

Five New Teachers On Staff of Cass City Schools

Of the 30 teachers who served on the staff of instructors of the Cass City Public Schools the past school year, 28 will return to their positions when school opens Wednesday, Sept. 7, the second day after the Labor Day holiday. Two others, Mrs. Elna Kelley and Mrs. Beatrice Borg, who were also offered contracts, do not expect to teach the coming year.

The staff will have five new instructors. Roy Benson of Holt will teach agriculture, Miss Jean Hutchinson of York, Pa., will be kindergarten instructor, Richard Dormody will teach mathematics and biology and Miss Eunice Herber, a graduate of Cass City High School, who recently completed her studies at Taylor University in Upland, Ind., will succeed Mrs. Kelley in the 5th and 6th grades. Mrs. Frances Tyo will teach home making the first semester.

Teachers of the past year who return to their positions on Sept. 7 are:

Willis Campbell, Superintendent.
Arthur Holmberg, Principal, Science.

Harold Oatley, General Science.
Orion Cardew, Industrial Arts.
Harold Earker, Mathematics.

Dave Ackerman, History, Government.
Arthur Paddy, Coach.
Irving Claxman, Assistant Coach.

Donald R. Borg, Band.
Frank Weatherhead, Journalism, Business Training.

Otto Ross, English, Speech.
Miss Bertha Mitchell, Commerce.
Miss Thelma Hunt, English, Foreign Language.

Mrs. Esther Kinn, Librarian.
Miss Jennie Coffron, Homemaking (2nd semester).

Mrs. Mary Holcomb, Junior High Principal, English, Literature, Science.

Mrs. Marie Sullivan, Junior High History, Mathematics.

Miss Caroline Garety, 6th grade.
Mrs. Erma Cardew, 5th grade.
Mrs. Ella Price, 4th grade.

Mrs. Sigrid Holmberg, 4th grade.
Mrs. Iva Profit, 3rd grade.
Mrs. Estella Crawford, 1st and 3rd grades.

Miss Martha Knoblet, 2nd grade.
Mrs. Marian Croft, 2nd grade.
Mrs. Zora Day, 1st grade.

Half Time Teachers.
Mrs. Helen Ross, Art.
Mrs. Margaret Wallace, Assistant Librarian.

Among the improvements made in the school building recently are the application of sound proofing board in the library, the decorating of several class rooms and a new roof on two-thirds of the school. The other third of the roof was renewed last year.

Price Support Loans For Bean Growers

As the 1949 bean harvest approaches, Sanilac County bean growers are reminded by George S. Lapp, chairman of the Sanilac County AAA committee, that government price support loans and purchase agreements based on 80 percent of parity will be available for the 1949 crop provided application is made prior to January 31, 1950.

The program is similar in detail to that in effect for the 1948 crop with the exception that the 1948 crop was supported at 90 percent of parity and the 1949 crop will be supported at 80 percent of parity under the provisions of the Aiken price support law.

The actual support prices for navy and other varieties of dry beans will be announced shortly after September 1, Mr. Lapp said, inasmuch as the support level is based on 80 percent of the parity price of beans on September 1.

Cass City Grange Chose Delegates

The Cass City Grange met Friday evening at the Bird School for their annual wiener roast. Because of the cool weather the wieners were cooked and served in the Grange dining room and enjoyed as much as though served out-of-doors.

Delegates chosen to attend the county Grange convention at Caro were Mr. and Mrs. Phillip McComb and Mr. and Mrs. Milton Huffman. Their alternates are Mr. and Mrs. Elwood Eastman and Mr. and Mrs. Joseph Benkelman.

No formal program had been prepared but the usual visiting took place and "Happy Birthday" was sung in honor of Mrs. Huffman and Mrs. McComb.

Wide Differences In Bids on Drain Excavation Work

County Drain Commissioner Edmund Miller let contracts Tuesday for excavation and concrete work on three outlets of the Northwestern Drain which is located in Wisner and Gifford Townships. There was a wide difference in the figures submitted on the excavation jobs.

On Outlet No. 3, Lewis Easlick Co. of Sebawaing were the successful bidders on the excavation work at \$48,433. Other bids included Lajoie & Nickless, Caro, \$58,000; Schweinsberg Construction Co., Bay City, \$104,750; Roy Bricker, Saginaw, \$62,200; Elmer Erickson, Bay City, \$56,329; Walraven Bros., Bay City, \$97,314.61. On the concrete work, the contract was awarded to R. C. Fox, Caro, at \$35.00 a cubic yard. Other bidders were Garret Hess, Akron, \$40.00; Leonard & Mayerhafer, Bay City, \$41.50.

For excavation work on Outlet No. 1, including A and B, the contract was awarded to Elmer Erickson for \$42,000. Other bids were: Lajoie & Nickless, \$47,000; Lewis Easlick Co., \$44,500; Schweinsberg Construction Co., \$78,390; Roy Bricker, \$48,433; Walraven Bros., \$84,980. R. C. Fox received the concrete work job at \$34.84 a cubic yard. Other bids were Leonard & Mayerhafer, \$38.40 and Garret Hess, \$40.

On Outlet No. 2, Lajoie & Nickless received the excavation award in a bid of \$8,948. Lewis Easlick Co. bid \$10,000; Schweinsberg Construction Co., \$13,900; Roy Bricker, \$10,800; Elmer Erickson, \$12,000; and Walraven Bros., \$12,248. Bidders on concrete work were: Leonard & Mayerhafer, \$32.50; R. C. Fox, \$34.84; Garret Hess, \$35.00.

New Skating Rink Started, Garage To Be Enlarged

McLellan Bros. have the cinder blocks laid for the walls of a building 66 by 110 feet which, when completed, will be used for a roller skating rink. Most of the block laying was completed within a week. The work will be delayed several weeks now, waiting for steel truss for the roof. No posts will be used for roof supports, leaving the floor unobstructed for skating.

The building is located on West Main Street, next to the Bauer Candy Co. building and is owned by the builders.

Tuesday, McLellan Bros. received the contract from Horace Bulen to build an addition to the Bulen Chevrolet Sales building on East Main St. It will be constructed of cement blocks and will be 40 by 65 feet in size. Work on this project will start immediately. The addition will be used for a paint and body shop.

Forty Men Expected For First Football Practice Monday

A squad of about 40 men are expected to take part on opening day of football practice Monday morning, August 29.

The team will be built around four returning lettermen, headed by Gil Schwaderer, who will be at his fourth year in the quarterback position; Jack Bird and Tom Schwaderer, who will probably be at half back spots; and Lee Hartel who will hold down an end position.

Men who are expected to make strong bids for starting assignments are Jim Bishop, John Ellis, Chester Dorland, Jim Fox, Kenneth Martin, Floyd Roach, Fred Ross, Jack Stahlbaum, Tommy Townsend, Chuck Watson, Clifford Wright and several others.

A promising group of freshmen are expected to turn out and form the bulk of Coach Irv Claxman's reserve squad.

Cards have been sent to the boys requesting them to appear at the high school building on Saturday, Aug. 27, for physical examinations.

Western Auto and Baldys in Line For Championship

It took ten innings for Western Auto to defeat the Church of Christ team 4-5 on Monday night in the series to decide the Cass City Softball Association championship. Baldy's Sunoco won from Decker 5-4 the same night. A large crowd attended these two games, the last of which was concluded around 11:30 o'clock.

Wednesday night, Baldy's group defeated Wallace Corners in another of those closely contested games, the score being 2-1.

Tonight (Friday) Baldy's undefeated team is scheduled to play Western Auto, who have won all but one game this season. If Western Auto is the victor it means another game with these two groups as contestants. If Baldy's group wins, it ends the season's scheduled games.

Wednesday's crowd was treated to a concert by the school band before the game.

There will be a repeat performance of the all-star game between the stars of the American and National leagues Wednesday, August 31.

Proceeds of this game will be used to provide an evening of entertainment for ball players and fans at a later date.

H. S. Band Cancels Their State Fair Engagement

More than 60 bands representing every section of Michigan will participate in a brilliant musical program throughout the Centennial Michigan State Fair September 2 through 11, according to Graham T. Overgard, musical director.

In the group the Cass City High School Band, directed by Don Borg, was scheduled to put on a half hour concert in the music shell on Saturday, Sept. 3, but because of the prevalence of polio in Michigan, Mr. Borg has decided to cancel the engagement. Several parents have voiced their approval of Mr. Borg's action in the matter.

Each band coming to the fair will perform in the music shell and members of the organizations will be guests of General Manager James D. Friel and the fair's board of managers at many of the fair's special attractions, including a roast beef dinner.

The high school bands will provide only one of the highlights of the finest entertainment program ever put together for a Michigan State Fair.

Stage, screen and radio stars will be on hand in person, with Bob Hope providing a headline touch. Hope will come direct from Hollywood. It will be the first time Hope has ever appeared at a state fair. He will headline a twice daily eight-act vaudeville show in the coliseum September 2, 3 and 4.

Following Hope in the featured spot of the coliseum will be singers Jo Stafford and Bobby Breen and Tommy Bartlett, star of the famous Welcome Travelers radio show.

Tex Ritter's famous rodeo will be featured in two appearances daily in the grandstand September 3 through 10. Radio's famous Grand Ole Opry will be the grandstand show on opening day, September 2, and a 100-mile sanctioned auto race and Joie Chittwood's thrill drivers will take over the grandstand on the final day, September 11.

A daily feature will be a parade on the fairgrounds, featuring headline performers, contestants in the fair's drum major contests and the high school bands on hand that day.

Tuscola Co. Book Loan Report from State Library

Mrs. Loleta D. Fyan, state librarian, recently announced that Tuscola County requested 47 book collections for 1949, as compared to 35 for 1948. These book collections circulated by the traveling library section of Michigan State Library, under the direction of Miss Dorothy Hansen, averaged 25 to 100 books per collection.

Miss Hansen reported that most of the requests for book collections came from village libraries, schools, camps, state institutions, and cross-road community clubs not served by a county library. Statistics show that counties requesting more book collections tend to receive better service locally.

The three counties in Michigan showing the greatest increase in book collections are Oakland with 80, Gratiot with 77, and Shiawassee with 55. The total number of collections for 1949 was 983; for 1948, 366.

The traveling library section of Michigan State Library is planned to handle requests from libraries in communities under 2,500 population, and they are urged to use its services.

Tuscola Bean Growers Report Serious Blight

Tuscola County bean growers are reporting some serious damage in beans caused by Node or stem blight, according to Loren S. Armbruster, county agricultural agent. It is believed by most growers that the injury to the bean plants is the work of insects, maggots or wireworm.

Agent Armbruster states that in making farm calls relative to the damage done, that very few cases were found due to insect or worm damage.

Node blight, a bacterial disease, attacks the bean plants on or just below the lower node of the main stem or about one inch above the soil level. Serious infestation causes the plant to break over and die, resulting in considerable loss of the crop. Several farmers have plowed under beans due to severe attack.

Control measures by dusting or spraying with chemicals have not been established. Two cultural practices which will aid in controlling Node blight are to plant seed from disease free fields and rotating of crops. Agent Armbruster urges farmers to check their fields for next year's crop.

The disease lives in the soil and therefore leaving infected crop residue on the field adds to increased infestation of the blight to next year's bean crop when planted in the same field.

Mystery Ride Termed a Success

The first Tuscola County Mystery Ride sponsored by the Pomona Grange under the direction of Mrs. Wm. LeValley was held on Saturday evening, August 20.

Meeting at the parking area of the fairgrounds, a caravan of 25 colorfully trimmed cars passed through the village of Caro and proceeded on their way to the final destination which was the Cass City Grange Hall, northeast of Cass City.

The climax of the evening's program was the drawing of the young Grange lady's name by the Pomona Master, Herbert Maharg, for the title of Tuscola County Cinderella.

The lucky young woman is Mrs. Don Reid of Cass City Grange and her alternate is Mrs. Don Whittenberg of East Almer Grange. Mrs. Whittenberg was crowned, serving as a substitute for Mrs. Reid, who was unable to be present. Mrs. Whittenberg was presented with a lovely corsage and a gold bracelet. Mrs. Reid received a silver necklace with matching earrings and Cinderella's silver slippers to be worn at the State Grange convention at Jackson October 25-27. At that time Mrs. Reid will compete with other county Cinderellas for the title of State Grange Princess.

After a bountiful supper, the members left for their homes firmly convinced that they had been on a Mystery Ride and that a very enjoyable evening was had by all who attended.

Co. 4-H Members To Compete at State Club Show

A group of 4-H club members from Tuscola County will go to East Lansing for the 34th annual state 4-H Club show, August 30 to September 2, it has been announced by the county cooperative extension office.

The annual show, held at Michigan State College, is expected to draw a record attendance this year. Entries come from every county in Michigan. The show is the climax of the year's 4-H Club work. Exhibits which have been chosen as best at county and regional meetings are taken to the show to compete for state honors.

Livestock exhibits, except horses, will be shown under Macklin Field Stadium. Horses will be housed in the riding horse barn. Garden, home economics, handicraft and crops exhibits will be shown in the college auditorium and the agricultural engineering building. Delegates and 4-H club leaders will live in the Michigan State College quonset village area during the show.

In addition to the displays of projects, evening programs are planned for the 4-H Club members and guests. A. G. Kettunen, state 4-H Club leader, has issued an invitation to the public to attend the show and programs free of charge.

Tuscola delegates, who were winners in the recent district and regional contests, are invited to participate in the state show event competing with other district winners of the state. Judy Liberacki of Unionville will compete in the clothing judging contest. Anne Beller from Fairgrove and Nancy Sinclair from Cass City will judge canning. The county livestock judging team will compete with seven other teams from the state in judging livestock. Members of the county team are Keith Little of Cass City, Alex Murray of Cass City, Gene Buchinger from Reese, and Freddy Black from Akron. Walter Jackson from Caro and Clayton Ruggles from Kingston who placed high in the dairy judging elimination contest are to be invited back for state judging honors.

Exhibitors in dairy, beef, sheep, swine, horses, crops, garden, electrical, handicraft, canning and other projects will be selected at the Tuscola County Fair this week.

Michigan Mirror

By Gene Allemen.

Has your home-town attracted new industries since VJ-Day? Many small towns in Michigan have.

Any traveler in Michigan who visits small towns is instantly impressed with this fact. Industrial decentralization—that \$20 phrase for the splitting up of big business into little business is putting new payrolls and pep into many Michigan communities of less than 10,000 population.

Even Henry Ford II has conceded that the River Rouge plant, soon to be the stage for another costly and wasteful strike, has become too big to be run efficiently. The snarl of city traffic do not help any, either. City life isn't what it's cracked up to be for both the manufacturer and the worker. Hence the continuing trend of industry into small cities and towns.

A "Michigan Mirror" survey offers these spot examples of Michigan small towns which have attracted new industries since the war:

Gladstone—\$80,000 branch plant of the Coleman Canning Company of Coleman, Wisconsin. From 150 to 200 persons will be employed during season.

Allegan—Globe Milling Company, manufacturers of underwear, employing 80 persons for a \$3,200 weekly payroll.

Baldwin—Packing Material company, making cartons and mounts for refrigerators and

DEFORD

Picnic Thursday at Caseville—

Around 100 attended the picnic at Caseville Thursday, Aug. 18, with families of the Deford Sunday School and of the Novesta Farmers' Club participating.

Potluck dinner was served around 12:30 after which recreation began with a softball game. Those who cared to go bathing enjoyed that sport. After bathing all returned to the tables to enjoy ice cream. Mr. and Mrs. Harley Kelley, Warren Kelley and Horace Murray conducted foot, bag, 3 legged and wheelbarrow races and a bubble gum contest for the children. The ladies contested in ball throwing, and carrying eggs in spoons, the men in ball throwing, Oxford kicking and nail driving contests.

Prizes were offered only to first places. A good spirit of fellowship prevailed all day.

Melvin Phillips underwent an operation for appendicitis on Saturday.

The W. C. T. U. will hold their September session at the home of Mrs. Glenn Towsley September 1 at two o'clock.

While Lowell Sickler and son, Gene, were putting a new roof covering on the two-story dwelling house at the Tedford farm, now owned by Adolph Woelfle, Gene slid down the roof to the ground. He landed on his feet and some bones were broken in one foot.

Cecil Lester has had a new aluminum roof put on his barn. The work was done by Sickler and son.

The school building and yard is being made ready for school which begins immediately following Labor Day.

Mr. and Mrs. Leslie Drace are spending a few days at the Kelley cottage with the Kelleys.

Mr. and Mrs. Chris Taylor of Flint came on Sunday morning to the Herbert Phillips home and got Ruth, and all will spend a week at the Taylor cottage on a lake about ten miles beyond Mio.

Mr. and Mrs. Cecil Lester and family were Sunday afternoon visitors at the Frank Lester home in Kingston.

Miss Mary Ellen Field of Detroit spent the week end here at her parental home.

Mr. and Mrs. Bruce Malcolm and daughters of Ferndale, Mr. and Mrs. Robert Bills of Caro and Howard Kelley were Sunday dinner guests of Mr. and Mrs. Howard Malcolm. Kathy Malcolm had spent a week here with her grandparents.

Mrs. Genie Martin of Cass City spent Saturday with Mrs. Fred Hartwick.

Mrs. F. W. Towsley spent the week end in Cass City, a guest of Mrs. Genie Martin.

Mr. and Mrs. Bert Chadwick of Crosswell were Sunday afternoon

callers at the Howard Malcolm and Walter Kelley homes.

Mr. and Mrs. Lyle Spencer of Bad Axe were Sunday visitors of their parents, Mr. and Mrs. George Spencer.

Mrs. Alfred Slingend is at Merrill this week at the home of her son and family, Mr. and Mrs. Ray Slingend.

Guests entertained at the Joe Molnar home were Mr. and Mrs. Rudolph Palmer of Detroit and Mary Kobinski of Saginaw.

Paul Molnar spent the week end at Caseville.

Mr. and Mrs. Frank Riley are not at all well. Frank was at St. Joseph Hospital in Pontiac taking a series of X-ray pictures and in two weeks will again visit the hospital.

Guests at the Riley home were: Mr. and Mrs. Larry Bramble and two children of Seattle, Washington, Mr. and Mrs. E. M. Wenot of Milan, Mr. and Mrs. Robert Totten of Ann Arbor, Mr. and Mrs. George Morrison of Royal Oak and Mrs. Carrie Burfero and daughter, Evelyn, of Dearborn.

Mr. and Mrs. John McArthur entertained for the week end, Mr. and Mrs. Ward McCaslin and children of Rochester, Mr. and Mrs. Robert McArthur and daughter, Kay, of Flint, Charles Hartig and Mr. and Mrs. Ed. Hartig of Bay City on Sunday, and Jed Perry and a friend of Saginaw on Saturday. Jack McCaslin, who has been staying with his grandparents, went home to Rochester to stay for two weeks with his parents.

Mr. and Mrs. Louis Sherwood were Sunday visitors in Royal Oak of their daughter and family, Mr. and Mrs. Paul Moore.

Mrs. John Field, accompanying her daughter and husband, Mr. and Mrs. Harvey Walker of Argyle, enjoyed a trip Friday through Sunday. They drove to the Soo, and from Hulbert they took a fourteen mile boat ride on an army landing craft to Tahquamenon Falls.

Mr. and Mrs. Leland Kelley of Kalamazoo came to the Walter Kelley home to spend a few days with Leland's parents.

Don't Pasture Alfalfa in Sept.

Farm crops harvested during August and September are being stored for use until the 1950 crop matures. The same thing applies to the alfalfa plant that is to produce a hay or pasture crop in 1950.

Tuscola County Agricultural Agent Loren S. Armbruster warns farmers to keep cows out of the alfalfa field during the month of September. This last spurt in growth permits alfalfa to store food in the roots for a strong, healthy start in the spring. Close razing, the agent continues, weakens the plant and invites subsequent winter killing.

"Who needs plans to put in a furnace?"

Joe: "You! As a Lennox dealer, I'm wondering how you're getting any heat with this homemade set-up!"

Al: "Frankly, I'm getting too much—and payin' too much in fuel, too!"

Joe: "Serves you right. When I put in a Lennox Heating System, I see that it supplies the right amount of heat in the right places—economically. That's because I locate and install pipes, registers, and heat controls correctly!"

Al: "Hey—would a Lennox, ah, break me?"

Joe: "It would save you! Lennox systems for gas, oil, and coal are reasonable—planned and put in right to give years of trouble-free, economical heating. Want an estimate?"

Al: "In words of one syllable... FER GOSH SAKES YES!"

THE BELVIEW has a combination living-dining room, which forms a comfortable L-shaped room, with three exposures looking to the front, side and rear of the house. The small, well-arranged, compact kitchen has a cabinet on the end wall. The rear entrance of The Belview opens into a small utility room, convenient to the kitchen, from which the basement stairs lead.

The front and rear entrances of The Belview are connected by the center hall which also gives access to all rooms. There is a coat closet in the hall as well as a 7 foot long storage cabinet.

There is cross light and ventilation in all of the bedrooms. The bedrooms are also equipped with large wardrobes with storage space above. The exterior of The Belview is of frame construction with siding. The straight lines of The Belview make it easily adaptable to the substitution of concrete blocks or brick veneer for the frame.

The main body of The Belview is 38 feet wide and 24 feet deep. It has 1069 square feet with 20,320 cubic feet.

For further information about THE BELVIEW, write the Small House Planning Bureau, St. Cloud, Minn.

Sisters of the bride were her attendants, Mrs. Theron Berry of Saginaw who wore blue taffeta and Mrs. John Tuckey of Brown City and Miss Waunita Moore of Cass City, both of whom wore gowns of pink.

The groom was attended by Theron Berry and Paul Silvernail of Saginaw and Norman Silvernail of Big Rapids.

A reception for the guests was held following the ceremony in the home of the bride's parents. Refreshments were served including a wedding cake which was made by Mrs. John Tuckey and which was cut and served by the bride's great-aunt, Mrs. Alice Moore. Mr. and Mrs. Cash received many lovely gifts.

They returned Tuesday from a few days' trip into Canada and left at once for Illinois. The bride teaches school in Crete, Ill., and the groom is studying for the ministry at Kankakee, Ill.

Guests from a distance besides those in the bridal party were: Miss Berniece Prouse of North Branch; Mrs. Eloise Ray and Miss Beverly Lewis of Saginaw, sisters of the groom; Miss Rachel Cash of Fort Wayne, Ind.; Miss Imogene Cash of Ridgeville, Ind.; and Mr. and Mrs. Paul Cox and Mr. and Mrs. Wm. Cox and their families and Mr. and Mrs. Henry Smiley and family, all of Ridgeville, Ind. Mrs. Smiley is also a sister of the groom.

SHABBONA

There will be a parent-youth service in the Shabbona Methodist Church August 26 (this Friday) at 8 p. m., sponsored by the Methodist Youth Fellowship of the Shabbona and Decker churches. Come and bring the youth.

Longer Life Span

The life span has nearly doubled in one generation, and the death rate has declined from 17.2 persons per 1,000 of the population in 1900 to 10 per 1,000 in 1948.

Kingston Girl Weds Bach Young Man

At 8 o'clock Saturday afternoon, Aug. 20, Eileen Thelma Franklin, daughter of Mr. and Mrs. Ray Franklin of Kingston, and Mr. Elmer Fritz, son of George Fritz of Caro, spoke their marriage vows. The ceremony was read by Rev. Neuchterlein in the Lutheran parsonage at Caro.

The bride chose a gown of white chiffon marquisette over satin, with puffed sleeves, sweetheart neckline and full floor-length skirt. She wore a finger-tip veil which fell from a headpiece of loops of seed pearls. Her flowers were red and white roses.

The maid of honor was Dorismae Franklin, sister of the bride, who wore a gown of orchid marquisette over taffeta, with a white head band. Her bouquet was of white roses and yellow chrysanthemums.

Dean Karr of Cass City attended the bridegroom as best man. Mrs. Franklin, mother of the bride, chose a black and white silk print with white accessories and a corsage of white gladioli and red chrysanthemums.

Mr. and Mrs. Fritz received about 100 guests at a reception at the Caro club house, with dancing for entertainment.

Luncheon was served and the bride cut her four-tiered wedding cake, topped with a miniature bride and groom.

The happy couple received many beautiful gifts and are making their home at Bach, Mich., where the groom is employed.

Couple Honored by Reception Wednesday

Mr. and Mrs. Aaron Turner entertained 85 relatives and friends from Detroit, Saginaw, Flint and this vicinity at a reception in their farm home last Wednesday evening, honoring their son, Capt. Dwight Turner, and his bride.

The Misses Jeanine and Elaine Demo and Donna Campbell of Unionville and Lota and Joyce Little, cousins of the groom, opened the many lovely gifts.

Refreshments were served, including a wedding cake which was served by Mrs. Thos. Downing of Gagetown, matron of honor at the wedding.

Capt. and Mrs. Turner left Tuesday of this week for Biloxi, Miss., where the captain will be stationed.

Tierra del Fuego

Magellan in 1520 found South America's mountainous southern tip island "stark with eternal cold." He named it Tierra del Fuego (Land of Fire) because the natives had so many fires blazing to keep warm.

Adirondacks

The Adirondacks contain hundreds of mountains, 46 of them over 4,000 feet high.

TRACTOR

175 Ford Tractors

IN THIS COMMUNITY!!!

There must be reasons

and here they are

POWER

Talk about power . . . ask for a demonstration on your own farm—see how the Ford Tractor handles a 12" or 14" two-bottom plow. This power is available through a four-speed forward transmission.

ECONOMY

Weight and traction are added to the Ford Tractor through the implements it carries. No need for excess built-in weight in the tractor itself. This saves you money on both light and heavy jobs!

LONG LIFE

Treat the Ford Tractor right and it will "stay with you" a long while. Part tolerances are very close . . . and the Ford Motor Company knows how to keep them that way!

EASY HANDLING

Ford Tractor Hydraulic Touch Control takes the hard work out of manipulating implements. Automotive type steering and duo-servo brakes make the Ford Tractor an easy Tractor to handle.

CONVENIENT SERVICING

The Ford Tractor is a convenient tractor to service and overhaul. Parts are reasonable. What's more, our mechanics are specially trained to work on Ford Tractors.

ELMWOOD

Mr. and Mrs. Don Griffon and family of Pontiac spent a few days at the Clayton O'Dell home.

Mr. and Mrs. Charles Cutler are the proud parents of an 8½ lb. baby girl, born on Sunday, August 21.

Charles Wood of Chelsea spent Tuesday and Wednesday with Mr. and Mrs. W. C. Morse.

Mr. and Mrs. Urban Hartman and family of Detroit spent the week end at the Kennedy home.

Mrs. Robt. Joiner and children of Bay City visited on Thursday with her mother, Mrs. Perry Livingston.

Mr. and Mrs. Lewis Livingston and son, Terry, spent Thursday in Bay City.

Mr. and Mrs. Clare Bullis helped Mrs. Hattie Walker celebrate her 78th birthday on Sunday.

Mrs. Cecil Barriger and children and Mrs. LeRoy Evans and sons, Alvin and Maurice, spent from Thursday to Sunday at the Evans cottage in Piney Woods, near Harrison. Mr. and Mrs. Dean Tuckey, A. S. and LeRoy Evans spent Sunday there and all returned home Sunday evening.

Mrs. Harold Evans spent from Sunday to Wednesday in Detroit visiting friends and relatives. Thursday morning Mr. and Mrs. Evans left for Cheboygan where they were overnight guests of Mr. and Mrs. Ervin Marx. While there Mr. Marx flew them over the city and surrounding territory in

one of his private planes.

Mr. Marx owns the 250-acre site of the former Duncan City. Old lumber men will remember Duncan City as the location of the world's largest saw mill. At one time about 2000 people lived there but all but two of the buildings—homes, schools, churches and stores—were torn down or moved to what is now the city of Cheboygan.

Mr. Marx is remodeling the larger of the two remaining buildings, lumberman's mansions, into a resort hotel and is planning a gala event in the fall with an Indian pow-wow, canoe races, etc., and featuring old time lumbermen and former residents of Duncan City.

On Friday the Evans journeyed across the Straits of Mackinaw to Sault St. Marie and were thrilled at the sight of boats going through the world's busiest locks and where more ships pass through than all other locks in the world combined.

After spending the night at White Fish Bay where they could watch the big boats pass, they drove to Tahquamenon Falls, climbed to "Hill Top View" (straight up and no steps) to a breath-taking beautiful view of all four of the Lower Falls. The Tahquamenon river forks above an island and there are falls on both sides.

By rowing across the river to the island, one can walk to the very edge of the falls where the water, rushing over in some places, looks like luscious maple syrup.

Traffic was heavy near the "Straits" and cars had to wait in line for two hours before loading on the ferries.

HOLBROOK

Mr. and Mrs. Loren Trathen, Paul O'Harris of Holbrook and Edwin Trathen of Uby were dinner guests on Sunday at the Peter Rienstra home at New Greenleaf.

Mr. and Mrs. Theodore Gracey, Roszella Young and Mr. and Mrs. Roy Shires of Uby attended a picnic near Lapeer on Sunday.

A number from here attended the home-coming at Shabbona on Saturday and report a good time.

The W. S. C. S. will meet on the second Thursday in September, the place to be announced later.

Birth of A Slogan

"Safety First," now a national slogan of the American people, originated many years ago from the safety policy of a company which became a part of U. S. Steel. It grew out of the statement made in the 1870's by the H. C. Frick Coke Company: "The Safety of Our Men Must Be Our First Consideration."

SHABBONA

The next meeting of the Evergreen Teenagers Club will be August 31, 1949, at the Evergreen Community Hall in Shabbona at 8 o'clock p. m. Would like all between eleven and nineteen to attend. Girls bring cake and the boys bring ten cents.

Well, the Shabbona home-coming has passed by. A good time was

had by all. Many old timers were here whom we were all glad to see once more. There were the usual amusements and stands where all could enjoy themselves.

Mr. and Mrs. Merle Kritzman and Mr. and Mrs. John Wilson spent the week end with relatives here.

The folks who spent the last week at the reunion of the R.L.D.S. Church near Cash have returned home and report good meetings and fellowship with friends old and new; also the very good services which were held there.

Several relatives from Flint spent the week end at the Voyle Dorman home.

Aunt Kate says, "Try and look on the bright side of life."

Waiting for instructions seldom helped a man to achieve greatness.

Casing Eggs

To maintain the finest quality possible, eggs should not be cased until all the body heat has been removed from the egg. The eggs then should be packed carefully, with large ends up; this improves the appearance of the layers and decreases damage to interior quality of the egg, especially the air cell.

Down Memory Lane

FROM THE FILES OF THE CHRONICLE

Twenty-five Years Ago

Aug. 29, 1924

Relatives gathered at the farm home of Mr. and Mrs. O. A. Hendrick in Ellington Township on Aug. 24 to commemorate the 50th anniversary of their marriage. Judge Wm. B. Williams, at a session of the Tuscola County Circuit Court on Aug. 18, sentenced the five chicken thieves captured several weeks ago by Sheriff Jay Collins and his deputies, to terms at the state reformatory at Ionia. Each was sentenced to 2½ to 5 years.

Thirty relatives of Mr. and Mrs. E. S. Simmons of Gagetown gathered at their home Sunday to help them celebrate their golden wedding anniversary.

Fire broke out in Mrs. Euphemia Hunter's millinery store at noon Thursday completely destroying Mrs. Hunter's millinery stock and fixtures and badly damaging the building which is owned by John Doerr.

It is doubtful if many automobile drivers could keep pace with Andrew Champion if he always drives the way he did Sunday. He drove 418 miles in 13 hours, making an average of 32 miles an hour.

Two pupils of the Bird school, Agnes Marshall and Edward Schwegler, received the highest standings in Elkland Township in the eighth grade examinations. Mrs. J. E. Crawford is the teacher.

Ross L. Holloway, former editor of the Tuscola County Courier, has been elected president of the Ancient Order of Gleaners.

Soldiers Field in Chicago has the largest seating capacity of any stadium in America.

Thirty-five Years Ago

Aug. 28, 1914.

Three candidates for the nomination of sheriff on the Republican ticket—Dr. Wm. Morris of Cass City, Charles Smith of Caro and Erastus C. Brainerd—all chose Monday, the day before the primaries, for automobile tours of Tuscola County in behalf of their candidacies.

The following nominations on the Republican ticket were made by Republicans of Tuscola County at the primary election Tuesday: Sheriff, Erastus C. Brainerd; clerk, Robert Brown; treasurer, Henry S. Wickware; register of deeds, Joseph Walton; prosecuting attorney, Henry H. Smith; circuit court commissioners, Jas. D. Brooker and Harry P. George; drain commissioner, Albert Hunter; coroners, Carroll W. Clark and Sherman F. Chase.

Dr. M. M. Wickware has purchased the Pleasant Home Hospital from Mrs. D. P. Deming and will continue to operate it as a general hospital.

Dana Losey, for several years grocer and china merchant at Cass City, has sold his stock to Harry Guppy.

A. A. Hitchcock has sold the three-story business block next to the town hall to William Karr of Pigeon for \$2,000.

Miss Carola Fritz, who was awarded the scholarship given by the Woman's Study Club to the high school student of highest merit last June, expects to go to Albion College Sept. 14.

Elmwood farmers have chosen Sept. 1 and 2 as the dates for a road bee to improve the fifth mile of highway west of Cass City.

Undulant Fever

Undulant fever is a painful ailment which often lasts for months. It is contracted from drinking milk from cows afflicted with Bangs disease.

For the Groom

A man wears his wedding ring on the third finger, right hand, as a sign of authority over his wife. Worn on the traditional left hand, it is a token of loving submission.

Douglas Fir Stumpage

Uncle Sam owns 53 per cent of the stumpage in the Douglas fir region; about 60 per cent in Oregon and 40 per cent in Washington.

Notice!

Would you like to bowl in the "800" league now being organized?

Tobacco Important In Marshall Plan
Is Present Prop Of Tobacco Farmer

Tobacco, from the time of the Virginia colony, has marched along as an intimate part of the American story to the present day. In the wake of World War II, as the United States emerged the strongest economic power, the American cigarette became temporarily a universal wampum—the chief currency in both Berlin and Burma.

"You have a cigarette economy from Paris to Peking," a member told the house of commons in 1946. John Rolfe, husband of Pocahontas, would be astonished if he could see what he started when he brought in the seed of modern tobacco. In 1948, the United States made about 387 billion cigarettes, and the tobacco industry directly paid in excise and import taxes nearly two billion dollars.

From Virginia and Maryland the tobacco fields, growing over 25 states, have spread into North and South Carolina, south Georgia and

northern Florida, Connecticut and Massachusetts, and the great burley area of Tennessee, Kentucky and the north bank of the Ohio.

America and the world have smoked the tobacco in pipes, cigars and cigarettes, and snuffed it in powdered form and chewed it. The "chaw" is the most American of tobacco habits. European visitors have looked upon this habit with disgust. In 1947, addicts chewed 100 million pounds of tobacco.

The cigarette is the prime favorite. The modern cigarette, as we know it, was created almost on the eve of World War I. The formula for the popular brands sounds appetizing and nutritious. They mix with the bright leaf some Turkish tobaccos, much sweetened Burley and some Maryland. A quantity of glycerine or its equivalent preserves moisture. The whole is made tasty with such flavors as sugar, rum, licorice, chocolate, and vanilla-like products or chemicals.

The cigarette has even wooed many of the ladies away from their pipes or snuff sticks.

Tobacco is of considerable importance in the Marshall plan—and the Marshall plan is the present prop of the tobacco farmer.

Chlordane Will Rout Mound-Building Ants

One hundred per cent kill of mound-building ants has been obtained with chlordane under controlled tests conducted by entomologists working under the sponsorship of the Colorado agricultural research foundation.

Dr. George M. List, head of the department of entomology, reports three per cent chlordane applied as a spray in quantities of 250 to 300 cubic centimeters per nest produced the desired results.

Spraying the material into nests at the entrance and working the nozzle through the soil forming the nests proved to be the most effective method of application.

The problem of the mound-building ant is often overlooked or underestimated, List said. If there are 10 such nests on one acre, and each nest has made barren one square rod in addition to the seed robbed from adjoining plants, a goodly per cent of the acre produces little or no vegetation.

European Corn Borer Reduced Crop in 1948

The European corn borer reduced the 1948 crop of field corn by 85 million bushels, the U.S. department of agriculture announced in Washington, D.C. Surveys recently completed by the bureau of entomology and plant quarantine, with cooperating agencies, indicate this loss in corn production is more than double that of 1947.

Mechanical Cleaner Suggested for Barns

If you're building a new barn, or remodeling an old one, it would be a good idea to include plans for installing a mechanical barn cleaner.

That's the advice of M. W. Forth, an engineer with the University of Illinois college of agriculture. Forth says it would pay to make provisions for a barn cleaner even though plans might not call for one, right away.

Installment plan buying in England is known as the "hire purchase" system.

When Buying Chicks
First step for a person buying chicks is to purchase from a pullover-free flock and then have a clean place to put the chicks when they arrive. Buy chicks from a hatchery that is carrying on a rigid testing program to eliminate the disease in breeding stock. Hatcheries which are doing this advertise the fact that their breeding stock has a low pullover tolerance.

 Wife: "Oh, that's all right. I ordered them from last year's catalog."

Exact Information

Grandmother Black seemed to have all the answers and it irked little Bobby no end. He kept asking till bedtime, hoping for a confession of inability to reply.

"How long could you live on 10 dollars?" he finally asked.

"Till they were all gone," replied Grandma pleasantly, "now you hop into bed."

Third Party Missing

MacDuff and MacTavish were arrested for being drunk. During the hearing the judge asked: "Where is the other man?"

Pictured above is the 30 x 96 foot Wilber Memorial 4-H Building, owned by the Tuscola County 4-H Council, which was dedicated on Tuesday, August 23. The building is used for 4-H Club and other community meetings the year round and serves as a dormitory where 100 boys and girls exhibiting 4-H projects at the Caro Fair are housed and fed this week. The 4-H building property adjoins the Caro fairgrounds.

The 4-H Council, following the recommendations of the Tuscola County 4-H Service Club, voted to name the building as a memorial to former County Agricultural Agent Norris Wilber at its first meeting following Mr. Wilber's death last February.

Council members, 4-H members, and leaders have worked at the building making numerous improvements in preparation for the dedication on Tuesday.

The building is occupied during fair week by 100 Tuscola County 4-H exhibitors, who eat their meals as well as sleep there. Meals will be served by the Tuscola County 4-H Mothers' Club, organized only three weeks ago, for the purpose of promoting 4-H club activities and project work throughout the county. Meals are served by mothers who are donating their time to provide wholesome, inexpensive food for 4-H boys and girls staying at the fair.

CARO AND PONTIAC STATE FARMS ARE LOSING MONEY

Concluded from page 1.

ago was a surprise to the committee.

Caro State Hospital for Epileptics has no patients working on its 600 acre dairy farm. Epileptic patients are subject to seizures without warning and cannot work around machinery or livestock or where they might fall. The patients at Caro work only on the 60-acre vegetable garden.

"The farm is of absolutely no training value to our patients," said Dr. Robert Dixon, hospital superintendent. "It would be of value to us only if it showed a profit. It is my personal belief

that we should get out of the farming business and operate only the garden."

The State Mental Health Commission has authority to discontinue farming at any institution. Surprisingly, the commission had never even discussed the advisability of stopping farming at Caro, according to Dr. Dixon.

While the Mental Health Commission could have stopped farming at Caro or Pontiac at any time, and thus saved the taxpayers' money, Governor Williams does not have that authority. He can, however, request the Legislature to do so. The investigating committee is recommending that he make this request.

Why the Caro farm cannot show

a profit can be readily seen by any farmer. It has not unpaid patient help. All its employees work a 40 hour week and make a minimum of \$1860 per year. There probably never has been a farm, private or state-owned, that made money with a 40-hour week and no free help.

Then, too, the soil at Caro is mostly light, unproductive sand. The best soil is devoted to vegetable gardening which the committee recommends be continued.

Caro has a 50-cow herd, 28 brood sows and about a thousand chickens. Total work land is about 600 acres. Thirty-one men, 26 of whom are full-time, year-around farm employees, are needed to operate this farm. These men also do the tractor work on the vegetable garden.

Many private farms of this size are operated by fewer than 10 men. The state operates the farm at Caro and shows an operating loss of \$5,600 a year and a net loss of some unknown higher figure. If the state would discontinue farming at Caro, five average-sized private farmers could show a reasonable profit, supplying the same amount of food to the institution.

Is it fair for the state to compete with private farmers when it only costs the taxpayers money for the state to do so?

OUR FRIENDLY TOWN

By Henri Brooks McDonald

OUR BEST CITIZENS

You will find a wealth of genuine satisfaction if you will take the small trouble of looking around and study the fellow citizen of your community. There are so many fine people all around you that it is a wonder why our newspapers must thrive, it seems, on headlines of crime and misfortune.

There is Joe Pringle's family, to give an example. Joe is a foreman in one of the town's industrial enterprises. Joe is forty years old and has raised a family of three fine children, two boys and a girl. Joe belongs to a church, where he worships each Sunday with his family. I watched them, one Sunday morning, as they were walking the short distance to the church. There was no effort at exceptional display. They wore plain, well-tailored clothes. Perhaps the coat of Joe's wife wasn't quite the latest style, but she wore it with grace and pride. I knew there had been sickness in the family. Perhaps the financial drain had been heavy.

There is no particular reason to pick out Joe Pringle's family, but, somehow, there is a radiance about them that classifies them as typically fine Americans. When you pass their home, in a residential section of the town, there is an air of tidiness about the yard, the porch and the small flower beds that decorate the front lawn. Mrs. Pringle has been an active member of the parent-teacher association of the school where her children are studying.

Joe's oldest son has started work at the same plant where his father is employed. The Pringles have no great dreams of raising future presidents of the United States or reformers of mankind. They are plain people who do not make the headlines and of whom the world at large knows but little.

Perhaps the Pringles have discovered the road that leads to love, contentment and peace. They are of the generation that crystallized in their make-up the long-range vision of the pioneers and the noble understanding of the value of honesty and hard work.

The Pringles are America's best citizens. You will recognize them in small towns and large cities, on the farms and great ranches of the far West. There is a sweetness about their simplicity that is cleansing to the thought and elevating to the mind.

No town will flourish without their Pringles. There are so many of them, everywhere. They will remain the backbone of America and the true builders of our security for tomorrow. America will be secure as long as the Pringles remain in the majority. Somehow, I know they will.

Thumb Prints

Bad Axe—A new, 4-mile section of pavement on M-25, from M-142 south in Huron County, has been opened to traffic and the temporary route in effect in that area has been discontinued.

Deckerville—The village council passed a new water ordinance last week raising water rates and providing for the issuance of up to \$60,000 in revenue bonds to finance the seemingly endless search for water for the village.

Mayville—The Morrison-Mead American Legion Post has decided to purchase the Thumb Candy Building on West Main St. which will be remodeled for a meeting place and club rooms.

Caro—Eighty thousand dollars have been raised by taxation for a new Tuscola County jail. The fund was started during the war but building costs are so high today that the fund would not be adequate for a new building. The money has been reinvested in bonds paying approximately three per cent.

Unionville—Miss Ethel Scheurer, commercial teacher in the Sebawaing high school for 15 years, has signed a contract to teach in this department of the Unionville Community School for the coming year. Mrs. Dorothy Stader, another former teacher in the Sebawaing school, will teach the kindergarten in this school.

Bad Axe—The Brinker Lumber Co. will close their retail lumber yard here effective Sept. 1.

Imlay City—Fred Strong was released from his contract last Friday as superintendent of the Imlay City School, to accept a position as superintendent of the Belding School.

Marquette—Because of the number of kindergarten pupils, it will be necessary to continue the plan of having kindergarten pupils coming to school alternate weeks.

Tractors to Blame For Many Accidents

Tractor safety is one of the most important considerations on the farm, say Michigan State College agricultural engineers. Reports of the National Safety Council show that tractors may be involved in nearly 75 percent of all farm machinery accidents.

The main safety rules for operating tractors in the field is just good common sense, the engineers say. You can't afford to gamble with an accident by operating without the power take-off shield in place. Cranking a tractor while in gear is another dangerous way to start a day's work. Excessive speed, and careless operation around ditches will also hurry a trip to the hospital.

Find Mixed Flocks To Have More T. B. Than All Pullets

Selling the old laying flock in the fall is a good way to help control avian tuberculosis in the pullet flock and also in the swine herd.

Recent research in Illinois has shown that mixed flocks of old and young chickens have more tuberculosis than young flocks. No flocks in 48 all-pullet flocks had tuberculosis, while 22 of 53 mixed flocks had the disease.

According to Dr. Ralph Belding, poultry pathologist at Michigan State College, tuberculosis control in the flock is important. The disease lowers the birds' vitality, makes them more susceptible to other diseases and increases death losses.

Adopting an all-pullet flock program will also help control tuberculosis in swine, too. About 90 percent of the disease in hogs comes from infected chickens.

Dr. Belding lists these steps to help in the control work:

1. Provide separate lots for your swine and poultry.
2. Raise the pullets on a clean range away from the hens.
3. Clean and disinfect laying houses after selling the old flock and before moving pullets into them this fall. He advises that cresol be used to disinfect houses and equipment where a diagnosis of tuberculosis has been made.
