

**Demand for Nickel**  
Until about 50 years ago there was little demand for nickel except for nickel plating, for nickel coins and for nickel silver to make articles for domestic use and as a base for silver-plated ware. Since that time, and especially since 1921, hundreds of additional uses have been discovered for this metal, largely through scientific research.

Soul winning is a task for all of God's children. No matter how humble and ordinary, there is a place to fill. Christ, when on the cross, lifted us from the depth of hell and now looks to us to devote our lives in bringing men to God by the Way of the Cross. Laborers are few. We are racing against time, death, sin and Satan. It is now or never with many who are in sin.

## VETERANS' NEWS

From the OFFICE OF VETERANS' AFFAIRS LANSING

Combat Wounded Veterans May Now Enlist

The time in which partially disabled combat wounded veterans of the Army or Air Force may enlist has been extended indefinitely by each department.

The Army and Air Force also have opened enlistments to partially disabled combat wounded World War II veterans of the Navy, Marine Corps, or Coast Guard, such enlistments previously having been reserved for Army and Air Force personnel.

Eligibles must possess, or be trainable, in certain critically needed skills, and meet certain physical requirements to be enlisted in grade held at time of discharge if service was in Army or Air Force, or in equivalent pay grade if service was in the Navy, Marines, or Coast Guard. Partially disabled combat wounded whose last period of active service in any branch of the Armed Forces was in status of a commissioned officer, warrant officer, or flight officer, may be enlisted in Grade One, provided enlistment is accomplished on or before June 30, 1948.

Disability compensation or Purple Heart awards are not necessarily a prerequisite for enlistment in the Regular Army or Air Force under the new order (WD Pamphlet 12-16). The individual must be a "battle casualty", defined as a person who suffered wound (s) or injury during combat as result of enemy action.

LOCAL ITEMS.

Mr. and Mrs. Peter Rienstra spent the week end in Detroit. The Presbyterian Missionary Society will meet with Mrs. M. B. Auten Thursday, Feb. 5, at 2:30 p. m.

Mr. and Mrs. Orris E. Reid and son, Charles, of 19629 Kenosha Ave., Detroit, entertained in their home Mrs. Reid's brother, Frank McMahon, and Mr. and Mrs. Charles McMahon and daughter, Caryle, of Winnebago, Minnesota, a brother Mrs. Reid hasn't seen for 36 years.

Mr. and Mrs. Robert H. Orr and daughter, Marjorie, of Pigeon were dinner guests of Mr. and Mrs. L. I. Wood Sunday. Of interest here is a wedding which took place Jan. 16 in Bay City when Miss Betty Jean Jacot, daughter of Mrs. Phillip Fader of Caro, became the bride of Jesse Timmens, grandson of Mrs. Eliza Walmsley of Cass City. Attendants were Chas. Walmsley of Cassville, uncle of the groom, and Mrs. E. J. Duncan of Caro, sister of the bride. The young people are making their home on East Frank street in Caro.

Mr. and Mrs. Roy Bigelow and family and the Misses Loretta and Phyllis Morse of Wayne, spent the week end with Mrs. Emma Morse and daughter, Betty. Jane Hunt was hostess to six of her friends at a dinner in the Gordon Hotel Coffee Shop in celebration of her twelfth birthday Thursday evening. The group were seated at a long table which was centered with a pretty, potted cyclamen. The guests included Delphine Iseler, Marjorie Holcomb, Annette Pinney, Mary Ellen Baker, Damon Keppen and Joan Holmberg.

Quite a number of members and friends of the Woman's Christian Temperance Union spent an enjoyable and profitable evening at the home of Rev. and Mrs. Stanley Kirm on Friday, Jan. 23. Rev. F. Houghtaling of the Nazarene Church led the devotions, using part of the first chapter of II Peter. Rev. Mr. Kirm spoke on "Peace", saying if we want peace we must first have peace in our own hearts. Then we must have peace with our neighbor, then nations must have peace with one another. If we want peace, we must learn to forgive. Christ alone is the only solution of our peace. Tea and cookies were served. Mrs. A. J. Knapp presided at the table.

If you thought it was cold last Saturday morning, what of Mr. Bluejay? Mrs. Stanley McArthur called the reporter to say that she and her mother-in-law, Mrs. Lydia Starr, were more than surprised to see a bluejay out in their back yard. About 45 attended a special meeting of Echo Chapter, O. E. S., held Wednesday evening of last week when the degrees of the order were conferred on Mr. and Mrs. Stanley Morell. Guests were present from Applegate, Mayville and Gageton. Refreshments of gingerbread with whipped cream and coffee were served in the dining room by Mrs. Harold Murphy, Mrs. A. R. Kettlewell, Mrs. Geo. Dillman, Mrs. J. D. Sommers and Mrs. Elmer Faester.

RESOLUTIONS OF RESPECT.

"There is only a curtain between us, Between the beyond and the here; They whom we call dead have not left us, Nay, they were never so near"

In memory of Brother Frank Hall, who died Wednesday, January 21, 1948. Once again a Brother Mason, having completed the designs written for him on life's trestle board, has passed through the portals of Eternity and entered the Grand Lodge of the New Jerusalem and hath received as his reward, the white stone with the new name written thereon.

And Whereas, the all-wise and merciful Master of the universe has called from labor to refreshments our beloved and respected brother, and

He having been a true and faithful member of our beloved Order, therefore, be it

Resolved, That Tyler Lodge, No. 317, F. & A. M., of Cass City, Mich., in testimony of her loss, be draped in mourning for thirty days, and that we tender to the family of our deceased brother our sincere condolence in their deep affliction, and that a copy of these resolutions be sent to the family.

Leonard D. Urquhart, Chas. H. Newbery, H. F. Lenzer, Committee.

**3 Unions Block Labor Peace—Refuse Wage Boost Already Accepted by 19 Other Railroad Unions!**

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of North America, representing 125,000 railroad employees, have refused to accept the offer of the Railroads of a wage increase of 15 1/2 cents an hour.

This is the same increase awarded 1,000,000 non-operating employees by an arbitration board in September, 1947.

This is the same increase accepted by 175,000 conductors, trainmen and switchmen by agreement on November 14, 1947. Agreements have been made with 1,175,000 employees, represented by nineteen unions. But these three unions, representing only 125,000 men, are trying to get more. They are demanding also many new working rules not embraced in the settlement with the conductors and trainmen.

Incidentally, the Switchmen's Union of North America represents only about 7% of all railroad switchmen, the other 93% being represented by the Brotherhood of Railroad Trainmen and covered by the settlement with that union.

**Strike Threat**

The leaders of these three unions spread a strike ballot while negotiations were still in progress. This is not a secret vote but is taken by union leaders and votes are signed by the employees in the presence of union representatives.

When direct negotiations failed, the leaders of these three unions refused to join the railroads in asking the National Mediation Board to attempt to settle the dispute, but the Board took jurisdiction at the request of the carriers and has been earnestly attempting since November 24, 1947, to bring about a settlement. The Board on January 15, 1948, announced its inability to reach a mediation settlement. The leaders of the unions rejected the request of the Mediation Board to arbitrate. The railroads accepted.

**What Now?**  
The Unions having refused to arbitrate, the Railway Labor Act provides for the appointment of a fact-finding board by the President.

The railroads feel it is due shippers, passengers, employees, stockholders, and the general public to know that throughout these negotiations and in mediation, they have not only exerted every effort to reach a fair and reasonable settlement, but they have also met every requirement of the Railway Labor Act respecting the negotiation, mediation, and arbitration of labor disputes.

It seems unthinkable that these three unions, representing less than 10 per cent of railroad

employees, and those among the highest paid, can successfully maintain the threat of a paralyzing strike against the interest of the entire country—and against 90 per cent of their fellow employees.

The threat of a strike cannot justify granting more favorable conditions to 125,000 employees than have already been put in effect for 1,175,000, nor will it alter the opposition of the railroads to unwarranted wage increases or to changes in working rules which are not justified.

A glance at the box shows what employees represented by the Engineers and Firemen make. They are among the highest paid in the ranks of labor in the United States, if not the highest.

**Compare these wages with what you make!**

Here is a comparison of average annual earnings of engineers and firemen for 1939 (pre-war) and 1947. Also shown is what 1947 earnings would have been if the 15 1/2 cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.	1939 Average Annual Earnings	1947 Average Annual Earnings	1947 Average Annual Earnings with 15 1/2 Cents per Hour Added
