Wojciech Kurish, Caro. Elisabeth Ann Keinath, Richville.

Rose Steckly, Fairgrove. Kathleen Young, Millington. Joseph Diaz, Cass City. Trevor Charles Beckett, Cass City.

Florence McCollom, Unionville. Georgia Barris, Caro. Joseph Peet, Silverwood. Lydia Scharich, Tuscola. Frank Earl Young, Millington. John Sovey, Cass City. Ethel Elizabeth Turnbull, Millington.

Henry Arthur Smith, Caro. John Mihal, Caro. Maria Phillips, Vassar.

Nine applicants who took the examination Monday had their cases continued for later hearings. In this list are:

Joseph Keller, Gilford. Katie Paureich, Caro. John Czerniawski, Silverwood. Nikita Doroschenko, Akron. Anna Benson, Fairgrove. George Wagner, Jr., Akron. Charles Leo Hall, Cass City. Magdalena Goudie, Caro. Charles Calbery, Caro.

Those who did not appear on the examination date were Cyrus Edward Schank of Vassar and Darwin Turn to page 4, please.

Tappan School First in Tuscola to Send Seal Sale Report

First rural school in Tuscola County to send in its seal sale report was Tappan School, whose 15 pupils sold an average of 53 seals each, according to Lois Kempf, director of rural school health education for the Michigan Tuberculosis Association.

Miss Kempf expressed her appreciation to Helen Higgins, the teacher of Tappan School, for the prompt way in which she had carried on the sale.

For the benefit of rural communities which might not have an opportunity to take part in the annual Christmas seal sale more than 4,000 rural school teachers over Michigan conduct the sale with their pupils as salesmen.

And the Christmas seal penny returns to rural communities—offering health education literature and posters, and bringing Princess Watassa, Indian story teller, to dramatize health teaching. Tuberculin testing, X-raying, and educational movies are also supported by the Christmas seal pennies, in an effort to prevent tuberculosis.

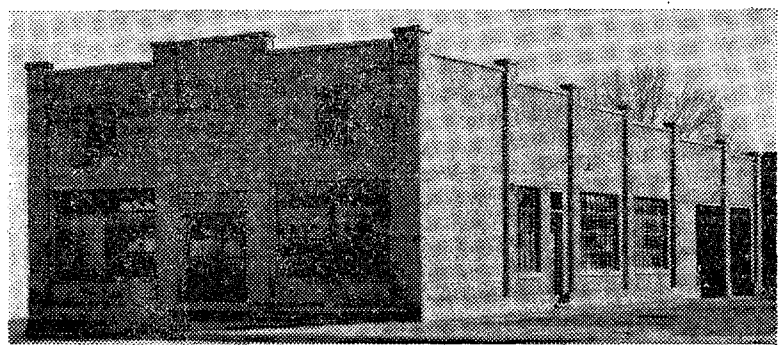

Arrived by Plane in Mexico City

E. B. Schwaderer, highway contractor of Cass City, arrived by plane in Mexico City on Monday where he plans to remain for two weeks. Mr. Schwaderer is interested in getting details regarding construction work which will be awarded at the capital city of Old Mexico.

New Cement Block Replaces Landmark

A handsome new cement block building replaced an old landmark on the corner of Main and Maple Streets this fall. Erected by M. C. McLellan, it is being used for the manufacture of butter. Machinery was recently moved to this new building.

An office, 15x35, occupies the front of the block, the manufac-

turing department, 24x42, comes next and at the rear is a double garage. On the east side of the building are a cutting room, 10x13, in size and two refrigerator rooms, each 10x10 feet.

An abundance of window space in the west wall, fluorescent lighting and white painted walls make the manufacturing department a pleasant place in which to work.

Organizations Unite to Spread Christmas Cheer

On Tuesday, December 2, representatives from various local organizations met in the high school and decided to combine their efforts in spreading Christmas cheer in this community. The centralizing agency will be known as the Cass City Goodfellows. The Rev. Frank Smith was elected chairman. A committee composed of J. Ivan Niergarth, Mrs. Stanley McArthur and Mrs. R. Ward will prepare a list of the names of people whom the new organization will benefit.

Each of the following organizations will be assigned families for which it is individually responsible and names of representatives are also listed:

Art Club, Mrs. R. Ward, Mrs. E. A. Livingston. Baptist Church, Mrs. Stanley McArthur.

Boy Scouts, Hugh Munro. Cass City High School, Daniel Kroll. Community Club, J. Ivan Niergarth.

Evangelical Church, Miss Martha Striffler. Extension Club, Mrs. John West. Girl Scouts, Mrs. Horace Buley. Methodist Church, Miss Verda Zuschnitt.

Nazarene Church, Rev. George Bugbee. Presbyterian Church, Rev. Wendling Hastings.

Rotary Club, Willis Campbell. Woman's Study Club, Mrs. Raymond McCullough.

Though at present emphasis is placed on Christmas help, it is intended that the above organizations will continue their kind deeds throughout the year.

The Cass City Goodfellows feel their service is not merely to provide material aid. In this community, the need for such help is not especially urgent. They believe, however, that there are many families and individuals who lack the added happiness that Christian friendliness makes possible.

Gifford Chapter O. E. S. Installation Witnessed by Crowd

The lodge room of Gifford Chapter, Order of Eastern Star, at Gagetown was decorated in lavender and white mums when officers were installed on Tuesday, November 25, by Anna Ross, Past Grand Electa, of Midland, as installing officer. She was assisted by Florence VanHaaren, Past Grand Chaplain, of Bay City as marshal; Sybil Roth of Sebewaing as chaplain; and Eleanor McCallum as organist. Mrs. Roth is a past matron of Gifford Chapter. About 150 were present.

Officers installed included the following: Worthy matron, Estella Crawford; worthy patron, Olin Thompson; associate matron, Janet McCree; associate patron, Ralph Clara; conductress, Lulu McCree; associate conductress, Hazel Profit; secretary, Vina Wallace; treasurer, Grace Clara; chaplain, Eliza Thompson; marshal, Beatrice McLachlan; organist, Milda Clara; Adah, Mabel Marshall; Ruth, Inez Beach; Esther, Lena Rawson; Martha, Helen McLaughlin; Electa, Violet Scott; warder, Hazel Doerr; sentinel, Joseph McDermid; flag bearers, Elizabeth Proudfoot and Catherine McLachlan; assistant marshal, Ida McDermid.

Members of Echo Chapter of Cass City formed a line of escort for the worthy matron and presented her with a beautiful arm bouquet of yellow and lavender mums.

Mrs. N. D. McPhail of Elkton, a sister of the worthy matron, acted as special escort. The worthy matron presented her flag bearers and marshal with white satin capes to be worn in their work on special occasions during the year.

Refreshments were served, Estella Crawford and Janet McCree pouring.

Tuscola Chapter Expects to Exceed Last Year's Quota

Mrs. H. M. Buley, roll call chairman of the Tuscola County Red Cross Chapter, today expressed the thanks of the local organization and of the volunteer membership workers to all those who joined the Red Cross during roll call which ended November 30.

While, as yet, complete results have not been tabulated, she reported that the Tuscola County Chapter membership, enlisted through roll call, is expected to exceed last year's total by more than 1,500.

"It is this co-operation of all of you who joined the Red Cross that will make possible the greatest needed expansion of services in its history," Mrs. Buley said. "It is this pledge of your faith in human values that will insure continuation and growth of its program of social welfare in military and naval stations, its work in disaster relief, its program in first aid, water safety and accident prevention, and its many other services—growth that is necessary to meet the official obligations entrusted to it by Congressional charter and by the Office of Civilian Defense."

She urged those who became members of the Red Cross during roll call to participate in chapter activities throughout the year, pointing out that all members have a voice in chapter affairs and are entitled to vote for chapter officers.

She also asked that as many as possible volunteer their services for some part of the many-sided Red Cross humanitarian program.

Elkland Township had 333 members last year and jumped this year to 427. It was the first township to report and exceeded the quota by 17 members—so far the only township to reach its quota. Donations of over \$10 in amounts of 25 to 50 cents were also received.

First Basketball Game of Schedule Played Here Dec. 12

Cass City High Has Seven Home Games and an Equal Number Away.

The first game of the Cass City High School's basketball schedule will be played here Friday, December 12, with Crosswell as the opposing team. This is one of seven contests which will be held on the local floor. An equal number are games in other towns of the Upper Thumb.

Here is the schedule as announced by Coach Lester Ross: Dec. 12—Crosswell, here. Dec. 16—Fairgrove, there. Jan. 6—Sandusky, here. Jan. 9—Vassar, there. Jan. 13—Pigeon, there. Jan. 16—Bad Axe, here. Jan. 23—Vassar, here. Jan. 27—Sandusky, there. Jan. 30—Caro, there. Feb. 6—Sebewaing, here. Feb. 13—Bad Axe, there. Feb. 20—Caro, here. Feb. 24—Marlette, there. Feb. 27—Harbor Beach, here.

Double Seal Price Payments Made

"Quite a number who received Christmas seals through the mails the past week are sending twice as much money as would be required to make their purchase," said J. Ivan Niergarth, seal sale manager, in this community, Wednesday morning. At that date sales had totaled \$47.25. Money is coming in every day.

Public Installation of Echo Chapter Officers Tonight

About 70 were present Wednesday evening, November 26, when Echo Chapter, O. E. S., met for initiation. Degrees of the order were conferred upon Mrs. John Spangler, past matrons and past patrons filling the chairs. Out-of-town lodges represented were Kedron Chapter, Caro; Bethany Chapter, Unionville; Decker Chapter, Decker; and Gifford Chapter, Gagetown. Following the work, refreshments were served.

Tonight (Friday), a public installation of officers of Echo Chapter, Order of Eastern Star, will be held at Masonic Hall.

Morse-Wiles Wedding at Sunshine Church

The soft gleam of candlelight contrasted beautifully with the cream and white altar flowers used in the Sunshine Methodist Church Thursday evening, November 27, at the wedding of Miss Ida Morse of Cass City and Mr. Floyd Wiles of Caro.

The bride is a daughter of Mr. and Mrs. W. C. Morse of Gagetown and the groom is the son of Mr. and Mrs. D. Wiles of Caro.

The wedding took place beneath an arch of evergreens, centered with a white bell. Small evergreen trees formed the background for baskets of white carnations and rows of white lighted tapers.

Preceding the ceremony, which was performed at eight o'clock by the Rev. E. Ray Willson of Caro, assisted by Rev. Charles Dibley, pastor of the church, Miss Sarah Wickware of Lake Orion, cousin of the groom, sang "I Love You Truly" and Miss Kathleen Willick of Owendale, cousin of the bride, sang "Oh, Promise Me."

The bridal robes were of white silk lace, floor length, and with it the bride wore a fingertip veil and carried an arm bouquet of white carnations and chrysanthemums.

Mrs. Lyle Lounsbury, as her sister's matron of honor, wore a floor-length dress of wine colored corded crepe and she carried yellow asters and yellow beebombs.

Howard Blinnie of Saginaw attended Mr. Wiles as best man.

Immediately following the ceremony, ice cream and cake were served to 130 guests in the dining room of the church. The room was beautifully decorated with blue and white crepe paper and bouquets of flowers.

Relatives and friends attended the wedding from Detroit, Lansing, Midland, Saginaw, Lake Orion, Caro, Gagetown and Cass City.

Mr. and Mrs. Wiles left on a week's trip through the South after which they will make their home for the present with the groom's parents near Caro.

For the last year, Mrs. Wiles has been employed at the Sommers' Bakery here. Mr. Wiles assists his father on the farm.

Coming Auctions

Mrs. Mary Todis uses space on page eight to advertise an auction sale of livestock, machinery and furniture for tomorrow (Saturday) afternoon, December 6. The sale will be held two miles east and one and one-quarter miles south of Deford with Arnold Copeland as auctioneer and the Pinney State Bank as clerk.

Also on page eight is the auction advertisement for William Rondo, who will sell horses, cows, farm tools and feed, one mile south and one and a quarter miles east of Colwood on Thursday, December 11. Worthy Tait is the auctioneer and the Pinney State Bank, clerk.

In last week's Chronicle, W. E. Westfall gave full particulars regarding a farm sale which will be held a mile east and a half mile north of Gagetown on Saturday, December 6.

G. A. Tindale will have an auction sale of milk cows at his farm, one mile west of Cass City, on Saturday, December 13. Full particulars will be printed in the Chronicle next week.

Lansing—Price control, two words of great potency, may become a new function of the Michigan Council of Defense. However, Council members are not thrilled at the prospect.

If price regimentation, with ceilings and all that, is inevitable as the only practical way to check ruinous inflation, then responsibility must be imposed on some agency and some individual. Anyway you look at it, the task isn't going to be a pleasant one, for the subject is loaded with grief and trouble.

At the session of the state defense council last week, the subject of commodity prices was discussed from the viewpoint chiefly of the consumer. The difficulty of dealing with prices as a state-wide activity is realized fully by members of the council. Milk prices in Detroit, for example, must vary from those in upstate centers, as is the case for all metropolitan centers in the United States. For the state council to undertake the job of setting milk prices, even if there were no state agency to do it, would become quite a chore, to say the least.

It brings up the basic question: What is the function of the defense council anyway?

When the 1940 state legislature created a state council of defense and empowered the governor to appoint the personnel, legislators realized that wartime problems must be dealt with by a special agency.

Without knowing what the council duties might be, as future needs arose, the legislature made an appropriation of \$40,000 a year to it.

Profit Gets Honorable Mention in All-State Football Selection

Lewis Profit, half back of the Cass City team, is placed in the honorable mention roll by the Detroit Free Press in their all-state selection of first, second and third teams in high school football.

Profit, according to Lester Ross, local football coach, has distinguished himself as a fine open field runner and a very good defensive man.

Steve Gac, quarterback of the Cass City team, was elected honorary captain, by his fellow players, this week. He has starred this season as an exceptionally fine blocker.

During the playing season, a player was selected by his teammates as captain for each game. Usually a different man served as captain each week.

Milk Strike Possible Says Organizer

Earl E. Neely of Richfield Center, director of organization of the United Dairy Farmers, was in Cass City Wednesday and stated that members of that organization planned to withhold milk starting December 10 unless distributors "come through" with \$3.00 cwt., flat rate. The strike, if enforced, would effect fluid milk sales. Some Detroit distributors, according to Neely, have agreed with the United Dairy Farmers to pay the \$3.00 rate and it is anticipated, he said, that others will also do so.

Appointed Assistant to General Manager

Miss Elizabeth Knight, daughter of Mr. and Mrs. R. J. Knight, left Cass City six months ago to accept a position as comparative shopper with the Tuttle & Clark Company of Detroit. During the past week, she has been advanced to the responsible position of assistant to the general manager of that company.

Previous to going to Detroit, Miss Knight was employed in the office of the Champion Advertising Company in Cass City.

All Sports Banquet Tuesday Evening

All players in baseball and basketball and track team members of last school year and football squad members of this season of the Cass City High School will be guests of the Cass City Community Club at their December dinner meeting next Tuesday evening at the school auditorium.

The speaker at this all sports banquet will be Ronald Finch, head football coach of Central Michigan College of Education at Mt. Pleasant.

Vassar Man Gets Five-Year Sentence in the Jackson Prison

Pleading guilty to corrupting the morals of youths at Vassar, George Kilbourne, 67, of that village was sentenced to serve five years in the Southern Michigan Prison at Jackson when he appeared in the Tuscola Circuit Court on Monday. Judge Louis C. Cranton recommended that he serve the five years. Kilbourne was charged with gross indecency.

Lorne Beals of Brown City pleaded guilty to the charge of breaking and entering the home of Asa Bradley in Dayton Township in the day time. He was remanded to the custody of the sheriff to await sentence.

Oscar Hunt entered a plea of not guilty to the charge of forgery. The trespass case of Mary McDonald vs. J. J. Hecht was dismissed without costs.

Court will convene again on Monday, December 8.

Church Kitchen Has New Lights

New light fixtures have been presented and installed in the kitchen of the Cass City Methodist Church. The old lights were inadequate, and so the new gift is greatly appreciated.

Ed Baker, a layman in the church, presented the lights and installed them.

Highway Fatalities Show Increase over Last Year's Figures

Highway traffic in Michigan from January through October killed 250 more persons than in the same period last year. According to State Health Department records, this year's motor vehicle fatalities are the highest that the state has known except in the all-time record year of 1937.

"Probably there will more than 2,000 traffic deaths for the year," says Dr. H. Allen Moyer, state health commissioner. "The total will be second only to the 2,187 deaths piled up in 1937."

From January through September, this year's monthly figures exceeded those of 1940, but October's total dropped slightly below that of a year ago. The high month this year was August, with 227 deaths. The 1940 total was 1,732, which was slightly below average traffic fatalities for the last five years.

New Machinery Is Placed in Three Business Places

New Equipment Will Tend to Render Work More Rapid and Efficient

New electrically driven machinery has made its appearance in three business places in Cass City in recent weeks and operators have or anticipate having work more rapidly executed by their use.

One of these is an "electric eye" which in an uncanny manner will separate cull from perfect white beans. This machine will be placed in the bean elevator of the Frutchey Bean Company. Other equipment used in picking beans in this plant are a gravity machine which enters in the first process of cleaning the crop, two Giant and one Crippen picker. Women are also employed on individual pickers as has been done in former years when the crop damaged by inclement weather conditions developed "heavy picker" beans. The bean elevator is being enlarged to provide 75% additional bin room and will eliminate bagging beans for storage.

In the Gross & Maier meat market, a power meat cutter has been purchased. This permits rapid cutting of meat to any size or thickness and the manner in which the band saw glides through flesh and bone makes the old method of hand sawing look very slow and tedious.

At the post office, a stamp cancelling machine stands on the floor awaiting an electric motor for power. The postal force ardently hopes the motor arrives very soon so they will be equipped to expedite the cancellation of stamps on the deluge of letters and Christmas cards during the holiday season.

Boy Scouts Receive Advancement Awards

Boy Scouts of several Thumb troops received awards of advancement in rank at a district court of honor Friday evening in the high school auditorium at Bad Axe. George F. Landane, executive of Summer Trails Council, of Bay City, conducted the Eagle Scout ceremony at which two boys, one from Bay Port and one from Bad Axe received that award. Scout leaders from the Thumb district took part.

Three local Scouts, Fred Auten, Kenneth Price and Robert Ryland, advanced to receive Life award. Charles Auten advanced to First Class Scout. Merit badges were awarded to boys of the troop. The meeting was very dramatic and very effective. The Cass City Scouts were accompanied by Bad Axe by Scoutmaster Hugh Munro.

Extension Club Has Christmas Party

A most enjoyable time was spent Tuesday when the Cass City Extension Group No. 1 met in the home of Mrs. Audrey Kinnaird on West Main Street for a Christmas party. A delicious dinner was served at noon by the committee—Mrs. Kinnaird, Mrs. E. A. Corpron, Mrs. E. W. Kercher, Mrs. R. N. McCullough and Mrs. G. W. Landon.

During the business meeting, Mrs. John West was elected to represent the club on the community committee to provide Christmas baskets for the needy.

Mrs. Ernest Croft, nutrition chairman, introduced Mrs. Lloyd Reagh, who gave a talk on "Food for Defense" and showed pictures to explain that the first line of defense begins in the home and in the food that goes to make stronger bodies. She also showed pictures on wild fowl life.

Various games, pertaining to Christmas, were played and each guest received a gift from the fireplace. The room was illuminated by candlelight.

The next meeting will be held January 27 with Mrs. Herbert F. Lenzner when the committee in charge will be Mrs. J. Ivan Niergarth, Mrs. Lenzner, Mrs. William McKenzie, Mrs. R. D. Keating and Mrs. Ben Kirton.

School Will Close Dec. 23 for Vacation

The Christmas vacation of the Cass City Public Schools will start Tuesday afternoon, December 23, and continue until the morning of Monday, January 5—a 12-day period.

Grade children are making preparations for their operetta which is scheduled for Friday, December 19.

Consider Personality of Child When Selecting Christmas Gifts

Children are easy to please at Christmas time if their personalities and preferences are taken into consideration. For the mechanically minded boy, for example, an erector set or electric train would probably be very popular. Girls are even easier to please, with dolls and miniature home appliances having almost universal appeal.

A few of the many presents which any boy or girl would be glad to receive are suggested below:

BOY		GIRL	
Sled	Cars, tractors	Doll	Purse
Ice skates	Airplanes	Doll buggy	Roller skates
Bicycle	Football	Sewing box	Ironing board
Electric train	Air rifle	Tricycle	Miniature stove
Chemistry set	Indoor baseball	Box of paints	Jewelry
Adventure books	Pocket knife	Coloring book	Games
Modeling clay	Wagon	Fairy tales	Sled

Lincoln, Roosevelt Bring Spirit Of Christmas to White House

The White House has seen all kinds of Christmases during the 140 years that it has domiciled the President of the United States. There have been rowdy, fun-loving Christmases during the Teddy Roosevelt administration, and there have been long stretches when Santa Claus wasn't quite sure whether to stop at 1600 Pennsylvania avenue.

John and Abigail Adams, the first tenants of the "President's Palace" brought no children to it, and Mrs. Adams felt that New England was a much better place for the seat of the government.

There have been many other childless Christmases in the White House, such as the dull period between the Tylers and the Lincolns. But probably the two families which will go down in Santa Claus' memory for a really riotous holiday season are the Theodore Roosevelts, when Kermit, Archie and Quentin put a pony in the elevator and introduced the first electrically lighted Christmas tree; and the current clan of Roosevelts, who from Franklin Delano the First to Franklin Delano the Third have invoked the spirit of Christmas with equal abandon.

Tad Lincoln's Invasion.

The nearest thing to Rooseveltian good spirits in the early days was induced by Tad Lincoln who—with his pets—had the full run of the mansion.

The stately mansion had never known any such invasion since the Christmas of 1836, when Andrew Jackson threw open its doors to the orphans of Washington.

When the Theodore Roosevelts came to the White House, there was plenty of festivity, but no Christmas tree. The explanation given to the children was that a tree with candles was a fire hazard.

But the next year, the Roosevelt boys led TR to a closet, opened the door, and surprised him with a Christmas tree sparkling with electric lights. They had conspired with the electrician and prepared the first electrically lighted tree in the White House.

Christmas Spirit Rises.

Today, there is always an electrically lighted tree in the East room, and another—the intimate

tree—in the second floor hall.

If Christmas spirit were registered on a thermometer, it would show a steady rise in the last 15 years. The Coolidge boys were too old to go in for Santa Claus.

The Hoover Christmas was warmer, for the lugubrious Mr. Hoover really tried to unbend on Christmas day. The most expert unbending was done, however, by his secretary, Larry Richey, who burst out of the fireplace in the East room on Christmas morning, to the delight of Peggy Anne and Peter, the President's grandchildren.

Christmas spirit rose to a still warmer degree when the F. D. Roosevelts came in and, instead of hiring the professional reader engaged by the Hoovers to read the Dickens "Christmas Carol," the reading was taken over by that master of dramatic art, Franklin D. Roosevelt.

Parsch Star of Tenth Week

By Dr. B. H. Starmann, Secretary of Bowling League.

After one week of vacation brought about by the deer hunting season, the league is once more back into full swing. Following this short rest period, we find another member taking over his share of the spotlight. Last week we all gave credit to the bankers and this week we must confer honors on one of our retail merchants. Parsch finally hit his real stride and came up with games of 214, 178 and 220 for a total of 612. This is the fourth six-hundred series of the season and tied the high three-game individual series of the year. So, all hats off to "Ike."

The week also brought out the second 2,500 team total of the season. Reid's team blasted out a total of 2,507 which was good for second place in this department.

With only three weeks to go in the current series, the race has settled down pretty well to a battle between Reid and Parsch. At the present time, Frank's men have a lead of two full games over "Ike's" boys. They meet this coming week and time will tell what I have to report in the next edition of this column. The Collins' five retain an outside chance at present being four games behind.

Four teams managed to win all three of their games this week. Reid won three from Wallace, Retherford three from Auten, Tyo three from Ludlow and Parsch three from Dr. Fritz.

The "Five Hundred Club" has 17 members this week. They are as follows: Parsch, 612; F. Tyo, 581; Pinney, 560; C. Wallace, 556; Deering, 554; F. Morris, 547; Auten, 543; Reid, 535; Schwegler, 534; Dr. Starmann, 528; Townsend, 525; Landon, 524; Jankech, 522; Rienstra, 520; R. McCullough, 519; Retherford, 517; and Ken Smith, 507.

Early Cultivation
Early cultivation, very close to the vegetable plants, followed often enough to prevent weed growth, will eliminate the necessity of much hand hoeing which is expensive, says Charles K. Halliwell, Philadelphia extension representative. Shallow cultivation always is a safe rule to follow, in order to avoid loss of roots which take water and fertility from the soil to the vegetable plants.

War Hero Ready To Fight Again

Lt. John L. Barkley, 43, of Reserve Corps Wears Medal of Honor.

MERRIAM, KAN. — John Lewis Barkley, the man called "the outstanding hero of the World War" by Maj. Gen. James G. Harbord, is a lieutenant in the officers reserve corps and it may be that he will be called from his farm near here to fight again.

Barkley is only 43—he was 19 when Gen. John J. Pershing pinned the Congressional Medal of Honor on his breast in France—and he has kept up with military advances since his service in company K, 4th infantry, 3d division.

For his exploits in fighting through six of the seven major campaigns of the A.E.F., Barkley was decorated by almost every Allied country. Besides the Congressional Medal, he holds the British Distinguished Service Cross, the French Medaille Militaire, the French Croix de Guerre with three palms, the Belgian Croix de Guerre, the Belgian War Cross, the Italian War Cross and the Medal de Bravere of Montenegro.

Operates Dairy Farm
Barkley is a quiet, hard-working dairy farmer who doesn't like to talk about the time he held off two German infantry attacks single-handed by manning an abandoned German machine gun in a broken-down French tank. The two-and-a-half hour gun battle between one American and hundreds of Germans allowed the American forces to reform and capture an important objective.

The Kansas farmer—only private to be mentioned in General Pershing's memoirs—has kept up with the new kind of warfare since A.E.F. days and thinks the fast-moving army won't be strange to him. He guessed wrong on the outcome of the French collapse because he believed the French would employ blitzkrieg methods instead of the Germans.

The exploit that won Barkley the Congressional Medal caused General Harbord to call him the "outstanding hero." He had been caught far in advance of his lines with the Germans preparing to attack to recover positions they had lost the previous day.

Built Gun Nest.
Unable to get back to his company, he crawled to an abandoned French tank, found a German machine gun and thousands of rounds of ammunition. He mounted it in the tank turret. The first wave of attackers were caught by surprise and retreated, leaving many dead. Barkley won't say how many. For 2½ hours he held off the second attack, at times creeping from his shelter to get water to cool his smoking gun. Once he was knocked unconscious by a German shell explosion.

Later, General Pershing, in decorating Barkley, said that his holding off the German attack had allowed American troops to reform and advance to take the strategic position.

Back in the United States, Barkley returned to his farm near Holden, Mo., later worked on the Kansas City police department, and then moved to Kansas. He seldom talks about his exploits and the machine-gun incident is not the only one for which he was decorated. He once got so mad over war books written by people "who didn't know what they were talking about" that he wrote one himself. It was titled "No Hard Feelings."

Coffee Sent to War Zone

Costs \$15.28 for Pound
KANSAS CITY, MO.—A birthday gift of a pound of coffee sent by the three Sjöblom brothers to their father cost them \$15.28.

The 28 cents paid for the coffee, and the \$15 went for postage. Their father, Aron Sjöblom, 80, lives in Skovda, Sweden, and he wrote that he missed his daily cup of coffee since rationing restrictions were imposed.

The coffee had to go by clipper plane to Lisbon, and then by boat to Sweden.

Parking Meter Versatile, Takes Dimes and Note

SALT LAKE CITY. — The city treasury is richer by two dimes and a very derisive note.

The dimes were found in a parking meter—which takes only pennies and nickels—apparently in attempt of payment for parking.

The note, also found in the parking meter—which now takes pennies, nickels, dimes and notes—said: "Send the dimes to the Red Cross for a double cross. And please tell motorists what these things will take."

Wyoming State Patrol Appeals to Tourists

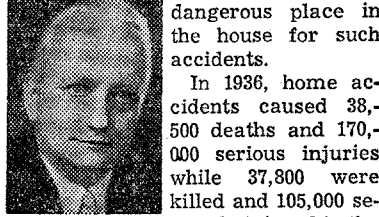

CHEYENNE, WYO.—The State of Wyoming, where old-time cowboys still ride the range, is doing its best to capitalize on that fact in a tourist way.

Wyoming has changed the name and uniforms of its highway patrol. In the future, it's the Wyoming Cowboy Courtesy patrol and the 16 officers and Capt. H. H. Clark will wear Western outfits, complete with cowboy hats.

TO YOUR Good Health
by DR. NATHAN S. DAVIS, III

MOST ACCIDENTS IN YOUR BEDROOM

More serious accidents occur in your homes than on the highways and, still harder to believe—the bedroom is the most

Dr. Nathan S. Davis III

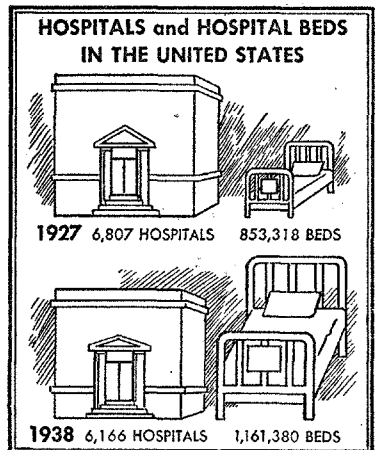

dangerous place in the house for such accidents. In 1936, home accidents caused 38,500 deaths and 170,000 serious injuries while 37,800 were killed and 105,000 seriously injured in the much publicized highway accidents.

Mothers worry about their children being injured on the highways while traveling to and from school, yet it is a fact that four times as many boys and girls are seriously hurt at home. The most frequent of fatal accidents for children under 15 years of age are burns and scalds. For those in the 25-64 age range, falls were the cause of nearly one-third of the deaths and in the older age group they were responsible for 75 per cent of the fatal accidents. Between them, burns and falls cause two-thirds of the accidental deaths in the homes.

Of these deaths, 29 per cent occur in the bedroom; 14 per cent in the living room; 13 per cent in the kitchen; 9 per cent on stairways; 7 per cent in the dining room; and 4 per cent in the bathroom. Other places in the home account for 3 per cent while only 23 per cent of these accidents occur on the grounds and outside of the house.

Most common of home accidents are falls with burns and scalds a close second. Next in order are poisoning (gas excepted), absorption of poisonous gases, mechanical suffocation and accidents brought about by firearms.

Bill-boards are used to show the number of fatal and non-fatal accidents in an area in comparison with a previous year. But who has ever

seen a bill-board showing the number of fatal and non-fatal accidents caused by falls, burns, scalds and other home accidents?

What judge has ever sent the mother of a child who has been slightly burned or, a youngster suffering from a broken bone, to look at the pitifully burned, scarred and disabled children in a public hospital or to see the fracture wards full of those injured in falls at home?

Almost daily smashed cars are pictured in the newspapers but the rugs, stools and, yes, dogs, which many stumble and fall over with serious results do not appear in the press. Neither are there pictures of the dark stairs, the chairs and tables used as ladders, the broken steps, slippery floors and walks and other common causes of falls in the home.

A good deal is written about the danger of scalds and burns and of deaths from poisonous gases, especially carbon monoxide gas from automobile motors, but not nearly as much about highway accidents. Perhaps one reason for this is that all automobile accidents are listed together whether they be those occurring at railroad crossings, at highway intersections, between intersections on highways, or jay-walking or those caused by children running in front of slow moving cars. On the other hand home accidents are written separately, printed in various sections of the newspapers and, consequently, are not so noticeable.

Twenty-eight safety rules for the home, which were prepared by the American Red Cross, National Safety Council, Metropolitan Life Insurance company and others will be furnished to all who send in a self-addressed, stamped envelope to Dr. Nathan S. Davis III, Winnetka, Ill.

To one who waits for health, a moment seems a year.

QUESTION BOX

Send questions to Dr. Nathan S. Davis III, Winnetka, Ill. (Enclose a self-addressed, stamped envelope.)

Q.—I am an expectant mother and have several teeth that need to come out. My dentist wants me to take gas. Will it have any effect on my baby if I do? Mrs. M.

A.—Taking gas will not have any effect on your baby unless it is given for a long period.

Q.—Is there any permanent effect to be knocked unconscious? E. J.

A.—Sometimes there is but more often no effects can be found.

Restored to Citizenship.

Nine women were repatriated Monday in circuit court who had lost their citizenship by a law in effect previous to 1922, because of their marriage with aliens. By an oath of allegiance each woman was restored to citizenship.

In the group were Maggie May Generous, Anna Kaplanink, Maude Adele Munger, Olive Lydia Earle, Ellen Martha Fader, Mabel Pearl McNeil, Freda Bell Healy, Emma Brumson and Nora Mary Whaley.

bearers. Interment was in Elkland Cemetery.

Mary Ann Thornton was born November 2, 1861, in Youngstown, Ohio. In 1878, she was united in marriage with William Mudge of Thornton, Michigan, where they lived until 1907 when they moved to Evergreen Township.

To this union were born eleven children, two of whom preceded the mother in death. Mr. Mudge passed away January 25, 1934.

Surviving are six sons, Charles of Evergreen, Roy of Los Angeles, California, Everett, Clayton and Elden of Detroit, and Clare Mudge of Grosse Pointe; three daughters, Mrs. Fred MacInnes of Port Huron, Mrs. Joseph Towle of Detroit and Mrs. James MacTavish of Cass City; one brother, James Thornton, of Port Huron; nineteen grandchildren and ten great grandchildren.

Friends and relatives who came from a distance to attend the funeral included Mr. and Mrs. Ray VanCurler, James Thornton, Catherine Thornton, Mr. and Mrs. Ben Thornton, Mrs. Lucella Storey, Guy Mudge, Alger Mudge and Ray Mudge, all of Port Huron; Mr. and Mrs. George Leach, Mr. and Mrs. John M. Schunk, Ernest Koinis, Mr. and Mrs. Clayton Pratzman, Mr. and Mrs. Henry Piel, Oscar Auten, William G. Stemman, Mrs. Marion Gould, Misses Chrystal and Marion Read and Mr. and Mrs. James Drysdale, all of Detroit; Dr. W. R. McInnes of Alma; Mr. and Mrs. L. A. Church, Mr. and Mrs. Harold Green, Mrs. Gertrude Green and Glenn VanCurler, all of Royal Oak; Mrs. F. L. Chambers and Mr. and Mrs. Archie Cutcliff, all of Saginaw; Mr. and Mrs. George Beals of Brown City; Mrs. Ella Woodward of Plymouth.

My Neighbor SAYS:

To keep house ferns healthy, water each day with a cup of water and each week pour one teaspoon of castor oil around the roots.

You can make a cocoa sponge or angel food cake by replacing ¼ cup of the flour called for with ¼ cup of cocoa. Blend the cocoa with the flour and mix the cake the usual way.

Individual upside-down puddings take less baking time than one large pudding. Place slices of fruits, well sugared and spiced, in buttered muffin pans, cover with pudding batter and bake as usual.

Sometimes the handles on silver knives become loose. This is because the cement has been washed out. Do not let silver knives soak long in hot water and wipe them as quickly as possible after washing them in warm water and soapsuds. (Associated Newspapers—WNU Service.)

Albert Bartlett.
Albert Bartlett, 93, died Wednesday evening about six o'clock in the home of his daughter, Mrs. William Hicks, in Deford. Funeral services will be held in the MacPhail-Keen Funeral Home Saturday afternoon at two o'clock.

Walter Crouch.
Walter Crouch, 69, of Snover passed away Saturday night, November 29, in Pleasant Home Hospital following a short illness. Walter Crouch was born October 16, 1872, in Ontario, and has lived in Snover the last 4½ years, moving there from Elkton. The remains were at the Munro Funeral Home until Monday afternoon when they were taken to the Crouch home in Snover. Funeral services were held at 2:00 p. m. Tuesday in the Latter Day Saints Church in Marlette. The Rev. Willard Parks of Sandusky officiated. Burial was in Marlette Cemetery.

Mr. Crouch is survived by his widow, Mrs. Minnie Crouch; a son, Nile Eldon Crouch, Marlette; two sisters, Mrs. William Schroder of Rochester, Michigan, and Mrs. Jack Quick of Sebewaing; and two brothers, M. E. Crouch of Detroit and John Crouch of Lake Orion.

Edward J. Roarke.
Mrs. Mary M. Moore has received notice of the recent death of her brother-in-law, Second Lieutenant Edward J. Roarke, 51, near Rockland, Me. Mr. Roarke dropped dead in the middle of a conversation with a fellow worker at the quarry wharf at Clark Island. He had been active in the Veterans of Foreign Wars, being at the time of his death the Judge Advocate of the Department of Maine. He was third selectman of St. George. He is survived by his mother, Mrs. Eliza Hasney, and his widow, Mrs. Flora A. MacPhail Roarke.

Australia
The Commonwealth of Australia came into being on January 1, 1901. The Commonwealth has a bicameral parliament, the upper house (senate) of which is composed of six members elected from each state and the lower house (House of Representatives), composed of members directly elected on the basis of population districts. The executive council, or cabinet, is composed of members of parliament to which it is responsible. The head of the government, the governor-general, is appointed by the king of England.

The automobile license plate for 1942 has been considerably improved structurally over any previous plate issued in Michigan. The bead and bolt holes have been re-designed and re-located to strengthen the plate so that it will withstand two years' use due to a steel shortage and for economy reasons. Half-year plate owners when they return for their last half will be issued a metal strip to be placed over the half-year expiration date to make the plate the same as a full year. This will save \$60,000.00 in manufacturing costs and more than 1,000,000 pounds of steel. For 1943 the same plate will be used, but a metal strip will be furnished with the designation '43 to be placed over the year '42. This will save approximately \$225,000.00 in manufacturing costs and more than 2,300,000 pounds of steel for full and half-year plates.

Farmers Asked to Market Scrap Iron

An urgent appeal is made to all farmers to market their scrap iron as part of a national scrap iron campaign designed to aid the National Defense Program.

Farm iron and steel scrap is needed to combine with pig iron in the steel furnaces and shut downs are threatened in some mills unless the supply can be increased. It is not likely that there will be enough steel to make all the farm machinery that farmers will want next year and by marketing their scrap now through their local dealers it will greatly increase the supply and at the same time improve their own situation.

Do not scrap useful machinery. Most farmers have old implements around from which they take bolts and possible repair parts. A suggestion is to take the useful parts off and scrap the remaining metal parts.

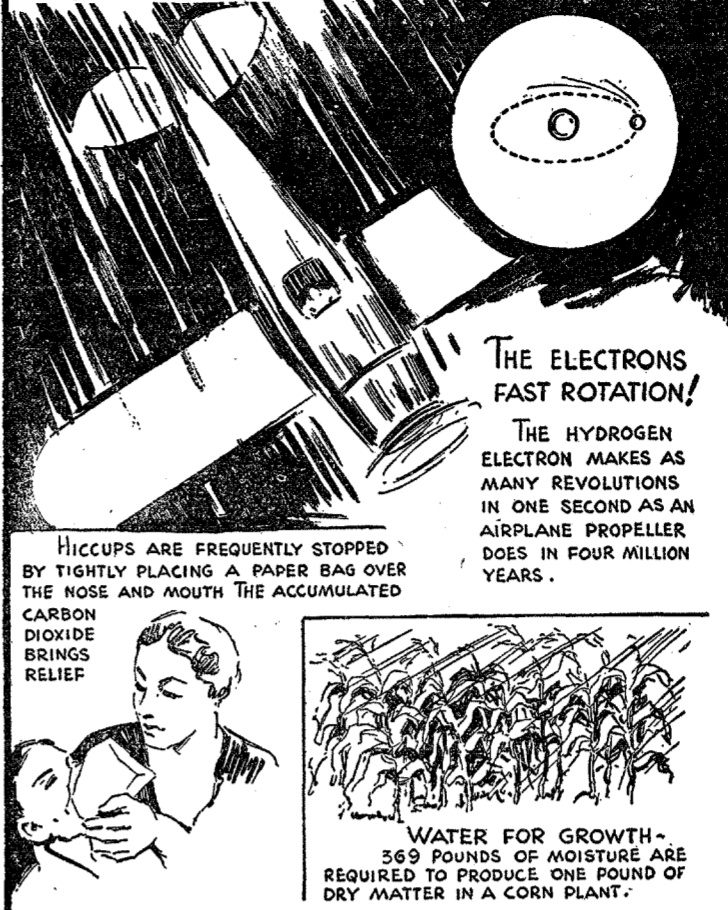

Surprise

In Marysville, Mo., Mayor I. B. Campbell and two new councilmen settled down after election for two years of public service, were surprised to discover that they had been elected for four years.

The DEBUNKER

By John Harvey Furbay, Ph.D.

It has long been feared that cooking acid vegetables in aluminum and stainless steel vessels was dangerous, because of the belief that the acid would react with the metal of the vessel and produce poisonous by-products. But experiments by Dr. C. F. Poe and J. Leberman, of the University of Colorado, indicate that the idea is all bunk. They cooked tomatoes, rhubarb and other acid fruits and vegetables for 30 minutes in metal vessels of aluminum and stainless steel and found that the reaction with the metal was of no importance, and certainly not enough to worry about.

Good Business

The owner of the country newspaper went home to dinner, smiling radiantly.

"You must have had some good fortune this morning," greeted his wife.

"Indeed I did," announced the owner. "Jim Smith, who hasn't paid his subscription for ten years, came in and stopped his paper."

Farmers to Help in Producing "Foods for Defense" in 1942

Increased production of milk, eggs, pork and beef is desired in Tuscola County in 1942. Actual increases desired are as follows: Number of cows milked, 1942 county goal, 4% increase; pounds of milk produced, 13% increase; number of eggs produced, 6% increase; number of hogs produced, 10% increase; number of beef cattle and calves slaughtered, 5% increase; number of turkeys produced, 10% increase.

A series of educational meetings, for farmers producing these important food products, is being planned to cover the county during December, January and February. Feeding and management of dairy cattle, feeding and management of hogs, feeding and management of laying hens, and feeding and management of beef cattle are the phases of this "Foods for Defense" program which will be emphasized in this series of meetings.

Extension specialists from Michigan State College will be scheduled to assist local agricultural workers in the county in getting the "Food for Defense" facts to every farmer in Tuscola County.

Members of the Tuscola County Agricultural Defense Board are cooperating in efforts to make this series of meetings successful. The Tuscola County Agricultural Defense Board has been appointed by the State Agricultural Defense Board and consists of the following members: Agricultural Adjustment Administration, John M. Reagh, chairman, Caro; Extension Service Norris W. Wilber, Court House, Caro; Farm Credit Administration, Ward C. Parsell, Caro; Farm Security Administration, John C. McDurmon, Caro; Rural Electrification, Milton Bedore, Unionville.

man and operate the agency.

Colonel Harold A. Furlong, Pontiac, one of the few Michigan men to be honored by Congress with the distinguished service cross and the Congressional medal of valor, was named administrator. Everett DeRyke, Milan newspaper editor and past state commander of the American Legion, was appointed executive director. Robert C. Hargrave, formerly with the department of commerce under President Herbert Hoover, was chosen defense coordinator for the Detroit metropolitan area. James Denison, former newspaperman in Detroit, was engaged as publicity director.

The council's general policy has been to regard itself as a clearing house whereby established agencies, whether official or volunteer in organization, may be utilized to foster needed action for national defense in Michigan.

Local Problems

Colonel Furlong, for one, doesn't regard the state defense council as a super-agency with powers of regimenting the public.

That conception runs into constant snags, however, as problems are brought to the council with urgent requests that "the government do something about it" as if the responsibility rested entirely at Lansing and not in the home communities.

In the field of commodities, for example, the state council deftly sidestepped an opportunity to wade into the deep waters of commodity "cost of living" through the following steps:

1. Compile facts on the cost of living.
2. Analyze the facts so that recommendations can be submitted, action taken.
3. Conduct a "popular educational program on consumers' problems."

Instead, the council appointed a special four-man committee to go into the subject of retail prices. Members are: Raymond W. Foley, state administrator for the Federal Housing Administration; V. H. White, Grand Rapids investment broker; A. H. Sarvis, Flint banker; and Mrs. Ida Z. Kleinman, Detroit club women and housewife.

Shy from Control

The attitude of many members of the state council is somewhat

that of Colonel Furlong with regard to the council's function in retail prices.

While the council will function to clear federal action down to the local communities, being a funnel as it were for Washington to utilize, the council isn't going to be pushed into the opposite function: A general wailing place for home responsibilities.

The local county and community defense councils, appointed by the governor and operating under the state council, will deal with local problems. If there is to be a wailing place, then the local defense council must provide it. While this isn't officially the policy, in effect such is the case.

As far as Colonel Furlong and members of the state council are concerned, there will be no regimentation or super-control other than powers duly authorized by Congress and delegated officially to the council for administration through local defense committees. Most council members hope that price control, if it comes, will be a federal headache, not a state burden.

Defense Cooperation

An example of business cooperating with government in behalf of defense will be found in the functions of the council's advisory technical committee, the committee of public information.

All media of information and advertising—newspapers, motion pictures, radio, outdoor advertising, periodicals, and so on—are represented by their own leaders. George W. Trendle, president of the King-Trendle Broadcasting Corporation (WXYZ and Michigan Network) is undertaking a series of defense programs as chairman of the committee's radio division. C. D. Blessed, president, Walker & Company and chairman of the outdoor advertising division, is planning a program designed to appeal for greater defense effort.

Don McGowan, advertising manager of the Consumers' Power Company, heads the industrial and labor division of the committee, uniting all elements of labor and management behind defense.

The advertising club, represented by the Aircraft Club of Detroit through their manager, Harold

Hastings, is utilizing talent for advertising slogans and ideas. Newspapers have been active for many months in getting and presenting defense facts.

This work is being performed entirely voluntarily, without expense to the state government. It offers an example of what can be done locally for defense. After all, the government comprises "we, the people," not the other fellow across the street or on the other rural route. It's our responsibility, not some agency at Lansing or Washington.

KINGSTON.

Mr. and Mrs. Arthur Henderson entertained Mr. and Mrs. Leo Ashcroft Sunday at dinner.

GET IN THE NAVY NOW!

America needs volunteers to keep the light of liberty burning...to safeguard our American shores...to man our new two-ocean Navy.

THE United States is now building the most powerful Navy the world has ever seen. But it takes more than ships and planes to patrol our shores, safeguard our liberty, protect millions of American homes and families. It takes men! Volunteers!

Every new battleship, new cruiser, new destroyer is just so much steel and iron until a crew of trained men—mechanics, electricians, radiomen, signalmen, carpenters and other specialists—goes aboard.

That is why the U. S. Navy may train you to be an expert in any one of forty-five modern trades and professions. You will get regular Navy pay while you are learning. And it is possible for you to be earning as much as \$126.00 a month before your first enlistment is completed.

Right now in the Navy young Americans have a double opportunity to serve their country while building their own security and independence at the same time.

Grow with the new, greater Navy

The Navy wants men to learn, to advance, to get bigger pay, to qualify for the positions of responsibility which must be filled as our naval forces are expanded. It is a real opportunity for every young man—one well worth thinking about. There is a place for you in America's new Navy.

If you have a trade now or would like to learn one; why not get the full facts about Navy opportunities and training today!

Christmas Watched History in Making

Almost throughout the world, people are looking forward to a merry Christmas. This day, so significant to us, has seen great events occur in the history of the world. Following is a list of important events which occurred on Christmas day:

- DECEMBER 25**
- Year Event**
- 800 Charlemagne, French king, crowned at Rome, Emperor of the West.
- 1066 William the Conqueror crowned at London.
- 1642 Sir Isaac Newton born. He discovered the law of gravity.
- 1776 Washington crossed the Delaware to attack Trenton.
- 1777 Vermont declared its independence from England.
- 1821 Clara Harlowe Barton born. She founded the American Red Cross in 1881.
- 1837 Gen. Zachary Taylor defeated the Seminole Indians in Florida.
- 1840 Peter Tschalkowsky born. Famous Russian composer.
- 1868 Unconditional pardon and amnesty proclaimed by the President to all inhabitants in Southern states.

'Dear Santa'

These boys want Santa Claus to know about their favorite toys in plenty of time before Christmas, and they're willing to rise to the occasion. With the help of his older brother, this young man solemnly mails his letter to "Dear Santa."

Accidents Offer Grave Threat To Yule Gaiety

Nothing can spoil the festive gaiety of a Christmas celebration more completely than a fire or accident in the home. There are several essential precautions which will help to assure a truly Merry Christmas.

- ❑ Don't risk using frayed cords and broken plugs.
 - ❑ Don't handle electrical appliances with wet hands.
 - ❑ Don't yank at cords or run them under rugs.
 - ❑ Don't forget to have insulated staples on hand for stringing cords around.
 - ❑ Don't overload your house circuit. Usually 1,000 watts is as much as any one circuit will stand.
 - ❑ Don't neglect providing plenty of extra lamp bulbs of the various sizes and colors you're using for Christmas cheer, so you can replace burned-out ones.
 - ❑ Don't put pennies in a blown-out fuse. A blown fuse is a warning!
 - ❑ Don't have high wattage lamp bulbs near fancy inflammable ornaments, synthetic materials, paper or cotton. Watch out about using candles too near draperies, wall paper or woodwork.
 - ❑ Don't plan to have a row of candles too close to a mirror or the heat may crack it.
- And above all, don't burn real candles on your Christmas tree unless it has first been thoroughly fireproofed.

Antituberculosis Seals Sold in Forty Nations

Besides the United States, more than 40 different countries throughout the world now have, or have had, Christmas seals or stamps that are sold wholly or partially for tuberculosis work. Little did Einar Holboell realize, when he conceived that first Danish Christmas seal, launched in 1904, that his simple idea would in a generation circle the globe.

Claiming the honor of having originated the Christmas seal sale, Denmark has, with its neighboring country, Sweden, held seal sales annually since 1904. In the United States, seal sales began in 1907.

Up to 1934, the sale of Christmas seals in the United States alone totaled \$75,000,000, all of which has been devoted to the control of tuberculosis.

Christmas Customs Based on Tradition

Many of the Christmas customs familiar to Americans today had their origin far back in history. How several of our favorite customs were started many years ago is explained in the article below.

Christmas Cards

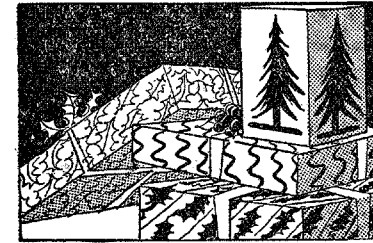

Credit for the creation of the original Christmas card is given, by some, to Sir Henry Cole, who, in 1846, suggested the idea to J. C. Horsley of London. One thousand cards, printed by lithography and colored by hand, were published. It was in 1860 that the cards first became a major problem for delivery.

Santa Claus and St. Nick

Patron saint of children, merchants and mariners in Russia, Greece and Naples, Santa Claus can trace his origin to this spirit, St. Nicholas, in whose honor feast days have been held for centuries. A San Claus day was formerly observed by New York Dutch settlers and later combined with Christmas.

Christmas Gifts

The custom of exchanging gifts and enjoying merry times during the winter holidays springs from heathen antiquity. During gay celebrations the Romans gave gifts. This custom was continued during the approach of Christianity, but the heathen significance was dropped and the gifts became known as Christmas presents. On New Year's eve in France, children's presents, (etrennes) are distributed. England, Germany, Italy and the U. S. A. exchange their gifts at Christmas.

Wassail Bowls

For many centuries, good wishes have been expressed under the wassail ("Health to You") bowl. It was in medieval times that wassailing became a Christmas feature. During the time of Henry VII, a steward, entering the room with the wassail bowl, would cry three times, "Wassail." The monasteries called their punch bowl "poculum caritatis."

Christmas Menu Features Roast Turkey, Nutbread

Mothers throughout the country who are the "official" cooks of their households are again faced with the annual problem of selecting a Christmas menu. While something "special" is expected for dinner, the other two meals need not be elaborate.

Here is a menu for the day which will prove popular, but entails a minimum of work in the kitchen:

BREAKFAST	
Orange Juice	Waffles
Grilled Sausage Cakes	
Coffee	Honey Milk
CHRISTMAS DINNER	
Clam and Tomato Juice Cocktail	
Roast Turkey, Giblet Gravy	
Celery Dressing	
Mashed Potatoes	
Buttered Green Beans	
Calavo and Grapefruit Salad	
Assorted Relishes	
Cranberry Sauce	Hot Rolls
Fruit Cake	
Coffee	Milk
SUPPER	
Nutbread Sandwiches	
Mixed Vegetable Salad	
Fruit Gelatin Dessert	
Tea	Milk

Christmas 'Playing Cards'
When playing cards were first introduced into England they were looked upon purely as a Christmas pastime.

Canadian Life Revised by War

Old Industries Changed, New Ones Created; Half Million in Uniform.

OTTAWA. — Two years of war have altered drastically the pattern of Canadian life.

Canada declared war on Germany in September, 1939.

Whole industries have been transformed to suit the purposes of war. New industries have been created. Production of strategic raw materials has been expanded to record heights.

Half a million Canadians have put on uniforms; more than 100,000 are serving overseas. Old taxes have been jacked up; new taxes have been added; \$1,380,000,000 has been borrowed from the public.

The government's war expenditures are at the rate of \$2,000,000,000 a year—almost 40 per cent of the national income. Canadians in the current fiscal year will have to give up, directly or indirectly, about 50 cents of every dollar earned.

The government's policy is pay-as-you-go. Between 73 and 79 per cent of federal expenditures in the current fiscal year are expected to come out of revenue.

Taxes Boosted.

As a result, many Canadians in the middle-income brackets will be paying from 6 to 10 times as much income tax as in 1939. In addition, there are new taxes on gasoline, travel fares, theater admissions and the like, and sharp increases in the taxes on automobiles, radios, cameras, phonographs, liquor, tobacco, sugar, beer, wine, cosmetics and other "luxuries."

Canada's navy of 13 ships and 3,600 men with which it entered the war has grown to 200 vessels and nearly 25,000 men. The active army, then 4,500 men, today consists of 220,000 volunteers, all available for service.

In the Royal Canadian air force are 55,000 volunteers, many already serving overseas, the others at the 65 schools and more than 100 air fields of the British commonwealth air training plan.

In manpower the RCAF has increased 12-fold and they are being trained faster than planes can be built for them. About 600 experienced United States pilots are among the instructors. Some 10 per cent of the RCAF personnel consists of United States citizens. Student air men also are in training from Australia, New Zealand and other parts of the empire.

Steel Output Jumps.

Patrolling the sea-lanes of the North Atlantic, the navy had lost some 400 men up to mid-summer. The RCAF listed around 300 killed or missing. The army, whose overseas units have been stationed most of the time in Iceland or England, listed 56 killed; 84 missing; 214 died and 150 wounded up to June 20.

Canada's industrial expansion has been as phenomenal as any phase of her war effort. Output of alloy steel has jumped 500 per cent since the start of the war; aggregate steel production has been almost doubled. Automobile factories have delivered more than 120,000 motor vehicles.

Aircraft production, in its infancy when the war began, has been stepped up to 180 planes monthly. Shipyards employing more than 20,000 workers, compared to 1,500, are rushing construction of freighters, mine-sweepers, corvettes, auxiliary cruisers and hundreds of smaller craft.

Aluminum production has reached the point where Canada could provide metal for 5,000 planes a year. In 1938 Canada exported \$24,000,000 worth of aluminum to 59 countries. In a two-month period this year the Aluminum Company of Canada received orders from the United States alone aggregating \$126,000,000.

Find Churchill Eligible To Membership in S.A.R.

SYRACUSE, N. Y.—The general committee of Syracuse chapter, Sons of the American Revolution, has determined that Winston Churchill, British war premier, is eligible for membership in the organization through three ancestors who served against England in the war that freed the American colonies.

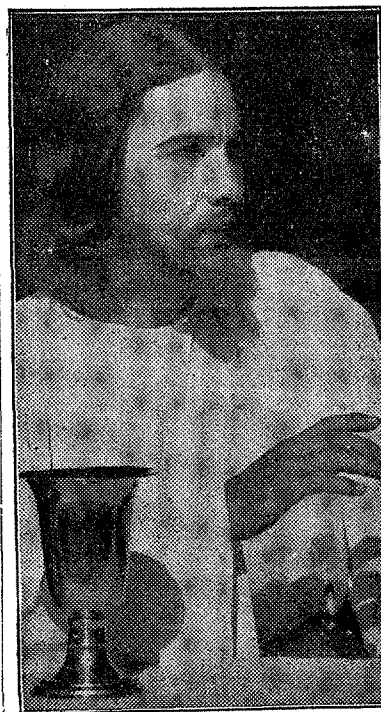

The ancestors were Sgt. Samuel Jerome, Maj. Lebbeus Ball and Pvt. Reuben Murray. Members of the Jerome family settled at Pompey, Onondaga county, after the Revolution and the prime minister's mother was Jennie Jerome. Members of the Jerome family, cousins of Mr. Churchill, are still numerous in the Pompey section.

Mansion of Revolution May Become State Park

HARRISBURG, PA.—Pottsgrove, Colonial mansion at Norristown, which extended hospitality to Washington during the Valley Forge winter of the Revolution, may become a state park.

Martha Washington was a guest at the historic mansion noted for its size and the beauty of its hand-carved wainscoting, when she undertook the journey north from Virginia to be near her husband.

Holes in Screen

Holes in widow screening, if not too large, can be repaired with small patches of screening. Unravel the edges of the patching piece, bend the protruding wires at right angles to the piece, place over the hole so that the bent wires stick through the screening, then bend back these wires to hold the patch in place. Sewing through and through the screening with a piece of wire will also make a neat repair.

No Crust

If you line a jelly-roll pan with two thicknesses of brown paper liberally greased with an unsalted fat, it can be baked without crusts forming.

Kathleen Norris Says:

Help Middle-Aged Women
Learn to Earn

(Bell Syndicate—WNU Service.)

An elderly woman, who is now rich because of a certain pickle she put on the market, took a cook's job at \$35 a month seventeen years ago. At 43 she went humbly into a younger woman's household and experimented in canning and pickling.

By KATHLEEN NORRIS

WHY doesn't someone open a school for middle-aged women? Women who want to earn money or who are forced by circumstances to support themselves, and have no idea how to go about it.

In any sizable city such a school probably would enroll 200 students on the first day.

Classes would be in simple bookkeeping and budgeting, cooking, housekeeping, personal appearance and cleanliness, order, sewing, selling in shops, serving in tea rooms and beauty shops and dentists' offices and a score of other lines that would help women to become useful and self-supporting—and incidentally infinitely happier citizens.

Hard Test of Character.
But women of 40 and older, essaying real work for the first time, after 20 or more years of being their own mistresses and arranging their own hours, are not often ready to take jobs on terms equal to those girls get. Girls are brisk, smart, modern, clean. Yes, clean.

A woman employer of hundreds of women told me that one great trouble with older women is that they don't observe personal hygiene—which, in plain English, is that they don't bathe daily. Their clothing isn't fresh and dainty.

Then they are apt to be sensitive, suspicious and resentful. To be ordered about, at 55, by a girl exactly half one's age, is a hard test of character. But many a woman, if she could have met that test with sweetness and amiability, would be in a good job today.

Complaining at great length of the change in her fortunes, and going over the head of the office manager with complaints to the higher boss, are only two of the things that make the employment of older women risky. Higher bosses haven't time today to listen while the widow of some old friend, coming smugly into the office, proceeds to tear the entire organization of the mail order department to pieces.

A Pickle Made Her Rich.

One woman, who is now rich because of a certain pickle she put on the market, took a cook's job at \$35 a month 17 years ago. At 43 she went humbly into a younger woman's household, experimented in canning and pickling for the benefit of the family, sold a few jars of this and that to friends, found her market, and won success. She says that she went to work to save a devoted son and his burdened wife and small family the extra care of "Ma." It is a satisfaction to her now to be putting the two older sons of that son through college.

And there are hundreds of such women, revelling in modest successes, glorying in their work, forgetting that they are getting old and that the children have flown away to live their own lives. One woman developed—from one 45-cent apron—a great factory that makes hundreds of aprons every year.

Scores of women have learned how to manage roadside eating places and have prospered because of the simple truth that we, in America, eat nearly 400,000,000 meals a day.

Many of the finest saleswomen of the best shops are gray-headed; in all the big hotels dignified, elderly

THEY CAN BE USEFUL.

They can be useful and, being useful, they can be happy. They are usually more reliable than younger girls, whose minds are still on the fun they are going to have after working hours. They often make fine saleswomen, tearoom managers, and one woman, who visits the patients in a large hospital, is so valuable that she has been unable to resign, although she now has an independent income. Yes, middle-aged women can work and do it well, BUT—they must be willing to take orders from a younger woman, do a lot of things they weren't hired to do, and never complain.

women are in charge of linen rooms, managing the staffs of the dining-rooms and bedrooms. One woman I know was an adored and pampered wife until she was 51. Now for 10 years she has been in a big hospital; she is the visitor who comes into your room every day, asks a question or brings you a piece of good news.

Can't Be Replaced.

"I've been wanting to stop for two years, I've inherited a little money, and I could go out to Santa Barbara and be near Jane and the children," this woman said to me recently. "But they can't find anyone to take my place! I mean someone who won't depress the patients with her own troubles, and who is willing occasionally to carry a tray or answer a telephone."

"Last year," she further confided, "the night cook was ill, she was off for a month. I used to get the girls something to eat about midnight—clam chowder or club sandwiches. I loved to do it, and they were so appreciative! Sometimes I help them with their charts—anything to have things work smoothly."

That is the answer to success in any job. Opening a door, filing a letter, running out for stamps, wiping tea cups, brushing crumbs, filling in for the absent cook or nurse or elevator boy or telephone girl, "anything to have things run smoothly."

But that isn't the answer that most middle-aged women find. They want to know what their duties are, and to those duties they will adhere. "I am not supposed to—I didn't understand that I was expected to—when you engaged me you didn't say anything about my doing things like that," they say.

Possibly the employer makes no protest. He knows it would be no use. But he presently says to Miss Bright, "We might get rid of that Mrs. Smith. She doesn't seem to catch on. She just told me that she didn't know she was expected to hang up their coats for the other young ladies, and when she wanted that window pushed up she rang for the boy to come in and open it."

Perhaps in a school for the middle-aged the motto might be simply: "Work Is Work." Work isn't a chance to complain, review the happier past, sit idly at a desk a few hours a day and draw a pay envelope every Saturday. Work is doing for someone else something that may be hard, boring, humiliating, tiring; something perhaps diametrically opposed to what you want to do. But it has its compensations, its delicious rewards. And the happiest persons in the world—indeed, the ONLY happy persons in the world, are those with a job.

DEFORD

Babish-Tallman Marriage—

A very pretty wedding took place on Saturday, November 29, at three o'clock at the home of Mr. and Mrs. Osro Tallman, when their daughter, Helen Louise Tallman, was united in marriage to Joseph Babish, Jr., son of Mr. and Mrs. Joseph Babish. The bridal pair were attended by a sister of the bride, Miss Dorothy Tallman, of Grosse Pointe, and Louis Babish, a brother of the groom. Ali Jarman, pastor of the Novesta Church of Christ, an uncle of the bride, read the marriage rites.

A bountiful wedding dinner was served to those who attended the ceremony. Those from a distance were Mr. and Mrs. David Wilson of Clare, Mr. and Mrs. Norman Wilson of Pontiac, Mr. and Mrs. Hiram Wilson and Mr. and Mrs. Elmer Wilson, all of Detroit, Private Melvin Wilson of Camp Custer, Robert Strong of Metamora, Mr. and Mrs. Charles Salvoman of Pontiac, Mr. and Mrs. Emerson Tallman of Commerce, Mr. and Mrs. Edward Tallman of Davis, Mr. and Mrs. Henry Cooklin and daughter, Betty, Mr. and Mrs. Thomas Morrish of Kingston, Miss Dorothy Tallman of Grosse Pointe, and Mr. and Mrs. Harvey Skinner of Pontiac.

In the evening, a reception was held at the home of the bride's parents for a large number of relatives and guests. The newly-weds were the recipients of many beautiful gifts.

The new residence on the Babish farm will be the home of Mr. and Mrs. Babish.

A kitchen shower was held at the Church of Christ parsonage on Wednesday evening, November 26, Mrs. Jarman, being the hostess. The time was spent in playing various games. The bride-elect received many gifts. Jello and cake were served as refreshments.

"NAVY INTELLIGENCE"

Is there any way of saving money aboard ship?

Yes. Men may deposit money with the Disbursing Officer, who will keep it in a safe. Each depositor is furnished with a "bank book" and receives from the Government four per cent per annum interest on all money deposited.

Do sailors get an opportunity to see every port visited?

Usually. Shore-liberty, which may last 12 days, is generally granted everybody.

How many days leave can a sailor have in a year?

Leaves totaling 30 days, exclusive of travel time, are granted every year to enlisted men whose services can be spared.

Must my parents consent to my enlistment if I am under 21?

Yes. All applicants must be at least 17 years of age and if under 21 years of age they need the consent of their parents or guardians.

If I join the U. S. Navy, will I have to buy my own uniform?

No. You receive a complete outfit of uniforms free when you enlist. What would happen if I enlisted in the U. S. Navy and became sick? You would receive the finest medical care from trained Navy doctors and surgeons absolutely free.

When do I get my first leave after I have enlisted?

In a few weeks after you have completed your Recruit training period.
