

# Sanilac commissioners hold firm over court talks

The Sanilac County Board of Commissioners have no plans to reopen negotiations with Probate Court employees in spite of a request by Judge George E. Benko.

In a letter sent to Benko last week, Board Chairman Lloyd Severance (R-Decker) stated as far as the board was concerned, negotiations for 1975 are closed.

Benko claims reopening negotiations now will not necessarily mean requests for increased wages or fringe benefits. He says he is planning to reopen negotiations with union representatives of the two court employees.

In his letter to Benko, Severance made the board's position clear. "On Jan. 1, 1975, our courthouse employees came under the new provisions of the wages and benefits nego-

tiated between these employees and the Sanilac County Board of Commissioners at a series of meetings last fall and early winter," Severance told Benko.

"Our budgets were locked in at these increased pay rates and benefits and will remain so until the 1976 budget is finalized."

Severance added that the board would be open to negotiations by interested parties at the time the 1976 budget is planned. He told Benko to inform his union representatives that any new changes in benefits would not take effect until that time.

In a telephone interview with the Chronicle Monday, Benko claimed reopening negotiations does not necessarily imply any new requests for funds. "As far as I know, they are

not asking for wage increases," Benko said. He said he received a letter from the union asking that negotiations be opened again. Benko said he must comply with the request or, as sole employer, be subject to an unfair labor practice suit.

"There was no demand for reopening negotiations on wages," Benko said. "As I understand it, all they want to do is talk. I sent the letter onto the board and asked if they would send a representative."

"Under the law, I don't have to have anyone from the board sit in on the negotiations, but I wanted someone from the board there."

The judge sent a letter to the commissioners Wednesday which formally asked Commissioner Stanley Alexander, Peck, to join him as a second party during the talks.

Benko said Monday he had received no reply from Alexander.

"I'm the employer," Benko told the Chronicle. "And I have to live with this (Supreme) court decision. I may not fully agree with it, but I have to abide by it."

Benko referred to a recent Michigan Supreme Court ruling which said that courts have the inherent right to negotiate a contract with their employees.

The case arose in Livingston county when Circuit Judge Paul Mahinske negotiated a contract for county employees who were represented by a union covering their wages and working conditions.

Severance sees the case as a threat to the right of local county boards to legislate wages and salaries.

"It isn't the question of money," Severance told the Chronicle. "It's a matter of authority. Technically, under this court ruling, if we don't go along with him (Benko), we could be liable for contempt of court proceedings and wind up in jail."

Severance said he has "high hopes" that this will be as far as the ruling will go. He said the Michigan Association of Counties hopes to mount a movement to keep this trend from spreading.

"If it isn't stopped, it could lead to the same thing happening with other department heads in the county," Severance said.

Severance said he was unfair to him and his court.

Benko took exception to the dispute being called a "wage hassle" and emphasized that to date, wages are not the issue.

"All they (union representatives) want to do right now is talk, as I understand it," Benko said. "There was nothing said about re-negotiating wages."

Benko blasted a story in the Port Huron Times Herald about the situation in Sanilac county, claiming the account

was unfair to him and his court.

Director A. Barry McGuire called the ruling "the club ruling in favor of the club."

He urged that the state constitution be amended to limit the "inherent power" of the courts.

"We believe the silence of the constitution in the whole matter of appropriating public monies should be broken," McGuire said in an editorial printed in the organization's newsletter. "We are convinced the constitution, by

amendment, should prohibit the judiciary from impinging on the power of the legislative in this entire area."

Thumb area county commissioners met Monday in Caseville and passed a resolution asking the Michigan legislature to pass a bill restoring the authority of county boards to bargain with all county employees and to set an election on a proposed constitutional amendment which will reverse the high court's ruling.

"If something isn't done, it'll be hard to live with," Cmmr. Maynard McConkey, Cass City, said. McConkey, who was elected as district chairman for the current year, said he was concerned about the problem in Tuscola county as well as Sanilac.

## Cass City school board changes football program for 1975-76

Football, the lights on the football field and the cost of attending games highlighted an abbreviated session of the Cass City School Board Monday night at the high school.

A plan presented by Roland Pakonen, football coach, was adopted by the board. Starting next year there will be no junior high football.

In its place will be freshman football with a regular schedule. The two coaches now involved in junior high football will handle the Fresh-

men. Presently, Freshmen and Sophomores play together on the junior varsity team.

Pakonen said that he was asking for the changes in hopes that the high attrition rate between junior high and junior varsity competition would be reduced.

What has happened in the past, said Pakonen, is that we have had boys weighing about 100 pounds up against Sophomores weighing 180 pounds and consequently they become discouraged and quit.

While acknowledging that there will still be size differences, Pakonen said that he and the other coaches agreed that it should be much less.

Presently, Frankenmuth and Vassar use the proposed system while Caro judges its program by the material available. Others have junior high programs.

Trustee Dean Hoag told the board that he has had several complaints about the cost of attending athletic events for parents with large families in school. He estimated that

over \$240 could be spent by a family with a couple of boys and a girl in the program.

He asked why a season ticket for families could not be established.

Supt. Donald Crouse pointed out that presently over \$2,000 comes from the general fund for athletics and that coaches' salaries run nearly \$16,000 over and above regular teacher salary payments.

A family ticket plan, he said, is essentially a reduction in rates and will mean that more funds will have to come from regular tax funds.

Athletic Director Robert Stickle pointed out that there are about 115 home athletic contests run yearly at the school.

best type of lighting. It was a winning night all around for projects suggested by the superintendent. At the last regular meeting a request to hire an unemployment insurance consultant was tabled by the board. It was on the agenda again Monday and this time the board okayed a one-year trial with the company for \$600.

There will be new lockers at the Intermediate School. Low bid for 349 lockers in the gym and on the third floor was accepted. The bid of \$9,699.37 will furnish the lockers in three colors for easier student identification.

Chairs purchased six years ago with soft plastic backs are cracking and the school must buy 500 replacement backs. The new backs are of hard plastic and cost \$1.74 each plus the labor cost of removing three rivets to remove the faulty backs and then reattaching the new backs to the chairs. The firm that the chairs were purchased from has gone out of business.

In other activities the student discipline procedure was outlined in writing and shown to the board and the office activity account was increased from \$1,500 to \$2,500 because the fund was overdrawn four months of this school year.

## Owen-Gage board tables building action

There won't be any crash building program in the Owendale-Gagetown School District until the Board of Education is certain the existing sanitary sewer can be used with a new high school building.

That was the consensus of trustees during their regularly scheduled meeting held Monday night in Gagetown.

The board refused to take further action on a building program in spite of a recommendation from the district's Citizen's Study Committee that the plan submitted by architect Frederick Wigen be approved and placed before voters.

Board President Ronald Good told the dozen citizens who attended the meeting that he would not favor taking any action until he saw written assurances by officials of the Michigan Department of Natural Resources and the Department of Health that the existing sewer could be used with a new building.

Good said once the board or architect Wigen receives such a written okay, then the board could move to place the question on the ballot.

The recommendation came from Supt. Glenn Sanford who told trustees verbal assurances that the system could be used are not enough to launch a building campaign.

This did not satisfy many persons at the meeting who said a complete inspection of the system should be made before anything is done. Their consensus was that even if a written approval from the DNR is forthcoming, that alone won't assure the system is functioning properly.

Jack Downing, Gagetown, reminded trustees that the capacity of the Owendale septic tank is unknown nor is a map of the drain field available.

He criticized what he characterized as buck-passing on the part of government agencies in charge of drainage.

"It looks like this thing is a hot rock that's being passed from one department to another," Downing said.

He also criticized statements that the village of Owendale is relatively close to having its own municipal sewer. He claimed the village ranks 445 on the DNR's priority list, compared to Gagetown's 355 ranking.

"Maybe we're looking in the wrong place to build a school," Downing said.

"It would be my recommendation to the board to postpone any building project until one of the villages has a

municipal system," he added. "Then your problem would be solved. Because right now, you don't know what you've got."

Commenting on the situation Tuesday, Jack Laurie, Chairman of the district's Citizen's Study Committee, said he had no knowledge of when Owendale might have a municipal sewer system. He said the impression created in a Chronicle story last week

### WHAT TO DO?

The board heard a report from Health Utility Services on the condition of the utility poles at the park. Nine of the 12 poles were deemed good enough not to require inspection for 10 years.

Two would require inspection in five years and one in two years.

However, modern lighted fields use fewer poles with more high intensity lights on them.

The board okayed Crouse's suggestion of hiring Warren Holmes, architect, to survey the field and recommend the

## Cass Cityan 'serious' after crash

A 27-year-old rural Cass City man was listed in serious condition late Tuesday afternoon from injuries sustained when his pickup went out of control and slammed into a three-foot square concrete pillar at the intersection of Kelly and Phillips Roads in Novesta township earlier in the day.

Jerry Dean Sugden of 5291 Kelly Rd., suffered multiple cuts, bruises and other internal injuries after his vehicle, westbound on Kelly Road, went off the south side of the road and struck the concrete corner marker.

Sugden was rushed to Hills and Dales General Hospital. He was alone in the vehicle at the time of the mishap, 1:45 a.m.

Tuscola County Sheriff's deputies investigated the crash.

Police investigated several other property damage accidents in the area last week.

Saturday, a car driven by Roy Wayne Walker, 32, of 3673 Ross St., Kingston, went out of control and slammed into a ditch on Phillips Road, about two miles southwest of Kingston.

Sheriff's deputies who investigated said Walker was headed south on Phillips Road when he traveled into a ditch on the west side of the road. Officers said the vehicle continued 90 feet before coming to rest.

Walker was not injured. The accident took place at 11:40 p.m.

by Cass City Police. Saturday, cars driven by Elizabeth Sadie Robinson, 27, of Harbor Beach and Velda Marie Diebel, 70, of 6477 Dodge Rd., collided on Main Street near Leach.

Cass City Police said the Robinson vehicle was attempting to leave a parking spot and apparently struck

the Diebel vehicle, eastbound on Main.

Neither driver was injured and no ticket was issued. The accident took place at 11:40 a.m.

Thursday, a car driven by Linda May Schember, 24, of 6181 Cedar Dr., struck a parked vehicle owned by

Larry J. Keyser, of 4368 Woodland St.

Cass City Police said Ms. Schember was backing out of a driveway when she struck the Keyser vehicle, parked on the opposite side of the street.

No ticket was issued and Ms. Schember was not injured. The mishap took place at 9:40 p.m.

JERRY DEAN SUGDEN, 27, Cass City, was listed in serious condition Tuesday at Hills and Dales General Hospital from injuries suffered when his pickup went out of control and struck a three-foot square cement cornermarker at the intersection of Kelly and Phillips Roads early Tuesday morning.

## County, union settle non-economic issues

Negotiators for the Tuscola County Board of Commissioners and Local 2397, Council 55 of the American Federation of State, County and Municipal Employees

(AFSCME), representing courthouse employees, reached tentative agreement on non-economic issues during a long negotiating session Tuesday at the courthouse in

Caro. The tentative agreement came around 6 p.m., following day-long talks that pave the way for hard bargaining on economics, which was set to begin Wednesday night.

While not commenting on the substance of the agreement, Cmmr. Maynard McConkey, chairman of the county Personnel Committee, said the agreement provides protection for both sides.

"I think it's a fair agreement and I'm hopeful that both sides can work harmoniously under it," McConkey said Wednesday morning.

The agreement comes after a long set of negotiations which got underway late due to the late convening of the board in January. Earlier Tuesday, union sources said the membership was disappointed in the lack of progress that had been made to that point.

McConkey also refused to comment on the impending economic talks, but commented that the board had received the "bad news", relating to wage demands.

Both non-economic and economic issues will be voted on by the membership as a single package. It is unknown how long it will take to get final agreement on all issues.

In discussing the agreement, McConkey referred to a "no-strike" clause which he said provided protection for both sides. He did not elaborate.

### BOARD BUSINESS

In board business Tuesday, commissioners heard a request for \$112,000 for county bridges from the Road Commission, and a request for continuing a working agreement that provides funds to townships for road repair.

The request was referred to committee. The commission will also receive \$2,161 in delinquent taxes. Concluded on page 12.

## Johnson to leave State Police Post

Lt. Ward Johnson, 47, State Police commander at the Caro post, is being transferred to command the Pontiac post, it was announced this week.

Johnson, who also received a promotion, will succeed retiring Lt. Raymond Hoopergar at Pontiac.

State Police officials also

Caro post through its initial year. Enlisting in 1951, he has served at Flint, Sandusky, Bridgeport, Calumet and St. Clair. He is a native of Iron Mountain in the Upper Peninsula.

Johnson is expected to assume his new command Feb. 24. Haydon will take over at Caro the same day.

LT. WARD JOHNSON announced Sgt. James H. Haydon, 40, of East Tawas, will be promoted to lieutenant and assigned to command the Caro Post. Haydon is a 20-year veteran of the State Police and has served at Bay City and Newaygo prior to his new assignment at Caro. He is a native of Rudyard, Mich. Johnson commanded the

SGT. JAMES H. HAYDON "Normally I'd be elated at the move but I can't really say I am," Johnson said Monday. "I really enjoy Caro and Tuscola county and it will be difficult to move." He indicated his family would probably not move to Pontiac until at least the end of the school year in June.

I WILL be at the Cass City State Bank, Friday, Feb. 14, to collect taxes. Elkland Township Treasurer. 2-13-1

(And anyone else he can get to help)

I win a few and lose a few in the battle for your right to know how local tax dollars are spent. The village council and the Cass City School board are in the midst of negotiating a contract for the lease of the football field.

None of these negotiations have been held in public... as the council and the school shield the conferences in "committee" meetings.

The public is a loser there. But we did win a point. The school board has promised to discuss the final results in an open meeting and then wait a month before taking action.

Naturally, I can't give you a complete picture of the situation as it develops without being present when the decisions are made.

But you will have time to decide whether or not the board is headed in the right direction and protest if you feel the money is being handled unwisely.

And that's something.

+++++

This is the last time that you will see the name Ms. Brenda Breidinger Murphy in this paper. From now on it is Ms. Brenda Breidinger. Ms. Breidinger told the school board in a letter that she wanted to be called Breidinger, not Murphy (her husband's name) and if that's the way she wants it, why not?

The kids and parents didn't know it but there was nearly another unscheduled vacation day at the Intermediate School Monday.

That's because a control panel blew up and there was no heat Sunday night. Supt. Don Crouse and the maintenance staff rounded up a used model and got it working at about midnight Sunday.

The used one will be kept at a cost of \$200 and used as a back-up unit after a new panel is installed at a cost of \$600. Getting that furnace working so quick was bad, bad news for the students and good, good news for the parents.

For 10 years during Boy Scout week in February the Chronicle ran an advertisement sponsored by public spirited businesses and industry promoting Boy Scouts.

You'll notice that it isn't running this year. That's because trying to drum up more interest in Scouting in the village appears about like beating a dead horse.

Scouting is at its lowest ebb in the village in at least the last 25 years. Now Jim Baker is trying to do something about it.

One big reason for the decline is the programs at the school. Boys that used to be in scouting are now practicing fifth, sixth and seventh grade basketball.

We wish Jim luck as Scoutmaster. With the formidable competition for the leisure time of the scout-age boys he will need all that he can get.

## Don't let winter put a freeze on your milk production.

This year don't let your dairy cows get into that usual cold weather production slump. Add Mol-Mix Liquid Feed Supplements to your feeding program.

Mol-Mix is the quality Liquid Feed Supplement that stays in suspension and won't freeze or become too thick even in the coldest temperatures. It is the supplement that helps you keep production up while holding costs in line. Plus you get savings in time and effort.

This winter convert to our liquid concept. You'll be glad you did.

**HISTORICAL TREASURE** - Representative Quincy Hoffman (R-Applegate), left, proudly displays a cast of a 10,000 year old tooth from a Jefferson Mammoth. The tooth was presented to Hoffman by Howard Tanner, director of the Department of Natural Resources. The replica was presented to Hoffman because it was found by a farmer in Huron county which is in his district. Also, Hoffman is very active in the Sanilac Petroglyphs State Park project in the same area. When finished the park will have a complete history of the early days in Michigan. According to the DNR officials, the mammoth was a hairy animal, standing about 10 feet tall, resembling an elephant. "I think this is quite a treasure to add to my souvenirs," Hoffman said.

# Krueger reviews growth of Anrod Screen Cylinder

Rodney Krueger told the Cass City Rotary Club Tuesday noon of the growth and products produced by Anrod Screen Cylinder Co. of Cass City.

Krueger, who heads the company here, told Rotarians that the company is celebrating its 25th anniversary this week.

It was started in Crosswell in a garage by his parents, Krueger said, and the company still serves that first customer who gave Anrod its

first order.

Last year, Krueger continued, the company turned out 22 million pieces from its modern plant on Garfield and Doer Road.

The company's employment has been as high as 35 persons but now is about 22 persons. Krueger told club members that he felt business was on the upswing again and that he looked for a good year

after a slight slowdown.

Two years ago the company went to a computerized operation which has enabled orders to be costed more quickly and accurately and has greatly increased efficiency.

Anrod services several hundred firms in the aircraft, automotive, heating, painting, refrigeration and related businesses.

## FROM THE Editor's Corner

Frankenmuth is unique. It's turned itself into a renowned tourist town with nothing special going for it. Nothing that scores of other communities didn't have.

Nothing, perhaps, except the people who live there. They are unique. Where else would the Chamber of Commerce offer rebates for car buyers?

The town is prosperous and the area is growing. My, how it is growing.

Despite the growth the town has so far avoided many of the problems connected with suburbia today. Again it's a credit to the people who run things there.

Frankenmuth has been a part of the Thumb B Conference for 15 years and the association has been a pleasant one. The school's players have always conducted themselves well and there have been no incidents on or off court like many schools have experienced these days. The Eagles have been a credit to the league.

There is talk around the Thumb that maybe the time has come for a reorganization of schools playing together. I agree.

For the simple fact is that Frankenmuth is outgrowing other member schools. And the trend seems to be that the gulf will continue to widen.

When Frankenmuth joined the conference its enrollment was among the smallest of member schools. Now it is the largest.

The problem that always occurs in any reorganization is which teams go to the new league and what happens to the ones that are left?

I'm certain that local fans would hate to see a league formed in which Cass City

didn't get a chance to challenge Caro.

Yet, it may be that Caro belongs in another league, too.

I can name nine schools that are of similar size and in a sensible geographic location. They are: Cass City, USA, Lakers, Bad Axe, Ubyly, Marlette, Sandusky, Decker-ville and Harbor Beach.

That means eight football league games and 16 league basketball games with still openings left for a non-league football game and two basketball games.

Actually calling the league the Thumb B is a misnomer. Only Caro and Frankenmuth qualify as "B" schools. The remainder are "C".

Breaking up a league doesn't come easy. Traditional rivalries generate fan interest. When the old Upper Thumb league went, traditional competition with Pigeon, Sebawaing, Elkton and Harbor Beach went with it.

Now consolidations have moved the schools representing these communities into a size that is comparative to Cass City's. The Lakers of course already are in a league with Cass City.

It's certain that any new league would catch on as fast with students and fans as the current Thumb B Conference did when it replaced the Upper Thumb loop.

Naturally, all of this is mere idle speculation on a cold winter day. There appears no chance for reorganization immediately. It does appear inevitable that changes will be necessary somewhere down the road.

And when it comes it won't be all bad.

# "If It Fitz . . ." There shouldn't be a law

BY JIM FITZGERALD

OK, I'm convinced. This really is a lousy world. There's a bill in our state legislature which would make it against the law for newsboys to carry money.

Good God! I remember in 1940 when the circulation manager of the Port Huron Times Herald first approached my parents with the idea of their only son going into business for himself. He said it was a marvelous opportunity for a 14-year-old boy to learn how to handle money.

I got a 60-customer route, the smallest in town, thus learning how to handle \$12 a week. I learned that the first \$9 went to the Times Herald or I couldn't have any more papers to peddle. The next \$2 went to my mother to pay for my gruel. The final \$1 was all mine, if I could get it.

The most bitter lesson a new businessman can learn is that some people never want to pay their bills. Most of my customers paid up Saturday mornings. But there was a hard core of cheapies, about \$1 worth, who never answered the door on Saturdays because they knew it was me. I could hear them inside, laughing and handling my money, but I couldn't knock them to the door.

The only answer was to sneak up on them; to knock on their doors when they were expecting friendly callers, not a runny-nosed little paperboy. Once the door was open, they were sunk. The bill was only 20 cents a week and I delivered papers in my own neighborhood. These people were too proud to tell that Fitzgerald brat they didn't have 20 cents.

It would be a disgrace to owe money to that skinny kid who couldn't walk right because his corduroy pants were frozen.

This furtive collecting required working all hours and most of them after dark. I even collected at midnight from a night-shift factory worker. I would be waiting for him on his porch. A few years later I worked in that factory along side the same guy and only then did I learn how close I'd come to getting my head opened with a lunchbucket. But nobody beat up on paperboys in those days. No one robbed them. It wasn't risky for me to walk down dark streets with cash in my pocket. Geez, many of my customers left the 20 cents on an outside windowsill or under a floormat. No one swiped it.

Not today. Our legislature is seriously considering a law which would require customers to pay their newsboys by check, by mail. This is because so many paperboys are getting slugged and robbed. Some have even been killed for a few dollars.

What can be done? The lawmakers say remove the temptation. If paperboys don't carry money, no one

will rob them.

This is the same brilliant logic that has gas station attendants sticking cash through slots into underground vaults that can't be opened until noon the next day, with the sheriff watching.

This is the type of anti-crime thinking that has taken cash away from bus drivers so they can't change a dollar. This thinking has also encased motel clerks in plastic cells where they do business through double-doored slots, talking into microphones.

Marvelous. The way to stop the thieves is to forbid innocent citizens from owning anything worth stealing. The next logical step will be to stop murders by making it against the law to die.

There has gotta be a better way and I suspect it must start in homes and hearts, not in legislatures.

In the meantime, this is a little where it isn't safe for a little boy to walk down the street with \$2 in his pocket. A lousy world.

### St. Michaels' ladies meet

St. Michael's Ladies Guild held its monthly meeting Feb. 5 at 7:30 p.m. in the rectory basement. Fifteen members and Father Kubiak were present.  
In the business meeting, it was decided to hold a bake sale at Barron's Antique sale in Kingston. All ladies of the parish are expected to take part in this activity.  
It was also decided that all ladies of St. Michael's are automatically members of the Ladies Guild.  
After the meeting, refreshments were served and the ladies started work on the quilt project. Special guest, Mrs. Peter Lupion, came to help with the quilt making. Prize of the month went to Karen Haven.  
The group acknowledged Oscar Moyer for his donation to the organization.

### Drugs topic of Father-Son banquet

State Police Trooper David Womak gave a presentation on drugs at the annual Father-Son banquet held Friday night at St. Peter Lutheran Church, Columbia Corners.  
Over 50 persons attended the dinner and heard Womak discuss identification of marijuana and the penalties for using hard drugs. He also displayed a collection of dangerous drugs and tools in their use.  
Alex Harrison of Unionville was master of ceremonies for the evening.

REHEARSALS CONTINUE for Friday's production of the Owen-Gage High School All-Class play "You Were Born on a Rotten Day", to be presented Thursday and Saturday nights at the Gagetown gym. The situation comedy focuses on the efforts of physics-astronomy teacher Claude Jones, portrayed by Dave Good (standing) who tries to dissuade his students from astrology. The play also features Dan Amstutz, George Klemkowski, Joann Goodell, Sally Peters, Joy Englehardt and a host of other students. Curtain time is 7:30 p.m. both nights.

## Police probe \$1,215 theft at Kingston

Caro State Police are continuing to investigate the theft of over \$1,200 worth of typewriters and business machine equipment from Kingston High School.

The theft was reported Thursday by school Supt. Robert Cameron.

Police said they found no signs of forced entry in the building, leading them to speculate that the thieves either waited inside until the building was empty to commit the theft or that someone had an extra master key made. Such a key would let anyone into any locked room in the building.

Taken were three calculators and a typewriter, valued at \$1,215. The theft was discovered Thursday by students.

Police said all windows and doors in the building were secure at the time of the theft and that no fingerprints were

left at the scene.

### TRUCK STOLEN

A pickup truck and hand tools, valued together at \$1,500, were reported stolen by Bryce K. Updegraff from a location at 1767 Phillips Rd., Kingston, Thursday.

Updegraff, who lists his address as St. Louis, Mich., told Tuscola County Sheriff's deputies the truck was stolen sometime between 9:30 a.m. and 6:00 p.m. Thursday.

No other information was available. Officers said suspects were being investigated but that no arrests have yet been made.

### OTHER THEFTS

Caro State Police investigated the theft of 80 pounds of copper wire and 10 cans of beer from the William Periso residence on Koch Rd., Cass City, Tuesday, Feb. 4.

Police said the thief entered the home through an unlocked door. They have no suspects.

A \$10 bill was reportedly stolen from a purse belonging to Loretta Hacker of 6166 Greenland Rd., Cass City, while the purse was in a supply room at Hills and Dales General Hospital Wednesday, Feb. 5.

Cass City Police indicated this is the fifth such larceny at the hospital in the past month. Other items stolen included two coats and petty amounts of money.

No suspects have been arrested. Linda Smith, of 3684 McGregory Rd., in Ellington township, reported the bat-

tery from her 1971 automobile was stolen Wednesday night, Feb. 5, while the car was parked in Caro.

The battery was valued by Caro State Police at \$34. No suspects have been apprehended.

### VANDALISM

Cass City Police report several traffic control signs and fencing at the Recreation Park was damaged by vandals Friday and Saturday.

Police indicated vandals damaged a gate on the west side of the park as well as a section of the fence near the stadium seats.

Traffic signs at the intersections of Garfield and Vulcan, Leach and Pine, West and Pine and Garfield and Maple Streets were reportedly knocked over by what police described as a heavy duty vehicle, possibly with a snow plow attached to the front.

Police have no suspects.

## 5 arraignments

# Three sentencings held in Circuit Court

Three sentencings and five arraignments were conducted Monday in Tuscola County Circuit Court before presiding Judge Norman Baguley.

Ernest McIntosh, 31, Pontiac, was sentenced for a plea of guilty to attempted possession of marijuana to two years' probation. In addition, he was ordered to serve the first 30 days in the Tuscola County Jail with credit for three days already served.

McIntosh was arrested by Caro State Police in Fremont township Sept. 18.

Charles D. Kibbe, 31, Vassar, was sentenced on a plea of guilty to obtaining money under false pretenses to five years' probation and fines and costs totaling \$400. In addition, Kibbe was ordered to pay restitution and ordered to spend the first 90 days of his sentence in the Tuscola County Jail with credit for 13 days already served.

Kibbe was arrested Feb. 19, 1974, and charged with obtaining \$2,000 from the Reese branch of the Frankenmuth State Bank using a snowmobile he did not own as collateral.

Kibbe was also placed on two years' probation after pleading guilty to an insufficient funds charge before Judge Baguley. The offense, involving \$178.21, occurred in Vassar Oct. 1.

Both sentences will run concurrently.

Sentences involving Larry Manwell, 25, Fostoria, and Robert W. Wilson, 30, no address given, each were delayed by Judge Baguley.

Manwell was convicted of an indecent liberties charge by a Tuscola county jury and Wilson was found guilty of possession of marijuana.

Manwell's sentence was delayed for one year, while Wilson's sentence was delayed until the first motion day in December.

Willard Lyman Cook, 35, Otter Lake, was arraigned on a charge of assault with a dangerous weapon. He stood mute and a plea of innocent was entered in his behalf.

A motion to quash information will be heard March 10, followed by a pre-trial examination. Bond was continued at \$10,000.

The alleged offense occurred Nov. 13 in Vassar township.

Greg Ray Smith, 20, no address given, was arraigned on charges of breaking and entering with intent to commit larceny and larceny in a building.

Smith entered a plea of guilty to the latter charge, which was accepted by the court. Sentencing was set for March 10, and bond was continued.

A motion to dismiss the breaking and entering charge was taken under advisement by Judge Baguley.

Maxine Ellsworth, Akron, was arraigned on a charge of burning the property of another. She stood mute and a plea of innocent was entered in her behalf.

Pre-trial examination was set for March 24. Ms. Ellsworth was arrested Nov. 18 in Wisner township.

Winston Walker, 20, no

address given, was arraigned on charges of breaking and entering and larceny in a building. He stood mute and a plea of innocent was entered in his behalf.

Pre-trial examination was set for March 24. Walker is charged with breaking and entering—the MacGillivray auto dealership in Vassar Jan. 7, and with stealing \$75 in cash and \$1,500 in auto parts.

Michael E. Panko, 33, no address given, was arraigned on charges of intent to commit gross indecency and to commit it with another male person. He stood mute and a plea of innocent was entered in his behalf.

Pre-trial examination was set for April 7, and a bond of \$5,000 was continued.

Panko was arrested Nov. 18 in Denmark township.

## Manpower Consortium reviews job funding

In a largely technical session Thursday morning, members of the Thumb Area Manpower Consortium reviewed the reallocation of Comprehensive Employment Training Act (CETA) funds and studied how over \$567,000 in emergency employment monies is to be spent in the three-county area.

Board members, meeting at Wildwood Farms, Cass City, learned that in addition to \$567,100 in CETA funds, the Michigan Department of Education plans to allocate another \$82,000 for classroom training involving vocational education programs.

Consortium Executive Director Roy Allen told the board a priority list of need groups has been established and that a total of 154 job slots are planned with the initial allocation.

A grand total of 490 clients are expected to receive some service through the consortium ranging from counseling and orientation to medical and dental care as well as training and help finding a

job.

Top priority for employment assistance will be disadvantaged heads of households age 21-44. In this group, Allen said, many persons are unemployed at least 14 weeks a year, most have incomes below the poverty level, many lack skills, have limited educations and many are women with children.

In this top priority group, 49 job slots are planned, including licensed practical nursing, typists, stenographers, bookkeepers, auto repair, welding and jobs determined by work site. Classroom and on-the-job training is also provided.

Other priority areas include veterans, disadvantaged youth in and out of school and disadvantaged older workers.

Allen said of the total 490 possible clients, many will need only counseling or some service not directly related to finding a job. Others will drop out of the program or will fail to qualify, he said, bringing the actual number of clients more in line with available slots.

Allen admitted that \$567,100 is not enough to launch a wide-ranging program to help persons unemployed in the Thumb area. He added, however, that it is a beginning.

"It's like sorting potatoes in a field," he said. "You sort like crazy but the workers keep bringing them in so fast you can't make any headway. But at least this program is a beginning."

### ADVISORY COUNCIL NAMED

In other business, the board

reviewed new members of the advisory Manpower Planning Council. Werner Meuhl, Sandusky, is chairman of the panel. Other Sanilac county members include Ken Wadsworth, Deckerville, Charlotte Putman, Sandusky, and George Leckrone, Sandusky.

From Tuscola county, members include Mike Boelman, Caro, LeRoy Clark, Millington, Judy Murphy, Caro, Bruce Bragg, Caro, James McCann, Caro, and Harold Blaylock, Vassar.

From Huron county, members include Keith McTaggart, Dick Jefferies and Jeff Fritz, all of Bad Axe.

The group met Monday, Feb. 3, at Cass City High School in an organizational meeting.

### OTHER BUSINESS

In other business, the board learned that CETA funds could be used to reimburse consortium members for travel expenses but may not be used to finance salaries.

The ruling came regarding a case involving a manpower consortium in the upper peninsula.

The board also defined personnel procedures which place consortium employees technically under the rules of the Huron County Board of Commissioners, with the stipulation that no hiring or firing could take place without consent of the consortium board.

The resolution was designed to eliminate extra bookkeeping involving income tax withholding procedures.

### KETCHUM'S KNAPSACK

## New motheritis

By Jim Ketchum

New-motheritis has set in at our house. As faithful readers of this trivia are more than aware, my wife and I are new parents. And while our little girl hasn't yet told us what college she plans to attend (I keep humming the MSU fight song to her as a lullaby), she is quite remarkable.

In these eight-weeks plus, she has worked her magic on her mother and me and really makes getting up each morning a treat.

Yet, along with all this charm, she also manages to vex us at times, wondering what she wants and when she wants it. She is our first and I hope she understands that we're both pretty green at this child-rearing business.

The symptoms are easy to notice. For instance, timing diaper changes we have dis-

covered, is an art. It becomes a game after while, with the baby making sure transactions are made only and immediately after a fresh diaper is installed.

I speak from experience. Yes, I've changed a few in these past weeks and I have the pin-prickure marks in my fingers to prove it. (Maybe that's why this column has so many errors in it.)

But back to new-motheritis. My wife is a pretty level-headed sort when it comes to most everything about raising a new baby. But she does have some exceptions.

For instance, when we go anywhere, even if it's just downtown to the grocery store or to visit friends, she dresses the child for a six-month trek into the frozen wastes of Alaska.

It takes 10 minutes to unwrap the bundle to find the child. We could be holding her upside down, wrong-end-to and we'd never know it. I just hope I've been talking to the right end of the baby.

When asked about it, my wife knowingly replies that little babies need lots of protection in cold weather. King Tut never had as much protection all those thousands of years in that tomb of his.

The ultimate in new-motheritis hit the other night. This correspondent lay sound asleep, thoughts of Florida, President Ford's tax rebate plan and a pennant for the Tigers flitting through my dreaming mind.

Suddenly I was jarred from my slumber by my panic-stricken wife. In the dark, she shook me and panted breathlessly, "Jim, wake up. It's four a.m. and Katie hasn't been fed in the last 10 hours."

"So maybe she's not hungry," I groggily replied, set to turn over.

"But it's four a.m.," she panted again. So, what could I do about that? Four a.m. hits the best of us every now and again.

"Are you sure it's four o'clock?" I asked.

"Yes. It's four o'clock. Or maybe it's 20 minutes after 12."

Thinking the worst, I suggested she turn on the light and study the clock with a bit more precision.

Sure enough, 12:20 a.m. it had been only five hours. And it wasn't long before that plaintive little cry floated into the room. Katie knew what time it was, even if her mother didn't.

As for me, my body didn't feel like it had been four a.m. But when you're dealing with new-motheritis, you have to be patient and make some exceptions.

The next morning, I explained the situation to number one daughter in great detail. Her reply was a twinkle of the eye and a wide, happy toothless smile.

She knows how to handle new-motheritis, too.

HERE'S A Valentine wish from Mrs. Fran Lovejoy's Kindergarten class at Campbell Elementary School. Shown with Mrs. Lovejoy admiring the class effort are (from the left) students Renee Szarapski, Peter Walpole and Jeannie Weaver.

### Jury finds

### Roblin guilty

### Thursday

A Tuscola County Circuit Court jury of six men and six women returned a guilty verdict Thursday against James Roblin, Caro, who was charged with delivery of heroin.

Roblin, who was arrested May 31, was convicted after four hours of jury deliberation. Sentencing will be handed down March 17 by Judge Martin E. Clements.

Roblin is being held in the Tuscola County Jail in lieu of \$20,000 bond. He faces up to a maximum of 20 years in prison.

## Your neighbor says

# I'd save my rebate

Congress and President Ford have both talked about giving taxpayers a cash rebate on their 1974 income tax payments ranging from \$100-\$200. Lawmakers reason this would put more spendable cash in the hands of potential buyers, helping to stimulate the economy.

Mrs. Jewell Allen of Deford says if she gets an income tax rebate, she will probably save it instead of spending it right away.

"Oh, there are lots of things I would like to spend it on," she says. "And of course, there are always charitable organizations that you'd like to help out as well. But I sort of think I'd save it."

Mrs. Allen says too often a purchase is made on the spur of the moment.

"You buy something in a hurry and later on you think, now why in the world did I do that?" she adds.

Mrs. Allen has lived in the Cass City area over 30 years.

A native of Kansas, she and her husband, Burton, operated a filling station in Deford for 25 years.

Presently, she is employed by Mutual Savings in Cass City. She and her husband have four children; two foster children and 11 grandchildren.

## BETTER HEALTH

# Alcohol is a drug

BY DR. WALTER C. ALVAREZ and DR. WILLIAM J. WELCH

It is officially estimated that about 10 million of the 180-odd million Americans who drink more or less regularly are problem drinkers or what we used to call drunks. If a problem drinker, or drunk, is defined as one who continues to drink in spite of obvious social or medical reasons for stopping, that number is probably much too conservative. But

there is no question that alcohol ranks as this country's number one problem drug.

Few who drink like to think of themselves as "on drugs," but they are and, what is more, they are "on" an anesthetic. Ether and alcohol, one in the form of a gas and the other a liquid, are chemically first cousins: two molecules of alcohol minus one of water equals one molecule of ether; they are practically brothers.

And the action of each is essentially the same. A few too many drinks of whiskey or a few whiffs of ether and you are either stumbling and elated or agitated and fighting mad. With more alcohol or more ether the excitement dies down, blunted insensitivity takes over, breathing slows down, eyelids droop and you drift into a drugged sleep.

In an imperfect world, the blunted elation has been inflated into a pseudo-happy swagger, and the final blackout into an appropriate escape from intolerable inner or outer problems.

These uncomfortable facts are not recalled to deny the venerable social role of the brimming cup, but it is an equally uncomfortable fact that the second or the third drink never did for a man what the first one did.

All of which adds up to the final, uncomfortable fact that it is that miserable 10 million for whom one drink is too many, and 20 drinks not enough, who have turned mankind's universal problem solvent into America's favorite self-destructive drug.

Although there is lots of talk about alcoholism, there is not much agreement on how to sober up its victims. Authorities (whatever that means) have solemnly labeled alcoholism a disease, perhaps in part to remove its social stigma.

Their partisans insist that doctors should treat alcoholism with the same patience and objectivity they reserve for strep throats and appendicitis. The trouble is that

nobody really knows a medical or surgical treatment that works.

Alcoholics Anonymous, who have in a relatively short history dried up more drunks than all the doctors on the planet, take the old-fashioned view that if you want to stop being a drunk, the first thing you have to do is to admit that you are one. Once over that hurdle, you have to acknowledge that you need help. Then those vigorous, no-longer-alcoholics, the AAs, gather round and give it.

The hitch is that lots of drunks do not want to stop drinking, because to partially anesthetize themselves seems to them the best way they know to deal with their troubled lives. And the countryside is littered with the lives they ruin as well as their own.

+++++

## Sanilac immunization clinics set

The regular immunization clinics sponsored by the Sanilac County Health Department will be held Tuesday, Feb. 18 and Monday, Feb. 24, at department offices located at 115 N. Elk St., Sandusky.

Hours for both days are 9:30-11:30 a.m., and 1:30-4:30 p.m.

If possible, parents whose last name begins with A-M should attend the first day and parents whose last name begins with N-Z should attend the second day.

Protection against measles, rubella, whooping cough, diphtheria, tetanus and polio will be offered. Tuberculin tests will also be offered. Mumps vaccine is now available for children one year through pre-school age.

Children three months of age and over are invited to attend. A parent or guardian must accompany the child. Parents are urged to bring a record of previous immunization.

## AGENT'S CORNER

# Food savings begin at home

Allene Mills - Extension Agent

Many Thumb area families have concerns about how they can continue to meet food needs with decreases in income and increases in prices.

Before you leave for the food market you should have a plan of action. Take a look at foods already at home and check newspaper ads for usable specials. Then write out tentative menus for the next few days or week with a complete shopping list. This

will take time before you go to the store and will take self-discipline but will pay dividends.

Get down the foods you plan to serve the next few days or week. Look at each food critically. Ask yourself: (1) How does its price compare with those of other foods that could replace it in the meal? (2) Will your family eat and enjoy it? No food is a bargain or a body builder if it is not eaten. (3) Do you have and/or will you take the time and skill to prepare it? Most homemakers have to budget time as well as money.

A complete list of foods, based on planned menus, simplifies shopping. It includes all the foods you need for the meals in your menu, taking into account foods already on hand. If menus are well planned, a complete list can lead to nourishing meals, probably at lower cost. You are less likely to buy haphazardly, and one trip to the store may be enough.

## Young in Naval exercise

Navy Airman Recruit Michael A. Young, son of Mr. and Mrs. Thomas Nicol of 5220 Van Dyke, Cass City, is participating in operational readiness training exercises in the Indian Ocean as a crewmember of the nuclear-powered attack aircraft carrier USS Enterprise.

MICHAEL A. YOUNG

The Enterprise led a task group of six ships into the Indian Ocean after spending the holidays in port at Subic Bay, Republic of the Philippines.

Young has been deployed to the Western Pacific from his homeport at Alameda, Calif., since October.

## Sanilac Dems plan meeting

Sanilac County Democrats will meet to advance the plans for a dinner-dance in honor of 8th District Congressman Bob Traxler.

Before the dinner-dance discussion begins, the executive committee will elect a treasurer to fill the position of the late Fred Hirsch of Snover.

Other important party matters will be proposed at the meeting. The meeting will be held at 8:00 p.m., Friday, Feb. 14, in the courtroom of the County Building in Sandusky.

### Set preschool food workshop

Parents, teachers, workers and others interested may attend a preschool foods and nutrition program "Good Beginnings" Feb. 18 at 7:00 p.m. at the 4-H Wilber Memorial Building on the fairgrounds in Caro.

Learn ways to introduce new foods to children and to use picture recipes that children can "read" from as they process one food (like apples) into another form (such as applesauce).

Receive tips on child feeding and nutritious snacks plus a 33-page idea book including games, activities and child tested recipes. This will be taught by Betty Jones, Dairy Council of Michigan.

Aliene Mills, Extension Home Economist, encourages all interested persons to attend and reservations are requested (telephone 673-3161).

This event is sponsored by the Family Living Education of the Cooperative Extension Service and county pre-school facilities.

Mr. John Dubey of Bay Port and Clayton Campbell were Sunday lunch guests of Sara Campbell and Harry Edwards.

Mr. Curtis Cleland attended the Extension Council meeting at the Extension office in the Rigney Building at Sandusky Tuesday afternoon and later visited Mr. and Mrs. Jack Boegner and family at Marlette.

#### EUCHRE CLUB MEETS

Four tables of cards were played when the Euchre Club met Saturday evening at the home of Mr. and Mrs. Leonard Buella at Carsonville. High prizes were won by Mrs. Gaylord Lapeer and Bob Cook. Low prizes were won by Mrs. Bob Cook and Ronnie Gracey. The next party will be held at the home of Mr. and Mrs. Harold Copeland March 8. A potluck lunch was served.

**AROUND THE FARM**

**It's tax time**

By Don Kebler

February is the month when most self-employed farmers' thoughts and efforts turn to filing income tax returns.

I'll have my stint of income tax experiences this month too, as requests for tax filing information are coming across my desk already.

More farmers this year will be finding some tax rules, new to them, need to be followed in their 1974 returns. These rules have been in the tax laws for several years but were not applicable to farmers until now.

Maximum additional first year depreciation allowed in any one year is \$4,000, and no more. Also, any investment credit pay-back must be added to the income tax computed and not just subtracted from new or carry-over investment credit. If there is no federal income tax, one may still have to send IRS a check for investment credit pay-back due. Don't forget to enter as income on the back side of 1040 any Michigan Property tax refund you may have received in '74.

At this writing I did not really want to expound on the tax laws farmers should be acquainted with, but on something that could be more important.

+++++

Commercial cash crop farmers, as a majority, have had two of their highest business return years back-to-back than seen in at least 20 to 25 years. Dairy and livestock producers have, on the other hand, been hanging on the ropes these last two years. We basically know why. It is the high value of cash crops including feed grains. What many cash crop producers are not taking into consideration is maybe their 1974 business year would have been a reverse of 1973.

If we stop and think a minute, cash grain crops and beans produced in 1972 carried over and sold in 1973, plus part of 1973 crops sold in 1973 were sold at a high dollar and

produced at a 1972 and early 1973 low cost. This in itself gave a wide profit advantage. Many of these crop operators advance-contracted their remaining 1973 crops at the high dollar to be paid in 1974. Some of their '74 crops were sold in '74 but the remainder is held on hand.

Here are my concerns. If the prices of these cash crops decline in 1975 and the costs continue to rise in '75, the profit margin will be very weak.

Operators figuring on the high late '73 and early '74 crop prices to support high costs of '74 and '75 which includes some heretofore high land rent and purchase prices can well be in trouble.

If I am correct in these assumptions and a cost-return spread squeeze intensifies, land prices and rent will depress but not until 1976 at the earliest unless we revert to a situation we saw in 1973.

### Sweetheart

### Pageant set

### Saturday

The Campus Life Sweetheart Pageant is scheduled Saturday at Vassar High School, with seven Tuscola county candidates vying for top honors.

The seven include Jill Field, Cass City High School; Karen Esckelson, Vassar High School; Peggy Aven, Akron-Fairgrove High School; Diane Pickard, Millington High School; Ruth Ann Wermuth, Unionville-Sebewaing High School; Donna Rhodes, Caro High School, and Cathy Gotham, Mayville High School.

Twenty per cent of the total contest is decided by audience vote at the pageant. Other determining factors include talent routines and the amount of money raised by each candidate.

### Bake-off

### set Feb. 19

Bake a favorite ethnic bread or an altered packaged mix bread and take to the Bread Bake-Off Wednesday, Feb. 19 at 10:30 a.m. at the 4-H Wilber Memorial Building on the fairground in Caro.

This event is sponsored by Family Living Education of the Cooperative Extension Service and Aliene Mills, Extension Home Economist, urges all interested persons to share bread ideas and learn more about the importance of bread in the diet. Everyone will receive door prizes and be entertained by square dancers. Phone 673-3161 for information and for reservation which is due by Feb. 14.

### TDHD sets

### immunization Clinics

The Thumb District Health Department offers a free immunization clinic for all residents of Tuscola and Lapeer counties. These clinics are designed to serve children from two months through school age.

Mrs. Evelyn Billings, the Director of Nursing at TDHD, stressed the importance of immunizations, particularly for measles, at this time of year.

"Measles, particularly in young children, is often a very serious disease," she said. "Complications can include pneumonia, middle ear infections, or encephalitis. Encephalitis in the young child may cause permanent brain damage, mental retardation or even death."

Children should be started on immunizations as early as two to three months of age. The vaccine for polio, diphtheria, tetanus, and whooping cough, given in a single shot, should begin at two months of age and must be repeated two more times during the first year of life. Measles, rubella and mumps vaccines should be given soon after the first birthday.

The clinics may be especially helpful to the parents of children who are about to enter school for the first time. State law requires that all children be vaccinated against measles, rubella, polio, diphtheria, tetanus and whooping cough before starting school.

This does not mean, however, that parents should wait with their child's immunizations until they reach school age. Children need protection as early as possible, experts say. Diseases such as measles, polio, diphtheria and whooping cough can be most dangerous when children are very young. Waiting for children to start school before protecting them against diseases is a dangerous gamble, the department warns.

Immunization clinic hours are 9:30-11:30 a.m. and 1:00-3:30 p.m. Clinic dates are Feb. 20, March 6 and 20, April 3 and 17, and May 1 and 15. Clinic offices are located at 2266 W. Caro Rd. For an appointment or further information, call the department at 673-4178.

### Edison wins

### rate hike

Cass City area customers of Detroit Edison Co. will be paying more for their electricity following a Monday ruling by the Michigan Public Service Commission granting the utility a record \$86.1 million electric rate hike.

It is estimated that the rate hike will raise the average customer's bill from \$18.18 per month to \$19.12 per month, the commission said.

The rate increase for the utility's 1.5 million customers is expected to increase Edison revenues by \$85.2 million. The company was granted an interim \$30.3 million rate increase last June.

Edison had claimed it needed the rate hike to offset the company's deteriorating revenue situation which they said could result in an increased danger of brownouts and blackouts.

### Sherrill Thane

# Tuscola SCD attends state convention

The Michigan Soil Conservation Districts Inc. held their annual meeting at the Pantlind Hotel in Grand Rapids recently. The Tuscola Soil Conservation District was well-represented with five directors, one director's wife and office personnel present. Bruce Ruggles of Kingston was re-elected as state treasurer.

During a noon luncheon, Ruggles was given a 25 year service award. Senator Robert Young discussed the state's concern on land use. The preservation of agricultural land was another important topic of discussion. A conservation tillage slide

presentation was given on NO-TILL and how to bring conservation tillage into reality.

### STRATEGY

A clever man never attacks an enemy until he has mapped out his own line of retreat.

# Down Memory Lane

FROM THE FILES OF THE CHRONICLE

### FIVE YEARS AGO

Tuscola county's valuation was upped \$5 million this week as a result of a tax appraisal completed by the State Tax Commission on real and personal industrial property in the county.

Mrs. Elsie Hicks became the first woman ever to serve as clerk of Tuscola county this week following her appointment to the post by Circuit Judges Norman A. Baguley and James Churchill Tuesday.

The Cass City Board of Education approved a special election to seek extra operating millage to run the district in 1970-71 at its regular meeting Monday night at the high school.

The Cass City Board of Education this week okayed a plan for a drug education course at Cass City Schools in grades five through 12 after hearing the plans for the course outlined Monday by Tom Spencer, the teacher who will present it.

Nestle Company Inc., Uby, announced 70 jobs will be lost at its Uby plant this week.

### TEN YEARS AGO

In an effort to meet competition, Cass City Board of Education members okayed an improved salary schedule that is expected to cost the district an additional \$17,000 to \$18,000 next year.

## O'Dell certified as Methodist lay leader

Special services will be held at Trinity United Methodist Church Sunday to recognize William C. O'Dell, who was recently certified as a District Lay Speaker by the Port Huron District of the United Methodist Church.

O'Dell has long been active in church affairs in the Cass City area. As a lay speaker, he will be qualified to conduct prayer meetings and worship services under the direction of the church pastor.

He will also become more closely involved with church leadership and promotion of church programs.

Members of the Michigan Education Association are plugging for a professional negotiation contract with the Cass City School District.

Plans for Cass City's proposed new high school are slated to be ready for Board of Education scrutiny within two weeks, Supt. Donald Crouse said this week.

Five candidates are seeking the three open posts for trustee seats on village council. The candidates include Glen McCullough, Mrs. Gladys Albee, Warren Wood, Bernard Freiburger and Lee Rabideau. Barring anything unforeseen, Lambert Althayer will be nominated as village president.

The Tuscola County Sheriff's Department is on the lookout for the petty thieves who are breaking into pay phones in the county and stealing money.

### TWENTY-FIVE YEARS AGO

William O'Dell and Gail Parrott, both of Cass City, were among the 40,000 visitors to attend Michigan State College's Farmers' Week at East Lansing recently.

Commander Ralph William Rawson, son of Mr. and Mrs. Audley Rawson, was recently presented with an air medal from President Truman for meritorious achievement in aerial flight as plane commander against a German submarine July 26, 1943.

Carl Buehry, 21, of Cass City, exhibited the reserve grand champion steer, Elation's Pride, at the recent Farmers' Week show held at Michigan State College, East Lansing.

Remodeling work has been completed at the H.J. Smith Store, managed by Murray DeFrain.

Nearly 500 Tuscola Scouts attended the Anniversary Boy Scout Week Dinner at Caro Monday night.

### THIRTY-FIVE YEARS AGO

Cattle feeders of Tuscola county will tour the county Feb. 22, and view some of the best herds.

Plans call for the Cass Theatre to be reopened by Feb. 28, following completion of the new structure which replaces the building destroyed by fire Nov. 29.

After weeks of negotiation the high school juniors were successful in securing the right to produce "You Can't

Take It With You" by Moss Hart and George Kaufman as their traditional spring play. Sebewaing High School's basketball team won over Cass City's team on the local court Friday evening 20-17, in a very loosely played contest.

## Chester

### Graham dies

### Friday at 82

Chester L. Graham, 82, a businessman for many years in Cass City, died Friday at Hills and Dales General Hospital following a long illness.

He was born Nov. 27, 1892, in Cass City, son of the late Duncan and Christina Campbell Graham.

He married Miss Freda Filwock Nov. 26, 1913, in Detroit. After their marriage, they made their home in Port Huron for a short time, returning to Cass City in 1916. They celebrated their golden wedding anniversary Nov. 26, 1963.

Mrs. Graham died Nov. 28, 1972. He began barbering in Cass City in 1909 and with the exception of a short period of time in Port Huron and Detroit, continued his business in Cass City until January.

He was a member of Trinity United Methodist Church of Cass City and was also a life member and Past Master of the Tyler Lodge No. 317 F&AM of Cass City.

He is survived by one son, Edward of Morro Bay, Calif., three daughters, Mrs. William (Marjorie) Bottrell of Flint, Mrs. Alfred (Millicent) Hall of Mt. Clemens and Miss Christina Graham of Detroit; four grandchildren and three great-grandchildren. Three brothers, Alexander, John and Stanley, preceded him in death.

A Masonic service was conducted Sunday evening under the auspices of Tyler Lodge No. 317, F&AM of Cass City.

Funeral services were conducted Monday from Little's Funeral Home with Rev. E.D.K. Isaacs, pastor of Trinity United Methodist Church, officiating.

Interment was in Elkland cemetery.

# THE STEPS OF LENT

Between Ash Wednesday and Easter Sunday there are forty days? No, that's not quite right.

Between Ash Wednesday and Easter Sunday there are forty weekdays—and six Sundays. Traditionally the weekdays were the Lenten fast, the Sundays were festivals of Christian worship.

If your faith has taught you to observe Lent: by foregoing pleasures or adding new religious experiences or both... those Six Sundays are occasions for taking inventory of your spiritual progress.

If yours is a religious background that does not emphasize Lent, those Six Sundays are still milestones on the way to the great Christian celebration of Christ's Resurrection—Easter!

And if, perchance, you have never given much attention to spiritual matters, those Six Sundays (and the thoughtful days between) are an invitation from your Lord... to walk with Him the path He walked for You.

### Notice of Letting of Inter-County Drain Contract and Review of Apportionments

of the Shebeon Drain

Notice is Herby Given, That we, Leslie E. Lounsbury, Tuscola County Drain Commissioner and Robert M. Tutts, Deputy acting for the Huron County Drain Commissioner, State of Michigan, and B. Dale Ball, Director of Agriculture, will, on the 6th day of March A.D. 1975, at Room 305, Huron County Courthouse in the City of Bad Axe, in said County of Huron, proceed to receive sealed bids until 11:30 o'clock in the forenoon of that day, when bids will be opened and publicly announced for the repair and maintenance of a certain Drain known and designated as "Shebeon Drain," located and established in the Townships of Fairhaven, Sebewaing, Winsor, Brookfield, Grant, County of Huron; Township of Elkland, Elmwood, County of Tuscola.

Said Drain will be let as follows, having the average depth and width as set forth in the Plans. All stations are 100 feet apart.

One Section beginning at station number 71 + 53 at the lower end of said drain and extending to station number 995 + 64.

This Notice of Letting, the Plans, Specifications and Bid Proposal shall be considered a part of the Contract. The following items will be required:

1261 Rods Clearing only of Open Drain  
2108 Rods Excavating only of Open Drain  
2122 Rods Clearing and Excavating of Open Drain  
4230 Rods Level Spoil  
24 Acres Seed and Fertilize Drain Slopes

Said job will be let in accordance with the diagram now on file with the office of the County Drain Commissioner of the Counties of Huron and Tuscola to which reference may be had by all parties interested, and bids will be made and received accordingly. Contracts will be made with the lowest responsible bidder giving adequate security for the performance of the work, in the sum then and there to be fixed by us, reserving to ourselves the right to reject any and all bids, and if no satisfactory sealed bids are received, we reserve the right to proceed immediately after the reception of sealed bids and at the same time and place and without further notice to let the contract by open bidding, likewise reserving the right to reject any and all such open bids and to adjourn such letting to such time and place as we shall publicly announce.

The date for the completion of such contract, and the terms of payment therefor, shall and will be announced at the time and place of letting. Any person desiring to bid on the above mentioned work will be required to deposit with the Drainage Board a certified check or its equivalent to the amount of 5% of Bid Total as a guarantee that he will enter into contract and furnish the required bond as prescribed by law. The checks of all unsuccessful bidders will be returned after contracts are awarded. All bids

must be made on bidding blanks furnished by the drainage board. All excavations shall be bid by the rod or jump sum and not by the cubic yard.

Payment will be in Drain Orders due 1/2 April 15, 1976; 1/2 April 15, 1977.

Notice is Further Herby Given, that on the 21st day of March, 1975, at the County Road Commission Office in the City of Bad Axe, County of Huron, for all properties in Huron County and at the County Drain Commissioner's Office in the City of Caro, County of Tuscola, for all properties in the County of Tuscola, or at such other time and place thereafter, to which we, the Drainage Board aforesaid, may adjourn the same, the apportionment for benefits and the lands comprised within the "Shebeon Drain Special Assessment District," and the apportionments therefor will be subject to review for one day, from nine o'clock in the forenoon until five o'clock in the afternoon. FOUR MEMBERS of Cass City's FFA Chapter proudly display Big Acre jackets they won in the crop judging contest held Wednesday night, Feb. 5, in Frankenmuth, sponsored by Wickes Agriculture. Shown in the front row are (from the left) Bill Wills, Raymond Koch and Fred Milligan. In the back row are advisor Lyle Clarke, John Broecker and Bob Wischmeyer, representing Wickes Agriculture (formerly Michigan Bean) of Cass City. Broecker took first place awards in field beans, wheat and oats, while Wills took a second place award in field beans and wheat and Koch took a first place award in corn. Milligan took a third place award in corn.

PUBLIC SPEAKING awards were presented to three Cass City FFA members in demonstrations for the District Tournament at Reese Thursday night. Shown from the left are John Broecker and Jeff Moore, who each won gold awards and Debbie Broecker, who took a silver award. Looking on is FFA advisor Lyle Clarke.

# Owen-Gage tables building action

## WANT ADS

Continued from page one

that he did, was not correct. Kenneth Wissner, Owendale, urged the board to have a complete inspection of the Owendale school's sewage system made before anything is done. Good said he preferred to wait until the DNR ruled and gave the board a written statement. The discussion led to a revival of the old argument about curriculum in the district. Both Wissner and Ben Hobart, Gageton, said a new building would not guarantee

an upgraded curriculum. "You need student volume," Wissner said. "And you don't have it. You won't be able to offer any more curriculum with a new building than you are now. So why spend \$1.5 million when it isn't needed?" Hobart asked Good if he would be willing to pay the cost of a new building in higher taxes. "If the people want it, I'm willing to pay the dollars it'll cost," Good said. "I'd pay it whether the building were put in Owendale or Gageton. I want to do away with that old (high school) building."

It's doubtful, however, that the board will move in any direction on a building until more is known about the sewage situation. Supt. Sanford said he has been requested to fill out more forms for the DNR similar to those already filled out by architect Wigen. He said he does not look forward to an answer soon.

### OTHER BUSINESS

Bids were taken on repairing the Owendale field lights, but no action was taken. Bids of \$12,166 from Hugh Laundra Electric, \$13,600 from L.M.A. of Caro and \$11,634 from Wagner-Patten of Sandusky were submitted.

The board took no action since the Wagner-Patten bid opted to repair and relamp only five poles instead of the existing seven. The board asked both Hugh Laundra and L.M.A. to submit bids on repairing only five poles. Action is expected at the next meeting. Financing the light repair also came under audience

discussion. Jack Downing recommended that district voters have a chance to approve the repair which would be equivalent to approximately one mill. The board voted to continue with the special disabilities learning bus in conjunction with Caseville and Lakera and to initiate a resource room for special education at Gageton. First year cost is expected to run an additional \$5,000 for Owen-Gage. The board approved purchase of a 36-passenger bus from Osentoski Farm Equipment Co. of Bad Axe at a cost of \$11,156. The board approved spending \$362.51 as reimbursement for coaching girl's volleyball games this year. Trustees also okayed an evaluation program for pre-kindergarten students including basic tests.

tax payments. The monies represent a portion of the one-mill levy for bridges in the county.

Sheriff Hugh Marr also appeared before the board, asking for a realignment of ranking and staff positions in the department. Marr's request was tabled pending a new contract with county employees and deputies. The board also accepted a bid from Texaco to furnish the sheriff's department with gasoline for the coming year at a price of 36.9 cents a gallon for unleaded fuel.

Commissioners also adopted a permanent agenda. Requests for time with the board are to be submitted by noon of the Thursday meeting prior to the next Tuesday meeting. The move represents a victory for Commissioner J. Benson Collon, Caro, who has been pushing for a formal agenda for over a year.

The board also finalized the land transfer with the Intermediate School District that gives the county the present Intermediate District Building in exchange for land adjacent to the Tuscola Medical Care Facility at the edge of Caro.

## Prices can't drop 500 per cent

Feb. 7, 1975

Mr. John Haire  
Cass City Chronicle  
Main & Oak Streets  
Cass City, Michigan 48726

Dear Editor John Haire: Your comment in your Rabbit Tracks column on a recent news release of mine wherein you question that nothing can drop as much as 500 per cent but only 100 per cent at the most appears to be correct. Your interpretation of my meaning, in effect, is as you expressed it that some farm gross receipts are now five times less from a previous high.

The correct way would have been for yours truly to state that the gross receipts are only 20 per cent from a former established high level. However, it almost seems proper that if something can increase at a rate of over 100 per cent, similarly a decrease of over 100 per cent should also be correct. But that is not technically true.

I appreciate your point of observation where I erred in the area of calculations dealing with percentages.

Best regards,

Sincerely yours,

Loren S. Armbruster  
Your State Representative

## NEWS FROM District Court

Margo Walker, Cass City, was sentenced to 30 days in the Tuscola County Jail after she was found guilty of aiding an escape from lawful custody. The action came Monday before Tuscola County District Judge Richard Kern. Mrs. Walker was found guilty of attempting to help her husband, Michael Caro, escape from the county jail last week. She allegedly attempted to help smuggle hack saw blades into the jail for her husband to use.

The attempt was discovered by Tuscola County Sheriff's deputies.

In other court cases, Gregory Bruce Thompson and Edward Paul Neal, both of Cass City, pleaded guilty to having an open container of alcoholic beverages in an automobile.

Thompson was ordered to pay a \$75 fine and \$25 in costs, while Neal was sentenced to a \$15 fine and \$20 in costs.

## Says thanks to athletic department

Cass City Chronicle  
Cass City, Mich.

To the Editor, We wish to express our thanks to the Cass City High School Athletic Department for Mother's Night on January 31. The pre-game ceremony was very well planned and it left us with a proud feeling toward the school.

We think one person ought to be acknowledged for his hard work in arranging this special night for us. This man is Roland Pakonen. With the help the program went very smoothly and afterward all

the parents were invited to stay for refreshments.

This annual mother's night event made us very happy to be associated with the Cass City High School and also has given us the opportunity to meet Mr. Pakonen. He has for many years given his time and effort to the well-being of the community.

We now wish to extend our deepest appreciation to him.

Respectfully yours,

Pat Toner

# Win over Eagles could ease pain of Caro loss

The unpredictable Cass City Red Hawks will entertain league leading Frankenmuth Friday night and a strong performance would go a long way towards making Hawk cage fans forget last Friday's loss to Caro, 63-59.

The Hawks bowed to a last half rally by the Tigers, a team that they demolished in Cass City early in the year, 74-45.

But this was not the same team that Cass City faced the first time around in the Thumb B Conference. Since that game Brad Potts, a six-foot, four-inch transfer from Tawas City, joined the club.

Potts helped with the rebounding and led all scorers with 20 points.

The Junior transfer probably was the difference in the game. But the killing blows in the last quarter rally came from Tony Perez.

Perez came off the bench and threw in three quick buckets from deep in the corner with Hawk players all around him. Bob Lanier

couldn't have done it better.

It was these buckets by the unheralded Perez that socked away the Tiger victory. For the night Perez had 12 points.

It was only the second victory in 11 starts in the league for Caro. But from here on out none of the league schools will be able to take them lightly.

Although Cass City spotted the Tigers a definite height advantage the Hawks were in control of the game during the first half.

With a balanced attack and some good ball handling that moved the ball inside to Ken Lowe for short jumpers from about eight feet, Cass City moved in front early in the period.

Only three quick baskets by Potts kept the Hawks from piling up a big margin in the first period.

As it was, Cass City was in front 19-16 at the end of the first quarter.

The Hawks lengthened the lead in the second period to go ahead by six.

The Tigers cut that lead to

four points by the end of the third period to set the stage for the heroics performed by Perez and company.

Cass City's shooting at the free throw line continued to be poor. The Hawks hit 13 of 25 attempts for just over 50 per cent. In the first half with a chance to shove the game out of reach they missed four one and one attempts in a row. Caro was about average from the charity line with 62 per cent. Both teams were charged with 16 turnovers according to Coach Ron Nurnberger's shot chart.

Ken Lowe led the Hawks with 18 points and 13 rebounds. Dave Zawilinski added 12 points.

### JUNIOR VARSITY

The Cass City Junior Varsity recorded its second victory of the year over the little Tigers, 48-39. Clarke Haire led Cass City with 18 points. The win moved the Cass City JV record to 8-7 over-all and 7-4 against Thumb B Conference teams.

THE EIGHTH GRADE is in the midst of the annual basketball tournament held this year at Bad Axe. The young Hawks are fighting for the consolation prize. They were defeated in the championship bracket by Lakers, 37-28.

From left, first row: Clare Trischler, Robin Buschlen, Paul Guernsey, Tim Severance, Jeff Prieskorn, Todd Alexander and Kurt Proctor.

Second row: Dean O'Harris, Mike Lefler, Ray Piskowski, Lorn McIntosh, Mike Truemner, Bob Brown and Dave Heins.

Third row: Tim Willis, Larry Cooper, Mark Shaw, Dale Rabideau, Scott Miller.

Fourth row: Duane Ertman, Terry Tuckey, Steve Meeker, Paul Harmer, Keith Pobanz and Tony Doerr.

## Peter Frank, 85, dies Monday

Peter Frank, 85, Elkton, died Monday in Scheurer Hospital, Pigeon. He was born Sept. 15, 1889, in Hungary, and came to the United States in 1908. He came to Elkton in 1928.

He and the former Clara Keller were married Dec. 16,

1911, in St. Louis, Mo. She died in May, 1947.

He is survived by one daughter, Mrs. Helen Rottenbacher of Bad Axe; two sons, Anthony of Birmingham, Mich., and Steve of Cass City; one brother, Nicholas of Milwaukee, Wis.; four grandchildren and seven great-grandchildren.

Funeral services were scheduled Thursday from Huron Memorial Chapel, Elkton, with Rev. George W. Nantz of the Elkton Missionary church and Rev. Mae Schupe, officiating.

Burial was in Riverside cemetery, Elkton.

## Walbro names Rieder to post

Victor M. Guernsey, vice-president sales, Automotive Products Division, Walbro Corporation, announces the appointment of Thomas V. Rieder to the position of Assistant Regional Sales Manager—Eastern Region for both carburetor and automotive product sales.

THOMAS V. RIEDER

### Government

### offices to close

### Monday

Monday is President's Day and it's also a legal holiday. That means post offices, banks and county offices in the three counties will be closed.

In Cass City, Postmaster Grant Glaspie said while windows will be closed and no mail will be delivered, access lock boxes will be open from approximately 8:15 a.m. to noon.

Both Cass City State Bank and Pinney State Bank, as well as Mutual Savings will be closed.

Tuscola County Clerk Elsie Hicks said all county offices will be closed Monday as well. President's Day, designated as the third Monday in February, recognizes both George Washington and Abraham Lincoln.

Rieder joins the Walbro team with 18 years of sales experience in the automotive aftermarket. Most recently employed by McCord Corporation as a Zone Manager, Rieder has also worked for two other manufacturers in the automotive aftermarket. He began his automotive market-sales career as a district manager for Chevrolet Motor Division.

GOOD POSITION won this rebound for Clark Hillaker as Caro's Dan Boylan attempts to pull the ball away. Key man in the game for Caro was Tony Perez, number 42, who sank the key baskets in the final quarter. Mark LaFave, number 12, watches.

## Girls win two

Cass City High School's girls' volleyball team evened its season's record at 3-3 this week, trouncing Bad Axe Monday night. The win came on the heels of a narrow win over Vassar Wednesday, Feb. 5.

Both wins gave the team a much-needed lift and put them on more solid ground for their encounter with Frankenmuth scheduled Wednesday night.

In the Monday night contest, the varsity squad allowed their opponents only one point in the two-game match, blanking the Hatchets 15-0 in the first game and taking a 15-1 win in the finale.

For the Hawks, Deb Selby accounted for 11 of the team's 15 points in the first game. Fourteen points came on aces serves. She added another four points in the second game, along with Marcy Miller who scored a total of six points for the match.

In the JV match, Cass City took both ends, 15-8 and 15-10.

### VASSAR MATCH

The Vassar varsity match went to a third game before Cass City took the victory. The first game went to Vassar 15-5, but then the Hawks caught fire and took a 16-14 win in the second game and a 15-13 triumph in the finale.

Sherry Little scored 11 points for the three games and Lou Ann Stover added another nine for Cass City.

In the JV match, the Hawks lost in three games, taking the first 15-13, and dropping the next two by 15-13 and 15-10 scores.

## Road tax funds up as village counters trend

For the second consecutive quarter, Cass City was the only area village to show a gain in revenue from motor fuel taxes collected in Michigan, the State Highway Commission reported last week.

Cass City's allocation of tax revenues totaled \$8,851 for the fourth quarter of 1974, compared with \$8,599 for the fourth quarter of 1973, a three per cent increase.

The picture was just the opposite for other villages and the three Thumb counties, however.

Tuscola county revenues dropped from \$366,202 for the final three months of 1973 to \$365,691 for the same period in 1974.

Sanilac county motor fuel tax revenues dropped by \$6,653 to \$346,960 for the period. Huron county tax revenues showed a decline of \$1,877 to \$323,269 for the period.

Village receipts from the Motor Vehicle Highway Fund, generated by tax as paid on motor fuels and vehicles, also showed continued declines. Gageton received \$2,981 for the fourth quarter of 1974, compared with \$3,015 for the fourth quarter of 1973.

Kingston's receipts dropped from \$2,162 to \$2,141 for the period and Uby's share of the fund declined from \$3,810 in the fourth quarter of 1973 to \$3,794 for the same period last year.

Statewide, the fund lost more than \$3 million over the same period the year before. But a \$3 million increase in license plate revenue for the quarter resulted in a net

decline of only six-tenths of one per cent for the fund. It was the second quarterly decline.

The amount to be shared with the state, counties and municipalities amounted to \$116,086,270, compared with \$116,800,421 for the same quarter a year ago.

The quarterly increase in license plate revenue means that more persons purchased their license plate tags in the last two months of 1974 than did in 1973. The new purchase-by-mail system for tags is credited in large part for earlier and faster orders for tags, highway officials said.
