

70 Seniors Were Presented with Diplomas Tuesday

Three Instructors Presented Special Awards to Honor Students

The 70 members of the Class of 1948 received their high school diplomas Tuesday night from Supt. Willis Campbell before a large audience of parents and friends. A program of speeches and music by members of the class preceded the presentation.

Gene Sickler was master of ceremonies and in an informal way introduced the various numbers on the program. Members of the class in their blue caps and gowns were seated on the school auditorium stage which had as a background a large hour glass in keeping with the class theme, "Now Is the Hour."

Hugh Bogart, class president, in his talk, "Now Is the Hour When We Must Say Good-bye," reviewed some of the past in expressing gratitude to the community and parents of class members, while Betty Arlt, salutatorian, looked into the future in pointing out the challenge of the new life before the class and the inspiration that comes with new beginnings. Life is a series of commencements from first to last, she said.

In an informal conversational manner Frances Ross and Manly Fay discussed events of the lake trip from which the seniors returned Sunday afternoon, inserting much humor in this number of the program.

Mary Ann Bishop and Patty Tate were clever in their presentation of a gift for each senior and Bob McDonald in his talk on "Let There Be Light," presented the gift of the class to the school—a spotlight which illuminated the stage in various colors twice during the program.

Elsie Rawson as valedictorian pointed out the defects of strong national governments and emphasized the idea that the only method of preserving peace permanently was through a world government.

Musical numbers were a selection by the Senior Girls' Octette, a French horn solo by Beverly Goodall, a vocal solo by Elaine Shagena, a saxophone trio number by Mabel Zemke, Adeline Creason and Manly Fay, and the class song by the seniors.

Awards were made by Principal Arthur Holmberg to seniors elected to membership in the National Honor Society, and to those chosen by a class committee for outstanding activities deserving special recognition in certain fields. Frank Weatherhead presented awards of membership in the Quill and Scroll, a national society, to members of his journalistic class, and Don Borg gave pins to seniors who are members of the high school band.

The program was closed by a benediction pronounced by Lenora Helwig.

Leading Amateur Hat Stylists

Well, here they are—the best hat stylists of Cass City. The picture was taken at the ladies' night banquet of the Rotary Club at Bay City last week by Fritz Neitzel.

In the first row are Dr. H. T. Donahue wearing a farm barn and yard creation, a trifle topheavy but carried with grace; D. A. Krug, whose hat carried a live Minorca carefully groomed; Keith McConkey in a Garden of Eden portrayal; and Robert Stockwell, showing the effective style produced by a catfish in a gilded cage hat.

Standing are M. C. McLellan who demonstrates the unusual styling of a fruit hat; H. M. Buley displaying the washlady's line of garment hat; Robert Schueckert with a lonely little petunia in an onion patch; A. C. Atwell in a welcome Rotary Anns head covering; Alger Freiburger illustrating the song, "I'm Looking over a Four-leaf Clover"; M. B. Auten representing a golfer's widow; smiling Walter Mann in a hat that was the envy of the gentler sex; and Curtis Hunt who lit up the scene with a lighthouse creation.

About 30 Rotary Anns designed hats which were later worn by their husbands in competition for prizes for beauty, originality or absurdity. The dozen Rotarians pictured above won the awards.

Robert H. Addy will explain the Farm Bureau feed program and present a 20-minute informative film, "Rickets in Calves."

Don Webster, commodity field representative of Farm Bureau Services, will speak on the Farm Bureau Services' production and distribution program which effects for the patron (1) supplies of improved quality; (2) an ever improved service; and (3) a financial savings.

Tribute Paid to Departed Heroes On Memorial Day

Many Watch Parade and Hear Program Given at Elkland Cemetery

Tribute to departed heroes who made the supreme sacrifice for our country's cause was paid by a large concourse of citizens of this community on Monday afternoon. Many hundreds paused from their daily tasks to do honor to the brave heroes who are peacefully sleeping their last sleep.

The day was an ideal one in many respects. Business streets were lined with flags and the crowds assembled early to participate in the exercises of the afternoon. One of the largest groups in years assembled at Elkland cemetery for the Memorial Day program. Automobiles lined the highway from the village limits to the eastern end of the cemetery grounds.

The parade from the school grounds to the cemetery was an impressive one with the following units in the line of march: Legion color guard, high school band, veterans of World Wars I and II, Boy Scouts and Girl Scouts.

At the cemetery, the program opened with a selection by the band and scripture reading by Rev. Frank Houghtaling, chairman of the day.

Mr. Houghtaling introduced Rev. Arnold Olsen, who spoke in part as follows:

"I am of the opinion that if you had cared to have heard a doctor, lawyer, you would have asked them to speak so my being a preacher I believe that I should speak on those things which deal with my vocation."

"And so, my friends, we are gathered here this day in remembrance of those who have passed away, and to commemorate those who have laid down their lives to obtain peace. Because of the greed and power of men, we have peace removed from the world again, but friends, I believe the thing needed to bring peace is not armament."

Church Decorated With Spring Flowers For Wedding May 29

St. Pancratius Church in Cass City was decorated with lilacs, narcissi, and other white spring flowers on Saturday, May 29, for the wedding of Marie Anne Creguer and Ira P. Osentoski, both of Cass City. The double ring ceremony was performed at ten o'clock by Rev. John J. Bozek. The bride is the daughter of Mr. and Mrs. Louis Creguer, and the groom is the son of Edward Osentoski, all of Cass City.

Miss Bernice Osentoski, sister of the groom, was maid of honor, and Miss Rosemary Creguer, sister of the bride, was bridesmaid. Louis Langinberg and Alfred Osentoski, both of Cass City, attended the groom.

For her wedding the bride chose an ivory colonial bell-shaped gown with leg of mutton sleeves, orange blossom tiara, fingertip veil, and a long train. She wore a string of pearls, a gift of the groom, and carried a white prayer book and a bouquet of roses and lilies of the valley. Her attendants' dresses were fashioned alike with sweetheart necklines and with baby ribbon bows scattered over the skirts. Miss Osentoski was dressed in aqua and Miss Creguer in pink. The two girls carried white satin muffs and wore corsages to match their gowns.

Following the ceremony, a wedding dinner was served at the home of the bride. The fifty-six guests admired the beautiful three-tier wedding cake and the white and purple lilacs which decorated the house. An uncle of the bride, Alfred LeBlanc, came from Saskatchewan, Canada, to attend the wedding, and other relatives came from all parts of Michigan.

In the evening of the same day, a reception was held at the town hall in Cass City to honor the young couple.

Mr. and Mrs. Osentoski will live at the groom's farm home on M-53, four miles east and two miles south of Cass City.

NAMES OMITTED

In publishing the names of graduates of the Cass City High School last week, the Chronicle unintentionally omitted the names of Catherine M. Ferguson, Bernice Hitchcock, Mildred McConkey, Florabelle Urquhart, Harold Warner and Lorena B. Wilson from the list of seniors in the Class of 1925. The omission of these names was called to the paper's attention by Mrs. Bertha A. Wilson, who says she attended every graduation program from 1887 to 1902 and many others after that period.

Walter Milligan of Grosse Ile, Mr. and Mrs. Smith Ferguson (Leanne Milligan) of Detroit, Mr. and Mrs. Jim Milligan and family of Cass City and Mr. and Mrs. Grant Brown and daughter of Decker were Sunday guests in the Robert Milligan home. Afternoon callers were Mr. and Mrs. Alex Milligan, Mr. and Mrs. James A. Milligan and son, Bobbie, and Miss Alison Spence of Cass City and Miss Martha Brown of Scotland.

Seniors Reminded Of Their Debt Of Gratitude

Rev. John Bozek Advises Class to Remain True and Loyal to Alma Mater

In addressing members of the Class of 1948 at the baccalaureate service at the high school auditorium Sunday evening, Rev. John Bozek, pastor of St. Pancratius Church, reminded the seniors of their debt of gratitude to parents, faculty and board of education. He spoke in part as follows:

"To you, graduates, in the name of all here present, I extend the parting hand with emotions of special regret. You came into our midst quietly; but, we celebrate your departure. You came untried, unlearned, but you go bearing the marks of true discipline. You came with your careers scarcely yet opened, but you go with your career as high school students completed."

"You bid farewell to your alma mater. Farewell, to teachers, friends, to scenes and places, grown familiar to your view, which time can never efface from your heart's fond recollections. When the brows that now flush high with youthful ambition shall become withered by the advance of old age, perchance, you will look back, as to a bright sunbeam among the shadows of the past, to this dear place, to these well remembered faces, to which you now say, farewell."

"As graduation day approaches, I am sure that thoughts of you, dear parents, are uppermost in the minds of these youngsters. If it were not for your loving care and cooperation, Mother and Dad, this great day would not have been possible for them. The close of their school life is an appropriate time for expressing the gratitude they owe you. Your words cheered and spurred them on; your lips have taught them prayers and lessons of their faith and holy religion in early childhood; yours was the gentle hand that soothed them in the hours of sickness and pain; and your kind reprimands have saved them from the pitfalls of youth."

"Undoubtedly there were times, when they failed to realize and appreciate the effort it cost you to give them a good home and a good education; but, that was due to their thoughtlessness. I assure you, parents, that they do appreciate the sacrifices you have made for them. That is the reason why, I wish to take this occasion, to thank you, publicly, in their name, for all that you have done for them. And now, as they stand on the threshold of life, being obliged to choose that which will make their life a success or a failure, I am sure that they feel grateful, that Al-

Re-use Tin Cans
Tin cans may be salvaged and used twice or oftener, cutting down one of the worst of this country's metal wastes, under a patent issued recently. After the can has been used, it is cleaned thoroughly, lid seams are cut off and the can is subjected to drawing, which stretches the wall to its original height. It then is ready to be refilled and have a new lid rolled on.

Put Children to Bed
Children never admit they are tired as long as there is some exciting activity going on, so it is necessary for adults to watch for the first signs of fatigue and quietly and calmly insist on bedtime for the youngsters. Parents who are concerned with the welfare of their children know that sufficient hours of sleep on level, firm sleeping equipment are of vital importance to normal growth and development.

etc., alone. Peace is not won but given, by a spiritual awakening of the people of the world, and as the text which we have read clearly states. Yet once more removing those things shaken, is that not the picture of peace standing for a short period of time and then faltering, but my friends I would direct your attention to the One who lay down His life to obtain peace. The peace He brings is to the individual person who places his faith and trust in Him (Christ).

"I firmly believe the word and it speaks today there is no source of peace outside of Christ, and I have found there shall be no peace in the rendering I have of Scripture for these days. So I speak to the individual heart. Do you have peace in your heart that only Jesus Christ can bring? You say 'How can I have this peace?' You can if you believe as we find written in Eph. 2:8. If this is done in sincerity I can assure you, you will have that peace. The only remedy for this war torn world. Where peace seemingly has been removed. In death, peace and comfort.

"And in all honor to those who have died to procure peace, now seem to have died in vain, and today may have to do same as they. My friends whatever the outcome may be we may have that individual peace through Christ. And I believe as text, peace will never be found until Christ is recognized and become the ruler of men. If you have not yet obtained the peace for your soul please see me. I would be glad to point you to the Prince of Peace."

Chairman Houghtaling introduced Grant Little, a veteran of World War II and a member of Tri-County Post, American Legion at Cass City, who told the audience the history and purpose of the American Legion. It was first organized in France in February, 1919, for the purpose of building up the morale of United States forces overseas. Later that year the organization became active in the states and has shown a steady growth until it now numbers 3,330,000 members. Formed on a non-political basis, among its first aims was the care of disabled veterans by the promotion of hospitals and rehabilitation centers. The Legion, he said, supported the G. I. bill of rights and other measures of benefit to veterans.

The program closed with the sounding of taps, a salute by the Legion firing squad and "The Star Spangled Banner" by the band.

★ ATTACHMENTS FOR TOUGH HARVESTING

The All-Crop harvester has low-cost attachments to meet the toughest kind of harvesting... to keep moving under unfavorable conditions... to save precious seed, flax and beans... to pick up weather-beaten crops.

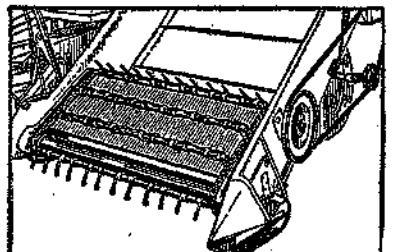

Perhaps you've never realized how much extra grain or seed you can save under difficult harvesting conditions with the right kind of attachment. Let's talk it over before this season gets under way.

FLAX ROLLER ATTACHMENT—Flattening feed action relieves flax harvesting headaches. Saves more seed.

SCOURER—Removes trash and weed seed in the field. Deposits weed seed in separate bag.

SADDLE TYPE PICKUP—On or off in 15 minutes. For harvesting small grain and seed crops where windrowing is necessary.

Will handle Winkler automatic heating equipment, furnaces, high pressure oil burners, fully automatic stokers (no pin to shear) (domestic, commercial, and industrial). Bin-feed type in all models. And the amazing low pressure gun type oil burner, with the same underwriter's stamp that is found on other burners for oils No. 1, No. 2, No. 3. Will burn these oils without a filter. Will burn any one of these three oils mixed with the following—crank case oil, No. 4 industrial oil, tar oil, etc. Will take 1/2 teaspoonful of water test with any of these mixtures. Let Children Have Many Happy Returns!

Happy Birthday
FEW EVENTS WILL MATCH the pleasure that a real birthday party can give to your youngster. The gaiety imparted by a few favors, crepe paper decorations, a house full of little friends and a cake all his own, these are the things a child will remember so pleasantly for a long time.
Birthday party menus depend mainly upon the age of the children. Very simple food is the order of the day for children of three or four; and for children of five or six, the food is only slightly more elaborate.
Children from 8 to 10 and older may have things such as lamb chops or hamburgers for the main dish, but it's still important to plan to serve only familiar foods for little guests.
Ice cream and cake are essentials at a birthday party no matter what the age group. For the younger children, however, serve only plain ice cream such as vanilla, and a very simple, not too rich cake, so there will be no digestive upsets.

THE MENUS AND RECIPES I've planned will give you a clue as to the best way to plan these particular party foods.

Birthday Party Menu
(For Youngsters 3 to 4)
Cream of Tomato Soup
or
Goldenrod Eggs
Carrot Sticks or Curls
Peanut Butter-Jelly Sandwiches
Vanilla Ice Cream Sponge Cake with Milk
Orange Icing

Goldenrod eggs are a nutritious dish whether the party is for lunch or dinner time. Eggs prepared this way are just a bit more pertified than creamed eggs.

Goldenrod Eggs
(Serves 6 to 8)
2 tablespoons butter or substitute
3 tablespoons flour
2 cups milk
1/2 teaspoon salt
6 hard-cooked eggs
Parsley
6 toast wedges
Melt the butter, blend in flour, then add milk slowly and stir in seasonings. Cook until thickened. Cut whites of eggs into tiny slivers, and add to the white sauce. Pour creamed mixture over toast wedges and top with hard-cooked yolks pressed through a sieve. Garnish with parsley.
The sandwiches may be omitted when the eggs are served, but if desired, they may be made into "fingers" and also served. If the soup is served, they may be placed on the plate along with it.
A cake that will do the job nicely for the younger generation is this one made with hot milk, eggs and only a little shortening. It may be frosted prettily with a confectioners' icing, moistened with orange juice and flavored with grated orange rind. Flute it through a pastry rosette tube and don't forget to write happy birthday across it and use candles.

Hot Milk Sponge Cake
4 egg yolks
1 1/2 cups sugar
1/2 cup boiling milk or water
1 1/2 cups cake flour
1/4 teaspoon salt
1 teaspoon baking powder
1 teaspoon lemon extract
4 stiffly beaten egg whites
Beat egg yolks until very thick; add sugar gradually and continue

LYNN SAYS:
Leftovers Can Be Time and Money Savers
Do you have a few pieces of pineapple? Broil them to garnish and glorify your meat dish for dinner. Leftover fruits? Combine them into a gelatin salad. Or make them into a sauce for a pudding.
Do you have some leftover potatoes that were boiled? Brush them with melted fat and broil along with hamburgers, chops or a slice of ham.

LYNN CHAMBERS' MENU
Chicken Chop Suey on Rice
Chinese Noodles
Molded Orange Salad
Bran Muffins
Beverage
Jelly
Rhubarb Pie

beating. Add milk; mix well and add sifted dry ingredients. Mix until smooth and add extract. Fold in egg whites. Bake in an ungreased cake pan in a slow (325 degree) oven for one hour. Invert pan to cool, then frost.

Birthday Party Menu
(For Children 5 to 6)
Creamed Chicken in Toast Cups
Green Peas
Carrot Slices
Ice Cream and Birthday Cake
Beverage

You may use the recipe for creamed eggs, and use chicken. The green peas may be mixed with the chicken or served separately. The carrot slices may be raw or cooked and served with the peas. Use the same cake as suggested for the first menu.

Birthday Party Menu
(For Children over 7)
Lamb Chops on Toast or Hamburgers on Broiled Tomato Slices
Potatoes Au Gratin Green Beans
Ice Cream with Sauce or Crushed Fresh Berries
Birthday Cake
Milk

If you serve lamb chops, it's a good idea to have them boned when you give them to the younger children. They're more healthful, too, if they're broiled.
Here's a tasty recipe for hamburgers, if you decide on them for the party:

Broiled Hamburgers
(Serves 6)
1 pound ground round or chuck
2 tablespoons chili sauce
1 1/2 teaspoons prepared mustard
1 teaspoon minced onion
1/4 cup fine bread crumbs
1 1/2 teaspoons Worcestershire sauce
1/4 teaspoon pepper
3 slices bread
3 slices fresh tomato
Combine all ingredients except sliced bread and tomatoes. Spread on slices of bread. Broil for eight minutes at moderate heat, then top with tomatoes which have been broiled at the same time. Serve at once.

FOR YOUR BIRTHDAY CAKE, select a yellow, white or chocolate one depending upon the youngsters' preference. Then frost it with chocolate frosting, as given below. The cake may be put together with marshmallow cream, spread with the frosting. A procession of animal crackers around the sides will delight the children. If animal candle holders are available, use them on top.

Magic Chocolate Frosting
2 squares unsweetened chocolate
1 1/3 cups (1 can) sweetened condensed milk
1 tablespoon water
Melt chocolate in top of double boiler. Add sweetened, condensed milk, then stir over boiling water five minutes until the mixture thickens. Add water. Cool. Spread on cold cake. This recipe makes enough frosting for the top and sides of two (nine-inch) layers.

What can you do with those sliced tomatoes? Use them in meat loaf or meat patties or as a sauce base for flavoring other meats. Or stew and sieve them and use for soup.
Is there a dab of applesauce in the refrigerator? Cook it into the youngsters' morning farina or use it in an applesauce cake.
Never toss away those delicious fruit juices from canned fruit. Thicken with cornstarch and use as pudding sauce or as liquid for gelatin desserts and salads.

Wife: "When do I give it to him?"
Doctor: "Don't give it to him. Take it yourself."

Loaded Pistol

One night a young Kentucky mountaineer was standing guard at an Army post, when an officer nearly seven feet tall, approached. "Halt!" challenged the Kentuckian. "Who goes there?"
"Major White," the officer replied. "Advance and be recognized."
The major approached. The sentry stood at port arms. Suddenly the major's huge arm lashed out and jerked the rifle from the soldier.
"You're one devil of a soldier," the major barked. "Here you are—rendered completely helpless."
"Ah don't know about that," the young mountaineer retorted, and the major found himself looking down the barrel of a .38 revolver which had unaccountably appeared from the soldier's shirt. "All ah kin say, major, is that you'd better hand over that rifle. It ain't loaded—but this pistol is."

BEWARE OF THE DOG

"Not a chance, lady," answered the father. "He bites."

Sugar Still Scarce

World sugar production in 1946-47 totaled 10,600,000 tons, which was below prewar levels. Java, the Philippines and Formosa have not yet made much recovery toward sugar production.

Crapple Family

The chief difference between the black and white crapple is that the white variety has six spines in the dorsal fin and a plain anal fin while the black has seven spines in the dorsal and a strongly reticulate anal fin. Outside of these two exceptions the two crapples are almost identical in appearance. Each reach a maximum length of 12 inches and weigh slightly more than one pound. Like other members of the bass family, crapple are nesting fish and their spawning habits are similar to those of the bluegills.

Aprons, Table Sets, Holders Are Easy to Make at Home

By Erta Haley

DO YOU want to add something new but simple to your own home just for the general purpose of brightening it a bit?

Or, do you have a long list of weddings and showers to attend which will require gifts of one type or another?

Either way, there are many small sewing projects which you can embark upon and emerge with lovely things for the table or kitchen or for personal use.

I know of no woman who is satisfied with the number of aprons she has, especially when she sees one lovelier than some she has. Therefore, aprons, when pretty or neatly practical, always are welcome. Brides or even older homemakers can't have enough, for they do wear out, you know.

If you want to make really pretty aprons, I'd suggest you use organdy or another delicate fabric for the main part of the apron. Half aprons are a good idea inasmuch as organdy certainly will not be used for the evening dish chore.

As for trimmings, there is no end. You might like to ruffle the heart-shaped pockets with some fragile lace and pipe the edges with more lace.

If you can do neat applique work—or can learn how—any of the floral designs are good.

Suggested Colors:

Designs for Aprons

A very effective combination includes white organdy applied on a single large pocket with a large red flower. Carry out the flower applique in the opposite corner of the apron.

If you like bows or hearts, do them in red in much the same pattern.

Yellow organdy looks lovely when appliqued with green leaves. You

terial, use a blue solid for applique, and border with the same color solid. In this case, make the apron ties of the solid color.

If you are using a solid color, select a print that uses predominantly the same color, and use it for border and pocket trimming.

Hints on Making Applique Trimming

It's important to cut out your designs so there are no ragged edges. Use small sharp scissors or a razor blade.

Prepare the motifs by turning back the edges and either hem or press them firmly. If you are working with wash fabrics such as you would be using in aprons, it's important to have no ragged edges.

Pin and then baste the design onto place. Sew on by means of visible whipping stitches, running or machine stitches or blanket stitches of crochet thread or yarn. In some cases even liquid thread may be used.

Match Aprons With Table Sets

It's nice, when you want to give more than an apron, to make a bridge set with four napkins to match the apron. In this way the hostess can have a complete ensemble for evening or afternoon entertaining.

The cloth and napkin set is very effective in organdy, with white and contrasting colors easily the most popular. Applique work on this set is dramatic and effective, but lovely effects are achieved easily through piping in red, green, blue, yellow or others if you don't have the time for applique and need several different sets.

Use Other Materials For Table Sets

Any other type of material that will withstand frequent laundering also may be used. You might investigate the possibilities of solid color percale, muslin, broadcloth or white goods such as dimity, and use them with contrasting solid-colored piping.

If you are especially handy with the needle, you might like to work out monograms in a darker shade than the solid and decorate with these. Transfer patterns are available for initialing work of almost any kind. Sometimes it's possible to secure initials and to sew over these so you will have the raised letter effect without too much sewing.

Cotton bags, dyed in any different shade, are another wonderful source for material. It's a good idea to see that the bags are of the same type if you are making a complete cloth-napkin-apron set.

The bags should be opened and carefully dyed to prevent streaks. Allow to dry and press thoroughly. You'll be pleased at the lovely color effects you can achieve by this method. Dye your contrasting colors to match perfectly, too.

SENIORS REMINDED OF THEIR DEBT OF GRATITUDE

Concluded from page 1.

mighty God had blessed them with parents, whose prayers and good wishes will ever accompany them. A thousand thanks, and a fervent God bless you, Mother and Dad; is the heartfelt wish and sincere prayer of each member of the graduating class of 1948.

"To your school board, to your superintendent, Mr. Campbell, to your principal, Mr. Holmberg, and to your teachers, you also owe a debt of gratitude. Without their help and cooperation, you would never have attained the honor of graduating. They have taught you lessons, not only from text books, but also the lessons from life, by their good example. Their memory will be among the sweetest of all times, and we trust that the Class of 1948, will remain faithful in their loyalty to them and to Cass City High.

"And now as you go forth, remember, always remain true and loyal sons and daughters to your alma mater. True to the principles inculcated and instilled into your youthful hearts; true to God, true to yourselves, true in the greatest and true in the least, and true to the great tomorrow, which you are to help make. Leave the school, with a picture of admiration for each other in your mind and heart. And as you leave this cradle of learning, depart also with the best wishes for joy and happiness, not only from all here present, but also from one who deems it a distinct honor and privilege to share in your program this evening, and to help make this right a little brighter and happier for you. Assuring you of my prayers for your continued happiness and success, I feel that I could not choose more appropriate words with which to conclude this evening's address, than by saying: 'May God bless each and everyone of you.'"

"Pomp and Circumstance" was the title of the processional march played by Bonnie Jenness. The invocation was given by Rev. Herbert Watkins, the Scripture was read by Rev. Frank Houghtaling and the prayer was by Rev. J. P. Holloper. Musical numbers included two selections by the high school chorus and a vocal solo by Don Borg, music director of the school.
