CASS CITY, MICHIGAN, FRIDAY, JANUARY 17, 1941.

#### EIGHT PAGES.

Seventeen Have Volunteered Their Services, So Few Date." Draftees Will Be Called.

Twenty-two young men will form the second quota for the selective service draft from Tuscola County and one additional man will lie Townsend and Miss Lucile Bay-be added by the county draft board ley. The next meeting will be held for a replacement.

Seventeen men have volunteered their services and if all of them prove to be physically fit, the draft board will be obliged to send but six draftees to complete the Jan-uary quota. It is improbable that all seventen volunteers will be ac-

cepted, however, and it is likely that more than six draftees will be called upon to enter their country's service.

The following eight men have fulfilled all requirements for ser-vice and will be included as volunteers:

V-9, Geo. Henry Shaw, Vassar. V-10, Alvin Richard Marr, Vassar. V-11, Glen Andrew Bartow, Milof Cass City.

lington. V-12, Claude F. Jones, Milling-

ton. V-13, Arnold Leslie Haemmer-

lien, Unionville.

V-16, Lawrence Rhodes, Pontiac. V-17, Fred E. Heinitz, Unionville. V-18, John Witek, Saginaw.

The acceptance of the following nine men as volunteers depends upon their final physical examination reports which as yet have not been returned to the county draft board:

V-19, Steve Suranye, Caro. V-20, Arthur Bernard Childs,

Unionville. V-21, George Calvin Hawken,

Reese. V-22, Anthony Wagner, Reese. V-23, Robert L. Jones, Akron. V-24, James Olah, Caro.

Judge Nomination Caro Attorneys and Two Two from Lapeer Have Entered the Contest.

Four Enter As

**Candidates for the** 

The campaign for the nomination of circuit judge in the Tuscola-Lapeer district promises to be a hotly contested one with the en-trance of four candidates in the non-partisan primary which takes place on February 17. The three men who will oppose Judge Louis C. Cramton, incumbent, are Myron David Orr and Maurice Ransford, both Caro attorneys, and George DesJardins, an attorney in Lapeer, Judge Cramton's home town.

The two who receive the highest number of votes will have their names on the non-partisan ballot at the spring election on April 7. In the 1934 fall primaries, when

DesJardins opposed Cramton to fill the vacancy in judgeship, Cramton won the Republican nomination by 127 votes. In the November general election, Cramton defeated his Democratic opponent, John Lough-nane, by 4,813 votes. In the March, 1935, primary for the full term, Cramton won the nomination from Theron W. Atwood, Caro attorney, by a majority slightly over 1,000. He was unopposed at the April

**Re-elected** with Very Few election. This is the first non-partisan

election for circuit judges since the law went into effect last year. Although running as non-partisan, all But one change was made in candidates are normally Republibank elections in Cass City on cans and have taken an active interest in Republican politics.

This judicial circuit is comprised of Tuscola and Lapeer Counties. Tuscola County generally casts from 1,500 to 2,500 more votes than Lapeer County.

HERE ARE SOME FACTS about Ford Labor. During the year ended November 30th, 1940, the Ford Payroll throughout the United States averaged 113,628 hourly wage earners, not including office employes, students, or executives. They were paid \$185,105,639.12. On this basis, the average annual wage was \$1,629.05.

According to the latest available govern

parison of compensation insurance costs:

The national average rate in automotive manufacturing plants as computed by the National Association of Underwriters is in excess of \$1.50 premium on each \$100 payroll. The Ford cost of workmen's compensation is less than 50c.

This indicates that the chance of injury

To the Voters of the 40th Judicial Circuit:

I ask your support for renomination and re-election as Judge of this Circuit at the non-partisan primary, Feb. 17, and non-partisan election, April 7, 1941. I have tried in my past service to be fair and impartial, to expedite the business of the court, to conduct it as economically as consistent with justice. Proper conduct of the office means much to these communities and to all our people. I am sure that my past experience prepares me for future service. If you have confidence in my work as judge, I will greatly appreciate your support. LOUIS C. CRAMTON.

ment figures, the annual average wage of all workers in employment covered by old age insurance law was \$841.00.

If the 45,000,000 workers of this country received the same average wage as Ford employes, they would have had additional wages of more than \$35,000,000,000, thus increasing the national income about 50%. Think what such an increase would mean to the workers of this country and to the American farmer, whose prices are based on the national income.

Wage scales in the Ford Rouge plants are divided into three classifications:

Unskilled ...

Minimum hiring wage . 75c per hour

Semi-skilled . . . Minimum hiring wage . 80c per hour

Skilled . . . Minimum hiring wage . 90c per hour Higher wages are in consideration of ability and years of service.

Minimum wage scales for unskilled labor at the Rouge plant are the highest in the industry. Top wages for skilled labor compare favorably with, or are higher than, wages in other automobile plants.

Now some facts on Ford labor conditions:

Not only are sanitation and other health conditions the best in the industry, but Ford also leads in safety devices for the protection of employes. Proof of this is found in the following com-

in a Ford plant is much less than in the average automobile plant.

The Ford Motor Company has no age limit for labor, and in fact deliberately attempts to keep older workers working. The average age of Ford workers at the Rouge and nearby plants is 38.7.

A recent check-up shows that nearly onehalf the workers at these Ford plants were 40 or over, falling into these age groups:

> 25,819 between 40 and 50 14,731 between 50 and 60 3,377 between 60 and 70 417 between 70 and 80 12 between 80 and 90

In addition to the so-called regular employes, the Ford Motor Company has hired, and now has on the payroll, at the same regular hourly wage, thousands of workers who are blind, crippled or otherwise incapacitated for normal productive work. They are not selected for their ability to build cars or to maintain the plant. They are on the payroll because of Henry Ford's belief that the responsibility of a large company to labor goes beyond the point at which the unfortunate worker can no longer produce profitably.

The above are facts. They are open to anyone who really wants to deal in facts. Anvone who wants to get a job . . . buy a car . . . or place a national defense contract on the basis of fair labor treatment must place Ford at the top

Recognition for American Indian Art

The almost forgotten arts developed by Indians will be recalled January 22 when the government, universities and museums will co-operate to feature their achievements. Above, a group of Navajo Indians demonstrate their handiwork, which will appear in the museum of modern art, New York city. Upper right: A young Indian girl proudly wears traditional tribal costume.

**Bowling** News

a team to fill the vacancy caused Fourteen newly organized teams

under way there will be new records established no doubt. The Coleman pinsters started away in top form when they put together games of 790, 795 and 773 for a 2,358 total which is well above their average. Their captain, Myles Coleman, posted a count of 567 pins to start himself away in first place. Auten's game for a 214-pin count was the highest indivdual game of the week, while the Larkin team rolled the highest single game of 822. The Knapp and Auten squads were the only teams in the league

to win all their games, but with a long schedule ahead, they will find plenty of competition before the bowling season ends. First week of second schedule of last week in Detroit.

#### PAGE SEVEN.

Mr. and Mrs. Warren Nugent of Bingham Township, Huron County, believe that really good lighting in farm buildings as well as in the home, is quite an important part of good farming.

For complete infor on bow to get good lighting for your farm and bome, write for your copy of "Electric Light for the Farmstead." a new illustrated booklet published by the U.S. Department of Agriculture. Write or call any Detroit Edison office.

This picture shows their living room. It has plenty of glare-free light for reading, for sewing and for doing other visual tasks safely and comfortably. The Nugent farmyard and barns also are well lighted.

Mrs. Nugent says that having the proper amount of good light makes all her work easier and helps her get more done in a day. And Mr. Nugent lights his chores before he comes to them. He finds that good lighting and convenient switching for farm buildings and barnyard save many steps, speed up his work and provide greater safety.

these bills. The public debt will pass the \$49,000,000,000 limit by June 30 this year, and the President suggested removal of the debt limit.

Almost \$2,000,000,000 was included to maintain agricultural aid at present level. The WPA item was cut to \$995,000,000, a drop of \$400,000,000 from this year.

#### **PROPAGANDA:** New Style

Before France fell, the civil population was lulled into a false sense of security by assurances of the invincibility of the Maginot line. When Germans cracked the lines, the whole French nation went jittery and fled-from anywhere to anywhere. They believed all had been lost, and in the resulting confusion all was lost.

European propaganda staffs, quick to sense public reactions, took a lesson. The British immediately began giving their people the ugly facts. People's minds were "conditioned" to expect the worst. When what happened wasn't half as

bad as expected, public morale rose. When Australian troops battered their way into Bardia, Italian Libya. tured by British troops in the war, tions, finally relented.

NAMES . . . in the news

Judge-J. Warren Madden was first chairman of the National Laso much criticism in congress that ing senate opponents would block ratification. So the President named him to the U.S. court of claims. His enemies in the senate still were displeased but approval finally came. to the Hollywood studios.
