

Swimming Pool Has Been in Use Twelve Years

Contributions of \$5,000
and Donated Labor Made
Possible the Project

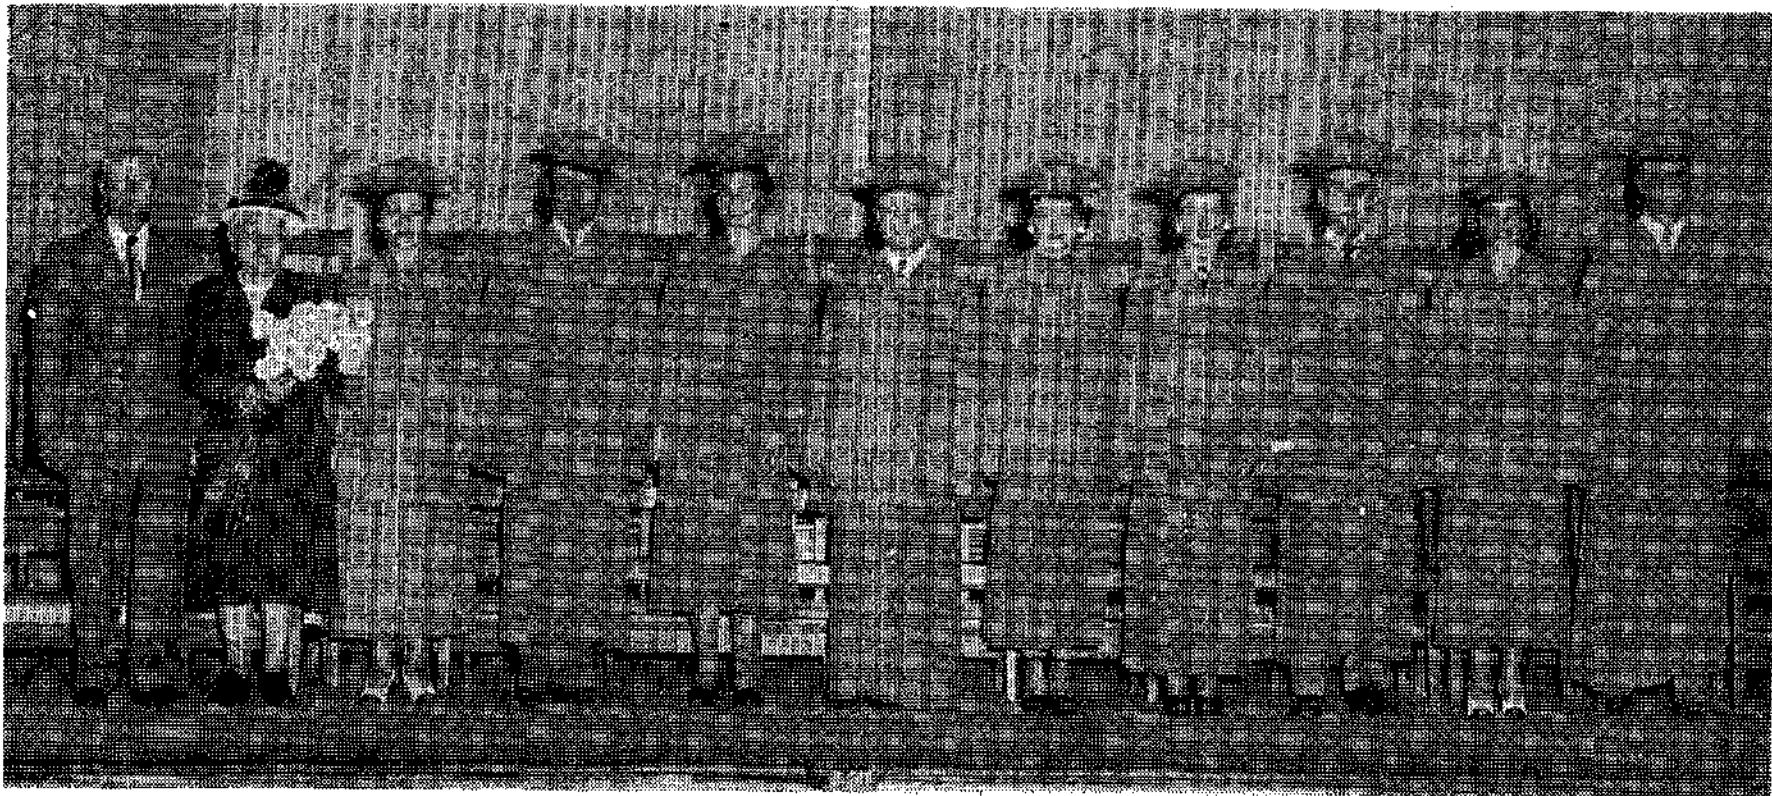

Youngsters waited longingly for the initial opening of the swimming pool at the City Park about this time in June in 1938, just twelve years ago. Ask any man who contributed to this project and he will tell you it was one of the best donations he ever made for the enjoyment of the young people of this community. Along with the swimming pool came the bathhouse and the wading pool.

Started in the summer of 1937 under the sponsorship of the Rotary Club, the project was made possible by the subscription of funds by residents of the Cass City community. Three local contractors, Andrew Barnes, Ernest L. Schwaderer and Eugene B. Schwaderer, were liberal contributors of time and the use of their equipment in construction work.

In the Oct. 15, 1937, number of the Chronicle, it was stated that "through the contributions of local citizens \$5,000 were made available for a community swimming pool at the City Park this summer. The financial campaign was launched

John Ross Family Honored at Commencement Exercises

For the second time within ten years, a family of more than ten children who had all been graduated from the Cass City High School was honored at commencement exercises.

In 1941, Mr. and Mrs. Kenneth MacRae of Greenleaf Township and their twelve children were each presented with honorary diplomas on the night that Margaret, the twelfth child was graduated. Last week special recognition was given Mr. and Mrs. John Ross of Elkland Township and family when Fred, the youngest of eleven children to be graduated from Cass City High School, received his diploma.

Pictured above are Mr. and Mrs. Ross and nine of their children present at the commencement exercises, eight of whom had been graduated in earlier years. Two others who had completed their high school courses here were unable to attend the exercises last week.

Left to right in the halftone above are Mr. and Mrs. Ross and the nine children with the dates of their graduation from high school and their present places of residence:

Mrs. R. R. Howlett (Mary), 1927, Caro; Alex Ross, 1930, Uby; Mrs. M. K. Miller (Elizabeth), 1930, Flint; Bernard Ross, 1933, Cass City; Mrs. W. R. Two daughters, Mrs. Jack London (Florence), 1936, of Toledo, Ohio, and Mrs. Richard Porter (June), 1942, of Milwaukee, Wis., were not at the commencement exercises here on June 6.

Three of the Ross family are registered nurses. Mrs. Howlett finished at St. Mary's College for Nurses, Detroit; Mrs. Jackson, St. Joseph College for Nurses at Pontiac; and Miss Kathleen Ross, Harper Hospital, Detroit. Mrs. Miller and Bernard Ross are graduates of business administration courses at Ferris Institute and Mrs. London and Edward Ross are also graduates of the Big Rapids school. 61 Herds Have Average of 30 or More Lbs. of B. F.

This Production Shows
a Very Marked Increase
Over That of April

Results gleaned from the production records submitted by the three testers of the Tuscola County Dairy Herd Improvement Association showed that the high level of last month is being upheld. Assistant County Agricultural Agent George C. MacQueen stated that 1295 cows were on test during the month and 219 of these produced 50 pounds or more of fat.

Sixty-one of the 84 dairy herds on test came through with a herd average of 30 pounds or more of butterfat. This shows a very marked increase over April when 49 herds reported in this group. The dairyman who took top honors for the high herd was Ruben Rohloff of Reese. According to Tester Jack Rose, this was Rohloff's first month under test. Rohloff's 11-cow grade Holstein herd had an average production of 1553 pounds of milk and 56.5 pounds of butterfat per cow. In second notch was the 14-cow grade Holstein herd of Reynold Johnson of Millington. This herd produced 1483 pounds of milk and 52.7 pounds of butterfat per cow. Johnson held the same position in April.

26 Students from Thumb Candidates For U. of M. Degrees

Tuscola Has 11, Huron

in Group of 4,388

The University of Michigan's 106th commencement will be held Saturday, June 17, in the Michigan Stadium, with Sir Oliver Franks, British ambassador to the United States, giving the address.

According to Secretary Herbert G. Watkins, there are 4,388 candidates for degrees at this year's June commencement which will bring the total for the year to more than 7,000. Last year, 6,158 received degrees with 3,487 being awarded at the June commencement.

Mr. Watkins pointed out that candidates for degrees have not as yet been certified by the faculty as actual graduates because the time required to record final grades coupled with the huge number of candidates this year prevents the compilation of a complete list of actual graduates in time for commencement.

The following students from the Upper Thumb are among the candidates for degrees:

Tuscola County.

Ben Franklin on Peace

At length we are in peace, God be praised, and long, very long, may it continue. All wars are foolish, very expensive and very mischievous ones. When will mankind be convinced of this, and agree to settle their differences by arbitration?

"USE PLENTY OF BUTTER"

That was the advice given the June bride when she questioned her mother-in-law as to what Jim liked to eat.

Said the understanding mother of the groom: "I hope Jim never hints your cooking isn't like mother used to make but I'm glad he's liked his home and the food I have served."

"I learned early—thank goodness—that butter adds a flavor and zest to food which can be obtained in no other way. Of course, I use plenty of other dairy products, too. They have a flavor all their own, are full of nourishment and easy on the pocketbook."

Dumb Polish Blonde Shadows Touring U.S. Congressmen

PRAGUE, CZECHOSLOVAKIA—Two United States congressmen were shadowed by a blonde and a mystery car during a recent visit to Poland.

Rep. Wayne Hays (D., Ohio) said he was shadowed by the blonde—a young, attractive one—and "got a kick out of it because she was so obvious."

Rep. Anthony Tautello (D., N.Y.) had a more prosaic story to tell. He was followed by an automobile—no blondes in it.

They are part of a congressional group of eight which toured eastern Europe for a study of American diplomatic offices and operations of international organizations.

The representatives said that, except for the blonde, the car and routine police checks, they were not bothered during their three day stay in Poland.

Hays said the mysterious blonde had a room right across the corridor from the one he and Thomas Kennedy, congressional committee counsel, occupied in a Warsaw hotel. He related that she would "trail us into the lobby and into the street. Once, getting a little tired of the sport, I decided to embarrass her. As she stood in her open doorway, I asked her in English what she wanted. She responded by asking in broken English what time it was."

Whether it was courage or foolhardiness, Governor Williams' veto of General Kunzig's salary from the legislative budget has had the practical effect of grabbing on to an angry bull by the tail.

It remains to be seen whether the governor will throw the bull, or the bull will throw him. (No pun intended!)

Civil service is a cherished principle of good government with many partisans, Republican and Democrat. The people's verdict in placing the civil service amendment into the state constitution was the result of a popular crusade to take political patronage out of state government. It was championed by Governor Frank Murphy.

And so when the Democratic majority on the state liquor control commission fired Brig. General Louis A. Kunzig as its business manager, they flaunted the power of the civil service commission.

A suit was filed with the Michigan Supreme court to test the liquor commission's right to abolish Kunzig's position. The Supreme court ruled that the commission concluded on page 7.

War Vets Encounter Failure in Telephone Efforts at 'Peace'

NEW YORK.—A group of war veterans failed in a spectacular attempt to put President Harry Truman and Russian Premier Joseph Stalin on the same party line. Their scheme didn't get any further than a long-distance telephone switchboard.

The Duncan-Paris American Legion post wanted the two heads of state to arrange a date to meet and make peace. The veterans got only silence from Moscow and a cold shoulder from the "Little White House" where the President was staying.

It was golden silence, too, since the veterans had to pass the hat to get the \$197.89 it cost to talk to cheery-voiced long distance operators and a traffic supervisor for an hour and 10 minutes.

They also got hooked for a transatlantic call from Paris, where three post members were cheering the attempted telephonic truce from the European sidelines.

The post rented a parlor in a hotel for \$45. It spent \$62.24 on telegrams and cables to Mr. Truman and Stalin asking if it was all right to place the call. None of the queries was answered.

"Another \$77 was spent installing a telephone, a wire recorder and a loud-speaker system to amplify the conversation which never took place.

It took seven minutes to take the collection, and after that the only action was a series of reports from various telephone sources that no calls could be placed without the prior consent of the two heads of state. An attempt was then made to raise Key West on a pay phone. That failed also.

"They just don't want to talk to us," Saltz finally conceded.

Inspectors Find Supposed Beefsteak Was Horse Meat

HOUSTON, TEX. — Seizures of thousands of pounds of horse meat processed to resemble choice beef tenderloin has been announced in this city and Dallas.

Houston city veterinarian R. S. Martin said 3,000 pounds of a 5,000 pound horsemeat shipment to Houston had been sold to a restaurant here before city inspectors discovered it.

More than 4,000 pounds of horse meat, labeled beef tenderloin, was confiscated by city health officers and federal agents in Dallas.

At Fort Worth the city health department confiscated 3,000 pounds of meat but declined to label it horse meat. "We are not sure what it is," said the city health director, W. V. Bradshaw.

A great part of the horse meat shipments came from Kansas City and a federal investigation was begun there.

Shades of the Sheikh! Arabs Tabbed Mashers

MILWAUKEE, WIS.—You should not talk to strange women here unless the women speak first, District Judge Harvey L. Neelen advised two Arab students in the district court. The students were charged with disorderly conduct on complaint of two 19-year-old girls who testified that the men invited them for a ride in an automobile.

The students were Jacob Abidin, 23, and Salim Akrawi, 19. Abidin, whose home is in Jerusalem, Palestine, is studying electronics at the vocational school. Akrawi, whose home is in Iran, is a dentistry student at Marquette university.

The complainants said in court that they were accosted as they left a restaurant. They refused the ride offer and took a bus, complaining to the bus driver that the car was following the bus, they said.

Abidin said that he and Akrawi had spoken to the girls because they were laughing so loudly. He said that "we never saw girls laugh so loudly before." He and Akrawi didn't mean anything wrong, he said.

Judge Neelen called this defense the "stillest argument I ever heard in a mashing case." He offered his advice about Americans customs and ordered the two men to pay costs, amounting to \$4.40 each.

Frost-Bitten Men Saved After Fall Into Lake

DAWSON CITY, YUKON TERRITORY. — Two frostbitten men told how they escaped death in the Yukon wastes after their truck plunged into a river and their clothes froze.

Edward J. Kimbel and Fred Harper, of Mayo, told hospital attendants how they scrambled out of their truck after it fell into the Stewart river and added:

"We started to run the four miles down river to a sawmill. There was a vicious wind blowing and it froze our heavy clothing until it felt as if we were packing heavy suits of armor."

The temperature was 40 below. Kimbel's frozen clothes became so heavy he had to crawl the last quarter mile to a logger's cabin, where a rescue squad found the two unconscious.

Sincerity

Sincerity is a fundamental part of affection that results in good relationships between child and parents. Children are quick to feel a lack of sincerity, and are equally quick to feel and respond to what ever is sincere and genuine.

Sewing Hazards

If the bedroom is used as a sewing room, take care that pins, needles, scissors, etc., are not left about for the baby to find. A pin in the bottom of an adult's bare foot is no joke, either.

And you'll find that this extra measure of value is even more apparent in the new Chevrolet models. Definitely, they're America's first-choice trucks. Heavy-duty units feature a brand-new 105-h.p. Valve-in-Head engine with the power to pull heavy loads and conquer steep grades. They offer new Power-Jet carburetion for smoother, quicker operation. They bring you the fast, safe shifting of Chevrolet's 4-speed Synchro-Mesh transmission. But whatever your hauling requirements, Chevrolet trucks are your best bet. See them in our showroom. You'll agree.

sion erred; it ordered the commission to restore Kunzig to his job. With such a Supreme court mandate, you would assume the liquor control commission would give up the fight and put Kunzig back to work.

Actually, Kunzig was restored to the payroll, but the commission also declined to assign him any duties.

One way out of the dilemma would be for Governor Williams to go to the commission's rescue: Wipe out the general's salary from the legislative budget. Such was within the governor's power as the state's chief executive.

But to do this would be to put the governor technically in a position of nullifying the intent of the State Supreme court. A good many persons did not think the governor would deliberately choose to put himself on the spot.

Governor Williams, either through courage or foolhardiness, chose to veto the Supreme court decision for all practical purposes. We list the two alternatives for it now appears that the governor's move was a political mistake of first magnitude. The Republicans have a brand new issue. The governor is on the defensive—something he has astutely tried to avoid.

Robert H. Dunn, legal adviser to the civil service commission, has announced a suit would be filed in the State Supreme court to restore full duties to the ousted business manager. He denounced the governor's veto as "illegal"—interference with the Supreme court's decision. The word was strong, as if the governor was about to defend himself in an impeachment proceeding.

Williams countered with a declaration that Owen J. Cleary, former chairman of the liquor control commission and now Republican state chairman, had recommended dismissal of General Kunzig. Cleary politely said the governor had lied; he had done no such thing.

John Kozaren, the present Democratic chairman of the commission, was a Hamtramck precinct worker when he was picked by Williams to head the liquor control setup.

General Kunzig, classmate to General Douglas MacArthur, was selected by former Governor Harry F. Kelly to become business manager of the commission, after a series of liquor scandals had made the liquor control setup a "hot spot" for any appointee. (The

controversy now puts Kelly into the limelight in a big way.)

Kunzig met all civil service requirements for manager of a business in which purchases of liquor amount to \$140,000,000 in one year. If there has been any scandal recently in the state's liquor control business, we have yet to hear of it. The governor defended his veto as "economy"—saving the taxpayers \$10,000 a year for a needless job at Lansing. Williams and economy have not been synonymous.

From all present indications the final decision will be made by the State Supreme court—whether the governor has the right to invalidate, in a practical way, the mandate of the court and the state civil service commission.

That is why we characterized the governor's position in the controversy as "grabbing on to a bull by the tail."

By doing this, the governor put himself on the defensive with a new issue, sacred to the cause of good government in Michigan.

He finds himself in a position of attacking the principle of civil service—something which his Democratic sponsor, the late Frank Murphy would never have done. Murphy, as governor, championed the cause.

Down Memory Lane

FROM THE FILES OF THE CHRONICLE

Thirty-five Years Ago.
June 18, 1915.

Fifty Cass City men willing to go on the ends of as many shovels are scheduled to lift large quantities of gravel from near-by gravel pits next Tuesday, June 22, the day selected as the local Road Bee Day. Fifty farmers with as many teams will haul the gravel to highways in need of repairs.

Albert E. Sleeper of Bad Axe, former state treasurer, will be a candidate for the Republican nomination for governor next year.

Following an old custom of the Tuscola County Athletic Association in awarding points for first, second and third places in the relay race, Cass City lost the track and field meet at the county seat Friday to Caro, securing 37 points to Caro's 88. Everett Higgins, a junior in Cass City High School, proved to be the highest individual point winner.

A. J. Knapp was elected president and Grover Burke secretary of the local baseball club at a meeting in Bailey's barber shop Monday evening.

A. C. Edgerton has resigned from his position as science teacher in the local high school and next September will enter the state university for a four-year course in medicine.

Harry C. Striffler will be graduated from the dental department of the U. of M. next week and will go to Monroe to practice with a

dentist in that city.

The Boy Scouts have a rival organization in their hiking expeditions. Paul Bien and Clifton Champion are members of the new society and they walked home from Caro on their initial trip Monday morning. They missed an Overland Special which had adopted a new time table.

Twenty-five Years Ago.
June 19, 1925.

A crowd of 300 attended the Novesta Old Settlers' reunion held Wednesday in N. W. Bridges grove. Of this number, 26 were pioneers who lived in Novesta Township a half century ago.

Frederick H. Finney and James K. Brooker were among nearly 2,000 students who were awarded degrees at the annual meeting of the board of regents Friday.

In the 15 years that Cass City has participated in the Tuscola County field meets, the local school has won the meet 13 times and tied once for high honors. In 18 of the meets, Cass City furnished the highest individual point winners. They are Leslie Kegen, R. D. Keating, Clifford Gracey, Alex Miller, Everett Higgins, Ernest Wood, Arthur Walker, James K. Brooker, Donald Seed (three years in succession), Hutchinson, and Glenn Hartwick.

Miss Velma M. Warner of Cass City and Maybelle Clara of Gage-

town will be graduated from Central Michigan Normal School on June 23.

Of the 558 students in Tuscola County who wrote on the eighth grade examination last month, 892 secured the required number of points for passing and County School Commissioner Ben H. McComb presented the graduates with diplomas Friday.

School Building Bonds

Sealed bids for the purchase of general obligation bonds to be issued by Elkland School District No. 5, Elkland Township, Tuscola County, Michigan, of the par value of One Hundred Twenty-five Thousand (\$125,000.00) Dollars will be received by the undersigned at the High School office in the City of Cass City, Michigan, in said School District, until 8:00 o'clock P. M., Eastern Standard Time, on Monday, the 26th day of June, 1950, at which time and place said bids will be publicly opened and read.

Said bonds will be dated as of May 1, 1950, and consist of 125 coupon bonds of the denomination of \$1,000 each, numbered consecutively in the direct order of their maturities from 1 to 125, both inclusive, will bear interest from their date at a rate or rates not exceeding four per cent (4%) per annum, expressed in multiples of 1/4 of 1%. Said interest will be payable on October 1, 1950, and semi-annually thereafter on April 1 and October 1 of each year. The interest rate for each coupon period on any one bond shall be at one rate only. Accrued interest to date of delivery of such bonds shall be paid by the purchaser at the time of delivery.

The bonds will mature serially as follows:
\$7,000 April 1 of each year from 1951 to 1953, inclusive;
\$8,000 April 1 of each year from 1954 to 1956, inclusive;
\$9,000 April 1 of each year from 1959 to 1964, inclusive;
\$10,000 April 1, 1965.

Bonds numbered 1 to 21, inclusive, are not subject to prior redemption.
The right is reserved of redeeming bonds numbered 22 to 125, inclusive, in inverse numerical order, on any interest date on or after April 1, 1953, at par and accrued interest plus a premium of \$15.00 on each bond redeemed on or before April 1, 1954; \$10.00 on each bond redeemed thereafter but on or before April 1, 1956; and \$5.00 on each bond redeemed thereafter but on or before April 1, 1957. No premium will be paid on bonds redeemed after April 1, 1957. Thirty days' notice of redemption shall be given by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds.

Both principal and interest will be payable at the Manufacturers National Bank, Detroit, Michigan. For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from July 1, 1950, to their maturity, and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the School District. No proposal for the purchase of less than all of the bonds, or at a price less than 100% of their par value, will be considered.
The School District is authorized and required by law to levy upon all taxable property therein such ad valorem taxes as may be necessary to pay these bonds and the interest thereon, subject to such limitation upon said taxing power as may result from the provisions of Section 21, Article X, of the Michigan Constitution and the Michigan Property Tax Limitation Act.

A certified or cashier's check in the amount of \$2,500.00 drawn upon an incorporated bank or trust company, payable to the order of the Treasurer of the School District, must accompany each bid as a guaranty of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks, and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, attorneys of Detroit, Michigan, approving the legality of the bonds. The cost of said legal opinions and the cost of printing the bonds will be paid by the School District. Bonds will be delivered at the Pinney State Bank, Cass City, Michigan, or such other place as may be agreed upon with the purchaser.

The right is reserved to reject any and all bids.
Envelopes containing the bids should be plainly marked "Proposal for School Building Bonds."

Poultry Study

Poultrymen who gathered eggs three or more times a day, kept layers confined, and kept no males in the laying flock had higher quality eggs than poultrymen who did not follow these practices, according to a recent study of poultry farms in the Northeast.

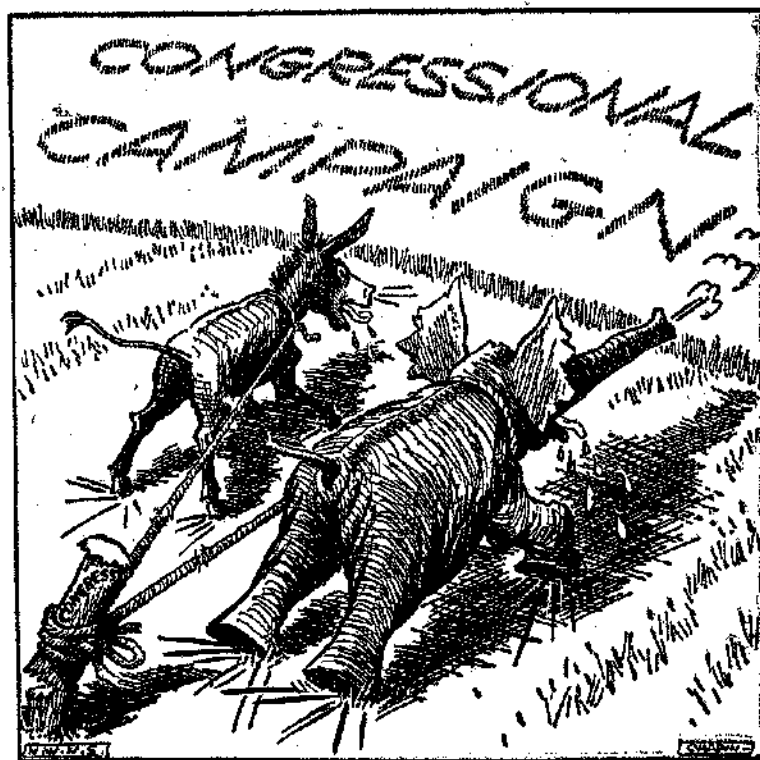

Modern Kitchen Colorful

An attractive modern kitchen has shelves and cabinets enameled in soft salmon-rose. The walls against which these cabinets are placed are coated in the same color. End walls are a light fern-green and the same color used to coat the drawer linings. Linoleum and work counter surfaces are brown, while door frames are dull silver to match the edging on the work counters.

Coffee Prices

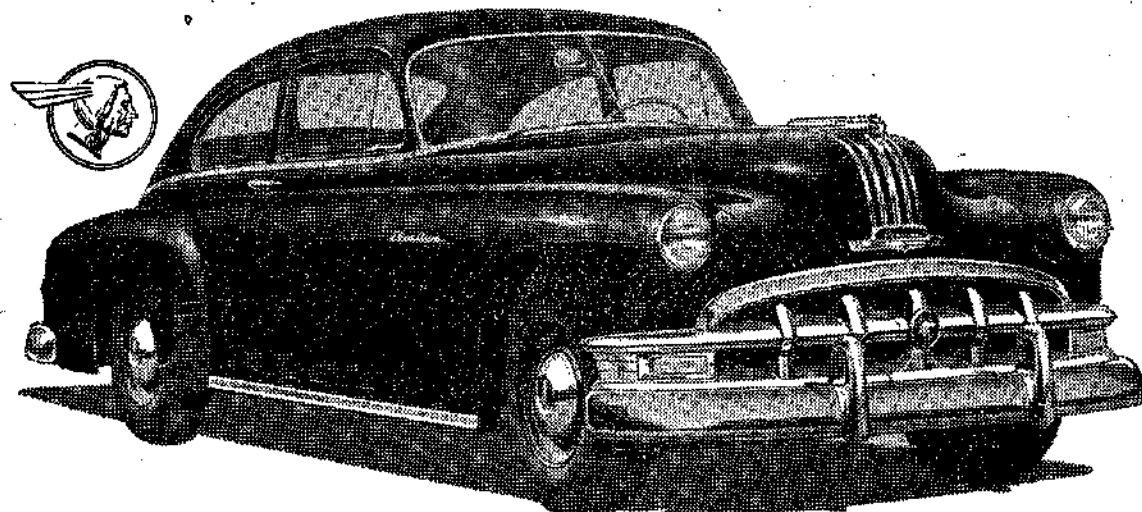

The lowest wholesale coffee price reached in this country in modern times—for green, that is, unroasted, "Santos 4s," a basic representative quality—was 5 1/2 cents a pound in midsummer, 1940. The highest was in mid-November this year, 5 1/2 cents. (The trade points out that green coffee loses 15 1/2 per cent of its weight in roasting, which is, of course, a factor in determining consumer prices.)

1,500 TAKE PART IN WEEK DAY PROGRAM AT WILLS FARM

Concluded from page 1.
change in agriculture lies ahead—a change greater than what has taken place in the past century. Dr. B. H. Grigsby, MSC botany department, stated that farmers should use caution when applying chemicals for weed control and follow directions listed by the manufacturer.

Cooperation received from local companies included Detroit Edison county sheriff's office, county road commission and machinery dealers. Specialists at the foot four stops were: Richard Yeo at annual weeds in grain; Norman Levardsen, lawns; Dudley Martin, poison ivy; Boyd Churchill, pre-emergence spraying in row crops. Dr. Ray James, dusting alfalfa with DDT, all of whom are from Michigan State College. R. H. Ashworth of Dow Chemical Company on brush control; Genesee County Agricultural Agent R. C. Lott on pasture spraying; St. Clair County Agricultural Agent K. J. Anderson on perennials in grain; and Lapeer County Agricultural Agent Stan Mahaffy on annuals in grain which was not seeded.

Machinery companies demonstrated dusters and sprayers in the field in the afternoon.

SWIMMING POOL HAS BEEN IN USE TWELVE YEARS

Concluded from page 1.
late in July, building operations were started in August and the pool is now completed with the filtration system nearly so. It is planned to erect a bathhouse approximately 21 by 34 feet in size, with boys' and girls' showers, clothing room and other equipment. To date approximately \$4,000 have been expended. A swimming pool has been discussed at various times in former years by local citizens with the suggestion that Cass River be used as a site. This summer, a representative of the Michigan Department of Health discouraged a river site, stating that the department would likely condemn such a location from a sanitary standpoint.
