noon, May 14, at 2:45. He is professor of speech at Bethel College and also editor of "The Gospel Banner," a religious weekly publication. Rev. Pannabecker is an outstanding speaker and vitally interested in youth work.

Also featured in the youth rally will be Professor Joseph Kimbel, instructor in art at Bethel College. He will present the gospel in chalk artistry.

Special music will be furnished. Concluded on page 6.

Junior Class Entertained in Oriental Setting

Seniors Feted at Banquet and Prom on Friday Evening, May 5

The junior class of the Cass City High School honored the class of 1950 with a banquet and dance Friday evening. The school faculty and board of education were also guests.

The gymnasium was decorated in an Oriental pattern. A false ceiling of Nile green flameproof crepe was installed with a wind chime centerpiece trimmed by Chinese character writing. Parasols and Japanese lanterns were also a part of the overhead trimmings. The sidewalls displayed torii posts and lanterns, large Oriental fans, chrysanthemums, a dragon and the program theme, "The Day of Ascending on High," in large letters. The dance band platform was also decorated with fans. Special lighting and the use of metallic glitter enhanced these wall decorations. The tables were decorated by gay program covers, flowered nut cups, low bowls of cut flowers, fans, ming trees and serpentine.

The junior's evening of entertainment started with a 6:30 banquet. The diners, numbering 200, sang "The Star Spangled Banner" and Melva McConnell gave the invocation. After a delicious dinner prepared by a group of junior mothers had been served by 25

Night Track Meet At Cass City Next Wednesday, May 17

A dual track meet in which Caro and Cass City each enter two squads of athletes is scheduled for Wednesday, May 17, beginning at 8:00 p. m. This is the first night track meet to be held in Cass City.

First string track men from each high school will compete and a second group—Cass City Frosh vs. Caro Frosh—will also participate in the program.

Silver Wedding To Be Observed

The children of Mr. and Mrs. Carl Hubel will hold open house from 2 to 6 p. m. Sunday, May 21, at the home of Mr. and Mrs. Clayton Hubel, 4 miles east, 2 miles north and 1/2 mile east of Cass City, in honor of their parents' 25th wedding anniversary.

Notice.
A Dairy Farmers' meeting will be held in the Deford town hall on next Monday evening, May 15, at 8 o'clock.—Adv. 1t.

Red Hawks Win Two More Ball Games in Week

Bob Alexander's Big Bat Was Mighty Factor in Favor of Cass City

The Cass City High School baseball team continued on its winning ways with fine victories over Caro and Harbor Beach.

The Caro game, played here, was really a beauty. The Hawks won it 2 to 1. Putnam, Caro pitcher, had things all his own way except for the last inning; then with Caro leading 1 to 0 in the 7th, Chet Dorland rapped out a solid hit to left, Kloc also hit to left. Jim Fox was intentionally passed filling the bases. Then Martin filed to the third baseman. With one out and the bases loaded, Bob Alexander became the hero of the day with a sharp line drive into left field, scoring both Dorland and Kloc. That was the game.

Jim Schad pitched beautiful ball for Cass City as did Putnam for Caro. The game was really a pitchers' duel—a toughie for both.

Delegates Report to W. S. C. Members

Mrs. A. Woelfle was hostess on Tuesday, May 9, to the Cass City Woman's Study Club when reports were given by the delegates to the state and county federation meetings.

Mrs. Floyd Reid gave a very interesting and detailed report on the 55th State Federation meeting which was held at the Book-Cadillac Hotel in Detroit April 25 to 28 with "Building for Peace and Freedom" as the theme. According to Mrs. Reid three hundred fifty-seven delegates, including about fifty from this East Central District, were present and seventy clubs were awarded gold certificates for having been in existence for 50 years. Mrs. Reid gave many details from the various speeches as well as word pictures of the luncheons, teas and dinners which rounded out the extensive program.

Mrs. Fred Maier in like manner reported on the County Federation which was held in the Methodist Church in Caro on April 20. Mrs. Maier said that when the clubs reported on their special projects the delegates learned that the Unionville Study Club had been responsible for that lovely well-kept little park at Unionville.

At the business meeting members expressed their preference for a miscellaneous program for the coming club year. Plans were made for the strictly potluck luncheon and "white elephant" sale which will be held on May 23 at the home of Mrs. L. L. Wood. Each member is requested to bring a "white elephant" wrapped and priced, whatever food she may choose for the luncheon and her own table service.

Mrs. Young Awarded Gold Certificate by Echo Chapter, O. E. S.

About 65 attended the regular meeting of Echo Chapter, No. 337, O. E. S., Wednesday evening. The annual observance of past matrons and past patrons' night was carried out. Fourteen past matrons and three past patrons were honored and presented with miniature gavel by the present worthy matron, Mrs. Alex Greenleaf.

A class of eight members were examined for proficiency certificates by the worthy patron, John West.

Mrs. D. A. Krug, in a very capable manner, presented Mrs. Nellie Young with a gold certificate which represented 50 years as a member of the Order. Mrs. L. L. Wood accepted the gold certificate for her sister, Mrs. Dora Fritz, of Maumee, O., who was the chapter's first worthy matron. Life membership certificates were awarded to Mrs. Margaret Levagood, Mrs. L. A. Fritz and Mrs. Edw. Pinney for 85 years continuous membership. Flash pictures were taken of the presentations.

Guests were present from Ubyl chapter, Gifford chapter, Gagetown and Kedron chapter of Caro.

Tables in the dining room were appropriately decorated when ice cream, cake and coffee were served at the close of the meeting by Mrs. Clifford Martin, Mrs. Fred Ryan, Mrs. Willard Agar, Mrs. Roy Childs, Mrs. Maynard McCorky and Mrs. R. M. Taylor.

Chile Bishop to Speak in Methodist Church on Monday

Bishop E. C. Balloch of Chile, South America, will speak at the Methodist Church on Monday evening, May 15, at 8:00 o'clock.

Preceding the address there will be a Family Night potluck dinner, beginning at 7:00 o'clock. Each person is asked to bring something to pass at the table.

If you find that you will be unable to attend the dinner, you are welcome to come for the lecture, which will be held in the church sanctuary at eight o'clock. The public is cordially invited to attend, whether you are a member of this church or not.

Bishop Balloch has a real story to tell of the Christian work in Chile, the far-reaching work that is building a better living condition among the natives of that country.

Cass City E. U. B. Church Will Have New Minister

Eleven Pastors in Flint District Are Sent to New Church Appointments

Eleven changes of pastors in the Bay City district were made when appointments were read at the closing session Sunday of the annual state conference of the Evangelical United Brethren Church at Ogden, Mich.

Rev. Stanley P. Kirm, who has served as minister of the local church for the past nine years, will be the new minister at Mt. Pleasant. His successor is Rev. S. R. Wurtz, who has been serving the denomination at Gladwin. Rev. L. E. Willoughby has been transferred from Mt. Pleasant to Chesaning; Rev. H. L. Voelker from Pontiac Baldwin Ave. Church to Flint First; Rev. E. F. Rhodes from Scottville to Gladwin; Rev. O. Hood from Chesaning to Kilmannagh; Rev. W. H. Willard from Flint First to Sebewaing; Rev. H. E. Ryan from Sebewaing to Pontiac Baldwin; Rev. E. F. Bailey from Kilmannagh to Scottville; and Rev. W. T. Bandeen to St. Louis. Rev. A. Fall, who has just entered the conference, has been assigned to Leelanau.

Rev. and Mrs. Kirm have made. Concluded on page 12.

Silo Roofs Go Sailing in Wind-Storm on Saturday

The severe windstorm of Saturday took the roof from the silo on the W. A. Parrott farm southwest of Cass City and hurled it against the farm residence inflicting much damage to the Parrott home. Mr. Parrott says the silo roof weighs half a ton.

Another silo was unroofed on the Striffler farm where the Clark Helwig family live, a mile north of Elkland cemetery. Part of the tin sheathing on the barn roof was torn loose. Fred Buehrly's barn in northeast Elkland was also partially unroofed.

About a third of the roofing on the Gamble store had to be replaced because of the ravages of the windstorm. On the D. A. Krug store, the roof was so badly damaged that it will have to be replaced. Five hundred dollars is the estimated harm done to the plant of the Cass Frozen Food Lockers by the windstorm.

Other buildings in the community suffered damages in various ways.

Open House to Honor Kirm Family

The members of the Evangelical United Brethren Church and the Cass City Council of Churches will hold open house in honor of Rev. and Mrs. S. P. Kirm and family in the church social room Sunday evening, May 14, from 6:00 to 8:00 o'clock. Everyone is cordially invited to attend.

261 at Dinner at Ladies' Night of Community Club

Detroit Attorney Spoke on "Woman Looks at the Michigan Legislature"

Two hundred sixty-one attended the Ladies' Night of the Cass City Community Club Tuesday evening and enjoyed the delectable ham dinner served by the Women's Society of Christian Service of the Grant Methodist Church and listened to the entertaining and instructive program which followed.

A group of vocal numbers opened the program in which Mr. and Mrs. Don Borg sang a duet, accompanied by Miss Joan Holmberg at the piano; a solo by Miss Nancy Delong accompanied by Mrs. Borg; and duets by the Misses Verna and Kathleen Bogart, accompanied by Mrs. Ethel McCoy.

Mrs. Martha W. Griffiths, a Detroit attorney and a representative in the state legislature, was introduced by Mrs. Andrew B. Champion as the speaker of the evening. Mrs. Griffiths, in her talk on "A Woman Looks at the Michigan Legislature," spoke entertainingly on some amusing incidents of the legislature's sessions and then gave her audience glimpses of the more serious aspects of a state legislator's duties. She emphasized the importance of courage and integrity on the part of the state's lawmakers and the need of an increased participation of citizens in helping to solve the

Local Students Win High Awards in Forensic Contests

The 1949-50 forensic season ended on a high note for Cass City Tuesday night with two of the local students participating in the regional forensic contest held at Otter Lake High School. Both Wallace taking first place in oratorical declamations, winning the coveted Michigan High School Forensics Association regional honors banner for the school, and Ilene Ludlow placing third in the hotly contested dramatic declamation division. Melva McConnell, who was to have represented this district in the extempore division, was unable to attend because of illness. Each of these students earned their right to participate in the regional contest by taking first place in their respective divisions in the district contest held at Sandusky last month.

Debating, the first semester forensic activity, was reintroduced to Cass City this year with equally successful results. The debate team, composed of Bob Mann, Helen Phetteplace, Melva McConnell, Shirley Kritzman, and Bob Kitchen, won five out of eight league debates, the school being awarded the University of Michigan award plaque for "Excellence in High School Debating."

Forensics Coach Otto Ross expressed himself highly pleased with the students' efforts and attainments in this year's activities.

Dates Set for Girl Scout Day Camp

The semi-annual meeting of all adult members of Girl Scouts was held Wednesday evening, May 3, in Akron.

Dates for day camp were announced as follows: Intermediates, June 26, 27, 28 and 29, with an overnight between the last two days for girls 13 and over, or who have earned their Curved Bar. Brownies will have their three-day camp July 5, 6, and 7.

Camp will be held in Caro this year at the Boy Scout campsite, and on May 17, Mr. Peacock, field executive for Tuscola County Boy Scouts, will offer an all day session on camp skills, in Caro, to Girl Scout leaders and adults interested in this field.

Following the business meeting which was conducted by Mrs. Alex Lieberacki, president, an Akron troop of intermediates took over the program, presenting musical selections and a skit on "The Pot of Gold at the Rainbow's End."

Delicious refreshments were served at the close of the meeting.

Thousands of Poppies Are Ready for Poppy Days—May 25, '26, 27

Thousands of bright red poppies have arrived here in preparation for the annual observance of Poppy Day. Each poppy distributed by the American Legion and Auxiliary has been assembled by hand by some disabled war veteran. Veterans of both wars make poppies at the veterans' hospitals, deriving physical and mental benefit from the occupation, as well as earning money much needed by themselves and families. They often plead for the opportunity to make more poppies but, of course, how many they can make depends upon how many people wear on Poppy Day.

It is hoped that every one of these poppies will be worn gladly and proudly by someone in Cass City on Poppy Days this year, May 25, 26 and 27. Wearing one means that the wearer remembers and honors the great sacrifice made for America by those who died in the wars, and also has contributed to the welfare of the wars' living victims, the disabled veterans and needy children of veterans.

Libby Portrayed Picture of Hope in Troubled World

Peace Advocate Told of Work of National Council for Prevention of War

Last Sunday two audiences were inspired by the respective messages of the Reverend Frederick J. Libby of Washington, D. C. His subject at the 10:30 a. m. service at the Presbyterian Church was "Heaven," based upon the text: "Repent ye for (the Kingdom of) Heaven is at hand," Mark 1:15. A. E. Hanna sang, "The Lord's Prayer," as a baritone solo. One hundred twenty-six were present.

Sunday evening slightly under a hundred attended the meeting sponsored by the Council of Churches at which time Mr. Libby discussed the problems of and efforts toward peace. The speaker pointed out the strong bids for peace that were put forth respectively on February 2 and 6 by Senators McMahon and Tidings following President Truman's announcement of decision to proceed with the H-Bombs. "These resolutions," said the speaker, "were by leaders of the President's party, senators in key committees of military affairs, thoroughly conversant with the dangers of the cold war—and of the potential doom to civilization inherent in a shooting war, with the use of H-Bombs. Hence their appeals were for 'disarmament down to rifles' (for the maintenance of law and order in the nations of the United Nations); of course such disarmament would be predicated upon international inspection now and consistently in the future."

Mr. Libby told of some of the work that the National Council for the Prevention of War had undertaken to help undergird and give impetus to peace efforts both at home and abroad. The speaker, while not minimizing the dangers of war if the race in armaments continues, or should some inflammation occur, pointed out that the danger of war is not inevitable.

Dates Are Set for X-rays at Seven Points in Tuscola

Hundreds of bits of tuberculin treated adhesive spotted on the backs of Tuscola County school students this week signaled the beginning of the county-wide TB survey.

Doctors, nurses and teachers gave students the patch tests on May 8. Two days later, students were advised to remove the patches. At present, and continuing through the first of next week, pupils will be lined up for inspection of the area of skin covered by the testing tape.

If the student has TB germs in his body, the skin once covered by the patch will be red and raised. There are two small squares of tuberculin on the patch. The area of skin which was under either or both of these squares of tuberculin may show the reaction "symptoms."

Emphasizing fact brought out by local doctors and pressed and by the Michigan Tuberculosis Association, Joseph E. Lidjcoat, Tuscola County school superintendent and

Cass City to Send Three to National Scout Jamboree

James Ware, Wm. Martus and Ray Fleenor to Be Among 47,000 Campers

Cass City is sending three representatives to the Second National Jamboree of the Boy Scouts of America, at Valley Forge, Pennsylvania, June 30 to July 6. James Ware and Wm. Martus are to be among the 47,000 campers, and Ray W. Fleenor, chairman of the local troop committee, is to serve on the staff.

James Ware, son of Mr. and Mrs. Leo Ware, was chosen to represent Troop 194 by a carefully designed point system including ratings for attendance, outdoor experience, advancement, leadership, and conduct, as judged both by the boys and by the men working in Scouting. The final ratings gave Robert Mann 70 points, James Ware 69, and the next highest 54. Robert Mann, a high school graduate next month, with more than five years of Scout service, felt that he must decline the honor because his family is moving to Illinois. James Ware, with an almost equal rating, was then clearly the troop's choice. He is now a Star Scout, 15 years old, and was elected Senior Patrol Leader, the highest boy officer in Scouting, in March. He is a member of the Order of the Arrow, the honor camper society.

William E. Martus, Jr., son of Mr. and Mrs. W. E. Martus, was selected to represent Explorer Post 194, the new Scout organization for older boys. The choice, made by the Post Council with James Baker, Senior Crew Leader, presiding, was also by a one-point margin the runner-up being Marshall Sowden, son of Mr. and Mrs. Francis Sowden. Wm. Martus is expected to be the first member of the Post to reach Apprentice rank under the new Explorer requirements. He is a Crew Leader of the Explorers, and is also serving as Scribe of the Scout Troop and Den Chief of the Cub Pack. He is five weeks older than James Ware. For the past year he has been president of the ninth grade and a member of the National Honor Society at school.

Ray W. Fleenor, local refrigeration engineer, one of the most experienced Scouters in the Thumb, has been appointed on the staff of the Jamboree section which will include about 1100 Scouts from Michigan councils. Mr. Fleenor was himself a Scout in the troops, sponsored by the Methodist and Baptist Churches in 1925-30. Since the Rotary Club started Troop 194 in 1940 he has been active in its leadership, for the past five years.

Two Cass Cityans To Be Graduated at The Ferris Institute

Miss Janice McMahon of Cass City, student in the College of Pharmacy at Ferris Institute, Big Rapids, will be among the graduates at the annual commencement ceremonies May 16. The spring term ends May 19. The Cass City young woman has been there four years and will receive a B. S. degree in Pharmacy. She has made a splendid record during her studies at Ferris.

Edward J. Ross also of Cass City, who finished his course in the College of Commerce, majoring in accounting, is expected to return May 16 to receive his B. S. degree in Commerce.

Drive-In Theatre at Caro Opens May 13

Ashmun theatres of Caro announced full details today for a gala grand opening of the new Caro Drive-In Theatre on Saturday, May 13. The outdoor theatre is located one mile northeast of Caro on M-81. Jay Tomsen will manage the new theatre under the stars.

The new drive-in theatre is one of the finest in Michigan of comparable size and was planned by experts to give patrons the utmost pleasure while viewing movies from their cars.

LIBBY PORTRAYED PICTURE OF HOPE IN TROUBLED WORLD

Concluded from page 1. matory incident explode and precipitate war, nevertheless portrayed a picture of hope when military men, such as General Eisenhower, men of science and statesmen, such as Senators Tidings and McMahon, are moving in their thinking and advocating of procedures "such as disarmament" which pacifists and others (such as the Detroit News) have been advocating.

A baritone solo by Matt Lapinen, with Mrs. Ethel McCoy as accompanist, was greatly appreciated.

Following the meeting, the audience was invited to the church parlors where the young people of the Westminster Fellowship served coffee and fried cakes. The committee in charge—Roger Little and Richard Wallace—were given moral (or other) support by their mothers when it came to dish washing time, and by Leslie Townsend as coffee chef.

Rev. Mr. Libby left Cass City on Monday to attend a national conference in Detroit where about 500 delegates from unofficial Protestant peace and pacifist fellowships will discuss the development of a program of peace action and strategy consistent with the Christian faith. The leaders of the conference announced, or stated in the Detroit News, May 6, "no communists or fellow-travelers are in any way associated with the conference sponsorship or program."

CASS CITY TO SEND THREE TO NATIONAL JAMBOREE OF SCOUTS

Concluded from page one. serving as chairman of the controlling committee. Because of his camping experience with Cass City boys he has several times been invited to serve as instructor in camping at training courses for Scout leaders. He holds the Scouter's Training Award, given for preparation, leadership, and service.

James Ware and Wm. Martus will be among the 33 boys representing the Valley Trails Council, from Clare, Isabella, Gratiot, Saginaw, and Tuscola Counties. They will travel from Saginaw to Detroit by bus, and by train to Pennsylvania. In charge of the troop will be three active Saginaw Scoutmasters, John M. Witheridge, George E. Jones, and Joseph G. Lier. At the Jamboree they will sleep in two-boy forester tents, and do their own cooking in patrol groups.

The Second National Jamboree will be a temporary tent city on the fields of Valley Forge State Park, with a population larger than that of Bay City, Michigan, all chosen representatives of their home communities. The first Jamboree, in Washington, D. C., thirteen years ago, was attended by 27,000 scouts, and featured a visit by President Roosevelt, and assemblies in the shadow of the Washington Monument. This year the Jamboree is a part of the "Crusade for Liberty," a national service program recognizing the 40th anniversary of Scouting in America. The climax of the observance will be the Fourth of July celebration against the background of the same hills where General George Washington knelt in the snow to pray, among his hungry and bleeding men, in the bitter winter of 1777.

JUNIOR CLASS ENTERTAINED IN ORIENTAL SETTING Concluded from page 1. sophomore and freshman girls, a banquet program was presented. Community singing, led by Don Borg, prepared the junior guests for the program. Tom Townsend was the toastmaster. Jim Bishop, the junior class president, toasted the seniors and guests. Gil Schwaderer, president of the senior class, responded to the toast. Don Borg, faculty speaker, amused and advised the honored guests. A trio of junior songstresses, Kathreen Bogart, Nancy Delong, and Melva McConnell, sang and enacted the "Three Little Maids from School" from the "Mikado."

Jessie Fry and Ilene Ludlow dramatized an Oriental dance in special costume to further portray the theme of the evening. The accompaniment for the musical numbers was provided by Mrs. Don Borg, Roger Parish, and Ann Marie Lorentzen. Oriental records were also played on the school P. A. system. Music for the junior prom that followed the banquet was furnished by Dick Oxley's orchestra. A large gathering enjoyed four hours of

dancing, a feature of which was the "Grand March" led by the presidents of the class of 1950 and '51. The junior committees responsible for the extensive preparations and their chairmen were: Room decorating, Lota Little; table decorating, Carol Howarth; program,

Pat Stirton; dinner, Eunice Tuckey; prom, Sally Colbert; and invitations, Kathreen Bogart. Orion Cardew is the junior advisor.

Confused the Germans
Comanche, a tribe of buffalo-hunting Indians who spent their early days raiding Spanish ranches, often were used in pairs during World War I to transmit telephone messages. Their language, which has never been written down, caused the German code experts a great deal of confusion.

N. E. Farmhouses
Farmhouses in the Northeast are large, according to a survey of 183,000 farm families. The average was reported as 7.1 rooms.

Light Bulb System Hastens Vegetables Speed Up Development In Backyard Hotbeds

Burn 25-watt light bulbs in a backyard hotbed and you'll eat your own early June peas next May.

That advice for home gardeners comes from Robert L. Zahour, Westinghouse lamp engineer. Such miniature "greenhouses" warmed by low-power bulbs hurry vegetables to the table 10 days ahead of regular seed plantings outdoors. Flower seeds started in hotbeds are brought to bloom one month earlier, he added.

The 25-watt bulb is best for hotbeds because higher wattage bulbs are more apt to create hot spots in

the soil, stunting seed growth or scorching the tender young plants. The cost of a bulb-heated hotbed averages only three-tenths of a cent per plant for electricity during the entire six-week season in northern United States, the engineer calculated. This is 30 per cent less than the cost of soil heated by electric cable and only half the cost of manure. Manure, which requires soil preparation such as digging into frozen ground, depends upon fermentation for its heating effect in a hotbed.

Term 'Hybrid' in Swine Applicable to Offspring

The term "hybrid" has come to mean superior producing ability to the corn grower. It is natural, therefore, that the terms "hybrid hog" and "hybrid boar" should interest corn belt pork producers. It seems quite clear, most agriculturists are agreed, that "hybrid vigor" eventually will increase greatly the efficiency of livestock production. Informed breeders, however, believe that there are not yet available adequate dependable sources of boars for producing hybrid hogs.

Furthermore, the name "hybrid" in the accepted sense of the term should be reserved for the litters produced by the market-hog farmer.

Organic Matter Loss

Maybe you don't need a trip-hammer to work your land. But if you have a hard time plowing the ground, don't blame it on the weather or your implements. The trouble may be due to loss of organic matter from the soil.

G. P. Walker, Purdue University extension agronomist, says that when soils can't take plowing readily, it's a sign they are dangerously low in organic matter.

Walker's advice is more sod crops in the rotation to give the soil an easily worked texture. Sod crops well fed with nitrogen, phosphate and potash put life in the soil and build up its organic matter supply. They improve structure and till.

Farmers Given Warning Of Newcastle Disease

Bold Ellis, poultry specialist of the Wyoming agricultural extension service, discloses that many farmers may be acquiring a false sense of security over the threat of Newcastle disease to their poultry flocks.

He pointed out that the disease has spread to every state in the union, and although there is less talk about it today than there was casualties are still very heavy.

voters of Michigan would be given an opportunity to vote on the proposal next November.

The annual session of the legislature would convene the second Wednesday in January annually, and sessions in even-number years would be required to adjourn on or before the second Friday in April.

If the 1950 legislative session had been an annual session, as contrasted to the present special session, legislators would have been free to introduce and consider bills of any type. Thus a bill to increase the gasoline tax and weight tax, whereby road improvements could be financed, would probably have been adopted by the legislature and before the Governor for his signature at this moment.

The State Administrative Board has approved a plan for a \$4 million state office building near the Capitol. The building would be financed by bonds to be purchased by the State Employees Retirement Fund. Existing rentals of state departments would be replaced by rentals on the state building.

Whereas departments now pay an average rental of \$1.15 a foot in private buildings, the state building rental calls for \$2.50 a foot.

Michigan farmers are approximately 16 days behind in their spring planting schedule. The low temperatures this spring, however, indicate a favorable yield for Michigan apples, cherries and peaches.

The newest effort to reorganize Michigan government—state and local—is being made by a legislative committee headed by Senator James T. Milliken, Traverse City. A paid staff of fact-finders has been recruited by Loren B. Miller, director of the Bureau of Governmental Research at Detroit.

Although the 1949 legislative committee has only \$5,000 in its budget, \$20,000 have been contributed by the Bureau and private foundations. Previous efforts of professional reformers have misfired. Senator Milliken is hopeful that the new movement, patterned after the successful "Hoover Commission," will find the answers.

Milkhouses
Farm milkhouses are a convenience, eliminating lots of heavy work as well as keeping up the quality of milk sold.

Enriched Cornmeal
Vitamins and minerals added to cornmeal by modern millers are practically the same as those that go into flour, white bread, and, in fact, many foods found to be low in these health-promoting substances.

Classic Capitol
Oregon's neo-Greek classic capitol building at Salem is open to visitors throughout the year, with special tour parties on regular schedules during the busier summer months. The modern building replaces a domed edifice destroyed by fire in 1935.

Must Learn to See
A child learns to see just as he learns to swim, and unless he develops the proper coordination of the eyes and the muscles and nerves used in seeing he is likely to have trouble in school.

What is Lava?
Geologists call the molten rock material within the earth "magma," a Greek word which may be translated as "dough." However, when this "dough" is ejected from the earth's interior by volcanic action, it is spoken of as "lava."

Hill Farms
The legume birdfoot trefoil, appears to be the best answer to the hill farmers' problem, according to a Cornell agronomist. It will help get poor soil in production, increase pasture yields and reduce the need for buying high amounts of protein feed.

FROM THE FILES OF THE CHRONICLE

Twenty-five Years Ago, May 15, 1925.

P. S. Rice, who has conducted a grocery business in the Lamotte block for nearly 2 1/2 years, sold his stock Saturday to M. D. Hart of Chicago and John Doerr of Cass City.

Girls of the senior and junior high schools were guests of the Woman's Club at the Presbyterian Church Friday afternoon. Appearing as a Chinese soldier, Kenneth McKenzie took part in the spring production of the Western Normal Players, "A Thousand Years Ago."

A jolly bunch of Cass City High School graduates gathered at the Casino restaurant at Ypsilanti Saturday evening. The following were present: the Misses Bertha McCallough, Catherine Ferguson, Marie Tindale, Edna Brackelbury, and Nellie Urquhart, Mr. and Mrs. James Hamilton, Curtis Hunt, Verann Ferguson, Raymond McCallough, John C. Rainald, John Goodall, Adriaek Wisk, Albert Law, Dudley Philpott and Arthur Walker.

Mr. and Mrs. E. A. Gordon have rented and moved this week into the John Fenners residence on Houghton St.

Thirty-five Years Ago, May 11, 1915.

The senior class exercises will be given in the assembly room of the high school on Wednesday afternoon, June 23, and the class play that evening in the opera house. The class has 12 members as follows: Mae Henkelman, Ruth Pittner, Douglas Duncanson, Ruth Fritz, Howard Humbley, Beatrice Koepfgen, Alma Mark, Vina McPhail, Otis Stockmeyer, Miley Flynn, Phoenice Bigelow, Hazel Carson, Paul Fritz, Lettie Hamilton, James Hamilton, Helen Kolb, Helen McGregory, Doris Palmator and Alison Spence.

One of the best and most appreciated gifts to the high school is the new tennis court given by the Girls' Athletic Association. The cost has been between \$50 and \$60.

Secretary of State Vaughan is confident that there will be more than 100,000 licensed automobiles in the state of Michigan at the end of the present year.

The State Road School in Dist. No. 3, Millington, is the first school in Tuscola County to meet all the requirements of a standard school.

Moses Steinhaus has purchased the Schmidt Farm on West St. Benjamin A. Schwegler and Miss Lou Mark were married at the

Evangelical paragon on Tuesday evening.

Miss Adah Caldwell has accepted a position as instructor in Latin in the Bay City High School.

Unsubduedly

A tourist was enjoying the wonders of California as pointed out by a native.

"What beautiful grapefruit," he said, as they passed through a grove of citrus-trees.

"Oh, those lemons are a bit small owing to a comparatively bad season," explained the California farmer.

"What are those enormous lemons?" questioned the tourist a bit further on.

"Just a patch of lemons," answered the guide.

Presently they reached the Sacramento river.

"Ah," said the tourist, "some one's radiator is leaking."

Do It Every Time

A wager was laid that it was a Yankee possibility to answer a question by asking one.

"Just a minute," said the Yankee, "I want you to ask the better, to give me a straightforward answer to a plain question."

"I can do it, mister," said the Yankee.

"Then why is it that New Englanders always answer a question by asking one?"

"Do they?" was the Yankee reply.

Careful

As the doorman ran down to open the Itoualino door, he tripped and rolled down the last four steps.

"For heaven's sake, be careful," cried the club manager, "they'll think you're a member."

Field-Cured Alfalfa

The best field-cured alfalfa does not provide vitamin D to poultry as it does to larger farm animals; the most reliable sources of vitamin D for birds are sunshine and fish oils.

Store Eggs Right

For best results until they are marketed, hold eggs at 40 to 55 degrees Fahrenheit and at about 75 per cent relative humidity. Pack the eggs daily in cases allowed to absorb some moisture.

Poultry Houses

Insulating poultry houses may prevent wet litter. Without insulation, moisture may condense on the sides and ceiling of the poultry house and drop the water to the litter like rain.

Winter Work

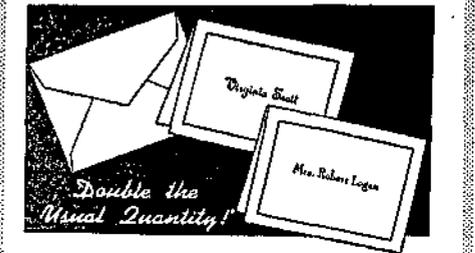

Winter is the ideal time for work in the farm woodlot.

N. Y. Apples

More apples moved out of storage in New York state during December than for any December on record. The figure was 1,541,700 bushels, leaving 4,897,000 bushels on hand early in the year.

Seasoning of Lumber

The effect of seasoning on strength varies with the size of the lumber. The effects of knots, deviations of grain, shakes and checks vary with the loading to which the piece is subjected.

NOVESTA

Mr. and Mrs. Neil Hicks and family of Flint "week-ended" at the Claud Peasley home.

The high wind on Saturday did considerable damage to roofs around here.

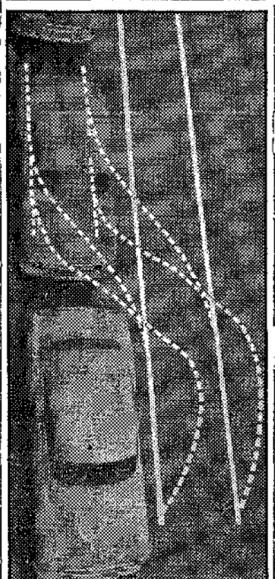

Mr. and Mrs. Harold Ferguson and baby were Saturday visitors of relatives here on Saturday.

Mr. and Mrs. A. H. Henderson went to Pontiac on Saturday to visit relatives and returned on Sunday evening.

Word comes from Bob Atkin, who is convalescing from a recent operation in Hurley Hospital in Flint, that he is coming along nicely.

Miss Joan Atkins has a contract to teach the Leslie School in Sanilac County for the coming year.

How to Park

A survey of high school driving instructors by the Chevrolet Motor Division discloses parking as the toughest maneuver for students to master. The above photo-diagram illustrates correct procedure. First, stop close and approximately even with the car ahead. Next, cut your wheels sharply right, and back up until your front right bumper just clears the rear left bumper of the car ahead. Then, cut your wheels sharply left, backing slowly until alongside of curb.

RESCUE

Hello, everyone! Am home again after seven weeks' visit with relatives in Port Huron. A little bird told me that the people missed the Rescue news so I'd like to tell you all to call me or else write to me when you have news items as I enjoy writing them. I have written news for the past 49 years.

Mrs. Arthur Moore has been quite ill the past few days and Mrs. Frank MacCallum has been confined to her bed the past few days with illness. We wish them both a speedy recovery.

Mr. and Mrs. Norris E. Mellendorf and daughter recently visited at the home of Mrs. Mellendorf's brother and wife, Mr. and Mrs. Francis E. Quinn, in Kinde.

Mrs. DeEtte J. Mellendorf accompanied Clifton Endersbe from Port Huron to her home Saturday after visiting relatives and friends in Port Huron the past seven weeks. Mr. Endersbe spent over Sunday with his family as he is employed at Mueller's in Port Huron.

Mr. and Mrs. Donald Diedrich and son, Darwin, of Pontiac visited Saturday and Sunday at the home of Mr. and Mrs. Raymond Roberts.

Mr. and Mrs. Willard Burden of Gagetown were Monday evening visitors at the home of Mr. and Mrs. Kenneth Maharg.

Mr. and Mrs. Basil Toles and Mary Ann and girl friend, Peggy Barber, all of Pontiac, spent Saturday and Sunday at the home of Mr. and Mrs. Earl Maharg.

Mr. and Mrs. Levi Helwig and daughters, Wenola and Joyce, of Cass City and Mrs. DeEtte J. Mellendorf were Sunday afternoon visitors at the home of Mr. and Mrs. Stanley B. Mellendorf.

Theodore Ashmore has returned from Polpar, Montana, after being employed there for a few weeks.

The W. S. C. S. of the Grant church served the dinner Tuesday evening for the Community Club in Cass City.

Mr. and Mrs. Kenneth Maharg and sons, Larry and Johnny, accompanied by Mr. and Mrs. Lawrence McDonald and grandson, Thomas Herron, of Gagetown were visitors Sunday at the home of Mr. and Mrs. Alex McCarty at Argyle.

Mrs. James Welborn went to Howell Sunday to see her husband who is slowly improving in health.

Mr. and Mrs. Earl Maharg and son, Robert, are moving to Mayville, having sold their farm to Mr. and Mrs. Richard Schuette of Elkton.

During the terrific windstorm Saturday the straw barn and tool shed on the John D. O'Rourke farm were blown down.

Mr. and Mrs. Roy Sullivan of Elkton are settled on the farm they purchased from Mr. and Mrs. Martin Hartsell. Mr. and Mrs. Hartsell moved to the home north of Rescue which they purchased from Mrs. Myrtle Jarvis.

Soaking Up Knowledge
In Egypt when a person wants to get knowledge from a book he dips the book in beer or ale until the words have all soaked off, and then drinks the beverage. Ever tried that one?

Pork should not be aged as the fat may become rancid and give off flavors to the meat.

Some damage resulted from the severe dust storm that swept through this part of Michigan, according to County Agricultural Agent Armbruster. Where the lighter soil was covered with a crop, less damage occurred. Farmers that had some windbreaks had less soil moved from their farm. Much land in certain areas was also strongly affected by the storm. The storm, with the serious damage to crops, was a warning to hold soil in its place to protect it from further blowing and washing with rains.

Sunday, May 14, along with the Mother's Day, is also the day set aside as thanksgiving of spring. This is Rural Life Sunday, the fifth Sunday after Easter, or the Rogation days of olden times. To people who make their livelihood from agriculture, this day should mean much. The original Rogation days were set up to ask a blessing for the new seedings of spring. All 4-H club leaders have been contacted as have been the ministers in Tuscola County. Let's all attend church this Sunday, as every Sunday!

All mothers of 4-H club members who live in Tuscola County are cordially invited to attend the 4-H Mothers Club meeting at the Wilber Memorial 4-H Building in Caro Thursday, May 19 at 8 p. m.

Long working days are ahead for the farmers. One of the many factors in doing a good job of farming, business and the professional field, is to be healthy. Avail yourselves to the county-wide tuberculosis case-finding program to be conducted in Tuscola County the week of May 22. Plan now to have a tuberculosis check-up taken that week.

Tuscola County DHIA testers Jack Rose, Jack Desimpelare and Richard Hampshire are attending the regular spring testers' conference at Lapeer today (Friday). L. A. Johnson, extension dairyman from MSC, is in charge of the meeting.

About 10 members of the Tuscola County USDA Council plan to meet with representatives of councils from Lapeer, Sanilac, Macomb, Genesee and St. Clair counties at Lapeer on May 16. Samuel Dana, head of the forestry and conservation school of the University of Michigan, will be guest speaker.

NOTES TUSCOLA COUNTY EXTENSION OFFICE

Are you planning to use chemical weed killers this year? Then plan to attend weed control day on June 7 at the Bates Wills farm, 2 miles north of Vassar.

Holstein breeders, Clayton Rohlf and Sons of Fairgrove and Alton Reavey of Akron, had their herds classified last week. Both breeders took another step in the promotion of better typed animals. Results were very favorable and satisfactory in that both herds, a total of 28 cows, averaged a mere fraction of a point below the good plus classification. Rohlf's had one cow classified excellent.

Even though alfalfa is a soil building crop, it needs fertilization to supply some of its wants, say Michigan State College agricultural specialists. So long as a stand of alfalfa remains good and you wish to continue it for hay, it should be top-dressed at least every second year.

Pasture Helps Make Money for Farmers

Pasture-produced milk is the most profitable, dairy farmers tell Michigan State College extension dairymen.

Many have no figures to back their claims—they just know that they feed less grain, little hay, and are freed from heavy barn chores during pasture season.

But one Livingston County dairy farmer does have some proof that milk costs are cheaper in the pasture months. His herd has been on test for 20 years. Figures obtained by MSC dairymen from his records show how alfalfa-brome pasture has lowered production costs since he started using it as the summer feed.

Feed costs to produce one

hundred pounds of milk in pasture months averaged just one dollar less than they did during the barn season over the past three years. This herd of 12 cows put about \$100 more a month in the family pocketbook because of cheaper feed costs with pasture.

Pasture for this herd was not figured "free" either. Each cow was charged 15 cents a day while she dined on the alfalfa-brome to cover taxes, costs of seed, fertilizer, lime, seed bed preparation and maintenance. The big saving was in grain cost, for when the pasture was at its peak, practically no grain was needed.

Dairy specialists report that Michigan dairymen can find out more about the use of pasture and forage in profitable dairy enterprises at the Grass Day programs to be held throughout Michigan during the month of June.

City League.

As the regular season finished Monday night the league finds Huff's team are the winners of schedule No. 3. They were one point down starting in the evening, but came back strong to take four points while Reid's team was dropping four.

The winners will start Monday night at 7:00 to roll for the championship. Each team is allowed two losses before being eliminated. At 7:00 Landons will roll Autens and the loser against Huff's at 9:00. Come and cheer your favorites on.

The City League banquet will be held in the high school on Thursday, May 18, at 7:30.

Time Is Here for Spring Pig Care

The old theory about castrating pigs within a certain phase of the moon is unsupported by scientific fact and is without foundation, according to Dr. B. J. Killham, Michigan State College extension veterinarian.

He made this statement in urging farmers to have their pigs vaccinated and castrated in the springtime as soon as they are the right age. Pigs should not be allowed to run in the mud or in unclean quarters until healing has taken place following castration.

Of the three methods of vaccinating pigs, the older serum and virus method has the most supporters. The two newer methods appear to protect hogs during the feeding period, but the duration of immunity may be shorter. However, the two newer methods have the advantage of not endangering other hogs or contaminating the premises.

The newer vaccines lower the disease resistance of the pigs for about three weeks. Therefore, these vaccines should not be used when cholera is present. The best time to apply the serum and virus treatment is just after weaning time. However, farmers are advised not to wait too long after weaning.

In the event the sow is immune to cholera, the pig acquires a certain amount of resistance from the milk. This advantage is lost after the pigs are weaned. Dr. Killham pointed out, too, that larger pigs will cost more to vaccinate.

Arabia is sometimes referred to as Araby.

SHABBONA

The Shabbona Extension Club will meet Wednesday, May 17, at 8 o'clock in the evening in the Evergreen Community Hall. The lesson on salads will be given with Mrs. Alex Lindsay, Jr., and Mrs. Val Isydorek as leaders.

Mr. and Mrs. Andrew Hem and family of Flint spent the week end in the home of Mr. and Mrs. Clare Auslander.

Mr. and Mrs. Clayton Phillips of Detroit spent last week visiting relatives in this vicinity.

Mr. and Mrs. Cliff Ryan of Cass City were Sunday evening callers of Mr. and Mrs. Cliff Ferguson.

Karen Pelton, daughter of Mr. and Mrs. Frank Pelton, is getting along well after a tonsillectomy in Pleasant Home Hospital.

Mr. and Mrs. Lloyd Bader and family were Sunday dinner guests of Mr. and Mrs. Robert Burns and family.

Harmon Nichols and son, Dallas, were Sunday callers in Marlette.

Mrs. N. J. Dyet and children of Pontiac and Mrs. Lloyd Brown of Cumber were Sunday dinner guests of Mr. and Mrs. Frank Pelton.

Largest Fountain

Buckingham fountain, in Grant park, operated by the Chicago park district, is the largest fountain in the world. The bottom pool is 290 feet in diameter. It has a water capacity, with all basins filled of 1,500,000 gallons and during major displays uses 14,000 to 15,700 gallons a minute. The central jet is forced skyward 135 feet above the lower basin. 45,000,000 candlepower is required for lighting.

Zinc Mines

St. Lawrence county mines produce about one-seventh of all zinc mined in the United States, the New York state department of commerce reports. The Balmat mine ranks third in volume of production among zinc mines in the country.

Color Lore

When you mix white with a paint color to lighten it, you have a tint of that color. When you mix black, you have a shade. When you add both black and white, you have a tone or "grayed" color.

Agricultural Production

A Twentieth Century Fund report says that the United States probably does not have a long-time comparative advantage over other countries in agricultural production. Thus, if foreign markets again turn to cheaper supply sources, American agriculture may have to contract, painful though it may be.

Cleaning Pewter

Stained pewter may be cleaned by rubbing the surface with warm vinegar. It should then be rinsed and dried.

Tax on Suits

One of the tax groups has figured out that when you buy an expensive suit of clothes you pay 116 different taxes.

Facts About Vision

When looking straight ahead on the level, the eye can see objects 40 degrees above and 60 or 70 degrees below the level. The right eye can see 90 degrees to the right and 50 degrees to the left, while the left eye has a field of vision 90 degrees to the left and 50 degrees to the right of center.

Flying Squirrel

The flying squirrel is a small squirrel that delights in making long glides through the air and then parachuting to safety. This squirrel is equipped with membranes between its body and legs. These membranes stretch during a glide.

Feedlot Lambs

Many serious ailments of feedlot lambs could be prevented if all shippers would give lambs proper resting periods on long trips to feedlots along with nutritious feed at each unloading point.

Cause for Mirth
"I don't want to complain, cook," said his mistress, "but that friend who comes to see you stays much too late. I couldn't get to sleep last night because of her laughter."
"I'm sorry, ma'am," replied the cook. "I was telling her about that time you tried to make a cake."

No Trouble
After rescuing a fellow townsman from his burning home, a grocer declared modestly: "Anyone would have done the same thing. He was a very good customer."

REASON ENOUGH

"You hit your husband with a chair? Pray tell me, why did you do it?"
"I did it," sighed the lady, "because I could not lift the table."

Give Away Program

The small son of a college faculty member trudged home from his first day at Sunday school and solemnly began emptying his pockets of money—quarters, dimes, nickels—while his parents stood by gasping.
Finally his mother shrieked, "Where did you get all that money?"
"At Sunday school," said the youngster. "They've got bowls of it down there!"

Penalty for Truth

"What is the difference," asked the teacher in arithmetic, "between one yard and two yards?"
"A fence!" said Tommy.
Then Tommy sat on the ruler six times.

Clerk: "Sir, my wife told me to ask you for a raise."
Boss: "All right, I'll ask my wife if I can give you one."

Naturally
"CAN YOU NAME an animal that has eyes and cannot see; legs and cannot walk, but can jump as high as the Empire State Building?" asked the life of the party.
Everybody racked his brains during a period of deep silence, and racked in vain. Finally, they gave it up and demanded the solution.
"The answer," he said, "is a wooden horse. It has eyes and cannot see, and legs and cannot walk."
"Yes," the company agreed. "But how does it jump as high as the Empire State Building?"
"The Empire State Building," the humorist explained, "can't jump."

Patient: "Great, Scott, Doc. What an awful bill for one week's treatment!"
Doc: "My good fellow, if you knew what an interesting case yours was, and how strangely I was tempted to let it go to a post-mortem, you wouldn't grumble at a bill three times as large."

The promise of "lands full of beaver" lured traders and trappers along parts of the Mississippi, St. Lawrence, and the Great Lakes ahead of explorers and missionaries. The beaver laid the foundation for the Hudson's Bay company and for John Jacob Astor's fabulous fortune.

This Time The Anti-Trust Lawyers Won A Case Against A&P

As almost everyone now knows, the anti-trust lawyers in Washington have brought a civil suit to destroy A&P.

They ask the courts to order the dissolution of this company.

They say that this suit is based on the fact that they won a suit against us at Danville, Illinois, in 1946.

They did. In that case, Federal Judge Walter C. Lindley made a decision against A&P.

Immediately thereafter, in a letter explaining his decision, Judge Lindley wrote:

**"I have not condemned the A&P system.
I have not made a finding which could
be the basis for a suit of dissolution."**

So, now we have the anti-trust lawyers saying that their suit to dissolve A&P is based on Judge Lindley's decision; while Judge Lindley himself says his decision could not be the basis for a suit of dissolution.

In previous ads we told you about the cases against A&P which the anti-trust lawyers lost. We promised to tell you about this case they won. Here is the story of the Danville case.

What Judge Lindley Objected To

At Danville, the anti-trust lawyers made all of the charges which they are again making against A&P today. They were substantially the same charges they had made and dropped at Dallas, Texas, after four federal judges had objected to some of them as "inflammatory."

In his decision, Judge Lindley was critical of some of our activities. He threw some of the charges out of court. He did not make any decision on others.

He even took occasion to praise A&P for the efficient job of food distribution it had done.

Judge Lindley said:

"To buy, sell and distribute to a substantial portion of 130,000,000 people, one and three-quarter billion dollars worth of food annually at a profit of 1½ cents on each dollar, is an achievement one may well be proud of.

"No place in the world I take it are people so well fed as in the United States. Nowhere else, I suppose, do food distributors accomplish efficient distribution at so low a margin of profit. In contrast, we are told in other nations the problem is not one of an adequate diet but one of no diet at all."

But Judge Lindley did find us in violation of the Sherman Act. He based his ruling on the dual role played by our fresh fruit and vegetable buying subsidiary, the Atlantic Commission Company, whereby that organization acted both as buying agent for A&P and as selling agent for growers.

Judge Lindley said:

"If I assume for the purpose of disposition of this case that in general the policy of A&P was to operate within the law and attribute to defendants a desire to comply with the law, there still remains the conscious, knowing adoption by all defendants of a plan of action by the Atlantic Commission Company affecting every department of A&P and every retail store which cannot be squared with the intent and purpose of the act."

In his letter explaining the decision, Judge Lindley wrote: "I have condemned their practices through the Atlantic Commission Company."

Judge Lindley imposed fines totaling \$175,000. When his decision was upheld by the Circuit Court of Appeals in Chicago, we paid the fines. This ended the case—but we did not stop there.

What We Did To Correct This

In the light of the decision, we immediately set about reviewing our activities to be sure that there could never again be any criticism of our operations.

First, the Atlantic Commission Company abandoned the dual role to which Judge Lindley objected and which he said was the basis of his decision against us.

We did this even though the Atlantic Commission Company had been licensed for many years by the United States Department of Agriculture to act as both a buyer and seller of fresh fruits and vegetables.

The Atlantic Commission Company now only buys for A&P. In other words, ~~we~~ stopped doing the thing which Judge Lindley said put us in violation of the Sherman Act.

We made additional changes in other methods of operation which Judge Lindley had questioned at Danville, even though he did not base his decision on them.

We did even more than this!

We went down to Washington and asked the anti-trust lawyers what else they thought we should do to conform to their new interpretation of the vague anti-trust laws.

The only answer we ever got was that we should break up this company!

Despite their claim that they were not opposed to A&P's size, they insisted that we destroy this size.

Despite their claim that they were not opposed to our manufacturing operations, they insisted that we get rid of our factories which produce many of the fine foods you buy at A&P.

Despite their claim that they were not opposed to our low prices, they insisted that we destroy many of the efficiencies that make these low prices possible.

In other words, they insisted upon the dissolution of A&P.

We were still trying to find out from the anti-trust lawyers what else they thought we should do to conform to the law when they filed the current suit to destroy A&P.

Why, Then, Do They Want To Put A&P Out Of Business?

Ever since this suit was filed, the anti-trust lawyers have been making damaging statements that could seriously hurt our business if they were believed by the public.

They say that we were found guilty at Danville of all the charges they are making today.

This is not true. Judge Lindley did not sustain all of the charges of the anti-trust lawyers.

They say this suit is designed to enforce the law.

But A&P has clearly demonstrated its sincere desire to abide by the spirit, as well as the letter of the law.

They say they are seeking to "enjoin" A&P from engaging in certain "alleged" practices.

Actually, the whole purpose of this suit is not to "enjoin" us, but to put us out of business.

They say that this suit for dissolution is based on the decision handed down by Judge Lindley in Danville.

But Judge Lindley has said of his decision: "I have not made a finding which could be the basis for a suit of dissolution."

What, then, is the real reason why the anti-trust lawyers want to destroy this company, which for 90 years has pioneered the methods of distribution which have given the American people more good food for their money?

Urge Control to Stop The Corn Borer

A few tips to farmers in the control of corn borer, which causes an untold amount of damage in southern Michigan every year, are offered by Ray L. James, Michigan State College entomology extension specialist.

James said all fields heavily infested last year should be clean plowed, and that fields where the corn borer thrived the preceding year should be cleaned of all surface rubbish if possible.

The depth of plowing should be from six to eight inches. Coulters, chains, and other devices may be employed to get the rubbish down under the soil as far as possible.

Last year's corn stalks sticking out of the earth may be a haven

for the corn borer from where he frequently makes an escape to thrive on a new crop. All infested fields should be plowed under sometime between May 15 and 20.

Though the clean plowing method is a big boost in stopping the corn borer, it nevertheless, is not a sure cure and as a result total control will not result. Early corn crops in Michigan are usually more affected by the corn borer than the later crops. Though some delay is warranted in planting where the borer is bad, farmers should not wait so long as to deter the crop from maturing satisfactorily in the fall, James warned.

In Case of Fire

If forced to remain in a smoke-filled building, remember that the air is usually better near the floor. If you must make a dash through smoke or flame, hold your breath.

REV. ROBERT H. HARPER Church Organization and Leadership

Acts 6: 1-6; 20: 17-18, 28; 1 Corinthians 12: 27-28 Memory Selection: II Timothy 2: 15

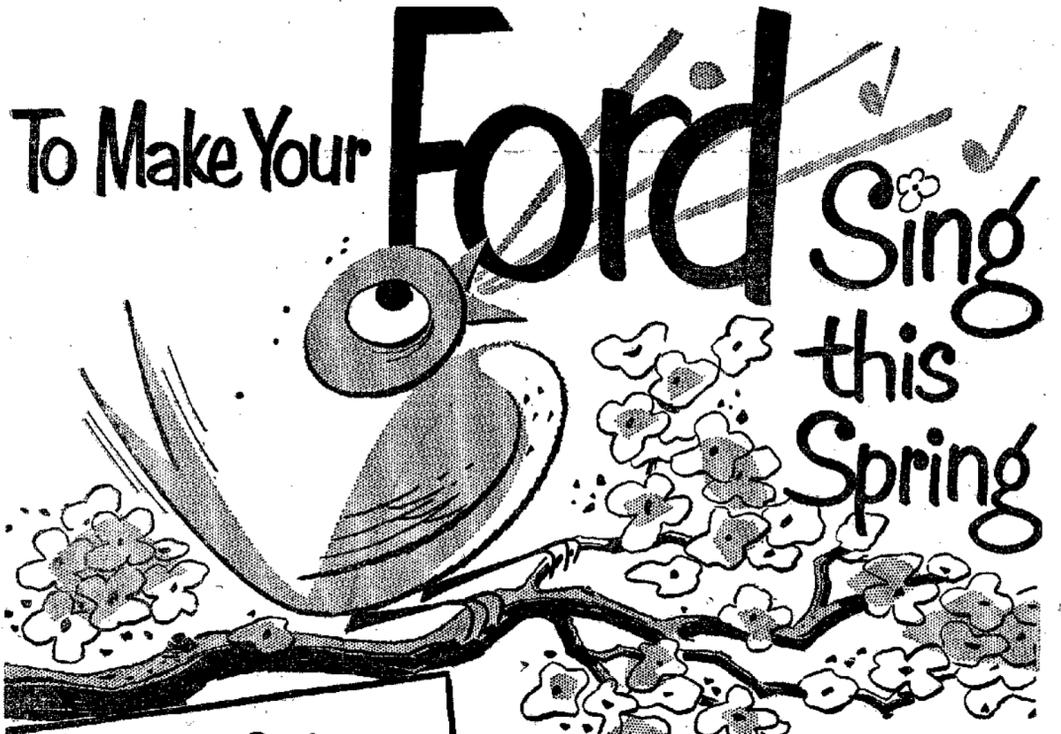

THE PRESENT LESSON shows the origin of church organization and leadership, a matter that Jesus left to the disciples.

Seven deacons were chosen (Acts 6: 1-6) to have charge of the temporal needs of the people. The high character required of them should be considered by present-day churches. Too often those who are not spiritual men are chosen because they are successful in their own business, or because of their prominence in the community.

Elders and bishops are mentioned (Acts 20: 17-19, 28), and it appears that they were the same. They were charged "to feed the church of the Lord." They were superior to deacons and their work was primarily spiritual.

Divergence of opinion as to the foregoing has brought about the several types of churches. Some hold to the presbytery, group of elders or presbyters, in the government of the church. Others are organized about bishops. Some regard the elder as the highest order in the church. Some regard a bishop as an elder elected to high office, but not to a superior order of the ministry. Still others regard the bishop a separate order.

Let us realize that, in any kind of church organization, there is ample room for the service of men of diverse gifts, who make up the "body of Christ," in the kingdom of God.

Dates Are Set for X-rays at Seven Points in Tuscola

Concluded from page 1.

X-ray chairman, today advised parents that a reaction to the tuberculin test is "no cause for alarm."

"Most children who react to the tuberculin test will have normal chest X-rays," he said. "Reactors do have TB germs in their bodies, but usually the germs have not gained a real foothold."

To make sure the TB is remaining dormant, it is wise for reactors to the tuberculin test to have a periodic chest X-ray, Liddicoat explained.

"It is especially important for all adults in the home to be X-rayed if their child reacts to the tuberculin test," he added. "The reaction shows the youngster is or was exposed to TB germs and the source of the germs may be in the home."

Financed by Tuscola County Christmas Seal dollars and tax funds, the all-out drive to rout out TB will come to a climax during

the week of May 22, when the Michigan Tuberculosis Association's portable X-ray equipment rolls into the county.

Expressing hope that X-ray totals for the area will show high participation by adults, Elaine Abbott, TB association representative, noted that older people, especially men in the age group 40-70, are principal TB targets.

"Today, TB is not primarily a disease of youth," she declared. "The peak of TB deaths in Michigan is now among men over 40 years of age. Among women, the disease strikes hardest in the 20-40 year old age group."

"Tuberculosis declines when people understand the disease and heed the plea for periodic TB check-ups. Every Tuscola County resident has the chance to help build TB protection by getting a chest X-ray."

The X-rays will be taken at seven convenient locations in Tuscola County.

Score: Caro 0 1 0 0 0 0—1 5 2 Cass City 0 0 0 0 0 2—2 4 0 Putnam and Lobdell; Schad and Bird.

The Harbor Beach game was almost as exciting as the Caro game as the hustling Hawks took the contest, played at Harbor Beach, by the score of 5 to 4.

Again it was Bob Alexander's big bat that decided the game. "Alex" had "three-for-four" for the day and he scored two of the Cass City runs.

Harbor Beach was ahead 4 to 1 going into the 6th, but hits by Hartel and Bird coupled with two Pirate errors netted the Red Hawks three runs to make the score 4 all.

Then with the score tied up and the game in the 7th, Alexander unloaded his third hit, a long double. He scored a moment later when Jack Bird beat out an infield hit.

Jim Schad again pitched steady ball to gain his third victory against no defeats.

Coming games: May 11, Elkton (here), May 15, Marlette (away), May 18, Sebawaing (here).

Wide, convenient entrances and exits and wide aisles leading to the various ramps have been constructed. The ramps themselves are scientifically designed so that every car will be parked to insure a straight-on, unobstructed view of the giant screen from any seat in the car. The theatre will accommodate 530 cars.

A complete RCA drive-in theatre sound system has been installed with handsome individual in-car speakers.

A large building located in the center of the parking area houses the projection room; large, clean, modern restrooms; and an ultra-modern snack bar where delicious food and beverages will be served at reasonable prices.

The newest and finest Brenkert projection machines with rocksteady picture performance and unexcelled screen brilliance have been installed in the large projection room.

A spacious, well-equipped, free playground has been constructed for the kiddies.

The entire area in front of the screen tower has been beautifully landscaped.

The theatre will be open nightly, rain or clear, with two complete shows each night starting at dusk and will feature a midnight show every Saturday.

Free souvenirs will be given to the first 1000 cars on opening night.

261 AT DINNER AT LADIES' NIGHT OF THE COMMUNITY CLUB

C. J. Willy Died in Veterans' Hospital

Conrad J. Willy, 58, a former resident here, died May 8 in the Veterans' Hospital in Dearborn where he had been a patient for six months. Before entering the Dearborn hospital he was a patient in St. Mary's Hospital in Saginaw. Military funeral services were held Friday afternoon in the Dinkle Funeral Home at Sebawaing. The Rev. Thompson officiated and burial was made in the family plot at Sebawaing.

Mr. Willy was born April 29, 1892, in Sebawaing. He is survived by two daughters and a son: Mrs. Steve Orto and Nelson Willy of Cass City and Mrs. LeRoy Rocheleau of Pontiac; four grandchildren and three brothers, Herman and Otto of Saginaw and Albert of Bay City.

Mrs. Bardwell Passed Away on Sunday

Funeral services for Mrs. Isabelle A. Bardwell, 68, were held Tuesday afternoon in the Douglas Funeral Home. Rev. M. R. Vender officiated and burial was made in Elkland cemetery.

Mrs. Bardwell, in poor health for some time, died early Sunday in her home. She was a member of Echo Chapter No. 337, O. E. S., and members of that organization attended in a body.

She was a daughter of the late John and Mary McCorkindale Marshall and was born in Teeswater, Ont., on July 25, 1881. She was married to Levi Bardwell who died in 1935.

Surviving are three brothers, Archie Marshall of Bear Lake, Neil Marshall of Owendale and Alex Marshall of Kingston; two stepdaughters, Mrs. Earl Wilson of East Lansing, on tour in Europe at present, and Mrs. Gibbon Howlett of Mason and a stepgrandson, John Howlett.

many friends during their nine years' stay in Cass City and both have been active in affairs of church and community. Mr. Kirn has served as chaplain of the Boy Scouts, as an officer of the Cass City Council of Churches and a member of the board of directors of the Community Club. Mrs. Kirn has been affiliated with the Women's Study Club, the Cass City Home Extension Club and other women's organizations. The new appointment at Mt. Pleasant is an advantage to the Kirn family as it will enable their younger son, John, to be at home while he is attending Central Michigan College of Education.

Rev. S. R. Wurtz, the newly appointed pastor at Cass City, is a native of Michigan and has had 26 years of service in the Michigan conference. He was minister at Snover for several years preceding his transfer to Gladwin two years ago.

EVERGREEN

The Evergreen Woman's Christian Temperance Union will meet at the home of Mrs. Margaret Mitchell on May 19 for an all-day meeting with a potluck meal at noon and the usual business and program in the afternoon. Arrangements will be made at that time for the spring county convention at the Omard church on May 24. Everybody is welcome to this meeting.

HAHN BUYS REGISTERED HOLSTEIN SIRE

Simon Hahn, Cass City, recently acquired a registered Holstein-Friesian bull from the herd of Elmer F. Chapman of Decker. Change of ownership for this animal, Elm Cha King Beesie-Grandmaster, has been officially recorded by The Holstein-Friesian Association of America.

President Roosevelt's Board said—**NO!**

President Truman's Board said—**NO!**

Still the leaders of the Railroad Firemen's Union say—**"STRIKE!"**

This ridiculous strike is an affront to every citizen of the nation. It's not for more money. It's not because of hours. It's only for soft feather-bedding spots for additional unnecessary firemen to go along in diesel locomotives just for the ride. A leading liberal newspaper calls the demands of the union leaders "horse-feathers"!

• The reckless leaders of the firemen's Union want to force down the throats of the railroads and the public a ridiculous "make-work" proposal which has been twice ruled out by Presidential Fact Finding Boards duly appointed under the provisions of the Railway Labor Act.

This demand of union leaders for additional and unnecessary firemen to ride in diesel locomotives was rejected—after months of hearings—by a Board appointed by President Roosevelt in 1943.

It was again rejected in 1949 by a Board appointed by President Truman.

Recent meetings with the National Mediation Board have brought no change in the attitude of the union dictators.

Union Leaders Defy Intent of Law

The union leaders helped write the Railway Labor Act. Yet in an attempt to jam through this scheme of pure

This strike is one of the silliest strikes in history!

What are these reckless union leaders trying to do? They seek to cause thousands of their members to strike, and throw hundreds of thousands of other employees on and off the railroads out of employment, with loss of pay to them and their families, plus a severe blow to industry and the citizens of the nation.

What's the strike all about? If the union has its way—what happens? The present members of the union won't get one cent more pay. They will merely have been assessed for a costly and indefensible drive in an attempt to provide more dues-paying members for the union by creating "feather-bedding" jobs for additional and unnecessary firemen.

This is certainly one of the silliest strikes in history!

nation for their own selfish purposes. There is no other possible answer to such a demand but "No!"

The railroads in making such a reply believe they have the whole-hearted support of the people in whose interest they are willing to fight this out, despite the loss and inconvenience that all will suffer.

It is time to put an end to such un-American demands.
