Milligans Entertained Grange Friday

Thirty-four members and friends were present Friday evening when Mr. and Mrs. Jas. Milligan entertained the Grant-Elkland Grange at their home on Garfield Avenue. Entertainment was in charge of the three "Graces"—Mrs. Leslie Profit, Mrs. John West and Mrs. Herb Maharg. A potluck lunch was enjoyed at the close of the evening.

An invitation was accepted to meet with the Cass City Grange at their regular April meeting. Because of this the attendance contest of Grant-Elkland which was to have ended in April will be continued another month.

Baptist W. M. S. Met Thursday

The Women's Missionary Society met at the First Baptist Church Thursday, March 10. A light lunch was served at noon followed by a business meeting. A Bible reading and memorizing contest was begun. The Day of Prayer was observed with a special program as follows: Group song, "Take Time to Be Holy"; Prayer, Mrs. Mary Brown; Scripture reading, Genesis 18:16-33; special song by Mrs. Stanley McArthur and Mrs. Arnold Olsen, "Pause at His Feet for a Moment of Prayer."

There were four prayer groups led by Miss Schmidt, Mrs. Olsen, Mrs. Arnott and Mrs. Bears. The groups consisted of prayer for unsaved, missionaries, all nations and personal consecration and Christian loyalty. The meeting closed with the song: "Bless Be the Tie That Binds."

New Pastor to Start Ministry at Novesta Church of Christ

Rev. Howard Woodard, who has been called to the pastorate of the Novesta Church of Christ, will commence his ministry with that congregation on Sunday, March 20.

Mr. Woodard attended the Kentucky Christian College at

Rev. Howard Woodard.

Grayson, Kentucky, and while there served two half time churches. In 1946, he came to Michigan to serve two half time churches—the Deerfield Church of Christ near Lapeer and the East Arhela Church of Christ.

After one year of serving the two churches, the Deerfield congregation desired to have a full time pastorate with Mr. Woodard as their minister. During his three-year ministry at Deerfield, there were 72 additions to the church membership.

The Woodard family moved from Lapeer into the parsonage of the Novesta Church of Christ on Thursday, March 10.

Juniata Twp. Reports Successful Drive for Red Cross Funds

Juniata Township is the first in Tuscola County in which exclusive Red Cross fund raising campaigns were conducted to report its 1949 drive successfully completed, according to Harold D. Anderson, County Fund Chairman. A total of \$244.25 was raised on a quota of \$174.00.

Chairman of the drive in Juniata Township was Mrs. Lou Gussell. Other volunteer Red Cross workers were Harry Churchill, Mrs. Meda Cole, Edward Goodchild, Buelah Hess, Howard Hodges, E. Lane, A. M. Lewis, Jay McCluman, and William Stone.

Most townships, Mr. Anderson stated, are just getting their campaigns under way this week and reports of progress are expected by next week.

Elkland secured its 1949 quota in full through the Elkland Township Community Chest drive and officers of the Tuscola County Red Cross Chapter were informed several weeks ago that the amount was awaiting their acceptance.

Mar. 31 Is Last Date for Signing Farm Plans

Sanilac County and Tuscola County farmers are reminded by chairmen of the AAA committees that March 31 is the final date for signing farm plans for participation in the 1949 agricultural conservation program.

The program, which offers federal assistance payments to farmers who carry out approved soil conservation practices, is open to all farmers in the two counties who sign farm plans prior to March 31 and who carry out the approved practices listed on their farm plans.

The funds allotted to Sanilac County for the 1949 soil conservation payments total \$195,018.00 as compared to \$98,800.00 available last year for the 1948 program, which will make possible an increase in the individual assistance payments to farmers and will allow a greater volume of conservation work to be carried out this year.

Farmers who have not yet signed their ACP farm plans at township meetings, may do so any time between now and March 31 by calling at the county AAA office, from 8 to 5 Monday through Friday.

The Craft and Study Club, at their meeting at the schoolhouse on Monday evening, listened to an address by Miss Doris Quackenbush of Uby who spoke on interior decorating. Previous to the program, refreshments were served by Mesdames Don McLachlan, Lloyd Webster and Frank Hutchinson and the Misses Laura Bigelow and Katherine Crane.

Three Candidates Elected on Slips In Thumb Villages

Two Villages Reject Liquor By Glass Proposals in Monday's Voting

Enough interest was taken in the election in Cass City Monday so that friends of Clifford Croft elected him on slips over the caucus nominee, Robert Keppen. Croft received 45 votes and Keppen 24. Only 70 took the time to cast ballots. Other caucus nominees were elected without opposition. They are: Clerk, Wilma S. Fry; treasurer, Ernest Croft; assessor, Harold Jackson; trustees for two years, Albin J. Stevens, Clarence L. Burt and Arlan Hartwick; library commissioners for three years, Marian L. Douglas and Virginia W. Bulen.

Edward A. Parks was elected trustee in Port Austin, defeating the caucus nominee, Irvin Hoody, 195 to 89. Parks has served 23 consecutive years as a Port Austin village trustee and his new term will extend that record to 30 years.

At Caseville, Nicholas S. Dorney won over Mrs. Iva Horton, caucus nominee for treasurer, 24 to 23. Mrs. Horton held the office 14 years.

Voters in Peck and Sebawaing turned down sale of liquor by the glass. At Peck the vote was: No, 87; yes 86. At Sebawaing, No, 278; yes, 275. Four years ago, the proposal was defeated by a tie vote in Sebawaing.

Gagetown.

President James Dunn; clerk, Frank Rocheteau; treasurer, Edith E. Miller; assessor, Fred Kenyon; and trustees, Julius Goslin, Arthur Fisher and Harry Densmore. All are incumbent officials except Goslin and all were elected without opposition.

Owendale.

President, Norman L. Wales; clerk, Carl H. Erner; treasurer, Ralph Hoy; assessor, Morris Ricker; and trustees, Orville Eidt, Harold Day and Harold Jarvis.

Caro.

President, George J. Bieth; clerk, Glen H. Montague; treasurer, David Hutchinson; assessor, Charles E. Tennant; trustees, H. O. Dibble, George E. Klien and Frank J. Turner.

Caro voters approved a primary election system for nominations, 47 to 14.

W. S. C. Hears Talk on Palestine

A regular meeting of the Women's Study Club was held Tuesday, March 15, at the home of Mrs. Mason Wilson. After a short business meeting, Mrs. Melvin Vender gave a most interesting paper on Palestine. Mrs. Vender was very careful to give an unbiased report but she stated that the lack of agreement among the major powers had probably delayed the settlement of the Palestine question.

Twenty-six members responded to roll call with suggestions for topics for next year's programs. Because the General Federation of Women's Clubs is scheduled for the last week in March, the next meeting of the Cass City club will be held on April 5 at the home of Mrs. Walter Schell.

Coming Auctions

The farm being sold, Paul Lazzeri will sell cows, farm machinery and household goods at auction 4 miles east, 2 miles south and 1/2 mile east of Cass City, on Tuesday, March 22. Ira Osentoski is the auctioneer and the Pinney State Bank, clerk. Full particulars are on page 7.

Clayton O'Dell has chosen Wednesday, March 23, as the date for an auction sale of cattle, implements and feed, 2 1/2 miles south and 1/2 mile west of Gagetown. Arnold Copeland is the auctioneer, the Cass City State Bank is clerk and the auction ad appears on page 8.

Stanley Bartnick has decided to quit farming and will have an all-day auction of cattle, dairy equipment, farm machinery and feed, 7 1/2 miles north of Decker, on Thursday, Mar. 24. Nelson Linderman is the auctioneer, the Pinney State Bank is clerk and full details are printed on page 8.

Theodore Bolzman will give up active farming and will have a sale of livestock, tools and machinery, 4 miles south and 1 1/2 miles east of Sebawaing, on Thursday, March 24. Ernest Luther will cry the sale and the Unionville State Savings Bank is clerk. The sale advertisement appears on page 9.

Roy McIntosh will quit farming and will have a farm auction on Friday, March 25, 2 miles west and 4 miles north of Deford. Livestock, farm machinery, feed and household goods will be sold by Auctioneer Arnold Copeland. The Pinney State Bank will serve as clerk and full particulars are printed on page 8.

The Bad Axe Community sale will be held on Saturday, March 19, and a farm sale for Norman A. Diegel, 1 mile north, 3 miles west, 1/2 mile north and 1/2 mile west of North Branch, on Saturday, March 26. Both auction ads are printed in today's Chronicle.

In next week's Chronicle, Ed. Hahn will use space to advertise a farm sale 3 1/2 miles north and 1/2 mile east of Cass City on Wednesday, March 30 and Lloyd and Roy Frederick will advertise an auction sale at the farm 7 miles east and 5 1/2 miles south of Cass City on Saturday, March 26. Also in next week's paper will appear the farm sale ad of the James Tracy Estate, 3 miles south and 2 1/2 miles west of Cass City, the date of which is Friday, April 1.

Sanilac Co. 4-H Achievement Dates

The Sanilac County 4-H Adult Council has decided that there should be four spring achievement programs this year. The first will be held at Marlette High School on Friday, March 25. Clubs in the following townships should exhibit at Marlette: Lamotte, Moore, Marlette, Elmer, Flynn, Elk, Maple Valley and Speaker.

Argyle Parish Hall will house the second program on Monday, March 28. All clubs in Greenleaf, Austin, Evergreen and Argyle Townships should be on hand at Argyle.

Decker High School will take care of the northeast quarter of the county on Tuesday, March 29. The fourth and final exhibit will be in the Croswell High School on Wednesday, March 30. Clubs in the southeast quarter should be on deck for this event.

The 4-H Council representatives in each quarter are arranging the evening program of which a dress revue will be a part.

The public is invited to attend these various events.

Rotarians Will Entertain Friends On Farmers' Night

Tuesday Was "Treat Day" When Gifts Were Received from Members

Tuesday was "treat day" for Rotarians. At their noon luncheon, grapefruit, oranges and cigars were passed to members—the grapefruit from Arthur Ricker of Bradenton, Florida, the oranges from Edward Corpron, recently returned from Florida, and the cigars from Robert Stockwell, who became daddy March 5 to a fine young daughter. Rotarians sang "I got a girl just like the girl who married dear, old dad" in Bob's honor.

Each club member rated himself on a vocational service score card following a review of three chapters of the book, "Service Is My Business," by Geo. Dillman.

Rotarians will observe Farmers' Night next Tuesday at 6:30 p. m. when each club member will entertain a farmer friend at dinner at the New Gordon Hotel.

Club members signed a "get well" folder which was sent to Guy W. Landon, a local Rotarian, who was taken sick at Lakeland, Fla.

M. B. Auten, W. L. Mann and Louis Bishop were appointed by President Melvin R. Vender as a committee to arrange for a return bowling match with Caro Rotarians at the Cass City alleys.

Frank Rolka of Caro was a luncheon guest.

Michigan Mirror

A possible end to the steady increase in Michigan sales tax collections may be indicated by a recent report from the revenue department. For the first time since the end of the war a slump has been noted. February collections on January business show a 1.4 per cent drop from the corresponding period a year ago. Cigarette tax collections, however, are up 3 per cent.

A proposal to give cities the right to levy excise taxes is again before the Senate. Introduced by Senators Bates and Schuch, the bill would permit cities to levy excise taxes up to 20 per cent of their assessed valuations. There would be an amendment to require a vote of the people before a tax could be levied. Bates says that he wants to give cities a new source of revenue "so that they won't have to come begging to the legislature for handouts." Opponents contend that cities could levy excise taxes under present laws simply by amending their charters.

In two and a half weeks the spring election will be held. Although there was much talk in the legislature, it was finally decided not to submit any proposals for amending the constitution. The people will choose a superintendent of public instruction, state highway commissioner, two supreme court justices, two regents of the University of Michigan, two members of the board of agriculture and a member of the state board of education plus various county, township and school board officers. Concluded on page 2.

Players May Appear In Other Leagues

In order to correct any false impressions, the Cass City Softball Association wishes to state that any person playing softball in Cass City will be allowed to play in any other league of his choice.

The rules for this year's organization have not been settled as yet and the respective managers of the teams entered will have a voice in those rules.

Freiburger Grocery Makes Improvements

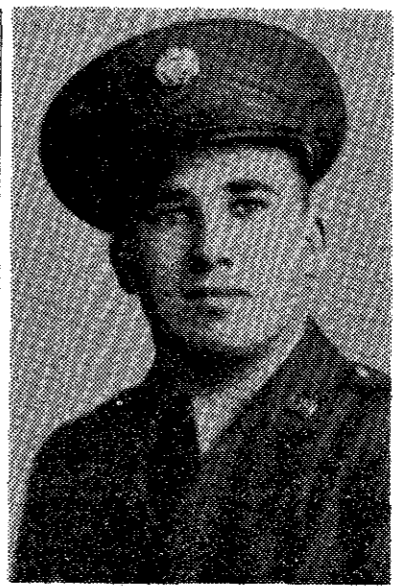

The Freiburger Grocery salesroom has again been enlarged by moving the partition at the rear of the store eight feet farther south. All old shelving has been removed and has been replaced by modern steel shelving and a new vegetable display case has been installed. A number of customers' merchandise carts are on the floor and a new arrangement of counters makes possible a regular check out system.

Remains of T/5 W. R. Kappen to Be Brought Home

The Department of the Army recently announced that the bodies of four veterans of the Upper Thumb district are among those being returned from Europe aboard the Army Transport Barney Kirschbaum. They are T/5 Warren R. Kappen of Cass City, Pfc. John E. Buehler, Jr., and Pfc. Jacob F.

T/5 Warren R. Kappen.

Knoll of Sebawaing and Pfc. Neil J. Coon of Croswell.

The remains of T/5 Warren R. Kappen, who was killed in Holland on Sept. 18, 1944, will be brought to Little's Funeral Home here after their arrival from overseas when the funeral service date will be set and funeral arrangements completed.

Warren Kappen, who was 24 years of age at the time of his death, was born March 28, 1920, at Unionville, the son of Robert E. and Mildred Patanude Kappen. He completed his 8th grade education and at the age of 14 went to Detroit to live. He was employed as a welder with Ceco Steel Co. when he entered the army Nov. 26, 1941. He trained at Battle Creek, at Fort Knox, Ky., and in Carolina before going to the African Theatre in 1942. In 1943 he went to England and as part of the 67th Armored Division went on to the European mainland with the first invasion. Temporary burial was made in Foss cemetery in Belgium.

He is survived by his parents of Ellington Township; three sisters, Mrs. Wilson (Margie) Veoil of Ecorse, Mrs. Robert (Virginia) Rabideau of Cass City and Maxine at home; three brothers, Lester and Jack of Detroit and Wallace at home; and his grandparents, Mr. and Mrs. Jos. Patanude of Unionville and Mrs. Mary Ellen Kappen of Detroit.

County Federation Of Women's Clubs to Meet at Unionville

Plans for entertaining the Tuscola County Federation of Women's Clubs on April 8 were made recently by the Unionville Woman's Club. The convention will be held in the Unionville Methodist Church.

The Women's Society of Christian Service will serve a luncheon at noon. Mrs. M. L. Stimpson of Vassar is president of the County group and Mrs. T. K. Schmidt, treasurer. Mrs. Alex Liberacki is assisting Mrs. J. J. Meacham, of Millington, program chairman. Mrs. George Spero is arrangement chairman.

Tea will be served by the Unionville club at the close of the meeting. Mrs. Wesley Schember, Mrs. Oscar Roller and Mrs. John Beatenhead are on the committee.

Miss Laura Maier is the Cass City club's delegate to the county convention.

Mrs. John L. Whitehurst, a past president of the General Federation, will be the principal speaker at the Michigan State Federation of Women's Clubs at the Statler Hotel in Detroit on March 30, 31 and April 1. Mrs. C. L. Graham is a member of the nominating committee at the state convention and Mrs. Walter Schell is the local delegate.

SANILAC COUNTY TEACHERS' INSTITUTE

Sanilac County will hold its teachers' institute Friday, March 18, at the Sandusky High School according to an announcement by John R. Francis, county superintendent of schools.

The 1949 institute will be centered around the theme of "Improving the Professional Status of Teachers," and will be presided over by Norman G. Cobb, superintendent of the Croswell-Lexington Rural Agriculture School and president of the Sanilac District Michigan Education Association.

Seven Treasurers Have Records of 95% and Better

Seven township treasurers in Tuscola County have collected taxes ranging from 95 to 99.46% of their tax rolls, according to Arthur Willits, county treasurer. All treasurers have not settled with Mr. Willits so there may be more names to add to this "best collectors" list later.

Here are the records of the seven, giving first the name of the township, then the treasurer, the total roll, the amount collected and the percentage collected:

Elkland—C. J. Striffler, \$61,197.61, \$60,869.83, 99.46%.
Denmark—Walter Bierlein, \$44,891.29, \$44,570.03, 99.26%.
Columbia—Arthur Brady, \$36,497.65, \$36,106.80, 98.9%.
Tuscola—Robt. Thompson, \$22,840.08, \$22,486.64, 98.5%.
Akron—Mrs. Irma E. Hartwick, \$46,784.77, \$44,992.46, 96.1%.
Wisner—Alger Hartz, \$13,665.57, \$13,071.43, 95.7%.
Arhela—Fred Seitz, \$22,517.66, \$21,385.35, 95%.

REPUBLICANS TO STAGE COUNTY RALLY MARCH 24

Republicans of Tuscola will have a county rally in the courthouse in Caro on Thursday, March 24, at 5 p. m., according to Mrs. Devoe, secretary of the county committee. Pat Cleary, a dynamic and forceful speaker, will be the outstanding orator for the occasion. Other speakers are on the program.

HOW TO FIX IT

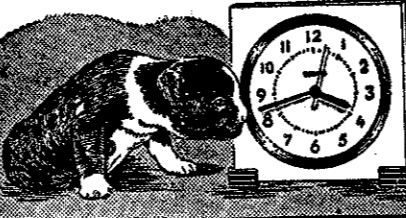

By TOM GREGORY

WHEN A SLEEPING DOG WANTS YOU ONLY TO LET HIM LIE IN PEACE, IT'S A PRETTY GOOD SIGN THAT HE IS COMFORTABLE—BOTH INSIDE AND OUT. CHANCES ARE THAT HE'S HAD A GOOD MEAL AND IS COMPLETELY CONTENT. IF YOUR DOG EATS PREPARED FOOD TOO FAST FOR HIS OWN GOOD, HERE IS ONE THING YOU CAN DO TO HELP HIM OUT AND MAKE HIM A MORE CONTENTED CANINE:

PUT HIS FOOD IN A FAIRLY DEEP PAN AND PLACE A SMOOTH ROCK ON TOP OF IT AS SHOWN IN THE ILLUSTRATION ON THE RIGHT. THIS MAKES IT NECESSARY FOR THE DOG TO TAKE HIS FOOD IN SMALL AMOUNTS AND AT THE SAME TIME PREVENTS THE PAN FROM BEING UPSET.

TICK...TOCK...TICK...TOCK....

THERE IS SOMETHING ALMOST HYPNOTIC ABOUT THE STEADY TICKING OF A CLOCK. IF YOU HAVE A YOUNG PUPPY OR KITTEN THAT IS RESTLESS AND WHINES AND CRIES THE FIRST FEW NIGHTS YOU HAVE HIM AT HOME, PUT A SMALL CLOCK IN HIS BOX. THE TICKING WILL SOOTHE HIM AND MAKE HIM FEEL HE IS NOT ALONE.

ficials. The election is considered important by Republicans and Democrats because both the superintendent of public instruction and the highway commissioner automatically become members of the Administrative Board that helps run the state when the legislature is not in session.

Local governments may not get the public notice given the state and nation when their taxes go up, but collectively they were no slugs last year. The State Board of Assessors reports that county, municipal, school and other local Michigan taxes rose 15.78 per cent over 1947. Levies totaled \$286.2 million or \$39 million over the previous year. Average tax rate was \$29.15 per \$1,000 property valuation, an increase of 6.48 per cent.

The Hoover Commission (technically known as the Commission on Organization of the Executive Branch of the Government) says that reorganization of federal agricultural practices could save the country as much as \$82 million. One suggestion is that the Agricultural Department take greater advantage of "the established and effective State organizations" to avoid duplication of national and state effort at local levels.

In another report, the Hoover Commission suggested that Uncle Sam's record keeping system be modernized. They found, for example, that federal records at present occupy 18,500,000 cubic feet of space—the equivalent of six Pentagon buildings. Citing another example of federal waste, the Commission points out that fully half of the three million purchase orders issued every year average less than \$10 while the cost of processing a purchasing transaction is greatly in excess of \$10.

In Howell they have a new and pleasant twist on enforcing their over-time parking laws. Instead of giving guilty motorists tickets, the policeman puts another nickel in the meter and leaves a note asking the driver to send a dime to the Howell police department. The ten cents covers the nickel, three-cent postage stamp and two cents worth of envelope and printing.

Oakland County Citizens League conducted an interesting poll of its members. Most significant discovery was that 97 per cent would favor the appointment of a Michigan study group similar to the Hoover Commission to help the state find its way out of present financial and administrative difficulties. Other results were that 82 per cent believe the state should cut state services to live within its income, 33 per cent favor a gas tax increase and 84.6 per cent believe that no new taxes are necessary.

One of the arguments being used against Governor Williams' proposal to levy a four per cent corporate income tax is that it will drive Michigan industry out of the state. The Department of Economic Development is now preparing a study which may have an important bearing on this question. Data furnished by power companies is being used to determine why industries have come to the state and left it since 1939.

Oleo, Butter Consumption
Consumption of oleo went up 35 per cent in the first half of 1948, as compared with the same period of 1947, and butter consumption dropped 15 per cent in the same six months.

CHEVROLET

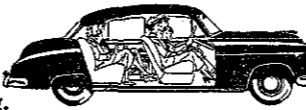

See the difference... Hear the difference!

The Stylized De Luxe 4-Door Sedan White sidewall tires optional at extra cost.

That solid and satisfying sound when you close the door of a Chevrolet Body by Fisher typifies the finer and more durable quality which runs all through the car. There's nothing flimsy or "tinny" about this car; it provides quality that is "true-blue"—through and through!

It's the most Beautiful BUY of all

The most Beautiful BUY for Driving and Riding Ease—with New Center-Point Design

The most Beautiful BUY for Styling.
Not only is Chevrolet's Unisteel Body by Fisher more solid, more sturdy and more satisfying to ride in, but it is also more beautifully designed, upholstered, and appointed than other bodies in the Chevrolet field. It has smarter colors, too!

The most Beautiful BUY for Comfort.
Here, you can relax as you ride in a Super-Size Interior... featuring "Five-Foot Seats," extra-generous head, leg and elbowroom, and the advanced heating* and ventilating system of a car that breathes. (*Heater and defroster optional at extra cost.)

Just as you can see the difference and hear the difference born of quality when you close the door of a Chevrolet Body by Fisher, so you will experience the difference when you drive or ride in this car that America calls the most beautiful buy of all.

And what a decisive difference you will find in its driving and riding qualities! New Center-Point Design—including Center-Point Steering, Center-Point Seating, Lower Center of Gravity without loss of road clearance and Center-Point Rear Suspension—brings you an entirely new kind of driving and riding ease found elsewhere only in costlier cars.

Here, indeed, is the most beautiful buy of all—for total car value—because it brings you all these qualities of costlier cars at the lowest prices and with outstanding all-round economy!

The most Beautiful BUY for Thrills and Thrift. Nowhere else will you find such a perfect balance of power, acceleration, economy and dependability as you'll find in Chevrolet's Valve-in-Head Engine! That's why more and more makers are adopting Valve-in-Head design.

The most Beautiful BUY for All-Round Safety. You'll enjoy maximum safety with: (1) New Certi-Safe Hydraulic Brakes; (2) Extra-Strong Fisher Unisteel Body; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows; and (5) the super-safe Unitized Knee-Action Ride.

New "Dubi-Life" Rivetless Brake Linings—Last up to TWICE as Long!
Linings are secured to brake shoes by a special "Perma-Bond" process thoroughly tested and proved by millions of units under all kinds of driving conditions. Because there are no rivets to limit lining wear or score brake drums, lining life is practically doubled. Chevrolet is the first full-sized car to bring you this important braking advancement!

Dry Ice for Silo Fires
Let's hope you never see smoke coming from your silo caused by spontaneous combustion. But if it should happen, take a tip from the Kansas farmer who conferred hastily with extension agents and then called a chemical company to bring a number of cakes of dry ice. The ice was dropped in from the top of the silo and the fire went out. The dry ice or carbon dioxide method has also been used to fight fires in hay mows.

Mastiff Fights
Until Victoria's time, mastiffs in England provided cruel amusement in spectator pits for dog fighting and bull and bear baiting. On the queen's insistence, such exploitation was outlawed in 1835, though the law was held lightly for many years.

Firearms Casualties
Every year more than 2,000 persons accidentally lose their lives because of careless handling of firearms. The total was 2,500 in 1947. Most of these needless deaths are in hunting accidents.

GREENLEAF

Patrick Kendall left University Hospital at Ann Arbor Monday of last week. He is staying in Detroit at present and returns to Ann Arbor at times for medical care.

Low Heat for Sausage
Keep the heat low when cooking bacon and sausage. These products can be cooked thoroughly without drying, hardening or scorching. Low heat will give the best flavor, tender texture and least waste.

Cancer in Children
Cancer has become one of the leading causes of death among children.

MICHIGAN Motoring

Watch out for kids! Anticipate their moves and STOP in time to prevent a tragedy! Your automobile, incorrectly handled may be an instrument of DEATH! It's up to you to obey the rules of good driving—for safety.

Your automobile can only give you best service when it is in good running condition—a car with faulty mechanics is a DANGEROUS vehicle! Make it a habit to bring your car to your local garage for regular check-up. Keep those brakes in good working order constantly—so that, if necessary, you can stop almost instantly—it may be the means of saving a life—perhaps a child.
Police are regularly checking lights and brakes on the automobiles of Michigan. Their purpose is to help you—to keep you safe by helping to keep your car safe. Cooperate to make Michigan's highways safe for the children—for all our citizens who regularly travel or cross our busy streets and highways. Have your car checked today—for safety's sake!

Louisa Railroad
In 1836 the Louisa railroad was organized to build a railway line to the Blue Ridge mountains. This was the railway line of which the Chesapeake and Ohio is the direct descendant.

'Worst' Drivers
Connecticut's "100 worst" drivers are to be subjected to physical and mental tests to determine what makes them so dangerous. A special state law requires that they appear for the tests.

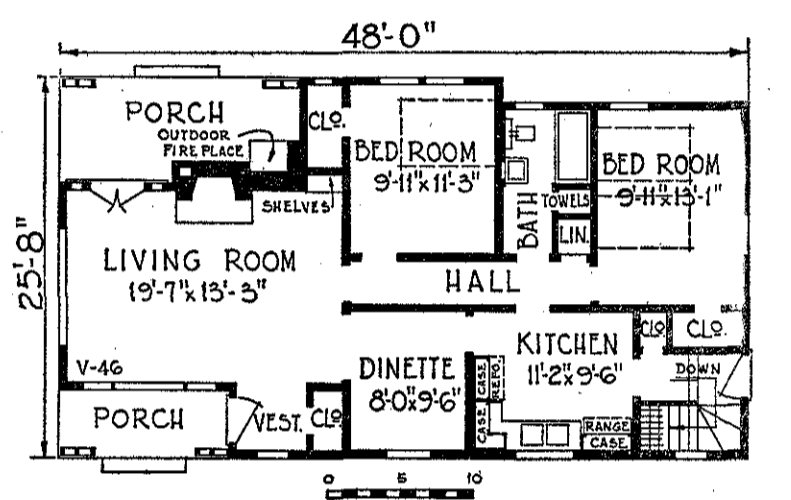

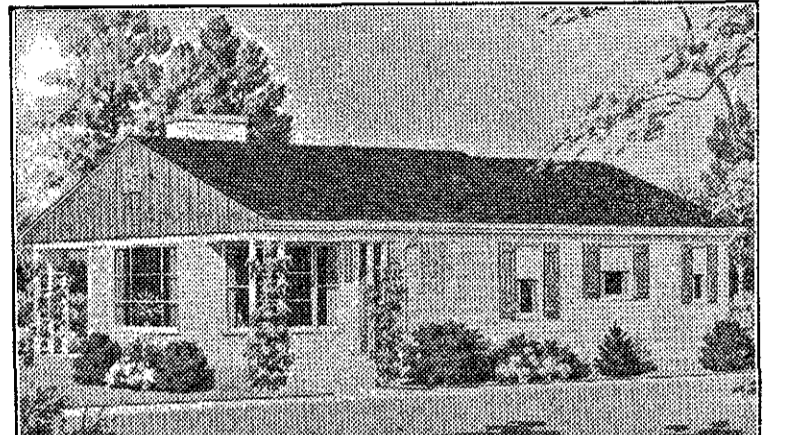

Galvanized Ware
Galvanized ware is the name applied to steel containers which have been made rust-resistant during the manufacturing process by application of a zinc coating.

Farm Dollar
In mid-July, 1948, farmers were receiving 53 cents out of the consumer's dollar spent for food products. The other 47 cents went to wholesalers, retailers, transportation companies and others taking part in the marketing process.

Food Value of Potatoes
Potatoes will provide as much as one-fourth of the daily vitamin C quota, besides iron, other important minerals and starch and some of the B vitamins.

Speed Is King
Man-made missiles capable of circling the globe in two hours, and space ships that would make the moon a next-door neighbor of the earth, are possibilities of the future.

Harbec and children, Tommy, Judy, and Patty, and Mr. and Mrs. Frank Harbec.

Congress of Parents Opposes Race Betting

If gambling is illegal, why permit race track betting? The Board of Managers of the Michigan Congress of Parents and Teachers by a decisive referendum vote has declared itself in favor of joining other organizations demanding repeal of Michigan's parimutuel law that legalizes betting at horse race tracks.

Mrs. Elmer L. Church of Kalamazoo, state president, said today: "The primary objective of the parents-teacher association everywhere is to promote the welfare of children and youth in the community as well as in the home and school. To do this it must oppose influences which affect youth adversely. In this latter category must be included pari-mutuel betting at race tracks. The congress will encourage study and action on this question, as it does in other legislative matters concerning children and youth."

Barring the pari-mutuels it is believed will strengthen both the state and local communities in their efforts to eliminate other forms of gambling which so often prove detrimental to the family life and welfare of youth.

4-H PROJECTS

Parents and leaders interested in 4-H livestock and crops projects for their boys this summer may attend the meeting being held for them Tuesday, March 22, at 1:30 p. m. at the 4-H Building, Caro. Byron E. Carpenter, county 4-H Club agent, announces that Nevel Pearson, assistant state 4-H Club leader, from East Lansing, will be present to discuss the summer agricultural project.

Mr. Pearson will speak concerning the project requirements, selection of seed and animals, fitting and showing, and preparation of all kinds of exhibits for the summer projects. He will also discuss special contests and incentives, and have suggestions and advice concerning judging and demonstration contests.

Folder Helps to Make Corn Choice

To help Michigan farmers choose the hybrid corn that they will grow this year, the farm crops department at Michigan State College has prepared a new folder listing results of corn trials over the state.

The hybrid corn trials are conducted annually at several locations in Michigan to find the adaptation of a large number of corn hybrids to various parts of the state. Yields of the hybrids are listed according to yield per acre, moisture in the ears, and the number of years that the hybrid has been tested.

By comparing the results of the trials in his locality, a farmer can determine which hybrid he might wish to grow.

Copies of the folder, F-67, "Corn Hybrids Compared," are available from county agricultural agents or by writing to the Bulletin Office, Department of Public Relations, Michigan State College, East Lansing, Michigan.

World's Greatest Pump

A human heart pumps about 650,000 gallons of blood a year, says World Book encyclopedia. This is enough liquid to fill 81 standard size tank cars.

Parasitic Mares

Mares suffering from internal parasitism may not be able to produce enough milk to nourish their offspring.

Stream Pollution Will Be Discussed At Frankenmuth

Pollution, a problem of importance to every community in the Cass River Valley, will be discussed at a public meeting sponsored by the Frankenmuth Conservation Club in Frankenmuth March 22 at 8:00 p. m. at the St. Lorenz School auditorium.

Milton P. Adams, executive secretary-engineer of the Michigan Stream Control Commission, and Victor C. Beresford, secretary of the Wayne County Sportsman's Club and an authority on pollution problems, will be the principal speakers. Dr. V. K. Volk, M. D., Saginaw County health commissioner, will discuss the pollution problem from a health standpoint. The G. E. film, "Clean Waters," which deals with the pollution problem, will be shown at the conclusion of the meeting.

As entertainment features the Frankenmuth High School Band will provide music from 7:30 to 8:00 o'clock and Art Beauchamp, internationally famous duck caller of Flint, Michigan, will demonstrate duck calling.

All sportsmen, civic groups, farmers and municipal leaders interested in controlling pollution in the Cass River, are invited to attend. Every sportsman's group in the Saginaw Valley will have representatives at this meeting.

Fried Tomatoes

Sliced tomatoes, dipped in egg and crumbs and fried to a golden brown on both sides, are extra good dressed up with sour cream sauce. After lifting the fried slices to a hot platter sprinkle a couple of tablespoons of flour over the fat left in the pan, mix well, then pour in a cup or a cup and a half of sour cream. Stir and cook slowly until thickened. Season with salt and pepper as desired. Then pour the hot sauce over the tomatoes on the platter and serve at once.

Housewife's Preference

An extensive poll in which housewives were asked, "If you had more food money, what would you spend it on?" disclosed that about one-third would buy more vegetables, fruits, and dairy products.

Carved Furniture

Is there anything more difficult to dust and polish than carved furniture? Here is a solution. Dip a small brush in furniture polish and use in dusting small cracks and carved places.

Glamour Photographer Says Women's Legs Reveal Age

NEW YORK.—An expert can tell a woman's age by looking at her legs, says Larry Gordon, photographer of glamour girls.

It's easier in a bathing suit than a new look gown, of course, but if the lady will lift her skirt to her knees, the expert can tell in a flash what the beautician tries to conceal.

"It's the blood lines in back of the knees and around the ankles," Gordon said. "It's easy. An expert can guess a woman's age within a year."

The female leg, from the knee down, is a little tale in more ways than one, Gordon said.

Giant Snails Menace Guam as Navy Hunts For Answer to Plague

WASHINGTON.—The United States navy would like to know whatever happened to the bright young scientist it sent to South Africa in search of a snail eater. If the boy doesn't come back pretty soon, we're going to have to move out of Guam, not to mention Saipan, to make room for the giant African snails which are multiplying faster than the shmoo.

History of the snail plague is this: A Captain W. F. Jennings, assistant chief of naval operations on Guam, appeared before a house subcommittee wearing a weary look. He said that when the Japs first moved onto Guam they brought their lunch with them, snails, which the Nips dearly love.

The marines and G.I.s who took over had a lot of beans and spam and, hence, little appetite for snails. So the snails, left to their own devices, started to multiply.

Captain Jennings told the committee the snails, measuring four to six inches in length and weighing up to a pound and a half, were raising the very devil with vegetation on Guam. There are 11,000 arable acres on the island—good for raising corn, potatoes, peas, melons and sugar, all liked by snails.

The navy yelped for help and the naval research council and the department of agriculture responded. They sent a lone scientist to Africa, from whence came the snails, to find a natural enemy.

The man hasn't sent a report in, or even a "wish you were here" card. Investigators went through a flood of channels and couldn't even learn the man's name, although the navy is sure it sent somebody down there.

'Glamour Girl' Describes Modern Farmer's Wife

CHICAGO.—The American farmer's wife is going to be the glamour girl of 1950, Mrs. Charles Sewell, administrative director of the Associated Women of the Farm Bureau Federation, declared here.

Mrs. Sewell told the Third National Electrification Congress that the next few years will see farm families place themselves on a par, or above the rest of the country, in home conveniences.

It is the tremendous surge of new ideas and equipment to the farm, she said, that will put the farmer's wife beside her city sister in the field of glamour and as the typical American girl.

The farmer's wife then, Mrs. Sewell said, will have the time necessary to membership in the glamour division.

Family Life Held Strong Amid Industrial Changes

DETROIT.—The contemporary American family is far from any danger of disintegrating because of change in the national industrial pattern—it is simply changing its own pattern in response to changes it encounters.

This, and other statements of praise for the family unit in the nation were delivered by authorities on family life at the fifth biennial meeting of the Family Service Association of America.

Speakers declared available evidence indicates that the adaptability of the family constitutes one of its principal strengths.

Dr. Charles S. Johnson, sociologist, declared that "in a dynamic society such as we have in America, virtue does not inhere in stability but in adaptability to greatly accelerated social change."

Dr. Johnson said the American family has been undergoing a "profound and, to many students and social workers, a disturbing change." He referred to authorities who cite the increase in divorce, or the number of mothers holding jobs, as evidence the family is breaking down as a social institution.

The speaker declared that this, instead of evidence of disintegration, may be studied as a phase of the social orientation of the family in adjusting to the recasting of the role of the family, the changing status of women in Western culture, and greatly accelerated social change.

The educator asserted also that the "tradition of unquestioned male dominance in a family situation is in conflict with the democratic ideal of our society that husbands and wives are equal and that children's personalities should be respected."

Tip for Seamstress
Buttons on coats will stay on much longer if a small button is sewed on the underside of the garment, at the same time the button is sewed on the outside.

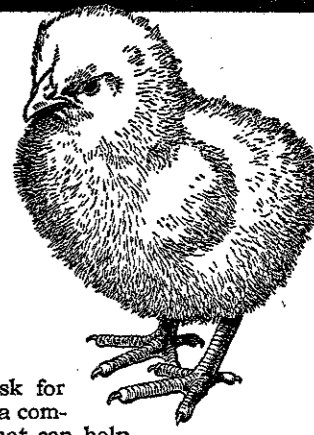

Parts in Motor
Electrical manufacturers claim that the average small motor has more than 150 parts.

Vaccine for Newcastle Disease
Tests on thousands of birds have proved the practical value of a new vaccine developed by veterinarians for protecting chickens against Newcastle disease.

Before Milking
For sanitary milk, wash and dry cow's udder before milking.

THE MEANING OF MUTUALITY

The Equitable is a MUTUAL institution... And this means that Equitable is its policyholders...

The only way to share in the protection afforded by Equitable is by being an Equitable policyholder...

You can't buy stock in Equitable; there are no Equitable stockholders, no Equitable bondholders...

There are no outside interests to share the proceeds of the policyholders' dollar, for in every way the Equitable is a cooperative

organization, owned by and existing for its policyholders...

Millions of people who want family security have joined together mutually in Equitable in the sound belief that the type of solid security they need is to be found only in cooperation with others...

The desire for security through cooperation has thus created mutual insurance—dependable financial protection through voluntary association.

This is mutuality.

**CHECK AND REPAIR
FARM IMPLEMENTS
NOW**

Here's a reminder about your implements. A few hours work now may save you a breakdown in the field next spring. Implements in good condition do a better job and do more work per hour.

1. CHECK ALL IMPLEMENTS for worn or broken parts. Tighten bolts, replace worn bearings.
2. REPLACE WORN PARTS. Our parts department has a good supply of Allis-Chalmers repair parts made in the same factory and to the same specifications as the original parts in your equipment.
3. WELDING, PAINTING, aligning and major repairs should be scheduled with us soon. Phone or bring in equipment.

Start now. Be ready to go when the weather is right.

Dearborn LIFT TYPE

Field Cultivator really gets down and digs

Use it shallow for eradicating weeds or mulching... or set it full 9 inches deep and really churn the soil. It leaves land in shape to hold moisture and resist wind erosion.

Spring-actuated shanks permit points to ride over stones or roots and reset themselves automatically. Variety of points available.

The Dearborn Field Cultivator can be attached to a Ford Tractor in one minute. Hydraulic Touch Control means easy lifting for turns and transport. See it! And remember us for genuine parts and expert service.

Jewelry Prices Cut
People are still buying fine jewelry, as distinguished from costume pieces, but prices today are half what they were two years ago, special order jewelers report. To cut costs, more extensive use is being made of the new platinum metal palladium. Because it holds diamonds and other important gems securely, palladium is being increasingly used as settings.

DEFORD

Former Novesta Resident Killed
Neil Bailey, 65, of 3296 South Grant Street, Pontiac, was killed early Sunday when struck by a car while crossing Auburn Road near Adams Road in Pontiac.

The auto was driven by Glenn R. Schoonover, 40, of 68 Marshall St. who told sheriff's deputies he did not see Bailey until it was too late to avoid hitting him. Schoonover was not held.

Bailey was born in Novesta Township, Tuscola County, Feb. 1 1884, and had been a resident of Oakland County 15 years. He was employed at the Micro Wave Manufacturing Company.

He married Alto C. Lewis in Pontiac, in June, 1945.

Surviving besides his widow are two daughters, Mrs. Harold Chambers of Pontiac, and Mrs. Robert Harvey of Auburn Heights; one son, Marvin L. Bailey, of Auburn Heights; one sister, Mrs. Emma Keilitz of Caro, and four grandchildren.

Services were held from the Dudley Moore Funeral Home Tuesday at 1:30 p. m. with burial in White Chapel Memorial Park.

Mr. and Mrs. Vern Green and family of Pontiac, Mrs. Bert Green of East Dayton and Mr. and Mrs. Russell Clark of Marlette were guests on Friday of Mr. and Mrs. John Clark.

Mrs. Ropp is spending a few days with her daughter, Mrs. George Jacoby.

Harley Kelley and Adolph Woelfle were callers in Lansing Thursday.

Mr. and Mrs. Kenneth Churchill and family, Vernon, Janice and Charles, were Sunday visitors at the Ben Crocker home in Saginaw.

Mr. and Mrs. Joe Kelley of Saginaw spent Sunday with Mr. and Mrs. Wm. Kelley.

James Bruce and daughter, Persis, are spending this week at Pontiac with Mrs. Bruce and other relatives.

Mr. and Mrs. Howard Field and son, Randall, of Pontiac and Mr. and Mrs. J. O. Smith of Hazel Park were guests last week at the John Field home.

Wm. Zemke and Jas. Greenleaf were business callers in Lapeer on Wednesday.

Mr. and Mrs. Horace Murry and Mr. and Mrs. Warren Kelley were callers at Saginaw on Thursday.

Mrs. Henry Cuer is slowly improving after having pneumonia. Mabel Zemke, who is attending business college at Bay City, spent the week end with her parents, Mr. and Mrs. Wm. Zemke.

Sunday guests of Mr. and Mrs. Kenneth Kelley were Mr. and Mrs. Pierre Cramer and son, Rennie, of Akron and Bob, Shirley and Sherry Bills of Caro.

Mr. and Mrs. Frank Lester of Kingston were Sunday guests of Mr. and Mrs. Cecil Lester.

Mr. and Mrs. Horace Murry attended the funeral of Rene McConnell at Akron Tuesday. Mr. McConnell lived on a farm east of Deford for a number of years.

George Jacoby underwent an operation for appendicitis on Thursday of last week at the Pleasant Home Hospital and is still a patient there.

Mr. and Mrs. Arlon Retherford and family were Sunday guests of Mr. and Mrs. Clarence McQuarrie of Marlette.

Mr. and Mrs. W. A. Parrott entertained Sunday Mr. and Mrs. Lew Sherwood and Mr. and Mrs. Gale Parrott in honor of Mrs. Gale Parrott's birthday.

Grant W. S. C. S. Met With Mrs. M. Moore

Grant Woman's Society of Christian Service met at the home of Mrs. Martin Moore recently when dinner was served to about twenty-five members and guests.

The business meeting was conducted by Mrs. Arthur Moore, president of the society. The meeting opened with the group singing "Unafraid", the society's theme hymn. Mrs. Moore, as secretary of spiritual life, read the fifteenth chapter of Romans and led in prayer.

Ten members and five guests answered to roll call by reading a thought for the day.

Because of the illness of Mrs. T. J. Heron, Mrs. Frank McCallum led the program, "Human Values in Labor Questions." Mrs. Howard Britt gave the "Call to Worship" and talks were given as follows: "The Blacksmith of Longfellow's Day" by Mrs. Louella McCallum, "A Century's Changes" by Mrs. Howard Britt, and "In the Train of Changes" by Mrs. John C. Moore. Mrs. Phil McComb, Mrs. Charles Britt, Mrs. Clare Profit, Mrs. Glen Profit and Mrs. Glen Densen were guests.

The committee to plan the Community Club dinner was named and includes Mrs. Arthur Moore, Mrs. Dugald McLachlan and Mrs. Frank McCallum. Mrs. McLachlan was appointed to buy a blanket for Mr. and Mrs. Joe Miljura who lost their home and contents by fire.

Mrs. Clare Profit and Mrs. Charles Britt joined the society, making the membership quota of three new members complete.

The next meeting of the society will be held at the home of Mrs. Howard Britt March 24 for dinner and the study course will be "On Our Own Door Steps" in the afternoon.

Smelt Season Suggests Tasty Meals During Lent

Whatever your plans are for Lenten menus you will delight your family if you serve them the fish of the season—smelt.

If you live in northern Michigan you may be attending a "smelt jamboree" but you can easily treat your family to the mild little fish at home. Smelt are easily cleaned and can be served in many ways.

For a variety of recipes for cooking smelt write to the Bulletin Office, Department of Public Relations, Michigan State College, East Lansing, for the attractive folder illustrated in color. Ask for Experiment Station Folder 8, "Fish Recipes—Smelt." All recipes have been tested by the foods and nutrition department working in cooperation with the zoology department.

Recipes for frying, broiling, baking and pickling smelt are included. Sauces are recommended for smelt because they are so mild in flavor. Recipes for a variety of sauces are given.

Smelt range in length from six to 14 inches and usually run from seven to nine inches. It is easier to clean the larger smelt. It is not necessary to scale them. Simply remove the head and the entrails with a knife.

Insist on fresh smelt because the oil essential to the rich flavor evaporates easily and is not found in stale fish. It is available fresh from February to late May when the sportsmen take it during the spring spawning runs.

Frozen smelt are wholesome but lack the characteristic flavor of the fresh fish now being taken from the Great Lakes.

Patients recently discharged were: George Jacoby of Deford, Mrs. Alvin Burk of Decker, Mrs. Milton Wright and baby girl and baby James Sherman of Caro, Joyce Ann Doerr of Argyle, and Alvin Armstead of Snover.

Lists Points for Chick Selection

Poultrymen usually have some questions in their minds when it comes time to prepare for chick brooding time. Charles Reed, extension poultryman at Michigan State College, has a few answers which may be helpful to those raising chicks this year.

Whether to buy pullets or straight run chicks is a question which is often raised. The points to consider are the time and the number of pullets which can be housed satisfactorily; whether light or heavy breeds are more desirable; how much floor space will be available when the chicks are ten weeks old; and possible markets for cockerels that are to be sold as broilers or fryers.

A plan Reed recommends is to buy 300 straight run chicks or 150 sexed pullets for each 100 pullets you plan to house in the fall.

Farm flocks raising heavy breed chicks purchased early usually make enough on the sale of the cockerels as broilers to pay for the feed of the pullets to the time the cockerels are sold.

For the farm with only one 12 by 14 brooder house, more than 350 chicks are too many. Not more than 150 pullets should be kept in the house after 10 or 12 weeks of age. If 350 pullets are started, some supplementary range shelters should be supplied at the age of six to ten weeks.

In regard to whether sexing hurts chicks, the extension specialist points out that if the job is done correctly, no damage will be done. The number of sexed chicks sold has increased each year for the past several years.

4-H Chicken Project Off to Early Start

Fifteen Tuscola County 4-H Club members are getting an early start in their 1949 summer 4-H projects by enrolling in the new Youth Chicken-of-Tomorrow Contest, being conducted in the county this spring for the first time, according to Byron E. Carpenter, county 4-H Club agent.

This project, which is of fourteen weeks' duration and has as its purpose the economical production of high-quality broilers, began last week with all members receiving their baby chicks during the week. The 15 members have started their projects with a combined total of 3,000 chicks. They, together with several FFA members in the county who are also enrolled in the project, will brood and feed their chicks until mid-June, when at the age of 14 weeks the birds—at least the cockerels—will be hauled to a dressing plant, processed, and judged. The exhibits of the Chicken-of-Tomorrow project will consist of a dozen dressed broilers from each member's flock.

Dairy Costs Can Be Cut by Farmers

With farm income declining, farmers are looking for ways to make their farm business more efficient. This will help to cut costs

of production and keep the enterprise profitable.
The Michigan State College farm management department has made a study of cost reduction in dairy farming that points to a number of ways to lower costs. C. R. Hogland, farm management specialist at

MSC, lists them as (1) improved forage production, (2) more efficient feeding, (3) better work methods, and (4) more economical housing.

NOW YOU CAN ANGLE OR STRAIGHTEN YOUR DISK HARROW—
ON THE GO!
Now... John Deere Disk Harrows can be quickly straightened for crossing grassed waterways or wet spots and angled again without stopping or even slowing down. When equipped for operation with the new John Deere Power-Trol, smooth hydraulic power angles or straightens the disk gangs at the touch of the operator's hand on the convenient control.
All John Deere Disk Harrows are regularly equipped with a simple, positive trip-rope control for angling or straightening the disk gangs from the tractor seat.
The sturdy John Deere "JB" is a double-action harrow with no costly built-in weight to bury it in light soil; yet in hard ground or tough stalk conditions, you can add weight to secure plenty of penetration. Flexible construction, ample clearance, proper weight distribution, and easy adjustment—these are other important features that make it easier to do good disking with a Model "JB".
