

Home-coming Celebration Calls Thousands to Park

An estimated crowd of 4,000 turned out for the evening program of the Cass City Home-coming last Thursday at the park. Afternoon attendance at the races and contests was judged at about 2,500.

One of the chief attractions of the evening was the amateur show. On an improvised stage in front of the grandstand, local talent provided 19 musical and dance numbers. The winner of the contest was Nancy DeLong, who sang "One Alone." Second place honors went to Barbara and Rochelle Bucktemkirch. Carrying parasols and dressed in clothes of an earlier day, the couple sang "Dearie." Third place winner was Cecilia Brown, who sang the "Desert Song."

Honorable mention was awarded to Marvin Pratt, baritone solo; Mary Shaw and Sally Hunt, vocal duet; Patty Finkbeiner, vocal solo; Joyce Agar and Sandra Bryant, tap dance and song; and Mary Ann Antnes, vocal solo.

Prizes were also awarded to the largest family, the oldest woman and the person coming the longest distance to the home-coming. Largest family there was that of Enoch Rutkowski, who has 12 children. Rutkowski, who owns a grocery store in town, was awarded a basket of groceries.

Oldest woman present was Mrs. Mary Crocker, 93, of Saginaw. She was given a dozen American

Officers and committee men of the Cass City Chamber of Commerce are receiving many laudatory comments on the success of the home-coming last Thursday. Entertainment features were numerous and well handled. Full programs for both afternoon and evening were provided and no one was obliged to spend a cent. Funds for the day's program came from the Chamber of Commerce treasury.

Beauty queen visitor from the longest distance was Miss Edna Brown, of South Pasadena, Calif.

The show was followed immediately by a fireworks display in the center of the cinder track. Shortly after, dancing to the music of Bob Quinn and His Ramblers was started on the tennis courts at the south end of the park. Howard Loomis of Gagetown was caller for the square dances.

Afternoon festivities began with a parade down Main St. Leading it was the high school band, followed by horseback riders, a display of farm equipment and lastly a cortege of about 100 decorated bicycles. Owners of the best decorated bicycles were awarded prizes at the park.

The first prize was presented to Sammy Wells, who rode a tricycle in the parade. Kay Mark and Don Root came in second place with their big, white float drawn by a bicycle. Jimmy McTavish, who decorated his bicycle like a covered wagon, was given third place honors and Jimmy Johnson and his sister came in fourth with a "Cinderella Coach." Susan Tyo, whose bonnet and bicycle were decorated with flowers, came in fifth.

Honorable mention was received by Jimmy Perry, Ellen Albee, Don Ball, Dean Hulien, Freddy Root, June Hartwick, Patty Asher, Sandy Asher, Marilyn Watkins, John Jezewski and Ann Horner. Judging the bicycles were Mrs. Ben Benkelman, Jr., Mrs. Concluded on page 10.

Huron County Youth Sentenced Monday On Assault Charge

A sentence of one to two years in Jackson State Prison was given Robert Anderson, 21, of Elkton by Judge George DesJardins in the Tuscola County Circuit Court at Caro Monday. He was found guilty of assaulting an officer on duty.

Charge was made early this summer when Anderson was given a ticket for speeding by William Simmons, assistant village constable. According to officers, Anderson tore up the ticket, knocked Simmons down and kicked him. He was later taken into custody by state and local police at his home near Elkton but was released on bond.

Attorney for the defense, Thomas McAllister of Bad Axe, changed an original plea of "not guilty" to "guilty" at the trial Monday. Judge DesJardins said the sentence served not only as a punishment for Anderson, but also as a warning that assault of an officer on duty is a criminal offense.

A man who is uninjured by flat-tery is as hard to find as one who is improved by criticism.

First of Boulevard Lights Here Were Set up Wednesday

The first eight boulevard lights along Main St. were installed on Wednesday but they will not be lighted until electrical cable is laid and spliced to each outlet. Completion is slated for the first part of September.

Twenty-four new lamps in all will be placed along the business district of the village to replace the old system of lights suspended across the middle of the street. Work on the project is being done by the Detroit Edison Co.

This is the second time that boulevard lights have appeared on Main St. During the "twenties" the street was lighted by a series of boulevard lamps which hung in clusters of three each from each pole.

Lighting three lamps on each pole, however, proved expensive and lighting only one of them proved inadequate, so the Edison company recommended that the village switch to the suspended lamps.

Old timers in town believe that early automobile styling had something to do with the removal of the lights, too. The poles, which were placed close to the street, made a convenient parking target for high-bumpered model T's. Some say it wasn't unusual to have as many as two of the lamps snapped off at the base on a busy Saturday night.

Surviving are her husband; one daughter, Mrs. Yvonne Chambers of Caro; a granddaughter, Deborah Kay Chambers; one sister, Miss Lucille Behr, of Argyle, her father, Oscar Behr, of Argyle.

Spoiled Hay Makes Good Orchard Mulch

"It's an ill wind that blows nobody good," says the old adage. So the untimely rains that have spoiled a lot of hay this summer on Michigan farms may have aided Michigan orchardists who are looking for mulching material.

Dr. H. B. Tukey, head of the Michigan State College horticulture department, says that more and more orchardists are turning to some form of mulching because their experience with it has been good. In this system, hay, straw, marsh grass, sawdust, or any other similar material is brought into the

orchard and spread under the trees. The most common procedure is to spread the mulch well out under the drip of the branches and to leave the spaces between the trees in sod which is kept mowed.

"Mulch is better than we know," says Dr. Tukey. "We explain that it adds organic matter, improves the physical condition of the soil, prevents run-off, and makes nutrients available."

"While this is a sizable package of virtues, there are seemingly still some little understood values. Somehow, many troubles that assail an orchard disappear under a mulch program," he concludes.

Now is the time to get mulch, the horticulturists advise. It may conflict with harvesting and other orchard operations, but it is worth a little extra effort. It will pay well, they report.

Fresh water and some shade is important for high summer egg production, say Michigan State College poultry specialists.

Important points for summer seedlings are having weeds under control, preparation of a good seed bed, lime if needed and adequate fertilizer, report farm crops specialists at Michigan State College.

Lower cost per mile!

Chevrolet's Valve-in-Head Loadmaster engine with greater horsepower at the clutch offers important advantages to truckers. It means greater efficiency—it means bigger pay loads at lower cost per mile!

Net horsepower . . . the power you use, the power delivered at the clutch . . . is the true measuring stick of a truck's ability to haul payloads. And for net horsepower, Chevrolet heavy-duty trucks with Loadmaster engine have no equal among the five most popular standard equipped

makes in their weight class—13,000 to 16,000 lbs. G.V.W. Chevrolet heavy-duty trucks lead them all! Compare the facts! Check the serial plates of all other popular makes for proof. And remember—It's the power at the clutch that counts! Come in and let us tell you the full story of Chevrolet's truck leadership.

Bee specialists say the average bee collects several times its weight in honey in a season, but this is only about a quarter of an ounce on the average. So, if a bee could live long enough, it would take about 64 years to make one pound of honey.

Eighty Attended the Clark Reunion

The annual reunion of the descendants of Amasa and Roxana Clark was held on Saturday, Aug. 5, in the park at Marlette.

They were blessed with a beautiful day and the Cary King family, near whose home the gathering was held, did everything they could to make it a pleasant occasion. In this they were very successful.

There were about eighty present, some of whom came for the first time.

Of the original fifty-four first cousins but eight are living and of these, only two were able to be present. They were Luther and Jason Clark, sons of Jason S. Clark, who served for four years in the Civil War, and was with Gen. Sherman on his march to the sea.

Luther Clark, a retired Methodist minister, eighty-one years of age, was the oldest present and also came the farthest, from Lenoir City, Tennessee. He left Michigan with his parents at the age of twelve and had never been back to his boyhood home near Yale.

The youngest present was Dale Bullock, five months old son of Mr. and Mrs. Ernest Bullock of Decker.

Relatives came from Lenoir City, Tenn., Ypsilanti, Flint, Rochester, Avoca, Swartz Creek, Oscoda, Decker, Marlette and Cass City.

Invitations had been sent to members of the family in fourteen states, Alaska and Washington, D. C. Letters were sent by several who couldn't come. These were read and enjoyed during the business meeting which followed a bounteous potluck dinner.

Rev. Clinton Edgerton of Flint was re-elected president and Jason Kitchin, secretary and treasurer for the coming year. Various committees were also elected.

Some readings were given. Duets were sung by two couples, Mr. and Mrs. Morton Edgerton and two daughters of the Arthur Eskilsen family, Mrs. Viola Hayes and Mrs. Esther Guinther. And popular is to carry tales and gossip last, but not least, the three small

children of the Morton Edgertons sang a selection together and a solo was rendered by Sharon Surbrook, seven year old daughter of Rev. L. L. Surbrook of Flint.

The Kings furnished recreation for the little folks and several watermelons to the whole company. It was unanimously voted to hold the next reunion in the same place on the first Saturday in August 1950.

Adams Reunion Held At Lake Pleasant

The 20th annual reunion of the Adams family was held Sunday at Lake Pleasant. In the absence of the president, Clarence Quick, the business meeting was conducted by the vice president, Jos. Fulcher.

The following officers were re-elected: President, Clarence Quick; vice president, Joe Fulcher; and secretary - treasurer, Florence Vandawaker of Almont.

The next meeting will be held at the same place on the second Sunday in August, 1951.

HERONEMUS REUNION

The third annual reunion of the Heronemus family was held Sunday, Aug. 6, at the Lapeer Park with 49 attending.

At noon a bountiful dinner was served, and after the meal, a program was enjoyed.

Members present were from Cass City, Snover, Decker, Pontiac, Walled Lake and Detroit.

The 1951 reunion will be held at the same place the first Sunday in August.

71 ATTENDED THE

McKee REUNION SUNDAY

Seventy-one members of the family attended the McKee reunion in the club house at the General Squire Park, in Lapeer County, last Sunday.

The family congregated from Hillsdale, Detroit, Pontiac, Flint, Lapeer, Dryden, Inlay City, Marlette and Cass City.

The quickest way to become unpopular is to carry tales and gossip about others.

In the Swim of Things

—Half-tone courtesy of Saginaw News.
This attractive foursome of Cass Cityans—Joan Holmberg, Jane Hunt, Ann McTavish and Mary Wood—found the pool at the park a favorite "cooler-off" in the midst of the home-coming activities here last Thursday.

HOLBROOK

Peter Moisejenko of Ubyl spent a few days last week as the guest of Paul O'Harris.

Mr. and Mrs. Lloyd Hill and son, Clifford, of Flint spent the week end at their home here.

Mrs. Robert Spencer, who underwent an operation at Bad Axe General Hospital last week, is recovering nicely.

Mr. and Mrs. Gordon Jackson and Mr. and Mrs. Wm. Jackson of Bad Axe made a trip to northern Michigan Sunday.

Melbourne, Dennis and Dean Rienstra are spending some time with their grandparents, Mr. and Mrs. Loren Trathen.

Grace and Chas. McPhail of Detroit are visiting their grandparents, Mr. and Mrs. John Brown.

Rev. and Mrs. Moisejenko and son, Peter, are on a trip to Canada and will visit Niagara Falls.

OF COURSE!

A "Big Indian" strayed away from his camp and got lost. Inquiring the way back, he was asked: "Indian lost?"

"No," said he, disdainfully. "Indian no lost—wigwam lost." Striking his breast, he exclaimed, "Indian here!"

None in His Claw

They sat on the beach. Her hair caressed his face. Her head rested on his shoulders. Her lips looked down on his. Finally she murmured, "Why don't you kiss me?" "I can't," he said, "some sand got in my mouth."

"Swallow it, boy, swallow it," she said, "If any one ever had need of sand, you certainly are the guy."

Don't work too long in the hot sun without a rest period. Take a few minutes occasionally to sit down and relax. Michigan State College farm safety specialists say you'll be more comfortable if you eat lightly in hot weather, wear light clothes, and have plenty of ventilation where you're working.

Remember always that pain is rarely an early symptom of cancer. Visit your physician regularly.

The Champ

Stanley Guinther, 15, of Cass City, bested all competitors at the home-coming here Thursday. Stanley won the 100, 50 and 25-yard free style races. Half-tone courtesy of The Saginaw News.

Telescopic Spectacles

Even people with extremely sub-normal eyesight can now be visually rehabilitated through the medium of telescopic spectacles. While these restrict the field of vision, they magnify the retinal image and in many cases spell the difference between normal, constructive lives and virtual blindness.

REPUBLICAN PRIMARIES, SEPT. 12, 1950

It says **SUCCESS**-with **SPIRIT**

First of the Fine Cars in Value

YOU can see this man has made his mark in life, and while his heart's still young.

You can tell he likes action for his money—that he knows a fine car needn't be the most expensive to give the greatest value.

Yes, such are the things you know of any man, when you note that his car is a ROADMASTER.

Follow him on his spirited way as he pilots this lively motorcar through traffic. Even the light-weights are no match for this road-steady husky—not with the 152-horsepower straight-eight Fireball engine that purrs beneath its bonnet.

Maneuver beside him at the next stop light. Then just try to get away as smoothly, swiftly and silently as Dynaflo Drive gets his ROADMASTER going—and keeps it rolling without shifting, even automatically.

But don't waste time merely envying the man in this great car! Why not emulate him?

With all its outsize room, interior luxury and exterior grace—with all its front-rank prestige, rare performance and matchless ride—a ROADMASTER can be yours for less than some smaller cars cost.

In fact, even if you had a fortune to spend, you couldn't make a more fortunate buy in the fine-car field.

So we suggest you try a few minutes behind the wheel. We're confident they will convince you that ROADMASTER has everything you could ever ask for in any motorcar—although your Buick dealer asks a good bit less for ROADMASTER than you might pay for other top-line cars.

DONKEY BALL

AMERICA'S FUNNIEST GAME

A Spill!...A Laugh!...A Thrill!...A Minute!

BETTER THAN A RODEO!...FUNNIER THAN A CIRCUS!

RULES:—All players except pitcher and catcher ride donkeys. When the batter gets a hit he must mount his donkey and ride around the bases in proper order—if he can. There are no strike-outs or walks. Fielders must ride to within a step of the ball before dismounting and must remount before throwing the ball. Soft-ball is used. Nine players on each team. Game plays 5 to 7 innings—approximately one hour and a half.

12 trained Texas Donkeys furnished by Ralph E. Godfrey, Crescent, Okla.

THIS IS THE OLDEST DONKEY BALL CO. IN THE WORLD

Explanation and account of game will be broadcast over a loud-speaker! Teams of business men and prominent citizens of this community.

FROM THE FILES OF THE CHRONICLE

Twenty-five Years Ago.
August 21, 1925.

The crowds on Tuesday and Wednesday gave the Cass City Fair an encouraging opening. That the attendance on these two days exceeded that of Tuesday and Wednesday of the 1924 fair is the opinion of Treasurer G. A. Tindale.

Plans were made for Caro citizens to make a visit at the Cass City Fair on Thursday, Aug. 20, and a Cass City day at the Caro Fair next Thursday.

Mr. and Mrs. W. J. Martus, Miss Helen Martus, and Wm. Martus returned Tuesday morning from a week's motor trip through Ohio, Pennsylvania and New York.

Kenneth MacRae of Greenleaf, who was so seriously injured early in January, is now able to walk without the aid of crutch or cane. Representatives of 25 or more wholesale merchants of Saginaw made Cass City a brief visit Wednesday morning, accompanied by St. Andrews Kilie Band and Boy Scout messengers.

Grant, the five-year-old son of Mr. and Mrs. Benjamin Watson, broke his left arm slightly above the wrist in a fall from a tree.

Thirty-five Years Ago.
August 20, 1915.

Wm. Starr, a farmer living three miles northwest of Argyle, had a narrow escape from death last Thursday when attacked by a mad bull weighing over 1,700 pounds. He had his collar bone broken and was badly bruised about his head and body.

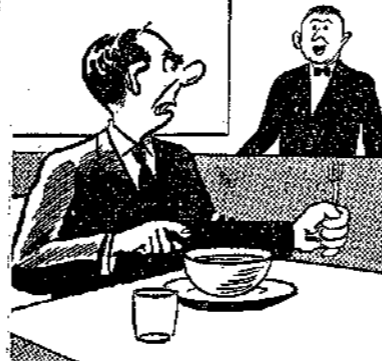

County Clerk Brown denied two applications for marriage licenses this week, the girl in each case being only 15 years of age. Under the law a girl must be at least 16 before she can get married, and then only with the consent of her parents until she is 18.

Cass City travellers desiring to reach Detroit have a new route opened to them by the completion of the Detroit, Almont & Northern electric line to Imlay City. A limited electric car leaves the new terminal at Imlay City on the arrival of the morning train on the P., O. & N. branch of the Grand

Trunk, reaching Detroit at 11:20 a. m., central time.

Over 90 race horses arrived in Cass City the first of the week to participate in the race program at the Cass City Fair.

TYPOGRAPHICAL ERROR

A retired printer went into the restaurant business.

"This is an outrage—there's a needle in this soup!" cried one of his customers.

"Merely a typographical error, sir," said the aforementioned typographer. "Should have been noodle."

Mean Conductor

For the fourth time the corporation lawyer conducting the cross-examination led the witness to the accident.

"You say that after the street car passed, the man was seen lying on the ground with his scalp bleeding. Did the car hit him?"

"Naw," exploded the exasperated witness. "The conductor leaned out and bit him as he went by."—Kablegram.

Should Work

A young man just out of college sought the advice of a hard-headed and successful businessman. "Tell me, please, how I should go about getting a start in the great game of business."

"Sell your wrist watch and buy an alarm-clock," was the laconic reply.

Could Be

"Speaking of animals remembering," said the elderly man, "when I was a boy I once gave a circus elephant a stick of striped candy."

"Well?"

"After that, whenever that circus was to parade in the town, the barbers had to take in their striped poles."

New war orders are arriving daily in Michigan. That coupled with acceleration of the postwar boom since the Korean invasion has reduced the state's jobless total to less than 100,000 persons, it is announced by Henry C. Markle, executive director, Michigan Unemployment Compensation Commission. "We're almost at the bottom of Michigan's labor pool," Labor shortages are around the corner.

"Without reducing postal services by one iota" the postoffice department's estimated \$555 million annual deficit could be reduced by more than one-half through Congressional approval of recommendations of the Hoover Commission. This conclusion is advanced by the Citizens Committee for the Hoover Report headed by Dr. Robert L. Johnson, president of Temple University.

"Hand - cranking machinery" would be replaced by modern mechanized equipment; free franked mail, air mail subsidies would be removed from the department's budget; the "true" deficit would be cut to \$150 millions.

Communist sabotage is regarded by the AFL Maritime Trades Department as a menace to the Soo canal locks. A time bomb could easily be dropped into the locks, so union officials warn. Recommendation: That the government screen crews of all vessels, American or Canadian, which use the American locks at Sault Ste. Marie.

State Treasurer D. Hale Brake questions the economy savings possible by consolidation of state boards, bureaus, agencies and commissions. Less than one per cent of current expenditures could be reduced by this method, concludes Brake. Furthermore, power would be centralized in the governor to a "dangerous degree."

"State government is costing more because we are spending more and not because our organization is obsolete."

Should Michigan voters approve a \$65 million bond issue to finance more state hospitals for tuberculosis and mental patients? A state citizens' committee has been formed to seek a verdict of "Yes" next November. Chairman is Dr. Charles L. Ansbach, Mt. Pleasant, president of Central Michigan College.

The cost of living rise since the Korean invasion has crowded off the front page such mid-June political topics as the new increase in telephone rates. Labor unions are now demanding more pay, while deploring utility rate "gouging."

Facts to consider: Michigan Bell Telephone Company has granted \$35 millions in wage increases since 1940; in the same period rate increases amounted to \$21 million.

Year-end deficit in the state treasury (due primarily to diversion of 78 per cent of sales tax revenues to local governments) was approximately \$20 millions, according to Robert Steadman, state controller. Steadman's solution: The Williams corporation profits tax.

County prosecuting attorneys of Michigan have formally urged restoration of the one man grand jury system. The plan was repealed by the state legislature in 1949 after 32 years' experience. A legislative committee is now studying the three-man law with a

view of recommending changes in the next session.

A committee of the Michigan State Bar recommends appointment of supreme court and circuit court judges by the governor. The governor would be restricted in his selection to a list of candidates nominated by a special judicial council of judges, lawyers and lay members. Salaries would be boosted; term of office lengthened; pensions provided for aged judges.

The University of Michigan, in cooperating with the Detroit News WWJ-TV, will undertake a broad-casting service of visual education this fall. The university maintains an extension division at the Rackham Center on North Woodward avenue, Detroit.

Strengthening of public school administration through a grant of more than \$8,000,000 is announced by the Kellogg Foundation of Battle Creek. The project is nationwide and will be administered through leading universities and colleges. The foundation is financing the W. K. Kellogg Center for Continuing Education—a million dollar hotel—at Michigan State College.

Pertinent to government bonds and war inflation: If American boys are sacrificing their lives in Korea, the least we can do at home is to sacrifice our dollars. Needless inflation, however, is the cause of

needless sacrifice. The 1940 dollar is today worth less than 60 cents. If wages and prices go up further, your dollar will be worth less and less.

To live within an income is a lot easier than trying to live without one.

Provide Power
When a storm or some other cause cuts off the electric power, fortunate is the dairyman who has provided a source of emergency power to do the milking.

USDH Inspection.
Inspection of processed fruits and vegetables is optional, but many packers consider it good business to have their products government-inspected.

TELLS OF INSPIRATION AT WORLD MEET

Concluded from page 1.

These divisional sessions are held at the University of Toronto college buildings and environ churches.

The opening assembly was colorful when representatives of the nations, in native costume, marched down the center aisle of the coliseum to take their places on the platform. The photographers had a gala evening "snap" "flash" or vice versa. The local press are doing a good job covering and reporting the meetings. I wish my friend, Fritz N., could be here. What a time he'd have with his camera.

Each evening there is a special emphasis of a colorful and dramatic nature, prior to or following the address by renowned speakers from around the world, such as Lord Mackintosh of Halifax, president of the World Council of Christian Education; from London, England, Charles Malik (no relation) to Stalin's Malik at the U. N.; Lebanonese Ambassador to the U. S. A.; Dr. Luther Weigha of Yale University; Dr. Toyobiko Kagawa of Japan; Dr. Stephen C. Neill of Geneva, Switzerland; C. W. Li of China, chairman of the World Christian Youth Commission; and others.

I could write much more, but the hour is now late and the Chronicle goes to press on time. I'm enclosing an editorial from the Toronto Globe and Mail of the morning following the opening of the conference which you are privileged to quote in whole or in part.

While over this way, en route to and from Toronto as well as here, it has been our privilege and plan to visit some relatives. I "made up" church at Markham today (my wife's native town of birth) and I plan to make up Rotary when the Toronto Club meets early this week.

We hope to return wiser, inspired and enriched by our multiple experiences, but I'm not so sure about the vacation rest as yet.

Sincerely yours,
MELVIN R. VENDER.
