CASS CITY, MICHIGAN, FRIDAY, SEPTEMBER 9, 1949.

Four Local 4-H **Breeders Win Mich. State Fair Prizes**

Four members of the 4-H Club of Cass City exhibited stock at the Michigan State Fair, and though the number of animals they showed was small, it was a powerful group

Bill Zinnecker exhibited the reserve champion steer in the Angus class in the 4-H division. In the open class in competition with "millionaire" exhibitors, his three steers placed second as a group. Bill's prize awards from the state fair and the Angus association will total about \$200.00.

Harold and Keith Little and Dale Leslie were successful exhibitors Ill., and expects to begin pion Shorthorn female. Harold's two-year-old heifer placed first and his senior calf was second. Keith's two-year-old heifer was awarded fourth prize.

All of the four youthful breeders' 4-H prize winners were classified as "A" which means excellent.

Woman's Study Club Opens 42nd Year Tuesday

The opening program of the 42nd year of the Woman's Study Club will be held at the home of the president, Mrs. Ernest L. Schwaderer, on North Seeger St., Tuesday afternoon, Sept. 13.

The session will be called to order by Mrs. M. C. McLellan, past president, and Mrs. Ethel McCoy will be in charge of music. Mrs. Schwaderer will give the president's greeting, Mrs. Ernest Croft will present the outline of the year's work and Mrs. J. L. Meachum will bring greetings from the county federation. A social hour and tea is in charge of the reception committee.

Meetings of the club are held on alternate Tuesdays, September through May.

Officers of the club are: Presicorresponding secretary, Mrs. sist in any way possible the Harry Young; treasurer, Mrs. establishment of a Detroit Edison R. A. Gross; publicity chairman, office in Cass City. Mrs. Wm. Wetters; parliamentarian, Mrs. A. J. Knapp.

CAN HE REPEAT?

—Photo by Neitzel Studio

Pictured above is Guy W. Landon, next oldest man in the ranks of Cass City bowlers, and the many trophies awarded him for his excellent playing. Among the most highly prized is an award of merit of the American Bowling Congress for his three games of 736 pins. He is the only member of a local league that has better than a 700pin record. His highest single game was 287. He has been leading the league for 10 consecutive years with the exception of 1944 when M. B. Auten was top man. Mr. Landon was secretary of the league for

Just now local bowlers are asking the question, "Can Granddad Landon repeat?"

Marvin D. Chaffee Is Promoted to the Grade of Sergeant

Headquarters of Wetzlar (Germany) Military Post, recently announced the promotion of Marvin D. Chaffee, of Cass City, to the Corps of the U.S. Regular Army. His parents, Mr. and Mrs. Clyde M. Chaffee, reside on Route No. 2. Cass City.

The young Cass City sergeant is assigned to the 546th Ordnance NAM Company, in the ancient university city of Giessen. A soldier since July, 1946, he has risen through the ranks to become personnel sergeant of his unit, and is entrusted with proper execution of the many records and details requisite to the proper operation of an ordnance company.

Sgt. Chaffee previously graduated from the Automotive School at Aberdeen, Maryland, and was with the infantry in Trieste before recent assignment to Germany.

Giessen, the town where Chaffee is stationed, was founded in 1197 were led by Junior Assistant and has a university dating back to 1607, when it was dedicated by Ludwig V. Throughout the centuries, wars and plagues decimated the population many times, but the town always rose again. 🧳 🖰

Mrs. Edward Hartwick and son, Leland, of Cass City were Monday visitors at the home of her daughter and husband, Mr. and Mrs. Stanley B. Mellendorf.

"Tripper"

A "tripper", in the parlance of the air express division of REA, has little to do with the traditional tourist. Instead it refers to the motor truck service that speeds air express traffic between the business districts and the airport. In New York City, more than 70 trips a day are coordinated with scheduled airline flight arrivals and departures at the three airports serving the metropolitan area.

Synthetic Rubber

Most recent factor for modifying synthetic rubbers is a lower processing temperature. Improved synthetic is being made by the "cold" process because a lower temperature of polymerization produces molecules of better size and shape.

Pig Weights

There is an extremely high relationship between weaning weights of pigs and their later development up until marketing time. Therefore, the sows and litters should be fed liberally. The creep-feeding of the pigs will increase their weights at weaning age, save some drain on the sows, and there will be less

William Garrard

A bricklayer whose hobby was chemistry, William Garrard, produced the first top quality crucible signed and superintended the building of his "Cincinnati Steel Works." Garrard failed in 1837 because English steelmakers, discovering their first American competitor, gave his customers better terms.

Foundation Plants

Foundation plantings around a house serve a number of purposes. One of the most important is to tie the house to the ground and blend it with the landscape. Another reason for such plantings is to emphasize the front door. Attractive shrubs also hide unsightly foundation material and bring out the fine qualities in the architectural designof the house.

Live Timber

Live timber is seldom static. It is either growing or declining in net utilizable volume. Virgin forests may be static because of balance between growing and declining elements. In forests fully converted to intensive management, the decadent elements common in virgin forests have been eliminated. Then all the wood volume present functions as a base to which new wood is added annually.

Yolks of Eggs

Many yolks of hen eggs have more than one germinal disk. These show up as round, light colored spots on the surface of the yolk. Usually only one of these disks ever develops into the embryo and ultimately produces a baby chick.

Humane Society Gives Break To Blind Man Because of Dog

ATLANTA.-Big Boy, a German shepherd with a beggar's cup on his harness, had a room with a view and his sightless master learned that humane societies can serve people, too.

Big Boy and W. C. Knight, 34, appeared in Recorder's Court, Knight faced charges of cruelty to animals by starving the dog that led him through downtown streets and shared a beggar's bread and a windowless room.

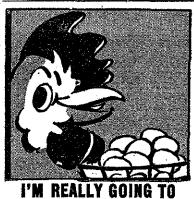

Patrolman S. E. Caldwell testified that on occasion Knight was known to buy liquor instead of bread, contributing to the dog's when he noticed Big Boy's thin frame, and called the Atlanta Humane Society.

Oby T. Brewer, president of the society, told Recorder A. W. Callaway that he wanted only to help the dog into health, and that Big Boy could stay with his master if Knight would care for him.

Knight, his head bowed before the bench, promised to stop drinking and to care for Big Boy as Big Boy cared for him. Callaway levied a \$12 fine and suspended it.

West Coast Hemlock

Peculiar to the Pacific watershed, West coast hemlock flourishes on the coastal slope from California to Alaska. A rapid producer, it assures world markets of an ample supply of high quality lumber under the modern forestry

Gone but not forgotten, Peaceful be thy silent slumber, Peaceful in thy grave so low; Thou no more will join our number, Thou no more our sorrows know. Yet again we hope to meet thee, When the day of life is fled, And in heaven with joy to greet thee where no farewell tears are shed. Her daughters, Ella and

"French Newton"

Leila and families.

Laplace, 1749-1827, the son of a Normandy cottager but who has been called the French Newton, wrote the first comprehensive treatment of statistics in his "Theorie Analytique des Probabilities." It is recorded that professional gamblers used to consult with the great mathematicians Pascal and Fermat on methods to detect cheating and so, inadvertently perhaps, added impetus to the development of statistical analysis.

Watch Comparison

To Compare Watches Accurately

you need to know a lot more than just the and prices. Watches are so different in quality that unless you have all the facts your comparison can easily be misleading.

Here, all watches are compared with scientific accuracy by us before they enter our selection. This costs you nothing extra, in fact, it actually saves you money.

Mr. and Mrs. Sherwell Kelly and family of Romulus were Saturday evening visitors at the Harold Evans home.

Serving of Lamb To serve lamb at its best always serve it hot or cold. It should never be served lukewarm. When served hot, roast lamb should be served on a warm platter. One easy way to warm the platter is to hold it under warm water for a few minutes. And in carving leg of lamb, always remember to carve across the grain of the meat.

Ladies' Aid Society, organized a few years before at its first meeting in the home of Mrs. Sept. 9 at 8 p. m., at the bowling Herbert Pardo, purchased the land for the present location from Miss Cordelia Cross at a cost of \$25.00. Rev. J. W. Mulholland, was the minister in charge at the time of the building.

Some of those who helped in the cutting of the timber and the erection of the building were James Hutchinson, trustee of the church, Evarts Hobart, Richard Mackey, Herbert Pardo, Isaac Thane, Sr., Isaac Thane, Jr. and John Thane. Parsch, 3-4; Brinker-Hartwick, 5-6. Clayton Hobart recalls drawing stones for the foundation. A Mr. Forshee was hired as the carpenter in charge of the building, and Isaac Thane, Sr., and John Greenwood did the plastering and masonry.

The timber for the church was cut on the edge of the Columbia Parsch and James Baker super- mile north of Colwood. While the second degree of the Order of the into lumber. This was done in the winter and the church was built Robert Fritz and Robert Kitchen and dedicated the following sum-
