

## Are You on Twp. Registration List For Nov. Election?

Those Not Registered  
Should Do So by  
Wednesday, Oct. 18

Residents who are eligible voters but are not registered have only until Wednesday, Oct. 18, to get their names on the poll lists.

Those who are not registered will not be allowed to vote at the important election on Nov. 7.

If you voted in the election two years ago, in November of 1948, or at any time since then, you are already registered, and do not have to register again.

If you have voted only in the village election, that fact does not make you eligible to vote in the general election Nov. 7. You must be registered with the township clerk, also.

Important matters of vital interest to all will be decided at the November election. State and congressional as well as county officials will be chosen and there are important proposals up for decision.

If you are uncertain whether you are registered you are urged to check with the township clerk.

## C. C. Extension Group Has Lesson on "Meals For the Middle Years"

Colorful autumn leaves, interspersed with wild purple grapes, decorated the tables in the home-making room in the high school building Tuesday evening when a six o'clock dinner was served to the members of the Cass City Extension Group. This was the first meeting of the fall season. Mrs. E. A. Corpron was chairman of the dinner committee and was assisted by Mrs. Albert Gallagher, Mrs. Arthur Atwell, Mrs. Herman Doerr and Mrs. Don Lorentzen.

Mrs. Doris Benkelman and Mrs. Ernest Croft stressed the importance of proteins in the diet of middle-aged people when they presented the evening's lesson on "Meals for the Middle Years."

Nov. 2 was announced as the date for Achievement Day for Tuscola County extension groups. The event will include both forenoon and afternoon sessions, and will be held at Millington. Each group is asked to furnish two numbers for a style show to be staged in the forenoon.

## C. C. H. S. Band Played at Ann Arbor Game

The Cass City High School band was one of 37 invited to participate in the second annual University of Michigan Band Day last Saturday. The 2,500 musicians, one of the largest groups ever congregated, went through their paces during half-time of the Michigan, Dartmouth game.

The group of 35 from Cass City, including five majorettes, left at six o'clock Saturday morning to be in Ann Arbor in time for a rehearsal at 9:45 in the University's Ferry Field. The band was under the direction of Don Borg.

As they entered the stadium, bands and bandmasters were introduced to the crowd of 97,000 persons.

During half-time, the bands took to the field and formed a huge MICH and USA while playing Sousa's "The Thunderer March" and "Stars and Stripes Forever." They also played Irving Berlin's "God Bless America" and sang a chorus of "The Victors," accompanied by the University of Michigan band.

Other bands from this area participating were from Elkton, Imlay City, Lapeer and Yale.

## Richard Wallace Receives Eagle Award

Mrs. Cameron Wallace pins Eagle Scout award on her son, Richard, during All-Scout night ceremonies last Wednesday. In

the background are Mr. Wallace and James Mark, cubmaster and former Eagle. James Wallace, another son, also has received the rank of Eagle Scout.

## Upper Thumb Athletic Group Elected Officers

**Donald Stamats Is Chosen President and Donald McComb, Secretary**

Donald Stamats, Carp, High School coach, was elected president of the Upper Thumb Athletic Conference at a meeting of principals and coaches at Cass City High School Monday evening. Donald McComb, Caro principal, was chosen secretary-treasurer of the organization.

Fourteen representatives at the meeting came from Bad Axe, Caro, Cass City, Elkton, Harbor Beach, Pigeon, Sebawaing and Vassar. Stamats and McComb replace Lane Ramsdell and Walter Lowell, of Sebawaing, past president and secretary-treasurer of the Upper Thumb Conference.

Members voted to renew elections of an All-Conference football squad this fall. Players on the eight district teams will be asked to vote on the best gridiron eleven on the field this year. Another conference meet has been called for Nov. 8 to compile the votes and determine who will belong to the honorary squad.

The practice of electing an All-Conference squad has been dropped for the last two years.

It was decided at the meeting to have the team winning the basketball championship best to other conference teams at the close of the season.

Members also voted to continue sponsoring a Junior High basketball tournament early in February. Place for the contests has not been set. This will be the fourth year junior players have entered playoffs and finals.

## Truman Ackerman Is Head of Tuscola Bankers' Association

From Gagetown correspondent.

The Tuscola County Bankers' Association met at the Gagetown Hotel dining room for chicken dinner and annual election of officers on Wednesday evening, Oct. 4.

Harold Asplin, president of the Michigan Bankers' Association, and Ray Brundage, executive manager of the association, were guest speakers.

Banks represented were, Vassar Savings, Caro Savings, People's State of Caro, Cass City State, Pinney State, Gagetown Savings, Unionville Savings, Akron State. Visiting banker from the Huron County Association was E. J. Ramseyer of the Elkton State Bank.

No one, either on the land or in the city, can afford soil erosion.

## Contribute 25 Gifts To Veteran Hospitals

Students, who have entered the essay writing contest sponsored by the American Legion Auxiliary in former years, will be interested to know that the topic for the essays this year will be "Michigan's Place in the United States Today." The topic was announced at the regular meeting of the Auxiliary Monday evening at the home of Mrs. Alex Tye. A large number attended and the hostess was assisted by Mrs. Everett Leishman and Mrs. Ella Vance.

The local unit has been asked to contribute 25 gifts for the gift shop in veterans' hospitals.

Members will attend a fall conference either at Deckerville on Oct. 31 or at Saginaw on Nov. 6. The president, Mrs. Arthur Kelley, appointed the following flower and gift committee for the ensuing year: Mrs. Tom Cottick, Mrs. Henry Tate and Mrs. Doris Klinkman.

"Bug" was played following the business meeting with prizes going to Mrs. Jake Wise and Mrs. Frank E. Hall and consolation prize to Mrs. Arthur Little. The door prize was awarded to Mrs. Kelley. Delicious refreshments were served.

## Leonard Damm to Direct Community Chest Drive

Solicitors Will Enter Fund Campaign Oct. 24 to Oct. 31

Leonard Damm, who will direct the drive for funds for the Elkland Township Community Chest, is contacting a corps of solicitors. The campaign starts October 24 and continues through October 31.

The kick-off dinner is scheduled for Monday evening, Oct. 23, when officers of the Community Chest and the solicitors will meet to discuss the various phases of the campaign.

For two years, Elkland Township has participated in the Community Chest project, contributing approximately \$5,000 a year. This amount has been distributed among 12 organizations. Previous to that time, each organization conducted its own individual campaign for funds. As a result some agencies because of the leadership enlisted and dramatic appeal would raise money in excess of actual needs. Others equally necessary would be starved into impotence.

During the existence of the Elkland Township Community Chest, the amount sought for each agency was considered by the Chest board of directors after careful budget scrutiny and in conference with agency representatives. Budgeting represents not only an amount necessary to carry on the services rendered by the agency, but an attempt to evaluate the need, compared with the needs of other member agencies.

In the Community Chest idea officers of the organization analyze the needs of those soliciting funds and determine the amount they should receive, thus making necessary but one drive for solicitors and one payment by contributors instead of 12 separate campaigns.

## Cass City and Bad Axe Play Tie Game Friday

Local Start Scoring in First Half and Bad Axe Ties Score 6 Even

Cass City and Bad Axe fought through to a six to six tie when the two gridiron squads tangled on the Bad Axe field Friday. The score makes one win, one loss and one tie for the Red Hawks in three conference games this year.

Cass City scored in the first quarter on a one yard pass from Tom Schwaderer to Jim Bishop for the Red Hawks' only TD of the game. They held the 6 to nothing lead until the third period when Jack Rochefort of the Bad Axe squad nabbed the ball and carried it seven yards around his own left end, tying up the score, six even.

Both Cass City and Bad Axe place kicks went wide of the goal. A line-man off-side nullified another Bad Axe touchdown at the close of the fourth period.

## To Celebrate Golden Wedding October 15

A former Gagetown and Pigeon couple, Mr. and Mrs. J. Paul Wachner, 17878 Albion St., Detroit, will celebrate their fiftieth wedding anniversary Sunday, Oct. 15, at the Ralph Clara farm, one mile east of Gagetown.

To all their relatives and friends the Wachners issue an invitation to attend open house from 2 to 5 p. m. St. John's Lutheran Church at Berze was the scene of the Helen Schutt-Paul Wachner nuptials on October 10, 1900, with the Rev. George Wacker officiating. The bride party included Mary Sting, Louise Wachner, Otto Wachner and Ned Buerker. The couple made their home in Pigeon and then moved to Gagetown, where Mr. Wachner was in business for many years.

He finds Pigeon somewhat changed from what it was when

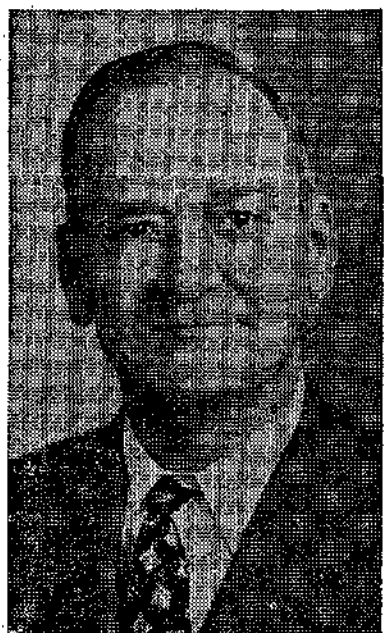

he went there 55 years ago. In those days the town boasted two principal landmarks—John Diebel's house and the Grand Trunk Railway depot. Deep mud roads made the Pere Marquette Railway which ended at Bay Port, seem really luxurious. The Grand Trunk ended at Caseville, and when the Pere Marquette was extended to Pigeon, the five cent fare to Bay Port Quarry made visits to Mrs. Wachner's sister, Mary Dost, a nice afternoon's trip. The years have been kind to the Wachners and they are ready to tackle the second fifty years. They have one son, Clarence Wachner of Detroit, and five daughters, Mildred Clara of Pontiac, Selma Farnell of Milwaukee, Wis., Vera Schmidt and Lorraine Beatty of Detroit, and Eileen Schmidt of Gagetown. They also have nearly a score of grandchildren and great grandchildren.

## John W. Sims to Be Guest Speaker at the Co. F. B. Banquet

John W. Sims, one of the earlier county agents of Tuscola County, will be guest speaker of the Tuscola County Farm Bureau banquet on October 24.

Mr. Sims' most recent achievement was that of receiving his honorary Doctor of Agriculture Degree from M. S. C. in June of this year. Mr. Sims at present time is executive secretary of Ohio Farm Bureau and executive vice president and general manager of Farm Bureau Cooperative Association.

Kenneth L. Baur, organizational

director of Tuscola County Farm Bureau, reports other events of the pre-convention banquet are the county resolutions report by the resolution chairman, George W. Foster, of Fostoria. There will also be several surprise entertainment numbers.

The ham dinner banquet will be served in the Caro High School auditorium at 6:45 by the County Farm Bureau women.

## Four Girl Scouts Achieved Second Class Rank

Girl Scouts who achieved second rank at the all-scout night convocation last week are Janice Bartle, Norma Guinther, Judy Howell and Diane Lee.

Outdoor cooking, personal health and good grooming merit badges were earned by the four Scouts. To finish the requirements they choose work on other badges including mammal, housekeeper, player, outdoor, cat and dog, design, treefinder, clothing, book-binder, swimmer and needlecraft.

Other Scouts in the second grouping are Sharon Ackerman, Marie Gurdon, Donna Griffith, Carol Hulien, Beverly McCloy and Colleen McNamara.

Also on the list are Donna Miller, Janice Youngs, Phyllis Copeland, Patty Urquhart, Frances Kessler, Shirley Wright, Margaret Cathcart, June Englehart, Karen Gracey and Sally Griffith.

## Remodeling of Two Business Places Nearly Completed

Post Office and Mac & Scotty's Store Have Received "Face Lifts"

The remodeling of Mac & Scotty's Drug Store and the post office is nearing completion this week with the laying of yellow face brick along the building fronts. Improvements on the two business places in the City Block were started in August.

The sidewalk was built up to eliminate a step before entering the two buildings and double doors opening into each establishment have been replaced by single doors. The building fronts have been completely remodeled.

The post office has had a thorough face-lifting both inside and out. Along the inside improvements are a new floor and ceiling, installation of fluorescent lighting fixtures, freshly painted walls, new radiators, and a redecorated employee rest room.

According to Mrs. Andrew Bigelow, postmaster, a new screen-line, complete with delivery boxes and service windows has been ordered by the post office and will be installed within six or eight months. A new desk is also planned for the lobby of the building.

The office has also installed a new stamp cabinet for the convenience of employees.

## Annual Gagetown 4-H Club Banquet

Food Preparation members of the Gagetown 4-H Club sponsored a banquet for all club members and their parents.

They planned the menu and served seventy-six persons. Flower Club members, under the direction of Rose Muntz, very nicely handled the table decorations.

Following the meal, a program was enjoyed by all. JoAnn Fisher acted as toastmistress. The program consisted of group singing, pledges, piano solo, tap dancing, toast to parents and a response, and an outline of the summer club work. Miss Jean Gillies, county home demonstrator, was a guest.

She favored the group with a talk. Each member received a copy of the cook book on which they worked during the summer. The club members presented their leader, Mrs. Leota Ashmore, with a gift. The program closed by all singing, "Good Night, Irene."

## Businessmen Make Plans for Christmas Jubilee

Chamber of Commerce to Add New Features to 1950 Program

The publicity committee of the Chamber of Commerce met Monday night to complete plans for Cass City's second annual Christmas Jubilee.

One of the features added to this year's celebration which promises to make it bigger and better than the 1949 program is the addition of children's prizes to the free gifts distributed during November and December. Members estimate that around \$1,800 worth of merchandise will be given away.

Publicity committee members are Jos. Riley, chairman; Howard Ellis, Keith McConkey, Bernard Ross, Frederick Auten, James Gross, George Clara and Jack Hulien.

In addition to distributing gifts, the Chamber of Commerce also is sponsoring street decorations and lighting for the holiday season. Prizes will also be awarded for the most attractively decorated homes.

Gift donations and other contributions are being solicited this week from members of the Chamber of Commerce to help make the Christmas program a success.

## Mary's Onion Could Cause Many Tears

Mary Donnelly, who won a blue ribbon for a basket of vegetables she entered in the Caro Fair last August, is proud of one onion she picked recently from her garden.

It is 16 inches in circumference, about five inches in diameter and weighs just one pound and three-quarters. Think of the tears this onion could produce. Figured by the acre, the garden would yield about 400 bushels.

Mary, who is 11 years old, is the daughter of Mr. and Mrs. William J. Donnelly, who live northwest of Cass City.

## Carl Schell Shows Moving Pictures at W. S. C. Meeting

"Rain or Shine" the members of the Cass City Woman's Study Club seem to be on hand. Tuesday evening almost a capacity crowd gathered in the cozy home of Mrs. Alice Nettleton.

Plans were made for several members to attend the meeting of the East Central District at Richmond on October 17 and 18, and for others to be guests of the Uby Study Club on October 17.

The club president, Mrs. E. L. Schwaderer, read a list of notices from the current bulletin which is sent out twice a year by the president of the State Federation. There were important facts about club interests and projects such as the March of Dimes, the Art Scholarship, the Michigan Mental Health Crisis, and a coming movie, "The Next Voice You Hear," which is highly recommended. If those who see it like it and want more of this type to be produced the suggestion was made that they write to Frank J. Downey, Film Exchange Building, Cass avenue, Detroit, Michigan.

After the business meeting, the program chairman, Mrs. Walter Schell, introduced Carl Schell, who showed splendid moving pictures which he had taken in Yellowstone National Park, in the Black Hills, at the Holland Tulip Festival, in Peace River, Ontario, during World War II and also in and around Cass City.

The next regular meeting will be held on October 24 and Mrs. Frank Reid will be the hostess.

**Notice.**  
The officers of the Tuscola County Chapter American Red Cross wish to state they are not opposed to Federated Fund raising and wish Community Chest and United Health and Welfare success but we cannot participate in their fund raising because of our Congressional Charter therefore will have to conduct our own drive in March of 1951. All persons interested in the local office remaining open save their Red Cross contributions until the annual Red Cross drive.—Adv. 9-29-3

## from the TUSCOLA COUNTY EXTENSION OFFICE

Young farm boys and girls may still enroll in the agricultural short course at Michigan State College for the fall or winter term. County Agricultural Agent Loren S. Armbruster was informed by Vernon C. Larson, short course representative from Michigan State College, that a few vacancies exist. Approximately 12 different subjects are offered varying from general agriculture to specialized training in specific subjects. The county extension office can give detailed information on the short course program.

A recent issue of a daily paper carried a picture and article about Albert Bauer of Reese on a good management practice he is following on the handling of bean fodder after combining. Instead of burning the fodder, Bauer purchased a piece of equipment which is attached to the combine which chops the fodder before it is spread. In this way the bean residue can easily be disked into the soil prior to wheat planting. The vitally important organic matter goes back into the soil instead of "going up in smoke" by burning which is practiced by some farmers. A good management practice like this will pay dividends for a long time. Bauer is a director of the Tuscola Soil Conservation District.

Is your pasture program outlined for next year? If not, there is still time to plant Balbo rye for early spring pasture.

Do not graze your hay or pasture field too short if you expect to produce a good crop next year. Last winter was a good example of what happens to legume stands when over-cropped. Extensive heaving to alfalfa seedling plants was evident with a weaker and thinner crop this past summer.

Jerry Davis, son of Mr. and Mrs. Dayton Davis, Vassar, returned Friday from the 4-H Tractor Maintenance School held at Jackson. The purpose of the school was to train leaders to conduct 4-H tractor clubs in their own counties. The school and the 4-H tractor project are sponsored by the Standard Oil Co. as part of their contribution in furthering the 4-H program. Jerry Davis and the remaining 26 trainees present went through all the phases of tractor maintenance in preparing themselves to be local leaders.

## Former Russian Slave Laborer Tells of Horrors

CINCINNATI—If those who advocate communism for the United States could live in Russia for a few years and get to know the actual conditions they would quickly change their minds, Mrs. Katherine Reitenbach asserts.

Mrs. Reitenbach, who recently arrived in Cincinnati to make her home after five years as a slave laborer in Russian coal mines, says Americans would find it hard to believe the true conditions of that country.

She was born in the United States but moved to Germany with her parents when she was a child. In 1944, when she was living in Yugoslavia, she was taken by the Russians, along with many other German and Hungarian girls, to work in Russia.

In the first labor camp to which she was sent, there were 900 workers, most of whom had been informed they were to stay only a month or two, but the work period dragged into years.

Mrs. Reitenbach said the workers were paid, but they had to produce a set amount of coal to get their pay and then had to give most of it back for their food, which was poor and often consisted of a watery cabbage soup.

Sanitation was bad and many workers incurred scarlet and typhoid fevers.

Women and elderly men do most of the work in the Soviet Union, she said. Men of the Communist party are often assigned to one town for a little while and then moved on. For that reason there is little family life. Homes consist usually of just one room with only a chair, bed and stove.

She said she was informed that there would be world-wide communism, perhaps by 1952, and then be full realization of Communist objectives. Under that plan, everything would be free and workers would receive no pay, because there would be nothing to buy, she said.

Released last November, she went to Germany and then came to the United States to live with her brother.

## Man Who Tried to Give Away \$1,000,000 Dies

LE MARS, Iowa. — Back in 1948, Herman Schultz offered to give away 42 farms valued at a million dollars because "you can't take it with you." Schultz died recently at the age of 77.

The farms were located in Iowa, South Dakota, Nebraska and Minnesota. He gave it to relatives and friends. But before he could give away the rest he was robbed of \$124,000 in May, 1948, and again in May, 1949.

This caused him to lose faith in human nature he said. He added, "Well you can't take it with you and I've found there is more pleasure in pursuit than in possession. I'd give the whole million dollars, though, if I could just take 30 years off my age. I really enjoy living and I've had lots of fun amassing this fortune."

## Run-Away Mules Rout Uninvited Berry Pickers

MT. CARMEL, Md.—Ray Crawford was dusting an onion crop, a very unexciting job—that is until the dusting machine caught fire.

After that things began to happen so fast Ray couldn't keep up with them. Two mules were pulling the duster and their tails caught on fire. The animals reared and took off. Ray jumped clear.

George Jenkins, owner of the farm, went out to check up and found the duster smashed against a tree, one mule that would be out of action for several days with a scorched afterdeck, one mule only slightly damaged, and three women in his strawberry patch.

The women were charged with stealing 15 quarts of berries. "Nothing unusual," said Mr. Jenkins. "We live on excitement around here."

## Italian Coal Shoveler Finds Wallet; Wins Trip to U.S.

WASHINGTON—Giuseppe Bortoletto, 22, Italian coal shoveler from Padua, Italy, received a free trip to the United States all because he was honest.

Bortoletto was shoveling coal in Padua when he found a wallet. It contained \$35 in American money, quite a lot of money for an Italian laborer. He turned it in and went his way.

The wallet had belonged to Veal Phillips, a Virginia coal miner, who lost it over a year ago while working in the Clinchfield Coal corporation mines.

Some Marshall plan officials heard about Bortoletto's honesty and thought he should be rewarded. Before he realized what was happening, Bortoletto was on his way to the United States.

In the United States he appeared on radio shows, saw a coal mine and was toasted by Italian officials.

Hoarding is a self-defeating game in which everyone loses.

## DEFORD

Local W. C. T. U.—

On Thursday afternoon, eight members and one visitor gathered at the home of Mrs. Carrie Retherford for the monthly Woman's Christian Temperance Union meeting. Mrs. Edna Warner called the meeting to order, Mrs. Lula Roblin gave the devotions and Mrs. Jean Kilgore presented the lesson on "Ways Our Churches Should Fight the Liquor Traffic." The chairman, Mrs. Warner, then challenged the group to vote, to know who they are voting for, and to know about the bills to be voted on.

Dues were paid for nine members. The hostess served a delicious lunch. Everyone is welcome to any or all of these meetings.

There were 12 youths out for Sunday evening youth meeting. Won't you all come and join the youth group? An invitation is extended to all.

Callers at the Earl Rayl home Sunday afternoon were Mr. and Mrs. Leon Childs and sons, Donald Clark and Mr. and Mrs. Theron Bedell of near Akron, Mr. and Mrs. Earl Rayl, Sr., Mr. and Mrs. Ken McCrea and Dickie, Mr. and Mrs. Harold Rayl and Rona Lou, Peter Malace and Mr. and Mrs. Edwin Rayl and Rena.

Mr. and Mrs. John Field were Sunday visitors at the home of their daughter, Mrs. Harvey Walker, and Mr. Walker of Argyle.

Mr. and Mrs. Isaac Tedford and son, Mr. and Mrs. Floyd Rondo and daughter, Mr. and Mrs. Vonley Wright and family, Mr. and Mrs. Vern Green and family and Mr. and Mrs. James Hutchinson, all of Pontiac, Mr. and Mrs. Geo. Huffman and family of Columbiaville, Mr. and Mrs. Delbert Martin, Mr. and Mrs. Lawrence Martin of Caro, Mrs. Max Agar and family of Cass City, Mr. and Mrs. Geo. Godden and Mrs. Pauline Coland of Capac and Mr. and Mrs. Don Clark and family of Decker gathered Sunday at the John Clark home in honor of Mr. Clark's birthday.

A potluck dinner with a birthday cake and ice cream was served. Monday Mr. and Mrs. Russel Clark of Imlay City ate dinner with their parents.

Mr. and Mrs. Lew Sherwood spent Sunday and Sunday night with their daughter and family, Mr. and Mrs. Paul Moore, of Royal Oak and also called on Mr. and Mrs. Ray Hamlett of Pontiac.

Mr. and Mrs. Charles Downer of Pontiac spent Saturday and Sunday with Mrs. Howard Malcolm. Mrs. Arthur Bruce was a guest also. Norman Bentley spent Saturday evening at the Malcolm home to visit with his sister, Mrs. Downer.

Alvah Spencer and two children of Auburn Heights were Sunday visitors of Mr. Spencer's parents, Mr. and Mrs. George Spencer. Monday Mr. and Mrs. Nelson of Caro were callers at the Spencer home.

Mr. and Mrs. Guy Woolman of Marysville spent a few days last week at the John McArthur home. Friday Mr. and Mrs. Woolman were guests of Mrs. May Sherk.

Mrs. Joe Kelley and Mrs. Roy Taylor and son of Saginaw spent Thursday at the home of their parents, Mr. and Mrs. Wm. Kelley.

Mr. and Mrs. Walter Kelley were Sunday dinner guests of Mr. and Mrs. Lewis Severance at Akron. In the afternoon they all drove to Bay City to call on Mrs. Clara Kelley, a patient at the Mercy Hospital.

Mr. and Mrs. Mark Smith of Kalamazoo spent from Friday to Sunday with their parents, the Howard Retherfords. Saturday evening they were entertained for supper at Mrs. Smith's brother Arlo's home, it being Mrs. Smith's (Joyce) birthday.

Mrs. Bertha Purdy of Lapeer spent Sunday afternoon with Mr. and Mrs. H. Retherford. Mrs. May Sage and daughter, Nita Manley, of Reese were Saturday callers at the Howard Retherford home.

Teach your children to be safety-minded. Otherwise they will have to learn the hard, dangerous way.

## Most Primitive

Among the world's most primitive extant people are the "nomads of the long bow," the Siriono Indians of northern and eastern Bolivia. Widely scattered in isolated pockets of swampy forest, these naked nomads are probably the remnants of an ancient population exterminated or absorbed centuries ago by more advanced Indian invaders.

Tomatoes, cucumbers, squash, and lettuce all have a higher percentage of water than watermelons, and turnips have almost as much.

## Marco Polo

Marco Polo was only 17 years old when he set out on his fabulous voyage to China. At the time, young Marco had a lot of adventurous spirit and very little experience as a world traveler. He made the hazardous trip in the company of his uncle and his father who both were seasoned explorers.

Long Awaited  
Whooping Crane  
Born, Killed

AUSTWELL, Tex.—Bird lovers throughout the world were thrilled with the announcement that the first whooping crane ever born in captivity had hatched near Austwell.

The joy, however, was short lived, because the baby crane, named Rusty, disappeared within a few days and is believed to have been killed.

Bird lovers had been hoping for a long-legged hopper for years, because whoopers are all but extinct. There are only 37 of the cranes, tallest birds native to North America, throughout the world. A special refuge was established near Austwell in the hope they would multiply.

Some time ago, a pair of love-smitten whooping cranes named Josephine and Crip raised hopes that soon there would be 38 to their family. Josephine built a nest and laid an egg.

The news went around the world. Josephine and Crip started taking turns sitting on the nest. It wasn't long before she tossed Crip out, however, and monopolized operation incubation.

Thirty-two days later the first whooping crane to be born in captivity was hatched. In a couple of days he could be seen running around in the 150-acre enclosure with his parents whooping along after him.

But one morning a few days later there was no Rusty, as he had been named. It is believed he was killed.

Discovery of Old Coins  
Revives Pirates Stories

ASBURY, N. J.—The discovery of 35 gold and silver coins of Spanish, French and English issue dating from 1702 to 1794 at Asbury Park has revived legends of pirate treasure supposed to have been buried along that section of the Atlantic coast.

They were discovered in an excavation being made about 300 feet from the ocean shore. The municipal superintendent of maintenance said the money was in what evidently had been an old leather pouch which was badly decayed.

The coins evidently had been brought to the surface by a power shovel being used in the excavation.

Wonder Working Hormone  
Relieves Asthma Victims

CHICAGO — Dr. Theron G. Randolph and John P. Rollins, of Northwestern University, have announced that the most stubborn cases of asthma are yielding to ACTH, the wonder-working hormone.

The doctors reported the wheezing patients, so severely afflicted they are unable to walk, to talk in complete sentences, or to walk up a flight of stairs, are finding complete or partial relief.

The doctors report ACTH will be used in the tough, advanced cases—those for which the cause remains hidden. The scientists told of treating 10 asthmatics and three hay feverites falling into that category.

One, a 54-year-old man, had asthma so severely he once fasted for 21 days to get relief. He had undergone surgery, X-ray, radium and other forms of treatment with no success.

Twenty-four hours after starting on ACTH he had complete relief. After being taken off ACTH he had recurrences, but each succeeding treatment was successful.

Protection after using ACTH is not permanent. It must be repeated at intervals of a few weeks.

Marine Private Battled  
Nazis When Only Fourteen

CAMP LEJEUNE, N. C.—When Marine Pfc. Lawrence R. Lambert of New York tells of fighting Nazis and Fascists at the ripe old age of 14, many of his buddies are a little skeptical but his is no idle boast.

Born and raised in Italy, Private Lambert participated in many partisan sabotage activities including bridge blowing, sniping and small scale warfare, when the Germans occupied that country.

Even though he was a native Italian and didn't enter the U. S. until 1940, Lambert is a fully naturalized citizen under United States law because his father came to this country in 1939 and became an American citizen before his son had reached his 18th birthday.

Admiral Denfeld Private  
In Artillery Company

BOSTON, Mass. — The admiral is a big shot in the navy, but in the army he's just a private. In the Ancient and Honorary Artillery Company of Massachusetts, at any rate.

In the annual parade recently of the company that was founded in 1638 to fight off Indians in Massachusetts, now 812 years old, there marched the admiral, carrying a rifle. He was Adm. Louis E. Denfeld, retired, former chief of naval operations.

He joined the outfit recently as a private.

Tuition is oppressively high in the school of hard knocks.

## MSC Aids U. N. Flag Project

Mobilization of Michigan's home demonstration and 4-H sewing clubs to make United Nations flags is now being conducted by Michigan State College's Cooperative Extension Service. Goal of the program is a U. N. flag flying over most Michigan rural communities on United Nations Day, October 24. The flag making is a nationwide project.

Shown here is the production of one of the first flags by members of home demonstration clubs in Ingham county. Left to right are Mrs. Max Warfle, Dansville; Mrs. Annette Schaeffer, Ingham county home demonstration agent; and Mrs. Fred Bullen, Mason.

The "Betsey Ross" flag making project was suggested a short time ago by a special farm organization United Nations Day sub-committee. The Extension Service was chosen to lead the program because of its many field agents, serving in all of the nation's counties. Farm and civic organizations are taking part in the movement.

## Toughest Fight

Jack Sharkey, the ex-heavyweight champ, was in the Stork Club, where he said that his is the unique distinction of having fought both Jack Dempsey and Joe Louis. In reporting his financial returns for these fights, Sharkey brushed his left jaw and said: "Dempsey hit me there, with a \$211,000 right," then touched his right jaw and said: "And Louis flattened me here, with a \$36,000 left."

"Who gave you your toughest fight?" Sharkey was asked.

The gallant Bostonian paid the proper tribute. "My toughest fight was with my Old Lady."

## STRANGE REQUEST

A lawyer named Strange was asked by a friend what he would like to have inscribed on his tombstone.

"Just put 'Here lies an honest lawyer,'" he said.

"But," said the friend, "that doesn't tell who it is."

"Certainly it does," the lawyer argued. "Passers-by will say, 'That's Strange.'"

## Who Runs America?

the Congress?

the President?

OR YOU AND THE MAN NEXT DOOR?

**RUNNING AMERICA** is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

**IN MUCH OF THE WORLD** today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

**FREEDOM COMES UNDER ATTACK.** The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

**THE PEOPLE WEIGH THE FACTS.** In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

**THE "GRASS ROOTS" SIGNALS CONGRESS.** In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

General Federation of  
Women's Clubs  
American Farm Bureau  
Federation  
National Grange  
Veterans of Foreign Wars  
National Conference of  
Catholic Charities  
American Protestant  
Hospital Association

American Legion  
National Association of  
Small Business Men  
United States Chamber of  
Commerce  
National Association of  
Retail Grocers  
National Retail Dry Goods  
Association  
American Bar Association

Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the prideful security of a free and self-reliant people!

## THE VOLUNTARY WAY IS THE AMERICAN WAY!

Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. Today

in America—70 million people are protected by Voluntary Health Insurance! Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

## SHORT STORY

By Richard Hill Wilkinson

### "Doing Better"

3-Minute Fiction

Laurie, Sam Edgewater's pretty daughter, brought in the news. "There's a nester squatting in our lower range," she said. "He's building himself a home, and when I told him to pack up and get out he laughed at me. More than that he was rude and insulting!"

Sam Edgewater took one look into his daughter's angry eyes and sent for Tex Tremont and Chuck Wellington. Tex and Chuck had worked for him for 20 years.

Sam explained briefly what Laurie had said, and added: "We'll ride down and warn him off. No violence this first trip. But we'll make it clear he ain't going to be allowed to stay. This here's my land by right of settlin' it."

En route to the lower range Sam felt to wondering how it was that the nester had proved insulting. A young man was howling logs in a clearing when the trio rode up. He drove his axe into a tree trunk and looked up at them, smiling pleasantly.

"Howdy gents," he said. "Climb down and squat awhile."

"Never mind the formalities, mister. I'm Sam Edgewater and I own this property. We don't tolerate nesters."

"They told me I could come down here and pick myself a home. It'd be mine if I improved it some. And I aim to improve it."

"This here's been my property for 20 years. It's mine by right of conquest," Sam roared.

The redhead grinned. "Well, if you got papers to prove it's yours, I suppose I'll have to get off. Otherwise, I'm staying."

Sam's face grew purple. He turned to Chuck and Tex. "Boys, you forget what I said about warnin' this jigger. We're gonna have a show-down right now. Kick him out!"

None of them saw the redhead move, but suddenly he had a gun in his hand. It exploded and Tex was staring down at his shattered wrist.

The redhead wasn't grinning. He looked at Chuck. "Well, mister, I guess you're Edgewater's hired gunman too. How about it, want to try earnin' your pay?"

Chuck looked mad but helpless. He wasn't a fool. Sam recovered after a moment from the shock of what had happened. He ordered his men back on their horses. "O. K.," he said. "You win this play, Red, but we'll be back."

"Yeah," jeered the redhead. "Next time bring a dozen with you. Eight days later Sam rode down to the lower range at the head of seven grim-faced punchers.

"Sun," said Sam Edgewater, "we don't want to hurt you none, but we

The redhead wasn't grinning. None of them saw him move but suddenly he had a gun in his hand.

aim to kick you off this land. You must have sense enough to realize you ain't got a chance, playing a lone hand."

The redhead grinned. "The government," he said, "allowed I could have this here land. However, you look to me like a square shooter, so I'll make you a square proposition. I'll take on any three of your heroes single handed—and agree not to marry your daughter if they beat me."

"Agree not to what?" Sam bel lowed.

The redhead looked surprised. "Shucks," he said, "I thought Laurie had told you we were fixin' to get married. You see, I kissed her the first day she come down here and that sort of settled things."

"Laurie! Is what this young whipper-snapper says, true? Is it?"

Laurie looked at the young whipper-snapper, then at her father. "He did kiss me that first day I came down," she said.

Sam stared at her and swore under his breath. After a moment he turned his horse and galloped away, and the punchers galloped after him. Laurie confronted the redhead and her eyes were angry.

"That," she said, "was about the most—the most—" Her expression softened, because Red was grinning. The most unromantic way of proposing," she finished.

"I can do better," said Red. "Want me to?"

Laurie didn't answer. She didn't have to.

The basic premise of Communism is deceit and hypocrisy.

There will be no necessity for running around in circles if you take time to figure out all the angles.

## Bats' Radar

Bats are able to fly in complete darkness because of their own built-in radar systems. The explanation offered is that these creatures locate and avoid obstructions in their way by making supersonic cries which are echoed back from the objects—as identifying electronic "echoes" come back to radar gadgets. The night-flying technique of the creatures was revealed by experiments in which blindfolded bats were able to get about without mishap, while those with their ears covered could not.

The world is moving forward so fast that the man who says it can't be done is very often interrupted by the announcement that someone has done it.

Americans should remember that a powerful and aggressive force is on the march, determined to take from us both freedom and justice.

Notice by County Drain Commissioner of Meeting of Board of Determination. State of Michigan, in the office of the Drain Commissioner of the County of Tuscola.

In the matter of the Knight Drain. Notice is hereby given, that on the 12th day of July, 1950, a petition was filed with the undersigned County Drain Commissioner for the County of Tuscola praying for the cleaning, deepening and extending of Knight Drain.

That upon the 27th day of September, 1950, the undersigned filed with the Honorable Almon C. Pierce, Judge of Probate, a petition asking for the appointment of a Board of Determination. That said Judge of Probate having appointed Grover Laurie, Arthur Debusel and Lawrence Wilson as such Board of Determination.

Now, therefore, said Board will meet at NE cor. of NW 1/4 of Sec. 9, 34th and 2nd, on the 1st day of October, 1950, at 10:00 o'clock in the forenoon of said day to determine the necessity of cleaning, deepening and extending the Knight Drain.

Therefore, all persons, municipalities and highway officials interested in the proposed cleaning, deepening and extending are requested to be present if they so desire.

Dated at Caro, Michigan, this 29th day of September, 1950. EDWARD MILLER, County Drain Commissioner of the County of Tuscola.

## First Coins

The first coins were in the form of gold rings that had to be weighed and tested for their purity every time they changed hands. They were used in Egypt during the 18th Dynasty.

Model For The Wrights. The "Pterodactyl" might have been hired by the Wright brothers as a model had he lived later. This flying reptile who existed between the glacial periods had a wing spread of more than 20 feet.

## Customers' Corner

Did you ever wonder what treatment is given the letters you write to Customers' Corner? Here's what happens to every letter received:

1. The letter is referred to the particular department or store involved for their study and reaction.
2. Once we get the necessary information your letter is answered.
3. If the subject is too complicated to be covered fully in a letter, a company representative visits you.
4. Your comments and suggestions are added to those of other customers to give us a better picture of what our customers want.

In other words, each letter is given the most careful consideration. Won't you let us have your suggestions as to how we can make your A&P a better place to shop?

Smith - Wheeler Nuptials at Wayne

The First Congregational Church of Wayne was the scene of the wedding of Miss Jane Smith and Lyle Wheeler, both of Wayne, on Wednesday, Sept. 20, at seven o'clock.

The bride, given in marriage by her father, E. C. Smith, of Wayne was attired in a white satin gown and carried a bouquet of white bebe mums and white roses. Her maid of honor, Miss Beatrice Talaska, wore green taffeta, and the bridesmaids, Miss Kay French and Miss Jean Johnson, yellow taffeta. The groom's attendants were his brothers, Carl as best man, and Ronald as usher; and Samuel Rohraff, usher.

Mrs. George Smith of Drayton Plains, aunt of the bride, sang "Because" and "I Love You Truly" before the ceremony and a reception in the church parlor followed immediately after the wedding.

Mrs. Wheeler is a graduate of Wayne High School and a former office employee of Kresge. She is the granddaughter of Mr. and Mrs. Herman Stine. Her mother, Mrs. E. C. Smith, and her aunt, Mrs. George Smith, are daughters of the Stines who attended the wedding and reception.

The newlyweds reside in Norwayne since their return from their honeymoon in northern Michigan.

The program of both afternoon and evening included group singing led by Dr. W. P. Haist of Pigeon, special music and an address by Rev. Don Porteous, pastor of the Federated Church at Owendale. At six o'clock a banquet was served by the ladies of the Pigeon church.

Donald, Dale and Esther Buehly; Wm. and Hope Wurtz; Eunice, Donald and Wm. Tuckey; Ronald Silvernail, Richard Joos, Rae Marie Pombroy and Phyllis Copeland, all members of the Youth Fellowship, and Rev. and Mrs. S. R. Wurtz, all of Cass City, were among those in attendance.

99 Hereford Sold For \$48,122.50 Near Marlette Saturday

M. C. McLellan and Carlton Buehly, both of Cass City, each bought two cows at the Jensen Hereford Farms' dispersal sale northeast of Marlette on Saturday and were among nearly 400 Hereford breeders from Michigan, Illinois, Indiana, Ohio and Ontario to attend the sale. Ninety-nine high grade purebreds were sold for \$48,122.50.

Highest selling animal of the sale was a herd sire, JF Proud Mixer 7th, bought for \$2,500 by Emerson Marting, Washington Court House, Ohio. Another herd sire sold for \$1,300 to Victor Greene, Mount Vernon, Ohio.

Top female was a two-year-old cow bought for \$910 by Will G. Braun, Washington Court House, Ohio. Pioneer Ranch, Cheboygan, bought another for \$885.

The 18 bulls averaged \$628.50 each, and the 86 females \$464.58 each. The 21 steers averaged \$189.40.

Speaker Chosen for Achievement Day

M. D. Graham of Concord, Mich., will appear as speaker at the annual Women's Extension Achievement Day in Millington, Nov. 2. Mr. Graham is the executive secretary of the National Retail Hardware Dealers' Association. His tales of Michigan history go back many years and he presents them in an interesting and humorous manner. He has studied the natural resources of our state and how it ranks in the nation in production of various commodities.

Mr. Graham appeared on the program for Homemakers' Conference at Michigan State College this summer. Tuscola women attending the conference requested that he speak at the Tuscola County's Achievement Day.

KATHLEEN NORRIS Thrashing Pupils

IN THE CALIFORNIA college town at Berkeley, Calif., a movement was recently inaugurated to restore the old custom of whipping as a punishment for refractory children in schools. It appears now to be a lost cause, and Berkeley's mothers and fathers are drawing a long breath of relief mingled with indignation.

But that isn't the whole story; even to those of us who can remember the frightened helpless tears of small boys ordered to report to the principal's office, and the swollen hands and tear-swollen eyes of gentle little girls who had felt Teacher's merciless rod. Naturally, we regard that cold impersonal beating of our loved youngsters as a relic of barbarism, an admission of the failure of school discipline and control. But it isn't the whole story.

The story includes children who simply cannot be reached by any other means than that of bullying, of breaking of the spirit, of physical pain and shame. There are many such children.

**Unmanageable Child**  
They are children who have had no home training at all. They do not know the words duty, obedience, attention, respect, manners. They are sent to school to be gotten out of the way; nobody at home ever suggests that they try to make the teacher's task easier, that they do their home work conscientiously, that they learn to concentrate. They don't know what school is. They don't know that civilization has painfully developed schools, and that every hour in a school is paid for by taxpayers and that Amer-

"... the unmanageable child ..."

ica spends millions upon millions every year to give every one of her little sons and daughters training in educational essentials, athletic development, capability to accept the right calling in life, when it offers itself.

Every teacher of the grade school classes knows the unmanageable child. Sometimes it is a girl, more often a boy. The boy is a smartly show-off. He isn't afraid of anyone; he doesn't have to obey anyone. He laughs joyfully if he is dragged bodily into school. His idleness, his sneers, affect all the other children. He knows how to punish the teacher, and he punishes her through weary lesson hours, exhausting her energies and delighting in increasing signs of her helplessness.

A certain 13-year-old boy, put back into a class of 10-year-olds, was such a boy. He bullied smaller boys, answered the teacher with varied insolence, and one day thrust out his foot as she walked down the aisle. The teacher, a gentle, 55-year-old woman, fell heavily, and the boy's grinning denial that he had done it filled the smaller boys with admiration.

Bit Right Person

A long, long time ago I was substitute teacher for a week in a small private school. In the school was a 9-year-old named Stuart. Stuart was a heavy, blubbery sort of child who had been left entirely to oriental servants, and had had his own way all his life. Stuart threw ink about, pulled curls, kicked the shins of smaller boys, and finally took up his stand in the yard, and for three days would not come into school. Twice I dragged him in, and twice he made himself heavy in the mysterious way a child can, and it was with difficulty that I could pull him off the ground. Meanwhile school hours were lost, and the other children stood about entranced.

The board of managers, church folk all, arrived in a body to criticize. Stuart's elegant mother was among them. She was the one who asked if a teacher was not expected to win the love of the children. And she went to put a motherly arm about Stuart. Stuart bit his mother's wrist until the blood ran. I was shocked; we all were. But I felt that if Stuart was going to bite anyone, he had chosen the right and responsible person.

It seems to me that if we parents are going to ban physical punishment in school—and I believe we should—that we should also find the solution for the teachers' problem when one of those completely incorrigible children comes along. There is no such thing as a naturally bad child.

What can the teachers do with such a boy? Inasmuch as his parents have done nothing for his development into decency and self-control, how can she be expected to carry on a work that never has been begun?

CASS CITY HOSPITAL

Joseph Stankula of Unionville was admitted Thursday with a badly mangled right hand which was caught in a beet harvester. He was discharged Tuesday.

Franklin Lawson of Decker underwent bone surgery Tuesday on his leg which was fractured.

Jerome Root of Cass City underwent surgery Tuesday.

Another patient in the hospital Wednesday forenoon was Mrs. Mary Caulfield of Gagetown.

Patients recently discharged were: David Splan of Snover following a tonsil operation; Edward Rabinow of Elkton; Colleen Oakes and Alex Marshall of Kingston; Mrs. Edw. Marshall and baby, Jos. Gruber, Patsy McConnell and Le-Marr Herr of Cass City; Mrs. John May and baby and Mrs. Bruce Wentworth and baby of Decker; and Mrs. Joseph Katnik of Gagetown.

PLEASANT HOME HOSPITAL

Born Oct. 9 to Mr. and Mrs. Tracy Mousel of Detroit, a son.

Roger Ashmore, 8 year old son of Mr. and Mrs. Chas. Ashmore of Overdale, was admitted to the hospital Sunday afternoon with a fractured left femur. He was placed in a body cast and has been discharged.

Other patients admitted during the past week and since discharged were: Mrs. James Brown of Snover, Milford Ryan of Akron, Mrs. Leoline Caswell of Decker, Mrs. Lyle Curry of Kingston, Mrs. Howard Brennenman of Fairgrove, Mrs. Albert Grifka and Alice Walker of Uby, Arlie Watson and Mrs. Fred Wright of Cass City.

Patients in the hospital Wednesday forenoon were: Mrs. Leo Hall, Theron Hopper and Andrew Barnes, Sr., of Cass City; Mrs. Tina Davis of McGregor; Edw. Rabinow, Mrs. Earl Congdon, Jack Rose and Mrs. Chas. Barriger of Caro; Mrs. Alden Agar of Marlette; Mrs. Roy Cowles of Silverwood; and Mrs. Kenneth Cham-payne of Kingston.

"Hurts Me More Than You"

A mother in Berkeley, California, had five stitches in her spanking hand because her three-year-old son put a pair of scissors in his back pocket for protection.

Grandpappy's right leg was hurting quite a bit and the doctor said, "Old age." Enraged, Grandpappy shot back at the doctor, "My left leg is just as old, and it don't hurt a danged bit."

Colorful Kitchen

One sparkling, clean-looking kitchen features a white ceiling, turquoise walls, woodwork and cabinets. The shelves, alcoves and work surfaces are accented with deep blue-green and rose. The floor color is also blue-green.

Thailand

The last census reported that five-sixths of the workers in Thailand were farmers or fishermen. The paddy farmers raise enough to make the country the world's largest rice exporter. Rubber and tin production is increasing. Other crops include sugar, coconuts, tobacco, pepper, and cotton. Among livestock, elephants rank high. They move giant teakwood logs through the dense forests of north Thailand.

The want ads are newsy, too.

Swimming Tips

After a hearty meal, wait at least two hours before swimming. If you tire easily, stay in shallow water. Get out of the water and get dressed when you feel tired or start to shiver. Get an instructor's advice about diving; so that you learn to dive properly.

Memorial Day

Although it is fairly new in this country, the idea of Memorial day is a very old one. It stems from the solemn Greek rite of "Zoa," and the Roman "Parentalia." There are special days for honoring the dead throughout the world. In France the dead are remembered on the "Jour des Morts," in Rumania on the "Eve of Trinity," and in the East Indies and parts of China on a day called "Ching Ming."

## Grassland Farming Is Most Mechanized Farmers Find Meadows Cheapest Feed of All

Grassland farming continues to spread throughout the United States and has become an example of the mechanization of farm jobs.

Farmers are switching to more and more grass because they have learned that grass is the cheapest of all feeds and that grass also conserves the soil, increases yields of intertilled crops and is the easiest

The New Holland field forage harvester can chop up to 15 tons of hay per hour in lengths ranging from 1/4 to 4 inches depending on how many knives are used.

of all crops to harvest and handle. One of the major reasons grass is cutting dairy production costs as much as 25 percent is the sharp reduction in labor costs. With grassland machinery, today's farmers can make hay and grass silage in half the time it once took them. Since the 1930's, when farmers were urged to cut down on corn and small grain, the grasslands of the nation have increased tremendously.

And with the increase manufacturers have produced farm machinery with which to cut, chop, bale and store this low cost farm feed.

One of the newer machines in modern farming is the field forage harvester. This power take-off unit can chop up to 15 tons of hay per hour. Attachments let the farmer use the same basic unit for chopping corn at up to 20 tons per hour.

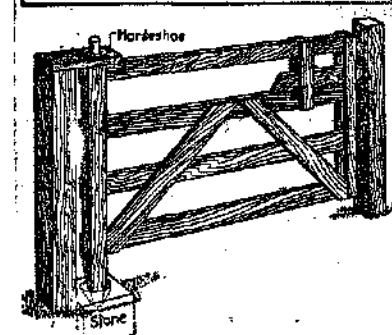

## Avoid Fall Milk Drop By Good Management

Most of the drop in milk production in late summer and fall can be prevented by good planning and management.

Good permanent pastures, supplemented by temporary pastures of sudan grass or some other hot-weather and drought resistant pasture, suited to the land and climate conditions, will mean more milk at less cost. In many cases, failure to avoid the slump in milk production is because dairymen do not recognize that summer and fall pastures are not as nutritious as early, succulent, high-protein pastures.

Even though summer pastures may look good, it is necessary to feed a limited amount of a well-balanced grain ration if the summer and fall milk production slump is to be avoided. Enough feed in mid and late summer will hold production higher and allow cows to go into the fall and winter months producing well and carrying good flesh.

## Both-Way Gate

A convenient both-way gate does not require any hinges or any hardware material at all. It can be made any height or length desired. Have a 2x4 at each end which extends up about two inches higher than the gatepost and far enough below to go into a hole in stone at the foot of the gatepost. Nail a board at top of gatepost with a two-inch hole in it for the 2x4. On the other side have a hole one inch wide and three inches long chiseled in the post at the other side.

## Pyrene Is Effective Control of Horse Flies

Horse flies are troublesome pests during the hot months and difficult to kill. Extension entomologists suggest the use of pyrene as an effective control of horse flies.

Pyrene, although expensive, will control horse flies on cattle for about one week. One part of pyrene to nine parts of water is recommended. About two pints to each cow is needed. This should rid the cow

Stretch Your Eyes  
"Let's take an old fashioned walk" is a good suggestion for getting out and enjoying spring with the youngsters.

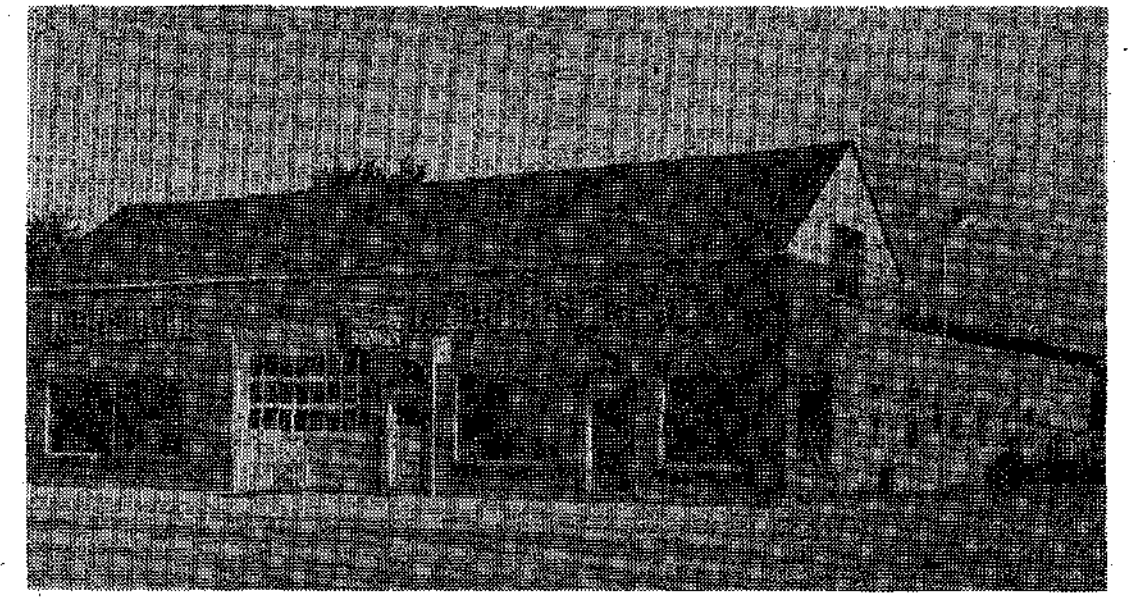

As you walk, teach the children how to "stretch" their eyes—and their ears — so they get the full benefit of nature. You'll see all kinds of birds, leaves, flowers, and insects when you "stretch" your eyes. And you'll hear bird calls, the wind, and many other wood's noises as you "stretch" your ears. Children who learn to enjoy the outdoors will have a ready source of many hours of entertainment as they grow up.

"Regimented" Atoms  
"Regimented" atoms behave much better than those in a "disordered" condition. Lining up atoms like platoons of soldiers greatly improves the properties of magnetic materials.

## GOOD HEALTH

### Answer to Question No. 1:

1. Hemorrhage has been the outstanding cause of maternal death but it is being conquered. Many hospitals have adopted blood transfusion programs so that childbirth is now much safer. For instance, after the Woman's Clinic of New York Hospital put in such a program only one death from hemorrhage occurred in 14,000 deliveries.

### Answer to Question No. 2:

2. For the same reason that cancer and heart diseases are increasing—we now live long enough to develop such ailments. America has made astounding progress in recent years and, as one disease after another has been conquered and more and

more health services are available to our people, medicine has been faced with the problem of attacking a new group of diseases. The attack on diabetes has triumphed—it can be detected early and often prevented, provided you follow your doctor's advice.

### Answer to Question No. 3:

3. Not any more. Smallpox has been all but eradicated as a cause of death in the United States and in some areas is so rare a disease that many young physicians have never encountered a case. Diphtheria, typhoid fever, and whooping cough are other diseases which have been reduced radically by preventive techniques which are a commonplace nowadays.

### Silk

Although silk is still the raiment of royalty, it is no longer barred by law or cost. Its fabrics range from wisps of silk tulle to deep piled velvets and rich brocades all designed to adorn and please her majesty, the American woman.

### Early Skier

One of the earliest skiers on record in the United States was a Norwegian-born postman known as "Snowshoe Thompson." In 1880, he set up a winter ski route between northern California and Carson Valley, Nevada, along which he delivered the mail for the next 20 years.

## RESCUE

Mr. and Mrs. Earl Maharg of Mayville were callers Tuesday afternoon at the home of their cousins, Mr. and Mrs. Kenneth Maharg.

Mrs. William Ashmore, Jr., of Gagetown was a caller Thursday at the home of Mr. and Mrs. William Ashmore, Sr.

Mr. and Mrs. Raymond Tate and son, Robert, of Cass City were Tuesday evening visitors at the home of Mr. and Mrs. Raymond Roberts.

It has been reported that Sanford Powell has purchased the O'Rourke farm better known as the late Enoch Turner farm.

After the youth fellowship meeting Sunday evening at the Grant church, the following ladies will serve refreshments to the young people, Mrs. Howard Britt, Mrs. Frank MacCallum and Mrs. Lawrence Moore.

The Woman's Society of Christian Service will meet next Thursday with Mrs. Hasket Blair, the leader. This next week is a week of prayer and self denial. On Oct. 27 they will meet at the church and have invited the Uby society as guests. The speaker will be a missionary from China.

Mr. and Mrs. Richard O. Loos and children of Port Huron visited relatives around here Saturday and Sunday.

Mrs. DeEtte J. Mellendorf accompanied her daughter and husband, Mr. and Mrs. Levi J. Helwig, and daughter, Joyce, to Port Huron Saturday and will visit her son and wife, Mr. and Mrs. Perry E. Mellendorf, and also attended the golden wedding anniversary of her cousins, Mr. and Mrs. Hamilton L. Caryl, on Sunday. Mrs. Mellendorf will remain to visit relatives there a short time.

Mr. and Mrs. Roy Strong of Gagetown were supper guests Thursday at the home of their daughter and husband, Mr. and Mrs. Thomas Quinn, Jr.

The Grant-Elkland Grange will meet at the Bird Schoolhouse with Mr. and Mrs. James Milligan of Cass City as host and hostess. An election of officers will take place at their meeting on Friday evening, October 13.

### Needs The Food

Curtis goes to a state, noted for fishing, once a year on a fishing trip. The last time he was up there the fish were biting so good that he couldn't stop when he had caught the limit.

A deputy game warden caught him with the goods and brought him into court.

"You are charged with having caught 18 more black bass than the law allows. Are you guilty or not guilty?" the judge asked.

"Well, I'm guilty," Curtis had to admit.

"Ten dollars and costs," Curtis paid the fine and then asked the judge: "And now, Your Honor, may I have several typewritten copies of the court record made to take back and show to my friends?"

### Hold That Tiger!

"When I was in India," said the club bore, "I saw a tiger come down to the water where some women were washing clothes. It was a very fierce tiger, but one woman, with great presence of mind splashed some water in its face—and it slunk away."

"Gentlemen," said a man in an armchair, "I can vouch for the truth of this story. Some minutes after this incident I was coming down to the water, I met this tiger, and, as is my habit, stroked its whiskers. Gentlemen, those whiskers were wet."

An educated man is one who knows there are some questions which nobody can answer.

**Oregon's Trees**  
Oregon is renowned for its big trees. The American Forestry association reports the largest living specimens of bigleaf maple, black cottonwood, grand fir, Pacific dogwood, Ponderosa pine, red alder, vine maple, and yew are in that state.

**Insecticides**  
Nearly all insecticides are classed as poisonous. J. O. Pepper, extension entomologist of the Pennsylvania state college, warns users of insecticides to keep these materials out of streams where they might be harmful to fish.

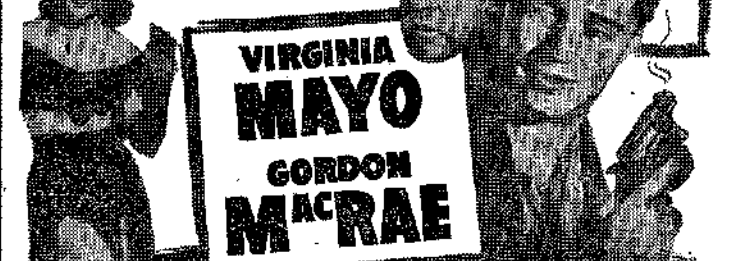

**Garment Protection**  
You can protect your garments from the destructive action of perspiration by having them cleaned regularly. The mechanical action necessary to clean clothes removes the bacteria, skin scales, and soil and dirt from the fabric. Drycleaning solvents dissolve oily types of soil. Therefore, the sebum or oily part of perspiration is removed by cleaning garments in dry solvents.

**What Price Tariff**  
There is an import duty of 14 cents on every pound of refined nickel shipped into the United States although hardly any nickel is mined in the 48 states.

## fall is SAVING time

Yes, fall is a time of the year when we naturally think about saving up for winter. It's a good time to look ahead, to do some planning, to get set for the future.

For it's the planning we do now that is going to assure our happiness and our family's happiness in the years to come...

Ever think how much security and financial protection you can get for just a few dollars? Ever find out just how good an investment life annuities are?

There's an Equitable representative in your area who knows the answers to your saving problems—you'll find that it will pay you to get in touch with him.

**Loss Of Voice**  
Complete loss of voice often occurs when people want to escape a problem they do not wish to face. The affliction, hysterical in origin, occurs mostly in women, and the voice can be soon restored by proper psychological treatment.

**Bus Riders**  
About 65,000,000 Americans ride trolley coaches, buses and street cars in an average day. There is one public transit employee for every 217 riders.

**Federal Employment**  
War veterans with disabilities resulting from service, or their widows or dependent mothers, are entitled to preference in federal employment.

**Cave Pictures**  
Hopalong's enemies might have gotten the idea of concealing their identity from the early cave man. North African cave pictures reveal that in 18,000 B.C., men used masks to conceal their faces when hunting wild animals. They believed this was certain protection.

By Gene Alleman.

As football news blots up page one and a frosty tang fills the air, Michigan residents are brought abruptly back to reality by being reminded that now is the time to get those overseas Christmas packages off to that G. I. son or boy friend.

It is a fall reminiscent of those lonely ones spent by millions of wives and relatives during World War II, with hundreds of Michigan men being recalled to service each month.

And optimistic though the front may look, defense (and offense) plans are going ahead in the state. A simple, ironclad priority system has been imposed on industry. A "DO" rating will give military contracts let by armed forces or the atomic energy commission the right of way in any plant.

But war production is expensive. Michiganites now are getting a taste of another income tax boost. A man making \$40 per week will pay some \$5 a week as against \$4.10 before the increase.

But this withholding tax jump also is seen by some as another test of the inflationary whirl. The impact will not be great, economists agree, but it will cut down spending to some degree, especially in the lower brackets.

Announcing that pay scales for state employees are 20 percent lower than comparable scales for city and county employees in metropolitan areas, Gov. Williams has asked a boost in civil service rates. The present situation "inevitably breeds discontent and dissatisfaction..." the governor said.

A cheering note: While Michigan cities shudder at thought of A-bomb attacks and official warn of possible dangers, the University of Michigan calmly announces the launching of a project for "constructive atom research." It will be financed through contributions.

The usual outward post-convention lull has begun in politics. But the under-currents are moving swiftly as the fall war of nerves rapidly is drawing to a climax. The A. D. A., C. I. O.—backed Democratic calm has been maintained while G. O. P. ranks are perking up their ears to the call of Fighting Republicans, Inc.

The group, founded by Vernon J. Brown, Mason, Michigan's elder Republican statesman, and Kit Clardy, Lansing attorney, now is beating the old tom-tom for a mass meeting "under the oaks" at Jackson, birthplace of the G. O. P. And even old line party men are beginning to listen!

"Too hot to handle" is the label most Michigan political candidates are putting on the butter-yellow cleo situation in the state which culminates in the voters' decision on Proposal No. 4 in the November election. The poor politicians are caught between the devil and the deep, since they fear the loss of votes from whatever stand they take on the issue. For this reason, few have taken a stand.

Legislative research on changes in the state unemployment compensation law has been postponed until after the election—probably until the January session opens. Disagreement has been over maximum benefits, extent of coverage and the waiting period.

New precedent in labor-management relations is the \$38,000 judgment against the Detroit United Electrical and Radio Workers (local 887) for violation of a "no work stoppage" contract. The supreme court said the walkout was not the spontaneous decision of each individual employee.

Michigan probably will receive upwards of \$400,000 for conservation work—the Pittman-Robinson funds derived from federal taxes on sporting arms and ammunition. Some of the money will go into two upstate wildlife research stations.

M. S. C. experts see the next five years as the best opportunity for sustained profit in sheep raising. The sheep population now is the lowest in 85 years—some 35,000,000 head.

Less than 4,000 handicapped workers in Michigan now are out of work. Five years ago the number was above 15,000.

**Syrup Increase**  
Maple syrup production in New York state for 1950 was estimated at 632,000 gallons, a 17 per cent increase over 1949.

**Wheat Flour**  
The army, navy, hotels, and institutions use more than 14 per cent of the wheat flour supply in the United States.

## John Wesley Hirsch Died Oct. 5 in Caro

John Wesley Hirsch, 88, of Lamotte Township, Sanilac County, died Thursday, Oct. 5, in the Sack-rider Convalescent Hospital, Caro, after a long illness. Born Dec. 25, 1863, at Richmond, Mich., he was the son of the late Mr. and Mrs. Fred Hirsch.

He moved to Lamotte when he was a young man and has resided there ever since.

John W. Hirsch was united in marriage with Maggie McCalley in 1884. She died in 1914. He was married in 1917 to Mary Travis who passed away in 1947.

Surviving are two daughters, Mrs. Arthur McQueen, of Flint and Mrs. Edward Watson, of Cass City; two sons, Chas. Hirsch, of Snover and Jack Hirsch, of Decker; two stepdaughters, Mrs. Jack Goldsworthy, of Lansing and Mrs. Donald Vining, of Decker; two stepsons, Leon Travis, of Flint and Clarence Travis, of Hubbard Lake; one brother, Melvin Hirsch, of Snover; 20 grandchildren and 21 great grandchildren.

Funeral services were conducted by Rev. Horace Freeman Sunday afternoon at 2:30 in the Methodist Church in Decker. During the rites Mr. and Mrs. Frank Pike sang "No Night There" and "Pearl White City," accompanied by Mrs. Duane Geister at the piano.

Pallbearers were George Cook, Howard Levitt, Earl Pike, Orson Hyde, Floyd Phillips and Edward Coupar, all of Decker.

Interment was in Mooretown cemetery.

## John Koepfgen Died In Oak Park, Ill.

Word was received of the death of John Koepfgen last week at his home in Oak Park, Ill., after a long illness. He was the stepson of Mrs. Phillip A. Koepfgen and lived in this vicinity until about 17 years of age.

He is survived by his widow, Elizabeth; two sons, Robert of Princeton, Ill., and Raymond of Chicago, and a daughter, Mrs. Bernard Roloff of Oak Park; two half brothers, Lyle of Cass City and Leslie of Bay City, and two half sisters, Miss Beryl Koepfgen of Midland and Miss Beatrice Koepfgen of Kalamazoo. Miss Beatrice Koepfgen attended the funeral services Thursday at Oak Park.

## P. O. Dept. Sends Out Warning to Schools

Each year on or about Halloween there is considerable increase in the number of complaints of damage to rural mail boxes. To a large extent, children are responsible for this damage. Postmasters have received the following notice from the Post Office Department:

"Depredations of this nature can be kept to a minimum by educating the children and warning them of the consequences. Therefore, it is requested that you contact the principals of the schools in your city and rural vicinity, and arrange with them to have the teachers inform their pupils that tearing down or damaging mail boxes is a violation of the postal laws, and that severe penalties for such crimes are provided, up to three years in a penal institution or a maximum fine of \$1,000.

Publicity should also be given in your local press, if it can be secured without expense to the Department, and in publications edited by grammar and high school students."

## 22-day Pheasant Season Opens Oct. 15

A 22-day pheasant hunting season, six days longer than last year, opens October 15 which the conservation department anticipates will provide more hunting and a slightly larger harvest.

This is the maximum hunting period which the conservation commission can authorize according to law. The 1950 season schedule provides four week ends of hunting as compared to three the previous season. On the other hand, simultaneous opening of the lower peninsula small game and waterfowl seasons is expected to ease opening day hunting pressure on both pheasants and ducks.

Department pheasant specialist, R. I. Blouch, says the slight increase in the pheasant bag may run as high as 10 percent better than last year when ringneck hunters are estimated to have cropped nearly 864,000 male birds. The expanded 1950 season with four week ends, he says, should see persons out who might not otherwise get a chance to hunt. Too, a lengthened hunting period should mean more than one or two trips to the field for many others.

According to Blouch, hunter report card tabulations showed 387,000—but of the 628,941 licensed small game hunters in 1949—hunted pheasants.

The fellow who loved and lost has a distinct advantage over the fellow out apartment hunting.

## Funeral of Mrs. Wm. D. Striffler Held Here Sunday

Funeral services for Mrs. William D. Striffler were conducted at the Evangelical United Brethren Church by the pastor, Rev. S. R. Wurtz, on Sunday afternoon. Interment was in Elkland cemetery. Mrs. Striffler had been in poor health for the past two and one-half years and her death occurred at her summer home at Oak Beach, Mich., on Thursday afternoon, Oct. 5. The body was taken from Little's Funeral Home at noon Sunday and lay in state until the funeral hour at 2:30 p. m.

Elizabeth Zinnecker was born in Pirmasens, Germany, Sept. 21, 1869. She came to this country with her parents, the late John and Elizabeth Wagner Zinnecker when she was less than a year old. They made their home in Ionia, Mich., and later moved to Cass City. In 1880, they came to Cass City.

She was united in marriage Dec. 6, 1892, in Cass City with William David Striffler. Following their marriage they made their home in Argyle, Michigan, where Mr. Striffler was engaged in the general mercantile business for about twenty years. In 1909 they purchased a farm in Elkland Township and in 1923 they retired from farming and made their home in Cass City. In 1942 they celebrated their golden anniversary. Mr. Striffler passed away March 6, 1949. Since that time Mrs. Striffler has made her home with her daughters. She was a member of long standing of the Evangelical United Brethren Church of Cass City.

To mourn their loss are one son, Rev. Roy J. Striffler of New Baltimore, Michigan; five daughters, Mrs. R. H. Orr of Oak Beach, Mich., Mrs. Ione Sturm of Detroit, Mrs. Geo. Southworth of Elkton, Mrs. Wilma Fry of Cass City, and Mrs. E. B. Gardner of Plymouth, Mich.; two brothers, Wm. Zinnecker of Cass City and Geo. Zinnecker of Moore, Montana; two sisters, Mrs. Anna Thiel of Gary, Indiana, and Mrs. Grover Blades of Arcadia, California; thirteen grandchildren and eight great grandchildren. Three sons, three sisters and one brother preceded her in death.

## Methodists Attend Meeting at Bad Axe

Rev. and Mrs. Howard C. Watkins and Mrs. A. H. Kimball, Mrs. Audley Rawson, Mrs. John Sandham, Mrs. Avon Boag, Mrs. E. W. Douglas, Mrs. Grant Patterson, Mrs. L. I. Wood, Mrs. Ray Boughton, Mrs. Wm. Profit and Mrs. Harriett Dodge attended the ministerial and laymen's meeting of the First Huron District of Methodist Churches at Bad Axe Monday.

Dr. E. Ray Willson, district superintendent, was in charge of the program and introduced the following speakers: Dr. Wayne Fieor of Albion College; Bishop Marshall Reed and Dr. Harold Bremer who is chairman of the conference board of education, both of Detroit; and the Rev. Dr. Townley of Saginaw, chairman of the board of evangelism.

## Rotary Works for World Peace

Rotary Club in 83 countries throughout the world are united in an endeavor to promote international understanding and peace. That was the message of Ralph J. Hyde, of Midland, Michigan, Governor of District 220 of Rotary International, in addressing the Rotary Club of Cass City Tuesday, following a conference with local Rotary officers, directors and committee chairmen.

"Devoted to service, Rotary provides a common ground for 842,000 business and professional executives throughout the world, regardless of nationalities or political or religious belief," the Rotary District Governor emphasized.

President Robert Hunter introduced the speaker and the Rotary Quartet—Robert Stockwell, Don Borg, A. C. Atwell and Fritz Neitzel—sang several selections.

## Fall Fellowship Meet At Pres. Church

In spite of gatherings of five different groups in Cass City Monday evening, the fall fellowship meeting of the congregation of the Presbyterian Church was well attended. Mrs. Claud Karr was chairman of the affair. Rev. M. R. Vender presided and the film "A Second Chance" and numbers by a vocal quartet composed of Mrs. C. W. Price, Mrs. Brewster Shaw, Miss Betty Jo Agar and Mrs. David Ackerman were enjoyed. Mrs. E. B. Schwaderer and Mrs. Ackerman poured when refreshments were served from prettily decorated tables.

who saw action against Bad Axe. Left end, Lee Hartel; Left tackle, Alvin Hutchinson and Jack Stahlbaum; Left guard, John Ellis; Center, Dick Wallace and Cliff Wright; Right guard, Jim Fox; Right tackle, Chuck Watson; Right end, Bob Wallace, Tom Townsend, Roger Little and Tim Burdon; Quarterback, Stanley Beach, Frank Creason, Clarence Schneebberger and Stanley Guinther; Left half, Tom Schwadler; Right half, Jim Bishop; Fullback, Chester Dorland.

Tonight (Friday) Cass City meets an undefeated Elkton squad on the home field. In conference games this year, the Elks have beaten Harbor Beach, 13 to 7, trounced Caro 25 to 6 and won over Sebawing by three touchdowns. They also defeated Uby in the non-conference opener.

According to Cass City Coach Arthur Paddy, the two chief threats on the Elkton squad are Fullback Jim Casey and Halfback Jack Andrus.

Mr. Paddy says Roy Waggs will probably replace Bob Wallace at right end in the Elkton game. Wallace suffered an injured shoulder Friday in the Bad Axe contest.

Here are Upper Thumb standings to date:

	W	T	L	P
Vassar	8	0	0	6
Elkton	8	0	0	6
Bad Axe	2	1	0	5
Cass City	1	1	1	3
Harbor Beach	1	0	2	2
Sebawing	1	0	2	2
Pigeon	0	0	3	0
Caro	0	0	3	0

## Army Selectives To Be Sent to Fort Sheridan, Illinois

All Michigan men entering the Army, either by voluntary enlistment or through Selective Service, will be sent to the reception center at Fort Sheridan, Illinois, an Army spokesman says. Formerly, all enlistees and inductees reported to Fort Knox, Kentucky.

Those entering the Army were also advised to forego taking their families and personal cars with them to their new duty stations. Leaves will not be available for the purpose of returning their vehicles home. Due to lack of accommodations and congested housing conditions which currently prevail in the neighborhood of military installations, it is not considered advisable for persons going to their assigned stations to attempt to take their families with them.

## Five Cass City Men Attend Men's Council

Five Cass City men attended the first meeting of the Flint Presbytery Men's Council at Marlette on Sunday afternoon and evening. Twenty-eight out of 36 churches in the district were represented.

Delegates from Cass City were Don McLachlan, Arnold Fischer, Orion Cardew, Dr. Ivan MacRae and Arthur Holmberg.

Afternoon speaker was Dr. Fred Olert of the First Presbyterian Church in Detroit who spoke on "The Church of My Dreams." Following a dinner, Louis Comathy, Detroit attorney, addressed the group on the things men can do in their local communities to make them better places in which to live. He urged them to take over worthwhile projects which they have neglected in the past.

At a business session, 150 representatives from the district voted to make the Men's Council meeting an annual convocation, convening the first part of October.

The council plans to invite the moderator of the Presbyterian National Assembly to address the 1951 session.

## Quartet to Sing At Methodist Church

The special feature at the Methodist Church next Sunday will be a quartet number by Mr. and Mrs. Donald Borg, of Cass City and Mr. and Mrs. Jerry Bartlett of Caro. Mr. and Mrs. Bartlett are teachers in the Caro Public School system, Mr. Bartlett being the music director. The quartet will sing the following number: "Send Forth Thy Spirit," by Schuetky-Howorth. The pastor, Rev. Howard C. Watkins, will begin a series of two sermons on "Faith." The theme for next Sunday will be, "Let Us Believe," and for Sunday, October 22, "We, the Giver of Faith."

On Sunday, October 29, the pastor will present a lecture on the theme: "Must Destruction Be Our Destiny." There will be a guest speaker in both the Gagetown and Cass City churches on Sunday, November 5.

Remember that your life and lives of others depend upon your ability as a driver and upon the efficiency of your vehicle.

## Dates Near for Mailing Christmas Gifts Overseas

October 15 to Nov. 15 are the dates set by the post office department for the mailing of Christmas packages to members of the armed forces overseas, according to Mrs. Andrew Bigelow, Cass City postmaster.

Parcels addressed for delivery in Japan, Korea and the islands of the Pacific should be mailed not later than Nov. 1, Mrs. Bigelow said. Deadline for mailing to Marine and Navy personnel serving in remote areas is Oct. 15.

The post office urges that boxes of strong construction be used in mailing parcels overseas, recommending metal, wood, solid fiberboard or strong double-face corrugated fiberboard. Boxes should be tied with four pieces of heavy cord, two lengthwise and two crosswise, knotted at the crossings. Fiberboard boxes should also be covered with heavy wrapping paper.

It is recommended that addresses be typewritten or hand-printed in ink on the outside wrapper of the parcel. Labels frequently fall off when they become moist.

Tobacco or tobacco products may not be mailed to Austria, England, France, Germany, Italy or Trieste. Sending any kind of matches or lighter fluid through the mails is also prohibited.

Christmas cards should also be postmarked before Nov. 15 to guarantee delivery.

## Mrs. Wallace Finds Coon in Dining Room

To walk into your dining room in the morning and find a coon sitting on a chair is a bit unusual, to say the least. This happened to Mrs. Don Wallace on Saturday morning. On Friday men working in a bean field flushed out the coon and during the night the animal entered the basement of the Wallace house and ate two ducks.
