the Bulldog offense, that has produced only 6 points over the last 10 quarters, sputtered. The loss, the Bulldogs' 3rd straight, splits their 6 game season record in half and puts them in the record books at 3-3.

Fittingly, Coach Arnie Besonen believes he has only half a team. "What offense? We have no offense," said the veteran mentor after the shutout. "We play well, then forget to

put the ball in the end zone." The Bulldogs will need their entire team this week when they travel to take on the NCTL's co-leaders at Kingston.

The Cardinals may be looking to vent some of their frustration after suffering their first league setback last week with Akron-Fairgrove, 14-7, dropping them into a 3-way tie for conference honors.

Dan Gray put all the points the hosts would need on the scoreboard against the Bulldogs in the 2nd quarter when he capped a 67 yard drive with a one yard run.

Following a Warrior interception, Trent Rice than gave the hosts a 12-0 half-time edge with a one yard plunge with only 2 minutes remaining on the clock.

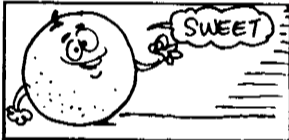

The Bulldogs were never seriously able to challenge the Warriors' defense on the night.

"You know something's wrong when your leading rusher is an end," said Besonen.

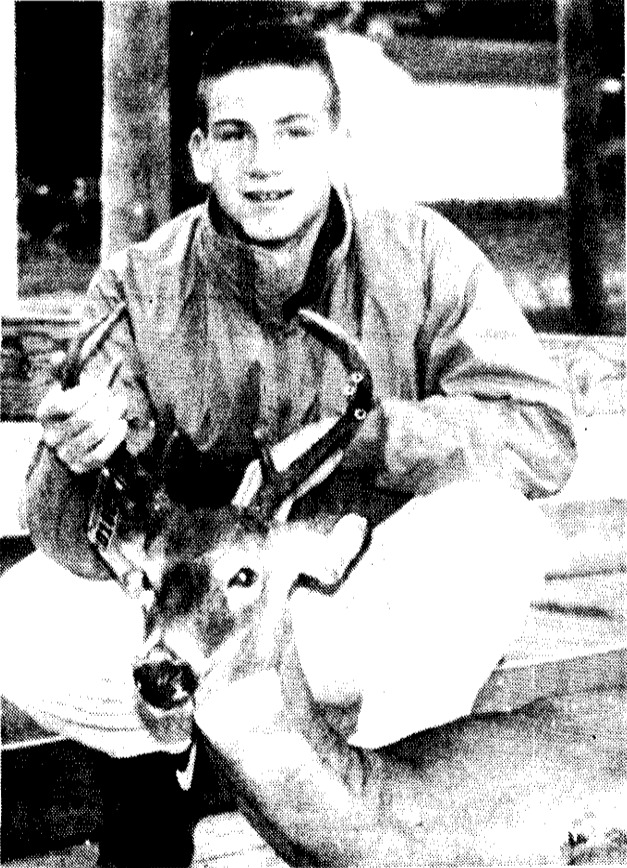

Steve Toner accounted for the hosts' final score when he pulled in a Gray pass and sprinted 33 yards for the marker. Matt Hyser ended the scoring by converting the 2-point conversion.

The Bulldog defense was led by Mike Tkacz, who registered 16 tackles. Gary Emmons was credited with 8 stops, including one quarterback sack.

## C-PS falls to Bulldogs, 77-49

# Bulldogs face undefeated Peck in showdown NCTL game Thursday

The Owen-Gage Bulldogs have a good basketball team. One of the best in the NCTL, with a 9-1 season record.

Thursday they will find out if they are THE best team in the NCTL.

Following last week's 77-49 win over visiting Carsonville-Port Sanilac, Coach Dean Roller's cagers have collected 6 straight wins. Their only setback, a 41-36 decision back in early September, came at Peck.

Thursday the league leading Pirates travel to Owendale.

If the 'Dogs can display the varied scoring attack that they showcased against the CPS Tigers Thursday, Peck very well could suffer its first setback in the NCTL campaign.

"I was very pleased with our balanced scoring," stated Roller after the win.

As expected, Michelle Tkacz led the way against CPS with 18 points, 9 in each half.

Unexpected, however, was the play of Tanya Muntz off the bench.

Leading 15-11 after the opening stanza, Muntz gave the hosts a big lift before the break with six 2nd quarter points and helped control the defensive boards. Muntz finished the evening with a personal best 7 rebounds.

Also breaking out of a mini scoring slump was senior Carli Salcido. Salcido, playing more aggressive offense, regained her outside shooting eye and blistered

the nets for 18 tallies. Joining Salcido and Tkacz in double figures were Jill Susalla and Lori Ondrajka.

Susalla, who continues to improve on her inside game, registered 12 points, including 5 from the charity stripe in the 3rd quarter, when the winners went on a 17-11 run to seal the win.

Ondrajka held off any chance of a Tiger comeback with seven 4th quarter points. Ondrajka posted 15 markers on the night.

CPS - M. Schommer 4-0 (2-3) 10; S. Cayce 1-0 (0-0) 2; J. Backus 1-0 (0-0) 2; S. Schommer 4-0 (2-5) 10; T. Mahox 2-0 (2-5) 6; S. Backus 4-3 (1-2) 18; Fritz 0-0 (1-2) 1.

**TOTALS:** 16-3 (8-19) 49.  
**OWEN-GAGE** - L. Ondrajka 6-0 (3-4) 15; M. Tkacz 6-0 (6-10) 18; A. Wildman 3-0 (0-2) 6; C. Salcido 8-0 (2-2) 18; T. Muntz 3-0 (0-1) 6; J. Susalla 3-0 (6-11) 12; A. Martindale 1-0 (0-0) 2.  
**TOTALS:** 30-0 (17-30) 77.

## Face Bad Axe Friday

# Hawks fall to unbeaten Ubly, 16-6

The Cass City Red Hawks will be seeking their second win of the year over the Bad Axe Hatchets Friday to break a 2-game losing streak. The Hawks lost to 2 undefeated teams in successive Fridays after losing to the Ubly Bearcats last week, 16-6, and the Lakers the week before.

In the first meeting between the Hatchets and the Hawks, Cass City won the Blue Bay League tussle at home, 20-12.

In the Ubly contest, the Hawks opened the game by marching steadily down the field with combined running and passing. The touchdown came with 4:39 left in the first quarter as Ben Schott hit Jason Walther for 14 yards.

That was to be the only time Cass City would dent the rugged Ubly defense. The Thumb C Conference leaders went in front midway through the second period as Scott O'Berski broke loose for 72 yards. He then ran the ball for the extra points and the host team was in front 8-6 at halftime.

Neither team scored in the

third period, but Ubly capped a drive early in the 4th quarter to move the game out of reach for the Hawks. O'Berski scored from 7 yards out. He also ran for the extra points to finish the scoring for the night.

For the first time this year, Darren Wallace received significant playing time at quarterback. The junior passed 9 times and completed 4 for 26 yards and no interceptions. Starting quarterback Ben Schott passed 8 times and completed 4, had one for a touchdown and had one intercepted. Both quarterbacks were sacked once.

Dirk DeLong led the defense with 12 tackles, 6 unassisted. The club had trouble getting its running game unseathed. Jason Morgan averaged 4.6 yards per carry on 14 attempts good for 64 yards.

Ubly keyed on Brandon Toner and he averaged just 3.4 yards per try on 17 attempts.

John Gibson led the receivers with 4 catches for 29 yards. Jason Walther caught 2 for 17 yards, including the touchdown grab.

A HALFBACK PASS worked in one game this year for the Cass City Red Hawks, but was unsuccessful against Ubly as Jeff Dekoski applies pressure on Jason Walthers.

# Raider defense dampens Hawks' Blue Bay League title hopes

Cass City's chances to successfully defend its Blue Bay League title were dealt a serious blow Thursday

when the Marlette Red Raiders came to town and defeated the Hawks for the second time this season, 40-

31. While the Hawks now have only an outside chance of winning the conference

crown, there is hope that the team will be a factor in the tournaments at season's end.

In the loss to Marlette, Cass City played without injured Jennifer Fruendt. Freshman Kelli VanVliet showed her inexperience with only 3 varsity games under her belt and should improve rapidly as the season progresses. She plays well, says Coach Marty Daniel, when she is not tentative.

Marlette also plays a freshman, Nicole Ruggles, and at point guard she has added another dimension to the Marlette attack and is a tough defender.

Daniel credited the Marlette defense as a key to the visitors' win. That defense, coupled with our poor offensive execution, resulted in the loss.

The Hawks were ready for the Marlette press that hurt the team in the first meeting between the teams. When that didn't bring results, the Raiders switched back to a half court man-to-man defense that was effective.

Jodi Schember and Jenny Storm kept the Hawks on the heels of Marlette in the first half. Storm converted a pair of buckets in the first quarter from close-in and Schember tossed in a couple of short jumpers from inside the key and added a 3-pointer.

Carrie Ross kept the Raiders on the heels of the Hawks in the first period with a pair of buckets and a free throw. Marlette went ahead to stay when a pair of rebound baskets enabled them to break out of a 10-all tie midway through the second period

and propel the Raiders to a 19-15 lead.

Ruggles joined Ross as an offensive force in the last half. She scored 9 of her 11 points in the final 2 quarters. Ross continued scoring and led all scorers with 15 points.

Cass City failed to have a player in double figures, as Schember and Storm shared honors with 9 points each. The Hawks failed to score a point from the charity circle, as they were blanked in 6 tries.

## BAD AXE GAME

As expected, the Bad Axe Hatchets were no match for Cass City Tuesday, Oct. 6. The visiting Hawks scored the first 10 points of the game and waltzed to a 52-23 decision.

Pacing the opening quarter spurt that decided the game for all practical purposes was Jodi LaRoche, who scored 3 baskets in the spurt. Bad Axe failed to break into the scoring column until there was just 1:24 left to play and Heidi Geiger broke the ice for the host team.

Coach Daniel said that team defense and poor ball handling by the Hatchets were decisive. Fruendt missed the game because of injury.

The Hatchets' offense didn't improve in the second quarter, scoring only a basket by Jessica Gavitt. The Hawks' scoring duo, Storm and Schember, came to life with 6 and 5 points, respectively, in the second quarter and at the intermission Cass City was in front 25-4.

In the last half, Daniel made extensive use of his bench and every player suited broke into the scoring column.

Cass City was led by Storm and LaRoche with 14 points and Schember with 13.

## JV SCORES

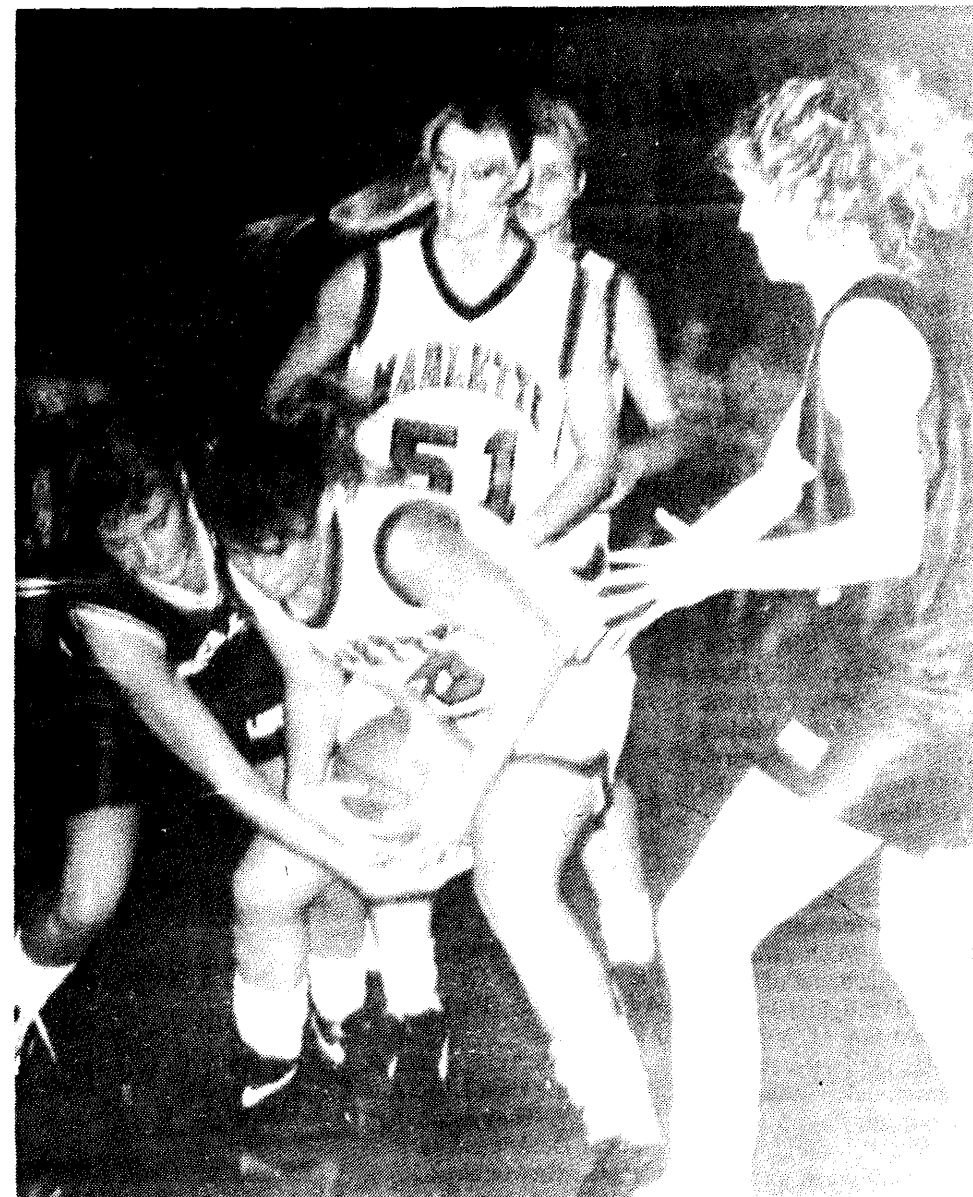

The Hawk junior varsity was defeated in both games, bowing to Bad Axe, 46-22, and to Marlette, 31-25.

## Chappel all conference

# Hawk golfers end disappointing year

Cass City High School's golf season came to a disappointing end last week when the Hawks finished sixth in the Blue Bay League tournament Wednesday at Woodland Hills Golf Course in Sandusky and 11th in the regionals Friday at Verona Hills, Bad Axe.

Sandusky won the league title with a 347 total to edge Marlette, which finished with a 369. Mark Brining of Bad Axe shot 80 to take medalist honors.

While Sandusky won the league meet, Marlette edged the Redskins for the league title by a point, 46-45.

Cass City was led by Chris Chappel, who shot 92, good enough to win a place on the first team all-conference squad. Other scores posted by Cass City golfers were: Matt Rutkoski, 99; Chad Zawilinski, 103; Mark Wallace, 108; Joel Shagena, 115, and Shawn Zawilinski, 116.

Also qualifying for the fi-

nals were the top 5 individual golfers. They were, Barnek, 83; Ryan Krause, BA, 86; Scott Rich, S, 88; Matt Job, Mem., 88; Mark Brining, BA, 89, and John Swanba, Capac, 89.

Cass City golfers did not have good day at the regionals. The scores were: Chappel, 112; Rutkoski, 97; Wallace, 117; Chad Zawilinski, 115, and Shawn Zawilinski, 133.

**WHAT SIGNIFICANT CHANGES WOULD YOU MAKE IN THE OPERATION OF THIS OFFICE?**

The office would be a cooperative and friendly office. People would be greeted by the Register of Deeds whenever possible. I would be a working Register of Deeds, not just a figure head with a title. I believe in working together as a team and teamwork is always much more productive than the usual employer/employee relationship. I am willing to put in as many hours as it takes to see that the job is done efficiently and that all documents are properly handled on a timely basis. A salary position does not punch a time clock. The day is done when the job is done. Strong leadership and team work are the keys to efficiency and productivity and I can be that strong leader and will always be a team worker.

## Pigs providing medical help

Pigs provide consumers with more than just pork. Because their heart and other organs work the same way as humans, they make valuable contributions to medicine. For example, their heart valves are used to replace diseased or damaged valves in humans. Their skin is used for "patches" on severe burn victims to help healing, and provides gelatin for coating pills and making capsules.

Funeral services were to be held Wednesday at Good Shepherd Lutheran Church with the Rev. Allen Freundt, pastor, officiating.

Burial was to be in St. Peters Cemetery, Bach.

Memorials may be given to the V.F.W. Post or the Good Shepherd Lutheran Church.

JUNE THOMAS PLANTED the idea of establishing a Cass City garden club Wednesday night when she addressed a group of women civic leaders at the Rawson Memorial Library.

Thomas spearheading civic improvement group

June Thomas wants to make Cass City a more attractive place to live. She needs your help.

Thomas addressed nearly 25 civic-minded area women Wednesday night at the Rawson Memorial Library.

The hour long meeting, chaired by Jane Hittler of Cass City, included representatives from local women's clubs that each gave a brief description of her club, its goals and objectives.

There were 4 organizations represented at the informational meeting. Speaking on behalf of the Business and Professional Women's Club was Lois Harris. She was followed by Ruth Houghton who told the group about the Zonta Club. Jeri Corcoran then gave a brief talk about the Lioness club, and Connie Iwankovitch explained the purpose of the American Association of University Women.

It's likely that many of

these women will be involved in the new Thomas plan to establish a "civic improvement group."

Thomas, a former resident of Clarkston where she belonged to the Clarkston Lawn and Garden Club, would like to hold an organizational meeting some time in November for this new group. Once established the club would meet monthly in March through December. There would be no meeting in January or February.

Thomas can use the experience she gained in the Clarkston club to guide a similar group in Cass City. She is new to the community, making her home here July 9. Although a recent arrival, Thomas is not a stranger to the Thumb area. She and her husband, Donald, have a daughter, Jan Clabuesch, who lives in Caseville. A son, Donald Thomas, Jr., lives in Troy.

The association is open to both men and women of all

ages and would be geared to beautifying areas like the park, schools, and library.

"One thing I'd like to see the group do is plant flowers near the trees or in tubs along Main street," says the resident of Northwood Lake Condominiums.

Anyone interested in joining the club is asked to call Thomas at 872-5109.

Cost-effective substitute

The U.S. Department of Agriculture says its scientists have discovered a cost-effective substitute for cocoa butter which may be able to reduce U.S. imports of that product. The new product, a combination of sunflower seed oil and cottonseed oil with a commercially available enzyme, produces a cocoa butter-like product that has 90 percent of the chemical and physical properties of the cocoa derivative.

Grief Recovery Support group slates meeting

A Grief Recovery Support Group is again being offered free of charge to those who have lost their spouse or other loved ones through death. Rose Mary Charmley, RN, from the Aging program will again be moderator.

There will be 8 sessions that will present topics such as understanding your feelings, role changes in your new life, how to get through holidays and anniversaries, coping with stress, and other helpful topics.

The goal of the Grief Recovery Group is to provide understanding of the stages of grief and meet the needs of people who have experienced a loss.

The 8-week series will be held weekly from 1:00 p.m. to 3:00 p.m. at Caro's Indianapolis Library, 840 W. Frank St., beginning Tuesday, Oct. 20.

Anyone interested in attending or who has any questions about the group, may call Marcia King at 673-6191 Monday through Friday between 8:30 a.m. and 4:30 p.m. Registration for the group is encouraged as a maximum of 10 participants will be accepted.

Movie Time set Friday

Rawson Memorial Library's "Movie Time" for senior citizens will be held Friday starting at 1:30 p.m. at the library, 6495 Pine St., Cass City.

Films to be shown are "New Hampshire's White Mountain and Clear Lakes" and "American Museum of Natural History."

Refreshments will be served. This older adult program is offered free of charge.

### ROOF WORK

In other business during the 2 1/4-hour session, the board briefly discussed the district's roof repair needs.

Kirby presented some cost figures on repairing portions of the elementary and high school building roofs. He estimated the cost of insulating and sealing the entire roof surfaces at \$130,000.

In light of district finances, school officials would have to seek a bond issue to pay for the work, Kirby said.

If that's the case, the board should look into taking care of the entire problem now, Trustee Nick Warack commented. Other board members agreed.

Kirby said he will investigate the project further and meet with the board's roof committee, composed of Warack, board President Ron Good and Trustee Bill Kretzschmer.

### STILL NO VOTE

The board briefly resumed discussion of the Supreme Court's decision outlawing school-sponsored baccalaureate ceremonies as well as prayers at graduation ceremonies.

"I know the feelings of you gentlemen," high school Principal Manuel Thies said, referring to the board's reluctance to eliminate the baccalaureate. "But I think we're looking at a disaster waiting to happen to us."

Most area schools have or

are moving to comply with the law, Thies noted.

According to Counselor Ronald D'Aoust, Michigan Department of Education officials are suggesting that if a baccalaureate is held, the ceremony should be conducted by an outside group such as a local ministerial association. Seniors, on a volunteer basis only, are to make all arrangements, and the service should be held in a local church.

Good commented he wants to make sure the school's seniors are made aware that they can still have a baccalaureate even though the ceremony won't be school sponsored.

The students have been informed and the idea of working with local churches has been met with a favorable response, D'Aoust said.

Although board members all but conceded they will comply with the high court's ruling, there was no vote on the issue.

### IN OTHER BUSINESS

Also Monday, the board:

- Learned the annual Fourth Friday count revealed a 29-student increase in elementary enrollment, while the junior and senior high school enrollment stayed the same, at 141 students.

- Approved the recommendation of Brent Fritz as "student of the month" for October.

- Approved a list of winter and spring sports coaches presented by Thies, who stated the list is the same as in 1991-92.

- Accepted a proposed Owen-Gage Developmental Preschool Program handbook prepared and presented by program Director Diane Warack.

## Transit officials eye study of transit needs in Thumb

The Caro Transit Authority and Caro Thumbbody Express, in conjunction with public transit operators in Huron, Lapeer and Sanilac counties, have announced the release of a Request-For-Proposal (RFP) to obtain consulting services for a

study of regional transit needs throughout the Thumb area of Michigan. Funded by a \$35,000 grant from the Michigan Department of Transportation (MDOT), the study will identify public transportation needs throughout the region based on type of rider, purpose of trip, and origin/destination for 4 trip purposes: medical, educational, employment and human services.

The study will focus on trips which originate throughout the Thumb but

will include destination points in larger communities, including Bay City, Saginaw, Flint and Port Huron.

Public transportation is available county-wide in Huron and Sanilac counties; transit service in Lapeer County is limited to the city of Lapeer and Elba, Mayfield and Oregon townships on the western side of the county, while service in Tuscola County is centered in the city of Caro and the adjacent townships of Almer and Indianfields.

### MEETINGS

Information and support are available at monthly meetings.

"What happens when you (attend the meetings), is when you're at the beginning of a case... you can learn the system as you go along, and we can help you," Watta said.

In addition, ACES is involved in advocacy in an effort to close loopholes in the legal system. Other activities include outreach programs, public relations campaigns, counseling for families in need, and court monitoring to gather data and statistics.

Details about the various programs offered in the area,

as well as questions about membership in the new ACES chapter, may be addressed to Watta at (313) 648-5158.

Watta noted many of the calls she receives are from parents who are frustrated with the system and feel Friend of the Court personnel don't care about their children.

"I found out through experience myself. Anytime I went into these offices, I wouldn't get answers to my questions," she said.

"The final decision was made to become coordinator when I asked an important question of an employee of the Friend of the Court. My answer was a shrug!" Watta added. "All children deserve more than a shrug."

It's intimidating enough trying to understand all the legal jargon and fill out the paperwork, she said, but it's worse when FOC employees won't or can't answer questions, or worse, act like they don't want to bother.

"They can't give you the law because they aren't an attorney, but they could be more helpful."

"We have the right to ask question after question until we understand," added Watta, who indicated her face has become a familiar one at the Sanilac County FOC office.

### SUGGESTIONS

"Our goal is to work with them, not against them," she continued. Watta said she would like to not only offer suggestions on how FOC personnel can be more helpful, but also to find out what

parents can do to help the FOC help them.

Input offered by ACES as well as other advocacy groups, such as Fathers for Equal Rights, are welcome, according to Sanilac County Friend of the Court Edward Messing.

"We try to listen to those concerns," he said. "I don't have any problem with taking input and seeing what the problems are. That's something we're more than willing to do."

However, Messing pointed out, the FOC office must be careful to listen to both sides of every issue and at the same time follow state law.

"The statute prohibits the court and the clerk's office from giving either side any legal advice," he said. "Even helping out with forms can cross the line."

"Some people may take that as being cold, but we have to be careful about what we say. We also have time constraints and staff constraints."

In an effort to provide help without giving advice, Messing said his office is in the process of planning a series of informational programs for clients that will focus on issues such as the effects of divorce on chil-

dren, child support, paternity, custody, and the legal process.

The program is expected to begin next month. Additional information is available by calling the FOC office at (313) 648-4866.

Messing said he believes the program will address a number of concerns voiced by advocacy groups.

He added he will continue to be open to suggestions. The FOC office must be careful, he repeated, "but I think we can be fair about it, and we certainly want to listen to their concerns."
