The above picture shows the type of business buildings which are being erected by International Harvester Co. dealers and illustrates the design of the new business block which has been built on East Main St. by the H. O. Paul Co. this summer. The building joins the Chronicle office on the east.

The new building block was started last May when the foundation and cement blocks for the rear half of the building were laid. The company conducted business operations in their old building, until the first half of the new block was completed and then transferred their operations to the new, and then the remainder of the old building was torn down and the second half of the new was started.

The new building is 66 by 96 feet in size and has a 10 ft. canopy extending from the north end and 16 ft. canopy on the east side. The shop room is 50 by 66 ft. in size with a 16 by 16 ft. unit overhaul room between the shop and the merchandise display room which is 21 by 49 ft. in size. Located between the display room and the shop are also the main, sales and service offices. At the west of the merchandise display space is a parts room, 17 by 36 ft., in which are placed bins and shelves for machine parts, all conveniently located and within easy reach.

The shop room has large windows on three sides and a series of smaller windows next to the roof on the north, making it a very well-lighted work room. Among the new appliances added

ohn Marshall were co-hostesses post headquarters here Tuesday,

are a 70-ton press, a hoist for servicing all sizes of trucks and two chain hoists. Two trol-educts each has two tracks. One carries a 220-phase current and one a 110-phase current.

A shower and lavatory for employees join the shop room and two lavatories for customers open from the display floor. The electrical lighting layout was designed by Roy Robin-son, the Detroit Edison Co.'s lighting adviser. A total of 35 ft. candlepower is available at any point throughout the building, thus eliminating any shadows. Fluorescent lights are used in the ward latert lighting component throughout the building.

thus eliminating any snadows. Florescent lights are used in the very latest lighting equipment. The building is heated by a hot water system and has three thermostatic controls for offices, show room and shop. The general contract was awarded to McLeilan Bros., a local firm, who handled all the carpenter, mason and decorating exclusion exclusion to the M & M work, subletting the heating and plumbing to the M. & M. Plumbing and Heating Co. and the electric work to Thos. Campbell.

Deil. The H. O. Paul Co. use a page advertisement in the Chronicle this week in announcing the grand opening of this at-tractive, convenient and modern building on Friday and Satur-day, Nov. 5 and 6, and the entertainment features in connection

## Cass City Unbeaten, **Beachers Bow To U. T. Leaders**

TWELVE PAGES

Cass City High School league leading football team won from Harbor Beach 82-0 on Friday, with Jerry Fritz scoring three touchdowns.

Fritz twice broke away on reverse plays for touchdowns, once for 25 yards and again for 15 yards. Midway in the third quarter, he broke off tackle for 45 yards and another touchdown.

Cass City's other two touchdowns came on forward passes-Jerry Prieskorn to Harry Willard and Tom Schwaderer to Floyd Roach.

Fritz kicked two points after touchdowns from placement. The score

**Elevator Department** 

FOR POULTRYMEN

**Operation Ragweed** Ragweed is responsible for about 80 per cent of hay fever discomfort during the summer. It is combatted in many communities by spraying with 2,4-D, chemical weed-killer.

Sulfur in lamb rations has been proved effective in protecting lambs against enterotexemia, an affliction also known as "overeating disease." Various amounts of sulfur were fed to three lots of lambs. Death losses from enterotoxemia ranged from less than 1 per cent in the group receiving the heaviest dose, to approximately 6.5 per cent in the lot receiving the lightest dose.

#### Lunch Box Magic WHILE THE YOUNGSTERS struggle with readin', writin' and rithmetic, mother frequently has her problems with the lunch boxes which she must fix for the family

The lunch box preparation is a steady grind now that school has women

meals out of a box; so here are If you have several lunches to prepare, have jars of filling ready.

kept handy on a tray so that you don't have to scurry around for waxed paper or a knife while you try making sandwiches in the midst of breakfast preparation and serv-

BE KIND to the budget and make the whole thing as simple as pos-sible by making several jars of filldrained. ing beforehand so they can be slicked on the sandwiches easily. with grated raw carrots, grated Here are several ideas tailored to raw onion and mayonnaise.

Special Sandwich Filling

**Rained** Out

A FTER a few words, mostly spoken by the young wife, her husband sprang to his feet.

"You've gone too far," he exclaimed, angrily. "This is our last quarrel. I'm going right out of your

"Oh, Henry, darling, where are you going?" she cried.

"Where I'll never trouble you again," he replied, as he started to open the door. "I'll find a place where wild adventure will wipe out the memories of this moment-perhaps in the jungle—or on the stormy seas . . .'

As he spoke he opened the door, then closed it again, and turned sternly to his wife. "It's lucky for you it's raining,"

he said

#### It's The Law

A piece of paper under the windshield wiper of a brand new convertible parked in a street read: 'Attorney-am inside attending to business.

Below, very neatly written, was this comment: "Policeman - I'm outside attending to business" and on the door was a parking ticket!

Mean temperature of Idaho is 56 degrees, milder by 5 degrees than Ohio and 12 degrees milder than Main and New Hampshire.

CASS CITY CHRONICLE, CASS CITY, MICHIGAN FRIDAY, OCTOBER 29, 1948 PAGE THREE

HANDICAPPED CAMPAIGNER . . . Representative William E. Hess (Rep., Ohio) was not as young as he thought, and when he tried to play ball with some small boy friends he wound up in bed at Bethesda naval hospital in Maryland. Amidst a nightmarish effect of pulleys, opes, and exercise gadgets he conducts business as usual. He anvers his daily mail and also directs his campaign for re-election.

Pittsburgh paints, look better, stay brighter longer.

# Auction Sale!

2 tablespoons prepared mustard The farm known as Springwater Guernsey Farm has been sold. I will sell at public auction the following personal property on the Simmer liver in salt and water until tender. Cool and put through premises located 2 miles south and  $1\frac{1}{2}$  miles east of Deford, or 8 fine blade on food chopper. Run bacon through chopper. Mix all in gredients, place in jars and chill south and  $\frac{1}{2}$  mile east of Cass City, or 11 miles north and  $\frac{31}{2}$  miles west of Marlette on Mushroom Rd, on HERE ARE OTHER well-liked

**Directors Elected** 

**Of Unionville ABA** 

At a meeting held in the Unionville High School Wednesday evening, October 20, twenty-five dairy i farmers signed membership agreements to become members of the Unionville Artificial Breeding Association.

The following officers were elected: President, Korte Othersen, Unionville; vice president, Donald Stoll, Unionville; secretary-treasurer, John Koepf, Unionville; directors, Carl Armbruster, Sebewaing; Theodore Kramer, Unionville; Albert Bach, Sebewaing; Jack DeSimpelare, Unionville.

A special meeting of this board was held at the home of Carl Armbruster, last Monday evening. Franklin Stoll, Unionville, was hired as inseminator-manager. Mr. Stoll completed the training course at Michigan State College last son-in-law, Mr. and Mrs. Chas. week.

Townships to be served are Brookfield and Sebewaing in Huron County and Akron, Columbia, Wisner and parts of Almer, Fairgrove and Gilford in Tuscola County.

#### **Highest Yacht Anchorage**

Grand Lake. Colo., is the highest yacht anchorage in the world. The little town of Grand Lake on the west and Estes Park village on the east are gateway points for Rocky Mountain National park - a vast scenic and recreational area maintained by the government for the people of the nation.

Barr and Geoffrey White, are making road trials of the revolutionary invention, the world's first gasturbine auto engine. The engine, which was shown for the first time at the British industries fair, now is installed in a specially-built saloon chassis. It s being driven along Britain's roads in preliminary trials that may change the entire auto industry. Their turbocar, which it is hoped to have in mass production by 1950, gives a performance like a gasoline-driven car of 160 b.h.p. and will have a speed range from one-half to 105 m.p.h. It will run on diesel oil, without vibration or exhaust fumes, with no radiator. no clutch and no gearbox.

on all these counts

... at prices that are lower than those of any other car in its field!

smoother, steadier, safer ride than other cars in its field. That reason is that Chevrolet alone has the original Unitized Knee-Action Ride, backed by more than 14 years' experience in building Knee Action units. This feature is found elsewhere only in higher-priced cars. Body-Construction-safety plate glass in windshield and windows-the unmatched road-steadiness of the Unitized Knee-Action Ride-and the greater stoppingpower of Positive-Action Hydraulic Brakes -fourfold safety-protection exclusive to Chevrolet and more expensive cars!

You know-and your friends know-that the emblem, Body by Fisher, is the hallmark of bodies that are better by for. Chevrolet's Bodies by Fisher reveal this finer quality inside and out-in corry detail-including the hardware, the upholstery and all appointments. Naturally, these finer bodies are exclusive to Chevrolet and higher-priced cars.

holds all records for miles served, owners satisfied, and years tested and proved. And Valve-in-Head engine-design, like so many other Big-Car quality features, is an advantage that is found only in Chevrolet and higher-priced cars.

CASS CITY

## **Down Memory Lane**

FROM THE FILES OF THE CHRONICLE

#### **Twenty-five Years** Ago November 2, 1923.

The high school fair held Friday evening was indeed a success both in the eyes of the management and patrons. All booths were well patronized and about \$300 was taken in.

The Huron County poor farm has shown a profit in all of the last garage on East Main St. ten years but three. Receipts during that time have been \$32,613.83, while the disbursements have been \$30,242.83, showing a net gain during the ten years of \$2,370.98, reports to the board of supervisors show.

The Dairy Alfalfa Campaign for Sanilac County, a series of 80 barnyard meetings and six night meetings, will start on Nov. 5 and end on Nov. 16.

Cass City vs. Bad The game, Axe here on Wednesday, was very unique in that Cass City has not been able to gain supremacy over Bad Axe in football for five years. The last game in which Cass City won over them, the locals were aided by Earl Gowen, now a student at the U. of M., who played the position of quarterback. In the game Wednesday, Cass City was again aided by a man playing quarterback, namely Alfred Gowen, brother of Earl. At the end of the

game, the score was 18-0 in Cass Cîty's favor. Frank Collins left here Sunday with his wife and brother on a motor trip to Florida where they

expect to spend the winter months. Thirty-five Years<sup>♥</sup>Ago

November 7, 1913 The board of supervisors in session at Lapeer adopted a resolution

requiring that all prisoners detained in the county jail hereafter shall be compelled to work on the highways of the county during the terms of their sentences without compensation. Kain & Goodboe is the name of

the new firm of auto repair men who have leased the Striffler

The Fitch residence in the southeastern part of town has been sold to Andrew Seeger.

At the next spring election Tus-cola County will for the second time vote on a proposition of bonding in the sum of \$100,000 for he purpose of building a new courthouse. Voters of Huron County will consider the same proposition for the third time next spring. The cost of the Huron County courthouse is not to exceed \$75,000. Miss Isabella Marshall went to Bear Lake Wednesday to visit at the home of her brother, Archie Marshall, for a short time. From there she will go to Bishop, Cal., and spend an indefinite time with her brother, Alex Marshall.

#### Use of Silver

American industries last year used 100 million Troy ounces of silver and it is estimated that consumption will be equally high during 1948. Before the war an annual average of around 30 million ounces went into varied manufacturing processes. As industrial use here increased, the demand for silver for subsidiary coinage has decreased or ceased in many countries.

Flying Farmers

Nearly half the student pilots in

the United States are farmers.

Hendree started work on his ma-chine in 1901 and had it ready in 1902, calling it the "Indian motorcycle." The earliest machines were equipped with a crude belt drive.

First Motorcycle

A Belgian put together the first

actual motorcycle early in 1900,

which creation was followed within

few months by the building of a

somewhat similar one in the United

States. George Hendree, of Spring-

field, Mass., was the first Ameri-

can to build a definite motorcycle.

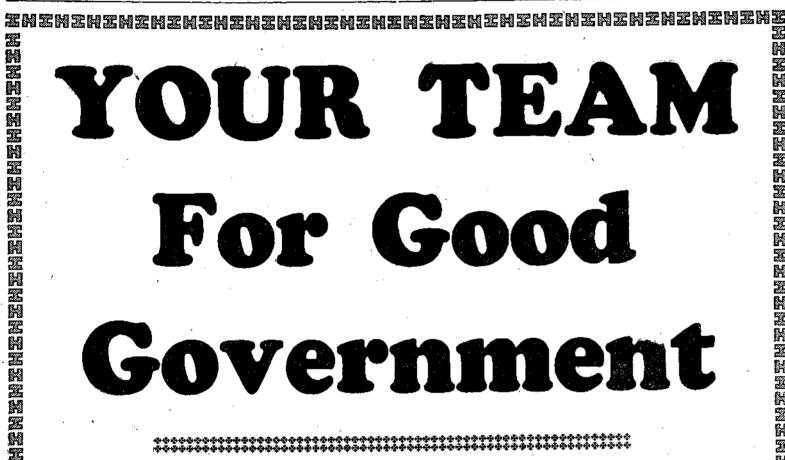

DA PREEM PERFORMS . . . Yes, it's old satchelfoot himself, Primo Carnera, former heavy-

weight boxing champion of the world. He's now wrestling for the entertainment of Brazilians in Rio and doing well at ft.

When Idaho Was Young For the first theatrical produc-tion in Idaho territory, "William Tell," two men had to travel 46 miles to secure fiddle strings for

use in the musical numbers. Make your reading time payread Chronicle ads.

#### **Thumb Prints**

BAD AXE-The Huron county eterans memorial, erected here ecently on the courthouse lawn, will be officially dedicated Nov. 7 at a ceremony to be held under the sponsorship of the county allied veterans council. Members of the 5 veterans posts of the county are scheduled to participate in the dedicatory service which has been

set for 3:00 p. m. YALE--Haircuts are 40 cents in Yale as the result of a price war fought by four barber shops. They all started from scratch with \$1 cuts. Gilbert Burton cut to 75 cents, so Claude Pratt, Juel Henry and Robert Thompson cut to 50 cents. Burton matched them, so they cut to 40. Yale males are well shorn, taking advantage of the situation before a peace pact is signed.

CAPAC-The Albert E. Glassford Post. American Legion, on Sept. 15. presented a \$1,200 scholarship to a Capac high school graduate, and nine days later dedicated a Community Memorial athletic field, toward which it had donated more than \$2.000. Winner of the scholarship was Kathleen Flynn, daughter of Mr. and Mrs. Jeen Flynn of Capac. She will receive a \$300 per year grant for four years, and has enrolled at Central Michigan Colege at Mt. Pleasant where she will major in physical education. During her high school career she was active in dramatics, athletics and music.

#### Live Wire Victim

Never touch a person who has been shocked while he is still in contact with the electric circuit unless you know how to remove him from the wire, or the wire from him, without danger to yourself. Have someone immediately call the nearest doctor and the lightning company

#### Tallest Structure

Empire State building, in New York City, tallest structure in the plentiful known on earth. It is relatively a world, rises 102 stories to a height very stable substance. Little "new" of 1,250 feet. It contains 67 elevawater is ever formed and little tors with seven miles of elevator "old" water is ever destroyed. shafts.

Plenty of Water Water-a mineral-is the most substance compound

### Grant W. S. C. S. **Observed** Day of **Prayer Recently**

The Grant Woman's Society of Christian Service observed a "Day of Prayer and Self-Denial" at the home of Mrs. Ralph . Tebeau recently.

Mrs. Arthur H. Moore, president of the society, led the program and worship service.

The following interesting papers were given: "Rulisan and McTyèire Schools," Mrs. T. J. Heron; "Christian Nursing in China and 1 Nurses' Homes for the Hospitals," Mrs. Hasket Blair; "Latin-American Social Center, San Marcus, Texas," Mrs. Frank McCallum;

"Lavinia Wallace Young Mission, Nome, Alaska," Mrs. Martin Moore. The response was given by Mrs. Howard Britt. Two guests were present Mrs. Wilbur Ellis and daughter, Edna.

Lunch was served by Mrs. Tebeau Bindweed Seeds Bide Time Seed of bindweed has long been known to rentain viable in the soil for many years. This long life has

been an important factor in making this weed one of the farmers' most tenacious pests.

Remembering Birthdays

To keep from forgetting friends' and relatives' birthdays and anniversaries, go through your calendar for the year and encircle every date with red which you wish to remember.

**Prevention of Paint Blister** Blistering and peeling of paint on hollow porch columns can be prevented by boring a hole or two in the top and bottom of the column to let the air circulate through the interior of the column, says "American Painter and Decorator" which explains: "Blistering is caused by moisture which works its way up into the insde of the column. Since there is no easy outlet for that moisture, it works its way .out ture and home economics at Michithrough the wood, under the paint, and forms a blister which later breaks and peels off." It is suggested that the holes which are bored

in the column be covered with wire screen to prevent insects from getting into and breeding inside the column.
