Recovery expected

Picnic 'no picnic' for Ken Kennedy

Kenneth Kennedy is recovering in Saginaw St. Mary's Hospital after undergoing surgery for a ruptured disc he incurred Thursday, June 13, in a swimming mishap.

Kennedy, 17-year-old son of Mr. and Mrs. Emerson Kennedy of 4625 North Van Dyke Road, remains partially paralyzed as a result of the neck injury suffered during a picnic at Sleeper State Park.

According to his mother, Kennedy has no movement from the chest down, and doctors do not expect movement to be restored for six or 12 weeks.

"It will take a long time," Mrs. Kennedy said. "But it could have been so much worse."

The injury occurred while Kennedy was participating in a picnic for members of the Cass City High School band. According to Mrs. Kennedy, her son waded into the water, and when he reached waist-deep depth dived forward to begin swimming.

Kennedy was then spotted floating on the surface. His sister, Bonnie, and Lynn Atwell, a member of the band, reportedly brought Kennedy to shore.

"When he bent over to start swimming, he either hit the bottom or hit a wave at its peak," said Mrs. Kennedy.

Kennedy was taken by ambulance to Scheurer Hospital, Pigeon, then taken to St. Mary's for surgery.

There was speculation that an old back injury had recurred, causing the present disability. However, Mrs. Kennedy said that there is no causal connection between a slipped disc suffered by her son two years ago and his latest injury.

Bill Spencer, a band member, witnessed the incident. "After he dived in, he floated to the top," Spencer said.

"We thought he was kidding around, because he usually does. But after a minute we knew he wasn't."

According to Spencer, "Lynn and Bonnie ran down and pulled him out. Lynn checked his breathing."

Kennedy was then carried away from the water, Spencer said, and the band members tried to revive him.

"He wanted us to massage his limbs," Spencer said. "After a half-hour we called an ambulance."

Robert Holder, State Park Ranger, then arrived on the scene.

According to Holder, Kennedy was lying on the beach when he arrived.

"He couldn't move," Holder said. "He said that he probably slipped a disc. We then called an ambulance."

An ambulance arrived approximately a half-hour later, Spencer said.

Kennedy is assigned to the intensive care unit at St. Mary's. Flowers, candy and other gifts are not allowed in this section of the hospital.

Fierros found guilty

After seven hours of deliberation, a jury found Benito O. Fierros guilty, Tuesday evening in circuit court, of assault with intent to do great bodily harm, less than the crime of murder.

A pre-sentence investigation was ordered, with sentencing set for July 16. Bond, in the meantime, was cancelled.

The four-day trial came to a close at 10 p.m. Tuesday when the jury returned with a verdict of guilty after being out since 3 p.m.

Fierros had been charged with assaulting Marcos Benavides and Manuel Gavea, March 16 in Akron Township. He had pleaded not guilty May 21.

In another assault case, two Mayville men were sentenced Tuesday after pleading guilty to simple assault June 4.

One injured in flash fire near Gagetown

An explosion of a gas dryer at the home of Joe Katnik on Dale Road, southwest of Gagetown, Tuesday evening slightly injured Mrs. Katnik and caused damage estimated at \$1,000. Authorities said that the roof of the utility room where the dryer was located was lifted about three inches when the mishap occurred.

Charles Wright, Gagetown fire chief, said that it took the department about two hours to bring the fire under control. Gagetown firemen asked for assistance from the Elkland Township Fire Department, but it proved not to be needed as the fire was under control when the tanker arrived.

Mrs. Katnik was taken to the hospital, treated and released.

Don Wernette dies in Kelly Road crash

Funeral services were held Monday for Donald C. Wernette Jr., 18, who was pronounced dead on arrival at Hills and Dales General Hospital, Tuesday night, following an automobile crash.

Donald is the son of Mr. and Mrs. Donald C. Wernette of 6026 Greenland Road.

The crash occurred on Kelly Road, one-half mile west of Cemetery Road, at approximately 10:50 p.m. According to the police report, the car in which Donald was riding ran off onto the shoulder of the road, into a ditch, hit a tree and rolled over.

Donald was thrown from the vehicle.

Driver of the car, Gary Lee Vollmar, 16, and two passengers, Janet Weippert, 14, and Sharon O'Connor, 15, were injured in the accident.

Vollmar suffered a brain concussion, lacerations and shock. Miss Weippert was also treated for a concussion and shock.

Both were discharged from the hospital Saturday.

Miss O'Connor was treated for minor injuries and released early Friday morning.

According to Miss O'Connor, she and Miss Weippert were at an open house, Thursday evening. At approximately 10:40, she said, the girls went for a ride with Vollmar and Wernette.

"The right front tire blew, and the car was thrown into the ditch," Miss O'Connor said.

"The door was torn off, and Don went with the door."

After the car entered the ditch, it struck two trees, Miss O'Connor said.

"I got out of the car, and Jim Walters went to find his brother Bob, who is a Gagetown cop," she said. "And he (Bob) called the ambulance."

Jim Walters is a student at Central Michigan University and a graduate of Cass City High School. Bob Walters works nights with the Gagetown Police.

Donald was born in Cass City Feb. 26, 1950. He was to be a senior in the fall at Cass City High School, where he was active in sports and student government.

He is survived by his parents; four sisters, Mrs. Richard Greenwood of Cass City, Mrs. Jerry Elmquist of California, Mrs. John Georgekakis of

Seattle, Wash., and Betty Wernette of Cass City, and his maternal grandparents, Mr. and Mrs. R. E. Stevens of California.

Rev. James Braid, pastor of the United Methodist Church, officiated at Monday's service. Burial was in Elkland Cemetery.

3 CHILDREN KILLED

In other Tuscola County fatalities, three Flint children were killed Saturday when cars driven by Alger Hemingway, 30, and James S. Forsyth, 26, collided at the intersection of Arbela and Belsay Roads. The intersection is about seven miles south of Millington.

Dead are Tamra Lee Hemingway, 3; Steven Young, 7, and Mary Young, 10. They are the children of Mrs. Pauline Hemingway of Flint.

The Hemingways and Forsyths were taken to Hurley Hospital, Flint, where they were treated and released.

According to the report, the Forsyth car was traveling south on Belsay, the Hemingway vehicle west on Arbela. The Hemingway auto reportedly ran a stop sign, and the two cars collided.

The Tuscola County Sheriff's Dept. is still investigating the accident.

These latest deaths bring to 26 the total traffic fatalities in the county this year.

Damage, no injuries in village mishap

Minor damage but no injuries were the results of a two-car accident Friday at the corner of Main and Seeger Streets.

A car driven by Albert Tropf, 71, of 4334 Seeger was struck in the side by a vehicle driven by Harvey Joseph Learman, 25, of Flint. Tropf was cited for failing to yield the right of way.

Tropf was traveling west on Main and turned left onto Seeger, failing to see the Learman car traveling east.

Learman reportedly applied the brakes but not in time to avoid hitting Tropf's car.

According to the police report, a car was turning left in front of Learman, obstructing Tropf's view of Learman's car.

Elvira Tropf, 70, was a passenger in the Tropf vehicle. Hiding in the other car was Kenneth Learman, 18 months; Jane Learman, 23; Rita Learman, 18, and Michael Learman, three weeks.

The right rear side of the Tropf car was damaged, and the front end and right fender were damaged on the Learman auto.

Two cars were involved in a minor accident in the General Cable Corporation parking lot Monday, June 10.

Kathryn Louis, 24, of 3223 Hoppe Road, Gagetown, was backing out of a parking space when the pickup truck she was driving struck a car driven by Meta Menzel, 51, of 9835 Haist, Bay Port.

No ticket was issued, and no injury was reported.

James Albert Burton, 21, of 113 Grant St., Caro, was injured, but not hospitalized, after losing control of the car he was driving on Gun Club Road, Tuesday, June 11.

Burton told Tuscola County Sheriff's deputies that he was feeling very drowsy while

driving west on Gun Club Road and did not realize that he was approaching the stop sign at Mertz Road. When trying to stop, he lost control of his car, which left the road, rolled over and was totally demolished.

Burton was ticketed for failing to stop in the assured clear distance.

Richard Spencer, 28, of RR No. 3, Cass City, struck and killed a deer on Dutcher Road, Saturday.

Spencer was reportedly driving west on Dutcher when the deer darted into the path of his car. The left front fender of the Spencer car was damaged.

Although M. B. Auten's work at Hills and Dales General Hospital is well known (he was honored at a testimonial dinner) we can't let the time of his resignation from the board pass without once again pointing out that without him there wouldn't have been a hospital.

It took a very fortunate combination of circumstances to bring Hills and Dales to Cass City.

Raising the money required:

(1) A person who was a super salesman.

(2) A person dedicated to the idea of a new hospital here.

(3) A person who was in a position to know where the larger donations might be secured.

(4) A person who was willing to donate FULL TIME (40 hours or more a week) to the work for two or more years.

Who else do you know that meets all of these qualifications?

The community will always be in his debt.

DEMOLISHED, after being thrown into a ditch, striking a tree and rolling over, the car in which Donald C. Wernette Jr. lost his life sits dormant now. Three other Cass City High School students were involved in the accident, which took place Thursday, June 13, on Kelly Road.

FROM THE Editor's Corner

A great many persons go from Cass City to Saginaw, Bay City, Flint, Pontiac and Detroit to work every day, but it's rare when someone heads to Cass City from the city to work.

The Chronicle has one of the rare ones. He's Larry Werner who lives in Bay City, attends Michigan State and is summer interning at the Chronicle.

Over the years we've had many students during the summer. We rank Larry near the top. We like his style and think you might, too, when you look over the stories about Decker and Father Raymond Pilarski.

The Chronicle had another student join us on a part time basis this week. He's Roger Reid, a senior at Cass City High interested in photography and journalism.

Although M. B. Auten's work at Hills and Dales General Hospital is well known (he was honored at a testimonial dinner) we can't let the time of his resignation from the board pass without once again pointing out that without him there wouldn't have been a hospital.

Resigns - still active

Auten unique at hospital

After 24 years on the board of directors of Hills and Dales General Hospital, M. B. Auten, the man who almost single handedly raised the money for the new facility, has resigned.

Although Auten has given up his day-to-day contact with the hospital, he will remain closely associated with it.

In an unprecedented move, the board of directors named him honorary chairman of the board and resident agent for the corporation.

As chairman he will be welcomed to any sessions of the board he cares to attend.

President James Bauer explained, and as resident agent he will help with the finances at the hospital.

As a charter member of the board for what was then known as Cass City Community Hospital, Auten has been connected with all of the various fund raising efforts that stretched over some 20 years.

In 1945 the first funds were raised and the financial report showed about \$7,500 on hand. It was thought that \$100,000 would build a great facility for the community.

By 1950, the fund had reached \$54,000 and it was here that Auten took over. As general chairman of the drive in 1957, he started to devote practically all of his time to raising money for Hills and Dales.

SPORTS FANS!

BET YOU DIDN'T KNOW

By H. M. Bulen

Did you know that the famous American food -- the "hot dog" -- was invented because of baseball? ... A man named Harry Stevens was in charge of the concessions at New York Giant baseball games in the last century, and one day it was cool and he wasn't selling much of the cold food which was all they had at ball parks in those days. ... During the game he went shopping for something warm he could sell. ... He bought sausage at a neighborhood butcher shop and rolls for the fans to hold the sausages with -- and the hot dog was born. ... However, it was a newspaper cartoonist, Tad Dorgan, who coined the name "hot dog". ... He drew a cartoon one day soon after, of a baseball fan holding a sausage that looked like a dachshund enclosed in a bun, and it was known as a "hot dog" from then on.

One of the strangest nicknames in sports history belongs to the famous "Home Run" Baker. ... Most people don't know that Baker actually hit very few homers! ... The most he ever had in one year was 12, and he averaged only seven a season in his 13-year career! ... He got his nickname when he helped win two World Series games in 1911 with home runs. ... The nickname stuck even though he never hit many before or after that.

One For The Road

Finally, a change in men's threads

By Dan Marlowe

We appear to be on the verge of a revolution in men's clothing.

The increasing popularity of the tie-less turtleneck shirt for semi-formal and formal evening wear is just one indication of the trend. Color is another indicator. Brighter hues are becoming steadily more apparent in the raiment of the male.

The recent visible evidence of such change sent me to a clipping in the file which I had preserved for a couple of years. At the time it had seemed the voice of unreason; today it takes on the aspect of prophecy.

The speaker was Ron Postal, a Beverly Hills men's clothing and designer. Mr. Postal declared forthrightly that women were to blame for the way men dress. "Out of every dollar spent on men's clothes, 80 cents is spent by women," he declared. "Men's clothes have changed less in this century than any other artifact of American society. The reason is that man is low man on the dollar totem pole. He's the last one money is spent on. His wife's clothes and the children's clothes come first."

Postal believes that this is why modern men look so plain and worn so fancy. He believes that women want it that way. Why else the tuxedo, he asks? Every man a robot in his black uniform designed to provide a background for the female of the species who has stolen man's centuries-old fine feathers.

Why do men allow women to choose their clothes?

"Conditioning," said Mr. Postal. "The woman buys the clothes for the infant, the boy, the lover, and the husband."

But even two years ago Postal thought that the revolution was coming. "We're about to enter a cavalier era. There will be more color, more adornment,

more decoration. For business wear, function will dictate. There will be a space suit influence. Jump suits will be common. Shirts and jackets will go, to be replaced by high-neck tunics reminiscent of the nobility of feudal times."

Postal even had a theory about modern women's clothing contributing to her present-day freedom. "From primitive times women were always hobbled," he pointed out. "They wore bells and jangles so men could hear them when they strayed from the tribe. They've been hobbled ever since -- skirts, long dresses, petticoats, high heels."

Now, of course, they wear pants and are quite a different animal. "Exactly. Woman has greater mobility. She moves differently. She sits differently. She strides differently. She gets out of a car differently."

Indeed, watching a woman get out of a two-door car used to be one of the fringe benefits of life. Now it's hardly worth a man's time to stop and look. 85% of those exiting will be wearing slacks or some other traitorous offshoot of the breed.

By the evidence, Ron Postal was a visionary, a man ahead of his time.

Even if I still can't quite believe in jump suits for men for business wear.

Cancer Society to meet in Caro

A meeting of the Tuscola County Unit-American Cancer Society is scheduled Tuesday, June 25, at Indianfields Township Hall in Caro, starting at 7:45 p.m.

A report of results on the annual crusade will highlight the meeting.

The meeting is open to everyone and refreshments will be served. Mrs. Erhardt Roemer, Reese, reported.

Satchell named to Bureau group

Michael Satchell, 2666 East Caro Road in Caro, has been named to the Michigan Farm Bureau Blue Ribbon Committee by President Elton R. Smith.

The committee was authorized by the state Bureau delegates at the annual meeting. Major responsibility of the committee is to evaluate present Farm Bureau programs and suggest needed changes.

Satchell is a member of the Michigan Farm Bureau board of directors and state chairman of the Young Farmers committee. He serves on the state Bureau resolutions committee and the dairy committee and was chairman of the Tuscola County Young Farmers for two years.

He operates a 500-acre dairy farm.

Minnie Patterson dies at Lapeer

Mrs. Minnie Patterson, lifelong resident of Argyle, died Tuesday in Lapeer General Hospital after a long illness. She was 82.

She was born July 25, 1885 in Sanilac County and was married to the late Eli Patterson Sept. 21, 1912. He died in 1922.

Surviving Mrs. Patterson are two sons, Mark of Decker and Arnold of Argyle; four grandchildren, five great-grandchildren, a sister, Mrs. Delwin Watson, Marysville, and a brother, William Hinkler, Cass City.

Burial was in Elkland Cemetery, Cass City on Friday.

MacCallum to attend institute

Neil MacCallum, senior at Cass City High School, has been selected to attend a summer science institute in northern Michigan. He leaves July 20 for the five-week course.

MacCallum is being sponsored by local civic clubs and was selected for interest and background in science. Bob Hirn, instructor at the school, said.

AFTER A 10-MINUTE FIGHT Bob White landed this 19-inch bass. The fish weighs two pounds, 14 ounces. Bob was fishing the South Branch of the Cass River with a nightcrawler harness on a six-pound test line. The catch was made Tuesday, June 11, at about 7 p.m.

52 Old Settlers meet at Deford

Fifty-two from Ann Arbor, Detroit, Flint and the Thumb area attended the annual Old Settlers reunion held Saturday at Deford. Following a potluck dinner were the business meeting and short program. Officers

were re-elected as follows: president, Mrs. Mack Little; vice-president, Miss Martha Knoblet; and secretary-treasurer, Mrs. Glenn McCleary.

David Altman, pastor of the Church of Christ, conducted devotions and Jason Kitchin and Mrs. Edna Malcolm contributed readings.

Elders present attending were Mrs. A. J. Knapp of Cass City, 93, Anson Henderson of Cass City, 92, and Mrs. Lucy Acar of Ann Arbor and Mrs. Alta Stoner, both of whom are approaching their 90th birthdays.

Busy summer for Owen-gage band

A busy summer is planned for the Owen-gage band. The band will play at the national cherry festival July 12 at Traverse City and at the Sugar Beet festival July 13 in Sebawaing.

The band recently enjoyed a trip to the Detroit Zoo.

CASS CITY VILLAGE COUNCIL MEETING

A regular meeting of the Cass City Village Council was held May 27, 1968 at the Municipal Building. All members were present.

The minutes of the regular April meeting and a special meeting held May 7 were read and approved.

The financial report for April was reviewed and approved. Three bids which had been received for curb and gutter were opened and reviewed: Barthel Contracting Co. of Northville, Michigan @ \$2.38 per lineal foot; Edward R. White, Berkley, Michigan @ \$2.65 per lineal foot; and Ken Roberts Construction Company of East Lansing, Michigan for \$2.40 per lineal foot. Trustee Albee

moved to accept the bid from Barthel Contracting for \$2.38 per lineal foot. Trustee Dillman supported the motion 6 yes, 0 no, - motion carried. Mr. Warren Wood, Chairman of the Planning Commission, presented and reviewed a proposed Ordinance concerning private swimming pools and recommended that it be accepted by the Council. President Althaver requested the Council study the ordinance so that they may take action at the earliest possible date.

President Althaver introduced Mr. Dean Hoag and Mr. Lee Hartel as representatives of the Little League who explained that the need for more room is a growing problem. They informed the council that more than 200 boys are active in this program and the rate of growth is approximately 20 more boys each year. President Althaver commented that some of the service clubs would be willing to help in the work of building more baseball diamonds. Trustee Rawson suggested that the South Park area could accommodate possibly two temporary diamonds until such time as permanent areas are established. The Park Committee working with permanent Little League representatives will lay these out.

Reporting for the Landfill Committee Trustee Ross reported that the proposed agreement concerning outlying Townships had been written and presented to the Ellington Township Clerk. No reply has been received.

Reporting for the Park Committee Trustee Rawson stated that Jerry Cleland will be in charge of the recreation program and that Barbara Tuckey will be in charge of the Arts and Crafts program, and that Ann Sheppard will be in charge of the Pool.

Nelson Willy, Supt. of Sewage Disposal, having attended a meeting of the State of Michigan Water Resources Commission concerning water used to be protected by water quality standards in the lower Lake Huron drainage basin, reported that the Commission had set new standards concerning streams used for domestic purposes, water supply, wild life, and areas classified as Cold and warm water streams. He stated that the Phosphate and Nitrate elements will have to be neutralized. He indicated that no major changes are foreseeable.

President Althaver suggested to the council that a yearly notice in the paper concerning Building Permits would alleviate the problems of application being requested after the building is started.

A letter from Mr. Gary Christner requesting sidewalk and a letter from Mr. Maurice Joos requesting repair in the existing sidewalks in front of the Salem United Methodist Church was read. Trustee Rawson moved that the sidewalk requested be approved. Trustee Albee supported the motion. Yes 6, no 0, - motion carried.

President Althaver read a contract from the State Highway Department to cover work to be done on M-81. Trustee Rawson moved that a resolution approving said contract and authorizing the signatures thereof of the respective officials of the Village, a certified copy of which resolution shall be attached to this contract be approved. Trustee Dillman supported the motion. Yes 6, no 0, - motion carried.

There being no further business, Trustee Ross moved to adjourn. Trustee Golding supported the motion and it was duly carried.

Letters to Editor

Dear Editor,

Just want you to know that I thought your special section, "All about the Seniors" was very nice.

Mardell Ware

June 7, 1968
Cass City, Michigan

Dear Editor,

In the edition of the Chronicle following the violent death of Martin Luther King I found myself agreeing with you, in "The Editor's Corner" - in disagreeing with the columnist with reference to his conclusion about the leader of non-violence of his Black Race, (and the poor).

We are in good company, as we read the massive testimonials of the nation and world that rated him high - and among the great, as I have no doubt that history will so rate him.

In the following week's edition the columnist stated that letters to him from various town papers wherein his column appears, 70% agreed with his appraisal (bad opinion.) His percentages scientifically did not or does not mean a thing, to any informed person. He did not state the number of letters - whether ten or a hundred. Whatever his total may have been it would have been a minimal percentage - wise of the total of readers even of just the Chronicle, with a total of subscribers of 3200.

My wife inquired when she read "The Editor's Corner," in the first mentioned edition, "Who is Dan Marlowe?"

His 70% would not in any way detract from the late M.L.K.'s place in the hall of the great in our Nation, along with the notable Lincoln. Indeed Mr. King was termed by persons whose judgement is respected, as the "Abe Lincoln of this century." His 70% simply means that a certain limited number of people agreed with him.

If the columnist wants some one to debate, "If It Fits," and I think it does, another columnist in last week's edition has picked up the gauntlet, tossed down so arrogantly and dogmatically, to debate any "open-minded" reader on the issue. I found myself concurring with Jim Fitzgerald, with reference to "One for the Road's" opinion and which we could not but note comparatively or by contrast the column and appraisal in depth on the issue.

Yours very truly,
Mel Vender

Student pays small part of state college costs

WHO OWNS COLLEGES

Some students do not realize or are unappreciative of the public investment in higher education. Many seem to feel that student tuition pays the entire cost of operating a state university. Statistics show that for every dollar the student pays in tuition, an average of three dollars is contributed from public funds.

During the 1967-68 school year, citizens of Michigan paid \$204.6 million to help finance 15 state-supported schools. Tuition amounted to \$79.2 million.

State support varies between schools, but averaged \$1,202 per student for the school year just completed. This represented a range of \$714 per student at Central Michigan University to \$1,817 at newly-established Saginaw Valley State College. Although enrollment increased over the 1966-67 school year, total state appropriations declined about \$8 million.

Indications are that it will increase substantially next year.

The public owns the state education institutions. The student pays part of the cost of operation. He receives an education which permits him to appreciate life more fully and earn a better salary.

NEW DATE

Farmers--Your "Week" is changed.

Farmers Week, 1969, will be held March 17-21 on the Michigan State University campus. This is six weeks later in the year than previously. The change represents the first time in more than 50 years that farmers will not meet early in February for their many meetings, demonstrations, displays and fellowship.

Two biggest factors bringing about the change are the weather and their space needs.

Snow and ice have plagued the farmers in recent years. In 1966 most Farmers Week events had to be canceled because of the blizzard which dropped 36 inches of snow a few days before.

MSU enrollment and student needs have made it increasingly difficult to provide facilities the university would like for the large group of farmers. The current date falls between terms at MSU, so the number of students is reduced sharply and much more display space is available.

In setting the March date, Thomas K. Cowden, Dean of the College of Agriculture and Natural Resources, expressed the hope it will permit more farmers to visit the campus under more pleasant circumstances.

Three bright, attractive young ladies creation-agricultural publicity for Michigan agricultural products each year during Michigan's Apple, Cherry and Bean Queens have toured coast-to-coast and appeared on practically every network variety show in existence. Each girl represents an agricultural product of which Michigan is either a national leader in production or is near the top.

The tour lasts 7-10 days and requires public appearances from morning till night. This year's trip began at Lansing and covered Chicago, Kansas City, New Orleans, Washington, D.C., and New York City. Travel is by both rail and airplane.

In past years, tours have covered even greater distances. One trip took the girls 8,000 miles in eight days; stops were made at Nashville, Tenn., Tucson, Ariz., Hollywood, Calif., and the Seattle Fair. Another year, the girls were guests of the U. S. Navy aboard a Michigan-made destroyer.

Roger reunion held at Cass City park

Around 40 persons attended the Roger family reunion at the Cass City Recreation Park Sunday, June 9.

Cooperative dinner was served at one o'clock and the afternoon was spent playing games and visiting.

The reunion will be held at the same place next year the second Sunday in June.

Those attending came from Uby, Goodells, Royal Oak, Imlay City, Deford and Council Bluffs, Iowa.

gan-manufactured destroyer.

Queens are chosen each year at special festivities sponsored by the commodity groups they represent. This year's Apple Queen, Brenda Sanford, 18, Shelby, was selected at the winter Michigan State Horticultural show in Grand Rapids. Cherry Queen Linda Kaye Christie, 19, whose parents now live in Toledo, Ohio, was picked at the Cherry Festival in Traverse City. Sheila Westall,

19, was chosen Bean Queen last Labor Day during the Bean Festival in Fairgrove.

Girls are accompanied by Joe E. Wells, Information Division, Michigan Department of Agriculture, and his wife, Marjorie Wells, who prepares the trip itinerary each year, notes that each girl is thoroughly familiar with the product she represents and is taught many facts about Michigan before leaving on tour.

At each stop the girls present samples of the three commodities.

Daily Bible school begins next week

Daily Vacation Bible School will be held June 24-28 from 9-11:30 at three locations.

Those children who have completed kindergarten will meet downstairs at United Methodist Church. Teachers and helpers are: Mrs. Stanley Kinn, Mrs. Jack Esau, Mrs. John Bifoss, Mary Beth Esau and B.J. Haire. High school students willing to help with the program are asked to call Mrs. Ivan MacRae. A nursery for workers' children only will be located at the Presbyterian Church.

Those who have completed first and second grade meet at the Presbyterian Church. The teachers and helpers for this group are: Mrs. Basil Quick, Judy Quick, Mrs. Andrew Barnes, Jean Alexander and Karen Kilbourn.

Students who have finished the third and fourth grades are asked to report to United Methodist, upstairs, and their instructors will be: Mrs. Fred Neitzel, Mrs. Ivan MacRae, Mrs. C.W. Price, Mrs. Marge Dickinson, Debbie Chippi and

Luann Repshinska. Those who have completed the fifth and sixth grades will meet at Salem United Methodist (EUB). Teachers and helpers are: Mrs. Stanley Kinn, Mrs. Jack Esau, Mrs. John Bifoss, Mary Beth Esau and B.J. Haire.

There will be an offering on Wednesday, June 26.

The University of Michigan at Ann Arbor was the first state university established by vote of the people through their Constitution.

Close, high score games in Minors

Close high scoring games were the rule rather than the exception in action in the Minor League during the week.

Wednesday, June 12, the Angels went into extra innings to down the Indians, 22-19. After the end of the regulation six, the score was knotted 19-19.

R. Selby and R. Spencer shared the mound chores with Spencer picking up the win. R. Spencer lashed three hits for the winners while Jack Gue, four for four, and Dan McAlpine, three hits, paced the Indians.

Friday the Mets came from behind to hand the White Sox their first loss in two decisions, 20-17. Phillip Bader was the winning pitcher and Jeff Hartel took the loss. Paul Sefton rapped two home runs for the winners and Terry Hendrick collected three hits.

For the Sox, Hartel slapped two triples and Bryan Turner, Dean Severance and Clarke Haire, each banged out two hits.

Baguley files for Circuit Judge

A Lapeer attorney, Norman Baguley, has become the first candidate for the 40th Judicial District's second circuit judge.

Baguley, 38, is a graduate of Caro High School, the University of Michigan and Wayne State University Law School. He has practiced law in Lapeer for eight years.

He was elected justice of the peace in 1963 and was defeated in the Republican primary for prosecuting attorney in 1961.

Baguley is married to the former Mary Jane Lessman, daughter of Mrs. Henry Lessman of Decker and the late Mr. Lessman. The Baguleys have three children.

A second judge was added to the Tuscola-Lapeer circuit by a bill recently signed into law by Governor George Romney. The bill's signing followed a memorandum by present Circuit Judge James P. Churchill pointing out a growing burden on the 40th Circuit, due to an increased case load.

Repossesses wrong truck, rolls it over

(Reprinted from Huron Daily Tribune)

Acting on orders to repossess a 1960 green pickup from a rural Owendale address, Robert Wisenreder, Bridgeport, encountered two distinct problems. One, he picked up the wrong truck and two, he rolled the truck over.

Arriving at a Canboro road address - southwest of Owendale, Wisenreder found two trucks, both green and only two years apart in age. It was dark, shortly after 1 a.m. Sunday and Wisenreder made the wrong choice. He drove off a truck belonging to Rex Fritz, Owendale, instead of the other truck belonging to another man.

A short distance down Canboro road, Wisenreder lost control of the truck and rolled over. He was not injured, but the truck was badly damaged. State Police from the Bad Axe post investigated.

Pirates take 2 more in Little League

The Pirates remained undefeated in the Cass City Little League this year, registering their fifth and sixth straight victories.

Monday, June 10, the Pirates defeated the Orioles, 20-1.

Mike Fredericks went the distance for the Pirates and allowed just one hit. Scott Gunther started for the Orioles with David Elmerline pitching in the fourth.

Kip Bopper slammed two homers and Donald Karr, Paul Bliss and Mike Phillips also hit for the circuit. Donald Karr slammed four hits.

Danny Melstedt picked up the hit for the losers.

Thursday, the Pirates defeated the Yankees, 6-1. Kip Bopper pitched for the winners and slammed a homer while teammate Mike Phillips slammed two four-base clouts.

Kim Glaspi went the distance for the Yankees and struck out seven. Rick Damm was the leading Yankee hitter.

Wilmot St. Michael loses Fr. Pilarski

Father Raymond Pilarski says it is going to be difficult to leave his post as pastor of Wilmot St. Michael and Mayville St. Joseph parishes. He will miss the people.

But chances are, the parishioners are going to miss Fr. Pilarski even more.

In eight years, the tall, cigar-smoking priest has erased a huge debt at St. Michael's and built a church in Mayville which, according to Fr. Pilarski, is now completely paid for.

The trouble-shooting clergyman moved on Wednesday to new challenges at Tawas City's immaculate Heart of Mary parish.

"I've become quite attached to the people and the area," Fr. Pilarski said. "It is with deep regrets that I have to leave. But a priest must serve where his bishop thinks he is most needed."

Two specific needs faced Fr. Pilarski when he arrived in Wilmot.

"The goal for St. Michael's was to pay off the debts -- and we did," he said. "The goal in the Mayville mission was to build a church -- and we did."

Plans for a parish social hall at St. Michael's have been completed. Property has been purchased, and landscaping has been started.

Fr. Pilarski describes his parishioners as, "...enjoyable for myself and profitable for the parish."

He points out that the parish has grown in numbers and that the spiritual growth has kept pace with the times.

Although this priest has demonstrated an ability to handle the financial affairs of a parish, he prefers people to business.

Fr. Pilarski, who was at St. Stanislaus in Bay City before coming to Wilmot, prefers the small, country parish.

"I prefer personal contact," he said. "The city parish is too businesslike. In a country parish, so much more time can be given to the personal needs of the parishioners."

"Much closer contact is possible," he added. "Consequently, people are enabled to know their priest much more and they become more involved in the activities of the parish."

One of the activities with which Catholic churches all over the world have been occupied is implementing the changes in the church's liturgy.

Faced with the perennial problem of convincing the conservatives that change is for the best, Fr. Pilarski was very cautious in following directives of modernization.

He is very satisfied with the manner in which his parishioners have adapted to the revolution.

"There was practically no opposition to the changes," he said. "The changes were brought about gradually, with an explanation of each one."

"Not that it was easy," he added. "Especially for the old-timers. But because of their great faith, even they have accepted and are participating in the new life of the church."

Fr. Pilarski reflects fondly on his eight years in Wilmot. But he must move on to Tawas, and he is looking forward to new experiences.

He has had to manage the affairs of churches only while pastor of St. Michael and St. Joseph. His Tawas parish offers new responsibilities.

The immaculate Heart of

Mary parish has not only a school, but also a hospital. "This will be a new challenge," Fr. Pilarski said of the hospital.

Fr. Eugene Susalla, now of Saginaw St. Stephen's, has replaced Fr. Pilarski as pastor of the two parishes. Managing the affairs of two churches is a formidable task.

But if the new pastor is looking for someone to tell him that the job isn't all that tough, he won't find that kind of encouragement on his predecessor's desk.

A small sign reads: "One thing I never have to worry about around here is competition -- nobody would want my job."

AFTER EIGHT YEARS as pastor at St. Michael's parish of Wilmot, Father Raymond Pilarski has been transferred elsewhere. While in this area, Father Pilarski erased a huge debt at St. Michael's and built a church at St. Joseph's parish in Mayville.

Harvey survey shows

People want more law enforcement

Although the voting was completed in Congressman Jim Harvey's annual Congressional Questionnaire prior to the shocking events of recent weeks, Eighth District residents clearly indicated their grave concern for the crime problems in their responses to two of the key questions.

Congressman Harvey, in announcing the results of the tabulation of approximately 10,500 returns today, pointed out the exceptionally strong support given to the need for government at all levels to take additional steps to enforce law and order and possible legislation to prohibit mail order sales of guns.

"There is little question that if the vote were taken today, in light of Senator Robert F. Kennedy's tragic death and other criminal activities, the margin would be even greater," Harvey said.

Of those voting on the question of the need for greater law enforcement, 9,674, or 94.4, favored more action, while only 570 people, or 5.6, indicated approval of present activities in this field.

In a general review of the questionnaire project, Harvey revealed that this was the highest tabulation of returns in eight years.

"Last year we had a high of 9,216 returns. As of today, we are still receiving a few returns each day," he said. "Certainly, a great deal of credit for this wonderful response should go to the weekly and daily newspapers in the Eighth District which published the questionnaire as a public service and gave every resident a chance to vote."

THE TABULATED RESULTS: 1. Would you support a negotiated settlement in Vietnam which provided participation by the National Liberation Front (Viet Cong) in a coalition government? Yes 51.9% No 48.1%

2. When a satisfactory solution of the Vietnam conflict is found, would you support continued United States military commitments in Southeast Asia? Yes 46.9% No 53.1%

3. Do you support a general reduction of Federal spending as a precondition to the Administration's proposed income tax increase? Yes 89.6% No 10.4%

4. Do you favor Federal Government tax incentives to private business to hire and train unskilled workers? Yes 55.2% No 44.8%

5. Do you feel government at all levels must take additional steps to enforce law and order? Yes 94.4% No 5.6%

6. Do you favor legislation prohibiting mail order sales of guns? Yes 63.5% No 36.5%

7. Do you support a guaranteed minimum income for each household as an alternative to public welfare programs? Yes 25.4% No 74.6%

8. Do you believe the Government provides sufficient and complete information on vital foreign and domestic issues? Yes 20.2% No 79.8%

9. Do you favor ending Federal farm subsidies and controls? Yes 75.1% No 24.9%

10. Do you favor eliminating political appointments of postmasters? Yes 86.9% No 13.1%

"The Decker Lumber Mill was the first thing in town," Ross says. "Then, the Handy brothers built the railroad, in 1914 or 15, and they started quite a town here. Yep, quite a town for a while. Then the fires and the hardtop roads and the automobiles, and they all went to bigger places."

But Ross stayed in Decker. He says he "didn't care about the cities." And the dance hall and bowling alley still live in the memory and words of "Old Mr. Ross."

And, at times, the past is confused with the present for some of the old-time Deckerites.

These are the words of the local tavern owner, most recent immigrant to this community of an earlier day. This young man and his wife run the tavern, called simply, "Tavern."

The generation gap fades quickly in communities like Decker though. And even the young tavern owners have picked up scattered details

Mrs. Kritzman, 67, dies in hospital

Mrs. Lillian Kritzman, 67, lifelong resident of Sanilac County, died Sunday in Hills and Dales General Hospital after an illness of two weeks.

Mrs. Kritzman was born Aug. 5, 1900, in Austin Township. She married Earl Kritzman Nov. 22, 1921. They had lived in Argyle since their marriage.

Mrs. Kritzman was a member of the Ladies Altar Society of St. Joseph's Church.

She is survived by her husband, a brother, Norman Swartz of Harbor Beach, and a sister, Mrs. George Scarborough of Detroit.

Funeral services were held Wednesday in St. Joseph's Church, Argyle. Rev. Richard Seifferly officiated. Burial was in the church cemetery.

Lewis E. Profit, vice-president, Eastern Michigan University, addresses the class of '68 at the Thursday night graduation.

School scribbles

By L. H.

C. C. H. S.

When I was planning ahead for the last column for this year, I thought I'd put "SCHOOL'S OUT!" in four inch-high black letters at the top of the column with a few "hurray's" and "yeah's" around it to show the spirit that usually goes with the happy occasion of school getting out, but this year school ended on a sad note with the death of Don Wernette Thursday night after graduation.

Don, the happy-go-lucky guy whom everybody loved, was very active in school activities and sports since junior high. In his sophomore year Don worked on the school newspaper, was a member of the annual staff, and was a member of a combocall "The What," which won second place in the Talent Show. This year, his junior year, Don was an alternate representative to the Student Council and he earned his letter in football. Some of Don's friends have started a memorial fund, with which they plan to make some kind of a memorial for Don on the athletic field.

Funeral services were held Monday morning at Little's Funeral Home. Rev. James Braid officiated and Tom Fletcher sang the Lord's Prayer. Bearing Don's casket were: Harvey Francis, Terry Brinkman, Mic Miracle, Dave Bliss, Randy Aleksink and Fred Ryan. An estimated one hundred classmates and friends at June 12th - a potluck dinner was held at Evergreen. A large crowd attended, but because of

the class of '69, was injured earlier on the 13th when he dived into shallow water at Barbara Dorland, Darlene Sleeper State Park while on band beach party. He is presently in St. Mary's Hospital, Saginaw, after undergoing surgery Friday afternoon.

Cass City Intermediate

The eighth grade class went to Greenfield Village last Thursday. This trip is an annual thing and has been a tradition for quite a few years now. When the class arrives at the village, the students divide up into groups of six or eight, each group with their own chaperone. Half of the day is spent in the museum and the other half is spent in the village.

Evergreen

Miss Ross, a missionary to Nigeria, Africa, visited the Evergreen students last Monday and shared with them her film strips and curios. Mrs. Johnson, who is moving to the state of Washington, showed her class some pictures of the western United States. Everybody at Evergreen hates to see her leave, but they wish she the best of luck. Her class had a surprise birthday party were: Harvey Francis, Terry Brinkman, Mic Miracle, Dave Bliss, Randy Aleksink and Fred Ryan. An estimated one hundred classmates and friends at June 12th - a potluck dinner was held at Evergreen. A large crowd attended, but because of

Last Monday was the last regular day of classes. Exams were taken all day Tuesday and Wednesday. . . . Ugh! On Friday the students picked up their report cards and left school for the summer. (It's about time!)

Drivers Beware! Drivers Education started Monday and they're on the road! Eek!

Summer basketball practice also began Monday. The gym will be open at 7:00 p.m. on Monday, Tuesday, and Wednesday of every week until the end of July.

The official date for the beginning of weight lifting is July 9th at 7:30 p.m. in the high school gym.

Last Thursday, June 13th, graduation exercises were held at C.C.H.S. According to Joan Maleck, valedictorian, the general attitude of the seniors that night was "to get their diploma and RUN!"

William Dobbs receives degree

William Dobbs, a 1963 graduate of Cass City High School, has been graduated from Michigan State University with a bachelor's degree in music.

WILLIAM DOBBS

He will be teaching this summer in MSU's summer music program. Dobbs is the son of Mr. and Mrs. Willard Dobbs of Cass City. While a student at MSU, he was a member of the MSU Marching Band, the MSU Orchestra, the State Singers and the Wind Ensemble. Dobbs will assume the position of vocal and band director at Pottsville High in the fall. He and his wife, Janice, have two sons.

One of the longest toll-free interstate highways in the nation is I-94, extending 275 miles between Port Huron and New Buffalo, Michigan.

Hostetter's Hodgepodge

What do you know?

By Marion Hostetter

Josh Billings used to say it's "better to know-nothing than to know what ain't so."

Every once in a while I run across a new piece of information that destroys some belief I've held for a long time.

Years ago I read quite a moving story about Charles Martin Hall's efforts to develop a process for securing pure aluminum from bauxite ore. Because of this, I always felt guilty about throwing away a piece of aluminum foil. It seemed to me that after all the aluminum had been consigned to trash dumps, mankind would never be able to recover it again.

Then I read that aluminum is the most abundant metal on the face of the earth, and my anxiety about wasting it took a nosedive.

This reminds me about a little poem that may have been written by Dorothy Parker: You're Sure that you are Right? How Fine and Strong! But were you ever just as Sure -- And Wrong?

Years ago in a museum in Pittsburgh I read that the peak load for electric power companies came on Christmas eve, when all the trees were lit at once.

Then a few days ago I was talking with Eaton Kelley, of the Detroit Edison Company, and he said that was a mistake. The greatest amount of

electric current used to be needed on the Tuesday before Christmas, according to Eaton, when housewives were doing their ironing in preparation for the holiday.

(Either of these statements would be something of a tribute to the influence of the Man whose birth we honor at Christmas.)

But now the peak is reached on the hottest days of early summer, when all the air conditioning units are turned on.

In order to keep their dynamos from going berserk at times when a great amount of current is needed, the electric company is going over to a new system of controlling the water heaters in the homes. It used to be that many homes had their water heaters on a time clock. Payment of a flat rate provided for a constant supply of current, except, I believe, from 5 to 9 p.m.

Under the new system, the time clock is eliminated, and the current will be metered by a device that is controlled by radio from headquarters. It won't necessarily be turned off from 5 to 9. But whenever the monitor at the power plant notices that there is a high drain on the lines, he can shut off all the water heaters for a few minutes, to relieve the strain on the dynamos. The customer won't miss the current when it's turned off for a short time, because his tank will be full of hot water already. The new system of remote control will greatly increase the flexibility of our electric service.

Rev. Johnson moving to Wash.

Rev. Fred Johnson, pastor of the Cass City United Missionary Church, will conclude his duties in Cass City on Sunday and will then move to East Wrentham, Wash., to assume his new position.

Rev. Johnson has been a pastor in this area for the past eight years. He was at the Mizpah and Riverside Churches before taking over his latest position.

Mrs. Johnson has taught at the Evergreen School for the past six years.

Rev. and Mrs. Johnson, and their two daughters, expect to visit relatives in Ohio and Idaho before Rev. Johnson assumes his new duties, Sept. 1.

Replacing Rev. Johnson will be Rev. James Kidney of Grand Rapids. Rev. and Mrs. Kidney have three children.

Rev. Richard Culp of Wheatland will replace Rev. Harold Knight at the Mizpah church.

So great is the variety of Michigan foods that Michigan comes closer to setting the family table completely-breakfast, lunch and dinner-than any other state.

Remember, the mistakes you made yesterday are responsible for your worries today.

BEET SUGAR INDUSTRY OF MICHIGAN

Uncle Tim From Tyre Says:

Dear Mister Editor:

Ed Doolittle told the fellers at the country store Saturday night that the Great Society started out by declaring war on poverty and now poverty was declaring war on the Great Society. He was of the opinion both sides had better start looking for a peaceable before starvation set in for everybody.

Cooper infant dies at hospital

Jeffery Edwin Cooper, 3-day-old son of Mr. and Mrs. Max Cooper, died Wednesday, June 12, in Hills and Dales General Hospital. The baby was born in Hills and Dales on Sunday.

Jeffery is survived by his parents; four brothers, Timothy, Joseph, David and Jerry, and his grandparents, Mrs. Nellie Cooper, Kingston, and Mr. and Mrs. Robert Vargo, Cass City.

Services were held at 11 a.m. Thursday in Kingston Cemetery. Rev. Wilbur Traver, retired Methodist minister officiated.

Ed said them pore folks marching on Washington and demanding money was like trying to borrow a life jacket off'n a drowning man. Ed, that ain't no friend of the Great Society no-how, said ain't no Government on the face of the earth in all recorded history so deep in debt. He reported where he had saw Senator Sam Ervin of North Carolina said the pore was marching on Washington at a time when the Congress was trying to cut a \$186 billion budget and looking at \$222 billion them Government agencies claimed was necessary for the fiscal year.

Ed went on to quote Senator Ervin where he said they was already \$25 billion in the new budget for pore relief, and he was of the opinion we had ought to figger out where the money was coming from afore they start working on a \$3,000 annual income guaranteed for everybody.

Zeke Grubb was agreed with Ed, said he could recollect back in 1932 when about 15,000 World War veterans marched on

Washington, didn't ask for no place to sleep, and was begging for nothing but a job and the police run 'em off. Now, said Zeke, the pore folks march on Washington and if they can't find no place to sleep they stay at a hotel and send the Government the bill. He said the Government was changed in 36 years. Clem Webster was of the feeling that everything was now so speeded up a feller couldn't figger if he was leading, getting led or just plain run over. He said we was gitting drive-in funeral homes and hospitals and the time was coming when a human being wouldn't need legs. He said we was already hauling kids 10 blocks to school and building million dollar gymnasiums so's they could exercise their legs. And Clem allowed, we was doing it all on the time payment plan.

Ed said now that the subject had got off the pore war and on the time payment plan, about the only thing he had saw in the papers all week that made any sense was where this old lady in England had to build a brick wall behind her property to keep her water off a public street. The town built the wall and charged her \$1,000 but she was giving a payment plan that called for 7,300 years to pay it off. A town official explained "we don't want to press elderly people on money matters."

Josh Clodhopper closed the session by saying he was gitting mighty elderly and he shore would like to see that payment plan catch on in this country.

Yours truly,
Uncle Tim

Behind the Counter Pharmacy Services

There has been some public discussion recently about the price of prescription drugs. While drug costs have risen much more slowly than many other items in the market-place, there have been questions about why the prices vary from drug store to drug store.

Many of these comments suggest that today's drugs are furnished by some sort of machine, straight from the manufacturer. Many critics ignore the fact that a pharmacist and his services are involved in the dispensing of drugs.

Dr. Joseph D. McEvilla, professor of pharmaceutical economics at the University of Pittsburgh, recently criticized one writer on this point. "In discussing drug prices, particularly about what the patient should pay for individual doses, the author fails to recognize that these prices are influenced not only by the cost of the product to the pharmacist, but also by the charge for the pharmacist's professional services."

He points out that the wide variety of services provided by the druggist must be considered before computing the final charge to the customer. "Unfortunately, some pharmacists — like individuals in other walks of life — provide only the minimum services required by law. Others provide a myriad of services, some of which are not perceived by the patient."

Pharmacists — like others who offer individualized service — place varying values on their professional function. Also, the drug cost to the pharmacist is likely to vary widely.

This is a complicated subject, but no pharmacist today need apologize for the cost of his valuable role in providing the community with a vital health service.

Bonnie Butler gets applied arts degree

Graduated from Ferris State College in Commencement ceremonies Sunday was Bonnie Butler, daughter of Mr. and Mrs. Frank Butler of Cass City.

BONNIE BUTLER

Miss Butler acquired an associate of applied science degree in dental assisting. She finished her course in December and has been employed in Caro.

A 1965 graduate of Cass City High School, Miss Butler will be married in Good Shepherd Lutheran Church July 6.

Parasitism major killer of sheep

Sheep owners are advised not to get "too busy" with their field work to forget to drench their flock and provide phenothiazine and trace mineral salt free choice to the animals. Alfred Ballweg, County extension agricultural agent, says each year from mid-June until mid-July the diagnostic clinic

at Michigan State University receives a number of inquiries about sheep death causes. Most of the cause is due to parasitism.

Many flock owners assume bloat is a factor, and do not realize that dead sheep will bloat soon after death.

Dr. Clifford C. Beck, extension veterinarian at MSU, says sheep should be wormed three to five days before they are turned out to pasture. Likewise, the flock should have access to phenothiazine and trace mineral salt fed free choice all summer and fall from a covered salt box.

He says the economic loss to Michigan sheep flock owners from parasitism is heavy and can be eliminated by proper control methods.

Information on control methods can be obtained from the County extension office at Civil Defense Center, Caro.

Methodists make new assignments

Four appointments of area ministers were authorized at the Detroit Annual Conference of the United Methodist Church at Adrian College on Tuesday, June 11.

Rev. Donald Turbin replaces Rev. James Braid at Cass City. Rev. Turbin was formerly at Tawas. City. Rev. Clifford DeVore of Gladstone will take over for Rev. Basel Curtiss at Owendale.

At Decker, Rev. William Burgess will be replaced by Rev. Stephen Chapko, formerly of L'Anse, and Rev. Verne Blankenburg, from the Goodland Charge, takes over for Rev. Sherman Beird at Kingston.

Rev. Braid's new appointment is in Vassar. Rev. Curtiss will be stationed in Brown City and Rev. Beird has been assigned to Kichville Methodist Church in Saginaw.

Another outcome of the Detroit Conference was the election of Rev. DeVore to Associate Membership.

This position grants privileges, including the right to vote upon all matters, considered by the annual conference, except matters considered in executive session. Rev. DeVore is a graduate of Simpson-Drake-Iowa State University.

Around The Farm

Gloomy view for farmers

By Alfred P. Ballweg

According to Dr. John Ferris, Extension Specialist in Agricultural Economics, creeping inflation of the late 1950's and early 1960's has begun taking more sizeable steps. A 3% increase was registered on the consumer price index in both 1966 and 1967 compared to 1% to 2% increase in previous years. At present consumer prices are running 4% over a year ago.

Farmers also are feeling the pressure as the index of prices paid by farmers increased to 121 in April 1968 up 4% above the year before.

He goes on to say that wheat prices continue at their lowest level in a quarter of a century and show little sign of strengthening. Corn prices have dropped below \$1.00 and are not expected to rise much above the \$1.07 to \$1.10 loan rate in the 1968-69 crop year.

It would appear to me that for farmers in general and cash crop farmers in particular that this is a gloomy outlook. It has often occurred to me that farmers are not getting a fair break for the excellent job that they have done through the years in production of food and fiber. Our country today is faced with many problems including civil rights, riots, rising crime rate, war and many other problems but one problem that we are not faced with and that is a shortage of food. Farmers are to be praised for the tremendous job that they have done as well as agriculture in general. It would seem that they should be deserving of a better break when it comes to returns for their labor and capital inputs.

The average farmer in the U. S. can now produce as much before breakfast as he did in a full day 30 years ago. Although our work force of farmworkers is only 5% of the total labor in this country, each farmer supplies 41 people with food and fiber. Forty years ago, each farmer supplied only 14 persons.

For some reason or another the Plant Pest Control Division of the U. S. Department of Agriculture cooperating with entomologists at Michigan State University have selected Elmwood township as the township in Tuscola County where

checks will be made through the summer months to determine the presence of the cereal leaf beetle. Trained men will periodically make a minimum of 100 sweeps through fields of crops grown in the township until sometime during the end of August of this year. Just why I selected Elmwood township, I would like to know. I do know that the infestation of the cereal leaf beetle is much more pronounced in the southwestern area of our county. I have observed at least one field of oats in Tuscola township where the infestation of the larva was heavy enough to spray for their control.

While visiting with the men from the Plant Pest Control Division making the surveys in Elmwood Township, I learned that on the average they have picked up about four beetles per 100 sweeps through various fields. I asked them how this would compare with, for example, down in the southwestern part of Michigan where the cereal leaf beetle was first discovered four or five years ago. They informed me that in this more heavily infested area of southwestern Michigan they could expect to pick up several thousand per 100 sweeps.

Just what will happen in future years with regard to the build-up of the cereal leaf beetle in Tuscola County remains to be seen. However, at this time it does appear that the population is building up and especially so in the more southwestern part of our county.

There is a certain amount of optimism among some of our entomologists who predict that research is helping to find better and more effective methods of control -- (1) using a systemic treatment on the seed of oats before the crop is planted. Let's hope that we will eventually have the answers to an effective control program.

Mrs. Tom O'Toole

Tom J. O'Toole, son of Mr. and Mrs. Joseph O'Toole of Saginaw, claimed Miss Arlene K. Kilbourn, daughter of Mr. and Mrs. Jack Kilbourn of Cass City, for his bride Saturday, May 18. Father Ganley officiated in the Holy Family Church of Saginaw.

The bride approached the altar wearing a white linen and Venetian lace A-line gown, with Empire bodice and chapel train. A daisy lace headpiece held secure an imported English illusion veil. She carried a cascade of roses, stephanotis and ivy.

Miss Karen Kilbourn of Cass

City was her sister's maid of honor. Bridesmaid was Mrs. Ralph Edwards of Mt. Pleasant. They chose avocado green floor-length linen gowns, with Empire bodices. Each wore a matching headpiece with a bubble veil and carried a cascade of roses and chrysanthemums.

Pat J. O'Toole was his brother's best man. Groomsman was Mike J. O'Toole, another brother.

A buffet reception followed the ceremony at the L.C.W. Home, Saginaw, for 150 guests. The newlyweds went on a Canadian honeymoon. They will reside in Saginaw.

Mudge anniversary celebration Sunday

Mr. and Mrs. Charles F. Mudge of 6378 Argyle Road, Cass City, will be honored by their nieces and nephews in observance of their 50th wedding anniversary, at an open house Sunday.

All relatives and friends are invited to attend the celebration, to be held from 3-5 p.m. at the First Methodist Church, Cass City.

Charles Mudge married Katie M. Towle June 26, 1918 in the home where the couple still resides. Rev. William Richards, former pastor of the Methodist Church, united them in marriage.

Mr. and Mrs. Mudge are members of the First Methodist Church and Masonic Lodge F & AM No. 317, Royal Arch of Caro and the Eastern Star No. 337.

The couple requests that gifts be omitted.

OES Echo chapter gives recognition

Eleven past worthy matrons and three past worthy patrons were given special recognition at the June meeting of Echo chapter OES held Wednesday, June 12.

During the business meeting with Mrs. Kenneth Elsing presiding, Mrs. Gerald Whitaker reported proceeds of \$99.50 from a card party held May 25. Mrs. Keith McConkey reported contribution to the Mary Merchant memorial fund amounted to \$97.00 thus far.

There will be no further Chapter meetings until September.

Twenty-five were present including 13 regular officers and one guest, Mrs. Mildred Barr of Yale.

Red carnations decorated the dining room tables when Mrs. Alex Greenleaf and her committee served refreshments at the close of the meeting.

Men who marry for money soon realize that money talks.

Michigan's Upper Peninsula is as big as Connecticut, Delaware, Massachusetts and Rhode Island combined.

Michigan has a larger variety of commercial tree species than any other state, and its forest product industries contribute over \$650 million annually to the Michigan economy.

Mrs. William H. Hutchinson

A wedding trip to Canada followed the June 15 ceremony which united Prudence Jane Randall of Ceresco to William Harold Hutchinson of Saginaw.

Dr. Allan J. Weenik officiated at the afternoon ceremony at the First Presbyterian Church at Battle Creek.

The bride, daughter of Mr. and Mrs. Joseph W. Schaeffer of Ceresco, wore a white A-line Empire silhouette gown, styled with an oval neckline, fitted bodice, finger-tip sleeves, and accented with motifs of Chantilly lace, sprinkled with baby seed pearls. The detachable Chapel length train fell gracefully from the shoulders of the gown, and was accented at the hemline with lace motifs and seed pearls. A pillbox of sheer organza enhanced with a large triple Dior bow, lace appliques and aurora crystals, softly caught the bride's veil of silk imported English illusion.

She carried a nosegay of white daisies and ivy, tied with satin garlands.

Dressed in empire sheaths of yellow chiffon over taffeta were the maid of honor, Jane Watkin of Battle Creek, and bridesmaids, Mary Underhill of Marshall, Mary Capron of Victor, N.Y., and Peg Mackin of Manistee. Their gowns were styled with lace bodices outlined at the empire waist with a satin nile-green ribbon adorned with yellow and white daisies, and featured streamers at the back. They carried semi-cascades of white daisies centered with ivy and an avocado ribbon. Lisa and Kim Stevenson, nieces of the bride, wore gowns identical to the bridesmaids and carried baskets of yellow daisies with avocado ribbons, as they took their place as flower girls in the procession.

The bridegroom, son of Mr. and Mrs. Grant Hutchinson of Cass City, asked J. Stephen Smith, a classmate at Michigan State University, to serve as best man. In the usher corps were Phillip A. Randall, brother of the bride, James Hutchinson, brother of the bridegroom, and Edward Knight, classmate of the bridegroom.

Following the ceremony a reception was held in the church parlors.

The mother of the bride, Mrs. Schaeffer, wore a pale beige raw silk suit and a brown cymbidium orchid. Mrs. Hutchinson, mother of the bridegroom, wore a pink dress and pink cymbidium orchids.

The new Mrs. Hutchinson wore a navy blue dress with red and white trim for the wedding trip. After June 23rd the couple will reside at 2529 Gabel Road in Saginaw.

Benkelman rites held Friday

Joseph Benkelman, lifelong resident of this area, died Tuesday, June 11, at Hills and Dales General Hospital. Mr. Benkelman, a retired farmer, was 78. He had been a patient at Hills and Dales for one day.

Mr. Benkelman was born Oct. 5, 1889 in Elkland Township. He and Miss Esther Ackerman were married June 10, 1911 in Cass City.

Surviving are his widow and a brother, Ward, of Cass City. Services were conducted at 2 p.m. Friday by Rev. Ira Wood, pastor of Salem United Methodist Church, and Rev. Stanley P. Kirn, retired pastor. Burial was in Elkland Cemetery.

"If It Fitz..."

Where do the nuts get the guns?

BY JIM FITZGERALD

My son was surprised to see me glued to the TV set so early in the morning. I told him Senator Kennedy had been shot. He asked me why anybody would want to do that.

Now there is a question. How do you explain such terrifying violence to a 10-year-old child? "The man who did it has got to be a nut," I said.

"Like the guys who shot Martin Luther King and President Kennedy?" Eddie asked. "Yes," I said.

"Gee," he wondered, "where do the nuts always get the guns?" Now there is another question.

Ironically, Bobby Kennedy was one of those who have been fighting for stiffer gun legislation. And he had been getting nowhere, the certain destination of anyone opposing the powerful National Rifle Association (NRA). The NRA speaks loudly for millions of citizens who are scared silly someone is trying to stop them from shooting a deer or a duck.

For years, a few congressmen have tried to pass laws limiting the sale of firearms by mail. No luck. The NRA lobby has continually turned screws and most congressmen have wilted under the pressure. They are afraid to offend Joe Deerslayer back home. Joe Chicken Congressman doesn't want to get shot down at the polls. He might have to go to work for a living.

The NRA reasoning is so ridiculous it would be laughable - if it weren't for all the blood. The rifle men guard their guns behind the U.S. Constitution - and behind the brilliant theory that a bandaid will cause death.

All sensible men want to do is tighten restrictions so not every nut can buy a gun simply by mailing a postcard or driving to Toledo. But the NRA says such laws would violate your constitutional rights and would quickly lead to more laws which would forbid all citizens to own any guns under any circumstances.

Another favorite NRA argument is that a killer will kill, gun or no gun. He'll use an axe or a club or his fists.

Phooey. The constitution was written when Americans were busy taking this land from the Indians. A citizen needed a gun to protect his scalp. There was no elaborate military-police organization to do the job for him. It was important to guarantee that every citizen have the right to bear arms. This is no longer important; it is, in fact, dangerous. This country today is obviously crowded with jerks who shouldn't be allowed within 100 yards of a gun.

As for the hole-in-the-dike theory, double phooey. The gun men continually claim that a law placing slight limits on the sale of firearms must event-

ually lead to a total ban against all guns in all homes. And then who will shoot all those ferocious animals?

This is obvious nonsense. Laws against jaywalking haven't knocked the nation off its feet. Laws against speeding haven't curbed cars. And, God help us, laws against murder haven't stopped wars. The NRA, in its perplexing stupidity, is shooting a mouse with a cannon.

Which brings us to the last silly argument - a killer will use another weapon if he can't get a gun.

For one thing, this theory ignores the unique deadliness of a gun in the hands of an assassin. Could Harvey Oswald have murdered John Kennedy with a bow and arrow? Could that other nut have gotten close enough to Bobby Kennedy to do as much damage with a club or a knife? Not likely. These men were surrounded by guards and friends. Only a gun could pierce their forts of flesh.

And how many times have you read about domestic arguments which ended in deaths because an angry, maybe drunk husband "went into the bedroom and returned with a pistol?" You might outrun a knife or a fist. A bullet is something else.

How many kids are killed each year while playing with Daddy's gun? Stupid Daddy didn't know it was loaded; or he didn't know Junior could reach the top shelf.

I could cite dozens more examples illustrating why not everyone should own a gun. But it wouldn't influence the mighty NRA. The rifle men will keep paying lobbyists fat fees to pressure lawmakers. They'll keep flooding editors and gun clubs with specious propaganda. And, like it or not - I hope you're ready for this - you will continue to pay part of the NRA bills.

That's right. The NRA is sub-

sided by taxpayers. It receives over \$2 million a year from the Defense Dept. It's supposed to use the money to teach target practice - but, too often the lobbyists are shooting and congressmen are the targets. The NRA also gets free use of Camp Perry, Ohio each summer for shooting matches. Last summer, a Cleveland congressman wanted to use Camp Perry as a summer camp for 5,000 underprivileged boys. He was turned down because the NRA had to shoot.

Naturally, rifle practice is more important than poor kids getting some fresh air. That's something else I'd hate to explain to a 10-year-old boy.

As I write these words, it is not known where Bobby Kennedy's assailant got his gun. It may be he is a retired cop with a permit to carry nuclear weapons. This would not subtract a speck from the validity of the argument that the sale of guns should be better controlled.

And the National Rifle Association should be put in its proper place - about on par with the United State Lawn Tennis Association.

Mrs. Duane F. Hickey

Christine Ann Mark and Duane F. Hickey were united in marriage Saturday, June 8, in a five o'clock ceremony at the Fairgrove First United Presbyterian Church. The Rev. John M. Hicks performed the rites. The bride is the daughter of Mr. and Mrs. Leitch Mark of Cass City and the groom's parents are Mr. and Mrs. Foster Hickey of Fairgrove.

The bride was given in marriage by her grandfather, Ed Mark. She wore an organza gown with long bridal sleeves. The gown and train were scattered with medallions of Venice lace and her elbow-length veil was held by an organza petal cluster. She carried a bouquet of daisies.

Mrs. Linda Gremel, the bride's sister, was matron of honor. Bridesmaids were the Misses Gloria Derengowski, Christine Hickey, sister of the

groom, and Janene Bohnsack. They wore gowns of crepe over satin featuring Camelot sleeves and Empire line of daisies that met in back to form a crepe train. The matron of honor wore green and the bridesmaids wore pastel shades and carried daisies tinted to match their dresses.

Dennis Gremel, brother-in-law of the bride, was best man. Charles Severance, Ernie Cramer and Arthur Campbell were groomsmen. Ushers were Keith Mitchell and Larry Baur. Nieces of the bride, Kimberly Mark and Debbie Mitchell, attended as flower girls and Brent Mitchell, the bride's nephew, was ring bearer.

Mrs. Edward Golding Jr. sang "O Promise Me" and "The Lord's Prayer." Organist was Mrs. Lyle Aldrich.

The bride's mother wore a powder blue crepe sheath with capote sleeves. She chose white accessories. The mother of the groom wore a powder blue crepe dress with matching lace coat and white accessories. Both mothers wore corsages of white roses.

A reception followed the wedding in the church parlors with 250 guests attending. After a honeymoon in Florida, Mr. and Mrs. Hickey are living near Fairgrove.

Agent's Corner

By Mrs. Ann Ross

Which size egg gives you the most for your money? Generally speaking, if there is less than a 7 or 8 cent price spread between sizes, then you're better off buying the larger size. You'll actually be getting more poundage of egg for your money. Of course, this pricing has to be all in the same grade of eggs and based on a dozen eggs.

The reason it figures out this way is that sizing of eggs into "extra large", "large" and "medium" is based on weight. Minimum weight per dozen for the extra large size is 27 ounces; for large, 24 ounces and for medium 21 ounces.

So, if extra large eggs, for example, were priced at 43 cents per dozen and large eggs were marked 40 cents per dozen, you'd be better off buying the extra large eggs. The spread is less than 7 or 8 cents which is the guide mentioned. And if you figure it out on the weight basis you'd be paying slightly less per ounce of egg in buying the larger size.

Eggs give you high quality protein at a reasonable price when you compare it to other comparable protein foods, such as meat.

Compared nutritionally with the lean meat of a pork chop which weighs about the same as an egg, the egg has a much lighter calorie load. Also in its favor, the egg contains about four times as much calcium and much more vitamin A.
