Nix Triple T rezoning

An area partnership that has sought to rezone property just west of Cass City in an effort to process asphalt will have to forget those plans or return to court.

The Elkland Township Board Monday accepted recommendations by the township's zoning board to deny Triple T Farms' rezoning application.

The board voted 4-0 in favor of accepting the recommended denial of a request to rezone 10 acres from Agricultural to Manufacturing. The land is part of an 83-acre parcel located east of Koefgen Road and south of M-81.

A second request, to rezone the entire 83-acre parcel, drew a split vote.

On the first vote, trustee Bill Linnecker and Treasurer Art Randall abstained, and yes votes were cast by Clerk Norma Wallace and Trustee Dan Erla. The second vote was 3-1, with Randall casting the lone dissenting vote.

The recent rezoning request, which has been met with stiff opposition from nearby property owners, marked the second attempt by Triple T Farms to open an asphalt processing plant on the property.

The partnership's first application was for a special land-use permit, which was denied by the township's

zoning board of appeals last year based on a legal opinion obtained from the Saginaw law firm representing the township.

Weeks later, Triple T Farms filed suit in Tuscola County Circuit Court in hopes of overturning the township decision. However, the suit was dropped in August.

Five years earlier, a former owner of the same property requested that the entire parcel be rezoned in order to enable PIT Corp. to operate an asphalt plant.

Like the more recent proposals, the request was met with protests from property owners concerned with issues ranging from possible health risks, noise and fumes, to increased truck traffic and property values.

In other business during the monthly meeting Monday the board:

- Approved the purchase of a second lawn mower from Laethem's Equipment, Caro, at a cost of \$3,084.

- Appointed election workers for the March 19 Presidential Primary. They are: Precinct One — Chairperson Elwyn Helwig, Pat Wells, Shirley Strickland and Yvonne LeValley, and Precinct 2 — Chairperson Mary Rabideau, Joan Little, Helen Lorentzen and Norma Wallace.

OPEN FOR BUSINESS — Cass City Village officials began conducting business in their new, more spacious home — the former Chemical Bank building — Monday morning. Getting settled in above are secretary Rona Hillaker and village Manager Lou S. LaPonsie.

At noon hour

O-G board closes campus

Owen-Gage High School students won't be allowed to leave campus during their lunch hour beginning next week.

The Board of Education voted to close the Owendale campus, effective Feb. 19, during its monthly meeting Monday night.

The action came after an hour-long executive session, which was held to review what school officials called a "privileged attorney/client letter regarding closed campus."

The issue has been discussed on and off for the past few months, largely in response to problem behavior among a handful of students.

Among the reasons cited for closing the campus are requests from police to do so in an effort to curb problems,

alleged "gang" activity, and a recent drug bust at a residence across the street from the high school.

Other reasons are lack of a full-time police officer on duty in the village, heavy truck traffic, no traffic control signs (other than posted speed), vehicles speeding through town, incidents involving student possession of dangerous weapons, students observed walking on the roadway, and students smoking in the park.

High school Principal Joanne Hopper obtained a legal opinion on the matter at the board's request. A letter from the district's attorneys was discussed during the board's closed session, however, details of the opinion were not revealed in open session.

Hopper indicated the closed campus policy should not affect a lot of students, as only about a dozen typically leave campus during the lunch hour.

She noted school officials have opened up the gymnasium for students to use during their lunch hour.

At least one parent in attendance Monday indicated she is not in favor of closing the campus.

The kids are not so bad that they need to be punished all the time, Vickie Merchant told the board, adding students have choices at home and should have choices at school.

School Supt. Manuel Thies pointed out, however, that the bottom line for school officials is their responsibility

for the students' welfare.

"It is our obligation, when the students are on their way to school, during school, on their way home...to provide a safe environment," he said.

Hopper indicated the penalty for violating the closed campus policy will be a reprimand for the first offense, a one day suspension for the second offense, 2 day suspension for the third offense, and up to recommended expulsion for subsequent offenses.

PERSONNEL

Turning to personnel matters, the board voted to renew the elementary and junior/senior high school principals' contracts, with salaries to be set at a future meeting,

and approved several motions related to turnover in a number of school posts.

The board accepted "with regret" the resignation of Donna Robinson as band and junior high English teacher. She has accepted a position with the Roseville District.

Also resigning is school nurse Susan Lautner, R.N., who was recently hired to fill a post vacated by Faith Fahrner.

Lautner has accepted a full-time director's position with Allen Health, according to Hopper, who said the job has been posted and Beth Anthes, R.N., is filling in 2 days per week.

Hopper also asked the board to hire Karen Schuette as a part-time science teacher.

Board mulls special classes

Alternative education classes now in effect in Cass City High School and to start next week in the middle school occupied the attention of the Cass City School Board Monday night at the high school.

It is hoped that the special classes slated in the middle school with a teacher hired for this special purpose will be as successful as the high school program was reported to be by the teacher, Connie Iwankovitch, and 3 of her students who attended the meeting.

The students said that the one-on-one relationship and a "teacher who cares" saved them from possibly flunking out of school.

When the program started there were 15 enrolled for one, 2 or 3 hours a day. That has grown to 24 students and Iwankovitch said that an assistant is needed.

It is expected that the new middle school alternative education program will have about 10 students. Two of these students will probably be the ones that were suspended for fighting. They were given the option of leaving school for the rest of the year or attending the special class. Supt. Ken Micklash said that the students would probably choose the special class.

Another special class will be available for "at risk" students this summer, although it is not certain if there will be enough students who will choose to attend.

That's because this year the school board has voted not to fund the course as it did

previously. That means that if 15 students sign to attend, a fee to cover costs, probably about \$250 each, will be charged. Students will need to furnish their own transportation.

If enough parents are willing to pay for the course, it will run 5 days a week June 17 through Aug. 2.

SEEK REELECTION

The terms of 2 board members, Fred Matthews and Beverley Auten, expire this year and both have indicated that they will seek reelection.

Deadline for submitting nominating petitions is 4 p.m. Monday, April 8, and the petitions are available from the superintendent's office.

In other election news, the board made the vote for a new middle school building official by calling for a March 26 election. Election inspectors were named. They are: chairperson Joan Little, Norma Wallace, Pat Wells, Vi Vining, Iva Hartwick and Arlene Paladi. Sue Ellen Greenlee is an alternate.

NEW LEAGUE

As expected, the board approved the admission of Yale and Brown City into the Thumb C League and a proposed division alignment.

Athletic Director Russ Bieffer said that 11 of the 13 schools in the league now approve the new alignment and the 2 others had only mild disagreement. The merger will not be in effect until the various school

boards approve it with official votes. It takes 10 votes by member schools to approve the changes.

The teams in the 2 divisions are: West division, Cass City, Mayville, Reese, USA, Bad Axe, Lakers and All Saints. East division, Harbor Beach, Ubly, Deckerville, Sandusky, Marlette, Cros-Lex, Yale and Brown City.

HONORED

The board voted unanimously for Roger Board to be Cass City's "Friend of Youth" at the annual Meet of Champions in Caro in May.

Members pointed to his work with the Cass City Band Boosters and his sponsorship of Cass City's student of the week as reasons that made his selection an easy one.

OTHER BUSINESS

In other business:

- Allan Hartwick was appointed to represent the board at the budget hearing for the Tuscola County Intermediate School District.

- A request by Jerry and Karen Nicol for their 4-year-old daughter to attend preschool next year in Marlette was granted. The child will attend school in Marlette for just one year because her mother teaches in the system.

The Nicols say they are very happy with Cass City Schools and plan to have their daughter enter kindergarten in Cass City.

Deford scout troop creates homes for nesting wood ducks

A small group of area residents is helping to ensure the future of the Thumb's wood duck population.

The volunteers — members of Boy Scout Troop 593, Deford, and Oscar Brooks, a retired Cass City veteran with some 30 years experience in carpentry — are lending the DNR a hand by making wooden boxes that are used by the ducks as nesting areas.

The boxes, which measure 12 inches by 12 inches by 24 inches, are attached to posts over beaver dam ponds and other water areas that offer habitat for wood ducks.

"About half of them produce a brood of wood ducks every year, so it's good for wildlife," commented Bud

Jarvis, a wildlife biologist at the DNR's Cass City Field Office.

"The scouts have done a nice job," agreed Doug Howell, a DNR game area management employee.

Howell, along with Boy Scouts Kevin Kulinski, Jarred Glaza, Cory Kulinski and Scott Periso, parent Art Glaza and scout leaders Rick and Lora Kulinski, installed 4 of the boxes Saturday in the Tuscola State Game Area.

Howell pointed out wood ducks nearly became extinct in the early 1900s due largely to extensive logging, which severely reduced old growth timber and, subsequently, tree hollows used by the ducks to nest.

"Now, they're (numbers) on the rise, they're a hunted spe-

cies, and this is a big part — these boxes.

"Wood ducks like fairly shallow water, and they like it woody, with a lot of trees," Howell explained, adding beaver dams provide ideal habitat for wood ducks, which today rank second only to mallards in number and popularity.

In the area where the boxes were installed Saturday, he said, the woods are being managed to promote growth of aspen trees, a favorite food staple for beavers.

Thousands of the man-made nesting shelters have been put up throughout the country. In the Thumb, Howell noted, dozens have been installed in the Tuscola, Minden City and Verona state game areas.

"Last year, we had around 78 boxes total and we had 51 percent usage," he said. "This year, I think we'll have around 140 boxes."

The wood duck, which is a little larger than a mourning dove, begins nesting in April and will lay an average of 12 eggs, according to Howell, who maintains the man-made nesting boxes, replacing saw dust bedding in them every winter.

Rick Kulinski said area Boy Scouts began building the boxes 3 years ago, and the scouts produced a dozen that first year. "I guess they (DNR) appreciated the job we did. I said we wouldn't mind doing it again, and they said, give us a call."

The scouts built 22 wood duck boxes last year, and 36 more this year.

"It's a good project in the winter time," Kulinski added. Brooks, who in the past has built 60 to 70 blue bird boxes for the DNR, recently contributed 2 dozen wood duck boxes. "I just make them up in my spare time. They furnished the material, I just did the labor," he said. "It's just something to do to keep busy."

Brooks indicated he hopes the contribution will in some way pay off for the next generation.

"I like to hunt ducks," he said. "Maybe it will help get a duck for a kid someday when I'm gone."

DEFORD BOY SCOUT Troop Scoutmaster Rick Kulinski (left) and parent Art Glaza work together to install a wood duck box in the Tuscola State Game Area Saturday.

Sheila and Michael Van Allen

Lesoski-VanAllen vows exchanged

Sheila Marie Lesoski and Michael Douglas Van Allen of Cass City were married at Novesta Church of Christ Sept. 30 at 3:00 p.m. in a double ring candlelight ceremony performed by Pastor Chuck Emmert.

Pam Ross was soloist and Barb Englehart was the organist.

Parents of the bride are Ronald and Ruth Lesoski and the groom's parents are Douglas and Hilda Van Allen, all from Cass City.

Given in marriage by her father, the bride wore a long white formal length gown featuring a fitted bodice covered with embroidered lace, pearls and sequins. The full-length gown was edged with embroidered lace and fell to a waterfall train. Her head piece was a crown of pearls, sequins and crystals with a beaded edge illusion fingertip veil. She carried a cascading bouquet of peach and white roses, lily of the valley and ivy greens with pearl streamers.

Matron of honor was Michelle Kowalski of Pigeon, cousin of the bride.

Bridesmaids were Barbara Kowalski of Auburn, cousin of the bride; Jodi Wright of Cass City, friend of the bride, and Kimberly and Ronda Lesoski, sisters of the bride, both of Cass City.

They wore tea-length midnight blue iridescent dresses and carried bouquets to match their dresses.

Flower girl was Megan

O'Dell of Cass City, niece of the groom.

Miniature bride was Ashley Emke of Goodrich, niece of the groom.

Best man was Steven Panich of Detroit, friend of the groom.

Groomsmen were Jeff Van Allen of Cass City, brother of the groom, Kevin Hartwick of Cass City, cousin of the groom, Jeff Naegele of Reese, and Clem Koepf of Lansing, friends of the groom.

Ringbearer was Tyler Van Allen of Chesterfield, nephew of the groom.

Miniature groom was Ean Elliott of Cass City, friend of the couple.

Ushers were William Van Allen of Virginia Beach, Va., and Ronald Van Allen of Madison Heights, brothers of the groom.

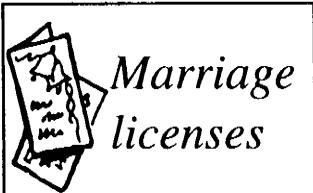

Marlena Lesoski, sister of the bride, attended the guest book.

Following the ceremony a reception was held at the Eagles Club in Caro for 250 guests.

The couple honeymooned in Niagara Falls. They are residing in Cass City.

The hummingbird's wings beat so rapidly they produce a faint humming sound.

Edward Lee Wolfe Sr., Millington, and Londa Jean Olson, Swartz Creek.

Michael Jerry Williams, Pellston, and Christina Lynn Mueller, Caro.

John Michael Ward, Ionia, and Rose Marie Putnam, Caro.

Keith Allan Mulrath and Shereen Denise Kroll, both of Reese.

Church provides sign language

A sign language interpreter for the deaf and hearing impaired is now provided at the 11 a.m. worship service at the Caro United Methodist Church, 670 Gilford Rd., in Caro.

The Caro United Methodist Church would like to invite all hearing impaired citizens and their families from the Thumb area to attend their 11 a.m. worship service. Other residents who know of persons who would benefit from sign language communication are urged to alert them of this new opportunity for church participation in Michigan's Thumb.

"To our knowledge, we are the only church in this region to provide a sign language interpreter. We wanted to make the religious experience accessible to the hearing impaired citizens of the Thumb," stated Calvin Blue, pastor of the church.

The interpreter will also be available during church school each Sunday from 9:30 to 10:30 a.m. in selected classrooms at the church.

Ladies Aid airs meeting

The Ladies Aid of Good Shepherd Lutheran Church met Monday, Feb. 5, with 16 ladies present. The meeting was opened with a devotion entitled "Arise, Shine For Thy Light Has Come", led by Ruth Balzer.

The constitution committee presented the revised by-laws for discussion. A vote will be taken at the next meeting.

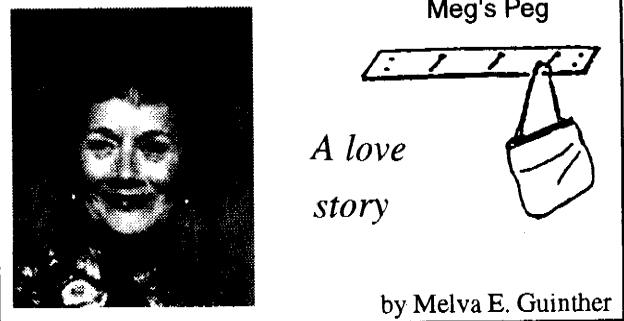

A soup and sandwich supper is set for Wednesday, March 6, from 4:30-6:30 prior to the Lenten service.

Joann Guinther read the devotion, "Life's Greatest Achievement", as a closing prayer.

Refreshments were served by Joann Guinther and Pam Gnagey.

Name omitted

The Cass City High School reports that the name of Thomas Fulcher should have been in the tenth grade B or Better honor roll in last week's paper.

We've had a lot of fun with versions of this "Love Story" at bridal showers, parties, etc. In honor of Valentine's Day, we offer it here.

Senior citizen movies scheduled at library

The Rawson Memorial Senior Citizen Movies will be shown Friday, Feb. 16, at 1:30 p.m. As a special treat this month, Subway of Cass City is donating a 6-foot submarine sandwich for the refreshments at the movie. All senior citizens are invited to attend the movies and also help eat this huge sub.

The movies to be shown are:

The Ends of the Earth: Explore the wonders of Western Australia and its spell-binding creatures. Feel fascination mingled with fear as you come face to face with the Thorny Devil, Frilled Lizard, Banjo Ray and sinister Saltwater Crocodile. Probe the spectacular coral world of Ningaloo Reef. En-

ter the land which time has forgotten, where myths of the "Dreamtime" endure. This beautifully filmed adventure unlocks secrets known only to those who have journeyed to "The ends of the Earth." (60 minutes).

Wolves: Hearing the haunting cry of the wolf was part of the human experience until this century, when wolves mostly vanished from North America. Now with barely 1% surviving in the lower 48 states, canis lupus — the Northern Grey Wolf — is ready for a comeback in the wild. In Minnesota, it's not that simple; the government tries to referee between naturalists who want to increase their captive-bred release program, and local farmers who fear losses of their livestock. "Wolves" reveals the ecological role played by these beautiful animals and the challenges of reestablishing a decimated predator population. (60 minutes).

This Older Adult Program is offered free of charge.

Retirees meet at Hills & Dales

Fourteen Cass City Retired Persons met Feb. 8 at the Hills & Dales Hospital meeting room. The table featured Valentine place mats and other Valentine decorations.

The meeting opened by the group repeating the pledge to the flag, and singing one stanza of "My Country 'Tis of Thee."

The group decided to wait until the next meeting to send cards to the St. Jude Home.

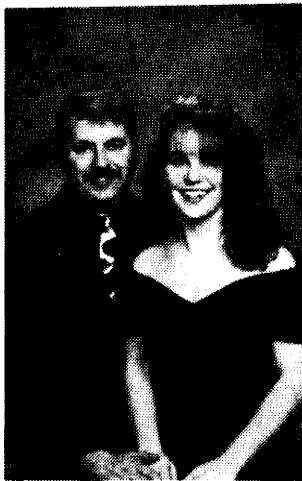

Happy Birthday was sung to Dolores Fleming. Get well cards were sent to Betty Ewald and Mary Kirtan, and a card was signed for Luther Durham, who will celebrate his 91st birthday next week. Yvonne Burleson read several poems, "Grandma's Wood Stove", "Fickle February" and "Fantastic Forties." Lillian Hanby read "George Washington's Prayer" and an article about Abraham Lincoln.

After lunch the group read the inscriptions on the samplers they brought.

There was an exchange of Valentines, some of them humorous and others, sentimental.

At the March meeting members are to bring a wrapped white elephant and wear something green.

Perseverance pays. Last Thursday we made it to the Outback Steakhouse without waiting, entering about 5:45 p.m. By the time we left the familiar line was in place.

We had the cheapest steak in the house, a 12-ounce center cut sirloin, and it cost \$11.95, including a Caesar's salad, bread and potato.

Jurprising to me was the service. Despite the rush, our waitress was courteous and efficient. I ordered the steak pink in the middle and it came well done. The salad was good. Give the Outback a 6 on the 1-10 scale, but worth a 7 1/2 if the steak were properly cooked.

A couple of Cass City youngsters have pictures for their scrapbooks from last Thursday's Detroit Free Press. Pictured on the ski slopes were Lorn Hillaker, 7, son of Clark J. Brenda Hillaker, and Ryan Biddinger, 6, son of Greg and Michelle Biddinger. The boys were skiing at Nub's Nob, Harbor Springs.

The Mayville High School marching band will represent Michigan in the 1996 National Independence Day parade in Washington, D.C., July 4. Only 18 bands will be invited to participate.

Now underway is a campaign to raise funds by the Mayville Band Boosters, P.O. Box 75, Mayville, MI 48744.

Another fund raiser is planned by the Thumb Octagon Barn. It's a calendar featuring Thumb area barns sketched by local artists. Interested artists willing to donate their talent can receive an application by calling Pat Smith, 517-872-5125.

School Completion Rates Rising

The following information is taken from the U.S. Education Dept., U.S. Bureau of Census. In 1950 which school critics think of as the "good old days" only 34 percent of the school-age population completed 4 years of high school. Today, 86 percent of 22-year-olds have completed high school or its equivalency. In 1950, only 6 percent of those high school graduates completed 4 years of college. Today 26 percent graduate from college.

Cass City Students Do Well!

Last year approximately 78 percent of Cass City High School graduates went on to further their education at either a university, college, technical or trade school. It is vitally important that our community continue to support our educational system. This is necessary for both our children's future and the future of our community.

Questions can be sent to me at 4868 N. Seeger St., Cass City, MI 48726. Thank you.

Ubly students shine

Uby students fared well in a recent regional contest held at Baker College in Port Huron. The students were sponsored by the Uby Chapter of the Business Professionals of American. The contest included 13 schools from the Thumb and southeastern Michigan.

Several students qualified to represent Uby at the state

Business Professionals of American competition slated in Detroit Mar. 15-17.

Competing will be: Carol Cleland, 3rd, international business; Tim O'Malley, 5th in both extemporaneous verbal I and prepared verbal I; Rose Peruski, 7th, extemporaneous verbal I; Crystal Smalley, 5th, economic awareness and 7th, keyboarding; Todd Volz, 4th, desktop publishing; Misti Wolschleger, 5th, business

spelling and 8th, proofreading/editing; Trista Wolschleger, 2nd, business spelling.

Uby's spelling team consisting of Jessie Puvalowski, Nancy Puvalowski and Trista Wolschleger, also took first place.

Students raised funds to attend with fund raisers, including a cheeseball sale.

The group is advised by Debbie Osentoski and David Yaroch.

The Haire Net

A little of this and that as seen from the corner of Oak and Main as the parade passes by.

I battled with myself all week against commenting about the reaction to my stand for gun control. It certainly will not change the views of the pro-gun advocates.

But I weakened and will comment just this once and promise not to indulge any more in fruitless debate while leaving the field open for contrary views in letters to the editor.

Tom Lounsbury says that the right to bear arms is guaranteed by the constitution. Scores of legal scholars say that is not so. Interpreting the constitution is the responsibility of the supreme court.

Lounsbury says Michigan already has strict laws regarding the purchasing and possession of handguns. Is that law unconstitutional, Tom? If so, take it to court and let the supreme court rule and end the debate.

The NBC telephone poll shows that the guys in favor of guns called in more than the "vast majority" of folks like me that didn't bother, but should have.

While men and women with a flair for business should be rewarded for their efforts because it propels our economy and makes for a higher standard of living, there should be limits.

We've no quarrel with guys who become multi-millionaires, just with guys who become multi-billionaires. People like Bill Gates, Warren Buffet and Kirk Kerkorian.

Kerkorian, for instance, has earned an average of \$38,000 an hour from the time he first purchased Chrysler stock in October 1990 through the end of December 1995.

That much wealth in a country where a guy making

\$35,000 a year wouldn't make as much in a working lifetime as Kerkorian's stock earned in 2 days.

At practically every school in the Thumb there is a money-raising gimmick where kids pay a buck to win a prize if they can make a basket from around the center of the court.

It's a better money-making deal for some schools than others. When Cass City played at Lakers, kids lined up to pay up, so many that some were still waiting when the teams returned to the floor.

At Sebewaing, the Lakers' closest neighbor, the contest ran out of kids long before the teams returned to the floor.

Incidentally, Cass City's results seem to be about in the middle, less than Lakers, but more than USA. But Cass City's total harvest may be as great or greater with its 50-50 drawing held this year at every home football and basketball game.

The back forty

by Roger Pond

The temperature is below zero as this is written, and I hope it has warmed up by the time someone reads it. If we don't put a stop to this global warming, I'm afraid we'll all freeze to death!

So far, this winter has been wet, cold, warm, dry and snowy. All in the same day sometimes.

I ran across an old Department of Agriculture newsletter that describes disaster relief programs available to farmers a few years ago. I was attracted to the "Tree Assistance Program".

The newsletter says, "Commercial producers of nursery and orchard trees to produce annual crops, and trees planted to produce timber, pulp or Christmas trees, who have suffered plant losses due to damaging weather including flood, drought, hail, freeze, excessive moisture, or wind, may be eligible for cost share assistance to rehabilitate orchards or nurseries under the Tree Assistance Program."

I hope this is still available for this growing season. A lot of folks could mark "all of the above" for this year.

I'm afraid we have reached the saturation point for agricultural disasters. The county where I live has been declared a disaster of some kind nearly every year. It's getting kind of embarrassing.

That's the biggest drawback to federal relief, as far as I'm concerned. The feds always want to help with "natural disasters" like floods and hail storms, but they won't give you anything for unnatural disasters.

Why can't we get some relief for unnatural disasters; like a bull in the milking parlor, a goat in the station wagon, or asking your wife to help tow the truck. Nobody helps out with that kind of stuff.

I blame the TV forecasters for the weather we've been having. I never saw any bad weather until the newscasters started making a big deal out of it.

Many of us can remember walking into the house and

telling Mom, "Boy, it's cold and icy outside! I fell down 4 times between the barn and the milk house."

"It's winter," she'd say. "What do you think? We live in Hawaii or something?"

But the TV newscasters act like it's never been cold before. They find 4 inches of snow in Northern Minnesota, and claim half the country has been shut down. People up there have more snow than that in their basements!

This winter I watched a TV station report a 2-hour windstorm for an entire week. I saw a tree fall on one house 8 times.

From what I could tell the wind kept shifting around

and blowing this tree back upright. Then, the next day the wind would die down, and the tree would come crashing down on the house again.

The following week a TV newscaster stood on a knoll as he reported the cold and wind. He threw a cardboard box in the air to show how windy it was - and staggered backward each time an arctic gust hit him in the face.

I wanted to shout, "Get back inside, you idiot! Didn't your mother teach you anything?"

I held my tongue, though. I learned a long time ago, talking to your television is one of the first signs the weather is getting you down.

Meet the Middle School Maintenance Team

So...have you ever wondered why there are lights on in the school at nine o'clock at night? Did you think there must be a game or student activity going on that you missed on the calendar of events? Probably not! Most likely it's the night maintenance crew working late hours preparing the building for the next day's activities.

The two employees responsible for all that clean-up are Robert Rockwell and Randy Schuette.

wife, Rita, also works for the Cass City Middle School in the kitchen. Bob, and his family of seven, live near Cass City.

Randy Schuette has been employed by the Cass City School District for three and one half years. In addition to his custodial duties, Randy has held the position of Head Union Steward in training. Randy graduated from Cass City High School and is married. Randy is also a new father with a three month old daughter at home. Randy and his wife, Amy, live south of Cass City, in what he describes, "whitetail country".

BAKER COLLEGE

AFFIRMATIVE ACTION POLICY

The College declares and reaffirms a policy of equal employment opportunity, equal educational opportunity and nondiscrimination, where applicable. In the provision of educational services to the public, the College will make all decisions regarding recruitment, without discrimination on grounds of race, color, creed or religion, sex, national origin, age, physical or mental handicap, or other factors which cannot be lawfully the basis for an employment decision. The College reaffirms its policy of administering all of its educational programs and related supporting services and benefits in a manner which does not discriminate because of a student's or prospective student's race, color, creed or religion, sex, national origin, or other characteristics which cannot be lawfully the basis for provision of such services.

Further, the College commits itself to a program of Affirmative Action/Equal Employment Opportunity, set forth herein, to encourage the application of minority and women students, to identify and eliminate the effects of any past discrimination in the provision of educational procedures which will assure equal treatment and equal access to the facilities and educational benefits of the institution to all students, as required by law.

The College reaffirms its policy of nondiscrimination, on the basis of minority status, sex, or other impermissible grounds, in the provision of all related services provided to members of the public by facilities under control of the College.

Further, the College takes affirmative action to employ, promote and otherwise treat qualified handicapped, disabled veterans and Vietnam veterans without regard to either their disability or status in the following areas: employment, promotion, demotion or transfer, layoff, termination, compensation and selection for training programs.

Further, the College commits itself to a continuing program to assure that unlawful discrimination does not occur in the services it renders to the public and that those sectors of the public most affected by this policy be kept informed of its content.

Dodge Road slated for improvement

Novesta Township officials have decided to make a section of Dodge Road their top priority for improvements this year.

The township board last week voted in favor of building up one mile of Dodge Road, from Deckerville Road to Shabbona Road, township Clerk Kathy Newell reported.

The work will involve ditching, grading and graveling, she said, noting the project will prepare the road for paving in 1997.

Township Supervisor Maynard Stine had no estimate on the cost of the work, but said a specific figure will be announced after bids are let and the contract is awarded.

Also this year, township officials plan to complete some shoulder work on the east side of Cemetery Road and cover an exposed drain tube on Phillips Road.

In other business during the Feb. 5 monthly meeting, the board began the process of reviewing budget figures. Newell said a proposed spending plan will be drafted over the next few weeks.

TINA LANGLEY AND her son, Scott, are the first family "partner" to purchase a home through the Habitat for Humanity Upper Thumb Chapter. They are pictured above along with (from left) chapter President Scott Richards, Owendale Lions President Tim Good and Owendale Village President Walter Howard.

Homes cost \$35,000

The area's first Habitat for Humanity home is coming together through the dedication and hard work of a number of area residents and groups.

Each Habitat home, built with volunteer labor and many donated materials, costs about \$35,000. Having received a number of donations, the Upper Thumb Chapter's coffers are up to \$8,000.

It is recommended that construction begin when at least \$15,000 has been donated.

Officials have received word that several local grants have come through with some major funding. Aid

Association for Lutherans has pledged matching funds of \$17,500, with local Lutheran churches making the match and providing many of the manpower hours. MISHDA — a state housing agency — will provide another \$6,000.

Habitat for Humanity International encourages most of the homes to be built through local donations, rather than depending on grant money, which may or may not always be available.

Local donations to fund these first homes may be sent to: Habitat for Humanity Upper Thumb Chapter, Box 111, Bad Axe, MI 48413.

Among the groups ready to lend a hand is the Owendale Lions Club, which is planning its first fund raiser — a pancake breakfast. A date will be set corresponding with the formal groundbreaking of the home this spring.

Other related events include a Wall-a-Thon, slated for Saturday, March 16, starting at 8 a.m., to build interior and exterior walls. Dozens of volunteers are being sought for this first-time construction effort, which will be completed in the comfort of a heated indoor workshop.

All of the volunteer labor is being organized through Volunteer Coordinator Pam Bingham. Anyone interested in helping by pounding a few nails may contact her in the evening at (517) 856-4603 to sign up. A luncheon will be provided for workers.

The Pigeon Chamber of Commerce is also helping with a Quilt Auction planned to coordinate with the Wall-a-Thon, during Pigeon's "Mad About Quilts" weekend.

YOUR FEET

Dr. Judi Ecker D.P.M.
Member: American Medical Writers Association

"OH, MY ACHING HEEL!"

To see a patient hobbling into the office with agonizing heel pain is not uncommon. This condition may be caused by a variety of health problems, but most commonly the problem lies within the foot itself, and is known as Heel Spur Syndrome.

It is composed of three different factors: **PLANTAR FASCITIS**, where the usual symptom is pain directly beneath the heel which occurs at the attachment of the fascia (wide fibrous band which supports the arch and inserts into the heel bone).

Constant pressure placed on this attachment may cause a boney growth to form on the heel call a "HEEL SPUR." This is difficult to detect without an X-Ray.

BURSITIS, an inflammation of a fluid sac under the heel, accounts for the pain which is experienced when the patient first gets up to take a few steps.

Treatment of this condition should center on the problem's cause which is structural deficiency or muscle imbalance. Orthopedic padding is used to relax the strain on the Plantar Fascia. Oral medication is sometimes prescribed to reduce the inflammation. In many cases, orthotic devices inserted into the shoes serves to rebalance the foot. Surgery is also an alternative. However, I have found conservative care usually gives adequate relief.

For this, or any other foot problem, see the doctors at...

In Owendale

Walls going up on area's first 'Habitat' home

The walls are going up and the door of opportunity is opening for a young Pigeon woman and her son to own their own home.

Tina Langley, 30, and her 8-year-old son, Scott, are the first family to "partner" with the Habitat for Humanity Upper Thumb Chapter in the construction of the area's first Habitat home in Owendale.

Habitat for Humanity is not a home giveaway program, but a unique Christian housing ministry that sells a home at no profit to "partner" families, financed with no-interest mortgages that are issued for 15 to 20 years.

Monthly home payments made by the family go into a revolving Fund for Humanity and are used to build more Habitat homes.

Habitat for Humanity's criteria for selecting homeowners is based on 3 principles: the family's need for adequate shelter, ability to pay and willingness to partner. Homeowner families are required to invest "sweat equity" labor hours into the construction of their houses.

The local chapter has officially been in existence since July, but its roots began several years ago when an area pastor, the Rev. Doug Leffler, now of Saginaw, saw the need to help eliminate poverty housing in the upper Thumb, and felt Habitat was the best way to do it.

The group purchased 3 lots in Owendale, with plans to build 2 homes. Future home sites will be located throughout the upper Thumb. The goal is to build 3 houses by the end of 1997.

"It's a new beginning for Scottie and me," commented

Langley, whose road through young adulthood and parenthood has been full of challenges and curves.

A 1983 graduate of Laker High School, she attended Delta College, but fell short of her goal of becoming a nurse. She married a deaf man, with whom she had a son, Scott, in 1987. The couple later divorced, and Langley picked up the pieces and continued raising their son, who was diagnosed with Attention Deficit Hyperactive Disorder.

"He needs more guidance than most 8 year olds," Langley said, "because he can't sit still and his attention span is very short."

Langley keeps Scottie busy with Cub Scouts, catechism, t-ball and soccer, and feels very comfortable sending him to Owen-Gage School, once they make the move to Owendale. "The classes will be smaller there, and he'll be able to get the attention he needs."

Langley, who learned sign language during her brief marriage, has worked as a substitute interpreter through the Huron Intermediate School District.

Langley herself has also had to deal with health problems since she was diagnosed with cervical cancer 3 years ago.

"I had chemotherapy for 15 weeks and I still went to work," she said of her commitment to her longtime job at the People's Choice Market in Pigeon.

"I'm not looking for hand-outs and I'm not expecting to get something for nothing," she added. "But a real home will be something to call our own, and I'm willing to work very hard for it."

Langley will undergo a hysterectomy Feb. 22, and her doctors are very hopeful she will be among the 98 percent of women who are cured with this treatment.

health requested ways it could be of service to Cass City students. The board agreed that counseling support, especially in the middle school, would be welcome.

• Dorland Kuntz, principal, reviewed proposed updates to the policy book to have it meet today's changes in curriculum and regulations.

One change long overdue will be to remove the requirement for a special observance of Will Carelton's birthday. Kuntz said that he researched this policy requirement and found that Carelton was a poet in Michigan.

• Board members were advised that the Michigan Association of School Boards' regional meeting will be at Laker High March 21. It is of special note because Cass City's Beverley Auten will be recognized.

USA volleyball invitational

O-G whips Caro for tourney title

If consistency wins games, it's little wonder the Owen-Gage volleyball team captured top honors at

Saturday's Unionville-Sebewaing Area Schools invitational tournament. After posting a 7-1 pool

play record, Coach Judy Campbell's spikers defeated Caro in the finals of the event with scores of 15-13, 9-15,

and 15-10.

Campbell's squad used a near perfect performance from the service line to improve their overall mark to a lofty 21-3-2. The Bulldogs stand unblemished at 10-0 in North Central Thumb League play, 2 games better than rival North Huron (8-2 NCTL), the only conference team with a chance to catch the defending league champs.

The Bulldogs will entertain Peck (3-7 NCTL) Monday. A win against the Pirates will ensure the 'Dogs at least a share of the NCTL crown.

The Bulldogs opened pool play Saturday defeating North Huron 15-9, 15-11. Campbell's unit suffered its only defeat in the pool play rounds in their next match as

host USA tripped up the Bulldogs by the score of 7-15.

Owen-Gage rebounded from the loss and won their next 8 games that included wins of 15-9 and 15-0 in the semifinals versus Deckerville.

The Bulldogs also recorded wins over Cass City (15-4, 15-1), and Mayville (15-2, 15-9) to complete their pool play.

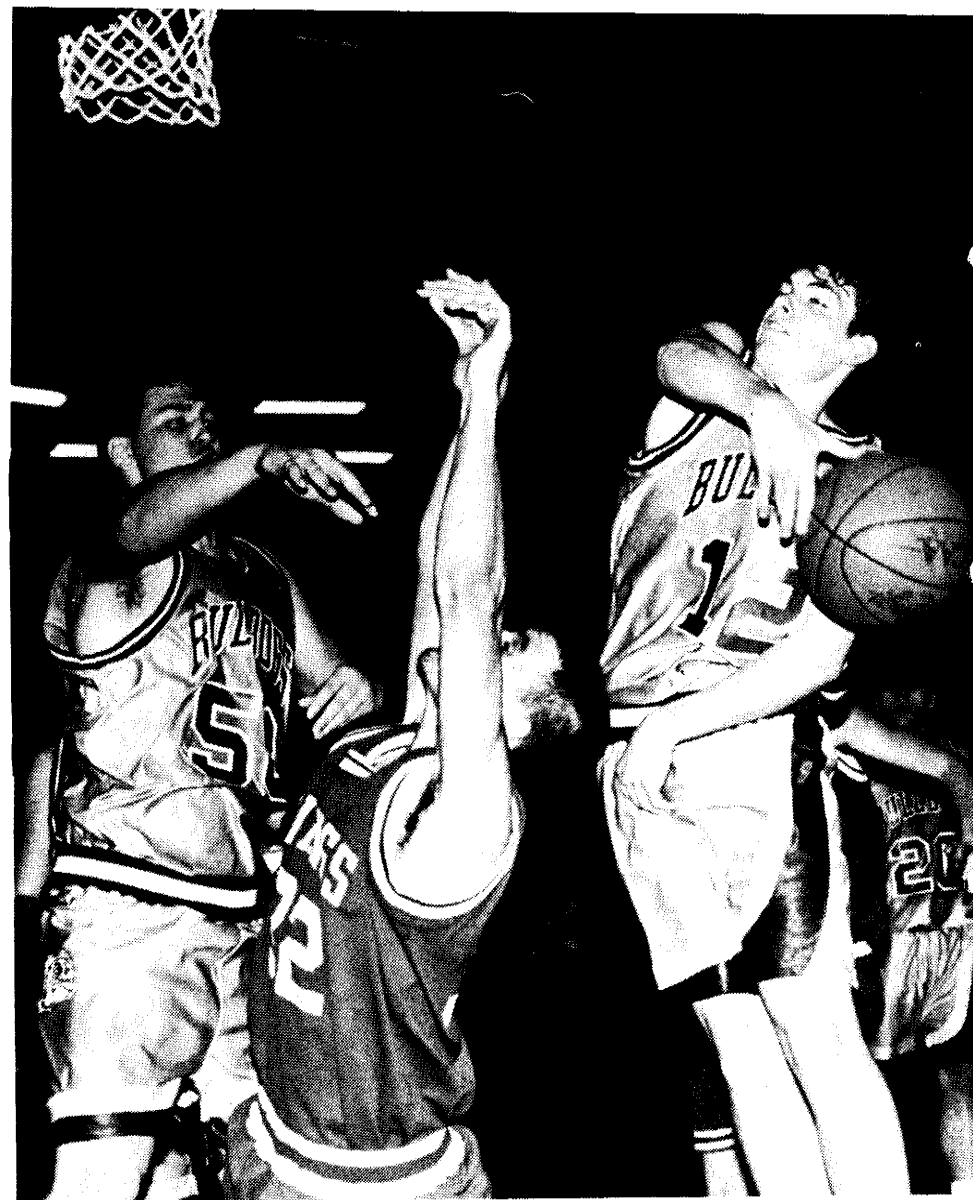

Several Bulldogs enjoyed a banner day at the service line where 6 lady Bulldogs served over 90% on the afternoon.

Susie Roemer (93%) collected 52 points to lead all Bulldog scorers. She was followed in scoring by Amanda "Sparky" Salcido

Agriculture department approves emu meat

The slaughter and marketing of emu meat has been approved by the Department of Agriculture, but before the exotic meat can gain a market share, processing facilities must be built and expanded. Emus, smaller relatives of the ostrich, are raised primarily in the middle sec-

tion of the U.S. with more than half of the U.S. emus - 1 million - raised in Texas. Emu meat is reported to have a similar texture and taste to beef, but with one-third the fat and half the cholesterol of beef. Emus grow up to 6 feet tall and weigh an average of

NOT IN HERE! BULLDOGS Austin Brinkman (12) and Mark Damm deny Viking Tracy Thompson a shot at the basket during Friday's NCTL tilt.

DYNAMIC DUO - Amanda Salcido (3) congratulates Bulldog teammate Kate Powers during the USA Invitational. The pair led the tournament champions at the net, combining for 83 kills.

OK Sebewaing River dredging

U.S. Congressman Jim Barcia (D-Bay City) recently announced the decision by the U.S. Corps of Engineers to dredge the Sebewaing River, which Barcia had advocated for almost a year.

"The decision to dredge the Sebewaing River is long awaited and I am thankful it is taking place," Barcia said.

"During last year's boating season, many recreational boaters were put at risk when the Coast Guard refused to place buoys designating the channel depth, because they felt portions of the channel were too shallow. Dredging the river will increase the channel's depth, allowing boaters to safely navigate the channel and eliminating the Coast Guard's concerns."

In May 1995, Barcia met with representatives from the U.S. Corps of Engineers and the U.S. Coast Guard in

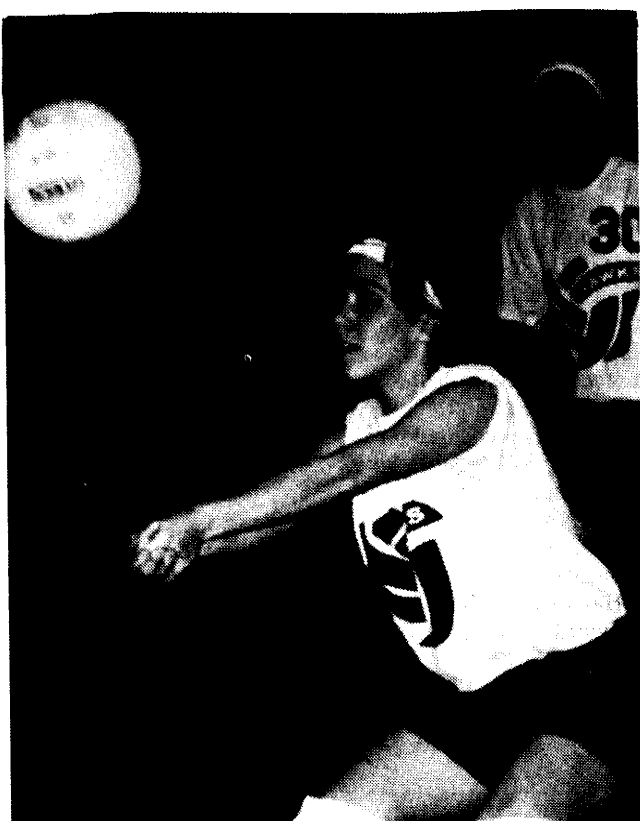

an attempt to resolve the concerns of all parties, including the boating public. He urged the corps to dredge the river or at the very least, to have the Coast Guard place buoys on the river designating unsafe depths.

Advertising for the dredging project is expected to take place in mid-March, and work will begin in mid-May.

"I look forward to this project taking place in the coming months," Barcia said, "and I will be working with the Coast Guard to place buoys on the river to mark the water depth."

Testing

Government researchers are testing 2 new vaccines to protect poultry against the Newcastle virus. The highly contagious virus attacks chickens, turkeys, parrots, and other wild and pet birds.

Meet tough Peck Friday

Bulldogs nip A-F 56-53

The Owen-Gage Bulldogs spoiled the Akron-Fairgrove "Coming Home" game Friday with a 56-53 victory in North Central Thumb League play.

The win moves Coach Jim Brinkman's cagers up into a tie for 5th place with the Vikings in the league rankings.

"Being a close game and being played at Akron-Fairgrove, it was a good win for us," stated Coach Brinkman.

The Bulldogs will take to the road again Friday when they travel to meet Peck, arguably the hottest team in the NCTL. The Bulldogs were to have hosted Au Gres Tuesday in a non-conference tilt.

Even at 25-all entering the final half at Akron, Owen-Gage went on a 14-5 run to open the 3rd stanza. Austin Brinkman, who had a team high 20 points, collected 7 of the Bulldog markers in the

spurt, including a trey that knotted the game at 28-28.

The hosts closed to within 42-41 on "Home Coming" king Tim Czelada's trey, but Jason Anthes' basket to close out the period scoring gave the visitors a 3-point edge that proved to be the winning margin.

Josh Burkey brought the Vikings even with Owen-Gage with 7:03 left in the contest as his short jumper drew his team even with the guests at 44-all.

After a put back by center Mark Damm, Brinkman scored the winners' next 5 points that put Owen-Gage in front 51-46.

Owen-Gage went into a delay for the game's final 2 minutes. The idea nearly backfired as back-to-back baskets by Keith Dickson and Czelada narrowed the Bulldog advantage to 55-53. However, a Jason Anthes free

throw iced the game for the winners.

Dickson recorded game scoring honors for Coach Mark Cockerill's Vikings with 21 tallies. Czelada, Tracy Thompson and Burkey

all posted 10 points in vain. Owen-Gage had Damm with 14 points.

Coach Brinkman praised the floor game of Joe Tkacz, who had 6 steals and 4 assists. Brinkman had a team best 15 rebounds.

Little and Deering

Honor Snowcoming king, queen

The 1996 snowcoming queen and king were crowned Friday at the Cass City-Laker basketball game. Queen is Leann Deering, daughter of Lee and Glenda Deering. King is Jeff Little, son of Phyllis and Jerry Little.

Leann plays volleyball and softball and plans to attend Central Michigan University.

Jeff plays football and basketball and plans to attend Michigan State University to study political science.

Other senior members of the court are Anthony Walther, son of Leonard Walther, and Amy Schelke, daughter of Don and Bev Schelke; Corey Ulfing, son of Danny and Peggy Ulfing; and Heather Dunn, daughter of Dave and Sharon Dunn.

Underclass persons who formed the court were: Freshmen: Jeremy Walther, son of Leonard Walther, and Katie Churchill, daughter of Dale and Patty Churchill. Sophomore: Tim Micklash, son of Ken and Theresa Micklash, and Colleen Cartwright, daughter of Louisa Cartwright.

Junior: Joe Khoury, son of Kareem and Tahani Khoury, and Laura Moore, daughter of Jeff and Sally Moore.

Wagon floats with themes from the 1970s and 1980s were paraded by the various classes.

Foreign exchange students, Eduard Almada from Mexico and Anna Kimmes from Germany, were introduced.

1996 SNOWCOMING QUEEN AND KING at Cass City High School were crowned Friday night at the Cass City-Laker High School basketball game. The king, Jeff Little, and queen, Leann Deering, are flanked by crown and scepter carriers Donna Bushong and Christopher Landrith. Behind the couple are last year's king and queen, Jim Hempton and Shannon Turner.

Hoopsters bow to Lakers

Hawk aim: use remaining games for tourney tune-up

There's only the hope of an upset win in the district tournament left for the Cass City Red Hawks after bowing to the visiting Lakers Friday, 66-54.

Although it won't bring a title, other than a tournament trophy nothing would please Hawk fans more than to have the team register an upset win as the schedule winds down with four games after Tuesday's game with Mayville.

In the first round between the teams left on the schedule, Cass City has a win only over Cros-Lex, where the team plays Friday. After that, the Hawks play Reese, Marlette and Bay City All Saints, all teams that already have a win over Cass City.

The Lakers broke open a tight defensive battle in the third quarter, scoring the first 10 points of the quarter to move into a 12-point lead and then added a 5-2 run later in the quarter to move in front 46-34 and take control of the game going into the final 8 minutes.

The Hawks had no counter

for the rebounding of Pete Beachy and company and the floor play of Seth Maust. The Lakers pounded the offensive boards for easy baskets while Maust directed the Laker attack and scored a game high 20 points. The visitors' edge on the boards was 32-28.

Despite the loss, there were some bright spots for Hawk fans. Coach Jeff Hartel said that his guards, Dave Murphy, Dan Sherman and Scott Wallace, are starting to play better as a unit.

Chad Zawilinski had a good overall game with 17 points, 6 rebounds and 3 assists and Matt Oesch picked off 9 rebounds.

The challenge for the kids, Hartel said, is to shake off the losses and keep working and trying to win games before the tournaments.

Chad Zawilinski

JV LOSSES

The Hawk junior varsity also lost a tight game to the Laker JV, 45-40.

CASS CITY - Murphy 0-3 (2-2) 11; Wallace 3-3 (0-0) 15; Diegel 0-0 (4-4) 4; Ulfing 1-0 (5-11) 7; Zawilinski 3-2 (5-9) 17.

LAKERS - Shaw 3-1 (2-4) 11; Maust 6-1 (5-7) 20; Gardy 5-0 (1-3) 11; Brakenberry 1-0 (4-5) 6; Beachy 1-0 (5-12) 7; Russell 2-0 (3-8) 11.

Cass City wrestlers second

Marlette Thumb C champs

Form was followed in the Thumb C League wrestling meet held Saturday at Sandusky when Marlette captured the championship, followed by Cass City.

Despite the second place finish, it has been a surprisingly good season for Cass City with a team heavily sprinkled with underclassmen. The senior leadership on the team has helped the Hawks to a 10-4 dual meet record.

Marlette captured the league meet with 196 points. Cass City had 156 points. Other schools finished in the following order: Mayville, 136; Cros-Lex, 114; Bad Axe, 108; Lakers, 66, and Sandusky 61.

First places were won by Nathan Hendrick, 171 pounds, and Dale Heronemus, 215 pounds.

Five Hawks earned second-place points, Eric Hoelzle, 160 pounds; Chris Revis, 145 pounds; Jeremy Markel, 130 pounds; Dennis Pisha, 125 pounds, and John McNaughton, 119 pounds.

Third place medals went to John Williams, 103 pounds; Wally McClorey, 275 pounds, and fourth place to Cory Mayer, 135 pounds.

winners against both schools. Markel (135 pounds) pinned Burton-Bentley's Jimmy Dinnan in :48 of the first period and Rick Helmreich of Garber in 1:08 in first period. Jeremy Dillon (152 pounds) pinned Phil Hinman of Bentley in 2:40 of second period and decided Bill Nutt of Garber.

Mike Rea named coach of the year

Kingston Coach Mike Rea was named regional coach of the year in Class DD, region 2 by the Michigan High School Football Coach's Association.

John Blankenship of Frankenmuth was named regional coach of the year in class B, region 3.

Kingston School was also honored with a district "Good Sports Are Winners" award from the Michigan High School Athletic Association following the 1995 fall sports season.

Other area schools honored for district sportsmanship were Caro and North Branch, class B, and Mayville, class C. Frankenmuth won the regional class B award.

USA was named to the all-academic team honorable mention in class C.

For fuel rail business

Walbro seeking buyer

Walbro Automotive, citing a shift in emphasis from steel to plastic fuel rails, announced that it plans to seek a buyer for its steel fuel rail business. This decision to exit the steel fuel rail market does not affect the company's growing business in plastic fuel rails which are manufactured at its facility in Meriden, Conn.

Fuel rails are under-hood components that distribute

fuel to individual injectors in electronic fuel injection systems. Sales of fabricated steel fuel rails, which are produced at Walbro's Ligonier, Ind., facility were approximately \$29 million in 1995.

"Our decision reflects Walbro Automotive's belief that the market for steel fuel rails is declining," said Gary L. Vollmar, president Walbro Automotive. "While demand for steel rails is dropping,

ping, the market for plastic fuel rails is growing," Vollmar noted. "Production of innovative plastic rails is one of Walbro Automotive's core competencies and we expect plastic rail production at our Meriden facility to grow significantly in the coming years to satisfy demand for this new technology."

Information meet set on MEAP

The Cass City Middle School Parent Committee is providing an opportunity to explain the Michigan Education Assessment Program requirements for grades 5 and 8, Thursday, Feb. 15, in the Cass City Middle School gym at 7 p.m.

There will be a team of Saginaw Valley science professors who will demonstrate experiments and the writing requirements to explain what students observe.

This evening presentation will be helpful for parents and students together to prepare for the MEAP tests, which will be given in March.

Parents and students of grades 5 and 8 as well as parents and students of any middle school grade are invited to attend this program.

"...The people have the right to bear arms for the defense of themselves and the state..." PENNSYLVANIA DECLARATION OF 1776

"Guard with jealous attention the public liberty. Suspect everyone who approaches that jewel. Unfortunately, nothing will preserve it but downright force. Whenever you give up that force, you are ruined." PATRICK HENRY

"I ask, sir, what is the militia? It is the whole people... To disarm the people, that is the best and most effective way to enslave them..." GEORGE MASON

"Americans [have] the right and advantage of being armed—unlike citizens of other countries whose governments are afraid to trust people with arms." JAMES MADISON

"...Arms, like laws, discourage and keep the invader and the plunderer in awe, and preserve order in the world as well as property. The balance of power is the scale of peace." THOMAS PAINE

"Before a standing army can rule, the people must be disarmed; as they are in almost every kingdom in Europe. The supreme power in America cannot enforce unjust laws by the sword because the whole body of people are armed and constitute a force superior to any band of regular troops that can be, on any pretense, raised in the United States..." NOAH WEBSTER

"Liberty and order will never be perfectly safe until a trespass on the Constitutional provisions for either, shall be felt with the same

teacher, Sherita Pawlak, meanwhile, was appointed junior high girls volleyball coach, and Hopper and Thies agreed to be senior class advisors following the resignation of 2 teachers previously handling that responsibility.

Also hired was Patti Rogers for the Title I aide position at the elementary school. She replaces Judy Winchester, who recently began work at the high school as a part-time secretary.

MILLAGE

In other business, the board approved a resolution to hold the annual school election Monday, June 10, and voted in favor of placing a millage request on the ballot.

Thies recommended that the board ask voters to approve 18 mills, as provided for under Proposal A, for a period of 10 years.

Thies explained 14.8 mills of the district's current levy will expire in December 1996, and another 6.5 mills will expire in December 1997. Rather than have 2 elections, he said, this one request will provide for the district's needs and meet the state requirement of 18 mills.

Approval of the millage would mean no change for homeowners, who would continue to be taxed at the 18-mill rate. Non-home- stead property would continue to be taxed at a rate of 24 mills.

Thies pointed out that without voter approval, the district would not be eligible to continue receiving its state foundation grant, which now accounts for more than 90 percent of the district's annual funding.

Also Monday, the board:

Cass City teen hurt in car crash

A Cass City teen suffered minor injuries in a traffic accident Saturday night in the village.

Cass City police reported Crystal L. Parker, 16, 6359 Robinson Rd., was northbound on West Street at about 11:13 p.m. when she pulled onto Main Street and was struck by an eastbound vehicle driven by Bryan W. Schrader, 17, of Ubly.

Reports note Parker's vision was obstructed by an eastbound semi-truck making a right turn.

Parker was transported by Cass City MMR personnel to Hills and Dales General Hospital for treatment.

Two passengers in her vehicle, Charles O. Hughes II, 16, of Cass City, and Robert Bliss, 15, Cass City, were not injured.

Toastmasters club adopts name, goals

The new Toastmasters club met Feb. 6 in room 113 of Great Lakes Junior College in Caro.

Toastmaster of the evening, Fran Kern, presented a card of appreciation to Jim Block of Great Lakes Junior College for use of the room and for providing coffee at meetings.

Members voted to name the club Thumbastic Toastmasters, and set a goal to be chartered with the Toastmasters International by Feb. 29. All those who wish to be charter members are urged to attend the last meeting in February for the election of officers.

Rhonda Kasdorf gave her Icebreaker Speech in which she told members something

about herself. Her objectives were:

- * To begin speaking before an audience.

- * To help understand what areas require particular emphasis in a person's speaking development.

- * Introduction to fellow club members.

The speech was to be 4 to 6 minutes.

Each speech is carefully timed in order to give experience in speaking within a time frame. Tom Young gave his second speech of 10 from the basic Communication and Leadership Manual with a time of 5 to 7 minutes.

Meetings are held in room 113, Great Lakes Junior College, 1233 Cleaver Rd., Caro, at 7 p.m. every Tuesday evening. Meetings take less than 2 hours.

For more information, call Nancy at (517) 872-2824 or Tom at (517) 635-3561. Visitors are welcome.
