

Wm. Profit Chosen President of the Community Club

Keith McConkey, chairman of the nominating committee of the Cass City Community Club, presented the following names as directors at the November meeting of the club Tuesday evening: C. U. Brown, representing the Baptist Church; Millard Ball, Church of Christ; Kenneth Maharg, Catholic Church; Frank Weatherhead, Evangelical United Brethren Church; Horace Bulen, Methodist Church; John Guinther, Nazarene Church; M. B. Auten, Presbyterian Church; Leslie Lounsbury, Sunshine Methodist Church; and Wm. Profit, representing the community at large. All are serving as directors this year with the exception of Mr. Profit. These nine men were elected to office Tuesday evening, together with pastors of local churches and the superintendent of schools, will constitute the board of directors for the year 1949.

The directors Tuesday evening chose the following officers for 1949: President, Wm. Profit; vice president, Horace Bulen; secretary, Kenneth Maharg; treasurer, Leslie Lounsbury.

Seventh and eighth grade girls of the Cass City Junior High School presented a one-act opera entitled, "Marge Goes Modern," under the direction of Mrs. Don Borg as the first number of Tuesday evening's program. Some exceptionally fine solo and chorus numbers were given by the youthful singers.

Audley Rawson presented Jesse P. Wolcott, Congressman from the seventh district, as the evening's speaker.

"While there are forces at work in this country to destroy Americanism, they are bound to meet disappointment," said the speaker, "for the strength of the democracy will be maintained. We are the strongest nation in the world. With about 7% of the world's population, we produce more than one-half of the world's goods and consume an equal amount. It is not an accident that we are in this position. It was studied out and planned by our forefathers. If America is going to remain strong and great we must understand its issues and problems, being always alert to study both sides of the question."

Congressman Wolcott predicted that at the next session of Congress, the Taft-Hartley bill may be modified but not repealed, farm support will be continued, and changes in the tax structure will probably show increases.

"There is no danger of immediate war," he said. "The consensus of opinion in Washington is that Russia will stop short of conflict of arms."

The evening's program followed the enjoyment of a chicken dinner served by the Evangelical United Brethren Ladies' Aid. Diners each received a boutonniere from the Cass City Flower Shop in observance of national flower week. Table decorations were attractive arrangements of fall flowers.

Pigeon H. S. Won The Upper Thumb Championship

Pigeon High School won the championship football honors of the Upper Thumb here Friday night by defeating Cass City 6 to 0.

The win gave the Huron County team a total of 13 points through six victories and one tie game. Cass City, leaders up to Friday, finished in second place through six victories and one defeat. The game Friday was the first in which the local team were held scoreless this season.

In the third period, Duane Bueschlen ran 46 yards for the only touchdown of the game. A forward pass for the extra point failed.

Cass City threatened to score twice in the first half, first recovering a blocked punt on Pigeon's five-yard line for a first down and later driving to a first down on the Pigeon 15-yard marker.

Both teams may be proud of the loyal support of fans who watched the game in a pouring rain. The muddy gridiron made conditions anything but pleasant for players. Large delegations from both Pigeon and Cass City brought out a crowd of approximately 1,300, the largest of the season here.

The heavy rain broke 23 electric bulbs on the field Friday night. At about \$5 per, the loss was around \$115.

Bartholomy-Kirsch Nuptials at Adrian

From Adrian Daily Telegram

St. Peter's Church in Blissfield was the scene of a lovely autumn wedding Saturday morning when, in a double ring ceremony, Miss Verena Kirsch, daughter of Mr. and Mrs. Theodore Kirsch of Route 3, Blissfield, became the bride of James Bartholomy, son of Mr. and Mrs. Jules Bartholomy of 445 West Maumee Street, Adrian. The couple repeated their nuptial vows before the church altar, holding arrangements of white pompons. The Rev. Fr. James McCabe performed the ceremony.

The nuptial mass was played and sung by Mrs. S. F. Rost and Mrs. L. F. Rost.

For her formal October wedding, the bride was attractive in her wedding gown of white satin. She entered the church on the arm of her father who gave her in marriage. The gown featured a marquise yoke edged with lace and satin ruffles. Tiny satin-covered buttons extended down the back of the tight fitting bodice. Both sides of the skirt were fashioned with alternating satin and lace ruffles while a bustle effect accented the hipline. The skirt swept into a full court train. Her attractive bridal veil was finger tip in length. Caught to a Dutch cap, detailed with pearl and silver beading, the marquise veil was edged with six inch lace. A white orchid was arranged on the white prayer book she carried from which cascaded white satin streamers, tied with white baby pompons.

As the bride's only attendant and maid of honor, Miss Jane Bartholomy, sister of the bridegroom, was likewise attractive in her colonial styled gown in champagne golden taffeta, featuring a yoke of marquisette. The full hooped skirt was caught up to reveal a golden ruffled petticoat. She carried a colonial bouquet of yellow, white and bronze-colored pompons, tied with great satin ribbon. Her headdress was of white and bronze pompons.

Mr. Bartholomy asked Gilbert Kirsch to be best man. Seating the wedding guests were Don Bartholomy, Gordon Kirsch and Edward Ballenberger, Jr.

For her daughter's wedding Mrs. Kirsch chose a forest green dress

and hat. Her other accessories were in black and she wore a corsage of yellow and white chrysanthemums. Mrs. Bartholomy selected a matching plum-colored dress and hat ensemble. Her accessories were black and white carnations made up her corsage. Mrs. Fred Hallock of Oxford, Mich., attended her grandson's wedding in a green suit with brown accessories. Her corsage was of yellow and white chrysanthemums.

After the impressive service, a wedding breakfast was served to 25 members of the immediate families at the Family Inn. From 3 until 5 o'clock in the afternoon the couple was honored at a reception at the Inn. A feature of the refreshments was a traditional four-tiered wedding cake. Mrs. Edward Ballenberger, Jr., was in charge of the guest book. Out of town friends and relatives attended from Flint, Lake Orion, Oxford, Jackson and Toledo.

After a week's wedding trip, Mr. and Mrs. Bartholomy will make their home at 425 South Winter Street. For traveling the bride chose a two piece bronze suit. Her yellow blouse was a contrast to her brown accessories and she pinned her bridal orchid to her shoulder.

The bride is a graduate of Blissfield High School in the class of 1942 and of the Mercy School of Nursing in Jackson in 1946. She is now industrial nurse at the Kaiser-Frazer plant in Adrian. Mr. Bartholomy was graduated from St. Mary's High School in 1944 and is employed as a printer by the Finch Printing Co.

proved at this time.

As we see it, the election of G. Mennen Williams was not a mandate for this-and-that in the way of social reform. It was the indirect outcome of a "protest" registered by Republicans, for the most part, who had come to the conclusion that ANOTHER change was needed at Lansing! Why did they arrive at this judgment after only two years?

We recall a remark made by Secretary of State Fred M. Alger Jr., one of the original Sigler men at Lansing. Alger came to the capital city imbued with great ideals, as voiced by Sigler during the campaign. Here was an opportunity for public service of the highest order.

Did Alger get an opportunity to become a member of an administrative team, as Harry Kelly had successfully developed during his four-year incumbency as governor? The answer is no. Sigler failed in this respect to effect a working partnership with his own state officials and with the legislature. This failure was costly. Alger is remaining at Lansing. Sigler is not.

Lansing—Kim Sigler, Michigan's ex-cowboy governor, now a one-term!

Elected two years ago in a reform crusade upset, sparked by grand jury revelations of Lansing legislative graft, the colorful Kim will now be succeeded on Jan. 1 by a 37-year-old veteran of World War II, another political amateur, a man whom the governor casually selected to serve as a Democratic member of the liquor commission.

This capital city is still catching its breath. Despite rising opposition to Sigler, largely from within the Republican party, the forecasted Dewey landslide had been counted on by state officials to afford a safe margin for Sigler.

What happened then?

Since Dewey and Ferguson carried Michigan and since a Republican legislature was elected, it has become painfully obvious that many persons who voted Republican candidates did NOT vote for Sigler. This cannot be accounted for on the basis of persons who had been offended by Sigler during his grand jury days. Nor can it be justified by a conclusion that the people did not approve of his ideas for streamlining government. The results of the same election show that several Sigler-sponsored changes were given majority approval: A constitutional convention and better salaries for state officials and legislators by removal of constitutional limitations. True, repeal of the sales tax diversion amendment was emphatically rejected, but Sigler had given up any hope of getting repeal ap-

Uses of Paper

Everyone in this country uses an average of one pound of paper every day. Paper is made into such things as building materials and dish cloths, containers, waterproof maps, newspapers and magazines and hundreds of other products. This year's production may reach 22 million tons.

"Overwashing" Clothes

Avoid "over-washing" clothes. Running the washing machine too long adds unnecessary wear to the clothes, wastes electricity, and may even drive soil into the clothes if the water is very soiled.

Difference of Opinion

ONE day a brokerage firm learned that in his lectures at Georgetown University Supreme Court Justice John M. Harlan sometimes discussed pending cases. Immediately they had a smart idea. Why not have their lawyer enter the class at the university, and thereby garner some advance hints on court decisions which might affect the stock market? The deed was done.

One night the justice disclosed the principles involved in an important pending case, and set forth his conclusions. The broker's lawyer rushed away to his firm and counseled them to play the market to fit the anticipated ruling.

Came the decision, but the firm lost heavily in the market, because the decision had been contrary to the lawyer's expectation. When the lawyer anxiously sought the printed decision, he was struck by a single line printed at the bottom, which read: "Mr. Justice Harlan dissents."

WHIPPERSNAPPER

The clock struck 12. Father came to the top of the stairs and boomed: "Young man, is your self-starter broken?" And he received this retort: "It doesn't matter as long as there is a crank in the house."

Drunk? Cops Say Yes but—

SANTA FE, N. M.—State police solved the mystery of the tipsy patrol car. But for a time, it was embarrassing. The police telephone started ringing with reports that a car bearing state police markings was fouling up traffic here and the driver obviously was drunk. State police explained they had sold one of their cars to a used-car dealer. The official markings never had been removed, and Domingo Dolores Angel, 22 years old, took it for a spin. He pleaded guilty to drunken driving and was fined \$100.

Alone, Maine Man Sails Yawl Across Atlantic in 55 Days

NORTHEAST HARBOR, ME.—A 23-year-old marine engineer guided his doughty yawl into this harbor after a 2,600-mile solo sail across the Atlantic that he claimed clipped a day from the 56-day record for the lonely trip. Bronzed and smiling happily through a 55-day beard growth, Joseph Patterson of Bangor arrived aboard the 38-foot Seven Seas which he had brought by himself all the way from Setubal, Portugal. "Got a new record," he called to bemused waterfront residents who flocked down from their homes when news of his arrival spread swiftly through Northeast Harbor. "Did it in 55 days and that's one day shorter than the record," he said. "Might have made it three days sooner if I'd had a better break in the weather. "I stocked plenty of provisions," he said, "I had canned meats and plenty of vegetables and fruit juices and about 150 gallons of water. I used only about 40 gallons of water, though, because some of it was pretty rusty." The Seven Seas was equipped with a diesel engine, but this broke down one day out of Setubal, he said. His radio went dead two days before he sighted the Maine coast. "I ran into a lot of little squalls," he said, "but only one of them really hung on. That was a beaut. Lasted two days and slowed me down quite a bit." The Seven Seas boasted a roomy cabin with four large bunks and a galley. The vessel was equipped with electricity and a 10-foot row-boat was perched upside down on the roof of the cuddy. "Guess I should have been, but I wasn't," Patterson said with a laugh. "I just took my time and did a lot of reading and a little fishing and goldbricked around the Atlantic ocean. I was having too good a time to be lonely."

Boy, 12, Escapes From Bear After Exchanging Blows

EVERETT, WASH. — Twelve-year-old Larry Nowlin had a bear story, and he still trembled as he told it. Larry and two other boys were returning from fishing in a creek south of Everett when he said, he encountered a bruin in a wooded section near the city park. The boy had fallen behind when his line became entangled in the brush. He just had freed his pole and line and was setting out after his companions, he said, when the bear burst from the bushes. "I practically ran right into him," the boy said. "The bear swung at me and ripped my shirt. (He has holes in it as evidence). I took my hunting knife and slashed at the bear and then ran as fast as I could." It was fast enough. The bear hasn't been seen since. The frightened boy said he didn't have any idea which way it headed — and didn't care much.

Alabamans Search for Cause Of Green-Colored Downpour

MOBILE, ALA. — When green rain fell here, one boy brought a bucketful to the newspaper office, just in case anyone doubted him. After the downpour, sidewalks and streets for a four block area bore a lime tint. The weather bureau said the green rain could have been caused by some chemical being discharged into the air from an industrial plant. However, others believed that army fliers from nearby Brookley field had been experimenting. They theorized that some of the dye used by fliers who crash at sea to color the water and attract air rescuers had been dropped on a rain cloud.

Firemen Hithhike Ride to Blaze but Arrive Too Late

PHILADELPHIA. — Firemen of truck company 5 went to a fire by trolley and police car. The men were responding to an alarm when their hook and ladder truck broke down. Lt. Ralph Miracle flagged a passing trolley, explained the situation to the motorman and commandeered the trolley. After three blocks, the firemen abandoned the trolley in favor of a squad car. When they arrived, however, other firemen already had extinguished the blaze. Advertise it in the Chronicle.

HOUSEHOLD MEMOS... by Lynn Chambers

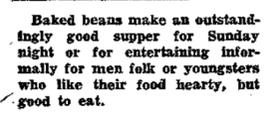

Single Dish Suppers Please Family Tastes; Most Prepare Quickly

EVERY HOMEMAKER needs several special dishes on which she can draw for Sunday night suppers and other occasions when company appears and needs hot and hearty refreshment. There are covered dish suppers at the church which are so popular, and then, too, the youngsters coming home from school games and events may want something to warm them as well as to satisfy their appetites.

Plan to serve either a salad or dessert or both as one of the main dishes, depending upon the appetites, and, of course on the type of supper you are serving. All of the recipes I'm giving you today are bound to be special favorites.

- Baked Beans**
1 quart dried navy beans
1 teaspoon soda
1 medium onion
1/2 cup molasses
1/2 cup brown sugar
1 teaspoon dry mustard
2 teaspoons salt
1/4 teaspoon pepper
1/2 pound salt pork
1 1/2 cups tomato juice
1 teaspoon Worcestershire sauce

Soak beans in cold water (to cover) overnight. Drain, cover with cold water and add baking soda. Bring to a boil and boil 15 minutes. Drain, cover with fresh water and bring to a boil again. Drain.

Baked beans make an outstandingly good supper for Sunday night or for entertaining informally for men folk or youngsters who like their food hearty, but good to eat.

Place the onion at the bottom of the pot and add beans, molasses, brown sugar, seasonings and juice. Cut pork into small pieces and press into the beans. Add enough water to cover the beans. Bake, covered, in a slow (325-degree) oven for five hours, adding more water when necessary to keep the beans from drying. Remove cover, bring pork to the surface and bake one hour longer.

BAKED BEANS ARE good when served with the following dessert and salad:

- *Cabbage-Fruit Salad** (Serves 6)
2 cups finely shredded cabbage
1 cup diced pineapple
2 red apples, cored and diced
Mayonnaise

- Orange Sponge Pudding** (Serves 8)
2 cups bread crumbs
1 pint milk
2 tablespoons butter
1/2 orange
1/4 teaspoon salt
1/2 cup sugar
2 beaten egg whites

Place bread crumbs in top of double boiler with milk and cook until soft. Then add remaining ingredients. Pour mixture into a buttered baking dish and bake in a slow (325-degree) oven until firm. Serve with the following sauce: Beat two egg yolks until thick; add one-fourth cup of powdered sugar and the juice and grated rind of one-half orange. Just before serving fold in one cup of cream whipped. The pudding may be baked as the beans finish since the oven temperature is the same.

LYNN SAYS: Keep Ingredients Available For Making Hot Snacks

Those baking powder biscuits from Sunday dinner can be turned into delicious snacks on Sunday evening. Split the biscuits, butter them and top with a slice of tomato, a slice of cheese and sprinkle with chopped cooked bacon. Broil until cheese melts. Creamed, well seasoned crabmeat may be broiled after being spread on buttered toast rounds.

SUNDAY NIGHT SUPPER

- Chilled Tomato Juice
*Hamburger-Cheese Buns
Relish
*Cabbage-Fruit Salad
Hot Chocolate
Boston Cream Pie
*Recipe Given.

After a heavy dinner on Sunday, the family will enjoy the light savorness of Shrimp Wiggle for the evening supper. Serve with a salad or just a dessert depending upon how sharp the appetites are.

ONE OF THE following fish dishes makes a delicious supper when the gang gathers at your home or for Sunday night supper as a delightful change from regular dinner:

- Shrimp Wiggle** (Serves 4)
2 onions, sliced
2 tablespoons butter
2 cups stewed tomatoes
2 tablespoons flour
1/2 cup water
2 cups cleaned shrimp, cooked or canned
Salt, pepper
Toast rounds

Saute onions in butter until golden brown. Add tomatoes. Simmer for a few minutes. Stir water into flour to make a smooth paste and add tomato mixture. Cook, stirring as mixture thickens. Add whole shrimp. Season with salt and pepper to taste. Serve with toast rounds and garnish with stuffed olives.

Macaroni-Salmon Scallop

- (Serves 6)
1 cup macaroni
1 1/2-pound can flaked salmon
1 tablespoon chopped onion
1 tablespoon chopped green pepper
Salt

1 1/2 cups thin white sauce
Cook macaroni in boiling salted water until tender. Drain and rinse. Alternate layers of macaroni and salmon in a casserole sprinkling each layer with onion, green pepper, and salt. Pour white sauce over all and sprinkle top with buttered bread crumbs. Bake in a moderate (350-degree) oven. This dish may also be made with tuna fish, ham or chicken.

SOMETIMES WE MERELY want hot sandwiches to satisfy our appetites for Sunday night or after a football or basketball game. But, make these hot and substantial, and serve with a hot beverage and dessert if you want to make a grand meal of them.

- Open-Faced Cheese Sandwiches** (Makes 6 Sandwiches)
6 slices lean bacon
3/4 pound American cheese
2 slices onion
1 tablespoon prepared mustard
6 slices bread

Grind together the cheese, bacon and onion. Add mustard and mix thoroughly. Toast bread on one side and spread a thick layer of cheese on the untoasted side. Brown under broiler or in oven. Serve hot.

- *Hamburger-Cheese Buns** (Serves 5)
1 pound ground beef
1/4 teaspoon salt
1/2 teaspoon pepper
5 round buns
5 slices snappy cheese
India relish or piccalilli

Combine beef with salt and pepper and form five round, flat cakes. Fry on both sides until well browned. Split buns, toast and butter them. Cover the lower half of each bun with cheese, slice and let melt under broiler flame. Cover with hot hamburger, spread with relish and serve hot.

Season mashed sardines with catchup and Worcestershire sauce and stir in grated cheese. Spread the mixture on slices of toast and broil until cheese partially melts. Salsami may also be ground and mixed with cream cheese and enough cream of celery soup to moisten. This may be spread on buns or toast for tasty snacks. Tuna fish salad spread in toasted buns makes a delicious hot sandwich if you place over the tuna fish some nippy cheese and broil until the cheese melts.

"Lest we forget" no bowling on November 15. Games scheduled on this date are postponed to December 13. Bowling will be resumed on November 22 as scheduled.

The Gross five found the Keppen kegglers a little tough Monday night and lost two games and had to be content with only one point. But they still have a commanding lead. With Dr. Rawson of the Reid team increasing his average each week, the Reid five are steadily climbing in the standings. They took four points Monday night to land in fourth place from eighth position. The Landon team again rolled a total of 2465 pins to take three points and move closer to the top.

Land of Superlatives

Oregon's Coos bay leads all ports in timber export. Washington's Grand Coulee dam bulks as the largest structure ever built by man. Idaho's Grand Canyon of the Snake river is the deepest gorge in North America.

Airplane Dusting

A ground duster traveling five miles an hour, applying 20 pounds of dust to the acre in a swath 28 feet wide, covers 1.28 acres a minute and so must distribute 5.60 pounds of dust a minute. If the airplane travels 60 miles an hour, covers a swath of 35 feet and applies 20 pounds of dust an acre, its equipment must treat 4.24 acres a minute with 84.80 pounds of dust. Speeding up to 85 miles an hour, it must feed and disperse 120.2 pounds of dust over 6.01 acres in a minute, or the dust must be handled at two pounds every second—21.46 times as fast as in the ground machine.

Car Prices vs. Dairy Prices

Dairy and poultry farmers paid substantially less for their new 1948 automobiles than they did for their new 1940 models in terms of milk and eggs. This is true even though the price of automobiles in dollars and cents has increased. In terms of 100 pounds of milk, 523 were required to pay for a new car in 1940 and only 343 for a '48 model last year. Similarly, it took 176 crates of eggs to cover cost of a new 1940 model car compared with 96 for a 1948.

THREE of the American Potash Producers, namely, the American Potash & Chemical Corporation, the Potash Company of America, and the United States Potash Company, through their consumer service organization—the American Potash Institute—are constantly endeavoring to make the use of this necessary plant food more efficient and economical. Cooperating with Federal and State Agricultural Agencies in laboratories and experiment stations, the Institute helps promote scientific research and field demonstrations which will result in practical recommendations for potash use. As a clearing-house for this new information, it publishes regularly for the official agricultural advisory forces a magazine called *Better Crops with Plant Food*.

For YOU, using potash in the fertilizer to feed your crops, the Institute maintains a staff of trained agronomists who are at your service. It has available for you free literature from official sources telling how to grow large yields and good quality of crops and maintain soil fertility. Motion pictures on soil and crop deficiency symptoms and means for determining them, as well as films on good soil management, can be obtained from the Institute without charge upon request for showing by county agents, teachers of vocational agriculture, and responsible farm organizations.

HOW TO FIX IT

By TOM GREGORY

HERE, TOO, ARE SOME USES FOR THOSE EXCESS WIRE COAT HANGERS THAT ARE CLASHING AROUND IN THE CLOSET: BENT TO THE PROPER SHAPE, THEY MAKE SERVICE-ABLE HAT RACKS. A FEW INGENUOUS TWISTS WILL MAKE SHOE HANGERS OUT OF THEM. IN THE BASEMENT OR CLOSET THEY ALSO CAN BE USED TO SUPPORT SWINGING SHELVES.

THE CORKSCREW, FORMERLY A FAITHFUL APPURTENANCE IN MANY HOUSEHOLDS, IS FAST VANISHING FROM THE AMERICAN SCENE. YET THE NEED FOR A CORKSCREW STILL LACKS FREQUENTLY IN MOST HOMES. IF YOU LACK THE REAL ARTICLE, A CLOTHES HOOK MAKES A GOOD SUBSTITUTE. THE HOOKS HAVE DEEP THREADS WHICH WILL BITE INTO THE CORK SOLIDLY.

Four State Ferries To Operate Daily Across the Straits

The hunting season schedule of the Michigan State Ferries operating at the Straits of Mackinac between St. Ignace and Mackinaw City went into effect Sunday, November 7, Highway Commissioner Charles M. Ziegler announces.

In order to accommodate the deer hunter traffic across the Straits, four state ferries will operate night and day, departing as fast as they can unload and reload during peak periods. Under this schedule boats will be leaving from each city approximately every thirty minutes. The regular ferry fleet of four boats will be augmented by the railroad car ferry Chief Watatam during the peak periods.

During the deer hunter rush, cars with children or people who are ill and commercial vehicles carrying perishables will be allowed to board the state ferries without waiting in line.

The year 1947 was the biggest in the history of the Michigan State ferries, with a total of 501,109 vehicles carried across the Straits. Commissioner Ziegler predicted this record may be broken as early as mid-November this year.

YOUTH FELLOWSHIP HELD AT MANSE

Concluded from page 1.
some new dishes, "Made in Occupied Japan." The meeting had an "international flavor," England, Japan and "The Scotch," remarked Dick.

The consensus of opinion of the Westminster Group relative to the church was: (1) that it should not "glamorize" by trying to be spectacular, sensational, or commercial in order to try to allure, or hold young people; (2) that while some recreation is valuable, it should be secondary in the church; and (3) that "the church should be the church"—distinctive for, and by its primary functions of worship, preaching, Christian education, fellowship and service.

The leader for Sunday, November 14, at 7:30 p. m. will be Tom Schwaderer. His topic will be, "A Workshop on Worship." An added novel feature of the meeting will be an analytical discussion of the pastor's morning sermon: "The Intrinsic Values of Life." Dick Wallace will carry over as leader of the recreation period.
