

Redhawks Won Class C Regional Honors at Lapeer

Undeclared Saginaw St. Mary's Lost Their First Game to Cass City

In winning Saturday night's contest from Saginaw St. Mary's team at Lapeer, Cass City was awarded the regional honors in Class C schools. The Redhawks were scheduled to play Lakeview high school in the quarter finals at Pontiac on Thursday, March 16, at 8:30 Eastern War time. The outcome of this game determined if Cass City would participate for the state championship at Lansing next week.

Cass City's first encounter in the regional tournament at Lapeer last week end was with Flint All Saints Thursday night. The Redhawks stopped the Flint team 41-34.

Friday night, they met their Thumb rivals, Bad Axe, in a thrilling encounter with Cass City the winner in a 40-35 score.

On Saturday night, Delong placed the winning basket in the net three minutes before the game's end to bring Cass City's score 33 to Saginaw St. Mary's 31. It was the first defeat in 16 games for Saginaw. The Redhawks had a 6-5 lead at the end of the first quarter and in the second period marked up 13 points to six for St. Mary's. The Saginaw team outscored Cass City in the last half, but at no time did the Redhawks lose the lead during the game. Delong made 12 points, Kettlewell 10 and Bugbee 8 in this contest.

During the season, Cass City has won 17 of their 19 games played. In the 14 scheduled games, the Redhawks marked up a total of 650 points to a 400 total for the opponents. Kettlewell is credited with 173, Bugbee 168, Ross 119, and Delong 118.

Postal Rates to Be Higher March 26

In a little over a week post office patrons will feel the effects of the much publicized Federal tax bill which Congress passed recently. The new law becomes effective Sunday, March 26, and here is the way it effects postal rates as given the Chronicle by Postmaster Arthur Little:

The new rate on first class rural mail will be 3 cents per ounce as against the present rate of 2 cents. Local "drop letters," that is letters mailed in the village delivery, will continue to bear the 1 cent rate. The out-of-town rate will remain at 3 cents.

The air mail rate will be increased from 6 cents to 8 cents per ounce. Men serving overseas will pay 6 cents per half ounce.

Parcel post insurance rates will be doubled to from 10 cents to 20 cents. The present scale runs from 5 cents to 35 cents. There will be only a slight raise in parcel post mailing rates.

Money order fees will be raised from 10 cents to 37 cents. Present fees run from 6 cents to 22 cents. C. O. D. charges will be doubled from the present basic rate of 12 cents to 24 cents. Other rates will be correspondingly higher.

Four Townships Exceed Red Cross War Fund Quotas

Four townships in Tuscola county have exceeded their quotas to date in the 1944 Red Cross War fund drive, Frederick H. Pinney, treasurer of the county chapter, has been informed. Here are the figures:

	Quota	Paid
Indianfields	\$3,000	\$3,400.00
Elkland	1,200	1,450.38
Arbela	400	417.60
Vassar	1,800	1,844.00

Four Farms Here Change Owners

Wm. Profit has sold the 60 acres in Sec. 9, Elkland, known as the Alfred Karr farm, to Floyd Johnson of Detroit, and has purchased from Roy Martin of Bay City 120 acres in Section 10, Elkland. The Martin farm lies diagonally across from Mr. Profit's farm in Section 4.

M. C. McLellan has sold his 80-acre farm in Section 4, Novesta, to Harvey Kritzman. Mr. McLellan has purchased the 140-acre farm in Section 32, Elkland, from the Levi Bardwell Estate.

Dr. Fritz Honored on His 83rd Birthday

Dr. I. A. Fritz.

Dr. and Mrs. E. C. Fritz entertained at dinner Wednesday evening Dr. and Mrs. I. A. Fritz, and Francis Fritz and sons, Jerry and Tommy. Icy roads kept some of the family from a distance from attending. The dinner was in honor of the 83rd birthday of Dr. I. A. Fritz.

Sixty-one years in the same profession in the same town is something of a record. Such is the case of Dr. I. A. Fritz, who arrived in Cass City from Pennsylvania on his 22nd birthday and began practicing dentistry. He enjoys good health and each week day finds him at work in his office.

Woman's Study Club Observes Garden Day

The Cass City Woman's Study club observed "Garden Day" at its meeting in the home of Mrs. B. H. Starnann Tuesday afternoon. Mrs. M. D. Hartt discussed "Herbs"; Mrs. H. J. Wells, "Perennials"; Mrs. G. A. Striffler, "Garden and Plant Helps."

Mrs. J. D. Giles of East Orange, New Jersey, was a guest.

The next meeting of the club will be held Mar. 28 at the home of Mrs. Joseph Benkelman.

Very Fine Job Says County Chairman

"A very fine job," says County Chairman C. L. Bougher, in writing Willis Campbell, Cass City district chairman, regarding the Fourth Loan drive. Total sales were \$167,775 and this amount, less \$26,100 allocated to the district, leaves \$141,675 in purchases by Novesta and Elkland township citizens. This is \$27,075 over the quota of \$114,600.

District purchases of the several types of bonds offered are:

7-8% Certificates of Indebtedness	\$26,100
2 1/4% Treasury Bonds	13,000
Treas. Savings Notes—Series C	12,000
Savings Bonds—Series F	50,000
Savings Bonds—Series G	11,500
War Bonds—Series E	105,125

As soon as the casts are off, both of these girls will be able to go to school and do many of the things all children like to do. In order to help give handicapped children a chance to be like other kids the

COUNTY C. E. MEETING AT PRESBYTERIAN CHURCH

The Tuscola County Christian Endeavor union will hold its regular bi-monthly conference on Tuesday evening, Mar. 21, at the Cass City Presbyterian church, at eight o'clock.

Rev. C. E. Suemmer, pastor of the Unionville Moravian church, will speak on the theme of "A Philosophy of Life That Works." A song service and a selection by the Christian Endeavor male quartet will be features. Elden T. Smith, union president, will preside. All young people and friends are invited to attend.

Only 21 Votes Cast at Village Election

Little interest was taken in the village election here Monday, only 21 citizens visiting the polls. The following caucus candidates were elected:

President, Walter L. Mann. Clerk, Cameron M. Wallace. Treasurer, Ernest Croft. Assessor, Chester L. Graham. Trustees for two years, Frederick H. Pinney, John A. Sandham, Audley H. Kinnaird. Library commissioners for three years, Mrs. Alice Nettleton and Mrs. Florence Tindale.

Crisler Gave Fine Address at Community Club

Coach London, Captain Bird and John Bugbee Presented with Gifts.

Members of the high school athletic teams were guests of the Cass City Community club at the March session of that society held at the school auditorium Tuesday evening. Two hundred club members enjoyed a fine dinner prepared by ladies of the Presbyterian church. The invocation was given by Rev. M. R. Vender.

President Frank Reid presented Coach Jack London, who in turn, introduced 32 members of the football squad with brief remarks concerning each man. This was followed by the introduction of basketball team members.

Ed Ross, president of the Varsity club, presented a miniature football to Bill Bird, captain of the team, and one to John Bugbee, chosen as the most valuable player by his team mates. Dale Kettlewell complimented Jack London on his efficient coaching methods and he was presented with a beautiful wrist watch from the Varsity club.

Herbert Orin "Fritz" Crisler, head gridiron coach of the University of Michigan, was introduced as speaker of the evening by State Senator Audley Rawson. Mr. Crisler spoke on the benefits of athletics and in his address referred to two football players on his teams—one who was most successful and the other who was shadowed by.

Mrs. O. A. Hendrick, Ellington Twp. Pioneer, Passes

Came to Tuscola at Age of 16; Lived on Same Farm for 70 Years.

Mrs. Orson A. Hendrick, 87, long time resident of Ellington township, passed away in her home shortly after noon on Monday. A partial invalid for four years, she was confined to her bed only two days preceding her death.

The former Miss Frances Downing, daughter of the late Cleveland H. and Rhoda Bennet Downing, was born April 17, 1856, in Granger, N. Y. Her early childhood was spent in Ashtabula, Ohio. She came with her parents to this vicinity at the age of 16. After teaching in the rural schools nearby, she was united in marriage to Orson A. Hendrick at Ellington on Aug. 24, 1874. They came directly to the farm in Ellington where she has lived continuously since. Mr. Hendrick passed away July 31, 1942.

To Mr. and Mrs. Hendrick were born 10 children. Two died in in-

fancy and two sons, Leroy and Calvin, preceded the parents in death. Those who survive the mother are: Arthur E. of Donna, Texas, Mrs. John Hayes (Ola) of Ellington, Mrs. Wm. Finkbeiner (Eunice) of Flint, Orson J. of St. Louis, Theo on the farm at home, and Mrs. Gordon Finkbeiner (Fannie) of Gagetown. Also surviving are 14 grandchildren and 35 great grandchildren.

Funeral services for Mrs. Hendrick were held at 2:00 p. m. on Thursday afternoon in her home. Rev. Dudley Mosure officiated and interment was made in Elkland cemetery.

She was a member of the local Methodist church.

SOILS MEETING AT THE HAY CREEK SCHOOL

Farmers of the Hay Creek area will gather at the Hay Creek school to discuss soil testing and problems related to soils on Wednesday evening, Mar. 22.

A soil testing demonstration will be given by Edwin Baur of the Cass City high school agricultural department. The group meets at 8:00 p. m. and all farmers and their wives are invited. A potluck lunch will be served after the meeting.

FINAL POULTRY MEETING ON TUESDAY EVENING

The final meeting of the poultry class will be held at the Leek school Tuesday evening, Mar. 21, at eight o'clock.

Poultry diseases will be the subject of discussion and the previous subjects will also be reviewed and summarized. Farmers of the Deford area are welcomed to attend and urged to bring their neighbors with them.

LOCAL ITEMS.

Mr. and Mrs. Frank Cranick were in Akron on business Tuesday.

The local Woman's Christian Temperance Union will meet Friday afternoon, Mar. 24, with Mrs. Frank E. Hall. Frank Weatherhead will be the speaker. The topic is "Christian Citizenship" and the responses will be quotations of famous statesmen.

Melva Elaine McConnell, aged 10, was very pleasantly surprised one day last week when she received a package containing a hula skirt and all accessories necessary for a complete Hawaiian costume. The gift was from her uncle, Carlton C. Keilitz, S C I-C, who is stationed somewhere in the Hawaiian Islands.

Montagues Enter 62nd Year of Marriage Today

Novesta Farmer Helped "Log" Ground to Build First Courthouse in Caro.

Mr. and Mrs. C. R. Montague will celebrate their 61st wedding anniversary today (Mar. 17). Open house will be held this afternoon and evening for friends and relatives, at their home in Novesta township.

Mr. Montague moved near Caro from Canada where he was born, when he was a small child. At that time, Caro had but one small building which was a post office, department and drug store. Mr. Montague drove an ox team and helped "log" the ground to build the first courthouse. He also built several miles of road through standing timber in that vicinity.

Mrs. Montague was born in Redford, Mich., and moved to Tuscola county with her parents, Mr. and Mrs. Judson Dains, when she was a small child. They located a few miles north of Caro.

Mr. Montague and Miss Dains were united in marriage Mar. 17, 1883, at the Sutton church, north of Caro, by Rev. E. B. Sutton, pastor of the church at that time.

They were engaged in lumbering and farming most of the time until 38 years ago when they purchased the building now known as the Cass City furniture store, from A. A. Hitchcock, which was a restaurant and poolroom. They continued this business for three years and sold the equipment and then set up a department store

Cass City Scouts Supervised by the Valley Trails Council

At the meeting of Mar. 9 of the Cass City Boy Scouts, Walter L. Mann of the troop committee announced the completion of a project on which the men of the committee have been working since last October; the transfer of scouting in Cass City and other towns in the northern half of Tuscola county to the supervision of the Valley Trails Council at Saginaw. This territory has been affiliated with the office at Bay City, while the southern half of the county was connected with Saginaw. The transfer will make possible the cooperation of the local troop with the Scouts of Caro, Vassar and other towns in Scouting contests, camping, and court of honor.

The project was officially begun Nov. 1, when the committee formally passed a resolution to apply for the transfer. At a meeting in Caro Mar. 7, attended by C. M. Fennell of Chicago, representing the regional executive; Carl Hande of Saginaw, Scout executive of the Valley Trails Council; George B. Martin, chairman, and Paul Kresger, commissioner of the Tuscola district; with Cass City represented by Chairman Frederick H. Pinney, Walter L. Mann, J. Glenn McCullough, Edward Baker and Harold Oatley; formal approval was given to the transfer.

Mr. Oatley announced that several county-wide events had already been planned, the largest a district camporee in Cass City on June 9-11, with Troop 94 as hosts.

The Rev. Stanley P. Kirm has been elected by the boys to succeed Rev. Frank B. Smith as chaplain of the troop and has consented to serve. He will become a member of the troop committee. Mr. Kirm is the only local pastor who has a son in the troop.

business which they conducted for 13 years.

Twenty-two years ago last October they exchanged their property here for the farm in Section 36, Novesta township, where they now reside.

They have two children, Mrs. George Robin and Clark Montague. Mrs. Robin and her husband formerly lived in Sheridan township and recently sold their farm there and are now residing in Deford. Clark Montague and family live with Mr. Montague's parents and manage the farm. Mr. and Mrs. C. R. Montague have three grandchildren, Morris, Marjorie and Leota Montague.

JOHN M. HARTLEY DIED AT CARO ON THURSDAY, MAR. 9

John M. Hartley passed away at the home of his daughter, Mrs. Claude Spaulding, at Caro on Thursday, Mar. 9, at the age of 76 years. He had been ill for the past two months.

Mr. Hartley was born Jan. 19, 1865, in Canada and came to this community at the age of 10 years. He was united in marriage with Minerva Alvira May. They lived on the farm on which their son now resides until 25 years ago when they moved near Caro. Mrs. Hartley passed away May 29, 1941.

Mr. Hartley leaves two children, Jay Hartley, of Ellington township, and Mrs. Claude Spaulding of Caro, and 10 grandchildren.

Elkland Exceeds Its Quota in Red Cross Fund Drive

Township's Subscriptions Were \$295.38 Over Quota by Monday; More Coming

Elkland township citizens had oversubscribed the 1944 Red Cross War fund quota with the prospect of a few more names being added to the list of contributors, Rev. Dudley Mosure, township chairman announced Monday. The township's quota was \$1,200 and the amount raised was \$1,495.38.

If any persons who have not been contacted by solicitors wish to contribute, their gifts may be left at either one of the local banks.

BOWLING

The Schwegler and M. Auten
teams are in the spotlight this
week as they both tied for first
place by the slender margin of one
game. Schwegler's earned their
reward by setting the Knoblet
team down in three straight games,
while M. Auten's Five were down-
right lucky in gaining two out of
three games from the "Chuck" Au-
ten group after an uphill struggle.

Landon's, Knoblet's and Parsch's
teams trail the leaders by one
game and as the season is rapidly
drawing to a close with but 12
more games yet to be bowled, we
are looking for some of these
teams to crumble from the strain
but it would be a tough job to pick
the winner at this time.

Bowling statistics point toward
the Schwegler Keglers as the team
with the most possibilities to win
for their total pin fall is now 487
pins ahead of their nearest oppo-
nent and their team average of 788
is also the highest in the league,
so they should be the team to beat.

Knoblet's team, a week ago, led
the league alone by one game, but
they faltered badly this week to
lose three straight to Schwegler's.
This, however, was not the fault of
Capt. Knoblet for he blasted the
maples for his highest pin totals
of the season and his count of 623
pins came from games of 236, 214
and 173 which gives him third
place in the individual high three-
game roster.

Besides Knoblet's 623 pin count,
several other bowlers made the
grade for honorable mention. They
are Wallace 596, Juhasz 576, Deer-
ing 571, Wilson 560, Pinney 553,
Jankech 552, Retherford 551.

Games of 200 or over were rolled
by Reid 237, Knoblet 236, Wallace
234, Wilson 219, Willy 214, Deer-
ing 214, Knoblet 214, Juhasz 213,
Schwegler 208, Pinney 207, Ellis
204, Pinney 204, Kirtson 201, M.
Auten 201.

Flexible Plastics

Hot water bottles, bath mats, ice
bags, etc., can now be fashioned
from flexible plastics. Due to their
resistance to soap, oils and water,
it is believed they will outwear their
rubber equivalents.

Stored Safely

Grain to be used for feed for live-
stock usually can be kept for one
year without serious damage from
insects. The presence of a few
weevils or bran bugs will not reduce
its value as feed. However, grain
held for sale later for milling should
be kept entirely free of pests, for
even a few will reduce its market
value.

Protein Source

Fish hatcheries have been estab-
lished for the propagation of the
Paiche, a fish common to the Ama-
zon and its tributaries. It grows
four and five feet long. Plans are
under way for establishment of ad-
ditional Paiche hatcheries in the
Amazon valley, in view of the value
of the fish as a source of protein
food.

CONCRETE

A sure way to increase your pork
production is to keep pigs on con-
crete from farrowing to market time.

One farmer who does this reports:
"My first crop is gone to market by
the time the second is farrowed...
average weights around 275 pounds
at six months... 100 pounds of pork
with 300 pounds of feed."

Hog floors are only one of many
improvements that will make your
farm more efficient and productive.
A new barn floor, poultry house, milk
house, milk cooling tank, manure pit
or watering trough costs little to build
with concrete and will last a lifetime.

Concrete farm jobs require a min-
imum of critical war materials. Many
jobs need just a few bags of cement,
and some sand and gravel or stone.

If you need help, get in touch with
your concrete contractor or building
material dealer. Let us send you
free "how-to-build" booklets.

Check booklet subject, paste on penny postal
and mail today.

GAGETOWN NEWS

Death of Mrs. Toohey—

Mrs. Marcella M. Toohey passed away Mar. 13, in the home of her son, Ray Toohey, at Gagetown. She had been ill two weeks with pneumonia.

Mrs. Toohey was born Jan. 21, 1864, in Fairgrove township, Tuscola county, and was a resident of this county all her life. She moved to Gagetown 50 years ago and remained here with the exception of one year in Birmingham, Ala. She was the daughter of Mr. and Mrs. Patrick Sheridan and married Patrick J. Toohey, Nov. 23, 1893. He preceded her in death.

She is survived by two daughters, Mrs. Julia Walker of Pontiac and Mrs. May Kladzyk of Bad Axe, and one son, Ray Toohey, of Gagetown, and five grandchildren. Two children preceded the mother in death.

The funeral was held Thursday, Mar. 16, at 9:00 a. m., in St. Agatha's church. Rev. Fr. John McCullough officiated.

Mr. and Mrs. Raymond Stevens and Mr. and Mrs. Waldow Chisholm of Dryden, Mr. and Mrs. Ralph Chisholm and daughter of Lapeer, Miss Thelma Chisholm of Pontiac, and Kenneth Abke of Caro were Sunday dinner guests of Mrs. Esther McKee.

Mr. and Mrs. Fred Hass and daughter, Ruth Ann, of Bad Axe and Mrs. John McDonald and baby daughter, Kay, of Detroit were Sunday callers at the home of Mrs. Richard McDonald.

Mr. and Mrs. Frank Everts and Mr. and Mrs. Harry Everts and daughter, Carol, were Sunday guests of Mrs. Anthony J. Mosack and Mr. and Mrs. Conrad Mosack.

Mrs. James E. Phelan returned home Saturday after a three weeks' visit with Mr. and Mrs. Lloyd Montreuil of Detroit.

Fourteen members of the Frances Belle Watson Past Matrons' club were entertained at the Watson home in Bad Axe Friday at a one o'clock luncheon given in honor of Mrs. Anna Kuhn of St. Johns, a past matron of Gifford chapter. The hostess, an author and traveler recently returned from Mexico, entertained her guests with a talk on places of interest she had visited and read a story recently written. Mrs. Watson, whose hospitality seems unlimited, has a home most interesting with antique and Mexican pottery. Ice cream and cake were served late in the afternoon.

"THE RED CROSS IS TOPS!"

—plain talk from the fighting man who knows

Wherever the going is toughest—in desert and jungle and alien land—there you will find the Red Cross, side-by-side with our eleven million fighting men and women.

Coffee and doughnuts and companionship—is this all the Red Cross offers? Let's see—

—if a soldier at camp must be found quickly, perhaps notified of trouble at home, who helps him obtain leave, and advances railroad fare and money if necessary? **THE RED CROSS.**

—if it is humanly possible, who gets your letters in to the boy prisoner of war—and who gets his letters out? **THE RED CROSS.**

—wherever possible, who sends every week through the barbed wire of the prison camp **ELEVEN POUNDS** of American food for your boy—meat, cheese, sugar, chocolate bars—and real American cigarettes? **THE RED CROSS.**

—if a soldier is wounded, who provides him the blood YOU gave, who cares for him in his convalescence, who provides sympathy and comfort and understanding? **THE RED CROSS.**

These are just a few of the services our men and women are grateful for. There are many others. When you dig into your pocket this year for your annual Red Cross contribution, dig deeper than ever before. Can your money be spent for any worthier cause?

Instinct Leads Them To 'Greenest Grass'

That "the grass is greener on the other side of the fence" for the cow is more than bovine fancy.

When the cow will risk injury from barbed wire in order to get out on the highway or into another field for the grass on the other side, surely there must be some compelling force responsible, Dr. William A. Albrecht, chairman of the department of soils, University of Missouri, asserts.

"Perhaps farmers have never thought that animal instinct and soil fertility are at the basis of what may be wrongly considered just so much 'crazy cow' psychology," said Dr. Albrecht. "In this adage about animal behavior, there is given to us a significant suggestion for making our shortage of labor more effective and the farm business more profitable. Recent soil studies using animals as means of measuring soil fertility are pointing out that animal choices represent more effective gains by them, better animal health, along with more regular and more prolific reproduction.

"Lime treatments on the soil, for example, are the areas commonly selected when cows graze lespedeza in one part of the field in preference to another, as numerous farmers testify. Hogs acted similarly toward corn left in the field. The corn was

BABY BEEF CHAMPION—This Hereford calf won the grand championship at the Quad County 4-H show at Clinton, Iowa, and the Pillsbury Medal for his proud owner, 16-year-old Benjamin Greve of Bryant.

left untouched where no lime was used even though the hogs passed to and fro through it. Barley has been grazed out first where 200 pounds of fertilizer was applied in contrast to that with only 100 pounds. Grains, such as corn, in the self-feeder, have been selected by hogs according to the soil treatment where the crop was grown. Guinea pigs have selected various grains with differences in choice according to the fertility of the soils growing them.

"Yes, 'the other side of the fence' is sought by the animal because its better judgment as to its nourishment, and therefore its better health, better growth, and more efficient reproduction are involved. The cows usually break out on to the highway or railroad right-of-way where crops have grown annually but have not been removed. Crops have not carried away the soil fertility. We have been alarmed about the danger that some valuable meat or milk producer might be killed by traffic. Instead, we should be recognizing the fact that by means of the more fertile soil on the other side of the fence our efforts and the animal's time can be used more effectively.

"The cows have been pleading with us to give soil improvement some needed attention but we have turned them a deaf ear. We may well profit by using these animal assays of our soil fertility as well as by calling on the chemist for soil tests.

"How can we best accomplish the job of soil replenishment? There are a number of ways. Liming is beneficial because it helps both the plants and the animals to get their needed calcium, more than because this soil treatment fights soil acidity. Calcium in limestone, or even in rock rocks; potassium as salts; and all the other nutrient elements included on the soil fertility list, need our attention as soil treatments to make the grass greener on our own side of the fence."

Agricultural Notes

Sorghum syrup is not a good sweetener for fruits. Its flavor is apt to crowd out the delicate fruit flavor.

To render fat, cook it over very low heat until it is melted. Do not let fat smoke. Strain it through cheesecloth or old muslin. Cover the strained fat and keep it cool until used.

Local Happenings

Memories of old-time melodramas are being re-lived at Lansing, the state capital.

The reason: Prosecutor Kim Sigler, State's Witness Charles Hemans, et al, and their sensational disclosures of purported graft in the state legislature.

In the Gay Nineties era that preceded the flickering silver screen, a traveling troupe of actors would present in the town opory house such thrilling dramas as "East Lyn" and "The Midnight Express." The villain would conspire to wed Little Nell at the threat of foreclosing on the family homestead, or Little Nell would be rescued just in the nick of time from the path of a thundering midnight train.

And then there was the tear-jerker, "Uncle Tom's Cabin, or Life Among the Lowly," that propaganda masterpiece from the inspired mind of Harriet Beecher Stowe which was produced in an earlier day, about 1850, and became an ever-popular perennial. Nick Carter, too, was a part of this period in American history.

We do not want to suggest that the Lansing hearing before Judge Leland W. Carr smacked of theatrical melodrama and illusion. It was no laughing matter.

But the disclosures, nevertheless, possessed the allegorical spirit of those sensational plots in which Little Nell found herself entangled, the sweet, innocent heroine pitted against a harsh, cruel world. Examine the characters of the drama, if you please. The people's Conclusion on page 6.

Log Scale
In selling logs under 12 inches in diameter, a farmer actually gives away 30 to 50 per cent of the lumber if the Doyle log scale is used. The Scribner, or decimal rule, is more accurate.

Full Value For Every Dollar

Before the Government froze prices, our reasonable-profit policy resulted in reasonable prices for the highest possible quality in professional service and merchandise. Every family chooses, from a wide price range, a service priced to meet its wishes and receives full value for every dollar spent.

Shipyards Absenteeism
Absences from work from November, 1942, through June, 1943, ran from 10.3 to 7.0 per cent in the larger maritime yards having over 2,500 workers. Current surveys indicate that at least one-third of the absences in maritime shipyards have to do with health and accidents. The shipyards where inexcusable days off are fewest, are those where plant and union committees keep close tab on lost days, and where leadmen are made responsible for the attendance of their crews.

ected representatives, members of the state legislature, who were entrusted with responsibility of making the laws under which we, a commonwealth in a democracy, govern ourselves. They travel to the state capital, Lansing, and take their places on the stage.

Next, on the list of characters, is the lobbyist. He represents what is commonly labeled the "vested interest" and hence is usually portrayed in the role of the villain, seeking to dispossess Little Nell of her home or tie the gal to the rails.

The "vested interest" furnishes the tainted money whereby the lobbyist to corrupt the people's representatives—or permit them to corrupt themselves.

The role of hero is found individually, as the characters enter the stage, in the judge who is determined to see justice triumph over evil, and in the prosecutor who seeks in turn to ferret out the conspiracy and to save Little Nell. The heroine, of course, is the People of Michigan who would be wronged by such misdoings.

All of this takes place in the first act, to be sure. You must wait until the third act, hanging breathlessly to your chair, to get the denouement just before the final curtain falls with a bang.

In the Lansing melodrama, however, the characters are not defined with ready acceptance by the audience through contrasts of ink black or snow white.

The lobbyist, who should be the villain, insists that he is the hero, an innocent victim of a system that exists at the state capital. In fact, he declares he has been a victim of "extortion" whereby the legislators forced him to part with the tainted money, etc. Furthermore, it is disclosed that the lobbyist, as a payoff man who turns state's witness is to receive immunity from punishment. Is he the villain or the hero? All this is a bit disconcerting to an audience that likes its drama presented by obvious characters. Further confusion follows when the witness makes charges of attempts at counter-corruption and even allegations that his life has been threatened—broad melodrama with a capital M.

This is high drama, to be sure. But it was, after all, only the first act. The trial is to follow, and since justice must prevail, then the innocent will be acquitted and the guilty will be punished in a good, old Anglo-Saxon way. As sensational as the first act proved to be, the audience should be reminded

Wounded Marine Keeps on Firing

Makes Tourniquet Alone And Sticks to Gun.

GUADALCANAL.—A little thing like a leg wound didn't bother Staff Sgt. Ward F. Keever, USMC, Billings, Mont.

Three days after a piece of shrapnel tore a hole in his left leg during the opening aerial assault on the Japs' Vila airdrome, Kolombangara Island, Sergeant Keever, a radio gunner on a marine dive bomber, was limping around camp trying to talk his way back into action.

He pleaded with the flight surgeon attached to the squadron. The doctor gave him a definite "no." And he let Sergeant Keever know that there still was shrapnel in his leg; that he should be in bed instead of walking.

Probably his greatest disappointment came four days after he was wounded when the squadron paid Vila airdrome another visit. Sergeant Keever was denied permission to go on the attack. He had hoped for another crack at the Japs.

The shrapnel tore through the plane and hit Sergeant Keever as the ship went down in a dive on a gun position. He felt the sting of the metal, but he fired nearly 200 rounds of bullets at the Jap battery men before he called to the pilot, Capt. Elmer P. Thompson Jr., USMC, Brownfield, Maine, that he had been wounded.

"I've been hit," was the only information Sergeant Keever gave the pilot over the intercommunication system after they were away from the target. Sergeant Keever jerked out the receiver cord, cut the leg of his flight suit with his hunting knife and fashioned a tourniquet.

Thinking his gunner was unconscious and gravely wounded after he could get no further information from him, Captain Thompson made an emergency landing at Munda.

As Captain Thompson jumped from the cockpit after landing and started to the sergeant's aid, Keever leaned over the side, smiled, and said: "I'm O. K. Just need a little help getting out. They got me in the left leg."

Although he begged for another crack at the Japs at Vila, Sergeant Keever was ordered to rest until fully recovered. Meantime, his squadron completed its third combat duty tour and Sergeant Keever was denied another look at the Japs.

WEEKLY NEWS ANALYSIS

Yanks Step Up Pressure on Jap Bases; Truman Committee Asks More Leeway For Manufacture of Civilian Products; Daytime Bombings Rock Nazi Industry

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)
Released by Western Newspaper Union.

England—War and peace provide striking contrast in this English pasture, where sheep stray amid U. S. air corps supply depot set in open field.

PACIFIC: Pincer Closes

Giving the harassed Japs no rest, U. S. forces shifted the impetus of their Southwest Pacific attack back to New Britain, increasing the menace of the once important air and naval base of Rabaul, feeder point for enemy units throughout the region.

With new Yankee landings on the northern coast of New Britain and eastward advances by other doughboys operating from Arawe on the southern shores, General MacArthur was slowly closing his pincer on Rabaul, although rugged jungle still rose before U. S. forces meeting stubborn opposition from the entrenched enemy.

While General MacArthur increased his pressure on the Japs in New Britain, other U. S. forces tightened their grip on the Admiralty Islands along the supply route to Rabaul. In mid-Pacific, Admiral Chester Nimitz' naval airmen continued to pound Jap defense installations in the Caroline Islands, site of the enemy's Pearl Harbor of Truk.

CONGRESS: Cut Appropriations

In an economical mood, the house appropriations committee sliced 91 million dollars off federal agencies' requests for additional funds to carry on operations for the year ending June 30, but it did approve a total of 500 million dollars.

Biggest reduction of 22½ million dollars was made in the Federal Works agency's plea for 150 million dollars for community facilities, and of the sum finally voted, only 4 per cent was allowed for administration expenses. More than 17 million dollars was lopped off National Housing administration's request for 25 million dollars for war housing. The Commodity Credit corporation's bid for 39½ million dollars for restoring its capital was turned down, committment pointing to its 25 million dollar balance as of December 31 and authority to borrow.

Only the Veterans administration fared well, 30 million dollars being appropriated for construction of hospital facilities, following Brig. Gen. Frank Hines' statement that by 1975 a peak load of 300,000 beds would be filled, 207,000 by vets of this war and 91,400 from other wars.

RUSSIA: Finns Dicker

While Russian General Meretskov's armies drove against the Germans' Estonian and Latvian defenses, Finland bargained with Moscow for more agreeable peace terms, including retention of all the territory won during the present war and right of the Nazis to withdraw their troops from the country.

Crossing the Narva river, the Russ penetrated into Estonia, while farther south, Red armies were converging on the important railroad and highway center of Pskov, gateway to Latvia.

Almost 600 miles to the south, the Russians drove into the flank of the Germans' long front to the rear of Red forces in old Poland, again seeking to whittle down the Nazis' position to prevent them from using it as a springboard for possible attack.

VETS BONUS: Ask \$4,500

To make up the differences between war workers' and service-men's wages, five veterans organizations called on congress to pass bonus legislation now, awarding military personnel \$4 a day for overseas and \$3 a day for home duty.

Maximum payments under the plan would total \$4,500 for overseas and \$3,500 for home duty, with all compensation above \$300 being in tax-free, non-salable government bonds, bearing a flat 3 per cent interest for the first five years and compounded 3 per cent interest for the next five years.

No sooner had the Veterans of Foreign Wars, the Army and Navy Union, Disabled American Veterans, Military Order of the Purple Heart and Regular Veterans' association pressed for the bonus than seven congressmen scrambled to introduce legislation embodying their proposals.

EUROPE: Clearing Path

Mighty Allied aerial armadas roared over Europe, striking hard to cripple Nazi industry and soften the invasion path, while fighting flared on the muddy Italian front.

Drubbed by 26,880 tons of bombs dropped by the RAF, Berlin felt the full weight of hundreds of U. S. Flying Forts and Liberators in record daylight raids, which left the German capital smoldering. The American forays were not made without cost, however, scores of bombers being shot down by waves of Nazi fighter planes rising to the attack from the coast inland, and thick walls of anti-aircraft fire in the target areas.

Clinging stubbornly to their Anzio beachhead, U. S. and British troops continued to ward off persistent German thrusts at their lines, while near Cassino to the southeast, Allied forces took up the assault against the enemy's mountain bastions in heavy mud.

Latest domestic to enter the 1944 race for President is Mrs. Nora E. Govee, 53, of Los Angeles, Calif. A woman of accomplishment who built the two-room house she lives in, Mrs. Govee will campaign for \$30 monthly payments to everybody from birth to death, and no taxes.

WAR ECONOMY: Truman Committee Reports

Letting the chips fall where they may, Senator Harry Truman's investigating committee praised America's war production effort, asked that greater leeway be given to manufacturing civilian goods and criticized loose disposition of surplus war material.

Since 1941, the committee reported, the U. S. produced arms and equipment for 10,000,000 men; 133,061 airplanes; 748 warships; 20,450,000 tons of Liberty ships; 1,567,940 military trucks, and 23,867 landing craft.

To speed civilian production, the committee urged: 1. Permit use of metals not needed for the war; 2. Allow manufacture outside of manpower shortage areas, and 3. Let factories without war work operate.

Citing the army's sale of \$1,721,136 worth of new machine tools for junk for \$36,924 in Detroit recently, the committee called for creation of a special U. S. agency to handle disposal of surplus material.

PIPE LINE

The proposed pipeline across Arabia, to be constructed with federal funds to provide the American and Allied armies with petroleum in the Mediterranean area, would create many international complications, spokesmen for the American oil industry charge. According to a report by the Petroleum Industry war council, the plan to run the 1,000-mile pipeline "through three foreign nations" was "an invitation to international incidents life with the germs of another war."

GREAT BRITAIN: Coal Strikes

Far, far across the sea, Great Britain came in for its share of coal strikes, too, when 12,000 Monmouthshire miners walked out and another 2,500 in Durham slowed production over dissatisfaction with piece-work rates.

Ruffled by the Durham slowdown which has cut coal output from 15,000 to 5,000 tons weekly, the government threatened to replace the miners and put them to work in other pits.

Piece-workers balked when no adjustment was made in their rates after other miners were granted new minimum wages of \$20, \$23.25 over the old level. Piece-workers claimed they could only raise their minimum by 50 or 75 cents under existing rates, not making it worthwhile for them to try harder.

CANADA: Price Control

Tussling against wartime inflation trends, Canada spent over 115 million dollars from December, 1941, to December, 1943, for subsidies to keep down import and domestic prices.

Higher labor costs, expanded farm income, expensive substitutes and transportation charges are among the factors tending to rub against price ceilings.

Although the supply situation promises to brighten, there are growing shortages of children's clothing and footwear. The lumber and pulpwood industry continue to suffer from pressing manpower scarcities.

\$40,000 Bull

Mrs. William E. Barton of Chicago holds reins on Prince Eric of Sunbeam, grand champion bull of the National Aberdeen-Angus show, bought at \$40,000 for breeding at an auction at Chicago's stockyards by Ralph L. Smith, Kansas City, Mo.

Runners-up to Prince Eric were Brian E. VII, which sold for \$30,000, and Prince Quality also of Sunbeam, which was bought for \$10,800.

HOGS: Prices Up

Because snowstorms impeded shipments and prospering farmers were in better position to hold hogs, 20 major pig markets recently received lowest receipts in six months, while prices rose to the highest peak in four months.

At the Chicago yards, nearly all classes of hogs shared in the price upswing, the average rising to \$13.85, with 200 to 250 pound stock netting \$14.10, and good 270 to 350 pound butchers bringing \$13.95. Even some of the lightest hogs went up .50.

In the cattle market, demand increased for butcher stock, such as beef cows, canners and cutters, with prices strong to .25 higher. The scant supplies of sheep and lambs went quickly, with the best cashing at \$16.35, and old ewes bringing up to \$9.

FARM CO-OPS: Must Report Finances

Approximately 300,000 non-profit organizations like labor unions and farm co-operatives must file financial reports with the U. S. treasury for the first time under the new tax law.

Bitterly opposed by the groups involved, financial reports were made mandatory by congress acting after complaints of many private companies that some of the non-profit organizations were in competition with them. Reports also could enable congress to look into disposition of labor union funds.

Although the treasury has yet to draw specific regulations governing the reports, the law calls for specific statements of gross income, receipts and disbursements, and other information that may be deemed necessary. Organization officers will be charged with supplying all of the data.

WAR DEATHS

During 1943 American life insurance companies paid out nearly 42 million dollars in death benefits under 31,900 civilian policies owned by members of the army, navy and merchant marines. About 14,000 men had been killed in action.

Payments on claims of service-men accounted for about 4 per cent of all death claims for the year. The 1943 settlements bring the aggregate sum since the start of the war to close to 60 million dollars paid out on 43,500 policies.

12 TRILLION DOLLARS 'IS A LOT OF MONEY'

WASHINGTON.—Harold Ickes, the multi-job administration handyman, has sought to soothe all financial doubts about the war debt-ridden future we are coming into by writing a piece for a magazine saying this country is worth 12 trillions of dollars.

"We are every one a Croesus!" he says (your share would be \$38,888). The prospective federal debt of 200 to 300 billions of dollars (now \$145,000,000,000) he considered to be offset already by this great wealth.

Ickes' article demonstrates that he got his fabulous figure of 12 trillion dollars mainly by having his experts in the various mining branches of his interior department compute the amount of coal, iron and oil they think is still in the ground. All we have to do to realize it, he suggests, is to maintain "the freedom Americans have enjoyed."

Ickes has clearly miscalculated what is wealth. Even his 12 trillion dollar figure is not so fabulous as his story, his woefully false propaganda story, that resources are riches.

WHAT IS WEALTH?

What then is wealth? The only worth of ore in the ground is what profit someone can make out of it by digging it up. Unless it is profitable to dig it, and use it, no one will do so. So also with General Motors, and all other factory resources. Their only worth is what profit someone can make out of them by using them.

If taxes are too high for profitable operation, if government regulations are too confusing, if no labor is available, if wage costs are too high, if, for any reason at all, it becomes unprofitable to dig Mr. Ickes' 12 trillion dollars out of the ground, his ores have no value.

Good jobs, good pay for workers, security of livelihood for themselves and their families, all depend upon maintaining the profit incentive. Profits do not alone go to the boss or the owner. They determine the wage rate. They furnish money for expansion and reserves. They are distributed to stockholders who buy the products and thereby create a larger market.

But most important, they furnish the taxes through which this terrific war debt must be paid and financed. Taxes are levied on net earnings, not gross. Without profits, the treasury would not collect a cent in taxes. But from general widespread profits, the treasury can collect great sums from a lower rate of taxation.

The debt must be paid from the sweat of our brows. The dollars can only be paid by profits, profits for all, for the working man, for the manager, for the stockholder. Only when all are making money does money pour into the Treasury of the United States.

You cannot pay the debt with ore in the ground, or with idle factories, or even with unprofitable employment of both work and capital.

Mr. Ickes does not know what wealth is. If he had wanted to hand out good propaganda to give the country some assurances for the future, he would have said his administration proposes to create real national wealth in the country by maintaining profits for all. As it stands, his statement is really discouraging propaganda.

CHILD DELINQUENCY AND THE SALOON

Evidence is mounting in the daily news columns that parental and child delinquency is traceable to the saloon.

To me, this liquor phase is no different than any of the others, and is only an effect, not a cause of the trouble. The drinking of alcohol is a custom to which man has subscribed since long before Christianity. The handling of the drunkenness problem through all the ages has been founded on self-restraint, popular scorn, popular disgrace and such regulatory influences—not prohibition.

Obviously, for the average healthy person, a moderate consumption of alcoholic beverages never has been considered harmful by a majority of the people in this world—or I believe by all medical men. Overdoses not only are harmful but poisonous, as harmful as an overdose of medicine which kills.

Primarily, what we need is leadership and discipline—along similar lines.

When prohibition was repealed, most of our political leaders promised there would be no return of the saloon. We not only returned it, but we invited females into it. The facilities provided for man's falling has thereby been extended to women.

The institution of separate saloons might be corrective, if any saloons are necessary at all. Hours of operation could be adjusted to discourage drunkenness, as in England and Canada. Cheap dives along the road, known as roadhouses, easily could be regulated out of existence—without prohibition.

MISCELLANY:

ACCIDENT: A freak railroad accident took the lives of 500 Italians, who were illegally riding on a freight train, trying to get home from north to south Italy. The refugees died of carbon monoxide poisoning from the locomotive's smoke, when the train stalled on a tunnel grade.

HOSPITALS: There are 14 per cent more patients in American hospitals now than in 1940.

PNEUMONIA DEATHS

Just as we are congratulating ourselves that physicians are not worried much about their pneumonia cases since the sulfa drugs have been shown to be so effective in curing pneumonia, thus saving many lives, we learn from physicians, hospitals and insurance companies that pneumonia is again increasing.

In the Statistical Bulletin, Metropolitan Life Insurance company, we read: "The rise in the death rate in pneumonia will be noted with surprise by many people who for the past few years have heard so much about the striking decline in the death rate following the use of sulfa drugs in the treatment of the disease."

The death rate was lowered from about 9 per cent to 3 per cent because the sulfa drugs were able to defend the body against what is called the coccus form of pneumonia (small round organisms seen under the microscope).

However, the type of pneumonia which is now causing so many cases is not the coccus (pneumococcus) type but a virus type; that is a very tiny organism which cannot be seen under the microscope. Despite their ability to defeat the pneumococcus type of pneumonia, the sulfa drugs have no effect upon this type of pneumonia.

A point of interest is that a recent study of fatal cases of this type of pneumonia among policyholders of the Metropolitan Life Insurance company shows that a large proportion of the deaths were among younger persons. Of the 150 deaths recorded in the company's experience since last November, 36 per cent were between the ages of 15 and 44 years, as compared with only 18 per cent (of the total number) of pneumonia deaths in a normal year.

It has been known for some time that war conditions increase the number and severity of nose, throat and lung ailments; the influenza epidemic of 1918-19 is still in our minds. This means that during the coming months of cold weather, the greatest possible health precautions should be taken.

"Those doing hard manual labor or putting in long hours of overtime should be encouraged to get as much rest as possible in their time. Every effort must be made to maintain good nutrition which is quite possible within the limits of rationing."

Headache in Morning Is Sinusitis Symptom

When a definite case of sinus disease is present with pus formation, there is no difficulty in recognizing it.

What about mild or early cases of inflammation of the sinus? In the Canadian Medical Association Journal, Dr. Keith Hutchison, Montreal, states:

"The symptoms of acute inflammation of the sinus-sinusitis—are definite and I always accept the midmorning headache as evidence of a true sinusitis, even though nothing definite appears on the first examination."

This midmorning headache is important because there are so many kinds of headache that the physician is grateful for any and every clue.

"When an intelligent patient reports that he felt well on arising and then about 10 o'clock in the morning a severe frontal headache came on which persisted till mid-afternoon then disappeared and the patient went to bed free of pain and discomfort only to go through the same symptoms the next day, a clear-cut diagnosis of acute catarrhal sinusitis may be made and treated accordingly."

The treatment outlined by Dr. Hutchison is to put the patient to bed, hot cloths on the face, ephedrine solution in the nose, plenty of fluids and a rigid rule of no smoking. Two to four days' rest generally effects a cure.

Because the symptoms are not severe, "just a little head cold," many patients refuse to go to bed, with the result that the cold "hangs on" and instead of there being simply a watery discharge from the nose, the discharge may become mucous and even pus formation occur.

The patient with an early or light sinusitis should go to bed and follow the treatment described if he wishes to prevent chronic catarrh or sinusitis.

QUESTION BOX

Q.—What causes neuritis?
A.—There must be some cause for your neuritis—infected teeth, or other infection, possibly pressure on nerve supplying the arm. See your dentist.
Q.—Would a half grain of saccharine in coffee or tea be harmful for an adult or a boy of 17?
A.—Saccharin tablets (1/2 grain) three times a day will do no harm; also all right for boy of 17 to use. Sugar gives more energy, of course.

Michigan's Newest Recreation Area

Acquisition of approximately 43,000 acres in the Porcupine Mountains Area in western Upper Peninsula as a state recreation area will begin immediately, it has been announced by P. J. Hoffmaster, Director of Conservation. The legislature, at its recent special session, appropriated \$1,000,000 with which to acquire the lands. The boundaries of the area to be purchased, outlined on the map, include not only the mountains themselves, but a large tract of the only stand of virgin mixed hardwoods in the middle west. Government Peak is the highest point of land from the Black Hills to the Adirondack Mountains.

Paragraphs About Folks in the Service

Mrs. Don McLeod has received word from her husband, Cpl. Don McLeod, this week telling her that he had arrived safely in England.

The address of Maurice Kelley, C M 3-c, is C. B. M. U. 590, Flat 1, Naval A. B. D., Hueneme, Calif.

Pvt. Vern Crane arrived Saturday from Lincoln, Neb., accompanied by Mrs. Crane. He has a 15-day furlough which they are spending with Pvt. Crane's parents, Mr. and Mrs. James Crane.

Mr. and Mrs. Lloyd Reagh have been informed that their son, Delbert, has completed his basic training at Miami Beach, Fla., and he and 46 others out of a group of 320, have now become aviation cadets.

Pvt. Leland Delong, recently of Fort Brady, Sault Ste. Marie, has been transferred to Camp Rucker, Ala. Mrs. Delong and two little daughters have come to make their home in Cass City.

Cpl. Frank F. White has been transferred from Ontario, California, to Camp Cooke in the same state. His address is Cpl. F. F. White, 36518202, Btry D, 797th A. A. A. (C. W.) Bn., Postal Unit No. 2, Camp Cooke, California.

Naval Aviation Cadet Lowell J. Slicker of Cass City has completed three months of physical conditioning and ground school work at the U. S. Navy Pre-Flight school at Athens, Ga. He has been ordered to the Naval Air station at Olathe, Kansas, to begin progressive flight training preparatory to joining a combat unit. He is the son of Lowell Slicker of Cass City and reported at Athens from the CAA War Training Service school at Bowling Green, Ohio.

A new class of soldier students had reported at the Armored school at Fort Knox to take a special course in the Wheeled Vehicle department. Among the group is Pvt. Harold J. Asher, son of Mr. and Mrs. Stanley Asher, of Cass City. The Armored school trains the thousands of officers and enlisted technicians who perform the specialist tasks in the army's mobile, powerful armored divisions and tank battalions. One of the largest technical schools in the world, it graduates several times more students each year than the average civilian university.

Cpl. Carl J. Schell writes the Chronicle publisher as follows: "Arrived here the first of last week but failed to get around to write you. I always like to get the paper as soon as possible so would like to have you send my paper to me at the following address: Cpl. Carl J. Schell, Med. Det., 1257th Engr. C. Bn., Camp Bowie, Texas."

"The weather here is grand at present and is quite a change from Washington weather. At present, I am sunning myself or rather starting a tan. It is after 5:00 and the sun is still plenty hot. You could easily get sunburned. I expect that by the middle of the summer we will wish for some cool weather but right now it is really grand. When I got here I didn't think I would like the camp but now I have changed my mind."

"I found out today that the dentist that will be working with us was a resident of Cass City. It is Lt. John Young, son of Rev. Mr. Young, minister of the Methodist church in Cass City some time back. He asked about different folks about town and I gave him as much information as I could. So many of the folks he remembered have passed on since he left town."

Francisco Salinas of Caro will leave Mar. 23 to join the Navy forces. The Tuscola County Draft board has received a call for Mar. 29 for five men for army service.

Mr. and Mrs. Chas. McCaslin received a picture of 56 members of an air corps group in England in which was their son, William Clark McCaslin. He appears in very good health.

F/O William H. Crawford soon will complete his training at the army air base, Sioux City, Iowa, and be ready to go overseas to do his part in defeating the enemy. F/O Crawford, pilot in a heavy bomber crew, is the son of Mr. and Mrs. Clayton J. Crawford. He entered the service April 3, 1943. Prior to his entry into the service he was a bus driver.

Robert Dewey, oldest son of Mr. and Mrs. L. Dewey, will leave his home in Pontiac in the near future to enter the Navy. He is married and has two children. He is the fifth son of the Deweys to enter their country's service.

Two sons of Mr. and Mrs. Arthur Cooley enter the service of the Air Corps this week. Arthur S. Cooley, Jr., left Wednesday for Fort Sheridan, Ill., and expects to go to Texas this week end. Frederick Cooley leaves Saturday for Fort Sheridan.

Wayne Rabideau, in a recent letter to Clarence Zapfe, also serving in the Navy, writes that he has seen a lot of places since joining the Navy and at present is on duty in the Pacific. He thinks there is no place to live like good old Michigan and that he intends to come back here after the war, even though his family has moved to southern California.

Kenneth Higgins came last Thursday to spend a few days with his grandmother, Mrs. A. H. Higgins, and left Tuesday morning for Lebanon, Ohio, to visit his father, Leland Higgins. Kenneth has completed 17 weeks of basic training in the infantry and has been stationed at Fort Belvoir, Ill. He will report for further duty next Sunday and will be stationed at Fort George Mead, Maryland.

Ensign Edward James Vaden spent several days of last week with his mother and other relatives at Argyle, leaving on Saturday for Minneapolis, Minn., where he will begin his duties as Primary Flight instructor. Previous to his training at the Naval Air College for Instructors at New Orleans, La., he received his commission at Pensacola, Fla., on Nov. 5. Ensign Vaden was graduated from the Cass City high school with the Class of '36.

Pfc. Leonard Gunther writes friends here after arriving in North Africa a few weeks ago, that he enjoyed the trip across very much, that he had visited, among other places, the cities of Casablanca and Oran. He says some of the country over there is very beautiful but that most of the natives have little or no acquaintance with soap and water. One thing that seemed very strange at first was that even very small children, instead of begging for candy, were always asking for cigarettes, though orders were not to give them any as they are rather scarce over there.

In a letter written by Clarence Zapfe, F 2-c, on Mar. 3, to his parents here, he states that mail had just come aboard ship, the first time in six weeks, and he received 23 letters, four Cass City Chronicles, and some new magazines to read. He has lost weight due to the heat but feels fine. He has never run across any one from home, but reports that he saw the ship "Bud" Kirkpatrick is on. Some Japanese prisoners had been aboard ship recently and they were a happy appearing lot.

S 2-c Lawrence Zapfe wrote from the southwest Pacific on Feb. 24 that so far he likes it very much in the Navy and often finds it hard to realize that a war is going on, though the sight of a sunken Jap ship one day, made it seem less like a long excursion cruise. Neither of the Zapfe boys have any hopes of seeing the U. S. A. for many months to come, but are wishing by some odd chance that they might see each other before too long a time. They missed seeing each other by a few days when both left California last December, and both arrived at destinations in the southwest Pacific about New Years.

In a letter to Mr. and Mrs. R. S. Kerbyson, dated Feb. 29, Pvt. Arthur P. Dewey, somewhere in England, writes in part as follows: "There isn't anything new over here except that we are sure kept very busy and I really enjoy it. Time passes faster and nothing to worry about. I'm on dispensary duty tonight so am trying to catch up on my writing."

"When I got up for breakfast Sunday morning the ground was covered with snow. I thought I was back in Michigan but it was only a dream. Although the ground was covered with snow, it surely looked good to me. It's been quite bright ever since for a change. Was going visiting or sight seeing Sunday afternoon but the weather turned out very disagreeable which changed our plans."

"I surely don't see how Germany can last much longer with all the poundings they're getting. They must be petrified like stones. "We have been having some very good shows here. They installed a radio speaker in our barracks and they have the radio in the orderly room. We are getting some very good programs and very sweet music. It surely keeps the morale very high to have all these things."

"It's still hard to believe that we are in the British Isles or England. Our quarters are very good and the food is improving some but, as Earl Reed said, they have things rationed very close. It's very difficult to buy food or get a meal in the restaurants here."

"When you see the MacAlpine's again, tell them all I said 'hello' and Merritt and I are getting along fine and hope to do our part to get this war over soon."

misfortune most of the time in his playing but who always was actuated by a desire to give his best. The first player was Tom Harmon. Both players were highly regarded by the coach.

Tom Harmon has twice told Mr. Crisler that his football training had saved him when he crashed in airplanes, first in South America and later in China.

Mr. Crisler's address was most interesting and he held the close attention of his audience.
