

Vote Is Better Than 3 to 1 for Boulevard Lights in Cass City

Two Hundred One Voted "Yes" and 62 "No" on Proposition

Out of the 435 citizens whose names were on the registration books of the village, 263 went to the polls Monday to register their opinion on the change in the electric lighting system and to vote for village officers.

Two hundred one voted "yes" and 62 "no" on the proposition, "Shall the village of Cass City, Tuscola County, Michigan, agree to the installation of boulevard lights by the Detroit Edison Co. in the business section of Main St., in said village?"

The proposition was submitted by the council as a means of securing the opinion of citizens for a change in the lighting system in the business section. With such a preponderance of opinion favoring a betterment of service, the council will submit an order to the Detroit Edison sanctioning the change to the boulevard lighting system. It is expected that the Edison Co. will start the installation early this summer.

There was only one ticket in the field for village officers and the following candidates were elected Monday:

President, Clifford Croft. Clerk, Wilma Fry. Treasurer, Wilma Fry. Trustees for two years—James

Deckerville Votes School Bond Issue

Voters by a five to one majority passed a \$56,000 bond issue which will allow the Deckerville Community School district to go ahead with plans for erection of an addition to the school and the installation of a new heating plant. The actual vote was 301 to 67.

Plans call for the erection of eight additional class rooms, and an addition for the new heating plant.

Cost of the new additions is estimated at less than \$70,000. About \$14,000 of the money was raised in taxation this past fall.

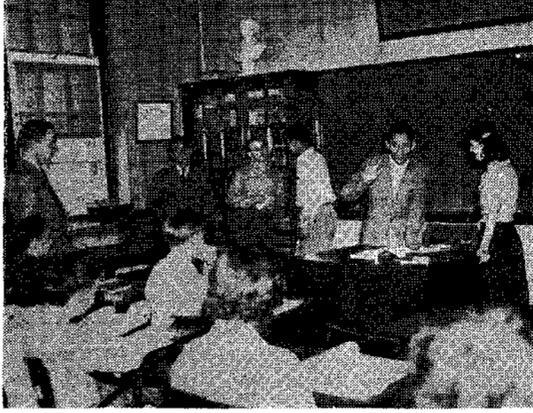

Presbyterial Officers Make Plans For April 19

The executive officers and chairmen of committees of the Presbyterial Society of Flint Presbytery met in Cass City on Wednesday to draft the program for April 19 when the Presbyterial Society will hold its spring meeting in the local Presbyterial Church.

The officers were accorded the hospitality of the manse, by the Rev. and Mrs. M. R. Vender for the meeting, while luncheon was served for the visitors at the home of Mr. and Mrs. Floyd Reid, by a committee: Mrs. James A. Milligan, assisted by Mrs. Donald Reid and Mrs. M. C. McLellan.

Mrs. Floyd Reid, president of the local society, and Mrs. Ben Benkelman, Jr., sat in on the planning of the program.

Evangelical U. B. Church Dedicates Communion Altar

Rev. Stanley P. Kirn Installed Church and S. S. Officers Sunday

A ritual of dedication, installation of officers and holy communion were features of an impressive three-fold service conducted at the Evangelical United Brethren Church by the pastor, Rev. Stanley P. Kirn, on Sunday morning.

In the litany of dedication of a communion altar given in memory of Miss Martha Striffler by her relatives, there was also included a choir screen and cross presented to the church by numerous contributors. A pulpit Bible presented to the church in memory of John Baptist Sovey by his family had been dedicated at a service several weeks ago. Both minister and members of the congregation participated in the dedication services Sunday morning.

Following the dedication, there was a service of installation when newly elected officers of various church groups and other leaders were formally established in their positions.

The annual meeting of the church was held on Friday evening when the following officers were selected:

District Meeting of Masons on Mar. 31 at Gagetown

Acme Lodge, No. 446, F & A. M., of Gagetown will be hosts at a Masonic meeting on Friday, March 31, to which representatives of 21 lodges comprising District No. 23 in Huron, Sanilac and Tuscola Counties have been invited.

The meeting is called to discuss Masonic problems and to give the grand master an opportunity to present the status, problems and needs of Masonry in the jurisdiction.

Adrian Thomas, past master of Huron Lodge at Harbor Beach, is the district deputy instructor and Wm. J. Profit, past master of Acme Lodge at Gagetown, is representative to the board of general purposes.

Dinner will be served at the Masonic Hall from 6:30 to 7:30 p. m. and the evening program starts at eight o'clock. Grand Lodge officers expected include Hugh J. Johnston, grand master; Morgan J. Smead, deputy grand master; and Francis B. Lambie, grand lecturer.

Coming Auctions

Mr. and Mrs. Elmer Willy will sell 18 head of cattle, farm tools and feed at auction 2 miles west and 1 1/2 miles north of Kilmanagh on Wednesday, Mar. 22, with Ernest Luther as auctioneer and the Farmers' and Merchants' State Bank of Sebawaing as clerk. Full particulars are printed on page 8.

Edward Papiernik uses space on page 9 to advertise a farm sale of cattle and machinery 2 miles south, 3 east and 1 1/2 south of Cass City on Wednesday, March 22.

Arnold Copeland is the auctioneer and the Pinney State Bank, clerk.

Elroy S. Motz has engaged for space in the Chronicle next week to advertise a sale of livestock, machinery and household goods which will be held on Wednesday, Mar. 29, one mile south of Elkton.

4-H Service Club Make Arrangements For Foreign Students

Twenty-five foreign students will finish their winter term examinations at Michigan State College early next week and begin packing their bags for a four-day vacation in Tuscola County March 22-26. They will be guests of the 4-H Service Club, which has planned an active program in five districts of the county to acquaint them with the American way of life.

Service Club members in charge of committees in Akron, Caro, Cass City, Mayville and Vassar have formed committees of citizens in their communities to make arrangements for the students' visits. Committees have already been requested to furnish teams of foreign students for over thirty different meetings. Many families have asked that students come to their homes for a meal or to stay overnight.

Meetings scheduled thus far include assemblies in nine high schools, several church youth groups, farm bureaus, granges.

21 Athletes Were Community Club Guests Tuesday

"Bill" Orwig, U. of M. Coach, Showed Movies of Mich.-Ill. Game

Cass City Community Club members were happy to greet 21 players of the football and basketball squads of the Cass City High School as dinner guests at the March gathering of the club.

After a bountiful meal served by women of the Grant Methodist Church, Club President Bernard Freiburger introduced Arthur Paddy, high school athletic coach, as program chairman. Mr. Paddy introduced the following athletes as entitled to letters:

Football—Jack Bird, Jim Bishop, Kenneth Brown, Chester Dorland, John Ellis, Jim Fox, Lee Hartel, Alvin Hutchinson, Norbert Kapala, Kenneth Martin, Floyd Roach, Fred Ross, Capt. Gil Schwaderer, Tom Schwaderer, Jack Stahlbaum, Tommy Townsend, Chas. Watson and Clifford Wright.

Basketball—Co-captains Eugene Kloe and Lee Hartel and Kenneth Brown, Kenneth Martin, Floyd Roach, Gil Schwaderer, Tom Schwaderer and Fred Ross.

Jack Bird was chosen the most valuable player by the football squad and just recently Kenneth Martin was named for a like honor by his basketball teammates.

"Bill" Orwig, end coach in football and assistant coach in basketball at the University of Michigan, exhibited movies of the Michigan-Illinois football game. Previous to the movie showing, Mr. Orwig told some stories of scouting competing university teams, methods used in coaching, and outstanding examples of sacrifice on the part of players for the good of the team. The talk was instructive and made enjoyable with touches of humor.

Cass City Chamber Of Commerce to Incorporate

Wm. Otto, Manager of Lansing Chamber, Spoke to Group of 140 Thursday

Dr. Delbert Rawson, president of the Cass City Chamber of Commerce, presided at the ladies' night program of that organization on Tuesday at the school auditorium and expressed the appreciation of its officers for the fine cooperation manifested by the people of the community during the life of the society. He reviewed the accomplishments of the chamber since its organization with 69 members last July, referring briefly to its promotion of the beef cattle show here last August, the slogan contest, the Christmas merchandise awards, and the holiday street decorations. "The board of directors are quite proud of the first year's accomplishments and are looking forward to more successful years," he said.

The board of directors, by a vote of the chamber of commerce members, were authorized to sign articles of incorporation and to affiliate the local society with the national chamber of commerce.

William Otto, manager of the Lansing Chamber of Commerce, was introduced as the speaker of the evening by Dr. Rawson. Those who heard his address can understand why Mr. Otto is called on so frequently, and why he has made over 2,700 public addresses since 1919.

In introducing his talk on the subject of "What Makes a City," he told several stories which placed his audience in a happy frame of mind.

Referring to Flint, he said that city had no great advantage over other lumber towns when timber became a scarcity after the great lumber booms. Its growth was due rather to the fact that men lived there who dreamed dreams like Dallas Dort and Wm. C. Durant, men who built the largest buggy business in the world and who later took the horse off the front end of the buggy and substituted a gasoline engine as motive power. Men like Dave Buick, who happened to live there and helped develop the great automobile manufacturing industry that it is today. In Battle Creek, it was men like Post and Kellogg who had food dreams that resulted in the great manufacturing plants of prepared foods.

Had Post and Kellogg lived in Flint and Dort, Durant and Buick resided in Battle Creek, their dreams would have become realities and Flint would have been the breakfast cereal manufacturing center and Battle Creek the auto

Retail Training Program to Be Instituted Here

Central Michigan College To Conduct Classes in Four Towns

In all probability a retail training program will be instituted in Mt. Pleasant, Caro, Cass City, and Marlette this month, it was announced recently by J. D. Marcus of the Central Michigan College division of field services.

Tentative plans indicate that the program will get underway at the following times: Mt. Pleasant, March 27; Caro, March 28; Cass City, March 29; and Marlette, March 31. The training program extends for a period of six weeks.

This program is jointly sponsored in most communities by the chamber of commerce, the Michigan Retailers Association, local schools, the state office for vocational education and Central Michigan College. Classes are set up and conducted by the college. Chief purpose of the program is to aid retailers in the operation of their businesses and to train sales personnel.

A variety of subjects are taken up during the training period ranging from human relations to window display. Among the topics are: Sales promotion, better selling technique, merchandise information and display, stockkeeping and arrangement, increasing sales through suggestions, the sales person looks at himself, personnel and human relations, knowing your

Cass City Post Office Earns a 96.5 Per Cent Rating

Prospects Are Good for Installation of Fifty More Post Office Boxes

The Cass City Post Office was inspected by A. C. Petersen, a representative of the Federal Post Office Department last week, and was given a 96.5 per cent rating which speaks especially well for the efficiency of Postmaster Alice M. Bigelow and her force of postal employees. At the previous visit of a post office inspector in August, 1948, the rating of the local office was 91.0 per cent.

For several years, there has been a pronounced lack of post office boxes and newcomers to the village have had to wait a considerable length of time before they could secure boxes, and there is still a number of names on the waiting list. Prospects are very bright, according to Postmaster Bigelow, for the installation of 50 more boxes to the local post office equipment which will alleviate the demand.

In its program of economy, the post office department, rather than lessen the number of employees at the Cass City office, has ordered a reduction of working hours of the force. The department has ruled that the office be closed every Thursday afternoon except for the hour from 4:30 to 5:30 o'clock.

During that hour period, the general delivery window will be open but there will be no stamp sales, no parcel post delivery and no money orders issued. The Thursday afternoon curfewed service starts on March 23. The afternoon closing of Saturday afternoons will continue to be maintained.

Farm Bureau Group Hear Discussion

The Elkland Farm Bureau Group met at the home of Mr. and Mrs. Maynard McConkey Thursday evening, March 9. Kenneth Baur of Caro was present and took charge of the discussion, "Are There Too Many Farmers?"

At the conclusion of the discussion ice cream, cake and coffee were served by the hostess.

The April meeting will be held at the Albert Gallagher home, date to be announced later. Mr. Baur will show pictures of his recent Florida trip. All Farm Bureau members are cordially invited to attend these gatherings.

100 Witness O. E. S. Initiation Wednesday

More than one hundred members of the Order of the Eastern Star attended a special meeting of Echo Chapter here Wednesday evening. Guest officers conferred the degrees on Mr. and Mrs. Keith Russell. Mrs. Loyd J. Petiprin of Bethany Chapter, Unionville, Mrs. Winifred Stator of Huronia Chapter, Bad Axe, and Anton Peters of Gifford Chapter, Gagetown, presided in the East for the initiation, by candlelight.

Guests were present from Bay City, Fairgrove, Caro, Unionville, Bad Axe, Gagetown, Decker and Uby. Tables in the dining room were attractively decorated in keeping with St. Patrick's Day when ice cream, cake and coffee were served at the close of the meeting.

Mrs. Rosina Joos Is 95 Years Old Today

Mrs. Rosina Joos is 95 years old today and if there is a candle for each year it will take an unusually large birthday cake to hold that many.

She is a pioneer resident of Elkland Township and since the death of her husband, Jacob Joos, many years ago, she has made her home with her son, William. The Joos family moved to Cass City a few years ago following the sale of their farm in the northeastern part of Elkland Township. Mrs. Joos is the oldest living member of the Evangelical United Brethren Church here.

Water Softening Plant Is Doing a Commendable Job

Raymond J. Faust, chief of section of water supply, division of engineering of the Michigan Department of Health, in a letter to C. U. Brown, superintendent of the waterworks at Cass City, under date of March 10, writes:

"Enclosed are dextigraph copies showing the results of hardness and iron determinations on three samples of water collected on Mar. 3 from the Cass City public supply. It is evident from these analyses that your softening and iron removal plants are doing a commendable job."

Elkland Treasurer Has Tax Collection Record of 99.44%

Amounts Received by Other Treasurers Average 2 to 3 Points Below 1948

Tax collections are not quite as good as a year ago and are probably off two or three points, according to County Treasurer Arthur Willits, who had received the returns of 12 township treasurers and the treasurer of Vassar City up to Tuesday noon.

C. J. Striffler, Elkland Township treasurer, who has been "flirting" with a 100 per cent collection for several years, came very close to a perfect mark. When he made his returns to the county treasurer Friday, he reported all but \$388.24 collected of a tax roll which totalled \$69,730.44. This gives him a mark of 99.44 per cent. The records of the 13 treasurers follow.

Schuckert Bros. To Build Two New Drive-in Theatres

The Schuckert Brothers of Cass City and Caro will build two new drive-in theatres this spring and summer. One of 650-car capacity will be erected on Highway M-21 near Lapeer and the second one of 500-car capacity will be built near Caseville.

Land deals and surveys have been consummated and construction will be completed for the theatres to open early this summer.

The Schuckert Brothers are both veterans of World War II, Robert serving in the Air Corps as a bomber pilot and Harold with the Navy in the South Pacific theatre. Their father, C. H. Schuckert, has been connected with the theatre business in this area for over 30 years and owns theatres in Cass City, Caro, Crosswell and Millington. He is also affiliated with the Stafford Brothers, formerly of Cass City, in two Saginaw theatres, and at Reed City and Fowlerville.

Thirty-two bands and one orchestra, 1453 students in all, are scheduled to play in the Cass City High School gymnasium on Friday and Saturday, March 24 and 25. There will be no school on Friday. All teachers are assisting in the festival.

The band and orchestra time schedule is as follows: Class A and B bands play on Friday. In the morning—Cass City, 9:00; Caro, 9:25; Crosswell, 9:50; Penton, 10:05; Flint Beecher, 10:55; Flint Northern, 11:20.

On Friday afternoon—Lapeer, 1:00; Yale, 1:25; Flint Central Band, 1:50; Mt. Morris, 2:15; Flint Kearsley Agricultural School, 2:40; Flint Central Orchestra, 3:15; Clio, 3:40; Grand Blanc, 4:05; Davison, 4:30; and Sandusky, 4:55.

The directors of the following bands will be the judges for Friday: Leonard Falcone, Michigan State College; Leonard Meretta, Western Michigan College; Norman Deitz, Central Michigan College; Forrest Rinehart, East Lansing High School.

Saturday morning the schedule is as follows: All Class C and D bands beginning with Pigeon, 9:00; Mayville, 9:25; Vassar, 9:50; North Branch, 10:30; Elkton, 10:55; Marlette, 11:20. Saturday afternoon—Capac, 1:00; Flint Robert Mandeville High, 1:25; Inlay City, 1:50; Hemlock, 2:15; Byron, 2:40; Almont, 3:05; Chesaning, 3:40; Swartz Creek, 4:05; Goodrich, 4:30; Linden, 4:55; Sebawaing, 5:20.

The judges for Saturday will be the following band directors: Norman Deitz, C. M. C. E.; Raymond Gerkowski, Flint Community Music director; Homer LeGassey, director of instrumental music of Detroit Public Schools; Jack Lee, assistant conductor of University of Michigan Band.

The public is cordially invited to come and hear the bands free of charge. In fact, every one is encouraged to attend as it will aid the acoustics of the gymnasium.

Safety Measures Discussed by Mrs. Marshall of Kingston

Mrs. Roy Taylor was hostess for the Woman's Study Club on Tuesday afternoon. "Safety" was the subject of a very interesting talk by Mrs. Alex Marshall of Kingston. Mrs. Marshall described practical safety measures that have been taken by some of the clubs of this district and quoted several safety mottoes including "One thought for safety is worth a thousand regrets" and "The life that you save may be your own." Safety precautions, said Mrs. Marshall, prevent accidents as preventive medicine wards off ill health. Club members were given innumerable valuable suggestions for avoiding accidents in and about the home where the majority of accidents occur.

Mrs. Ray Boughton gave a digest of several very interesting articles in the February number of The Club Woman.

The next meeting will be held on Tuesday, March 28, in the Girl Scout Rooms.

Gas Discovered Near Gagetown

Natural gas was struck Saturday in a well being drilled for oil on the Mullin farm in Section 17 of Elmwood Township, five miles southwest of Gagetown. Crews of Cliff W. Collin of Mt. Pleasant were doing the drilling.

Gas escaped from the well with a whistling sound when the traverse strata was reached at about 1,900 feet.

Three other wells were drilled in recent years in that vicinity one of which was a light producer of oil.

Grangers, Notice!

The regular meeting of the Cass City Grange has been postponed one week and will be held at Bird School Friday, March 24. Potluck supper at 7:30. Program will feature foreign students from M. S. C. All granges in this vicinity are invited to attend.—Adv. It.

Michigan Mirror

By Gene Alfeman.

The Michigan state legislature met at Lansing this Wednesday (March 15) for a special session as called by Governor G. Mennen Williams.

The governor's office is proceeding on the principal, as laid down by several supreme court decisions and by advice of the attorney general, that the governor himself must define the subject matter as to new legislation which legislators may consider in special session.

Accordingly, the lineup to date presents an interesting situation. Governor Williams is advocating again the State Corporations Profit Tax as a new source of revenue needed to avoid a deficit in the State Treasury, while Republican legislative leaders will probably seek to minimize a fiscal deficit by possible reductions in legislative appropriations for state aid and other functions.

As state spending is usually popular with minority pressure groups which have an axe to grind, the Republican legislators are apt to be on the defensive if they adhere to previous declarations for economy.

The potentials for political campaign issues are numerous. For example, Governor Williams has sought to put the legislature on the defensive as to additional funds needed for highway purposes. The governor is asking the legislature to appropriate \$18.5 million to be used for matching purposes in building new roads in cooperation with the Federal government.

Revision of the State Sales Tax, currently a subject of considerable controversy, is not likely to come before the legislature as the Governor has consistently opposed consumer taxes. The Governor has been assured by legal advisors that such could not be acted upon

construction, he favors inclusion of this additional state aid in revenues to be derived from a levy on corporation incomes.

By advocating the program of the Michigan Good Roads Federation, the governor is credited with a smart political move designed to put legislators more on the defensive. In fact, it is more than obvious that the Williams strategy steadily has been to accomplish just that—by maintaining a political offensive to embarrass his critics.

To date, it has been the accepted policy in Michigan to finance highway needs from revenues paid by highway users. The governor would go beyond this point by using the general fund in part to finance needed construction in cities, villages and townships as well as state routes outside of municipalities.

The governor has included in the legislative call a proposal for aid to Michigan wine makers. He would change the law whereby wine makers could produce stronger wines in competition with other states such as California.

Another subject matter before the legislature is a proposal by the governor to enable counties and townships to utilize Federal housing machinery. The governor has also proposed special zoning authority around airports designed to prevent hazards.

Indications at Lansing were that the governor would also recommend revision of the Michigan Unemployment Compensation Act along lines of his message in 1949. At that time he favored minimum of \$30 a week and maximum of \$42 a week, the latter depending upon dependents for unemployed workers covered by the Unemployment Compensation Act. The legislature agreed upon a minimum of \$24 and maximum of \$32.

The governor is known to favor an extension of the time for worker benefits, as well as a change whereby workers are disqualified from jobless payments under certain conditions.

Revision of the State Sales Tax, currently a subject of considerable controversy, is not likely to come before the legislature as the Governor has consistently opposed consumer taxes. The Governor has been assured by legal advisors that such could not be acted upon

by the legislature unless authorized by the Governor. Thus revision of the State Sales Tax is likely to be held over until 1951.

As 1950 is a Michigan campaign year, the proceedings at Lansing will bear close watching.

GAGETOWN

Struck Gas—
The O'Neil Oil Drilling Co., drilling for oil on the William Mullin farm south and west of Gagetown, struck gas at a depth of 1800 feet Saturday morning and is thought to be one of the largest gas flows in this area. It is now contemplated piping gas to Gagetown and Cass City.

Village Election—
Thirty-three votes were cast at the election Monday. Officers elected are: President, Harry Densmore; treasurer, Edith Miller; clerk, Frank Rocheleau; assessor, Fred Kinyon; trustees, George Hendershot, Leslie Munro, Richard Downing.

W. S. C. S. Meets—
The W. S. C. S. of the Methodist Church met Thursday at the home of Mrs. Fred Kinyon. Mrs. Leslie Beach presented the program and Mrs. Leonard Karr the missionary study. Refreshments were served by the hostess. The next meeting will be held at the home of Mrs. Leslie Purdy.

Mr. and Mrs. Preston Fournier went to Port Huron Tuesday to visit for a week with Mr. and Mrs. Frank McKenzie.

Climaxing National 4-H Week the Gagetown 4-H club held their regular meeting in the high school gymnasium Monday, March 13. The Bingham school 4-H Club members and their leaders were guests. For roll call the Gagetown members introduced themselves by giving their names. Mrs. Preston Karr, Mrs. Leslie Munro and Mrs. Stanley Murtz each gave a talk

on the different projects. Some of the members read reports on their projects. Games were played. The mothers' committee served ice cream and cake in the home economics room. The 4-H members will hold a miniature style show on April 8 for members and parents. The program for this occasion will be announced later. Mrs. Floyd Werdeman is their leader and instructor.

As a source of vitamins, milk is not excelled by any other single food. It is an excellent source of vitamin A and riboflavin, a fair source of other B vitamins. It should be used as part of balanced meals but not as the sole diet.

Eggs are on the plentiful list and can help your food budget these days. You can serve omelets in a variety of ways and can dress them up with sauces. To make a flat omelet, blend all the ingredients together. For a fluffy one, beat the yolks and whites separately. Eggs will whip more quickly to a greater volume if they are at room temperature.

12 Upper Thumb Students to Receive Degrees at M. S. C.

A total of 583 Michigan State College students at East Lansing will complete requirements for undergraduate and advanced degrees at the end of the winter term March 21.

Seventy-three of these students are eligible for advanced degrees and 510 for bachelor's degrees, according to Robert S. Linton, registrar.

Winter graduates were honored at informal ceremonies March 7 in the MSC Union, at which Dr. Lee M. Thurston, state superintendent of public instruction, was the principal speaker. Diplomats were not awarded at the ceremonies, but graduates will be invited to participate in June commencement exercises.

Candidates for bachelor's degrees from the Upper Thumb Counties are as follows:

Huron—Don F. Anderson, Elkton; Robert M. Carpenter, Pigeon; Ward H. Clabuech, Pigeon; Samuel C. Gingrich, Bad Axe; Bela Walton Jenks, Harbor Beach. Sanilac—Charles F. Eager, Brown City; Ellis A. Phillips, Peck; Donna Marie Turrel, Crosswell.

Tuscola—Charles E. Beyette, Caro; Ernest Dale Black, Unionville; Eugene Arthur York, Mayville.

George R. McQueen of Snover is scheduled to receive a master of science degree in soil science.

West Point President
There was only one West Point graduate who became President of the United States—Ulysses S. Grant.

FUNERAL SERVICES FOR JOHN R. COLLINS

Funeral services for John Richard Collins, 66, a former resident here who lived west and north of Yale for the past year, were held Wednesday afternoon in the Douglas Funeral Home. Rev. Henry Kuhlman of Gagetown officiated and burial was made in Novesta cemetery. Mr. Collins was found dead in his home Sunday and was believed to have died Saturday of a heart attack, according to Coroner Arthur Smith of St. Clair County.

He was born in Michigan Jan. 17, 1884, and on May 31, 1908, in Canada, married Hattie Ashby. She died Dec. 25, 1918. In 1919 he married Maude Courliiss who passed away April 24, 1944.

He leaves one son, Charles Collins of Van Dyke; one daughter, Mrs. Kenneth (Etta) Auten of Cass City; three brothers, Elmer and Carl of Mikado and James of Berkeley; and two sisters, Mrs. John Wentworth of Kingston and Mrs. Frank Bird of Arcola, Sask., Canada.

MRS. LEONE KILE SCHUDER DIED IN DETROIT

The remains of Mrs. Leone Kile Schuder, 54, of Detroit were brought to Cass City Thursday for interment in Elkland cemetery. Rev. M. R. Vender officiated at a prayer service in the chapel at 1:30 p. m. Funeral services were held earlier Thursday at a Detroit funeral home. Mrs. Schuder apparently died in her sleep in her home early Monday.

Daughter of Wm. Kile and the late Nellie Meredith Kile, she was born here, July 18, 1895, and attended school here. She leaves her husband, Keith Schuder, a daughter, Mrs. Wilford Bedford, and one grandchild, and her father, Wm.

Kile, who is bed-ridden and has been living in his daughter's home. The deceased was a cousin of Mrs. James Crane and Mrs. Jos. Frederick.

Good Breakfasts Put Pep into Work (See Recipes Below)

Teen-Agers' Breakfast

IN THE HUSTLE and bustle of school work and social activities, teen-agers are apt to short-change themselves on the food they eat. Their stomachs aren't going empty; but, considering between-meal snacks of candy bars and soft drinks, the kind of food they eat is apt to be off the track as far as good nutrition is concerned.

At this age, the phrase "You are what you eat" is all-important, for personality development, the capacity for work and play, as well as health, are dependent in considerable measure on good nutrition.

Also, this is the time when boys and girls are forming food habits that will follow them through life. Let's consider the first meal of the day—breakfast.

By studying teen-age habits in this country, we have turned up the interesting fact that two-thirds of our teen-agers feel that everyone should have a good solid breakfast. But, in this same survey, it was discovered that thirty per cent of the boys and girls in this age group were skipping on breakfast. What causes the gap?

Consider the wide range of foods offered in this basic breakfast of fruit, cereal, milk, bread and butter. Canned, dried, fresh or frozen fruits may be used at the breakfast meal.

Almost two dozen varieties of cooked and ready-to-eat cereals are available. The beverage might be cocoa, milk, or hot chocolate; the bread could be in the form of sweet rolls, hot muffins, biscuits, waffles, or pancakes.

FOR APPETITE APPEAL, a hot bread is a quick and easy treat for breakfast. This recipe for upside down oat muffins is doubly good, too, for it supplies extra nourishment in the rolled oats and the apricots. You might vary the fruit by substituting cooked peach slices, pitted prunes or apple slices for the apricots.

Upside Down Oat Muffins (Makes 1 dozen)

- 1 cup rolled oats
- 1 cup milk
- 2 tablespoons fat
- 1/4 cup sugar
- 1 egg, beaten
- 1 cup sifted all-purpose flour
- 1/2 teaspoon salt
- 3 teaspoons baking powder
- 4 tablespoons honey
- 12 drained cooked apricot halves

Combine rolled oats and milk; let stand five minutes. Cream together fat and sugar. Add egg and beat. Add oat mixture. Sift together flour, salt, and baking powder; add to first mixture. Stir only until mixed. In each well-greased muffin pan place one teaspoon honey and an apricot half with cut side up. Fill 3/4 full and bake in moderate oven (350-375°) 25 to 30 minutes. Turn out fruit side up. Serve hot.

LYNN SAYS: Introduce Breakfast Variety With These Simple Tricks

Chopped, minced dried fruits, such as a combination of apricots, dates and prunes, make a colorful and tasty cereal topping. Or add these fruits to the cereal during cooking.

Branch calls for something a little bit out of the ordinary. Next time you're making hot biscuits for this occasion, add chopped deviled ham to the dough for a pleasant surprise.

Bruce Brown spent Monday and Tuesday in Canada where he visited with his sister, Mrs. Thomas Hudson of Fergus, Ontario; whom he had not seen for 43 years. He was also the guest of two other sisters, Mrs. Herman Hall at Morpeth and Mrs. Arthur Woolner at St. Thomas.

JUST AN ORDEAL

A guy who goes for the cup that cheers somewhat too much was finally cornered by his wife in a bar where he was dreamily contemplating a slug of rye. Being in a genial mood, he offered her a sip, but when she took it she gagged and spluttered, finally coming out with: "How can you ever drink that horrible stuff?" "See?" said the husband, "and all the while you thought I was having a good time!"

Ring the Alarm

Interiors of old churches had always held a certain fascination for Jones. Whenever, in his travels, he saw one he would make a point of inspecting it thoroughly. He came upon a curiously shaped bell in a small country church and asked the sexton what it was used for. "That bell is reserved for calamities," said the sexton, "such as fires, floods, or a visit from the bishop."

Plan Training Course for All Scout Leaders

The Tuscola County Leadership Training Committee are planning a training course for all Scout leaders.

On March 24, in Caro, a course in planning for meetings will be conducted beginning at 7:30. The leaders are Harold Oatley of Cass City, Charles Auten of Cass City, Shurley Wilsie of Caro, George Schwaderer of Caro, William Busche of Caro, Laurence Stein of Reese and Herbert Wehy of Unionville.

According to George Martin of Caro, the Council Leadership Training chairman, this marks a milestone in training personnel of the county. At the present there are 18 troops in the county and 73% of the scoutmasters have not had any basic training. When the assistants and the troop committeemen are considered the percentage of those not having any basic training in scouting is even greater.

It is the hope of this committee on training to get some men in each unit in this basic training experience. The goal has been set to obtain at least three men from each of the 13 troops and more if possible. Any other persons in the county are welcome to take the experience if they so desire.

RETAIL TRAINING PROGRAM TO BE INSTITUTED HERE

Concluded from page 1. customer, building sales volume through service, knowing your job, effective sales presentation, control of merchandise, up-to-date buying practices, store maintenance, personnel training and supervision, planned sales promotion, over-the-counter selling, better service to the customer, credit management, credit records, record keeping, laws, taxes, insurance, window interior display, controlling expenses and advertising.

Howard B. Sommer, who conducts the program, joined the Central Michigan College division of field services in August, 1948. His chief duties have been to conduct courses in retailing and working with merchants in central and northern Michigan.

Prior to joining the Central staff he was coordinator of distributive education in Port Huron. He has had considerable experience in the field of retailing, having been associated with independent and chain stores. He also attended the New York School of Retailing. He received his B. S. and M. S. degrees from Michigan State College.

Already the program has been sponsored in 32 centers and persons from about 60 communities have participated. It is one of the most extensive of its kind in the state. In Cass City Willis Campbell, superintendent of schools, is helping to organize the program. Other organizers are Caro: Leonard Mills, superintendent of schools, and William Jauks, president of the chamber of commerce; Marlette: Walter Nickel, principal of schools; and Mac Dennis, president of the Retail Merchants' Association; and in Mt. Pleasant, Harry Wakefield, secretary of the Chamber of Commerce.

Use Brush Wisely

Brushes should not be dipped too deeply into the paint—just far enough so that, after tapping or "wiping" lightly against the inner side of the container they will carry the paint to the job without dripping. Dipping too deeply not only wastes paint, but soon impairs a brush by causing a collection of hardened paint to accumulate at the part of the brush nearest the ferrule.

EVANGELICAL U. B. CHURCH DEDICATES COMMUNION ALTAR

Concluded from page 1.

Mrs. Ray Silvernail; assistant superintendent, Miss Betty Hower; secretary, Mrs. Geo. Dillman; assistant secretary, Stanley Kim, Jr.; treasurer, Donald Buehry.

In Bible Story
Through necessity or by choice, men have eaten insects from the earliest times. The Bible tells of the locust and wild-honey diet of John the Baptist, and how Moses handed down to the Children of Israel the Lord's favorable ruling on locusts, beetles, and grasshoppers.

"Common Colds"
The common cold is one of the great unsolved mysteries of life. Each year it takes an economic toll of two billion dollars in the U. S. alone. It causes untold misery to millions of sufferers. Yet, what causes colds and what cures them have been medical mysteries for over 2,000 years.

NOTES
from the
TUSCOLA COUNTY EXTENSION OFFICE

Tuscola Soil Conservation Board of Directors met last week and made plans for a summer educational program. A report on the district's line-out evergreen bed at Indianfields Park showed that evergreen plantings for this spring are available through the district's office in the basement of the courthouse, Directors Reid Kirk of Fairgrove, R. L. Hill of Caro, and Bruce Ruggles of Kingston attended the two-day workshop for directors of soil conservation districts. This was held last Monday and Tuesday at Higgins Lake Conservation Camp.

The Tuscola County 4-H Mothers' Club served 92 dinners at the annual Holstein banquet held at the 4-H Wilber Memorial Building last week. Directors re-elected for 1950 were Foster Hickey of Fairgrove, George F. Foster of Fostoria and Alton Reavey of Akron. New directors are Tom Williams of Cass City and Devere Rohlf of Fairgrove. Officers re-elected are: President, Foster Hickey; vice president, Alton Reavey; and secretary-treasurer, George F. Foster.

The board of directors of the Tuscola County Red Danish Cattle Breeders' Association will gather at the home of Ed Golding of Cass City on March 23. Plans will be made for a summer tour and visiting Red Dane herds.

Agricultural leaders from farm organizations of Tuscola County are invited to attend the four meetings on agricultural policy to be held in the courthouse on Monday evening, March 20. The topic for discussion is "Are There Too Many Farmers." Material available has been prepared by the agricultural economics department of Michigan State College.

Surplus potatoes can be used for livestock feed, states County Agent Armbruster. Can be fed raw or as ensilage. When fed to milking cows, it should be given after milking to avoid tainting of milk. The feed value is about equivalent to corn silage or 1/4 the value of cereal grain. Limit the amount of potatoes to about 4 pounds per 100 pounds of weight per cow.

Agent Armbruster received information and entry blanks for the annual Wolverine Lamb Production project held in conjunction with Michigan State College. Detailed information on the project can be had by contacting Agent Armbruster. Last year 33 flocks in the state competed in this annual contest.

The new supplement for the spraying calendar for control of insects and diseases in orchards is now available. Loren S. Armbruster, county Agricultural Agent announced today. Copies of the supplement may be obtained from the agent's office in the Caro courthouse.

New Ideas Can Save Time for Busy Homemakers

Minutes saved add up to hours saved and those hours saved quickly add up to more leisure time for homemakers. And even those jobs that you think you have simplified down to the least possible effort and time may be cut even more.

Esther Everett, home management instructor at Michigan State College, makes a few suggestions that over a period of time will add up to more free time for you.

For example, you may have used the electrolytic method of cleaning silver and thought it time-saving, but have you heard the latest about that? Putting soft water in a shiny aluminum pan with one teaspoon of salt and one of soda for each quart brightens countless pieces of non-soldered silver with one minute of boiling. It's a quick and easy method but one must scour the pan to make it bright again. If you substitute a porcelain enamel pan with a piece of aluminum foil that can touch each piece of the silver, you'll have bright silver and no pen to scour.

Even coring lettuce can be simplified. A stout rap of the core on a hard surface will break it free so that it can be lifted from the head. Loosening the leaves with tepid water makes the job a simple one.

Paint Discourages Germs
Because it has been learned that disease germs do not increase in number on smoothly finished walls which provide no lodgment for them, the protective power of paint in guarding health is becoming increasingly evident. Confirming the importance of this factor is the silent testimony of painted walls in hospitals.

Thirty-five Years Ago.
March 19, 1915.
Mr. and Mrs. John Sadoris were awakened between the hours of two and three o'clock Wednesday morning by the crackling of fire in their home on Seeger St. South and had little time to rush from the house with their three small children before the structure was a mass of flames. The greater part of their belongings were totally destroyed.

Fire destroyed the barn on the farm of John Shagena three miles east of Cass City Tuesday morning. After 33 years of continuous service at the barber trade in Cass City, David Tyo has decided to shift some of the responsibility to younger shoulders and this week has taken his son, Clement, as a business partner.

Mrs. Frank Hall entertained 12 ladies at her home Wednesday afternoon and a society was organized to be known as the Thimble Club. Workmen installed the new equipment for the post office the first of the week and the new cases reflect a modern and dignified air in Uncle Sam's headquarters.

Twenty-five Years Ago.
March 20, 1925.
At the largest caucus ever held in Elkland Township, 525 voters placed the following Republican ticket in the field: Supervisor, John A. Benkelman; clerk, Harry L. Hunt; treasurer, James Tennant; highway commissioner, D. E. Turner; overseer of highways, Henry Hulbert; justice, Isaac Cragg; member of board of review, John Marshall; constables, Lyle A. Koepfgen, John McGrath, Jr., J. D. Tuckey and C. D. Striffler.

Eighty farmers and sleigh owners of this community have extended their sleighs to the width of 56 inches since Feb. 10. Six dollars were paid toward this expense to each of the 80 owners of a sleigh who brought it to the required width. The fund of

\$430.00 necessary for this work was contributed mainly by local business houses and professional men.
Nine citizens cast ballots at Gageton and elected the following village officers: President, Leslie C. Purdy; clerk, Mose P. Freeman; assessor, Arthur Burdon; treasurer, John O'Rourke; trustees, George Munro, Thomas Freeman and Lloyd McGinn.
Miss Lucile Corkins expects to leave Saturday for Highland Park where she will be employed in the bookkeeping department of the Highland Park State Bank.

RAINFALL LOSS BY RUNOFF HIGH
Rainfall does little good in helping soil produce crops if it is not saved.
George A. Crabb, Jr., MSC soil conservationist, says seven years of trials under good farming practices show average losses of rainfall by runoff are: 2 percent from woods, 21 percent from corn and 17 percent from close growing crops.
Those farmers not using good practices will suffer greater loss.

MICHIGAN MILK PRODUCERS ASSN.

Always Looking To The Future

Sound planning which aims to provide increased benefits for all whom it serves—members and the public alike—is the life blood of a viable farm cooperative.

By strict adherence to a policy of always serving the greatest number to the best purpose, the Michigan Milk Producers Association has thrived and grown steadily throughout its entire 33 years.

Since the close of World War II, members of the M.M.P.A. supplying the Detroit market have ploughed back over \$685,000 in expansion and improvement of their plant and transportation facilities.

At this time, about a half million dollars are being invested in the modernization of the association-owned receiving station and manufacturing plant at Imlay City. This will provide added "stand-by facilities" to insure members against loss of revenue during seasons of highest milk production.

To constantly provide the great Detroit market with high quality milk from day to day and plan for the future to maintain an ample supply at all times, under all conditions, are primary objectives of this farmer owned and controlled cooperative.

Farms Produce More Fertilizers Than the Factories

Michigan farmers produce more than four times the amount of fertilizer they buy each year.

About 80,000,000 tons of manure are produced on Michigan farms annually. It contains about as much in fertilizer elements as are included in 30,000,000 hundred pound bags of 10-5-10 fertilizer. Michigan used nearly 8,000,000 bags of fertilizer last year.

A. G. Weidemann, soil science researcher at Michigan State College, says through careless handling, farmers are losing much of the value of this farm produced fertilizer.

A ton of manure contains about the same nutrients as a 100 pound bag of 10-5-10 fertilizer—that is ten pounds of nitrogen, five pounds of phosphate and ten pounds of potash.

Besides that, Weidemann reports, manure also contains minor elements such as boron, manganese and copper and is rich in organic matter.

Each cow produces about 11 tons of manure a year and at present value, the fertilizer elements of this manure are worth more than \$30 a year if returned to the soil.

Ever Wonder Why Cows Leave Home?

Ever wonder why "cows leave home?"

From 20 to 30 percent of the cows in Michigan dairy herds this year will not be there next year. Larry Johnson, Michigan State College dairy extension specialist, says Dairy Herd Improvement Association records for 1949 show 22.5 percent of the 44,501 cows in associations were dropped from herds during the year.

Low production caused nearly half of all dropped to go to the butcher. Less than one percent died of old age. Udder trouble, usually mastitis, caused 10 percent of those missing to be dropped from the Michigan herds.

These records show the average cow is good for only four to five years in the herd.

New Year's Day is a legal holiday in all states except Kansas and Massachusetts.

Warns Farmers Against Change To All Late Corn

Just because the last two corn years have been almost perfect for late maturity there's no reason for farmers to shift all their acreage to late maturing varieties in 1950. E. C. Rossman, farm crops authority at Michigan State College, warns that 1950 could be a more normal corn growing season in which early frosts could damage late hybrids.

Through trials conducted in all parts of the state by Michigan State College, information is obtained on the hybrids which mature and yield best in different areas. Information on these tests is available to farmers in Extension Folder F 87. It is available from county agricultural agents or from the Bulletin Office, Michigan State College, East Lansing.

Many farmers, according to Rossman, believe they must plant a late hybrid to get high corn yields. While it is generally true that late hybrids yield more than early hybrids, there are some

early maturing kinds that produce as well, Rossman points out.

He suggests that farmers growing more than 20 acres of corn plant two or three hybrids of different maturity. Unfavorable weather conditions may do less total corn crop damage when there is a spread in maturity.

Trying a few acres of one or more newer hybrids that show some superior characteristics over older hybrids is another suggestion Rossman makes. There's a good supply of all hybrids for 1950 planting and farmers are advised to find the hybrid adapted to their farms and then find the seed dealer that sells seed of that hybrid.

Wool Garments

Hang each wool garment on a well-shaped hanger after each wearing. Never pack wool garments together tightly in a closet. Free circulation of air helps rid the garment of wrinkles because the elastic wool fibers spring back into shape after the day's strain.

Don't let big oil bills get you down!

We GUARANTEE fuel savings with Timken Wall-Flame Oil Burners.

If you're floored by sky-high fuel bills, let us put you on your feet with a scientific test of your present oil burner.

We test . . . you judge!

If your oil burner shows inefficient operation, we'll tell you exactly how much fuel is being wasted.

Then we'll give you a written guarantee of how much you can save by installing a Timken Wall-Flame Oil Burner in your present furnace or boiler.

Unless you save as guaranteed, we'll re-install your old burner and refund your money. That's fair enough, isn't it? We dare to offer this efficiency test because thousands of present Timken owners are getting direct fuel savings up to 25% or more.

For complete information, call us today! You owe it to yourself to act now.

ARMY AIR FORCE ENLISTMENTS ARE ON QUOTA BASIS IN MARCH

Enlistments for both the Army and the Air Force during the month of March will be on a quota basis, it was announced here today by M/Sgt. Anthony C. Walny, local Army and Air Force Recruiting official.

"Enlistments to fill the quota of 21 allocated to the Saginaw, Huron and Tuscola area are being chosen from those applicants most highly qualified under the current requirements for enlistment on a first-come, first-served basis," Sgt. Walny said.

Let's Talk It Over

Station WBCM Bay City Ed. Vallender, Farm Editor

Letter Department.

A long, overdue letter from a friend arrived several mornings ago. The writer, a war-time buddy, explained that the delay was caused by sickness in the family.

My friend's wife is, or was, one of these misguided souls who, for fashion's sake, seemed to think that malnutrition and a size twelve figure are indispensable in today's society.

In spite of our abundant farm production and high incomes, we, as a nation, aren't eating very high off the hog. The "orange juice, toast and coffee" breakfast is considered smart and economical.

Several years ago, we read of some interesting experiments conducted in logging camps having to do with breakfast and production.

Nutritional experts have always maintained that farmers in this country could not possibly over-produce, if everyone followed an adequate diet.

Good eating is one of the simple pleasures of life within reach of all. The guy with a million dollars in the till can't have any more fun out of eating than the fellow with the average income.

The short 28-day month of February showed that 116 cows produced 50 pounds or more of butterfat out of 1263 cows under official test by DHIA testers.

County Agricultural Agent Loren S. Armbruster reported that a 4-year old grade Holstein from the Edward Karr herd of Cass City led the list with 2634 pounds of milk and 95 pounds of butterfat.

One of Alton Reavey's, Akron, registered Holsteins, another 4-year animal, was second with 92 pounds of butterfat and 2080 pounds of milk.

Reavey also had the 4th and 5th place animals with 87 and 82 pounds of fat produced. Third place went to a 4-year old registered Holstein from the herd of the Caro State Hospital farm with 88 pounds of butterfat and 2192 pounds of milk.

The hospital farm also copped the 8th spot with 76 pounds produced by another 4-year old. Sixth place was won by another cow from Karr's herd with 80 pounds of fat.

Sam and Marvin McCreehy of Unionville won 7th place with 79 pounds from a registered Holstein. A registered Brown Swiss from the A. L. Spiekerman herd of Reese was 9th with 75 pounds of fat.

This was produced by a 3-year old cow. Tenth place went to a Holstein belonging to Elmer Simmons of Cass City with the production of 74 pounds of fat.

Fifty-four farmers had one or more cows in the 50 or over class. The top herd production award for the month went to the 18-cow registered Holstein herd of Alton Reavey of Akron.

Average production per cow was 1186 pounds of milk with 48 pounds of butterfat. A close second was the 13-cow grade Holstein herd of Elmer Simmons of Cass City with 42 pounds of fat and 1223 pounds of milk.

Third and fourth places were also herds from the Cass City area with the registered Holsteins of Clarence Merchant averaging 41.1 pounds and the registered and grade Jerseys of Alvah Hillman with an even 41 pounds.

The Holstein herd of L. S. Gumsell of Caro was next with 40 pounds average. A total of 33 of the 85 herds under test averaged 30 pounds or over.

Agent Armbruster states that testers reported the 305 day completed milking period for 55 cows. Two cows, both 6 year old registered Holsteins, produced over 600 pounds of fat.

The first place animal with 640 pounds belongs in the herd of Albert Kern of Reese and second to Henry Opperman & Sons of Millington with 608 pounds.

Kern took third place with a 3-year old that produced 592 pounds. Others in order that produced over 500 pounds were Werner List of Vassar, 565; Howard Foster of Fairgrove, 548; Henry Opperman & Sons, 530; Ben Loeffler of Reese with 515; Harold Stewart of Vassar, 514; R. V. Marsh of Mayville, 513; and Caro State Hospital with 504.

All of these were Holsteins with the exception of a registered Guernsey owned by Stewart. Twenty-seven of the total produced between 400 and 500 pounds of butterfat.

This and That

Congratulations to the Elkland Township treasurer and the Cass City postmaster on their records for efficiency! C. J. Striffler, the treasurer, collected all but \$388.24 of a tax roll of \$69,730.44. This sets a record of 99.44 per cent collection, the best so far of the first 13 treasurers reporting to County Treasurer Arthur Willits. Mrs. Bigelow, local postmaster, received a rating of 96.5 per cent of her office at an inspection of a post-office department representative—a mark which is unusually high.

The Rev. John J. Bozek was the first to enroll as a member in the Cass City Chamber of Commerce for 1950. Secretary Fritz Neitzel has some attractive looking receipt cards which he is happy to hand to those desiring to renew their memberships and to new members of the society. Judging from the fine accomplishments of the C. C. C. in its first year of operation, payments should be made promptly and without solicitation.

It was a fine tribute "Bill" Orwig, end coach in football and assistant basketball coach at the University of Michigan, gave Coach Arthur Paddy at the Community Club dinner meeting Tuesday. Mr. Orwig was high school coach when "Art Paddy" was a member of his football and basketball teams. Orwig praised Paddy's courageous spirit in overcoming the obstacles he did when he earned his way through high school and let nothing stand in his way in his uphill fight in completing his university course. It was a very timely tribute and an inspiration to Coach Paddy's group of athletes who were guests of the Community Club.

The Chronicle this week carries a legal notice to the qualified electors of Elkland School District No. 5 calling attention to a special meeting to be held Saturday, April 8, from 2:00 to 7:00 p. m., when the proposition of borrowing the sum of \$125,000 and issuing bonds for that amount for the purpose of constructing a new grade school will be submitted. An open public meeting will be held Tuesday, March 21, at 8:00 p. m. to discuss the proposed elementary school. The notice appears on page 10.

THE PAPER man may read the proofs of a newspaper four times and pass repeatedly over the same error without noticing it. All newspaper men will tell you so. But just as the press is stopped and the paper is printed in its complete shape, there stands that error out in front of you so big that you cannot see anything else. And that is the reason it is so easy to edit a paper after it is printed.

Thumb Prints

UBLY—After being employed in the plant of Active Industries at Elkton for only four days, Robert Duncan Pearce, 29, of Ubyly, lost parts of his arms when his hands were caught in a press. In the Scheurer Hospital at Pigeon it was necessary to amputate one arm above the elbow and the other between the wrist and elbow. Pearce is the father of two children.

VASSAR—Residents of this city who many years have had to contend with floods heaved sighs of relief when weather bureau officials of the Cass River at Vassar recently expressed the opinion that that area would escape serious floods this spring. Reason for optimism were the small amount of ice in the river and that fields are fairly well drained.

SEBEWAING—The Sebewaing Township Board met Friday and let the Sebewaing airport contract to George Sims, Big Rapids, on his low bid of \$11,229.30. It also passed a resolution that a federal-aid grant be accepted on the project. The township is paying \$5,000 as its share of the project and the state of Michigan is putting in \$4,180. The federal government will match the total, dollar-for-dollar, making the total money available for the improvements \$18,260.

PIGEON—H. O. Paul was elected to his third term as director of the Michigan Retail Hardware Dealers' Association, at the annual meeting held last week in Grand Rapids. He will represent District 4, which covers Huron, Tuscola, Sanilac, Lapeer, Macomb and Oakland Counties.

ELKTON—Howard Eckel, who has been superintendent of the Elkton Community Schools for the past three years, announced this week that he will resign at the end of the school year. Mr. Eckel has accepted a position at the Columbia University as executive research director for the monthly educational magazine which it publishes. He will work directly under Dr. Walter Cocking, nationally-known educator. Much of Mr. Eckel's new work, which starts July 1, will be in the nature of research and sur-

veys that can be applied as credits towards the doctor's degree he has been ambitious to obtain.

SANDUSKY—Dr. Earl C. Kelley will be the main speaker at the Sanilac County Institute, Friday, March 17, at 9:30 a. m. at the Sandusky High School gymnasium. Dr. Kelley, who heads the Department of Education at Wayne University, will speak on, "Educating Citizens for Democracy." Dr. Kelley heads the State Curriculum Committee on Citizenship Education.

C. Gurdon Funeral to Be Held Saturday

Charles Gurdon passed away in the Stevens' Nursing Home early Wednesday morning, March 15. He had been in ill health for the past two years.

Rosary will be held in Little's Funeral Home this (Friday) evening at 7:15 o'clock and a prayer service Saturday at 9:30 a. m. Requiem High Mass will be sung at 10:00 a. m. Saturday in the St. Pancratius Church, the Rev. John J. Bozek officiating. Burial will be in Elkland cemetery.

Mr. Gurdon was born in Hungary February 5, 1886, the son of the late Mr. and Mrs. Joseph Gurdon. He came to the United States when a young man.

He was united in marriage with Miss Elizabeth Galick in West Virginia in 1912, where they made their home following their marriage. In 1921 they moved to Kentucky, later coming to Michigan in 1931. They settled on a farm two miles north of Cass City, where he lived until his death. Mrs. Gurdon passed away in 1946.

To mourn their loss are four daughters, Mrs. Hubert Burfield and Miss Elizabeth Gurdon of Detroit, Mrs. Robert Campbell of Massillon, Ohio, and Miss Rose Gurdon, at home; three sons, Joseph Gurdon, Charles Gurdon and Julius Gurdon, all of Detroit; six grandchildren; and one sister, Mary, in Hungary.

CASS CITY CHAMBER OF COMMERCE TO INCORPORATE

Concluded from page 1. making city. The most important thing is not the resources present but the kind of folks who live in a community.

A live chamber of commerce, he said, makes a community a better place in which to live and rear children and to conduct a business or profession. Such an organization to be successful must have the cooperation of all. Men owe something to the community of which they are a part. Like an athletic group, a team in which there is close cooperation is more important than one great player is to a team.

Women of the Methodist Church served the dinner which was enjoyed by a group of 140. Table decorations were in keeping with St. Patrick's Day. Especially attractive was a centerpiece of calla lilies and red carnations at the speaker's table. Rev. John Bozek returned thanks at the beginning of the meal.

Marketing Turkeys

Even the giblets are included when you buy a half turkey—half a heart, half a gizzard, etc. Shorter time is required for cooking per pound of bird, too. This innovation in marketing turkeys is meeting high favor with small families.

Pullman Cars

Pullman cars used on some of the trains operating between Chicago and the Pacific coast make as many as from 72 to 90 round-trips a year, depending on the schedules and layovers.

Pole Vaulters

For pole vaulters who find that the falls are not bad—it's the landing that hurts—a track coach has invented a landing device. With this new invention the vaulters land in a net and counterweights let them down easy.

American Legion Auxiliary Votes Sum To Easter Gift Fund

The meeting of the American Legion Auxiliary, held Monday evening at the home of Mrs. Arthur Kelley, was well attended. Mrs. Gene Corkins was a guest. In the business session members voted a \$7.50 contribution to the Easter Gift fund for hospitalized veterans.

Mrs. Robert MacKay directed entertainment and in contests, first prizes were won by Mrs. Arthur Little and Mrs. Ella Vance and consolation prizes by Mrs. Alfred Fort and Mrs. Jos. Sommers.

A beautiful cake decorated with shamrocks centered the table when refreshments were served by the hostess, assisted by Mrs. MacKay. Ice cream with shamrock centers, cookies, coffee and mints were served.

The next meeting will be with Mrs. Jos. Sommers.

4-H Service Club Make Arrangements For Foreign Students

Concluded from page 1. farmers' clubs, church ladies' societies, men's luncheon clubs, women's clubs, P. T. A.'s and 4-H clubs.

The 4-H Service Club will entertain the foreign students when they arrive with a potluck supper and an evening of recreation at the Wilber Memorial 4-H Building, beginning at 6:30 p. m., March 22. The Service Club committee in charge of the above meeting includes Clayton Uhl, Mayville, 4-H Service Club president; Jack Desimpelare, Unionville; Jerry Davis, Vassar; and Beth Luther, Fairgrove.

Foreign students from Michigan State College have made similar trips to other communities throughout the state during the past year. They have been accom-

panied by Mrs. Louise Carpenter, consultant of the college's adult education department. Mrs. Carpenter, together with county agricultural extension agents and other Michigan State College personnel, will accompany the students teams at all principle meetings to act as discussion leaders.

The foreigners will come from every section of the globe and in each community there will be representatives from the far east, near east, Europe and South America. Some have never visited American homes before and the impressions they gather during their Tuscola County visit will be carried back to their native lands when they return.

Opportunities to go on tours of this kind are eagerly sought by most of the 300 students from foreign lands now on the M. S. C. campus. One brilliant man from Pakistan put it this way, "Too many times the foreigner loses sight of the averages; he is shown the best, and he finds out about the worst. The imaginary average is absurdly lifeless and generally invalid."

Future Farmers to Meet at M. S. C.

More than 500 Future Farmers of America from 150 Michigan high schools will meet at Michigan State College at East Lansing on March 21 and 22 for the organization's 22nd annual state convention.

Representing Cass City at the meeting will be Walter Rayl, a senior student, and Robert Bader, a junior. They will leave for East Lansing early next Tuesday morning.

A banquet is planned for Tuesday evening, Mar. 21. C. W. Otto, manager of the Lansing Chamber of Commerce, will be the main speaker. Other highlights of the conference will be the election of officers and awarding of honorary state farmer degrees.

Improve Dairy Herd Use a good bull to improve the dairy herd. Such a bull should be able to sire daughters better than the cows now in the herd. The best investment is a proved sire, the next best is a good son of a proved sire.

NOTICE OF SPECIAL MEETING OF THE QUALIFIED ELECTORS OF ELKLAND SCHOOL DISTRICT NO. 5, ELKLAND TOWNSHIP, TUSCOLA COUNTY, MICHIGAN.

To the Qualified Electors of said School District:

Please Take Notice that a special meeting of the qualified electors of said School District will be held in the Cass City Public School in said District on the 8th day of April, 1950, at 2:00 o'clock p. m., for the purpose of submitting the following propositions:

1. Shall Elkland School District No. 5, Elkland Township, Tuscola County, Michigan, borrow the sum of One Hundred Twenty-five Thousand (\$125,000.00) Dollars and issue its bonds therefor for the purpose of constructing and equipping a new grade school building in said District?

2. Shall the limitation of the total amount of taxes which may be assessed against all property in Elkland School District No. 5, Elkland Township, Tuscola County, Michigan, for all purposes except payment of obligations incurred before December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan by six tenths of one per cent (.6%) of the assessed valuation as equalized, of all property in the School District for the years 1950 to 1969, inclusive, the proceeds of the levy thereof to be used for the sole purpose of paying the principal and interest of bonds of said School District in the aggregate principle sum of One Hundred Twenty-five Thousand (\$125,000.00) Dollars to be issued if approved by the qualified electors of said School District for the purpose of constructing and equipping a new grade school building in said District?

Each person voting on the proposition of borrowing and issuing the bonds of said School District must be, (1) a citizen of the United States, over 21 years of age, (2) a resident of the State for 6 months and of the School District 20 days prior to the date of the election, and (3) the owner of property assessed for taxes within the School District or the lawful husband or wife of such owner.

Each person voting on the proposition to increase the tax rate limitation must be, (1) a citizen of the United States, over 21 years of age, and (2) a resident of the State for 6 months and of the School District 20 days prior to the date of the election.

The polls will open at 2:00 o'clock p. m. and close at 7:00 o'clock p. m., Eastern Standard Time.

There will be an open public meeting March 21, 8 p. m. at the School Auditorium to discuss the proposed elementary school. It is hoped that this meeting will be well attended so that all phases of proposed new school can be freely discussed.
