

## Large Audience Witnessed Church Organ Dedication

Pastor and people who combined their energies and contributions for the work of remodeling the interior of the Cass City Methodist Church and adding new chancel furniture, a Hammond organ and other new equipment have reasons for rejoicing over the results. Dedication services were held Sunday when the sanctuary was reopened for regular services after being closed for several weeks while the remodeling work was in progress.

At the morning service, the auditorium was completely filled. Rev. Dudley Masure, minister of the Fourteenth Ave. Methodist Church in Detroit and a former pastor here, congratulated the congregation on the splendid improvements accomplished and preached a fine sermon suited for the occasion. The choir sang "Give Thanks" under the direction of Donald Borg. Mrs. Borg played organ numbers.

One hundred twenty-five young people from Deford, Marlette, Deckerville, Harbor Beach, Port Hope, Bad Axe, Elkton and Cass City were registered for the Youth Fellowship rally of the Northern Sub-District of the Port Huron District. Irving Parsch, the president, conducted devotions, prayer was offered by Rev. Howard C. Watkins, local pastor, and Rev. Dudley Masure gave a devotional address. A business session concluded the rally.

The dedicatory program in the evening opened at seven o'clock with a delightful program of music on the new Hammond organ by Stanley Sparks of Saginaw, guest organist. At 7:30, a musical program was commenced under the supervision of Donald Borg, choir director, when Miss Nancy Delong sang an obligato solo, "Oh Come Let Us Worship." Other numbers of this excellent program were a duet, "Love Divine," by Mr. and Mrs. Donald Borg, a choir anthem, "Cherubim Song," a soprano solo, "The City of God," by Miss Delong and a bass solo, "Oh Worship the Lord" by Fritz Neitzel.

Prayer was offered by Dr. E. Conclude on page 8.

## Public Speaking Course for Adults

Public speaking and parliamentary procedure, an adult education course presented by the University of Michigan, will be given by Prof. Fred G. Stevenson of the university faculty if enough adults are interested. It is planned that six lessons be presented to adults at Cass City starting in January and given every other week.

Parties interested are requested to phone Supt. of Schools Willis Campbell, No. 40.

## Coming Auctions

Because of ill health, Homer Hower will have an auction sale of cattle, tools and feed at his farm, 2 miles south, 1 mile east and 1/2 mile south of Cass City on Thursday, Dec. 2, with Arnold Copeland as auctioneer and the Pinney State Bank, clerk. Full particulars are printed on page 6.

In next week's Chronicle will appear a farm sale ad for Harvey O'Dell, 4 miles west and 2 1/2 miles south of Kingston, which will be held on Thursday, Dec. 9.

Today (Friday) is the date of Edwin Rehberg's farm sale 11 miles east and 1/2 mile south of Marlette. His ad was printed in this paper last week.

## Gavel Club Makes Plans for Christmas

The Gavel Club had Christmas in mind when they met at the Home Restaurant Tuesday evening. The members decided to sponsor a Santa Claus visit for the kiddies close to the holiday and also to promote a Christmas decoration project for Main St.

The club will furnish information regarding the advantages offered by Cass City for industries and file this data with the Saginaw Valley Economic Group.

## Taxpayers, Notice.

I will be at the following places to collect the taxes of Elkland Township: At the Cass City State Bank on Wednesdays, Dec. 1, 8, 15, 22 and 29. At the Pinney State Bank on Saturdays, Dec. 4, 11, and Jan. 8, and on Fridays, Dec. 24 and 31. C. J. Striffler, Twp. Treasurer. —Adv. 11-26-2

## Jeanne Profit Named Honorary Col. Of MSC ROTC

Jeanne Profit, Cass City senior and Kappa Alpha Theta, was elected honorary cadet colonel of the Michigan State College ROTC unit Saturday.

Her staff of honorary branch sponsors include: Marian Stone, Detroit senior of Kappa Delta, infantry sponsor; Shirley Minter, Lansing junior, field artillery sponsor; Jacqueline Gelzer, Hillsdale senior of Chi Omega, cavalry sponsor; Lorrie Boone, Detroit senior of Alpha Phi, military police sponsor.

Others are: Monnie Boucher, East Lansing senior of Kappa Kappa Gamma, quartermaster sponsor; Charmaine Chinow, Grand Rapids junior of East Mayo, air force sponsor; Sue Hart, DeKalb senior of East Landon, signal corps sponsor; Beverly Watson, Flint senior of Sigma Kappa, ordnance sponsor; and Norma Fisher, Grand Rapids, senior of West Landon, anti-aircraft sponsor.

The women will be presented to the campus at the 1948 Coronation Ball. The importance of the sponsors' title does not end after the ball is over, but continues into the spring term when they judge the ROTC marching companies at weekly parades.

The 1948 Coronation ball, to be held in the auditorium on December 8, promises to be the biggest and most elaborate in its twenty-five years as State's feature all-college event of the fall term, according to Richard Burns, Detroit senior, publicity chairman.

## Newlyweds Will Live In Harbor Beach

Rev. Howard C. Watkins officiated at the ceremony which united in marriage Miss Viola Palmer of Harbor Beach and Robert Connell, son of John Connell, of Cass City on Saturday, Nov. 20, at four o'clock at the Methodist parsonage in Cass City.

The couple was attended by Mr. and Mrs. Chester Darling of Harbor Beach, brother-in-law and sister of the groom.

The bride was dressed in a blue lace formal and the bridesmaid in a fuchsia color gown.

Following the ceremony, ice cream and a three-tiered wedding cake were served to members of the immediate families at the home of Mrs. Chas. Woodward, sister of the groom. On Dec. 4 a reception, honoring the young couple, will be given at Harbor Beach.

After a wedding trip through northern Michigan the newlyweds will reside in Harbor Beach where the bridegroom is employed by the Huron Milling Co.

## Five Relatives All Born on November 20

Born to Mr. and Mrs. Robert McLellan a son, Scott Bryan, on Nov. 20. Master McLellan arrived to help celebrate the four birthdays of relatives—a great uncle, Bry Caswell of Caro; an uncle, Donald McLellan, an aunt, Gladys Koch, and a cousin, David Lawrence Koch, all of Cass City. All five were born Nov. 20 and celebrated the unusual occasion with high honors.

## Church Supper

A supper will be served at the Methodist Church Thursday, Dec. 2, commencing at 5:30. The menu: Fresh baked ham with dressing, Mashed Potatoes, Gravy, Apple Sauce, Corn.

## Methouple Group Plan Christmas Party

Twenty-six were present Friday evening when the Methouple group met with Mr. and Mrs. Don Lorentzen. In the business meeting, Mrs. Maynard McConkey presided in the place of the president, Grant Hutchinson, who was absent, and Mrs. Grant Hutchinson took over the duties of secretary for Mrs. Arlington Hoffman who was absent.

Fifty-fifty was played at six tables. Prizes for high score went to Mrs. Leslie Profit and Rev. Howard Watkins and consolation prizes to Mrs. Roy Childs and Leslie Profit.

The Lorentzens assisted by Mr. and Mrs. Keith McConkey served refreshments.

The next meeting on Dec. 16 will be a potluck supper and Christmas party at the church.

Mr. and Mrs. Grant Hall were guests at the Friday night meeting.

## Reese and Vassar Herds Lead in BF Production

The Albert Kern herd, Reese, and the Werner List herd, Vassar, led the 85 herds on test for the 4-month period July-Aug.-Sept.-Oct., 1948, according to the Tuscola County D. H. I. A. report. The Kern herd of 10 registered Holsteins topped the group with an average monthly production, per cow of 48.5 lbs., butterfat. The List herd of 26 registered Holsteins produced an average of 41.1 lbs., butterfat per cow, per month.

The six high herds in the county for each of the four months are as follows (the first column in the table giving the owner's name, the second the number of cows, the third the average pounds of milk and the fourth the average pounds of butterfat):

## Business Places Take On New Look

Structural glass of peach color trimmed in black was placed on the front of the Riley Shoe Hospital block the past week, greatly improving the appearance of that building.

Asphalt tile is the new floor covering in the offices and show room of the Chevrolet Motor Sales. Looks are enhanced and walking is made more comfortable by the change.

## Dinner and Bazaar

The Hay Creek Ladies' Aid will serve a roast beef dinner at noon and have a bazaar at Shabbona Community Hall Thursday, Dec. 2. Price, \$1.00.—Adv. 11-5-4

## Boys and Girls Get Ready for '48 Jr. Livestock Show

If you were to visit any one of the farms where a 4-H boy or girl is getting ready to show a beef calf, you would find things happening. Polled heads have to be clipped, hoofs trimmed, calves washed and trained to stand with their feet squarely under them. Many of the calves get fussy about their feed at the end of the feeding period and much care must be taken to keep them eating. Plenty of exercise and a good variety of feeds help this situation. All this is in preparation for the Junior Livestock Show to be held December 7-8-9 at the Detroit Livestock Yards. Boys and girls of the Cass City Livestock Club who will be housed at the Statler Hotel will observe the following schedule: Tuesday, entries accepted; Wednesday, show and banquet; Thursday, sale of calves.

Cass City Livestock members to watch this year are: Donald Loomis who showed the 1st Hereford in 1946 and 2nd Hereford in 1947; Jim Turner, 6th Shorthorn in 1946 and 3rd Shorthorn in 1947; Billy Zinnecker, reserve champion in 1946 and 3rd Angus in 1947; Don Kari, champion Angus in 1947; and Alex Murray, reserve champion State Fair in 1948.

In 18 years of exhibiting at this show, Cass City boys and girls have had 16 grand or reserve champion steer awards and the group of three steers more than 75% of the time.

The Angus were tops 43.9%; Shorthorn, 37.4; and Hereford, 18.7.

In the list of local exhibitors next month are:

Herefords—Carl Buehry, Dick Donahue, Jack Gallagher, Donald Loomis, Shirley Loomis, Roger Wright. Shorthorns—Lota Little, Keith Little, Jim Turner. Aberdeens—Angus—Grace Graham, Evelyn Graham, Nellie Graham, Marjorie Karr, Don Kari, Alex Murray, Alfred Murray, Bob Maharg, Robert Wallace, Billy Zinnecker.

## Happenings in The Neighboring Towns and Villages

Millington—Dr. Chas. M. Quinn, a native of Huron County, has opened an office for the practice of dentistry here.

Imlay City—Ballots turned in so far on the question of parking meters show overwhelming opposition to their installation.

Bad Axe—Huron County sent three men Monday to the Flint institution, center as its first quota under the new Selective Service Act. They are: Robert E. Lermont, Harbor Beach; Robt. A. Musselman, Bad; and Wm. R. Ross, Bad Axe.

Millington—The board of education of the Millington Community Concluded on page 4.

## Missionary Workers' Conference in Cass City Friday, Dec. 3

Mrs. Walter Anthes was program leader when the Women's Society of World Service of the Evangelical United Brethren Church was entertained Friday afternoon in the home of Mrs. E. W. Kercher on East Main St. Mrs. Anthes reviewed the lesson on Hawaii and Mrs. S. P. Kirm showed pictures of Puerto Rico on a screen.

The thank offering meeting of the society will be held Sunday morning, Nov. 28, when Miss Joyce Plaxton of Snover, missionary of Africa, will be the speaker.

A missionary workers' conference will be held in the local church on Friday, Dec. 3, to which representatives of 17 societies of this district are expected. A tea will be served by the Cass City women, in charge of Miss Johanna Hommel, Mrs. Alma Streeter and Miss Muriel Addison.

The Christmas meeting will be held at the home of Mrs. Harry Young with Mrs. John Zinnecker leader.

The hostess at Friday's gathering served homemade cookies and tea and coffee at the close of the meeting. Mrs. Kurt Hanes of Garden City and Mrs. Joseph Benkelman were guests.

## Special Services at New Greenleaf

Evangelist H. L. Matteson

will conduct special services at the United Missionary Church at New Greenleaf from Nov. 29 to Dec. 12. Rev. R. J. Matteson is the church pastor.

## For 25 Years, W. Campbell Has Seen Youths Prosper

When Willis Campbell, adviser of the Cass City Livestock Club, goes to the Junior Livestock Show at Detroit early next month, he will watch for the 25th year his proteges exhibit their animals at the big state fairs. And if the youthful exhibitors are as successful this year as they have been in some of the other animal events in the past, they will bring home some fat prize awards.

Listed among the high lights were three outstanding years in which total prizes awarded at the state and junior shows in the 4-H and open classes to members of the local club were over \$1,000 for each year.

Three years after Mr. Campbell accepted the position as agricultural instructor in the Cass City High School, he organized the Cass City Livestock Improvement Club in 1923 and ever since has been active in the management of this youth organization which is now known as the Cass City Livestock Club.

## Tells of Ways to Labor Peace

Miss Lucille Knight of Detroit, personnel engineer, told members of the Rotary Club Tuesday of concrete ways and means of establishing labor peace in a talk on the subject of "Community Relations Between Employers and Employees." The organization with which she is affiliated has recently concluded interviews with 8,500 persons to ascertain why they left their places of employment. Surprising as it may seem, stated Miss Knight, pay commensurate with ability stood fourth in the five reasons most commonly given for making the changes.

Other desires on the part of the employee was a job at the highest skill, competent direction, an accurate means of appraising his performance, and impersonal opportunity for advancement.

Miss Knight is visiting at the home of her father, R. J. Knight, here.

Rotary luncheon guests included M. W. Brimberry of Elkton, M. A. Carbar of Flint, Norman Rigley of Bad Axe and Earl Harris of Cass City.

## Mrs. Wells Died at Age of 85 Years

Mrs. Cyrus Wells, 85, died Saturday in her home in Kingston Township after suffering a stroke a few days previous. She was the former Reba Stroup, and was born March 22, 1863 in Oakland County. On Jan. 1, 1891, at Lapeer, she was married to Mr. Wells.

Surviving are her husband; two daughters, Mrs. Evard Rawson (Sibyl) of Cass City and Mrs. Lester Murdick (Laura) of Port Huron; three sons, Olin Wells of Colfax, La., O. E. Wells of Jackson, Mich., and Cecil Wells of Detroit; seven grandchildren and six great grandchildren.

Funeral services were held Monday at 2 p. m. in the Douglas Funeral Home. Rev. Walter Mollan, pastor of the Deford Methodist Church of which she was a member, officiated. Burial was made in Elkland cemetery.

Mr. and Mrs. Wells had been married 57 years and hers was the first death in their immediate family.

## Elkland Community Chest Drive Starts Next Week

### Plan Farmers' Week at MSC

Michigan's biggest winter agricultural event—Farmers' Week—is set for January 24 to 28 on the Michigan State College campus in East Lansing. Record crowds are expected again this year.

Committees appointed by the dean of agriculture, E. L. Anthony, are now engaged in scheduling the week's programs. Demonstrations, feature speakers, exhibits, and displays are being arranged. Many farm organizations choose Farmers' Week for meetings.

The general outline of programs will follow previous years. Monday, January 24, will be "Dairy Day." The annual farm building conference will also begin then. Wednesday evening is again set aside for banquets by a number of organizations.

## W. S. C. Listens to Thanksgiving Talk

Rev. Howard C. Watkins of the Cass City Methodist Church gave a Thanksgiving address at the regular meeting of the Woman's Study Club at the home of Mrs. Ray Boughton Tuesday afternoon. He was introduced by Rev. S. P. Kirm of the E. U. B. Church, who was also a guest.

During the business session, Mrs. Frank Hall was accepted as a new member and Mrs. Arthur Moore was re-instated. A letter of acknowledgment was read for a CARE package sent overseas by the club.

Mrs. T. J. Wadsworth of Port Huron, Miss Muriel Addison of Blackpool, England, and Mrs. Howard C. Watkins were other guests of the afternoon.

"Something for Which I Am Thankful" was the response to the roll call.

The next meeting will be in the form of a Christmas party and will be held with Mrs. Guy W. Landon as hostess.

The campaign to raise \$5,000.00 for the Elkland Township Community Chest starts next week and will begin with a kick-off dinner at the high school at 6:30 p. m. The meal is donated by parties interested in the campaign and guests will be solicitors and officers of the organization.

Members of the board of directors met Tuesday evening at the home of Harry L. Little, campaign chairman, when plans were made for the drive and solicitors appointed to secure contributions from the rural and village areas.

The Elkland Township Community Chest came into existence when interested persons in this vicinity realized the need of such an organization which would collect and disburse funds under one head, dispensing with the many smaller drives which are continually carried on here. The board of directors of the local organization, governed by rigid articles of incorporation and by-laws, will seek each year to disburse the funds to agencies of a charitable nature. The worthiness of the cause and its relation to the community will be of prime importance to the board which is made up of local people.

Your ONE gift should be large enough to cover adequately your share for all of these organizations. When a solicitor knocks at your door, do not turn a deaf ear to the call of your community chest for your generous contribution can make life so much fuller, happier and more worth while for so many.

So give and give enough. The campaign starts November 30 and continues through December 4.

## "I Was a Stranger And Ye Took Me In"

The fine gesture of welcoming strangers to our town and the appreciation they feel is very well illustrated in paragraphs clipped from the November number of the Cass City Rotary Bulletin. Otto Priekorn, the editor, tells it this way in an article headed "An 'Otto' Biography":

"When we came to Cass City in 1936 the late Lou Wood invited me to Rotary; the late Fred Bigelow took me to the Community Club; Mac and Scotty got me to join a bowling team, where I quickly got acquainted with 80 bowlers; then M. B. A. took me under his tutelage with reference to the fine points of good bowling; hence the next bowling team, my team, won the city championship.

"The first week in Cass City we attended a supper at the Presbyterian Church, where we also received a hearty welcome and met many people. Later we joined the church.

"Willis Campbell presented my name for membership in the Rotary Club and I was accepted.

"My reason for this bit of history is to testify to what Rotary and other organizations and individuals meant to me and can do in welcoming and integrating other new persons in the community.

"... I was a stranger and ye took me in" (Matt. 25:35).

"Keep up the good work! It helps a newcomer and it helps Cass City."

**Hit by Bottle, Wrestling Fan Is Awarded Damages by Court**  
RICHMOND, VA.—The state supreme court of appeals is pondering this one.

A Norfolk circuit court awarded Mrs. Virginia G. Cox, a wrestling fan, \$1,500 damages from Bill Lewis, promoter, because Mrs. Cox was struck in the head by a whisky bottle while watching a match.

Mrs. Cox claimed damages because she said she was struck with the flying bottle after the audience became aroused when a wrestler, Jimmy Coffield, stuck his opponent with a pin.

She charged that Lewis should not have permitted such conduct in the ring.  
Lewis appealed with the defense that he had tried to keep bottles out of the auditorium. His petition also said Mrs. Cox should have realized "that wrestling matches are not tea parties."

**Hessian Fly, Wheat Destroyer**  
Whether or not the German mercenaries whom Lord Howe threw against the American colonists in the Revolutionary war were responsible for bringing the Hessian fly to this country in straw to bed their horses is a matter of historical debate. There is, however, no need to debate their presence and their menace to wheat ever since the insect first was discovered near a former Hessian camp site on Long Island, New York, in 1779. Since then this minute, mosquito-like wheat destroyer, known to be of European origin, has moved westward at the rate of a few miles each year, until now, except where controlled, it ravages wheat fields in the more temperate latitudes from coast to coast. It is indeed a strange twist of history that insect invaders named for former invaders should rise each year to plague farmers.

## Columbus Unlucky On Christmas Eve

America's first Christmas was celebrated by Christopher Columbus. It happened on Christmas eve of the memorable year 1492.

Columbus was planning to observe the Feast of the Nativity with the Indian chieftain, Guacanagari, who ruled over the island of Haiti. Already he had received fine presents from the chief who he believed to be great Khan of Cipango, that fabulous realm of the Orient Columbus mistakenly thought he had found.

But Columbus' plans went wrong. He was so tired from long watches while the Santa Maria cruised the island channels that he retired to his cabin for a nap. While he was sleeping, the next in command also decided to take a rest and went below. The helmsman, as tired as the others, decided that he deserved a rest as much as they and turned the tiller over to a cabin boy.

**Abandon Ship.**  
The worst happened. Within a few minutes the Santa Maria was fast on a reef. The rolling surf drove the ship higher and higher upon the reef and opened her seams. Soon she fell over on her side and the water poured into her hull. Columbus and the crew were forced to seek refuge on his other ship, the Nina.

Early next morning Columbus sent word of the wreck to Chief Guacanagari. Promptly the chief sent a message to Columbus assuring him that he would give him all the assistance possible.

The noble chieftain was better than his word. He assembled a great flotilla of canoes and despatched them to the Santa Maria to bring all its valuables ashore. Amid the cargo the natives saw many things that made their eyes open wide with envy. Yet so strong was their friendship for the white men and so careful Guacanagari's supervision that not a single article was stolen.

**Christmas Banquet.**  
After the last article had been brought ashore, Guacanagari had another plan. His guests had missed Christmas, but there was no reason why Columbus and the men should not enjoy the finest banquet he and his followers could provide.

There was game from the woods, lobster and fish from the sea; and all sorts of tropical fruits and vegetables. A thousand natives danced in Columbus' honor after the feasting and the climax of the ceremonies came when the chief brought out a coronet of gold and placed it upon Columbus' head. There were also presents of gold for the crew.

In the journal which he was keeping for Ferdinand and Isabella, Columbus wrote: "These people love their neighbors as themselves; their discourse is ever sweet and gentle, and accompanied by a smile. I swear to your majesties, there is not in the world a better nation or land."

## Secret Gifts Left By St. Nicholas

The story of how St. Nicholas became associated with secret gift-giving, and even today comes covertly at night to leave his presents, is one of the most important in the history of his life.

Once upon a time there was a man with three daughters, all of them wishing to marry, but with no dowry forthcoming. Sorry, indeed, was their plight. Their father had about decided to sell them as slaves, but the good St. Nicholas heard of it, and filling a purse with gold, went quietly by night to their home. Seeing a window open, he threw in the bag of gold and then stole away in the night. This money enabled the eldest daughter to marry. A second and a third time St. Nicholas made the trip and finally all three daughters were married.

After the saint's third trip, the girls' father, who had been watching to see who brought the gifts, ran after St. Nicholas and thanked him for his kindness. St. Nicholas made him promise not to divulge his gift-giving and after that he always deposited his presents so secretly that no one ever saw him. Yet people knew, somehow, that it was he who brought gifts during the night, and so whenever they found a package mysteriously delivered they instantly exclaimed, "St. Nicholas has brought it!"

Bake Your Fruit Cakes Early  
(See Recipes Below)

**Early Christmas Plan**  
IT'S NOT TOO early to think of Christmas now, especially if you want to have fruit cake and plum puddings on hand. These foods are best when mellowed and ripened for several weeks before being eaten.

Then, too, it's a good idea to get some of the work out of the way before the holidays are literally on top of us. There's a lot of work in preparing the ingredients for both fruit cake and pudding because they both require chopped fruit and long baking and steaming time.

**WHITE OR LIGHT** fruit cakes find many admirers each year. This fruit cake is not as heavy as the dark kind, and you may find it nice to vary with the latter variety.

**White Fruit Cake**  
½ cup butter  
1½ cup sifted flour  
½ teaspoon soda  
2 tablespoons lemon juice  
6 egg whites, beaten stiff  
1½ cups powdered sugar  
½ cup candied cherries  
½ cup candied pineapple  
½ cup blanched pistachio nuts or almonds  
½ cup sultana raisins

Cream butter thoroughly, then add flour mixed with soda. Sift sugar into beaten whites, combine with the first mixture and add lemon juice, fruit and nuts, cut fine and sprinkled with flour. Stir thoroughly and bake in a loaf pan lined with buttered waxed paper. This baking will take about one hour in a slow (325 degree) oven.

Because the dark fruit cake is so rich, it's a good idea to steam it first to cook thoroughly, then to bake it, for drying out. The cake will be more moist when prepared in this way, and you will be able to slice it thinner.

**Dark Fruit Cake**  
1 pound brown sugar  
1 pound butter  
1 pound flour  
12 eggs, beaten separately  
1 teaspoon soda  
1 teaspoon grated nutmeg  
½ pound each, candied orange peel, lemon peel, citron, all cut fine  
½ cup molasses  
½ cup fruit juice  
2 teaspoons cinnamon  
1 teaspoon ground cloves  
½ pound almonds, blanched  
½ pound pecans, unbroken  
2 pounds seeded raisins  
1 pound sultana raisins  
1 pound dates  
1 pound figs  
1 pound candied pineapple  
1 pound candied cherries

Cut pineapple into small pieces. Remove stem end from figs and cut. Stone and cut dates. Mix all these with one cup flour. Mix the remaining flour with soda and spices. Cream the butter until fluffy, add the sugar, then the well beaten yolks and stir well. Add the flour mixture alternately with molasses and fruit juice. Gently fold in the beaten whites, then the dates and raisins and other fruit, and nuts. Line four bread pans with waxed paper and butter. Pour batter into pans, two-thirds full. Set pans in oven, 300

degrees, in a pan filled with one inch of hot water. Bake one-half hour. Cover with waxed paper and bake for two hours. Then remove pans from water and bake one-half hour longer. Remove from pans; remove paper and wrap in fresh paper. Store in tightly covered tin.

IF YOU'RE LOOKING for a simpler fruit cake, particularly for a small family, here's one that is very tasty.

**Simple Fruit Cake**  
½ cup shortening  
½ cup brown sugar  
3 eggs, beaten  
1 cup sifted flour  
½ teaspoon nutmeg  
½ teaspoon cloves  
½ teaspoon baking powder  
½ teaspoon baking soda  
½ teaspoon salt  
2 cups seedless raisins  
½ cup candied citron  
½ cup candied orange peel  
½ cup candied pineapple  
½ cup candied cherries  
½ cup pecans, chopped

Cream shortening and sugar, beat in eggs. Add raisins and all fruits, diced fine, and the nuts. Fold in flour which has been sifted with spices, baking powder, baking soda and salt. Bake in greased, waxed-paper lined pan in a slow (275 degree) oven for one and one-half to two hours.

If you bake rather than bake-steam the fruit cake, have a small dish of water in the oven so that the cake will also have more moistness and will be glossy in appearance.

Trimming put on the cakes should be placed on after they have baked for two hours. Almond halves, candied pineapple and cherries are most frequently used.

**Plum Pudding**  
1 cup flour  
1 pound seeded raisins  
½ pound citron, lemon and orange peel, cut fine  
½ pound seedless raisins  
½ pound chopped almonds  
½ pound bread crumbs  
½ cup sugar  
1 teaspoon baking powder  
1 teaspoon ground cinnamon  
½ teaspoon ground cloves  
½ teaspoon ground allspice  
1 teaspoon salt  
1 cup suet, chopped fine  
1 cup molasses  
3 eggs, beaten  
1 cup pickled peach syrup

Sift flour over fruits and nuts and mix well. Mix remaining dry ingredients, add suet and work in evenly; blend in eggs, molasses and fruit juice. Pour into buttered molds two-thirds full and cover with waxed paper. Place in a steamer or top of double boiler and steam slowly and steadily from four to eight hours, according to the size of the mold. Store as for fruit cake.

One-half hour before ready to serve, start heating the pudding. Released by WNU Features.

Roast duck takes well to a garnish of endive with orange slices or rice cups filled with current jelly.

Sausage, meat balls and chops are attractive when they are placed on a mound of rice, mashed potato, macaroni or a green vegetable such as spinach.

With a roast of beef, lamb or mutton, use browned potatoes or mashed potato cups filled with green peas or diced vegetables; boiled onions with sprays of parsley; slices of carrots or turnips fried in deep fat.

## SHABBONA

## Spares and Strikes

Monday night was just like Monday night with the ball box on the counter and the pouring in the box by the members who were voting whether or not to change teams at the end of the first schedule. There were forty-five votes cast and the results were thirty-four to keep the same teams and start over at the end of each schedule and eleven to change teams. As the above count implies, the schedule will continue with the same teams with the second round beginning Dec. 20.

Monday night was also a big night for a number of bowlers. There were more high scores rolled than on any previous week so far. Ten members rolled 185 and over, nine 200 and over and ten rolled three game series of 500 and over. Rietstra and Reid were in the spotlight as they finished out scores of 550 and 500 respectively.

## Extension Service Plans Series of Grass Days in '49

Grass Days will be held in Michigan again next June to encourage the use of more high quality legumes and grasses on Michigan farms.

Michigan's Cooperative Extension Service, with cooperation from Soil Conservation district officials and others, will again sponsor the events throughout the state. Last June, approximately 30,000 farm people saw the dozen demonstrations.

Richard W. Hall, MSC farm crops specialist, again heads the state committee announced this week by C. V. Ballard, director of the Extension Service. Hall says the same general plan will be followed in the 1949 Grass Days as was used in the 1948 events. Footing of the demonstration sites will be held in the morning, after a brief speaking program at noon, there will be demonstrations on the use of modern haymaking machinery.

"We hope to stress the utilization of good grass and legumes in the 1949 events," Hall said, speaking for the committee in charge. Others serving with Hall on the state committee will include: E. D. Longenecker, soil scientist; A. J. Hall, agricultural engineer; Graydon Blank, animal husbandman; J. G. Hays, dairy husbandman; and Earl C. Richardson, Extension editor. All except Hays served on the committee for the first series in 1948.

The eight locations for Grass Days events in lower Michigan have been selected and dates will be picked later. They will all be held in June.

In Sanilac County, the event will be held at the Floral Dale farm, 3 miles east of Marquette, says Clarence E. Proutie, county agent.

## New Avenue for Relief to Germany Offered by Red Cross

The local chapter of the American Red Cross has just received information which will be of great interest to persons in the county having friends or relatives in Germany.

Plans have been worked out by the Department of the Army and Office of Military Government for Germany (U. S.) whereby it is possible to channelize charitable, personal, and family remittances to civilians residing in the American, British, and French Zones of Germany. The civilian Affairs Division of the Department of the Army interprets the phrase "charitable, personal, and family remittances" to include all remittances made except those pertaining to business transactions.

The purpose of this new service is to give persons in the United States the opportunity to supply civilians in Germany money which may be used in Germany. This service cannot be used for supplying civilians with funds to be used for transportation to the United States. Tickets for surface passage or air travel cannot be purchased with Germany money. Persons in the United States may purchase prepaid transportation for a civilian residing in Germany through information travel agencies or companies.

Individuals in the United States desiring to transmit funds to civilians in the three western German zones should contact either their local bank or American Express Company office. Arrangements have been worked out whereby all New York Clearing House banks will transmit their payments in Germany. The bank in Germany will make payments in Deutsche marks at the rate of one Deutsche mark equal to 30 cents, less German service charges, and notify each remitter when remittance is completed. When it is impossible to complete a remittance within three months, the bank in Germany will notify the New York Clearing House Bank of the incomplete transaction. The New York Clearing House bank will advise the remitter's bank to return the funds to the remitter.

The remittances may be made without limit of amount, but they must fall within the category of charitable, personal, and family remittances. There is no restriction on who may receive the funds.

There is no legal way German civilians may possess U. S. dollars or currency. As stated above, payment made by the bank in Germany in Deutsche marks prohibits the sending of the U. S. dollars or currency in mail channels. While there is no civilian censorship of mail, any German individual possessing U. S. money is subject to arrest.

The cowpox is native of India and possibly China. It has been in circulation for the last 2,000 years.

Farmers of the United States spend more than 200 million dollars a year for fertilizers.

## Local Happenings

Mrs. and Mrs. Doby Wilson and baby of Port Huron were visitors Monday at the Jake Wise home.

Mrs. Roy Stafford left Monday night to spend the week with Mr. and Mrs. Norris Stafford at Reed City.

Mr. and Mrs. Ezra Hutchinson attended services at Sandusky last Sunday and were supper guests at the Perry Livingston home.

Don DeLong, Lloyd Reagh, and Sam Deibert and Harry, located last week near Branch. Only Mr. DeLong brought back a buck.

Mrs. William Willard was called to Flint Saturday by the serious illness of her brother, Rev. Ben McGeehey, who suffered a stroke.

Members, please note the change in date.

## Improved Homes Head Farm Plan List Next Year

Many farm families will be in a good position to make home improvements in 1949, since it promises to be another good year for farm income.

Farm families who expect to make necessary home improvements or buy needed equipment, should not wait, advises Otis Meyer, farm management specialist at Michigan State College. Farm families who have not accumulated savings may have to wait for improvements, payment of debts or investments.

There is the possibility that should prices be lower in the future, funds may not be available. Although it may cost more to put in running water at present, the family can enjoy its comfort and convenience now. This may pay off greater dividends in labor saving, health and happiness than the amount of money saved by waiting, Miss Meyer believes.

Farm produce will buy more of some things today than it did in the pre-war period.

Before farm families go all out for making home improvements they need to do some planning. One need to make is whether the farm can pay for and maintain the improvements they expect to make.

It may be necessary to make some improvements in the farming business to insure a continuous income for the family and the home, adds the home management specialist. For some families it may mean buying a new tractor, more fertilizer or building a new milk house before home improvements can be made.

## Expect Good Year For Stock Raisers

Michigan livestock producers can look forward to 1949 as another good year. This word came from Michigan State College farm economists who say that high personal incomes will probably keep meat and livestock prices strong.

They point out that at a time of high prices, short term operations are less likely to result in losses due to severe price declines. There's caution, however, seasonal prices for livestock are again approaching prewar patterns, the economists believe.

Local veterinarians were faced with high-priced feed. Now, feed supplies have become abundant and feeders are high-priced. Demand is keeping the price of stocker and feeder cattle high. Feeders should plan to make their profit on efficient feeding—it won't be safe to depend on the "spread."

Hog producers face a good year. Pork is expected to be the one red meat that increases next year's demand. A favorable hog crop ratio is expected throughout 1949 but economists think it will pay to push hogs for early fall slaughter to avoid the expected big increase of marketing of spring pigs. Hogs will be supported at 80 percent of parity until the end of 1949. Farmers who have plenty of corn and are tempted to feed hogs to heavy weights are cautioned to watch price differentials before weighing classifications. Before adding those last few pounds, sheep are at the lowest number since any time after the Civil War. The 1949 output of lamb and mutton is expected to be even smaller than 1948. Lamb feeding is expected to be profitable this year for those who have a good supply of grain and roughage. Only good doing feeders should be fed, the economists conclude.

## Happenings in the Neighboring Towns And Villages

Concluded from page 1

School District voted to call a special election for Wednesday, Dec. 1, for the purpose of obtaining the voters' approval on the purchase of approximately 7½ acres of land east and south of the present school property.

Caro—Pawela County selective service board ordered to send four young men to armed services training camp the following for induction on November 22: John Lismar of Unionville, Elmer Wagner of Akron, Richard Ladd of Caro, Peter Dasko of Caro City. The four young men will be the first selected under the new peace time draft law.

Elkton—A Community Chest campaign for the townships of Oliver, Chandler and Lake and Elkton village has been set for Nov. 29 to Dec. 4 in a concerted effort to raise funds for all agencies at that time. A budget was established for all purposes, including the Red Cross, Boy Scouts, Dimes, Cancer Society, Boy Scouts, Crippled Children's Society, Salvation Army, Michigan Tuberculosis Society, local needs and other items.

Imley City—It has been the practice for the last 17 months to pick up dogs running at large and take them to the pound operated by E. R. Perrin, veterinarian. The animals are kept there for 36 hours and if not called for by the end of that time, the pets are destroyed. Eighty-one dogs have been picked up and disposed of in the last 17 months according to Harold Dewey, deputy marshal. Not a single claim was ever entered for any of the dogs, which indicates that they had been turned loose to shift for themselves by motorists from other towns passing through or near Imley City.

Legume Value

Good legumes such as alfalfa or sweet clover improve soils in a number of ways. Their action in fixing atmospheric nitrogen is well known. A less publicized but equally important function of legumes is their effect on the tilth of soils. Legumes increase the granulation of soils, thereby reducing their moisture absorbing capacity, increasing aeration, and allowing better drainage.

## HOLBROOK

The wedding of Miss Dolores Sontag, daughter of Mr. and Mrs. Ora Sontag, of Appleton, and Lloyd Hill, son of Mrs. Della Hill and the late Albert Hill of Holbrook, was solemnized in a double ring ceremony at the First Methodist Church at Sandusky, by Rev. C. L. Holbrook on Nov. 9.

The bride wore a light grey suit with brown accessories. Her corsage was of pink and white carnations. Mrs. Marion Sontag, sister-in-law of the bride, was matron of honor. She was attired in a suit of teal blue with brown accessories. Her corsage was of pink carnations. Harvey Sontag, brother of bride, served as groomsman.

A dinner was served that evening in the Sontag home to the bridal party and immediate relatives. The bride's table was centered with a large wedding cake and vases of carnations and blue mums.

Saturday evening, Nov. 25, a reception and dance was held at the Juhl Hall. About 200 guests were present. The hall was decorated in pink and white. A lovely lunch was served including a large wedding cake. The happy couple received many gifts. Mr. and Mrs. Hill will make their home on a farm near Holbrook for the present.

Guests at the reception were from Detroit, Uby, Holbrook, Caro City and Appleton.

Mr. and Mrs. Clifford Robinson and Mrs. Clifford Jackson spent Wednesday at Saginaw.

Mr. and Mrs. Wm. Jackson of Bad Axo spent Sunday at the Gordon Jackson home. Other guests were Mr. and Mrs. Forrest Smith of Shabbona and Mr. and Mrs. Lynn Johnson of Cassville.

Mr. and Mrs. Ira Robinson and Mr. and Mrs. Loren Trautman returned on Sunday from Elkton where they spent last week hunting deer.

Clifford Jackson, Donald Becker and Leslie Higley are home from deer hunting near Rose City.

Mr. and Mrs. Clifford Jackson visited Sunday at the Jerry Decker home.

The W. S. C. S. will meet Thursday, Dec. 2, at all-day meeting with Mrs. Werner Schutte.

# BY-LAWS OF ELKLAND TOWNSHIP COMMUNITY CHEST

## I. Membership—Membership in the Elkland Township Community Chest shall be as follows:

First, individuals who contribute annually to this corporation for the purposes for which it is created shall be known as Contributing Members, and shall be entitled to attend and vote at any meeting of the corporation. Second, corporations, partnerships or other aggregated contributors representing more than one individual shall be

entitled to have one representative and one vote at any meeting of this corporation, and shall also be known as Contributing Members.

## II.

Meetings—The organization meeting of the incorporators of the corporation shall be held on the 11th day of November, 1948.

The annual meeting of the members of the corporation shall thereafter be held on the third Tuesday of September.

Special meetings of the members of the corporation shall be held

upon the written request of ten or more members filed with the Secretary, or by resolution of the Board of Directors.

Ten voting members of the corporation shall constitute a quorum and be qualified to transact business at any meeting.

Notice of the time and place of either annual or special meetings of members shall be published in a local newspaper at least three days before the time for holding such meetings.

## III.

Directors—The Board of Directors shall be responsible for the proper management of the affairs of the corporation, and shall authorize all appropriations and allotments of money to such organizations or institutions as may be deemed proper, within the purposes of this Community Chest.

All directors must be American citizens whose residence or principal place of business is within the Township of Elkland; who are of full legal age; and who are members of the Elkland Township Community Chest.

The Board of Directors shall be composed of six Directors who shall serve for terms of three years each. Two Directors shall be elected each year at the annual meeting of the corporation, and no person shall be eligible for two successive terms of office as a Director.

The first Board of Directors, and their original terms of office are as follows:

Frank H. Reid, whose term expires in September, 1949.

F. Delbert Profit, whose term expires in September, 1949.

Willis Campbell, whose term expires in September, 1950.

Mrs. Laura E. Reagh, whose term expires in September, 1950.

Bernard Ross, whose term expires in September, 1951.

Frederick H. Pinney, whose term expires in September, 1951.

Any vacancy that may arise in the Board of Directors between annual meetings of the corporation, shall be filled by a majority vote of the remaining Board of Directors.

## IV.

Meetings of Directors—The first meeting of the Board of Directors shall take place immediately following the adjournment of the organization meeting of the incorporators, and each subsequent year immediately after the adjournment of each annual meeting of members.

Special meetings of the Board of Directors shall be held on call of the President or upon the written request of any three Directors duly filed with the Secretary. Notice of time and place of every meeting shall be given to each Director at least twenty-four hours before the time for holding such meeting. The presence of four members of the Board of Directors shall be necessary to constitute a quorum for the transaction of business.

## V.

Officers—The officers of this corporation shall be a President, a Vice President, a Secretary and a Treasurer.

Such officers shall be elected by the Board of Directors from its own number at its first meeting immediately after the organization meeting of this corporation, and immediately after each annual meeting thereafter, and shall serve for one year and until their successors are elected. Should any of such officers become vacant, the Directors shall fill each vacancy for the unexpired period.

The President shall have general supervision of the affairs of the corporation, preside at all regular and special meetings of the members or Directors, appoint all committees, of which he shall be ex-officio a member, and perform such other duties as usually pertain to the office of the president.

During the absence or disability of the President, the Vice President shall fulfill the duties of the President, and he shall succeed to that office by reason of a vacancy therein.

The Secretary shall attend all meetings of the members and Directors and make and preserve full records of all proceedings taken thereat. He shall prepare and give notices for meetings of members and Directors, have custody of the corporate seal and affix it to only such instruments as the Directors may authorize or as may be required by law. He shall keep an accurate record of the names of all members of the corporation and perform all duties usually pertaining to his office.

The Treasurer shall have the care and custody of all moneys, funds, securities, documents and property coming into the possession of the corporation. He shall keep detailed accounts of receipts and expenditures, and render an account thereof, and of all other matters pertaining to the money and property coming into his hands, at every annual meeting of the members of the corporation, and at such other times as the Board of Directors may request. All moneys coming into his hands shall be deposited in such depositories as the Board of Directors shall designate. No expenditures or disbursements shall be made except those authorized by the Board of Directors, and all checks to withdraw moneys of the corporation shall be signed by the Treasurer, and counter-signed by either the President, the Vice President, or the Secretary.

The Treasurer shall furnish such security or bond for the safe keeping of the money and property coming into his hands, and the faithful discharge of his duties, in such form and in such amount as the Board of Directors may require.

VI. Collections—Prior to the commencement of any campaign for funds each year, the Board of Directors shall appoint one or more persons as chairman of said campaign, with full authority to collect and receipt for moneys, subscriptions or pledges to the corporation, and whose duty it shall be to turn over such money or pledges to the Treasurer, together with detailed accounts and records thereof, at least once a week during such campaigns. All persons so appointed shall serve during the pleasure of the Board of Directors, and shall be fully accountable to them in such manner as the Board may designate.

## VII.

Organizations Receiving Support—Any organization or agency seeking an appropriation of funds from the Elkland Township Community Chest shall submit a written application for same to the Board of Directors upon forms to be provided by the corporation, and shall submit copies of their last annual financial report or such other information as the Board of Directors shall request.

Upon receiving approval of an appropriation from the Elkland Township Community Chest, any such organization or agency must agree not to conduct any other campaign or solicitation for funds in Elkland Township or in the Village of Cass City during the year of said appropriation.

## VIII.

Order of Business—At the meetings of the Elkland Township Community Chest and/or the Board of Directors, the order of business shall be as follows:

1. Determination of presence of a quorum, and at meetings of the Board of Directors, a roll call.
2. Reading of minutes of preceding meeting.
3. Reports of officers in their order.
4. Reports of committees.
5. Unfinished business.
6. New business.
7. Adjournment.

## IX.

Seal—The seal of this corporation shall consist of a circular die with the wording Elkland Township Community Chest, Cass City, Michigan, appearing around the edge thereof, and the words Corporate Seal in the center.

## X.

Amendments—These By-Laws or any of them may be altered, amended, added to or repealed at any regular meeting of the Board of Directors by a vote of not less than a majority of the entire Board of Directors, provided, however, notice giving the substance of any proposed amendment shall be given to each Director at the time notice of calling such meeting is given, and provided further that no amendment shall be made which will contravene the objects for which this corporation is created as stated in the Articles of Incorporation. Any change in these By-Laws made by the Board of Directors shall remain in effect only until the next annual meeting of the corporation, when such change shall be given to have any effect unless adopted by a majority vote of all members at such annual meeting.

Adopted November 11, 1948.

## Caponizing Hormone

A hormone is now available for caponizing cockerels. When injected under the skin below the comb, the male organs cease to function, the head develops feminine characteristics, and additional fat is deposited over the body. Each treatment lasts six to eight weeks. Therefore, cockerels should be treated about two months before they are to be sold for market purposes.

## ORDER FOR PUBLICATION

Final Administration Account  
State of Michigan, The Probate Court for the County of Tuscola.

At a session of said Court, held at the Probate Office in the Village of Caro in said County, on the 4th day of November A. D. 1948.

Present: Hon. Almon C. Pierce, Judge of Probate.

In the Matter of the Estate of Emma F. Moore, Deceased.

## More Highway Construction

Construction of highways in rural areas—interrupted during the war—is resuming on a major scale, census bureau reports. Nearly one-fifth of state costs were spent on roads in 1947-48. Highway purposes accounted for \$1,500,000,000, or nearly 19 cents out of every dollar of state spending. Much of this total was for capital outlay, to which 686 million dollars was devoted. This compares with 300-million dollars in each of the three preceding years.

For the first time in 25 years, Britain became the world's largest passenger car exporter in March. March exports, which numbered 19,100 cars, were 78 per cent of Britain's total passenger car production and 1,000 more than United States' February exports, which made up only a small percentage of U. S. output.

## Nodular Worms in Calves

## Women Take to Sewing

Before the war approximately 45 million patterns were sold as compared to 168 million in 1947. Home sewers bought 50 million dollars worth of patterns in 1947. One pattern company reported net sales last year of \$9,319,737, and said that its sewing book has been purchased by 250,000 home sewers and printed in three languages. Sale of yard goods in 1947 represented an increase of 300 per cent over 1940 and the sewing women and girls spent eight million dollars in sewing classes and clinics.

### Use Imagination, Knowledge To Solve Decorating Problems

By Etta Haley

IT'S fairly easy to decorate an empty room because all the poor features jump out at you when you first see it—bad light, ugly radiators, poor doorways, dingy floors, too high ceilings, as well as the other common faults. But have you looked over a room that is already furnished and failed to see what's wrong?

We may have lived in a place so long and added so much to it that we fail to realize that some grave faults have been created. Said a woman the other day, "My home was nice when we first moved in. But now, we've added so much, it's different. I feel there's something wrong with the place."

Her rooms were cluttered—not only with furniture, but odds and ends of presents or souvenirs that had come to the place throughout the years. The solution? It didn't cost any money for her to simply get rid of the extra things that cluttered the place, windmills for the kiddies that were patched and scratched, book racks that had been added to take care of magazines and papers that somehow did not get thrown out, pots and plants more than were essential, and crocheted dollies that cluttered the furniture. The room improved and looked ten times better.

Next time you come into the house after being absent for a few days or hours, look at it as though you saw it for the first time. How does it stack up? Are the principles of

#### Rounded Shoulders

Cotton corduroy for dress-up occasions is deftly fashioned into a graceful dress by Mildred Orrick. She rounds the shoulder line, styles push-up kimono sleeves and adds her own beautiful interpretation of the fall skirt.

room, and costs very little in time and effort.

You might build a wooden shelf over the radiator and bedeck this with gay ruffles and make it into a dressing table. This would solve the problem nicely in a bedroom or bathroom, especially if the latter is large enough.

If you have a bulky type of radiator, build a wooden cover with an open front, making the whole unit look like a low bookcase. Place separate units of the same size on either side and use as bookcases. Paint the whole thing the same color as the walls. Use plants or figurines on top of the units.

**Make Your Windows A Decorative Asset**

If your windows are too low, they may be made to appear higher if you raise the rods several inches. Then construct a valance to hide the fact that a rod is being used higher than it ordinarily is.

When you wish to make the windows appear wider, use the above treatment slightly varied. Hang the draperies as far to the side as possible. Then construct a large valance which will hide the fact. The valance should be rather wide and long.

If you have straight windows along a wall, these offer an excellent opportunity for glass shelves to hold plants or ornaments such as a collection of various colored bottles, pictures, or glass. This type of window may be simply curtained at either side, topped with a valance.

If you have a room with two small windows on two adjoining walls, a major but very attractive corner can be made out of this by modernizing. A treatment recently used with much success is to use glass blocks for the corner extending to take the place of both windows.

If you have a lovely outdoor view, it's best to frame this by having a large plate glass window. Don't obscure this with curtains; instead, use dark drapes at either side so that the view can be dramatized and given its proper setting.

For a group of windows in a bedroom, fluffy ruffles are fresh and attractive. The bedspread may match the curtains.

**Make Corners Assets With Clever Tricks**

Sometimes people forget that corners of a room need special treatment. They, too, can be a decorative asset when intelligently handled.

If Dad likes to retire to a "corner" to read his evening paper or magazine, make this your special project. Select a good comfortable chair, with a foot rest, if he likes it, and set this in a quiet corner. Have a side table for pipes or cigarettes, if he uses them, or a table with a shelf for books, magazines and papers. A good floor lamp with indirect lighting will make the corner a delightful place for reading.

Corners in living and dining rooms may be made attractive by cabinets which are excellent for storage space as they hold so many things. The top shelves may be made decorative with plants, attractive and unusual dishes or books with fine coverings. The lower shelves may be used for linens, scrapbooks, china or silverware.

Other corners lend themselves nicely to corner-type bookcases. If the bookcases are low, you may use attractive prints on the walls, and set a lamp directly in the corner itself for light.

**Modernize your rooms...**  
unity, balance and harmony intact, or have they been disturbed by the passing of the years?

**Disguise Radiators In These Ways**

When exposed starkly in a room, radiators are anything but a thing of beauty. Some are disguised easily, others may take a bit of ingenuity.

The simplest way to treat the exposed radiator is to cover it with metal made for the purpose. This

**And make them comfortable.**  
is especially true when the radiator is underneath the windows or against the wall of a room.

Choose the color of the cover carefully so as to make the radiator as unobtrusive as possible. Silver or gilt paint merely emphasizes it; a soft tone such as you use on the walls of the room tend to make it inconspicuous.

The radiator may also be slipcovered to match the color of the walls. This tends to make it a part of the

**Be Smart!**

Never have collars been so important as they are during this season. The smartest ones are those that reach for your chin. Best examples of this new trend are shown in the models sketched above. The one at the left is in black jersey with a frankly upstanding collar while at the right, cinnamon jersey in a flyfront serves to point up a stunning draped collar of self material.

FROM THE FILES OF THE CHRONICLE

Thirty-five Years Ago  
Dec. 5, 1913

The New Sheridan Hotel and furnishings were sold by Michael Sheridan to J. W. Honsinger of Lexington. Mr. Sheridan, who parts with the hotel he built in 1900, receives Mr. Honsinger's 150-acre farm at Lexington in the deal.

Weddings the past week. Everett Rawson and Sybil Wells; Chester Graham and Freda Fijwöck.

The Y. P. A. of the Evangelical Church elected the following officers: President, Lena Mark; vice pres., E. W. Kercher; secretaries, Elsie Buehly and Alvin Benkelman; treasurer, C. J. Striffler; missionary secretary and organist, Margaret Striffler; chorister, Wm. Bien.

The Senior Ethical Culture Club held an interesting meeting at Doerr's Hall Saturday afternoon. The club has 30 members.

John Copland, Harry Crandell and Neil Fletcher left Monday afternoon for Chicago to attend the International Livestock Exposition.

The first regular meeting of the Junior Ethical Culture Club was held at Miss Auten's home Friday afternoon. The following officers were elected: Helen Wiley, president; Thelma Hunt, vice president; Helene Bardwell, secretary; Neva Johnson, sergeant-at-arms.

Twenty-five Years Ago  
Nov. 30, 1923

Forty men accepted the invitation to attend the initial meeting of the Presbyterian Men's Club on Monday evening at the church parlors when the club was formally organized. Twenty-five signed the membership roll and Roy Bricker was elected president; A. E. Goodall, vice president; and H. D. Schiedel, secretary-treasurer.

The Thumb Bean Association was organized at Sebawaing on Nov. 15 when representatives of 25 elevators in Tuscola, Huron and Sanilac Counties met at Hotel Hannah. Ed Aymer of Fairgrove was elected president of the new organization and Gus Marotzke of Sebawaing secretary and treasurer. John Halliday, 48, was instantly killed Friday when a carbide tank

for a lighting plant burst as it was being charged. The accident occurred at the Halliday home two miles south of Caro.

The Great Lakes Power Co. have reached Gageton.

The negative side of the Gageton High School debating team, Alex Crawford, Georgia Munro and Maxine Livingston, debated with Sebawaing last week Thursday and won 2 to 1.

Miss Emma Bearss, who is attending the Mt. Pleasant State Normal College, has recently been selected pianist for the College Girls' Glee Club which meets weekly.

#### APPLIED PSYCHOLOGY

The new secretary was on the carpet. "Miss Brown," said the boss, "You're very attractive." "Really?" blushed the typist. "Yes, you dress well, your voice is modulated, your deportment is beyond criticism." "You really shouldn't pay me so many compliments," she said. "Oh, that's all right. I just wanted to put you in a cheerful mood before taking up the matter of punctuation and spelling."

#### Plenty of Room

Two ladies who had not seen each other for a long time met one day on the street.

"Oh, Mary," Blanche excitedly exclaimed. "I've had a lot happen to me since I saw you last. I had my teeth out and an electric stove and refrigerator put in."

## This and That

WITH PEOPLE who boast, it's no sooner done than said.

"OH, I LIKE to work, all right," says Rufe Hawkins, "but I prefer to be very moderate in my indulgence."

OTTO Prieskorn, editor of the November number of the Cass City Rotary Bulletin, says: "Let's so live that the preacher will not be unduly embarrassed at our funeral."

THE TROUBLE with our school system today, says a writer, is that the teachers are afraid, the superintendent is afraid, the parents are afraid, the school board is afraid—of the children. The children are afraid of nobody.

THE CHRONICLE'S linotype operator opines that if the names of those who remained at home were printed and those who went hunting were omitted from the last two numbers of the paper, there would have been less typesetting to do. A statement slightly exaggerated perhaps, but there were a lot of hunters' names, you'll all agree.

SOMEONE called the Chronicle's attention to the fact Monday that the Presbyterians were the first to erect a church edifice in Cass City and not the Methodists. That's true, but this newspaper did not say last week that the Methodist Church was the first one erected, but that the Methodists were the first denomination to hold religious services in Elkland Township. The Presbyterian Church was erected in 1878 and the Methodist in 1880.

### LARGE AUDIENCE WITNESSED THE CHURCH ORGAN DEDICATION

Concluded from page 1.

Ray Willson, district superintendent, and greetings were extended by the pastor, Rev. Howard C. Watkins, who also acknowledged the fine cooperation of officials and others in making possible the church improvements.

He read the following list of departed adherents of the local church in whose memory contributions were made for the organ fund: Mr. and Mrs. P. S. Rice, Dr. I. A. Fritz, Louis I. Wood, Raymond Wood, Mr. and Mrs. J. J. Gallagher, Ogden Atwell, Nelson Perry, Walter Schell, Fred A. Bigelow, Helen L. Rawson, Marie A. Rawson, Charles E. Lorentzen, Myrtle E. Hegler, Mrs. J. A. Caldwell, June Townsend and Mary Seed. The Sunday School made a contribution in memory of Walter Schell and Fred A. Bigelow, former superintendents.

Rev. Marshall R. Reed, D. D., bishop of the Detroit Area of the Methodist Church, delivered an inspiring sermon on "Changing the Mind of the World" in which he emphasized the importance of displacing fear with faith in the lives of individuals and nations. Rev. Mr. Reed conducted the dedicatory ritual and the audience sang "Blest Be the Tie" as the concluding hymn.

The purchase of new chancel furniture was made possible by a bequest from the estate of Mr. and Mrs. John Scriber and Liberty carillons from the sale of the Bethel Church building and contributions from the Bethel community. These together with a dossal and drapes, new carpeting for the sanctuary, and walls and ceiling refinished in Nu-Wood make beautiful and remarkable improvements in the church edifice.

Offerings for the building fund on Sunday totalled \$555.35.

### Give Hints For Drying Wet Corn

Since the corn crop has been cribbed, reports have been coming from various sections of the state about the high moisture content causing the corn to mold.

Agricultural engineers at Michigan State College say that high moisture corn should be spread out on the barn floor, machinery shed, or any other place available.

If no protected area is free, corn can be spread out on a mat of straw or hay, or on poles or boards. The layer of corn must not be more than two feet thick. Inspect the corn daily for evidence of molding and heating. Spread in thinner layers if necessary.

Blowing cold air through cribs will keep corn cool and prevent molding, the engineers say. Heated air is needed, however, to accomplish satisfactory drying. If you have a blower for drying hay, county agricultural agents can give details for its use in corn drying.

The Charter Oak, known in U. S. history, was over six feet in diameter. It was destroyed by a storm on August 21, 1856.

## Christmas Music By Bach, Handel

For a great many people the music of Bach and Handel make difficult listening — until Christmas comes around. Then, suddenly, everybody starts singing and humming tunes by the two old masters.

The reason for this is that both Bach and Handel were church musicians. One of their tasks was to compose songs for church congregations to sing. They proved themselves masters of beautiful, easily followed melodies in their Christmas music. Our most famous Christmas oratorios and carols came from Bach and Handel.

"How Brightly Beams the Morning Star" was composed by Bach and his "Christmas Oratorio" contains the themes of several other popular chorales.

In almost every town and village in America this Christmas a church choir will render at least a portion of George Frederick Handel's "Messiah." When carolers sing "Joy to the World" they'll be singing part of the "Messiah" too, for that carol comes from themes found in the great oratorio. Handel also composed the musical theme of "While Shepherds Watched Their Flocks."

It is a strange fact, but both Bach and Handel were born in 1685, lived for many years within thirty miles of each other, and never met. Yet today, the Christmas music they wrote is sung by men, women and children in countless churches of many faiths all over the world.

## Pagan Rites Basis Of Many Customs

Strange as it may seem, most American Christmas customs stem largely from Pagan rites practiced long before the birth of Christ.

The custom of exchanging gifts is one of the few that springs from the Christian era. Christmas candles, bonfires and Yule logs arise from the heathen festivals observing the winter solstice, December 21, when the days begin to lengthen. That was a time of great rejoicing for ancient sun worshippers who built bonfires to give strength to the "winter sun-god."

Pre-Christian Romans ornamented their homes with green boughs and flowers for the Feast of Saturnalia which began December 19. Druids gathered mistletoe for that season, while ancient Saxons used holly, ivy and bay. Modern mistletoe and holly wreaths come from those people.

Christmas trees, too, spring from the ancient German days when Germanic tribes made sacrifices to the sacred oak tree of Odin. When the missionary St. Boniface traveled to Germany in the Eighth Century and saw these celebrations he persuaded the natives to substitute a fir tree for the oak and, to adorn it in a tribute to the Christ Child.

During the Middle Ages the entire Christmas season was celebrated in equal fervor with that now shown on Christmas day. In some lands the celebration lasted from December 24 to January 6—Twelfth Night—and in others from December 21 to February 2. By the year 1644, Christmas in England had become such a wild orgy that the Puritans forbade its celebration by law.

## Much Family Fun In Group Games

"Make it a real family Christmas this year by having Santa pack a few hobby supplies or games into his pack that the whole family can enjoy together." This suggestion comes from E. H. Regnier, a recreation specialist at the University of Illinois.

There are many hobbies that can help build companionship between parents and children. Mothers and daughters like jewelry construction and tapestry weaving. Dad and Junior go in for model-making—airplanes, boats, trains and other items of special interest to the male population.

Everyone enjoys operating a printing press. Small presses turn out newspapers that have a real professional look. Shellcraft and woodburning are hobbies that produce genuinely useful articles. For family fun, rubber-tipped darts, indoor plastic horseshoes and marble games are excellent.

"Christmas is a time of 'togetherness,'" says Regnier. "Let's capitalize on the situation by starting a game or hobby that will encourage the same type of companionship the year around."

## Santa Pictured By Thomas Nast

Thomas Nast, the famous cartoonist who created our conception of Uncle Sam, the Republican elephant and the Democratic donkey, is also credited with giving America its first modern pictorialization of Santa Claus.

Nast first sketched his notion of Santa Claus in 1873. This Santa was a rollicking, chubby old man smoking a pipe and dressed in what looked like a night shirt with fur collar and cuffs. Since that day he has grown taller and rounder, has developed a full white beard and mustache and has acquired the traditional red suit bordered in ermine.

### 4-H Overseas Relief

Two hundred thousand dollars has been collected by 4-H club members for overseas relief during the first two-year postwar period, according to a report issued by the cooperative extension service, United States department of agriculture. Another important contribution of 4-H club members lies in increasing the local food supply to free more food for export. For the two years 1946 and 1947, they produced 250,000 acres of garden, raised 18 million head of poultry, 1,450,000 head of livestock, 72 million quarts of food, and dried, froze, or stored 25 million pounds of food.

### For Johnny Go-Fast

Silver-jointed tricycles and little autos are among the new toys for 1948. Literally, the various parts of the frames are stuck together with silver. Silver brazing alloys have been called "hard solders." Melted at relatively low temperatures, they flow almost like water. Capillary action pulls the binding fluid in between the most closely matched surfaces and into the slightest cavity. And this kind of solder is so strong that a film of a thousandth of an inch or less is enough to bind joints which have a strength second only to welding.

### U. S. Woven Cloth Output

More than 11,525,000 linear yards of cloth were woven in the United States during 1946, the last full year for which accurate statistics are yet available.

## DEFORD

Mrs. Ruth Kelley, Mrs. Lena Murry and Mrs. Leola Retherford were Monday visitors in Saginaw. Kenneth Churchill and Glenn Warner arrived home from their hunting trip, each securing a deer. Clarence Cox has returned home from Saginaw and is feeling quite well, following a minor operation at the Saginaw General Hospital.

Clarence May had his car badly damaged on Saturday night when he collided with a cow that had accidentally gotten out of the enclosure and was on the roadway.

Mr. and Mrs. Donald Clark spent Friday to Sunday near Roseconon visiting friends. Don went deer hunting.

Mr. and Mrs. John Clark entertained on Sunday Mr. and Mrs. Marshall Clappables of Brown City.

Mrs. Edna Malcolm and granddaughter, Kathleen Kelley, were visitors on Saturday in Lapeer of Rolland Bruce. Rolland is quite poorly and the source of trouble is as yet not known. He is returning to Ann Arbor again this week to get a further diagnosis.

How Alchemists Helped

Snapshots can be taken today because, long ago, alchemists tried to turn silver into gold, according to the Silver Users' association. They failed to get gold, but they discovered that silver nitrate is sensitive to light. Centuries later, film making became a leader among the many industrial uses of silver.
