Golden Wedding Is Observed by Couple At Gagetown

By Gagetown correspondent. The 50th wedding anniversary of Mr. and Mrs. Neil McKinnon was celebrated Tuesday by having their family at their home. In the group were Mr. and Mrs. Jack Hill, Mr. and Mrs. Daniel McKinnon, Miss Florence McKinnon, Francis Hunter and daughter, Sharon, Miss Geraldine Kehoe and Mr. and Mrs. Robert Adair and son, Robert, of Detroit, Mr. and Mrs. Kenneth Horn and daughters, Gail and Sandra, of Pontiac, and Mr. and Mrs. Edward Kehoe. Other guests were Mrs. Agnes O'Rourke, Mr. and Mrs. Conrad Mosack and Miss Patricia LaCross of Gagetown.

Mr. and Mrs. McKinnon and guests attended a high mass at St. Agatha's church celebrated in their honor by the Very Rev. Fr. McCul- pen, of Ellington township, met lough. The anniversary dinner was served in the Republic hotel at Bay on Sept. 18. He was 24 years of City at 1 p. m. Neil McKinnon was born in

Bruce county, Ont., Nov. 17, 1872, overseas two years, going into acand Leah McDonald in the same county on Jan. 23, 1872. They were married Oct. 17, 1894, in Sacred Heart church, Teeswater, Ont., and came to Gagetown Apr. 12, 1899, and have lived here during this time with the exception of 10 vears.

The McKinnons were the parents of 11 children, six of whom are living. They also have 17 grandchildren and one great grandchild.

26 Additional Jurors For the October Term

Horses Cause Serious Dist. Gov. Coming Injuries to Mrs. John Justin of Deford

Mrs. John Justin of Deford was brought to Pleasant Home hospital Monday afternoon with serious injuries. She was holding a team of horses by their heads when the animals, hitched to a wagon, be-came frightened by shots fired by hunters nearby. The horses ran over Mrs. Justin, the wagon also passing over her.

Her injuries were a smashed right shoulder, two broken pelvic bones and extensive bruises on both legs. She was still suffering great pain on Wednesday.

Evangelicals Honor The Wm. Schweglers

Nearly a hundred members and friends of the Evangelical church gathered Friday evening at the church to compliment Mr. and Mrs. Wm. J. Schwegler at a farewell party. The honor guests have long been active and valued members of the congregation and plan to move soon to Charlotte where their two sons are in business.

Following a short devotional service conducted by Rev. S. P. Kirn, the following program was given: Flute solo by Chas. Kercher, Jr.; vocal duet, Mr. and Mrs. Maurice Joos; readings, Mrs. Ray Silvernail and Miss Elsie Buehrly; vocal selections by a quintet Buehrly and Maurice Joos; vocal solo, Mrs. Grey Lenzner of Bad Axe; and short talks by Walter

Face the Facts

Good government requires practical men with executive ability and a strong sense of public responsibility. Michigan has found the right combination in the group of men who, under the leadership of Governor Kelly, will administer our State goverament during the next two years.

Your Republican administration has increased Government efficiency, brought the State through precarious war years in good shape, and has carefully planned for postwar employment, veteran re-employment, care of the dependent aged and children and a multitude of other immediate problems.

Good government has always been hard to get. Now that we, in Michigan, have it, let's keep it!

REPUBLICAN

THANK YOU, Mr. Curley. We value your letter of I friendly appreciation. It is stimulating to all of our people and is particularly appreciated by our Customers Service men. Even during wartime, The Detroit Edison Company has tried to maintain the high standards of service our customers expect and deserve. We know, however, that we are far from perfect, and we hope you will be equally prompt in telling us when we fail. That would be just as stimulating and even more helpful. Here is the record of Edison services in wartime;

LAMP EXCHANGES. Residence customers have always been able to exchange burnedout lamp bulbs for new bulbs without added charge. This service is now operating as usual.

APPLIANCE REPAIRS. Despite the delay and difficulty in getting parts, our Appliance Repair Division has kept in service tens of thousands of irons, toasters, percolators, clocks, etc., at only a nominal charge for repairs.

IRON CORD EXCHANGES. Defective iron cords (badly frayed or worn) are exchanged without charge for new cords of standard length. During the war we have rebuilt thousands of cords from salvaged materials.

FIRST SUPPLY OF LAMPS. For thousands of new war homes, and for other houses being served for the first time, we have provided a first supply of lamp bulbs without extra charge.

TROUBLE CALLS. On emergency calls to restore service we were slowed somewhat by transportation difficulties but still answered a majority of these calls within an hour.

HOME SERVICE DEPARTMENT. The advice of our Home Service staff helps customers with rationing, sugar shortages, etc. They provide recipes and information about cooking, canning, special meals for school children, etc., as well as assistance with home lighting,

In war or peace, we try to furnish the best electric service in the world. Always welcome are letters from our customers. Your criticisms and suggestions guide us in making Detroit Edison policy.

Ice Industry The ice industry in this country consists of almost 4,000 individual plants, annually producing over 34,-000,000 tons of ice, 91 per cent of it from fresh water.

Tomato Roots Tomato roots grow close to the surface: cultivation to remove weeds should be shallow, or the plants will i get a set-back.

Religious Observance of U-Day

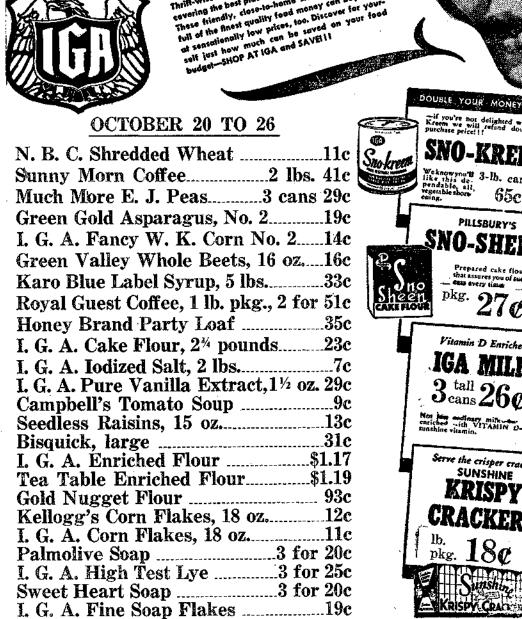

A religious service, celebrating the end of the war in either of its European or Far Eastern phases, will be conducted by pastors of the Protestant churches, for the Cass City community.

Place: The Baptist church.

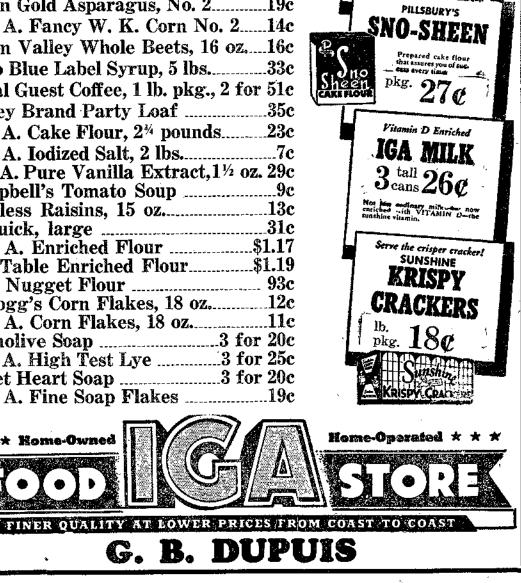

Time: 8 p. m. of V-Day, if such announcement comes before 6 p. m. of V-day, and 8 p. m. on the day following, if such announcement comes after 6 p.m.

We urge all citizens of the community to attend and participate in this service, in humble and reverent gratitude to Almighty God. Our churches will be open throughout V-Day for private meditation and prayer.

Signed: The Pastors' Union.

Army Machine PicksRightMen 📶

By Using Punched Cards, It Finds All Qualified For Odd Tasks.

NEW YORK .--- The system used to Lt. and Mrs. C. Paul Hunter of be for the commanding officer to Nashville, Tenn., and Mrs. C. P. gather his men together and say "Which of you speak German?" or and Sunday. Mrs. Wood and sons, moment. Then the proper men would step forward, and one prob-Alida Stroh, daughter of Adam day from a week's visit with rela- them and are spending two weeks lem would be a step nearer solu-

With 125,000 men to ask, the problem became a good deal more diffisard. Her husband and her children Russell. The roll call was re- daughter, Sharon, of Detroit and cult. At the army machine record unit, 52 Broadway, the Second servcommand demonstrated that mechanization doesn't necessarily mean rolling tanks and high-flying Superfortresses, says the New York Herald-Tribune.

Instead of being put to 125,000 men, the question was put mechanically to an intricate machine. It asked, to be specific, how many of the Second service command's 125,000 officers and enlisted personnel were majors, former residents of Germany, college educated, qualified for overseas duty and between 30 and 35 years old.

Roster Delivered.

Eight minutes later, the machine delivered a roster of the men who met the specifications, listed alphabetically.

The information came originally from the confidential files of the Second service command. A key punch machine first recorded it on cards by punching holes, with the position of the hole on the card representing each specific fact about the man whose name the card bore. Another machine, "the interpreter," took over and repeated the information on the card in words. The cards were filed.

To find out the names of the German-speaking majors, another machine was set for the information desired, and as the 125,000 cards shot through it, those cards with the proper punches dropped out. Finally an alphabetical tabulator set the cards in correct order, counted them and delivered them in a tidy batch

Solve Battle Problems.

From 7 to 100 miles behind the battlefronts such machines in mobile units are now working to solve battle problems that may call immediately for 17 men who can read blueprints in Greek or have similar unusual achievements. Under Col. E. C. Miller Jr., director of personnel of the Second service command, and Maj, H. E. Alphin in charge of the machine recording unit, 185 specialists have been trained for the work, and nine mobile units, housed in truck trailers, have been activated. The equipment also includes a ma-

chine which reproduces cards, and various devices to expedite the work.

London Factories Taken

Apart, Sent to Beachhead BALTIMORE, MD. - London factories, broken down into numbered parts and packed into crates, are beginning to move across the channel to be set up behind the lines, Thomas O'Neil said in a dispatch

to the Baltimore Evening Sun. Unpacked and assembled, they are expected to furnish a close-up supply to Allied troops fighting their way into France, the dispatch reported, and will take a load off the trans-channel transport, as well as make available services thus far unavailable to troops.

In some of the packing cases are complete repair factories for heavy duty equipment, O'Neill said. Others hold the components of laboratories for manufacturing acetylene gas for the engineers and oxygen for the doctors, he said, and others will blossom into laundries and baths.
