"Governor G. Mennen Williams is running for re-election; I am not." Such was the reply from Charles M. Ziegler, state highway commissioner, to recent criticisms voiced by Governor Williams of the commissioner's administration of the State Highway Department. In a talk before southern Michigan road commissioners, Ziegler declared: "Williams wants to regain control of the department and has used every maneuver possible to again make it political." The commissioner, who was re-elected in 1949, said the proposal to build a bridge at the Straits of Mackinac should be re-studied by experts and hence taken out of the "realm of politics."

A bridge across the Straits of Mackinac? "No!" declare three geology experts of the University of Michigan. Professor Kenneth A. Landes and two associates made a study of the geology of the straits region for the State Department of Conservation. Soft shale rock in the straits would not be adequate for foundations to hold bridge piers, concludes Landes.

The bean exhibits of these members were from their 1949 4-H bean project, but had to show in the open class because of no junior division in the grain section.

Mr. and Mrs. Ray McCaslin and family of Rochester and Jack McCaslin, also of Rochester, were week-end visitors at the John McArthur home.

Unable to reach the sexton by phone, a minister decided to send a telegram in the hope that a Christmas sign might be erected in front of the church. The sexton was non-plussed when he received the wire in one sentence. The telegram read, "Unto Us a Child Is Born, ten feet long and four feet wide."

Louisville Library Lends Copies of Famed Paintings

LOUISVILLE, Ky. — Reproductions of 60 famous paintings are being loaned to Louisville families by the free public library. Library-card holders may obtain one of the framed paintings and may keep it for two months. When they return it, they may obtain another if one is available.

The reproductions, including works of Van Gogh, Renoir, Picasso and Rousseau, were selected by a committee headed by Dr. Justus Bier of the University of Louisville art department.

C. R. Graham, librarian, said that as far as he knows the Louisville library will be the first to lend famed paintings. Colleges have lent such pictures in the past, he said.

"The library wishes to stimulate a desire for better paintings among its patrons," he said.

"Also the library patrons will have an opportunity to become acquainted with better paintings and will be able to try out different ones in their homes before making purchases."

**Needed for Safe
Canning of Meat**

Home-canned meat on your storage shelves will help spread your meat supply throughout the year and will be a wonderful time-saver on busy days.

Directions given by Michigan State College home economists for canning meat safely and holding food value and flavor will help you to can successfully.

Beef, veal, mutton, lamb, pork and rabbit may be canned at home—and so can poultry. Meat mixtures are not recommended for home canning. These include chili con carne, stews or soups made with cereals and vegetables.

For safe canning, meat must be steamed through and through in a steam pressure canner. A boiling-water bath, an oven, a steamer without pressure, or an open kettle will not heat the meat hot enough to kill bacteria and the meat may spoil or cause serious food poisoning. If you don't have, or can't borrow, a steam-pressure canner, preserve the meat by curing or freezing.

After the animal to be canned has been butchered, it should be chilled at once and kept chilled until canning time. Chilled meat is easier to handle and calls for refrigeration or for weather that can be counted on to keep the meat at 40 degrees or lower. Meat held at temperatures near freezing may be canned at any convenient time within a few days after killing.

Avoid freezing meat, if possible. If it does freeze, keep it frozen until canning time. Thawed meat is very perishable. Meat may be packed by either the hot pack or raw pack method. It's best not to fry meat before canning. Salt does not help preserve meat in canning but may be added.

**Move to Cut Loss
In Stored Wheat**

Farmers and elevator operators in Michigan are losing considerable money because of deteriorated wheat, reports Clarence Prentice, marketing specialist in agricultural economics at Michigan State College.

Prentice says much of the wheat was farm stored at a high moisture content. Temperatures and humidity were unusually high this fall, and the wheat did not dry out after sorting. Instead, it started to sprout, and in many cases the germ died causing what is known as "sick" wheat. Such wheat is very low in milling quality. Much of it would not grow if planted.

In an attempt to learn more about this wheat damage, a total of 450 elevator managers gathered at 15 meeting places in lower Michigan recently. Prentice arranged for six federal grain inspectors from Toledo, Detroit and Saginaw to assist in the demonstration meetings.

H. F. Prue, officer in charge of the Toledo Grain Branch of the U. S. Department of Agriculture, told elevator men that much of the trouble could have been prevented. Many farmers were not careful about storing only wheat of low moisture content and then watching it closely, he said. With careful attention, preventive measures could have been taken at the first sign of trouble. Turning, drying, and fumigation for weevils as soon as trouble was noticed would have saved the wheat, Prue said.

Because of the meetings, eleva-

tor operators and other grain buyers will now be better able to determine sick wheat, according to Prentice, and keep closer tab on the grade of wheat they buy. Thus farmers can expect to get more uniform grades on their wheat regardless of where it is sold.

Jean Muck Marries Detroit Young Man

On November 26 at 7:30 in the evening, Miss Jean Muck, daughter of Mrs. Kathrine Miller, of Armada, became the bride of Reginald C. Holm, son of Mr. and Reimer Holm, of Detroit.

The beautiful wedding service took place at the Holy Communion Lutheran Church in Detroit, which was decorated with white chrysanthemums and gladioli. The nuptials were performed by Rev. A. Belles.

Soloist Gloria From sang three numbers: "I Love You Truly," "Ich Liebe Dich" and "The Lord's Prayer" for the ceremony.

The bride, lovely in an ivory satin gown, was given in marriage by her brother-in-law, John Zemke. The wedding dress was styled with a net yoke dotted with seed pearls, long sleeves, and the skirt fell into a long cathedral train. Her full length veil fell from a seed pearl Juliet cap and she carried a bouquet of white orchids and Stephanotis.

The bride's sister, Mrs. John Zemke, was the matron of honor. She wore a forest green taffeta gown with a wide bertha collar edged with moss green lace. Matching mitts and an open crowned bonnet completed her costume. She carried a fan-shaped arrangement of white chrysanthemums and yellow tea roses.

Ann, Kay, and Margery Zemke were the junior bridesmaids. Their dresses, made of green and white hounds-tooth checked taffeta, were styled with basque waists and cap sleeves. Tiny covered buttons trimmed the front and across the shoulder line. Self cording marked the hip-line from which fell bouffant skirts. They also wore matching open crowned bonnets, and carried colonial bouquets of yellow and white chrysanthemums.

Penny and Jill Zemke were flower girls. They were dressed in white taffeta gowns styled identically to their sisters'. Their white open crowned bonnets tied in the back with white ribbons. They carried white baskets trimmed with green ribbons and filled with rose petals.

Samuel Fox of Detroit acted as best man to the groom.

The ushers were Arne Holm, brother of the groom, Jack Pruner and Gerald Dumas, all of Detroit.

The bride's mother, Mrs. Kathrine Miller, wore a toast colored gown with gold accessories and a corsage of roses.

The groom's mother was gowned in blue with gray accessories and also wore a corsage of roses.

A reception was held in the church parlors following the ceremony, during which music was played by a pianist, a violinist and a cellist.

Mrs. Holm is a graduate of the Harper Hospital school of nursing. She is a niece of Mrs. E. W. Kercher and Mrs. Wm. Joos of Cass City.

After a short honeymoon, the newlyweds will make their home in Armada.

Mr. and Mrs. Gail Parrott and sons spent Sunday with Mr. and Mrs. Clare Smith at Birmingham.

John Zinnecker and son, Bill, and Don and Carl Buehrly attended the livestock show in Detroit Wednesday.

The Novesta Farmers' Club will meet with Mr. and Mrs. Mack Little Friday evening, Dec. 16. There will be an exchange of Christmas gifts.

The Kingesta Farm Bureau will have their Christmas program on Monday night, Dec. 19, at the home of Mr. and Mrs. Fred Cooper with exchange of gifts.

Mrs. Jennie Bentley had the misfortune to break a bone in her right arm just above the wrist Tuesday night and was treated at Pleasant Home Hospital.

Mr. and Mrs. Orrin Wright and children were Sunday dinner guests of Mrs. Myrtle Barret, sister of Mrs. Wright, in Imlay City.

Mr. and Mrs. Robert MacDermid of Pontiac were week-end guests of Mrs. MacDermid's sister and brother-in-law, Mr. and Mrs. Leland Nicol.

Because of stormy weather and bad roads, only 19 dinners were served when the Church of Christ Ladies' Aid met Wednesday with Mrs. Albert Englehart.

Mr. and Mrs. Ivan Vader left their home at Caseville Tuesday when they started to drive to Oxnard, California. They plan to remain in California until next spring.

Mr. and Mrs. Earl Nicol and Mr. and Mrs. Duane Nicol and Judy Mae returned from the North where they were hunting near Onaway. Duane brought home a fine buck.

William Toner, Jr., of Detroit drove to Dowagiac last Thursday to bring his grandfather, George McCleary, to Cass City Friday to the home of his daughter, Mrs. Wm. J. Toner. Gladys Toner of Marlette was home over Sunday.

Kenneth Maharg is ill of rheumatic fever and with his wife is at the home of his parents, Mr. and Mrs. Herb Maharg here. Mr. and Mrs. Herb Maharg have gone out to the Maharg farm, northwest of town.

Mr. and Mrs. Erwin Binder have bought the property of Mr. and Mrs. Ronald Geiger and Mr. and Mrs. Geiger are moving into the second floor apartment of the house on South Seeger Street, owned by Mrs. Mack Little.

Ernest Croft took Mrs. Croft and Mrs. Chas. Auten to Boyne City last Thursday. Mrs. Auten visited her parents, Mr. and Mrs. Lester Jersey, until Sunday and Mrs. Croft remained there with her sister, Mrs. Jersey.

George and Dan Battel, Mr. and Mrs. John Battel and Mr. and Mrs. Arthur Battel and family were Sunday dinner guests of Mr. and Mrs. L. R. Neaves of North Branch. The occasion was in celebration of the birthdays of Mrs. John Battel and her daughter, Mrs. Neaves, which occurred on Thursday.

Cadet Don C. Anker of the West Point Military Academy writes his parents, Mr. and Mrs. Wm. Anker, of the pleasant week end he spent in Philadelphia. He was the guest of Cadet Jack Barnett, senior at West Point, and his parents, Mr. and Mrs. Barnett, of Port Huron. All attended the Army-Navy football game.

Miss Winifred Schell of Detroit and Mrs. Belle Dawson of Saginaw spent from Thursday until Sunday with Mrs. Walter Schell and son, Carl. Other guests for the week end were Miss Esther Schell of Chelsea and Mr. and Mrs. Wm. Catton of Kalamazoo. Mrs. Alex Henry of Pontiac was also a Sunday guest.

Guests in the home of Mr. and Mrs. George Fisher in Greenleaf Township since Tuesday are the latter's cousins, Mrs. Mary Wilding and son, Julius, of Geraldtsbach, Germany. The Wildings are natives of Yugoslavia and were evacuated to the American zone in Germany five years ago. They arrived in Detroit Nov. 30 and were met there by Mrs. Arthur Zielfinger of Kingston, a sister of Mrs. Fisher, who sponsored her cousins' entrance to this country.

John D. Shiraef, II, a lecturer of White Russian descent, gave two addresses in Cass City Tuesday, at the school assembly in the morning and at the Rotary Club luncheon. Interested in the birthplace of his forebears, he has travelled extensively in Russia as well as Germany and the Balkan States. He spoke most interestingly of conditions overseas and answered readily the questions propounded at the conclusion of his talk. Fritz Neitzel was the Rotary program chairman.

The Ladies' Aid Society of the Evangelical United Brethren Church met in the social rooms of the church Wednesday for noon dinner and sewing. Three quilts were completed and a short business meeting conducted by the president, Mrs. Fred Buehrly, Mrs. Lewis Law and Mr. and Mrs. Arthur Bullock, all of Yale, were guests. The members are making plans for a family night Christmas dinner Wednesday evening, Dec. 14, at 7:30. The meal will be potluck and families are asked to provide their own table service. A program in keeping with the season will be presented.

Avoid Last Minute Shopping
By Making Your Gifts at Home

By Ertta Haley

Gay Accessories

YOU don't have to be especially clever with the needle or crochet hook to make gifts at home. Neatness and the ability to use your imagination will cover many failings of mechanical ability, so let's get to work and put together a fascinating array of home-made gifts.

Don't despair before you start because this is going to be a list of simple how-to-do tricks for things anyone will enjoy receiving. Home-made gifts have a special warm flavor that you simply can't duplicate. Those who receive them know that thought as well as loving stitches went into them.

You probably have many things around which can be transformed into useful as well as lovely gifts. What about that square of paisley print you picked up at the remnant counter? It'll make a lovely scarf with just an evening's hemming. Or the quarter-yard of oil cloth? That will do for some nice kitchen seat covers or decorative pot holders.

Do you have some coffee cans? Make gay cardboard covers for them and fill with cookies and candies. These cans, or even round cereal boxes, can be made to look like fancy hat boxes with some striped paper and gay, crisp bows.

Perhaps you happen to have some bleached pressed flour sacks? Make a set of two, four or six towels,

hemming them by machine. Then use simple transfer patterns and make a small decorated needle design on each. If you lack the time for that, use red, blue or green feather stitch, made with large needle and heavy thread across the bottom of each. There are few homemakers who can't use an extra set of towels around the holidays.

Make Toys, Clothing For Younger Set

Price is of no importance to the youngest set; it's the toy itself that counts. An appealing bunny can be made out of Turkish toweling stuffed with cotton, and dressed in red overalls that can be removed for laundering. Line the ears with plain pink material and sew on a face with embroidery floss.

Do you have an old piece of red flannel? This can be used for a ted-

dy bear, or a deer or a stocking filled with small toys, cookies, candies or popcorn balls. It will delight any child.

Do you know a new mother in the neighborhood? You can give her and the baby a lift by putting together a few warm flannel nightgowns for the infant and dressing them up with pink or blue feather stitch and ties of narrow satin ribbon.

You can go still further and make little slippers out of heavier flannel

Be Smart!

A very new and important neckline that should merit your fashion attention—the sunburst treatment! The pretty cluster of radiating tucks may be topside or inverted as you choose. It's wonderful in the gay wools, equally good for crepes and adaptable to many different treatments with or

to match the little gowns. If you have some old bunny fur, pipe the tops of the slippers with that and tie with satin bows.

Baby dresses or little boy suits are easy to make in just a few hours. Use soft material and tailor them well. Then wrap as glamorously as you please in boxes and tie with huge, swishy bows.

Gifts to Make For Homemakers

What would the lady of the house like? If she's your friend or neighbor she could use an extra tablecloth. Use bleached muslin and border it with a neat pin-checked material. Make four or six napkins to match, and she'll adore it.

Hand or kitchen towels may be made with the same motif. Use white material for the towel itself and border with some leftover floral print from a cotton dress or remnant.

Do you like to paint? Buy some nickel fruit or drinking glasses and paint designs on a set of four, six or eight of them. If you don't paint, you can use decals. Box them attractively and she'll think they came from a fancy shop.

A simple but neighborly gift is candles decorated with decals appropriate to the season, or simply trimmed with bows and holly. They'll be welcome in any household where Christmas is celebrated.

Do you specialize in arranging flowers? One, two or three roses arranged with artificial white blossoms will be a welcome gift on a Christmas morning.

All manner of items can be painted and treated with decals for gift giving. Try waste baskets, storage jars, jelly glasses, wall brackets and napkin holders.

If you're just the least bit artistic, you might make simple sketches, mat and mount them in frames. Or, even use old pieces of print for purely decorative pictures.

Don't forget that in two to three hours you can sew a gay hostess apron for friend or neighbor. Use gay chintz which is glazed and rustles prettily; or paisley print handkerchiefs, or organdy combined with large floral appliques for decorative effect.

Do you have some old gloves? You'd be amazed what nice belts the leather ones make.

Some sequins? Buy some backing for them and fashion pretty ear rings from them. Use either solid or multi-color effects.

Here are Gifts For Men and Boys

Do you like to knit? Then here's the opportunity for making gay sportswear—stocking hats for skating, warm woolen socks or even mittens.

Do you like to stitch a fine seam? Then buy some linen or good firm woven soft cotton and make up a set of handkerchiefs. If you have the time, make them monogrammed either in white or colors.

A friend with growing boys tells me she likes to receive flannel pajamas for her two boys. Do you have such a person in your acquaintance? Flannel is inexpensive and pajamas are easy to sew.

Clever Buying Necessary

Shopping on a limited budget presents a definite challenge to the woman with discriminating high fashion can be found with reasonable price marks if you really sleuth about for such clothes. For these clever shoppers with limited clothes allowances there are dozens of dress, coat, and suit designers and manufacturers that devote their entire efforts to fashioning good looking, flattering high fashion collections, all priced for those with rather small sums to spend for a complete seasonal wardrobe.

The Dominion of Canada was established in 1876. General John J. Pershing was once governor of the Philippines.

Hail and Farewell

"The man who occupied this room," said the landlady, "was an inventor. He invented an explosive."

"I suppose those spots on the wall are the explosive," said the roomer.

"No," said the landlady. "They are the inventor."

Can't Afford It

"Yes," concluded the psychiatrist, "you'll just have to forget your imaginary illness. Devote yourself to your work. In fact, it might be a good idea if you completely lost yourself in your labors."

"Then again, it might not be," the patient replied. "I'm a deep-sea diver."

SHORT STORY

Lovingly, Temple

By Richard Hill Wilkinson

"DEAR TEMPLE: I was indeed glad to learn that you had obtained such a satisfactory position. I am sure that you will make a most efficient secretary. Frankly, I have been entertaining some misgivings about your future. Serving in the capacity of guardian to modern young ladies is, after all, hardly in my line, although I was only too glad to look after the daughter of my close friend, Tom Creighton, when he so unexpectedly passed away. I imagine you are quite a grown up young lady now, though it is hard for me to visualize you in any other form than a girl in pigtails and short dresses—"

3-Minute Fiction

Aaron Bell, 34, looking 10 years younger, abruptly ceased dictating and stared hard at his stenographer. The stenographer, Miss Daniels by name, was small, dark, vivacious and exceedingly attractive. She had come to work in the law office of Attorney Aaron Bell two weeks previous. She was a capable girl, yet for some unexplainable reason Aaron hadn't been able to get used to her. That is to say, he felt nervous whenever he was dictating letters.

During the next few days Aaron began to get an inkling of why it was that he felt uneasy when dictating letters to Miss Daniels. He began to wonder if heretofore he hadn't been attempting to evade an issue. He asked himself, secretly, if Miss Daniels was becoming to mean more to him than just a secretary.

TWO DAYS LATER Aaron was rudely swept out of the realm of ecstasy (a state of mind brought about by his dinner date with Miss Daniels), by receiving another letter from his ward.

"Dear Guardian: My boss is really quite lovely, and has been displaying an unusual amount of interest in me since my last letter.

At any rate, Aaron took Miss Daniels in his arms and kissed her . . .

I am not a little flattered by his attention and very much thrilled. In fact, I believe I could fall in love with him very easily."

Aaron rang for Miss Daniels. "Dear Temple: I demand that you resign from your present position at once. It's silly and absurd to think of a girl your age falling in love, especially with a man who makes love to every stenographer he employs."

That night Aaron suggested a drive through the country and was delighted when Miss Daniels accepted. It was a beautiful June evening, with a full moon and a cooling breeze blowing off the ocean. It might have been the atmospheric conditions which stirred to life the slumbering romance that lurks within the breast of every man, or it might have been the simple desire of a man for a mate. At any rate Aaron took Miss Daniels in his arms and kissed her and whispered nonsensical things that somehow seemed to fit the occasion.

THE NEXT MORNING he found another letter from Temple Creighton on his desk. "Dear Guardian: I'm sorry, but commands and demands from folks like you don't mean a thing when a girl is in love. And your little Temple is certainly in love. I expect she'll be proposed to in the very near future."

Aaron buzzed for Miss Daniels. "Dear Temple: This thing has gone far enough. It's a pity you couldn't have been endowed with at least a fraction of your father's good sense. It is my wish that you immediately send me the name and address of this boss of yours. I shall write to him at once."

Aaron had hoped that that night he would find himself courageous enough to offer a proposal of marriage to Miss Daniels. Yet when again they were seated on the cliff watching the moon come up out of the ocean, his courage failed.

Heavy-eyed he went to the office next morning to find a letter awaiting him from Temple Creighton. "Dear Guardian: You were right. He isn't the man I thought he was. Apparently he has just been amusing himself, with no idea of asking me to marry him. I do wish you'd talk to him. His name is Aaron Bell. Lovingly, Temple."

OOSTIE HOMESTEAD PIEBE 787141

Fabius Farms of Three Rivers, Michigan, operated by Arthur L. Jones has been under dairy herd improvement association test for twenty-five years and has been recognized as one of the leading Holstein herds in southern Michigan. With such a longtime background of records, and large dairy herd in operation it is perfectly natural that a sire proof should result from sires used by Mr. Jones in his herd.

Oostie Homestead Piebe, used by Fabius Farms for many years, has a proof on his 13 daughters with 18 records showing 14,004 milk, 3.6 test, and 508 fat.

Oostie as a Holstein, is a medium sized sire with much white and has shown in his daughters excellent dairy character and good body capacity. Oostie is one of the 28 or more proved sires used by the 17,000 dairy herd owners in Michigan who have banded together to form the Michigan Artificial Breeders cooperative under the guidance of A. C. Baltzer, Extension Dairyman, Michigan State College. "The purpose of this association" says Baltzer, "is to offer the best and richest dairy inheritance to all thoughtful dairy farmers at such a cost that very few if any cannot afford to use it." For example the dairy farmers using the service in 1944 will receive a patronage refund because the entire program is co-operative. Refunds for later years will be made in due time, according to the specialist.

Even though Oostie is 10 years old, it is felt he will continue to be a source of further improvement to Michigan dairy herd owners who are fortunate to get cows in calf to him.

Officially classified Good Plus, Oostie was one of the bulls which produced semen every month during 1948 and which was useful in the insemination program. During the year 1905 cows were bred on either first or second service to Oostie and of these 72 per cent showed a non return rate after 60 days or this would mean the cows were in calf at the end of this interval.

This service is available at all times for Holstein, Guernsey and Red Dane breeds. Contact

Down Memory Lane

FROM THE FILES OF THE CHRONICLE

Thirty-five Years Ago.
Dec. 11, 1914.

At the home of Mr. and Mrs. Geo. Rose at Argyle, on Dec. 9, their youngest daughter, Mary E., was joined in matrimony with Geo. E. Gekeler, a prosperous young man of Deford.

The Chronicle several years ago commenced the publication of the names of the heaviest tax payers in Elkland Township. At first the names of all persons whose taxes amounted to \$25 or more were printed; later this amount was raised to \$50. In late years the community has grown so prosperous that the limit was raised to \$100 in order not to make the list too long. The list for this year has 46 names.

The second pump and boiler have been moved to the new power house and now water as well as electric light is furnished from the new power plant.

Mrs. F. D. Woolman has purchased the millinery stock of L. E. Dickinson and will conduct the business in the Austin Block.

Edward Glover has just completed his workshop and garage which has been in construction on his lots just south of the Dorman store.

Twenty-five Years Ago.
Dec. 12, 1924.

Elkland Township has 35 tax-

payers who pay over \$250 each in taxes for the year 1924. The tax of the 35 totals \$15,522.85 which is nearly 27 per cent of the total amount paid by the entire township.

The preliminary debate held at Vassar Tuesday afternoon resulted in a unanimous decision for Cass City High School's affirmative team, Aletha Spurgeon, Darwin Bailey and George Dillman.

Business places nearly a block in length were burned to the ground in Bad Axe Dec. 10 in an early morning fire. Damage to 14 store buildings along Huron Ave. is estimated at \$200,000.

That the Cass City Community Club is meeting the approval of the men of the community was evidenced Tuesday evening, at the December meeting of the club, when 112 signed the membership roll for the coming year.

Joseph M. Dodge, former postmaster and prominent in the civic and business circles of the community, passed away unexpectedly Dec. 9.

Earl Brooks, as chairman of the juvenile department of the Community Club, is superintending the building of an ice skating pond 100 by 200 feet in size at the fair grounds.

Clipping Advised For Dairy Herd

Clipping dairy cows now that they are spending more time in the barn is a good management practice, say Michigan State College dairymen.

Flanks, udder, belly, and tail are often sources of bacteria that get into milk and lower quality. Clipping aids in keeping the herd clean and free from dirt, chaff, and foreign matter.

Sharp blades with the proper tension are needed for the job, the dairymen say. Careful strokes will result in a clean job that will be a big improvement to the herd and the quality of milk produced.

Length of Chile

Chile is nearly 25 times as long as it is wide. This ribbon of a country runs through an extraordinary variety of climates, notes the National Geographic society. In the north is a completely rainless region, which gives way to semi-desert, then to a richly fertile and populous central area, and finally to the cold, wet and wild southland that looks toward Antarctica.

Time Milking

A milking machine should not be left on a cow longer than three to five minutes. A cow will only "let down" her milk for this length of time.

Washes His Eggs

A Colorado A. and M. college student, working his way through college while helping develop a five-acre farm near Fort Collins, sells some \$400 worth of eggs a year. In order to have a better product, the student washes the eggs in his wife's combination dish and clothes washer and customers on his route are well satisfied with the result.

Casters for Bed

If a bed must stand in a corner or alcove, it should be equipped with good ball-bearing casters so that it can be rolled out for making or for cleaning the room.

These song fests are a monthly occurrence in the churches named. The January sing will be held in the Free Methodist Church at Wilmet the first Sunday of the month.

about 7 1/2 percent during the past 12 months and now are around 10 percent under the postwar peak reached in September, 1948. The Bureau of Labor Statistics reports a 12.7 percent decline in farm prices; 8.9 percent drop in food prices during the past 12-month period.

Among the present problems which promise to result in requests for more state spending is that of the postwar rise of sex crimes in Michigan. Governor Williams has asked the State Mental Health Commission to make a search for an immediate solution. A Detroit daily newspaper sponsored an independent study of eight sex murders in Detroit and other cities in recent years, and the survey came to the conclusion that additional state facilities were urgently needed. Prospect is new demands for state aid.

Auditor General Muriel K. Aten reports that the state collected and returned to local governments three dollars for every dollar retained by the state for state services during the past fiscal year. Total of state aid payments was \$309,863,726, as compared to state cost of institutions, departments and maintenance of highways and building amounting to \$102,925,073.

Aten points out that expenditures for the past year were over 18 million dollars higher than revenues. He makes this prediction: "Under the present financial structure, if and when sales tax revenues take a nose-dive, the inevitable result will be financial chaos in the general fund."

Governor Williams is said to still hold the firm conviction that new taxes will be needed in 1950 because of postwar inflation and constitutional diversion of sales tax revenues back to local governments.

If further inflation in 1950 results in higher prices and continued high consumer spending, it is entirely possible that the threatened treasury deficit may be delayed or at least kept to a low amount. Republican legislative leaders appear to be gambling that no deficit will develop or, if at all, the deficit will be nominal. To impose new taxes in an election year is not popular with many legislators.

Building facilities at the Michigan State Fair are wholly inadequate for present needs, declares James D. Friel, general manager, in a report to Governor Williams. Since the coliseum was constructed in 1921, "no major building" has been erected at the fair grounds. Friel concludes that Michigan lags far behind Indiana, Wisconsin, Ohio and Minnesota in the State Fair facilities. While it is un-

likely that anyone will dispute the judgment of Mr. Friel, it is equally unlikely that the legislature will grant new funds for needed State Fair improvements, especially in view of the financial situation confronting the state and the local governments.

Former Governor Harry F. Kelly is said to be cool to urgent appeals that he announce his candidacy for governor in competition with State Treasurer D. Hale Brake and Secretary of State Fred M. Alger, Jr.

Clinton Law, president, appointed a nominating committee and instructed them to be prepared to report at the January meeting. The climax meeting of the year 1949 was acclaimed: "The best one yet," "tops," "very interesting," "a huge success," "we ought to have more like it," "we had fun, and fellowship and food for thought," by several who were overheard to comment. The committee, Mr. and Mrs. Clinton Law, Mr. and Mrs. Leslie Townsend, Mr. and Mrs. Louis Bishop, Mr. and Mrs. Arnold Fischer and Mr. and Mrs. Elmer Fuester, "deserve a big hand for a job well done" was a concluding remark in which all concurred.

Let Ham Grace the Yuletide Table (See Recipes Below.)

Star Attraction

FROM YEAR to year, we look forward to Christmas dinner as one of the most notable meals of the year. I've planned this year's menu with special care, with an eye to the delightful red and green color scheme, and particular consideration for the most taste-tempting recipes. You're certain to receive plenty of compliments on it!

Since the foods for the menu are star attractions, have the table setting as simple as possible.

START OFF the menu with a mouth-watering soup, so delicious from beginning to end, you'll want to serve it often. It doesn't take long to make, and the cooking time is short.

*Tomato Richard (Serves 6)

6 cups tomato juice
1 medium onion, coarsely chopped
1/2 cup coarsely shredded carrot
1/2 cup thin sliced celery
1/2 cup shredded green pepper
1 teaspoon salt
1/2 teaspoon paprika
1/2 teaspoon sugar
2 bay leaves
6 tablespoons real mayonnaise

Simmer tomato juice, vegetables seasonings for 10 minutes. Remove bay leaves. Stir a little of the hot mixture into the mayonnaise. Then blend all together. Top with the following: Whip one-half cup of heavy cream and add to it one-quarter cup of real mayonnaise and sprinkle with chopped chives.

A HOLIDAY HAM is a wise investment in this season where there are plenty of sizable inroads on your budget; the ham will not only fill the bill for Christmas dinner but will also pad out other menus during the holiday weekend. The leftovers can be the base for a main dish gelatin mold to grace the buffet table; for a main dish salad; and the "final finale" can go into sandwich spreads for lunches during the Yuletide vacation.

Serve your ham, resplendent on your best platter, with a garnish of orange slices topped with cranberry Christmas trees. To make these, cut canned cranberry sauce, chilled to make sure it's firm, in one and one-third inch slices. Cut out a paper tree pattern and place on slice of sauce; carefully cut around pattern with point of knife.

Place the tree on orange slices. Cream a small amount of milk with cream cheese; put through pastry tube on to trees in scallop pattern to resemble Christmas tree garlands.

*Baked Ham

Place ham, fat side up, in an open roasting pan. Do not add water and do not cover. Do not baste. Bake in a slow (325° F.) oven, according to the time given below. If you have a meat thermometer, insert it through outside fat into center of thickest part of ham so that the bulb does not rest on bone or fat.

Lynn Says: Use These Last Minute Tips for Christmas

If your plans include mincemeat tarts, use a small star-shaped cookie cutter on the top crust after rolling. Youngsters will enjoy this novel touch especially if you insert a small red candle in the cut-out when serving.

Sweet potatoes, mashed and seasoned with butter, brown sugar and chopped nuts are flavorful. Bake in a casserole with a topping of marshmallows, if desired.

Luke, author of a book in the New Testament, was a physician.

These times are given for ham at room temperature. If ham is just removed from refrigerator before starting, allow a little longer time.

One-half hour before cooking time is completed, remove ham from oven, peel off rind with sharp knife and score the fat surface. Place a whole clove in each section. Glaze with the following sauce:

*Tabasco Orange Sauce
2 tablespoons cornstarch
1/2 cup firmly packed brown sugar
1/2 teaspoon salt
1/2 cup water
1/2 cup white corn syrup
2 cup orange juice
2 tablespoons vinegar
1/2 teaspoon tabasco sauce
1 cup orange sections

In a sauce pan, blend cornstarch, brown sugar and salt. Add water and mix until smooth; add corn syrup. Cook, stirring constantly until mixture boils. Remove from heat; stir in orange juice and tabasco sauce. Add orange sections and return to heat until sauce is hot. Serve with ham.

*Sweet Potatoes and Apples (Serves 6)

Peel 6 medium-sized sweet potatoes and 4 medium-sized apples. Slice potatoes, slice and core apples. Place alternating layers of potatoes and apples in a greased casserole. Sprinkle with one-quarter cup brown sugar and three tablespoons butter. Pour one-quarter cup water or fruit juice over all. Bake in a moderate (350-degree) oven for one hour or until potatoes are tender.

*Plum Pudding Sauce
2 eggs, well beaten
1/2 cup sugar
1 tablespoon butter
1 pint cream, whipped
Flavoring

Mix well beaten eggs with sugar; add butter and cook over hot water, stirring constantly, until thickened. Cool, then fold in whipped cream. Flavor as desired. This is not only delicious on plum pudding but also on ice cream.

If you're making pecan rolls for Christmas be sure to place a half candied cherry on top of each roll along with the nuts so the rolls will look more festive. When serving the rolls cold, sprinkle them with powdered sugar to make them look frosted.

Bring individual plum puddings to the table covered with sauce with a red or green cherry perched on top of each one.

Having muffins for the holidays? Drop in some dates and nuts to make them more delicious.

Apple Pie Winners Chosen at Caro

Judges of the Tuscola County Apple Pie Contest found that competition was very keen even though there were only seven entries in the contest held in the courthouse at Caro last Saturday morning.

After much deliberation in examining, tasting, and comparing, the pie baked by Mrs. R. L. Hill, Caro, was declared the best. Second place was won by Mrs. Kenneth Ruggles, Caro. Phyllis Gordon, Caro, baked the third place apple pie, and Mrs. Stephen Dodge, Deford, brought in the ranking fourth.

Other entries were baked by Gloria Taggett, and Mrs. Dean Gordon, Caro, and Mrs. Dayton Davis and Joann Davis, Vassar. The contest, sponsored by the Tuscola County Agricultural Extension Office, was open to any Tuscola County resident over 15 years of age.

Mrs. Hill and Mrs. Ruggles, as a result of their placing in the county apple pie contest, are entering pies in the state contest which is being held in Grand Rapids on Wednesday, December 7, in connection with the convention of the Michigan Horticultural Society. Each will receive a cash prize for entering the contest at Grand Rapids.

Judges of the contest at the courthouse were Mrs. LaVerne Brown and Mrs. Edna Godfrey, both of Caro.

Chicken Project To Be Repeated

At a meeting of poultrymen and vocational and extension leaders in the courthouse Wednesday, November 30, it was decided unanimously to repeat the 4-H and FFA chicken-of-tomorrow project which was started in Tuscola County a year ago.

The project requires that members enrolling raise a minimum of 100 broilers and make an exhibit of 15 birds at the end of a 13-week feeding period. The project was completed by 15 members in 1949. Baby chicks care and rapid gains are emphasized in the contest which is scheduled to begin the week of February 6, 1950.

A county chicken-of-tomorrow committee was named to sponsor the project, and is made up of the following poultrymen, merchants, and teachers: Alex Liberacki, Unionville; Harry Burns, Millington; Charles Bowles, Caro; Byron Carpenter, Caro; F. R. Schantz, Caro; Norman Waggoner, Caro; and Floyd Waterman, Vassar.

The contest is open to any 4-H club member or future farmer in Tuscola County. Anyone interested should contact his local leader or advisor. The committee plans to offer cash prizes again to winning exhibitors.

All projects must begin with day-old chicks being started the week of February 6 and continue until the week of May 8. The 15-bird exhibit which is required will be dressed and judged. All other chickens may be marketed as the owner wishes, but the entire flock must be weighed during the week of May 8.

Housing Act Will Aid Farm Families

Some provisions of the Housing Act of 1949 will make it possible for many Michigan farm families to get the housing they want and need.

A. W. Farrall, head of the department of agricultural engineering at Michigan State College, says the act is not a "relief" or low-rent program for farmers. Farm families eligible for benefits under the Housing Act may obtain long-term loans at favorable interest rates, along with assistance in planning their improvements. However, the loan must be repaid, leaving the family independent of gifts or subsidies.

Part of the program covers research in farm housing problems and structures.

Public attention has been centered mostly on the urban and slum clearance sections of the Housing Act, Farrall states. Several billion dollars will be required to clear blighted city areas and build and operate 810,000 housing units.

By comparison, the money authorized for rural housing would build less than 50,000 farm homes if all the money were used for this purpose. Farrall believes that if widespread benefits are to be gained by farmers, it will be through research, planning service and extension work, together with supervised loans and small grants.

Michigan State College has valuable resources for farm house planning, he reports. The college has published a number of circulars on housing subjects.

"Our interest is mainly in service to farmers through research and extension," he concludes. The Farmers' Home Administration

handles loans and grants and provides the supervisory assistance.
