

Pioneer Banker of Tuscola Co. Died At Age of 81

James L. Purdy Was for 60 Years Prominent Gagetown Business Man

From Gagetown correspondent.
James L. Purdy, banker in Gagetown for 60 years, passed away unexpectedly Sunday morning at his home at the age of 81 years. Mr. Purdy had been in ill health for a year or more but took an active interest in his business and was in the bank the Friday forenoon preceding his death.

James L. Purdy.

He attended school at Caro and at the age of 21 moved to Gagetown. He was married to Miss Cora Warner of Cass City August 30, 1894, by the late Rev. F. M. Gilchrist, then pastor of the Methodist Church, and 28 years ago moved to a 500-acre farm north-east of Gagetown. He sold the farm in 1928.

Nativity Scene Awarded First Place in Contest

Tying for Second Honors Were Mrs. Murray DeFrain and Roger Parrish

A Nativity scene complete with shepherds offering gifts to the Christ child won Lloyd Vyse first prize in the Chamber of Commerce home-decorating contest. Above the manger display, which is in front of the Vyse home on East Main St., is a replica of the Bethlehem star. First prize in the contest was \$25. Lloyd Vyse was awarded first honors in a similar contest a year ago.

Tying for a second place award of \$15 this season were Mrs. Murray DeFrain and Roger Parrish. Decoration judges were George McIntosh and Mr. and Mrs. John Hewens of Bad Axe, Alex Marshall of Kingston, and Mr. and Mrs. Del Striffler of Caro. Honorable mention in the contest was given to Glen McCullough, George Clara and Eugene Schwaderer. Judging of the homes was done Friday evening.

Outstanding among commercial decorations this year is a Christmas tree at the home of Mrs. Andrew Champion. The tree is covered with multicolored lights and beneath its boughs are huge packages attractively wrapped to resemble Christmas presents. Near-by, a life-size Santa Claus reviews his handiwork.

GAVEL CLUB MEMBERS LISTEN TO THEIR JOKES

Gavel Club members had an opportunity to judge whether their jokes and anecdotes "packed a punch" or were of the ordinary kind on Tuesday night when Dr. Ivan MacRae presided as toastmaster at the club dinner. During the past several weeks, the doctor by means of wire recordings had the stories preserved for Tuesday's meeting and "played 'em back" for entertainment.

Santa Distributed 1,000 Boxes of Candy and Nuts

Santa Claus kept his appointment with the children of the Cass City area Saturday night. Rudolph, the red nosed reindeer, who was leading the sleigh, had battery trouble up near Gagetown and Santa had to finish his trip from the north pole by truck. He arrived on time, however, and distributed 1,000 boxes of candy and nuts near the big Christmas tree at the corner of Main and Seeger Streets.

Santa's visit to Cass City is made annually under the auspices of the Gavel Club.

Babson's Business And Financial Outlook for 1951

Farmers' Income for the Coming Year Should Average No Less than 1950

By Roger W. Babson.

1. Excluding defense orders, the total business volume in 1951 will be less than that for 1950. However, National Income in 1951 will be the highest ever recorded, as war orders take the place of peace production and high prices prevail. More Government Controls Coming.

2. The outstanding feature of 1951 will be the ever-increasing interference of the government in the lives of businessmen and consumers.

3. The Administration and its economic advisors are firmly convinced that radical inflation is about to break out next year. But the "brain trusters" are overlooking the fact that the boom is already old and that it is creaking badly when the Korean War broke out. War postponed the downturn which would have taken place much sooner. The date of the slide has only moved ahead.

4. Rushing to catch up on its neglected defense program, the Administration is anxious to shrink business volume to an unnecessary degree. Efforts at first will be along the line of tighter credit curbs, such as restrictions on mortgage and installment loans and increased bank reserve requirements.

5. As 1951 wears on, the effect of credit controls will cause a decline in legitimate business. Civilian production will decline more than armament production will increase. The public may then cry, "This is a government-made slump; let's get rid of the controls!"

6. If in 1951 it becomes evident that business is declining too fast as a result of government curbs, the planners at Washington may rush their patient into an oxygen tent.

7. Most labor groups will not be successful in getting a sixth round of wage increases in 1951. Although there may be more strikes in the first part of 1951, there will be fewer for the whole year as compared with 1950.

8. Tightness in the labor supply will be continued as the year wears on, particularly of highly-skilled workers.

9. The Taft-Hartley Law will not be repealed during 1951 but may be amended. The Administrators of the law will continue to wick at some of its clauses.

10. Wholesale prices of many commodities will be marked by a mild decline in 1951 when compared with the price level for December 31, 1950. In some lines the drop may be quite steep from the high levels of late 1950. Retail prices for 1951, I do not now forecast.

11. The year 1951 should prove an excellent time to keep a tight grip on inventories. Commodity speculation for the rise will not pay in 1951. Furthermore, our expanding stockpiles of strategic materials present a real peace threat in the event of a peace scare. Such stockpiles could then act strongly as a depressant on prices.

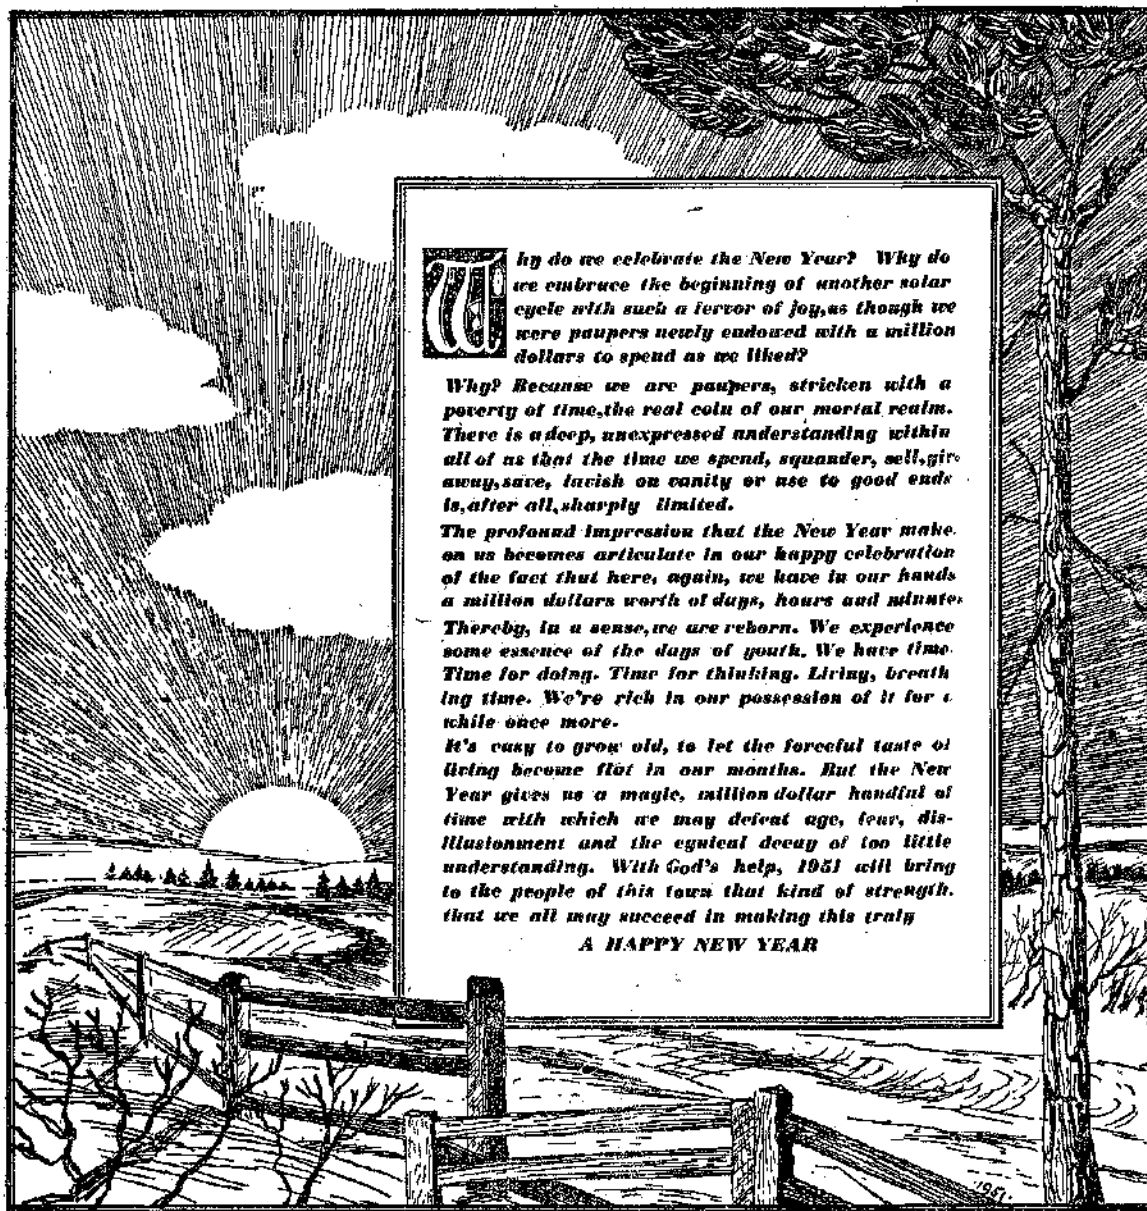

12. The cost of living will remain high during 1951. This prediction recognizes that living costs next year may be above the lower levels that existed during the first half of the year now closing.

Farm Outlook Good.

13. Farmers' income for 1951 should average no less than that of 1950.

Enna Jetticks,

America's smartest walking shoe. Get them at Parsch's.—Adv. 1f.

Why do we celebrate the New Year? Why do we embrace the beginning of another solar cycle with such a fervor of joy, as though we were paupers newly endowed with a million dollars to spend as we liked?

Why? Because we are paupers, stricken with a poverty of time, the real coin of our mortal realm. There is a deep, unexpressed understanding within all of us that the time we spend, squander, sell, give away, save, lavish on vanity or use to good ends is, after all, sharply limited.

The profound impression that the New Year makes on us becomes articulate in our happy celebration of the fact that here, again, we have in our hands a million dollars worth of days, hours and minutes.

Thereby, in a sense, we are reborn. We experience some essence of the days of youth. We have time. Time for doing. Time for thinking. Lining, breathing time. We're rich in our possession of it for a while once more.

It's easy to grow old, to let the forceful taste of living become flat in our mouths. But the New Year gives us a magic, million-dollar handful of time with which we may defeat age, fear, disillusionment and the egotistical decay of too little understanding. With God's help, 1951 will bring to the people of this town that kind of strength that we all may succeed in making this truly A HAPPY NEW YEAR

Red Hawks Suffered Their First Defeat Of Season Friday

Non-conference Game with Marlette Was Close from First Quarter on

Cass City Red Hawks suffered their first defeat of the basketball season Friday when they lost to Marlette by a score of 56 to 65. Since the game was slated as non-conference, Cass City still remains with Sebawaing and Vassar at the top of Upper Thumb Conference teams.

The Marlette game, which was close from the first quarter on, was won in the final period when Marlette brought down 18 points to Cass City's eight. At the half, Cass City led by the narrow margin of three points and at the end of the third period the teams were tied, 43 up.

Proposed Village Budget Is Slightly Higher than in 1950

A proposed 1951 village budget calling for \$55,761.25 was approved by trustees at the December council meeting Tuesday night. The budget is \$258.06 more than the amount required in 1950.

Major increases shown are in sewer extension, \$1,400; street and traffic lighting, \$1,250; and combined street labor supplies and improvement, \$2,000.

Decreases were shown in water works operation, \$1,000; water extension, \$2,500; storm sewer, \$5,000; and equipment expense, \$500.

Following is the proposed 1951 budget:

December Business Sets Record at Cass City Post Office

Stamp Sales Went \$400 Over Last Year's December Total of \$2,778.07

The largest volume of business in the history of the Cass City post office was transacted this month, according to Mrs. Andrew Bigelow, postmaster.

Through Tuesday, stamp sales at the local office were \$400 over last year's December record of \$2,778.07. Fifty thousand two-cent stamps and 20,000 three-cent stamps were sold during the Christmas mailing season, she said.

Cancellations on Dec. 19 and 20 also reached new highs for daily business. Last Wednesday, 13,700 machine cancellations were made on general mail in addition to hundreds of hand cancellations on parcel post and out-sized envelopes. Volume of parcel post was also greater than in previous years, according to Mrs. Bigelow.

Residents of the area helped alleviate the post office rush by mailing early, and, in some instances, by sorting and handing in Christmas greeting cards in bundles, she said. Three extra clerks were hired to help handle mail the week before Christmas.

Tractor Club to Be Organized at Cass City Jan. 8

Four Other Similar Meetings to Be Held in Tuscola County

Besides the tractor clubs already planned, another is slated for Cass City, says George C. MacQueen, assistant county agricultural agent. Implement dealers here have expressed their desire to offer their facilities and cooperation. Ed. Karr, Cass City farmer, will be the leader of this club. Ed has had experience in this program a few years ago. The club is designed to include all 4-H tractor members in the Cass City-Gagetown area. All boys 14 years old or more interested in 4-H tractor work, should be present at the organizational meeting Monday, January 8, at 8:00 p. m. at Cass City High School. Members are urged to bring their parents.

The Cass City Grange Has Christmas Party

The Cass City Grange observed their annual Christmas party Thursday evening at the regular meeting at the Bird schoolhouse.

Mrs. Samuel Blades presented several of her pupils of the Stone School in a Christmas program. A Christmas play, two solos by Mel-bourne Reinstra, and a pantomime entitled, "Silent Night," by Nancy Lee Sowden with Sharon and Gladys Wright, Joyce McLellan and Marjorie Stahlbaum as singers, comprised their offerings to the entertainment. Mrs. Peter Reinstra accompanied all vocal numbers on the piano. Children of Grange families also presented readings and songs and the group joined in singing carols.

Mr. and Mrs. Arthur Battel, Mr. and Mrs. Clifford Martin and Mr. and Mrs. John Marshall served the potluck lunch after Santa distributed the gifts from beneath the Christmas tree and listened to the secrets told him by the children.

Besides the pupils from Mrs. Blades' school, guests included Mr. and Mrs. Reinstra and Mr. and Mrs. Henry McLellan.

Fire Laddies Sing Carols to Shut-ins

That Santa delights in gladdening the hearts of older people as well as children at Christmas was well proven Sunday afternoon when he accompanied members of the fire department when they visited the residents of Stevens' Nursing Home and others about town who are not able to be out of their homes much.

Garbed in their fire-fighting coats and hats and riding in the fire truck, the men visited the homes and sang Christmas carols and were often joined by their hosts and hostesses. Instrumental music was furnished by Harold Gunther and Walter Jezewski with guitars and R. M. Hunter with the violin.

Candy and apples were presented to the shut-ins by Saint Nicholas and the eyes of the recipients shone with gratitude for the Christmas spirit tendered by their visitors.

Rev. F. J. Libby Answers Questions On Germany

He Made Trip to That Country to Learn the Attitude of People There

Five questions on post-war Germany were answered for Rotarians Tuesday noon in a talk by Rev. Frederick J. Libby, secretary of the National Council for the Prevention of War and editor-in-chief of the organization's monthly news-letter, "Peace Action." Mr. Libby, who is visiting his nephew, Meredith B. Auten, during the holidays, spoke at a Rotary Club luncheon at the New Gordon Hotel.

He and Mrs. Libby recently made a nine weeks' trip to Germany to find out for themselves the answers to five vital questions affecting Germany in the post war world. The questions were: (1) To what extent has the German war machine been dismantled? (2) How is Germany handling its refugees? (3) What is the fate of war prisoners? (4) What is the future of Germany? and (5) What do the Germans think of the United States' foreign policy?

To answer his first question, Mr. Libby visited industrial plants in the north of Germany, notably the Krupp works. The plant was virtually out of operation, he said, and for miles the buildings of the huge munitions industry had been leveled and the rubble cleared away. One small unit was still making locomotives.

In the British sector, Mr. Libby said he believed industrial demolition was well advanced.

Observed 54th Wedding Anniversary Sunday

Mr. and Mrs. U. G. Parker.

Mr. and Mrs. Ulysses G. Parker celebrated their 54th wedding anniversary Sunday very quietly at their home on North Seeger St. with their son and family, Rev. and Mrs. Cletus A. Parker and two daughters of Bay City as guests.

Mr. and Mrs. Parker were united in marriage the day before Christmas in 1896 at the Baptist parsonage in Oliver Township by Rev. Eugene Sutphen, pastor of the Canboro Church. They began their married life on a farm 10 miles north of Cass City and six years later moved to an 80-acre farm one mile west and one-half mile north of Rescue.

Because of the ill health of Mr. Parker, they spent the winter of 1909 in California and upon their return Mr. Parker entered into partnership with his brother-in-law, Charles Ricker, in a hardware business in Owendale where he remained 10 years. After leaving Owendale, the Parkers purchased another farm located two miles south and two miles east of that town and resided there for 23 years and one day. They then sold their personal property at an auction sale and came to Cass City, where they have since dwelled.

Both Mr. and Mrs. Parker were born in Grant Township, she on Dec. 12, 1875, and he on May 20, 1874.

They have two children, a daughter, (Freda) Mrs. John Maxwell, of Pontiac and a son, Rev. C. A. Parker, who is conference superintendent of the Evangelical United Brethren Churches of the Bay City District.

Blood Donor Program in Tuscola January 3, 4, 5

Donations Are Desired from Persons 18 to 59 Years of Age

Are you interested in providing useful and sometimes very critical gifts to our boys in Korea?

Are you interested in making provision now for your continued good health in the future, if by chance you should become a victim of an atomic bomb?

The board of directors of the Tuscola Chapter of the American Red Cross believe that your answers to the above questions are an unqualified "yes" and so they have made provision for you to take action and give the boys in and from Korea a belated Christmas present, a gift that might spell the difference between life and death for those courageous lads or even yourself.

The Red Cross with the Michigan State Laboratory have arranged to set up a blood donors' program at the Baptist Church in Caro for January 3, 4 and 5, between the hours of two through seven. They desire 150 donors each day and the 7 p. m. closing time makes it possible for those who are unable to get away during the day time to donate during the early evening.

Donations will be received from persons 18 to 59 years of age but Concluded on page 12.

Community Club's Meeting Will Be Held a Week Earlier

Because of a conflict with a basketball date here, the time of the Cass City Community Club dinner meeting has been advanced one week and will be held on Tuesday evening, Jan. 2. Emerson Scott of Caro will deliver an address and show pictures of his canoe trip to the McKenzie district of the Northwest Territory which he made with Raymond Driesen of St. Charles, Ill.

The two men left Saginaw on Apr. 23 and reached Aklavik, 200 miles within the Arctic Circle on August 29, taking four months and six days to make the trip with canoe. They came back home in four days by airplane.

Pictures will show a roundup of reindeer, white whale hunting with Eskimos, scenes of the Beaufort Sea, a part of the Arctic Ocean, and other wonders of the Northland.

The ham dinner next Tuesday evening will be served by the Novesta Church of Christ Ladies' Aid.

Arctic Circle Pictures and Lecture.

Emerson Scott, who made a canoe trip to the Arctic Circle this summer, will give a lecture and exhibit pictures of the trip at the Gagetown School auditorium Friday, Jan. 5, at 8 p. m., under 4-H Club auspices. Admission, 25c and 50c.—Adv. 12-29-1

While the world is wishing itself a happy new year, Republicans in Michigan are estimating the strength of Dr. Lee M. Thruston, supt. of public instruction. The mild mannered little scholar has a strong hold on his job (which he has long campaigned to make appointive). His defeat next spring would allow a Democrat—the only one on the governor's administrative board.

For although Williams is the first off-year Democratic governor in 36 years, the G. O. P. hopes to keep him isolated in a sea of Republican assistants. Williams' nuisance power is great; his actual ability to get things done is limited.

Fred M. Alger, secretary of state, emerged from the defeat of Former Governor Harry F. Kelly as the Republican to watch for 1952. Alger topped all nominees in the Nov. 7 balloting. Why did Kelly lose? The editor of the Muskegon Chronicle believes one reason was a voter impression that Kelly stood for the "Republican Old Guard." Definitions are elusive. You'll have to "roll your own."

Michigan automobile industries are miffed over auto price roll-backs (until Dec. 1), labeling it discriminatory. But Walter P. Reuther, president of the U. A. W. (C. I. O.), applauds, reiterating his argument that business could raise

wages, cut profits and still show reasonable profits. The end result of this kind of logic is state ownership of industry such as exists today in England.

At the same time the unions are sweating out their membership lists. As their members are called into the armed forces, women and other temporary workers are replacing them. But how long and how staunch will they be with them? The postwar (W. W. II) membership was not too inspiring to locals.

Chief beneficiaries of present inflation, now running at the rate of 10 per cent a year, will be farmers (through inflated food prices and land values) and city industrial workers through frequent pay boosts. Linking pay adjustment to higher cost of living will automatically contribute to more inflation.

Public assistance programs in Michigan from Jan. 1 to March 31 will cost \$10,178,000.

And the U. S. government which for years has been eagerly voting through welfare measures by the score expresses amazement that there are now more than 5,000,000 persons receiving \$2,000,000 in public assistance. Pre-war records show that in boom times only 2,000,000 persons, including aged and incapacitated, were unemployed.

Now more than 160 battle casualties from Korea are at Percy Jones Hospital in Battle Creek. Since most of these men have suffered frostbite as well as combat wounds, it is possible the base will specialize in that treatment. The doctors are garnering first-hand experience of what exposure can do to a soldier.

National plans to build an air academy (Fort Custer and two other Michigan sites have been scuttled). The house armed services committee says "this is the kind of a project which must be deferred until after the emergency."

In January 3,884 Michigan men, at least, will be called to duty. This is the fastest draft pace since World War II. And we are still waiting to establish training areas?

While the state mulls its \$65,000,000 mental hospital expansion program, Republican senators Bonine (Vandalia) and Vander-Werp (Fremont) argue that facilities for diagnosing mental disturbances before treatment are needed. Would cut down on state hospital needs, they say.

Including state aid to local governments as required by a constitutional amendment, the State of Michigan spent an average sum daily of \$1,524,708 during the past fiscal year (ending July 1, 1950). State government received \$1,422,811 average in revenue daily. The

difference on a 12-month basis was a \$21,311,232 deficit.

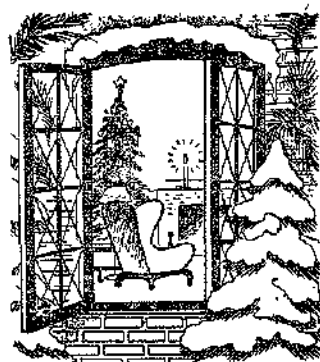

So the state began its present year (ending next July 1) with a red-ink handicap of \$21 millions. Add to this sum the additional cost of financing public services due to our latest spiral of inflation, running currently at the rate of 10 per cent a year. You get some idea of the financial headache awaiting the state legislature in January.

State payrolls have gone up. So has everything else—invariably so as the dollar buys less and less. The outlook for 1951 is no different than that of recent years: Government services must be curtailed or higher taxes must be levied to pay the bill.

Hard luck comes from sitting around waiting for a miracle.

Life is an eternal struggle to keep one's earning capacity up to one's yearning capacity.

The number of forest fires in the United States increased approximately 11 per cent during 1949, but the total acreage burned was less than swept by fire in 1948. Last year, 193,774 fires burned 15,397,419 acres.

Stalls for Cows

Improper stabling and lack of good bedding are the most common causes of foot injuries in cows. Stalls should be wide enough and long enough for the cow to recline and get up without bruising or otherwise injuring the teats and udder. Similarly, bedding should cover the stall floor completely so as to give the udder a thick, protective cushion. A generous supply of good bedding, such as straw or other material, also helps to protect the udder against chilling.

Down Memory Lane

FROM THE FILES OF THE CHRONICLE

Twenty-five Years Ago.
Jan. 1, 1926.

Sheriff Jay Colling and his deputies were successful in uncovering liquor and moonshine manufacturing paraphernalia in five raids made at different points in Tuscola County in the days near the Christmas holiday. As a result five men were bound over to the circuit court for trial on charges of violation of the prohibition law.

Pupils of the Gageton schools celebrated the holiday season with the real Christmas spirit this year. Instead of the usual tree and interchange of gifts, each student contributed money which made up a subscription for the Carr Creek Boys' Missionary School in Kentucky.

Cold weather prevailed over the week end. The Deford Garage was very busy on Sunday towing cars in and thawing them out—all makes, from a Ford to a Will-St. Clair.

Local Grange singing teams, representing subordinate Granges throughout the state, will compete for honors during farmers' week at Michigan State College Feb. 1 to 5. Deaths within the past week include Mark Bond and Mrs. Margaret Patterson.

Thirty-five Years Ago.
Dec. 31, 1915.

The new state law going into effect Jan. 1, 1916, provides for a speed limit of 10 miles an hour through the business sections of cities and villages and a 15-mile limit in all other portions thereof with a 25-mile limit in the country. No local authorities, after Jan. 1, can pass regulations increasing the minimum speed.

Mr. and Mrs. Luke H. Wright celebrated their golden wedding on Christmas Day. This day was also the wedding anniversary of Mr. and Mrs. Harry Guppy, the latter a daughter of Mr. and Mrs. Wright, and the birthdays of Gladys Tuckey and Ada Wright, both grandchildren.

The Elkland Milling Co. expects to be ready to have the mill running within ten days. All new machinery is being used and the power is being furnished by three of the latest type Westinghouse motors.

Australian Livestock

Australian veterinarians are taking to the air to serve the medical needs of six million head of livestock scattered over the western part of New South Wales. A shortage of veterinarians in that area, coupled with poor roads, led to a government decision to inaugurate an aerial taxi service. Traveling in small planes with a pilot, veterinarians can make rush calls in widely scattered townships and settlements. Emergency airfields, now used by flying physicians and ranchers, are being utilized for this new service.

Mary Ann, Larry and Tommy Crouch of Grayling visited their grandfather, Wm. W. Parker, on Friday and Saturday. Saturday evening, they accompanied their mother and stepfather to Detroit and spent the week, returning on Sunday again to the home of their grandfather.

The many friends of Mr. and Mrs. John Doerr, who have been in the Saginaw General Hospital the past few weeks, are glad to hear that Mr. Doerr has left the hospital and is spending some time with his daughter and husband, Mr. and Mrs. George Leuke in Bay City, and Mrs. Doerr will be able to leave the hospital by the end of this week.

Mrs. Arthur Moore was very ill last week and was a patient in Pleasant Home Hospital in Cass City Thursday and Friday. Mr. and Mrs. Donald Lester and son, Garry, and daughter, Grace, of Detroit came Friday to see Mrs. Lester's mother, Mrs. Moore. They stayed until Sunday and they had their Christmas dinner on Sunday as Mr. Lester had to return to work Monday morning. Other guests were Mr. and Mrs. Clayton Moore and daughters, Donna and Diane, of Grant. Mrs. Lester and children remained for a few days' visit.

IN DEEP

Four-year-old Johnny came running into the house.

"Mumms, do you know Jacky Brown's neck?"

His mother did not answer this apparently irrelevant question.

"Mumms, I said—you know Jacky Brown's neck?"

"Well, yes," his mother capitulated. "I suppose I do know Jacky's neck. Why?"

"Well, just now he fell into the pond up to it."

A FRIEND INDEED

One night, when John Barrymore was making his first appearance on Broadway, he was chatting with the leading lady. Young Jack was unusually thoughtful. Obviously something was on his mind. "Is something wrong?" asked the actress.

"I was just thinking of a poor friend," said Barrymore. "He needs money desperately. I've thought of a way to help him," continued the Great Profile, hesitantly. "But it means asking a favor of you."

"Yes?" "You see, he earns a few extra pennies getting endorsements for a new style petticoat. Now if he could get your name on an endorsement, it would mean a handsome commission for him. Do you think you could give it to him for my sake?" "Of course, Jack," said the actress, touched. "How thoughtful! It is of you to help the poor fellow."

She signed the paper and gave it to him.

"By the way," she asked. "Do I know the boy? What's his name?" "His name," smiled the Great Profile, reaching for the door, "is Barrymore."

REV. F. J. LIBBY ANSWERS QUESTIONS ON POST-WAR GERMANY

Concluded from page 1.

tion had gone beyond the revenge stage and that such industries as soap and watch making had been destroyed, apparently to lessen England's competition in the field. Refugees in the American sector Mr. Libby divided into two classifications: The 8,000,000 expellees, who were driven out of surrounding countries by Russia and the 1,000,000 persons who fled across the Russian-American border after the occupation. The majority of these families live in single rooms in abandoned cellars of bombed out buildings or former aid-rail shelters. German homes with one spare room are required by law to be opened to a refugee family. Rev. Libby said that only by cessation of the dismantling of German factories and increased industry will the German refugees find work and security. He added that a strong industrial Germany is a bulwark against Russia.

Mr. Libby said that the National Council for the Prevention of War is working feverishly to prevent any further executions of war criminals at the Landsberg prison near Munich. So far, 129 bodies rest in unmarked graves near the prison walls. He said that the majority of prisoners were jailed because they "obeyed orders," an issue which has created a great deal of tension between Germans and Americans in Europe. He said that many war criminals guilty of war crimes were given red jackets and left as long as four years without knowing what day they might be hanged. "They die a thousand deaths," he said.

For the future of Germany, the Germans believe that uniting the industries of Germany and France and the creation of "A United States of Europe," is their chief hope of survival.

As for American foreign policy and the rebuilding of German war industries to aid in the event of a conflict with Russia, Mr. Libby said that the Germans definitely do not want another war after their crushing defeat in 1945. He added that American indoctrination during the past five years and the treatment of war criminals has turned them virtually into pacifists. However, if Germany must be re-armed, it wants to be girded to the teeth, he said. The German people know the strength of Soviet troops on the Russian border and that their country will serve as a battle ground if war should again arise in Europe. They also know that survival in a third world conflict would be next to impossible.

County Bean Growers Will Hold Annual Meeting January 4

Bean growers of Tuscola County will gather for their annual meeting on the afternoon of Thursday, January 4, at the Fairgrove High School at 1:30 o'clock. The event, which is the first real annual meeting of the association of 1500 members, is open to all bean growers, announced Loren S. Armbruster, county agricultural agent.

The speaking program will consist of authorities on bean production. Dr. E. E. Down, Farm Crops Department of Michigan State College, will present some of the latest things in bean plant breeding work. Dr. Down is recognized as a material authority on this subject. The subject on bean diseases will be covered by Dr. Axel Anderson, United States Department of Agriculture Pathologist working with Michigan State College, on experimental work in the control and prevention of diseases affecting beans. Dr. Anderson is particularly interested in presenting causes and prevention of blight, anthracnose and water spot and other diseases which were so prevalent in most of the bean producing counties this year. Clarence Prentice, extension specialist in marketing from the College, will explain the progress and future plans of the Michigan Bean Producers Association.

During the past year the Tuscola Bean Growers Association was organized and almost 1500 members signed up. The officers during the year were Karl Keinhart of Reese as chairman; vice chairman, Leon Van Steenhout of Unionville; secretary - treasurer, Harry Rohlfis of Akron; and association campaign manager, Cecil Baker of Reese.

Baggage Checking

One hundred and fifty (150) pounds of baggage not exceeding \$100.00 in value may be checked without additional charge for each adult passenger, and 75 pounds not exceeding \$50.00 in value for each child traveling on a one-half fare ticket. A nominal charge is made for excess weight and value of baggage.

Canadian Mining

The mining industry is Canada's third largest primary industry from the standpoint of gross value of products, agriculture being first and forestry second. Canada today leads the world in the production of nickel, asbestos and platinum, and is the second largest producer of gold, zinc, cobalt and aluminum.

A Difference

Young Hopeful - "Father, what is a traitor in politics?"
Veteran Politician - "A traitor is a man who leaves our party and goes over to the other one."
Young Hopeful - "Well, then, what is a man who leaves his party and comes over to yours?"
Veteran Politician - "A convert, my son."

Stop, Look, Listen

Marriage is somewhat like a railroad sign. When you see a pretty girl you stop, then you look. And after you're married, you listen.

THE DEFENSE RESTS

"Remember, Mr. Smith," said the district attorney, "anything you say will be held against you."
"Betty Grable, Betty Laman, Betty Grable, Hedy Laman," replied Mr. Smith.

Lazy
The foreman on a political job was bawling out one of his slowest workers. "I know the sort of fellow you are," said the foreman. "You're the sort of fellow who'd like to stay in bed all day and get things done, just by pushing buttons."
"Not me," was the reply. "Who'd push the buttons?"

JUST A NOVICE

Father: "I won't have that young fellow that works at the truck terminal kissing you like that. I saw you on the porch last night!"
Daughter: "Don't worry, Daddy. He'll improve. After all, I just met him yesterday."

Embezzlers Tell What Spurs Them To Commit Crimes

LOS ANGELES, Calif.—Dr. Donald R. Cressey of the University of California, in a study of embezzlers, reports that embezzlement of money by persons to whom it is entrusted is not simply the result of "criminal tendencies" or the classic temptations of "wine, women and waging."

He reports this misapplication of money results from a coincidence of these prime factors:

The development with an individual of a financial problem that he does not feel he can share with anybody; perception that access to other people's money presents a possible solution to the problem; and rationalization by the individual of pseudo-legitimate grounds for misusing the money.

Typical "non-shareable" problems the sociologist said, are when a bank teller loses heavily on the races, but in his position cannot afford to admit any connection with gambling; and when a business or professional man makes a disastrous investment without consulting anybody and thereafter is ashamed to admit his ineptness.

The opportunity factor is the handing of other people's money under circumstance where it can presumably be "borrowed" briefly without being missed.

The rationalization factor in embezzlement is not the ultimate self justification in which most criminals indulge, but justification before the crime which in retrospect often does not seem plausible even to the malefactors themselves.

Sometimes, Dr. Cressey found, the rationalization involves admitted dishonesty, but dishonesty that is presumed to have justification. Thus in one case a man who thought he was not receiving adequate pay took the difference out of his employer's till; later, when he got an increase above what he thought was his due wage, he tried to reimburse the till accordingly—but was caught before he finished.

He suggested that in dealing with apprehended embezzlers it should be borne in mind that most of them realize the error of their ways even before they are caught. Of the other, imprisonment alternatively may bring their standards back into proper adjustment or through exposure to criminal ideologies, may confirm their twisted value scales.

Soviet Union Haircut Adopted by Satellite

PRAGUE, Czechoslovakia — Russia's satellites are now copying the Soviet army's hair cut. The Czech army newspaper Obrana Lidu reported that from now on that country's soldiers will have their heads shaved like Soviet troops.

The writer said one private, who already had had his head shaved in accordance with regulations, told how "his girl burst into tears when she saw him without hair."

The writer then advised the soldier to forget the girl "because she evidently cares only for his hair and not that he is a defender of our people's democratic homeland."

Synthetic Topsoil Grows Bigger, Greener Vegetables

CHICAGO, Ill.—Dr. Eduard Farber of Washington, D.C., told the American Chemical society recently sawdust can be turned into synthetic topsoil to grow bigger, greener vegetables.

Chemically treated sawdust becomes like humus, he reported. Erosion robs the nation of millions of tons of precious topsoil annually. And lumbering piles up mountains of sawdust, estimated at 80 million tons a year, for which there are no great uses.

The new chemical process might help solve both problems. Early tests with sawdust have been promising. From 10 to 40 tons of converted sawdust were applied to an acre of soil. Seeds germinated sooner and more of them germinated he said.

Leaves were bigger and greener, and the weight of the produce like radishes, beets, onions and tomatoes were greater.

The sawdust is treated with mineral acids, at temperatures well over the boiling point of water but not hot enough to char the cellulose material in the sawdust, he explained. The sawdust forms humus substances by loss of water and some acid reactions.

New Theory of Creation; Milky Way Born of Clouds

WASHINGTON—A new theory of creation has been presented by Dr. Lyman Spitzer, Jr., director of the Princeton university observatory. He says latest astronomical evidence indicated the stars of the Milky Way were formed about three billion years ago out of "flying cosmic clouds."

Dr. Spitzer offered no explanation where the flying clouds came from. The report said it "still is a complete mystery."

The theory is that great gas clouds, thinner in substance than the purest vacuum ever produced on earth, gradually condensed into individual stars as a result of gravity and the "pressure" of light.

Too often an auto is better regulated than the man driving it.

Dying Costs Plenty

BEHIND THE NECKTIE counter of a swank Manhattan haberdashery presides a young man who studied originally to be a mortician, but found the work too lugubrious. "Customers sometimes balk at paying 10 to 15 bucks apiece for a fancy tie," he commented. "I usually calm them by proving statistically that no matter how high prices go, it's still infinitely cheaper to live than to die. Take shaving. Suppose it costs you a half dollar or 75 cents. Know what a family pays to have a dear departed shaved? Five bucks! Sometimes even 10!"

"A woolen overcoat sells for \$100 tops. A wooden overcoat sells for \$300 bottom—and you know what you can do with those silver handles. A taxi ride to the cemetery rarely exceeds two-fifty. The same trip in a hearse costs 10 times as much. The clincher is this: your wife or mother-in-law will tell you all about yourself for nothing, but look what they have to pay a minister to talk about you at some dismal funeral parlor. See what I mean?"

Burning the midnight oil at the local night-spots won't help burn the mortgage on your home.

from the **TUSCOLA** COUNTY EXTENSION OFFICE

By Loren S. Armbruster.
The extension agents of Tuscola County feel that this week's column has two major points of interest, both to us and to our readers. First of all, this completes the first year—a column for each

of the past 52 weeks—of extension news and notes presented for your benefit. It was a privilege indeed for us to write the column and it was greatly appreciated to have the papers print it regularly. It is hoped that our readers have found it of interest and of value to them at all times. The second major point is to wish each and everyone of you a happy and prosperous, peaceful year during 1951.

May I use this space to extend to

all my sincere appreciation for the splendid cooperation given me during my 20 months as county agricultural agent for the people of Tuscola County. My departure the first of the year will leave me with many fond memories of the people of the county. My best regards to all.—Loren S. Armbruster.

Michigan State College secured an extra supply of red pine seedlings and white spruce transplants for spring plantings. Agent Armbruster suggests that orders be placed immediately through the extension office. The college has also had a limited supply of red pine transplants and jack pine transplants available. Various deciduous trees can also be ordered at this time for spring planting.

Annual bean growers' meeting at 1:30 p. m. at the Fairgrove High School on Thursday, January 4. Check the detailed news article in the paper about outstanding speakers on the program.

Income tax returns are due soon. Two special meetings have been planned to assist rural people in filling out the returns. On January 11 (Thursday) an afternoon meeting at 1:30 in the courthouse and an evening meeting at 7:30 in the Vassar High School will be held to explain and discuss the filling out of forms for 1950 income. E. W. Elwood, extension specialist in agricultural economics at Michigan State College, will be guest speaker. Mr. Elwood is co-author of the bulletin, "Farmers' 1950 Income Tax," which is available at the extension office. This bulletin is used in 13 central and north central states of this country.

A very successful limestone and marl conference was held at Michigan State College last week. Edward Whalen, limestone contractor of Caro, was a member of the afternoon panel made up of six people including limestone processors, marl contractors, production marketing administration and extension agents. The meeting was arranged by the soils department of the College. Whalen was selected on a committee to set up plans and by-laws for the organization of a state limestone and marl association.

A 4-H officer training school is being planned for winter club officers. The date will be announced soon. The school will not be held January 3 as tentatively announced a few days ago.

Adult 4-H leaders, don't forget to leave your name at the extension office if you wish to attend the recreation training meeting January 11. The meeting will be at the Wilber Memorial 4-H Building from 10 a. m. to 4 p. m. Huron and Sanilac County leaders will also attend the meeting.

Attention, winter 4-H leaders! Your enrollments should be in the extension office now! If you haven't sent them in yet, please do so at once. We need to know who is enrolled in your club and what projects are being taken by the first of the year!

Husky Appetite
Huskies, said to be the toughest dogs in the world, have stomachs that match their reputation. These sturdy dogs have been known to haul heavy loads up to 50 miles a day on a diet of frozen walrus hide. Unlike coddled domestic pets, they will eat anything. In one instance, a team of the dogs broke loose and, within a few minutes, had devoured a pair of ski boots, part of a sleeping bag, the hide straps from ski boots, gloves, and a sealskin hood, plus a month's supply of dog food.

STANLEY ASHER, MGR. PHONE 25

Babson's Business And Financial Outlook for 1951

Concluded from page 1.
for 1950. Since the trend in the first half of 1950 was down, this forecast is not so optimistic as it might otherwise seem, for there is likely to be a weakening of the farmers' income position during the latter part of 1951.

14. Barring crop failures, the total supply of food available should be larger in 1951 than for 1950, since the government will raise planting quotas as part of its attack on inflation. If the weather is extremely favorable, the government will be blamed for farm-price weakness during the latter part of 1951.

15. With prospects good for a rising supply of feed grains, meat should be more plentiful next year than in 1950. Prices for meat, however, will be held up by continued high National Income and by military needs.

Taxes Will Be Higher.

16. The burden of federal taxes both corporate and personal, will be increased again in 1951. State and municipal taxes will remain high.

17. There will be an excess profits tax in 1951. These excess profits taxes will be milder than those in force during World War II; but they will be inflationary and retard efficiency, economy and incentive.

18. There will be heavy pressure

for increased federal "sales taxes" to discourage purchasing of luxury and certain nonessential goods. Congress will see the value of some such sales taxes as an inflation road block.

19. States and municipalities will again be under pressure to find adequate sources of revenue. Further increases in such taxes can be looked for next year with additional cities and/or states adopting sales taxes.

20. Despite renewed efforts to increase the long-term capital gains tax above the present 25% figure, rates will remain unchanged.

Domestic Trade Will Be Less.

21. Credit curbs will cut into the demand for automobiles and household equipment. Completions of fewer dwellings will also act as a damper on furniture sales.

22. Falling demand for hard goods should mean a stabilization of the public's spending for food and lower-priced soft goods.

23. The trend forecast in No. 22 will mean a decline in department store volume, but I predict a rise in the sales of variety chains and of drug chains.

Foreign Trade Outlook Fair.

24. Barring new war developments, I look for continued shrinkage in our exports during 1951. Imports, however, should rise further. Total foreign trade should not be much changed, but the exporters will be on the short end of this business with the importers gaining.

25. It will become more difficult to convince Congress that additional heavy credits should be granted abroad except for war supplies.

26. As was the case this year, many domestic manufacturers will feel increasing competition from foreign merchandise. The cry for increased tariff protection will be heard again in the land.

27. Business and financial forecasts for next year are NOT based on the thought that World War III will start in 1951. Russia is certainly heading for war, but we do not believe she now wants it in Europe. She will be satisfied to have her satellites continue taking unexpected jabs at us, while the Politburo boys hand out the soothing syrup. But we may see another episode like "Korea" in 1951.

More Deficit Financing After June 30, 1951.

28. The first half of 1951 may actually see a budget surplus as a result of high National Income and increased taxation. Later, if Congress goes along with the Administration's plans for huge rearmament, a federal deficit will arise during the last half of the year.

29. As a result of the preceding prediction, money supplies should not begin to rise until after business has turned down. Increases at such a time are not likely to have much effect on prices.

30. Government bonds will be held tightly between the floor of Federal Reserve support purchases and the ceiling of Federal Reserve anti-inflation sales. Under such conditions, price changes should be negligible.

31. A great deal will be heard in 1951 about giving the Federal Reserve Board powerful controls over member bank loaning policies. Congress is not likely to pass such controls, however, unless commodity prices go a lot higher, or World War III comes.

Stock Market and Bond Outlook Uncertain.

32. I see nothing now to indicate that we are entering a period of improved international relations. The danger of war remains. Until it disappears, wise people will move out of large bomb-vulnerable cities and avoid having investments in such areas.

33. The Stock Averages may work somewhat higher during the first half of next year, but sometime during 1951 they will sell lower than current quotations.

34. Stocks now in the best position for 1951 should be those that have not been popular as inflation hedges in the past months. I like good chain store stocks.

35. Investment Trust funds, pension funds, and insurance companies will provide an excellent backlog of demand for sound Income Stocks where good values can be demonstrated.

36. The successful investor next year will be the one who follows a carefully planned investment program. Such a program will emphasize diversification—not only by company and industry, but also by quality. Overconcentration will not pay in 1951.

37. Highest-grade taxable corporate bonds should hold in a narrow price range during 1951, but I see no reason for individual investors buying them. For my forecast for long-term government bonds, see No. 30 above. The only corporation bonds which interest me are convertibles.

38. With income taxes slated to increase in 1951, tax-exempt bonds should continue in good demand. There has been some speculation in these, however, and any downward change in the tax outlook might cause a sudden turnabout in prices for municipals. Investors should see to it that their bond maturities are carefully diversified, with some part of their bond funds maturing each year.

Real Estate Activity Will Decline.
39. The real estate outlook for 1951 will be strongly affected by

curbs on mortgage credit. Much of the recent boom was the result of easy credit, almost nothing down and small easy payments for years hence.

40. New home construction will suffer a greater decline than other lines. Nonessential commercial building will also be hit.

41. The coming decline in new building will throw a wet blanket over speculation in vacant suburban lots.

42. The scare caused by the Korean-China War and fears of an early outbreak in other sections will adversely affect the demand for big city real estate. Lower business volumes and the Draft next year will also curtail such demand.

43. Small sustenance farms should hold up well in price as demand will be spurred by those seeking refuge outside the big cities. Demand for large commercial farms, however, should weaken as the year progresses.

The swing back toward rent control will act as a further damper on new building. There is no incentive to build homes for rental income.

45. Tighter credit controls will make it more difficult to purchase older residential properties, and the prices for these should weaken.

46. As building volume slackens in 1951, the quality of available materials and workmanship should improve. This will help those who have saved their money and can pay for at least half the cost of a new home.

Defense Orders and Politics Will Increase.

47. Those who can do so should attempt to get defense orders as a means of holding up production volumes and reducing overhead. Not too much profit from such war business should be expected, however, as these contracts will be subject to tightfisted renegotiations.

48. The political outlook for 1951 will be completely dominated by jockeying for position in the Presidential race for 1952. Most of Congress' time will be spent on International Problems; but either War or Peace could come early in 1951, which could make many of the above forecasts useless.

49. In Domestic Matters, despite recent election changes in party alignment, Congress will still be dominated by a conservative coalition of Northern Republicans and "unregenerated" Southern Democrats. When the heat is on in a tough fight, the North-South coalition will still be able to curb onslaughts by New Dealers.

50. We are gradually headed for a One Party System and finally a Dictatorship. The Republicans will sometimes win with the slogan "Had Enough?"; but their reign will be short-lived. Too many persons are following the pernicious doctrine of asking for higher wages and shorter hours, speculating in stocks and goods, growing rich on paper, voting Democratic for selfish reasons and letting the country go to the dogs, war or no war!

SPECIAL EXCLUSIVE.

The United Nations will withdraw from Korea during 1951. The United States in 1951 will have the largest National Income of its history.

In Columbus' Day

Various estimates have been made as to the population of the western hemisphere when Columbus arrived. These estimates range from about eight million to as many as 75 million. However, a recent estimate, which is regarded as authoritative by the bureau of American ethnology of the Smithsonian institution, arrives at the hemisphere total of 15,590,000 in 1492.

Alpine Lakes

Switzerland is reported using some of its scenic Alpine lakes as "deep-freezes," lowering food and other perishable supplies in sealed drums 40 feet or more below surface level. There is plenty of room 40 feet and more down in Lake Geneva. The crescent-shaped lake fills a steep canyon of rock 45 miles long and eight miles at its widest, with water depths of as much as 1,065 feet.

NOVESTA**A Happy New Year.**

The family and grandchildren gathered at the home of their mother and grandmother, Mrs. Lillie Englehart, totaling 23 in all, for Christmas. Mr. and Mrs. Will Englehart of Deford were also present.

Mr. and Mrs. Michael Lenard went to Detroit on Saturday to spend Christmas with their children. They returned home on Monday.

Mr. and Mrs. George Spencer entertained on Christmas, Mr. and Mrs. Alva Spencer and family of Auburn Heights.

Mr. and Mrs. Walter Lis and baby, Mr. and Mrs. Toni Socol and family, and Miss Stella Lis, all of Detroit, spent Sunday and Monday at the home of Mr. and Mrs. Ignatius Lis.

Mr. and Mrs. John H. Pringle entertained on Christmas, Mr. and Mrs. Clark Zinnecker and two children, Mr. and Mrs. Everett Field and family, and Mr. and Mrs. Grant Pringle and son.

Mr. and Mrs. Arthur Henderson and family of Pontiac spent Saturday at the home of their parents, Mr. and Mrs. A. H. Henderson.

Mr. and Mrs. Milton Ross of Decker were Christmas guests of Mr. and Mrs. Archie Hicks. Mrs. Archie Hicks and Mrs. Ross are sisters.

Mr. and Mrs. A. H. Henderson had for Christmas guests Mr. and Mrs. Stuart Henderson and son, Donald, Mr. and Mrs. A. J. Pratt and Mrs. George McArthur.

Mr. and Mrs. Leslie Peasley of Saginaw spent Christmas at the home of their parents, Mr. and Mrs. Claud Peasley.

The Ladies' Aid Society of Novesta Church of Christ have cancelled their January meeting by reason of having to serve the Cass City Community Club supper on Jan. 2.

They stood beneath the mistletoe He knew not what to do, For he was only five foot tall, And she was six foot two.

Mr. and Mrs. John Juhasz entertained on Christmas Eve, Mrs. Juhasz's parents, Mr. and Mrs. Hoist, of Caro.

Mr. and Mrs. Lee Simpson and children of Pontiac visited Sunday at the A. J. Pratt home. Arthur Pratt went home with them for the Christmas vacation.

Mr. and Mrs. Milton Kilgore of Avoca visited on Christmas at the home of Mr. and Mrs. Harold Biddle.

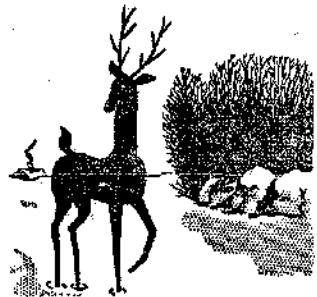

Mrs. J. D. Turner had her Christmas program on Thursday evening. The school program was short, owing to the lack of pupils to participate so Howard Watkins showed moving pictures and told a Christmas story. There was a large number in attendance.

The young people of Novesta Church of Christ went caroling on Saturday night and finished up with a party at the Claud Peasley home.

The Christmas program at the Church of Christ was held on Friday night with a good attendance and Sunday night a pageant was presented at the church.

Greatest Story Teller

The slave boy, Aesop, who lived in Greece about 600 B. C., was one of the greatest story tellers of all time. Although his tales were not recorded until years after he died, they lived through the ages and have been translated into scores of languages.

SEASON'S GREETINGS

Let us look for faith and reassurance in the New Year.

CASS CITY AUTO PARTS

"Poor Relations"

The nearest relatives of the beautiful birds of paradise are the plain crows. Actually, the simplest of paradise birds, the manucodes, do resemble small glossy crows. The fancier species, however, such as the King, the Sicklebill, and the Magnificent, with their multi-colored and fantastically shaped plumage, seem a world away from their dull appearing cousins.

Criticism is one thing all of us would rather give than receive.

Animal Disease Prevention

All efforts to stop the spread of contagious animal diseases should center on these three procedures: (1) Immediately isolate sick animals from well ones. (2) Have the trouble diagnosed without delay. (3) After isolation quarters are vacated, thoroughly disinfect and air them before occupancy by healthy stock.

Dice were discovered centuries ago—and the world has been shaking ever since.

Chimpanzees

Chimpanzees are the smartest of all animals. They know the value of sleep and sleeping well. They prefer to sleep in cribs or beds. They don't think 12 hours of snoozing a day is too much and usually pull a blanket over their heads while they snooze. Modern zoos even put blinds over their cages to keep the light out and to deaden the noise.

Politics are still the controlling factor, even in an emergency.

Egypt

Of Egypt's more than 380,000 square miles of territory, only about three per cent is cultivated. This green and fertile area is almost entirely along the Nile river, where some 13,000,000 people live.

Damage of Parasites

The damage parasites do to farm animals can be compared with a chronic disease: the animals eat well, but are not as strong as they should be and fail to gain weight.

To all our good friends—we extend a sincere wish for a memorable holiday.

Blood Program in Sanilac Will Start in Three Communities

The blood program of the Michigan Department of Health in cooperation with the American Red Cross will start in three Sanilac County communities the week of January 8.

The volunteer workers in Marlette are being guided by Mrs. W. A. Gift. The mobile unit will make its first stop in the county on Thursday, January 11, at Marlette, then on to Sandusky, January 12 where the Sandusky Lions will be in charge of making the visit a success. The final day, January 13, will be devoted to Crosswell which will be the first visit by the mobile unit to the city. The Crosswell Rotary and Lions Clubs are helping to make the plasma drive a real success in that area.

The purpose of the plasma program is to provide the citizens of Michigan with low cost plasma and other blood products not adapted to economical small scale manufacture. All persons in the participating counties needing any of these blood products are entitled to them without charge.

All blood products are manufactured with funds appropriated by the legislature of the state of Michigan and are made available to physicians without charge. The plasma program is based on the needs of each individual county. The amount of plasma available to each county is directly proportional to the number of blood donations obtained in that county.

The Sanilac County Red Cross Chapter is supporting this blood program and is supplying not only volunteer workers but also financial aid to help Sanilac County secure a record number of donations. The County Medical Society initiates participation in the program by requesting the Michigan Department of Health to supply plasma and other blood derivatives for use of physicians.

Family Night Held At E. U. B. Church Friday Evening

A beautifully decorated Christmas tree surrounded with gaily wrapped gifts centered the dining room of the E. U. B. Church Friday evening when over 150 members of the church and Sunday School gathered for a Christmas party. Santa Claus arrived just in time to assist in distributing the presents among the children and before going on his way to other Christmas parties he delighted the audience with a happy song.

The evening started off with a bounteous potluck Christmas dinner served at tables decorated in keeping with the season. A program under the direction of Mrs. John Zinnecker followed the departure of Santa Claus. This included slides showing the pictures of the Bible story about Jesus' birth with Miss Helen Hower as narrator, Christmas hymns sung by the congregation and readings by Miss Connie and Miss Kathleen Bartle.

50 ATTENDANTS NEEDED IN VETERANS' HOSPITAL

Fort Custer, Mich., Veterans Administration Hospital urgently needs fifty attendants between the ages of 18 and 32 to fill position vacancies immediately. Dr. E. S. Post, manager, announced today.

Starting salary for attendants is \$2,200 a year with promotions as soon as new men become qualified. The job of attendant for mentally ill veterans is a year round position with living accommodations and board available for men without families.

Applicants must be able to read and write. No experience is necessary. Preference for the positions is given to veterans.

Inquiries by interested applicants may be made by postcard, letter or in person at the hospital. Mail inquiries should be addressed to: Chief, Personnel Division, Veterans' Administration Hospital, Fort Custer, Michigan.

Carpenter Is Ass't. Co. Ag. Agent

Recent action by the State Board of Agriculture, governing body of Michigan State College, transferred Byron E. Carpenter to assistant county agricultural agent, effective January 1, 1951. Carpenter has been 4-H Club agent in Tuscola County since June, 1949. At the same time George C. MacQueen, assistant county agricultural agent in Tuscola since March, 1950, was transferred to Tuscola County 4-H Club agent, also effective the first of the year. MacQueen was assistant agent in charge of 4-H Club work in Marion County, Indiana, before coming to Caro last spring.

No definite action has been taken filling the county agent's position, which will be vacated January 1 by the resignation of County Agent Armbruster.

DEFORD

Cold But Fun—

Sunday evening, ten members of the youth group and Mr. and Mrs. "Mac" McVety, Mr. and Mrs. Arleon Retherford, Mrs. Warren Kelly and Miss Harriet Warner sang carols at sixteen homes. The weather was cold but all enjoyed it very much. After the singing the group were warmed and "refreshed" with hot chili and coffee at the home of Mr. and Mrs. Burton Allen.

During the winter months, prayer service will be held at the homes. For Jan. 3, the group will meet with Mr. and Mrs. Earl Rayl and family.

Mr. and Mrs. Harry Hartwick spent Christmas Day with their parents, Mr. and Mrs. Milligan, of Cass City.

Mr. and Mrs. D. Pankey of Pontiac were Christmas guests of Mr. and Mrs. Geo. Jacoby.

The program at the church Saturday evening was enjoyed by a full house. Much credit is given to the committee.

Mr. and Mrs. Earl Rayl and family enjoyed the Decker church program on Friday night and were callers at the Jack Hirsch home.

Mr. and Mrs. Arnold Rayl and sons, Mr. and Mrs. Harold Rayl and Rona Lou, Mrs. Edwin Rayl and Renee and Pedro Milove were Christmas dinner guests at the Rayl, Sr., home. Mr. and Mrs. Earl Rayl, Jr., Edwin Rayl and Miss Della Hirsch came later in the afternoon and all enjoyed the gift exchange.

Mr. and Mrs. Rudolph Palmer of Detroit and Mr. and Mrs. Mike Kabinin and son, Gary, of Saginaw were Christmas guests of Mr. and Mrs. Joe Molnar.

Mr. and Mrs. Bill Kelley were Christmas dinner guests of Mrs. Mary Jarvis of East Dayton.

Norman Bentley left Sunday for Pontiac where he will visit his sister and husband, Mr. and Mrs. Charles Downer.

Mr. and Mrs. Vern Green and family of Pontiac spent Sunday afternoon and night at the John Clark home.

Mr. and Mrs. Roy Marra and Mr. and Mrs. Carmon Ingles and family of Caro were Christmas dinner guests of Mr. and Mrs. Horace Murry and family.

Mr. and Mrs. Jack Hirsch, Della and Leland and Norman Pike of Decker and Mr. and Mrs. Edwin Rayl and Renee and Pedro Malove of Cass City were callers at the Rayl home Saturday evening after the program at the church.

Guests Christmas Day at the Rayl Kilbourn home were Mr. and Mrs. Hendrian and Mrs. Tony Probe and family of Detroit and Mr. and Mrs. Norman Blank and family of Sover.

Mr. and Mrs. Alvah Spencer and family of Auburn Heights spent Christmas with their parents, Mr. and Mrs. Geo. Spencer.

Hugh McCall of Cass City ate Christmas dinner with the Roblins. Mr. and Mrs. George Roblin, Henry and David were Monday evening dinner guests of the Murrys.

Mr. and Mrs. "Lew" Sherwood were Sunday visitors of Mr. and Mrs. Ray Hamlett of Pontiac. Sunday night was spent in Birmingham and Christmas dinner was with Mr. and Mrs. Paul Moore.

Mr. and Mrs. Elmer Webster and Elmer Cross were dinner guests of Mrs. Bertha Chadwick Christmas Day.

Mr. and Mrs. Frank Lester of Kingston and Bobby Neff of Caro were Sunday guests at the Cecil Lester home.

Visitors Sunday and Monday of Mrs. Cora Slingland were Mr. and Mrs. Roy Stevens and family of Ewart, Mr. and Mrs. Ray Slingland and Earl Slingland of Merrill.

Saturday, Mr. and Mrs. Floyd Rondo, Mrs. "Bob" Wright, and Mrs. Floyd Coulter, all of Pontiac, Mrs. Delbert Martin of Caro, Mr. and Mrs. Geo. Huffman of Columbiaville and Mr. and Mrs. Gene Slicker of Grand Rapids were guests of Mr. and Mrs. John Clark.

Mr. and Mrs. Bruce Malcolm, Sharon and Kathy of Ferndale spent Sunday and Monday with their mother, Mrs. Howard Malcolm.

Mr. and Mrs. Wm. Dalton of Detroit and Mr. and Mrs. Robt. Bills and Sherry Lynn of Caro were Christmas dinner guests of their parents, Mr. and Mrs. Kenneth Kelley.

Clinton Bruce and daughter, Mary Alice, of Oxford and Mrs. May Sherk spent Christmas Day at the Walter Kelley home.

Mr. and Mrs. Glenn Tousey had as dinner guests Mr. and Mrs. George Vandemark and Mr. and Mrs. Jerry Hicks and daughters.

Mr. and Mrs. Clark Montague entertained on Christmas Day, Mrs. Luella Bullock, Mr. and Mrs. Morris Montague and family of Detroit, Mr. and Mrs. Gale Goodall and daughter of Fairgrove and Mr. and Mrs. Ralph Perry and Mrs. Hazel Thane and son of Caro.

The Cumber church presented a fine Christmas program Sunday evening.

On Saturday afternoon, Dec. 23, Rev. Sergi Moisejenko and the Youth Fellowship group called on many shut-ins and elderly people, sang Christmas carols, lighted a candle, had prayer, gave them cookies and candies and left them much happier by their thoughtfulness.

On Dec. 31, at 11 p. m., at the Cumber church will be a watch night service of the four churches with a national mid-century prayer for peace. Come!

The youth fellowship will meet at the Ubyly church on New Year's night at eight o'clock.

SHABBONA

Mr. and Mrs. Harvey McGregory spent Thanksgiving with the latter's parents, Mr. and Mrs. Rev. C. W. Bolles, of Grand Junction, Michigan, on account of the illness of Mrs. McGregory's mother. She is remaining with her parents probably until after the holidays or for an indefinite stay.

Special Services at Local Churches

Rev. Raymond S. Shelton of Hendersonville, North Carolina, will be the speaker at a Spiritual Awakening Crusade held in the United Missionary Churches. Mr. Shelton, though a young man, has had wide experience as a spiritual leader. He received his theological training in Cincinnati, Ohio, and then served his denomination as a pastor for some years. He was elected district superintendent, in which capacity he served for some time and is now general evangelist of the Pilgrim Holiness Church. His message is one which appeals especially to youth. His varied and interesting experiences and his delightful, yet forceful manner of speaking has made him much in demand.

The services will begin at the Riverside United Missionary Church January 3 and will continue for two weeks followed by two weeks of meetings at the Mizpah Church located on M 53. The pastor, Rev. R. J. Matteson, extends a cordial invitation to all to attend these services.

BLOOD DONOR PROGRAM IN TUSCOLA COUNTY

JANUARY 3, 4, 5

All under 21 years of age must present written consent of their parents or guardians before they will be permitted to donate. Blood will be taken from any persons, regardless of the types of diseases they might have had. The only exception is that individual who might have had yellow jaundice at some time.

Only well persons are accepted as donors. No person with acute illness or history of recent illness or operation is acceptable as a donor. No person under the care of a physician will be accepted without the knowledge of the physician.

Women who are pregnant or have babies under six months of age cannot be accepted as donors. Persons having given blood within the past ten weeks are not acceptable. All persons are examined at the clinic and only those who can safely give a pint of blood are acceptable.

It takes but a few minutes to give a pint of blood and there is no discomfort to the donor. If your blood cannot be used for plasma it will be used for blood derivatives.

A portion of the blood will be sent to Korea and the balance will remain in the blood bank credited to Tuscola County and will be available to any citizen of Tuscola County, free of charge, at any time it may be needed by him.

All persons desiring to be donors are requested to contact Mrs. Chas. Tennant, who is in charge of registration. Mrs. R. R. Howlett will be in charge of the canteen at the donation center.

Also unique in the commercial classification is a display of Santa, his sleigh and reindeer in the side yard of the Stevens' Nursing Home. The lead deer is "Rudolph" with a red Christmas light for a nose.

On the lawn of the Little Funeral Home are life-size shepherds and their flocks as well as a miniature church. On the gable over the front porch is Santa with his sleigh, just arriving with a sack full of presents.

Dr. Delbert Rawson, chairman of the Chamber of Commerce home decorating committee, says that interest in home decorations this year has been high and that the Chamber of Commerce is grateful for the enthusiastic response of residents in the contest.

Also on the Chamber of Commerce agenda last week was the final distribution of Christmas Jubilee awards Thursday evening.

Recipients of special children's awards were: Ronny Wright, Marion Guinther, Peter Frank, Jennie Fasset, David Asher, Eddie Hennessey, Billy Tuckey, Kay Decker, and LeVern Peters.

Others were Don Root, toy set; Linda Goodall, teddy bear; Larry Maharg, Brownie Kodak Flash outfit; Sammy Wells, doll; Gerry Swallow, doll; Jack Perry, cycle wagon; and Ernestine Newberry, a grand award of a super-deluxe bicycle.

PIONEER BANKER OF TUSCOLA COUNTY DIED AT AGE OF 81 YEARS

farm and later moved to his home in Gagetown where he has lived for the past several years.

Mr. Purdy's career began when he and his father established the bank in Gagetown in 1890. The day the doors opened to the public he made his first loan. The first run the bank experienced came three years after the bank was founded.

It was in 1893, when William Jennings Bryan was campaigning for president on his free silver platform. The run on the bank was stopped by Mr. Purdy's ordering 1,000 silver dollars to be shipped every day from Detroit with which he paid off the depositors. The bulk and weight of the money was a better argument for not closing an account than any amount of reasoning.

The panics of 1907 and 1922 gave very little trouble to this institution. The worst of all was that of 1932, but the Purdy bank was found sound. The bank moratorium of 1933 was able to close the doors of the bank for only one day. Mr. Purdy made a trip to Lansing where he showed his cash reserve to be sufficient and the doors were opened the next day.

The Purdy bank was the first bank in the state under the Federal Depositors Insurance Corporation. It was Mr. Purdy who made the original plans for the FDIC. He took his plans to Washington and explained them to a committee and the bill was passed by Congress almost unchanged from the Purdy proposal. The bank was opened in a frame building but later moved to its present brick building on the main corners of Gagetown. Besides being a banker of renown, he was well-known in road building. It was he who suggested the route on M-58 which is now the main gateway to the Upper Thumb area.

Besides his wife he leaves two daughters, Mrs. Florence Moore of Los Angeles, California, and Mrs. Don (Carolyn) Wilson of Gagetown; two brothers, Leslie C. Purdy and George W. Purdy of Gagetown; one sister, Mrs. Perry Fritz of Pigeon; and three grandsons, James, George and Scotty Wilson.

Funeral services were held Wednesday afternoon at 2:00 p. m. at the Methodist Church. The officiating clergyman was Rev. Henry Kuhlman, assisted by Rev. H. C. Watkins. Business places were closed during funeral services. Burial rites at Elkland cemetery were under the auspices of Acme Lodge, F. & A. M., of which Mr. Purdy was a member for many years.

Keep Records of Farm Business Says County Agent

If you are not keeping records in your farm business, Loren S. Armbruster, county agricultural agent, suggests you start on January 1. Each year more farmers in Tuscola County are discovering that a good record is one of their best paying investments, the farm adviser reports.

Why keep farm records? Michigan State College agricultural economists say up-to-date farmers need them to:

1. File the income tax return.
2. Find strong and weak spots in the farm business.
3. Determine whether the farm business is making a profit or loss.
4. Make wise adjustments in the farm business.
5. Aid in obtaining credit.
6. Make periodic settlements between landlord and tenant.
7. Settle insurance claims in case of wind or fire.
8. Keep adequate records to comply with Social Security Law.
9. Determine net worth from year to year.

10. Maintain a permanent record of farm operations.

Account books suited to Michigan farms may be obtained from your local county agricultural agent, or by writing directly to the Agricultural Economics Department, Michigan State College, East Lansing.
