

1500 Band Students Presented Colorful Scene at Festival

Clad in attractive and becoming uniforms, 1,500 music students presented a colorful scene on Cass City's streets during the two-day band festival here Friday and Saturday of last week. It was a well behaved group of high school folks, too, and several business people told Don Borg, director of the festival, that they were pleased to have such an orderly group visit Cass City.

On Friday three Class A high schools sent their representatives to participate in the festival. In this group the Flint Central orchestra, the only orchestra at the festival, was given a I rating by the judges. Flint Central and Flint Northern bands each were awarded a II rating. In Class B, the Lapeer band received a I mark and Cass City, Caro, Fenton, Mt. Morris and Clio each received a II rating. Seven Class B schools—Croswell, Flint Beecher, Yale, Flint Kearsley, Grand Blanc, Davison and Sandusky—each were rated at III on Friday.

On Saturday, the Pigeon and Evert bands received I ratings. Seven other Class C schools were each awarded a II mark. These included Mayville, Vassar, North Branch, Elkton, Marlette, Flint Robert Mandville and Swartz Creek. Seven other bands in Class C—Capac, Imlay City, Hemlock, Chesaning, Goodrich, Linden and Sebawaing—were given a III rating. Of the two Class D schools, Almont was awarded a I mark and Byron a II.

The directors of the following bands served as judges on Friday: Leonard Falcone, Michigan State College; Leonard Meretta, Western Michigan College; Norman Deitz, Central Michigan College; and Forrest Rinehart, East Lansing High School.

The judges on Saturday included the following band directors: Norman Deitz, C. M. E. C.; Raymond Gerkowski, Flint Community Music director; Homer LeGassie, director of instrumental music of Detroit Public Schools; Jack Lee, assistant conductor of University of Michigan Band.

To Don Borg, high school music instructor at Cass City, fell the task of directing the festival and arranging the program, and he proved himself an able organizer and received many compliments on his successful handling of the project. The following students of Miss Mitchell's shorthand class served as secretaries to the adjudicators and according to Mr. Borg, they did a marvelous job: Mary Jane Lessman, Janet Habicht, Marguerite Palowski, Marian Keller, Joan Kanaw, Beverly Evans, Martha Martinek, Doris Franklin and Elaine Root.

Holy Week Services Of Presbyterians

Palm Sunday will be observed in the Presbyterian Church with a reception of members at 10:30 a. m., special music: "The Palms," tenor solo by Arthur Holmberg, and an anthem by the choir, "Calvary" by Rodney. Rev. M. R. Vender will preach on the subject, "Essentials for Christ's Triumphal Entry." The sacrificial offering will be taken for the "One Great Hour of Sharing" for overseas relief.

The congregation will participate in the "Preaching Mission" of Holy Week, sponsored by the Cass City Council of Churches. Dr. Harold Bremer of Detroit will be the guest speaker. The two services, with special music to be held in the Presbyterian Church on Wednesday and Thursday nights at eight o'clock, will include observance of the Sacrament of the Lord's Supper.

Easter Sunday will climax Holy Week with the triumphant note of the Risen Lord expressed in the music by the senior and junior choirs and the pastoral message. The Sacrament of Baptism will be administered to infants and children.

NEW BOOKS AT CASS CITY PUBLIC LIBRARY

A few new books were made available to readers at the Cass City public library this week according to the librarian and are as follows:

A Rage to Live—John O'Hara. From Claudia to David—Rose Franken. Happily Ever After—Hartzell Spence. Jubilee Trail—Gwen Bristow. The Secret of the Wooden Lady—Carolyn Keene.

Newspaper Folks Met at Deckerville

Members of the Sanilac County Press Association held a meeting at Deckerville Saturday night and had as guests a few publishers from Huron, Tuscola, Macomb and St. Clair Counties. Following a dinner in the Presbyterian Church, newspaper men and their wives listened to "shop talk" and then inspected the new building erected to house the Buhl Newspapers—the Deckerville Recorder and the Carsonville Tribune. The new quarters are well lighted and attractive and the inside arrangements make for convenience in the publishing of the two newspapers and in commercial printing. Lloyd Buhl and the Deckerville business community are to be congratulated on this fine set-up.

Baseball Begins At the Cass City High School

During the past week, the local high school gym has been, perhaps, the busiest spot in town.

Besides sixty-six boys who reported for the baseball call-out, there have been other school activities going on in full swing in the gym. The junior play has been practicing for its show this week. The band rehearsed for the band festival, track boys have been trying to get a work out, and there have been two school assemblies in the gym. Luckily no one was hurt.

The baseball squad is hoping that the weather turns out well so that practice can be conducted outdoors as it should be. There is definitely much work to be done before the Red Hawks are ready for the season's opener with Kingston.

Surely, Lee Hartel, who did some powerful hitting last year, will be holding down his old spot at first base. Jack Bird and Chet Dorland seem to be the most likely prospects for the catching department, and Milt Hnatuk should hold down the left field spot.

Coach Classman is on the lookout for some good pitchers. Some promising pitching candidates are Wallace Brown, Gerald Whitaker, Jim Schadt, and Bill Martus and Graydon Agar, two promising freshmen.

Other candidates for other positions are: Tom Schwaderer, Eugene Klot, Jim Bishop, Tom Townsend, John Ellis, Jim Fox, Bob Alexander and Fred Ross.

Last year the Red Hawks tied with Caro and Elkton for the League Championship.

Overseas Students Spend Four Days In Tuscola County

Tuscola County was "invaded" by representatives from 20 different nations last week when the 24 Michigan State College "overseas students" arrived as guests of the 4-H Service Club. The foreign students spent most of their spring vacation Wednesday through Sunday visiting families and appearing on programs at meetings throughout Tuscola County.

They attended 65 meetings throughout the county which had a total attendance of over 5,900 people. These included nine high school assemblies, nine rural schools, three women's club meetings, seven 4-H club and farm organization meetings, two PTA meetings, and two groups of joint young people's church organizations. The students visited over 100 homes in Tuscola County in which they were present for meals or overnight lodging.

Most of the meetings in which the students participated were discontinued on page 10.

Cass City Grange Entertained Foreign M. S. C. Students

Despite the poor roads, there were no vacant places at the tables in the Cass City Grange dining room in the Bird schoolhouse when the potluck dinner was served by Mr. and Mrs. John Marshall and Mr. and Mrs. E. W. Golding Friday evening.

County agent Loren A. Armbruster acted as moderator for a get-acquainted forum and introduced the visiting students from Michigan State College to the Grange. An opportunity was given to all to ask questions pertaining to agriculture, schools, homes and government of the native countries of the guests who also asked many questions regarding agriculture and farm organizations especially.

Mrs. Nirmala Bhanisali of India, who is studying adult education, said that the so-called free schools provided by her government are for indigent children only and anyone who can do so must pay for his own education.

Miss Ella Onnen of the Netherlands is interested in poultry husbandry and stated that eggs are not sold by the dozen in her country but by the "one, two, three," and averaged about 18 cents per dozen.

James E. Seed Son of Pioneers, Died on Wednesday

James Elmer Seed passed away at the Cass City Hospital early Wednesday morning at the age of 82 years. He had been in poor health for several years.

Rev. Melvin R. Vender will conduct the funeral service at the Douglas Funeral Home this (Friday) afternoon at two o'clock. Entombment will be in Elkland cemetery.

James E. Seed was born in a log house on Seed's Hill, just north of the Cass City High School, on June 5, 1867. He was the son of Hugh and Esther Orr Seed, who were among the earliest settlers in this community. Hugh Seed selected and entered a piece of land in Section 27, Elkland Township, on May 11, 1855. A portion of the village of Cass City is now on land formerly owned by Mr. Seed.

Like his father, James Elmer Seed followed the pursuit of farming on the Seed homestead. On May 12, 1903, Mr. Seed and Isabel Schwaderer were united in marriage. Following Mr. Seed's retirement from farming, he and Mrs. Seed moved to a residence on North Seeger St., near their farm. Mr. Seed was a member of the Presbyterian Church.

60 Voices in Sacred Cantata by Community Chorus

The Cass City Community Chorus consisting of approximately 60 voices will give their rendition of "The Seven Last Words of Christ" by Theodore Dubois on Good Friday evening at 8:15 o'clock in the Cass City High School auditorium. This sacred cantata is under the direction of Don Borg, high school music director.

This year the community chorus is the largest it has ever been. Many fine singers from the surrounding area have been coming in regularly to rehearsals. The large number of singers made it impossible to hold the performance in any of the churches. The soloists are as follows: Nancy Delong and Mrs. Maurice Jos, soprano; Matt Lappenin and Harley Kelly, baritone; E. A. Hanna, Alex Lindsay, Art Holmberg, Maurice Jos, Wm. O'Dell, Don Borg and Jerry Hicks, tenor.

An offering will be taken to defray the expense of the music.

At the close of the business session, Mrs. Ella Vance read an account of an imaginary trip to Ecuador, the Pan-American country being studied by the auxiliary this year. Table decorations were in keeping with Easter when the hostess served refreshments at the close of the meeting. The next regular meeting will be held with Mrs. Ella Vance.

Cass City H. S. Accepted by North Central Ass'n

Another step in its climb of progress was made by the Cass City High School when that institution was notified a few days ago that it had been placed on the approved list of high schools by the North Central Association of Colleges and Secondary Schools.

The association, functioning in 20 states, has for its object "the development and maintenance of high standards of excellence, continued improvement of an educational program and effective instruction on secondary levels."

Because of the Cass City school being on the association's accredited list, graduates of the local school are admitted to any college in the United States.

Cass City High School was also honored recently in being accepted as a member of the Michigan Secondary School-College Agreement. These schools, which now include about 100 of the more than 700 high schools in Michigan, are given the privilege of having their graduates accepted by virtually all colleges and training schools in the state without regard to the specific sequences or subjects they have taken in high school, as long as they are recommended by the

Rev. R. J. Matteson read the services before about 200 guests. Miss Ellen Mitchell, sister of the bride, was maid of honor. She was attired in a peach-colored gown, and carried a bouquet of pink and white carnations, with a matching headpiece.

Chester Dorland and Newell Dorland, brothers of the groom, were the attendants. Chester acting as best man. Seating the guests were Hugh Mitchell, brother of the bride, and Duane Dorland, brother of the groom.

Mrs. R. J. Matteson sang "Oh Promise Me" and "I'll Walk Beside You." She was accompanied by Miss Eunice Herber.

For her daughter's wedding, Mrs. Mitchell wore a navy blue suit with black accessories. Mrs. Dorland, mother of the groom, also wore navy blue with navy accessories. Both wore corsages of gardenias.

After a wedding trip to Pennsylvania the couple will live on the groom's farm west of Shabbona.

The wedding of Miss Vivian M. Chapman and Gerald C. Freshney was solemnized Saturday afternoon at 2:30 o'clock in the Mizpah United Missionary Church parsonage which was decorated with ferns, pink roses and white gladioli. Rev. Robert J. Small Seeds Need Shallow Planting

In any seeding with spring sown grains, one of the biggest mistakes is to cover the small seed too deep, cautions C. M. Harrison, farm crops authority at Michigan State College.

Small seeds have only a minimum of stored food to last them from the time germination starts until new green leaves have pushed above ground for further food manufacture. Thus, Harrison says, any method which will insure shallow planting, will result in quicker establishment of the legume plant.

Be sure the small seed drops behind instead of in front of the disks. Put a small piece of garden hose or conduit wire on the small seed spout to help shoot the small seed behind the drill.

Don't be too afraid the putting on enough phosphate and potash in the fertilizer Harrison reminds. Legumes are heavy users of these two plant foods and a good supply drilled into the ground before or at seeding time will help to get the plants started right. Waiting until the field is established before fertilizing is usually a mistake.

You must first have something to topdress and unless it is added at seeding time, you may not have any legume plants started at all.

Where new seedlings are made on light soil with a grain crop, plant to pasture or cut the grain early to protect the seeding against a moisture shortage.

If you are seeding bromegrass, mix the brome with the oats in the main drill box, take off the large hoses and let the brome fall behind the drill. If seeded shallow, three to five pounds of brome will probably prove adequate.

Get hardy or northern-grown alfalfa if possible and central-grown seed as second choice.

"No increase in taxes!" "No increase in government spending for public services!"

Such will be the answer of the Michigan state legislature to Governor G. Mennen Williams in the current special session at Lansing, if the recommendations of the Senate and House finance committees are upheld by Republican legislators.

Governor Williams has proposed a record-breaking budget for state spending for \$340 millions for the next fiscal year starting July 1, 1950.

This would be an increase of \$110 millions, most of which would be covered by new taxes.

The source of new tax revenues has been limited by Governor Williams to a state corporations profits tax. The state constitution permits the governor to limit subject matter to be considered during a special session. In the past special sessions have been called to deal with emergency situations. Since the close of World War II the special session has become one for arriving at an annual budget in view of the post war inflation with rising prices and a steady decline in purchasing power.

In deciding that the Republican policy in the special session would be to balance the state budget without calling for new taxes, legislative leaders have given a firm "no!" to the proposals of the Governor for more spending and new taxes.

Unless legislators give in to pressure group demands from their own areas, legislative leaders believe that they can hold the lines firmly to accomplish the desired results of a balanced budget.

Members of the two finance committees are agreed that compulsory appropriations, such as the \$87 millions required for public schools by the sales tax diversion amendment, could not be reduced by the legislature. This fact indicates that a budget cutting squeeze will be forthcoming whereby many state agencies, and perhaps some non-mandatory state aid to local governments, will have less funds to spend during the coming year than heretofore.

Whether this economy in certain fields of government spending will meet with approval of the taxpayers is another matter. Governor Williams no doubt will take advantage of the situation, pressing for further benefits in public services, local as well as state, and deploring the "reactionary" and "do-nothing" attitude of the Republican party in 1950.

There is a strong feeling among Republican legislators, as repeatedly reported in the press, to treat the spending program of the Governor as largely political issues for his campaign of re-election. The large list of proposals, of which there are 15, appear to be very ambitious to many legislators in view of the tradition that a special session should be limited to financial appropriations and matters held to be of an emergency nature.

William Palmer, chairman of the State Civil Service Commission, has proposed that the legislature apply a flat 10 percent cut in state payrolls as one way to effect a balanced budget. Records show that the payrolls of state agencies during the past year were approximately double of those in 1943-44. Senator Elmer R. Porter, chairman of the Senate Finance Committee, points out that if the legislature could reduce state employment to the level of 1945-46, a savings of \$24 millions could be effected. In 1943-44 the state had 16,088 employees for a total payroll of \$33,181,567. For the past fiscal year (1948-49) 23,791 employees received a payroll totaling \$66,283,311.

Yet the budget cannot be balanced alone by cutting salaries of state employees, a relatively small item in the light of all appropriations. Public services must be trimmed, and this means that the taxpayer will not pay more for present services, but due to diversion of state revenue to public schools and local governments, he will receive fewer state services than heretofore.

Such is the prospect if recommendations of the legislative finance committees are accepted by the House and Senate in the final showdown of roll calls. Already the pressure is coming from pressure groups to make an "exception" to local interests.

• So your wife would like to see the bright lights? Why not bring her in to see our "floor show". The bright star twinkling in our spotlight this month is a redhead—the Farmall C tractor!

She's dressed in the latest touch-controlled implements—and they're quick-change, too! She has a full line of "costumes" for every farm job. She's quick and sure on her rubber-shod feet... twirls on a dime... and she's mighty easy to handle, too—for a redhead!

The Farmall C is a star performer on diversified farms of up to 120 acres. She's a good planting and cultivating partner on larger farms, too, or for the large-scale vegetable, beet or bean grower. She handles 2 rows of corn or cotton, 4 rows of beets or beans, or 6 rows of vegetables. Operates a 7-foot mower, too, and other equipment sized to fit the tractor.

Come in and see the redhead! See the Farmall C with Touch-Control.

Let's Talk It OverStation WBCM Bay City
Ed. Vallender, Farm Editor**Exchange Students.**

Twenty-five of the 300 foreign students from Michigan State College completed a four day visit in Tuscola County last Sunday. They represented every section of the world, and for many, it was the first real glimpse of rural America. They ate and slept in farm homes and attended discussion meetings, arranged by the Tuscola County 4-H Service Club.

We had the opportunity to talk with some of these young folks during the welcoming party held at the Wilber Memorial Building in Caro. Each had a fascinating story to tell.

A young man from India is taking his doctor's degree in chemistry to become an expert in colors and dyes. He will return home to work in the textile mills. We talked with a girl from Finland, who has just completed a course in home economics. Her father is a member of the Finnish parliament. During the war she managed a large farm just fifteen miles from the Russian border. Soviet prisoners of war worked that land, as did the German PW's in this country. She will now return home to do extension work comparable to that of our home demonstration agents. A student from Thailand said that his young government sent him to America expressly for the study of our farmer co-operatives.

Brazil was represented by a student specializing in agricultural engineering. Alberto Daker of Brazil told this reporter that a new destroying blight had swept the coffee plantations and had, only recently, been brought under control. He said that American helicopters and chemicals finally halted the disease. He is one of many Brazilian students in this country who will take home knowledge and "know-how" to prevent similar catastrophes.

A young man from Latvia is attending Michigan State College to study rural electricity. Because his country no longer exists, he has been classified as a displaced person and will be allowed to remain in America when his courses are completed. His country was overrun by the Germans early in the war and he subsequently spent a good deal of his time in labor camps. When he was finally "liberated" he preferred to take his chances with the western democracies to that of a life behind the iron curtain.

Leaders of Tomorrow.

These thousands of exchange students attending our colleges are the potential leaders of tomorrow. The 25 who have visited Tuscola County farms and communities will return home with a deeper understanding and appreciation of the real America. Michi-

gan State College happens to be the only institution, thus far, to sponsor and encourage field trips of this nature.

In our frantic and costly efforts to make friends and influence the rest of the world, it seems as though we are overlooking a good bet right here at home. If all the foreign students now attending our universities could have the same experience as these 25 did in visiting Tuscola County folks, an incalculable amount of progress could be made. Friendship, resulting from true understanding, will be the harvest.

If your electric range has open units be especially careful to keep salt, soda, soap and sugar off the wires. There's danger of burning out the wires say Michigan State College home economists.

To get variations in broiling temperature in an electric range leave the oven door partly open. This trick also keeps the heating unit on and prevents possible smoking. Or you can place the broiler pan at different distances from the heating element to vary the temperature.

GREENLEAF

The Greenleaf Extension Club met on Friday, Mar. 24, with Mrs. Wm. Lewis. The lesson was a completion of the study on "Color in the Home." Our likes and dislikes as well as the rules which we had discovered in the theory lesson were discussed. Muddy roads prevented many members from attending. Tea and a variety of cookies were enjoyed at the close of the lesson.

Sunday dinner guests at the home of Mr. and Mrs. James Mudge were Mr. and Mrs. L. J. Felmlee and two children of Big Beaver, Mr. and Mrs. Anson Karr and Mr. and Mrs. Rodney Karr and sons. Sunday evening the same group had supper with Mr. and Mrs. Anson Karr.

evening dinner guests of Mr. and Mrs. Peter Rienstra.

A number from the Society plan to attend the district meeting at Marlette Tuesday.

Guests who attended the meeting were Mrs. Arnold McCallum, Mrs. Harold Jarvis, Mrs. Wilbur Ellis, Edna Ellis, Mrs. Jesse Putman, Mrs. Wm. Putman, Mrs. Alva MacAlpine and Mrs. Herb Dulmage.

ORDINANCE NO. 42.

An ordinance relative to the establishment of a dog pound, the appointment of a poundmaster, and the control of dogs within the limits of the Village of Cass City.

The Village of Cass City ordains:

Section 1. There shall be a public pound in the Village of Cass City, to be located in such place as may be designated by the Village Council. Such public pound shall be known as a dog pound, and shall be under the supervision of the Village Poundmaster. The Village Poundmaster shall be appointed by the Village Council with the approval of the Village Council.

Section 2. No person shall harbor or keep any dog which by loud or frequent or habitual barking, yelping or howling shall cause serious annoyance to the neighborhood or to people passing to and from upon the streets or highways.

Section 3. No dog shall be permitted to roam at large in the public streets or highways, in a public park, public building or any other public place, or any place to which the public is generally admitted, unless accompanied by its owner or other responsible person; that every owner of a dog shall be liable for damages for that dog shall be liable to persons or property that may be caused by such dog on any public street, highway or other public place, to be determined and collected in appropriate legal proceedings; therefore, in such proceedings any failure or refusal by such owner to comply with the requirements of this ordinance shall constitute prima facie evidence of negligence.

Section 4. No person shall own or harbor a fierce or vicious dog or a dog that has a habit of biting people; any such dog, upon demand, shall be surrendered to the Village Marshal or the Village Poundmaster, and if it shall appear to the Village Marshal and the Poundmaster that such dog is in truth a fierce vicious dog, such dog shall be destroyed.

Section 5. It shall be the duty of the Poundmaster and the Village Marshal, jointly and severally, to pick up any and all stray dogs running at large in the streets or public places as hereinbefore set forth, unaccompanied by their owners or other responsible persons, and turn said dogs over to the Village Dog Pound; and if the owners of such dogs are known, then it shall be the duty of the Poundmaster to promptly notify said owners that such dogs are in his custody; any such stray dog unclaimed by its owner within seventy-two hours after it has been picked up and any dog running at large in the streets or public places of the Village of Cass City, or any dog which may in any manner seriously disturb the peace and quiet of any neighborhood, the peace and quiet of any neighborhood, or any dog which may bite a person, may be declared to be a nuisance subject to abatement by the Village Marshal and the Poundmaster in accordance with the terms and provisions of this ordinance and in accordance with any rules or resolutions of the Village Council.

Section 6. No dog shall be released from the pound unless the owner or person entitled to demand the same pay to the Poundmaster the sum of One (\$1.00) dollar for each day or fraction thereof for the care, custody and feeding of such dog on the part of said Poundmaster. For all dogs not claimed within seventy-two hours after being impounded the Poundmaster shall be paid for their care and custody as the Village Council may from time to time determine. The Poundmaster shall file a monthly report with the Village Clerk showing the number and sex of all dogs impounded during the month, the disposition of the same and the monies collected by him. The Poundmaster shall have the authority and powers of a police officer when in the exercise of his duties as poundmaster.

Section 7. All dogs not claimed or released within seventy-two hours after being impounded shall be destroyed, or, if any such dog be worthy and valuable, the same shall be sold by the Poundmaster at the pound by a public outcry to the highest bidder within the next succeeding ninety-six hours at a time to be set by the Poundmaster who shall post a notice of the same in three conspicuous places in the Village. The proceeds of such sale shall be first applied to the costs of feeding and caring for such dog, and the balance, if any, shall be turned over to the Village Treasurer who shall hold the same for a period of ninety days from the date of the sale; if within said period the rightful owner of such dog shall make and establish his claim before the Village Council, then said balance to be turned over to such rightful owner, otherwise such monies to be used to defray the costs of maintaining the dog pound.

Section 8. Any person or persons violating any of the provisions of this ordinance, shall, upon conviction thereof, be subject to a fine not exceeding one hundred (\$100.00) dollars or thirty days imprisonment, or both fine and imprisonment, at the discretion of the Court.

Tests, over a four-year period, show that henhouse fertilizer greatly increases the yield of tomatoes, lima beans, and other truck crops.

This and That

IF YOU were to guess what was the most popular food among that served by student concessionaires at the school building during the band festival, would you say "hog dogs." If you did you would probably be right. It took a total of 70 pounds of wieners to satisfy the desires of the youthful musicians.

MANY SIDE roads were "out of sight" the past week. Quite a number of farmers were without mail and milk truck service for several days because of muddy, impassable highways. Residents along the hard surfaced state and county roads certainly appreciated their advantage when they looked down the rutty crossroads on their way to town.

SUPT. WILLIS Campbell and his efficient corps of instructors are to be congratulated on adding the name of the Cass City High to the list of schools recognized by the North Central Association of Colleges and Secondary Schools. Requirements of the North Central Association insist that a high standard be maintained by the schools.
