

## Farm Produce Co. Has Largest Sales Volume in History

Stockholders of The Farm Produce Co. were told that the company had its biggest volume of sales in its history when the auditor read the yearly reports at the annual meeting of the company at the town hall Tuesday afternoon. Sales reached \$610,000.00 for the year ending July 1.

The 10 stockholders re-elected the following as members of the board of directors: Joseph Crawford, C. J. Striffler, Chas. Bond, Bruce Brown, D. W. Benkelman, Audley Rawson and Donald Wallace.

Frank Reid is commencing his 28th year as general manager of the company. He has been in the employ of The Farm Produce Co. for 37 years.

## Sanilac Co. Bean Day Thursday, August 19

Sanilac Bean Day will have two stops on Thursday, August 19, according to Clarence B. Prentice, county agricultural agent, who is making arrangements. The first stop will be at 9:30 a. m. at the farm of Joe Znick in Austin Township. Bean variety plots have been planted on this farm in cooperation with the Agriculture Extension Service, consisting of Michellite, Robust, Rainey River, and Mr. Znick's own Michellite seed. The farm is located 1/2 mile west of the Austin Township Hall, which is on M-19, five miles north of Argyle.

Combine adjustment will be discussed at this stop by representatives of the agriculture engineering department of Michigan State College. Assisting will also be representatives of the farm crops department of soils specialists. At noon the group will meet at the farm of Edsel Gardner, 1 mile north of Roseburg and 1 1/2 mile east. A potluck lunch may be brought to this stop and facilities will be furnished.

On the Gardner farm, in addition to the bean variety plots, fertilizer tests have been applied and the difference may be noted. Discussion of varieties, fertilizers, and other bean practices will be held here.

On display will be bean harvesting machinery, including various combines, and the new Ennis bean windrower and other new equipment embodying new and rather startling improvements.

All elevators are cooperating. Elevator managers state that the largest loss in bean harvesting is through the use of improperly adjusted combines. Machinery companies will have representatives present to demonstrate the proper adjustment of combines.

All bean growers are invited to attend. A few hours taken off for this tour or for one of the stops may pay big dividends in the bean harvest.

## Lynn Fuesters Celebrated Silver Wedding at Home

Saturday evening, July 31, a family dinner was given Mr. and Mrs. Lynn Fuester, honoring their silver wedding anniversary. It was prepared and served by their two daughters, Marilyn and Marjorie. Thirty-five relatives and friends enjoyed it with them. A beautiful three-tiered wedding cake, decorated with silver, appropriate for the occasion, centered the table from which a two-course chicken dinner was served.

The evening was spent visiting and playing cards. About midnight all went their way, leaving the Fuesters with many pleasant memories and some beautiful gifts in silver.

## NONPARTISAN COUNTY OFFICERS ARE UNOPPOSED

The deadline for filing nominating petitions for nonpartisan county offices passed Tuesday with the three incumbents in Tuscola County unopposed. The names of Aimon C. Pierce for probate judge and Warren S. Rundell and Bates Willis for the two circuit court commissioners will appear on the nonpartisan primary ballot.

## PLAN HONEY AND BEE EXHIBIT AT CO. FAIR

Tuscola County Beekeepers will meet at the Court House, Caro at 8 p. m., Friday, August 13. John Calkins, secretary of the group, will be in charge of the meeting. Plans for the honey and bee exhibit at the County Fair will be laid.

## Town Should Be Crowded Saturday

With the fourth annual 4-H Beef Cattle Show here tomorrow (Saturday) afternoon and the donkey softball game tomorrow evening between the American Legion and Merchants' teams, August 14 should be a day filled with interest for many people in this community.

Aberdeen Angus, Herefords, and Shorthorns will be exhibited for which many prizes are offered for steers, grand champion steers, heifers, bull calves, and showmanship contests.

Graham Boudwell of Oxford will judge the livestock at one o'clock and a parade of animals takes place at four o'clock.

## Pioneer of Grant Township Buried Sunday Afternoon

Funeral services for Mrs. Mary Maharg, 92, pioneer of Grant Township, were held Sunday at 3 p. m. in the Methodist Church of which the deceased was a member. Rev. Howard Watkins officiated and burial was made in Elkland cemetery. Mrs. Maharg, who had been a patient in Pleasant Home Hospital for six weeks, passed away there Thursday night.

She was born June 30, 1856, in Orangeville, Ontario, and there on Jan. 9, 1878, married James Maharg. They came here in 1880 and later settled on a farm, six miles north of Cass City.

Mr. Maharg died in September, 1938, after they had celebrated the sixtieth wedding anniversary. Two sons, Clark and Lewis, also preceded their mother in death.

Surviving are two sons: Alfred of Gagetown and Herbert of Cass City; six grandchildren and five great grandchildren. Mrs. Maharg reared from the age of three years, a grand niece, Eva Gray, now Mrs. Leslie Townsend of Cass City, who also survives.

## Tommy Cybulski Hurt In Accident Saturday

Tommy Cybulski, seven year old son of Mr. and Mrs. Steve Cybulski, had the misfortune Saturday to cut a two-inch opening in his right leg near the abdomen. He was rushed to a hospital and an over-cast stitch was used to close the wound. He suffered a little from shock but returned home the same day. He is able to be up around and getting along nicely.

Tommy was hurt when he and another boy were pushing a two-wheel trailer and Tommy was pinned between the hitch and a tree.

## HARTWICK FAMILY REUNION SUNDAY NEAR LAPEER

The Hartwick family reunion was held Sunday at a park, east of Lapeer, when about 70 attended. Those from Cass City were Mr. and Mrs. Clayton Hartwick and children, David Hartwick, Mr. and Mrs. Earl Hartwick, Mr. and Mrs. Kermit Hartwick and daughter, Mrs. Geo. Seeger, Mrs. Don Seeger and Miss Doris Copeland. Other guests were from Flint, Clio, Detroit, Stockbridge, Pontiac, Rochester, and Lapeer.

A very bountiful dinner was served at noon which was followed by games.

## SHERMAN REUNION

The Sherman family reunion was held Aug. 11 at the Sherman Grove, southeast of Cass City, with 91 members attending from Detroit, Pontiac, Milford, Port Huron, Appleton, Deckerville, Bad Axe, Port Hope and Cass City.

Potluck dinner was served at 1 o'clock.

Afterwards a short business meeting was called. Officers elected were President, Neil J. Sherman of Detroit; and secretary-treasurer, Mrs. Janet Sherman, also of Detroit.

The 1949 reunion will be held on the first Sunday in August at the Sherman Grove.

## New 4-H Club Building Purchased By Tuscola Council

Final papers were signed on Thursday, Aug. 5, completing the transaction of the former sugar factory's "boarding house" by the Michigan Sugar Co. to the Tuscola County 4-H Council. The building will be used as a dormitory and a group meeting hall for banquets and parties. A drive to raise money to pay for the building will begin immediately with \$10,000 as the goal.

In the presence of the county agricultural agent, Foster Hickey, Fairgrove, president, and Mrs. Lucile Hickey, Akron, secretary, were members of the council's executive committee representing the council in the transfer of the property. Lee Stewart, field manager, Caro Sugar Plant, represented the Michigan Sugar Company. Mrs. Fred Black, Akron, witnessed the procedure. The papers were signed and transferred at the farm home of Henry Lane, Fairgrove, where Foster Hickey was busy threshing.

The building is located on about 1/2 acre of land which lies adjacent to and directly south of the southeast corner of the Caro fair grounds. The entrance to the building and property will be through the fair grounds.

The building is a 30 ft. x 96 ft. frame, two-story structure with nearly a full basement. It is wired for electricity and is connected to the city water and sewer systems. There are 14 bedrooms, two shower rooms and a lavatory room on the upper floor. The first floor consists of two large meeting and dining halls, one kitchen, 2 bedrooms, one bathroom and a lavatory room. Two hot air furnaces are installed.

The purchase price of the building was \$7500.00. The 4-H Council made an initial down payment of \$2500.00 and the balance is to be paid within five years. Five hundred dollars of the down payment came from the sale of a Guernsey bull calf donated to the 4-H Council last year by the Caro Creamery. The other \$2000.00 has been loaned to the council for

## Michigan Mirror

By Gene Alleman

St. Ignace—This Upper Peninsula port, whose historic heritage dates back to 1676, just an even century before the Declaration of Independence was written. is celebrating its homecoming and 25th anniversary of the Michigan state ferry service next week end, (August 13-15).

The event has all the trimmings of a modern Michigan festival, so loved by summer tourists.

A queen is to be crowned "Miss Straits of Mackinac." Dignitaries are to make speeches, for the record at least. The coast guard cutter, Mackinaw, will take big-wigs on Friday evening for a buffet dinner cruise, and there will be a moonlight boat ride and dance aboard the S. S. Straits of Mackinac. A swimming race from British landing on Mackinac Island to St. Ignace is another news-making attraction.

And finally, the Cut River bridge, long under construction west of St. Ignace on U. S. 2, is to be officially opened Sunday by Governor Kim Sigler, Highway Commissioner Charles M. Ziegler, and Congressman Charles E. Potter.

All these characteristics of a Michigan holiday serve to emphasize an interesting point, as we see it. More than any other one thing, Michigan is unique as a summer tourist playground because of its Great Lakes, its many miles of shore-line, and its abundance of big water.

The St. Lawrence waterway, plus the Great Lakes, made possible the founding of St. Ignace in 1676 by Father Marquette, a Jesuit missionary from France. Six years

## EXPERIENCED MEN ON TUSCOLA DRAFT BOARD

E. B. Schwaderer of Cass City and Ward J. Walker of Caro who were named to the Tuscola County Draft Board, served in that capacity during World War II. Mr. Schwaderer was a member throughout the entire period of the previous draft and Mr. Walker served during the last two years. The third member will be Ray Bodimer, Vassar city clerk, who was on a local board in Detroit throughout all the period of the previous draft.

## Lee-Adams Reunion At Lake Pleasant

The eighteenth annual reunion of Lee Adams family was held Aug. 8 at Lake Pleasant. Forty-one members were present and enjoyed a bountiful potluck dinner at noon.

Members were present from Pontiac, Oxford, Goodrich, Dryden and Cass City. The oldest member was Clarence Quick and the youngest George Roberts, son of Mr. and Mrs. Clyde Roberts of Goodrich.

Clarence Quick of Cass City was reelected president; Joe Fulcher of Wickware, vice-president; Jack Tewlesy of Center Line, secretary-treasurer.

Those from this vicinity attending were Mr. and Mrs. Joe Fulcher, Harold Hendrick and son, Carl, Mr. and Mrs. Lee Hendrick and family and Mr. and Mrs. Clarence Quick. The next reunion will be held at the same place at the same time next year.

## Tuscola Bean Tour Scheduled for Aug. 18

Tuscola County's first annual bean tour is scheduled for Wednesday, August 18.

Two farms where special variety and fertilizer demonstrations have been set up will be visited. A stop at the Caro fairgrounds to see and study adjustment of bean harvesting machinery is planned.

The schedule of the tour is as follows:

10:00 a. m., Albert Bauer farm, 2 1/2 miles east of Reese on M-81. Bean variety demonstration plot. Four varieties of white pea beans are being compared, Robust, Rainey River, California Michellite and Michigan Michellite. The uses of manganese in the bean fertilizer will be observed on a plot at the Bauer farm. This will be compared to a section of the field where no manganese was used.

12:00 to 1:00 p. m., noon hour.

1:00 p. m. to 2:15 p. m., bean harvesting machinery hour, Caro fairgrounds. Discussion of adjustments of bean harvesting machinery.

2:30 p. m., Alton Reavey farm, 3 miles west and 4 miles north of Caro, or 2 miles east and 1 mile south of Akron. Comparison of the four bean varieties seen at the Bauer farm with the additional results of four different fertilizer applications which may be observed at the Reavey farm.

Members of the Michigan State College extension and experiment station staffs will be on hand to discuss the demonstrations at the two scheduled stops. Ray Cook and Paul Rood of the soils department and H. R. Pettigrove of the farm crops department will be in charge of the bean variety and fertilizer demonstrations. Arthur Bell, agricultural engineer, will head up the discussion of the bean harvesting machinery adjustments.

Farm machinery companies and dealers are cooperating to make the machinery exhibit and discussions a success.

## John Wright Was School Director for Thirty-six Years

John W. Wright was born Dec. 13, 1861, in Ontario, Canada, the son of Mary Jane and Phillip Wright. He came to Sanilac County as a small child and has lived here since.

On August 18, 1896, he was married to Miss Ida Hubel at Uby, Michigan. Mrs. Wright died February 3, 1936.

Mr. Wright served his community as constable for 4 years, highway commissioner for two years, justice of the peace for thirty-three years and school director for thirty-six years.

He passed away at his farm home, four and a half miles east and one mile north of Cass City Friday, August 6, after an illness of eight weeks.

He was a member of the United Missionary Church of Greenleaf. He leaves to mourn one daughter, Mrs. Roy Anthes at home; one son, Mark; one brother, A. B. Wright; several nieces and nephews; and many other relatives and friends.

Funeral services were held Sunday, August 8, at the Mizpah United Missionary Church with the Reverend Guiliat and Matison officiating. Burial was in Elkland cemetery.

The following were pallbearers: Otto Goesten, Leland Nicols, Erwin Baker, Ives Rathbun, Millard Perry, and Fred Jaus. Honorary pallbearers were members of the township board serving with Mr. Wright as follows: Carroll Howarth, Lloyd Brown, Leverett Barnes, John McClellan, Anson Karr, and Stanley Willis.

## '40 Class C. C. H. S. Hold First Reunion Here Saturday

Of the class of 1940 which was graduated from the Cass City High School, half of the seventy members found it possible to attend the first reunion of the class, which was held Saturday evening in the Home Restaurant here.

The dining room was decorated in the school colors of maroon and gray and flowers decorated the tables for the dinner served at 7:30 p. m. by candlelight.

Following the dinner, a program was enjoyed under the direction of Blaine Smith. Group singing with Carol Heller Smith at the piano, original poems by Robert Profit and stunts arranged by Blaine proved entertaining.

Two class members are deceased, Russell Dewey and Ruth Lounsbury. Including husbands and wives sixty gathered for the affair which was arranged by Mrs. Betty Asher, Mrs. Don McLeod, Mrs. Jack Howell, Mrs. Wm. Bystrom and Mrs. James Sowden.

The names of those who attended are as follows:

Mr. and Mrs. Sherwell Kelly (Phyllis Hendrick) Mr. and Mrs. Frank Butler, Mr. and Mrs. Amasa Anthes (Virginia Churchill) and Alice Butler O'Dell of Gagetown; Mr. and Mrs. Lloyd Heussner and Mr. and Mrs. Dale McIntyre of Berkley; Mr. and Mrs. Robert Pearson (Amy Vance) of Pontiac; Mr. and Mrs. Chas. Osontski (Marie Auslander) of Flint; Mr. and Mrs. Leonard Bartle of Mt. Clemens.

Mr. and Mrs. Philip Retherford (Betty Fort) of Deford; Ruth Knuckles Maddox of Alexandria, Ind.; Raymond Reid of Indianapolis, Ind.; Mary J. Campbell of Wyandotte; Mary Wheeler Shima of Ann Arbor; Mr. and Mrs. Wm. Beardsley (Ora Melzer) of Oxford; Mr. and Mrs. Foster Hickey (Normine Goodall) of Fairgrove; Mr. and Mrs. Benj. Jones (Hazel Corkins) of Shabbona; Mr. and Mrs. Wm. Bystrom (Mary Lee Doerr) of Brockton, Mass.; Blane Smith of Bay City.

Carol Heller Smith of Caro; Rex Harris of Decker; Mr. and Mrs. J. Gerres (Vivian Phetteplace) of Detroit; Mr. and Mrs. Courtney Clara (Ellamay Glaspie), Mr. and Mrs. Leland Delong, Mr. and Mrs. Jack Howell (Agnes Osborne), Mr. and Mrs. Andy Barnes, Jr., Mr. and Mrs. Ernie Seeley (Clara Bunker), Mr. and Mrs. Don McLeod (Betty Mark), Mr. and Mrs. Frank White, Mr. and Mrs. Jerry Decker (Helen Copeland), Mr. and Mrs. Robert Profit, Mr. and Mrs. Wm. Bliss (Marjorie Tyo), Max Wise and Betty Brown Asher, all of Cass City.

"The best time I have ever had" was the remark most frequently heard and plans were made to hold another reunion in 1950.

## Resurfacing Old Pavements Is Aim of State Highway Dept.

Resurfacing of old and rough pavements with bituminous material is helping to put many miles of Michigan highways in smooth-riding condition at a small cost compared to what new construction would be, Commissioner Charles M. Ziegler reports. He said that the cost of constructing new concrete pavement today is nearly double what it was before the war and that every dollar saved by resurfacing can be used for other essential construction of Michigan's trunkline system of roads.

Today the average cost of new two-lanes, 22-foot reinforced concrete pavement is approximately \$75,000 per mile, while resurfacing of old pavement with a 2-inch bituminous cap is only \$16,000. Thus, for each mile of old pavement salvaged by the Michigan State Highway Department a saving of some \$59,000 is made.

The average life of concrete pavement under normal traffic loads is between 20 to 25 years. Resurfacing adds another 10 years of highly satisfactory service. A resurfaced section of US-16 west of Howell is still in excellent condition after 14 years of service under unusually high traffic.

## O. PRIESKORN BUYS THE LIBKA BLOCK

Otto Prieskorn, on Thursday, purchased the Libka Block from Mrs. John Libka. The building joins Mr. Prieskorn's store on the east side and is occupied by the Krug Flower Shop, the Be-Lov-Lee Beauty Shop and Dr. B. H. Starmann's offices.

## Funeral Services for Pfc. Anker August 2

Funeral services were held at Arlington National cemetery on Monday, Aug. 2, for the late Pfc. Dean W. Anker who made the supreme sacrifice on March 11, 1945, near Trier, Germany. The ceremony was conducted by Chaplain John L. Simpson of the U. S. Army.

Pfc. Anker's parents, Mr. and Mrs. Wm. Anker, of Cass City attended the services, also his brother, Cadet Don C. Anker, of West Point who was granted an emergency leave. The Ankers accompanied their son, Don, to West Point and returned to Cass City on Thursday, Aug. 5.

## Price Support Program Announced For Dry Beans

A price support program for dry beans of the 1948 crop at a rate equal to 90 percent of parity as of September 1, 1948, has been announced by the U. S. Department of Agriculture, according to Chas. B. Eckfeld, chairman of the Tuscola AAA Committee.

The price support program will operate in the same manner as that now available on the 1948 grain crops in that both loans and purchase agreements will be available to producers or associations of producers, Mr. Eckfeld said.

The actual loan rate for Michigan beans will not be announced until on or about September 1 inasmuch as the parity determination upon which the loan rate is based will not be made until September 1.

Farmers interested in price support for their 1948 bean crops will have from the time of harvest until December 31, 1948, to apply for loans or purchase agreements at the county AAA office.

## Adam Knuckles' Funeral Tuesday In Indiana

Funeral services for Adam Knuckles, 74, were held on Tuesday, Aug. 10, in Alexandria, Indiana. Mr. Knuckles died Friday, August 6, at 11:30 a. m. in the Scheurer Hospital in Pigeon following an automobile accident, four miles south of Pigeon, Tuesday, August 3.

A hit and run grain truck driver struck the car in which the deceased and his son, Millard Knuckles, were riding and forced their vehicle into a deep ditch. Both were rendered unconscious and taken to the hospital in Pigeon. The younger Knuckles received a fractured shoulder. Sheriff McBride of Huron County is investigating the case and endeavoring to locate the truck driver.

Mr. Knuckles is survived by five sons: Millard and Ray Knuckles of Cass City, John Knuckles of Alexandria, Indiana, formerly of Cass City, Sol and Letcher of Indiana; two daughters, Mrs. Elizabeth Horn of Muncie, Ind., and Mrs. Margaret Perciful of Alexandria.

## Wholesale Milk Price Goes Up 32 Cents

An increase of 32 cents per hundred pounds in the wholesale price of milk paid to farmer producers in the Detroit milkshed became effective August 5, according to an announcement by the Michigan Milk Producers' Association. This brings the price of Class I milk, used for fluid consumption, to \$5.54 a hundredweight (46 1/2 quarts), F. O. B. Detroit.

Howard F. Simmons, secretary-manager of the producers organization stated that the two factors most seriously threatening Detroit's milk supply are the unprecedented number of dairy cows sold for high beef prices and the cities of Toledo and Cleveland coming into the Detroit milk producing area competing for the supply and paying higher prices than obtained locally.

"Great quantities of milk are needed and being sought in southern Michigan counties by the Ohio cities and Detroit faces a serious shortage later in the season unless all of the approved milk produced in the Detroit milkshed can be held in this market," said Mr. Simmons. "This cannot be done in any other way than meeting competitive wholesale prices."

**Tax Notice.** Cass City village taxes are now due and may be paid any day at the Pinney State Bank. The collection fee advances on Aug. 17. Ernest Croft, Treasurer. —Adv.

## District Governor Gives Challenging Address to Rotary

Cass City Rotarians on Wednesday evening heard an inspiring and challenging address by Dr. Ralph D. Kearns of Flint, governor of the 152nd Rotary district, in which he stressed the importance of service.

In this first official visit here, he met with club committee chairmen late in the afternoon, preceding the evening dinner at the New Gordon Hotel, when duties of different groups and the activities of the local club were discussed.

In his dinner address, Mr. Kearns told of the beginning of Rotary by Paul Harris, its founder, in 1905 and how the movement has grown world-wide with 6,500 clubs with 325,000 members who promote the idea of friendship among all races and the desire to render service above self. Christ was pictured as the best example of service which was even exemplified in word and deed as He towers above all men in history as a model of service.

Nine-tenths of the things Rotary does in its program for community service is in the interest of children and young people, said the district governor. Every Rotarian benefits from the organization through attendance, by doing official duties, by performing various tasks and doing his best for the betterment of his club and community.

In vocational activities, a true Rotarian renders top service in his relations as employer or employee, with friendly practices with competitors and with fruitful, honest ways in community life.

Rotary principles will have much to do with the establishment of peace and understanding and will help solve political and world problems, Mr. Kearns said.

## Rev. H. J. O'Dell to Attend World Church Meetings

Rev. Harland J. O'Dell, pastor of the Canton, Ohio, Gospel Center and a son of Mr. and Mrs. Melvin O'Dell of Cass City, went by plane Aug. 9 from New York with 30 church leaders from the United States and Canada, to Amsterdam, Holland. There the group will attend the first world meeting of the Independent World Council of Churches.

The meeting was arranged by the Independent Fundamental Church of America with more than 1,000,000 members, and the American Council of Churches.

With representatives from 10 other nations, the American group will draft a program opposing communism, modernism and apostasy.

At the close of the session on Aug. 21, the American party will visit England, France and other European countries, returning home the last of the month.

## League Play-off Games Start Aug. 22

By Grant Ball.

The play-offs for the championship in the local softball league will start August 22. The Beulah and Baldy Sunoco groups are the leaders in the two leagues.

The local team of the Junior League of the American Legion won a 2-1 victory over Caro here Sunday behind the pitching of Jack Andrews, who had been performing exceptionally well this season. He allowed only two hits in the Caro game.

#### NEW 4-H CLUB BUILDING PURCHASED BY TUSCOLA CO. COUNCIL

Concluded from page 1.  
90 days by the following 4-H "backers."

Reid Kirk, Henry Lane, John Hickey, Carl Mantey, John Sheridan, R. A. Kenefic, Bates Wills, J. C. Kirk, Harry Rohlf, Fritz Mantey, W. E. Rohlf, John Horst, Ralph Harrington, R. L. Hill.

Bob Beyette, Tim Quinn, Caro Motor Sales, Jim Gallery, H. O. Dibble, E. H. Dyer.  
Other payments (donations) made to the 4-H building fund to date include \$200.00 from the County 4-H Service Club and a total of \$25.00 from two local 4-H clubs.  
A prime, 1000-lb. fat steer has been donated to the 4-H Council by Mr. and Mrs. E. B. Schwaderer, owners of Nantom Farms, Caro. This steer will be sold at the fair

and proceeds will go toward the fund.

John W. Hickey & Son, Fairgrove, have also donated a purebred Holstein heifer calf. This calf will also be sold at the county fair and the proceeds applied to the building fund.

Plans are to raise the total of \$10,000 by October 1, 1948. About \$2500.00 will be needed to fence the property, redecorate the interior and equip it with furniture and fixtures necessary to operate. The entire board of directors of the 4-H Council will act as the committee in charge of the building fund drive. Each of the 100 4-H clubs in the county will set out to earn and collect money for the fund in their own communities. Individual donations will be gladly accepted. Several have already promised at least \$100.00. The Caro Board of Commerce and the County Fair Association have both indicated that they will assist in the drive. Mrs. Fred Black, Akron, treasurer of the council, is ready to receive any and all amounts. A certificate of appreciation indicating the donor's name and the amount given will be issued to each party making a contribution. 4-H club members from all parts of the county have completed cleaning and painting the interior of the building. It will be ready for use during county fair week. About 100 4-H club exhibitors at the fair will use the up-stairs dormitory and will be served meals during the week by parents of the members who will be organized to work in shifts. At other times during the year the 4-H building will be the regular meeting place of the County 4-H Service Club and the County 4-H Council. It is also planned to use the building for special 4-H and rural youth conferences, conventions, banquets, parties and the like. On a reasonable rental basis, the building will also be made available to farmers' clubs, Granges, Farm Bureau groups and other rural organizations.

The board of directors of the county fair association has already been very helpful in making it possible for the 4-H Council to require this new facility.

#### Prairie State Farmers Fear New Dust Bowl

DALLAS, TEX.—Out in the prairie states farmers have planted more than 300 million trees in 15 years. These are the states where settlers once complained there was nothing but a barbed wire fence to break mile-a-minute winds from the North Pole.

Now, says Louis P. Merrill, regional soil conservation director for Texas, Louisiana, Arkansas and Oklahoma, the interest in tree windbreaks "is greater and keener in many localities than ever before."

Blinding dust storms in many of the plains states have emphasized the need for more trees.

The Abilene, Tex., Reporter-News says its area is undergoing the most prolonged drought in 30 years. The four-year rain deficiency since 1944 is almost as great as a normal year's fall of 25.17 inches.

Harry Holt, the Reporter-News' farm editor, says that other parts of the Southwest are even drier. Irrigation projects have failed. Farmers had a difficult time planting wheat in west Texas. The drought has forced livestock off some ranges until only half the normal number remain.

Farmers Dread Storms  
Large sections have been swept by roaring, choking sandstorms. Farmers and city people alike dread them. They are an awesome phenomenon. When sandstorms become prolonged and severe, a "dust bowl" develops.

Some farmers hope the trees are insurance against this "dust bowl" threat. They remember the '30's when whole sections were made as barren as the Sahara. Some want trees for wind-breaks to protect growing crops even when there's no threat of sandstorms. Some just want to look at trees.

The popular conception of the "shelterbelt project" as a wall of trees from Mexico to Canada was a product of imagination born in "dust bowl" days, says Merrill. No one in authority ever thought of the project that way.

The "windbreak" plan—a term preferred by conservation authorities—as part of a coordinated soil-conservation program has spread to the Rio Grande valley in Texas, northeastern Arkansas and the Gulf coast prairie region of Texas and Louisiana.

Plan Includes California  
The plan has reached even to California, where citrus growers have established 2,000 miles of protective plantings for their orchards, and to Wisconsin, which has nearly 6,000 miles of such plantings.

No signs of a continuous shelterbelt have appeared across the nation. Tree planting has been a matter for individual farmers. In some cases, efforts have been made to place the program on a conservation district basis.

Generally the projects are a success, according to farmers. But, in some areas, notably that around Lubbock, Tex., the program has been abandoned. Dry weather, insects and diseases have done away with most of the trees.

Talks with farmers and conservation men show that the program, while practical, has put more money in the farmer's pocket, but wind-breaks certainly are no cure-all.

Says Merrill: "The planting of tree wind-breaks is one practice of many used for control of wind erosion in localities to which they are adapted."

#### Rose Bush Owner Frightens Thief With Homemade Alarm

PHILADELPHIA.—A rose is a rose and by any other name would smell as sweet.

But this is a story about a rose that not only smelled sweet but sounded pretty.

Walter Hoff awoke one day to find three of his large and expensive rose bushes missing.

When he regained his composure he chained wires to the roots of six remaining bushes and attached the wires to a basement switch. A tug of the bush would ring a bell.

For six nights Hoff slept undisturbed.

Then early one morning the rose bell rang.

Up jumped Hoff, up went his window and away ran the thief, spade in hand.

#### Cat Walks 420 Miles Only To Find Its Master Gone

LEOMINSTER, MASS.—Fluffy, a one-year-old Angora cat, arrived home after apparently walking 420 miles from Buffalo, N. Y., only to find her master gone.

Ben Hansberry sold his house here and set out by trailer with his family for Moses Lake, Wash.

Fluffy went sight-seeing during a one-night stopover in Buffalo. When she didn't return the next day, the Hansberrys went on their way.

The cat was weak when she reached here; her fine fur coat matted, her claws worn to the pad. Neighbors took her to an animal hospital, where she is reported making a good recovery. She will be flown to the Hansberrys later.

### "Emergency" Exit

A TALL, gaunt-looking person entered a hotel in a small town where several fires had occurred and applied for a room at a price which entitled him to lodging on the top floor of the house. Among his belongings the proprietor noticed a coil of rope, and asked what it was for.

"That's a fire escape," said the man. "I carry one with me so I can let myself down from the window without troubling anyone."

"Good plan," said the landlord, "but guests with fire escapes like that pay in advance at this hotel."

### THE BIG BORE

The club bore was boasting of his ability to distinguish between different beverages. Finally one of the listeners took a flask from his pocket and asked the connoisseur to taste it and tell him what it was. The man tasted a mouthful and promptly spat it out.

"Great Scott," he cried. "That's gasoline!"

"I know," came the bland reply. "But what brand?"

## Musical Numbers Soothe Shoppers In Food Stores

CHICAGO.—Mrs. Brown wore an angry frown as she stormed into her neighborhood food store. It had been such a frustrating day. But she hadn't stomped far along the aisle before she slowed to the rhythm of soft music wafting gently through the store.

The lady was undergoing some of the latest "shopping therapy" which chain food stores are practicing on their customers to ease the parting of the dollars.

Seeking out the store manager, Mrs. Brown said: "You know, Mr. Allen, I've been mad all day. One thing after another went wrong. But I walked in here and that lovely music hit me and now—well."

She left smiling, arms piled high with purchases.

Oliver F. Johnson recalled the experience as an example of what music therapy in stores can do. His company is piping music into 110 food stores now "and we've not had a complaint yet," he said.

Other thoughts and ideas have been given to the housewife's comfort and enjoyment of shopping.

### Grand Openings

New food stores have openings a la Hollywood. City officials and community leaders turn out for the ribbon-cutting ceremony. Helium balloons soar skyward. There may even be a neighborhood "queen" selected—average age about four years.

They're called "Stores of Tomorrow—Today." Doors open automatically as a customer approaches, operated by an "electric eye."

Once inside, tender concern for the housewife continues. If she has Junior along she can choose a shopping cart with a rumble seat attached for him to occupy. He's happy for the ride. She's happy not to have to corral him frequently in the aisles. The manager is happy not to have so much work to do in restoring order to the shelves.

### Free Garnishings

In some meat departments the shopper gets a free sprig of parsley with each purchase to dress up the platter at home.

Another new "trick" is the "express" checkout counter for the person with only a few purchases. She doesn't have to wait impatiently in a line of women with heaped-up carts and baskets. For the latter group of shoppers there are drinking fountains.

Along with the soft music, Johnson said, go 20-second "gentle reminder" spot announcements every four minutes, followed by a short "penetration" pause. Only items on the store's shelves are mentioned.

For a half hour before and after shopping hours, the loudspeakers carry a livelier music for the benefit of the employees—and without ads.

### Beavers Build Dams for City But Fail to Follow Plans

ST. HELENS, ORE. — The city water department fired its four beavers after a year's employment, and said from now on it would hire strictly human help.

The beavers did almost everything that was hoped for. They built dams in the city watershed; they charged no salaries; they worked longer hours than any human would.

But—they simply wouldn't follow the city's engineering plans.

A year ago St. Helens turned the beavers loose on Milton creek. It expected them to build dams, impounding water to be used during the dry season.

They did build dams, too. But they built them all in the wrong places.

Instead of helping to store water, the beavers diverted small springs which had been flowing into the reservoir.

No matter how often men followed the beavers around and destroyed their dams, the animals put them right back again—in the wrong place.

### Federal Bank Examiner Pleads Guilty to Robbery Charge

POCATELLO, IDAHO.—A federal bank examiner, who turned holdup man for two hours and was caught because he lisped, pleaded guilty to a bank robbery.

Rudolph D. De Packh, who said he had been connected with banks for many years, held up the First National bank at Grace Idaho, and escaped with \$3,860.

The bank was one which he had visited at least four times in 18 months as a federal examiner. Alvin Whitehead, cashier and one of three employees locked in a vault for an hour and a half, recognized De Packh by his lisp and despite his disguise of coveralls and dark glasses.

"I know federal laws as well as anyone," said De Packh. "I'm better off if I plead guilty."

He said he almost took enough to settle some Nevada gambling debts and a \$500 deficit which he said he had at an Elko, Nev., bank.

## 20,000 Sheep Cut Grass for U. S. Navy

HASTINGS, NEB.—Top-secret territory at one of the largest ammunition depots in this country is invaded daily by 20,000 noisy little lawnmowers that wander over 30,000 acres near here.

These nonchalant grass cutters are sheep — approximately 15,000 bawling ewes and 5,000 of their frolicking offspring. Priority to roam the range was issued to the animals to reduce the danger of grass fires near navy explosives.

"Grass fires on these windswept Nebraska plains could be catastrophic, and so far, the sheep are doing a good job of keeping the prairie growth cut," said L. M. Hale, former navy lieutenant who is now design and contract superintendent in the depot's public works department.

"We've never had a fire get away from us," commented one employee. "but we have fought as many as 300 a day along the Union Pacific railroad bordering the plant area."

The grazing has grossed about \$10,000 for the navy. The profit is deposited in the United States treasury and later channeled to the navy's allotments.

Noel Cover of Cozad, Neb., the owner, grazes sheep and cattle in 14 states. Indians and their squaw are the sheep herders.

Biggest hazard to sheep here are dog packs, considered worse than coyotes. About 150 sheep have been killed by dogs. A government trapper is now using cyanide guns against the marauders.

In one winter 600 bales of alfalfa and 60 sacks of soy bean pellets were consumed each day by the hungry flocks.

### Colombia Workers Now Have No Excuse to Go Barefoot

BOGOTA, COLOMBIA. — The government acted to force shoes on barefoot workers.

It decreed that employers must give a free pair of shoes every six months to permanent workers getting less than 80 pesos (\$48.40) a month.

The decree does not permit the employer to give money instead of shoes. Workers forfeit their rights to the next pair if they do not personally use the shoes.

The law permitted several official credit and supply agencies to establish a chain of shoe factories to furnish the shoes at cost. Fines of 50 to 1,000 pesos (\$29 to \$580) were fixed for employees failing to wear the shoes.

**Origin of Domestic Cattle**  
Domestic cattle are descended from wild cattle of the genus "Bos." Five groups are generally included in this genus. It has been estimated that cattle have been domesticated since 4,000 to 5,000 B. C. Cattle of Zebu or Indian origin have increased with astounding rapidity on the ranches of the United States.

## Annual Fire Loss In State Reaches New High in 1947

Fire losses in Michigan reached an all-time high of \$25,231,852.94 in 1947, an increase of \$3,232,623.35 over the previous record of \$21,999,224.59 in 1946, according to the annual report released by State Police Commissioner Donald S. Leonard in his capacity as state fire marshal.

Leonard said the new record could be attributed almost entirely to the increase in the value of property, which is substantiated by the fact that 48,168 fires occurred in 1947, or a reduction of 8,522 under the 56,685 fires of 1946.

Virtually all of the increase, or \$3,104,130.03, occurred in the loss on the contents and buildings other than dwellings, the total being \$14,398,953.37 in 1947 as compared with \$11,294,823.34 in 1946.

Losses on dwellings and contents showed a slight increase, the 1947 figure being \$8,468,534.10, or \$275,157.29 more than the 1946 total of \$8,193,376.81.

Farm fire loss in 1947 amounted to \$2,864,364.47, which was \$146,669.37 less than in 1946, when it totaled \$2,511,033.84.

Fewer persons perished in fires in 1947, the figure standing at 157 as compared with 173 in 1946. Included among the dead last year were three firemen, while none lost their lives in 1946.

## Michigan Peach Crop Will Be on the Market Soon

From now until late September, Michigan housewives will be busy picking peaches. When to buy and what kind to buy are questions in their minds today.

As a part of the consumer education service of the Michigan State College extension service, G. N. Motts, MSC agricultural economist, suggests a few peach facts that are important to Michigan housewives.

Although Michigan consumers usually have peaches available from Georgia, the Carolinas, Virginia, and Illinois, between 75 and 80 percent of the fresh peaches they use are actually grown in Michigan.

According to the U. S. Crop Reporting Board, Michigan is expected this year to have about 3,700,000 bushels of peaches, which is 10 percent above the 1936-1947 average. The Michigan crop will start moving about August 10 to 15 with Hale Havens and other early varieties, followed by the Elbertas and other good late varieties through most of September.

For those interested in southern peaches, the Georgia crop is only about two-thirds of last year's crop and 20 percent below the average, and the South Carolina crop is only about half of last year's record crop. Illinois has an average production, but below last year. Peaches from these states are not generally expected to be in as good supply here or as good a buy as Michigan peaches.

Growing conditions in Michigan have been such that it is expected that the quality of Michigan peaches will be good and the time of ripening will be at least two weeks ahead of last year, when the

season was quite late and considerable frost damage destroyed much of the quality of the Michigan peach crop. Michigan peaches are produced in commercial quantities in Berrien county north to the Traverse City area along the shores of Lake Michigan, around Grand Rapids, and in the territory around Mt. Clemens and Pontiac.

## Adelbert Hendrick Died in Pontiac

Funeral services for Adelbert F. Hendrick, 80, were held Monday at the Pontiac Hulton Funeral Home and burial was made at Perry Mt. Park cemetery. Mr. Hendrick died in his home in Pontiac Friday, following a long illness.

He was a son of James and Sarah Hendrick and was born in Cass City September 1, 1867. He attended school here. At Caro on October 23, 1897, he married Lesty Willmont. He went to Pontiac 26 years ago. Mr. Hendrick was a life member of Tyler Lodge, No. 317, F. & A. M., at Cass City. Members of the lodge here who attended the funeral and conducted the burial service were Watson Spaven of Mayville, Richard and John Bayley, Edward Golding, Stanley Morell and Arthur Little.

Others from Cass City who attended the funeral were Jay Hartley, Theo and Egbert Hendrick.

Surviving are his widow; two daughters, Mrs. Joyce Seaton of Pontiac and Mrs. Gladys Wheeler of Detroit; four grandchildren and three great grandchildren.

## ARRESTED ON CHARGE OF TAKING AUTOMOBILE

Leland Hartsell, 30, of Koylton Township, was brought before Justice Albin J. Stevens Wednesday by State Trooper Buckskin of Bad Axe and Village Marshal John Zinnecker to answer to the charge of driving away Edward Baker's automobile while it was parked in the street next to Wood's Drug Store Tuesday night. Officers state that Hartsell acknowledged taking the car, driving it to Caseville, and on returning to Cass City, parked it at the Gamble store corner. Justice Stevens bound Hartsell over to the circuit court to answer to the charge of driving away an automobile unlawfully.

## Famous Tenant

In the history class of a New York school the teacher was discussing the life of George Washington. She called the attention of the children to a picture of Mount Vernon in their history books.

"That," she said, "is the house in which George Washington lived."

One of the boys looked at the teacher questioningly.

"What floor?" he asked.

# EARLY AUGUST WEDDINGS

## Twilight Wedding In Caro Methodist Church August 1

At four o'clock on August 1, 1948, the First Methodist Church of Caro was the scene of a beautiful twilight wedding when Miss Shirley Marie Kelley, daughter of Mr. and Mrs. Kenneth Kelley, of Deford walked down the aisle to become the bride of Robert Franklin Bills, son of Mr. and Mrs. Leo Bills, of Caro.

The beautiful candlelight service was witnessed by 300 guests and the ceremony took place before the

ceremony a reception was held in the church parlors. The bride's table, covered with a lovely lace cloth made by the grandmother of the groom, Mrs. John Southwick, was centered by a beautiful four-tier wedding cake topped with a miniature bride and groom. At each end were crystal candle holders with lighted tapers.

An unusual feature was a tiered groom's cake made and presented by Roy Pool of Standish. The attractive bride and groom in miniature was the handiwork of Mrs. Pool. The cake was an exact replica of the one made by Mr. Pool for the wedding of the groom's father and mother, at which time Mr. Pool was chef at

bouquet of white gladioli. She had a wreath of tiny white flowers across the back of her hair.

The bridesmaids were Patricia Murphy, sister of the groom, and Mabel Nelson of Utica, friend of the bride. They wore sleeveless lavender gowns with fitted bodices and marquisette yokes, accented by draped off-the-shoulder berthas. The skirts were full and caught in the back by bustles of self material. Their long mitts were of the same material as their dresses and their arm bouquets were pale yellow gladioli. Wreaths of tiny white and lavender flowers were worn across the backs of their heads.

Peter Kritzman, small brother of the bride, was ring bearer and carried the rings on a white satin pillow. Ann Lynn, daughter of Mr. and Mrs. Howard Mills, of Caro was flower girl and carried white, lavender, orchid and purple flowers in a white satin basket. She wore a white floor-length dress and forget-me-nots in her hair.

The groom's attendant was Stanley Kirm of Cass City. The ushers were Harold Rayl of Caro, and Irvin Kritzman, brother of the bride. The men of the bridal group wore white roses as boutonnieres.

The bride's mother was dressed in summer print of black figures on a white background and her hat was white felt. Her corsage was yellow roses. The groom's mother was gowned in a summer print of black and white and a black hat. Her corsage was of red roses.

The church, decorated by Mrs. Howard Mills, was beautifully done in the colors of the bridal group. Several baskets of flowers, predominantly gladioli, in colors shading from white to a deep purple, formed a lovely backdrop for the wedding group. Sprays of white gladioli and myrtle designated the seats reserved for the relatives.

Betty Hower of Cass City, who wore white chiffon and a corsage of orchid gladioli, played the prelude music and the wedding marches. She also accompanied Lillian Dunlap, aunt of the bride, who sang "Because" prior to the bridal procession and "The Lord's Prayer" at the completion of the ceremony. Miss Dunlap appeared in a Nile green, faille dress and a corsage of peach gladioli.

Following the double ring ceremony, a wedding supper was served at the home of the bride's parents for the entire wedding group and the two grandmothers present, Mrs. Maud Kritzman and Mrs. Margaret Dunlap. A long table on the lawn was decorated in white and purple. The guests found their places by locating individual nut cups. Following the tomato juice cocktail, varied salads and sandwiches were served with iced tea and hot d'oeuvres. The guests gathered in the house for the serving of the cake which was

MR. AND MRS. BILLS

altar which was decorated with lighted candelabra, palms and tall vases of white gladioli and larkspur. Dr. E. Ray Willson, former pastor and now superintendent of the Port Huron district, was the officiating clergyman, and performed the double ring ceremony.

Preceding the ceremony Miss Eva Capling sang "Always" and "I Love You Truly," accompanied by Mrs. Esther Capling at the organ. The wedding marches were from "Lohengrin" by Wagner and the "Wedding March" by Mendelssohn.

The bride made a beautiful picture in her gown of crystal taffeta, fashioned with long sleeves. The tight bodice was gathered below a sweetheart neckline of illusion chiffon and held together down the back with tiny taffeta-covered buttons. The full skirt fell into graceful folds from a sweetheart shaped corded taffeta band at the waistline. Her finger-tip veil of silk net was held in place by a tiara of seed pearls, and a single strand of pearls were her only jewelry.

A beautiful white Bible, engraved in gold, a gift of the groom, was carried by the bride. On the cover was placed a white orchid with showers of satin knotted with clusters of white Stephanotis.

Miss Mabel Zemke of Deford, close friend of the bride, was maid of honor and Kathleen Kelley, sister of the bride, was bridesmaid. Their gowns were of pink and blue frosted chiffon, fashioned with illusion chiffon yokes similar to that of the bride's, with tight bodices and full skirts. They wore matching mitts and lace hats and carried stylized bouquets of yellow and pink roses.

Gary Lee Bills, small brother of the groom, carried the rings on a pillow of white velvet and lace.

Boyd Tait acted as best man for his closest friend and Gerald Bradley was the other attendant of the groom. The ushers were Charles Hunt, Bill Zemke, Joe Fetiprin and John Parsons.

For her daughter's wedding, Mrs. Kelley chose a gown of soft grey crepe, caught at the neckline with a strand of rhinestones. Her accessories were in pink and she wore a pink flower hat and corsage of Rubeum lilies.

Mrs. Bills, mother of the groom, was attired in a black gown with fitted bodice held together with gold hooks and topped with a shoulder-length cape, and a full ankle length skirt. She wore white accessories, with a white picture hat and a shoulder corsage of white roses and bebe chrysanthemums. Immediately following the

the Hotel Montague. For her going away costume the bride wore a grey and white striped wool suit with white accessories. Her shoulder corsage was a white orchid.

The bride is a graduate of Cass City High School, class of 1947, and for the past year has been employed at the bank in Deford, by Mr. and Mrs. Fred Purdy, where she plans to continue working.

The groom is a graduate of Caro High School, class of 1945, and immediately after graduation entered the U. S. Army, serving as a sergeant with the 10th constabulary in Germany. On his return he attended Central Michigan College for a term and is now employed at the Economy Shoe Store in Caro.

Guests from out of town came from Deford, Saginaw, Standish, Cass City, Detroit, Bad Axe, LaSalle, Temperance, Toledo and Oxford.

The happy couple enjoyed a wedding trip through northern Michigan, spending some time at Mackinac Island. They are now at home to their many friends in an apartment at 324 Fremont St., Caro.

## Kritzman-Murphy Wedding Saturday At Shabbona Church

The Latter Day Saints' Church in Shabbona was the setting for a beautiful wedding Saturday afternoon, August 7, at 4 o'clock when Betty Ann Kritzman, daughter of Mr. and Mrs. Bruce Kritzman, Decker, and Keith Murphy, son of Mr. and Mrs. Harold Murphy, Cass City, were united in a double ring ceremony, solemnized by Elder James Phillips of Sandusky in the presence of 135 guests.

The bride, given in marriage by her father, wore a traditional white satin gown with a sweetheart neckline and deep-pointed sleeves. The skirt was full and fell in lustrous folds into a long, sweeping train. Her fingertip veil, made of net with a wide lace edging and held in place by a beaded crown, was borrowed especially from the bride's aunt, Mrs. Ronald Warren. Betty Ann carried an orchid on a white Bible with streamers of white satin caught with sprigs of lilies of the valley.

The matron of honor was Mrs. Harold Rayl of Caro, who wore a full-skirted dress of orchid taffeta with a fitted bodice, sweetheart neckline and short puffed sleeves. She wore white elbow-length lace and net mitts and carried an arm

## MRS. MURPHY

topped by a miniature bride and groom. Mrs. Kritzman was assisted by Shirley Kritzman and Irene Warren, cousin and aunt, respectively, of the bride.

The reception was held at 8:30 in the Shabbona Community Hall, which was decorated in lavender and white. The ceiling streamers were caught together over the cake table above which hung a white and lavender bell. The large, four-tiered, square cake was decorated in lavender and white topped by a miniature bride and groom under a heart-shaped arbor. Approximately 225 guests were gathered to enjoy a short program and the opening of the gifts.

Howard Mills, superintendent of Caro High School, was master of ceremonies for the program and gave several short humorous talks. Betty Hower played a few piano selections after which Lillian Dunlap sang "Tell Me Why" especially for the bride, followed by "Because." Ann Lynn Mills sang "My Old Rag Doll" and "Esquimo Lullaby." A short, humorous anecdote was related by Neil McLarty of Cass City, a close friend of the groom. Evelyn Dunlap and Jean Kritzman, cousins of the bride, presented a musical farce, "My Darling Clementine."

Many lovely gifts were received, and after all were opened a luncheon of ice cream and cake was served.

The bride and groom left for Detroit where they attended the baseball game Sunday, after which they are taking a 4-day trip to Niagara Falls.

The couple will make their home in Cass City where the groom is in business with his father.

Mrs. Murphy will teach this fall at the Stone School in Sanilac County. Both are graduates of Cass City High School. Keith is '42 and Betty Ann is '47. Betty Ann is also a graduate of the Tuscola County Normal.

## 15 Girls Represented Sanilac County in Judging Contests

Fifteen girls represented Sanilac County at the district elimination judging contest in Saginaw on Tuesday, August 10. Five girls took part in each of three contests. Clothing, canning and food preparation classes were judged. Placings were made in each of these contests and oral reasons for the placings were taken.

Miss Dorothy Mulder, Sanilac County 4-H Club agent, accompanied the group.

Another group of six 4-H members represented Sanilac County at the dairy and livestock elimination contest at Michigan State College on August 13 and 14. This group stopped at the Shiawassee County Fair on Thursday afternoon for practice work. They were accompanied by Keith Sowerby, county 4-H Club agent.

## Firemen on Vacation Fight For Lives in Blazing Boat

TWIN FALLS, IDAHO. — Four Twin Falls firemen drew on their professional ability to put out a fire in the middle of a lake.

The four, Kenneth Young, Bob Miller, Bill Pettigrove and Leonard Ross, were on a fishing trip on Island park reservoir in a new boat when a storm suddenly swept the waters.

The craft's fuel supply was exhausted in battling the waves so the gas tank was refilled. Inadvertently the cap was left off a gas can and about two gallons of the inflammable liquid spilled out, flowing under the floorboards.

An open carbide lamp set off the blaze.

Miller and Young were singled in a successful battle to quell the fire with wet burlap sacks. But the fire laddies' troubles were far from over.

During the scramble water got into the boat's motor and it stopped. The oars were washed away, the gas can was jettisoned and the carbide lamp went overboard.

The firemen drifted in the helpless craft for several hours.

Finally the boat was washed ashore — three miles from their planned destination.

**Phenothiazine Poisoning**

Phenothiazine poisoning is apt to occur when large doses of this worm medicine are given. Because some owners have no conception of the proper amount to give animals, there have been many cases of severe illness due to overdosing. Except in extreme cases, phenothiazine-poisoned swine recover with a minimum of treatment, but they must be kept out of the sun. If left exposed to hot sunshine, most of them will die.

## He Knew Better

BY WAY of research, a gentleman decided to ask representative nationalities all the same question to compare their answers. The question propounded to each in turn was the following:

"What would you take to stand all night in the pouring rain?"

The Englishman answered: "I should not like to do it for less than a guinea."

The Scotchman answered: "What would you be willing to pay?"

The Frenchman bowed politely and answered: "I should be happy to oblige you, but at the moment I have another engagement."

The Yankee replied: "I'll take a dollar."

The Irishman came back with: "An' sure, I think I'd take a cowld."

## Getting Back

The head of the bus company called in his new driver.

"You drove a bus all day today," he stormed, "and didn't have one customer. What happened?"

The driver shrugged indifferently. "I just didn't have any passengers, that's all."

"You mean to say no one waved at you?"

"Oh, sure," said the driver. "People waved at every corner, but I wouldn't stop for any of them. Why should I? They didn't notice me when I was out of work."

## AT THE CORNER TAVERN?

"Henry!"

"Yes, dear?"

"There's a corner torn off your pay check."

"Yes, dear?"

"Well, what did you spend it for?"

## DUGAN, ALIAS DEMPSEY

"What is your name, please?" asked the precinct worker.

"Maggie Dugan."

"And your husband's name?"

"Dugan, like my own."

"But what is his full name?"

"Well, when he's full he thinks he is Jack Dempsey; but when I take him in hand he's still Dugan."

## Protection Wanted

Wee Babbette had been sleeping in a room with a night light, but her parents decided she must learn to sleep in the dark.

"Do I have to sleep in the dark?" she asked when her mother turned off the light for the first time.

"Yes, Babs," replied mother.

"You are a big girl now."

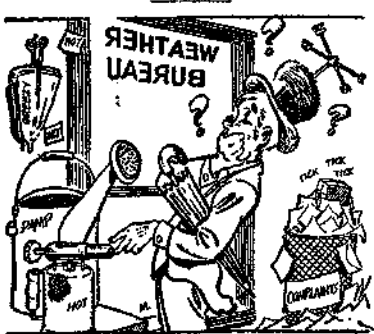

"Well, then," asked Babs, "may I get up and say my prayers over again—more carefully?"

## Should Have Crashed

Boss—What are you doing here? I thought I fired you two weeks ago.

Office Boy—I know. I just came back to see if you were still in business.

## JUST A SCRUB

"What's his position?"

"He's the third assistant guesser in the weather bureau."

## Conformationist Needed

A mother was playing with her two-year-old child, who had recently learned the alphabet. Raising her arm straight above her head, she asked:

## Obvious Source

Father—Don't you think our son gets his intelligence from me?

Mother—He must—I've still got mine.

## Oh, No?

Wife—I think I hear burglars. Are you awake?

Husband—No!

## Publishers Say 'Crime Comics' Are for Adults

NEW YORK. — Controversy between the Detroit Police department, which recently banned "crime" comic books, five of which have since been banned by the Indianapolis police, and the publishers of these books rages with undiminished fury. Both sides are standing firm in their convictions.

Interviewed individually, these comic book publishers, without exception, claimed that their particular books were less objectionable than others banned. None denied that there are comic books that are "obscene," "inflammatory," "vulgar," "inartistic" or all four.

Several, basing their self-defense on "freedom of the press," declared that because their books dealt with "true" crimes they are harmless, that they are written for adults and that the publisher is not responsible for the welfare of children who happen to read his books.

Crime comic books, publishers said, have been brought out in quantity only in the last two years simply to satisfy the appetites of ex-GIs. "We do it by formula, not malice," one said bluntly. "A cop, a killer, a gun and a girl."

## Cause of Investigation

Prosecutor James N. McNally of Detroit, interviewed by telephone, said that his comic book investigation began when the police were seeking to stop the sale of a toy gun used in fake hold-ups. "We found," he said, "that the manufacturer advertised in comic books. We began looking into 350 of these books and ended up banning the 36 our censor bureau found most objectionable. The two distributing companies handling them willingly agreed that these books would no longer be sold. We therefore plan no criminal action against the publishers."

The day after McNally's action, Mayor Al Feeney of Indianapolis banned 5 of 200 books his special investigator had rounded up. He received the promise of cooperation from local distributors.

## One Asks for Hearing

"So far," Mr. McNally said, "only one publisher has asked for a hearing. That is the National Comics group, publishers of Gangbuster Comics, which is temporarily removed from the banned list pending a hearing. As for the public, we've had nothing but praise from hundreds of citizens all over the country."

In New York the American Civil Liberties union announced that it had communicated with Detroit's police commissioner, Harry S. Toy, objecting to "the police office setting itself up as censor and guardian of public morals."

"We're glad," Jack Liebowitz, of the National Comics group, which publishes 30 other books, said, "that something is being done to apprise those publishers who are not cognizant of their responsibility that things can't go on unchecked. But we feel that our book was mistakenly banned in Detroit as it is in Indianapolis, although we're willing to make changes."

John Byrne, editor of "Wings Comics," "Jumbo Comics" and "Fight Comics," which have been banned, felt that his books "represent in 1948 what Nick Carter and Tom Swift used to represent," but added, "We don't edit our magazines for children."

## Two Texas Youths Draw Pay For Staying Away From Home

JAMESTOWN, N. Y. — A couple of Texas youths with an eye for a fast buck and a yen for a novel holiday were first in line for the jugglers' national convention.

The Kosanke brothers, Les, 16, and Steve, 14, of Dallas, are collecting a dollar a day each for just sitting around.

"Uncle Al said we didn't have the nerve to leave home on our own," said Les. "He'll pay us a dollar a day for every day we make good."

Uncle Al is Alfred W. Kosanke of Hammond, Ind. All the boys have to do is send him a postcard every day proving they're not in Dallas.

Les, an amateur juggler, is spending the week practicing up for the convention.

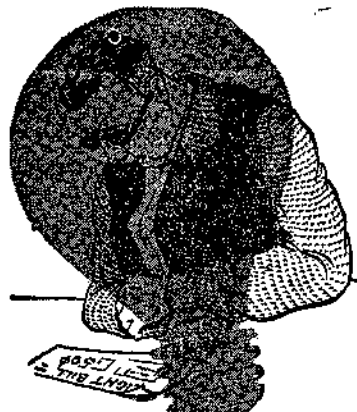

Steve came along for the "pay-off."

## Navy Helicopter Captures Antarctic Penguins for Zoo

SCHENECTADY, N. Y. — A technique for capturing Antarctic penguins that involves a helicopter and football tactics was described by a bird curator.

Malcolm Davis of the national zoological park in Washington told of a recent navy expedition to collect live penguins for the zoo. It was the first time a helicopter had been used to hunt the large birds, he said in a General Electric science forum broadcast.

"The pilot would fly his whirligig aircraft close to the penguins and the big birds would head inland," Davis said. "The pilot then would land the plane and the two-man crew would tackle the birds. It offered a chance for some rough-and-tumble fun."

She: "You look very downcast."

He: "Yes, my wife has been away for six weeks, and she's just come back."

She: "And does that make you so unhappy?"

He: "Well, I told her I spent all my evenings at home—and today the light bill came. It's for 50 cents."

## He's All Wet

An officer asked a tough "old army" sergeant to look after a plot of grass in front of the mess hall. The sergeant promptly appointed a private to water the plot each afternoon.

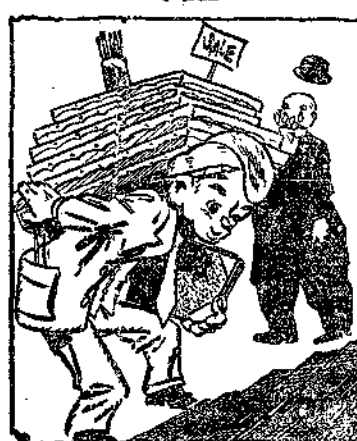

One day, during a terrific thunderstorm, the sergeant stormed into the barracks and caught the private doing bunk fatigue.

"It's 3 o'clock," roared the sergeant, "and you're supposed to be out there watering the grass!"

"But sergeant," the private pleaded, "look at the thunderstorm."

"That's no excuse," the sergeant bellowed. "Haven't you got a raincoat?"

## SUPERSALESMAN

Businessman: "What do you do with all those pictures you paint?"

Artist: "I sell them, sir."

Businessman: "Well, name your terms, my man. I've been looking for a salesman like you for years."

The smallest state in the Union has the longest name—the State of Rhode Island and Providence Plantations.

## GREENLEAF

Mrs. William Watkins and sons, William and Robert, of Caro had supper Thursday night with Mr. and Mrs. Anson Karr.

Fraser Church choir met Friday evening at the George Fisher home.

Mr. and Mrs. Arville Hoadley of Kalamazoo spent the week end visiting the former's mother, Mrs. Guy Hoadley, who has been quite ill.

Sunday evening callers at the James Mudge home were Mr. and Mrs. Joseph Bassford and Mr. and Mrs. Sidney Tobias and two children of Caro.

The children, grandchildren and great grandchildren of Mr. and Mrs. Jesse Sowden met for a family picnic Sunday at the home of Mr. and Mrs. John Battel. Mr. and Mrs. Sowden, with nearly all of their descendants, enjoyed a bountiful dinner and visiting.

John Wright died at his home Friday morning after a long illness. Funeral services were held at Mispah United Missionary Church Sunday afternoon.

## Woodchuck Cold-Blooded

Human beings do not sleep nearly as soundly or as long as many members of the animal kingdom. The woodchuck sleeps so soundly during his winter hibernation that only a small spark of life is kept flickering. Indeed, his temperature drops almost to freezing, and in very cold weather ice crystals may even form in his blood.

## Water Moccasin

The water moccasin is a southern reptile. Like most water snakes it is roughly scaled and heavy-bodied. It is easily identified by its angular, heart-shaped head. Colors range from black to dirty olive. Most specimens are about three feet long.

## Tung Orchard Yields

By the time a tung orchard is eight years old it should be yielding one and one-half to two tons of air-dry nuts per acre.

## GREENLEAF

Mr. and Mrs. William MacCallum and daughter, Carol, of Ferndale spent their vacation with Mr. MacCallum's mother and Angus. They also visited friends in Uby, Cass City, Bay City and other places. They returned home Wednesday.

## Bicycle Racing

Six-day bicycle races drew about four million people annually in the United States, up to 1938, dropped to 1,500,000 in 1939, and have not been conducted since.

**Don't Neglect Lunch**  
**If You Want to Stay Full of Pep, Health**

ARE YOU ALONE at home for lunch so that you don't bother to prepare something for yourself? Or does the family come home, and you simply rummage around the refrigerator and don't know what to serve?

These are frequent situations in many homes throughout the country. Lunches of this type—or none at all for the homemaker alone at home—don't help pep, vitality and health. If you get a lag in the afternoon and wonder what's wrong with you, check your luncheon habits.

Physicians and nutritionists are of the opinion that if you skip a meal, it places too much of a load on another meal. Let's say you've skipped lunch and eat a very full and ample dinner. Do you feel like doing anything but flopping into bed and wasting the evening? And have

You may be busy, but you can prepare cottage cheese with oranges, grapefruit and berries in season with a buttered muffin and a glass of iced tea for a lunch that's healthful and balanced.

you ever thought of what it does to your digestive process to have it called upon suddenly to digest a big meal after having been lazy for many hours?

It's much better to try to distribute your calories evenly throughout three meals during the day. In between you won't feel an energy lag and you will keep your system in good working order.

Don't give the excuse that you think lunch unimportant and simply don't feel like bothering with it. Even if you're alone at noon, it doesn't take much effort to prepare a nice cottage cheese and fruit salad and a glass of milk with roll or toast. Or, if the youngsters are at home, it's simple enough to cream some leftover vegetables into a piecheese, serving it with fruit and cookies for dessert.

Planning will give you plenty of the right foods on hand from which to choose a nutritious and well-balanced lunch. And if you value your health and well-being, you'll certainly not count half an hour at noon much to give up to it.

HERE ARE SOME HOT DISHES from which to choose for lunch if there are several of you at home. They are made from "planned" leftovers and are quick and easy to prepare.

**Corn Scramble**  
(Serves 6)  
1 cup cubed leftover ham  
2 tablespoons fat  
2 beaten eggs  
Salt and pepper  
1 No. 2 can cream style corn  
1/4 cup green pepper, cubed  
Brown ham in fat and then mix with other ingredients. Mix thoroughly. Cook over low heat, stirring constantly until the eggs are set.

**Creamed Meat in Potato Nests**  
(Serves 4 to 6)  
Combine one 10½-ounce can of condensed cream of mushroom soup with ½ cup milk. Blend and heat. Add 1½ cups of diced, cooked turkey, chicken, roast veal or pork, ham, or fish and ½ cup of diced pimiento. Add some of this hot sauce to 1 egg yolk and stir into remaining sauce. Heat thoroughly and serve in nests of reheated, mashed potato.

**Beef Rice Croquettes**  
(Makes 12)  
Combine 1 cup seasoned white sauce with 1 cup ground leftover roast beef, 1 cup cooked rice and

**How to Be Ready For Summer Entertaining**

When guests drop in unexpectedly during the warm weather keep cool by being ready for them by having special foods ready in your refrigerator.

No refrigerator should be without a platter of chilled fruits for warm weather. They're excellent as snacks, and they can be even more festive when served with quickly baked ice-box cookies.

• Recipe Given

½ tablespoon chopped onion. Form into croquettes. Dip into beaten egg and water, then in bread crumbs. Fry in shallow fat.

**\*Cheese Vegetable Pie**  
(Serves 6)  
Pastry for 1 crust  
1 cup freshly grated American cheese  
1 cup milk, scalded  
2 eggs  
1 1/2 teaspoons salt  
1/8 teaspoon paprika  
1 teaspoon Worcestershire sauce  
2 1/2 cups mixed, cooked vegetables  
3 fresh tomatoes

Blend ½ cup of cheese with dry ingredients when making the pastry. Roll out and place in pastry tin. Bake in a hot oven for 10 minutes. Meanwhile, add milk to beaten eggs; add seasonings and vegetables, except the tomatoes. Pour into pie shell. Cut tomatoes into eighths and arrange on top. Sprinkle with remaining ½ cup of cheese. Bake in a moderate (350 degree) oven for about 30 minutes or until a knife inserted in the center comes out clean.

**Salmon Macaroni Salad**  
(Serves 6)  
1 8-ounce can of salmon  
2 cups canned peas, drained  
1 cup shell macaroni, cooked  
1/3 cup mayonnaise

Drain salmon, removing bones and skin. Combine with remaining ingredients and season to taste. Serve on crisp lettuce. Garnish with slices of hard-cooked eggs.

**Asparagus-Ham Luncheon**  
(Serves 6 to 8)  
20 stalks of canned or cooked asparagus  
6 slices of cooked or cold ham  
1 can of mushroom soup  
1/2 cup cream  
6 slices buttered toast

Mix mushroom soup with cream. Heat thoroughly. Place ham slices over toast, top with a few stalks of asparagus. Pour soup over all and run under the broiler for a few minutes.

If the family is home for lunch, it doesn't take long to prepare delicious and nutritious cheese, vegetable pie and serve it along with fresh fruit and berries for a vitamin-rich lunch.

**Stuffed Onions**  
(Serves 6)  
Cook 6 large Bermuda onions in boiling salted water for 30 minutes. Remove center and stuff with following: Combine 1 can of pork and beans with ½ teaspoon dry mustard, ½ teaspoon salt, 2 tablespoons chopped onion centers. Stuff onions. Sprinkle each with 1 teaspoon brown sugar and heat through.

**Stuffed Baked Tomatoes**  
(Serves 6)  
Scoop out center of six large tomatoes. Brown 1 tablespoon of chopped onion, 2 tablespoons chopped green pepper in 2 tablespoons of butter. Add 1½ cups corn cut off the cob, 2 beaten eggs and ½ cup bread crumbs and season to taste. Stuff tomatoes and sprinkle with grated American cheese. Bake in a moderate oven for 25 minutes. Chopped leftover ham or crumbled bacon or cubed sausage may be added to the corn if so desired.

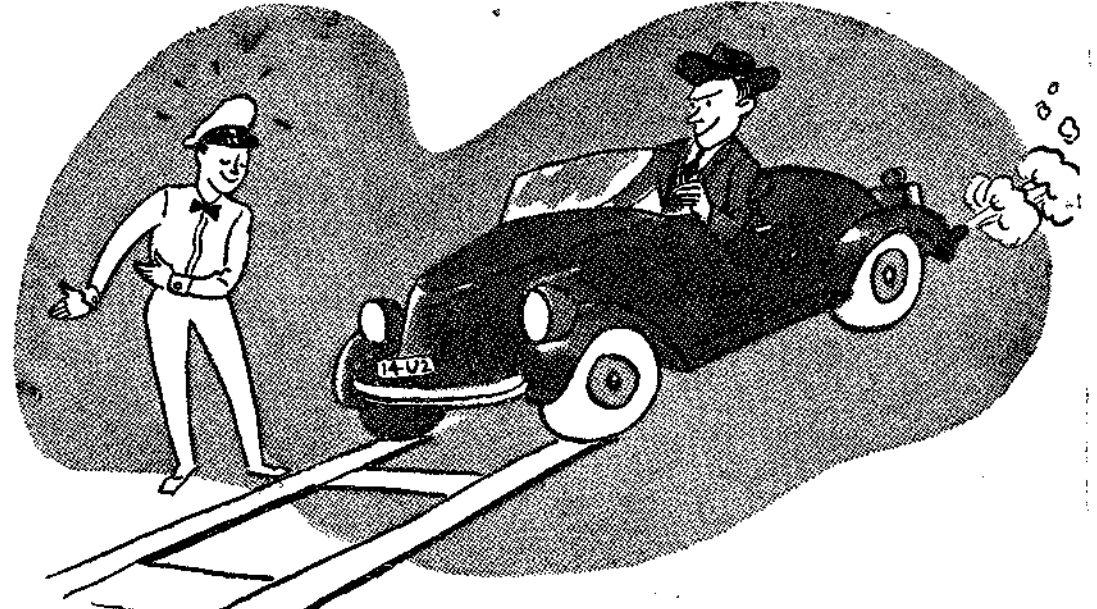

Another good stuffing is canned macaroni or spaghetti. Stuff the tomato and bake until the tomato is done.

Fillings for dairy sandwiches can be prepared ahead of time and the sandwiches made finger or triangle style at a minute's notice. These will keep well: Deviled ham and cream cheese; peanut butter moistened with honey and orange juice; cream cheese and chopped nuts; liver sausage with chili sauce; dried fruits, honey and nuts.

If you have room, store small cakes in the refrigerator to serve for guests. They'll keep better when chilled.

editor, announced his intention of "throwing up the sponge" and discontinuing publishing the paper because expenses were running higher than receipts. Business men of Owendale, in a little missionary work around that town, secured several advertising contracts, and with prospects brighter, Publisher Brookins has decided to continue publishing the Herald.

The electrical storm of Friday night at Gageton was the worst that was ever witnessed there. Olis Ryan lost two horses, M. Vallance had four horses killed and numerous buildings burned.

John Muntz recruited a snappy baseball team when he took his pick from players at Caro, Akron, Bad Axe and Cass City to meet the White Star Refining Co.'s team of Detroit here on Saturday afternoon. Pitchers of opposing teams held batters to five hits each in a good game. The Refiners won the contest.

The gasoline war which started over a week ago in South Dakota reduced the price of Standard Oil from approximately 24 to 17 cents through effort to meet competition of state-owned filling plants.

Complaints from other states who were paying a higher price resulted in a reduction so now we are filling our gasoline tanks at 17.2 cents a gallon.

later the French selected Point St. Ignace as a site for Fort Michilimackinac, a fact usually forgotten by travelers who visit the reconstructed fort at Mackinaw City. It was 1712 that the French fort was moved to the south side of the straits, across from St. Ignace. The threat of George Rogers Clark, after the Revolutionary war when the British contested for possession of the North West, prompted the Redcoats to move the fort in 1780 to Mackinac Island.

The beginnings of Mackinac, a name originally given to the country bordering on the straits, were at Point St. Ignace on the Upper Peninsula side.

St. Ignace is verily a real "whistle stop."

The ferry boats whistle, coming and going. Economic life of the community is linked vitally to the flow of commerce across the straits. It is a lively place.

During warm summer months the lines of automobiles grow long, as midwest visitors patiently await arrival and loading of the next ferry boat. In the fall the deer hunters, laden with guns and equipment, jam the town, north-bound for camp.

The ferry ride across the straits is a symbol of old and modern Michigan. Where else in these United States is there such a unique state-maintained transportation service? It exists because Michigan consists of two peninsulas, separated by the Straits of Mackinac between Lake Huron and Lake Michigan.

Michigan's Great Lakes also are the tombs of hundreds of vessels and thousands of men and women. Even modern science and its radar, miracle discovery of World War II, have not overcome the perils of the deep.

Capt. Russell Bergh, commanding officer of the coast guard cutter, Sundew, brought this grim fact to our attention during a fog-bound cruise from Charlevoix to Beaver Island on Sunday, June 27. Aboard were 124 Michigan newspaper editors and members of their families, all bound for St. James to attend dedication of the marker at the Old Mormon Printing House.

Captain Bergh, a veteran seaman of Norwegian descent, was proud of the boat's radar. In a magic circle a revolving beam illuminated anything two feet above the surface of the water, land or boats. Then the radar equipment jammed due to reasons beyond the operator's control. Outside, the fog was thick as soup. Seamen resorted to the ancient method of sounding for depth. Finally as the cutter drifted dangerously into shallow water, Captain Bergh sent a radio appeal to the coast guard station at St. James, and a picket boat hurried out to guide the cutter into harbor.

You recall incidents, such as this, when you behold the Straits of Mackinac. Drama rides the Great Lakes. It is a vibrant part of Michigan.

### Flying Hoofs

THE mule had just balked in the road when the doctor came by. The farmer asked the physician for something to start the mule. The doctor reached down into his medicine case, and gave the animal some powders. The mule switched his tail, tossed his head and started on a mad gallop down the road.

The farmer looked at the flying animal:  
"How much did that medicine cost, Doc?" he asked.  
"Oh, about 15 cents," said the physician.

"Well, give me a quarter's worth, quick! I've got to catch that mule!"

### The Other Half

The former United States Senator James E. Watson, recalling his days as a struggling lawyer, related an amusing story about one of his first cases. His client was a rambunctious old Irish woman whose unpredictable and irascible actions bedeviled not only the august court, but her own sweating attorney as well.

The old lady had only one lawyer, while the opposition had two, an advantage which seemed to weigh exceedingly heavy on her mind. Watson was not greatly concerned about the outcome, and sought to reassure his client; but without avail.

"Mary," he finally demanded, "what on earth do you want another lawyer for?"

"Faith, and you have the nerve to ask me that!" she shrieked in tones which arrested the attention of the court and spectators alike. "Well, you see, on their side when wan is talkin' the other wan is a-thinkin', while on our side when yez are talkin' there's no wan a-thinkin'!"

### Community Washing Machines

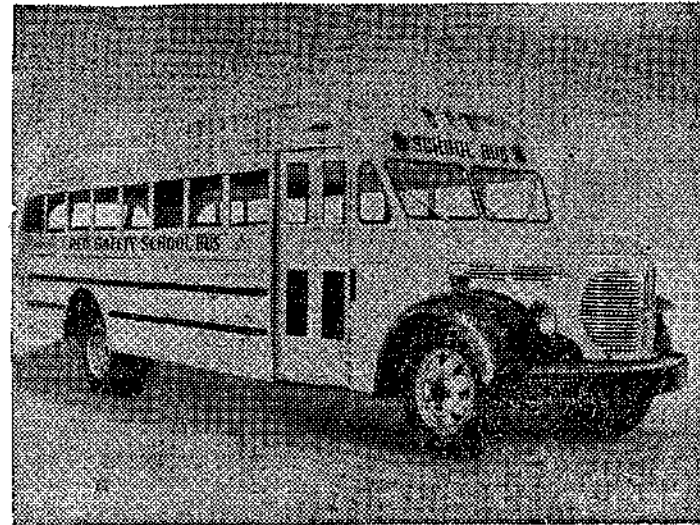

There are some 20,000 self-service coin operated washers in New York City apartment houses. Permits are required for each machine, and health inspectors see that owners—mostly operating companies and not landlords—furnish adequate supplies of hot water.

## Air Bubbles Deaden Underwater Noises

NEW YORK.—Streams of bubbles,  
rising something like those in a  
carbonated drink, are good ear-  
plugs against underwater noise.

They act like an insulating screen,  
deadening a large amount of the  
noise, Donald P. Loye and Wil-  
liam Fred Arndt have reported in the  
Journal of the Acoustical So-  
ciety of America.

The bubble screen, they said,  
proved effective at Pearl Harbor  
in insulating the entrance to a re-  
pair dock against much underwater  
noise coming from other parts of  
the harbor.

The repair dock was used as a  
test area to measure the amount  
of noise made by machinery and  
operation of the submarines. It  
was vital to quiet down the United  
States subs to make it harder for  
the Japanese to hear them. Under-  
water noises from the other ships  
in the harbor interfered with such  
tests.

Loye and Arndt, then with the  
United States navy underwater  
sound laboratory, said the air-bu-  
ble screen, unlike any kind of gate,  
didn't have to be opened or closed  
to allow a sub to enter or leave the  
dock.

The first system for the bubble-  
making used a pipe with small  
drilled holes, with compressed air  
pumped into the pipe. But this sys-  
tem itself was noisy.

The best arrangement, they said,  
was a pipe with many small holes,  
with the pipe covered with a loose-  
fitting leatheroid sock. This sock  
had a few rows of holes made by a  
sewing machine needle. Air com-  
ing through the tiny holes made lit-  
tle noise, and the bubble screen  
had a sound insulation effect of 24  
decibels.

## Defendant Drinks Only Two Bottles of Beer But—

OMAHA, NEB.—A young man  
charged with drunkenness shook  
his head in bewilderment before  
Judge Perry Wheeler in municipal  
court.

"Judge," he said, "I don't  
know what happened. It just hit  
me all of a sudden. I had two  
bottles of beer."

"Don't kid me," the judge  
scolded. "Two bottles of beer  
wouldn't knock out anyone."

"These were half-gallon bottles,  
Judge," the defendant replied.  
The judge fined him \$2.50.

## Indian Manufacturer Fails To Spend Four Million in U. S.

NEW YORK.—K. N. Modi,  
wealthy Indian manufacturer, ar-  
rived in America with four million  
dollars in gold to spend in 30 days  
flat for industrial equipment.

He couldn't get what he wanted  
in England, so he came to America  
for action. He got it. And he spent  
at the rate of \$46.29 a minute night  
and day.

But he had to admit failure. He  
is flying back to his home in Mod-  
inagar, India, with two million dol-  
lars unspent.

"However," he added brightly,  
"I'm going to spend the rest from  
India on American equipment as  
soon as I can close the deals."

Most of the money was spent on  
machinery for making margarine,  
textiles and caustic soda and equip-  
ment for a solvent extraction plant.

Modi smothered his disappoint-  
ment over being unable to spend  
fast enough with admiration for ef-  
ficient American business methods.

"And there were hundreds of let-  
ters from people wanting to help  
me spend my money," he said. "I  
kept two stenographers busy just  
answering letters. Every one I an-  
swered."

## Texans Plan to Construct World's Tallest Building

HOUSTON, TEX.—Houston may  
be on its way to boasting the  
world's tallest building, taller by  
101 feet than New York's Empire  
State building.

Plans are being considered by  
the United Building Supply Com-  
pany, for erecting a 140-story  
structure, says Murel Goodell, gen-  
eral manager.

The out-scraping skyscraper of  
them all would cost "in the neigh-  
borhood of 25 million dollars,"  
Goodell said.

Floor space, Goodell said, would  
be about 1,500,000 square feet. The  
building would stand one foot taller  
than the unfinished Palace of the  
Soviets in Moscow.

## Fire Fan, 8, Hurlled in Air By Water Stream From Hose

MEDFORD, MASS.—A small boy  
watching a fire at 17-19 Lawrence  
road was seriously hurt when a fire  
hose slipped off a hydrant and a  
powerful stream of water struck  
him in the chest, literally lifting  
him off his feet and hurling him  
under a parked car on the other  
side of the street.

Dana Whittemore, 8, son of Mr.  
and Mrs. Roger D. Whittemore of  
133 Ashcroft road, was at Lawrence  
Memorial hospital with a brain con-  
cussion and a possible skull frac-  
ture.

## 1947 Potato Crop

The 1947 production of potatoes—  
more than 44 million bushels—was  
nearly two million greater than in  
1946. In both years the crops were  
nearly a third larger than the 1944  
and 1945 crops of less than and  
more than 33 million bushels.  
These four large crops compare  
with an average of about 20 million  
bushels for the 10 years from 1936  
to 1945.

## June Reverses the Downward Trend in Automobile Deaths

The recent downward trend in traffic fatalities in Michigan was reversed during the month of June with the death of 119 persons, a new high for the year, according to the Michigan State Police.

All of the increase was on rural county road systems, the urban toll being down nearly one-half. Pedestrian and bicycle fatalities decreased, but there was a sharp gain in deaths resulting from railroad train-motor vehicle collisions.

Despite the June reversal, the total of 583 deaths during the first six months of the year is still four per cent below that of the same period last year, when 608 lost lives. It is 36 per cent less than during the first half of 1941, when traffic reached its peak prior to the year. In addition, mileage for the first five months of this year was up 11 per cent over 1947, but the death rate was down 13 per cent on the same comparative basis.

Injuries and total number of accidents continued their upward march. Injuries numbered 3,543, an increase of five per cent over June of 1947, and accidents totalled 10,920, a gain of eight per cent.

The record for the first six months of the year shows 17,811 injured, an increase of eight per cent, and 68,943 accidents, an increase of five per cent over the same period last year.

Fourteen counties reported no traffic deaths during the first half of the year. They were Baraga, Benzie, Charlevoix, Gladwin, Kalkaska, Leelanau, Mackinac, Missaukee, Montmorency, Newaygo, Oscoda, Otsego, Roscommon and Schoolcraft. Thirty counties reported an increase, 28 a decrease, and 11 had the same number as occurred in the like period of last year.

**Forgotten Inventor**  
Peter Cooper, who had very little education, became a machinery builder, furniture manufacturer, and a glass and isinglass producer. In 1828 he built an iron foundry in Baltimore. In 1830 he designed, constructed and patented "Tom Thumb," the first steam locomotive in America.

## RESURFACING OLD PAVEMENTS IS AIM OF STATE HIGHWAY DEPT.

Concluded from page 1.

volumes. The commissioner said all pavements so far resurfaced are giving much better service than engineers had anticipated and that undoubtedly 10-years' life expectancy for resurfacing is a low estimate.

The Michigan State Highway Department this year has completed 50 miles of bituminous resurfacing on old pavement, has another 115 miles under contract for construction and expects to ask for bids on additional miles of resurfacing before the end of 1948.

It has been found that bituminous resurfacing seals the pavement against infiltration of surface water which is one of the major factors causing concrete cracking. Also it provides a non-skid, all weather resilient surface which many motorists prefer to concrete.
