

C. W. Otto Will Speak at Dinner Meet of C. of C.

C. W. Otto, manager of the Lansing Chamber of Commerce, who has made over 2,700 public addresses since 1919, will be the speaker at the dinner meeting of the Cass City Chamber of Commerce on Thursday, March 9. Due to the limitations imposed by his present position, he turns down nearly 100 speaking engagements each year. Officers of the local society consider themselves fortunate in being able to secure this fluent and talented speaker here for the March 9 gathering of the Chamber of Commerce.

Previous to accepting his present position at Lansing, he filled similar offices in Pontiac and Flint and served as staff member and campaign director of the American City Bureau of New York and superintendent of schools at Marshfield, Wis.

The meeting on March 9 will mark one year since the Chamber

C. W. Otto.

of Commerce was organized. An annual report will be given of the organization's accomplishments during its first year.

The dinner is open to members and non-members and to both women and men. The Chamber of Commerce urges that everyone interested in becoming a member or interested in village improvements, should plan to attend.

Sandusky Wins Opener in Class B Tournament

A full house witnessed the defeat of Cass City by Sandusky in the first game of the district basketball tournament here Wednesday night. The local squad was badly outscored in the second quarter 14 to 6 and at the half Sandusky was leading 25 to 16. In the second half, each team scored 21 points. The superior height of the players on the visiting team was to their advantage.

Jack Ruggles and Dick Bartels were high scorers for Sandusky, each securing 12 points. Eugene Kloc with 14 points and Lee Hartel with 10 were high men for Cass City.

Caro and Bad Axe were scheduled for Thursday night and the winner of that game will play Sandusky Saturday night for the Class B title.

In Class D, the schedule for today (Friday) and tomorrow is as follows:

Game No. 3, Fairgrove vs. Kingston, Friday, March 3, at 7:30 p. m.

Game No. 4, Akron vs. Gagetown, Friday, March 3, at 9:00 p. m.

Game No. 5, winner of No. 3 vs. winner of No. 4, Saturday, March 4, at 3:30 p. m. for district championship.

LOCAL SCHOOL HAS AMPLE SUPPLY OF COAL

The Cass City Public School is "sitting pretty" these days with a substantial supply of fuel for its furnaces. Early this week it was estimated that the coal pile would last for the next 30 days and Wednesday another 10 tons were dumped into the fuel bin.

More Money for the Public Library Here

The village council voted an appropriation of \$488.60 for maintenance of the Cass City Public Library at their meeting Tuesday evening. This amount will be matched by the state and will give members of the library board about three times as much money in 1950 as they had the previous year for maintenance. The money appropriated by the village will come from traffic violation fines.

The council also voted to have C. U. Brown, city engineer, attend an extension course in water chemistry conducted by the Michigan State Board of Health. He will be in Saginaw one night a week for 13 weeks for that purpose.

Village gardeners who have been annoyed with dogs running about making a nuisance of themselves will be happy to learn that an ordinance covering this problem is in the making.

Cass City High Wins Upper Thumb Championship

Cass City won its first undisputed Upper Thumb basketball championship in 14 years Friday by defeating Caro 46 to 31. This left the Red Hawks with a 12 win and two losses, the league's record for this year.

The game started slowly and Cass City had a 6 to 5 margin at the end of the first quarter. Caro outscored the Red Hawks in the second quarter 11 to 10 to pull up to a 16-16 tie at the half way mark.

The Red Hawks came out strong the third quarter to gain an 18-6 margin and won going away 46 to 31.

High point man for the evening and Cass City was Ken Martin with 12 points on five field goals and two free throws. Caro's scoring threat was Louie Corradi with 10 points, all field goals.

C. C. Extension Group Discuss Family Life

The subject, "Living Together in the Family," was very ably discussed by the leaders, Mrs. Ernest Croft and Mrs. Doris Benkelman, at the meeting of the Cass City Extension Club when that group met in the home economics room of the high school building Tuesday evening. They compared families of yesterday with families of today and how various family tensions and conflicts may be solved.

During the business meeting, Mrs. R. A. McNamee resigned as chairman of the society because of ill health and the vice chairman, Mrs. Mason Wilson, will officiate in her place.

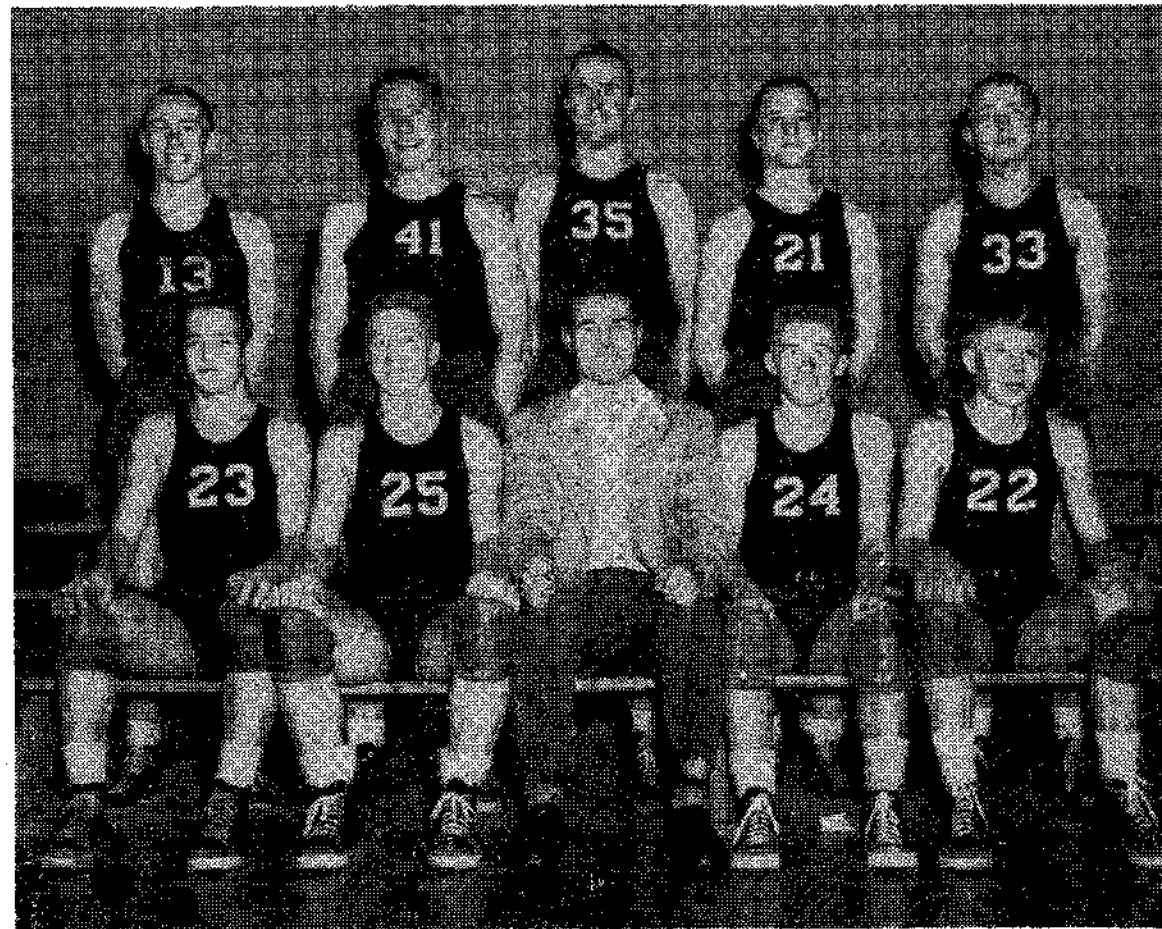

Previous to the lesson, a six o'clock luncheon was served at tables appropriately decorated with emblems suggestive of the patriotic month of February. The following comprised the committee: Mrs. Ralph Youngs, Mrs. A. McPhail, Mrs. G. W. Landon, Mrs. Charles Bigelow and Mrs. Herb Ludlow.

The lesson for the March meeting will be "Re-styling Clothes" and the luncheon committee will be Mrs. R. D. Keating, Mrs. Lyle Koepfgen, Mrs. Ray Boughton and Mrs. A. N. Bigelow.

STORK LACKED PATIENCE LAST THURSDAY MORNING

The stork had no patience with a stalled automobile Mr. and Mrs. Fred Linderman of Greenleaf Township learned last Thursday at 4:30 a. m. They were on their way to the Cass City Hospital when their motor stalled five miles east of town. Mr. Linderman went for help and when he returned Mrs. Linderman had given birth to a daughter.

Why More School Room Is Needed

The question of more school room in Cass City resolves itself into the proposition: "Do the school obligations for its future citizens end at the school district lines?"

In the local district, one finds 278 grade children, 61 junior high, and 89 in high school, a total of 418 students. This number would not fill the present building which today houses 850 students. In 1935, the Winton and Bird Schools asked to transport their grade children to Cass City and have been doing so ever since. Later on seven other districts transported, making nine in all. The students from these schools regard Cass City as their school and many of them will tell you that they are in the Cass City school district.

The state and national trend is toward larger school units for several reasons:

1. Per capita cost is reduced. A school near Cass City will be forced to close next year because of the high per capita cost.
2. Educational opportunities are increased. Larger units can have home economics departments, shop courses, agriculture grade supervision, a school nurse and many other experiences not found in small units.
3. Small rural units unable to operate. The department of Public Instruction insists on enrollments of ten students or more if the district is to participate in state aid. The Heron school has nine students and the Hillside 13. These units would transport to some school.
4. Generally the teachers are better trained in graded school districts such as in Cass City. The rural school requires a minimum of 30 hours' credit while grade schools such as that in Cass City requires 60 hours' credit.

A new grade building housing kindergarten through the third grade would provide a separate structure for work and play.

Panel Discussion Brings Out Many Suggestions

The Home and School Council held a very enthusiastic meeting on Monday evening, Feb. 27, at the high school. Several musical numbers under the direction of Mrs. Brewster Shaw and Don Borg were enjoyed.

After the business meeting there was a panel discussion on the subject, "What Is the Best Way for the School to Report to the Parent?" There was much lively discussion in which both the members of the panel and the audience participated. Some very worthwhile conclusions and suggestions were the result of this discussion.

It was decided to have one more regular meeting this school year towards the end of April. Mrs. Edwin Fritz will be in charge of the program.

The president, Mrs. B. H. Starmann, will appoint a group to have charge of an open meeting to discuss the school expansion program. This meeting will be announced in the Chronicle.

Holstein Breeders Will Hold Annual Meeting March 8

The Tuscola County Holstein Association members and interested dairymen will gather at the 4-H Wilber Memorial Building on Wednesday evening, March 8, for their annual banquet and meeting. The dinner will be served at 7:00 p. m. by the county 4-H Mothers' Club.

Guest speaker will be Prof. W. W. Snyder of the Michigan State College dairy department. He will address the group on dairy management and calf raising. Holstein fieldman, Russ Miller of Williamston, will also comment on the success of Holstein shows and events in Indiana and Michigan.

The group will also plan the annual "Black and White" Show for 1950. Tuscola County has over 50 farmers who are members of the county association. Election of officers for the coming year will also take place. Directors for the past year were Foster Hickey of Fairgrove, president; Alton Reavey of Akron, vice president; George F. Foster of Fostoria, secretary-treasurer; and directors, Bob Kirk of Fairgrove and A. B. Quick of Caro.

Banquet tickets may be obtained from the directors and Clare Carpenter of Cass City; Kenneth Hobart of Unionville; Harley Kelly of Cass City; Korte Otherson of Unionville; Ludwig Bernreuter of Vassar; Ben Loeffler of Reese; or from County Agricultural Agent, Loren S. Armbruster.

Red Danish Cattle Breeders Hold Their Annual Meeting

On Thursday evening of Feb. 23, the Cass City Red Danish Cattle Breeders' Association met at the home of Mr. and Mrs. E. G. Golding for a potluck supper and annual business meeting.

A constitution and by-laws for the association were adopted.

Lloyd Karr and E. G. Golding were reelected directors for a period of three years and the secretary's report from the annual meeting of the American Red Danish Cattle Association was read. This report was given at the third annual meeting of the American Red Danish Cattle Association at East Lansing Farmers' Week.

Robert Osborn of Gagetown and Mr. and Mrs. Golding attended the Farmers' Week meeting at which time the secretary reported a national membership of 185 with six herds averaging over 400 pounds of butterfat under D. H. I. A. in the past year.

Coming Auctions

H. O. Paul and Wm. Dubs have chosen Wednesday, March 8, as the date for an auction of cattle, hogs, grain and farm machinery 1/2 mile east and 3 miles north of Owendale. Herb Haist is the auctioneer and the Pigeon State Bank, clerk.

The Otto Monte Estate will have a farm sale, 3 1/2 miles east of Fairgrove on Friday, March 10. Worthy C. Tait and Assistant are the auctioneers and the Peoples State Bank, clerk.

Full particulars regarding these two sales are printed on page 8.

Hahn Bros. will sell swine, cattle and machinery at auction 2 1/2 miles north of Cass City on Wednesday, March 15. The auction ad will appear in the Chronicle next week.

Favorable Progress Made in the Bean Membership Drive

Tuscola County membership campaign manager, Cecil Baker of Reese, reported to county agricultural agent, Loren S. Armbruster, this week that favorable progress has been made on the house to house drive. Several township chairmen have returned membership books completely filled out. Baker also stated that Fowler Hutchinson of Cass City is the Elkland Township chairman.

The goal of this campaign is to get 100% of the bean growers signed up to organize the Michigan Bean Growers' Association with headquarters in Saginaw. Upon completion of the campaign, representatives of the Michigan Bean Council which is made up of farmers and elevator managers will meet with Gov. G. Mennen Williams to discuss the bean program under the present situation.

Deadline date membership drive has been tentatively set for March 8. Details and printed leaflets about the bean organization can be had from the county agricultural agent's office in the courthouse.

Thos. Keenoy, Village Marshal for 27 Years, Passed Away Monday

Thomas Keenoy, 80, one of Cass City's most familiar figures as the town marshal until he retired a year ago, died Monday afternoon in the home of his daughter, Mrs.

Thomas Keenoy.

Harry Tepley, in Highland Park where he had made his home since November. Rosary for Mr. Keenoy was said in his home Thursday evening at 8 o'clock and funeral services will be held today (Friday) Concluded on page 4.

Seeley to Manage Starlite Theatre Near Bay City

Ashmun Theatres of Caro owned by R. D. Ashmun, R. J. Ashmun and Glenn Ashmun together with Clark Seeley of Cass City have formed the Starlite Theatre Company to build and operate the Starlite Drive-In Theatre to be located on M20, two miles west of Bay City.

Fifteen acres of land have been purchased from John Arnold of Monitor Township.

The drive-in theatre will be of modernistic design and will accommodate 750 cars. There will be a completely equipped play ground and a modern snack bar.

Features of the new drive-in will be illuminated speaker posts, illuminated drive ways and the latest and finest projection and sound equipment.

The theatre will be managed by Clark Seeley. Construction of the new drive-in will start at once with the opening not later than June 1.

17 Band Students Earn Exceptionally High Ratings

Seventeen band students of the Cass City High School went to the solo and ensemble festival at Mt. Morris Tuesday and returned that evening with ratings that were exceptionally high.

Marvin Pratt, baritone soloist, playing "Polka Militaire," received a first division rating as well as the high school clarinet quartet—Jon Holmberg, 1st clarinet; Bonnie Benkelman, 2nd; Mary Wood, 3rd; and Delphine Iseler, 4th clarinet; playing the waltz, "Two and Two." Marvin Pratt received special commendation on his good tone quality. These students will travel at the state festival at Ann Arbor on April 1.

The following students received a second division rating:

The junior high cornet trio, Billy Tuckey, Roger Marshall and Dick Donahue, playing "Three of a Kind" were rated a 2 plus. The junior high mixed clarinet quartet, Phyllis Copeland, 1st clarinet; Annette Pinney, 2nd; Jeanne Field, E flat alto; and Dick Joos, B flat bass clarinet, playing "Ase's Death," a 2 plus. The junior high brass quartet—Donna O'Dell, 1st cornet; Emma Jane Slicker, 2nd cornet; Eunice Smith, 1st trombone; and Faith Parrott, 2nd trombone—playing "Flow Gently Sweet Afton," a 2.

Annette Pinney, clarinet solo, playing "Donkey Ride," a 2 minus.

Roger Parrish received an A rating on his accompaniments and Joan Holmberg received a B plus on her accompaniment.

Medals are awarded for 1st and 2nd division winners only so all of the Cass City participants will receive them.

All students stopped at Frankemuth for a chicken dinner on the way home from the festival.

Forty Dairymen Attended Annual Meeting at Cass City

Approximately 40 interested dairymen turned out for the annual meeting of the Cass City Artificial Breeders' Association held at the Cass City High School last week. Stanley Culver, representative of the Michigan Artificial Breeders' Association, emphasized in his address to the dairymen the importance of having healthy animals relative to better breeding results. Culver also pointed out some good examples of dairy herds in production as an outgrowth from artificial breeding associations.

County agricultural agent, Loren S. Armbruster, announced that the association rendered 1332 total services during 1949. The growth of the organization is indicated in that 32 new members joined during the year and signed in a total of 246 new cows.

Roy Wagg of Cass City was re-elected to a three-year term as director and Maynard McConkey of Cass City was elected to replace Lee Setton of Deford. The directors met after the annual meeting and elected the following officers for the coming year: President, Ephraim Knight, Gagetown; vice president, Maynard McConkey; and secretary-treasurer, Edw. G. Golding, of Cass City.

Vote Appropriation For Blind Children

Forty attended the meeting of the Presbyterian Missionary Society Wednesday afternoon at the home of Mrs. A. R. Kettlewell. Rev. M. R. Vender conducted the devotions, Mrs. E. L. Schwaderer reported on social action and Mrs. John McGillivray gave the prayer for missionaries. The program which was arranged by Mrs. M. B. Auten and Mrs. E. L. Schwaderer was a review of the book, "Men Called Him Master," given by Mrs. James Parks of Caro.

In the business meeting, members voted a ten dollar contribution to the Presbyterian board to be sent to China for treatment of blind children there.

Mrs. J. D. Brooker and Mrs. A. J. Knapp poured when the hostesses, assisted by Miss Flossie Crane and Mrs. James McMahon, served tea, coffee and cookies.

The next meeting will be April 19 when the local society entertains the Presbyterian at an all-day meeting in the church. Methodist women will serve the noon luncheon.

Guests at the meeting Wednesday afternoon were Mrs. Parks and Mrs. Walter Cooper of Caro, Mrs. T. J. Wadsworth of Port Huron, Mrs. Doris Benkelman and Rev. Mr. Vender.

"Cheap Chicks" May Prove to Be Costly

You can't buy "cheap" chicks and be assured of any breeding back of them, says Howard C. Zindel, Michigan State College extension poultryman.

Price is not important, Zindel thinks, if you pay only for what you get. Chicks with good breeding quality behind them necessarily cost more than "average, run-of-the-mill" chicks.

The farmer's guarantee of getting quality is buying from reliable hatcheries that back up their guarantees.

Last year Michigan hatcherymen, operating under the National Poultry Improvement plan, sold more than a million chicks and the livability returns at two weeks of age showed nearly 98 percent.

Elephants, alligators, turtles and poll parrots have an average life span of 100 years or more.

Good Breeding Boosts His Dairy Production

Four young cows in the herd of Orla Pritchett, Sandusky, each from a different Holstein bull in the Michigan Artificial Breeders Cooperative stud, produced more than 450 pounds of butterfat each in their first lactation period. A. C. Baltzer, extension dairyman in charge of artificial breeding work in Michigan, says each of these young animals produced approximately 50 pounds more butterfat than their dams produced in any year.

Demand from members in the 144 local associations in Michigan has been increasing each month and Baltzer thinks as many as

12,000 cows will be bred artificially through the association during March.

Wednesday visitors at the Murray DeFrain home were Mr. DeFrain's mother, sister and brother, Mrs. George DeFrain and son, Leonard, and Mrs. Perce Healey of Harbor Beach.

Miss Mary Kay Brown was in Detroit from Tuesday until Friday where on Wednesday and Thursday she wrote an examination to become a registered nurse, given by the state board.

Harold Huffman has been substituting as teacher in the McHugh School, while Mrs. Huffman has been caring for her mother, Mrs. Lloyd E. Karr, who was injured recently in an automobile accident.

Mr. and Mrs. Lloyd Short and daughter, Barbara, and Mrs. Levi Holcomb spent Saturday and Sunday visiting friends and relatives in Dearborn and Wyandotte. On Saturday evening Miss Barbara attended the Sonja Henie ice revue at the Olympia Theatre in Detroit.

Friends of Mr. and Mrs. Audley Rawson wrote them in Florida that they might as well come home and enjoy the fine weather in Michigan that prevailed here late in February. They returned a few days ago and were greeted by some of the coldest weather of this winter.

Those from Tuscola County who attended the Michigan Farm Bureau Institute in Lansing Friday and Saturday were Mrs. Adolph Woelfle of Cass City, Mrs. Alphonse Houthoofd of Wisner, Mrs. Bruce Ruggles of Kingston, George Foster of Fostoria, and Kenneth L. Baur and Mr. and Mrs. Elden T. Smith of Caro.

Mrs. Wilma Fry visited her mother, Mrs. W. D. Striffler, at the George Southworth home near Elkton Sunday. Mrs. Striffler, who has been spending the winter with her daughter, Mrs. Edward Gardiner of Plymouth, went to the home of her daughter, Mrs. Southworth, and plans to spend several weeks there and at the home of another daughter, Mrs. Robert Orr, of Oak Beach.

Mrs. Edward L. Marshall, Jr., Jr., in the parsonage of the Bethel Assembly Church on Sixth Street at five o'clock Saturday afternoon. The bridegroom is a son of Mr. and Mrs. Edward L. Marshall, Sr., of Roseville.

Immediately preceding the rites, Mrs. Faupel sang, "I Love You Truly," accompanied at the piano by Miss Eileen Marshall of Detroit, sister of the groom.

The bride, who wore a street-length aqua dress, was attended by Miss Leona Whittaker as bridesmaid. She was dressed in an old rose colored gown, also street-length. Both young ladies had corsages of red and white roses.

Lawrence E. Holik of Flint, brother of the bride, was best man and both he and the groom wore white carnation boutonnières.

Following the marriage rites, which were witnessed by the members of the immediate families, a luncheon was served in the home of the bride's brother and wife, Mr. and Mrs. Lyle Holik, here.

At 7:30 Rev. and Mrs. Faupel entertained sixty-five guests in their home, honoring the newly married couple. Assorted cakes, including a beautiful wedding cake, ice cream and coffee were served as refreshments.

Out-of-town guests were the groom's family, Mr. and Mrs. Marshall and son, Daryl, of Roseville, and daughters, Eileen and Shirley of Detroit; the bride's brother and wife, Mr. and Mrs. Leon Holik of Mishawaka, Indiana; Miss Donna Hildinger of Marlette; the Misses Clara and Alma Vogel of Caro; and Mr. and Mrs. Wm. Arnott of Snover.

The groom is employed in the office of the Chronicle and the young couple are making their home in Cass City.

Naturally

Mrs. Brown's eye caught a small item in the paper that gave her a great deal of satisfaction. "Listen to this," she said gloatingly to her husband. "It says right here in the paper that whiskey kills more people than bullets."

"Of course," snapped her husband impatiently, "who the devil ever heard of bullets drinking whiskey?"

She Knew Him

"Yes," she admitted, "you love me very much now. That's only natural, I suppose. But will your love for me remain as ardent after we are married?"

"Don't worry your pretty little head about that," he answered softly. "You know darned well it will. Haven't you, yourself, often commented upon my fondness for married women?"

Taking No Chances

Rural Guide: "Why didn't you shoot at that flock of birds as they flew by?"

Urban Hunter: "You see, this is a brand new gun and I was afraid I would strain it by shooting at such a distant target before it is broken in."

Only Choice

A much-married man was trying to chisel some free advice from a lawyer friend. "Isn't there some way in which a man can avoid paying alimony?" he inquired.

"Yes," replied the lawyer. "Two. He can stay single or stay married."

Governor G. Mennen Williams' program for the state corporation profits tax is "strictly political," according to John L. Lovett, general manager, Michigan Manufacturers' Association.

"It is the application of the philosophy of the present leaders of the C. I. O.," states Lovett.

"I wish I might say to the business men of Michigan that its state government wants you to stay here. I wish I might say to those young men who want to go in business that Michigan is a friendly state. I wish I might say to those with capital to invest that Michigan welcomes you."

"I wish I might say that in the statehouse there is a governor whose administration wants to make Michigan a better place to work in and better to own a business in."

"I regret that I cannot make that statement truthfully. At every crossroads in the state the governor is telling the people that he wants to make the corporations of Michigan pay a four percent income tax."

It is a characteristic of indirect taxes to pyramid the taxation cost to the consumer, observes Lovett. As the income tax must be added to the cost of the product, the corporation has to add its overhead if it is going to stay in business and arrive at a selling price. Thus the four percent tax may easily become six percent by the time it is added into final selling price paid by the consumer.

As the people of Michigan on four different occasions voted by a large majority against a state income tax, Lovett believes that a corporation income tax would be promptly taken to court for test of constitutionality.

"Corporations in Michigan now pay approximately 50 percent of the property taxes paid in the state," states Lovett. "This tax cost amounts to about \$200 million a year. General Motors Corporation in the city of Pontiac pays 44 percent of the total taxes of that city. In Flint it probably pays a larger proportion, and it would pay a similar proportion in Saginaw, Bay City or Lansing."

Furthermore corporations in Michigan pay a rather high unemployment compensation tax rate, as compared with corporations in adjoining states such as Illinois, Indiana, Ohio and Wisconsin.

Our minimum is one percent, while in these other states the unemployment compensation tax rate goes down as low as four tenths of one percent.

"We used to say that Michigan was a good place to run a factory because we had highly skilled labor which was very productive," continued Lovett. "We paid high wages and got the best workers. Now, however, with the restrictive output theory of the unions you can no longer rely upon the better per man production to meet our competition in other states. Those surrounding states average 20 to 40 cents on hour lower wage rates than Michigan, so the labor advantage today has been entirely removed."

"Utilities in Michigan have spent millions of dollars in bringing natural gas and cheap fuels. That is important to the state. However, the last few years has seen a gradual reduction in the number of industries operating in Michigan. Just in mid-January, two firms which had been in Detroit for 50 years announced they were moving to adjoining states."

"The Chicago Pneumatic Fuel Company came to Detroit with the Burroughs Adding Machine Company. The Diamond Farr Specialty Company was born and developed in Michigan."

"In Muskegon at least five old reliable, substantial industries have closed their doors. There are vacant plants in Jackson and Port Huron."

Large automobile companies are carrying on a widespread decentralization program. Why? "There is a general feeling among Michigan corporations that the state is unfriendly, that corporations are confronted with an unfriendly administration, and that with other advantages elsewhere, Michigan no longer is inviting," states Lovett.

It is the judgment of Lovett, as spokesman for Michigan corporations, that we should thoroughly investigate the possibilities of economy in state and local governments. Conceding that the sales tax amendment diverts 78 percent of the sales tax revenues back to home governments, Lovett be-

lieves "it is embarrassing to some townships and local communities to have so much money they don't know what to do with it." Lovett would either do away with the sales tax and come forward with some other direct form of taxation or he would require local communities to assume many of the burdens the state is now attempting to carry with reduced revenues.

In conclusion let me say that "there is no need for a new tax. If the time ever comes when we need new taxes in Michigan, let's be honest about our proposals."

"Let us not try to say to the people of the state that by an indirect tax they are not paying a tax. Direct taxation is the only honest type of taxation. Then we are not building up a pyramid of concealed charges against the consumer."

A final shot: "I believe any impartial investigation would show that the state does not need any new revenues of any kind," said Mr. Lovett.

This in brief, is the case of the state corporations against the Williams corporation profits tax program.

THOS. KEENOY PASSED AWAY ON MONDAY

Concluded from page 1.

at 10:30 a. m. in St. Pancratius Church. Rev. John J. Bozek will officiate and burial will be in Elkland cemetery.

He was the son of the late Marcus and Susan McCabe Keenoy, and was born May 21, 1869, in Castler Rae County, Roscommon, Ireland. He married Miss Mary Patrick and to them were born four sons. One son, Lawrence, preceded the parents in death. Mrs. Keenoy passed away and Mr. Keenoy later married Miss Henrietta Laschinger. To them were born a daughter and a son. Mrs. Keenoy died in 1946.

For ten years of his life Mr. Keenoy was first mate on a Great Lakes ship. He farmed for a time and then was hired as village marshal at which he was employed for 27 years.

Surviving are his daughter, Marie (Mrs. Harry Tepley) in whose home he died; four sons, John and Thomas, Jr., of Detroit, Frank of Royal Oak and Henry (Harry) of Bay City; six grandchildren, including Shirley Surprenant (Mrs. Emil Vranich) of Milwaukee, Wis., who was reared in the home of her grandparents; one sister, Mrs. Ernest Walker of Detroit; and two brothers, John Keenoy in Saskatchewan, Canada, and Michael Keenoy of Lansing.

UNFAIR

A farmer's barn burned down and the agent for the insurance company, explaining the policy that covered the structure, told him that his firm would build another barn of similar size instead of paying the claim in cash. The farmer was furious. "If that's the way your company does business," he exploded, "You can just cancel the insurance on my wife!"

How True!

The preacher came along and wrote upon the signboard: "I pray for all."

The lawyer wrote underneath: "I plead for all."

The doctor added: "I prescribe for all."

The plain citizen wrote: "I pay for all!"

More Durable Enamel

Alkyd resin materials have great resistance to ultra-violet light and are consequently effective in increasing the durability of enamel.

NO DANGER

The fine old gentleman was beside himself in gratitude. "Splendid, young man!" he cried. "When you rescued my daughter from the river you must have had no idea of the danger you were placing yourself in."

"There wasn't any," shrugged the hero. "There wasn't any. I am a champion swimmer, and I'm already married."

SWEET TRUTH
ABOUT SUGAR

All sugar for household use is sucrose. So
sugar is sugar—no matter whether it
comes from beets or cane.

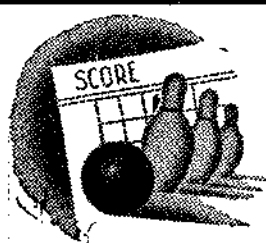

Expert chemists can detect no difference.
Leading Home Economists freely state
that any supposed difference in pure
sugars is simply a figment of the mind.

That's why it's smart shopping to buy
sugar for value. Buy—

MICHIGAN MADE PURE SUGAR

—and save the difference!

Sweet Potato Hurl

Have you ever noticed how a
corky scab forms over bruises on
sweet potatoes? This is nature's
way of preventing rots on sweet
potatoes in storage. Potatoes dug
when temperatures are high or
placed in buildings and heated for
the first 10 days or so are much
less liable to rot as nature tends
to repair these wounds.

NOTES

TUSCOLA

COUNTY EXTENSION OFFICE

The directors' meeting of the
Tuscola Soil Conservation District
for March will be held in the Soil
Conservation District office at the
courthouse on the evening of
March 6. Reports on the annual
state directors' meetings and
Higgins Lake conservation work
shop will be given by the directors.

Livestock men are reminded by
County Agricultural Agent, Loren
S. Armbruster that the chemical
under the trade name of "Lindane"
is recommended for use of mange
control on hogs and lice on cattle.
Lindane replaces DDT and benzene
hexachloride which produced un-
favorable residual effects under a
number of conditions. Lindane is to

be used the same as the former
chemical and with caution. Follow
directions on the manufacturer's
label. Use 8 pounds of 25%
wetttable powder to 100 gals. of
water. Best results are usually ob-
tained when applied with high
pressure.

Unproductive light soils can be
made profitable by planting to
evergreen trees for use as Christ-
mas trees, pulpwood, posts, or
lumber. Supply for spring planting
can be secured by placing orders
with the local soil conservation
district office in the courthouse.
Red and white pine stock is avail-
able at reasonable cost. Request
order blanks from conservationist
Dean Gordon or County Agent
Armbruster. State department and
college supply for spring planting
is very limited. A limited amount
of multiflora rose, "The living
fence," seedlings are also avail-
able through the Caro office.

Agent Armbruster announces
that plans are being made for
several farm building meetings and
stops to be held on March 16.

About 65 club members and
parents attended the monthly 4-H
dance at the Wilber Memorial
Building last Saturday, February
25. The party was sponsored by the
Carolan 4-H Club, Gagetown. Folk
and square dances took up most of
the evening. The sponsors served
hot dogs, soft drinks, coffee and
popcorn. A reading was given
during the intermission by Sandra
Opperman, Vassar. All proceeds
from the party are being donated
to the 4-H building fund.

The West Mayville 4-H Club led
by Mr. and Mrs. Clarence Mc-
Mullen had a full house at their
penny supper and program last
Saturday evening, February 25.
110 people jammed the club's

second floor meeting hall at
Juniata to attend a program in
which each of the 30 members had
some part. Prizes were given and
a benefit supper of sandwiches, pie,
cake and coffee was served by
club members and their mothers.
Proceeds from the supper will be
donated to the 4-H Building Fund.

Latest on Farm and
Home Lighting

Specialists in the field on farm
and home lighting will present the
latest information on the subject
to the public at a meeting
scheduled to be held in the court-
house at Caro on Thursday, March
9, at 8:00 p. m., as announced by
County Agricultural Agent Loren
S. Armbruster.

Topics presented will cover ma-
terial on the farm home and the
farm buildings. Color schemes and
attractiveness to the kitchen and

living room and measuring home
lighting will be given by Miss
Helen Higgins, home service ad-
visor of Detroit Edison Company's
Caro office. Her address on useful
and attractive home lighting will
also show the latest in home
lighting equipment.

Extension Specialist in Agricul-
tural Engineering Robert Maddox
from Michigan State College will
talk on lighting of the farmstead.
This will include lighting arrange-
ments in outdoor buildings, even
distribution of the power load and
a scale model showing a desired
arrangement for most effective re-
sults. Detroit Edison Farm Service
Advisor Don Cook of Caro will
present "New Things in Farm
Lighting."

Samples and models of electrical
equipment will be on display. The
program and talks will be supple-
mented with slides.

Soil Conservation Group Offers 4-H Award Trips

Incentives to 4-H soil conservation project members in the form of free educational tours will be awarded this year by the Tuscola County Soil Conservation District. "A trip will be given to one member in each 4-H club with five or more boys or girls enrolled in the soil conservation project," stated Reid Kirk, president of the board of directors of the conservation district.

Plans for the 4-H club contest and the award tour were made last week by committee of district directors appointed by Mr. Kirk at the February directors' meeting. Details were worked out by committeemen Bruce Ruggles, Kingston, and Dayton Davis, Vassar, who met with district farm planner Dean Gordon, and County 4-H Club Agent, Byron E. Carpenter.

An extended trip through Michigan with planned stops featuring outstanding conservation projects was decided upon as the most appropriate award that could be offered. The first trip will be in early autumn, 1950. For this trip winners will be chosen from eligible boys and girls completing a soil conservation project during either the winter or summer season in 1950.

Winners will be chosen on the basis of the soil conservation project reports submitted by members, and a special report submitted by local 4-H club leaders. Special consideration will be given to club members who carry on special conservation activities such as demonstrations, tree planting, terracing, etc. The com-

mittee named above will act as judges in selecting award winners.

The soil conservation district also voted at its last meeting authorizing a special arrangement by which evergreen seedlings would be available for 4-H forestry project plantings. Leaders and members interested in obtaining seedlings should contact 4-H club agent Carpenter in the courthouse immediately.

Simple Rules, Not "Knack" Are Secret Of Good Cakes

How is your reputation as a cake baker? If it could be improved don't wait around for the "knack" to come to you—instead check yourself on a few simple rules that can make a big difference with that cake.

First, suggests Lois Jackson, foods department, Michigan State College, start heating the oven in advance so that it will be the right temperature by the time the cake is ready to bake. Arrange the racks in the oven so that the cake will be near the center for even heating.

Prepare the pans before mixing the batter and it's very important that you use the size of pan mentioned in the recipe. Do not grease pans for angel food or sponge cakes. For butter cakes, use a pastry brush or piece of waxed paper to spread a thin amount of fat on the bottom of the pan and just part way up the sides.

Cakes are usually baked in a moderate oven and should be tested before removing. Butter cakes begin to shrink away from the sides of the pan when done. If

the top of the cake is pressed lightly with the fingers, it should spring back without leaving a mark. A wire tester or toothpick can be inserted into the center of the cake and will come out clean and dry when the cake has been properly baked.

Let butter cakes cool in the pan for about 10 minutes after removing from the oven and then loosen the sides with a spatula. Turn the cake on a cake rack or

towel right side up to finish cooling. Then the cake won't get soggy from steaming. Fruit cakes should be left in the pan until cold because they are heavy and tender when hot. Turn sponge cakes upside down, pan and all, until the cake is cold. Then loosen the cake from the sides and around the tube. Tilt the pan and draw the cake out gently.

Today we live in modern homes, built for 1950 living and our farms are operated with modern equipment... now the problem arises: "How about my farm fire insurance policy?" This, too, must be a "1950 Model" with such protection as our farm personal blanket policy, which insures tools, farm produce and grade livestock for full market value... registered animals may be insured for greater amounts... these and many other modern features are contained in the Pioneer Policy, issued only by Pioneer Mutual Fire Insurance Co. of Lansing, Michigan.

Making Both Ends Meet

Furnishing good service at reasonable rates has always been our aim. We have done this, while at the same time trying to keep down operating expenses. However, the sharp increase in the cost of everything during recent years has hit us just as it has you. Now our operating costs have been increased again due to new Federal legislation which has sent our wage scale soaring.

We believe in paying good wages. In fact, the major increases in our operating cost during recent years have been the result of a series of wage increases.

We will pay this new increase, but it does create a serious new problem for us. We can do this only through new service rates reasonably adjusted to our changed operating conditions.

The village caucus was a quiet affair Friday evening compared with the caucuses of the two previous years. Sixty-one was the largest number of votes cast. The following ticket, the only one in the field, was placed in nomination: President, Geo. A. Striffler; clerk, Chauncey W. Campbell; treasurer, Geo. A. Tindale; assessor, Harry L. Hunt; trustees for two years, Abram H. Higgins, Pearl A. Schenck and Edward Piney; trustee for one year, Fred E. Kelsey.

Don't Blame the
Michigan Farmer
For Spud Surplus

If you're getting that finger ready to point at the Michigan potato farmer in trying to find someone to blame for the current potato surplus problem, you had better look elsewhere. Henry C. Moore, Michigan State College crops extension specialist, who has spent more than 30 years working with Michigan potato growers, thinks so anyway.

If Michigan consumers would eat Michigan potatoes exclusively the state could come very close to handling its own crop. This, of course, is not possible, since Michigan potatoes are not available every month in the year. Here is Moore's analysis, however. Michigan's crop was slightly more than 17,000,000 bushels in 1949, a reduction of two million bushels under the average for the ten years previous. After deductions are made for culls fed livestock, potatoes consumed on farms where produced and for potatoes saved for seed, that leaves about 11,000,000 bushels of Michigan potatoes for sale to consumers.

Annual per capita consumption of potatoes in the U. S. in 1948 was about 110 pounds. Excluding those living on farms raising potatoes, there would be 6,000,000 Michigan people to consume the

crop. Based on the average, their consumption would exceed 10,000,000 bushels.

The crop specialist pointed to the reduction in acreage from an average of 183,000 acres from 1938 to 1947 down to but 104,000 acres last year as an indication that Michigan farmers are endeavoring to reduce the surplus. Some states have increased acreages during this period of surplus and none of the major producing states show the acreage reduction that has taken place in Michigan, Moore said.

600 Attend Cub
Scout "Blue and
Gold" Dinner

Over 600 Cub Scouts, parents, and leaders attended the "Cub Scout Blue and Gold" potluck dinner at Mayville on Thursday, February 23.

Kenneth Kerr, camping and special activities chairman, acted as master of ceremonies in introducing the program. Rev. Donald Bates of Mayville gave the invocation followed by the dinner. Not enough tables could be secured in Mayville to seat the huge crowd.

Colors were presented by the pack from Mayville and Clare Majer, president of the school board, welcomed the guests. The Cubs and parents were led in singing by W. C. Morgan, Scout

executive from Saginaw. Edward Baker, district chairman from Cass City, introduced the people by communities. Special events were presented by packs from Fairgrove and Caro. The Caro group introduced a new cub song composed by Mrs. Harold Hudson of Caro. The highlight of the program was the court of honor which was conducted by pack 301 of Vassar and under the leadership of Cleo Everts, cubmaster. Over 200 individual awards were presented to 142 different cubs. There were 36 Bobcats, 112 Wolf awards, 37 Bear awards, 23 Lion awards, and 3 Webelos. The Webelos award is the highest in cubbing and went to James Miller, Carl Kralik, and Robert Blackmore, all from Vassar. Standard achievement ribbons went to packs from Reese and Akron. Proficient achievement ribbons went to Fairgrove, and the president ribbon went to packs from Vassar, Mayville, Caro and Cass City.

The new pack from Millington was inducted into cubbing in a group ceremony by the Vassar pack. Over 50 people from Millington took part in this event.

Leaders of 4-H Clubs
During March 4-12

The week of March 4-12 has been designated as National 4-H Club Week to give young people in general, parents and friends an opportunity to take a look at 4-H Club work.

It also provides 1,850,000 boys and girls in the United States a chance to check their own 4-H efforts and see if they are doing all they can to carry out their slogan, "To Make the Best Better." It is

a time when winter projects are being completed and plans are being made for the summer program of 4-H club activities.

Tuscola County's 4-H Club agent, Byron E. Carpenter, announces a summer program which includes thirty-seven different kinds of projects. Home economics projects available include: Food preparation, baking, outdoor meals, food preservation by canning or freezing, the 4-H club girl, home management, and home furnishing.

In the field of agriculture, projects are available in beans, corn, potatoes, sugar beets, vegetable gardening, both home and commercial, flower gardening, landscaping, small fruits, forestry, wild flower, forestry fire study, soil and water conservation, bird study, wildlife conservation, dairy, beef, sheep, horse, swine, poultry and rabbits.

Other projects available this year include junior leadership, the 4-H Club boy, personal accounts, archery, health and safety, and fire prevention.

In addition to several of the projects named above which are available during both the winter and summer season, Tuscola County club members in 50 local organizations are enrolled in the following winter activities: Clothing, knitting, handicraft, electricity, fur trapping, and tractor and farm machinery maintenance.

Winter projects will be climaxed in early April when all work will be exhibited at four district spring achievement programs followed by a final county achievement which will be held at Caro High School April 14 and 15.
