Marjorie Karr Took Top Honors at 4-H Club Show

Cass City Girl Exhibited Grand Champion Fat Hog at Sale.

Forty-two fat hogs totalling 8,410 pounds were exhibited and sold for a gross of \$1,424.50 by 4-H Club members at their fall hog show and sale at the Caro Auction Yards Tuesday, Oct. 26.

Marjorie Karr, 4-H Club girl from Cass City, took top honors away from 12 boys by showing the grand champion fat hog at the 4-H Club show and sale. Reserve champion was shown by Jack Desimpelore, Unionville, who also showed the champion pen at the show. Don Keinath, Reese club member, showed the reserve champion pen.

Hearty approval and encouragement was given to the youngsters by lively and generous bidding at the special 4-H auction sale which followed the show. Frank Kinde, Caro meat dealer, purchased the champion and reserve champion individual hogs for 25c a pound as well as several other lots at well above the market price. Peet Packing Company of Bay City purchased the champion and reserve champion pens for \$17.10 and \$17.30 a hundred pounds respectively and also purchased 26 other hogs at a premium. The average price for all hogs sold by club members was \$17.36 a cwt. Special permission had been granted by OPA to allow buyers to pay above.

199 Oil Leases in Elmwood, Novesta Written Recently

Pure Oil Co. Agents Are Now Working in This Community.

With only 16,000 new oil wells drilled in the nation in 1942 compared with 30,000 new wells put down the previous year, oil prospectors are anticipating a busy season the coming year. While drilling was cut almost half from the 1941 figure, military demands have been increasing astronomically.

Several of the larger oil companies have taken leases on farms in eastern Tuscola County in recent months. In Elmwood Township, from June to October inclusive, oil leases have been written on 64 farms. In the same period, approximately 135 leases have been taken on Novesta Township farms, while in Akron Township the number was five, and in Almer Township eight farms. R. S. Gardenhire of Evansville, Ind., has been most active in the northern part of Novesta Township.

Ford Turner, land agent for the Pure Oil Co., and several assistants are in this community writing oil leases. According to Mr. Turner, oil men look forward to testing operations here, possibly next spring. The Shell Oil Co. is also interested in this area and has written quite a number of leases, both in Tuscola and Sanilac.

The fees for recording an oil lease range from \$2.50 to \$5.50. In Tuscola County, according to the records of Register of Deeds Truman Ackerman, the largest sum in fees in the past three years was paid in March, 1941, when the total was \$769,000. In April of the same year the amount was \$217,750. This year, the June total was \$258,500; in August, \$301,000; in September, \$228,000; and in October, \$151,750. Fees collected in Mr. Ackerman's office go directly into the county treasury.

Cass City Whipped Marlette 13-7 Friday

Cass City's scrappy gridiron men, with Lee McConnell hurling two touchdown passes, whipped an aggressive Marlette team Friday night at Marlette, by the score of 13 to 7.

The deciding score came in the last period when McConnell fired a 20-yard pass to Halfback John Bugbee in the end zone. Kettlewell plunged the two yards for the extra point. Cass City's first touchdown was made in the second period on a 25 yard toss, McConnell to End Ed Ross.

Marlette's lone score was set up by two fumbles on the part of Cass City in the first few minutes of play.

Cass City's iron men of the line made a goal line stand in an attempt to prevent a touchdown but Marlette's half back, Patrick, tossed a 15 yard pass on the fourth down to Kraft in the end zone. Wilson made the extra point.

"Bill" Bird, Cass City guard, played an exceptionally fine game, assisted by Shagena and Fredericks.

Cass City 0 6 0 7—13
Marlette 7 0 0 0—7

Touchdowns—Cass City, Ross 1, Bugbee 1, Marlette, Kraft 1. Points after touchdown—Cass City, Kettlewell 1, Marlette, Wilson 1.

This victory is win number 5 for the Cass City squad against one tie and no defeats.

W. S. C. to Promote War Bond Sales

Peace proposals were discussed by Mrs. S. G. Benkelman, Mrs. G. A. Tindale and Mrs. Grant Patterson Tuesday afternoon when the Woman's Study Club met in the home of Mrs. H. F. Lenzner.

During the business meeting, conducted by the president, Mrs. Patterson, the club agreed to promote War Bond sales during the month of November. This is a national project of women's clubs of the United States, each state federation being responsible for the purchase of at least one bomber through the sale of bonds. The club will have a Bundle Day in the near future when clothing will be accepted which will be sent to Detroit to be remodeled for needy children. The work of remaking the clothes is being donated by philanthropic Detroit women and completed garments are sent to many parts of the world. Plans for youth recreation in Cass City were also discussed.

Mrs. M. D. Hartt will be hostess to the club on Tuesday, Nov. 16. Mrs. Benkelman, Jr., will present a book review, and a report of the East Central District Convention will be given by Mrs. Dudley Mosure.

Ten Townships Have Completed U. W. F. Quotas

Nineteen Separate Agencies to Share in Funds Raised in the Campaign.

Stressing the point that this is the final week of the United War Fund drive, Chairman Clarence R. Myers of the Tuscola County War Fund, urged all local chairmen where quotas have not yet been met to keep the ball rolling so that the drive can be completed according to schedule by Saturday at midnight. Ten townships completed quotas, most of them having given township board authority to pay the quota from the township's general fund.

Townships reporting full quota payments to Allison R. Stone, County War Fund treasurer, are Almer \$300, Columbia \$1,065, Dayton \$685, Elkland \$1,460, Elmwood \$875, Gifford \$770, Wells \$560, Arhela \$785, Wisner \$460, Juniata \$580.

In addition, the Detroit Edison Co. gave the treasurer a check for \$250, to be spread over the county's total quota of \$24,147.49, or allotted to those townships in which the company is engaged in business.

In Elkland, payment was made from the township war chest fund to which citizens here contributed several weeks ago.

A kick-off breakfast started the campaign in Indianfields Township, Wednesday morning, when solicitors met for breakfast at Hotel Montague, received supplies and commenced the drive there. In Caro, the drive is a "war chest," with \$1,000 more than the quota of \$4,840 being asked to take care of future war solicitations of the coming year, as well as local charities.

There are 19 separate agencies. Concluded on page 5.

C. E. Meeting at Akron November 9

The Tuscola County Christian Endeavor Union will hold its bi-monthly meeting on Tuesday evening, Nov. 9, at eight o'clock at the Akron Presbyterian Church.

Rev. George Carrier of the Colling Nazarene Church will be the guest speaker, and the story of a favorite hymn and a religious current event will be given by Christian Endeavor members. The Christian Endeavor men's quartet will render a selection. All young people are welcome.

Tuscola Ration Board Sets Hours for Issuing Ration Book No. 4

Applications for War Ration Books No. 4 will be accepted by the Tuscola County War Price and Rationing Board in Caro on Monday, Nov. 8, and each Monday thereafter for three weeks. Ration Book No. 4 will not be issued on any other day. One adult member of the family may apply for the books. War Ration Books No. 3 must be presented with the applications. The board hours on Monday are from 10 to 12 and from 1 to 5.

19 Are Selected for County 4-H Service Club

Initiates Will Meet Active Members at the Caro Gun Club November 10.

Nineteen older 4-H Club members who have been active in the Tuscola Co. Club program were selected for membership in the Tuscola County 4-H Service Club at an executive meeting of the club's officers in the court house Thursday night, Oct. 28. Initiates will meet with active members at the Caro Gun Club Wednesday evening, Nov. 10, for a special initiation ceremony and party.

Membership to the Service Club is by initiation only and is limited to not more than 20 new members each year selected on the basis of outstanding 4-H club activities and rural leadership. Members must participate in a specified number of the club activities in order to retain an active rating in the organization. Providing wholesome recreation for the older rural youth in the county is one of the Service Club's major activities as well as to recognize the contribution made by club members through their active 4-H Club work.

The executive committee selected the following for membership to the Service Club organization: Wanda Zenke, Christina Baker of Caro, Dan Wark, Margaret Hittman, Dorothy Brinkman, Deloris Hoyer and Clara Harrington of Akron, Reid Hall and Harold Lane of Vassar, Helen Harbin and Cleo Weiler of Mayville, Glenola Beatenhead and Nancy Black of Unionville, Ralph Cramer of Fairgrove, Don Doerr of Cass City, Chas. Buchinger of Reese, Ardith Phillips of Kingston, Ellen Meachum of Millington, Lila Ackerman of Gagetown, and Chas. Bragg of Caro.

Sanilac Co. Farmers on FSA Committee

Four Sanilac County farmers were recently notified of their appointment to a new all-purpose county FSA committee which has been established to adapt the Farm Security Administration program to local needs and to bring the resources of family-type farms in the county in full, wartime production.

According to George W. Kuhn, Sanilac County FSA supervisor, at Sandusky, the new committee consists of three full members and one alternate who will serve from one to three years. Its duties will be both administrative and advisory. All members must be farmers, residents of the county, and familiar with local agricultural conditions.

Those appointed to serve on the Sanilac County committee are: Ward Hodge, Snover, three years; Norman Wait, Sandusky, two years; Orville Fair, Deckerville, one year; Henry Pries, Peck, alternate.

"The single committee will handle all the advisory duties formerly handled by several committees," Mr. Kuhn said. "Selected on the basis of their knowledge of local farming problems, these men will review and pass on the eligibility of applicants for Farm Security loans and assistance. In those counties where loans are made to qualified tenants to purchase farms of their own, under the Bankhead-Jones Farm Tenant Act, this committee will review and pass on the eligibility of loan applicants, the purchase price of the farm, and the amount of money involved in the entire transaction."

Road Commission to Be Named by Tuscola Supervisors

County road commissioners in Tuscola County will be placed in office by appointment of the board of supervisors. The supervisors voted at their session last week to adopt this method and to abandon the commissioners' selection by popular ballot. In a secret ballot, the change was made by a 19-3 vote.

The committee on roads and bridges recommended that the Tuscola County Road Commission be authorized to enter into a contract with the Michigan State Highway Department for the supervision and maintenance of state trunk lines within the county. The supervisors voted to adopt the report.

University Professor Is Community Club Speaker Tuesday

DR. KENNETH K. LANDES.

The Cass City Community Club will hold its regular monthly meeting on Tuesday evening, Nov. 9. Dr. Kenneth K. Landes, head of the geology department of the University of Michigan, will be the speaker of the evening. His subject will be "Petroleum and the War." Dr. Landes came to the university a year ago from Kansas University and was promoted to the head of the geology department last June. Previous to his geology professorship at Kansas University, he was state geologist for Kansas. Dr. Landes will bring to the Community Club members a wealth of information on the part that oil and minerals are playing in this war.

For the musical feature on the evening program, Eunice Herber will play a baritone solo. Eunice is a new student in Cass City High School and is a soloist in the high school band. The men will be led in group singing by Vernon Wait. The ladies of the Baptist Church will prepare the 7:30 dinner.

Orion Cardew, Community Club president, has appointed Dr. P. A. Schenck, Herb Lenzner and William Profit as the nominating committee to draw up a slate for the 1944 board of directors. The committee's report will be acted upon at the November meeting.

Bibles Displayed at High School

The display cases in the lower hall of the Cass City High School house an interesting display of Bibles and Bible posters which were placed there recently in honor of Universal Bible Week. The collection of Bibles includes several copies written in various languages and dialects and a number of different English translations. Bibles in Swedish, Chinese, German, and Esperanto are among the group. A New Testament in the exhibit was purchased in Jerusalem and has covers of olive wood.

The Bibles on display were collected under the direction of Mrs. Dudley Mosure, school librarian, and were arranged in the display cases by the high school art class under the supervision of Miss Ruth Schenck, art instructor.

In recognition of National Education Week which begins November 7, the school plans an exhibit of early textbooks. Anyone in the community who has old textbooks suitable for such a display and who is willing to lend or give them to the school for such a purpose is asked to contact the school office.

National Girl Scout Week Oct. 31-Nov. 6

This week is being observed by thousands of Girl Scouts all over the United States as National Girl Scout Week. In recognition of their founder, Juliette Low, all the Girl Scouts celebrate her birthday and the week in which it falls as a tribute to the work she did in scouting. Juliette Low founded the first Girl Scout troop in Atlanta, Georgia, in March, 1912.

The organization is planned to give the girls the same advantages which scouting has always given the boys. Their fundamental aim is the further development of girls along physical, mental, emotional, moral, and spiritual lines so that they may not only be personally enriched individuals but better citizens in our democracy.

Troop No. 1 of Cass City presented a program to their mothers Wednesday, Oct. 27, to enable them to understand better the seven service days of Girl Scout Week. The entire troop participated in this service.

The service days as presented by the Scouts are: Sunday, church day—all the girls went to their own churches wearing their uniform. Concluded on page 8.

26 Trucks to Pick Up Scrap Metal in Tuscola County

Legionnaires Will Aid U. S. Army Soldiers in County-wide Campaign.

Aided by members of American Legion posts, United States Army soldiers with 26 trucks will be in Tuscola County to pick up scrap metal next Tuesday, Nov. 9. The contingent will arrive Monday and will be quartered in the Caro High School auditorium over night. Legionnaires will accompany the soldiers and Army trucks on the pick-up the next day.

At a meeting of the county scrap metal committee Sunday, it was decided to send five trucks to Vassar, four to Mayville, one to Millington, and two to Cass City, and the others to operate from Caro. All scrap picked up will be taken at once to dealers in Caro, Cass City and Vassar to be sold.

Tin cans, although much needed for the war effort, are not wanted in this drive, nor are tin roofing. Concluded on page 4.

Auction Sales

Two auction sales will be held tomorrow (Saturday). Frank McGregory will have a farm sale 4 miles east and 2 miles south of Cass City with Arnold Copeland as auctioneer and the Pinney State Bank, clerk. Full particulars are printed on page 7. Chisholm & Cobbin will have a furniture sale at Gagetown with James Chisholm as auctioneer and Billy Grappan as clerk. The list of property is printed on page 2.

Two auctions will be held on Wednesday, Nov. 10, both of which are advertised in detail on page 7. Arnold Copeland will cry the sale of Joseph Miljure, 3 miles east of Owendale, and the Pinney State Bank is clerk. Clinton Compton's sale will be held on his farm 1 mile west of Elmwood Store. Herb Haist is the auctioneer and the People's State Bank, Caro, clerk. Both of these are farm sales.

Also on page 7 is the announcement of the auction of Ward Green 2 miles south and ¼ mile west of Fairgrove, Monday, Nov. 8.

THE SACREDNESS OF HUMAN LIFE

LESSON TEXT—Exodus 20:13; Matthew 5:21-26, 38-45. GOLDEN TEXT—Whoever hateth his brother is a murderer.—1 John 3:15.

Human life is sacred—and there is a very important reason why that is true. It is not because of any law of man, but finds its foundation in the fact that God created man in His own likeness and image. Because that is true, no man has any right to take the life of another for any cause except at the direct command of God. Only by the orderly process of law for the protection of society and in accordance with the Word of God may there be any such action by man toward man.

Both of these truths are declared in Scripture in God's covenant with Noah (Gen. 9:5, 6), which was made possibly a thousand years before the Ten Commandments were given to Moses. One cannot deny that human life is held rather cheaply in many places today. War helps to create that attitude on the part of nations which makes them count boys and girls, yes, mere babies, as "war material."

Not only in war is life carelessly destroyed. We decry the "slaughter of innocents" on the highway, unnecessary death in industry, yes, even in the home.

I. The Prohibition of Murder (Exod. 20:13). The word "kill" in this commandment is one which means a violent and unauthorized taking of life, and is therefore more properly translated "murder."

Not all killing is murder. A man may kill another entirely accidentally, or he may be the duly constituted legal officer carrying out the law of the land in taking the life of one who has forfeited his right to live because he has slain another. There is also the right of self-defense, be it individual or collective as in war. But these are the only exceptions; let us not attempt to justify any other.

Murder is more prevalent than most of us suppose. Some years ago we were told that there was a murder every forty minutes in our land. With the general increase of crime, and of drunkenness (which so often incites murder), the current figures would probably show an increase.

Do not forget the deaths, the destruction of life, by avoidable automobile accidents. Some of these were really murder because the one responsible drove with defective brakes, dangerous tires, or while he was intoxicated. Add to these the deaths in industry caused by failure to provide proper safeguards or healthy working conditions, and by the exploitation of child labor, and we say that we should cry aloud, "Thou shalt do no murder."

II. The Provocation to Murder (Matt. 5:21, 22). Murder finds its provoking cause in the heart of man. Our Lord was concerned about correcting the desires rather than to apprehend the offender after the act had been committed. It is the better way, and the more effective one.

In this matter of murder, Jesus cut right through the outward aspects of the matter and pointed out that an angry hatred in the heart is the root of all murder. If we hate, we have murder in our hearts. Circumstances may hinder its fulfillment, but the danger is always there until we remove the cause.

Just being angry—calling our brother "raca" (the modern equivalent of which is "nobody there"), and calling him "thou fool," which classifies him as "morally worthless"—these are the three dread downward steps to murder. And they begin in anger.

May God help those of us who have strong feelings that we may not yield them to the devil in such anger against our brother!

III. The Prevention of Murder (Matt. 5:23-26, 38-45). Prevention with God means more than putting up a barrier to keep us from killing. He deals with the heart, and thus puts the whole life right. It is not even a question of how we may feel against our brother. If he has sought against us we are to do all we can to win him. He may be unreasonable, grasping, and unfair. However, the spirit that will win him is not that of retaliation or sullen submission to the inevitable, but rather a free and willing going even beyond what is required.

It is clear from other scriptures that our Lord does not mean that wicked and unscrupulous men are to be permitted to defraud and destroy God's people. At the same time, we must be careful not to explain away the heart of our Lord's interpretation of this great commandment.

We who believe in Christ are to be in deed as well as word the sons of our heavenly Father (v. 45), loving not only those who are kind to us, but even our enemies.

Post-War Plans for Servicemen Studied on 25th Armistice Day

Telegraph keys clicked the magic words from coast to coast. "The Armistice has come! The war's over!" Probably the greatest outpouring of American emotion in history was unleashed. Big city streets were blackened with yelling celebrants. They paraded, danced, embraced, beat on wash basins, and shot off guns above a chorus of automobile horns as saloon keepers rolled out barrels of wine for the street mobs.

And in many dwellings quieted by the absence of a loved one, women thankfully murmured: "He's coming home."

Thus, America reacted to the end of World War I on November 11, 1918, and thus we probably will react to the end of World War II. Our debts to our nation's warriors no doubt will be felt keenly on this, the 25th anniversary of Armistice day, as they battle for the same principles their fathers fought for.

This annual day of remembrance, with its speeches and parades, helps the homefront worker to say "thanks" to the lads who advance through the mud and jungle of the Solomons, who crouch in dirt holes near enemy lines in Italy as shells near both sides burst about them, who are tossed into icy, oily sea water by enemy torpedoes; and who send Axis planes plummeting earthward despite howling, screeching enemy fighters, rattling anti-aircraft and glaring, sweeping searchlights.

Planning for the Future. But America's appreciation for her warriors is not being shown merely by one day of celebration. Quietly working behind the scenes of this wartime drama, the national government, state governments, and patriotic societies have been planning peacetime jobs, education and security for all the Johnnies who will come marching home.

According to President Roosevelt: "Among many other things we are, today, laying plans for the return to civilian life of our gallant men and women in the armed services. They must not be demobilized into an environment of inflation and unemployment to a place on a bread line or on a corner selling apples. We must this time, have plans ready—instead of waiting to do a hasty, inefficient and ill-considered job at the last moment."

The Master Plan. "I have assured our men in the armed forces that the American people would not let them down when the war is won. The least to which they are

entitled, it seems to me, is something like this:

"1. Mustering-out pay to every member of the armed forces and merchant marine when he or she is honorably discharged, large enough in each case to cover a reasonable period of time between his discharge and the finding of a new job.

"2. In case no job is found after diligent search, then unemployment insurance if the individual registers with the United States employment service.

"3. An opportunity for members of the armed services to get further education or trade training at the cost of their government.

"4. Allowance of credit to all members of the armed forces under unemployment compensation and federal old age and survivors' insurance, for their period of service. For these purposes they should be treated as if they had continued their employment in private industry.

"5. Improved and liberalized provisions for hospitalization, rehabilitation, and medical care of disabled members of the armed forces and merchant marine.

"6. Sufficient pensions for disabled members of the armed forces."

Other Post-War Measures.

On the heels of this statement the National Resources Planning board released a 96-point demobilization and readjustment plan which included similar post-war benefits for service men and women.

Among the state governments, Oregon is reported to be planning college education and the financing of homes or farms for its returning World War II veterans.

Selective service boards are reported to be getting ready to reverse their present function after the war, and will become a job finding agency for men leaving the military forces.

Government benefits, however, are only part of the opportunities greeting American fighters when their heroism and sacrifices have brought victory and peace. Thousands of new and fascinating jobs may be expected to accompany industry's swing to peace-time production. Some new and startling scientific advances have been put aside temporarily during the war. Other innovations have been discovered during wartime, necessity for speed and durability. They include the fields of television, aviation, plastics, farm chemistry, the automotive industry and many others.

THE FIRE-FIGHTER

Staying at a boarding house, was a man not noted for his early rising. One morning about six o'clock he surprised the landlady by walking into the kitchen in his dressing gown, a small medicine glass in his hand. He asked for some water. She filled the glass and he returned to his room.

Three minutes later he returned, still yawning, with the same glass and the same request, and five minutes later he again asked her to fill the glass.

"Whatever is the matter?" inquired the landlady. "Aren't you well?"

The young man yawned. "I'm all right, but my—my room's on fire."

Most cases of fowl paralysis occur in birds from 4 to 12 months old, although older birds frequently contract the disease. No satisfactory cure has yet been developed.

WEEKLY NEWS ANALYSIS

Tax Body Asks Higher Postal Rates; Coal Miners Offered New Pay Boost; Nazis Strengthen Defenses in Italy As Allied Forces Gather in Corsica

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)
Released by Western Newspaper Union.

Labor leaders who conferred with President Roosevelt on wages and prices included, from left to right in front row, William Green, AFL president; A. F. Whitney; Mrs. Anna Rosenberg, social security board; Philip Murray, CIO president, and Julius Emspak. Back row from left to right: George Meany, Daniel Tobin and R. J. Thomas.

TAXES: Ask Higher Postal Rates

With congress opposed to further increases in income taxes, the lawmakers looked to other possible sources of revenue to help raise some of the 10 billion dollars requested by the treasury to bring total receipts to 50 billion dollars annually.

Congress' advisory tax staff proposed increasing the local postal rate to 3 cents; air-mail to 10 cents an ounce; money orders to 10 to 37 cents; insured mail 10 to 70 cents, and COD mail 24 cents to \$2.40.

The advisory staff also suggested raising the liquor tax to \$10 a gallon; beer to \$8 per barrel; wine to 5 cents to \$1 a gallon; electric light bulbs and tubes to 15 per cent of retail price; general admissions to 3 cents for each 10 cents; bowling 20 per cent of charge, and billiards \$20 a table.

In all, congress hopes to raise 1 1/2 billion dollars from the new levies.

RUSSIA: Nazis Fight Entrapment

Their Dnieper river line smashed below Kiev, the German high command strived to pull hundreds of thousands of their embattled troops out of the huge noose charging Russian forces were drawing about them.

In this sector, the Dnieper turns sharply from a southerly direction and runs almost 200 miles eastward to Dnepropetrovsk. The Germans established a line along these 200 miles of river front, and then organized a defense from Dnepropetrovsk southward some 125 miles to the Sea of Azov.

By slashing through the German lines along the eastern course of the Dnieper, the Russ threatened the whole Nazi line strung to the south from Dnepropetrovsk. To escape entrapment, the German high command began withdrawing its troops.

DRAFT: Would Take Dads Last

Moving to draft dads last, congress passed a bill which would require Selective Service to induct all single and childless married men throughout the entire country first before fathers would be called by any board.

Incorporated in the same bill which went to the senate for consideration were provisions which would:

1. Eliminate the War Manpower commission's classification of "essential" industries offering temporary deferment;
2. Require all deferments to be reviewed by appeals boards within the district where the employee works;
3. Establish a medical commission to consider change of army and navy physical standards.

'HELLCAT': Navy's Newest

Latest American plans to sweep the Japanese before it in Southwest Pacific skies is the navy's Grumman Hellcat fighter plane.

Powered by a 2,000 h.p. motor, the Hellcat travels over 400 m.p.h., can climb to 35,000 feet and has a range of over 1,500 miles.

With a wingspan of 42 feet, 10 inches and an overall length of 33 feet, 8 1/2 inches, the Hellcat is a single seat, low wing, all metal, folding wing monoplane, designed to operate from an aircraft carrier or land.

ITALY: Dig In

With the Nazis solidly entrenched in the mountains running across Italy 100 miles south of Rome, there were reports that Gen. Dwight Eisenhower was assembling forces in Corsica, possibly for a landing at the Germans' rear in northern Italy, or on the French Riviera.

The mountains in which the Germans dug in form a double ridge and rise to heights of 2,500 feet along the sector occupied by Lieut. Gen. Mark Clark's Fifth army. Because most positions blend well into the landscape and the heights are rugged, experts saw little use of airplanes to bomb defenses effectively or armored formations to break up concentrations.

The continuing flow of German reinforcements in northern Italy indicated that the Nazis intend to pin down the greater bulk of the Allied armies in that country, and make it the principal battleground of Europe.

HAWAII: Commander in Contempt

When the army's commander of the Hawaiian department refused to produce two German-American citizens in court and show cause why the army should continue to hold them on precautionary grounds, Federal Judge Delbert E. Metzger charged the commander with contempt and fined him \$5,000.

But when Judge Metzger learned that the army had released the two citizens, he dismissed the order to produce them, and cut the commander's fine to \$100. However, he refused to dismiss the contempt charge entirely.

Under martial law in Hawaii, the writ of habeas corpus, requiring authorities to show cause why a suspect should be held, had been restricted to use in certain civil cases, although Judge Metzger had demanded its full application. At present, habeas corpus stands suspended in military cases, but can be utilized in strictly civil suits.

LABOR: Raise for Miners

Trimming the United Mine Workers' proposition for a \$1.50 daily wage raise with compensation for underground travel time, the War Labor board offered John L. Lewis' UMW a \$1.12 1/2 boost.

Under the WLB offer, miners would not be paid for underground travel, but would receive time and a half for 45 minutes of work over the regular 7-hour day. According to the WLB, the miners' earnings would increase \$1.66 daily for a six-day, 8 1/2 hour day.

Meanwhile leaders of 20 railroad unions were preparing a strike vote among their 1,350,000 members, to decide on a walkout over dissatisfaction of the government's award of wage increases of four cents an hour for the operating unions, and Economic Stabilization Director Fred Vinson's refusal to grant the non-operating unions an eight cents an hour boost.

HIGHLIGHTS . . . in the week's news

TAXES: The excess profits tax on corporations will be increased to 95 per cent from the present rate of 90 per cent, Representative Knutson, minority leader, predicts.

MECHANICS: A critical shortage of automobile mechanics is announced by the Office of Defense Transportation. Training courses in this work are now in progress in 72 cities.

WHISKEY: An increase of 20 cents a quart, and 26 cents a "fifth" has been authorized by the Office of Price Administration. It applies to blended whiskey containing imported neutral spirits.

UNDERWEAR: A shortage of underwear is impending, says Roy Cheney, president of the Underwear Institute. He blames lack of factory workers.

SOUTHWEST PACIFIC:

Work on Jap Bases

Continuing to blast at Japanese outposts impeding further U. S. advances in the Southwest Pacific, American airmen returned to Rabaul and Kahili and showered the two big enemy air and sea bases with hundreds of tons of bombs.

As a result of persistent U. S. bombing, it was reported that the Japs have been making little use of their air fields of Kahili in the Solomons. Once the center for enemy craft harassing U. S. positions in the southern Solomons, Kahili has shown little life as American airmen swept over to plaster runways and installations.

Heavily screened by fighters, nearly 50 four-motored Liberator bombers spearheaded the latest blast at Rabaul, which has served the Japanese as a feeder point for supplies for their troops battling in New Guinea and the Solomons. As a result of recent raids, it was reported more than 800 enemy planes were knocked out.

PEACE PLANS: Debated in Senate

In the hush of the historic old senate chamber, silver-haired Senator Tom Connally (Texas) arose to his feet in his long black coat. Glancing slowly about, he began to read the foreign relations committee's resolution defining the principle of America's co-operation with other nations for preserving peace in the postwar world:

"The United States acting through its constitutional processes, join with free and sovereign nations in the establishment and maintenance of international authority with power to prevent aggression and to preserve the peace of the world."

When Connally sat down the senate opened debate on accepting the resolution. Some senators charged the measure invited U. S. formation of an alliance with individual countries for action against threatening powers, and they demanded adoption of a broader resolution calling on the U. S. to join a world organization which could enforce peace through use of military police.

Blood Flows Backward

Although three-month-old Marilyn Stewart's heart is so constricted that the blood circulates backward, she has been faring well.

Pictured above in her mother's arms, tiny Marilyn's case has baffled doctors, who say that her condition is contrary to the ordinary structure of life.

FUEL: Coal Supply

U. S. coal stocks total a record 100,000,000 tons, of which 15,000,000 tons are stored in basements, the Bituminous Coal Institute declared.

Further, the institute said, production goals of 600,000,000 tons of coal for 1943 will be met if: 1. There are no more strikes; 2. Absenteeism can be reduced; 3. Drafting of miners is halted, and 4. Ample replacement machinery is available.

Although production slumped 350,000 tons in the week of October 16, the institute said, output still was 150,000 tons higher than the same period last year.

Oil Sources

To keep pace with the rising rate of crude oil withdrawal, the U. S. must bring in a 30,000,000 barrel field every six days, Col. Ernest O. Thompson of the Texas railroad commission declared.

Although the nation has an unused capacity of 200,000 barrels daily in west Texas, Colonel Thompson said the United Nations have a reserve of 991,389 barrels daily. Of this, the British empire possesses 422,123 barrels, chiefly in Iran, and Latin America has 569,246 barrels, mostly in Venezuela.

At present, Colonel Thompson declared, the British empire is supplying 845,900 barrels daily, and Latin America 1,015,035 barrels daily, compared with U. S. production of 4,600,000 barrels daily.

VETS: Offer Job Training

Vocational training for veterans of the present war who may be unable to find employment when they return, will be provided at government expense, the Veterans' administration announces.

Courses up to four years will be given, and increased pensions will be paid while the ex-serviceman is in school. A single man will receive \$30 a month, a married man \$30 and \$5 for each dependent child.

POWER SAVED AT HOME—

means more power for the FIGHTING FRONT!

The power behind your electric switch is really a product of coal and manhours and transportation, of copper and steel and tungsten and other critical war materials used in its manufacture. Every bit of electric power you save at home means more power available for the fighting front. Every pound of coal, every gallon of oil, every hour saved in the production of electricity means that much more available to achieve maximum war production. * * * Think of electricity in terms of weapons and supplies for our fighting men . . . and use it as carefully as you would rubber or gasoline or any other vital war material. William J. Bliss and Miss Tyo Are Wed

St. Pancratius Catholic Church here was the scene of the wedding of Miss Marjorie June Tyo, daughter of Mr. and Mrs. Joy A. Tyo of Detroit, and William James Bliss, son of Mr. and Mrs. John Bliss of Gagetown. The ceremony took place Saturday at 9:00 a. m. with Rev. Fr. John J. Bozek officiating at the high mass.

To the strains of a wedding march played by Mrs. L. V. Mulholland of Detroit, an aunt of the bride, the bridal party entered the church and approached the altar which was decorated with yellow and white chrysanthemums. The bride, who entered on her father's arm, was given in marriage by him at the altar.

The bride chose for her wedding a floor-length gown of white silk marquisette with a veil of fingertip length. Her flowers were a muff of white roses and gardenias.

Miss Eileen Freeman of Detroit, a cousin of the groom, was the bridesmaid. Her gown was of pink net and lace and she carried an arm bouquet of pink roses and white chrysanthemums.

Jack Tyo of Detroit, brother of the bride, performed the duties of best man.

Following the wedding, a breakfast for the bridal party was served at Hotel Hanna, Sebawaing.

After a short wedding trip into northern Michigan, Mr. and Mrs. Bliss will make their home on the John Bliss farm near Gagetown.

The bride is a graduate of the local high school and was employed here until a short time ago.

EXTENSION GROUP II WILL MEET NOVEMBER 8

The Extension Group II will meet at the home of Mrs. Clifton Champion on Monday evening, Nov. 8, at seven o'clock. A potluck supper will be served after which a lesson, "Keeping the Home in Repair," will be given. This lesson will be presented by Mrs. Frederick Finney and Mrs. Fowler Hutchinson.

SUNDAY SCHOOL CLASS HAS HALLOWEEN PARTY

The intermediate class of the Bethel Sunday School and their teacher were entertained at a Halloween party Tuesday evening, Oct. 26, at the home of Velma Muntz. All the members were present except Edith Butler, who is recovering from an appendicitis operation.

Ghost stories were told and Halloween games were played, all in appropriate setting and costumes, after which a lunch was served.

The Thanksgiving meeting is scheduled to be held with Edith Butler.

METHODIST CHURCH NIGHT WAS WELL ATTENDED

A large number attended the church night, pheasant supper and program in the Methodist Church Friday evening, with the Bethel Methodist congregation attending also. The supper was prepared and served by the men of the church.

Two features of the program were a piano duet by the Misses Lorene and Velma Muntz and a talk by a former pastor, Rev. Chas. Bayless of the Ford Memorial Church in Detroit. Mr. Bayless was accompanied by a layman of his church.

ELKLAND EXTENSION CLUB OPENS FALL SEASON

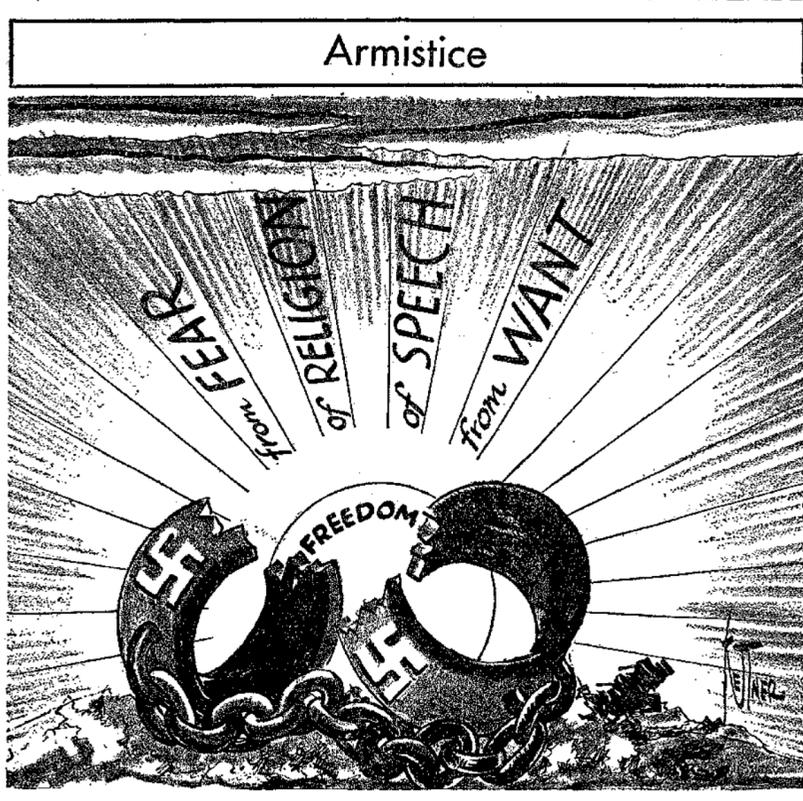

Mrs. Edward Golding and Mrs. W. J. Hudson attended a meeting at Caro last Thursday for leaders of the various extension groups of the county. The Elkland Extension Group, of which Mrs. Hudson and Mrs. Golding are leaders, will meet Nov. 9 with Mrs. John Dillman for the first meeting of the fall and winter season.

MRS. ARTHUR HOLMBERG ENTERTAINED FOR GUEST

Mr. and Mrs. Wm. Kelley and daughters, Marilyn and Susan, of Saginaw were Sunday guests of Mr. and Mrs. Willis Campbell, and Monday they spent with Mr. and Mrs. Arthur Holmberg. Mrs. Holmberg entertained a few ladies at bridge Monday afternoon in honor of her guest, Mrs. Kelly. Prizes were won by Mrs. Frederick Finney, Mrs. Don Miller, and Mrs. Kelly.

MISS SCHENCK ENTERTAINS EVANGELICAL C. E. GROUP

Four new members joined the Christian Endeavor Missionary Circle of the Evangelical Church Tuesday evening when the group met at the home of Miss Ruth Schenck, northeast of Cass City. The Misses Helen and Betty Hower, Marjorie Kirn, and Lenora Helwig are the new members of the society. The president, Miss Alice Anthes, presided at the business meeting Tuesday evening and, after a social hour, the hostess served chocolate sundaes and wafers.

SURPRISE BIRTHDAY SUPPER FOR JUDITH ANN DICKINSON

Judith Ann Dickinson celebrated her ninth birthday, Oct. 22, and was surprised when a few playmates, who had been invited by her mother, came to have supper with her on Thursday evening. A pretty birthday cake delighted the guests, and Judith received a number of pretty gifts.

BAPTIST LADIES ATTEND MISSIONARY TEA

Ladies and friends of the Baptist Church attended a tea in the church parlors Wednesday afternoon which was sponsored by the Missionary Circle of the church. Money from the tea will be sent as a Christmas gift to Miss Grace Lang, daughter of Harry Lang, a missionary in China. Miss Lang is in school here in the United States.

26 TRUCKS TO PICK UP SCRAP IN TUSCOLA TUESDAY

Concluded from page 1. stove pipes and waste paper; however, rubber tires and tubes will be accepted. Wet batteries are also valuable for scrap.

This week all people of Tuscola County are asked to join in the salvage campaign. They are urged to deposit the scrap at the nearest schoolhouse yard, from which point the Army trucks will take it to dealers. The trucks will go to every public and parochial school in the county, whether the school is closed or not. The Legionnaires will note schools that have scrap piles and those where none has been left. They will enter the school and personally thank the pupils and teachers for their part in the program. The weight of the scrap will be noted when sold and the check received therefor will be turned over to the local chairman of the scrap metal drive. The local chairmen will forward the check to Allison R. Stone, treasurer of the Tuscola County War Fund. The money is to be used for the entertainment of the soldiers guarding the prisoners of war working in the sugar beet fields, and any amount in excess will be donated to the county's War Fund.

Bomb Paint Paint used on bombs, which frequently have to be exposed to the weather in ammunition dumps for long periods, must be made to withstand immersion for 18 hours in cold water without fading, softening, checking or changing color. Also, the paint must not chip or scale, and must not tend to acquire a sheen or gloss which might attract the attention of enemy air men. A color of paint is selected which will render the ammunition as nearly indistinguishable as possible against the terrain on which it is stored.

Chocolate Staple Food The Mexican people prize chocolate as a staple food, rather than as a confection, as we do. Therefore, they use practically all of the cocoa they produce, and send out little, if any. Other Middle American countries, however, notably Panama, the Dominican Republic, and Costa Rica export to this country many tons of high-grade cocoa each year.

Squash a Vitamin Source Squash as a vegetable or as a pie filling, is a rich source of vitamin A, especially the yellow types. It also furnishes some vitamin B1 and G.

Harmless to Mammals Rotenone, the insecticidal derivative of derris root, is many times more powerful against certain insects than lead arsenate and nicotine. Yet it is harmless to birds and mammals. Those qualities make rotenone valuable on American farms—it destroys insect pests without harming livestock. Use Forage Utilize miscellaneous forages, such as pumpkins or turnips, to replace roughages or grain for cows and growing heifers. One ton of pumpkins equals 400 pounds of mixed hay or 800 pounds of corn silage; one ton of turnips equals 500 pounds of mixed hay or 250 pounds of oats.

DEATHS.

Governor Kelly's 1942 campaign pledge of a soldiers' bonus is currently spotlighting Michigan's post-war employment problem.

Like the side show to the main tent, the question of providing compensation for veterans of World War II is linked inevitably to the big problem of absorbing Michigan's augmented industrial army of war workers into peace-time production. The Michigan unemployment compensation commission recently announced, following a state-wide survey, that 350,000 persons had been added to industrial payrolls since April, 1940.

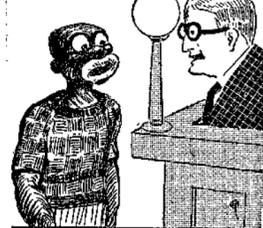

Approximately 400,000 Michigan men and women have joined the armed forces.

Thus, it is apparent that the heaviest unemployment load ever experienced in Michigan will accompany the re-conversion of Michigan industrial facilities to normal production at the close of the war. From July, 1937, to March, 1938, the rate of increase in Michigan unemployment was 801 per cent—five times greater than the rate for the country as a whole! Just as sure as night follows day, Michigan is due for the worst unemployment slump in its long history when our two-oceans wars come to an end.

Records of World War I show that 175,329 Michigan citizens served in armed forces. Of this number, 4,295 died in the service.

In 1921, the State of Michigan, by referendum of the voters, issued \$30,000,000 in bonds to provide a "bonus" to returning veterans. State records show payments were made to approximately 166,000 individuals, or an average of \$180 per veteran, although some of the

engaged in various forms of war relief which participate in the national drive of \$125,000,000. These were banded together to make one drive, deemed much better in conserving efforts than to have staged 19 separate drives. The United Service Organization receives about 70 per cent of the total. The USO is a combination of Salvation Army, Jewish Welfare Relief, Y. M. C. A., Y. W. C. A., National Catholic Community Service and Travelers' Aid Society. The USO provides recreation for American soldiers in army camps here and abroad.

The quota of \$24,147.49 assigned to Tuscola County represents about \$12 for each of 2,000 men from the county in the armed service, or about \$1 per month per man.

"There are few homes in Tuscola County into which the war has not directly reached by taking from the family circle, one or more men," said Chairman Myers. "Therefore, every home in the county should contribute to this drive, thus having a vital interest in the personal welfare of men and women who are braving many dangers to see that these Tuscola County homes are protected from a vicious enemy."

Non-Supporter Is Again on Probation

Owen Nelson of Detroit, who has been on probation for some time, was given a new probationary order in the Tuscola Circuit Court on Monday. He is charged with non-support of his family. Judge Geo. Desjardins ordered Nelson to pay \$30 of the accrued payment due on Monday and the balance of the unpaid amount due amounting to \$66.25 within 15 days. In the future, he is to send one-half of his pay check, and never less than \$15 a week, to his family.

Gerald Muentener, who pleaded guilty last week to a charge of assault with intent to rape, withdrew that plea on Monday and entered a plea of not guilty. Muentener was remanded to justice court for examination and placed under bond of \$2,000.

Muentener told the court Monday he did not understand what the charge was when entering his first plea.

Girl Scouts Sell \$152 Worth of War Stamps to The Gavel Club

Rev. Frank B. Smith and Dr. Ivan MacRae, who upheld the affirmative side of the debate given before the Gavel Club at the regular meeting Tuesday evening, were the winners. The negative side was presented by Hugh Munro and Clarence Burt. The question debated was: Resolved, That the home is entirely responsible for juvenile delinquency.

The inter-club bowling tournament between the Gavel Club and the Rotary Club will be resumed Friday evening.

Next week the club meeting will be combined with the Community Club meeting.

The Girl Scouts offered war savings stamps for sale, and the group purchased \$152.00 worth of stamps at the meeting.

10,000,000 FIGHTERS' VOTES

There are going to be about 10,000,000 in the fighting services. Whoever controls those votes should win the next election. While there has been no public discussion of this most important matter, the forward looking men in the political business here have been devoting thought to it.

Coming forward now with a complete plan of how to do it, is Senator Theodore Francis Green, Democrat of Rhode Island, whose autobiography reveals him both as an instructor in Roman law at Brown university back in '94 to '97, and a delegate to all Democratic national conventions since 1912.

Mr. Green dropped a bill into the senate committee on privileges and elections last week to provide for gathering our fighters' ballots, but which inadvertently disclosed the extent to which he, as a Democrat, would like to capture them.

All in very high-toned legal language and fair sounding words, is his trick bill. He would have the voting conducted by five commissioners to be appointed by the President, with senatorial confirmation, saying "at least two shall be Democrats and at least two shall be Republicans." This would simply allow the President to select three New Dealers and two Republicans of, say, the Winant school of New Deal thought, to conduct the election.

To help them in their work, the Green bill would destroy all state rules for qualifications of voters as to age, eligibility, registration and poll taxes.

Not only fighters would be allowed to vote illegally but also all civilian employees of the government away from home, mostly political appointees of course. The Merchant Marine, Communist suspect, is also especially mentioned as being allowed these extra-legal rights.

Indeed, the bill throughout gives "other branches of government," the right to manage and collect votes of all non-military men, beyond army or navy jurisdiction. (The government politicians thus managing their own re-elections.)

SOURCE OF INFORMATION

The war and navy secretaries are alone to furnish the fighters "information as to candidates." Messrs. Stimson and Knox are particular types of Republicans in this Democratic cabinet who will not be in the Republican cabinet if Republicans win the next election. No provision is made for any opposition political factions of this country to submit their cases to soldiers.

Other details of the proposal reveal an equally elephantine insensitivity to any semblance of political justice generally associated with elections, in laws and theories at least.

Now everyone knows 10,000,000 fighters must be allowed to vote; also the Merchant Marine and government officials in various parts of the world. But a fair presentation of the political alternatives and a just collection of the ballots must be offered.

The governing commission may contain two Republicans and two Democrats, but should be chair-manned by some nonpolitical legal personality such as the chief justice of the supreme court.

The ballots must be cast under the state election laws in order to be legal. Local election agencies should mail out ballots to the men in the armed services and the votes should be cast by mailing back the marked ballots to the local officials. Opportunities to qualify should be offered by mail by local authorities.

The names of eligibles could be obtained from draft boards and the war department could furnish addresses, in accordance with recognized absentee ballot procedures in most of the states. In states having no absentee ballot system, special state laws should be passed or regulations adopted to allow soldiers to vote.

Information as to candidates should be presented by both sides to the controversy, the Republican and Democratic candidates. They should have equal radio time, equal space in any OWI political propaganda, and allowed equal quantities of printed material.

Any election gained under the circumstances which the Green bill provides would not be worth much to the winner if he be in the party Mr. Green represents. Such an election would only further destroy faith.

ABOUT TAXES

In truth, the great bulk of war-time increases is going to what was formerly the lowest income groups. The incomes that have doubled and trebled are those of certain war workers, the lowest skilled and unskilled labor, the carpenter, etc., and special groups of labor.

There is one way, only one, by which these swollen war incomes could be trapped. The people who have the money are spending it. A sales tax would certainly reach them.

RESCUE.

Mr. and Mrs. John Guisbert spent last week as delegates to the State Grange at Grand Rapids. Mrs. John Doerr and son, Donald, and daughter, Lorelei, visited Tuesday with their daughter and sister, Mrs. George Lemke, in Bay City. Mrs. Lemke soon leaves for Miami, Florida, where her husband is stationed.

Mrs. Manley Enderbe is visiting relatives in Detroit. The W. S. C. S. met at the church last Thursday to quilt and get the basement ready for the annual chicken supper.

Mr. and Mrs. Russell Benson and children of Detroit were Saturday and Sunday visitors at the home of Mr. and Mrs. Oscar Webber.

Colson Bruce is the name of the son born to Mr. and Mrs. Haskett Blair at the Hubbard Memorial Hospital in Bad Axe Wednesday, October 27. Mrs. Jennie Martin of Cass City, mother of Mrs. Blair, is staying at the Blair home while Mrs. Blair and baby are in the hospital.

Mrs. John Doerr received a telephone call from Detroit on Friday evening from her son, Leslie Doerr, of Virginia. He had a four-day leave. Early Saturday morning, Mr. and Mrs. John Doerr went to Detroit to see their son. Mrs. Doerr also visited relatives in Pontiac, returning home Sunday afternoon.

Mrs. DeEtte J. Mellendorf and son, Norris, and nephew, Milton Mellendorf, were business callers in Bad Axe Wednesday.

Men of Mercy...

THESE were great Americans. They are gone...but through you their power is still great. You have some of these portraits in your purse or in your billfold. They hold the power to spread compassion and comfort throughout the world.

There are children to be clothed in Russia.

There are broken spirits to be mended in Greece.

There are prisoners to be cheered and comforted in barbed-wire enclosures.

There are needy neighbors right here at home to be helped—many of them indirect casualties of this war.

There are torpedoed seamen to be warmed and fed on the docks.

There are wounded lying on the plains of China who need medical supplies.

Take some of these bills from your pocket now. Study the faces of these great Americans. Then send as many of them as you can afford on an errand of great mercy...for war

relief through the National War Fund.

When you give this month, to our community's war fund, you also give to the National War Fund. You give ONCE for ALL these agencies listed below. It is united giving for the united suffering of the United Nations. Your gift is divided in many ways... in proportion to the need! Some will go to the needy here in your own town. Some will go to China and Russia and Greece to relieve distress and sustain the morale of our allies. Some will go to provide the comforts and pleasures of home for our own troops, through the USO.

Your contributions will fight on many fronts.

Look at the names of the agencies here on this page. You have given to many of them before...small gifts perhaps when your heart was touched. Add up what you gave before...then double it. You cannot give too much. The need is so great.

Send your Men of Mercy out to the suffering peoples around the earth.

men received as much as \$300 to \$400 because of length of their military service.
Records of World War II show that slightly more than 400,000 Michigan men and women are in armed services today. If the war continues several years and replacements are required annually by the army and navy, state officials estimate today our military rolls may reach 500,000.

On the basis of 400,000 veterans, a World War II "bonus" would involve an expenditure of \$72,000,000; a half million veterans, \$90,000,000—just three times the bond issue of 1921. Incidentally, the last bonus bonds will be paid off in 1944—just in time, perhaps, for another war's compensation.

It has never been the belief of Governor Kelly that the State of Michigan, through action of the legislature or approval by the people of a special bond issue, should provide post-war compensation to veterans regardless of what the federal government decided to do. The amount of such compensation has always been contingent, in the mind of the governor, on the decision by Congress as to what the federal government should do. Such action has not been taken to date at Washington.

"If our returning soldiers are forced to wait for several years to receive this token," the governor said in Chicago April 2, 1943, "its point is lost in the time elapsed; its force is spent. That such will happen is a foregone conclusion unless provision is made in the not too distant future, with the federal government coming to a point of determination of what its share shall be. It is only after such action is forthcoming that the several states can proceed with plans for additional funds that may be necessary to meet the situation in an adequate manner."

Senator Arthur H. Vandenberg announced last week he would propose creation of a social security advisory committee to study the question of extending unemployment compensation benefits and old age insurance to veterans of World War II.

"As the law now stands," said Senator Vandenberg, "the civilian who stays on his job builds up insurance benefits while the man in uniform does not increase his benefits while he is in the service."

Michigan men and women who were employed, prior to their entrance into war service, in work covered by unemployment compensation benefits (those being paid by the employer) will be eligible for payments upon their return home. But many others—boys who are 18, 19 and 20, for example—will not be eligible to receive these benefits, and it was this inequality which Senator Vandenberg has in mind. Compensation of this type was not available to veterans of World War I. If it is extended to cover all veterans, obviously the federal government must play Santa Claus in footing the bill.

The spectre of long relief lists, new WPA projects, and kindred government doles is not pleasant to contemplate.

And especially so when Michigan is enjoying the greatest prosperity spree in its industrial history. Earnings of the average factory worker in Wayne County (Detroit) are more than double what they were in 1940. Even after income tax deductions and War Bond purchases (10 per cent), the family income each week is estimated to be 64 per cent above that of 1940, as calculated by the Detroit Board of Commerce.

Nationally, wages have increased from 85.6 cents an hour on Sept. 15, 1942, to 96.3 cents an hour for August, 1943. The hour rate rise has exceeded the rise in the cost of living index, as determined by the U. S. Department of Labor.

If the national administration accedes to demands of organized labor for additional earnings, prices are bound to rise, and further inflation will be inevitable. Washington observers doubt that the administration will resist such pressure at the eve of a 1944 national campaign.

Results of the Detroit mayoralty election, this Tuesday, are bound to be interpreted in various ways. The Grand Rapids Labor News (AFL) said on Oct. 22 that the Detroit primary success of a "genuine union labor candidate" (Frank Fitzgerald) has inspired the CIO in Grand Rapids to sponsor its own slate of municipal candidates.

With the National War Labor Board favoring check-off of union dues from workers' paychecks, organized labor has plenty of funds to spend. Unions are in proverbial clover. The CIO in Detroit contributed \$30,000 to the Fitzgerald chest.

Unfortunately or otherwise, labor is not united. Last year the CIO tried to go all-out for Van Wagener while the AFL leaned heavily toward Kelly. Nationally today the AFL is reported to be deserting the Roosevelt handwagon, while the CIO is still loyally plumping for a fourth term.

Yet the trend continues: Labor is not likely to lose its legislative benefits regardless of whom the American people elect for president in 1944. Recent utterances of Willie and Dewey, for example, indicate this beyond a question. Labor may be checked locally by the voters when irresponsibility of leadership is evidenced, but it is here to stay.

1944 Production Goal 5% Above This Year's

Farmers Must Plant 380 Million Acres

Record acreages of soybeans, dry beans and peanuts harvested in 1943 will be topped in 1944 if national requirements for these crops are met, according to War Food administration reports. Special emphasis will be placed on these foods, as well as on cereals, dry peas, potatoes, canning crops, and flax and feed crops in planning new seedings.

Farmers are expected to plant a total of 380 million acres, or 5 per cent more than in 1943, with largest increases on peanuts, dry peas and wheat. A national planting of 68 million acres has already been asked on wheat, 26 per cent more than in 1943.

Peanuts and dry peas will probably be up as much as 30 per cent, and increases for dry beans and soybeans may be 14 to 18 per cent.

A Connecticut farmer and his committeeman discuss production problems. These committeemen are farmers themselves, elected by their neighbors in each county. Their job is to work with the Agricultural Adjustment agency and other government agencies in giving advice and assistance to the nation's food producers. Committeemen can be helpful in obtaining priority ratings on machinery and building materials, in getting loans, or in hiring farmhands.

or more, above the current harvested acreage, it is announced. Both types of potatoes, regular and sweet, will be stepped up with corn showing a small increase.

Hemp and flax, it is pointed out, although not food crops are of first importance to the war. Hemp for rope and flax for oilseed are in the front line of every battle.

Feed crops will receive emphasis because of increased needs for more livestock, and the importance of maintaining production of eggs and milk at the level of 1943, or raising output on both commodities. Considerably more beef and veal will be sought in 1944, but pork production is not expected to exceed 1943 by more than a few per cent.

The development of the 1944 livestock program will depend in large measure on the feed yields from 1943 crops. Extension of pasture will be urged to relieve this feed shortage.

All idle land should be planted to some cover crop such as alfalfa, clover, or some cereal grain. Rye and some varieties of wheat serve well as over-the-winter coverage. This policy also returns needed minerals to the soil.

Planted acreage should be expanded without plowing up land which should be kept in grass. Using idle crop land, out of production in recent years, and speeding up the cycle of crop rotation on farms where it is feasible are the answer, according to Marvin Jones, WFA administrator. He also pointed out that sound farming methods must be employed to insure high yields over a period of years, since food demands will continue to be heavy for a long period to come.

The War Food administration will continue its program of support prices to establish desirable price relationships, it is announced, making it easier to obtain adequate increases in most needed crops and generally to balance total production.

In determining crop emphasis, farmers even in the principal wheat states of the Great Plains have been asked to give priority to dry beans, potatoes, flax and grain sorghums in some areas. First call in the Pacific Northwest is also for dry peas, dry beans, canning crops and potatoes. Soybeans, corn, dry beans, potatoes, flax and canning crops will be emphasized in the Corn Belt and Lake states. Larger wheat acreages than this year will be needed in the Southern and Eastern states to supply local food and feed needs.

Boron—Deficient Soil Revealed by Turnips

Boron, like nitrogen, phosphoric acid and potash, must be present in soil if plants are to grow satisfactorily, says Eldrow Reeve, graduate fellow in soils and plant physiology at Rutgers university. Often a few cents worth of boron will make a field several times more productive.

A good way to detect boron deficiency is through turnips and rutabagas. If they show dark brown spots on the soil is boron-deficient.

Rationing at a Glance . . .

Processed Foods, Jams, Jellies.

Blue stamps X, Y, and Z in Book 2 are good through Nov. 20. Green stamps A, B, and C in Book 4 good through Dec. 20. Consumers may purchase jams and jellies with processed food stamps.

Meats, Cheese, Butter, Fats, Canned Fish, Canned Milk.

Brown stamps G and H in Book 3 good now; J becomes valid Nov. 7; K becomes valid Nov. 14. All expire Dec. 4.

Sugar.

Stamp 29 in Book 4 good for 5 pounds through Jan. 15, 1944.

Shoes.

Stamp 18 in Book 1 good for one pair until further notice. No. 1 "airplane" stamp in Book 3 good for one pair until further notice.

Gasoline.

Stamp A-8 good for 3 gallons through Nov. 21. B and C stamps good for 2 gallons until used.

Where requirements are affected by reduction from 3 to 2 gallons, fill out new supplemental form R-535 and mail to board when you do not have enough gas to last for 30 days.

Tires.

Next inspections due: A book vehicles by March 31, 1944; C's by Nov. 30, 1943; commercial vehicles every 6 months or every 5,000 miles, whichever is first.

Fuel Oil.

Period 1 coupons for new season good for 10 gallons in all zones through February 2, 1944. All change-making coupons and reserve coupons are now good.

Stoves.

Certificates to purchase most heating and cooking stoves that burn coal, wood, oil or gas must now be obtained from local board.

Ration Tokens in February.

Ration tokens are expected to be ready for use by February. They will be red and blue and each will have a value of one point. They will be used by consumers as change for processed foods and meat-fats ration stamps. The blue tokens will be used with blue ration stamps for buying processed foods; the red tokens with the red stamps for buying foods rationed under the meat-fats program. The ration coins, made of layers of vulcanized fiber, will be slightly larger than a nickel and smaller than a quarter.

Beginning November 1, the Tuscola County War Price and Ration Board will open to the public each day at 10 a. m. The board will continue to close Wednesday afternoon. This ruling is necessary because of the volume of filing and clerical work to be done. The clerks are on duty every day from 8 a. m. to 5 p. m. The hours the board will be open to the public starting November 1 are: Wednesday, 10 a. m. to 12; every other day, 10 a. m. to 12 and 1 p. m. to 5 p. m.

Girl Scouts Give Program at Rotary

Eight Girl Scouts presented the program at the Rotary Club luncheon Tuesday and in it told the objects of the Scouts' seven service days. Mrs. Don Miller, Scout leader, introduced the girls and said the 18 members of the local organization had undertaken three projects this year—a style show, the decoration of the youth center, and the sale of War Stamps. Members of the troop plan to finance one-half of each girl's expenses to a camp next summer.

Scouts who presented the Rotary program included Shirley Hudson, Frances Burgess, Marion Croft, Shirley Fort, Phyllis Warner, Betty Townsend, Maryann Gallagher, and Marjorie Kettlewell. Betty Hower served as piano accompanist for the Scout program. The girls sold War Stamps to Rotarians. Earl Douglas is chairman for the Rotary programs in November.

National Girl Scout Week Oct. 31-Nov. 6

Concluded from page 1. forms; Monday, homemaking service day—the girls did a wartime service for their mothers at home; Tuesday, citizenship service day—the girls sold war savings stamps at the Rotary Club, the Women's Study Club, the Gavel Club, and in the stores in town. They sold \$264.70 worth of stamps. Wednesday, health and safety day—they did something to improve their health; Thursday, international friendship day—they tried to learn about girls in other countries; Friday, arts and crafts service day—each one made something with her hands for someone else; Saturday, outdoors service day—the girls will go on a hike. Any girls interested in becoming Scouts are invited to the hike Saturday. Bring your own hot dogs and buns, and meet at the youth center at 11:00 a. m.

Paragraphs About Folks in the Service

Pvt. Harold Asher has been transferred and is now stationed at Fort Knox, Kentucky.

Pfc. Robt. L. Davidson has been transferred from Camp Haan, California, to Bend, Oregon.

Mr. and Mrs. R. D. Keating received a letter from their son, Pvt. Leslie E. Karr, this week written from Hawaii.

Eddie Doerr, aviation cadet, left Sunday for Mt. Pleasant to attend the navy school at the Central Michigan College of Education.

Pvt. Jeness Eastman, a student at Michigan State College, East Lansing, spent the week end with his parents, Mr. and Mrs. Elwood Eastman.

Mrs. Roy Stafford returned Tuesday from Oklahoma City, Oklahoma, where she had spent two months with Sgt. Nile Stafford and Mrs. Stafford.

Pvt. Harold Creguer of Camp Cooke, California, came Wednesday of last week to spend a 15-day furlough with his parents, Mr. and Mrs. Albert Creguer.

James Doerr of Sandusky was officially notified on Monday of the death of his son, Harold. Several months ago, Harold was reported missing in the South Pacific area. He was a member of the Marine Corps.

Monday evening dinner guests at the home of Mr. and Mrs. Wm. Ward were Pfc. Jerry Nieman of the Wayne Aviation Camp, Romulus, Michigan, and Clinton Walsh of Detroit. Mr. Walsh is a cousin of Mrs. Ward.

Mrs. Harold Crane, who has been employed in Pontiac, has left her work there and will leave Friday evening for Brooklyn, New York, to spend some time with her husband who is in the Coast Guard and stationed there.

Robert (Mick) Wallace, who is serving in the Navy, left this week to return to his station. He was accompanied as far as Detroit Tuesday by Mrs. James Gross, Mrs. Lyle Koepfgen, Mrs. A. N. Bigelow and Mrs. Alex Tyo.

Sgt. Vernon McIntosh has been promoted to the rank of staff sergeant. He has been stationed at Fort Blanding, Florida, and is the son of Mr. and Mrs. Roy McIntosh of Cass City. His address now is San Francisco, California.

Sgt. Floyd O'Rourke was a disappointed soldier when his unit was moved from Alliance, Neb., and he was required to enter the military hospital there and was placed in a cast from his waist to his neck that he may recover from injuries suffered in a jeep accident several months ago.

J. Eddy Mackay is the fourth son of Mr. and Mrs. John Mackay of Gageton to enter the armed services. He left this week for Western Michigan College, Kalamazoo, where he will begin training as a cadet under the Navy's V-5 program. When he was graduated as valedictorian from the Gageton High School in June, he had already enlisted in the Naval Air Corps under the program which provides for college training. His three brothers, already in the service, are John Mackay in Florida, Russell Mackay in Maryland, and Lester Mackay in New Jersey.

Patch Silo

It is foolhardy to fill any silo without first patching cracks or leaks in walls and doors, because small amounts of leakage can cause large amounts of rotten feed. Check the tightness of steel hoops on standing wood-stave silos, and the walls for cracks before you think of filling.

Lousy Layers Mean 'Lousy' Production

The more lice your layers must tolerate, the fewer eggs they will lay. You can bet your last 75c on that. But why put up with lice? Just spend that 75c for DR. SALSBUARY'S NIC-SAL and stop worrying. Stop in today.

DEFORD DIARY

The steam heating plant at the Deford school was incapacitated last week, and there has been no school during the interim. A new furnace is being installed this week with Mr. Bohnsack of Cass City overseeing the work. The approximate cost is \$500.00.

Mr. and Mrs. Darwin Curtis have a fine new daughter born on Friday.

The familiar adage, "Kill two birds with one stone," has been exceeded by Paul Koeltzow. During the week Mr. Koeltzow was hunting pheasants and shot three rooster pheasants with one shell.

Mrs. Lena Curtis announces that she is grandmother to a fine little girl born to Mr. and Mrs. Eddie New of Pontiac.

John Field was a business caller on Saturday at Lapeer.

Mr. and Mrs. Leland Lewis of Hartford, Michigan, have moved to Deford for the winter. Leland will work in Bay City.

Mr. and Mrs. Paul Koeltzow entertained for the week end the latter's mother, Mrs. Hanna, of Caro and Mr. and Mrs. Tomlinson, also of Caro.

Louis Locke is spending two weeks in Royal Oak on business.

Mr. and Mrs. Marvin Roscoe of Munising were visitors on Saturday at the Charles Spencer home. Mrs. Roscoe is Mrs. Spencer's sister.

Mrs. Evelyn Hunger and son, Dick, of Royal Oak were guests Friday to Monday at the Locke home. Sunday evening callers were Mrs. Hugh Munro of Cass City and Mrs. McQuarry of Standish.

Mr. and Mrs. Philip Retherford drove to Hazel Park on Monday to get the former's mother, Mrs. Alice Retherford, who has been visiting there for two weeks.

Mr. and Mrs. Louis Kanke and daughter, Barbara, of Plymouth were guests Sunday to Thursday at the home of Mr. and Mrs. Harold Chapin.

Miss Shirley Kelley spent Saturday night in Caro with Miss Martha Bruce.

Mrs. R. E. Johnson is spending two weeks visiting at the Max Johnson home in Kalamazoo.

Wm. Patch and family ate Sunday dinner with Mr. and Mrs. Arthur Perry.

Mr. and Mrs. John Clark spent Tuesday night at the home of their daughter and family, Mr. and Mrs. Max Agar, east of Cass City.

Mr. and Mrs. Joe Malace of Detroit were week-end guests at the home of Mr. and Mrs. Kenneth Johnson.

Mr. and Mrs. John Whale spent Sunday at the Duane Geister home near Decker.

Mrs. A. Bunker spent Tuesday afternoon with Mrs. Joseph Oleski.

Mr. and Mrs. Frank Ciaramitaro, who are home on a furlough from West Virginia, and Laurence Wentworth and family of Almont spent Wednesday and Thursday visiting relatives at the Wm. Patch and Biddle homes.

Mr. and Mrs. George Collins of Avoca visited relatives in this locality the past week.

Mr. and Mrs. V. Sinsel and two children and Mrs. Fairchild of Detroit spent Friday at the Wm. Patch home.

Mr. and Mrs. Harold Biddle have moved to the Ben Wentworth home.

Mr. and Mrs. Elliot are nicely settled in their new home, formerly owned by D. Gleason.

PLEASANT HOME HOSPITAL.

Patients in Pleasant Home Hospital Wednesday included: Joan Cross, Mrs. Marguerite Manke and Betty Stickle, all of Caro; Elmore Caister and Mrs. Mary Ferrick of Snover; James Quinn of Gageton; Gustave Kroske of Unionville; Baby John Thomas Smith of Drayton Plains; Mrs. Florence Doane of Detroit; William Valeck of Owendale; Eleanor Biesczak of Kingston; Mrs. Hiram Keyser, Mrs. Art Klinkman and Gustave Zapfe of Cass City.

Summer Time to Paint

In summer, when surfaces usually are well dried out and in a condition to receive paint, there is a logical opportunity to do a good job with exceptionally favorable drying conditions. Doors and windows can be left open, protected by screens against entry of insects, to provide constant ventilation.

Refugees in Britain
