Flames Damaged Kenney Creamery Wednesday Night

Fire of Unknown Origin Was Discovered Around 10:30 P. M.

Flames were bursting from the roof of the frame building which serves as a garage and boiler room for the Kenney Creamery when fire was discovered around 10:30 p. m. Wednesday. The fire appar-ently started around the stairway on the west side of the building and opposite the boiler room. The building was badly damaged by the fire which was confined to the west side and to the upper floor, and it is probable that the boiler equipment has not been harmed. Butter cartons and butter boxes were stored upstairs.

Flames also reached the connecting cement block building at the north which is used for butter manufacturing. Flames scorched the roof boards of this building. The machinery appears to be free from damage. The loss is partially covered by insurance.

Anne Campbell Read Her Poems at Rotary Ann Dinner

Keith McConkey completed his year as president of the Rotary club here with a dinner and program at which Rotary Anns were guests of their husbands on Tuesday evening.

Anne Campbell of Detroit provided a delightful hour's entertain-

ment in presenting her verses about the plain everyday American wife and mother and her home activities. She believes that a wompays all university fees for the an's chief interest should be her home—that there is beauty and meaning in the simplest things in the life of the most unpretentious

housewife, and Miss Campbell has the ability of clabority presenting these ideas in her verses. "Com-panionship," "Killing Time," "No Occupation" and "Marriage Is a Ladder" were among the many ersity. readings given Tuesday evening.

The dinner was served by the Methodist women in the church dining room. Seasonal garden flowers were used profusely in the decorations. Rotary Anns were each presented with a gardenia. M. C. McLellan takes over the

presidency of the Rotary club and

Jamaicans Will Be Available for Work in Haying and Harvesting.

Five hundred Mexicans (Na-tionals) and 463 Jamaicans are now employed in the sugar beet and pea crops in Tuscola county. The majority of these, 921 workers, are contracted to the Michigan Sugar company for work in the beet fields. The remaining 42 Jamaicans are contracted to the W. N. Clark company for work in the canning crop from now until Sept.

Although the work in these crops is new to most of these foreign workers the majority of them are doing satisfactory work. Among the Mexicans and Jamaicans, most of them are married men who have families back home.

A pretty June wedding was held in St. Pancratius Catholic church Here, they are living in groups of five to ten workers each, and are obliged to do their own cooking Saturday morning, June 24, when and laundry work in addition to their work in fields. Mexicans (Nationals) experience considerable difficulty in making themselves un-City, became the bride of Stanley Osentoski of Detroit, son of Mr. derstood at the grocery stores and elsewhere.

MICHIGAN IS THE ARSENAL of VITAL FOO

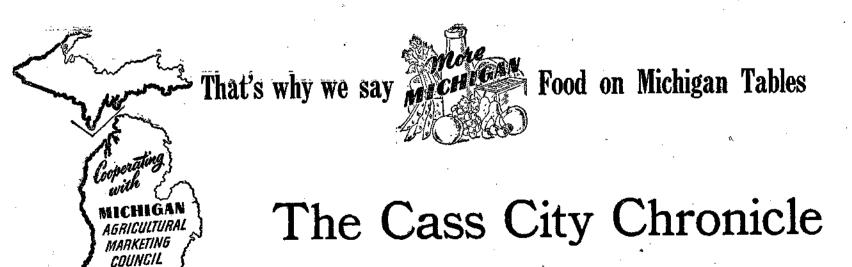

Sure, Michigan is only one state out of 48. Washington says we're the arsenal of democracy, referring to Michigan-made airplanes and tanks and other munitions for our fighting Yanks and Allies,

But did you know that Michigan is an arsenal of vital foods? Michigan is FIRST in cherries, field beans, cantelopes, carrots and cucumbers; SECOND in celery, strawberries, and peppermint; THIRD in onions, tomatoes, sugar beets, grapes and buckwheat; FOURTH in potatoes, beets and pears; FIFTH in apples, asparagus, and maple syrup . . . just to mention a few. In vital foodstuffs, Michi-

gan rates among the ten leading states in the U.S. А.

We're mighty proud of Michigan-grown vegetables, dairy products, poultry, meats and sugar beets.

When you buy MORE MICHIGAN foods, grown on Michigan farms, you assure yourself of the best in taste, in quality, in vitamin freshness. Moreover, you also help Uncle Sam by reducing the load on railroads and trucks. A short haul from farm to food store is a patriotic contribution this year. Remember, when you go to your food store, buy MORE MICHIGAN foods.

Cass City, Michigan.

THE main business of the coun-try today is fighting the war; all of us have an interest in hav-

ing the war brought to a satisfac-

tory conclusion as soon as possi-ble. At the present time one-half

the productive energy of the coun-

try is employed either in the mili-tary service or in producing the

necessary supplies. To pay for these services and supplies re-quires a total amount of money

equal to one-half the total income of the country.

As Americans we prize freedom.

Too often, however, we forget that freedom implies responsibility.

Freedom implies responsibility are closely associated. Right now it is a responsibility of every free-dom loving individual to buy War

Bonds to the end that the war may

War Bonds are a good invest-

ment. They are also a safe investment, which is another way of

be ended as soon as possible.

year.

New York, Pennsylvania, Ohio, Indiana, Illinois, Michigan, Wisconsin,

To get into the right mood there is nothing better than a bath and a change of clothes. Even if your idea of recreation is playing a game of solitaire while listening to a favorite radio program, you will get more real rest and refreshment when work clothes have been doffed and

saying that the chances of loss are small. It is a good place to put the money which one wants to lay away for later use. This later use may be a source of income in old age, it may be the making of some improvement around the farm or in the home, it may be providing an education for the children or any one of a hundred different uses.

Another reason why everyone should buy War Bonds is that it is one of the best ways of controlling inflation. Many of the goods and services which we would like to buy are not now available or are only available in limited quanti-ties. Rather than spending the money in ways that will divert resources from the war effort, it would be much better to put the money where it can be used for the main purpose of the day, namely fighting the war. U. S. Treasury Department

Game Food

(* *__________

Three or four rows of corn left standing in the corner of a field will provide food for quail, pheasants and other small game. Placing corn in meshed wire baskets about five feet off the ground will provide for both turkeys and squirrels-the squirrels will get in the baskets and scatter corn on the ground for turkeys.

of 60 to 100 feet amid desert con-

ditions in the hottest regions. It will produce from 100 to 400 pounds of dates a year. Some bunches weigh as much as 40 pounds and have to be supported astride a leaf of the palm. An acre may produce more than 5,000 pounds of dates.

be able to meet essential military and civilian food needs, but it cannot be expected to carry the load of postwar relief feeding, according to Marvin Jones, war food administrator. In a "balance sheet" report, pre

Nation's Food

Will Be Enough

Military and Civilian Needs

To Be Fully Met, Says

Chief of WFA.

WASHINGTON .-- The nation will

pared at the request of War Mobilization Director James F. Barnes, Jones made this forecast of civilian supplies for 1944. "While supplies of some foods will

be less than would be needed with unrestricted demand, other foods will be available in ample supply so served. that every one can have enough good and nutritious food to satisfy his needs.'

Small Export Proportion. As to supplies beyond military

and civilian requirements, the re-port said: Foods available in the United States for export constitute only a small proportion of the food require-ments of the United Nations and of

iberated areas. In considering the responsibility of the United States in helping to meet food requirements of the United Nations, it should be kept in mind that the United States is not the food basket of the world."

Of the total exportable supplies of food available from all the United Nations, Jones said, this country has only 7 per cent of the wheat, grain and flour; one-fourth of the

fats and edible oils; a third of the

Funeral of John N. **Connell on Sunday**

Funeral services for John Neil Connell, 84, who passed away suddenly at the home of his son, John Connell, east and south of Cass City, Thursday, June 22, were held in the son's home, at 2 p. m. Sunday. Rev. Dudley C. Mosure officiated and burial was

made in Eikland cemetery. Mr. Connell's parents, the late Neil and Margaret Connell, came from Scotland, John N. Connell was born July 22, 1859, at Yale. His wife, the former Sarah Medows, passed away in 1921. He had made his home with his son for a number of years.

Surviving are two sons, John and George, and a daughter, Mrs. Eva Hopper, all of this vicinity, 12 grandchildren, and 21 great grandchildren.

Pallbearers were John Ball, B. Bradshaw, Gaylord Shagena, Harry Caston, Joe Windy and Nat Darling.

Those from a distance attending the funeral were from Detroit, Ann Arbor, Wyandotte and Harbor Beach.

BETHEL, ALASKA.—The misad ventures of a white malemute puppy recently had this snowbound garrison on the Kuskokwim river in a turmoil. The pup, one of a litter of five born under the mess hall, wandered away from his mother and his brothers and sisters and became lost among the snow-weighted willows and alders.

The mess crew under Sergt. Earl Glaze, Center, Texas, forgot about dinner and began organizing search parties, while the troops who arrived for dinner charitably decided finding the pup was more important than eating, and joined the

search. After two hours of beating the river bottoms, they found the halffrozen pup and took him to the mess hall to thaw out.

"I dunno what we'd do here without our dogs," said Sergeant Glaze. "They are swell company and they have become just as military as us GI's. Why, believe it or not, the pups we've raised here the past couple of years stand retreat with us like veterans. When the bugler starts blowing that horn, the dogs form a circle around him and how right in the groove."

The sergeant said he guessed they'd have to discipline the white pup for roving over the hill.

Wife Divorces Husband Spurning Citizenship

NEW YORK .- Failure to keep a pledge to become a loyal American citizen is sufficient ground for annulment of marriage in this state, rules Supreme Court Justice Aaron J. Levy. He granted Mrs. Anna Jaegel an annulment after she complained her husband, Ludwig, failed to carry out such a pledge made when they came to the United States in 1933.

What Is YOUR Number? of the 3400 Residents of Elkland-Novesta 298District have up to Tuesday Night, June 27, bought bonds in the 5th War Loan drive. The amount they bought comes to \$83,486 OUR QUOTA IS \$134,600 If you are one of the 3,102 in this district who have not yet bought bonds-READ THIS

He Didn't Complain

Last week somewhere in England a pilot left for enemy territory on his fiftieth mission to bomb the enemy. This week we are asking you not to go on your fiftieth mission but your fifth to your bank or post office and LOAN Uncle Sam some of your money. It won't be a dangerous mission like that boy over there who may be flying at the very time you make your purchase.

YOUR PURCHASE OF WAR BONDS WILL INSURE THE FOUR FREEDOMS.

READ THEM.

The first is freedom of speech and expression.

The second is freedom of every person to worship God in his own way, everywhere in the world.

The third is freedom from want to every nation a healthy peacetime life for its inhabitants.

YOU MUST BE A VOLUNTEER

You know your own ability to buy -so go today to the post office or your own bank and buy as much as you can.

The committee does not plan any house-to-house canvas, so a solicitor will not call on you. You are your own solicitor.

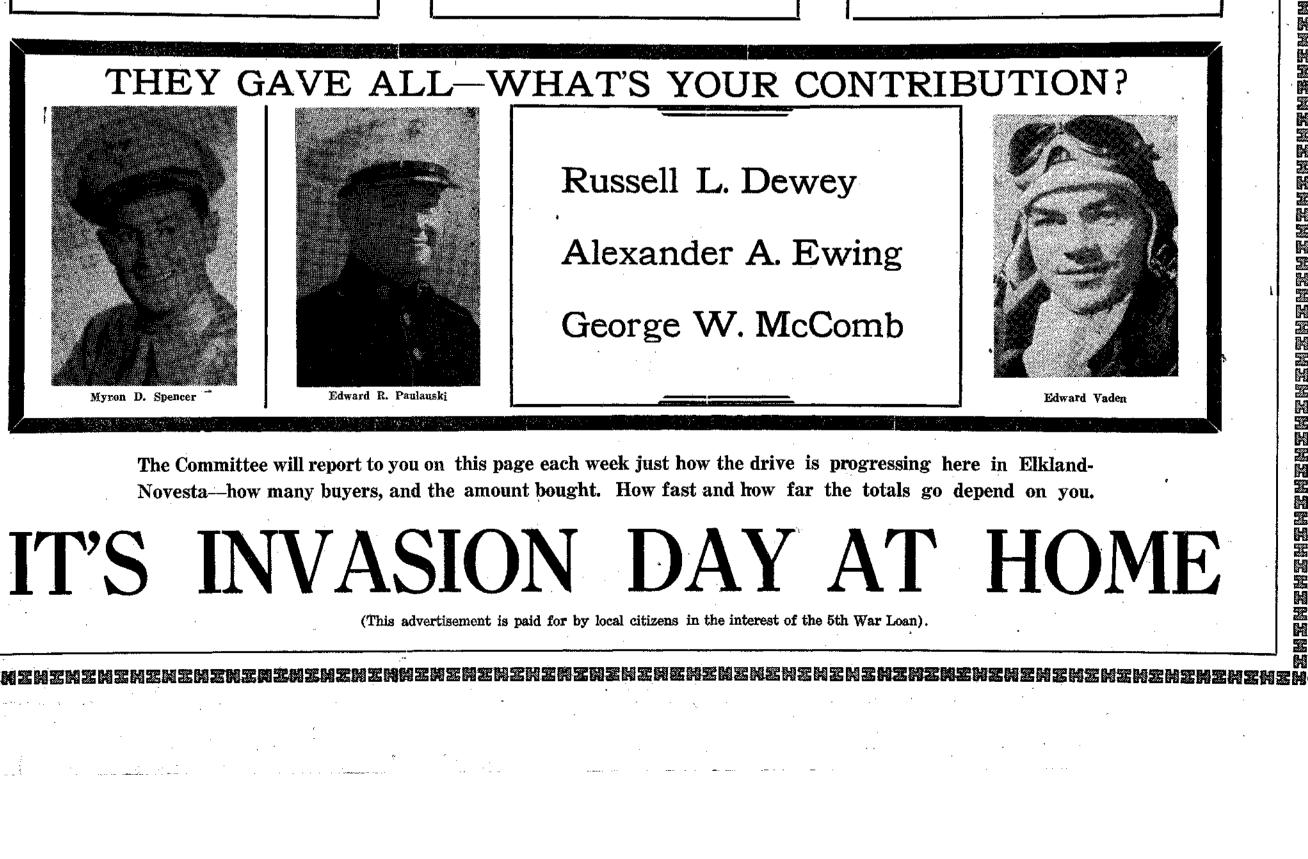

Whether your ability is to buy an

KEEP 'EM FLYING!

The fourth is freedom from fear of aggression and oppression.

\$18.75 series E bond, or \$1,000.00, or \$5,000.00, of one of the other issues, your part is important.

DO IT TODAY.

Cass City, Michigan.

CASS CITY CHRONICLE- FRIDAY, JUNE 30, 1944.

"In moments of crisis involving the safety of our native land, the American people have invariably rallied against the danger with courage, faith and resolution.

"For the past two years we have been in one of these crises, perhaps the greatest in our history. On the battlefield and on the home front men and women are daily making great sacrifices so the freedom in our way of life may be preserved.

"There is now in progress the 5th War Loan Drive to raise money so as to insure that this conflict will be brought to the speediest possible conclusion and with the least loss in lives.

The indispensable man in this war isn't the general. No, siree! And it isn't the admiral either, important as he may be.

Water an Antiseptic

The therapeutic value of hot water has been recognized since ancient times. Hot water and soap have a definite antiseptic value in the treatment of minor cuts and abrasions, and cleanliness is the first requirement in avoiding infection.

Deadly Diseases

Preliminary information indicates that only four diseases caused more deaths than accidents in 1943-heart disease, cancer, cerebral hemorrhage and nephritis. Only two diseases, heart disease and cancer, were more important among males

and neither do we. Or perhaps you practice hurling hand grenades at distances of 30 to 128 feet into enemy fox holes. Your duties will depend, of course, upon the task the army selects for you. You may be attached to an automatic rifle team, of a 60 to 81 millimeter mortar squad. You may be assigned to a light or heavy machine gun squad, or even an anti-tank gun team or the 105 millimeter howitzer cannon which is used by the infantry, strangely enough in combat fighting.

Firing of many infantry weapons must be done on ranges where there is plenty of room for practice shooting,

That involves a nice, long hike there and back.

And the pack on your backbrother, you haven't seen anything! You must carry a rifle, bayonet, pistol, gas mask, field glasses, raincoat, first aid kit, entrenching tool to dig your own fox hole, a shelter half with poles and pins, blanket, canteen and cup, meat can, knife, fork and spoon, cartridge belt, three grenades and grenade launcher, anti-tank grenade, ammunition bag and six rounds of mortar, plus your clothes and shoes.

Yes, all this, mister. And it weighs only 92 pounds!

look fresh as a daisy in gaily flowered cotton jumpers, and white peasant blouses. They can be dressy, too, when made of soft ray-on and worn with a frilly blouse. This pinafore is such a simple style to make that you will want several for all-occasion wear. Sewing for yourself is saving to buy more War Bonds. This or a similar pattern is available at your local stores. Back the Attack-Buy More Than Befere. II. S. Transurk Debariment
