

11 Teams Paired for Basketball Tournament Here

Favorites Are Cass City in Class C, Akron in D; Class B Unpredictable.

The results of the drawings made Monday, Feb. 21, for first round opponents in the district B, C and D basketball tournament at Cass City on March 2, 3 and 4, are as follows:

Class B.
Caro vs. Sandusky, Friday at 9:00 p. m.

Class C.
Cass City vs. Sebawaing, Thursday at 9:00 p. m.
Vassar vs. Mayville, Friday at 7:45 p. m.
Championship game, Saturday at 8:45 p. m.

Class D.
Fairgrove vs. Gagetown, Thursday at 9:00 p. m.
Owendale vs. Unionville, Thursday at 7:45 p. m.
Winner of Owendale-Unionville game vs. Akron, Friday at 6:30 p. m.

Because of drops in enrollments this year, Cass City, Bad Axe and Marlette are now in Class C schools. Caro and Sandusky are the only two remaining B high schools in the Upper Thumb. They will meet in the only Class B district tournament game at Cass City this year. Caro and Sandusky have not had as strong teams this year as usual but their season records indicate they will be well matched and a battle to the last whistle will be made for the Class B championship of the district.

In Class C, Cass City's strong team of high scorers with 11 victories.

Service Men Are Rotary Guests

The Rotary club had the pleasure of entertaining three service men at their Tuesday meeting: A-S Maurice Fordyce, Ensign Bruce Stine, and Sgt. John Nemeth.

Sgt. Nemeth told club members that the Japanese inferiority in men and planes accounts for their recent losses in battles.

A-S Fordyce started in the tank destroyer branch when he entered the service and was transferred to the Air Corps in June. Both he and Ensign Stine have followed courses in educational institutions since entering the service.

Dr. T. H. Donahue, program chairman, was disappointed in the appearance of a speaker, and then introduced an opinion contest among Rotary members and guests, who were requested to write their ideas for post-war plans for either Germany or Japan. Prizes of \$3, \$2 and \$1 were offered. W. L. Mann and Frank Reid, the judges, decided that Frederick Pinney, Audley Rawson and M. B. Auten submitted the best ideas in the short time allotted. The first prize opinion of Mr. Pinney contained the following paragraphs:

"That a certain degree of leniency and forgiveness must be exercised in planning for the post-war future of Germany and Japan is not a sign of softness on the part of the United Nations, but merely the use of common sense in trying to remove all of the possible causes of another World War at some future date."

"In the handling of Germany, I

20 Scouts Collected 9,720 Lbs. of Waste Paper Saturday

Townpeople Cooperated in Having Paper Ready and Tied in Bundles.

By Bill Benkelman.

Twenty Boy Scouts of Troop 94 worked a total of 93 hours and collected 9,720 pounds of waste paper and cardboard scrap on Saturday, Feb. 19, in Cass City. The Beaver Patrol, represented by Bill Benkelman, patrol leader, and Scouts Robert Howell, Dean Karr and Gerald Prieskorn, turned in the largest amount, 2,800 pounds. The Eagle Patrol collected 2,700 pounds, the Wolf 2,430, and the Fox 1,700.

Assistant Scoutmaster Hugh C. Munro and Herbert Ludlow, members of the village salvage committee appointed by Village President Walter Mann, supervised the collection. Mr. Munro said: "The Scouts and the salvage committee appreciate the cooperation of the Nestle's Milk Products, Inc., for furnishing a truck and driver, and of the Farm Produce Co. and H. L. Benkelman, who provided trucks."

All the boys who worked are grateful to those townpeople who had their paper ready and tied in bundles. It makes the collection many times easier.

The Wolf patrol, James Wallace, patrol leader, and Dale Reed, assistant, won the five-month inter-

Little Interest in the Village Caucus Here

If village officers took as little interest in municipal affairs as citizens took in the village caucus Friday, Cass City would be in a sorry state. Fortunately village officers are "on the job" which may account in part for the lack of participation in the primary. Three persons appeared Friday night at the hour set for starting caucus proceedings. Two more were summoned by telephone and then the following ticket was placed in nomination:

President, Walter L. Mann. Clerk, Cameron M. Wallace. Treasurer, Ernest Croft. Assessor, Chester L. Graham. Trustees for two years, Frederick Pinney, John A. Sandham, Audley H. Kinnaird.

Library commissioners for three years, Mrs. Alice Nettleton, Mrs. G. A. Tindale.

All candidates were named to succeed themselves except Mr. Croft, the nominee for treasurer.

Michigan's soldier-sailor ballot plan, calling for the primary election July 11 and filing of candidates' petitions by May 16, is already speeding up state politics.

Certain people must make up their minds.

For example, the Kelly-Keyes situation which is the current A-1 question in the Republican party. Will Dr. Eugene B. Keyes, lieutenant governor, abide by his 1943 pledge not to oppose Governor Kelly in the 1944 election or will he listen to voices of dissident partisans who would like to chastise the governor now?

In the Democratic camp the absence of a strong candidate is causing concern. Judge Frank Picard is adamant to please that he should forsake the federal bench for state politics. Former Governor Murray D. VanWagoner is reported to be disinterested in the hazards of the gubernatorial two-year term and, on the other hand, very gratified by his substantial earnings as a consulting engineer.

Governor Kelly is a candidate for renomination and re-election. He has the support of a solid front of Republican officials; secretary of state, state treasurer, attorney general and auditor general—all of whose terms end next Dec. 31.

These men have the advantage accruing to the party in power. Their acts are being publicized almost daily by performance of public duties, as contrasted to the Democrats' handicap of awaiting for nominees to emerge.

The single possible threat to Kelly's renomination in the July 11 primary is the independent and politically ambitious Lieutenant Governor Keyes, who apparently has not made up his mind whether to run for governor in 1944 or in 1946. Last spring he authorized an interview statement, verified in writing, that he would not oppose

Cass City Wins from Caro and Marlette Teams

Caro Game Was Closely Contested Friday; Marlette Game One-sided.

The Cass City basketball team resumed its old form Tuesday while trouncing Marlette 51-23. The Redhaws piled up double figure scores in each period. Cass City started fast and pulled out in the lead 17-7 at the end of the quarter. Half time found the Maroon and Grey holding a comfortable lead of 27-14. In the last two periods, the Redhaws again outscored Marlette, who had difficulty in making nine points.

Coach London substituted freely, and every member of the Redhawk squad saw action. Kettlewell and Bugbee again held the scoring honors for the evening, the latter with 17 and Bugbee with 15. Jones of Marlette was high man for their team with six points.

This defeat by Cass City broke Marlette's winning streak of 10 games. Nevertheless the Red and White hold first place in their Mid-Thumb league.

Cass City 17 10 12 12—51
Marlette 7 7 4 5—23
Assistant Coach Mel Fredericks led his Redhawk B team to victory over Marlette's seconds, 39-21. Kenney with 10 points and Auten with nine were high scorers for Cass City.

The Redhaws basketball team again is on the victory road after its win over a worthy opponent, Caro, 32-34. The game was closely played throughout with Cass City maintaining the lead all the way except 10 seconds before the half when Ryan dropped in a hurried basket to tie the count at 17-17. Caro's aggressiveness and team spirit proved almost too much for the Maroon and Grey, who had to hustle through the entire game to ward off defeat.

The field goal totals were the same for both teams, but Cass City scored two free throws over Caro's total of four for the margin of victory. The Redhaws had plenty of opportunity to score from the free throw line, but did not take advantage of the situation because they missed 17 of their 23 attempts.

Bugbee, local center, scored 15

Greenleaf township residents will be interested to learn of the appointment of Dr. George C. Decker to the dual post of entomologist of the state natural history and of the state agricultural experiment station at Urbana, Ill. He spent his boyhood days in Greenleaf. Dr. Decker was born at Elkton, Mich., in 1900 and received his bachelor's, master's and doctor's degrees from Iowa State college. His undergraduate major was in horticulture and his graduate major in entomology. Dr. Decker is married and has five children.

Tuscola County's Red Cross Quota Is \$17,500.00

This Year's Campaign Is to Be Held During the Month of March.

Greatly expanded needs for help of all kinds to the fighting services from the American Red Cross have made it necessary to raise much more money than last year for the War Fund of that organization. Last year the national goal was 125 million dollars. This year it is 200 million.

Local chapter goals necessarily have to rise with the national figure. Last year Tuscola county's chapter was asked for \$10,650 for the 1943 War Fund. This year the goal has been set by Midwestern Area Red Cross headquarters at \$17,500 for the county.

This year's campaign is to be held during the month of March, and preparations have been made for the campaign. Township chairmen have been named for each township in Tuscola county, and township quotas have been assigned by E. H. McComb, M. C. Ransford and Fred Pinney, chairman, vice chairman and treasurer respectively of the local chapter, and J. A. Gallery, 1944 War Fund county chairman. Names of township chairmen and township quotas are as follows:

Akron—Mrs. John Remilong and Mrs. Glen Hittman, \$1,000.
Almer—Howard Randall, \$700.
Arbela—Mrs. Retta Garvin, \$400.

There will be a meeting held on March 1 when the keeping of farm records will be considered. "Everyone is welcome," says the committee. "Come and bring lunch."

Novesta Farmers' Club Met in Deford

Fifty-two attended the chicken dinner at the February meeting of the Novesta Farmers' club Friday in the dining room of the Deford Methodist church.

The program was given by faculty and students of the Cass City high school. Willis Campbell led group singing. Edwin Baur gave an interesting talk on vocational agriculture. The cornet trio, Kenneth Price, Dean Robinson and Gail Goodall, accompanied by Miss Betty Hower and introduced by Vernon Wait, the instructor in music, played several selections.

The club will meet with Mr. and Mrs. Frank Hegler in Caro, in March.

CANTATA PRACTICE ON THURSDAY EVENING

Another practice for the cantata to be given the evening of Easter Sunday was scheduled for Thursday evening, Feb. 24. Any one interested in singing, whether member of a choir or not, is urged to attend. Rehearsals are held at eight o'clock on Thursdays in the Presbyterian church.

This year, with service flags in windows of nearly every home, Red Cross will mean so much more to Americans. As depicted in this reproduction of a 1944 Red Cross War Fund poster, many windows also will display the symbol of participation in the cause of Mercy and Humanity—the Red Cross.

BOWLING

By G. W. Landon, Secretary.

After going into a tie with the Knoblet squad, the Landon team this past week fell back again into second place when the Retherford Five took advantage of their off form bowling and were the first team to win two out of three games from Landon in this schedule. Knoblets again had their rabbit's foot on display, as they won another game by the narrow margin of but two pins from Chuck Auten's team. While all this was going on, Ed Schwegler's group gained on the leaders by trouncing the Townsend bowlers in three straight games, which leaves them only two games behind the league leaders. Schwegler's group at present appear to be the better balanced team in the league and their total pin fall excels the other teams.

Pinney's pinsters also turned the pressure on Reid's team and their total pin count of 2569 not only was good for a three-game win, but also is the highest totals any team has offered to date. Parsch's team won three games which brings them within striking distance of the lead.

Only four of the 70 bowlers come in for honorable mention by hitting the maples for substantial pin counts. They are Gross 573, Maier 572, Deering 555, Kinnaird

551. Games of 200 or more were rolled by Ed Fritz 224, Knoblet 214, Kinnaird 211, Gross 202, Maier 202, Ludlow 201, Croft 200, Deering 200.

For Scuffed Chair-Legs

Painted kitchen chairs often get a shabby look around the legs and rungs where shoes rest against them and the polish leaves a mark. Complete repainting of the chairs can frequently be avoided by giving these sections of the chairs a good soap and water washing. Dip a moistened cloth, sponge, or brush into some soap jelly, or into thick suds and rub the soiled parts. Rinse with cloths wrung out in clear water, and dry with a soft, clean cloth.

Ration Tokens in Use Sunday.

During the three-week period, Feb. 27 through Mar. 20, in changing from the old rationing program to the simplified token plan, two sets of stamps, green and blue,

will be used for processed foods, and two, brown and red, for meats and fats. The old stamps, brown and green, will be used exactly as in the past at their regular value through Mar. 20. The token plan will be fully in effect on Mar. 21. Beginning then, processed foods can be purchased only with blue stamps and blue tokens, and meats, fats and oils only with red stamps and red tokens. The blue and red stamps, effective Feb. 27 are valued at 10 points each. All tokens are valued at one point each and will be given for change only when a purchase is made. No more than

nine tokens need be given as "change" in one transaction.

Address Ration Books.

Hundreds of lost ration books dropped in the mails by the finders are being sent to the Dead Letter Office every month because owners failed to fill in their addresses on the covers, according to OPA. Every holder of a ration book should make certain that his current address is plainly written in the space provided for that purpose on the cover.

Income Tax.

March 15 is deadline for filing

returns. Earlier filing is desirable.

Let Soil Thaw

Occasionally an early freeze crusts the surface soil and injures some of the shallower potato tubers. Then the crop should not be dug until the surface soil has thawed, for merely disturbing the tubers increases the damage considerably.

Breakfast Bits

Split and butter lightly the cornbread left over from dinner. Brown it under the broiler and serve for breakfast. Works fine for baking-powder biscuits and muffins too.

SAVE COAL

Perhaps you have noticed show windows in the evening with their lights dimmed or turned off completely. These merchants are cooperating with the Government's program to save coal, transportation, manpower and other critical resources by turning out lights wherever possible.

In many cases, stores with lighted show windows are making worthwhile savings of electricity in other ways—by reduced interior lighting, showcase lighting, etc. YOU can help this program by saving electricity in your own home, store or factory. Even though electricity is not rationed and there is no shortage in this area, SAVE voluntarily wherever you can, as much as you can.

Ehlen-Bliss Nuptials—

Mr. and Mrs. C. D. Ehlen of 2717 Bruce Drive, Ashland, Ky., are announcing the marriage of their eldest daughter, Martha Elizabeth, to Patrick J. Bliss of Gagetown, Mich., and Fairbanks, Alaska, son of Mr. and Mrs. John Bliss, of Gagetown. The wedding was solemnized in Minneapolis, Minn., Feb. 1, by the Rev. Fr. Murphy, pastor of St. Olaf's church. They were attended by Chas. Jinne of Fairbanks and Miss Mary Pirl of Minneapolis. After a wedding breakfast, the happy couple left for Ashland, Ky., the home of the bride's parent.

The bride was lovely in a suit of teal blue, using brown for her accessories. A brown orchid flanked with sweet peas formed her shoulder corsage.

Mrs. Bliss, member of Ashland's younger social set, is a graduate of Holy Family high school and Bowling Green business university. For the past two years, she has been employed by the C. H. Parsons Co.'s offices.

The groom is a graduate of the Gagetown high school and also of Mining Engineering at University of Alaska. He is now commercial pilot with the Alaskan Star airlines.

After a visit with the parents of the bride, the newlyweds left on Sunday for Detroit and Gagetown for a visit at the groom's home. While in Gagetown, Mrs. M. P. Freeman entertained the immediate friends of the family at a six o'clock dinner. After a visit of several days, they left by train and plane for Fairbanks, Alaska, where they will make their home.

Swedish Sunken Barrel

The Swedish sunken barrel provides an easy, economical and efficient way to store potatoes and root crops. A sandbox is a great help in storing vegetables which dry out easily such as carrots, beets, parsnips and salsify. An unheated basement is ideal, but considerable work must be done to prepare a heated basement for a vegetable storage place.

Three Michigan Girls Win Marketing Contest Awards

Dorothy DuBreuil Eulene M. Stirling Arlene Peterson

THREE Michigan girls utilized their spare time in their vegetable gardens so effectively last summer that they won sectional awards in the 1943 National Junior Vegetable Growers' Association production and marketing contest. The announcement was made at the association's convention in Chicago by Prof. Grant B. Snyder, of Massachusetts State College, who is adult advisor of the group.

The state's major winners are Eulene M. Stirling, 14 years old, 358 Hursley Avenue, Sault Ste. Marie; Dorothy DuBreuil, 18, of Fennville; and Arlene Peterson, 19, of R.F.D. 3, Ionia. Each will receive \$100 from a \$6,000 scholarship fund provided for the contest annually by the Great Atlantic and Pacific Tea Company.

Other Michigan gardeners honored included James Johnson, 18, of Stevensville, and Dorothy Frost, 15, of R. F. D. 1, Williamston, who each will receive a \$25 war bond. The awards are to be used for attendance at a recognized college of agriculture or for the purchase of equipment and supplies to develop some phase of vegetable production and marketing.

Miss DuBreuil, a senior in Fennville High School, estimated her profit at \$27 for her 27 by 33 foot garden plot. She has been in 4-H Club work for six years, is a cheer leader for her high school and is active in orchestra, band and glee club.

The states' third major award winner, Miss Peterson, is a student at the Montcalm County Normal School in Stanton and lives on a 120-acre farm near Ionia. She reported a \$426 profit on a one-acre garden located on a sandy piece of ground that never before had been cultivated. She has been active in 4-H Club work for several years.

Rarest Day of Calendar Has Legal History

That rarest day in the calendar comes around again this year—the twenty-ninth of February. As everybody knows, it was put in every fourth year to pick up that quarter day left over on the end of every year. This way of catching up was introduced by Julius Caesar, who brought an Egyptian astronomer to Rome to reform the calendar.

The extra day was added to February because this was the shortest month, then as now. The Romans wanted it as short as possible, because it was a time of fasting and "purification" in Pagan times.

In English speaking countries, the year with February 29 is called "leap year," because in that year the calendar jumps over the regular progression of days. That is if a date, say June 12, is on a Monday one year, it falls on Tuesday the following year, unless leap year comes along. Then June 12 is on Wednesday. "Leap" does not refer to women's prerogative of proposing, or "leaping" at a man, as many people think.

Leap Year Proposals.

It is this curious tradition, however, that interests nearly everyone so much more than any astronomical consideration. Strange to say, both the common and statute law of several nations recognize this right. The first record seems to be a Scotch statute of 1288 setting forth that:

"During ye reign of her most blessed majestie Margaret, ilk maiden lade of both high and low estate, shall hae libertie to speak ye men she likes. If he refuses (to accept her) for wife, he shall be mulct (fined) in the sum of an hundred pounds or less, as his estate may be, except and always if he can make it appear that he is betrothed to another woman, then he shall be free."

The records do not show that this law was rigorously enforced by the canny Scots. "An hundred pounds" was a lot of money, and the possibilities of racketeering no doubt occurred to some women. Perhaps the odd bit of legislation was quietly repealed. Nevertheless, somewhat similar laws cropped up on the books of Genoa and Florence, during their days as free city states, and an English book, published in 1606, states that:

"Albeit it has now become a part of the common lawe in regarde to social relations of life that as often as every bissextile (leap) year doth return, the ladies have the sole privilege during the time it continueth of making love to the men, which they do either by wordes or looks, as it seemeth proper, and moreover, no man shall be entitled to the benefit of clergy who dothe in any wise treatre her proposal with slight or contumely."

With all this legal and traditional backing, nevertheless, women do not seem to have responded to their opportunities very often, at least according to the records.

Oil Discoveries
During 1934 to 1938, new oil reserves were discovered at the average rate of 2,000 million barrels per year. During this period the size of the average new field decreased from 19.7 million barrels to 11.4 million barrels, but the increased number of fields found maintained the rate of total discovery. After 1937, however, the rate of new discoveries decreased markedly.

S 2-C Harold R. Crane has recently been transferred from Nebraska to Patuxent River, Maryland.

T-5 Leslie Steward, son of Mr. and Mrs. A. H. Steward, who has been stationed at Fort Lewis, Wash., is now somewhere in England.

Now undergoing "boot" training, he is being indoctrinated into Navy life, and is being instructed in seamanship, military drill, and naval procedure.

Mr. and Mrs. Jerome Root received word from their son, Junior, that he has spent a few days in a hospital with infection in his knee. He has been advanced from Corporal to Sergeant. While Sgt. Jerome Root, Jr., has been in the South Pacific, he met his cousin, "Bill" Delling, who is in the Navy. "Bill" is the son of Mrs. Frank Tracy.

Cpl. Lester A. Matte, 22 years old, of 6780 Braun, Centerline, was one of three United States Marines who knocked out two enemy machine gun nests at Cape Gloucester, New Britain, and killed 18 Japs in driving the enemy off the southwest tip of the island, according to Marine combat dispatches. Matte himself killed seven of the Japs. Cpl. Matte was employed on the farm of George Bennett, near Wickware, before enlisting.

The Army Good Conduct medal was presented to S-Sgt. William Clark McCaslin, of 227 E. Forrest, Royal Oak, Mich., son of Mr. and Mrs. Chas. McCaslin, of Cass City, in a ceremony at an Eighth AAF Fighter Command Thunderbolt Base, somewhere in England, by Major William Waller, III, commander of a P-47 Fighter Squadron.

The Good Conduct medal is awarded for the completion of one year of active military service during a state of war to enlisted men who "have demonstrated fidelity through faithful and exact service and performance of duty and a thorough capacity to produce desired results and whose behavior has been such as to deserve emulation."

Pvt. Arthur P. ("Tommy") Dewey writes his parents, Mr. and Mrs. Louis Dewey, under date of Feb. 7: "Here it is Monday night and I am a long ways from home. We are somewhere in England, and it's quite nice here, but there is a lot of fog and rain. The countryside is real green now but they have had snow here. The trip coming over was very interesting with a lot of the boys getting very seasick, but it didn't bother me one bit. I should be in the Navy. It is a little tough getting used to English money for it's all Greek to me. Am going to visit London some of these days. The buildings are just like you see in pictures—old-fashioned. We have a nice place where we are staying—everything quite convenient. Surely would like to run into Gerald Kerbyson over here."

The following excerpts are taken from a letter from S 2-C Delbert L. Strickland to his mother, Mrs. Eva Hopper. Delbert is stationed overseas. "I have finally landed and am quite well settled. I am ok and am feeling fine except for the hot weather we have here. We have a few coconuts and birds here and that is about all. Don't worry about me. It is Saturday night and it surely seems strange not to be around where there is some town to go to or a dance. We have shows so I guess it isn't too bad. "We have a few natives here and they make quite a few things but I haven't anything to trade with them. If it is possible at all, send me some cloth with red flowers or some other bright colors in it. Please send me a few yards and some rings with red sets—about a half dozen of the dime ones."

**TUSCOLA COUNTY'S
RED CROSS QUOTA
IS \$17,500.00**

Concluded from page 1.

Watertown—Mrs. William Richardson, \$600.

Wells—Mrs. Leon Spencer, \$300.

Wisner—Mrs. James Bennett, \$350.

It is not thought by local Red Cross officers that there will be too much trouble in raising this year's much larger quota, because the amount to be raised this year is almost identical with the amount actually raised in last year's campaign. Township chairmen have been urged by the county chairman to try and complete their work by Mar. 15 if possible, although the campaign does not end until Mar. 31.

Space would not permit the recital of all the good work done by the Red Cross for service men and women, and in national disaster relief work. Men and women in service receive all kinds of help, from the writing of letters to the securing of blood plasma for the saving of life of the injured.

Supplies sent to the township chairmen include small pamphlets which will describe much of the Red Cross work to those who are unfamiliar with it; as well as small metal lapel tags for those who contribute, membership cards for those who contribute \$1 or more and other necessary supplies. Reports on the progress of the campaign are to be turned in to Mr. Gallery, and they will be made public during the campaign and at the end of the effort.

SOLOMONS: Campaign Ending

"For all strategic military purposes, this completes the campaign for the Solomons Islands."

Thus spoke Gen. Douglas MacArthur after U. S. and New Zealand troops landed in the Green Islands in the northern Solomons, cutting off 22,000 Japs in their last strongholds from their supply bases of Rabaul and Kavieng. Hemmed in by the Allies' newest positions, even the Japs' efficient barge system by which they have been able to send in supplies at night in almost undisturbable craft, now is jeopardized.

Because the Japs' communications have been hampered by the Allies' landings, General MacArthur said: "With . . . their barge traffic paralyzed, relief of these scattered garrisons is no longer practicable and their ultimate fate is sealed . . ."

Thus did the Solom

Kelly for re-election in 1944. Recently he is said to have advised friends that he would not run for re-nomination as lieutenant governor in 1944. As these two statements are at cross purposes, it may be assumed that Dr. Keyes has not reached a decision but will do so within the next ten weeks.

The Kelly-Keyes situation is not new in Lansing.

Governor VanWagoner found his running mate to be an attorney, virtually unknown upstate to party leaders, who possessed by hap-

penstance the charmed and magic name of Frank Murphy. The two men had little in common, and the lieutenant governor was not summoned frequently for consultation at the governor's office.

Dr. Keyes finds himself in much the same position of his democratic predecessor. During the 1942 legislative session he was not invited to the governor's office for counsel, probably for the reason that Kelly thought it more practical to get advice from other state leaders because of their background of experience.

Whether Kelly intended it to be such is mere side speculation, but the fact remains that Kelly has not received the spotlight of public attention which his personal ambition has craved. He feels that he should be more than the presiding chairman of the state senate. In fact, as the potential governor of Michigan in the event of the death of the governor, he should be an active partner in making decisions of government.

Unfortunately for Dr. Keyes, it has not worked out that way. It didn't work out that way for Lieut. Gov. F. Murphy. And there are observers who might add that the function of the lieutenant governor, under the state constitution, was never intended to be otherwise. For years the lieutenant governor has been regarded more as part of a political combination to woo the voters. The late Luren Dickinson possessed unique ballot virtue among upstate church-dry voters and was re-nominated almost biennially for second place of the state ticket.

To a man of Kelly's well-defined logic it would be more sensible to provide in the constitution that one of the state elective officials—secretary of state for example—should succeed the governor in event of the latter's death. Kelly's experience in state government was as secretary of state. State Treasurer D. Hale Brake and Auditor General Vernon J. Brown both received valuable training in the state legislature.

The new governor then would be a man who had experience as a state administrator, who was familiar with current problems, and hence was in an intelligent position to act with wisdom.

As it is today, the lieutenant governor devotes perhaps one day each week to his duties of office except for the period of the legislative session at Lansing when he presides, as chairman of the state senate. This isn't the fault of Dr. Keyes; it is just the official system.

Dr. Keyes' viewpoint is probably as follows: Another two years of limited opportunity to serve the public would automatically impose denial of self-expression. He would continue to be the presiding chairman of the senate, a month or so, now and then. He would attend sessions of the state administrative board. In brief, his chances for leadership would remain limited, while elective officials would have the accumulative benefit of their full-time services.

This dissatisfaction with his role may have led him to embrace the political opportunism of making a personal attack on Governor Kelly before the township supervisors, a move said to have been countenanced by Melvin McPherson. Mayor George Walsh of Grand Rapids was unable to persuade the governor for diversion of sales tax to municipalities, and he also utilized Keyes as a handy threat of retaliation. County road commissions also remember the governor's veto of the 1943 highway act.

Other pressure comes from the C. I. O., for example, who condemn the governor for failure to do this and that. Any special session puts the governor on the spot, for he is responsible alone for inclusion of subject matter in the official call.

Because of the personalities involved, the Kelly-Keyes' clash was, and is, inevitable.

As the time nears when petitions must be filed, Dr. Keyes must make his decision—either to abide his time until 1946, as he pledged he would do in an authorized statement in this column last spring—or risk his political future in 1944 with a win-all-lose-all showdown with Governor Kelly.

Pride, an emotional factor, may prompt him to assume the risk now. Or cautious judgment may lead him to reaffirm his original decision which would bring the fateful test to 1946, a nonpresidential election year.

The day of decision is drawing near.

This booklet shows how to build modern, improved-type poultry houses for all climates. Shows structural details.

Housing your hens in a comfortable, sanitary, rat-proof concrete poultry house is a good way to insure bigger egg production. When built of concrete a poultry house will last a lifetime and its modest first cost will be practically the last.

Long-lasting concrete is the thrifty material for feeding floors, dairy barn floors, milk houses, foundations, grain storages, manure pits, water tanks—improvements that help you raise more needed foodstuffs.

Send today for "how to build" booklets. If you need help, get in touch with your concrete contractor or building material dealer.

DEFORD DIARY

Farmers' Club—

The club met in the Deford church annex Friday, Feb. 18, for their annual dinner, with lots of chicken and good fellowship. The program chairman, Roy Kilbourn, introduced Willis Campbell, superintendent of the Cass City school, who led in group singing of several selections; Edwin Baur, the new agricultural teacher, who gave a synopsis of what that department of the school is endeavoring to do for the pupils and community. The trumpet trio, Dean Robinson, Kenneth Price and Dale Goodall, with Miss Betty Hower at the piano, gave some very fine instrumental numbers; and a vocal duet by Mrs. Arleon Retherford and Harley Kelly. The club's new president, Mrs. Wm. D'Arcy, then took over for the business session and expressed much satisfaction at the fine attendance and enrollment of so many members. About 50 or more were present. The club will meet Mar. 17 for a daytime session with dinner at 12:30, at the home of Mr. and Mrs. Frank Hegler in Caro.

tories and one defeat, appears to be the strongest contender for the district championship. It has defeated Vassar twice and Sebawaing once in its season's games. Mayville, the fourth entry, has won three out of its nine games to date. It broke even in two games with Vassar. Sebawaing has won nine of its 12 games to date and has beaten the best teams in the Thumb. Vassar has won half of its season's games.

The Class D district tournament games will be hotly contested. Five more evenly matched teams could not be placed in the same tourney. They are all strong teams and have good season's records. Akron high's smooth working team has made the best season's showing, having won 10 of its 12 games. The losses were two teams out of its class—Cass City and Caro. Akron defeated Caro once during the season, too. Gagetown lost two overtime games to Akron and will be a real threat to Akron's championship aspirations. Fairgrove has displayed real strength at times during the season and is highly respected by other teams in its class. Owendale has won a majority of its games this season and will surprise any of its rivals in a tournament game. Unionville has had its poorest season in years, but its inexperienced team is fast developing into a strong tournament contender.

The championship team in each class will be sent to a regional tournament on Mar. 9, 10 and 11. The Class B winner will go to Mt. Pleasant and the Class C and D winners will be sent to Lapeer. State championships in Classes A, B, C and D will be decided at Lansing, Mar. 16, 17 and 18. District championships only were decided last year. Sandusky won in Class B at the tournament at Cass City. No other class competed at Cass City last year.

believe that some sort of a territorial government headed up by military and civil officials of the United Nations must be used, but under it the people of Germany should be trained for democracy in a gradual manner, probably over a 20 or 25 year period of education. They should perhaps be allowed to elect a congress of their own, with powers over strictly internal matters.

"For a period of at least 25 years, I believe the United Nations should maintain complete military control of all basic raw materials in Germany which might be used for war purposes, such as oil, iron, chemicals, etc. Disarmament should be complete in Germany, of course. Such control will require a military garrison to be kept there. In both the military and civil administration, I think control should be as nearly as possible equally divided among representatives of the United Nations—each to be represented in each branch of such control."

Table decorations were in keeping with the George Washington birthday holiday and a delicious chicken dinner was served by ladies of the Presbyterian church.
