

Contracts Let for Two Drains in East Tuscola

Bay City Firm to Construct Field Drain, Mayville Man Holtz Drain.

The Schweinsberg Construction Company of Bay City was the successful bidder for the construction of the Field Drain in Novesta Township. The contract was let on Friday, May 15, and the bid was \$2,489.00. It is 15,467 feet in length and taxpayers will pay for the improvement in two annual assessments. Six contractors submitted bids.

On the same day, Freeland Suggden of Mayville submitted the low bid of \$938.00 for the construction of the Holtz Drain in Novesta and Kingston Townships. This drain is 7,133 feet in length and taxpayers again chose to settle for the improvement in two annual payments. There were five bids submitted to County Drain Commissioner James Osburn on this project.

At a meeting Tuesday, the board of determination declared the improvement of the State and Colling Drain in Almer Township was necessary. Members of the board were Jack McAlpine of Fairgrove, Harry Beatenhead of Akron and William Higgins of Juniata, all members of the county board of supervisors.

James Osburn, drain commissioner of Tuscola County, Linus Frost, Saginaw County commissioner, and Walter Moeller, Bay County commissioner, meeting with Deputy State Highway Commissioner E. L. Hunter, determined that the clean-up of the Cheboygan Creek Drain, which drains parts of three counties, was a necessary project.

Pre-School Clinics at Three Schools in Sanilac County

The importance of preparation of the child physically for school has been recognized on a nationwide basis by P. T. A. organizations. An appraisal of Johnny's health status in the spring or summer months before school opens allows his parents to know what defects need correction. Enough time is then available to accomplish these corrections through the aid of their family doctor.

Opportunity for such health appraisals will be given at pre-school clinics to be held during the week of May 25, under the direction of Sanilac County Health Department. The schedule for these clinics is as follows:

Marlette School building, Tuesday, all day, May 26, 10:00-12:00 a. m., 1:00 to 4:30 p. m.
Peck School, Wednesday afternoon, May 27, 1:00 to 4:30.
Brown City School, Thursday afternoon, May 28, 1:00 to 4:30.
Infants and younger pre-school children will be given an opportunity at these clinics to be vaccinated against diphtheria. Parents are urged to attend with their children.

Graduation Exercises for Eighth Graders

Rural eighth grade pupils of Tuscola County who were successful in passing their county examinations in May will be presented with diplomas at the eighth grade graduation exercises which will be held in the Caro High School on Friday, June 5, at 10:30 a. m. Dr. Clarence M. Loessel of the State Normal College, Ypsilanti, will give the class address. The graduates will each receive a free ticket to the county field meet at the fairgrounds at Caro that afternoon.

ELLWANGER RECOMMENDED AS CARO POSTMASTER

Senator Prentiss M. Brown of Michigan recommended the appointment of Donald Ellwanger as acting postmaster at Caro, Tuscola County.

Mr. Ellwanger is the superintendent of the state highway maintenance garage at Caro.

Citizenship Classes for Tuscola Aliens

School enumerators are being asked by School Commissioner Ben H. McComb to check the citizenship of parents when they take the school census this spring to determine the number of aliens in Tuscola County. This will aid those who plan to form citizenship classes for aliens later this year.

James A. Smith Wins Merck Award

James A. Smith, son of Mr. and Mrs. Henry Smith, of Cass City was graduated with a B. S. degree from the pharmacy department at Ferris Institute at Big Rapids on Thursday, May 14.

He was presented with a Merck award. This award, offered annually by Merck & Co., Inc., Rahway, N. J., consists of the current editions of the Merck Index, the Merck Manual of Therapeutics and Materia Medica, and Reagent Chemicals and Standards by Joseph Rosin. It is presented to the senior student in the College of Pharmacy who has made the greatest improvement in dispensing pharmacy.

Mr. and Mrs. Henry Smith and Mr. and Mrs. James Pethers of Cass City attended the exercises at Big Rapids Thursday.

Memorial Day Service at Elkland Cemetery May 30

Rev. Mr. Mosure Will Deliver Address and High School Band Will Play.

Rev. Frank B. Smith, pastor of the Baptist Church, will serve as chairman of the annual Memorial Day program which will be presented here Saturday, May 30, in Elkland Cemetery.

Rev. Dudley Mosure, minister of the Cass City Methodist Church, will give the address of the day, and the Cass City High School Band will contribute numbers to the afternoon program. The hour is 2:30 p. m.

Boy Scouts will decorate the graves of soldiers in the cemetery that morning.

C. E. Patterson and A. H. Kinnaird are the committee on arrangements.

Several of the local business places that plan to be closed during the Memorial Day holiday will be open the previous evening.

Paragraphs About Men in the Service

Staff Sergeant Pilot Grant Reagh, who is stationed at Murco, California, has realized a lifelong ambition in that he is now driving one of Uncle Sam's swiftest pursuit ships. Unusually sturdy in construction, with maximum horsepower, this type of plane travels at marvelous speed.

Staff Sergeant Edward Graham was graduated from the Nebraska Aeronautical University at Lincoln on May 19. He had been attending the school for five and a half months, taking up the mechanical branch of the service.

John Lehmer of Unionville was named leader of the group of men who left Tuscola County Tuesday for induction into Uncle Sam's forces. Clark Knapp was the assistant leader. Of the 99 men scheduled to leave the county, 13 were transferred to other Michigan of Michigan or other states, two failed to report, and Lee Bradford of Vassar was unable to go because of a broken leg. Of the transfers, five were to Texas, two each to Wayne and Genesee Counties, and one each to Huron, Oakland and Saginaw Counties, and one to Chicago.

Donald L. Kilbourn, 25, who was recently promoted to the rank of First Lieutenant in the 182nd Field Artillery Regiment, is in command of the regiment's "D" Battery at Fort Leonard Wood, Missouri. Lieutenant Kilbourn, who enlisted in March, 1941, is a graduate of Michigan State College. He is a member of Phi Chi Alpha and Theta Alpha Phi fraternities and of Tyler Lodge, F. & A. M., of Cass City. He is the son of Mr. and Mrs. William Kilbourn of Cass City.

Richard A. Downing, recently advanced to property sergeant, stationed with the U. S. Air Corps at Sheppard Field, Texas, has just returned to his post after spending the last 15 days with his parents in Gagetown.

"We are forming Michigan's Own Company of Northeastern Marines," writes M. D. Orr, reserve recruiting official to the Chronicle. "This company of Marines will be ready to leave around June 15 and will go to one of the Marine training centers."

Tuscola County's Oldest Resident Died Sunday

William Hutchinson, Former M. P. Minister, Leaves 107 Descendants.

Rev. William Hutchinson, 101, passed away Sunday morning, May 17, at the Seelye Convalescent Home in Caro where he has lived the last few years.

Funeral services were held in the Sunshine Methodist Church in Elmwood Township Tuesday afternoon at two o'clock. Dr. E. Ray Willson of Caro and Rev. Charles Dibley, pastor of the church, officiated. Burial was in Ellington Cemetery.

Mr. Hutchinson is survived by five sons, William and Charles Hutchinson of Caro, Fred Hutchinson of Ellington Township, and Bert and Delbert Hutchinson of Gagetown; a daughter, Mrs. Ben Southworth, of Maple Ridge; 28 grandchildren; 46 great grandchildren; and 27 great great grandchildren.

William Hutchinson was born on February 8, 1841, at Escott, Ontario, and was married in 1862 at Alexander Bay, N. Y. After a brief residence in Bay City, he took up land from the government in Ellington Township in 1863. At the age of 35 years, he gave up farming for the ministry. He served pastorates of the former Methodist Protestant churches in Bad Axe, Fairgrove, the Cass River circuit and other points in the state. He retired from the ministry about 25 years ago. Mrs. Hutchinson died in 1920.

Mrs. Fred Seelye of Cass City is a granddaughter.

Candlelight Service at Myers-Crandell Wedding Saturday

At a pretty candlelight service held in the chapel of the First Methodist Church of Caro at 4:15 p. m. Saturday, May 16, Miss Betty Alice Myers, daughter of Mr. and Mrs. Clarence Myers, of Caro became the bride of Harry T. Crandell, Jr., of East Lansing, son of Mr. and Mrs. Harry Crandell, Sr., of Ithaca. Only immediate relatives were present. Dr. Ray E. Wilson, pastor, read the service.

Miss Myers, who wore a street length gown of light green crepe and an orchid corsage, was attended by Miss Frances Palmer of Caro, who wore rose crepe and a corsage of roses.

Harold Hemmaman of East Lansing attended Mr. Crandell as best man.

The chapel was beautifully decorated with baskets of flowers and lighted tapers.

Immediately following the wedding, a dinner was served in the Myers home, which was also decorated with baskets of roses and lilies.

Mr. and Mrs. Crandell left on a short trip and will make their home in East Lansing where Mr. Crandell is superintendent of the sheep department at Michigan State College. Mrs. Crandell has been employed by the State Bureau of Social Aid at Caro.

Mr. Crandell is a graduate of the Cass City High School, being a member of the Class of 1932.

Cass City Beaten by Mayville Tuesday

Cass City lost a county league game to Mayville Tuesday, May 19, by the score of 5 to 4. Kolb pitched good ball for the losers, striking out 13, allowing seven hits and walking one. Cass City collected 10 hits of Klimek. Mayville scored four runs in the fifth inning on a walk, a batter hit by a pitch, an error and two singles.

Miss Stirton Wins C. M. C. Scholarship

Isabelle Stirton, Cass City High School senior, was awarded a scholarship to Central Michigan College of Education to begin in the fall semester, it is announced by Dr. E. C. Beck, chairman of the institution's scholarship committee.

Several hundred applicants for the 71 scholarships awarded were examined by the committee before final announcement of winners was made. Miss Stirton will enroll at Central Michigan College on September 28, when the first fall semester begins. Classes begin the following week.

An outstanding high school student, Miss Stirton was chosen on the basis of scholarship and personality. She was one of the top ranking students of her class.

Mrs. Housewife, when you go to your favorite stores this week and find that prices vary for the same commodity, don't jump to a conclusion that someone is profiteering. Price control, which became effective Monday (May 18), does not impose uniform prices.

Ceiling will vary from store to store, according to the highest prices charged in each store for commodities during March, 1942. Likewise, you must take into consideration the element of quality as well as price. And you should know the exempted articles and services, too, before you talk disparagingly over the back fence.

Apprehensive that misinformed consumers might flood the local rationing boards with complaints of price violations, the Michigan Council of Defense through its committee of public information is taking steps this week to acquaint retailers and consumers with provisions of our revolutionary war system—federal price control.

It isn't as simple as you may think. Retailers merit your sympathy and fair cooperation, for they are going to be penalized severely—many of them, at least—under arbitrary freezing of wholesale and retail prices for the same base period of March, 1942.

The bookkeeping load alone will be tremendous at a time when many stores are wondering how they can retain trained clerks in competition with nearby war plants and the selective service act.

Yet, interestingly enough, leaders of Michigan retail trade associations, say the average retailer Turn to page 6, please.

Saturday Is Poppy Day at Cass City

America's "battle dead" will be honored here Saturday, May 23, by the wearing of poppies, the memorial flower of the English speaking world since the first World War.

"Wearing a poppy is the individual way of honoring the men who have sacrificed their lives in the nation's service," says Mrs. Schuckert, local poppy chairman. "Ever since the first World War, the poppy has been worn in tribute to the men who gave their lives in that conflict."

Poppies will be distributed on the streets by women of the American Legion Auxiliary, who will at the same time receive contributions for the work of the Legion and Auxiliary among the war disabled and families left in need by the results of war.

These paper poppies are made by veterans of the first World War, too badly disabled to do other work. Show your true patriotism by your willingness to pay as liberal a price as possible, and your great pride in wearing this beautiful little poppy that was inspired by the poem, "In Flanders Fields," with its immortal lines: "In Flanders Fields the poppies blow, between the crosses, row on row."

The poppies were the only touch of beauty that survived amid the desolation of the battle front in France. They formed the only floral tribute on the graves of the dead, and became for the men, fighting there, a symbol of heroic sacrifice.

So let us all wear the little red poppy reverently and patriotically.

Evangelicals Make Few Changes in Pastors in State

Rev. Stanley P. Kirm Is Returned as Minister of Church at Cass City.

Cass City Evangelicals were pleased to have Rev. Stanley P. Kirm returned as minister at the church here by the annual conference held in Pontiac last week. Mr. Kirm came here from Owendale to fill the pastorate vacancy caused by the death of Rev. R. N. Holtsapple on Oct. 31, 1940.

Only nine changes in pastors in the state were announced at the closing session of the conference Sunday. This is the least number of transfers in many years.

Changes in the state conference appointments are as follows: Horton Bay, H. F. Bailey; Leelanau, H. A. Gurney; Evart, G. A. Belknap; Ogden, G. Radnchal; Whitehouse, Ohio, G. G. Wilkie; Whitaker, W. F. Boettcher; Nashville, H. R. Krieger; Blissfield, W. C. Bassett; and Bainbridge, E. S. Kenney.

Five Draftees Honor Guests of Rotary

The Rotary Club had as honor guests at their Tuesday luncheon Clark Knapp, Charles Spencer, Leo Thiel, Leland C. Hartwick and Adelbert D. Hurd, all of whom were in the group of men who left Tuscola County that afternoon for induction into Uncle Sam's armed forces.

Lieutenant Horace M. Bulen, who enlisted in the officers' training school of the U. S. Air Corps at Miami Beach, Florida, was retained as an active member of the Rotary Club here for the duration.

Clark Easton of Saginaw was the speaker and explained how to conduct a scrap iron drive.

Tuesday's meeting was a red letter gathering with a 100% attendance of members of the club.

Barbara Holm Weds Nelson J. Maillette in Candlelight Ceremony

At a very pretty candlelight ceremony solemnized in St. Joseph's Church in Bay City Saturday, May 16, by the Rev. Fr. George Vincent, Miss Barbara Holm, daughter of Mr. and Mrs. Charles Holm, of Cass City, became the bride of Nelson J. Maillette, son of Mrs. Paul Maillette, of Bay City.

To the strains of the traditional wedding procession, played by Rev. Fr. James Parent, the bridal party approached the altar which was banked with palms, lighted tapers in tall candelabras, and bouquets of mixed spring flowers consisting of carnations, snapdragons, lilacs, and stock.

The bride was very lovely in a white satin gown, fashioned in a princess design with a deep sweetheart neckline edged in wide Chantilly lace and fitted fingertip sleeves. The full skirt ended in a long circular train. Her fingertip veil, also edged in Chantilly lace, was held in place with a cluster of orange blossoms. She carried all white spray of carnations, roses, sweet peas, and lilies-of-the-valley tied with white satin streamers.

Miss Holm's only attendant was Miss Jean Marie Maillette of Saginaw, cousin of the groom, who wore a gown of Heavenly blue.

Tax Allocation Board in Session

The Tuscola County Tax Allocation Board met yesterday to commence a two-day session at the court house in Caro to make tentative allocations of taxes in the several school districts. This is the first meeting of the board for 1942.

Members of the board are County School Commissioner Ben H. McComb, the chairman; County Treasurer Arthur M. Willits, vice chairman; County Clerk Geo. F. Childs, secretary; John A. Sandham, Cass City; and Edwin Eckfeld, Unionville.

Men Urged to Seek Assistance with Questionnaires

Answers to Provide Employment Service with Qualifications of Each.

Men who registered for Selective Service on February 16 today were urged to seek assistance in filling out the occupational questionnaires recently mailed to them by their local boards if there is the slightest doubt as to the proper way to answer any question.

The appeal made by Earle H. Saunier, manager of the Caro office of the United States Employment Service, who said that "many of the questionnaires already returned have been found to be incomplete."

As suggested in the questionnaire, any man who experiences difficulty in answering the occupational questions may obtain assistance from his employer, labor union, a member of the Selective Service Advisory Board for registrants, or any field office of the United States Employment Service.

The occupational registration is being conducted jointly by the Employment Service and the Selective Service System to provide the Government with a complete inventory of manpower. Later, questionnaires will be sent to all other men between the ages of 18 and 64, those who have registered under Selective Service and those who will be required to register in the future.

The questionnaires are intended to provide the Employment Service with a record of what each man is qualified to do in war production. "It is extremely important that Turn to page 8, please.

Mrs. C. O. Lenzner, Pioneer Resident, Died Here May 15

Mrs. C. O. Lenzner, a resident of Cass City for over 70 years, passed away Friday morning, May 15, at the home of her son, H. F. Lenzner, here after a two weeks' illness. Funeral services were conducted at the MacPhail & Keel Funeral Home on Sunday afternoon by Rev. Stanley P. Kirm, pastor of Salem Evangelical Church. Burial was made in Elkland Cemetery.

Sophia Ahr was born in Philadelphia, Pa., on April 12, 1857, and came to Michigan in the early 1870s. Her parents, the late Gottlieb and Fredericka Ahr, were members of a cooperative colony by the name of Ora Labora, near Bay Port, where Mr. Ahr was the colony's shoemaker. Following six years' residence at Ora Labora, the family left there in 1863 to become residents of the pioneer settlement which later developed into the village of Cass City. Sophia Ahr attended school here with other children of the early settlers of this community.

On March 1, 1879, she was united in marriage with Christian Oscar Lenzner, Jr., and she has resided here continuously with the exception of two winters spent with her sister, Mrs. George Mast, in Sebawaing, and the past 17 months when she made her home Turn to page 4, please.

Guild Elected Officers Monday

The Young Women's Guild of the First Presbyterian Church met in the home of Mrs. E. B. Schwaderer Monday night with Mrs. H. T. Donahue, Miss Marjorie Wallingford and Mrs. Hugh Munro as assistant hostesses. Officers elected for the coming year are: President, Mrs. Donald MacLachlan; vice president, Mrs. C. W. Price; secretary, Mrs. Arthur Holmberg; treasurer, Miss Agnes Milligan. Mrs. G. H. Burke gave a talk of her experiences in war work while in Florida. At the close of the meeting, refreshments were served.

Two Salvage for Victory Campaigns Are Started Here

Students to Collect Rubber, Others to Gather Scrap Iron in Community

Two salvage campaigns, one for the collection of rubber and one for scrap iron, are being started in this community.

The rubber salvage program was commenced at the high school on Thursday morning when each class was entered in competition on a per capita basis. Members of the class collecting the largest amount will each receive a theatre ticket as a prize. The campaign has a two-fold purpose—to secure rubber and to donate the proceeds of the sales of the product to the Red Cross.

Starting next Wednesday, a Salvage for Victory campaign, with special emphasis on the collection of scrap iron, will be instituted in this community and will continue until the material available is well rounded up. Minute men who served in the bond purchase pledge campaign last week are being asked to serve in the same districts in the village and township by R. D. Keating, chairman of the salvage campaign.

Here's Why Uncle Sam Needs Your Scrap Iron. ...a 2,000-pound bomb requires 500 pounds of scrap metals. ...a 50-calibre machine gun requires 50 pounds of scrap metals. ...a 75-mm Howitzer requires half a ton of scrap metals. ...a 16-inch naval shell requires half a ton of scrap metals. ...a medium 27-ton tank requires 18 tons of scrap metals. ...a 35,000-ton battleship requires 9,000 tons of scrap metals.

Employment Service to Assist in Placing of Farm Help

The United States Employment Service office started full time operations at 455 North State Street in Caro last week. Their main purpose in Tuscola County will be to cooperate with the County Farm Labor Placement Board in helping the farmers to obtain the necessary labor to produce the best crops possible for the war effort.

Acting Manager E. H. Saunier, of the local office, urged that all persons capable of doing any kind of farm work and who are not now working full time, register at the Employment Service office. In so doing, they will be making a vital contribution to the state-wide "Food for Victory" movement.

The vocational agriculture teachers in the various high schools of the county have been appointed by the County Farm Labor Placement Board to accept orders for workers from the farmers in their individual communities. Orders for workers may also be left at the Employment Service office or with any member of the County Farm Labor Placement Board at 455 North State Street, Caro.

Mr. Saunier says, "There is no need of anybody in this county being unemployed, and no farmer need be without necessary help now, if he will let us know his labor needs."

COOLED CREAM and GOOD BUTTER GO HAND IN HAND.

Cream which was not cooled immediately after separation and which was not kept cool all the time it remained on the farm has "three strikes" on it by the time it reaches the butter-making plant. If there is one thing the butter maker has learned over the years it is that the best butter is invariably the product of properly cooled cream on the farm.

Experiments at the dairy department of Purdue University show that through "temperature control" the farmer is enabled to hold the quality of his cream as many as three days and collect a premium price over the next grade product. The creamery striving to manufacture quality butter is glad to pay the premium for cream kept well-cooled on the farm and delivered clean and fresh.

Cold temperatures will not prevent bacterial growth, unless the cream is cooled immediately. Bacteria start their work of destruction in the warm milk and cream. Air cooling, even in cold weather,

is too slow to retard bacterial growth. If milk is allowed to stand before it is strained and separated, the damage will be done. Or if the cream is allowed to stand before being put in the cooler, another opportunity will be made for bacterial growth. Water cools cream a great deal faster than the coldest air. A cold water cooling tank will quickly bring down the temperature of warm cream. It will slow down bacteria so that their rate of multiplication will be kept at a minimum.

An efficient cooling tank can be made on the farm from an old barrel. Placed between the pump and the watering trough, with an inlet and outlet pipe, cold water can be kept flowing. Cream cooled in this way as soon as it is separated will have a low bacterial count. If all the other steps necessary to the production of quality cream have been observed, and if the cream is marketed every two or three days, it will grade No. 1 and be bought on quality.

Sleeping on Top Blanket

Mattresses are cold. An expensive hair mattress is coldest of all, an inner-spring mattress is slightly frigid. In winter-time, consequently, the part of the body that is next to the mattress is chilled, and much turning over is caused by unconscious efforts to get the cooler part of the body up under the warm blankets. A wool blanket should be put under the bottom sheet shortly after Labor day to keep the downside of the body comfortable.

GAGETOWN NEWS

Senior Festivity—

One of the merriest parties held for the seniors of the high school this year was the senior prom which drew 75 couples to the school gymnasium on Friday evening to dance to the music of Johnny Davis' orchestra. Red, white and blue streamers festooned across the ceiling of the room. The patriotic colors were seen everywhere and large baskets of lilacs decorated the front of the stage. Highlighting the evening was a grand march led by Miss Marion Proulx, who wore a white formal gown with ruffled skirt, and her escort, Edward Kanaski, president of the 1942 class.

How the nation's "War Time"

is conserving

ELECTRIC POWER for Industry

Last February 9th, the nation advanced its clocks and watches one full hour "for the duration." People ask us—"What has the adoption of War Time meant in actual saving of electric power?"

The huge turbo-generator you see above produces seventy-five thousand kilowatts of electricity—enough to take care of all the electric service requirements for a quarter of a million average families. A single one of these machines, complete, costs one-and-a-half million dollars, not counting transmission or distribution equipment to handle the current it produces. These great generators are put "on the line" as needed to meet peak-load requirements for electric power. Prior to February 9th, in the late afternoon, the demand for electricity from our power plants began to rise rapidly as lights were turned on, and electric ranges started cooking the evening meal. This simultaneous demand for power—from homes, stores, and factories—resulted in a high "peak" load, because lighting and cooking came together.

Since February 9th—after the nation changed to War Time—lights are turned on later. The home lighting load has been separated from the commercial lighting and cooking load, and fewer machines like the one above are needed to meet the evening "peak." It is estimated that our evening 30-minute peak has been reduced 50,000 to 75,000 kilowatts by the change to War Time. This releases valuable generating capacity needed by industry for the manufacture of war materials. Incidentally, The Detroit Edison Company's total generating capacity is now 5½ times greater than at the close of World War I. The Detroit Edison Company.

Hunger Pangs Plaguing Reich

Shortage of Food and Fast Fading Buying Power of Money Reported.

WASHINGTON.—The German people are feeling their first serious pangs of hunger. Their money is fast losing its purchasing power. They travel only if they must—and can. All of their sports events have been canceled. They can't get an aching tooth fixed without a long wait, if at all.

Those are the highlights of a sketch of life in Germany today, drawn from a European vantage point for the United Press by a responsible and competent source in a position to do the job with a high degree of accuracy.

This is the situation as Adolf Hitler girds his armies for the vaunted spring offensive. Unless it brings some substantial victories, the source believes, the Nazis are likely to be confronted with an openly disgruntled home front.

But with the third spring of war just around the corner, the German confidence in victory—sooner or later—showed signs of thawing out after a winter of refrigeration by the Russian frost.

Straw in the Wind.

A straw in the bitter wind lashing the Russian plains and steppes landed in the columns of Die Deutsche Post, the official publication of the Reich postoffice ministry. It used to publish weekly a list of postmen fallen on the battlefield. Lately it announced that, owing to lack of space, the names of only 100 fallen postmen would be printed weekly henceforth.

Germany's massive stores of edibles plundered from occupied territory are dwindling. Unless one knows the answer it's hard to understand the scramble for trips to mountain resorts, in view of the hardships involved in travel. Few trains run regularly, and they are overcrowded.

But tiny resort hamlets which in normal times would draw perhaps 50 visitors have had 1,000 and more this season. Such places still occasionally offer pig knuckles or a slice of roast ham.

A great deal of bartering is going on in Germany, according to the account forwarded to the United Press. The people are ready to trade any imaginable article, but they won't sell it, since their marks won't buy much.

Many shopkeepers inform their customers that they can't sell any goods because of a shortage in stocks and an avalanche of orders.

Sports Are No More.

Sports are no more. Even the widely popular soccer matches were canceled six weeks ago. The general cancellation affects northern Germany, Bavaria, the Rhineland, Baden and Alsace-Lorraine.

Traveling in occupied France is virtually impossible.

The cafes, movies and theaters are jammed, as they are the only comfortable places existing in Berlin and other principal cities.

Bootlegging in Berlin flourishes. In a manner reminiscent of prohibition days in the United States, party bigwigs and the wealthy can get a bottle of Scotch—for 200 marks.

The traditional German beer is almost undrinkable, as the alcoholic content has been lowered twice.

All over Germany the shortage of dentists is remarked. Patients consult the few remaining ones only in the most extreme cases, and then they have to wait their turn.

The same is true of physicians and medical experts in general.

Village Blacksmith Was No. 1 Citizen in 1653

LANCASTER, MASS.—When this village was incorporated in 1653, citizens wanted to name it after a popular local blacksmith.

In answering the permission petition the state legislature decided:

"Whereas no town of the Colonies has as yet been named for any governor; and, whereas it were unseemly that a blacksmith be honored ahead of his betters, the name Prescott cannot be permitted."

Irate villagers evaded the issue by naming their community in honor of Lancaster, England.

British Army Cooks Now Burn Clay With Coal

LONDON.—Army cooks of the southeastern command in Britain are required to burn "cakes" as part of the drive against waste, it is reported in London.

The ingredients are three parts coal to one of clay, moulded into cakes and baked in an oven. Thrown on the fire the cakes burn almost as well as ordinary coal.

Rich Celestite Deposit Is Discovered in Texas

SWEETWATER, TEXAS.—Mineral-rich west Texas is offering another raw material for national defense—celestite.

Celestite, also known as strontium, is used for flares. Formerly used in fireworks, the mineral burns with a brilliant red flame.

A survey made by the University of Texas reveals that a deposit of celestite runs east and west through Nolan county.

New Paint Covers Old Wall Paper

A brand new kind of paint, which can be used directly over old wall paper to produce a beautiful flat painted surface, has just been introduced in Cass City by N. Bigelow & Sons. Known as Kem-Tone, this new interior finish has been developed in the laboratories of The Sherwin-Williams Company.

According to the local paint man, the new paint is thinned with water.

or, needs no other mixing ingredient and covers practically every known interior surface with a single coat. It is entirely free from any objectionable paint odor during and after painting and dries to a beautiful, flat, matte finish. Also Kem-Tone is said to be easy to apply and dries in as little as 60 minutes, permitting rooms painted in the morning to be put back into use before evening.

Discussing the new paint, Mr. Bigelow today said: "Kem-Tone is a lazy man's paint because it is so convenient and easy to use. You can take home a gallon of Kem-Tone, add a half-gallon of water to it, and apply it right over wall paper without removing the paper. It goes on so easily that a wide brush can be used and a whole room painted in half the former time. Within an hour after you have finished, the walls are dry and the furnishings can be replaced. You've redecorated your room just as easily as that."

Another of the features of the new paint is its washability. Any one of its newly-created colors will withstand repeated washings without any harmful effect.

Miss Thelma Hunt of Ypsilanti, Miss Catherine Hunt and William Wyman, both of Trenton, spent the week-end here and visited the young ladies' mother, Mrs. Harry Hunt, who is a patient in Pleasant Home Hospital. Friends will be glad to know that Mrs. Hunt is improving.

Air wardens who gathered at the school building here for instruction Tuesday evening were greatly interested in a demonstration of extinguishing incendiary bombs. Four methods were employed, showing correct and improper ways of dealing with the bombs.

Harry Young and A. D. Leitch were visitors in Ann Arbor Tuesday. The former's brother-in-law, Dr. Goodrich, of Traverse City, who has been a patient in University Hospital, Ann Arbor, where he underwent a serious operation, returned to Cass City with them to spend some time at the Young home.

A most delightful time was that of Saturday afternoon when several little girls were entertained at the home of Mr. and Mrs. James Mac-Tavish, in honor of the seventh birthday of their daughter, Patty Ann. Other guests were Patty Ann's teacher, Zora Day; her Sunday School teacher, Alice Anthes; Mrs. William McKenzie and daughter, Miss Ruth Schenck. Little Miss Patty Ann received many lovely gifts.

Miss Zelma Squires of the Red Bird Mission in Kentucky was the guest of her sister, Mrs. Stanley McArthur, from Wednesday morning until Friday. On Wednesday afternoon, Miss Squires was guest speaker at a missionary rally and tea held in the local Evangelical Church. On Thursday afternoon, she spoke in the Elton Evangelical Church and today (Friday) at Brown City. Mrs. McArthur and son, Bobby, will accompany Miss Squires to Brown City and will then go to Flint to remain until Sunday with Mr. and Mrs. O. G. Squires, parents of Mrs. McArthur and Miss Squires.

Each child in the fifth grade of Cass City Public School entertained his mother or a friend Wednesday afternoon of last week in the auditorium. A program, which was a part of their daily work, was given and Miss Virginia Gift sang "The Brown Thrush" and "This Morn." The tables, where Dixie cups, wafers and drinks were served, were pretty with bouquets of spring flowers. Ladonna Ludlow acted as hostess and Clifford VanVleet and James Wallace as hosts. The children planned and prepared the affair themselves. Miss Marjorie Shier is fifth grade instructor.

The Woman's Study Club held their last meeting of the year in the home of Mrs. Twilton Heron Tuesday afternoon. A planned pot-luck dinner was served at one o'clock on small tables placed on the spacious sun porch. About 40 were present. The committee in charge were Mrs. Warren Wood, Mrs. M. Wilson and Mrs. L. I. Wood. Following the dinner, a business meeting was held. Reports were given by the various officers. Mrs. Raymond McCullough, president, gave a resume of the activities of the club the past year and Mrs. Twilton Heron gave a short report of the adult education institute held in Ann Arbor last week.

About 60 relatives and neighbors attended a reception for Mr. and Mrs. Douglas DuFord Saturday evening at the home of Mr. and Mrs. Earl Hendrick. Mrs. DuFord was Dorothy Hendrick, daughter of Mr. and Mrs. Earl Hendrick, and her marriage with Mr. DuFord took place on April 2. The honor guests were the recipients of many useful gifts. Games furnished entertainment and ice cream, cake and coffee were served. Mr. and Mrs. DuFord live in Detroit. Guests included Mr. and Mrs. Oscar Hendrick and Mrs. Fletcher of Capac, David and Earl McIntyre of Detroit, Mr. and Mrs. Chas. Cutler and son and Mr. and Mrs. Cecil Craig and son of Fairgrove, Mr. and Mrs. Merle Carpenter and Mr. and Mrs. Donald Greenfield of Caro.

George Rabideau, who is employed in Detroit, spent Saturday night and Sunday with his family here.

Sunday guests of Mr. and Mrs. A. R. Kettlewell were Mr. and Mrs. Leon Tavenier and little daughter of Detroit.

Mr. and Mrs. Kenneth Parker entertained over the week-end Mrs. Dorothy McAlpine and three children of Uby.

Mrs. Forest Klein, Mrs. B. A. Schwieger, Mrs. Joseph Benkelman and Mrs. Fred Buehrly spent Monday in Saginaw.

Mr. and Mrs. Clayton Mudge and Oscar Auten of Detroit were callers on Sunday night of Mr. and Mrs. James MacTavish.

Mr. and Mrs. R. N. Hunter and son, Bobby, of Detroit visited Mrs. Hunter's parents, Mr. and Mrs. Walter Mark, over the week-end.

Mrs. Daniel Aleksink entertained the Malfem Club in her home on Thursday afternoon when a few hours were spent in visiting and sewing and enjoying refreshments served by the hostess.

Mr. and Mrs. Donald Schenck and children, Judy and Joan, of Monroe came Saturday to spend a few days with Mr. Schenck's mother, Mrs. William McKenzie, and sister, Miss Ruth Schenck.

After a six weeks' stay with her husband, Staff Sergeant Kenneth Pettit, at Kings Tree, South Carolina, Mrs. Pettit returned to the home of her parents, Mr. and Mrs. Elmer Seed, Saturday. One week while Mr. Pettit was on furlough, Mr. and Mrs. Pettit spent in Florida. Mr. Pettit has been transferred from South Carolina to Bangor, Maine.

Mr. and Mrs. John Hoskin spent Saturday and Sunday in Yale. On Sunday they were among guests at a dinner in the home of Mrs. Hoskin's parents to honor her brother, 5th Technician Francis G. Ferriby, who was in Yale spending ten days' furlough from Camp Polk, Louisiana. He began his journey back to camp Tuesday.

Mr. and Mrs. G. H. Burke, who recently returned from a winter spent in Fort Lauderdale, Florida, left Wednesday for their cottage at Oak Bluff, near Caseville. They plan to return to Cass City now, and then for Mr. Burke has a garden just east of the Presbyterian Church which will require considerable attention this summer.

The junior deacons of the First Presbyterian Church and a number of friends were entertained in the home of Mr. and Mrs. Hugh Munro Thursday evening to honor Clark Knapp, who left Tuesday for Detroit to be inducted into the army. Twenty were present and enjoyed contests and a social time. Later in the evening refreshments were served. Mr. Knapp was presented with a gift.

Bingham School closed on Friday for the summer vacation and about 100 parents and pupils met for a potluck dinner and afternoon of contests and games. Six pupils were neither absent nor tardy during the year—Marjorie, Stanley, Donald and Geraldine Anker, Joe Wald and Pauline Aleksink. Miss Irene Hall, teacher, has signed her contract to return in the fall for her ninth year.

Mr. and Mrs. Charles Keen spent Friday night and Saturday in Dearborn and on Saturday attended the wedding of Miss Marjorie Cheadle and Mr. William Keegan, Jr. Mrs. Keen and Miss Cheadle were roommates while attending school at Ann Arbor. Mrs. Keen was bridesmaid at the wedding. Her parents, Mr. and Mrs. Charles Stockbridge, of Gary, Indiana, also attended the wedding in Dearborn, and returned to Cass City with their son-in-law and daughter to spend the week-end here.

A most enjoyable time was that of Friday evening when 69 people were entertained in the home of Mr. and Mrs. E. B. Schwaderer at a pay-to-play benefit party. The proceeds, which were \$29, were given to the Senior Class to be used toward the expenses of the trip being planned. Bridge and other games were played and refreshments were served. Door prizes were given. Mrs. Warren Wood receiving the lady's prize and Ernest Schwaderer, the men's prize. Mr. and Mrs. Robert Buckley of Bad Axe were among the guests.

Proof that Michigan faces a serious teacher shortage was evident at Central Michigan College when monthly statistics from the institution's placement bureau showed that calls for teachers has already doubled figures recorded at this same time last year. Far ahead of schedule, already 70 per cent of the senior class has been placed. Men are at a premium, especially in industrial arts and other allied classes. Five out of seven shop men will go into the army as selectees or in some correlated field, leaving only a few left to take teaching positions.

Miss Marjorie Croft, attending Alma College, has just been elected student council representative for next year's senior class. She is a daughter of Mr. and Mrs. Ernest Croft and was graduated from Cass City High School in 1939.

Mark Gruber, who is stationed at Roosevelt School, Minola, Long Island, New York, was spending Sunday in New Jersey and called up his parents, Mr. and Mrs. Jacob Gruber. Mark says that he is feeling fine and studying hard because he is anxious to get some of those stripes around his arm.

ATTACK! ATTACK! ATTACK!

Place-Cards Ancient
The Scots used place-cards as early as 1327. If the guest was of noble birth, a square of parchment bearing his crest indicated where he was to sit. If he was a commoner, a small slab of wood pictured some past deed.

frosted organly fashioned with a very full hoop skirt, tiny puffed sleeves and a sweetheart neckline. She wore a tiny matching blue veil and carried a bouquet of pink and white assorted spring flowers tied with blue satin streamers.

Edward Maillette assisted his brother as best man.

Following the ceremony, a breakfast for 36 guests was served at the home of the bride's parents. A tiered wedding cake centered the bridal table, where lighted white tapers and bowls of pink and white sweet peas and lilies-of-the-valley stood on each side. Tiny pink and white ruffled baskets to mark the place of each guest completed the arrangement.

For her daughter's wedding, Mrs. Holm chose a navy blue ensemble with white accessories and a corsage of sweet peas and valley lilies. Mrs. Maillette, the groom's mother, chose an orchid ensemble with a corsage like that of Mrs. Holm's. For traveling, the bride wore a navy and powder blue costume with navy and white accessories.

Mr. and Mrs. Maillette left for a trip to Chicago and on the way they will stop at Holland, Michigan, for a short time. When they return they will make their home in Bay City.

Guests at the wedding were Mr. and Mrs. Theodore Trudell, Mr. and Mrs. Joseph Ligney, Mrs. Clara Ligney, Mr. and Mrs. Theodore Maillette and daughters, Annette and Constance, and Don Lacy, all of Bay City; Mrs. LeRoy Watson and children, Janet and Paul, of Apin Beach; Miss Betty Shar-Bear of Saginaw; Mr. and Mrs. Elmer Erickson of Lake Orion; and Miss Adeline Maillette of California.

'Shall Not Pass'

Although the Suez canal's average width is about 250 feet, ships going through it are not allowed to pass each other in motion between the Mediterranean and the Bitter Lakes, or over about three-quarters of the 100-mile course. The ship facing the tide, which flows for seven hours and ebbs for five, is obliged to tie up while the other passes, for fear too much backwater will loosen the sandy banks.

with her daughter, Mrs. H. Lee Pocklington, of Algonac.

On April 26, Mrs. Lenzner came to Cass City to spend several weeks at her son's home. After a delightful week spent visiting old friends here, she became suddenly ill and passed away Friday, May 15, after a two weeks' sickness. Her husband died on June 2, 1927.

Mrs. Lenzner was a member of the Evangelical Church in Cass City for more than 60 years.

Besides her two children, she leaves seven grandchildren, and seven great grandchildren, and two sisters, Mrs. George Mast of Sebawaing and Mrs. Lydia Royer of Waynesville, Missouri.

Relatives and friends who came from a distance to attend the funeral include Mrs. Wesley Moody and Mr. and Mrs. Harold L. Pocklington, Algonac; Miss Shirley Anne Lenzner, Wayne; Mrs. Wil-

liam Moreton, Mrs. Tyler Wood and Mrs. George Bortz, Detroit; Mr. and Mrs. A. Muellerweiss, Sebawaing; Mr. and Mrs. Fred Striffler, Mr. and Mrs. Burnell Holden and Mr. and Mrs. O. K. Janes, Caro; Dr. and Mrs. G. F. Lenzner, Bad Axe; Mrs. F. Klump, Mrs. K. M. Morris, Mrs. Clyde Fox and Mrs. A. B. Haist, Saginaw.

Because she was ill, Mrs. H. Lee Pocklington was unable to attend the funeral of her mother.

Horn Bill

The horn bill is a bird, friendly to the rhinoceros, which rides around on the rhino's back picking insects out of the folds of hide.

Education by Speaker System

Iowa school districts are bringing the school to the homes of more than 100 crippled children by using a two-way speaker system. The children not only hear a teacher but can recite and be heard by the class.

Your Scrap Metal is Needed Now for VICTORY!

A CRITICAL SHORTAGE of scrap metal now exists in United States War Industry. Unless more scrap is forthcoming at once, war production will slow down and months, even years will be added to this fearful battle.

It is of the utmost importance that every pound of scrap metal on your farm start moving now toward America's steel mills and foundries to make more war materials.

To help you get your scrap moving, this store will cooperate in every way possible. Canvass your farm from the attic to the farthest fence corner. Gather every bit of old metal into a conveniently located pile and drop a

post card to this store telling us approximately how many pounds you have collected.

Your card will be turned over to a scrap dealer who prepares scrap for the mills. His truck will be routed past your farm to pick up your scrap soon and get it started toward the fighting front.

This store collects this information and passes it along as a patriotic service without commission or profit of any kind. Our work in this campaign and the cost of this advertising is our contribution to victory.

It is your patriotic duty to collect your scrap and notify this store at once.

Need Monkeys for Research—A shortage of Indian monkeys, due to the war, is threatening to hamper medical research, Industrial and Engineering Chemistry, publication of the American Chemical Society, reports. The Indian monkey is the most satisfactory "guinea pig" among the simians for the study of infantile paralysis and many other human diseases. Large numbers are being used in research in sulfanilamide derivatives and substitutes for quinine. Normally, 15,000 monkeys a year are brought to the United States from British India.

THE EVIDENCE

The prison warden was examining a new batch of convicts.

"Here," he said to one of them, "sign your name on this blank."

"Sorry," said the prisoner, shaking his head; "I can't sign it."

"Why can't you sign it?"

"Because," answered the prisoner, "I can't write."

"Oh, I see," said the warden. He reflected a moment. Then: "What are you here for?"

"Forgery."

"What!" cried the warden. "How could you be convicted of forgery when you can't even write?"

The convict shook his head again. "Well, I think I had a bad lawyer!"

GOOD REASON

"Let's get married right away, dear?"

"No, dear, I've already bought my winter outfit. I won't need any more clothes now till spring."

Routine

Two friends, who had not seen each other for several years, met again, unexpectedly, as neighbors in a new suburban place.

"Hello, Billkins; who are you working for now?" asked Simkins, over the garden fence.

"Same people," was the cheery answer. "A wife and five children."

Unmusical

The Villager—When my father first settled here he could have bought this town for a mere song.

The Visitor—Why didn't he? The Villager—Father never had any ear for music.

Secret

The Man—Of course you understand, dear, that our engagement must be kept secret?

The Woman—Oh, yes, dear! I tell everybody that.

Thinking

"Have you ever thought seriously of marriage?"

"I have ever since I got married a month ago."

Caught On

"She says he is not such a good catch, after all."

"She says that, eh? He must have dropped her."

TRAGIC

"What's the matter with your wife?"

"She got a terrible jar at a sale yesterday."

"How'd that happen?"

"She was told it was the latest thing in vases."

Poem

He told the shy maid of his love
The color left her cheeks,
But on the shoulder of his coat
It showed for several weeks.

Poor Pussy

I love little Pussy, her coat is so warm.
And if I don't hurt her she'll do me no harm;
But I'm certain the cat has a skin good enough
To make this winter an excellent muff.

Record

"Y' mean I say you've been married twice, Biggs?"

"Yes, but I've been engaged eight times, so I can't kick at my lot."

Plastic Won't Break
Curved rear windows on many 1942 motorcars are made of a glass-like plastic which will bend, but won't break. So engineers say. But they add a qualifying "if." If such a window should be shattered by a terrific blow, as from a sledge hammer, it still wouldn't break in the ordinary sense, they explain. The substance would simply atomize into a cloud of pieces as small as grains of sand.

Twenty million tons of ice are sometimes contained in icebergs.

Kathleen Norris Says:

Extravagance in Marriage Is a Pitfall

(Bell Syndicate—WNU Service.)

I wish you could see what my wife got for our baby. Perambulator, high chair, crib, bathinette, sterilizing outfit, blankets—the cost was \$200 more than our budget for the child allowed.

By KATHLEEN NORRIS

HOW many young wives would feel horrified and shocked if their husbands could be identified as the "Tired Tim" who writes me this letter? If you happen to be a young wife the letter may help you to see one of the pitfalls of modern marriage a little more clearly than you do.

I say modern marriage, because marriage used to be quite a different thing a hundred years ago. A girl was so glad to get a husband then that she practically idolized him. Families were large, having from eight to fifteen members. Dependent mothers and unmarried sisters lived with the young wife, and all together the women handled the tremendous burden of domestic duties.

They hung out long lines of wash; cleaned windows; fed chickens; cared for babies; started children off for school; wrestled with coal ranges and dirty grates; made fruit cake and bed quilts; took rugs out to the yard and beat them; put up fruit; nursed the sick; and in between other jobs wrote voluminous letters to dear old school friends.

But it's different today. Each bride launches out by herself. In the following letter one young husband explains just where his wife falls him.

Wife Had No Training.

"Bert is the most adorable girl in the world," writes Tired Tim, "but she never had any training, and money simply doesn't mean anything to her. We talked budget before we were married, and worked it out on paper, but she's never glanced at it nor given it a thought since."

"We've been married two years and have a baby, seven months old. I wish you could see what Bert got for the child. Perambulator, high chair, crib, bathinette, sterilizing outfit, blankets—it came to \$200 more than our budget for him had allowed. My salary is \$85 a week, but I carry insurance and contribute \$20 a month as rent for my mother, who has a pension; also pay \$87 for our house including taxes and amortization of debt, and about \$40 more monthly for refrigerator, stove and so on."

"These expenses will lessen as time goes on, but Bert already has found a larger place she likes better, where we will have a room for a maid. We now have only dinner help."

"Bert is hospitable, and nothing is too good for her friends. In planning menus she spares no expense. Let's have steaks again, and a mousse, and alligator pears," she will say. Our friends are all better fixed financially than we are, and my wife likes to keep up with them."

Very Much in Debt.

"Last week my office boss told me that they had considered me for a promotion, but the fact that I was about \$2,300 in debt to doctor, hospital, dentist, florist, and so on, seemed to them a serious thing and they wanted an explanation. Foolishly, I told Bert this, and her answer was to appeal to her father for money, because Tim was being so mean." The old man, very much worried, gave her a diamond ring of her mother's to pawn, and Bert ever since has been anxious to redeem it, for she naturally values it highly.

"Now don't think," the letter concludes, "that I am criticizing my wife. But I am working hard, pre-

YOU MAY HAVE TO PAY

If you are letting your husband worry about money—if you spend his hard-earned salary on beauty treatments, bridge prizes and clothes—if you fail to abide by the household budget you planned long before you were married—Then, says Kathleen Norris, you have failed in one of your most important duties as a wife. For no matter how pretty you may look, if your beauty shop bill is more than your husband can afford to pay, he won't be pleased. No matter how necessary that extra piece of furniture may be, if it costs more than it ought to, he'll probably hate the sight of it. In time you may be the one to pay—in heartbreak and tears.

ty well burdened, and not satisfied to face a future which may be an indefinite repetition of this sort of thing. Can you make a suggestion that I can pass on to her in the hope that she will take a different attitude toward extravagance and bills?"

The trouble began many years ago, Tired Tim, when Bert was a little girl. Perhaps because she had no mother she evidently grew up feeling that she had only to want a thing to buy it, and that there was no relation between honest money and dishonest bills. Thousands of women much older than Bert have this failing, and thousands of mothers let their daughters go into marriage without a hint of the seriousness of this oversight.

The simple truth is, any woman who lets her husband worry about finances is a poor wife. This seems like a sweeping statement, but it is true. To be only a money spender, squandering his hard-won salary cheerfully on beauty parlors, frock shops, theaters, club lunches, bridge prizes, is to fail in your job, and more marriages go on the rocks because of this inexplicable stupidity on the part of intelligent women than because of any other one thing.

It doesn't matter how fresh, groomed, curled or frocked you are, or how charming your house is, with the new hangings, the new china, the chromium chairs and the venetian blinds. If your husband is worrying about money, he hates it all.

Husbands Like Serenity.

For men, surprisingly, aren't fussy about furniture. They love comfortable old chairs, familiar lamps, "Dad's old desk" and "Mom's old spoons." They even get to like the dresses of yesterday; many a wife has been exasperated to answer, "I've had it three years," when an affectionate husband comments admiringly upon her costume.

What a husband likes is serenity at home, a woman content and busy, bills paid.

I remember one young wife who "fell madly in love" with the picture of a nude girl by a stream. It was in the "September Morn" era. The picture cost \$300. It was no prettier than the picture on the grocer's calendar that year, but she wanted it, and she had to have it. She paid installments on it for more than a year.

Her husband hated it, and friends made fun of it. She told them she was just storing it for Emily. Her husband, run down and anxious, died of pneumonia that winter, leaving an estate of something less than \$2,000. Almost one-tenth of that had to go for the picture. I hope she felt it was worth while.

The Home Front in Michigan

Michigan motorists have no occasion for a smug "titter up the sleeve" as nearly 10,000,000 autos of the Atlantic Seaboard are placed on short rations.

Gasoline rationing isn't just an Eastern headache. Actually, it is only one aspect of a national transportation problem, which is growing more acute and soon may come home to all of us. There is plenty of gasoline. The difficulty is that already over-burdened railroad lines can't get the gasoline from oil fields to distant points, for distribution to the consumers.

We must save our transportation facilities for essential uses, just as we must save our materials, machinery and manpower. Without transportation, the whole war effort would fail. Railroads these days are highways along which men and munitions stream toward embarkation points, and raw materials stream toward the munitions factories.

That's why it may become necessary to ration train and bus space. That's why the continued operation of the taxicab is on trial. That's why—together with the national rubber shortage—we must all give up "motoring as usual" for the duration.

Railroads Are Our Life Line.

A stitch in time saves pinning, but ladies, you'd better start saving the pins. The common ordinary household pin has a new importance today as copper follows steel out of the home and into the arsenal.

The War Production Board has added more than a hundred consumer articles to those which no longer may be made out of copper and its alloys, including brass and bronze. A third of the household pins last year were made of brass. Other articles on the way out include Christmas tree bulbs and cords, dog collars, fountain pens and musical instruments.

To give an idea of what this means to our fighting forces, the copper that went into building materials for American homes last year will provide all the brass and copper fittings for twenty-three 10,000-ton cruisers. Copper that was used in costume jewelry, gifts and novelties will do the same for forty 1,500-ton destroyers.

Pin Back Hitler's Ears.

Ceiling prices now are in effect for most goods bought by consumers. Everyone should remember it is up to him or her to help the merchant put into effect this far-reaching program.

Remember that prices need not be the same in all stores for the same article. The maximum price is the price for which a particular store sold a particular article during March. Also, there are some articles on which there is no fixed maximum.

Give the storekeeper a break. Don't start yelling right off the bat. This is your program; it is for your protection; eventually, you will be called upon to help with its enforcement; but, right now, be tolerant, considerate and cooperative.

We're All at War.

Preliminary figures show that 122,604,000 persons were registered for sugar rationing, or about 91 per cent of the total population. . . . Not so pleasing, was the fact that 6,400,000 persons who registered didn't get their War Ration Book No. 1 because they had more than the allowable six-pound "hoard."

They're advised to cut their sugar use to a half-pound a week, for it'll be that long before they can get more sugar. . . . Fruits can be canned without sugar, then sweetened as used. . . . King Cotton hasn't been snubbed in the war effort. . . . Cotton is being used, among other things, in modern camouflage. . . . OPA offers a three-point guide for milady's wardrobe. . . . "Buy Practical Outfits." . . . "Mix Them Up." . . . "Make Them Last." . . . Berruffled nighties are out for the duration. . . . By the end of next year, living standards will be at the 1932 depression level. . . . Spices, such as black and white pepper, allspice, nutmeg, ginger, mace and cinnamon, have joined the sugar bowl in the "handle with care" status. . . . The War Department has announced it can not answer individual queries as to the whereabouts of Army personnel or as to whether men are casualties or have been taken prisoners. . . . Nearest of kin of casualties will be notified by official telegram immediately upon receipt of information from the field. . . . It has been impossible to get mail through the Japanese blockade of the Philippines. . . . No mail is being sent to and none has been received from American forces in the Islands since December 8.

Reducing Thick Ankles

Among new methods for care of the feet is a method for reducing the thick ankles which some women have to live with, and suffer from, all their lives. There are several reasons for thick ankles and one kind is caused by lymph fluid in the tissues of the ankle. Frequently this edema (as it is called) comes after a hard day of shopping on hard pavements. The basic cause of this variety of thick ankles is a chronic, untreated ankle sprain.

is accepting the new order as part of numerous sacrifices to be expected from the home front.

It is all-out war, this time, and no mistake.

Consumers, likewise, realize that the soaring cost of living, unless checked in some effective manner, would continue upward endlessly.

As Price Administrator Leon Henderson explained on April 28, "a staggering excess of money over the supplies of goods available threatens disaster to the civilian economy and to the war effort."

Who is caught usually in inflation's squeeze? The little man with a fixed income; the small merchant whose margin of operation is small.

Posting prices of cost-of-living commodities was required of every retailer this week, starting Monday.

Every merchant must send a statement of these ceiling prices—highest prices which he charged during March—to the Office of Price Administration in Detroit not later than Monday, June 1.

Furthermore, he is given until July 1 to prepare a statement of the ceiling prices of all commodities or services which he supplied during March. Another reason why consumers should be patient during the next few weeks.

Price control will be administered in Michigan by Arthur F. Sarvis, Flint banker who has been rationing director of The Michigan Council of Defense. Seven regional district offices are to be established with executive staffs.

Because such organizations cannot be completed over night and because retailers have been given a big pill to swallow, it has been suggested that consumer complaints on ceiling prices—except in cases of flagrant violations—should await July 1.

Sarvis is convinced retailers can be relied upon to cooperate with the government wholeheartedly in an honest and equitable compliance of the act. It is no secret that many retailers are going to be penalized for not taking price mark-ups in March on merchandise which they purchased months before at lower wholesale prices. And as their stocks must be replenished at higher prices and as war priorities will gradually curtail wholesale deliveries, Michigan retailers are confronted with dark days, indeed.

To these people, economic victims of the war, consumer tolerance would be most helpful.

You can't keep politics out of 1942 headlines.

And you can't keep Elton R. Eaton out of a good fight. That's why the entry of this militant anti-boss newspaper editor of Plymouth into the race for Republican nomination for United States senator is certain to afford additional reader relief from war communique.

Eaton will be opposed by Gerald K. Smith, social justice crusader of Detroit who received his reform baptism in Louisiana with the late Huey "Kingfish" Long. Both men are mean slingers of words, and colorful accusations are assured.

Judge Homer Ferguson, Wayne County circuit court, was reported a few months ago to be on the edge of candidacy.

The latest reports are he may not declare.

Section nine of the Michigan state constitution says: "They (circuit judges) shall be ineligible to any other office than a judicial office during the term for which they are elected and for one year thereafter." Judge Ferguson, if elected, would risk a possible contest in the United States senate, and being a Republican he could not expect joyous seating by the Democratic majority.

Civil service, plus the federal Hatch Act, will restrict activity of government employees in politics this year.

James Greenfield of Norway, associated with Auditor General Vernon J. Brown at Lansing, has been granted a leave of absence by the Michigan civil service commission to become a candidate for the Republican seat at Congress held by Frank Hook of Ironwood.

The Hatch Act forbids anyone in the military service from running for public office. It is going to nip many budding candidacies.

Care of Mattress

To remove stains from a mattress, apply a thick paste of starch and water and place in the sun. When dry, rub off all the paste and repeat if necessary. Rub coil springs with cloth dipped in melted paraffin to prevent rust.

SCHOOL NEWS

Carolyn School.

Teacher, Agatha Seurnyck. Reporters, Rosann Freeman and Ruth LaFave.

Those receiving certificates for being neither tardy nor absent during the month of May are: Rosann Freeman, Doris Fritz, Clarence, Jane, Keith and Pat Goslin, Teddy LaFave, Adam, and James Leiterman, Arlene Schnell, Madeline and Betty Adams, Audrey and Kenneth Beitz, Vera Koch and Douglas Salgat.

Madeline and Betty Adams and Arlene Schnell received five-month certificates.

We take this opportunity to award Pat Goslin and Teddy LaFave with yearly certificates. Both boys have had perfect attendance throughout the entire year.

We had two ball games with the French Town School this month. We lost both times. The scores were 16 to 17 and 17 to 18.

Efren Gonzales returned to our school from Texas.

Doris Fritz has moved to Elkton.

All grades have completed picture study booklets.

Raymond Patnaude received the highest average in our seventh and eighth grade examinations. Jane Goslin was the highest in the early elementary group.

School closed Friday with a picnic at Caseville. It will reopen on August 24 with Miss Seurnyck as teacher.

RESCUE.

Death of Rev. Willis D. King—

Mr. and Mrs. Ulysses G. Parker received word on Thursday of the death of their friend, Rev. Willis D. King, of Ravenna, Ohio, who died on May 12. Funeral services were held on Friday at 2:00 p. m. from Wood's Funeral Home in Ravenna and interment was made in Maple Grove Cemetery, Ravenna. Mr. King was the pastor of the Canboro Baptist Church for two years about 40 years ago. He was well known around Grant at that time and had many friends here.

Lawrence Summers was a caller in Bad Axe Friday.

Mrs. Alfred Maharg visited at the home of her daughter, Mrs. Floyd Dodge, last Thursday.

Milton and Norris Mellendorf, Billy Inglyesbe and Billy Parker were callers in Cass City Saturday evening.

The Greenwood School, Grant District No. 5, with Mrs. Verne Shaw as teacher, closed on Wednesday, May 20.

Mr. and Mrs. Oscar Webber entertained Mr. and Mrs. Manford Emery of Lincoln, Michigan, on Friday at their home.

Kenneth and Audrey MacAlpine of Uby have been visiting at the home of their grandmother, Mrs. D. J. Mellendorf, for a few days.

Mrs. Jesse Putman has spent the past week visiting at the home of her daughter and husband, Mr. and Mrs. Clifton Endersbe, of Detroit. The Methodist Youth of the Grant Church had a box social at the Grant church on Friday evening.

The W. S. C. S. met with Mrs. Richard Cliff last Thursday for dinner and work.

Mr. and Mrs. Oscar Webber were called to the Henry Zemke home near Deford on account of the serious illness of George Palmer, uncle of Mr. Webber.

Frank Wakefield and LeRoy Tait of Elkton were business callers in this vicinity on Tuesday.

Doyle MacAlpine of Owendale was a business caller in this vicinity on Thursday.

Mr. and Mrs. Levi Helwig and children of Cass City were making calls around here on Wednesday.

Ross Russell and son, Clare, of Caro were Saturday callers at the Earl Maharg home.

Mr. and Mrs. Lynn Fuester of Tyre were Sunday visitors of Mr. and Mrs. Earl Maharg.

Mrs. Kenneth Maharg left here Tuesday to visit her sister, Mrs. Maynard Doerr, at Detroit for a few days.

Mrs. DeEtte J. Mellendorf and son, Norris, were dinner guests on Sunday at the Levi Helwig home in Elkland.

Cops Now Guide Traffic From Middle of Block

CHICAGO.—The time-worn phrase, "corner cop," doesn't apply in Chicago any more, where it has been learned that traffic policemen are more useful when stationed in the middle of the block.

An investigation revealed that motorists using traffic policemen at busy intersections as "information bureaus" cause accidents, traffic tie-ups and jams.

Case Is Devised to Snuff Out the Butt

ALBANY, N. Y.—A cigarette case which snuffs lighted cigarettes is the answer of James E. Palmer, to the forest fires which recently swept the northeast states.

The cigarette butt is inserted in a hole in the case and lack of oxygen extinguishes the burning tobacco.

Trailer Homes
The trailer business, in a slump for several years after a promising beginning, is booming again. Trailer camps have sprung up in every defense boom town as emergency housing. After two years of investigation. Prof. Donald Cowgill, of Drury college, has reported to the American Council of Public Affairs his judgment that 20,000,000 Americans eventually will be living on wheels, and predicted that, contrary to popular opinion, motorized living will have beneficial effects on family stability, health and morals. Most of the construction workers now living in trailers will not return to stationary homes after the emergency, in his opinion.

'Forget It, Lady'
A farm woman continued to find cream skimmed off the milk she left in the spring house. Finally she put the crocks on a table and covered them with plates. She heard a plate fall, hurried to the scene and saw four young skunks on their hind legs lapping cream. She left.

Coffee Doesn't Disturb All
The evidence on this is contradictory—probably because coffee does disturb the sleep of some people, but does not for those who have established tolerance for it by regular use. If coffee disturbs an individual's sleep, so will other beverages which contain ingredients that act much like the caffeine in coffee.

Opportunity

Mrs. Smythe-Brown was making the final arrangements for her elaborate reception.

"Bridget," she said to her old servant, "for the first 30 minutes after six o'clock I want you to stand at the drawing room and call guests' names as they arrive."

Bridget's face lit up.

"Very well, ma'am," she replied. "I've been waitin' to do that to some of your friends for years."

That's Different

"Mr. Swiggs—Er—ah, that is, can—er I—will you—?"

"Why, yes, my boy; you may have her."

"How's that? Have whom?"

"My daughter, o' course. You want to marry her, don't you?"

"No, sir; I just wanted to find out if you would endorse my note for \$100."

"Certainly not. Why, I hardly know you."

Menu Inspiration—Strawberries in Season

(See Recipes Below)

Strawberry Doings

Once again this red, bright berry is coming into its own, as strawberries dot the markets in this spring into summer season. For the hint that it gives to foods in which you use it, for the harmony with which it combines with other foods, and for its own natural goodness, the strawberry rates a column by itself.

Honey Strawberry Jelly.
2 1/2 cups strawberry juice
1 cup honey
3/4 cups sugar
1 package dry pectin

Crush strawberries and drain through jelly bag without cooking. Measure juice, add pectin and place over hottest fire. Bring to a full rolling boil. Add honey and sugar and again bring to a full boil. Continue boiling for 1/2 minute. Remove from fire, pour into sterilized jelly glasses and seal.

You will be allowed extra sugar for canning in spite of the sugar rationing, so do not be concerned over the amount of sugar called for in this recipe.

Strawberry Marmalade.
(Makes 12 6-ounce glasses)
1 quart strawberries
2 oranges
2 lemons
3/4 cup water
7 cups sugar
1/2 bottle fruit pectin

Remove peel from oranges and lemons and cut off white membrane. Put peels through a food chopper. Add water and bring to boiling. Cover and simmer 10 minutes. Add orange and lemon pulp and juice. Simmer 20 minutes. Add crushed strawberries. You should have 4 cups of fruit. To this add the sugar. Bring to a boil, and boil 5 minutes. Remove from heat, stir in pectin. Let stand 5 minutes. Skim. Seal in hot sterilized glasses.

If you want to ride the crest of popularity with family or guests, then arm yourself with a few strawberries, a bit of sugar, an egg beater, and old faithful, the refrigerator, and in no time at all you will have a perfect dessert for lunch or dinner or afternoon refreshment.

Lynn Says:

Honey Hints: With increased use of honey in prospect you will want to learn to use it most economically. Honey is different chemically from sugar so follow all amounts given in recipes carefully for best results. They have been tested to give you the necessary correctness in cooking.

To measure honey, use a greased or a moist cup so it will pour out readily to the last drop. A greasing brush is an economical way to grease the cup. In measuring spoonfuls of honey, dip the spoon first into cooking oil, melted butter or liquid fat before dipping in honey.

Keep liquid honey in a warm place, about 75 degrees or over. Avoid damp places of storage. Comb honey is better kept at room temperature rather than in the refrigerator.

To liquefy honey that has granulated, place in a bowl of warm water, just warm enough for a hand, and leave in until all crystals have dissolved.

Cakes made with honey taste different from cakes made with sugar and seem less light and fluffy when baked. But the cakes will be moist, flavorful, and nice textured if you let them stand from a day to three days to age properly.

Place honey jar in warm water for about 10 minutes before using.

Strawberry Mousse.
(Serves 6)
1 1/2 cups crushed strawberries
1 cup thick cream, whipped
2 egg whites, well beaten
Pinch of salt
1/2 cup sugar

Combine sugar and crushed fruit and stir until sugar is dissolved. Fold sweetened fruit into the whipped cream. Fold salt into beaten egg whites and mix with fruit and cream. Pour into a refrigerator tray or mold for freezing until firm.

No round-up of strawberry recipes is complete without a sauce to crown that dish of ice-cream or that cool vanilla pudding which you made this morning. This one will really turn your simple dessert into a party-mannered one, so cherish it as you would an heirloom:

Strawberry Sauce.
1 quart strawberries
Powdered sugar to taste
Grated rind of one orange
Few drops of lime juice
4 tablespoons currant jelly
1 cup whipping cream

Stem and wash strawberries. Slice them and sweeten to taste with powdered sugar. Sprinkle grated rind and lime juice over berries, and stir in the currant jelly beaten with a fork. Beat the cream and fold it in carefully to the strawberry mixture. Serve over ice cream or cold pudding.

Then there's shortcake! Nothing is so good as slivered or crushed strawberries spooned between hot biscuits, slit and buttered:

***Strawberry Shortcake.**
(Serves 8)
2 cups flour
1 tablespoon sugar
3 teaspoons baking powder
1/2 cup milk
1/4 teaspoon salt
4 tablespoons fat

Mix and sift dry ingredients. Cut fat into mixture, using two knives. Add milk gradually to make a soft dough. Toss on floured board, pat lightly to 1/4-inch thickness. Cut with a biscuit cutter and bake on unbuttered pan in a hot (425-degree) oven for 12 minutes until a light golden brown. Split, butter and fill with crushed or slivered, sweetened fruit. Replace top and spoon more fruit on top. Be sure that you let the sugar stand on the fruit for a half an hour or so before using.

***Baked Spareribs.**
(Serves 6)

Place 3 to 4 pounds of spareribs in a roasting pan. Pour over the following sauce and bake at 300 degrees for 2 to 3 hours, basting occasionally with the sauce.

Sauce: Combine 1/2 cup soy sauce, 1/4 cup honey, 1 level teaspoon prepared mustard, and 1 finely chopped onion.

***Stewed Tomatoes.**
(Serves 6)

1 can tomatoes (No. 2 can)
1 tablespoon butter
Salt and pepper
1/2 teaspoon sugar
1 slice bread, cubed

Heat tomatoes, add salt, pepper, butter and sugar. Fold in cubed bread and as soon as all is heated thoroughly, serve immediately in small sauce dishes. Cracker crumbs may be used in place of bread crumbs.

Tomatoes Win Spot in Garden

Tomatoes already rate as the most popular garden product in Michigan. But if horticulturists at Michigan State College lend strength, the Victory Gardens of 1942 will see an even greater stress put on this crop.

"Few products have such a wide range of uses," comments S. B. Apple, college extension specialist in horticulture. "Tomatoes are used raw or cooked. They go into salads, soups, tomato juice, catsup, sauce, pickles and preserves. The tomato is an excellent source of vitamins and offers color for appetite appeal."

Tomatoes already set out may have been caught by frosts, but it certainly isn't too late for transplanting, in the opinion of the college man.

Some vine crops could well be omitted if there is any question of necessary space. Some of the favorites that Apple would pass up in favor of tomatoes include cucumbers, muskmelons, squash and pumpkins and watermelons. They take extra room when the vines begin to run from healthy plants.

Another sales point in favor of the tomato is that it isn't as tender as most vine crops. Tomatoes and peppers, although they do not like cool weather, do not suffer as a vine may in cold weather. Cold soil and cold weather stunt a melon vine.

Although it's too late to start tomato plants from seed, a gardener can purchase sturdy plants and set them out when frost danger has passed. Southern grown plants may be weak and diseased, Apple warns. Good, stocky plants stay ahead of spindly transplants throughout the season.

Staking and pruning of tomato vines permits greater production in a small area, but somewhat increases the labor in producing the crop. For varieties, Apple suggests the Earliana of Victor for an early crop, but says John Baer and Stokesdale are better quality and somewhat later in maturing. Rutgers, Marglobe and Baltimore are later, good quality and recommended for canning.

VICTORY GARDENS

Compiled by the Horticulture Class of Cass City High School.

Tomatoes.

At this time of the year people are thinking about getting in their tomato crop. Don't be too anxious about getting the plants in the ground before Decoration Day, unless you can cover them at night. Standard varieties are: Marglobe, Vectors, Bonnie Best, John Baer, Break of Day.

Tomatoes are one crop every garden should grow generously, providing you like them. As soon as the danger of frost is past, transplant the young tomato plants, allowing as much soil as possible to remain on the roots. Space the plants four feet apart in the row with rows three feet apart. If they are planted closer than that, commercial fertilizer should be applied to insure quality fruit.

Tomatoes respond to good care and cultivation. After the first fruits have been picked it is advisable to apply a nitrogen fertilizer along the row, or rake complete fertilizer (one containing nitrogen, phosphorus and potash) into the soil surface. On very sandy soil, mulch spread two or three inches around the plants will increase the size of the fruit and yield.

Tomato plants may be staked to conserve garden space, by tying them to poles. This produces a higher quality fruit because the tomatoes are not covered with dirt and there is less decay. Furthermore, they are easier to prune when staked. As soon as the stems reach the tops of the stakes, which should be 5 to 6 feet high, nip out the top growth. Train the plants to three or four stems. Mulching is important when tomatoes are grown on stakes as the soil dries out more rapidly and it is packed down by walking near the plants.

More insects attack tomatoes than any other garden crop. In the early spring watch out for cutworms; then watch for the Colorado potato bug and the flea beetle, which damage foliage. Late in the season, aphids, big green tomato worm, and leaf hoppers may also appear. All may be controlled by applying insecticides before the insect gains headway or damages the plants. The best way to ripen a green tomato is to place it in a temperature of about 65 degrees and preferably in the dark. Green tomatoes may be gathered in the fall before an early frost and ripened over a period of two or three weeks.

ON THE Q.T.

The waiter approached one of the regular diners at the restaurant and asked if he would do him a favor.

"I'm leaving the restaurant, sir," he explained, "and the manager won't give me a reference, I thought perhaps you might say I was honest, sir. I've always served you when you've been here, sir."

"Well, I don't mind saying that said the diner. "Bring me some notepaper."

He wrote a few words.

"Thank you very much indeed, sir," said the waiter. "I can never repay you sufficiently." Then he bent low and whispered: "Come here to-morrow, and I'll let you have a meal for nothing."

Experience

The newly elected justice of the peace had borrowed a friend's gun. Along came bunny. Bang! The weapon kicked like an army mule.

"You'll be sentencing that thing for assault and battery," smiled his friend to the sore-shouldered magistrate.

"Anyway," came the smiling reply, "I shall discharge it with a caution."

NO SOAP

Wife—Smith says his wife is the fairest flower that grows, you never speak that way of me.

Hubby—Well, he's a florist, and I'm a soap manufacturer.

About Women

A woman does such funny things! I cannot understand 'em. The stunts they do with money brings

New cause to reprimand 'em.

They see a twenty dollar bag And buy it in a minute, When just a dime and powder rag is all they'll carry in it.

Convalescent

He—Why wouldn't you see me yesterday afternoon, when I called?

She—I was ill.

He—But I saw you sitting at the window sewing.

She—Er—well—I was on the mend.

A Man's a Man

He—I wonder how it is a girl can't catch a ball like a man?

She—Oh, a man is so much bigger and easier to catch.

NUTTY

"Waiter, are you insane? What do you mean by bringing me a dish of peanuts when I am nearly starved?"

"Pardon me, sir; but when you came in you said you had the appetite of an elephant, so I thought peanuts would just suit you."

Difference

"Before we were married, Jack, you said mother could stay with us whenever she pleased."

"Yes, my dear, but since we have been married she has ceased to please."

Fit to Kill

"Funny thing, isn't it?"

"What is?"

"That a live man in fact is always dead in earnest."

Hopeless

Bing—Yes, that's old Spriggins. Half-a-dozen doctors have given him up at various times during his life.

Wing—What was the matter with him?

Bing—He wouldn't pay his bills.

Opinion

Jimmy—So Alma told you I was witty, did she?

Tubby—Well, she didn't express it that way. She said she had to laugh every time you opened your mouth.

Restraint

"De Rocks is a cheerful chap; never borrows trouble."

"Oh, well, I suppose he has to draw the line somewhere."

Distinction

"Jean skates beautifully, don't you think?"

"Well, she is a beautiful skater if that is what you mean?"

Knot So

She—Why do they paint the inside of a chicken coop?

He—To keep the hens from picking the grain out of the wood.

Society

"Do you go in for society, Boggs?"

"Well, Jimmy has a gang, my wife has a set, and I have a crowd."

Communications

Cass City, May 19, 1942.

Editor of Cass City Chronicle: Just a report on the well attended United Dairy Farmers' meeting at Deford Town Hall, May 14. The meeting was worth the attendance.

Jake Linderman, president of the local, opened the meeting. Mrs. Henry Cooklin read the financial report which was satisfactory to all and met with approval and was accepted as read. Mr. Linderman presented the speaker, Mr. Kroggen, district organizer, who explained the past and the functioning of the United Dairy Farmers. His report was of great interest. Of course, most of it, as we already know, was about the hardship the farmers have gone through and the future we will have to face with all the burden upon our backs.

The farmers are a very patriotic group of people. "We went to our colors" when Uncle Sam gave the call for more "Food for Freedom Program." Yes, we did our part, our neighbors have done theirs. We are working harder and longer. We carry our biggest burden ever. We increased our production; we are buying War Defense Bonds with our last pennies; we are going farther in debt for Uncle Sam. Now let me ask you what has our milk monopoly done for us? They are sinking us under water. They have dropped the price of milk three times since Uncle Sam gave us orders to produce to save our boys.

Yours truly,
UNITED DAIRY FARMERS

TO THE VOTERS OF SANILAC COUNTY

The present sheriff has stated that he will not be a candidate to succeed himself. At the last election I received almost 3,000 votes for sheriff in a field of three candidates. This expression of confidence by the voters of my abilities is greatly appreciated. I am now better acquainted throughout Sanilac County. Therefore, I have decided to become a candidate for sheriff at the September primaries, and seek your continued support and good will.

You Can Help Win this War!

All Scrap Metal on Your Farm
Must Be Salvaged Now

UNCLE SAM needs every gun, shell, tank, ship and plane that American War Industry can produce to win this war. The present shortage of scrap metal in this country threatens to slow down war production. You can help speed it up by collecting every piece of scrap iron and steel

on your farm and bringing it to town at once.

Because there is no local scrap dealer, this store has set up a scrap depot to serve as a collection point for farm scrap in this area. Bring all your scrap metal here. You will be handed a receipt for it and as soon as it is sold to a scrap dealer you will receive full credit in cash or Defense Stamps.

There will be no commission charged or profit made by this store for performing this service. It is our contribution to victory.

Uncle Sam asks you to collect your scrap metal now and bring it in. We will move it on to War Industry.
