Arnold Bierlein, Reese. Frank Storm, Akron. Kenneth Kennedy, Millington. Earl Hecht, Vassar. Jean Corbins, Cass City. Gordon Hartwick, Cass City.

Another group of men have been called to leave Tuscola County on August 30 to take the army examinations.

Hartwick Reunion Held near Lapeer

The annual Hartwick reunion was held Sunday, August 16, at a park, seven miles east of Lapeer. Sixty relatives were present from Detroit, Dearborn, Lansing, Pontiac, Flint, Ohio, Bay City, Royal Oak, Lapeer and Cass City.

The oldest person present was Mrs. Richard Hartwick of Cass City, who is 83, and the youngest was Tommy McCaslin, son of Mr. and Mrs. Ray McCaslin, of Rochester.

Officers elected for the coming year were President, Mrs. Charles Klinkman of Dearborn and secretary, Mrs. George Seeger of Cass City. It was decided to hold the reunion at the same place and at the same time, the third Sunday in August next year.

Those from Cass City who attended were Mrs. Richard Hartwick, Mr. and Mrs. George Seeger, Mr. and Mrs. Earl Hartwick, Mr. and Mrs. David Hartwick, Mr. and Mrs. Clayton Hartwick, son Elwin, and Mr. and Mrs. Don Seeger.

LEG FRACTURED WHEN TEAM RAN AWAY

Ted Blondell of Gagetown was brought to the Morris Hospital on Saturday with a compound fracture of the left leg suffered when the team he was driving became frightened and ran away. He is still at the hospital.

Novesta Young Lady Graduates as Nurse

Miss Eugenia Smentek.

Miss Smentek is a member of the class graduated from the Mercy College of Nursing at Detroit on July 30. Commencement exercises were held a month previous to the closing of the school term.

Miss Smentek was graduated from the Cass City High School in 1937.

Tuscola Has Three Fatal Accidents Within a Week

Two Children and Farmer Meet Death in One Drowning, Two Car Accidents.

Three fatal accidents in Tuscola County within the past week claimed the lives of two children, and a farmer.

Garry W., 19-month-old son of Mr. and Mrs. Grant Lee, of Vassar, stumbled head first into a lard tub while playing in the back yard of the Lee home and was drowned Thursday afternoon, August 13. There were but six inches of water in the tub. Artificial resuscitation proved unsuccessful. Lee Huston, county coroner, pronounced the death due to accidental drowning and no inquest was held.

Jerry, two-year-old son of Mr. and Mrs. Chris Scharich, of Akron, received a fractured skull and a fractured arm which caused his death when he was run over by the front wheels of an automobile driven by his father. The accident occurred at 11:30 a. m. Tuesday, August 18, in the yard of the Scharich home, two miles west of Akron. Death came at 3:35 that afternoon in Caro Community Hospital. After having some engine trouble, the father was successful in starting the car and started to drive away when he felt a bump, stopped and found his son had been run over. He thought the boy had been with his mother.

Otto Armbruster, 54, a Bach farmer, was fatally injured two miles south of Bach, in Tuscola County, Friday morning, August 14, when the automobile he was driving south of the Bay Port Road was involved in a collision at a highway intersection with a truck owned by the Northern Tobacco and Candy Company of Bay City, travelling east on the Unionville Road. Armbruster died in Samaritan Hospital, Bay City, Friday afternoon from a fractured skull.

Charles Gellise, 17, driver of the truck, and his passenger, Fred Keith, 17, both of Bay City, suffered cuts about the face and scalp lacerations.

Mr. Armbruster leaves his widow. Turn to page 5, please.

COMING AUCTION.

Glenn Wright will have an auction sale of household goods at his residence at 4270 South Seeger Street, Cass City, tomorrow (Saturday) afternoon. Arnold Copeland will be the auctioneer, the Cass City State Bank clerk and full particulars are printed in an auction advertisement on page seven.

AERIAL TRAINING.

At Flint, from August 23 to 30, the Sixth Corps Area Travelling Aviation Cadet examining board No. 2 will be in session and will meet candidates at the county courthouse who desire to ascertain their fitness to fly.

100-BUSHEL YIELD OF OATS TO THE ACRE

Orville Karr, tenant on the farm of Dr. H. T. Donahue, is justly proud of his oat yield this summer. From 18 acres he obtained an average of 100 bushels per acre.

Michigan Governor to Attend County Fair Saturday

Alex Edwards, Internationally Known Judge, to Award Hereford Prizes.

Governor Murray D. Van Wagoner has notified Secretary Carl Mantey that he is planning to attend the Tuscola County Fair on the last day of the exposition—Saturday, August 29. Congressman Jesse P. Wolcott of Port Huron also intends to attend the fair on Saturday which has been designated as Soldiers' and Sailors' and Governor's Day.

Governor Van Wagoner has urged Secretary of Agriculture Claude R. Wickard, a member of the President's cabinet, also to attend the county fair at Caro. In a letter to Mr. Wickard, Governor Van Wagoner, in speaking of the Tuscola County Fair, said: "This fair is co-operating in war participation of our various agriculture interests and would be most worthwhile."

A special certificate of award is to be presented to each of the leading Victory Gardeners selected in the several villages and communities of Tuscola County.

The awards will be presented by

Governor Van Wagoner.

George Tomlinson, director of the Victory Garden program for the State of Michigan. Presentation will take place on Governor's Day, Saturday, August 29.

Names of the leading Victory Gardeners are now being accepted by Mrs. George Foster of Fostoria, county Victory Garden chairman and the county agricultural agent.

Alex Edwards of Watford, Ontario, internationally famous as a livestock judge, will determine who are the winners of state fair prizes on the Herefords which will be exhibited at the Tuscola County Fair.

Miss Lulubelle Heron of Cass City will serve as "marshalette," riding Tony, while on duty at the fair. Tony was lead horse of the Detroit Police Dept. and has led many parades in that city.

The race program is expected to attract wide attention with purses totalling \$1,900 for speed events on Wednesday, Thursday and Friday, August 26, 27 and 28.

Entries in the stake races have been closed for several weeks. The closed events include the 3-year-old or under pace or trot, \$300; 2:28 pace, \$400; 2:15 pace, \$400. Over-night events, or those in which entries may be made as late as the day previous to the race, include the 2:25 pace or 2:21 trot, \$200; 2:20 pace or 2:18 trot, \$200; 2:19 trot, \$200; free-for-all pace or trot, \$200.

Men in uniforms of the armed service of the United States will be admitted free to the exposition at all times and Secretary Mantey is urging parents and friends of service men to have them arrange

Novesta Hen Lays "V" Embossed Egg

Victory gardens are growing "V" shaped vegetables on South Seeger Street. Last week it was a "Victory" potato from the garden of J. D. Turner and this week it's a "Victory" carrot from the Victory garden of Omar Glaspie.

Down in Novesta Township, Mrs. Wm. Zinnecker's poultry is victory-minded. Mrs. Zinnecker was about to break open an egg the other day when she discovered a letter "V" on one end embossed or engraved or whatever method a hen has in so marking her product. It surely was something to cackle about, for the marking was very neatly done.

Hunt Is Chosen Honor Man at Great Lakes, Ill.

Russell James Hunt, 29, high school teacher for the last four years at New Baltimore, has been chosen honor man of his company, which will be graduated from recruit training at Great Lakes, Illinois, at the U. S. Naval Training Station Saturday, August 15.

Instructor in chemistry, physics and industrial arts at New Baltimore High School, Hunt left his post several weeks ago to enlist as an apprentice seaman. Through a series of aptitude tests given the 130 men of his company, he has been selected to attend one of the Navy's Service Schools.

The honor man was graduated in 1932 from Cass City High School. He received a bachelor of science degree in industrial arts in 1938 at Michigan State Normal College, Ypsilanti. For the last four years, Hunt was assistant Scoutmaster of Troop 32, Boy Scouts of America, New Baltimore. His mother, Mrs. H. L. Hunt, lives at Cass City.

Mrs. C. Walters Was 97 on August 10

Mrs. Catherine Walters, one of the oldest Thumb residents, celebrated her 97th birthday Monday, August 10, quietly at the home of her daughter, Mrs. Bay Crane, with whom she lives, and greatly enjoyed the shower of post cards received from her friends and relatives. For 29 years, Mrs. Walters has resided in Cass City and for the last 19 years she has made her home with Mrs. Crane.

Mrs. Walters has another daughter, Mrs. Sarah Welsh, whom she often visits at her home in Caro.

The former Catherine Spitzer was born in St. Thomas, Ontario, August 10, 1845. She was united in marriage with William Walters in March, 1863, and in April of the same year, they came by way of ox team and wagon to Michigan and purchased a farm in Elmwood.

Early pioneer life of Tuscola County provides a marked contrast to the present day way of living with radio, telephone communication and electric lights, and Mrs. Walters has watched with interest these great improvements.

Mr. Walters passed away April 14, 1903.

Muntz Reunion Held August 15

The 17th annual reunion of the Muntz family was held Sunday, August 16, at the home of Mr. and Mrs. Archie Lobdell, near Mayville, with 30 present. Dinner was served at two o'clock. After dinner a short business meeting was held and at five o'clock ice cream and cake were served.

The 1943 reunion will be held at Cass City on the third Sunday in August.

Those present from Cass City were Mr. and Mrs. Andrew Muntz and Stanley Muntz.

METHODIST SUNDAY SCHOOL HOLDS ANNUAL PICNIC

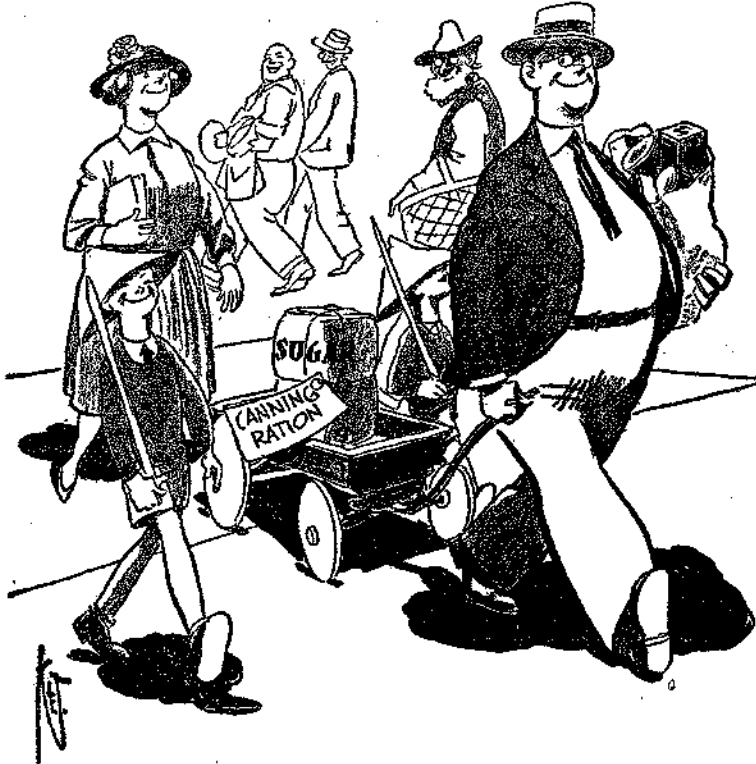

The children and adults of the Sunday School enjoyed a potluck dinner last Thursday afternoon at the church. After dinner games were played on the church lawn, conducted by Keith McConkey. After a period of recreation, the children attended the pool for a swim. There were about 75 in attendance.

CAROLAD BREAKS BONES CRANKING COMBINE

Feed Wheat Offered Tuscola Farmers

Charles B. Eckfeld, acting chairman of the Tuscola County Agricultural Conservation Committee, has been notified that becoming effective immediately and continuing through the month of August that the Commodity Credit Corporation is offering for sale to the farmers of Tuscola County wheat for feeding purposes only at 87c per bushel, plus a small handling charge.

Farmers may contact their local elevator, county agent, or Agricultural Conservation Committee for further information.

Bay Shore Park to Retire Bonds

The Bay Shore Park Association, when their annual meeting is held on September 2 at Sebewaing, will be freed from debt for the first time in 20 years. The last \$750.00 of indebtedness will be paid at that time. Funds for this payment were raised at the recent assembly meeting of Evangelical churches of the Bay City District which came to a close at Bay Shore Park on Sunday evening.

Grant Methodist Church Observes Its Golden Anniversary

Nineteen hundred forty-two marks the 50th anniversary of the Grant Methodist Church. A golden celebration will take place Sunday, August 23. The program will begin with the regular services as they are held each Sunday.

The Grant Methodist Church is known to some as Beasley, and to others as Rescue. However, the official title is Grant Methodist Church. The church was founded in 1892 as the Grant Methodist Episcopal Church. The name was changed to Grant Methodist Church at the time of the unification of the three Methodist denominations in 1940.

The present building is not the original one. In 1907, the original building burned to the ground. The present structure was raised the same year and has stood ever since.

Former residents living in many parts of the United States are expected to be present. However, the crowd will not be nearly so large had the war not come upon us. Many who would like to be present will not be able to come due to conditions which the war has imposed upon them.

The interior of the church is being redecorated and the grounds are being landscaped for the occasion. The interior of the sanctuary is being papered and painted. The basement is also being painted. All windows and doors are being repaired and painted and the roof of the church has been painted. The church grounds have been graded and curbing and sidewalks are being constructed. All of the work will not be completed due to the difficulty of getting labor. However, the building and grounds will be greatly improved. The improvements are taking place under the direction of the Grant Methodist Women's Society of Christian Service.

Many friends and former residents of the Grant community have given liberally to help fix up the home church. Almost \$200.00 have been sent in by people who formerly attended the church. A lovely picture of Christ overlooking Jerusalem has been presented by a former resident and an American flag by another former resident. The program of the day will be as follows: The regular services

LOCALS

Pulpit Candidate—

Rev. Walter Gregg Pitkin of Howe, Indiana, candidate for the pulpit, will preach in the Presbyterian Church next Sunday morning, August 23. A good representation of the church attendants is desired by the officials.

Carl Hartley Writes—

Mr. and Mrs. Jay Hartley, parents of Private Carl D. Hartley, who enlisted and was sent to San Diego, California, late in April, recently received the first news they had had from him in four weeks. "I have arrived safely at my destination beyond the seas," he wrote.

Clare Ballagh to California—

Second Lieutenant Clare Ballagh came from Miami, Florida, to spend a five-day furlough with his parents, Mr. and Mrs. William Ballagh, of Sheridan Township. He has been studying for three months in Miami and left here Wednesday, August 12 for an Air Corps base in California.

Candidate Smith Speaks Here—

The first speech of the campaign season was delivered here Tuesday afternoon by Gerald L. K. Smith, radio orator, who discussed political issues at an open-air meeting. Mr. Smith is a candidate for the Republican nomination for United States senator. An audience estimated around 200 paid close attention to Mr. Smith's address.

County Salvage Committee—

The following people are the official members of the Tuscola County Salvage Committee: John Sheridan, chairman, Caro; B. H. McComb, Caro; R. D. Keating, Cass City; Jesse Treiber, Unionville; James Gallery, Caro; Harry Burns, Millington; Rev. S. T. Bottrell, Millington; George Beith, Caro; Norris W. Wilber, Caro.

Henry Paul Is 80—

Henry Paul celebrated his 80th birthday Sunday, August 16, quietly at his home, two miles south of town. Mr. Paul, despite his advanced age, is at work on his 80-acre farm every day and because of the shortage of help this year cut 10 acres of wheat with a binder and put it into his barn himself. Henry Paul was born in Grey County, Ontario, August 16, 1862, and came to the farm where he still lives when he was 14 years of age. On March 31, 1920, he married Miss Ellen Jane Welsh. Clear of memory, Mr. Paul can recall dates and events with ease, and in his congenial manner can exchange modern banter with lightness. He does all his own chores about the farm as well as most of the farm work. One outstanding feature of both Mr. and Mrs. Paul is that they enjoy sharing their blessings with others.

THE LONG "U" AGAIN

Kansas City: Please send a rhymogram to the broadcaster who has just discovered the long "u" (yoo) and insists on using it in the wrong words. It's pathetic, really.—Mrs. E. D.

Answer: Thank you for a splendid suggestion.

RHYM-O-GRAM

Facsimile Q. Boxtop prides himself on perfect "diction." And like a hawk he eyes his P's and Q's.

And to the mike he proudly strides, serene in the conviction That faultlessly he voices his long "u's."

But hear him speak of "afternoon." Although no "u" is in it; And Webster tells us noon must rhyme with moon.

"The fort is doomed, surrender is expected any minute." But doom must have the "oo" sound as in boon.

"And overhead the skies are blyoo," A very common blunder Which Boxtop makes when reading lines poetic.

But Webster says that blue is "bloo."

Now is it any wonder That listeners are growing apathetic?

Missouri Quail Population Rises
The quail population in Missouri has increased more than a bird per square mile in a single year, the Missouri Conservation Commission announces. This claim is based upon a late-winter census just completed on 208 sample mile-square areas in which all sections of the state were proportionately represented. A 1942 average of 19.87 birds per square mile was revealed as compared with 18.64 for 1941.

Goats Plague in National Park
Goats have become a plague in the national park of Mount Egmont, one of New Zealand's volcanoes. Eight hundred were shot in the last year. The plague was started when settlers liberated the animals several years ago, according to Auckland reports.

GAGETOWN NEWS

Marcell Biondell received a broken leg and bruises on Saturday afternoon when the team he was driving became frightened at the waving red flags on a passing gravel truck. He was thrown to the ground causing a compound fracture. Mr. Biondell was taken to the Morris Hospital at Cass City.

The Gagetown post office has received a consignment of "v" envelopes to be used for sending letters to men overseas from which photostatic copies are made. The photostatic letters are then mailed instead of the original.

Mrs. William Fournier attended the funeral of Mrs. Marshall Southern, 43, Monday, August 10, at St. Phillips' Church. Burial was made in Holy Sepulchre Cemetery. Mrs. Southern was Clara Fournier, sister of William Fournier.

Born to Mr. and Mrs. Sanford Powell at Morris Hospital, Cass City, an 8½ pound son August 14. They named him Sanford Wayne.

Edward Dickson, son, Vincent, and daughter, Margaret Mary, and Mrs. N. O. Higgs of Detroit spent Thursday and Friday of last week with Mr. and Mrs. William Comment.

Mr. and Mrs. Patrick Kehoe, Sr., spent the past week in Pontiac with Mr. and Mrs. Frank O'Neill and on a trip South.

Mr. and Mrs. Clarence Lobsinger of Wayne were Sunday guests of Mr. and Mrs. Fred Kinyon.

Mr. and Mrs. Emmet Phelan and family of Detroit spent Sunday with James J. Phelan.

Mr. and Mrs. Martin Freeman of Saginaw visited Mr. and Mrs. George Rocheleau Sunday and Monday.

Mrs. Charles Sellers of Richmond called on her sister, Miss Edith Miller, Thursday on her way to her cottage at Rose Island.

Miss Harriet Russell is visiting her aunt, Mrs. Percy Sharrock, of Detroit this week.

Mrs. Harry Densmore has as her guest her mother, Mrs. Mary Taverner, of Quincass.

Donald C. Anker and Pauline Aleksink of Elmwood Township are among the 44 honor students to

Oak Bluff Breezes.

This week the colony boasts a distinguished visitor and pioneer member of what used to be the younger set, Miss Ruth E. Houston, sister and guest of Mary Houston McDonald. Ruth, who used to be noted for her athletic accomplishments and daring, still has the venturesome spirit. Professor of Health Education, Director of College Gymnasium at State Teachers' College, Buffalo, N. Y., and world traveler, she is also a writer of some note. In 1937 her book, "Modern Trends in Physical Education Facilities" was given an honor award by the American Academy of Physical Education for creative work because of the manner of presentation of the material, the artistic quality of photographs, and beauty of description. Miss Houston took the photographs herself, many of which were real works of art. On Friday evening, she spoke on "Customs and Costumes of the Far East," at the Methodist Church and showed many costumes and beautiful materials of the Far East. Her talk was extremely interesting and she told of many thrills experienced in lands then involved in war as her last trip was made in 1940. Ruth told us that she felt her extensive traveling had been due in great part to the fact that she was a dreamer of dreams, but no dream of her youth could have seemed so impossible as that she would actually after years be back at Oak Bluff sharing her pleasures with old friends. Needless to say her friends have more than enjoyed her short visit.

After a week's absence, Mr. and Mrs. C. R. Wilson returned Saturday evening and Mrs. Wilson is remaining for the remainder of August.

Mr. and Mrs. J. E. Wurm gave a showing Sunday evening of their Mexican pictures for some of the friends who had not before seen them.

Mrs. Todd returned from Grosse Pointe Farms on Thursday, accompanied by her house guest, Mrs. Harold Fletcher, and on Saturday the husbands arrived to stay until Monday.

Jean McKenzie Shaw and her two daughters, Mary Ann and Sandra, came Monday to visit their aunts, Mrs. A. J. Knapp and Mrs. A. A. Hitchcock.

Mrs. G. H. Burke gave a tea on Monday afternoon honoring Miss Ruth Houston, who generously showed a fine collection of photographs which gave a very good idea of her last world tour.

There is still much activity around the Sandham cottage with carpenters and other workmen on the job and this week relatives from Detroit.

Bathing for the past two weeks has been the most popular pastime and the sand beach with its umbrellas begins to look quite like a real resort.

Museums in Holland
Holland has probably more museums per square mile than any other country. From large institutions to small collections, the museums can be found in small villages, churches, almshouses, hospitals, schools, town halls and private homes—but even private collections must be open to the public, or they are not classified as museums.

DARING YOUNG MAN

George Conklin, a well-known menagerie superintendent, once interviewed a Negro who was anxious to be an animal trainer. Conklin, famed as the first man to put his head in a lion's mouth, eyed the applicant somewhat quizzically.

"How do you get along with lions?" he asked.

"I ain't afraid of dem, boss," said the colored man.

"Well," said the superintendent, "we need a man to put his head into a lion's mouth. Come along and I'll show you how it's done."

Picking out the most ferocious looking animal on the lot, Conklin entered its cage and put his head between the shiny teeth, then withdrew it.

"Now you try it," he said.

"Sure," said the applicant, stepping forward swiftly. Then he hesitated; a puzzled look came into his face. "Suppose," he stammered, "just suppose that lion should close his mouth. Den what?"

"In that case," said Conklin, "you can have the rest of the day off."

CHATTERBOX

Mrs. Nagg—I've talked to you till I'm tired, and what good does it do? Mr. Nagg—None! You talk just as much as ever.

A Good Example

An office boy dashed into his employer's office and asked loudly if he might go to the baseball game.

Startled, the employer looked up. "That is no way to ask permission," he said. "Let me give you a lesson in etiquette. I will go out and act your part. You sit at my desk and make believe you are the boss."

The youngster sat down and the man left the office. Presently he knocked on the door. The boy told him to come in.

"The employer entered, noiselessly. 'I wonder, sir,' he asked, meekly, 'if you would be so kind as to let me have the afternoon off? I want very much to see a baseball game.'"

The youngster looked up, grinning broadly. "Why certainly!" he exclaimed. "And here's a dollar to have some fun with!"

County Cork

Turning round a corner rather too quickly, a taxi ran into a tradesman's cart, upsetting it and scattering its contents all over the road.

Promptly a policeman appeared, and began taking particulars.

"What's your name?" he asked the taxi-driver.

"Michael O'Brien."

"Indeed, and that's my name, too! What part of O'Brien do ye come from?"

"Cork."

"Cork, is it? Sure, just wait you there a bit while I go over and charge that careless fellow with backing into you."

DOESN'T GET IT

"He speaks seven different languages."

"Yes, but nobody takes much interest to what he says in any of them."

As They Say

As a member of an amateur dramatic company had fallen ill, a substitute was sought at the last moment. He had only six words to say: "I see a sheet of flame," and he soon learned them.

When the night came, he was full of confidence until he was actually facing the audience. Then he lost his nerve.

"I flee a shate," he began; "I flee a sheet—I flee a sheet—I flee—Oh, the blinking house is on fire!"

Dog House

Heck—What were you and your wife quarrelling about?

Peck—Well, she said a certain girl was beautiful, and I made the mistake of agreeing with her.

Small Fry

"Sammy, tell mama that papa will be detained at the office tonight."

"All right, pop, but I'll hafta git up a new one for you. Ma's gittin' wise."

Wise Words

There is some place Where you will fit; Go seek it out And do your bit.

Age Limit

"Girls will be girls."

"Yes, there seems to be no age limit which applies to that description."

C-A-T

Said Billie, "Teacher is a boob, And I am sure of that. Today she asked me how to spell A simple word like cat."

Costly

Gladys—Was the bracelet Charlie gave you set with precious stones? Dorothy—Yes, precious few.

RESCUE.

Celebrated 23rd Birthday at Honolulu.

Pfc. Perry E. Mellendorf wrote his mother, Mrs. DeEtte J. Mellendorf, that he went to Honolulu on his birthday which was August 5, and said he was going again when he got another pass. He received her letter with the birthday card on August 4 and also received two more letters from his mother at the same time. His mother mailed the birthday card on Tuesday, July 28. It took just a week to travel 5,500 miles. The letter was sent by air mail.

Out for Defense.

Bess, the 12-year-old cow owned by Mrs. DeEtte J. Mellendorf, gave birth Monday to a pair of twin calves, both of normal size. One was a heifer calf and the other a bull calf. The mother, Bess, has some time looking after her twins. One night she came up from the pasture field with one calf. Later she went back to the field and brought up the other calf with her.

Washing Machine's Value
Keeping the washing machine clean and free from strain now is just as important as keeping the clothes white. A washing machine's value to the family now goes beyond the fact that it turns out a snow-white wash with a minimum amount of labor on a homemaker's part. It may be the last one for a while, since manufacturers of washing machines are now making war equipment.

Garage Your Car
It Will Last Longer

By this time nearly every person knows how hard it is to buy a new tire or automobile. But you can make your car last for a long time if you keep it in a good GARAGE. If you will drop in at Building Headquarters, we will show you how little it will cost to build a good garage.

If your car is out under that "Sky Blue Roofing," it will not last very long. Invest in a garage and save.

The Black River
The Rio Negro or Black River is an excellent name for this river whose waters are as black as coal. It is a tributary of the Amazon and is more than a thousand miles long. The Amazon is yellow and it is a strange sight to see this mighty river with a black streak running through it. The difference in color comes from the soil through which each of these two rivers flows.

No Coal in Brazil
Brazil is blessed with every important mineral with the exception of coal.

Restaurants and Color
Psychologists have found that the noise and color which accompany our meals play a more important role than we realize. As a result, restaurant owners are catering almost as much to nerves these days as to appetites. It has been proven that customers actually order more when surrounded by walls painted a warm color than those painted one of the cold shades.

Like the cloud with the silver lining—

every dark lamp shade needs a

WHITE LINING!

Like a thirsty sponge soaking up water, a dark lamp shade absorbs light. The light from the bulb is "hidden under a bushel" instead of being thrown into the room where it can do some good. One way to correct this fault—and still make use of the offending shade—is to fit the shade with a white lining. This reflects more light into the room and may increase the efficiency of your lamp as much as 50 per cent.

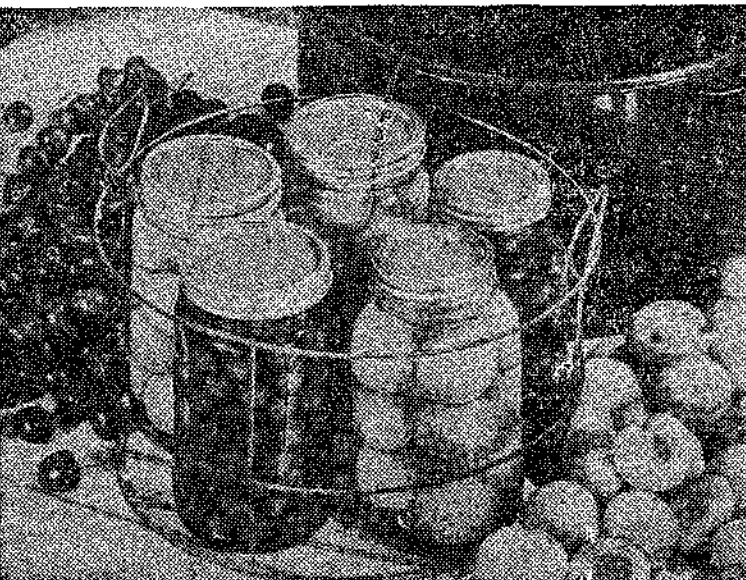

Another way to get all the light you pay for is to clean your bulbs and shades and fixtures frequently. Dust is insidious: It collects under shades, on reflector bowls, even inside enclosed glass fixtures, and cuts down the amount of light 10, 20, 30 per cent or more. Wipe off lamp bulbs, reflectors, etc., with a damp cloth, and dust your lamp shades inside and out.

Use the right size bulbs in your lamps and fixtures. Don't expect a small bulb to do a good lighting job when a larger bulb is needed. The light will be inadequate. Don't squeeze too big a bulb into a small lamp, either... the glaring light and harsh shadows are equally harmful. Try moving your lamps closer to the point of use, so that they shed their light more directly on your work.

White linings for shades are only one type of "light adaptor" equipment that makes it possible to modernize your lamps and fixtures easily and at low cost. There are many others in a variety of styles, all moderately priced... available at department stores, lighting fixture stores, and electrical dealers. (We do not sell this equipment.) Household Hints

Prepare for Winter With Delicious Canned Fruit
(See Recipes Below.)

Fruit Canning

Plan now to put up those fruits from the market or your victory garden while you can still capture their garden-freshness and summer sweetness. This year's canning will require more careful planning than ever before, for waste in the fruit itself, canning jars, rubbers or sugar is highly undesirable.

Chart your plans before embarking on the canning program. Consider first how much sugar you will have available, with the five pounds per person allotment for people who are canning. Plan this amount so it will do for the jams, jellies, preserves, and sugar syrups for fruit canning.

If possible, can in the early morning hours when you are rested and your mind free from too many other thoughts. You will then be able to follow recipes more carefully, to work with more energy and spirit. The day before you will, if you are the bright and alert homemaker, have gathered together your jars, washed them, bought necessary supplies of rubbers and covers and other equipment.

Bring out the preserving kettles and pressure cookers, too. See that they are well scoured, that you have the racks, petcocks, pressure gauge, and steam-tight cover on the pressure cooker well in order.

A hot water bath is best for processing fruits because they are acid. They can safely be processed at high temperatures, and flavor and color are best. Oven canning is good also. For the hot water bath, use a large wash boiler or vessel with tight fitting cover. Fit this with a rack at least 1/2 inch from the bottom. Fill the rack with enough water to cover jars at least one inch over the top. Count the processing time as soon as water surrounding the jars begins to boil. There should be free circulation of water around jars.

For oven canning, set the temperature at 250 degrees. Set jars on a rack in the cold oven, however. Start counting time when the oven is switched or turned on. Do not allow the temperature ever to exceed 250 degrees as this causes liquid to boil away and evaporate.

In placing your jars in the oven, allow for free circulation of heat between them. Do not allow the jars to touch each other, as this will often cause breakage, and do not allow them to come in contact with the sides of the oven.

If liquid evaporates during the processing in the oven, do not fill the jars after you take them out. Some evaporation does not affect successful canning of the fruit.

The Sugar Question.

Fruit may be canned successfully without sugar or sugar syrup with water or fruit juice used in its place. Sugar, however, does mellow and ripen the fruit, giving it a better flavor. You might try making your fruit syrups for fruit canning less sweet than usual if you are short on sugar.

Honey may be used in place of sugar in making the sweet syrup, but the fruit will be somewhat more dark than if sugar is used and the fruit flavor will be intensified. Use honey for each cup of sugar in the substitution.

Lynn Says:

How many jars are you putting up of the fruits? Here's a guide to help you pick out jars:

Cherries: 9 baskets yield 2 pints pitted, 7 pints, if whole.
Peaches: 2 1/2 pounds (small basket) yields 1 quart.
Plums: 1 14-pound basket yields 25 pints.
Strawberries: 1 crate yields 26 pints, if canned whole; 31 (7 1/2-ounce) glasses of jam.

Whipped Fruit Gelatin Beverage

White corn syrup is another acceptable substitute, but since it is less sweet than sugar, substitute 1 1/2 cups of corn syrup for 1 cup of sugar.

Syrups to Use.

Thin syrups (No. 1) are used for small, soft fruits such as cherries and berries. Make the syrup by using three parts of water to one part of sugar.

Medium syrup (No. 2) does best by sour berries, acid fruits as cherries and rhubarb, and peaches. Boil two parts of water with one part of sugar.

Heavy syrup (No. 3) is prescribed for the large, sour fruits in which you desire extra sweetness. Measure one part water to one part sugar and bring to a boil.

Apples or Pears.

(Hot Pack)
Wash, pare, core uniform-sized apples and cut to desired sizes. (If fruit is to stand long enough to discolor, drop in to water which has been slightly salted, until ready to use.) Drain from brine. Boil 3 to 5 minutes in a medium syrup and pack into clean jars, filling with syrup to 1/2 inch of the top. Put on cap, screw band tight, process in hot water bath 25 minutes, or in the oven (at 250 degrees) 75 minutes. If using a pressure cooker, process at 5 pounds for 10 minutes.

(Open Kettle)
Select uniform fruit, wash, pare and core. Cut into halves or slices. Drop into boiling No. 1 syrup, and boil for 20 minutes. Pack into clean, hot, sterilized jars and seal tight.

(Open Kettle)
Select firm, ripe peaches. Peel or dip peaches in hot water, then in cold and slip off peel. Leave whole or cut in halves or slices. Boil 20 minutes in No. 2 or 3 syrup, and pack in clean, hot, sterilized jars. Seal tightly.

(Hot Pack)
Prepare as above, removing peel and pits. Precook for 3 minutes, then pack into clean jars and add syrup to within 1/2 inch of the top. Put on top, screw on firmly, and process in a hot water bath for 20 minutes, or in the pressure cooker for 10 minutes at 5 pounds, or in the oven (250 degrees) for 68 minutes.

(Hot Pack)
Use the same method and time as for peaches, except do not peel the fruit, merely prick the skins.

(Cold Pack)
Wash, stem and pack berries. Pack into clean jars and add No. 2 or 3 syrup. Put on cap, screw tightly. Process in hot water bath 20 minutes or in pressure cooker 8 minutes at 5 pounds or in the oven at 250 degrees for 68 minutes.

(Cold Pack)
Wash, stem and pit cherries, if desired. Pack into well cleaned jars, fill with No. 2 or 3 syrup depending on the sweetness desired. Put on cap and fasten tightly. Process 20 minutes in a hot water bath, 10 minutes in the pressure cooker at 5 pounds, or 68 minutes in a 250-degree oven.

If the directions for the fruit you desire to can are not given here, or if you have any query on other canning problems, write to Miss Lynn Chambers, explaining your problem to her. False Stories

There is little or no truth in the somewhat general belief that the wolverine habitually lies in wait in a tree for deer to pass, then drops on them, kills them and devours the carcass in one big meal. As a matter of fact, the wolverine rarely climbs, seldom attacks a full-grown deer and its appetite is not particularly large for an animal of its size.

On Sunday a potluck dinner, honoring the birthday of Frank Striffler, was enjoyed on the lawn at the Striffler home when those present besides Leonard and Miss Gertrude and their week-end guests were Mr. and Mrs. Frank Striffler, Mr. and Mrs. Earl Gooden, Mr. and Mrs. William McFarlane, Dr. and Mrs. Burke Arehart, daughter, Burke, all of Detroit; Mr. and Mrs. John Spangler, John Benkelman, Mrs. Samuel Benkelman, Mr. and Mrs. Joseph Benkelman, Mr. and Mrs. Fred Buehly, daughter, Miss Alice, Mr. and Mrs. Ben Schwieger.

What to Do

BY PHYLLIS BELMONT

Is it proper to thank one in person for sending convalescent cards and birthday cards?

Answer—No matter how small a favor a person does for you, it is polite to thank him. If you are apt to meet him in person you can wait until that meeting to extend your thanks. But if you won't meet him face to face, make a point of calling him and thanking him by telephone for any favor he has done, or drop him a short note to that effect.

There are many ungrateful people in the world who expect all sorts of favors, but never think of thanking their benefactors. There are people who ask for letters of introduction and reference when seeking employment who never return to tell whether they secured the position or not. These people are really ungrateful, and anyone who has had an experience with this type once, is not anxious to do a favor for them again.

These are for use only to the armed forces stationed outside Continental United States. Any one person is limited to three sheets in any one day. The government will make only the initial distribution of these forms and it is anticipated that stationery stores will have supplies on hand for purchase by the public. V-Mail service provides the most expeditious dispatch and reduces the weight of mail. When addressed to points where micro-film equipment is in operation, a miniature photographic negative of the message will be made and sent by the most expeditious form of transportation available for reproduction delivery.

Mr. and Mrs. Richard Froeber and son, Richard, of Saginaw were supper guests of Mrs. Leonard Buehly and Miss Elsie Buehly on Tuesday evening. Miss Johanna Hommel, who had spent ten days with Cass City friends, returned to her home in Saginaw with them. Mr. Froeber is a cousin of Miss Hommel.

Jay Hartley contributes to the Chronicle window display of curios three eggs which he found in one nest of his poultry house. One is the size of a navy bean, another as small as a marble, and the third the size of a small walnut. Selling eggs by weight would not yield Mr. Hartley much money on this trio, neither would any one of them prove much of an inducement as a nest egg example.

Acres Factor in Foodstuffs
One hundred acres of potatoes are estimated to produce food enough to maintain 418 persons for a year, whereas only half as many people could be maintained on wheat from the same acreage.

Brass Curtain Fixtures
There are 50 shots at the enemy in a set of brass curtain fixtures, the metal they contain would produce that many cartridges for a soldier's rifle.

Jap isn't handy, we'll take the next best thing at home."

"Greater Danger in Sabotage."
April 3—"While enemy bombing raids by airplanes are expected to be made against Michigan military centers, such as St. Mary's River locks at Sault Ste. Marie, the Willow Run bomber plant near Ypsilanti and the Chrysler tank plant in Macomb County, a greater danger lurks in the possibility of disastrous sabotage being committed by a handful of enemy agents. Most of them would be emigrants or American-born citizens, Quislings to the cause of the United Nations."

If Germany Triumphs in Russia.
May 29—"If the Germans triumph in Russia, seize the Suez or take over the French fleet, the Michigan transportation problem would be very insignificant, wouldn't it? And so would everything else, for that matter. Never in history has the fate of free peoples hinged on the outcome of events so world-wide in their cataclysmic effect."

"Worst Beating in History."
June 18—"The biggest problem on the Michigan home front, according to a high ranking army official in an off the record talk in Detroit last week, is a widespread over-optimism by the public that the war will be over in six months. 'The truth is this (quoting the army officer): In six months' time we have taken the worst beating in our nation's history. We're not ready yet to do any major fighting. Our war plants will not be in full production for many months to come. The public is being deluded if it expects anything but a long, long war with great sacrifice. We should face the facts: The situation is very serious.'"

"We Can Lose It."
July 23—"The war isn't won yet. In fact, we can lose it on the home front—unless management and labor produce more and more airplanes and tanks and other urgently needed arms for our Yanks and our hard-pressed Allies who, incidentally, are doing most of the fighting for us until we are ready to hold our own."

GRANT METHODIST CHURCH OBSERVES ITS GOLDEN ANNIVERSARY

Concluded from first page.
will take place in the morning according to the usual procedure on Sundays. Sunday School will take place at 10:30 a. m., under the leadership of Clark Sowdan, the Sunday School superintendent. Morning worship will be held at 11:30 and Rev. Marcus MacIntosh of LaHarpe, Kansas, will preach. Mr. MacIntosh spent his boyhood in the Grant community and attended the Grant Methodist Church. At 1:00 p. m., there will be a basket lunch. Each family is to bring food. After the lunch is over, a special program will be given. The Rev. Arthur Tingle of Avoca, who was a former pastor of the church, is to be the principal speaker. Mrs. Enoch Turner, one of the charter members of the Grant Methodist Church, will read the history and special music will be provided by present members of the church. After the program there will be an opportunity for old friends to get together and talk over old times. The Methodist Youth Fellowship will meet in the evening as usual at 7:45.

Everyone is invited to attend the Grant Methodist Golden Anniversary.

TUSCOLA HAS THREE FATAL ACCIDENTS WITHIN A WEEK

Be Careful With Lights
When blackouts are called, everyone must be careful with candles, lamps, and lanterns to prevent fires, warn agricultural engineers. Flashlights are safer for moving about, and it is wise to have an extra set of cells and a replacement bulb on hand.

Sub-Machine Gun
The steel that goes into a single sewing machine will make a high explosive shell for a 75-mm. field howitzer and the steel in two large outboard motors would make a sub-machine gun.

Gold in Sheep's Head
While stirring a stew of sheep's head, a housewife of Cardiff, Wales, struck gold. Closer examination showed layers of fine gold on the sheep's lower teeth. The butcher told her that the sheep came from a flock which had grazed on Llani-shen gold links, and suggested that a lost gold ring might have been the origin of the lucky strike.

Throw your scrap into the fight.

No Active TB in Twelve Tuscola Residents Examined

Among the 12 Tuscola County residents X-rayed in Sandusky on June 12, no active, contagious tuberculosis was found. As part of the work of tuberculosis Christmas seals, this was the second X-ray clinic for Tuscola this year, sponsored by the Michigan Tuberculosis Association.

The X-ray films from this county showed one "arrested case"—a person who had had the disease and recovered and one suspect case.

In the first five months of this year, 2,176 new cases of tuberculosis were reported to the Michigan Department of Health. The disease is curable in the early stages, yet it continues to kill more persons between 15 and 45 years of age, than any other disease. Tuberculosis is particularly difficult to fight because it shows no symptoms in the early stages. All of the classic symptoms—coughing, spitting blood, loss of weight—are really signs of advanced disease. Only a thorough physical examination accompanied by tuberculin test and chest X-ray can discover the presence of early tuberculosis.

Genevieve Russell Is First Class Girl Scout

(By Girl Scout Reporter).
Genevieve Russell became a first class Girl Scout at a recent meeting of the local organization. She completed her second class requirements some time ago. Genevieve seems an ideal Girl Scout. She always takes part in the games and is interested in badge work.

In order to complete the second class rank, a Girl Scout must do

one requirement from one badge from the ten different fields. To complete first class, she must do ten badges, one from each field. She must also do one complete field, or if the fields are on the same order, this may be combined. This is called a major. Genevieve has chosen out-of-doors and sports or games. The highest award is the curved bar which Genevieve is working on now. A girl must do another major or four badges to receive a curved bar. To receive these awards involves much work. Genevieve deserves a great deal of credit.

MICHIGAN GOVERNOR TO ATTEND COUNTY FAIR SATURDAY

Concluded from page one.
furloughs if possible during fair week. The Tuscola County Farm Bureau board of directors, at a recent meeting, decided to cooperate in enhancing the county fair, August 24 to 29, by arranging a display booth in the Merchants' Building. The committee members appointed for the task are: Mrs. Otto Monte and Mrs. Milton Bender, Fairgrove; Mrs. William Rolphs and Mrs. Lincoln Horst, Akron; Mrs. Clarence

Lindenburg, Mrs. Arthur Schaefer, George Bitzer and Jesse Trieber, Unionville. The committee met at the Lincoln Horst home Tuesday evening to make plans for the booth. Some member of the board will be in charge of the booth each day, ready to give necessary information.

Save your WASTE FATS to make explosives

You can serve in a very large measure by a very small effort on your part. All you have to do is to bring in waste fats and grease to our market and receive 4 cents per pound.

1. The need is urgent. War in the Pacific has greatly reduced our supply of vegetable fats from the Far East. It is necessary to find substitutes for them. Moreover, fats make glycerine. And glycerine makes explosives for us and our allies—explosives to down Axis planes, stop their tanks, sink their ships. Millions of pounds of glycerine are needed and housewives can help supply them.
2. Don't throw away a single drop of used cooking fat—bacon grease, meat drippings, frying fats—every kind you use. After you've got all the cooking good from them, pour them through a kitchen strainer into a clean, wide-mouthed can. Keep in a cool, dark place. Please don't use glass containers or paper bags.
3. Take them to our market when you've saved a pound or more. We will pay you for your waste fats and get them started on their way to the war industries. It will help if you can deliver your fats early in the week.

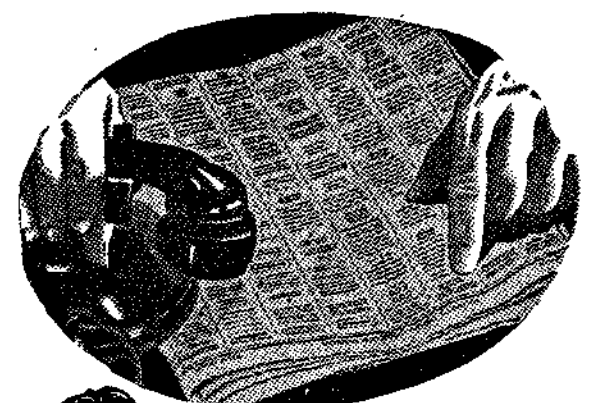

FOUR THINGS NOT TO DO

1. Don't bring less than one pound at a time.
2. Don't bring your fats in glass containers or paper bags.
3. Don't let fats stand so long that they become rancid. If they do, the glycerine content is reduced.
4. Don't bring your fats on week-ends if you can avoid it. Help us by returning them early in the week.

WEEKLY NEWS ANALYSIS

Japs' Asiatic Time-Table Delayed by U. S. Offensive in Southwest Pacific; Yank Air Force Now Active in Europe; Russians Continue Caucasus Retreat

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.) Released by Western Newspaper Union.

SOLOMON ISLANDS: Marines Landed

The marines had landed. The Jap-infested Solomon Islands northeast of Australia were the site. After seven days of savage fighting, the marines were reported consolidating their positions on three key islands—Tulagi, Florida and Guadalcanal. Key prize on Tulagi, aside from its

VICE ADMIRAL GHORMLEY He unleashed Devil Dogs.

harbor, was an airbase in the mountains, said to be the best in that war sector.

The effectiveness of the entire offensive was indicated by a communique from General MacArthur's headquarters in Australia which reported that the marines had captured a Japanese airfield on Guadalcanal island.

Intent on India and massing strength along the Siberian frontier, the Japanese command did not like the idea of an American offensive in the Solomons. An offensive it was, however, with the intent of regaining lost territory, cutting a wedge into Japanese supply lines and carrying the fight to the enemy.

The marines were only a part of the attacking task force under command of Vice Admiral Robert L. Ghormley. They performed the necessary landing and cross-country fighting operations. But back of them was stout naval power and strong air forces which gave the Yankees a superiority the Japs had hitherto held.

U. S. AIR FORCE: Active in Europe

The long-awaited entry of American fighting planes on a large scale into the European air war took place when U. S. fighting craft engaged in 31 operational sorties.

This baptism was regarded as a forerunner of the time when the sky above Germany would be filled with destruction-laden American planes.

In the initial operations, United States fighter squadrons flying in conjunction with Royal Air Force units made three flights over the French coast. Twenty other aerial missions were over the sea and eight were interception sorties off the coast of England, according to a communique of the United States European headquarters.

Meanwhile the RAF's assaults on German industrial centers continued with another blistering attack on Mainz in which high explosives and incendiaries were again rained down. The effectiveness of the British air blitz was attested by Dr. Joseph Goebbels, German minister of propaganda, who admitted that Germany is suffering "painful wounds" from the RAF's summer offensive, in an article for "Das Reich."

NAVY: Policy Board Reshaped

Two sea dogs grown gray in their country's service were added to the navy general board, when Secretary Frank Knox announced a reorganization of the committee. They were Admiral Arthur J. Heppburn, retired, who was named chairman of the board, and Admiral Thomas C. Hart, retired, former commander-in-chief of the Asiatic fleet.

The board's functions are to advise the secretary on matters of policy. The navy said the board's duties and responsibilities had greatly increased since America's entry into the war and that the reorganization brought to the board officers well qualified to deal with vital problems arising out of the war.

FARM INCOME: Ahead of HCL

Increases in farm income have thus far been able to outrun rises in the cost of living, it was disclosed in a department of agriculture survey which showed that while net income of farm families averaged 46 per cent higher in 1941 and in the first three months of 1942 than in the comparable period in 1935-36, living costs had increased approximately one-third. Thus income outstripped the rise in living costs.

RUSSIA: Cossacks No Barrier

The emphasis which Russian communiques placed on "saber-bearing Cossacks" suggested that the Red forces in the Caucasus lacked the heavy tank and armored equipment with which Nazi advances had previously been repelled.

The appearance of new geographic names in the communiques—Cherkess, Kotelnikovsk, Krasnodor and Maikop—indicated the rapidity with which the German steamroller had been able to flatten out Russian resistance and move on to new objectives.

There was no doubt that Russia needed a second front and knew it. A Soviet communique acknowledged that one swift thrust had brought the Nazis to Mineralnye Vody, only 140 miles as the crow flies from the oil wells of Grozny.

But things were not completely hopeless. While the Germans had seized some oil in the Maikop area of the Caucasus, the big prize was still out of their reach. Between them and Baku rose the barrier of the Caucasus mountains. Moreover, Marshal Timoshenko's forces were contesting every mile of advance stubbornly.

In an area north of the Caucasus the Russian position was grave, for Stalingrad, industrial city of the Volga, was menaced by a Nazi pincer movement from the Kletska area on the north and the Kotelnikovsk sector in the south.

INDIA: Gandhi Spins

As Mohandas K. Gandhi worked at his spinning wheel in his sumptuous prison in the Aga Khan's palace, the harvest of his passive resistance campaign against the British was a series of bloody riots that spread to the far corners of India.

Madras, heart of India's war industries, populous Bombay, Wardha in the central provinces and Madras in the far south had been the scenes of outbreaks, despite official threats of death and flogging for all who took part in the revolution. That the British had the situation well in hand was indicated by the fact that the disorders were sporadic and confined to big cities, whereas the countryside was virtually unaffected.

Meanwhile in Washington, the state department made it clear that American military forces in India had been ordered to "exercise scrupulous care to avoid the slightest participation in India's internal political problems." A statement explained that "The sole purpose of the American forces in India is to prosecute war of the United Nations against the Axis powers."

PRIMARIES: Triumphant Fish

As political wisecracks examined the results of primary elections in five states, one conclusion emerged. Isolationism was apparently fading

HAMILTON FISH "... prewar issues were sunk."

out of the picture as a prime political issue.

Outstanding example of this trend was the result in President Roosevelt's home bailiwick, Dutchess county, New York, where Congressman Hamilton Fish, prewar critic of the President's foreign policy, won renomination by a three-to-one ratio. Informed of his success, Fish said: "Prewar issues were sunk at Pearl Harbor."

While results appeared contradictory in other states, the trend seemed to be running in this direction. Although Democratic voters defeated two prewar opponents of the administration's foreign policy in other states, these defeats were attributed by most observers to local dissatisfaction rather than emphasis on national issues. The defeated candidates in this case were Representatives Martin Sweeney of Ohio and Harry B. Coffee of Nebraska. Both were veterans in point of service in the House.

ALEUTIANS: Japs Pay Dearly

Japan was paying a high price for the occupation of three western Aleutian islands. That was evident when a navy communique disclosed that 21 Jap ships had been sunk or damaged, an undetermined number of airplanes lost and important shore installations had been blasted since the invasion was first undertaken.

Latest exploit was a surprise attack by an American task force on Kiska harbor. Caught unawares, the Japs replied to the first American shells with anti-aircraft fire. In the raid, the navy said, shore batteries were silenced by cruisers and destroyers, fires started in the enemy camp area, a cargo ship apparently sunk and "the only resistance encountered was from aircraft."

Kiska is the Japs' main base in the Aleutians, although the Nipponese have also occupied Attu and Agattu, at the tip of the island chain.

WAR SITUATION: Realism Required

Examining the war situation with cold realism, Senator Millard E. Tydings, ranking majority member of the senate naval affairs committee, warned that a United Nations victory cannot be expected before 1944 at the earliest. And, added the Maryland senator, the sooner the American people realize what lies ahead, the better off the United States will be.

"It ought to be perfectly obvious to any one that, barring some wholly unforeseen and unpredictable event," he said, in a radio broadcast, "there is not a chance for this war ending in 1942, and little chance for it to end before 1944 at the earliest, unless, of course, the United Nations are willing to submit to a Hitler-dictated peace."

Senator Tydings said it is useless to hope for a revolt of the German people against the Nazi.

"It is well to remember that the German people, whether Nazi or

SENATOR TYDINGS "... 1944 at the earliest."

non-Nazi, have been winning almost constantly ever since the war started. The sooner we realize the grimness and gigantic size of the task ahead, the sooner we will have a complete comprehension of the great demands needed in blood and treasure."

DOCTORS: Getting Scarcer

Mounting needs for doctors in the armed services will make necessary a speeding up of medical training and an expansion of their practice by physicians remaining in civilian life.

This was made evident when statistics released in Washington showed that the country has 60,000 doctors, whereas needs for military and civilian functions will require 140,000 physicians. As a result of this situation, selective service headquarters said local boards had already begun to reclassify physicians who can be spared from civilian service.

For every 1,000,000 men in the army, approximately 6,000 doctors are required. The navy's needs are 6,500 physicians to every 1,000,000 men. President Roosevelt's recent statement that 4,000,000 men are already under arms indicates that 24,000 doctors are needed for military service. The army recently declared it will need 20,000 more by the end of the year.

MISCELLANY:

LONDON: Soil that had not been cultivated for almost 2,000 years has been reclaimed for wartime food production in Britain, Lord Woolton, food minister, announced. This land, which is producing oats, wheat and potatoes, has not been in crop since the days the Romans moved through the district.

WASHINGTON: Senator Henry Cabot Lodge Jr. suggested that gasoline rations for politicians be cut so that traveling salesmen in eastern states could have more motor fuel. Lodge asserted that the recent gasoline rationing order deprived salesmen of adequate gasoline and was "destroying their livelihood."

MEXICO CITY: The Mexican government gave the screen actor, Ramon Navarro, permission to enlist in the United States army without losing his Mexican citizenship, it was announced here.

Brave Convicts Save Town Fighting a fire until they were about to drop from exhaustion and heat, convicts saved the settlement of Mannus, Australia, from destruction. A bush blaze, at one time stretching 12 miles across the country, approached within 50 feet of the post office.

SIXTY-FIRST ANNUAL TUSCOLA COUNTY FAIR AT CARO Six Days and Nights August 24-29

100 Performers Present Dazzling Night Show A GLITTERING PARADE OF FEMININITY

It takes a lot of dancing girls to fill the giant stage of the new Latin-American musical show, "Americonga," coming to the Caro Fair during every night of its 1942 dates, starting August 24, and continuing through August 29.

The reputation the musical revues have made in former years at the fair is a guarantee to this year's visitors that they will see a performance of the same high standard. Everything is new, bright and timely—it is, in fact, 1942's smartest summer entertainment—ashow for a victory-conscious people.

Representing as it does, a scene in South America, "Americonga" is unique in outdoor shows this year. Much of the action revolves around a Latin-American theme, and there is a rousing finale in which a thrilling tribute is paid our Allies.

State Fair Premiums Offered

Tuscola County Fair will award State Fair premiums to exhibitors of Hereford cattle in the livestock department. This premium money totals \$1,200 and will bring Michigan's finest Hereford cattle. At the left is Monita Domine C. F. from the herd of Crapo Farm, Swartz Creek, one of the prize animals to be shown in this class. Other Hereford exhibitors to compete for the State Fair premiums are Leslie Smith, Cass City; Hi-Point Farm, Romeo; Wakefield, of Kinde; and others.

FRANK COLBY
BORN—BORNE

This week's Slip o' the Tongue: "Her sorrows were born in silence." No. Best usage restricts BORN to the meaning of "having been given birth to." Better say: Her sorrows were borne in silence.

Wrong: "He was born in California." This is a common error. Do not add -ed to born to form a past tense, for born itself is the past participle of the verb "to bear," as also is borne. Better say: He was born in California.

Wrong: "She was born by a mother of Spanish blood." No. When followed by the word "by," the correct form to use is "borne." Therefore, She was borne by a mother of Spanish blood.

Note. Born and borne are pronounced differently. The vowel sound of born is the "aw" as heard in corn, horn, morn. Say: bawrn. The vowel sound of borne is "oe" as in hoe, roe, toe. Say: boern.

What's wrong with this sentence: "I have already drank the water"? Drink is an irregular verb that is conjugated thus: drink, drank, drunk. Drunk is the correct past participle, and one should say: I have already drunk the water. Also, one may properly say: I drank the water a moment ago.

Typewriter: Not a bad idea, at that. A Los Angeles newspaper reports that "The Mexican government will establish, at the seaport of Mazatlan, an internment camp for Japanese!"

HERCULES BEETLE FROM NEW GUINEA.

A moth that communicates by wireless and flies on a beam like a plant—a beetle, half insect and half flowering plant—butterflies that are brought down with shotguns—a beetle that can knock a man down—moths that fly 200 miles per hour—the largest butterflies in the world with a ten-inch wing span—spiders that feed on mice and birds—these are some of the believe-it-or-not items in the insect collection of James F. May that go on exhibition at the Caro Fair this year.

Flying 80 to 40 miles per hour, the half-pound Hercules beetle can knock down a man. The most deadly insect in the collection is the giant nine-inch scorpion, with claws like a crab and a poisonous stinger. The cacades from China actually blooms during one stage of its development. For the last ten years, Mr. May has been assisted by his son, John. The exhibits have recently returned from a tour of Canada and will be at the Caro Fair.

A Quick Wash

Give last year's bathing suits and bathing trunks a quick wash in cool sudsy water before their first wearing. This removes the odor of the moth repellent and the mustiness which comes from being stored in airtight containers. Also, it provides assurance that the suit is really clean before it touches one's skin.

Wash your hair in rain water if you live in the "hard water" districts. Work up a grand lather with a pure soap. Massage the lather into the scalp. Rinse again and again. Hand-dry the hair; sun it thoroughly and brush well. You can manage this rain drenched hair—it will be soft, lustrous and lovely!

DEATHS

Thomas S. Nicol.

Thomas S. Nicol, 70, who has lived all his life in Greenleaf Township, Sanilac County, passed away at his home, eight miles east and three-quarters mile south of Cass City, on Tuesday, August 18. Mr. Nicol has been in poor health for a long time but was seriously ill only a few days.

Funeral services will be held on Friday afternoon at two o'clock in the Nicol home and will be conducted by Rev. Willie Firth of Deckerville. Burial will be made in Elkland Cemetery.

Mr. Nicol was born August 11, 1872, in Greenleaf Township and was united in marriage with Miss Mary Beck of Florida, January 19, 1895. He was a member of the Methodist Church at Wickware.

The deceased is survived by his widow and three sons, Leland Nicol, Cass City; Earl Nicol, Detroit; Ernest Nicol, Marlette.

Mrs. Stanley Slimko.

Mrs. Stanley Slimko, 58, passed away Sunday morning, August 16, at her home, five miles south and two miles west of Cass City. Death was caused from a heart attack.

Funeral services were held at 10:00 a. m. Wednesday in St. Michael's Church at Wilmot. The Rev. Fr. Bozek of Sandusky officiated and burial was in the church cemetery.

Anna Borkowski was born in Detroit May 28, 1884, and came to Cass City eleven years ago from Detroit and has lived on the farm where she passed away since that time. She was a member of the Wilmot Catholic Church.

Anna Borkowski was married to Stanley Slimko August 22, 1905.

Mrs. Slimko is survived by her husband; three sons, Jack of Detroit, Edward and George at home; and four daughters, Miss Marguerite and Miss Mary Anne and Mrs. Harold Matteson, all of Detroit, and Mrs. Theresa Quick, Mt. Morris. She also leaves a sister, Mrs. Martha Koss, of Detroit and a brother, Anthony Borkowski, of Detroit.

What to Do

By PHYLLIS BELMONT

The first, and best rule to remember in your conversation is: "Don't speak until you think." You can avoid all sorts of complicated situations that way—you'll never contradict anyone with "you are wrong about that." Instead you will say, "Maybe what you say is true, but I think..."

It's best to avoid expressing definite opinions, particularly when strangers are present. Steer clear of politics and religious discussions or any other subject that can cause real controversy.

The best way to gain popularity is to keep your conversation on an equal basis with your listeners. Never be wittier, or cleverer than they are. Don't try to impress people with your importance.

What You Buy With
WAR BONDS

Winter flying jackets for both the Army and Navy Air Corps are regular equipment for our aviators. They cost from \$12 to \$18 and are made of horsehide leather lined with sheep shearing.

Purchase of one \$18.75 War Bond, for which you receive \$25 in 10 years, will pay for one of these jackets so necessary for our airmen flying at high altitudes and in northern climates. So you and your neighbors can do your bit by investing at least 10 percent of your salary every pay day in War Bonds to help pay the cost of this equipment for intrepid American flyers. Join the parade, and help top the War Bond quota in your county. U. S. Treasury Department

TIMID SOUL

A timid soul at a prize-fight put all his fears in his pocket and told the tough guy in front of him to stop bobbing up and down. The tough guy got very annoyed, and, turning round belligerently, said: "Whatta matter wi yuh? Yuh wanna fight?"

The timid soul considered a minute and then said: "I'll duel you."

The tough was startled, but decided to make the most of it.

"Okay," he said, "choose yuh weapons an' I'll duel yuh."

"Very well," the other answered. "Grammar, at twenty paces."

Wit's End

An old woman who had asked a policeman the best way to get to her destination was advised to take the 412 bus.

Later in the day the policeman found her still standing in the same place.

"What, haven't you got your bus yet?" he asked.

"It's all right, constable," said the cheerful old soul. "This one is the four hundredth, so it will only be twelve buses from now."

INDEFINITE

"I brought home four engagement rings to remind me of my vacation."

"One wedding ring would be a much more constant reminder."

Famous Firsts
In a certain golf club a very handsome trophy had been put up for a competition open to members who had never won a prize before. At the presentation of the prize, the winner, a very popular player, returned thanks.

"I think it is an excellent idea," he said, "this trophy for players who have never won a prize before, and to celebrate my victory in a fitting way, I want to stand drinks to everybody here who has never had a drink before!"

Sounding Off

A fellow got on a London bus with a hundred-pound bomb under his arm and sat down.

"What's that you've got on your lap?" asked the conductor.

"It's a delayed action bomb I'm taking to the police station," came the answer.

"Lumme," said the conductor. "you don't want to carry a thing like that on your lap. Put it under the seat!"

Subtle

A well-known Paris bookshop cleared all books from its windows and replaced them with enormous portraits of the two dictators, between which a very small volume of Victor Hugo's "Les Miserables" was put.

After several days the Germans discovered the "display" and closed the shop.

A Yard Wide

"It was so cold where we were," said the Arctic explorer, "that the candle-light froze and we couldn't blow it out."

"That's nothing," said his rival. "Where we were the words came out of our mouths in pieces of ice and we had to try them to see what we were talking about."

Well Dressed

Diner—Here, waiter, I've found a hook and eye in this chicken salad. How do you explain that?

Waiter—Oh, dat sah. Dat am part of de dressing, sah!

SELECTION

"Most persons seem to hate the business they are in."

"That would account for all the fellows who are trying to mind other people's business."

Vicious Circle

There was a pile of stones in the road and a lamp on the top of it. An old fellow was in charge.

"What's this lamp for?"

"So motorists can see the pile of stones."

"But what's the pile of stones for?"

"To put the lamp on, of course."

Once Over

Jack—I never saw a girl with such personality in her eyes. They positively talk.

Joe—I suppose when she feels like swearing she just gives a cursory glance.

Forewarned

Aunt Irma—When I was a child I was told if I made ugly faces I would stay that way.

Little Helen—Well, Auntie, you can't say you weren't warned.

Caught It

William—What did you catch when you played hooky from school and went fishing?

Jackie—A cold at the creek and a licking at home.
