Bishop Wade to Speak in Cass City

Bishop Raymond J. Wade of the Methodist Church and presiding bishop over the Detroit area, will address the people of the Methodist Church in Cass City Sunday afternoon at three o'clock.

It has been many years since a bishop of the church has visited this parish. It is hoped by church officials that all members and friends of the church will make a special effort to attend the service.

Before coming to this area, Bishop Wade was in charge of the Methodist work in northern Europe. The war forced him to return to this country.

The Rev. Dudley Mosure, pastor of the Cass City Methodist Church and Bethel Methodist Church, personally extends an invitation to the people of the community to come to the church next Sunday afternoon and hear Bishop Raymond J. Wade.

Sandham, Methodist Church; C. U. Brown, Baptist Church; Dr. B. H. Starman, Catholic Church; Edward Schwieger, Evangelical Church; John Marshall, Bethel Church; Robert Warner, Church of Christ; and W. L. Mann, representing the community. By virtue of their positions, according to the society's constitution, Superintendent of Schools J. I. Niergarth and pastors of local churches are also directors.

Chief Petty Officer Hewen, naval recruiting officer at Saginaw, in a short address, told of the great need of more men for the United States Navy. The present 10,000 recruits needed a month now will increase to 16,000 to 20,000 a month by next July, he said, and a campaign is now in progress to make each community navy conscious and get young men interested.

The musical qualities of the harp, the most ancient of stringed instruments, were skillfully presented by George Lyons, an accomplished musician. Mr. Lyons' numbers were greatly appreciated by his audience.

Celebrate Silver Wedding Anniversary

Mr. and Mrs. Ira Carruthers celebrated their 25th wedding anniversary Saturday evening, November 8, in the Community Hall at Shabbona with more than 200 attending.

Mr. and Mrs. Carruthers, with their daughter, Miss Mildred, received their guests at the door. Assisting were three of Miss Carruthers' aunts, Mrs. Hyde, Mrs. Brown and Mrs. LaBeau.

At ten o'clock, Rev. Mr. Firth introduced Donald Henry, a lifelong friend of the family, to act as master of ceremonies, who presented a very appropriate program for the occasion. Rev. Mr. and Mrs. Firth led singing, "I'll Take You Home Again Kathleen." This was followed by prayer, Mrs. Firth; readings, Mrs. Severance; remarks, Donald Henry; two selections by Urban Quartet; musical numbers by Esther Schmidt and Mrs. Chase and daughters; and solos by Mrs. D. McNaughton and Clifton Meredith. Then everyone sang "God Bless America" and repeated the "Lord's Prayer."

Rev. Mr. Firth was then given charge and asked the groom of 25 years ago and his best man, Joseph Schaumberger, to come forward, while Mrs. Firth sang "Because." At the strains of the wedding march, the bride, and her bridesmaid, Mildred Carruthers, marched to their places. Marriage vows were again renewed, an especially prepared ring service being used.

A lunch of ice cream and cakes were served while Mr. and Mrs. Carruthers, assisted by a sister, Mrs. Brown, opened the gifts.

Guests were present from Deckerville, Yale, Grosse Pointe, Detroit, Freeland, Cass City, Decker, Argyle and Snover.

Financial Worries Begin to Multiply at State Capital

Suggestions Being Made Again for Special Session of State Legislature

By Gene Allemen, Secretary of Michigan Press Association.
Lansing—Petitions to initiate an anti-branch banking law are being circulated this week throughout Michigan.

It portends a renewal of the legislative battle climaxed in 1941 when Governor Van Wagener vetoed the branch bank bill and legislators retaliated with a 90-day recess.

According to the state law on initiatory legislation, the voters themselves will have an opportunity to enact the bill if the legislators fail to act. The referendum is automatically invoked by negative action of the legislature, and thus the people themselves would have the last word in this controversy.

In this tug-of-war the battle lines are between urban and rural banks. Earl W. Delano of Allegan, president of the Michigan Bankers' Association, explains that the proposed law would prohibit branch banks outside the county in which the parent bank is located. This provision would prevent extension of branch banking, such as through the Michigan National Bank with branches in large cities such as Lansing and Battle Creek.

Another issue between upstate and metropolitan interests appears to be headed for a showdown in the 1943 legislature in the revived demand for reapportionment.

Here is a case where the state Turn to page 6, please.

Thieves Break into Two Churches in Cass City

Thieves broke into two religious edifices in Cass City—the St. Pancratius Church and the Church of the Nazarene—some time the latter part of last week.

Entrance was gained through the basement window of the Catholic Church, then to get up to the church proper, the lock at the top of the stairs was broken. The door could not be opened so the thieves broke a second window at the back of the church. A box containing a small amount of money was taken, cupboard doors were broken off and the contents of cupboards removed.

At the Nazarene Church, two windows were broken but nothing in particular was found missing. Some of the men of the church thought some of the coal might have been taken.

Floyd O'Rourke Seriously Hurt in Auto Crash Sunday

Floyd O'Rourke of Cass City suffered a broken neck and scalp wounds in an automobile accident a half mile west of Ashmore on Sunday afternoon.

Archie Davenport, driver of the car, says sugar beet vehicles coming onto the pavement from a nearby field had left a deposit of mud on the blacktop roadway which made it slippery and sent the car into a ditch, striking a culvert. Davenport escaped with minor injuries and Mrs. Davenport, sister of Mr. O'Rourke, suffered bruises.

The three had gone to Ashmore to visit Mr. Davenport's father and from that point planned to drive to Ypsilanti where Davenport was employed by E. B. Schwaderer, highway contractor. O'Rourke had lain down on the back seat as they left Ashmore and was unaware anything had happened until he was examined by a physician in the Caro Community Hospital. He was brought to the Morris Hospital in Cass City Wednesday.

League Lead Changes Again

By Dr. B. H. Starmann, Secretary of Bowling League.

The eighth week finds six teams still definitely in the running for the top spot with one and possibly two others with an outside chance. The lead changed hands again. The Reid five took all three of their games from Dr. Fritz and moved back into first place. Collins, the previous week's leader, dropped two to the Dr. Starmann bowlers to slip one game behind Reid. In this match, Dr. Starmann's team came up with a new high "three-game total" of 2,512 pins. This is the first "2,500" series of the season.

The Parsch team won three games from Tyo and moved into a tie with Collins for second place.

The week's high individual series goes to Ed Schwegler, who pounded out a very creditable 574 series. In the "five hundred circle" for the week, Ed had fifteen other bowlers trailing him in the following order: C. Wallace, 559; Wilson, 558; Pinney, 558; Auten, 532; Landon, 530; F. Tyo, 521; Fort, 519; R. McCullough, 519; Dr. Starmann, 518; E. L. Schwaderer, 508; A. Tyo, 506; F. Novak, 504; Retherford, 503; Mann, 502; and Gross, 500.

From now on we hope to see a mighty spirited race and may the best team win.

RED CROSS IN ACTIVE CAMPAIGN IN TUSCOLA COUNTY

Concluded from first page.

chapter had set a quota of 4,500 members for its share in the national appeal. "We must go over the top in this roll call," she added, "because the continuance of the national Red Cross program depends upon the success of the local chapters in appealing for members."

Funds realized during the roll call period, she pointed out, will be used to enable the American Red Cross and its chapters to carry on its expanded services to the Army and Navy and to widen its national defense program for the civilian population.

The Red Cross has more than doubled the number of field directors and medical workers in its employ stationed at Army and Navy posts and hospitals. Red Cross staffs are at 185 stations and hospitals covering 900 points of military and naval service. Approximately 200 field directors and assistants are dealing with the able bodied personnel of the Army and Navy while another 140 workers, assigned to Army and Navy hospitals, render medical social service and communication service for convalescent patients as well as plan medically approved recreation.

To facilitate these within-camp activities, Mrs. Bulen said, the Red Cross has under way a \$1,250,000 construction program to erect Red Cross administration buildings at each of 62 Army camps. These buildings contain offices, consultation rooms, living quarters for the Red Cross staff, and a reception room and lecture room for classes in Red Cross first aid and home nursing courses.

She added that the Red Cross also is completely furnishing and operating hospital recreation buildings constructed by the War Department at 65 Army stations and general hospitals. The buildings will provide recreational service for convalescent patients as well as plan for convalescent patients, including current popular motion pictures, stage presentations and other entertainment. The program in these quarters will be conducted by a trained Red Cross staff aided by volunteer Gray Ladies, the Motor Corps and other volunteer units of nearby Red Cross Chapters.

"It is essential for the complete functioning of this vital program that local chapters strengthen their home service departments," Mrs. Bulen said. "These departments, with the field directors at camps and hospitals, form the liaison between the military and civilian populations which is the duty of the American Red Cross to provide. Our own chapter must be prepared

to bear its share of the load, but it can only do so with the wholehearted support of the entire community during roll call."

Mrs. Bulen said that the Red Cross on a nation-wide basis is performing a number of other services for the armed forces, including the enrollment of nurses and medical technologists, production of 40,000,000 surgical dressings by women volunteers, furnishing of \$1,000,000 worth of athletic and recreational equipment to Army and Navy posts, instruction of first aid, swimming and life saving at Army camps and supplying of extra-comfort articles to convalescent military and naval patients.

"Meanwhile, the Red Cross must expand its services in other ways to help in the preparation of Civilian defense," Mrs. Bulen pointed out.

Plans are being laid in every section of the country to prepare for Red Cross disaster relief service under any eventuality. Last year the Red Cross aided approximately 220,000 persons who were victims of 149 disasters.

Growing to new heights, the Red Cross First Aid, Water Safety and Accident Prevention Service last year, instructed 577,000 persons in first aid and another 81,000 in water safety techniques. The same service has now in operation along the nation's highways 6,844 first aid stations and mobile units.

In addition to obtaining almost 5,000 nurses for the Army and Navy, the Red Cross Nursing Service last year cared for 317,759 cases through its public health nurses. Conducting 5,700 classes in Red Cross Home Nursing, the service taught 81,000 women and girls in 1,000 communities the value of healthful homes and the fundamentals of home nursing care of the sick.

Put Your Patriotism to Work.

Through choice or necessity most of the countries of the
world are in opposing armed camps. This war is not primarily
one between rival imperialisms. It is a world-wide conflict
between opposing ways of life and standards of values.

In America and the Western Hemisphere we believe in the
supremacy of the individual. Truth, justice, tolerance have
personal meaning.

And Democracy is more than a form of government. It is
a way of life—our way of life, and ours to defend. Passive ap-
proval of democratic forms is not enough. We must actively
support democratic institutions if they are to survive. In the
Red Cross is embodied all those human values we in this country
hold most sacred.

On November 11, an army of Red Cross volunteers under
the leadership of Mrs. H. M. Bulen, began asking men and women
everywhere in Tuscola County to join. They know that theirs is
an organization chartered by Congress and dedicated to the ideals
of freedom of the individual; equality without regard for race,
creed, or politics; and a generous helpfulness, impartially ad-
ministered, for those in need. They ask for membership of all
men and women in support of those democratic principles.

Patriotic fellow-citizens are asking you to join in upholding
an ideal which is considered the finest flowering of our western
civilization. They ask you to join and become a part of this
humanitarian army behind the men behind the guns. Put your
patriotism to work! Join the Red Cross!

some excellent down-field blocking.
The kick was wide and Cass City
led 13-0.

After the intermission, the Ma-
roon and Grey put on another
scoring drive ending up with Profit
sweeping around end to score. The
attempt to convert was unsuccess-
ful.

During the fourth stanza, Bad
Axe had the ball in Cass City ter-
ritory most of the time with Klad-
zyk taking the ball through center
for the Huron team's lone touch-
down. The ball game ended short-
ly after with Cass City in posses-
sion of the ball at mid-field.

The game was played under the
most adverse conditions making
passing and ball handling plays
extremely dangerous. The entire
Maroon and Grey team should be
complimented on the finest exhibi-
tion of blocking and tackling they
have shown this year.

One Injured in
Two Auto Crashes

As Dean Sugden was driving
south just south of the Cass River
bridge about 5:30 Saturday after-
noon, he came suddenly upon a
wagon load of corn, the horses
being driven by Ben Dalton. To
avoid hitting the wagon, Mr. Sug-
den pulled out quickly to pass as
he noticed a second car coming
from the south. The second car,
driven by Clayton Bills of Caro,
drove into the ditch and avoided
being struck, while the Sugden car
struck the wagon causing the
horses to run away. Mr. Sugden,
the only one injured, was taken to
Morris Hospital where he received
treatment for an injured ear and
was discharged.

As Delbert Strickland was driv-
ing west on Main Street Friday,
November 7, he turned north on
Oak Street and collided with a
four-door Pontiac, owned by Thom-
as Aldridge of Clawson, and driven
by Miss Leatrice Schmith of Pon-
tiac, who had stopped before driv-
ing onto Main Street. Mr. Strick-
land said the pavement was wet
and slippery and he could not avoid
hitting the Aldridge car and also
damaging a new DeSoto belonging
to the Cass Motor Sales, parked at
the side of the Bigelow Hardware.
No one was injured.

Lesson on Rug
Making Presented

Mrs. Alton Mark entertained the
Elkland Home Extension Group on
November 5 for an all-day meet-
ing. All the members were pres-
ent and there were five visitors.

Mrs. William Martus and Mrs.
Edward Golding presented the les-
son on rug making and how to add
character through homemade rugs.
Rug making is simplified when one
learns how to blend colors and to
determine the correct dimensions
for making an oval or square rug.

Mrs. Matthew Parker, an invit-
ed guest, brought several of her
beautiful hooked rugs. Mrs. Park-
er, who is an expert on the art of
rug making, gave the group some
sage advice on how to dye old and
new materials, and how to dye with
the old-fashioned dyes.

The group decided to have a
meeting the first week in December
to sew for the Red Cross. This
meeting will be held at the home
of Mrs. Claude Karr. Mrs. James
Pethers will entertain the group
for their January meeting.

NOVESTA.

The annual home-coming at the Novesta Church of Christ on Sunday was very well attended. Usual Sunday School and church in the morning, potluck and visiting at noon, followed by reminiscing by Mrs. Phebe Ferguson, Robert Warner and Clarence Quick. The speakers of the afternoon were Ralph Woodward of Lapeer and Mr. Bell of Shepard, Michigan.

Dean Sugden spent the week-end with his parents, Mr. and Mrs. Milton Sugden and on Saturday evening had a very exciting experience. While driving home from Cass City and meeting a car with bright lights, he was unable to see a wagon ahead of him traveling in the same direction. Result, a badly smashed wagon, badly disabled car, but luckily no one badly injured. Moral—Don't drive a wagon at night without lights.

Mr. and Mrs. Thomas Colwell of Cass City and Mr. and Mrs. Arthur Henderson and children of Kingston were Sunday visitors at the A. H. Henderson home.

FINANCIAL WORRIES BEGIN TO MULTIPLY AT STATE CAPITAL

Concluded from first page. constitution, stipulating how many legislators shall serve each area according to its population, is being conveniently ignored due to rural fears of urban domination.

George R. Averill, Birmingham newspaper editor, points out that 27 per cent of Michigan's population actually elect a majority of the 100 state representatives and 32 state senators. Averill heads a steering committee to seek constitutional enforcement.

Ben Probe of Detroit, representing the Michigan Council of the C. I. O., said farmers had no reason to be apprehensive over organized labor. He said that "labor has learned its lesson" from the Lansing labor holiday, sit-down strikes and other events, and that "the farmer need not fear labor."

From Patrick McNamara, representing the Detroit and Wayne County A. F. of L., came a flat assertion that labor would get "tough" if necessary. "If it requires mob scenes to get reapportionment, let's give them mob scenes," he is quoted by the Associated Press.

From present signs, the reapportionment issue is already involved in labor vs. farm prejudices, overshadowing the basic issue of constitutional representation.

Special Session?

As financial worries begin to multiply at Lansing, suggestions are being made again that the state legislature be summoned to meet in special session early in 1942.

Three state agencies are over-running their budgets:

1. Labor mediation board upon which is being placed the burden of peaceful settlement of numerous disagreements between labor and management. When the load is light, the mediation board easily lives within its budgeted appropriation. However, Michigan's labor troubles continue to be numerous, and the board is due to incur a deficit, according to word from Leo J. Nowicki, state budget director.

2. State council of defense, Michigan's own clearing house for all national defense activities. The council was running well within its budget until the priority bottleneck developed and immediate relief became imperative from Washington in the form of national defense contracts. This resulted in the council's employment of Varnum Steinbaugh as its Washington liaison man at an estimated cost, salary and expenses, of around \$15,000 a year, or one-third of the council's entire budget for a year.

Here again, according to the governor's office, is a case of an unforeseen emergency that demanded immediate action in the interest of the entire state. But it created a financial deficit on paper.

3. Michigan military establishments including the newly formed home guard. Obviously this is another case of a defense need.

Little Legislature

The state administrative board, however, was given an annual appropriation of \$500,000 for emergency needs.

Budget Director Nowicki is confident that the above three agencies can be financed adequately from this contingency fund.

The annoying problem is how to finance increased salaries which the state civil service commission

have ordered after the legislature fixed appropriations on the basis of lower pay scale.

The question is to be held over until January when state officials and legislative leaders will meet to review the situation and map out plans for meeting 1942 needs.

Payroll Taxes

Of main concern to both management and labor are the new tax proposals of Secretary of the Treasury Morgenthau. Besides stepping up income taxes to yield 15 per cent on taxable income, the program would double the present old age annuity payroll tax on both employees and employers and impose a 1 per cent payroll tax on employees for unemployment compensation for which management is already paying 3 per cent.

Michigan's state compensation law would create individual reserve accounts effective January 1, 1942, based on employment experience of the past three years.

Employers whose employment conditions are stable would save upward to \$25,000,000 a year under the Michigan law. A legislative commission is now studying possible changes which could be made subject to consideration of a special session of lawmakers. Labor desires more compensation, more weeks; employers desire relief from burdensome taxes when individual unemployment load is light.

Because of pressure for action on branch banking, reapportionment, finances and unemployment compensation, the special session talk, persists. Yet it is predicted that the governor will seek to avoid involvement in a 1942 legislative battle if he possibly can. After all, he will be the Democratic nominee for re-election.

Now is the time to look to your lighting. Days are growing shorter and darker. And eyes must do more work under artificial light—reading and studying, sewing, keeping books.

To protect the eyesight of every member of your family, be sure you have good lighting wherever it is needed: If the children study on the dining room table, give them plenty of glareless light. Investing in a good dining room fixture may bring you big dividends in comfort and happiness.
