Near Capacity Crowd Hears the Speech Class Comedy Here

"The Curse of an Aching Heart," an old-time melodrama which harks from the Pearl White era, opened Tuesday night to a near capacity audience in the high school auditorium. The cast, who over-played their parts sufficiently to lend the intended melodramatic effect, are members of the high school speech class under the direction of Otto Ross. The play was also scheduled for presentation Thursday at 8 p. m.

Particularly well-cast were Ben Hobart, who played the somewhat gauche and awkward hero, Lucius Goodenough, and Margie Holcomb, who acted in the role of Battle Axe Annie, a greenhorn county sheriff who had yet to bring her first outlaw to justice.

The stage set was the home of ranch owner Hiram Abernathy and his wife, Sarah, played by Jack Connell and Delores Simmons. The play was concluded on page 6.

To Observe Universal Bible Sunday

Many of the churches of Cass City will observe Universal Bible Sunday on next Sunday, December 10. This annual observance, sponsored by the American Bible Society, falls midway between Thanksgiving and Christmas. This is the period during which millions of Bible readers throughout the world join in using a selected daily

list of Scripture passages suggested by the Bible Society. For years many of our church people have been following this annual reading program.

Universal Bible Sunday is recognized as an important observance in the life of the church and is listed in the calendar of religious celebrations. The theme selected this year is "The Bible—A Light and Guide." An attractive two-color poster painted by the well-known artist, Robert A. Graef, illustrating the theme, will be on display in the churches. Specially prepared church bulletins will be distributed at the services.

Six Directors Are Elected to Tuscola 4-H Council

Bruce Ruggles of Kingston Was Elected President of Society

Icy road and intermittent December rains throughout the day limited attendance to 20 people at the annual meeting of the Tuscola County 4-H Council held Saturday, December 2, at the Wilber Memorial 4-H Building in Caro. However, the business planned for the annual event was transacted, most important of which was the election of five directors to serve three-year terms. The five chosen were: Mrs. Bertha Achenbach, Akron; Harold Pike, Fairgrove; Charles Wells, Vassar; Albert Bauer, Reese; and Clarence McMullen, Mayville. Mrs. Ruby Horwath, Fairgrove, was elected to serve as director for one year, filling the vacancy created by the resignation of director Francis Ode.

Council president, Foster Hickey, Fairgrove, called the meeting to order and called upon the officers for their reports. Mrs. Fred Black, Akron, treasurer of the county council, gave the organization's financial report showing the total income of \$2,505.88 with expenditures of \$659.01. A balance of \$51.85 on hand December 1, 1949, gave a total of \$1,896.17 available for the current fiscal year. In addition to the expenses shown above, a \$1500.00 payment was made to the Michigan Sugar Company toward the 4-H Club Building. This transaction left a cash balance on November 30, 1950, of \$398.17.

County 4-H Club Agent Byron E. Carpenter gave a report on the use of the 4-H Club Building in the past year which showed that a total of 81 different group meetings had been held. Forty-five of these were meetings at which the kitchen facilities were used. Carpenter's report also showed that operating expenses during the past year totaled \$512.75. The 4-H Club agent listed improvements which had been made at the building since the previous annual meeting. These included the lawn seeding, the refrigerator and electric roaster, extra dishes, window screens and doors, a gas plate and a blackboard. Most of these improvements were made by the 4-H Club.

Those attending the Chicago trip were: Marion Pike, Fairgrove; Jo Ann Bedore, Unionville; Ferol Cramer, Akron; Marjorie Karr, Cass City; Clayton Ruggles, Kingston; Keith Green, Caro; Freddie Black, Akron; and Gene Buchinger, Fairgrove.

Tuscola Farm Bureau Kickoff Meeting Attracts 200 People

The Tuscola County Farm Bureau had a total of 200 people turn out to their kickoff meeting Saturday night, Dec. 2, at the Caro High School.

A total of 175 workers are contacting their neighbors in the 23 townships in the county to invite 8,180 to join in the largest farm organization in the world, this week of the drive, Dec. 4 through 9.

The meeting was opened by Henderson Graham, who stressed the fact that the Michigan Farm Bureau is a farmer controlled and farmer financed organization fighting for the security and future of the farming business.

Mr. Graham then introduced the county organizational director and 1951 roll call manager, Kenneth L. Baur. Mr. Baur told of the present membership of 1,098 and then the goal of 1,233. He also expressed his appreciation to the group for the interest they are showing for Farm Bureau and agriculture by turning out on such a stormy and foggy night as Saturday evening.

Mr. Baur said that on Dec. 11 a final report will be made by townships at the Caro High School when a good evening of entertainment will be presented. The entire group of workers and membership is invited to attend this meeting.

Adolph Ecklund, manager of the Farm Bureau fertilizer plant in Saginaw, in his kickoff address stressed to the group that the Farm Bureau was their own organization and was not a governmental organization. One farmer alone cannot accomplish much but a group of 42,160 farm families on a state basis can do so many things on farm legislation in the state and nation, to represent agriculture in its critical outlook for the future.

4-H Winners and Bean Queens Return From Chicago

Tuscola Young Folks Keep Busy in Viewing Sights of Windy City

Record low temperatures for these dates and a traffic-paralyzing snowstorm for a send-off failed to lower the spirits or the enthusiasm of the eight achievement booth winners and the six bean queens who embarked on their four-day trip to Chicago Saturday, November 26. The trip winners went by auto to Grand Rapids where they joined 4-H Club delegates from Ionia, Kent and Montcalm Counties and rode to Chicago on a special streamlined car on the Chesapeake and Ohio railroad.

127 A. Sugar Beets Still Unharvested In This Area

Muddy Grounds Caused by Heavy Rains Have Delayed Ingathering

One hundred twenty-seven acres of sugar beets are still in the ground in the area immediately surrounding Cass City, according to Leslie Muntz, Michigan Sugar Company field man in this territory.

Muntz said the condition was prevalent in the Thumb area, with 600 acres of beets slated for the Caro factory alone still unharvested. He added that growers are continuing to lift beets despite one and a half inches of frost in the ground.

Heavy rain and resulting muddy ground often precluded the use of beet lifting machinery in the fields earlier this fall, according to Muntz. He expressed hope that the crop might be saved if heavy snow delays a few weeks.

Muntz said that in 1942 the sugar beet crop was not harvested until late in December with little damage resulting from the cold weather.

Four from Cass City Attend "Student Exchange" at Vassar

Four Cass City students visited the Vassar High School Monday in the first "student exchange," a project sponsored by the Cass City Student Council to improve various phases of high school organization.

Students attending were Jessie Fry, Student Council president; Edna Mae Hill, hall guide commissioner; Tom Schwaderer, junior class president; and Jas. Bishop, Varsity Club president. Four Vassar students completed the exchange Wednesday by visiting senior and junior student council meetings and class room sessions at the Cass City High School.

The Cass City group surveyed the Vassar School Council in action, attended classes and took note of conditions in the halls, Miss Fry said.

Improvements noted in the Vassar system by the group were the ringing of a special bell to call assemblies and a warning bell two minutes before the end of each class session. Miss Fry said the Vassar Student Council meets twice monthly during home room in the morning, making it possible for them to complete their work without missing classes.

The "exchange" project was initiated this semester by the Cass City High School Student Council and form letters have been mailed to schools in the neighboring area asking co-operation in the plan. The Vassar school was the first to respond to the idea.

The Vassar contingent was entertained by Mrs. E. B. Schwaderer at lunch on Wednesday.

W. S. C. S. Views the Christmas Story in Picture Form

Cathedral films depicting the Christmas story interspersed by Christmas carols sung by the Cass City Ladies' Chorus created an impressive part of the program at the meeting of the W. S. C. S. in the social rooms of the Methodist Church Monday evening.

The program was preceded by a bountiful ham supper served by group four at tables decorated in the season's motif with centerpieces of evergreen, red candles and multi-colored Christmas tree balls.

The gifts, brought by the members and to be sent to Erie School, Olive Hill, Ky., were unwrapped and displayed and the group joined in singing Christmas carols.

Guests included Mrs. M. R. Vender, Mrs. Ethel McCoy, Mrs. Stanley McArthur, Mrs. Ella Price, Mrs. Maurice Joos, Mrs. Arnold Copeland, Mrs. Stanley Kim, Miss Betty Agar and Mrs. Raymond McCullough.

The presentation by four members of Mrs. Elwood Eastman's Sunday School class of intermediate boys of a display of the history and development of the Bible was another outstanding feature.

DO YOUR CHRISTMAS SHOPPING IN CASS CITY

Christmas School Program

THE BIG MOMENT ARRIVES . . . The annual school Christmas program has become an American institution. For months the teacher and students plan, organize and memorize their parts.

Every newspaper in Michigan for two weeks has been reminding us of the number of shopping days until Christmas. Says one writer, "Fortunately my remaining years are few. I shall not be here to complain when right after Labor Day our hustling merchants commence hanging up Christmas decorations."

Bitter, perhaps, but pointed. The criticism was directed at cities more than at small towns. Rural communities still follow the traditional opening of the Christmas season following Thanksgiving.

But not all is commerce. Every charity and civic organization in

the state is preparing bins of gifts to guarantee a merry yule season for all. For them the season is all too short. It is impossible to discover and reach all those in need.

Incidentally, don't cut that Christmas tree if it is on state-owned land. That is as much a violation as hunting out of season.

On the political scene the holiday season already is fraught with anxiety. G. O. P. wheelhorses look darkly at Wayne County and hint of fraud at the ballot boxes as the recount results loom nearer. Democrats return the frowns fearfully, claiming partisan politics by the state board of canvassers.

Michigan, having had a taste of winter, now is bedded down—all but the winter sports centers. After a virtually snowless season last year, operators are preparing for their biggest winter.

Michigan's automobile industry offers an interesting variety of claims. While one spokesman says the business faces its most uncertain year in a decade, another optimistically announces the nation's output will reach 8,000,000

units for 1950. Reo Motors, Inc., of Lansing quietly reveals it is on the threshold of its best year.

But all will agree that the industry is suffering a shortage of youth for key positions—as are all businesses. Behind the cold statistics there always are warm, breathing individuals with their own personal problems. The primary problem now is war—minor or not—its affect on colleges and the psychological effect of uncertainty.

And many of the impatient younger generation are shying away from the years of training at low pay when the cost of living is pinching white collar workers so badly.

A unique method for teaching safety to the tykes has been perfected by Neil Newman of Williamston, a retired police lieutenant. He tells the story of a dog who disobeyed while his trained terrier acts out the tale. With a board to illustrate the traffic problem he entertains and teaches children at once. And he is available for lectures.

Legislators, mulling the way to spend the \$65,000,000 bond issue approved Nov. 7, for mental hospitals, have learned that the state's mental institutions are overcrowded 20 percent. The report by A. N. Langfus, building director, says all facilities are over the 100 percent occupancy mark.

Fort Custer may yet be an air academy. Once rejected by the air force, it now may be acceptable as a joint army-air force station. The army has reversed its original stand and now would be glad to consider joint occupancy.

A plea has been made and supported by Dr. Lee M. Thurston, state superintendent of public instruction, for an up-to-date history of Michigan for public schools.

The deer season—buck and antlerless—is closed. Business in every city is back to normal. Mechanics again are available and that insurance premium again or a doctor bill can be paid in person. Conservation officials ask, however, that rather than have good venison spoil, sportsmen call their local charitable organizations to take it off their hands. Sportsmen in the woods, be sportsmen at home, the department says.

Hen's Blue Ribbon
Chickens that have been in egg-laying contests or on exhibit at poultry shows sometimes bring home Newcastle disease, as well as other contagious ailments, along with their blue ribbons. Outbreaks in formerly healthy flocks also have been linked with the introduction of infected baby chicks.

Wood Tick
The common wood tick is responsible for the transmission of Rocky Mountain spotted fever, a rare, but extremely serious, disease.

Fur Trapping Builds Income

Trapping wild fur animals offers the farm boy a good chance to earn extra cash, says Charles Shick, extension specialist in game management for Michigan State College and the Michigan Conservation Department.

Correct handling of pelts will help increase the income from trapping efforts, he points out. Time and care should be taken when skinning, especially around the head regions of a fur animal. Use stretchers that shape pelts to their natural size. Never overstretch a pelt since this will thin the fur and make it look poor.

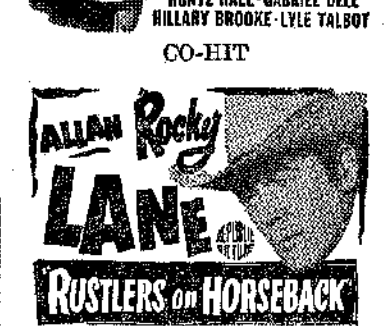

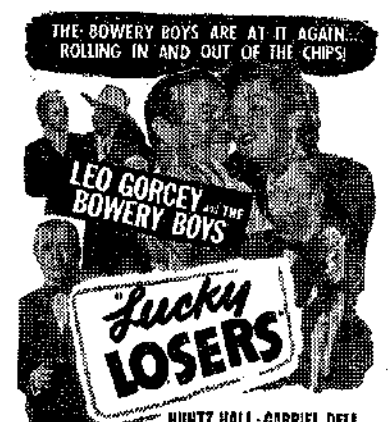

Shick advises that all excess fat and tissue should be removed from pelts before they are allowed to dry in a cool, airy place. Fire and direct sunlight should never be used in drying. Pelts should remain on stretchers until dry enough to hold their shape. Never ship green or unstretched pelts, he cautions.

Light Bulbs
Once a light bulb becomes dark inside it may give only about half as much light as a new bulb yet will use about the same amount of electric current.

Thirty-five Years Ago.
Dec. 3, 1915.

Miss Jennie Nelson, assistant postmaster at Gagetown for 16 years, died Sunday morning at the home of her sister, Mrs. Helen Gage, in that village, at the age of 68 years.

Jacob Anthes and Wm. Hurley returned Saturday from their trip to southern states where they were in charge of H. T. Crandell's exhibition swine and sheep at several state fairs. The animals were shown at Columbus, Ohio, Indianapolis, Ind., Topeka and Hutchinson, Kansas, St. Louis and Sadalia, Mo., and Dallas and Waco, Texas.

Cass City High School completed a most successful season in football Thanksgiving Day when they played Caro on the home grounds, winning from the county seaters by a 64-0 score.

Eugene M. Patch, first postmaster at Novesta Corners, died at the home of his daughter, Mrs. Chas. Severance, in Evergreen Township, on Thanksgiving Day.

GREENLEAF

The Greenleaf Extension Club met Friday with Mrs. Henry McLellan. About fifteen members and three guests were present.

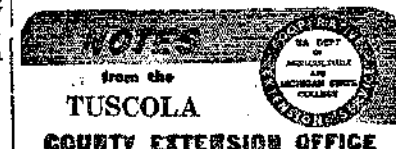

Fraser Ladies' Aid met Wednesday, Nov. 29, in the church parlors for dinner and quilting. About thirty-five were present for dinner. The next meeting will be Dec. 20. It will be a Christmas party for members after the dinner, which is expected to be chicken, and everyone invited.

Miss Marian McLellan of Ann Arbor came Wednesday night of last week to visit her sister, Mrs. Henry Klinkman, and other relatives in this neighborhood.

Miss Hila Wills of Detroit was a week-end guest at the home of Mr. and Mrs. Rayford Thorpe. Miss

Betsy Thorpe is still quite ill with what is reported as whooping cough.

Mr. and Mrs. Rodney Karr made a business trip to Sandusky Friday.

Three Tuscola County 4-H club members who received special recognition at the recent 4-H achievement program appeared on a 15-minute radio program over WBCM Saturday. Beth Luther and Paul Findlay received the Michigan Farmer All-Around 4-H Girl and Boy Award for Tuscola County, respectively. Gloryanna Taggett was winner of the girls' junior leadership work. Winner of the boys junior leadership project, Tom Sinclair, was unable to appear on the broadcast due to illness. County Agricultural Agent Loren S. Armbruster appeared on the program with the 4-H'ers.

Several state-wide meetings are to be held in December which will be of interest to many farmers of

Tuscola County. The annual meeting of the Michigan Crop Improvement Association will be held at Michigan State College on December 12 and 13. Last year Tuscola County farmers produced over 1500 acres of small grain, beans, and corn for the production of certified seed.

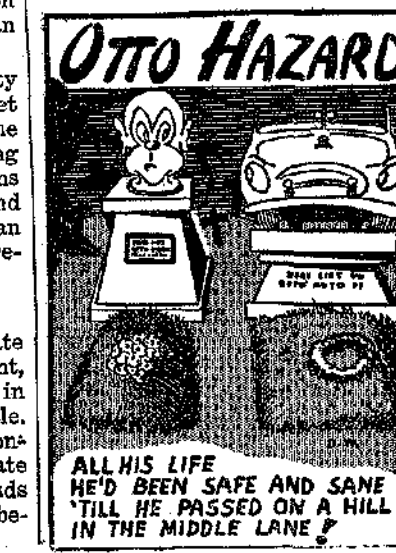

The vegetable growers of Michigan will tie in their annual event with the Michigan Crop Improvement Association meeting. The vegetable producers will meet on December 12 and 13 at Michigan State College.

Directors of the Tuscola County Bean Growers' Association met last week and planned to have the annual Tuscola County meeting the first week in January. Plans are to secure Prof. E. E. Down and Dr. Axel Anderson of the Michigan State College Farm Crops Department as guest speakers.

Dr. A. R. Drury, Michigan State College Veterinarian Department, released some good information in keeping down mastitis in cattle. According to experiments conducted, milking machines operate most desirably with 8 to 15 pounds vacuum and a pulsation rate between 46 and 56.

Cull beans make good dairy cattle feed. Beans may be fed raw or cooked. However, not more than 25 pounds of cooked beans should be fed per cow per day. More detailed information is available from your county agricultural agent.

Most fellows who tell you their head is in a terrible state are not talking about the state in which they live.

Legend not only has identified the Wise Men as Gaspar, Melchior and Balthasar, it has crowned them and given them the kingdoms of Tarsus, Arabia and Ethiopia. It has symbolized their gifts as symbolic of what Jesus was to become—gold for a king, frankincense for a high priest and myrrh for a great physician.

The Gospel text's specific wise men from the east logically identifies them with Zoroastrianism—an ancient monotheistic religion of Persia. Zoroastrian priests were called Magi; they were powerful in public and private life since they, and they alone, possessed the priestly mysteries involved in the worship of Mazda—who represented the Zoroastrian power for good.

The Magi may or may not have been fabulously wealthy. St. Matthew does not elaborate their treasures nor the amount of gold, frankincense and myrrh which they presented to the Christ Child. The gifts may have been mere tokens of their treasures, or the sum and substance thereof.

And if they were soothsayers, mystics and possibly clairvoyants they were also truly wise—in as much as they did not return to Herod, but departed into their own country by a different route.

Pilgrims Deplored "Ye Christmas Day"

Puritan disapproval of Christmas celebrations disembarked from the Mayflower with the Pilgrims in 1620 and, accordingly, Governor Bradford issued a statement publicly rebuking certain young men who declined to work on December 25, "ye day called Christmas."

This first New England Christmas—or non-observance thereof—should not be credited as the first Christmas on American soil, since Leif Erikson spent a winter or two on the North American continent around the turn of the 11th century.

Leif was a Christian, and it is likely that members of his crew were Christians, too; although it is quite possible that some had accepted the faith without remodeling their pagan natures, since King Olaf's methods were ruthless and his command "Be baptized, or else!" left them little choice.

Undoubtedly, flagons of crude, raw wine fermented from the grapes of Leif's Vinland were passed around and the celebration may have been rather boisterous, but in all fairness to Leif—who, according to excellent testimony, was a sincere convert—it is reasonable to assume that there was a trace of religious observance.

Perhaps Leif remembered the few words of Latin prayer he learned at the time of his conversion and recited them in honor of the birthday of the Redeemer he had accepted. . . . Thus, the first Christmas in America was observed.

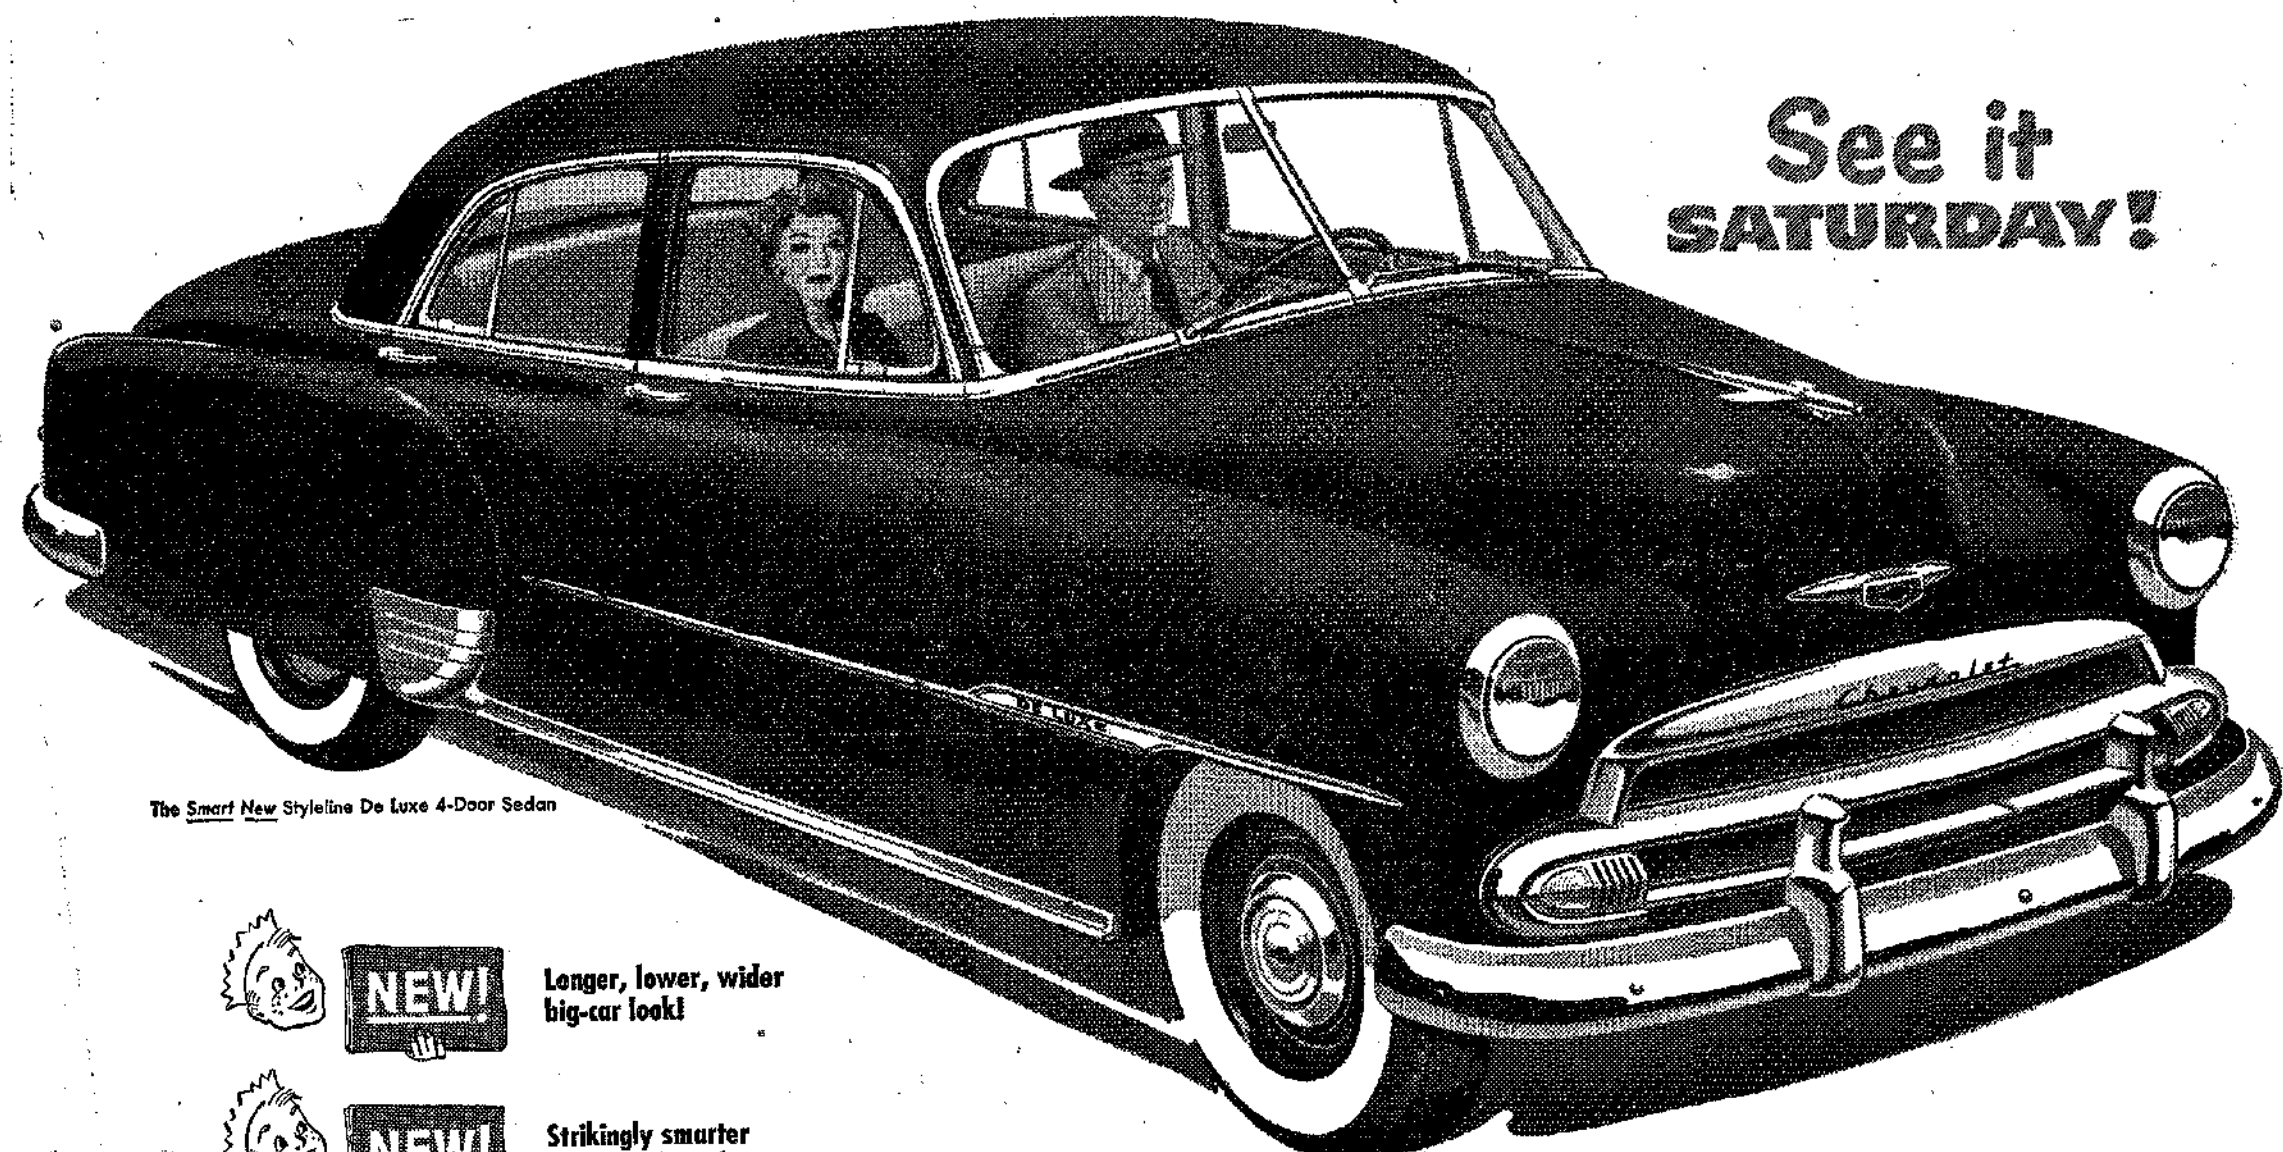

The first Christmas card was designed in 1845.

Poinsettias which have come to be a "must" for Christmas decorations owe their name and popularity to an early American diplomat, botanist and scholar—Joel Roberts Poinsett.

by Mrs. Floyd Werdeeman was "Tremolo," written by Henri Rosselle, a French composer. Mrs. Hunter gave a description of the life of Felix Mendelssohn and Mrs. Ray Toohy concluded the program by playing, "The Priest's March," by Mendelssohn.

SIX ELECTED AS DIRECTORS OF TUSCOLA 4-H COUNCIL

Concluded from first page. Improvements were contributed by the 4-H Mothers' Club.

The council voted to allow a representative of the 4-H Service Club to act as an ex-officio member of the council board of directors. It was announced Saturday that Andrew Larsen, proprietor of the Caro Hardware, has offered to donate paint for the outside of the 4-H Building. The council will decide at a subsequent meeting the means of having the paint applied.

Reid Kirk, Fairgrove, made some suggestions concerning raising money for the 4-H Building fund and remarked briefly on the activities of the Tuscola County Fair Association. Mrs. Fred Black gave the report as delegate to the district 4-H Council at Lapeer.

Coffee and cookies were served after the adjournment of the annual meeting. Immediately after refreshments the new and old directors met and elected officers for the coming year. Bruce Ruggles, Kingston, was chosen president; vice president will be Harold Stewart, Vassar; and Mrs. Lucile Hickey and Mrs. Fred Black were re-elected secretary and treasurer respectively. A short discussion period followed the directors adjournment at which plans for the coming months were discussed, and a date set for the January Council meeting.

It's too late to stop and think after an accident happens.

New York Claims Santa Claus to Be Its Private Property

While the claim may cause the rest of America to bristle, New Yorkers insist that Santa Claus is peculiarly New York's own. Not only did he land in Manhattan with the Dutch settlers, they point out, but for almost two hundred years he never took his activities or presents out of New York state.

The New Yorkers advance some interesting points to bolster their contentions. They declare that in the genial company of Washington Irving, James Kirke Paulding and Clement Clarke Moore, Santa Claus gradually lost the grim, stern aspect he wore when he arrived with the Dutch settlers to the bulging, benevolent mien he now offers.

It was in New York, too, they assert, that Santa acquired his reindeer sleigh and his habit of arriving on Christmas instead of on the Dutch St. Nicholas eve (December 5). And thus, in his New York panoply, he finally found his way to all parts of the United States, England and even Australia and India.

Indeed, as the New Yorkers will tell you, New York, as New Amsterdam in the beginning, was dedicated to Santa Claus, or St. Nicholas, by its Dutch founders. For Santa Claus—or Sinterklaas, as it is sometimes written in Holland—is of course only the centuries-old pet name which Dutch children gave to their patron and gift bringer, the good Bishop St. Nicholas. And it is said that the ship which brought the first Dutch children to Manhattan island bore his face as figurehead.

From the first, too, his special day of December 6, was set aside with Christmas, New Year's, Easter and Whitsunday, as one of the five chief holidays of the new colony, just as it had been in Holland.

So, year after year, as regularly as St. Nicholas eve came around in New Amsterdam, in Breuckelen (Brooklyn), in Fort Orange (Albany) and many other hamlets above the icy Hudson, the children in every good Dutch family gathered in expectant circle. For weeks beforehand they had learned their lessons and helped with the milking and churning in an agony of good behavior. And now, all ready, they sang their song to Santa Claus.

In the midst of the song would come a knocking at the door and in would stride Santa Claus, himself—not round and jolly, but solemn and majestic in trailing robes. In one hand he might have a basket of presents or a purse, but in the other was sure to be a birch rod—an awful warning to a naughty boy.

Santa questioned each child in turn about his behavior in the year just past and gave him a pat of approval or a warning shake of the head, as the record indicated. Then, bidding them all look for presents in the morning, the good saint suddenly flung a handful of lollipops into the room and, in the ensuing scramble, vanished into the night. Then the children set out their sabots, or later the great blue yarn stockings made for the purpose.

However he did it—and the tale varies in many lands—Santa Claus got about, for in the morning over the hearth steaming with waffles and sausages and other good Dutch fare, were the blue stockings bulging with apples, balls, dolls and tops.

Away in a Manger

The Stable of Bethlehem did not in any way resemble the airy porticos—complete with plaster of paris animals and adoring shepherds—so dear to the heart of modern Christendom.

With comfort increasing throughout the western world, the poverty of the Nativity scene simultaneously startles and fascinates us—as perhaps Matthew, the publican, was impressed by the story of the Wise Men; and St. Luke, who had been a ship's doctor and probably knew very little about shepherds, was charmed by the shepherds abiding in the field.

There was no room in the inn that night, so Jesus was born in a stable; a place of shelter hewn into a rocky ledge of the Judean countryside. It was cold and dark and damp, and Judean travelers—frequently "put up" in such caves—welcomed rather than disdained joint tenancy with beasts because the breath of the cattle and the heat of their bodies provided a little warmth, while the guests inside the inn had no heat at all.

The cave, which was the birthplace of the Saviour, is now a grotto beneath Bethlehem's Church of the Nativity; and though fascinated by the simplicity of the original Nativity scene, Christianity has been unwilling to maintain its poverty and has covered the entire surface with costly ornamentation.

Being lucky is wonderful—but don't count on it too much.

Christmas of 1804 Was Chicago's Best

Surely there will never be another Christmas celebration like the one in Chicago in 1804.

Captain John Whistler (grandfather of the painter who painted the famous "Whistler's Mother") was in command of the garrison at Fort Dearborn and he decided that there should be a great feast—complete with music, dancing and a splendid Christmas tree.

Soldiers from the garrison went a-hunting in the woods just north of the river and came back with a fat buck deer, some rabbits, a raccoon or two, a few wild turkeys. Added to the roasting pig (contributed by some festive-minded citizen) and the magnificent Christmas pudding, these morsels provided abundance for all. Everybody—the civilians and the military—drank a toast to Thomas Jefferson, the President of the United States.

The punch was "dizzy" and there were fife and drums and a couple of fiddles to play for the dancing.

It was getting late when a watcher in one of the blockhouses gave a warning shout that Indians were approaching; but they turned out to be friendly Indians who came bearing gifts to the feast. They watched the white folks dance, and when the whites were exhausted, the Redskins took the floor and began a wild, whooping dance of their own which climaxed Chicago's unique Christmas celebration in 1804.

4-H WINNERS AND BEAN QUEEN RETURN FROM CHICAGO

Concluded from page 1.

Betty Yarnell, Midland County, and Ann Meininger, who was chosen state bean queen at the Labor Day bean festival at Fairgrove. The fourteen young people were chaperoned by Mrs. Lucile Hickey, Akron, local 4-H Club leader; Jean Gillies, county home demonstration agent; and Byron Carpenter, County 4-H Club agent.

While in Chicago the delegation stayed at the Stevens Hotel which was also the headquarters of the National 4-H Club Congress meeting there at the same time. The 4-H Club winners and bean queen delegates were kept on a very busy schedule visiting exhibits, industries and various points of interest and educational value in Chicago. Upon arrival Saturday night the group were entertained at the performance of the WLS Show which was being broadcast from the Eighth Street Theater near the Stevens.

Sunday was a busy day. The schedule began with a visit to Maxwell Street Market. Following this most of the delegation attended the Interdenominational Protestant Church services in the Stevens Hotel ball room. This was a special service dedicated to the delegates from every state in the union and many foreign countries attending the National 4-H Club Congress. Sunday afternoon the 4-H winners and bean queens visited the International Livestock Exposition and were guests at the International Horse Show that evening. The bean queens were interviewed by officials of the International Hay and Grain Show and photographed with the sweepstakes bean exhibit entered by Hilbert Schulze, of Pigeon.

On Monday the trip winners visited the Swift & Company meat packing industry, the Art Museum, and Museum of Science and Industry, and in the evening attended a stage play.

The final day in Chicago began by visiting the Don McNeil Breakfast Club program at which the bean queens were interviewed by Mr. McNeil. Following this everyone viewed the city of Chicago from the tallest building in the city, the Chicago Board of Trade tower. While in this building they also observed the largest grain market in the world. The day ended with a visit to the Merchandise Mart in a tour through this building which displays every

WEDDING CEREMONY FOLLOWED BY DINNER AND RECEPTION DANCE

Mrs. James J. Moeller.

Saturday afternoon, Nov. 25, at three o'clock Miss Erma Nagy and James John Moeller were united in marriage. The double ring ceremony was performed by Rev. Harold Kreuger in the St. Peter's Lutheran Church in Kinde. The church was decorated for the occasion with altar vases and tall baskets of white cluster chrysanthemums, palms and candelabra.

The bride, daughter of Mrs. Mary Nagy of Cass City and the late Egnace Nagy, was escorted down the white-runner aisle by her brother, Paul, of Detroit. The groom, son of Mr. and Mrs. John Wm. Moeller of Kinde, awaited her at the altar with his best man, Wm. Nagy, brother of the bride, of Detroit.

She wore a gown of candlelight satin with a marquisette yoke and a scalloped neckline. The bodice was of lace and satin covered buttons extended down the back to below the waist. The long, puffed lace sleeves of the gown ended in points at the wrist. Her graceful full skirt had a lace tunic and was worn over a hoop which

terminated into a cathedral train. All the lace featured tiny seed pearls. A crown of seed pearls and rhinestones held her fingertip veil of fine illusion net, edged with lace. Her only jewelry was a two-strand pearl necklace.

Sprays of lily-of-the-valley clung to the satin streamers tied in love knots from her bouquet of red roses and white chrysanthemums. A going away corsage of gardenias was presented to the bride as a gift of Mr. and Mrs. Geo. Clara.

Miss Jacqueline Moeller of Detroit was maid of honor and Mrs. Steven Klein, also of Detroit, was bridesmaid. Both are sisters of the groom. Their gowns were identically made of taffeta and organza of American Beauty rose color and chartreuse, which had full skirts and square necklines. Their gloves were elbow length. Both wore matching headbands and carried bouquets of yellow and pink pompons respectively.

The usher was Steven Klein of Detroit.

The traditional wedding march

was played by Mrs. Harold Kreuger of Kinde.

The bride's mother was dressed in gray with black accessories and a corsage of orange pompons. The groom's mother was attired in a brown suit with matching accessories and a corsage of yellow pompons.

A dinner was served at 6:00 p. m. to the bridal party at O'Rourke's restaurant and at 9:00 p. m. a reception was held at the Dom Polski Hall in Caro. An orchestra played during the evening for dancing.

The table which held the bride's cake was covered with a lace tablecloth. The bouquets of the bride and her attendants were placed around the cake for the evening. The bride's cake had four tiers and was topped with a miniature bride and groom and featured little blue rosettes.

The bride is a graduate of the Cass City High School with the class of '49 and will continue her work at the Baker Electric Shop.

The groom is engaged in farming with his father.

DEFORD

Family Fellowship—

At the monthly fellowship held at the home of Mr. and Mrs. Geo. Roblin in Deford, about 30 were present to enjoy devotions, recreation, visiting and refreshments.

Harley Kelley gave the devotions and Rev. Mr. Harris offered the prayer. Mrs. Elma Kelley, the W. S. C. S. president, presided and conducted some business also. It was voted to have a "bee" during the Christmas vacation to lay the new floor covering in the annex. The "bee" will consist of those people who feel called to help.

Mrs. Earl Rayl, Sr., extended an invitation on behalf of our youth group, to the people of the community to fellowship with them for the watch night evening.

Mrs. Kenneth Churchill conducted the recreation, consisting of a Biblical quiz and games.

Potluck refreshments were enjoyed by all present. May the youth group see you at the watch night service December 31 in the annex?

Roller Skating Event—

In appreciation of the invitation by the Church of Christ about 25 accepted although not all skated. Thank you, Church of Christ, for an enjoyable evening.

Mr. and Mrs. Leland Kelley and sons of Flint were Saturday visitors of their parents, Mr. and Mrs. Walter Kelley.

The Earl Rayl family moved Monday to Mrs. Milton Kilgore's farm.

Mr. and Mrs. Howard Retherford left Sunday for Detroit from where they will leave Monday for Florida for the winter.

Little Sherry Bills of Caro spent several days last week with her grandmother, Mrs. Althea Kelley.

Mr. and Mrs. Edson Templeton of Flint were Saturday evening dinner guests of Mr. and Mrs. Henry Rock. They also called at the Alex Paladi, Jr., home.

Sunday visitors at the Rock home were Mrs. Walter Reynolds, Sr., Shirley and Lyle of Kingston and Gene Babish. Mrs. Reynolds and Mr. and Mrs. Rock attended the missionary service Sunday evening held at the Pilgrim Holiness Church at Kingston.

Bern King and Mr. and Mrs. Russell Clark of Inlay City spent Thursday at the John Clark home.

Mr. and Mrs. Carmon Wanner of Brown City were callers Sunday

afternoon at the Warren Kelley home.

Mr. and Mrs. Milton Kilgore moved last week to their farm home at Yale.

Prayer service and Bible study Dec. 13 will be held with Mr. and

Mrs. Jerry Hicks. Come and worship with the group.

Little Stories
about **Great Hymns**
O Come All Ye Faithful
O come all ye faithful, joyful and triumphant,
O come ye, o come ye, to Bethlehem!
Come and behold Him, born the King of angels!
O come let us adore Him, . . . Christ, the Lord!

This beautiful hymn is credited to St. Bonaventura. It is an old Latin carol written to be danced and sung around the altar and sanctuary in a Christmas drama. England first heard this hymn in 1700 at the Christmas Eve services in the Portuguese Embassy Chapel in London. Adeste Fideles swept the audience with its inspiring words and majestic music. It was soon thrilling every congregation.

Rickers in Car Collision in Florida

Last week's Chronicle contained an item of an auto accident near Bradenton, Fla., in which the car of Mr. and Mrs. A. A. Ricker was involved. Just to prove that the temperate Rickers had not been drinking, "Art" sends the Chronicle a clipping from a Bradenton paper which described the accident. The Ricker car was damaged to the extent of \$245 in a three-car smash in which the second car was thrown into the path of the Ricker auto and there was nothing for the third car driver to do but "take it" on the left front and side of his car. Mrs. Ricker suffered from a bruised knee a few days and both she and her husband were happy to escape serious injuries.

Here's the story from the Bradenton paper:
A three-car crash on the Green Bridge draw about 5:20 o'clock yesterday afternoon injured no one, but caused considerable damage to the three automobiles involved and tied up traffic for more than 45 minutes, police reported today.

Policeman Keith Silver gave this account:

Southbound traffic was moving along nearly bumper to bumper when it suddenly stopped, causing Gerald R. Cox, Bradenton, to crash his car into the rear of an automobile driven by John Rosenbarger, Bradenton. The impact knocked the Rosenbarger vehicle into a northbound car driven by A. A. Ricker, Bradenton.

Silver said the rear and left of the Rosenbarger car was smashed, the left front of the Cox automobile was damaged and the left front and side of the Ricker vehicle was wrecked, causing an estimated \$1,500 damage to the three cars. No charges were made.

The officer said southbound traffic was blocked completely through Palmetto to the Ed Hays Service Station, which is located at the corner of Eighth Avenue and the Bayshore Road. Northbound traffic was stopped as far as Manatee Avenue in Bradenton.

Christmas—In a New World

OBITUARY

Dorothy May, the daughter of Rev. and Mrs. Arthur May of the Brockway Wesleyan Methodist Church was born April 29, 1934, at Flint, Mich. She was converted at the early age of five years. She moved with her parents to Reese, Mich., where she spent most of her childhood days. She attended school at Lakeview where she finished her junior high. Feeling it was the Lord's will she entered the Mt. Carmel Bible School at Lawton, Kentucky, in September, to take up the 11th grade. She was taken sick and returned home about six weeks ago. She has been a patient sufferer.

Her sunny smile and Christian disposition won her way into the hearts of many people. She left us Nov. 28, 1950, saying "I see heaven. It is wonderful! Meet me."

Besides her parents, she is survived by three sisters, Irene, Ariene and Verna; two brothers, Calvin and Jonny; a friend, Ray Johnson, at Chincoteague, Virginia, in the navy; her grand-

parents, Mr. and Mrs. Melvin Rhoad, of Copemish, Mich., Mr. and Mrs. Ira May of Flint, Mich., and many aunts, uncles and cousins, besides a host of friends.

Not Pretty

When Whistler had finished a portrait of a well-known celebrity, he asked him whether he liked it. "No, I can't say I do, Mr. Whistler, and you must really admit it's a bad work of art."
"Yes," replied the artist, looking at his sitter through his monocle, "but then you must admit that you are a bad work of nature."

Eicher's Cleaners Install New Machines for More Efficiency, Better Work

Concluded from first page.

of equipment, Mrs. Eicher said.

Another is the steam vacuum squeezer, which is used for all types of sleeves, on all materials. All three are latest model machines, Mrs. Eicher said, and they have been put into service during the past two weeks.

Also installed is a Cissell two-unit dryer, which fluffs clothes and gives them a soft, clean feel. A syntho-system, which recovers and re-uses the cleaning fluids, also serves as a de-linting machine, according to Mrs. Eicher, and is in the Eicher cleaning plant now.

Mrs. Christine Tetreau, who passed her 11th year as a silk spotter at Eicher's last month, has the longest term of service, while all other employees have worked in the plant four years or more. They include Mrs. Arthur Wachner, Mrs. Walter Hanniman, Mrs. Archie Miller and Paul Horton in Pigeon and Shirley Damm in the Cass City store.

The Eicher truck, which is operated by Lee Stirrett, regularly covers a dozen Thumb towns on its pick-up route, including Bay Port, Caseville, Elkton, Owendale, Kinde, Gagetown, Cass City, Sebewaing and Unionville and other communities. Regular pickups are made in Pigeon, and a branch store in Cass City is serviced three times weekly.

Shortest U. S. Railroad

The Valley railroad, 0.57-mile in length, at Westline, McKean county, Pennsylvania, is the shortest line-haul railroad in the United States. This railroad derives its revenues entirely from freight service. In 1948, the Valley Railroad employed 11 persons. It is an independent company, rated by the Interstate Commerce Commission as a Class III road.

Synthetic Rubber Paints

The new synthetic rubber paints are both odorless and easy to apply. Besides being washable, many of them have the same colors available in both flat and semi-gloss finishes. This enables you to have matching colors on your walls and woodwork.

This and That

Mother Nature has cut another caper! In a December frolic, she exhibited four pansy blossoms and about ten buds. This freak of nature took place in an old auto tire on the lawn of the John Wagner home. "And to think," says Mrs. Wagner, "that the plants were covered by three or four inches of snow last week."

The Cass City Police Department is the owner of a Royal Deluxe portable typewriter and no longer will the head of that department be obliged to use pencil or pen to "long hand" his reports to the village president and the common council or his communications to the State Police or other state departments. The Royal comes to the village police department as a gift through the generosity of Miss Nancy MacArthur. The machine is in fine working order, but like other makes of typewriters there is one drawback—there's no guarantee that the machine will always be correct in spelling.

Because John Warrington has more different kinds of dollars than most anyone in town he cannot be classed as money-mad. He's just interested in collecting different kinds of coins and in the past 25 years has gathered hundreds with different dates and denominations, both domestic and foreign. In the collection are an 1847 one-cent piece larger than the present day quarter, a half dollar of the Columbian Exposition of 1893, a half dollar dated 1854, a two-cent piece of 1863, a half dime of 1854, a nickel of 1869, a 20-cent piece of 1875, one cent dated 1856, a Civil War dollar of 1863, several three-cent pieces of 1872, about 30 Liberty Head nickels, and several different types of dollars. That's a brief summary of United States money and there's a great array of others. In the way of foreign coins, there are "other articles too numerous to mention," a phrase used in nearly all auction advertisements.

TUSCOLA COUNTY EXTENSION OFFICE

The December meeting of the Tuscola County USDA Council will be held next Monday evening. The program will include election of officers for 1951 which will be followed by an address by Alan Booter, district farm forester. Booter's services on woodlot management, timber estimation, woodlot marketing, etc., are available by contacting your county agricultural agent.

The Tuscola Soil Conservation District directors have set the time for the annual meeting for Wednesday, January 17, at the 4-H Memorial Building, Caro. The board of directors' December meeting will be held in the courthouse the afternoon of the 11th.

Corn that is stored should be checked periodically for moisture content which if too high will increase spoilage. Forced air might have to be used to speed up drying.

Tuscola County DHIA board of Directors met in the courthouse Tuesday afternoon, November 28. The board approved the temporary employment of Spencer Dunham as tester. He will take on some of the herds of association number 1, thus relieving Jack DeSimpelare, tester of that association to handle the herds in association number 2 west of Mayville. The board also discussed insurance and social security for its tester employees in connection with membership in the State DHIA. No action was taken on this, however.

Community Chest Raises \$4,423 with More Anticipated

Elkland Township Community Chest has \$4,423.15 in cash and pledges as of Dec. 5 as the result of the recent campaign for funds, says Leonard Damm, chairman of the group of solicitors this fall. Of this amount, \$4,257.15 was paid in cash and pledges totaled \$188.00. There is between \$150 and \$200 yet "in sight" to add to this total.

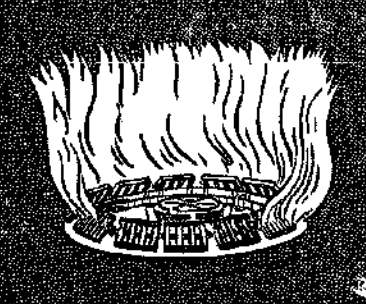

The total amount of the drive is not as large as raised a year ago but in the opinion of officers of the organization it will be ample for the chest's estimated needs because the Red Cross will conduct its own campaign for funds early next year.

To Banish "Bloom"

The "blooming" of varnish which gives it a cloudy, or gray, effect is often caused by moisture. Before re-varnishing, rub the surface with a rag moistened with alcohol. Be sure to undertake your project on a warm, dry day.
