

Air Raid Warden Schools Started in Tuscola County

The Course Covers 28 Hours in Instructions and Demonstrations.

Schools for air raid wardens were held at three points in Tuscola County Monday evening with an attendance of 77 out of 78 wardens at Cass City, approximately 150 at Caro and 100 at Vassar.

Supt. J. Ivan Niergarth and R. L. Keppen of Cass City, Supt. R. E. Brant and John Heinzelman of Vassar and Supt. R. E. Robinson and Donald Ellwanger of Caro took a course of instruction at Flint last week from Judge Gadola, chief air raid warden of the Flint area, which qualifies these six men to impart the instruction to local air raid wardens and school them in their duties. Supt. of Schools Niergarth will be obliged to conduct classes alone in the Cass City area because Mr. Keppen has been called to Illinois, where he is employed on a road building project with the E. B. Schwaderer Construction Company.

At Monday night's gatherings, air raid wardens were fingerprinted and enrolled and dates of coming meetings were selected. A county gathering will be held at Caro on April 24 at 7:30 p. m. when Judge Gadola of Flint will show a movie pertaining to the air raid warden's work. A school bus leaving Cass City at 7:00 p. m. will carry local wardens to this meeting.

In the Cass City area which comprises Elkland, Elmwood, Novesta, Kingston and Koylton Townships, May 1, 5, and 8 have been set for first aid instructions for air raid wardens under the direction of Dr. B. H. Starmann. These are entirely separate from Red Cross first aid classes here. Mr. Niergarth starts his instructions on May 12 at 8:00 p. m.

The course includes five hours of Turn to page 8, please.

Quill and Scroll in First Annual Banquet of Journalist Students

In the mellow light of candles, members of the Quill and Scroll Club, producers of the Cassopolitan, the Cass City High School publication, enjoyed their first annual banquet in the school building Tuesday evening.

The dinner was served by the home economics department. Scrolls, with the menu, program numbers and a stanza of "America," with the diners' names inscribed on the outside, served as place cards. Favors were cups of mints and nuts surmounted with quills.

Miss Helen Bolla, as toastmistress, introduced staff members who gave brief talks. Josephine Kloc spoke of the editorial page; Shirley Demo, one of the quartet of typists that also included Shirley Coleman, Gloria Milligan and J. Nowicki, told of the importance of Turn to page 4, please.

Candlelight Used for Holcomb-Hertel Wedding on Saturday

MRS. HERTEL.

The soft gleam of candlelight contrasted beautifully with palms and baskets of white gladioli when cathedral candles in branched candelabra lighted the First Presbyterian Church Saturday evening, April 18, for the lovely wedding of Miss Dorothy Eleanor Holcomb, daughter of Mrs. Mary M. Holcomb, of Cass City and Lieutenant Edward George Hertel, Jr., son of Mr. and Mrs. E. G. Hertel, Sr., of Lansing.

As a prelude to the ceremony, which was performed at eight o'clock by the Rev. Wendling H. Hastings, Mrs. Ethel McCoy played soft organ music and Miss Jean Little of Chicago, Illinois, sang "Beloved, It Is Morn," sang "Because."

Tuscola Board Opposes Lower Gas and Weight Tax

Anticipate Tire Rationing Will Lessen Receipts from This Source to County.

The Tuscola County Board of Supervisors at their April session which closed last Friday went on record as opposing any change in the automobile weight and gas tax at the present time. The members anticipate that there will be a large reduction in the amount of this tax collected on account of the limited use of automobiles because of the rationing of tires and a possible rationing of gasoline. Inasmuch as the weight tax is returnable to the county to be distributed for the maintenance of county roads and village streets, the supervisors believe a lowering of this tax would be inadvisable now when it is essential that roads and bridges be kept in good repair for transportation of war equipment, the use of school busses and taking laborers to factories.

The weight and gas tax for this year was apportioned in this county as follows:
County road fund.....\$100,848.96
County Twp. Road fund.....7,573.14
Twp. Highway Bonds and Interest paid.....1,100.00
Akron village.....1,066.41
Caro.....7,932.23
Cass City.....3,509.09
Fairgrove village.....1,244.58
Lagatown.....914.07
Kingston village.....810.78
Mayville.....1,900.43
Millington.....2,088.93
Reese.....1,458.89
Unionville.....1,291.05
Vassar.....5,564.45
County Road Fund.....64,384.90
Total.....\$201,637.91

The supervisors voted to furnish space in the courthouse for a central defense office and that equipment for the same be provided. They limited the expense of the office to \$90 a month. This amount is to include the salary of a stenographer which is not to exceed \$80 a month.

Pioneer Merchant Honored at Party on 92nd Birthday

P. S. McGregory Surprised by Friends at Gathering at Baptist Church Friday.

A surprise birthday party, sponsored by the Baptist Brotherhood, was held Friday evening in the church dining room honoring P. S. McGregory, who celebrated his 92nd birthday Tuesday, April 21. Mr. McGregory was invited to attend a potluck supper at the church at 7:30 that night and was unaware of being the honor guest until he sat down at the table. The tables were very pretty with potted plants and a birthday cake, decorated with flowers and lighted tapers.

Rev. Richard Nyburg, pastor of the Deekerville Baptist Church, was guest speaker and various musical numbers were given. Other guests present from Deekerville were Mr. and Mrs. Duncan Sloat and Miss Ellen Newberry. A number of letters were read from past ministers of the church—Rev. Frank Currey of Okemos, who was pastor when Mr. McGregory united with the church about 50 years ago, Rev. E. A. Rushbrook of Kalamazoo, Rev. S. T. Dunk of Monroe, Rev. W. R. Curtis of Lawton and Rev. L. A. Kennedy of Hamilton, Ontario. The letters were written to Mr. McGregory, but were not delivered until Friday evening. The honor guest was presented with a gift.

P. S. McGregory was born April 21, 1850, in Garafraza, Ontario, and following the death of his Turn to page 5, please.

COMING AUCTIONS.

Arnold Copeland will conduct an auction sale of furniture and household goods at the Horace Bule residence on South Seeger Street tomorrow (Saturday) afternoon. The Pinney State Bank will serve as clerk and full particulars are printed on page seven.

Walter C. McIntyre will hold a community sale at his store on West Main Street, Saturday afternoon, April 25, which is advertised in detail on page seven.

On the same page, Clayton Foote advertises a farm auction, 1 mile north and 1/2 mile west of Argyle, for Tuesday, April 28.

Mrs. A. Edgerton Honored on Birthday

Mrs. Celia Edgerton of Cass City was guest of honor Wednesday evening, April 15, when a family dinner was given in the home of her son, Dr. A. C. Edgerton, at Clio, in celebration of her 89th birthday. Guests at the dinner besides Mrs. Edgerton were: Mr. and Mrs. Richard Edgerton, Mr. and Mrs. Howard McNary of Brown City; Mr. and Mrs. Harvey Goodwin and daughter, Christine, of Flint; and Mr. and Mrs. Robert Edgerton of Bad Axe. Mrs. Edgerton received a number of lovely gifts.

Mrs. Edgerton, the former Celia Goodwin, was born at Harbor Beach April 15, 1853. When a young girl she moved with her parents to a farm near Port Huron and grew to womanhood near that city. She was married to Andrew Edgerton and a few years later they moved to Allenton and about 30 years ago came to Cass City. A few years were spent on a farm near here, then she moved to the home on East Third Street where she still lives. Mr. Edgerton died February 27, 1913.

Mrs. Edgerton has two sons, Richard, of Brown City and Dr. A. C. Edgerton, of Clio. Despite her advanced age, she is remarkably alert mentally and her mind very clear.

H. M. Bule Honored at Party by Friends

Honoring Horace M. Bule, who left Thursday for Miami Beach, Florida, to report for service at an officers' training school of the U. S. Air Corps, a group of friends entertained at an informal party on Wednesday evening in the E. B. Schwaderer home. About 40 were present and enjoyed ping-pong, bridge and visiting. Coffee and cake were served. Mr. and Mrs. Clayton V. Hamilton of Caro were among the guests.

Closed Thursday Afternoons. The undersigned banks will be closed Thursday afternoons during May, June, July, August and September. Open Saturday evenings from 7:30 to 9:30 during that period.

Bond and Stamp Sales at Dance, \$2,085

Window sales of U. S. bonds and stamps reached \$1,410.50 when sold as admissions to the dance Friday night at the school auditorium here, according to Willis Campbell, in charge of sales. Other purchases reached \$674.50, bringing the grand total to \$2,085.

The "Stamp Stompers," the 15-piece colored dance orchestra were said by those attending to be among the finest dance musicians to visit this place and dancers thoroughly enjoyed their program of selections. The orchestra is sponsored by the Michigan Music Project of the Works Projects Administration.

Tuscola Farm Labor Placement Board Organized

United States Employment Service Will Supply the Office Personnel.

At a meeting held Friday morning in the Agricultural Office in Caro, a Labor Placement Board was organized for the purpose of serving farmers of Tuscola County who are in need of farm labor during this war emergency.

An office will be set up in Caro in the near future, probably in the Court House or in the AAA office, where this labor supply board will operate. A member of the staff of the U. S. Employment Service Office at Bay City will be located in charge of the office. A clerk will also be hired to handle the filing of records and necessary correspondence.

Agencies cooperating, so as to make this service meet the farmers' needs, are as follows: Tuscola County Agricultural Adjustment Association, County Agent's Office, Caro Sugar Factory, Clark Canning Company, vocational agricultural teachers and school superintendents.

From information which may be in the hands of the U. S. Employment Service such as results of the survey being made in the county now by the American Legion Women's Auxiliary, by surveys made by each high school among their student body and from Unemployment Compensation and Old Age Assistance rolls, every available Turn to page 8, please.

Sugar Hoarders Can't Sweeten Up Uncle Sam

Each Family Will Be Required to Declare Amount of Sugar Stock on Hand.

Michigan Press Association News Letter.

Sugar hoarders can't sweeten up Uncle Sam. When the consumer registration period arrives in Michigan May 4 to 7, each family will be required to declare amount of sugar stocks on hand. Failure to declare the accurate amount will make a citizen liable, upon conviction, to a fine of \$10,000 or 10 years' imprisonment, or both.

How the hoarding penalty will work is one of the questions a lot of Michigan people would like to have answered. There are reports of persons who have hoarded as much as 1,000 pounds of sugar, an amount which would be sufficient according to government rationing to meet the needs of a family of four persons for nearly 10 years!

A family of four will be permitted to use four pounds every two weeks. The maximum stock per home is six pounds.

All retailers and wholesalers must register at a local public high school April 28-29, and sugar sales will cease April 27 to May 5 or 6.

Transportation, not scarcity of sugar, is said by the government to be the determining factor for sugar rationing at this time.

Sinking of freight ships by enemy submarines, plus a growing need to limit railroads to war shipments, are responsible for a shortage of supply.

Rationing of automobile tires, whether new tires or recapped used tires, has not pinched the average family in Michigan yet. However, according to the best advice available at Lansing, only a miracle discovery by some chemist will save Michigan workers—farmers, indus— Turn to page 2, please.

May 4 to May 9 Are Set as "Clean-up Days" in Village

Citizens Are Urged to Tidy-up Properties in a Spring Cleaning Campaign

Clean-up Proclamation.

May 4 to May 9 are hereby set aside as "Clean-up Days" in Cass City.

On these six days every resident should do what is necessary to make Cass City a place more beautiful and at the same time more healthful.

A sense of pride in a tidy, orderly town should make every person eager to have his own yard uncluttered and his house and garage looking neat and trim.

WALTER L. MANN, Village President.

May 4 to May 9 have been designated as "Clean-up Days" and members of the village council are anticipating hearty cooperation in the spring clean-up of village properties. All debris should be placed in containers in the street at the front or back of village lots by the householders so that it will be convenient to load into village trucks. The removal of ash piles must be done at the expense of citizens and the village truck will not be used for that purpose.

RURAL TEACHERS TO LEARN ABOUT THE SUGAR RATIONING PROGRAM

A meeting of rural teachers of Tuscola County will be held in the courtroom at Caro Friday, May 1, at 1:30 p. m., when plans for the registration of all people on May 4, 5, 6 and 7, under the sugar rationing program will be discussed and additional materials distributed.

The seventh and eighth grade examinations in rural schools have been postponed until Friday, May 8, so as not to interfere with the sugar rationing registration earlier that week.

Alex Greenleaf Honored at Dinner

A family dinner was enjoyed on Sunday when Mr. and Mrs. Harold Greenleaf entertained in their home to honor Mr. Greenleaf's brother, Alex, who left Caro Tuesday for Detroit for induction into the army. Guests were Mrs. H. O. Greenleaf and Harry Tiller of Millington, Mr. and Mrs. James Greenleaf and children, Virginia and Paul, of Deford, Mr. and Mrs. Edward Greenleaf, Mr. and Mrs. Charles Walmley and son, Freddie, and Miss Betty Oldenburg.

300 Tuscola Women Attend Achievement Day Program April 16

The annual Achievement Day held for members of Home Economics Extension Group members took place in Caro on Thursday, April 16. The meeting was held in the Caro Methodist Church. About one hundred rugs, made by members of these groups enrolled in the home furnishing project, were exhibited. Twenty-five local Home Economics Extension Groups, representing a total membership of 500 women, were present.

Dr. Thelma Porter, head of Nutrition Department, Michigan State College, was the speaker.

At the business meeting the following women were elected on the board of directors to head up Home Economics Extension Work in Tuscola County next year: Mrs. John Reagh, Cass City; Mrs. Elwood Eastman, Cass City; Miss Anna Fletcher, Caro; Mrs. W. S. Bell, Fairgrove; Mrs. Fred Cooper, Kingston; Mrs. Vernon Everett, Kingston; Mrs. Cecil Baker, Vassar; Mrs. Henry Spiekerman, Fairgrove.

At a meeting of this board, officers were elected as follows: Chairman, Mrs. Vernon Everett; vice chairman, Mrs. W. S. Bell; secretary-treasurer, Mrs. Fred Cooper.

300 Tons of Old Metal, Paper, Rags Collected in Tuscola

Figures Not Exact, But County Committee Says They Are Nearly Correct.

Although exact figures are unavailable, it is estimated that approximately 300 tons of old metal, paper and rags were picked up and sold on March 27 and succeeding days in the campaign directed by the Tuscola County salvage committee, according to figures secured by W. B. Barriger, Columbia Township supervisor, and chairman of the committee. It was impossible to get an accurate figure on the amount of salvage, as many individuals sold the material directly to junk dealers during the drive.

All material picked up by the Tuscola County road commission trucks was sold to J. Greenburg, Vassar, who was the highest bidder. This consisted of 16,910 pounds of iron at \$14.00 per ton, 13,040 pounds of paper at \$12.00, and 2,820 pounds of rubber at \$14.00, making a total of \$216.35. The committee had been promised printed matter for distribution to individuals from the federal government, but never received the same, so this printed matter had to be Turn to page 5, please.

McComb Explains the Trade Sugar Ration Requirements

B. H. Comb, county school commissioner, responsible for the trade registration in Tuscola County says:

The dates for the trade registration are Apr. 28 and 29. "Superintendents of schools will have charge of registration at the following places: Caro, Cass City, Kingston, Mayville, Fostoria, Millington, Vassar, Reese, Fairgrove, Akron, Unionville and Gagetown. "Principals in Deford, Silverwood, Tuscola and Richville will register the trade in their respective villages only.

"Country stores will register at high schools which are nearest to them.

"The trade means retail business, wholesale business, restaurants, hospitals, bakeries, canneries, aparies, boarding homes, dormitories, churches, lodges, schools serving hot lunches, persons baking pies, cakes and cookies for sale, etc.

"The owner of the store or his agent (partner, officer or manager) may register but bookkeepers and clerks are not proper persons to sign registration forms.

"All trade should register on April 28 and 29.

Food for Victory.

The Federal Government has requested all canning factories to increase food canning so any person, family, or organization is requested to contract to grow or pick 1/4 acre or more if possible of Refugee or Wax Beans to be canned by the W. N. Clark Co. of Caro and furnish food that can be shipped across the ocean to help feed our fighting men and allies. Receiving stations will be established in all territories where sufficient beans are grown. You can do your part and earn a substantial sum besides.

Mr. Willis Campbell, Cass City, School Telephone 40, Home Telephone 231, cooperating with the Tuscola Land Army committee, has full information or you may contact the W. N. Clark Co. of Caro for full details.—Advertisement 1t.

Local Contractor Has Big Project in Roads in Illinois

War Comes Home to Rotary and Causes Resignations of Four Men.

The war has come home to the Cass City Rotary Club and as a result of the conflict, directly and indirectly, the club has temporarily lost four members. Horace M. Bule resigned when he received word his application to the officers' training school of the U. S. Air Corps had been accepted. He left for Miami Beach, Florida, last Thursday. When E. B. Schwaderer, with another highway contractor, was awarded the contract to build several miles of railroad and highway at an ordnance plant in Illinois, he took with him two other Rotary members, Robert Keppen and Curtis Hunt, who will be employed on the project. All three expect to be engaged in this work for many months. At Rotary, it was announced that the project in which Mr. Schwaderer is interested runs into figures around \$1,250,000. "Bob" Gallagher, who left Cass City for induction into the army on Tuesday, was an honor guest at the Rotary Club luncheon.

President Ernest L. Schwaderer appointed Frederick Pinney, Willis Campbell, Herman Doerr and Dr. P. A. Schenck as a committee to nominate club officers for the coming year. J. I. Niergarth was named as a sponsor committeeman for the Boy Scouts to succeed H. M. Bule. Mr. Bule was presented with a pen and pencil by the Rotarians before he started for Florida.

E. A. Corpron, as program chairman, presented Rev. George D. Bugbee, pastor of the Nazarene Church, as luncheon speaker, who chose for his subject, "Aftermath of the War." He reviewed the financial conditions, the economic collapse and the depression following World War I and referred to the decreasing interest taken in religious matters at that time. "God and Christianity are the basis of democracy and the foundation of our civilization," said Mr. Bugbee. Turn to page 5, please.

Trade Sugar Rationing Set for April 28 and 29

Trade registration for sugar rationing in this area will take place at the Cass City Schools in Room 11 on April 28 and 29 under the direction of Supt. J. I. Niergarth. Trade registration includes both retailers and wholesalers, institutional and industrial users, hospitals and beekeepers. Churches and lodge organizations that serve dinners are also included.

Those required to enroll in this trade register may call at the school now and receive the blanks, but the actual signing of them must be done at the school on one of the two days designated. Hours set are the regular school hours.

VICTORY GARDENS

Compiled by the Horticulture Class of Cass City High School.
What to Plant.
What to plant in this garden of yours will depend on your likes and dislikes, the size of your family, the size of the space available and the amount of help to work the garden. This garden should provide three things—fresh vegetables throughout the season; crops to can, such as beans, corn, peas, tomatoes, carrots and beets; and storage crops, such as potatoes, rutabagas, cabbage, onions, parsnips, pumpkins and squash.
The first thing to do probably then is to sit down and make a plan so that your garden will be balanced and serve your needs.
For those that are planning a garden for the first time, we have prepared a table which will give you some idea of row footage for a family of five people for immediate consumption, canning and storing.
Green and Wax Beans...300 ft.
Parsnips...100 ft.
Beets...150 ft.
Cabbage...150 ft.
Carrots...200 ft.
Corn...300 ft.
Lettuce...50 ft.
Pumpkins...20 plants
Onions...200 ft.
Peas...200 ft.
Radishes...50 ft.
Tomatoes...200 ft.
(50 plants)
Potatoes...2,000 ft.
Rutabagas...100 ft.
Squash...20 plants
Remember this row footage will vary with your likes and dislikes. In some cases the entire crop will be eliminated because members of the family do not like a particular crop.
The garden can be enhanced materially by adding a few rows of your favorite flowers. Asters, zinnias, snapdragons, calendula, marigolds, bachelor button and flowers that you are partial to can be planted to provide flowers for the home and make the project more fascinating because everyone is interested in growing flowers.
Next week: When to Plant.

**May Day
May 1, 1942**

Labor parades of former May days now are little more than memories. The 1942 May day parade is in the direction of the factory and the field, where working men are foregoing their usual holiday to help their country win the battle of production.

It's business as usual for this skilled machine operator who is working on a torpedo part in a navy torpedo station.

A tankful of gasoline and this modern farmer is ready for work. A nation at war demands an ever-increasing supply of farm commodities.

Protected by a nose guard and face shield, this workman is grinding an aircraft engine crankshaft. He is representative of the huge army of skilled craftsmen in wartime industry.

May day, 1942, and the country's workers are at their jobs—so that the men who work with the tools of war will be the best equipped soldiers in the world.

"Listen to the Mocking—"
The song called "Listen to the Mocking Bird" is credited to Richard Milburn, a Negro barber of Philadelphia, who was an excellent bird imitator, particularly of the mocking bird. The Philadelphia Library invited him to give an exhibition. At the meeting Septimus Winner, a skilled musician and publisher, induced Milburn to whistle while he wrote down the notes. In 1855 the song was first published with the frontispiece, "Music by Richard Milburn. Words by Alice Hawthorne. Publisher, Septimus Winner." In later years the publisher received credit for being its originator.

trial workers—from severe transportation hardship by 1943 and 1944.
New tires can now be obtained only by a very restricted group of persons, and the quota for each county is so small each month that few persons have the courage to file an application. You must be a physician, a police officer, fireman or someone whose business has recognized urgency to the public welfare.
The "B" tire recapping list includes industrial workers at war plants and farmers who depend on their passenger cars to transport farm supplies—seeds, etc.—and who do not have a truck.
The average citizen is plainly out in the cold. When his present rubber tires are worn out, he must depend on getting a used tire—or else!
While the average automobile in Michigan has tires good enough to last out the summer, family transportation must come generally to an end by fall or winter unless rubber chemists come to the rescue.
From Dearborn comes news that the Ford Motor Company has "discovered" how to make a tire that requires only one-sixteenth of the rubber used normally in tire manufacture.
Tests are now being conducted. Fabrics are used chiefly. If the Ford processed tire is found to be practical, it will extend by many months the driving expectation of millions of American families.
A rubberless tire is also being studied by the Goodyear Tire and Rubber Company. Officials have revealed that fabricated tires, made entirely without rubber, are being given road tests today.
Paul W. Litchfield, chairman of the Goodyear board, declared 18 to 24 months' time would be needed before any large amount of synthetic rubber tires would be available from the government-financed synthetic rubber plants already authorized.
William Palmer, manager of the Michigan Petroleum Industries' committee, says the best Washington information he can obtain is distinctly bullish as to the prospect of synthetic tires for general civilian use.
Instead of synthetic rubber being made available to civilians, much of it may be required by our allies—British and Russians—for their own military needs.
The "Pontiac Plan" for cooperative automobile transportation, whereby neighbors ride together to save tires, will be adopted by dozens of industrial centers in Michigan, not as a matter of preference but as the only feasible method of solving the critical rubber situation.
Hope that the situation will be cleared up soon is declared by War Production Board officials to be a guest.

wishful thinking, not justified by the facts.
J. P. Buckley, acting director of the "Pontiac Plan" for the state highway department, is of the belief that Americans are going to continue to kid themselves until President Roosevelt informs them of the rubber emergency. Living habits are not changed readily, he concludes.
A new kind of isolationism may result from this scarcity of rubber tires, changing living habits of Michigan families very noticeably as the months pass by.

KINGSTON NEWS

Death of Mrs. Lena Roy—

Mrs. Lena Roy passed away at her home in Pontiac Thursday, April 16, 1942, at the age of 82 years. She was ill about three weeks with jaundice which caused her death. The funeral was held from Kingston Methodist Church Sunday at 2:30 p. m. Burial was in Kingston Cemetery. Rev. Mr. Elford was the officiating clergyman.

Mrs. Roy was born in Listowell, Canada, in 1860 and moved with her parents, William and Mary Fulford, when she was seven years old to their home, one and one-quarter miles east of Kingston. She was married to John Roy April 4, 1882, and lived to celebrate her 60th wedding anniversary, April 4, this year. She lived in Kingston all her life from her early childhood until 17 years ago when she moved with her family to Pontiac. She conducted a millinery shop in Kingston for 35 years. She was a staunch member of the Methodist Church here for years.

She leaves to mourn her departure, her husband and two adopted children, Ray Roy and Mrs. Robert Donnelly, both of Pontiac; two brothers, Richard, of Humpford, California; William, of Flint; one sister in San Francisco, California, and eight grandchildren.

Sylvester A. Gaffke of Kingston, son of Mr. and Mrs. Jacob Gaffke, and Miss Thelma Burman of Roseville, were united in marriage at the Methodist parsonage Saturday afternoon at 3:30 by Rev. H. C. Elford. The newlyweds will make their home on a farm three miles south of Kingston.

The Kingston Literary Club met at the home of Eleanor Pratt on April 13. After the business meeting was adjourned, all enjoyed a dainty luncheon and visiting. The next meeting will be held May 5 at the home of Elaine Purdy.

Mr. and Mrs. Theron Henry have moved to Vanderbilt. Phyllis and Jimmie will remain here to finish the school year.

Elwin Sadler and Miss Rosetta Murphy were callers at the Arthur Henderson home Saturday night.

Rev. and Mrs. Burke of New Greenleaf were callers of Rev. Mr. Clough's Monday afternoon and attended the revival services at the Baptist Church Monday evening.

Mrs. Arnold Moore was a business caller in Detroit Tuesday.

Mr. and Mrs. Stanley Moore of Pontiac visited their parents, Mr. and Mrs. B. E. Moore and Mr. and Mrs. Hicks of Hemans over the week-end and Sunday.

Mr. and Mrs. Arthur Cunningham of Detroit enjoyed their home here for a few days, returning on Friday evening to Detroit where they are employed.

Some of the teachers in Kingston High School are not returning the ensuing year.

Mrs. Leo Henderson was moved to Ann Arbor Thursday of last week. Her condition has not improved as yet.

Death Valley Popularity Increases
Indicative of the rapidly increasing interest in Death Valley National monument as a tourist attraction is the 22 per cent increase in travel to that area during January of this year over the same month of last year. During January, 6,888 persons in 2,599 automobiles and airplanes entered Death valley as compared with 5,639 persons in 1935 private vehicles during the same period of 1940. Number of visitors for the travel year to date, which began October 1, 1940, totals 26,383.

Open Formula Feeds...

Open formula feeds were originated by the Farm Bureau as a farmers' organization. Contents of closed formula feeds had to be guessed at. Farmers' feeds are open formula and list the ingredients pound for pound on the feed tag, because:

- 1 They enable the farmer to check on the balance between animal and vegetable proteins (in poultry and hog feeds).
- 2 When made by a reputable manufacturer interested in HIS welfare he knows just WHAT he is paying for.
- 3 The farmer can get an idea of the dollar value of the ration.
- 4 He can consult with the Michigan State College as to feeding value of the ration.

Try to find these advantages in a **CLOSED FORMULA FEED**

Call Molybdenum Key Steel Alloy

Cheaper and Just as Good As Other Metals Used.

PITTSBURGH.—Molybdenum, a metal long neglected by American industry, is now playing a leading role in steel-making and is lessening this nation's dependence on foreign sources of steel-hardening materials.

The increasing use of molybdenum, according to Dr. A. A. Bates, manager of the Westinghouse research laboratories, is freeing war-restricted alloying metals for production of shells, tanks and guns.

"Molybdenum has been neglected for many years," Dr. Bates said. "But this metal now is playing a leading role in steel-making as a result of industry's search for substitutes to replace metals formerly obtained abroad."

Nearly 90 per cent of the world's molybdenum is produced in the United States, according to Dr. Bates. It has been slow in being put to use, however, because this country's stores of it were only discovered in recent years, and because of difficulties in learning to produce and heat-treat alloys containing the metal.

To cope with the great demand for nickel steel for making shells and armor, Westinghouse is now using molybdenum and chromium in place of nickel as the strengthening agent in steel for shafts, bolts, gears and other motor parts.

Replacing strategic tungsten in the manufacture of high-speed tool steel, Westinghouse engineers devised a method of making tools of molybdenum steel, which contains only a tiny percentage of tungsten.

Molybdenum alloy, engineers have found, is equal in quality to alloys formerly used and is cheaper.

Expert Claims 'V for Victory' 1917 Invention

TULSA.—The slogan "V for Victory" was used in the last war. Phil W. McMahon of Tulsa can prove it. McMahon has collected propaganda posters from all over the world. He has placards from every nation that was engaged in the last World War and now has started collecting new ones from the present conflict.

The "V for Victory" slogan was used by the Allies in 1917, but then it was a flag, the collector said. Some of his choicest propaganda paintings are in an art museum in Tulsa. They have been assembled in a separate room and praised for their artistic value. Some of them are elaborate affairs. They vary from post-card size to six feet square.

Recently he wrote to a public minister in Italy asking him for some late propaganda posters. They never arrived because when they reached the Bahama islands the British censored them. Some from Germany also have not yet been delivered. He received Russian posters on the first boat to reach America following the beginning of war between Germany and the Soviet. One of the prize paintings, McMahon said, is from China, sent him by Mme. Chiang Kai-shek.

Army Plea Fails to End Mississippi's Blue Laws

JACKSON, MISS.—Despite an army plea, Mississippi's 120-year-old Sunday blue laws remained on the books today. The house of representatives voted 66 to 63 against a bill to legalize Sunday motion pictures and ball games. The action killed the move for this biennial session.

Proponents read the legislators a letter from Maj. Gen. Dan I. Sultan, division commander at Camp Shelby, urging passage as an aid to soldier morale.

Opponents' arguments closed with a plea by a minister member, Rep. J. D. Holder of Lee county, to vote negatively "for just one reason—it violates the law of almighty God; it's morally wrong."

3 Axis News Agencies Closed Down by Brazil

RIO DE JANEIRO.—The Brazilian National Press council announced the closing of the Transocean and Stefani news agencies, German and Italian organizations, and refusal of permission for DNE, the official German news agency, to continue operations.

The measures were the outgrowth of Brazil's break in relations with the Axis powers following the Pan-American conference here.

The press council also announced the cancellation of registration of many newspapers previously published in German and Italian which had switched to Portuguese under a general ban last August on the foreign language press.

It's Happened: Woman Has Girdle Vulcanized

ST. JOSEPH, MO.—Tire repairmen, already busy keeping worn treads in service, may find another wartime market to exploit.

A young woman walked into Sam Albert's repair shop, unwrapped a bundle and asked: "I wonder if you can fix this?" Albert collected 75 cents for a vulcanizing job on a girdle.

Of Life, She's Feminine
As Rustling Taffeta.

NEW YORK.—Alma Hefflin holds down one of the toughest jobs in aviation—a job that has brought fame and glamour to many of her male colleagues.

Alma is an honest-to-goodness test pilot, all 110 pounds of her. As far as she knows, she is the only woman test pilot in the United States.

Despite the daredevil aspects of this life, petite Miss Hefflin is as feminine as rustling taffeta. She likes open-toed shoes and exotic perfumes. She dances a fine rumba, too.

On a leave of absence from the Piper Aircraft corporation for a hurry-up physical conditioning course here, Miss Hefflin was ready to talk when encountered in the Hudson success school.

Snap this picture of a female test pilot and paste it in your album: Light brown hair, cut in a pageboy style, with a soft roll of the forehead; steel gray eyes; 5 feet 3 3/4 inches tall; soft-spoken, and just past her mid-twenties.

Flying for Eight Years. Miss Hefflin has been flying for eight years, has averaged 20,000 air miles a year and has more than 1,100 hours to her credit.

Alma had flying ambitions from the time she saw her first plane. She considered flying a challenge, and she answered it.

It was tough sledding at first. She was teaching school in Spokane, Wash., when she began taking flying lessons. But there never was enough time. So she chucked the security of school-teaching and departed for Dallas to take a thorough course in aviation. She knew there was a place in the business for her, but she had many an application turned down before she caught on with the Piper people. It took a six-hour selling job to get a trial and then she had to take a six-month workout in the factory.

It's Hard Work. Attempts to get Miss Hefflin to describe the thrills of power diving and wind screaming along the fuselage provoked only a smile and the three words:

"It's hard work." Explaining that the planes made by her company were not dive bombers or flashing fighters, Miss Hefflin insisted that they had a definite part in the defense effort since "Cub" ships were being used in the civilian pilot training program and by the army's new "grasshopper" squadron.

"They need a plane that will take off like a singed cat and climb like a homesick angel," she said. "The first test I put them through is the short takeoff—within 200-300 feet of runway. Once in the air with 4,000 to 5,000 feet of space beneath, I put my ship through a precision spin from left to right, then two vertical turns and occasionally some combat maneuvers—for gaining or losing altitude in a hurry.

"Then comes what we call the 'hands off' flight for stability. I let the ship fly itself without touching the controls from 15 to 30 minutes. Finally, the minimum glide—as flat as possible—and I am ready to put the approval tag on the ignition switch."

'Love Insurance' Is Sold By Soldier to Colleagues

CAMP CALLAN, CALIF.—Twenty-five cents a month buys "love insurance" at this training camp.

For 25 cents every pay day, Private Clifford Elliott, former Altoona, Kan., farmer, insures the affections of the girls who were left at home. Private Elliott has sold his "policy" only to members of his battery, but the idea may attract customers from others among the 10,000 men stationed here.

Private Elliott collects a monthly total of \$15 from worried rookies. The first to prove he has lost his girl gets the pool. Selectees having more than one girl must decide which to insure.

Wages Rose 25 Per Cent To 41 Billions in 1941

WASHINGTON.—Some 40,000,000 workers received about \$41,000,000,000 in wages taxable for social security purposes in 1941, representing a 5,000,000 increase in the number of workers, and a 25 per cent increase in wages over 1940, Paul V. McNutt, federal security administrator, announced.

At the same time, Secretary of Labor Frances Perkins announced that hourly earnings of workers in manufacturing industries rose 1.5 per cent to a new high level of 78.1 cents in November.

Mules Reach \$500 a Span For First Time Since 1918

COLUMBIA, TENN.—Mules sold here at \$500 a pair, a price not seen in this nationally known mule center since 1918.

L. B. Robinson sold a pair of mare mules for \$500 even, and Charles Skillington received \$525 for a pair. Robinson said his mules were valued last spring at between \$375 and \$400.

The supply of mules was inadequate to fill buyers' needs.

North Branch suffered one of its largest fire losses Saturday morning when the Harper elevator and its contents of hay, grain, beans and wool were destroyed. The loss is estimated at \$150,000. The fire was well under way when discovered at six-thirty o'clock. The elevator owned by Joseph Harper, Sr., and his son, Joseph, Jr., was recently remodeled and modernized. They also own the elevator at Hemans.

NECROLOGY

Mrs. Andrew Jankos.

Mrs. Andrew Jankos, 68, passed away Tuesday, April 21, in her home, one mile west and one-half mile south of Deford, after an illness of two days.

Funeral services were held at 9:00 a. m. today (Friday) in St. Michael's Catholic Church at Wilmet, Fr. Dudek officiating. Burial was in the church cemetery.

Mary Madeline Saybie was born in Poland July 22, 1874. On October 22, 1901, she was married to Andrew Adama Jankos.

Mr. and Mrs. Jankos came to Tuscola County in March, 1912, from Flint.

She was a member of St. Michael's Catholic Church at Wilmet. Besides her husband, she is survived by a son, Rudolph Jankos, of Kingston; five daughters, Mrs. Jeanne Sivarga of Flint, Mrs. Wanda Lewis of Hazel Park, Mrs. Bernada Reszka and Mrs. Mary Reszka of Rankin, and Mrs. Celia Pawlowski of Cass City. She also leaves 13 grandchildren and three great grandchildren.

QUILL AND SCROLL IN FIRST ANNUAL BANQUET OF JOURNALIST STUDENTS

Concluded from page one.

good copy from contributors; Coleman Quinn gave some of her experiences as a shop reporter; Eva Jane Somes, circulation manager, explained the work of the art section; Leslie Stewart spoke of the early difficulties of producing news photographs; Wanda Karr spoke about the preparation of the news and editorial columns; Evelyn Field related a printer's nightmare in which all sorts of worries piled up just before press time; James Hewitt ironed out the mimeograph troubles; and Julia Martin told of the unusual difficulties in interviewing professional entertainers at school programs. Marian Miller, in her management of the sports department of the school magazine, had no end of trouble in getting a feature story about a certain athlete until he lost two teeth and then she had a "knock-out" story.

H. F. Lenzner of the Chronicle explained some of the mechanical work of producing a community newspaper.

"Unrolling the Scroll" was the subject of the remarks of Miss Eleanor Cotton, the instructor of the journalism class, at the close of which she presented each member of the group with a picture of the Cassopolis staff.

Wanda Karr and Isabelle Stirton favored the company with a saxophone duet and the singing of "America" closed the evening's program.

CANDLELIGHT USED FOR HOLCOMB-HERTEL WEDDING ON SATURDAY

Concluded from first page.

faile with long train and fingertip veil of tulle in the same ivory tone. The gown was fashioned with sweetheart neckline and long pointed sleeves. Miss Holcomb carried an arm bouquet of mixed flowers, centered with a white orchid. She was given in marriage by her uncle, Senator H. F. Hittle, of East Lansing.

Aqua faile frocks, fashioned with tight bodices and full skirts, were worn by both maid-of-honor, Miss Elizabeth Pinney, of Dowagiac and Miss Grace Roberts of Painesville, Ohio, sorority sister of the bride, as bridesmaids. They carried shower bouquets of Talisman roses.

Mr. Hertel was assisted by his brother, Crawford Hertel, of Elkhart, Indiana, who performed the duties of best man.

Ushers were William McArthur of Muskegon, cousin of the bride, Leo Frizzo of Coldwater, brother-in-law of the groom, and Fred Coldwell of Toledo, Ohio.

Little Miss Patience Allen, daughter of Mr. and Mrs. E. Allen, of East Lansing, dressed in a quaint

dress of pink dotted mull with matching poke bonnet faced with lace, acted as flower girl.

Mrs. Holcomb wore for her daughter's wedding a poudre blue jersey dress with matching hat and an orchid corsage. Soft green crepe combined with lace fashioned Mrs. Hertel's dress and she also wore an orchid.

Immediately following the wedding, a reception for 175 relatives and friends was held in the Holcomb home, which was decorated with bouquets of spring flowers and baskets of white gladioli.

The table, covered with a lace cloth, was pretty with a large cake and white tapers in silver candlesticks. Mrs. Edward Pinney of Cass City and Mrs. John Robertson, Jr., of Detroit poured. Mrs. A. J. Knapp

and Mrs. E. Hunter assisted as hostesses.

Guests were present from Lansing, Mt. Pleasant, Snover, Muskegon, Detroit and places in Ohio and Indiana.

Both Mr. and Mrs. Hertel are graduates of the business administration department of Michigan State College. Mrs. Hertel is a member of Kappa Alpha Theta sorority and Tau Sigma and Phi Kappa Phi, scholastic honorary societies. She has been employed by the Detroit Bank.

Until Mr. Hertel entered the service for Uncle Sam he was employed by Yale & Towne at Stamford, Connecticut.

They will make their home at Watertown, New York, Mr. Hertel being stationed at Pine Camp there.

300 TONS OF OLD METAL, PAPER AND RAGS COLLECTED IN TUSCOLA

Concluded from page one. ordered locally and cost \$25.75, leaving a net return of \$190.60. This amount was turned over to Ben H. McComb, county Red Cross chairman, who pro-rated the money to the township Red Cross branches where the scrap has been contributed. Township branches received amounts as follows: \$20 to Gifford, Wisner, Akron, Wells and Novesta; \$14 to Almer and Ellington; \$25.60 to Juniata, and \$37 to Columbia.

Howard Slaffter, Tuscola Township supervisor, reported that his township Red Cross branch received \$45.72 from its own collection locally collected and delivered. This was for 5,300 pounds of iron and rubber, 1,375 pounds of paper, 350 pounds of rags and 21 pounds of other metal. He received back 82 cards from 275 he distributed showing that individuals had sold metal themselves as follows: 19,805 pounds of iron, 882 pounds of paper, 1,158 pounds of rags, and 885 pounds of rubber. He figures that the township sales amounted to about three times the amount donated to the Red Cross, or about \$137.

W. H. Gunsell, Indianfields Township supervisor, estimated that the drive in his township, resulting in local sales amounted to 41 tons of iron and 25 1/2 tons of paper and rags. These sales were made by individuals to the two local junk dealers, Square Deal Auto Parts and Caro Auto Parts.

At the meeting of the board of supervisors last week, Mr. Barriger secured figures from other township supervisors as to the amount of scrap metal sold during the drive. Individual sales were made in townships according to the supervisors as follows: Vassar, 50 tons; Kingston, 25 tons; Denmark, 57 tons; Elkland, 42 tons. Proceeds from sales in the following townships went to the Red Cross branches: Watertown, \$26.10; Dayton, \$39.72; Millington, \$34.00.

A check of the report of Mr. Barriger shows that so far no report on what was done has been made by the following townships: Arbela, Elmwood, Fairgrove, Fremont and Koylton.

PIONEER MERCHANT HONORED AT PARTY ON 92ND BIRTHDAY

Concluded from first page. mother when he was 10 years of age, went with his father to Otterville, Ontario, where he went to work in a store before and after school. Here he spent three years, going then to Cornell, Ontario, where he filled the position of clerk in a store for seven years. He came to Michigan and secured a position as a clerk in a store at Brockway Center, now Yale, where he worked for several years and later entered into partnership with another young man in a general merchandise store, and after a year went to Mt. Clemens, where he and a traveling salesman bought a shoe and clothing business. The business was discontinued when fire destroyed the stock four years later.

In 1885, Mr. McGregor came to Cass City, and with James S. McArthur as a partner, established a general merchandise business in the Hitchcock Block. The firm was known as Two Macks Two. Years later, Mr. McGregor erected a business place a block farther east on Main Street and the firm dissolved partnership. Mr. McArthur occupied the west side of the new building with a dry goods and grocery stock and Mr. McGregor the east side of the building with shoes and clothing.

In 1889, he married Miss Rose M. Smith of Danville, Pa. She passed away November 11, 1931. Mr. McGregor was a member

of the board of education for 11 years, part of that time serving as treasurer. He has been a member of the local Baptist Church for nearly 50 years and has served the congregation as deacon, trustee, treasurer and Sunday School superintendent. He retired from active business several years ago.

WEEKLY NEWS ANALYSIS By Edward C. Wayne

Laval Given French Police Powers As Germany Fears Invasion Threat; U. S. Bombers, Subs Smash at Japs; Increased Undersea Program Likely

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.) (Released by Western Newspaper Union.)

VICHY: Pressure from Berlin

Regardless of underlying causes, or of how much justification there might have been, the overturn of government in Vichy which had brought Laval back to power as "civil supervisor" had been definitely accepted by Britain and the United States as a decision to "go with the Axis."

It had come at a moment when there were some indications that Vichy was wavering in its collaboration with Germany, and that Petain and his associates were looking with longing and friendly eyes toward the United States as a possible source of food supplies.

Some favorable steps had been made in this direction, then, all of a sudden, Laval seized the police power, and before the world knew it, Laval was back in the cabinet and many believed it marked the end of the Petain regime.

London was very positive about the whole thing, saying frankly that the re-entry of Laval into the government, the man who looks, acts and talks like Hitler, "reduces France to the level of a nickel Balkan state." The spokesman continued: "It clearly indicates the complete subservience of the Vichy policy to Berlin."

Two vital reasons were seen for the Laval development and both of them were envisioned as Germany "cracking down" on the Petain regime. The first was the German fear that an American-British invasion of the continent through France is imminent.

The second was that Germany feared the growing friendliness of Vichy and Washington through the ministrations of Leaky.

Hardly anybody thought the French fleet would immediately go into the war on Germany's side, neither could most observers see French soldiers fighting against the Russians, nor French fliers manning planes to bomb Britain.

But they could see a strong effort to be made at once by Germany

PIERRE LAVAL Who talks like Hitler.

to man unoccupied France with troops which could be depended on to fight an invasion attempt and thus relieve Germany of the necessity, and already through field glasses they could see the Germans preparing gun emplacements on the channel coast.

MERCY SHIP: For Bataan

The first revelation of identity of the men lost in the battle of Bataan (the Jap claim had been 6,700 Americans of 40,000 total prisoners) came when 600 relatives of 1,400 New Mexico soldiers pleaded for a "mercy ship" to be sent to Bataan with food and clothing.

They comprised fathers, mothers, sisters and brothers of the men of the 200th coast artillery corps (anti-aircraft), all from the state of New Mexico.

It was stated in their petition that they believed their unit to have had more men in it than that from any other single state.

While some of the relatives did not sign, and hope was expressed that perhaps much of the corps had escaped from Bataan to Corregidor, there was enough evidence that the regiment had been trapped to induce Senator Chavez to go to work at Washington in their behalf.

The first thing that had been done, however, was for the senator to ask the President for definite word as to the fate of New Mexico's 200th.

U. S. BOMBERS:

Sensational reports from General MacArthur's headquarters had provided the information that American planes had made a devastating attack on Japanese bases in the Philippines.

Maps showed, however, that unless the planes had been carrier based or at some point not heretofore revealed as in American hands, the shortest roundtrip flight from Australian territory would have been 2,800 miles to the southern tip of Mindanao, or about 4,000 miles.

U. S. SUBS: Wolfpack Tactics

The success of American submarines in the present Pacific war with credit for a substantial percentage of the amount of Japanese warships sent to the bottom, had caused Chairman Vinson of the house naval affairs committee to present a program calling for \$800,000,000 more in undersea craft.

A program adopted in 1940 called for 65 such ships. This would call for 100 more, or more than double the amount previously authorized.

The navy, last October, had 186 submarines in service, of which only a few were of the 1,500-ton "cruiser type" which are now under construction and planned by the Vinson program.

The naval plan would be for the United States to adopt the same

CARL VINSON An \$800,000,000 program.

"wolfpack" tactics used by the Japs and Germans against American shipping. Though it was pointed out that we are building ships faster than they are being sunk, Vinson felt that an increased sub program would kick the Japs out of the war faster, as their shipbuilding facilities were limited.

MacARTHUR: In Command

Although it had seemed clear enough through dispatches from Australia that the return of MacArthur from the Philippines had been to place him in command of all armies of the United Nations in the Far East, some doubt had followed this in the eyes of the public largely because of stories about General Blamey, and the small amount of material coming direct from MacArthur.

Finally the direct question was put to the American generalissimo, and his headquarters gave credence to the rumors when it frankly said it didn't know—that the general's status was not clear.

This called for a statement by President Roosevelt and Prime Minister Curtin, the former stating that it was his understanding that MacArthur was in supreme command.

The following day this had been concurred in fully by Prime Minister Curtin, who went into enough detail so that little doubt could remain as to MacArthur's command powers.

The only point remaining not clear was whether MacArthur's powers extended to New Zealand. A Netherlands spokesman had confirmed his command over such Dutch forces as had escaped from the East Indies, and the fact that General Stilwell was in command of Chinese in Burma seemed sufficient confirmation from that quarter.

PRICES: And Labor

The chances were that President Roosevelt might "beat to the punch" congressional efforts to legislate on the labor situation by pegging all prices, including rents and wages and interest on capital, thus following the Canadian and Australian systems already in effect.

Australia, guarding against the "black market" troubles England had had, because of a dire shortage of commodities, took the same step Canada had, and brought all prices and services under control of the government.

The price commissioner was given authority to peg all prices and services at levels he might select.

The announcement already had gone out from Washington that such a move was "under consideration by the government," and most observers felt that under precedent as well as law, the Executive Branch had the wartime power to do this.

Technically, this, if carried out by the President, would tend to spike the guns of congressmen proposing laws setting the work week and the return to capital on war contracts, because it would affect all workers, pegging their wages at certain levels, and also, presumably, setting their hours of work.

JAP INTERNEES: Paid Too Much?

SENATOR GILLETTE Offers a four-point program.

Latest "scandal" to land on the front pages had been a report, given to the public by Senator Gillette of Iowa, that Japanese internees some of them were being paid \$50 a month by the government as against \$21 for selectees.

The senator said he was impressed by the sources of his information, and that he might ask for the congress to investigate.

The senator added that in any case, he was offering a four-point program, as follows:

1. Put all Japs, native and aliens, under United Nations authority and remove them from the Pacific coast.
2. Rescind all their civil rights for the duration.
3. Draft all the males between 20 and 44 for farm work under army control and for basic army pay.
4. Support this entire program with funds obtained from frozen Japanese money now in this country.

The senator said that he had information there was the sum of \$130,000,000 now available, and that several hundred millions more could be liquidated by selling frozen Japanese assets in this country.

RUSSIANS:

Place names coming out in Russian dispatches spoke volumes, more than any claims of killed or wounded, because they definitely had showed that the German "spring offensive," although well under way with hundreds of thousands of men, was getting nowhere.

For instance, the Reds had claimed to have pierced German lines in the vicinity of Bryansk; constant references were made to actions north and south of Lake Ilmen; Kalinin was a common name in the dispatches and the reports from towns like Mariupol in the south, and Vitebsk of Nazi atrocities could only have been obtained as the result of Russian advances.

There were German admissions showing Russian advances, a breakthrough admitted near Lake Ilmen, and Berlin broadcasts had said that the Reds were pounding the central front with an army of 90,000, including hundreds of tanks.

COUGHLIN:

Social Justice, the weekly newspaper which was founded at Royal Oak, Mich., by the Rev. Charles E. Coughlin, radio priest, had been barred from the mails.

Father Coughlin issued a statement denying present ownership of the paper, or any connection with its editorial content since last fall. Washington advices, however, had indicated that the principal ownership rested with the "radio priest's" father and mother.

The accusation against the publication had been two things—that it was conducted along the line of the Axis propaganda war against this country, and, second that it had been "making a substantial contribution to a systematic and unscrupulous attack" upon the nation's war effort.

AIR EPIC:

A heroic epic of the air was the story of the rescue at sea of 17 survivors of a torpedoed vessel, including one woman, by a navy patrol plane piloted by Ensign Francis E. Pinter of Bethlehem, Pa.

Pinter's plane, a twin-motored bomber flying from San Juan to Guantanamo on submarine patrol got a radio message to investigate a raft at a certain point, and to report chances of effecting a rescue.

He had taken off with 500 gallons of gas and had burned 300 gallons, or lightened his ship by 1,800 pounds, and though the sea was rough he decided to chance it "as rescue seemed necessary at once."

Down he came, got the people into his plane, all of them so exhausted that they needed help for the transfer. One was tied to the deck, the woman got a bunk, the rest sat or lay where they could, three of them in the bomb compartment.

MISCELLANY:

Detroit: Henry Ford announced that his research engineers have discovered a method of making a satisfactory auto tire with one-sixteenth the rubber used in present tires. It will wear well, he said.

London: A large number of Americans were in London taking a special course on how to defend merchant ships against attacks by U-boats.

Looking Backward at Events That Happened 25 and 35 Years Ago

Twenty-five Years Ago. April 27, 1917.

Twenty-nine young men have joined the drill squads under the instruction of W. R. Kaiser and the first drill was held Tuesday evening when 24 participated. The following are included in the membership: Herman Doerr, Nelson Karr, Ernest Wood, Joseph Dickinson, C. R. Townsend, S. A. Rumble, Everett Mudge, Hugh Gardner, Jacob Anthes, Clare Mudge, F. David Clark, for 30 years a resident near Cass City, died Sunday at the home of Mrs. Margaret Livingston at Deford at the age of 81 years.

It's a queer world. Last fall an upstate citizen, the father of nine children, bought \$46 worth of potatoes. He and his family have lived on them all winter and he still has \$60 worth left.

Leslie P. Koefgen has tendered his resignation as superintendent

of the Newberry and McMillan Township Schools, he having tendered his services to the government. He wishes to hold himself in readiness to answer a call to the colors whenever it may come.

Thirty-five Years Ago. April 26, 1907.

William Spurgeon left Tuesday morning for Keelerville, Sask., where he has homesteaded a piece of land.

Charles Schwaderer left Tuesday morning for Stockert, Montana, where he has secured a position. He will be employed by his brother, John Schwaderer.

Mr. and Mrs. W. J. Campbell and family left Tuesday for their new home in Marston, Montana.

Stanley Graham has been offered a position on the Kalamazoo first baseball nine and is to report for duty May 1.

Work on the new telephone system is progressing rapidly. Ten men have been employed this week.

Berkeley Patterson returned home Friday evening from Cuyahoga Falls, Ohio, where he has been employed since last fall. He left for Calumet Wednesday morning where he will play second base on the baseball team of that city.

RESCUE.

Mr. and Mrs. Jack Dennis of Drayton Plains were Thursday guests at the Arthur Taylor home and called on other friends around here.

Miss Mary Milligan was leader of the young people's meeting on Sunday evening.

Mrs. William Ashmore, Sr., returned home Friday evening after spending the past three weeks with her sister, Mrs. Ethel Bartow, near Elkton.

Mr. and Mrs. Levi Helwig and children of Cass City called on relatives around here on Sunday.

William W. Parker of Bad Axe spent last Wednesday and Thursday at the Arthur Taylor home.

Coulson Blair of Standish was Sunday guests of his brother, Haskett Blair, and family.

Miss Erma Cliff of Detroit spent last week at the home of her parents, Mr. and Mrs. Richard Cliff.

Milton and Norris Mellendorf, Gordon Decaire and Alton and Clifford Summers were roller skating in Bad Axe last Thursday evening.

Mr. and Mrs. Myron Spencer of Cass City were Sunday guests of Mr. and Mrs. Kenneth Maharg.

Mr. and Mrs. Harvey Pelton and son, Gerald, of Deford and Floyd Hughes of Owendale were Sunday visitors at the Richard Cliff home.

Around 60 attended the welcoming party at the Grant Church on Friday evening. Everybody enjoyed themselves.

All in a day's work...
How salvaging even
FLOOR SWEEPINGS
helps the war effort
IN THESE DAYS of shortages and priorities, critical materials cannot be wasted. The Detroit Edison Company is salvaging even floor sweepings—the litter that falls to the ground from the reduction furnace, where insulation is burned from old wires and cables. Furnace sweepings consist of dirt, ashes, and bits of metal. All this residue is shoveled into a mechanical separator. The dirt and ashes are discarded, and the metals reclaimed.
This is all in a day's work—part of our business of running the Company efficiently. Efficient operation helps lower the cost of manufacturing and delivering electricity to our customers, brings better service at lower rates. Salvaged materials and equipment that produce revenue include old rubber, pipe insulation, brass bases from lamp bulbs, gaskets, lumber from old poles, lead-covered cable and copper wire, turbines and boilers. They include such items as cinders and tar, brass and scrap iron, paper and cardboard, firebrick, and more than five hundred other odds and ends.
Since the war, salvage and reclamation work has assumed added importance. Always a matter of economy and good business, it has now become a patriotic obligation. Critical metals are conserved, and the re-use of salvaged items often saves a great portion of the labor which entered into the manufacture of the original article. This releases additional man-hours for new production vital to the war effort. The Detroit Edison Company.

Don't Kick a Cow
Nor Dent a Pail

Denting a milk pail is in the same class as booting a cow. Neither stunt is good economy, now that milk has taken its place as a food vitally needed for good nutrition and war emergency.

In fact the metal in all of Michigan's milking utensils is vitally essential in the job it is doing of conveying the production of the state's million dairy cows into consumer channels.

According to rough estimates of dairy extension specialists at Michigan State College the dairy farms in Michigan could pile up a total of more than 25 million pounds of metal. There's something like more than 1,280,000 farm dairy utensils such as milk pails, milk cans, cream cans, strainers, separators and milking machines.

Farmers can help win the war by making their dairy utensils last, comments J. M. Jensen of the college staff. He offers five points to help:

1. Prevent denting or scratching. When tin is scratched off, the iron is exposed and that leads to rusting. Nesting open top pails or using metal sponges is a common cause of scratching.
2. Don't allow washing material to remain on equipment. Utensils should be rinsed.
3. Don't allow cans to remain wet. Poor quality of milk or cream is one result, rusting is another. Hot water for rinsing helps dry metal.
4. Omit the use of chlorine unless immediately before milking. Wet chlorine as a film on metal destroys tinware.
5. Have dented and rusted milk cans retinned. The service often is available through creameries or milk plants. Cost of retinning is approximately half the cost of a new can, but when done in time makes a container about as good as new.

Kelly Announces for Governor

HARRY F. KELLY

Harry F. Kelly, secretary of state, showed his disregard for hoodoos by choosing the 13th to make a formal announcement that he will be a candidate in the Republican primary for governor of Michigan. He issued a brief statement to this effect:

"In making this decision, I am fully mindful of the many responsibilities of the chief executive of this state in normal times, and also the all important duties associated with that high office during this national crisis, and the reconstruction period to follow.

"If the people honor me by nomination and election, I shall impartially and conscientiously carry out that trust."

AIR RAID WARDEN SCHOOLS STARTED IN TUSCOLA COUNTY

Concluded from page one.

teaching, five hours of drill, 10 hours of first aid and eight hours of pictures and demonstrations.

"We have been informed that there are two reasons for the air raid warden program in rural communities," Mr. Niergath told the Chronicle Tuesday. "Enemy bombers may drop 'calling card' bombs which are composed of paper impregnated with phosphorous and kept moist. As soon as the paper is dry, it is fired by spontaneous combustion. An uninformed person might carry one of the messages into his home, lay it down and later it might cause a blaze. Another reason is that enemy bombers heading for manufacturing centers would be some time in reaching their destination. If they encountered trouble enroute, they are likely to dump bombs on the handiest targets. Michigan is especially interested in possible bombing attacks as 35% of all the nation's defense work is done in this state."

The air raid warden service includes besides the air raid warden, fire watchers and emergency food and housing crews.

Clarence R. Myers of Caro is county chairman of the air raid warden work and the following have been named by him as zone vice chairmen:

R. D. Keating of Cass City, William G. Hurley of Fairgrove, A. T. Schmidt of Vassar, Harry Burns of Millington, Ralph Freeland of Mayville and Fred Cooper of Kingston. All are veterans of World War I, and the air raid warden's work in the county is being sponsored by the American Legion. Caro and Vassar have their own local defense councils and their air raid chiefs are respectively, A. R. Stone and Harry Hotter.

R. D. Keating, vice zone chairman of this area, collaborating with the supervisors of the five townships, has made the following appointments of air raid wardens.

Cass City—Catherine Bailey, Isabel Benkelman, Katherine Crane, Sigrid Holmberg, Laura Maier, Mary Wilson, Edward Baker, John Bohnsack, Cecil Brown, Ernest Croft, Francis Fritz, Chester L. Graham, Bruce Holcomb, R. D. Keating, Carl Keel, E. W. Kercher, Audley Kinnaird, Arthur Little, Ernest Schwaderer, Erwin Wanner.

Clarence R. Myers, county chairman, writes the Chronicle as follows: "I am mighty proud of the way the air warden schools for the county got away to a flying start Monday evening. Of the total that were asked to take the instructions at Cass City, Caro and Vassar 323 actually attended. I feel very good about this. It simply shows that Tuscola County people when asked to cooperate in any of this work are simply 100% for it. This Friday evening all of selectees for this work will meet here in Caro and listen to a talk from Judge Paul Gadola of the Genesee County Circuit Court. He is an outstanding public speaker and one of the main instructors in this American Legion sponsored program. After Judge Gadola's pep talk there will be shown first-aid films as well as films showing the duties of air wardens. These pictures will be shown here by the Bay City Post of the Michigan State Police. The pictures are in sound."

TUSCOLA FARM LABOR PLACEMENT BOARD ORGANIZED

Continued from page one.

ble man, woman, boy and girl, who is qualified to work on a farm, will be registered in this Farm Labor Placement Office.

Farmers' requests for needed labor will be made at this Caro Farm Labor Supply Office or with any of the following people: County agricultural agent, County AAA chairman, your local vocational agricultural teacher or your local sugar beet fieldman.

Lists of the available farm laborers in any community will be sent out to the ten villages in the county where vocational teachers are employed. These men will have charge of assembling requests for farm labor in their own communities and will also be responsible for distributing available manpower when needed.

Vocational agricultural teachers and school officials who have been appointed by this County Labor Placement Board to serve in their communities are as follows: Leslie Pesek, Caro High School; Willis Campbell, Cass City High School; William Tulloch, Vassar High School; J. L. Meachum, Millington High School; Francis Ode, Mayville High School; George Karn, Kingston High School; Fred Burgess, Akron High School; Arlo Shank, Reese High School; R. A. Garner, Fairgrove High School; Clark Bullen, Unionville High School; Alex Crawford, Gagetown High School.

Members of this County Farm Labor Placement Board are: John Reagh, chairman, AAA; Norris W. Wilber, vice chairman, county agent; Charles Eckfeld, secretary, AAA; Gilbert Smith, Michigan Sugar Company; Glen Montague, Clark Canning Co.; Willis Campbell, vocational agriculture; Francis Ode, Mayville High School; George Ellison, Michigan Unemployment Compensation Office, Bay City.

Utilization of sugar beet workers in the care and harvesting of other crops is contemplated. These people can be employed in the harvest of general crops, picking string beans, pickles, lima beans and in hoeing navy beans. Farmers will be urged to give these people an opportunity to work when beet work is off-season.
