

[illegible]

Jap-Russ Incidents
During the past 11 years, the Japanese have been involved in more than 2,000 "incidents" with the Russians. These have ranged from pot shots at one another to a great battle at Nomonhan in 1939 in which the Japs were badly beaten, losing 10,000 of 90,000 men.

SOUTHEASTERN MICHIGAN
TOURIST ASSOCIATION
STEON BLDG. DETROIT

Greenlies and War
Greenlies are pikies (maginary little people) that came into prominence first during World War I, when they were said to annoy members of the R.A.F. Among their pranks are playing merry-go-round on the compass and making the flier lose his way; jamming the guns when a gunner has an enemy plane in the sights; or sitting on a flier's shoulder and making a noise like a bad motor. Sometimes they are said to fly into planes from the wings of angels; some pilots say they have wings or vertical lift propellers on their shoulders.

Luminous Displays
Of the 150 brilliant luminous displays that have been observed during earthquakes, the most remarkable accompanied the catastrophe of 1850 in Tzu, Japan. At the height of this earthquake, strange sheets of light illuminated the night sky so brightly that objects in unit rooms were visible.

Won by a Hoof
Horses have been known to win races "by a hoof." On July 8, 1941, at the track in Fort Erie, Ontario, Canada, pictures of the finish of the first race showed that the noses of the two leaders crossed the wire simultaneously. But one horse had a foot over the line and, therefore, was awarded the purse.

Painted Bullets
For target practice, the bullets used by the gun crews in the respective war planes are painted distinctive colors. When the bullets hit the target, smears of color on the edges of the bullet holes indicate which crew scored the hit.

HANDY POINT CHART FOR PROCESSED FOODS
Point Values of Popular Sizes, Effective May 2, 1943

CANNED AND BOTTLED	WEIGHT →		CONTAINER SIZE →

ONLY 1 1/2% FOR ELECTRICITY

COST OF MANUFACTURED ARTICLE

in the total average cost of WAR PRODUCTION

If YOU TOOK off one small corner of a dollar bill, that would give you some idea of the cost of the electricity used in manufacturing war products. Only 1 1/2 per cent of the total cost of war production, on the average, goes for electricity; 98 1/2 per cent goes for materials, labor, plant and equipment, etc.

Yet electricity plays a most important part in turning out tanks and planes and guns and ships, and the thousand-and-one other weapons of war. Without electric power, scarcely a wheel would turn in any factory or arsenal or shipyard in America. Not a piece of armament would be produced, not a bullet cast, not a shell turned.

Electricity makes possible the machine tools used to build other machines. It powers the huge rollers in steel mills. It runs high-speed precision lathes, and giant presses, and drills, and milling and grinding machines, and motors for countless factory jobs. It melts alloy steels in the electric furnace—steels used for armor plate and tanks and guns. With induction heating, it point-hardens armor-piercing shells, and makes tough, wear-resistant parts for motors and airplane engines.

Electric power is doing a vital war job at low cost. And it is helping make possible new production records in thousands of plants all over the country—to shorten the war and speed victory. The Detroit Edison Company.

GREENLEAF.

H. McKay and Mrs. Brown were dinner guests at the home of Mr. and Mrs. E. Umpley in Bad Axe on Sunday.

Mrs. J. Wallace and Miss Violet Gillies of Detroit were visitors at the Archie Gillies home on Sunday. Miss Gillies returned to Detroit that afternoon.

Mr. and Mrs. C. Roblin and Chas. Roblin called on Mr. and Mrs. Geo. Roblin in Deford on Monday.

There will be services in the Fraser church next Sunday. Mr. Morton will preach a special Mother's Day sermon and would like to have a large congregation.

Lt. Wm. McCollum and Miss Marjorie Shier were married in Holly April 2, by Rev. Paul Alured. Mrs. McCollum is teaching in the Rochester schools. Lt. McCollum is attending Officers' Training School in New Jersey. He was home recently on a furlough.

The electric wiring has just been completed on the farm home, known as the Duncan Gillies farm.

(Delayed letter).

Miss Virginia Powell, who is attending school in Bay City, was home over the week end.

Mrs. Fred Dew was a visitor in Romeo last week.

W. G. Miller was a caller at the C. Roblin home on Sunday.

Ives Rathbun and family have moved into our community, having purchased the farm, known as the Mike Keeney place. Mr. Rathbun is quite well known here, having spent part of his early days here, and attended the Greenleaf school.

The Gerald Milner family, who were living on the Keeney farm, have moved to Gagetown.

Miss Annie Sweeney was a Saginaw visitor on Wednesday.

Importance of Cobalt
Sheep sicken and die when put to graze on land in which there is no cobalt. It has been learned in Australia. Only a trace of the element is necessary for the health of the animals.

Stamp Queen
Queen Victoria is pictured on more types of postage stamps than any other person who ever lived.

What You Buy With WAR BONDS

Nurse that heating plant along for it must do you for the duration. Metal . . . every bit we can make and scrape up is going into War Production to provide the tools for our Boys on the fighting fronts.

But start saving now for that heating plant by your purchase of War Bonds every payday through a Payroll Savings plan. War spending goes on month after month. So War Savings must keep pace, month after month. Put at least ten percent of your income in War Savings through War Bonds. U. S. Treasury Department

Cold Volcano Eruptions
Volcanoes have been known to throw out, in a number of successive eruptions, material that was virtually cold, says Collier's. For example, Mount Lassen in California had several such eruptions in 1914, when it ejected matter that did not melt the snow upon which it fell.

Alloy Brakes
American airplane designers have perfected a new type of airplane brake of strip steel with a layer of copper-iron powder applied to the surface. The iron gives long wear, the copper conducting heat away rapidly.

Men Pollinate Trees
One can buy date palm pollen in the markets of Egypt. Since human life in the Sahara desert depends largely on the date palm, tree owners take no chance of a tree going unfertilized. They buy pollen and carry it from tree to tree to keep it fruitful.

Magician Huntman in Mongolia the golden eagle is used to hunt and capture wolves.

Motherhood

In a world torn by War and Hate, Mother Love ever shines, the star of Sympathy and Protection. And men of good will are mightily resolved that the Peace to be won will honor and safeguard Motherhood and the Brotherhood of Man it fosters.

Dependable Hybrids!

Buy your hybrid seed from folks you KNOW. Funk's HOOSIER-CROST hybrids are scientifically bred and grown by one of the largest and oldest independent breeders. And we have the strains especially adapted to this section and your own soil tests. Let's talk it over. Frutchey Bean Co. Cass City Greenleaf Deford

Substitute for Steamed Bonemeal
Thoroughly steamed bonemeal is not always available for use in making mineral mixtures for hogs, says Ella V. Vestal, animal husbandry extension specialist of North Carolina State college. When it is not available, he says, a mixture of 10 pounds of ground limestone and two pounds of salt may be used. If it is available, use 10 pounds of ground limestone, 10 pounds of steamed bonemeal, and five pounds of salt. Minerals should be placed where the hogs can have free access to it, but should be kept dry.

Statue's Eyelashes
The colossal statue of "Sleeping Ariadne" in the Vatican is believed to be the world's only marble figure with eyelashes.

Oh! California
The first orange trees to grow in the United States were planted in Florida.

Cat Fifth Columnist
One plane among many shipped to Australia from the U. S. in sealed crates arrived in bad condition because of an unusual fifth columnist—a cat—it was revealed in Melbourne. When the seals were broken every plane except one was covered with grease. On one plane not a spot of grease was found, and the disintegration part was corroded. Out of the crate crawled a white cat, frightened, weak and thin.

Liberate Sharks
Now and then tuna fishermen, working off the coast of southern California, find a whole shark badly entangled in their net. As they cannot afford to lose the net, which costs about \$4,000, or take the time to kill the fish and remove it piece by piece, a man climbs onto its head and, with a knife attached to a pole, cuts the net open so the shark can swim free.

The Church is full of willing people; some are willing to work, and others are willing to let them.

SUNDAY

10:00 a. m. Bible School.
11:00 a. m. Morning Worship, Sermon, "Lost in the Church."
8:00 p. m. Evening Gospel Hour, Sermon, "The Cross and the Christian."

THURSDAY

8:00 p. m. Midweek Service.

First Baptist Church
Frank B. Smith, Pastor

"But now in Christ Jesus ye who sometimes were far off are made nigh by the blood of Christ." Eph. 2:13.

FIRST-AID to the AILING HOUSE

By ROGER B. WHITMAN

Question: I should like to give my fireplace a touchup. The bricks are rust and natural color and need cleaning. How should I do this? Also, the upper part is of cement blocks—natural color. What paint could I use to retain this natural color?

CLEANING AND PAINTING BRICKWORK

Answer: You can clean the bricks by scrubbing them with a paste made of scouring powder, household water and a little household ammonia. Rinse thoroughly after removing the dirt. You can enrich and darken the color of these bricks by a brush coat of linseed oil. Try this first on some obscure brick to see how you like the effect. The cement blocks also can be scrubbed in the same way as the bricks and given a coat of cement paint, which can be had at a mason material yard.

Infested Firewood

Question: The last lot of firewood that I bought for my fireplace is infested with insects of some kind. They are crawling out of the wood and onto the ceiling. Is there some chemical in which I could dip the logs that would kill the bugs?

Answer: You should not accept delivery of insect infested firewood. Wood of this sort should not be kept in the house; but if it is brought in, it should be placed directly on the fire. Chemical solutions in which to dip the wood may prove far too expensive. Dipping the logs in boiling hot water for a few seconds should kill the worms and insects. But the best thing to do would be to have the dealer exchange the logs for clean wood.

Burned Frying Pan

Question: I have a large frying pan that at one time was left on the fire until it was red hot. Since then everything we try to fry in the pan sticks to the bottom. Is there anything we can do to make the pan serviceable?

Answer: Try the following: Scrub the pan well with soap and water and steel wool. Rinse with clear water and dry thoroughly. Warm up the pan, then rub some oil on the bottom of it and place it in the oven, leaving the pan there for 15 to 30 minutes at a temperature of about 300 degrees F. Wash the pan again, rinse and then wipe dry.

Washed Skillet Cover

Question: Rust collects with the steam on the cover of my iron skillet and spoils the food. I have boiled with soda and scoured it. What shall I try next?

Answer: After scouring off the rust with steel wool, clean well and heat the metal. Then rub with wet or sweet oil. Place in the oven for 10 to 15 minutes, and wipe off excess grease. Do not use harsh caustics for washing iron utensils; dry them as soon as possible.

Leaky Tile Floor

Question: My white-tile bathroom floor leaks after a heavy splashing. What can I use to fill up the cracks? Or will it be necessary to retile the floor?

Answer: If you find cracks around the edges of the floor at the tub or walls, fill the spaces with a caulking compound. If necessary rake out all cracked cement between the tiles and fill with a white Portland cement mixed with water to the consistency of thick cream.

Mahogany Bookcase

Question: The finish on my mahogany bookcase is dull. How can I give it a glossy finish?

Answer: Wash off all wax or polish on the surface with the thick side of a mild soap; then, remove the suds with a cloth damp with clean water and wipe dry. Allow several hours for complete drying, and then apply a coat of good quality quick-drying varnish.

Soundproof Door

Question: I should like to deaden the sound between two rooms in my apartment. Could I have a heavier door made to replace the present one?

Answer: If you get what is known as a soundproof door, you may be able to reduce a great deal of sound transmission between the rooms. Your lumber and millwork dealer should be able to supply you with such a door.

Stain Windows for Cleanliness

Question: We should like to install storm windows on the outside of our apartment windows. Our contractor says that we need no more than a coat and a half of air space. Is that enough to keep out the cold?

News from the Front

HUNTING JAPS HERE, REMINDS ME VERY MUCH OF HUNTING RABBITS AT HOME, ONLY THEY CAN RUN FASTER AND CLIMB TREES. TELL GRAN'PA OUR OUTFIT HAS THE BEST COOK IN THE SERVICE WE HAD ROAST BEEF FOR DINNER LAST SUNDAY, WITH ALL THE TRIMMINGS, GRAVY AND EVERYTHING. THE NATIVES ARE VERY FRIENDLY TO THE AMERICANS

Local Happenings

Miss Alison Spence of Saginaw spent the week end with her mother, Mrs. James J. Spence.

Jerry Seeger and Mark Reagh, both of Detroit, visited Cass City friends and relatives Sunday.

John Tewksbury is quite ill at the home of his daughter, Mrs. Andrew Cross, on Third Street.

Mrs. H. T. Donahue and son, Dick, left Wednesday to spend a few days with relatives in Detroit.

Mr. and Mrs. Ernest Hartwick of Detroit spent the week end as guests of Mr. and Mrs. Earl Hartwick.

Mr. and Mrs. Robert Day, who have spent some time here, moved Monday to make their home in Flint.

Mr. and Mrs. Geo. Seeger and Mr. and Mrs. Donald Seeger were Sunday visitors in Inlay City and Lapeer.

Joe Casper and Joe Murphy, both of Detroit, were week-end guests of Mr. and Mrs. Kilburn Parsons.

Mr. and Mrs. Ezra Kelley and granddaughter, Kay Kelley, of Detroit were week-end guests of relatives here.

Mr. and Mrs. Floyd McComb of Saginaw spent Saturday night and Sunday with their daughter, Mrs. Axel Collins.

Mrs. John Beasly returned Saturday night after a week's visit with her daughter, Mrs. Dargatz, in Detroit.

Mrs. Howard Landreth visited at the home of her brother, J. W. Campbell, near Cass from Thursday until Sunday.

Mrs. George Parvin of Davison and Mr. and Mrs. Carl Robinson and children of Flint were Sunday guests of Cass City relatives.

Mrs. and Mrs. George J. Rank and son, Tommy, of Berkeley spent Saturday night and Sunday with Mrs. Rank's parents, Mr. and Mrs. Lester Bailey.

Allen Hayes of Port Huron spent Sunday night and Monday with his sister, Mrs. Chas. D. Striffler. Mr. Hayes, who has been in very poor health, is somewhat improved.

Paul Dewey, son of Mr. and Mrs. Lewis Dewey, left Monday afternoon to enter the McCoy Clinic at Bad Axe, where he underwent an operation Tuesday morning.

Mr. and Mrs. Laurence Copland and children, Lura, Doris, Laurence Junior and Glenna, of Detroit were week-end guests of Mrs. Copland's parents, Mr. and Mrs. Sam Hardwell.

Mrs. Ray Fleming was able to leave Pleasant Home Hospital on Monday after being a patient there a few days. She is at the home of her parents, Mr. and Mrs. Fred White.

There will be initiation of two candidates at the next regular meeting of Echo Chapter, O. E. S., on May 12.

Mr. and Mrs. Forest Klein have purchased a trailer house and are moving to May City where Mr. Klein is employed.

Mrs. Wm. Little returned to the Mack Little home in Novesta Sunday after spending a week with Mr. and Mrs. Arthur Little.

Chas. L. Robinson is confined to his home by illness.

O. Tallman of Wells is doing carpenter work for Jake Harmons.

Theron Henry of Pontiac called on Elyvyn Tallman one day last week.

Mrs. Martha Horn is spending the week with her sister, Mrs. W. J. Marzua.

Mr. and Mrs. Clarence Tallman of Port Huron spent Wednesday with Mrs. Elyvyn Tallman.

Mr. and Mrs. Jay Parker and daughter of Detroit spent Thursday with Mrs. Parker's father, William Harmons.

Mr. and Mrs. C. Vader and daughters, Donna and Joan, of Willow Run spent the week end with relatives here.

Taty Francis has moved his family to their farm home which they recently purchased from Oliver Tallman.

Mr. and Mrs. Lewis Harmons and Wm. Harmons attended the funeral of Herman Vincent at Kingston on Sunday afternoon.

Mr. and Mrs. Frank Freeman and four children of Detroit were guests Saturday night and Sunday at the home of Mr. Freeman's cousin, J. D. Sommers.

Harvey Dolwick, who underwent an operation in Elyvyn's Hospital, was able to go to his home at Gagetown Wednesday.

The Christian Endeavor Missionary Circle of the Evangelical Church met at the parsonage Tuesday evening for their May business and social evening.

Mrs. S. J. Young received a long distance telephone call this week from Mrs. William Straube of Ann Arbor and at the same time she talked with First Lieut. Glenford Straube, who has just returned from Guadalcanal to spend a few days with his parents. He will leave Ann Arbor Monday for camp in Ohio. The Straubes were former Cass City residents.

Twenty-one tables were in play Friday evening on Echo Chapter, O. E. S., sponsored a pay-to-play card party in the home of Mr. and Mrs. E. B. Schwaderer. Prizes in bridge were won by Mrs. C. L. Graham and Mrs. Alex Tye. In euchre by Mrs. Fowler Hutchinson and Jim Milligan. Refreshments were served and \$47 were realized from the party.

Mrs. Elward Duchery entertained at a delightful supper Thursday evening in honor of the fifteenth birthday of her son, Carlton. Guests were members of his Sunday School class of the Evangelical church and their teacher, Clark Holwig. Following the supper, Carlton and his guests went fishing. The honor guest received a number of gifts.

Stephen Dodge returned to Cass City Sunday after spending about three weeks in California. The trip West was made by auto and the 3,150 miles were made with no trouble whatever. He started on a Monday morning and reached his destination at 6:00 p. m. the next Sunday evening. Mr. Dodge returned by train and was obliged to stand the first 400 miles because of the crowded condition of the coaches.

"My wife and I have been out here the past three months," writes Chas. S. Reed of Rochester, from Alhambra, California, to the Chronicle. "We will leave for home the last of May. Had a nice visit with Alfred Bader, brother of Mrs. J. B. Bunker, Thursday and also spent a day with Doc MacArthur, old Cass City boy, of Pasadena. Had not seen either of them in about 50 years. Both are doing well. The rainy season is over and it is much nicer now. Give my regards to all Cass City folks."

Mr. and Mrs. A. G. Fritz of Detroit were guests at the farm home of Mr. and Mrs. Steve Simon in Novesta Township Saturday. For 25 years, Messrs. Fritz and Simon were employed in the factory of the Aluminum Company of America, in Detroit. Mr. Fritz is the office manager.

Thursday evening, the losers of a contest held in the Cass City Extension Group No. 1 entertained the winners in the home of Mrs. Frank Hall. A box supper was served at 7:30 and the evening spent in bingo, prizes of white elephants being given. Mrs. J. Lynn Hargrath was presented with a gift.

Mrs. Audley Rawson has returned from a three week trip to Miami, Florida, where she visited her daughter-in-law, Mrs. Rawson, and her grandson. Mrs. Rawson missed seeing her son, Lieut. Rawson leaving Miami a day before his mother arrived in that city.

The Girl Scout Troop Number 1 assembled Wednesday evening, May 5, when the meeting was called to order by Shirley Fort. The members gave the Scout pledge and sang the national anthem. Phyllis Warner read the message of the Girl Scout and Marjorie Kuttelwell gave a report of the book, "Rebecca," by Daphne DuMaurier. The girls worked on their badges and played games.

Mrs. Fred Maier was called to Detroit Sunday, April 25, because of the death of her aunt, Mrs. Henry McCauley, who died Saturday evening. Funeral services were held in Detroit with burial in Port Huron Wednesday. Mrs. Maier remained in Port Huron as the guest of her cousins, Mr. and Mrs. Arthur Hughes, until Thursday.

Wednesday evening, Mrs. Maier attended a Lions luncheon on the guest of Mrs. Hughes.

Accidents to Women Increase The number of accidents classed as compensation cases and involving women in manufacturing plants in Michigan has increased 82 per cent in six months, whereas the rate for men rose only 24 per cent in the same period, the state department of labor and industry announced. The cases involve only mishaps that require a lay-off of eight or more days.

Supersensitivity Both man and animal sometimes develop such an excessive hypersensitivity to a foreign protein that a repeated injection, although very small, may prove fatal, says Collier's. For example, when a guinea pig is given 1-100,000th of a gram of horse serum, a second dose, only one-tenth as large and injected two weeks later, will kill the animal within a few minutes.

Prehistoric Painters In a cave in the north of Spain, in 1870, the marquis de Saulo discovered the painting of a bull done many centuries ago by prehistoric artists of an unknown race. The paint used was made of a red sludge, blue containing an oxide of manganese, and yellow and granges composed of iron oxides and carbonates, all of which had been mixed with animal fat as the vehicle. These mineral pigments had retained their color throughout the centuries.

Prejudication The world's record for the largest number and most frequent thunderstorms goes to Java.

PARAGRAPHS ABOUT PEOPLE IN THE SERVICE

Concluded from page one.

Naval Aviation Cadet Clifford Fred Ryan, son of Mr. and Mrs. F. W. Ryan of Cass City, has successfully completed the intensive 11-weeks course at the U. S. Navy Pre-Flight School at Chapel Hill, N. C. He has been promoted to primary flight training at the Naval Air Station at Glenview, Ill.

While at Cass City high school, Cadet Ryan was in the class of 1937.

At the Pre-Flight School his course included physical conditioning, athletics, military drill, instruction in the essentials of Naval service and ground school subjects. After three months of primary flying and three additional months of advanced flying, he will be eligible for a commission as an Ensign in the U. S. Naval Reserve or Second Lieutenant in the Marine Corps Reserve, and the coveted "Gold Wings" of a Naval Aviator.

Boys at Cass City, who are interested in entering this program, may enlist after their seventeenth birthday and before their eighteenth with the nearest Naval Aviation Cadet Selection Board.

In a letter to the Chronicle, Sgt. Paul Anthes writes from Camp Robinson, Arkansas: "We are having some wonderful weather now; just a little warm, around 80 degrees most of the time. It looks like summer here with trees in full leaf, fruit trees in blossom, flowers, green lawns and gardens, etc. I do enjoy reading the Chronicle and all the news from home. I enjoyed Easter even though I did have to work Sunday afternoon. Certainly am enjoying my stay here in Arkansas and still like my job in the army. Say hello to all in Cass City."

Sgt. Anthes, with several others, took a troop train to Fort Lewis, Wash. It took them four days to make the trip. He was much impressed with the beautiful mountain scenery through Idaho and Washington. On the way back they spent a few days in three large cities. He says they were away from home two weeks and had a most wonderful trip.

1st Sgt. Donald O. Wilson, son of Orville Wilson, was home on a few days' leave. He is stationed at Shonango, Pa.

Pfc. Bob Wilson of the Marines, stationed overseas, sent his sister, Mrs. Frank Martin, \$200 to buy War Bonds for him.

Mrs. Floyd Galloway received a telegram for a Mother's Day greeting from her son, George, who is overseas somewhere in England.

Sgt. Stuart Atwell has been transferred from Fort Sheridan, Ill., to Fort Easton, Va.

WEEKLY NEWS ANALYSIS

Final Battle in Campaign for Tunisia Marked by Fierce Enemy Resistance; Allies Strive to Reunite Reds, Poles; Labor Front Studies Coal Mine Issues

(EDITOR'S NOTE: Where opinions are expressed in these columns, they are those of the writer. No responsibility is assumed for the accuracy of the news items.)

Wearing the uniform of a division general of the French army, Governor Jean Rapeneau of French Guinea passes on the portion of the governor's mansion in Cayenne with two members of the U. S. military mission. At left is Lieut. Com. J. Marvin Krause. Right: Col. Paul L. Singer. Governor Rapeneau assumed political leadership following the ouster of the pro-Axis regime of former Governor Rene Velier.

TUNISIA:

Slow but Sure

Meeting fierce fire, Allied troops fought methodically to the approaches of the Axis' final two bastions in Tunisia, Tunis and Bizerte. While French and American forces pressed against rocky Axis entrenchments in the north, British units continued the enemy in the mountains in the south. The Allied First army's armored columns fought German tanks in the plains in the central sector.

Driving the Axis from Long Stop Hill, the First army cleared the road leading to the Tunis plain to the east. A little to the south, First army formations shot it out with German tanks in the central sector. The Axis' vital center base of Point du Falg, which was rapidly encircled.

Resistant bitterly, the Axis was giving up territory by the foot only, relying on mortar and machine gun fire to stop Allied infantry advancing under cover of massed artillery barrage. Using fighters and motor barges, the Axis continued to run the gauntlet of coastal Allied bombers in the Sicilian straits in an effort to keep their embittered troops supplied.

Helmet Saves General

Only a helmet saved the life of Lieut. Gen. Lewis J. McHenry, leader of American ground forces, as shell fragmentation struck him down while on observation on the Tunisian front during the bitter fighting. Although fragmentation glanced off the helmet, particles ripped into the general's shoulder, injuring him gravely. Lieut. Gen. Ben Lear has assumed his position pending his recovery.

RUSSIA:

Break With Poles

Charging that the Polish government in exile was using Nazi propaganda in order to force territorial concessions from the Russians, the Reds formally broke diplomatic relations with the Poles. In consultation with the United States, British Foreign Minister Anthony Eden immediately got to work patching up the rupture.

Immediate cause of the break was centered around the Nazi charge that they had uncovered the graves of 16,000 Polish army officers near Smolensk, allegedly murdered by the Reds before they were driven from the area. The Poles asked the International Red Cross to investigate the charge. Polish officials said that they have been unable to locate the officers despite a general amnesty granted Polish prisoners of war by the Russian government.

At the same time there were indications of another diplomatic break, this one between the United States and Finland. Withdrawal of American embassy officials from Helsinki reportedly followed Finland's declaration of a U. S. offer to mediate her war with Russia.

Catch Breath

Russian troops held against Nazi attacks in the Leningrad area and Red airmen continued to pepper German supply lines along the whole front. Minor action was reported above Kuruk, where the Reds are wedged into Nazi lines, and at Novorossiisk, the Germans' big base on the Black sea shore in the Caucasus.

POISON GAS:

Nazis Prepare

For the last two months, the German people have been drilled against poison gas attacks.

This information reached Allied ears in the wake of Great Britain's warning that she would use poison gas against Germany should the Nazis start such warfare in Russia. According to reports, the fighting quadrupled in Germany were interrupted on the effects of gas.

RATIONING:

More Tires, More Gas

Because of the increased quota of tires for civilians, OPA has amended its gas rationing regulations outside of the 17 eastern seaboard states and the District of Columbia.

Following Rubber Administrator William Jefferson's announcement that more Grade A tires would be available for essential use, the OPA boosted the maximum allotment of gas for occupational driving from 470 to 750 gallons per month. The figure is based on an average of 15 miles per gallon of gas.

Formerly, only doctors, ministers and some classes of volunteers received the cherished "C" card allowing 720 miles for occupational driving. Average allotments on "B" cards approximated 470 miles. Now "C" cards will be available on application, showing all traveling will be done on jobs, or the car is being used in transport of three or more persons to war industry.

The OPA also ruled that rationing certificates for replacing tires on farm tractors may be issued by local boards in areas where resupplying facilities are inadequate.

SHIPPING:

Allied Losses

The Allies suffered a net loss of one million tons of merchant shipping in 1942, the navy department reported.

The "net" figure was arrived at after deducting losses from existing fleets and new construction during the year. The navy declared, however, that figures were incomplete, since building records were not received from some of the Allied nations.

In announcing the losses, the navy pointed out that they included submarine sinkings, mines, airplanes, capture and otherwise. According to Secretary of the Navy Frank Knox, submarines accounted for 50 per cent of the losses.

The navy's statement followed a report by the Truman defense investigating committee that 12 million tons of Allied merchant shipping had been sunk during the year.

CHINA:

Fight in Mountains

Forty thousand Japanese assaulted the Chinese army's positions in the mountain range flanking the Peking-Hankow railroad.

Both sides suffered heavy losses as the Chinese resisted fiercely in the passes and on the heights.

The Chinese also reported throwing back two Japanese attempts to land along the China sea coast. The first attempt found troops trying to reach the beach under cover of a huge warship's fire. But when Chinese gunboats forced a withdrawal, the Japs returned the next day with four warships. Again heavy losses frustrated a landing.

Meanwhile, American airmen were active over China, combating Japanese fighter planes from an advanced Allied base in Hainan province.

NEW HORIZON:

'Old Capitalism Dead'

"The capitalism of complete laissez-faire which thrived on low wages and maximum profits for minimum investment, which rejected collective bargaining and fought against justified public regulation of the competitive process is a thing of the past."

No words of a soap-box orator these, but rather the keynote of an address made by Eric A. Johnston, president of the Chamber of Commerce of the United States, at the initial session of the chamber's 32nd annual meeting.

Continuing, Johnston said: "Political and economic freedom are integrated, and that which impairs one also hampers the other in like measure. The horizons of opportunity being opened up are far greater than ever before."

SHELTER IN TUNISIA

Protected from the burning sun by a solar helmet commanded from an Axis prisoner, this American corporal makes his toilet in central Tunisia. His dog keeps him from getting too lonely.

MISCELLANY:

FUEL OIL: American Liberators

bombarded the huge Thilawa oil refinery south of Rangoon, scoring hits on the distillation and storage installations.

DRAFT FATHERS: Secretary of War Henry Stimson said drafting of fathers was necessary if the army was to take advantage of the opportunities offered for speedily ending the war.

RESCUE.

Mrs. Arthur Moore entered Ford Hospital in Detroit Monday and returned to her home here on Saturday.

Arthur Cooley, Jr., of Grant is working for Hackett Blair in Sheridan Township.

Mr. and Mrs. A. Lane of St. Clair Shores visited Saturday and Sunday at the home of their parents, Mr. and Mrs. Oscar Webber, Nell McCallum and nephew, William McCallum, were business callers in Cass City Saturday.

Mr. and Mrs. Clayton Gennett and the proud parents of a son, named Lewis Kay, born at the Morris Hospital Saturday, April 24, Mrs. Gennett and son returned home Saturday.

Mrs. Delzie J. Mellendorf and son, Norris, were in Dad Ave. Friday on business.

Miss Ima Moore of Pontiac visited over the week end with her mother, Mrs. Eva Moore.

Mr. and Mrs. Richard Love and children of Port Huron visited at the home of Mrs. Love's mother, Mrs. D. J. Mellendorf, from Saturday evening until Tuesday.

Sergeant James Swenson and Mrs. Swenson of Texas came Sunday to spend the sergeant's furlough with relatives around here.

Mr. and Mrs. Richard Cliff are the proud grandparents of a granddaughter, Janice Evelyn, born to Mr. and Mrs. Harvey Pelton of Deford at Morris Hospital in Cass City. Mrs. Pelton returned home Saturday and her mother is caring for Mrs. Pelton and baby.

The W. S. C. S. met Thursday, May 6, for dinner and to quilt at the home of Mrs. Mauley Fay.

Double Renting

When the Chinese laundry business started in San Francisco in the 1850s, rents were so high that few companies could afford a single store. Consequently, most of them had to double up and occupy premises for alternate 12-hour periods, putting up and taking down their signs as they arrived and departed.

SOLDIERS OF THE SOIL MARCH ON

1942 is past. The wonderful story of agricultural achievements in Michigan has been written in the records.

The national food for Victory goal however has not yet been fully won.

1943 is ahead. America needs thousands of tons of fruit, grain, vegetables, milk, butter, cheese, eggs, and meats.

Michigan farmers will meet the challenge by stepping up production.

ON THE MARCH, TOO

Hard days of ceaseless struggling are ahead for us also.

Telephone messages must go through swiftly and surely.

Despite shortages and priorities, your telephone company is on the march, too, doing its share to win the fight for freedom.

*You can help too by making your telephone do the biggest job possible.

MICHIGAN ASSOCIATED TELEPHONE COMPANY

Flattering Color Scheme

Women doing volunteer war work may be busier than ever, but women are never too busy to think about looking beautiful at home. Smart women long ago learned what flattering colors in their rooms can do to them. Pink and blue is undoubtedly the most feminine and flattering color combination for the majority of women. Inspiring board makes a charming and light modern wall and ceiling treatment. One decorator chose a deeper blue plain broadloom rug, draperies of rose chintz, and pink and blue striped satin chairs.

Pulverized Coal

Pulverized coal, now used extensively in steam boilers, cement kilns and metallurgical furnaces, must be ground so fine—for its special burners—that more than 90 per cent of it will pass through a 200-mesh screen, a close mesh through which water will not flow.

GAGETOWN NEWS

Mr. and Mrs. Roy Lafave, Mr. and Mrs. Arthur Carlson and Mr. and Mrs. George Purdy attended the wedding, Wednesday, Apr. 28, of their cousin, Miss Margaret Donovan, to John Walter. Dinner for the bridal party, immediate families and relatives numbering 36, was served at one of the hotels at Frankmouth. Mr. and Mrs. Walter will live in Bay City.

Mrs. Fred A. Palmer, Mrs. Hattie Glougie and daughter, Margaret, visited relatives in Pontiac from Friday until Sunday. S. C. Russell Mackay of Curtis Bay, Maryland, spent a seven-day leave with relatives in Detroit and with his parents, Mr. and Mrs. John Mackay.

Prof. Joseph Lapak of Camp Chabonne, Ind., is spending a 10-day furlough with his parents, Mr. and Mrs. Joseph Lapak Sr.

Mrs. Russell Mackay of Curtis Bay, Maryland, spent a seven-day leave with relatives in Detroit and with his parents, Mr. and Mrs. John Mackay.

Mrs. Frank Lehnard and daughter, Mrs. Robert Cartwright.

Mrs. Deles J. Wood and son, Paul, of Muskegon are spending the week with her mother, Mrs. C. P. Hunter. Mr. Wood, who was a week-end guest of his parents, Mr. and Mrs. Bert Wood, went back Monday.

Mr. and Mrs. Carroll Hunter and daughter, Frances, were guests of Mr. and Mrs. H. O. Cartwright of Unionville were recent dinner guests at the home of Mr. and Mrs. Frank Lehnard and daughter, Mrs. Robert Cartwright.

Mrs. Wm. Lafave, who spent the winter in Detroit with her daughter, Mrs. Henry Walters, has returned to her home here for the summer.

Mrs. Agnes O'Rourke visited relatives in Detroit from Sunday until Wednesday.

Mr. and Mrs. D. A. Crawford went to Ann Arbor Saturday and brought home the latter's mother, Mrs. Charles Nash, who has been a patient at a hospital here for the past few weeks. Mrs. Nash is improving.

Joseph O'Rourke returned to Detroit Sunday to resume his studies at Sacred Heart Seminary, after spending the week with his parents, Mr. and Mrs. Daniel O'Rourke.

Mrs. Wm. Dorman and daughter, Bonnie, of Cam visited several days recently with Mrs. Dorman's sister, Mrs. Frank Mosher.

The North Woodward Extension Group met Thursday of last week at the home of Mrs. Harry Russell.

Mrs. Archie McIntyre of Uby visited her mother, Mrs. Christina Gill, Friday. Mrs. Gill, who spent the winter with her daughter, Mrs. Wallace Lawrie, has returned to her home in town.

Mrs. Henry Gehring is spending a few weeks in Saginaw with Mr. and Mrs. A. W. Hirtels and family.

Rev. Earl Gear is taking a two weeks' course of study as supply pastor of the Methodist Church. This will, however, not interfere with his pastoral appointments here and in Brookfield.

Mrs. John Fournier returned on Friday from a five weeks' visit with her children in Ypsilanti, Pontiac and Detroit.

Mrs. Marie Hays and daughter, Shirley Thomas, of Ann Arbor visited Sunday at the home of Mrs. John Fournier.

Mr. and Mrs. A. I. Sorcio are moving from Camp Kingston near Kingston to their residence in town on Gage St.

Mrs. Donald DeNoyells of Bad Axe is caring for her mother, Mrs. Arthur Hurdon, in the Hurdon home. Mrs. Hurdon suffered a stroke several months ago.

Mr. and Mrs. Win. Carr and granddaughter of Flint were Sunday callers at the home of Mr. and Mrs. L. C. Parly.

Mrs. Theresa Wald is spending the week in Saginaw with her daughter, Miss Margaret Wald.

The Woman's Study Club met Monday evening at the home of the president, Mrs. L. D. MacLise, for a potluck dinner after which the affairs of the year were presented and the business closed. Group singing concluded the program.

Mr. and Mrs. Harlan Holmstrom went to Detroit Monday to attend the funeral of her brother, Earl Karner, son of Michael Karner, who was buried Tuesday in Detroit. The Michael Karner family were for several years residents here. Earl Karner was recently discharged from the army.

Mr. and Mrs. Patrick Kohoe, who spent the winter in Pontiac, returned to her home here Wednesday.

Mrs. Walter Barton attended the mid-year banquet at the Hotel Bancroft April 24, sponsored by the Michigan Bell Telephone Co., for the pioneer employees of the company.

Sergeant and Mrs. James McGinn of Santa Ana, California, came Monday to spend the 15-day furlough with his parents, Mr. and Mrs. Lloyd McGinn.

Mr. and Mrs. Fred Dorsch attended a birthday party Sunday evening at the home of Mr. and Mrs. Ernest Stelen in honor of the latter's birthday.

Gulf to Sea
Duvet street in Key West, Fla., runs from the Gulf of Mexico to the Atlantic ocean.

How It Started

It was the first year of the Civil war and Gen. William T. Sherman of Ohio was in Washington trying vigorously to impress upon the minds of officials the importance of a military campaign in the West. The North must also tremendously increase its forces there, he said. "It's crazy," Secretary of War Simon Cameron remarked, just as anyone might remark.

Those who heard this started the widespread rumor that General Sherman was insane.

Notice of Hearing Claims Before Court—State of Michigan, the Probate Court for the County of Tuscola.

Feeding Floors and How to Build Them

Livestock feeders from experience recommend 30 to 40 square feet of floor for each head of cattle and 10 to 15 square feet for each hog. Floor areas should be carefully leveled and given the desired slope before concrete is placed.

Paved Feedlots Easily Paid For

Michigan farmers can chuckle when they hear that livestock producers in Iowa, Indiana or Ohio "invented" several years ago a process of feeding hogs or beef cattle on concrete feeding floors or paved feedlots.

Feeding the Walverine state examples stretching as far back as nearly 40 years ago when paved barnyards began to pave food and reduce disease. Herbert Schluckebier, of Frankfort, remembers a feedlot his father installed near the beginning of the century. Others in the Frankfort area who have been using concrete flooring include Otto Roedel and Henry Laux.

A 30x60 foot feeding floor was paid for in succeeding hog farrowings on the farm of Carl Kester near Mason in Jackson county. Other installations are in use on the Kahre Brothers farm south of Lansing, and the farm of Wilford Jewett south of Mason. There is a 55 by 96 foot paved feedlot near Mt. Pleasant. The Ira Wilson dairy farm near Howell also has a paved barnyard.

These installations are cited by the extension service at Michigan State College as local samples of good wartime management.

Puzzling Inscriptions

Dr. Alfred Melrose, a French ethnologist who spent five months on Easter Island, declared the undeciphered inscriptions found there bear a marked resemblance to inscriptions made 5,000 years ago in the Indus valley in India. Both Easter Island's inscriptions and its massive statues have long puzzled scientists.

Guns for U. S. Hospitals

Reis Tuttle of the Des Moines Register and Tribune has pointed the way for hospitals to render a really patriotic service, by giving pheasants and other game in U. S. hospitals. Next to shooting the Japs, it seems that this should give hunters following the plan the ultimate in pleasure.

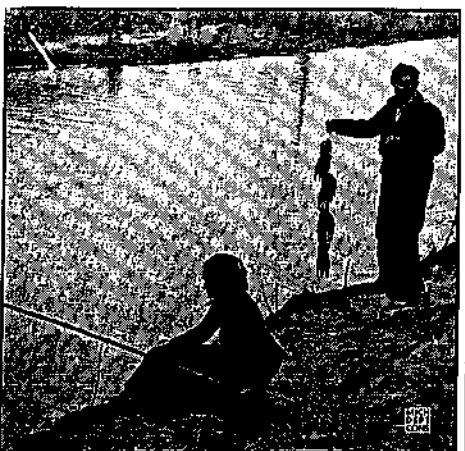

'Nickelodeons'

Early motion picture theaters were known as "nickelodeons" because the admission price was five cents.

Honoring Cadillacs

Calvin Coolidge was the first person while alive to be portrayed on a U. S. coin. The Sesqui-Centennial half dollar of 1925 shows Calvin Coolidge and George Washington.

Perch Run on the Pine

Big strings of fat perch are caught so readily when the fish move up from the lake to spawn that fishermen must take care not to exceed the daily inland waters limit of 25 per person. The Pine river near Frankenmuth, where this picture was taken, is a favorite perch fishing spot. Perch are the fish that take every spring.

Kathleen Norris Says:

Grow Up to Your Troubles

Reel Syndicate—WNU Features.

"She goes back at night, or rather in the morning, to her own little place, where she can feel and write and give inspiration to others, and develop her own soul and personality."

By KATHLEEN NORRIS

ONE of the strangest phenomena of wartime is that the men and women who have tremendous burdens of change, separation, grief to bear are facing them heroically, and those whose problems are just the normal ones of our faulty human living are making more fuss than ever.

"As if the war wasn't enough!" these people say. After which they detail the dreadful facts that there is a leak in the library ceiling, that Jim's telegram couldn't go to his mother this Christmas for the first time in eighteen years and that Ethel lost her new milk coat.

One woman I know demanded sympathy from a large circle of friends because, at the age of 54, she had to have artificial replacements for her teeth. "I'll change her appearance so, and she was always so pretty!" wailed her loyal admirers. And upon meeting they asked each other: "Have you heard about poor Ethel? It's awful! They aren't going to leave a tooth in her head."

Another woman is heartbroken because a building has been put up on the river side of her city house and her view is partially destroyed. You can still see some of the trees and a sign of silver water, but not as you did see them twenty years ago. The worst of it is that Phil had a chance to buy that lot for a song, and didn't!

Grieved Over Lost Pearls. Still a third case is that of a girl who lost a string of pearls. They were real pearls, given her on her sixteenth birthday thirty years ago. They had been her grandmother's. The string was weak and Corrie wore them down to have them restrung. But when she got to the jeweler's they were gone. I met her last week and in the course of a chat she suddenly burst out about them again: "When I think of grandmother's pearls, that I had right here in my hands—"

Here is a letter from a mother in Philadelphia which illustrates again the curious narrow-mindedness of some of our people. It is about a sign on two things on a wide scale, but must refer everything to their own immediate comfort or pleasure. "We have two daughters," writes Mrs. Parker. "Emily is now 20, and Donna six years younger. Emily is nice looking, she has an intellectual face, wears glasses, is always neat and smartly dressed. Donna, who married most fortunately at 18 the young assistant doctor in her father's office, has an ideal home and a beautiful boy.

"Emily never cared for boys, did well in business school, and became a very rich man's private secretary. Eight months ago she went into defense work, taking a 'midshift' at a turret lathe. A little later she and a girl friend rented a small apartment not far from the factory, and she left home. It is true that we are some distance away, and of course our house is a quiet one; my husband's hospital work and private practice exhaust him in these busy times, and usually all lights are out at nine o'clock. But to have our remaining child simply move out of her home, and almost break her father's heart. Night after night, when the dishes are done and we are closing the house, he asks me, 'where do you suppose little Em is tonight?'"

Daughter Visits Parents. "Emily's business school, and her apartment, at about nine in the morning, has something to eat, and

ONE PLUS ONE

Why is it, that the more you have to do, the more you can do? A married woman who works can usually manage to get her housework done in the few minutes she has left at the end of the day. When she gives up her job to devote all of her time to her housework, it takes all of her time. One reason may be, that the busy woman sees her job (or her housework) as a lot of separate tasks and doesn't worry too much about the total. "One plus one," you know, is far less terrifying than "two." Why not try it yourself when you feel you have too much to do?

sleeps until four at least. Perhaps twice a week she walks across town, she is a great walker, and there are six o'clock dinner with her father and me. Also she sometimes drops in on Donna; she is very fond of the baby. Perhaps once a month, on her free Tuesday, she comes to take me to a movie.

"But what ELSE does she do? We have no idea. She has never been expansive with us; we don't know who her friends are, where she usually dines, how she spends her money. It seems a foolish waste to have those girls sharing a \$45 rent, when there are three empty beds in our house, and our house, and good 'till times to the factory. After all, Emily is our child, still to us the dear baby whose coming caused such delight to us and to mother and father, and we cannot quite abandon her to what may be a most foolish and foolish course."

Any fine man will want to marry a gun-turret worker in blue denim slacks is incomprehensible to me, and of course I wish marriage for her, and the happy life of a normal woman. Both Donna and I are feeling sleep over it, and think and talk of little else, and wondering if you cannot give me some argument that will bear weight with Emily, convince her that until she married the best place for her is at home."

My argument my dear Laura Parker, would be directed toward you, my dear Emily. I think you are the one who is making the foolish mistake. From what you unconsciously reveal in this letter I gather that Donna, the younger daughter, was pretty and popular, which Emily obviously is not. Donna at 18 danced and laughed herself into an entirely suitable marriage with her father's partner, and produced a fine grandson in record time. Emily looked on at the bridal party and the wedding presents, went to dine in the new dove-cote, heard through hot brass of gallant little Donna and her baby.

Emily Develops Own Life. Emily is human, and she's jealous. She doesn't want to be just that rather plain smart older daughter of the Parkers, coming home at night to set the table, glance at the paper, look at the radio. She's hard at work now, important work, she's surrounded by other workers, all in dead earnest. She goes back at night, or rather in the morning, to her own little place, where she can loaf and gossip and give impromptu support and develop her own soul and personality.

Every day I have a letter from some frantic mother who puts to me your problem. Sometimes the girl who leaves the parental roof-tree is only 15; sometimes she goes affectionately, regretfully and sometimes defiantly, running away. This trying out of wings is as natural as breathing and, in most cases, it works no harm. Left to herself, the girl's nature expands.

DEATHS.

Edgar J. Preston, Edgar J. Preston passed away Monday, May 3, in Morris Hospital. The remains were at the Munro Funeral Home until Tuesday afternoon and were then taken to the Preston home, four miles south and three miles east of Cass City, where Mr. Preston has lived for the last 62 years.

Edgar J. Preston was born in Jackson County May 22 over 90 years ago. He has been a member of the Orangemen's Lodge for 30 years.

Funeral services were held at 2:00 p. m. Wednesday from the Monroite Brethren in Christ Church. The Rev. E. M. Gilson officiated and interment was in Elkland Cemetery.

He is survived by one brother, Daniel A. Preston, of Snover. Pallbearers were John Kennedy, Chas. Severance, Arthur Banker, Ralph Young and W. Perry.

Herman Vincent.

Herman Vincent, 51, prominent Kingston farmer, died Friday, Apr. 30, in Pleasant Home Hospital after a short illness. Funeral services were held in the Kingston Baptist Church. The Rev. Walter Hubbard officiated and burial was in Kingston Cemetery.

Mrs. Ellsworth Wilcox.

Mrs. Lavinia Wilcox, 63, passed away Tuesday, May 4, in the home of her daughter, Mrs. Claud Pausley, four miles south and two and a quarter miles east of Cass City. The remains were brought to the Kaehn Funeral Home where they remained until Wednesday afternoon and were then taken to Mantion, where funeral services were held.

Mrs. Wilcox was born in Newburg County February 25, 1880, and when three years of age moved with her parents to Mantion. In 1918, she married Ellsworth Wilcox at Cadillac. She was a member of the Church of Christ.

She is survived by two sons and two daughters, Garland Wilcox of Mantion, Pvt. Harry Wilcox, somewhere in Tennessee, Mrs. Pausley of Cass City and Mrs. Lottie Tucker of Greenville. She also leaves 10 grandchildren and two great grandchildren.

Left Handful Salute

In Honolulu an officer approached and Al Schuman, 35, snapped into a salute with his left hand. Therein lies the story of a 25-year master sergeant who believes he is the U. S. army's only enlisted man to obtain permission from the secretary of war to salute from the "portside." Early in his long army career, Schuman suffered an injury in the line of duty that partially crippled his right arm. When he applied for re-enlistment in 1916, the war department gave him written permission to salute with his left hand.

NOVESTA.

Farmers are still wondering if spring will come. Mr. and Mrs. Bruce Spitzer had Sunday dinner at the Claud Pausley home.

Pvt. Norman Crawford, who is stationed at Camp Blanding, Fla., has been spending a 15-day furlough at the home of his parents, Mr. and Mrs. C. J. Crawford.

Mr. and Mrs. A. J. Pratt and sons, Marvin and Arthur, of Lenoir spent Sunday at the Anson H. Henderson home.

Mr. and Mrs. Claud Pausley and daughter, Marjorie, attended the funeral of a relative in Greenville on Saturday, returning home Sunday.

'Naval Stores'

The name "naval stores" was given to turpentine and resin because in colonial days gum from the southern pines was used in caulking ships.

Semaphore Messages

For several decades before the advent of electric telegraphy, extensive semaphore systems for transmitting messages between cities were built, probably the largest running from the Prussian border to Leningrad via Warsaw. It employed 1,300 operators in its 200 towers, and a signal or single letter could be sent over its entire 1,300 miles in about 30 minutes.

First Negro Church

The first church for Negroes in the United States was established in 1787 in an old blacksmith shop at the corner of Sixth and Lombard streets in Philadelphia. Its founder was Richard Allen, a former slave, who in 1793 was ordained in the ministry of the Methodist Episcopal church and became America's first colored clergyman.

Extra Weight

Every ounce of fat in the human body requires absorption of a mile of blood vessels. Therefore a person carries three extra miles of them for every five pounds of superfluous flesh.
