

Tuscola Came Near January Bond Sales Quota

Six Communities in the County Oversold Shares Assigned to Them.

Tuscola County bond sales in January were within approximately \$6000 of the quota set for the month. The quota was \$133,000.00 and the sales reached \$127,088.00. The quota and sales in 13 communities for January are as follows:

Caro	\$47200.00	\$32787.50
Cass City	13800.00	22218.75

Total	\$133000.00	\$127088.00

Cass City, Unionville, Mayville, Akron, Kingston, and Silverwood all sold more than the quota assigned them, Kingston went "over the top" by \$7,344.75 over their allotment for January.

Cass City has consistently gone over the share assigned the community not only this month but for the last eight months. The average has been approximately 167% of the monthly quota, according to the records of Clarence Bougher, county bond sales chairman.

Readon Peirson of Flint, deputy state administrator of the War Savings Staff of the Treasury Department, addressed the high school assembly here last Thursday. He said the Cass City community might well hold its head high because of the fine record made month after month in bond sales and asked students to express to their parents his appreciation of their cooperation.

The February quota for Tuscola County is \$108,000, which is \$25,000 below that of January.

High School Skating Parties Furnish Fine Recreation

The success which attended Friday evening's skating party at the high school auditorium and the large number that attended seem to be the finest evidence that despite the war, recreation is a vital factor in home morale. An average of 100 attended the high school skating parties this winter. On Thursday night an adult party was held when no school children were permitted to attend, and on Friday afternoon the third and fourth grades used the skates and auditorium from three to five o'clock. The grades alternate in having parties.

On Friday evening from seven to eight o'clock the beginners meet and the regular high school party is held from eight to 11:30. The affairs are well planned. Willis Campbell has general charge, Dave

There's a selfish old mother who hoards antiques and a fussy guest and a bossy cook. And most of these people are worse than usual because they're panting after a legacy that Elizabeth has received. Having reached the breaking point, Elizabeth contracts a nice case of amnesia, in which

Well Known Novesta Farmer Died Thurs.

After several weeks of illness, George A. Martin passed away at his Novesta Township farm home early Thursday morning, Feb. 11. Funeral services will be conducted at the Martin farm home by Rev. W. H. Tirrell, pastor of the Deford Methodist Church, at 2:00 p. m. Sunday. Interment will be in Novesta Cemetery.

George A. Martin was born in Kenosha Township, St. Clair County, on Oct. 22, 1867, and was married on Dec. 31, 1888. Mr. and Mrs. Martin spent the first ten months of wedded life in Clyde Township, St. Clair Co., and in 1889 they came to Novesta and cleared the brush from 80 acres of wilderness to erect a home. They have spent 54 years on the Novesta farm which they improved and made a finely productive tract and on which they erected modern farm buildings.

Mr. Martin served his community as justice of the peace, school officer and township treasurer. He was a member of the Christian Science Church, for over 50 years has been associated with the Michigan Grange, was a honorary member of the Deford W. C. T. U., and served for many years as Chief Gleaner of Loyalty Arbor, A. O. O. G., at Deford.

Mr. Martin leaves his widow; one daughter, Mrs. John McLachlin, of Detroit; three grandchildren, two sisters, Mrs. John Dell of Detroit and Mrs. W. W. Snow of Sebastopol, California; and a brother, Rev. A. J. Martin of Higgamum, Conn. His daughter, Mrs. Earl L. Arnold, preceded her father in death on Dec. 19th last.

The Michigan food problem isn't the exclusive worry of farmers.

Far from it. It concerns every man, woman and child in the state. And furthermore, it is linked inexorably to the military demands imposed upon the United States for the "unconditional surrender" of the Nazi in Europe and of the Japanese in the Pacific. You can't separate the need of corn, or cattle, or anything else on the agricultural front from the needs of the United Nations on their fighting fronts today and tomorrow.

For an appreciation of the enormity of the food problem, we must first see in proper perspective the vastness of the war and its challenge to what we fondly call "the American way of life."

Louis P. Lochner, for 21 years an Associated Press correspondent at Berlin, provided such a perspective to an audience of 4,000 farmers at Michigan State College last week.

Lochner dissipated any complacency that the war will be over in 1943. He pictured the job ahead as long and costly.

The Nazis, he said, are prepared for possible revolution at home—a breakdown of the morale on the home front which preceded the Armistice in November, 1918. Machine gun nests in Berlin and other cities guard intersections of prominent streets and public squares.

"In my opinion, we must inflict a crushing military defeat upon Germany itself," he said. "This cannot be accomplished easily." Arrival of the Yanks in Africa Turn to page 6, please.

"Non Comprehends," Says Skotarczyk to Frenchman

The following are excerpts from a letter written by Karl Skotarczyk, somewhere in Africa, to Mr. and Mrs. A. H. Henderson of Novesta Township:

"I had another boat ride and I didn't get seasick. I guess I should have been a sailor. When I finished the boat ride I found myself somewhere in North Africa and arriving here is just like arriving in a strange world. There are different kinds of people that consist of Arabs, Negroes, and French, mostly Arabs, who are very poor. I never saw so many rags on a person that were supposed to represent clothes. They are a dark people, not dark enough to be called negroes and not white enough to be called white people. The country itself has a lot of orchards, orange trees and tangerines, and acres upon acres of grape vines. I've seen plenty of palm trees, cactus plants and olive trees. I have all the oranges I want to eat; in fact, I'm tired of eating them.

"About the hardest thing there is for me to do is trying to speak to some one here or understand them. A funny thing happened to me the other day. I was walking down the road and a French soldier met me and asked me for a cigarette so I gave it to him. He started a conversation and I couldn't understand him. He was talking and waving his hands and I was wondering how all that babbling could make words and I was also trying to think up the word in French to say that I don't understand. Finally after he talked to me about five minutes he stopped and looked at me. I guess he must have asked me a question. Finally the words came to my mind. It sounds something like this: 'Non comprehends.' He looked at me and said kind of loud, 'Non comprehends.' Turn to page 5, please.

Cass City Winners at the "Little International"

Orville Karr, Lloyd Atkin and Don Koepfgen Exhibit at East Lansing.

Three young men of Cass City were awarded ribbons for their efforts in the Livestock Fitting and Showing Contest held Thursday night, Feb. 4, at the livestock judging pavilion at Michigan State College, East Lansing. Approximately 150 students, who are studying agriculture, veterinary science and dairy production, were entered in the contests. Each student drew a number which indicated the animal that he was to put in shape for the show and his ability as a showman was considered as important by the judges as the fitness of the animal.

Orville Karr was awarded first place in the Holstein heifer class and second in the Holstein breed. He was a competitor in the race for reserve champion of the show of all dairy cattle with his Holstein and was defeated for this honor by Don Findlay of St. Johns, who exhibited an aged cow.

Lloyd Atkin won second place in the Holstein immature class. Atkin and Karr are dairy production short course students at Michigan State College.

Don Koepfgen, a freshman in agriculture at the college, won second place in the Southdown class.

Series of Four Food Supply Meetings in Co.

Will Be Held Feb. 16 at Mayville, Reese, Akron and Gagetown.

Highest in acre income, and rating near the top as any family's war contribution is the result of gardening and the home production of a family's food supply. This claim will be explained by Michigan State College specialist teams scheduled in Tuscola County Tuesday, February 16.

Nearly every farm family in this county and the rest of Michigan's 83 counties produced garden crops for home use in 1942. But the meetings scheduled by the Extension Service through County Agricultural Agent Norris W. Wilber are to place new emphasis on such production in 1943. The hours and meeting places for the series in this county on Tuesday, Feb. 16, are as follows:

Mayville High School, 10:30 a. m.

Reese, Odd Fellow Hall, 10:30 a. m.

Akron Community Hall, 2 p. m.

Gagetown High School, 2 p. m.

Michigan State College specialists who will conduct these meetings in this county are as follows: Miss Jessie Marion and Miss Orletta Hansen of the home economics department and Perry Bowser and Paul Krone of the horticulture department.

Proof that a city version of a war garden offers better eating and a high dollar return is offered by Perry Bowser, vegetable specialist at the college.

A 25 by 50 foot backyard garden, Bowser estimates, should require no more than a half hour of labor daily for three months. For 50 to 60 hours, he says, a city family should harvest 550 to 700 pounds of vegetables, not including potatoes. That amount should be worth \$80, yet not more than the labor and seven dollars need be expended for seeds, fertilizers and the annual cost of simple equipment.

Large Group Enjoyed Magician Program Tuesday

Informed by ticket sellers that 185 would be present at the father and chum meeting of the Cass City Community Club, the senior class laid plates for 200. When 280 came to the dinner Tuesday night, naturally the fried chicken ran short and that condition could in no way be laid to the responsibility of the class.

A musical program consisted of three selections by the High School Girls' Quartet, three numbers by the Cadet School Band of grade pupils, and two selections by the Junior High Girls' Chorus, all of which were well received. The band was under the direction of Chas. Keen and the vocal groups were accompanied at the piano by Miss Eleanor McCallum, their instructor. Del Edwards of Saginaw, assisted by Mrs. Edwards, presented a magician program to the delight of all, especially the younger generation.

President Orion Cardew announced that school athletes are invited to be guests at the March meeting of the club with a university coach as speaker, that Philip A. Adler, Detroit News columnist, is scheduled to speak at the April meeting, and that at ladies' night in May, Dr. Anspach, president of Central State Teachers College, Mt. Pleasant, will give the address.

COMING AUCTION.

The 120-acre farm of the Fred Withey Estate 3 1/2 miles northeast of Cass City has been sold to Louis Fisher of Detroit and a sale of livestock, implements and feed will be held on Thursday, Feb. 25. Full particulars will be printed in the Chronicle next week.

Barbara Jean Bardwell of Detroit came Friday to spend a few days with relatives here.

Friday evening the people of the Baptist Church gave a reception honoring Mr. and Mrs. William D'Arcy of Kingston, who have recently married. Mrs. D'Arcy was formerly Mrs. Mary Gekeler of this place. The party was held in the dining room of the church, the room and tables being lovely with pink and white lighted tapers. A program of music and readings was given and refreshments were served. Mr. and Mrs. D'Arcy received many gifts.

Potash GROWS NITROGEN

Good stands of well-fertilized legumes will take from the air and return to the soil more than 100 pounds of fixed nitrogen per acre. To have the plants operate at full capacity and efficiency, a balanced fertility program providing for lime, phosphate, and potash must be followed. Since legumes are greedy feeders on potash and remove large amounts of it from the soil, this nutrient is very important in "growing your own nitrogen" for the following crop or grass-legume pastures.

If you are in doubt as to the fertility of your soil, consult your official agricultural authorities regarding soil tests and proper fertilization. Write us for free information and literature.

WEEKLY NEWS ANALYSIS

Point Rationing Scheduled for March 1; Solomons Fit Into Jap 'Empire Plan' But U.S. Armed Forces Will Not Agree; Treasury Favors Pay-as-You-Go Tax

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)
Released by Western Newspaper Union.

RATIONING:

New Date Set

Office of Price Administration officials have established March 1 (or a few days later) as the beginning of nation-wide rationing of canned and frozen foods on a point basis. As announced several weeks ago these goods include canned, bottled, and frozen fruits and vegetables, soups, juices, chili sauce, catsup and dried fruits.

Retail sales of these items will be stopped on February 21 and during the eight days following that date a country-wide schoolhouse registration will be conducted for the distribution of ration book No. 2. Blue stamps in this book will be used for the canned goods rationing and the red stamps for meat rationing. (Meat rationing is at present scheduled to begin about April 1, although this may be changed.) Further details of the registration for book two and its use are to be announced by local OPA offices.

(EDITOR'S NOTE: Watch the columns of this, your hometown paper, for complete details. These will be published as soon as they are released.)

One member of each family may register for the entire household for ration book two. Book No. 1 must

OTHER RATION DATES

- Feb. 20—Expiration date for Period 3 fuel-oil coupons which became valid Dec. 23.
Feb. 28—Final date for first inspection of tires for "B" or "C" passenger car card holders and for commercial vehicles.
March 13—Period 5 fuel-oil coupons, good to Sept. 30, become valid.
March 15—Last valid date for No. 11 sugar coupons, good for three pounds.
March 31—Final date for first inspection of passenger car tires for "A" card holders and motorcycles.
April 12—Expiration date for Period 4 fuel-oil coupons.

be presented at the time of registration and "excess" canned goods on hand as of February 21 must be declared. OPA has previously ruled that each member of the household may have five cans of eight ounces or larger on hand at the time of registration and still escape having coupons removed from the new book.

STRANGE QUESTION: From the Nazis

"Where is the place you surrender?"

This was a strange question indeed for the once-proud Nazi soldiers before Stalingrad to be asking the Russians, but it was what the Reds reported their enemies were asking as they continued to flock in—victims of the relentless Soviet drive to free the once-besieged Volga city.

Dispatches described the condition of the Nazis as "cold, unshaven, and distraught." But the citizens of Stalingrad wasted little pity on their captives. Too well they remembered the long days and nights that the Nazis pounded and ruined their city with bombs and shells.

In a single day 16 generals and a field marshal (Friedrich Paulus, chief Nazi army official in the area) were surrendered along with hundreds of other smaller fry. Even the German radio admitted that these losses at Stalingrad were among the most serious of the entire war.

Elsewhere the Russians continued to gain ground or at least hold their recent gains. In the Leningrad sector the "escape corridor" before the city was widened and in the Caucasus the drive for Rostov strengthened as new thrusts on the middle sector headed fresh for Kursk and Kharkov.

WAR NEAR CLIMAX:

Says Finn President

In a statement slanted for the United Nations, President Risto Rytty told his Finnish parliament that "the war is approaching a culmination point," and expressed hope that "the Allies will understand Finland's position," dispatches from Helsinki reported. The dispatches said that Rytty did not mention Germany, Finland's ally in the war against Russia.

PACIFIC TOUR:

And Jap Bombs

Returning from a 20,000-mile trip to the Pacific front, during which time he was twice under Japanese air attack, Secretary of the Navy Frank Knox told United States newsmen that "I think there are dark good prospects of an air attack on Tokyo." Knox was accompanied by Adm. Chester W. Nimitz, commander in chief of the Pacific fleet, and Adm. William F. Halsey Jr., commander in the South Pacific.

SOLOMONS:

Japs Try Again

The importance of the Solomon Islands in Japan's scheme for an expanded empire was forcibly demonstrated again when the navy announced another major Jap effort to retake the islands.

Even the earliest communiques announced that American forces engaged the enemy in what may be

A U. S. marine looks over a handful of bones—all that is left of a Japanese warrior to whom fate had given a one-way ticket to Guadalcanal. The new Jap drive on that area indicates its importance to the enemy's grand strategy.

the greatest air-sea battle of the Pacific to date.

Exaggerated Japanese claims of United States losses were spiked early by a navy spokesman, who added that "increased activity on the part of the Japanese indicates a major effort to regain control of the entire Solomon area."

One communique, making no reference to the Jap assault, said an American destroyer had shelled a number of barges at enemy-held Cape Esperance, on the northern tip of Guadalcanal. Those barges might have been used in new landings or in coastal troop movements by a desperate enemy.

A week before the outbreak of the battle Navy Secretary Frank Knox described the American hold on Guadalcanal as secure, predicting that the remnants of organized Jap resistance would be wiped out in 30 days. The United Nations were hopeful but not all were convinced.

PAY-AS-YOU-GO: Treasury Style

Flatly opposing the Ruml plan to skip payment of last year's income tax, the U. S. treasury department has nevertheless come out in favor of the enactment of a pay-as-you-go withholding tax set-up. As presented to the house ways and means committee by Randolph E. Paul, treasury general counsel, this plan would provide for the withholding of 10 per cent of pay checks (after deductions). This would be in addition to the 5 per cent victory tax, already in effect.

Tentative Exemption Schedule

If the treasury 10 per cent withholding tax plan is carried out some schedule of deductions to allow for dependency, etc., would have to be set up to simplify computation of the tax. Here is a tentative weekly exemption schedule which has been suggested:

Single Person\$11.00
Married Person 28.00
Additional Dependent .. 8.00
The Victory tax of 5 per cent would also still have to be paid. Deductions for this are a non-dependency basis, allowing a flat \$12 per week exemption.

tion to the 5 per cent victory tax, already in effect.

Stressing the need of prompt action by congress, Paul said that the 10 per cent withholding tax would be equivalent to the 1942 6 per cent normal tax and 13 per cent surtax on the first bracket, and would simplify collection and unnecessary refunds. By the "first bracket" he meant the first \$2,000 of taxable income after deductions.

It was indicated that while the treasury did not believe last year's income taxes should be "forgiven" if the new plan is put into effect, the government would admit that these taxes should be deferred and paid up gradually rather than doubling up this year.

WAR BOND SALES: Hit New High

Last month, the treasury has announced, war bond sales totaled \$1,240,444,000 to set an all-time monthly record. Previous high month was January, 1942, when sales touched \$1,080,546,000 in the first full month of bond sales after the beginning of the war. Total sales since the introduction of War Bonds in May, 1941, amount to \$12,934,611,000. Of this amount, 98 per cent are still held by their purchasers.

WAR JOB OR DRAFT:

Fathers Told

Get a war job or be drafted! With that notice the selective service bureau lifted the ban on drafting fathers by abolishing deferments on April 1 "regardless of dependents" for men in a selected list of occupations and trades.

The order, announced by War Manpower Commission Chairman Paul V. McNutt, was the first move to draft married men with children into the armed services.

In Washington, McNutt told the house military affairs committee that "by the end of this year 10 out of every 14 of the able-bodied men between 18 and 35 will be in the armed services."

Only the physically handicapped and those over 37 years of age in the jobs listed in the order to local draft boards will be deferable after April 1. The jobs listed were for men engaged in 29 occupations or employed in 19 industries, eight wholesale and retail trades and nine service activities.

Thousands of men affected will be given until May 1 to shift to an occupation essential to the war effort—occupations previously listed by the WMC. The edict amounts to a "work-in-the-right-industry-or-fight" order, although McNutt declined to call it that. The 30-day period of grace (between April 1 and May 1) given to those seeking transfers will apply only to those who have registered with the U. S. Employment Service for war jobs.

TURKEY:

Renewed Pact

The British-Turkish military alliance of 1939 once again became a document of major importance as England's Winston Churchill and President Ismet Inonu of Turkey met near Adana to agree on "positive implementation" of the pact.

The alliance called for active military co-operation if the war moved to the eastern end of the Mediterranean. Close observers, using more ordinary language, indicated that the success of the parley means Turkey's entrance into the war on the side of the United Nations. The fact that Turkey made public the details of the two-day meeting added significance to the occasion. As a neutral she could have insisted upon secrecy.

The Turkish communique referred to the fact that Churchill came to Turkey from his meeting with Mr. Roosevelt at Casablanca and "could speak freely" on the President's views.

At the conclusion of the meeting, Churchill said:

"It is clear that the ancient friendship between Great Britain and Turkey... has been revived."

MISCELLANY:

MILKING: As part of the program to supply American farms with badly needed labor to assure record food production, federal authorities and the University of Wisconsin are co-operating in training young men of 16 and 17 years of age for work on dairy farms. The youths are recruited from low producing farms by the federal employment service and the Farm Security administration and given a five-week education in modern dairy methods.

COMPOSER: America took claim to a great artist recently when Sergei Rachmaninoff, famous musical composer and pianist, and his wife, Natalie, were naturalized citizens. The Rachmaninoffs have made their home in the United States since 1918, after departing from their native Russia.

MINERS: Backed by 450,000 members, John L. Lewis will seek "substantial" pay raises for the United Mine Workers in the bituminous fields when negotiations get under way with operators in March. Although the government's policy in these matters has been established by the War Labor Board's formula for increasing wages at a rate equal to the rise in cost of living since 1941, it is reported Lewis and the miners will seek a "\$2 a day boost." This amount is in excess of the 15 per cent the board figures represents the per cent of increase in cost of living since 1941.

SACRIFICE: Speaking before a throng of aircraft workers in California, Eddie Rickenbacker declared that no effort being made at home could begin to compare with the heroic sacrifices of American troops throughout the world. Rickenbacker has also stated that the American soldier returning from the front lines will be the most rugged of individuals and will not tolerate regimentation.

STOPPAGES: Work stoppages increased by 301 in England last year to a total of 1,281, the labor ministry reported.

LAST HOUR: "Victory will go to the side able to hold a quarter hour longer than the enemy," Premier Mussolini declared in an address to Italian militia.

QUALIFY: In selecting officials for French North Africa, High Commissioner Henri Honore Giraud will be guided by their administrative ability as well as their political past. Many competent men served in Vichy, Giraud said, without representing its ideas in the generally accepted sense.

How to STRETCH A COW during Meat Rationing

When beef and other meats are rationed, the housewife who knows how to "stretch a cow" can serve meals that are far more appetizing and nutritious. Your weekly quota of beef, pork, veal or lamb can be stretched considerably by the skillful use of "meat extenders:"

1. Serve stews—with vegetables, noodles, dumplings, etc.
2. Serve meat pies—with vegetables, and with biscuit or mashed potato topping.
3. Serve patties or meat loaf—meat mixed with bread or cracker crumbs and milk and egg.
4. Serve casserole dishes—escaloped meat with vegetables, noodles or spaghetti.
5. Serve filling soups with a meat stock base, such as ham shank with navy beans, etc., or creamed vegetable soups with sliced frankfurters or dried beef added.
6. Serve macaroni or spaghetti with meat balls and tomato sauce.
7. Serve croquettes, using left-over meats.
8. Stretch meat dishes with rice (lamb curry, Spanish rice, etc.), or with dressing, such as stuffed and baked lamb riblets, hearts, rolled breast.
9. Stretch your meat with sauces and gravies such as Swiss steak with mushroom gravy, flank steak with barbecue sauce.
10. Serve hash (with potatoes and onions), or baked beans with frankfurters, sausage, bacon or salt pork.

And remember—for homes with electric ranges—that electric cooking makes even the cheaper cuts of meat more tasty and tender!

Even Valentine Cards
Reflect Wartime Spirit

The war, which has left its im-
print on almost everything in our
daily life, has not missed leaving its
mark on the Valentine and greeting
cards for 1948.

Greeting cards for the coming
year haven't overlooked a single
phase of wartime living—it's the
language of the headlines that puts
the sentiment across in the new
cards.

In "dim-out" terminology it's "All
Clear for a Happy Birthday," or
"No Blackout on My Valentine
Wishes."

"Priorities" and "rationing," the
"tax problem" and "conservation,"
as well as "for the duration," have
all been made to "rhyme" with
"best wishes" on greeting cards for
all the momentous occasions from
birthdays and births to wartime
marriages and hurry-up-and-get-
well-quick messages.

One birthday card that includes
practically all of our necessary ad-
justments to the war reads:

They can ration tea and sugar
They can limit things we use
They can take the cuffs off trousers
And the rubber heels off shoes

They can ration tubes for toothpaste
Gas and Oil for Autos, too . . .

As long as they don't limit
The joys I wish for you!

And a timely version of the old
favorite, "Roses are Red" senti-
ment reads:

Roses are Red
Violets are Blue
Sugar is precious
And so are you!

S. S. Delinquents
Have Until Feb. 14
to Clear Their Status

Selective Service delinquents will
have until February 14 in which to
clear their status with their local
boards before prosecutive action
by the Department of Justice, it
has been announced by State Selective
Service Headquarters. Previously
February 1 had been set as the
deadline.

Delinquent or lost registrants
should get in touch immediately
with their local boards, Selective
Service officials advised. If such
cases are not cleared by the end
of this week, they will be turned
over to the Department of Justice
for investigation and prosecution.

Men who have been registered
for at least six months were also
advised to contact their local boards
immediately if they have not yet
received or have lost their Selective
Service notice of classification.
Classification notices, as well as
registration certificates, must be
carried by all registrants in the
military age group of 18 through
45. Eighteen-year-old youths who
registered in December will not be
required to have classification no-
tices until six months after their
registration date.

The current Selective Service de-
linquency program will be followed
up by a national roundup of viola-
tors by the Department of Jus-
tice. All delinquents will be turned
over to U. S. district attorneys for
investigation through the F. B. I.
Selective Service officials reported
2395 delinquents as of Dec. 31.

twenty years are blotted out and
she is a girl again. This enables
her not only to indulge in caprices
like taking up with her daughter's
young man, but also to tell all the
members of the family what she
thinks of them. All these doings
show results that promise well for
the future of Elizabeth and her
family.

"We Have With Us—"

master arose to introduce a promi-
nent elderly speaker, and said:
"Gentlemen, you have just been
giving your attention to a turkey
stuffed with sage. Now you will
give your attention to a sage
stuffed with turkey."

50,000 or more Michigan residents
will be required to pay their 1942
"intangible tax" to the Michigan
Department of Revenue. Forms of
return for reporting this tax have
been mailed to all taxpayers of
record and unless payment is made
by March 31 delinquents will be

hand or on deposit, shares of stock,
bonds, annuities, accounts and
notes receivable, real estate and
chattel mortgages receivable, land
contracts receivable and similar
obligations. War bonds and other

The Mrs. Frederick Klump family of Saginaw, at a recent "clan" dinner gathering, welcomed Dr. James Klump back to the States after a stay in Africa as an army surgeon. Previous to his trip to the dark continent, he had been stationed at a 50-bed government hospital in Cuba. Dr. Klump is now at the Mayo Foundation attending a surgery clinic. Minnesota winter weather with 30 below zero is pretty severe for the doctor, according to a letter recently received by his mother. The Klump family are former residents of Cass City.

OFFICE OF THE PRESIDENT

As I have had the privilege of seeing and talking to our boys in the combat zones in the old world and throughout the Pacific, I am convinced that if our people on the home front know what these boys are going through in the hell-holes of the world for us, they would not worry about taxes and war bonds.

The least we can do is to accept the privilege of paying taxes and buying more and more war bonds to finance and win this war in the shortest possible time, thereby saving the lives of thousands of thousands of the cream of our young manhood and a billions of dollars for the cost of it.

Cass City Loses Two; Bad Axe Here Friday

A smooth working Sebawaing team proved to be too much for the local cagers last Friday night and won a 31-23 victory. Cass City led 19-14 at halftime but Sebawaing, led by Sam Kling, came back strong to win. Kling was high for the winners with twelve points, while Bugbee led Cass City with eight.

Cass City again invaded Huron County Tuesday night but were stopped by a fast moving Elkton team 21-17.

Tonight Cass City will meet a third Huron County team when they play Bad Axe on the local floor.

HOW TO PREPARE TIN CANS FOR COLLECTION

1 After emptying contents, wash the can thoroughly.

2 Cut off bottom, as well as top of can, or cut open, so that can may be flattened.

3 Step heavily on can to flatten—but do not flatten by hammering. Now tear off paper label, which is loosened by flattening. Label printed on can need not be removed.

4 Save your cans for tin can collection. Keep separate from other scrap. Save your cans in a dry place—do not throw them out!

The highly ornate styles of bygone days have given way to simpler forms that more eloquently express the feelings of people.

This trend is especially noticeable in the well-ordered conduct of funeral services and in the improved designs of caskets and appointments. Our experienced personal direction makes each service a cherished memory in the minds of family and friends.

is regarded by Lochner as a turning point of the war, as it brought needed relief to the Russians through diversion of German airplanes to the Mediterranean.

But Rommel's flight into Tunisia, covering a distance as great as from New York City to Minnesota by way of Terre Haute, Indiana, is only a prelude to the big task of invading the European continent and ultimately Germany itself, the speaker reminded.

"American correspondents in Berlin forewarned the world years ago of what the Nazis were scheming," he said. "I wrote a dispatch in 1936, three years before the war, telling about underground hangars for airplanes. The Americans wouldn't believe the facts they read in their newspapers. We were criticized for spreading Nazi propaganda!"

Another sign: Paul V. McNutt has announced that effective April 1, the dependency draft deferment will be discontinued and that 10 out of every 14 men from the ages of 18 to 38 "will be in the armed services . . . by the end of this year."

Local selective service boards will be given huge quotas to fill. The pressure will be great upon men in non-essential industries.

President Roosevelt informed leading legislators at a White House conference that he held no hopes for a quick conclusion of the war.

Quentin Reynolds, ace war correspondent, shocked an audience at the Detroit Athletic Club with this statement:

"It is awfully easy for Hitler to win this war. He can retire his armies from Russia and park them somewhere near the Polish border where we are informed he has already built strong defense lines. He could fight a defensive war, and it would be up to us to dislodge him—a military feat I believe almost impossible to accomplish. Hitler could thus achieve a stalemate, and a stalemate means he wins the war and dictates the peace."

The United States News, edited by David Lawrence, and Kiplinger's confidential Washington letters stress the same theme: The odds are greatly against victory over Germany in 1943; the war in Europe will go well into 1944.

Another winter of war on the basis of victory in 1944 over Germany points conclusively to a long, long war before the job is finished in both Europe and the Orient.

Two or more years of bitter warfare—costly in lives, money and property—would impose a staggering burden of food upon the American farmers. Such is the prospect which confronts the growers of Michigan in 1943.

Mother Hubbard's cupboard will not have an abundance of food. Point rationing begins in a few weeks—March 1.

According to the White House, the supplies of goods and services available to civilians in 1943 will be reduced by almost 25 per cent. Standards of living are going down, while prices may be expected slowly to rise.

The shortage of labor on the farm will become critical. Employment of women, boys and girls and possibly foreign labor—Japanese-Americans, Mexicans or Porto Ricans—will be resorted to in order to harvest the 1943 crops.

Michigan selective service boards have not been lenient with farm deferments. Acreage is being abandoned because of this critical attitude by draft boards. The Michigan Milk Producers Association has warned of a shortage of milk, butter and cheese due to reduction of dairy herds, and the

federal government has been reported to be ready to purchase with government funds all dairy cattle coming on the market.

Victory gardens will supply city residents with food they may not be able to obtain otherwise.

Home canning will grow to an unprecedented volume, according to predictions. Truck gardens will pay handsome dividends, for prices will be the highest in many years.

These facts and observations echo a statement made recently by Claude Wickard, secretary of agriculture. Wickard said the nation was "too complacent" about the food situation, and that it was high time we realized how serious it was.

Michigan farmers have been given a supreme challenge in the urgent call for increased food production in 1943. This challenge grows in magnitude as we get a realistic appreciation of the long, long trail that is ahead for all of us.

JESUS HEALS A MAN BORN BLIND

LESSON TEXT—John 9:1-38. GOLDEN TEXT—"One thing I know, that, whereas I was blind, now I see."—John 9:25.

The love of Christ is seen in its full beauty against the background of man's hatred and unbelief. Last week we saw Him coming away from the stones with which his enemies sought to kill him. As He passed by He had the time and the compassion to stop and help a man who had been born blind. His disciples, afflicted in some degree with the speculative tendencies of their time, saw in this blighted life only an illustration of a theological theory about sin.

But Jesus, by a loving and gracious act, stirred in the heart of the man that faith which caused him to obey—to go, to wash, and to see (v. 7). The enemies of Christ were not willing to believe even what they now saw to be true. Their stubborn unbelief shut the door to blessing for them, but the blind man received three things by faith: I. Healing (vv. 18-23).

The argument with the man's parents hinged on one point—he had been healed of his blindness. The parents were unwilling to risk excommunication by discussing the matter, but they did know that he had been blind and now could see. That was clear.

An experience like that is impossible to deny. The healing of the soul of man in regeneration is also a stubborn fact which deniers of God's Word and God's grace are unable to meet and overcome. The one who was blind and now could see had no questions about the deity of Christ and His saving power. What is more, he was not afraid to testify. He could "speak for himself" (v. 21).

Note the difference between the three classes here: Blind and stubborn unbelief (v. 18), faith too fearful to speak (v. 22), and the assured faith of the one healed. That is our next point.

II. Assurance (vv. 24-34). The appeal of the Jews in verse 24 based on their statement: "We know that this man is a sinner," reminds us that there is no knowledge so absolute (and so absolutely wrong) as that of ignorance backed by self-conceit.

They said they knew, but did not. The man had complete assurance by faith and by experience. He did not argue (v. 24), he simply restated his healing. "I was blind—now I see." When they evaded that reply (for they dared not meet it), he thrust deep with the convicting fact that God does not perform His miracles in response to the prayers of a wicked man. That was too much for them, and they cast him out.

Even as the stupidity and stubborn willful unbelief of our Lord's enemies grew step by step, so also did the healed man's assurance grow as he testified. First he called the Lord "a man called Jesus" (v. 11); then "a prophet" (v. 17), and then at last, "the Son of God" (vv. 35-38).

Standing true to Christ and speaking for Him means growth in faith, in knowledge and in grace. It may mean persecution and even exclusion, but remember that when the man was cast out by the haters of Christ, he met Christ. "His excommunication was a promotion. He went from the synagogue to the Saviour" (Scroggie). And that is our third point.

III. Fellowship (vv. 35-38). He did not know Jesus. He had heard His voice, but he was blind then and had not seen Him. He probably did not know where to find Him. Then, too, he was now an outcast under the disfavor of the authorities, and even his friends would fear to be seen with him.

But Jesus sought him. Ah, that's the glorious difference between our Lord and those who look at the outward appearance of things. He went to find the man who now needed fellowship, instruction and encouragement.

He had sought the man out to heal him, now He sought him again to help him spiritually. We need to learn of our Lord that we are not to wait until the sin and suffering of men force themselves upon our attention and force us to do something. We are to go out into the highways and the hedges and urge sinners to come to Christ. We have failed in this. We have built churches and expected the people to come, instead of going where the people are, and bringing them the gospel. The war is teaching us some lessons in that connection, but we are none too quick to learn and to act.

There is a beautiful touch in verse 37. Dr. MacLaren points out that when speaking to the woman of Samaria, Jesus said: "I that speak unto thee am he," but to the man who had just begun to see He said: "Thou hast both seen him, and it is he that speaketh to thee." The Christ who gave sight, now gives Himself to be seen.

Income Tax.

Who Must File a Return?

Every single person must file a Federal income tax return whose gross income for the year from all sources was \$500 or more; that is as much as \$9.62 per week. Widows, widowers, divorcees, and married persons separated by mutual consent, are classed as single persons.

Every married person, living with husband or wife throughout the year, must file a return if his or her gross income, together with any income of the spouse, was as much as \$1200 for the year; that is, as much as \$23.08 per week. If husband and wife both have income, they must both make a return. Such return may be made separately, or if they are both citizens or residents, they may make a joint return. A joint return may be made by husband and wife even though one has no income, and a joint return is advisable in the case of persons, one of whom has no income, who marry during the year, since the personal exemption attributable to each spouse during the period of pre-marital status is allowable in a joint return.

A joint return must be signed by both husband and wife and verified by a written declaration that it is made under the penalties of perjury.

Where separate returns are filed by husband and wife on Form 1040, the joint personal exemption allowable (\$1200 where the married status has existed throughout the year) may be taken by either, or divided between them in any proportion agreed upon. If separate returns are filed one may not report income which belongs to the other, but must report only the income which belongs to him (or her).

No person is exempt from filing a return if his gross income is equal to or greater than the amount specified above for his classification. Neither the President of the United States, nor the Vice President, nor Federal Judges, nor Members of Congress, are exempt from filing returns.

Moreover, all income from whatever source, unless specifically excluded by statute, must be reported in the return. The types of income specifically exempt are listed in the instructions accompanying the return form.

A person whose gross income does not exceed \$3000, and consists wholly of salary, wages, dividends, interest, or annuities, may make a Simplified Return on Form 1040A, in which the tax due may be readily ascertained by reference to a table contained in the form.

A husband or wife living together on July 1 of the taxable year may file separate Simplified Returns if the gross income of each is from the prescribed sources and does not exceed \$3000, or they may file a single joint return on that form if their combined income is from the prescribed sources and does not exceed \$3000. A taxpayer may not, however, file a Simplified Return if the other spouse files a return on Form 1040.

The Girl Scouts and their leaders, Mrs. Charles Keen and Mrs. Donald Miller, entertained Wednesday evening in the home of Marjorie Kettlewell. The party was to honor Mrs. Carl Keen, who resigned from the scout leadership recently. A short business meeting was held after which games were played and refreshments served. Mrs. Keen was presented with a gift. The troop committee, Mrs. B. H. Starnann, Mrs. Edwin C. Fritz and Mrs. Howard Wooley, were also guests.

Edith Huffman McCracken passed away Feb. 1, 1943, at the home of her daughter, Mrs. John Hoffman, 9562 Montrose Ave., Detroit, following a stroke. She had been in poor health for many years.

Mrs. McCracken was born June 10, 1868, the eldest child of the late Cyrus and Melissa Huffman of Deford. One brother, Ambrose Huffman of Caro, preceded her in death, and one sister, Mrs. Gertie Budge of Jackson, survives. Edith Huffman was united in marriage with David McCracken on Jan. 20, 1887, at Deford. To this union were born five children, Mrs. Ira Little (Grace), Mrs. Louis Tongay (Lucy), and Mrs. John Hoffman (Nina), all of Detroit, Roy McCracken of Lupton and Glen McCracken of Chicago, Ill. Besides the husband and children, eleven grandchildren and fourteen great grandchildren are left to mourn their loss.

Funeral services were held Feb. 3 in the Lupton Friends Church of which the deceased had been a faithful member for many years. Remains were laid to rest in the Lupton cemetery. The abundant floral tribute gave evidence of the high esteem in which she was held.
