Chris Seeger Home Scorched by Fire

Mr. and Mrs. Chris Seeger discovered fire in their bedroom as they were eating supper in the adjoining kitchen late last Thursday afternoon. Mrs. Seeger planned on extinguishing the flames with a pail of water, but found on closer investigation that the fire had progressed too far for such simple treatment and the fire department was called. Fortunately they arrived in time to work effectively and soon had the flames subdued. The main part of the residence which Mr. and Mrs. Seeger built with their own hands six years ago in Mr. Seeger's 80th year was badly scorched and will need considerable repairs before it can again be occupied. A bedroom which Mrs. Seeger built herself as an addition to the dwelling last year, when she was 79, suffered little from the flames.

A strong wind from the west might have spread the fire to nearby buildings Thursday had the fire department not been so prompt and labored so efficiently. Clothing and some furniture were burned. The cause of the fire is unknown. There was no insurance.

Cass City High School Defeated Vassar 34-0 Friday

Thirty-one Local Players Had Chance to Exercise in Regular Ball Game.

The Cass City High School football team started a touchdown parade here Friday afternoon which didn't stop until they had stacked up 34 points for themselves and held Vassar without a score.

During the first period, the Maroon and Grey counted twice, with Profit going over for the first one and Strickland passing to Profit for the second. Root place kicked the point after the first touchdown but the kick went wide after the second.

The only score of the second period came near the end of the quarter when the local blockers really went out and cut down the defense and Profit scampered 35 yards to the goal line un molested. Strickland plunged off tackle for the extra point.

During the third period, Profit again, aided by excellent blocking, raced 35 and 25 yards for two more touchdowns. Root's place kicks were both good.

During the fourth stanza, with the teams made up mainly of reserves, the play was kept between the forty yard line with neither team making a serious threat to score.

The blocking of the Cass City team showed a marked improvement over the previous week and the entire line play was improved. Thirty-one local players got a chance to show what they could do in a regular ball game.

Forty-hour Devotions at Saint Pancratius Catholic Church

That day the evening services were conducted by Rev. John McCullough of Gage-town, while Rev. Mr. Bartholomew, O. F. M., of Saginaw delivered the sermon. Saturday services, both morning and evening, were celebrated by Rev. Mr. Bartholomew, O. F. M. The closing of the Forty Hours Devotion was witnessed by the Rev. pastor, ten visiting Catholic priests from the Thumb district and a large congregation of the faithful.

During the three days, each Catholic family had one appointed hour of adoration during the day, so that the Blessed Sacrament was never without at least one or two adorers.

Sister Mary Julia and Sister Mary Cantia paid a short visit at the church Friday afternoon and then returned to Detroit, leaving Sister Mary Constance and Sister Mary Gertrude, who enjoyed a very pleasant week-end with Miss Sarah McDonald and Miss Caroline Garity. MICHIGAN MIRROR

Concluded from first page.

freedom is freedom of the press. Without that guarantee our other freedoms would languish and disappear.

"The example of the Michigan Press Association is one which I hope will be widely emulated."

Secretary of War Henry L. Stimson, in commending Michigan newspapers, said:

"The coordinated efforts of your member publications will do much to assure a full public understanding of the defense program. The importance of Michigan as an industrial center makes your project of special interest at the present time."

"Patriotic Public Service"

Lieut. Colonel E. Ernest Dupuy, chief of the planning of liaison branch of the war department, declared that the Michigan newspaper move was "a patriotic public service of high order."

"You may be interested to know that while there have been no other similar groups which have perfected the formal organization of your association, quite a number of state press associations have been directing combined efforts towards the same end. All this is in the finest tradition of the American press, and is of particular value in this emergency."

Likewise Senator Arthur H. Vandenberg sent commendations for the "splendid arrangements that have been made by Michigan journalists to coordinate their labors in behalf of effective national defense. This is a real public service, and I congratulate all of you upon this fine enterprise."

Secretary Knox Lauds

Secretary of Navy Frank Knox, who served as president of the state newspaper association in 1904 while publisher of the Sault Ste. Marie Evening News, wrote:

"I get the same satisfaction out of hearing about the fine cooperation of the Michigan press in our defense program that anyone gets out of hearing about a good job done by the people back home with whom he has lived and worked. I know from first-hand experience of the fine tradition which Michigan newspapers are carrying on today. And I know, too, that at no time has there been greater need for such cooperative action on the part of the press than there is today."

Another excerpt: "Democracy depends upon the wide dissemination of information about our national problems and free discussions of

the best way to meet and master them."

Knudsen on Reporting

William S. Knudsen, director without of the Office of Emergency Management, put emphasis on "sound, thorough and objective reporting" in congratulating Michigan newspapers for their non-partisan stand. He wrote:

"The public depends in large measure upon the press for its understanding of the defense effort. Sound, thorough and objective reporting is of increasing importance in these days of national and international emergency."

"If the people know the facts, they will, as always in a democratic country, arise promptly to the defense of their liberties."

"I hope that the (newspapers) concerted non-partisan effort to perform a vital public service of keeping American citizens ever better informed of defense activities will serve as an example to its colleagues elsewhere."

Michigan Congressmen

Typical of statements received from Michigan representatives to Congress is this comment by Albert J. Engel, Muskegon, congressman from the Michigan ninth district: "The press is on firm ground when it offers to cooperate in the defense program but reserves its constitutional right to print the news compatible with military necessities and to offer constructive criticism of the government's foreign policy and program."

Jesse P. Wolcott, Port Huron congressman, urged Michigan editors to "separate factual matters from the pure propaganda," while Clare E. Hoffman, Allegan congressman, admonished the press to "go 'all out' for national defense and not for intervention."

The newspaper division of the state defense committee, headed by W. S. Gilmore of the Detroit News and Schuyler Marshall of the Clinton County Republican-News at St. Johns, will meet in Lansing Friday night (October 3) to confer with Governor Van Wagoner and officials of the state defense council.

Buy Winter Coal Now

"Buy winter coal now," U. S. government agencies are advising, "to avoid a very grave danger of a shortage of coal next winter." Buying and storage of coal is advocated as a direct and substantial aid to national defense, because it will lighten the load that defense production is placing increasingly on the transport system. Follow the government's expert advice by putting your winter fuel needs into the bin now.

Bacon Without—
There is an easy way to do everything in this cooking business. Take the new bacon on the rind for example. It can be sliced from the rind very easily. Chill the bacon thoroughly—set it on end with the rind away from the cutter and slice down through the desired number of pieces. Always remember to slice only those pieces which are needed at the time, leaving the unused pieces attached to the rind. The reason for this? They will retain that "back to the farm" flavor and can be kept indefinitely.

For 1942—a Beautiful New

FORD

"6" OR "8"

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8. See it and you sense at once that here is new style that will stay good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines. Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company. Inside, the car is big—wide across the seats, generous in knee-room, leg-room, elbow-room. On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier. In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, but in every case the new is equal to or better than the old. If your family needs a new car, go see and drive this Ford. For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.

Lansing, Oct. 2—Another "first" for Michigan: Michigan newspapers, 345 of them strong, published daily and weekly, have sponsored the first all-media state committee for effective dissemination of national defense information. The Office of Civilian Defense at Washington has declared that the Michigan press program to be a model for general adoption by state councils of defense.

This announcement came today from the Michigan Press Association, newspaper trade organization since 1875, which made public statements of congratulation received from the White House, Secretary of Navy Frank Knox, Secretary of War Henry Stimson, William S. Knudsen, Senator Arthur H. Vandenberg and many others, including Michigan congressmen.

In July the newspapers took the initiative in sponsoring a non-partisan advisory group for the newly formed Michigan Council of Defense. All media are represented on an equal basis—motion picture theatres, radio, outdoor advertising, graphic arts, and periodicals. In addition are several advisory agencies representing industry and labor, governmental public relations and advertising.

President's Secretary Stephen Early, secretary to President Franklin D. Roosevelt, wrote: "I congratulate the Michigan Press Association on its patriotic determination to put the whole weight of its influence behind the campaign for national defense. Foremost among our cherished Turn to page two, please.

1886 -- Fifty-fifth Birthday -- 1941

Back when the pioneer community of Cass City was just regaining its feet following the disastrous fire of 1881, when Main Street was a mere scattered row of frame buildings, and when only a few of the town's present dwellings were in existence, a new business came into being.

Fifty-five years ago this week Elijah H. Pinney started the banking business which was first known as THE EXCHANGE BANK OF E. H. PINNEY. The founder of this institution had been engaged in the real estate business for a few years following his arrival here from Pennsylvania, had come to know this community and believed in its future.

That the pioneers labored and built wisely in a community possessed of bountiful natural resources is proven by the town we have today, surrounded by miles of farm land rated among the best in this state.

We are proud that for fifty-five years our institution has been a part of this progress. The Exchange Bank grew and prospered with the community. In 1903 Edward Pinney became associated with his father in the business, and shortly afterwards the private banking business became a partnership—THE EXCHANGE BANK OF E. H. PINNEY & SON. As such it continued until after the death of Elijah H. Pinney in 1918, and of Edward Pinney in 1919.

In 1921, after thirty-five years of existence as a private bank, it was incorporated as a state bank under its present name. About twenty-five local citizens, by purchases of stock therein, became partners with the Pinney family in the corporation. Mrs. Elizabeth E. Pinney became President, and of the five Directors who were then chosen to guide the affairs of the institution, three still retain their same connection.

In 1926 the third generation of the Pinney family, Frederick H. Pinney, entered the bank's employ, becoming its President in 1931, and still serving in that capacity. Recently another member of the third generation, Horace V. Pinney, became one of the bank's officers, though at present he is on leave of absence for army service.

The other officers have long years of service with the bank already behind them, Ernest Croft with over twenty-six years, and D. W. Benkelman over twenty-two years. All have contributed their best to the institution, and thus to the service of this community.

The going has not always been easy, but we are happy to know that our community and our institution have weathered the worst that the past fifty-five years has had to offer. We feel that pride is justified in presenting to you our latest statement of condition, for we believe it to be the best of all the fifty-five years since the bank was founded.

Over two-thirds of a million dollars of deposits in the bank are owned by approximately fifteen hundred depositors, a few of whom have done business here for the full fifty-five years. Capital funds of over \$90,000.00, representing the stockholders' investment in the bank, are larger than ever before. With loans we are attempting to care for all legitimate and worthy credit needs of the community which come to our attention, and the volume of these loans runs into many thousands of dollars each month.

We are aware of the great responsibilities which the bank has assumed—to its depositors, to those who borrow from it, and to the community. Only as these duties are faithfully discharged can the bank continue to prosper. We appreciate the place in this community which has been accorded to us.

GOOD LIGHTING HELPS THE FARMER AND HIS WIFE

IMAGINE the convenience and comfort good farmyard and barn lighting can bring you: As you step into the darkness to do the chores, you flip a switch and floodlight the yard. No more stumbling in the dark.

In the barns, in the workshop, in every building on the modern farm, plenty of light speeds up work, protects against thieves and accidents. Lights in the poultry house increase egg production at the season when egg prices are high.

In the home, good lighting is essential to good living. It makes household chores easier to do, saves time and strength, protects against dangerous eyestrain.

Go to your dealer or electric service company. You'll find that it's easy to have good farm and home lighting at low cost.

DEFINITE AG. GOALS WILL BE SET UP IN TUSCOLA

Definite goals for 1942 agricultural production in Tuscola County covering virtually all important farm commodities will be set up in the near future calling for marked increase in the production of certain essential products to help meet the national goals which will make 1942 the largest agricultural production year in history. As a part of the national farm defense program, farmers will be asked to increase production of milk, eggs, chickens, commercial vegetables, soybeans, barley and oats, according to John M. Reagh, chairman of the United States Department of Agriculture County Defense Board. Farmers will also be asked to farrow and save a 10 per cent larger 1942 spring pig crop than the 1941 crop, and to increase their marketing of cattle and calves for slaughter. Decreased planting of wheat will be asked with corn acreage held at about present levels.

No particular increase in sugar production has been asked for but no acreage limit has been set. Potato production is expected to increase slightly while the acreage of white pea beans is expected to remain at the present high level. An effort will be made to increase the number of home gardens in the State from 150,000 to 185,000 in 1942. County goals are expected to be worked out and ready for announcement on or about October 15 when AAA community committees will start their annual farm canvass to talk over farm plans for 1942 with individual farmers in order to determine what each farmer can contribute toward the county goals. As part of the farm defense program for 1942, Secretary of Agriculture Claude R. Wickard has issued a formal proclamation announcing that the Government will support prices for hogs, eggs, evaporated milk, cheese and chickens until December 31, 1942, at not less than 85 per cent of parity. This action was taken under recent legislation which provides that whenever the Secretary of Agriculture finds it necessary during the existing emergency to encourage the expansion of production of any non-basic agricultural commodity, the Department of Agriculture is required, within the limit of funds available, to support the price for producers at not less than 85 per cent of parity.

"This Government-backed guarantee of price support is the farmer's defense contract and compares to the contracts given industrial firms by the Government for the production of planes and tanks, etc.," John Reagh said. The farm defense program in Tuscola County will be under the supervision and guidance of the United States Department of Agriculture County Defense Board whose membership is made up of representatives of each of the Federal Department of Agriculture agencies functioning in this county.

Governor's Proclamation.

State of Michigan, Executive Office, Lansing, Michigan. Among the freedoms which we cherish in the United States for preservation of our liberties is freedom of the press. Without a free press, disseminating the truth as editors and reporters see it and providing a forum for public discussion, our democracy could not survive. Along with freedom of religion and freedom of speech, it is a basic guarantee of individual liberty, given to us in the first amendment to the Constitution of the United States, better known as the "bill of rights." In special tribute to Michigan newspapers which have declared anew their patriotic determination to serve the people with information of national defense, I hereby proclaim October 1 to 8, 1941, to be National Newspaper Week in Michigan. Let it be a special commemoration of the constitutional right, enjoyed by every citizen and safeguarded by our newspapers, of freedom of the press.

United in Marriage at Candlelight Service in Detroit

Margaret Jean Opper, daughter of Mr. and Mrs. Grant Opper, of Detroit, became the bride of Richard Martin Calley, son of Mrs. E. J. Calley, also of Detroit, Saturday evening, September 27, at a candlelight ceremony in the Knox Presbyterian Church. The Rev. George E. Muran performed the ceremony in a setting of palms and gladioli.

Given in marriage by her father, the bride was pretty in a white satin gown with lace yoke and lace insets. The long sleeves were pointed over the hands and the princess style skirt fell into a long train. Her bridal veil of white tulle trimmed in white lace to match her dress was of fingertip length and was held in place by a tiara of small white pearls. She carried a bouquet of white roses and baby mums.

Miss Frances Oliver was maid of honor and wore a gown of dusty rose velvet and net and carried an arm bouquet of purple gladioli. Miss Wilma Calley, sister of the groom, and Miss June Palmer were bridesmaids and wore gowns similar to that of the maid of honor with purple velvet bodices with long sleeves and purple net full skirts. Their bouquets were dusty rose gladioli.

Jack Beddow was best man and seating the guests were Raoul Merritt and Ronald Wilson. A reception followed the ceremony at the home of the bride's aunt, Miss Azalia Opper, at 10239 McKinney, Detroit.

The bride's mother wore a wine velvet dress and the bridegroom's mother wore a timber green crepe dress with matching velvet trim. Both mothers wore orchid corsages. The groom is employed by the Michigan Bell Telephone Company in Detroit and the bride works in the office of the Hudson Motor Car Company. They will make their home at 1010 Chalmers Avenue, Detroit.

Pin Topplers Led by Mann

By Dr. B. H. Starmann, Secretary of Bowling League.

The second week of the Cass City Bowling League produced some top-flight scores. The pace was set by Walt Mann, who in his last game of the evening, tossed his ball for a rousing 246-pin total. In this game, Walt had 10 strikes, opening with five in a row, then sparing. He followed his spare with a strike and then an unlucky miss. The miss, however, did not upset him and he pounded in three more strikes for his 246. This game, together with openers of 157 and 184 gave him a three-game total of 587 to lead the league.

Other very creditable scores were Landon's and Townsend's 542, Reid's 533, Gross' 522, Parsch's 532, and Auten's 525.

Only one team managed to win all three of its games for the week. Reid took three from Larkin. Dr. Fritz, Collins, Dr. Starmann, Wallace, Parsch and Knapp each won two games.

The top spot is shared by three teams; Reid, Collins and Dr. Starmann have each won five and lost one. They are being crowded by Parsch and Knapp who are only one game behind.

Landon seems to have been angered by your correspondent's remarks of last week and proceeded to blast his way to fourth place in the individual averages. All honors for the second week, however, go to Mann.

The team standings at the end of the second week are:

Table with bowling team standings: Reid (5 W, 1 L, 833 Pts), Collins (5 W, 1 L, 833 Pts), Dr. Starmann (5 W, 1 L, 833 Pts), Parsch (4 W, 2 L, 667 Pts), Knapp (4 W, 2 L, 667 Pts), Larkin (3 W, 3 L, 500 Pts).
