Annual
free Cass
City holiday
dinner set

A Thanksgiving tradition spanning more than a decade in Cass City will continue next week when members of the community sit down together to share Thanksgiving dinner and each other's company.

The 11th Annual Community Thanksgiving Dinner is scheduled for Thursday, Nov. 28, starting at 12:30 p.m. at the Cass City VFW Hall, 4533 Weaver St.

The meal is free, but the dinner isn't a charity event.

In fact, it's a community gathering in every sense of the word. From the turkey and all the trimmings to flowers and labor, everything is provided free of charge by volunteers, area churches, businesses, schools and civic groups.

And no one is left out. Take-out dinners are available for shut-ins starting at 2:30 p.m. More information is available by calling 872-3336 or 872-3960.

About 80 people attended the first Cass City commun-

Special county, township levies to up taxpayers' load in 1997

The tax man cometh, and his greetings in December will include additional taxes for mosquito control as well as other special purpose tax levies approved by voters this year.

Tuscola County Commissioners last week approved the 1996 Apportionment Report, which outlines the levies to be assessed on tax bills that will be mailed next month.

Overall, various taxes will be assessed against property with a total taxable value of \$810,861,746.

Aside from education taxes -- 6 levied on homestead property and 18 mills on non-homestead property -- the largest county-wide tax to be levied is 4.0265 mills for county operations.

In addition, all county residents' tax bills will reflect levies of .1949 of a mill for senior citizens services, .2397 of a mill for the Medical Care Facility, .4871 of a mill for bridges/streets, .6500 of a mill for the newly-voted mosquito control program, .8767 of a mill for road patrol, and .9741 of a mill for primary roads and local streets.

AREA TOWNSHIPS

The following is a breakdown of the taxable valuations and tax levies to be assessed in Cass City area townships.

Elkland -- Elkland Township has a total taxable valuation of \$65,098,002 and levies 1.6495 mills plus

.7498 of a mill for library services.

Taxpayers living in the Cass City School District will pay taxes based on a total of 24.9477 mills (homestead) or 42.9477 (non-homestead).

The levy includes an additional 4.7600 mills for construction of a new middle school.

school. The special levy will gradually decrease in subsequent years of the 13-year bond issue approved by voters.

For the owner of a home with a market value of \$60,000, the total 1996 tax tab will come to about \$748.

In the Owen-Gage School

District portion of the township, the total tax levy is 23.1994 mills (homestead) or 41.1994 mills (non-homestead).

Ellington -- Ellington Township has a total taxable valuation of \$17,654,892 and levies 1.4899 mills plus

was treated at Scheurer Hospital, Pigeon, following the accident, which occurred about 3 miles east of Owendale at 2:30 p.m.

Davidson told Huron County Sheriff's deputies that he and a hunting companion, Charlie Fahrner, were walking along the edge of a standing corn field, trying to force out a wounded deer towards another companion, John Fahrner.

Davidson told deputies that John Fahrner was near the south end of the field, and when the deer left the field, he fired 2 shots.

Reports state the first shot struck Davidson in the right leg above the knee, knocking him to the ground.

It was a meat processor's worst nightmare: a fire just 2 days before the firearm deer season opener.

But it happened at Maurer Meat Processors Inc. near Ubly last week. Despite extensive damage, however, the business' doors were open late last week, just in time for perhaps its busiest season of the year.

"We were accepting deer again Friday," said Jim Maurer, president of Maurer Meat Processors, 4075 Purdy Rd. "We'll be able to work right now, but at a future date we're going to have to shut down a little bit" to make repairs.

More than 40 fire fighters from 3 departments worked to extinguish the blaze last Wednesday. No one was injured.

"We got the call at 8:53 p.m. and we were at the scene till 12 that night," said Steve Bischer, Sherman Township Fire Department, which con-

Circuit court cases

Cass City man faces prison for carjacking, beating

A Cass City man faces up to 22 1/2 years in prison for his role in a carjacking/beating last September in Wells and Fremont townships.

Daniel T. Ellesin, 20, Cass City, recently pleaded guilty in Tuscola County Circuit Court to a charge of unarmed robbery.

Charges of carjacking and armed robbery were dismissed under a plea bargain in which Ellesin agreed to testify truthfully and make restitution.

Ellesin's pre-sentence investigation was ordered updated by the court, which remanded him to the custody of the sheriff's department. Bond was continued at \$50,000.

Sentencing is to be scheduled. The maximum sentence for unarmed robbery is 15 years, however, Ellesin could serve up to 22 1/2 years because this is his second felony conviction, court records state.

Ellesin and Keith E. Gronewald, 19, Caro, were each charged in connection

with abducting Jeremy Anderson, 22, of Caro, at knife-point from a parking lot in Fremont Township Sept. 8.

Police said the suspects ordered Anderson to drive them to a wooded area in Wells Township, where Anderson was beaten, robbed and left behind as his assailants drove away with his 1986 Dodge Caravan van.

In other recent circuit court proceedings:

• James D. Beardsley, 33, was sentenced to 7 years to 15 years in prison for his plea of guilty to operating a motor vehicle while under the influence of liquor - causing death, June 2 in Fairgrove Township.

Beardsley, whose pickup truck rammed into the rear of a motorcycle, killing the driver, Kevin R. Horner, 25, Akron, was also ordered to undergo substance abuse counseling/therapy.

• Mary A. Hughes, 53, Caro, was sentenced to 2 years probation and an undetermined jail term for her plea of no contest to manslaughter in the Dec. 9, 1995, drowning death of her sister.

Hughes will be allowed to serve her time in a foster care program, but was remanded to the county jail until an opening becomes available.

She was ordered to pay \$600 in court costs and fines plus attorneys fees and a \$40 victim crime fee.

• Charles L. Campbell, 22, Caro, pleaded guilty to larceny over \$100 and conspiracy to commit larceny over \$100 Sept. 22 in Caro.

Sentencing was scheduled for Dec. 13. Bond was continued at \$10,000.

• Trent Darling, 34, Silverwood, pleaded guilty during his arraignment on a charge of probation violation — failure to report to his supervising probation agent.

Darling was sentenced to 219 days in jail, with worksite privileges. His bond was revoked.

• Kevin Rutherford, 35, Millington, was sentenced to 365 days in jail, with work release, for his plea of guilty

to operating a motor vehicle while under the influence of liquor, third offense, Sept. 3 in Vassar Township.

He was also ordered to reimburse the county and pay \$1,000 in costs and fines plus a \$60 victim crime fee.

• Inmate Robert J. Engle, 51, was sentenced to 3 to 20 years in prison for his plea of guilty to extortion May 20 in Indianfields Township.

• Charles A. Lane, 35, Ubly, was ordered to pay \$500 within one year, plus attorneys fees, following his plea of guilty to probation violation — failure to pay restitution.

• Randy L. Foskett, 35, Vassar, was sentenced to 180 days in jail, with work release, for his plea of guilty to probation violation — failure to make court-ordered payments. His probation was continued.

• Alonzo Stansberry, 34, Flint, pleaded guilty to receiving and concealing stolen property over \$100 Oct. 18 in Indianfields Township.

Plant opens 2 days after fire

"The fire started in the employees' bathroom, and we believe (it) started in a gas-fired power washer," Bischer said, adding flames went through the ceiling of the building and into a 50-foot by 60-foot attic.

He noted the plant's cleaning woman was using the power washer when the fire started. She called business owner John Maurer, who reported the blaze.

Fire fighters poured some 19,000 gallons of water on the fire. Bischer said there was extensive water and smoke damage in the interior of the building.

Early estimates pegged damage to the structure at \$80,000, with another \$20,000 in losses to contents, including processed meat.

Twenty-one Sherman Township fire fighters were assisted at the scene by the Ubly-Bingham Township Fire Department, which con-

tinued to manslaughter in the Dec. 9, 1995, drowning death of her sister.

Cool (Whip) recipes

by Melva E. Guinther

I came across some super Cool Whip recipes recently. (Speaking as one who uses the tiniest cookie crumb or a chocolate chip as an excuse for Cool Whip, is there any other kind?)

If you're in the mood for something super rich and totally decadent, this one's for you.

Chocolate Caramel Parfaits

28 Oreo type cookies, crushed (2 cups)
1 8-oz. tub chocolate Cool Whip
1 cup caramel sauce or topping
1/2 cup hot fudge topping
1 cup chopped pecans

Layer crushed cookies, 2 1/2 cups Cool Whip, sauce and pecans in 4 8-oz. parfait glasses. Refrigerate at least an hour or until ready to serve. Garnish with remaining Cool Whip.

Here's another one that's just as rich and tasty.

Chocolate Peanut Butter Truffles

8 squares semi-sweet chocolate
1/2 cup peanut butter
1 8 oz. tub Cool Whip, thawed
Powdered sugar, finely chopped nuts, coconut, unsweetened cocoa or colored

This one at least has fruit to recommend it and make it seem a little less sinful.

Dessert Pizza

1 20-oz. pkg. refrigerated chocolate chip cookie dough
2 cups thawed Cool Whip
2 cups assorted fruit, such as blueberries, sliced strawberries, sliced green grapes, etc.
Strawberry dessert topping

Heat oven to 350. Line 12-inch pizza pan with foil. Grease foil. Press dough on pan. Bake 20 minutes or until golden brown. Cool in pan on wire rack. Remove foil and place cookie crust on plate. Spread Cool Whip on crust. Garnish with fruit. Drizzle with strawberry topping. Serve immediately or refrigerate until ready to serve.

**Rabbit Tracks**

by John Haire

(And anyone else he can get to help.)

Here are a couple of items from the public relations department of the Michigan Farm Bureau that may be new and interesting to you as they were to me.

Researchers are working on a 50-foot-long hay dryer which features 210 ordinary household-type microwave units and a 7-foot-wide baler-type pickup.

The oven on wheels shortens the required drying time from 3 days to just minutes, which is expected to vastly improve feed quality and eliminate weather hazards. Negotiations are underway with a North American manufacturer to produce the machine.

No mention about how much it might cost.

The second item is even more startling. In as little as a year if development of a new water-based fuel continues on track, fuel featuring 30 percent tap water may be available.

"A-21", a milky white substance blended with petroleum solvents and water, is already approved by the Environmental Protection Agency and the fuel burns 60 percent cleaner than regular diesel or gasoline and has additives to increase lubrication and prevent corrosion and freezing.

While anything that lessens pollution is welcome, judging by the track record, don't look for the 30 percent water to lower prices by an equal amount...or any amount.

Remember during the oil crunch when diesels were put in popular cars? During the early years diesel fuel cost much less than gas and when demand increased, presto! Diesel fuel costs more than gas.

According to the "Michigan Trivia" book, there are 8 federal Indian reservations in Michigan.

Doesn't that all but guarantee the continued proliferation of gambling casinos across the state?

**PROGRESS IN EDUCATION**
from the desk of Ken Micklash, Superintendent**American Education Week**

Nov. 17 through 23 has been designated as American Education Week. In recognition of this special period, I wish to share a few pieces of information relating to the history of our nation's current educational system.

*The principle of local elementary schools was widely accepted by about 1850 due to the work of people such as Horace Mann.

*Public schools, which were funded by local and state taxes, grew rapidly after 1850.

*American public schools were more nonsectarian in outlook and control than European schools.

*Private schools continued to exist, having leeway to choose their teachers, textbooks and curriculum.

*Public schools were intended to provide common background for young Americans whose parents come from many different national and social backgrounds.

*Public high schools grew rapidly after 1870.

*Each of the 50 states directed its own schools.

*Each community elects a school board, which develops educational policies for its schools.

*The basic aim of education is to make it possible for children to develop as far as their capabilities permit into well-rounded, well-informed citizens.

*American education is to provide equal opportunities for all students to obtain the schooling which meets their abilities and needs.

Let's continue to work together to provide our youth with the best educational opportunities possible.

Questions can be sent to me at 4868 N. Seeger St., Cass City, MI 4872. Thank you.

For fire department**Board okays spending**

Elkland Township officials last week approved expenditures to maintain fire department equipment and facilities.

The township board voted to purchase a one-year maintenance plan from R & R Fire Truck Repair Inc., Northville, for the

department's 1996 fire truck, township Clerk Norma Wallace reported. The cost of the plan was not available.

Also approved was spending \$1,675 to repair windows at the fire hall, and the board agreed to make the fire department secretary-treasurer

a paid position. Wallace said the secretary-treasurer will receive \$100 per year.

In other business during the Nov. 11 monthly meeting, the board adopted an updated version of the Tuscola County Enhanced 911 Service Plan.

Farm benefits

A new study says that over a third of US farmland benefits from systems designed to increase soil productivity, improve water quality and fight global warming. Farmers have seen that there are both environmental and economic benefits of conservation tillage. Conservation tillage methods, such as no-till and mulch-till, usually require less time, labor and equipment maintenance than other farming methods.

Michael Peters, executive vice-president and general manager of the Michigan Electric Cooperative Association, makes his case for electrical co-ops in the November-December issue of "Michigan Country Lines", the house organ of the industry.

He claims that it's a myth that cooperatives receive unfair tax subsidies from the federal government. He says that rural electric cooperatives receive less federal assistance per consumer than any other segment of the electric utility industry. He quotes statistics from the U.S. Department of Energy, the U.S. General Accounting Office and research by the Library of Congress. Peters says that by last reports, cooperatives receive \$30.26 per customer, per year in some form of federal aid as compared to investor-owned utilities' \$64.48 per customer and municipal electric utilities' \$79.94 per customer.

He points out that cooperatives pay property taxes and usual business taxes.

The article also says that it's a myth that cooperative service is less reliable than other utilities provide. It points to the Michigan Public Service Commission's reports that Michigan's cooperatives are in fact as reliable or more reliable than the state's other utilities.

He admits that cooperatives don't pay income taxes, but

The

return excess margins (profits) to their customers. Electric cooperatives were established to bring the service to rural areas which were ignored by for-profit companies in the early years. At that time they served a very useful purpose.

Now the Michigan legislature and Public Service Commission are studying the restructuring of the electric utility industry.

Frankly, we haven't a clue as to what would be the best direction for the industry to take.

After reading the article, though, one question kept popping through my mind.

If the electric cooperatives pay more taxes, why doesn't their management switch to a profit corporation and have the users reap the benefits?

It's nice to see some good news about food. Food has taken such a beating in recent years many folks have nearly quit eating.

Some might think they're eating, but a constant diet of lettuce and carrots is not my idea of food. Where I come from eating means meat and potatoes, milk, bread, butter, apple pie, peaches and cream — that kind of stuff.

That's why I'm happy to see some good news about milk. A recent story in Country Folks newspaper says Cornell University Professor, Dale Bauman, and Graduate Assistant, Miriam Kelly report animal studies have shown milk contains a powerful anticarcinogen — namely, conjugated linoleic acid (CLA).

Speaking at a conference in Rochester, New York, Bauman and Kelly said early experiments using laboratory animals and human data sets show ingestion of CLA reduces the incidence of cancerous tumors. A recent Finnish Health Study using human data survey sets and covering a 25-year period shows that as dairy product intake increased, incidence of breast cancer decreased.

These scientists certainly aren't suggesting drinking milk will cure cancer, but they report there appears to be a preventive effect. CLA is also present in meats to varying degrees, and certain plant sources have been reported to have anticarcinogenic effects, as well.

Bauman and Kelly say the average American is already drinking enough milk to get about 1/3 of the amount of CLA that shows very clear protection in animals.

What's more, CLA is a fatty acid. It's in the milk fat. So skim milk isn't going to have any CLA.

This must be my lucky day. If the average American is drinking 1/3 of the milk they need, I must be well over my quota. The average American doesn't get enough milk to wet his mustache.

I ordered milk on a recent airplane flight and nearly fell

out of my seat when I saw the half-pint container they brought me. I use more than that in my coffee!

Farm kids of my generation grew up on milk. We'd go down to the barn and pour milk out of a 10-gallon can. Then we'd take it to the house and let it sit so we could skim-off the cream.

What we had left was whole milk, not skim milk. Skim milk was part of a communion plot in those days.

We didn't throw the cream away, either. We had plans for that.

Later, when we got rid of the milk cans and bought a bulk tank, we could open a valve and extract 300 gallons

if we wanted to. If our barn had been uphill from the house, we might have hooked a hose to the tank and piped the milk right into the kitchen.

Nobody ever heard of milk allergies and lactose intolerance when I was a kid. Any-one who didn't drink his milk was considered some kind of weeny.

I know modern eaters are supposed to watch out for fat and cholesterol, but I'll take my chances on the milk.

There's still a lot to learn about health and diet, and a positive report about dairy products is surely good news as far as I'm concerned.

Marion falls, 14-11

Kingston faces tough Glen Lake next in title quest

The Class DD Region 2 finals Saturday started out like any other game this season for undefeated host Kingston.

But its ending was anything but ordinary for Mike Rea's Cardinals.

Kingston leaped out to a 14-0 lead and then held on to register a 14-11 victory.

The win advances Kingston into next Saturday's semifinals, where they will meet Maple City Glen Lake (9-1). The semifinal tilt, a rematch of the 1994 semifinals between the 2 schools, will be held at Clare High School.

Kickoff is slated for 1:30. The other Class DD semifinal features Dryden (9-1) vs. Pittsford (10-1). Dryden's lone defeat was to Kingston.

Senior quarterback John McLaughlin's heroics, Marion's quarterback Joel Felsik was upended on a fine play by Chad Spencer that resulted in an 8 yard loss for Marion that stalled the drive.

It didn't take long for Kingston to register its next tally.

It was set up on a 59 yard pass play from McLaughlin to his favorite target, Steve Walkiewicz, which gave Kingston a first and goal on the one yard line. Spencer accounted for the marker and Bastian's kick gave Kingston a 14-0 lead midway through the 2nd quarter.

Kingston's Mike Spencer gave the hosts another scoring opportunity when he recovered a Marion miscue on the ensuing drive. But the Cardinals couldn't capitalize and looked content to take a 14-0 lead into the intermission.

Marion had other ideas. With 8 seconds till the break, Felsik found Jack Metiva behind the Cardinal secondary, which closed the gap to 14-6 at the midway point. The scoring strike covered 22 yards.

Marion closed the margin to 14-9 during the 3rd period when Jeremy Prielipp split

the goal posts from 20 yards out.

We scored the game's first points. Then they went on to whip us something like 42-13. This gives us a chance at revenge.

Neither team displayed much offense until Marion's final drive of the game. Marching towards the win-

ning touchdown, Marion's upset plans were thwarted when McLaughlin picked off a Felsik pass. Following the interception, Coach Rea instructed McLaughlin to take

SENIOR JOHN McLAUGHLIN scampered 41 yards on this play to set up the first score for host Kingston during the initial quarter of Saturday's regional final.

4 Hawks on all-star squad

Cass City placed 4 players on the first team of the Thumb C National all conference football squad, 2 each on the offensive and defensive teams. In addition, 3 players made the honorable mention list. The players are selected by the league coaches.

Selected for the offensive interior line were Kurt Russell and Ray Meredith.

On the defensive squad are Josh Little, line, and Matt Oesch, linebacker. All of the players are seniors.

In addition to the first team selections, 3 Hawks received honorable mention. Chad Diegel was selected on both the offensive and defensive teams, as was Andy

a safety. McLaughlin led Kingston with 96 yards rushing on 12 carries. He also completed 4 of 12 passes for 117 yards.

On defense, Kingston received a game high 18 tackles from Dave DeMeyer. DeMeyer was credited with 10 solo tackles and 8 assists. Dan Rayl recorded 10 stops.

Edwards. Diegel was honored at quarterback on offense and as a back on defense. Edwards was named as the punter and kicker. Edwards is a junior and Diegel a senior. Tim Spencer, a senior, received honorable mention as a linebacker. Other members of the National dream team on offense:

Interior line - Steve Huddleston, Bad Axe, Doug Livingston, USA, Jim Trost, Lakers, Scott Anderson, Lakers, Jerry Lombardo, BCAS.

Ends - Shaun Gainsforth, USA, Joel Maust, Lakers.

Quarterback - Jim Wheeler, Lakers.

Among the players on the American Division squad,

several Ubly players were honored.

Chad Schumacher was a first team selection on the defensive line, and Joe Rutkowski was named as quarterback.

Steve Oberski received honorable mention as a defensive linebacker and offensive back. Jason Particka, offensive line, and Kevin Klee, end, also received honorable mention.

As might be expected, divi-

sion champion Deckerville dominated the selection with Jim Betts, Tony Theobald and Jim Szekely named on the offense. Theobald was also named to the defensive team, along with Neil Russell, Rico Ballantine and Scott Hooper.

Receiving honorable mention from Deckerville were: Jeremy Bright, Adam Foote, Scott Hooper, Jim Betts, Chris Garza, Rico Ballantine and Mike Gough.

AU GRES

A slow start by the Bulldogs spelled defeat Tuesday against visiting Au Gres.

The visitors took a 12-5 lead into the 2nd period and led it into a 23-10 advantage by the half.

The Bulldogs were able to slice into Au Gres' margin during the 3rd period as Tonya Smith started to heat up from the perimeter. Smith's 7 points in the quarter helped draw Owen-Gage to 29-24 with one quarter remaining.

Julie Seebek, who led all scorers with 15 points, connected on all 6 of her charity tosses down the wire to preserve the win for the guests.

Smith was the only player to finish in double digits, collecting 14 for Owen-Gage.

Hawks top All Saints to tie for second in Thumb National

The Cass City Red Hawk hoop team made it two in a row with victories over teams that defeated them in first meetings following a convincing 58-40 win last Tuesday at Bay City All Saints.

The Hawks used their best first quarter of the season behind some stellar scoring by Shelly Ulfing to all but decide the issue at the end of the first 8 minutes.

Ulfing poured in 15 of her 24 points in the first quarter and removed all doubt about the outcome of the game in the third period. Besides the 3 baskets by Mellendorf, the

Hawks benefited from a big 9 points by Lindsay Maharg, who hit a trey and 3 2-pointers.

Going into the final period Cass City was in front 47-23.

Peyten Daniel had a season's high 11 assists to go with 4 steals while Mellendorf led the Cass City rebounders with 13.

Bulldogs lose 2 games by total of just 6 points

Coach Dean Roller's Owen-Gage Bulldogs enter the Class D district at Akron-Fairgrove Thursday losers in 4 of their last 5 outings.

At the intermission Mellendorf, who had played every minute, suffered from exhaustion and rested on the floor for minutes before recovering enough to head to the locker room.

The rest revived her and she opened the third quarter with a pair of baskets to put the Hawks in front 24-16 in the first 2 minutes.

The twin towers, Ulfing and Mellendorf, then shared the scoring load for the Hawks the rest of the period, which ended with Cass City in front 32-25.

There were no scores in the first minute and a half of the final quarter. The Hawks went cold from the field, scoring just a single point in the first 2 1/2 minutes. Meanwhile the Pirates chipped away at the lead to close within a point at the 3:35 mark.

The Hawks answered that challenge, hitting 4 three throws in a row and were ahead, 37-34, with 1:34 left when Ulfing fouled out.

The 2nd frame, however, was all Owen-Gage as they registered 18 unanswered points to even the score at 21-all by the intermission. Amanda Salcido did most of the scoring in the frame for the hosts, collecting 10 points that included an 8 for 9 effort at the stripe. Salcido finished with a team best 14 markers.

The 2nd frame, however, was all Owen-Gage as they held Owen-Gage to only solo field goals by Beth Nickerson and Melissa Vargo in the frame following the intermission.

Wesleyan grabbed a 31-26 lead entering the final period as they held Owen-Gage to

only solo field goals by Beth Nickerson and Melissa Vargo in the frame following the intermission.

Rick Tuckey of Caro shot a 7-point buck at about 9 a.m. Friday while hunting in the Cass City area.

Adam Dorland, 14, Cass City, bagged a 9-point buck while hunting with his father in the Snover area. He shot the buck at about 8:30 a.m. opening day.

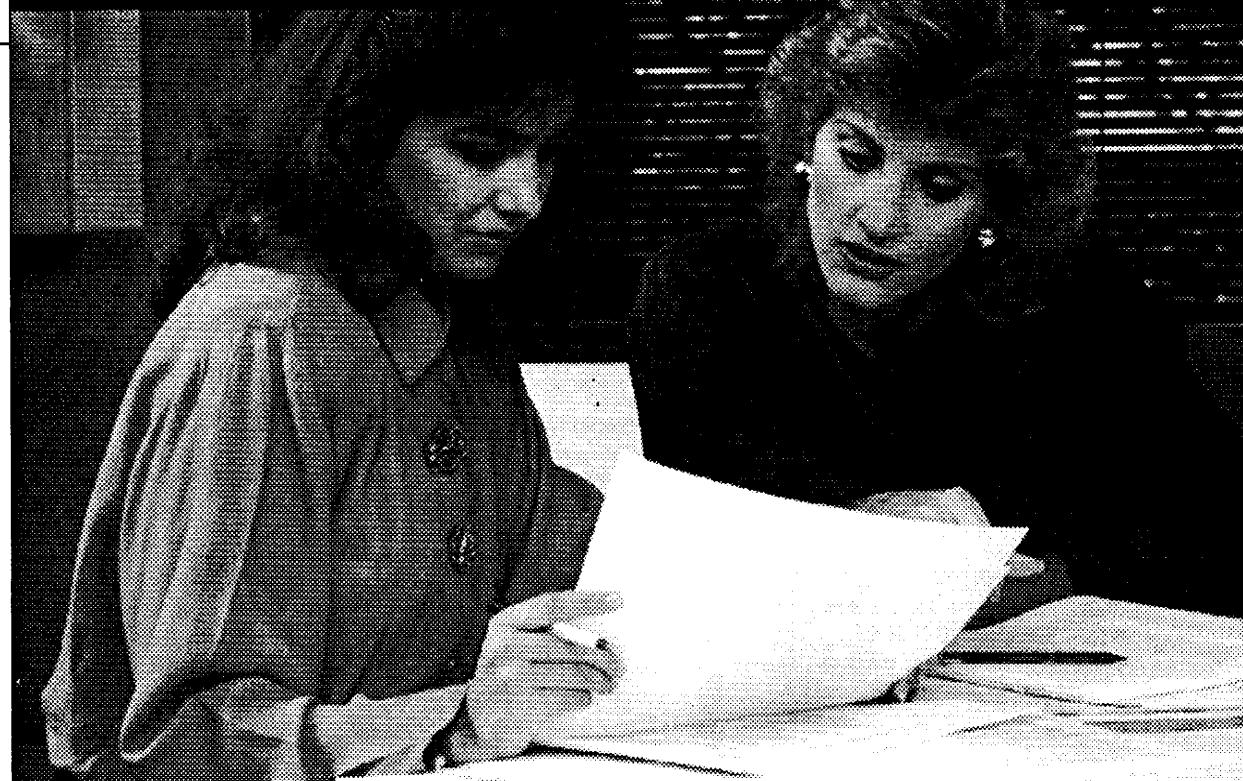

MARK PARTICKA came a long way to bag this trophy buck in the Thumb. Particka, of Woodland, Texas, shot the whitetail on opening day morning while hunting in Greenleaf Township.

IT'S BEEN A BANNER deer season for the Anker brothers on their farm on Milligan Road. The brothers bagged their bucks on opening day. Rod (left) shot this 11-point trophy buck a half hour before this 5-pointer was shot by Ryan at 6:30 p.m. What a difference a year makes. The Ankers failed to get even one buck last year.

Pirates dominate Hawks in last regular season tilt

The Harbor Beach Pirates showed why they are the number one rated team in the Thumb this season as they defeated the Cass City Red Hawks Thursday, 55-34, in the final game of the regular season.

The Pirates jumped off to a 6-0 lead and were never behind but the Hawks managed to stay on the heels of the winners in the first period, thanks to 6 points by Shelly Ulfig, and trailed at the end of the quarter, 15-11.

The next 2 periods proved disastrous for Cass City as the Pirates completely shut down the Hawks' outside game. In those 2 periods Ulfig was practically the entire Hawk offense.

The Pirate strategy of shutting down the perimeter paid off. Ulfig was held to a pair of baskets in the second quarter and chipped in 9 points

in the third. Other than that, the Hawks' entire offensive was a 3-point basket by Peyten Daniel.

Meanwhile, the Pirates, behind Leah Booms, Melissa and Michelle Wolschleger, were providing a balanced, consistent attack. At the half, Cass City trailed, 31-18, and 46-27 going into the final 8 minutes.

The bad news for Cass City is that the Hawks were scheduled to open the tournament at Harbor Beach against these very same Pirates.

Coach Jim Mastie, who was unable to attend this game, said that his coaches reported that the team did not play its number one game and was hurt by the Pirate press.

They have a fine team, Mastie said, and for us to compete we need to play our very best.

Roy Agar

Roy B. Agar, 84, of Marlette, died Saturday, Nov. 16, 1996, at Saginaw General Hospital.

He was born June 20, 1912, in Ionia to David and Eva (Bowman) Agar. He married Louise Klinkman Jan. 1, 1942, in Marlette. They celebrated their 50th wedding anniversary 4 years ago.

A lifelong farmer in the Marlette area, he was a member of Michigan Milk Association, Sanilac Farm Bureau and Marlette Co-op. He graduated from Marlette High School in 1931.

He is survived by his wife, Louise Agar of Marlette; a son, Keith Agar of Marlette; a daughter, Marilyn (Leon) Trainor of Snover, and grandsons, David Trainor of Mt. Pleasant and Steven Trainor of Snover. He was preceded in death by his parents, a sister, Iva Mae, and brother, Aden.

Funeral services were to be held Wednesday, Nov. 20, at 11:00 a.m. in the Marsh Funeral Chapel in Marlette, with the Rev. Jay Sheats officiating.

Interment will be in the Marlette Cemetery.

Douglas Cleland

Douglas Cleland, 85, of Silver Springs, Fla., formerly of Holbrook area, died recently.

He was born April 13, 1911, the son of Robert A. and Birdie Morrissey Cleland. He and Violet Hathaway were married in 1934 at the Methodist parsonage in Argyle by the Rev. Herbert Hitchins.

Cleland worked at Ford Motor Company in Dearborn before driving carriers of Ford cars all over the Thumb while living in this area. They moved to Glennie before going to Florida.

He is survived by his wife, Violet, of Silver Springs, Fla.; 3 sons, Don of California, Douglas Jr. of Hadley and Gary of Silver Springs, Fla.; 8 grandchildren; 6 great-grandchildren; one sister, Lillian Thran, and one brother, Maxwell Cleland of Florida.

He was preceded in death by his parents, a brother, Kenneth Cleland, and 2 sisters, Mary Clomas and Ella Cleland.

Laura Hyde

Laura J. Hyde, 87, of Lapeer, died Wednesday, Nov. 13, 1996, at the Lapeer Regional Hospital.

She was born May 19, 1909, in Argyle Township, the daughter of Alphonzo and Elizabeth (Teets) Chase. She had lived in the Lapeer area for the past several years and was a member of the Trinity United Methodist Church.

Surviving are her daughters, Norma and husband Wilford Hook of Walled Lake and Janice Paul of Shelby Township; 6 grandchildren, and 9 great-grandchildren.

She was preceded in death by her husband, Lloyd; her daughter Patricia and son-in-law Fred Wagner, and a sister, Grace Brown.

Funeral services were held Friday, Nov. 15, at the Baird-Newton Funeral Home in Lapeer with the Rev. Terry Euper and Rev. Daniel Bowmen officiating.

Interment was in Elkland Township Cemetery.

Cletus Morell

Cletus James Morell, 83, of Cass City, died Nov. 15, 1996, in Marlette Community Hospital.

He was born Feb. 8, 1913, in Bad Axe to James and Rose (Shagena) Morell. He married Leona M. Hawksworth April 29, 1932, in Sandusky.

Morell worked as a truck driver, hauling milk for many years. He retired from the Sanilac County Road Commission after many years.

Surviving are his wife, Leona; children: Wanalee (Donald) Hartel of Ubly, Barbara (Stanley) Orlakowski of St. Clair Shores, Donna Lundby of South Lyon, Carol Green of Rochester Hills and Elwood "Butch" (JoAnne) Morell; 16 grandchildren; 8 great-grandchildren; sisters, Rosemary (Karl) Robson of Deckerville, Audrey Posey of Deckerville, Irma Decker of Sandusky, Erdean (Lynn) Lingerfelt of Royal Oak and Rita Langenburg of Roscommon; brothers, Harley Morell of Kingston, Jerry Morell of Florida, Bobby (Joyce) Morell of Vassar. Cass City retirees air meet

Fifteen Cass City Retired Persons and one visitor met in Hills and Dales meeting room for their November meeting.

The table was decorated with a turkey at each place setting. The turkeys were the handicraft of Ronda Haines, Delores Fleming's daughter.

President Edna Simcox conducted a business meeting, opening with the pledge to the flag. The group has a new flag, which was donated by Luther and Martha Durham. Get well cards were signed for Yvonne Burleson and Vivian Mosher, and a thank-you card to Mrs. Haines.

Poems were read by Betty Ewald, "How Thankful Would You Be?" and "Looking Up." Evelyn Warmbier read "Let Doctor Check" and "Mama's Mama," and Marion McClory read "Amish Farmer's Act of Kindness."

After lunch, word games were played. Winners were Evelyn Warmbier and Martha Durham.

Members are asked to bring a \$3 gift and a signed Christmas card to the December meeting.

Bigger, better Bearcat band bound for Disney World

The instruments and uniforms haven't changed over the past year or so, but just about anyone who has attended a home football game at Ubly Community Schools will tell you the Bearcat Marching Band isn't what it used to be.

It's better, much better, not to mention bigger. And, having finished a successful season of entertaining football fans, the band is Florida bound, with plans to perform at Walt Disney World and Cocoa Beach, in Florida.

"Everybody who's in band has a better attitude now," added senior Melissa Heilig, who plays French horn. Everyone's getting more interested in it now."

"The kids, right now, have a really good attitude and they're enthusiastic," said Hamrick, a 1995 Central Michigan University graduate. "I think we can continue to get bigger and better."

Hamrick had his work cut out for him when he was hired.

"When I first got here, the numbers were quite low. Last year at the high school there were 36 (members), but the year before it was down in the 20s," he said.

LOW MORALE

"There wasn't a lot of pride or enthusiasm in the band because they had not been successful in festivals. Morale was low."

Hamrick theorized the band

might have been trying to tackle music and drills beyond its abilities in recent years, and when the results were less than acceptable, students began to give up on themselves.

So, he decided to build the program back up by starting with the basics.

"I wanted to start with something that I knew we could have some success at," he explained. "It's more important that they sound good (playing) a little easier music. Hard music played poorly — there's no value in that."

Hamrick's approach has paid off, and although this is only his second year at the helm, he's watched the marching band grow to 61 members this year.

"The football games and the basketball games, they're (marching and pep band members) louder than most of the fans, and they're enthusiastic," he said. "We've had a really great response from the crowds, a lot of real positive comments."

Hamrick said he's steered away from band competition to this point in an effort to give the band time to grow both musically and in confidence level.

"But in the future I can definitely see us doing that."

For now, the band instructor is satisfied with the im-

provements made so far, and with the support he's been given in the community.

The Florida trip is a good example. Hamrick noted the school board was receptive to the idea, and that the administration and parents have been very supportive.

VERY PLEASED

High School Principal Fred Ligrow indicated Hamrick has earned the support, for his work not only with the marching band, but with all of the district's band students.

"We are real, real pleased with the band program," he commented. "The band instructor and the band have brought a lot of pride to the community."

"I've had numerous comments from our spectators and parents who have been at the ball games, not to mention the job he's (Hamrick) done with the concert bands."

"I see a lot of success coming in the future," Ligrow added.

Hamrick said he's steered away from band competition to this point in an effort to give the band time to grow both musically and in confidence level.

"But in the future I can definitely see us doing that."
