

11 Local School Bus Drivers Travel 700 Miles Daily

They Bring About 540 Children from the Rural Areas to Cass City School

Eleven rural bus drivers from the Cass City school system travel well over a total of 700 miles a day, according to Mrs. Florence Brown, school secretary.

The longest route is driven by Ed Willerton of Argyle who travels 44 miles every morning before leaving his bus load of children at the school. Willerton, who works at the condensery, picks up his riders again at five minutes to four to begin the long ride home.

The school has a record number of drivers this semester. Mrs. Brown said, since the closing of the Gagetown High School necessitated the hiring of another man to take care of that area. Other drivers besides Willerton are Harold Murphy, LeRoy Kilbourn, Clair Tuckey, Louis Wright, Dan DeLong, Rev. Samuel Wurtz, Rev. Howard Watkins, Keith Murphy, William Martas and Ray Kilbourn.

The eleven men bring approximately 540 children from the rural areas into Cass City every weekday, Mrs. Brown said.

In addition to their regular routes, Dan DeLong travels 44 miles and Keith Murphy 24 miles each noon transporting kindergarten children home after their half-day classes at the Evangelical U. B. Church.

Daughter of Early Elkland Pioneers Died in Plymouth

Mrs. A. D. Gillies, daughter of Andrew and Eliza Orr Walmley, early pioneer residents of Elkland Township, passed away at the home of her son, A. Blake Gillies, at Plymouth on Monday night. She had been ill for several years.

Anna Elizabeth Gillies was born in Elkland Township on Oct. 31, 1851, and was united in marriage with Angus D. Gillies on May 16, 1878. Following their marriage, they made their home in Cass City and Elkland Township. Mr. Gillies passed away in April of 1932. Mrs. Gillies made her home in Cass City until 1940 when she moved to Plymouth to make her home with her son.

She had been a member of the Presbyterian Church in Cass City since childhood and was a past president of the Woman's Study Club here.

The remains were brought to Little's Funeral Home and Thursday noon were taken to the Presbyterian Church to lie in state for two hours preceding the funeral hour at two o'clock. The Rev. Melvin R. Vender and Rev. Henry Walsh conducted the service and interment was made in the family lot in Elkland cemetery.

Mrs. Gillies is survived by a son, A. Blake Gillies, of Plymouth and a sister, Mrs. Belle Gillies, of Maplewood, New Jersey. A son, three brothers and one sister preceded her in death.

"Live and Like It" Subject of W. S. C. Program Tuesday

On Tuesday afternoon, Mrs. J. A. Sandham was hostess for the Woman's Study Club. During the business meeting, the president, Mrs. E. L. Schwaderer, "briefed" the long list of recommendations sent out by the State Federation.

The program, for which the topic was "Live and Like It," was given in three sections. Age, Mental Health and Diet were discussed respectively by Mrs. R. Taylor, Mrs. R. Gross, and Mrs. Harry Young. Mrs. Taylor emphasized the fact that childhood itself prepares each person for old age and stressed the importance of youth groups such as the Scouts and Campfire Girls.

Mrs. Gross discussed the various types of mental illness and gave the following recipe for living to a ripe old age: "Eat half as much, sleep twice as much, drink three times as much, and laugh four times as much."

Mrs. Young told the group how very necessary it is for reducers to fuel the body with less fuel than is consumed by exercise and brought home to her listeners the need for a balanced diet and one well supplied with vitamins.

The next meeting will be held on Jan. 23 at the home of Mrs. Fred Maier and it will be an evening session.

Seventeen Boys Form Tractor Club

The Unionville 4-H Tractor Club was organized last Thursday evening at Unionville High School, according to George C. MacQueen, County 4-H Club Agent. The group will be led by William LeValley of that town and consists of 17 boys from Unionville and Gagetown.

The meeting was opened by a few remarks concerning the 4-H tractor maintenance project by Agent MacQueen.

Two representatives of the Standard Oil Company, the sponsors, made a few remarks from their viewpoints. They were Bob Armstrong, district sales manager, and Dave Wallace, automotive engineer.

Bill LeValley urged the boys to attend every meeting. MacQueen reports further that the election of club officers resulted in Lawrence Beatenhead, president; Jim Ewald, vice president; and Roland Routhoff, secretary-treasurer. The group will hold weekly meetings on Thursdays starting at 8:00 in Unionville. The meeting ended with showing the movie, "Live Power Harvest."

307 Babies Were Born in Cass City During Past Year

That Number Is Nine More Than Previous Year's High of 298

A total of 307 babies were born in Cass City during 1950, according to Mrs. Wilma Fry, village registrar. The number is nine more than the previous year's high of 298 and 25 more than the 1948 total of 282.

Mrs. Fry said that the number of deaths in the village also climbed over the 1949 number. During 1950, 54 persons died within the village against 49 for the previous year. The seven still births recorded during 1950 were more than triple the two that occurred in 1949.

Traffic violation fines collected during the past year were almost double that of 1949, she said. A total of \$1,675.70 was collected in 1950 over only \$855.90 in 1949. Mrs. Fry attributed the increase to the creation of a traffic violation bureau office as well as predetermined fine rates and the assistance of the Secretary of State in making collections.

A Michigan census bulletin recently published by the state recorded Cass City's population as 1,261 for 1930; 1,362 for 1940 and 1,759 for 1950. The gain recorded in the past ten years is 29.1 percent, Mrs. Fry said.

John McGillvray's Funeral on Monday

Funeral services for John McGillvray were held at Little's Funeral Home on Monday afternoon and were conducted by Rev. Melvin R. Vender. Interment was in Elkland cemetery.

Mr. McGillvray passed away in Cass City Hospital early Saturday morning where he had been a patient for three days. He had been ill in health the past year.

Mr. McGillvray was born in Dutton, Ont., May 6, 1862, the son of the late James and Catherine Blue McGillvray.

He was united in marriage with Miss Mary O'Donnell June 14, 1915, in Buffalo. Following their marriage they made their home in Pennsylvania where they lived for twenty years. They moved to Cass City in 1936 where he lived until his death.

Mr. McGillvray attended the Presbyterian Church of Cass City. He is survived by his wife. Six brothers and five sisters preceded him in death.

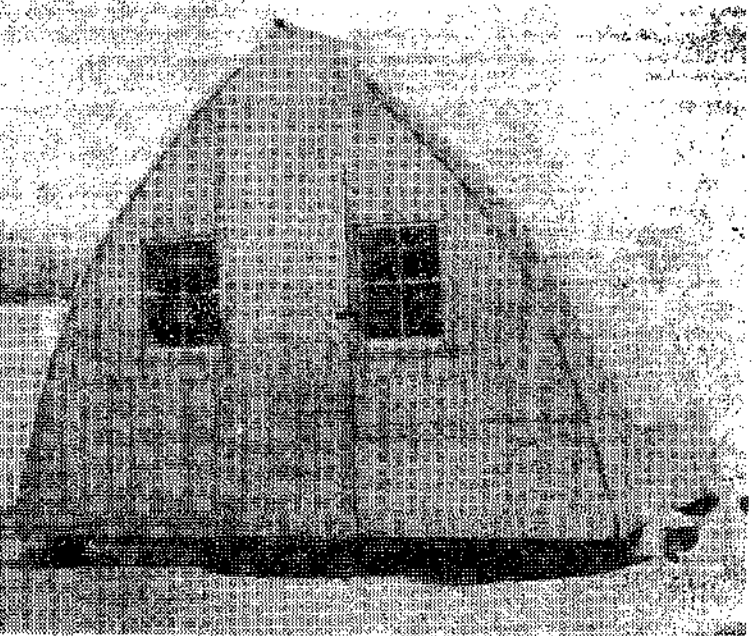

Plan Clinic for Upper Thumb Grocers

Tentative plans are made to hold an educational clinic for grocers of Huron, Sanilac, and Tuscola counties at Cass City on February 5. Raymond Higgins, extension specialist in agricultural economics, will be present to conduct the clinic, and if the grocers attending desire, a series of meetings will be scheduled to follow the February 5 event.

Students to Raise Broilers

An experimental brooder house, built by the sophomore farm shop class of the Cass City High School, will be put to use late this month, according to Roy Benson, agriculture instructor. The 10 by 12 Celotex building, which was completed in December, is located just east of the high school.

First project to be undertaken by the class will be the raising of broilers to be ready for sale around Easter time, Benson said. He added that the house will be used to teach care and feeding of poultry and that profits derived from the undertaking are incidental. The building was financed by a sugar beet project carried on by the school last summer. Complete care of the chickens will be left up to the students, he said. The sophomore class will be in charge of weekday feedings and the Future Farmers of America will take care of the poultry over the week ends.

Benson said the brooder house is one of the few such projects sponsored by schools in the state. The only other one in this area is at Elkton.

The building will be equipped with either an electric brooder or infra-red lamps, according to Benson. The lamps, which are still in the experimental stage, are suspended from the ceiling by chains and can be adjusted according to the amount of heat required.

In the future, the class would like to experiment in the raising of a flock of laying hens, he said.

Sebewaing Defeated Cass City in Hotly Contested Game

First place in the Upper Thumb League race was decided Tuesday night here when the Sebewaing High School defeated the Red Hawks 49-50 in a closely contested game before a capacity crowd.

Both Sebewaing and Cass City were winners in basketball games last week. The Sebewaing team defeated Bad Axe, 54 to 40, and Cass City won from Pigeon 55 to 31. The last encounter was close for the first quarter but thereafter Cass City gained wide margins to win by 18 points. High scorers for Cass City were Tom Schwaderer and Eugene Kloc with 13 points each and two members of the Pigeon team—Ronnie Buchholz with eight and Dale Otto and Aaron Gettel with seven each.

Tuesday night's game was full of thrills. Teams tied three times in the first quarter which ended 11-11. Sebewaing had the edge at the half with the score standing 23-17 and at the end of the third quarter was ten points ahead, 37-27. It was in the fourth quarter that the fast work of the local team had the fans standing on.

Two Members Are Honored at Annual Church Meeting

Presbyterians Elected New Officers at Church on Monday Evening

The annual meeting of the society of the First Presbyterian Church of Cass City, marking 72 years of Christian witness and service, was held on Monday evening, January 8.

A potluck supper which was in charge of Mrs. Arnold Fischer as chairman, assisted by Mrs. James Colbert and an able committee, served as a medium of fellowship as a happy prelude to the devotional and business session.

James Gross, chairman of the board of trustees, ably presided, with Don MacLachlan as congregational clerk.

The Rev. Robert Yoiton, pastor of the First Presbyterian Church at Crosswell, was guest speaker, followed with an anthem by the choir.

A fifteen-page compilation of printed reports of the respective boards and organizations was placed in the hands of attendants to facilitate the business period, as well as to provide each family with a "vialographic" medium of the work of the church for 1950.

The budget for 1951 was presented by Edward G. Golding, Sr., director of the every-member canvass. This was adopted, after discussion. One novel feature of the budget included an item to provide "The Presbyterian Life," the official denominational church magazine for each family, under a "Church-Home Plan" recommended and adopted by General Assembly on a fifty-fifty payment arrangement.

Arthur Holmberg, on behalf of the church, spoke concerning the oldest member of the church, namely, Mrs. Philip Koepfing: 94 years of age; 64 years a member here. She attended public school near Belgrave, Ontario, with Mr. Vender's father, and attended the

Every male person who has received from a school, college, university, or similar institution of learning, one or more of the degrees of bachelor of medicine, doctor of medicine, doctor of dental surgery, doctor of dental medicine, doctor of veterinary surgery, and doctor of veterinary medicine, who is within any of the several states of the United States, the District of Columbia, Territory of Alaska, Territory of Hawaii, Puerto Rico, of the Virgin Islands, is not a member of any reserve component of the armed forces of the United States, and shall not have attained the fiftieth anniversary of his birth shall register with his local draft board.

The date set for this special registration is Jan. 15, 1951, to be held at the Selective Service Office, 264 N. State Street, Caro, Michigan, between the hours of 8:00 a. m. and 5:00 p. m.

Auxiliary to Sponsor Essay Contest

Twenty-five were present Monday evening when Mrs. Henry Tate was hostess to the Auxiliary of Tri-County Post No. 507, American Legion. Guests included Mrs. Julius Novak of Deford, Mrs. Alton O'Connor, Mrs. Keith Klinkman, Miss Mary McWebb, Mrs. Laura Leitch, Mrs. Raymond Tate, Miss Irene Gunther and Mrs. "Bud" Gruber.

Mrs. Tom Cottick was in charge of the business meeting in the absence of the president. Members voted to sponsor again the American essay writing contest in the schools and to send a girl to Girl's State in June at Ann Arbor. Members brought a stack of used Christmas cards which the secretary, Mrs. Arthur Little, forwarded this week to the United Cerebral Palsy Foundation in Detroit where the cards are invaluable for use in occupational therapy.

The unit with a membership quota of 34 now has 37 paid memberships for 1951.

Games were played under the direction of Mrs. Gene Corkins and Mrs. Arthur Little. Mrs. Cottick received the door prize.

The hostess and her helpers served a delicious and hearty lunch at the close of the meeting.

School for Winter 4-H Club Leaders

A training meeting for winter 4-H club leaders will be held Monday evening, January 15, at the Wilber Memorial 4-H Building, says George C. MacQueen, county 4-H club agent. All leaders are urged to attend. Nevels Pearson and Corinne Ketchum, Assistant State Club Leaders for this district, will be on hand to discuss major winter projects and to answer any questions that might arise.

Because there will be much territory to cover, Agent MacQueen has planned the meeting for 7:00 p. m. Leaders are urged to bring the folders they received at the fall series of leaders' training meetings to accommodate any material to be distributed.

Louis Bartz is the New Owner of Local Bowling Alleys

Turkey Farmer Takes Possession of Amusement Center on January 15

Louis Bartz is the new owner of the Cass City Bowling Alleys, having purchased the same from Huff & Galloway, who have been operating this amusement center in the new quarters erected in 1948.

Mr. Bartz is a partner with Fred Iseler in a turkey farm a mile east of Cass City, and while he has made a mark for himself as a devotee of bowling this is his first experience in conducting a bowling alley.

Norman Huff plans to go West and enter into partnership with two uncles at Yakima, Washington; the coming spring, while Mr. Galloway will devote more time to his agricultural operations on his Greenleaf Township farm. Mr. Bartz takes possession Jan. 15.

The bowling alley building was erected on two village lots at the corner of Weaver and Church Streets during the summer of 1948. It has seven alleys and is well patronized.

WE DO HOME CURING

NEW 1951 Chevrolet

AMERICA'S LARGEST AND FINEST LOW-PRICED CAR!

It has that longer, lower, wider big-car look!

NEW! AMERICAN BEAUTY DESIGN
Brilliant new styling... featuring entirely new grille, parking lights, fender moldings and rear-end design... imparting that longer, lower, wider big-car look which sets Chevrolet above and apart from all other motor cars in its field.

NEW! MORE POWERFUL JUMBO-DRUM BRAKES (with Dual-Life rivetless brake linings)—Largest brakes in the entire low-price field... extra-safe, extra-smooth, extra-durable... with both brake shoes on each wheel self-energizing for forward and reverse operation of car... providing maximum stopping-power with up to 25% less driver effort.

NEW! AMERICA-PREFERRED BODIES BY FISHER—With new and even more strikingly beautiful lines, contours and colors... with extra sturdy Fisher Unisteel construction... Curved Windshield and Panoramic Visibility... the smartest, safest, most comfortable edition of Chevrolet's America-Preferred Bodies by Fisher.

NEW! SAFETY-SIGHT INSTRUMENT PANEL—Safer, more convenient, more efficient... having an over-shield from instrument lights, and lower edge of panel recessed to provide a safe, convenient location for control knobs... with plain, easy-to-read instruments in two large clusters directly in front of driver.

NEW! MODERN-MODE INTERIORS—With upholstery and appointments of outstanding quality, in beautiful two-tone color harmonies... with an even more attractive steering wheel embodying a new full-circle horn ring (in De Luxe models)... and with extra generous head, leg and elbow room for driver and all passengers.

NEW! IMPROVED CENTER-POINT STEERING (and Center-Point Design)—Making steering even easier at low speeds and while parking... just as Chevrolet's famous Unified Knee-Action Gliding Ride is comfortable beyond comparison in its price range... additional reasons why more people buy Chevrolets than any other car.

Here's America's largest and finest low-priced car—the newest of all new automobiles—as trustworthy as it is thrifty to buy, operate and maintain.

New with that longer, lower, wider big-car look! New in its strikingly smarter Fisher Body styling and beautifully tailored Modern-Mode interiors! New in safety, new in steering ease, new in feature after feature!

Moreover, it's thoroughly proved in all things, from the finer no-shift driving of its Powerglide Automatic Transmission,* or the finer standard driving of its Synchro-Mesh Transmission to the fleet, frugal performance of its Valve-in-Head engine.

Come in—see and drive America's largest and finest low-priced car—Chevrolet for '51—the only car that brings you so many big-car advantages at such low cost!

PLUS TIME-PROVED POWER *Slide*

AUTOMATIC TRANSMISSION
—proved by more than a billion miles of performance in the hands of hundreds of thousands of owners.

*Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Story of Three Bears
The three bears of storybook fame had a few other unwelcome guests before "Goldilocks" came. The first visitor to the bears was a fox. Later, Robert Southey, noted English writer, made an old woman the intruder. But, the English people, who took the story to their hearts, substituted the pretty, little girl.

First Mississippi Span
The Rock Island railroad bridge at Davenport, Iowa, opened in 1885, was the first to span the Mississippi River. Built of wood, resting on stone piers, this 1,832-ft. structure was described as "the mechanical wonder of the West." The locomotive "Des Moines" was the first to cross the bridge, on April 21, 1885.

The Greenleaf P. T. A. met at the schoolhouse Monday night. It was decided to have a box social in February instead of the regular meeting.

Mrs. Headley, the teacher, reported that an Edison man had been at the school and inspected the lighting system. There is inadequate lighting for the children, he said.

The conservation department will be at the school next Tuesday morning to show a movie on soil erosion. Parents are invited to attend.

Hot lunches were discussed. Barbara and Eugene Vincent sang "Daring Nellie Gray" and "Old Folks at Home."

Lunch was served by Mrs. Thompson and Mrs. Vincent.

Rites Were Read By Candlelight

St. Paul's Lutheran Church, Linkville, was the scene of a pretty candlelight wedding recently when Dora Dorsch, daughter of Mr. and Mrs. John Dorsch of Owendale, and Paul Koch, son of Mrs. Ernest Koch, of Sebewaing, were united in holy matrimony.

The Rev. Martin H. Sonntag performed the double ring ceremony in the presence of 200 guests beside a beautifully lighted Christmas tree, while the altar of the church was illuminated with standards of seven branch candelabra.

The bride, escorted to the altar by her father, was beautiful in her gown of white slipper satin trimmed at the net yoke with two ruffles of chantilly lace. The back was accented with self covered buttons from neck to below the waistline. The front of the skirt was overlaid with ruffles of satin and chantilly lace and extended into a long train. The long fitted sleeves ended in points over the bride's wrists. Her finger-tip veil, edged in chantilly lace, fell from a seed pearl tiara. Her jewelry was a rhinestone necklace, a gift of the groom, and she carried a bouquet of pink rosebuds and white carnations with white satin streamers.

Mrs. Howard Dorsch, sister-in-law of the bride, as matron of honor wore a lavender taffeta gown and matching lace headpiece and carried a bouquet of white carnations. Mrs. Melvin Nowiski, of Bad Axe, cousin of the bride, as bridesmaid, wore a Nile green taffeta gown with matching lace headpiece and carried a bouquet of white and yellow carnations. Mrs. Dale Jamieson of Detroit, cousin of the groom, also a bridesmaid, wore a maize taffeta gown with matching lace headpiece and carried a bouquet of white and yellow carnations.

Carol Ann Dorsch, niece of the

bride, as junior bridesmaid, wore a gown of pink marquisette over taffeta and carried a bouquet of pink and white carnations. Kathryn Ann McPhail, cousin of the bride, as flower girl, wore a gown of yellow taffeta and carried a bouquet of white and yellow carnations, while Charles McPhail, cousin of the bride, served as ring bearer, walked to the altar with Kathryn, carrying the rings on a white satin heart-shaped pillow trimmed with lace and satin streamers.

Howard Dorsch, brother of the bride, was best man and Dale Jamieson of Detroit and Wilbert Koch of Sebewaing, took their place as ushers.

Mrs. Eloise Zagata sang the "23rd Psalm" and "The Lord's Prayer," accompanied by Mrs. Erma Heberly at the organ.

Mrs. John Dorsch, mother of the bride, wore a forest green crepe with black accessories, and Mrs. Ernest Koch, mother of the groom, wore a brown crepe dress and black accessories. Both wore corsages of pink and white carnations.

A reception for 300 guests followed the ceremony in the Arbeiter Hall, Sebewaing.

Guests were there from Flint, Detroit, Saginaw, Bad Axe, Harbor Beach, Pigeon, Cass City, Elkton.

The newlyweds will make their home in Cass City where the bride and groom are employed.—Elkton Advance.

First 4-H Tractor Meet Here Jan. 17

George McQueen, assistant county agent; Carl Hellig, public relations and personnel director of Standard Oil Co., of Saginaw, and his assistant, Herb Schmidt; two local implement dealers and Ed Karr met with six others to discuss possibilities and to arouse interest in forming a 4-H tractor maintenance club. The work, comprising the program of the club's first year, includes safety, operator's manual, air cleaner service, spark plugs, wiring and battery service, cooling system service, fuel intake and carburetion, engine lubrication, and general lubrication.

Any boy or girl 14 years old or older who has a tractor to work on may join. This work is just what the operator's manual includes. There is nothing technical in first year work.

A recreational program will be included and some meetings will be games, skating, educational films, etc. Any boy or girl interested should see Roy Benson, local agricultural teacher.

The organizational meeting, election of officers, lesson on safety and operator's manual will be held at the H. O. Paul Co. Wednesday, Jan. 17. A film on the lesson will be shown. Fellows, bring your ideas or any one else that is interested in having his tractor run efficiently for there are 4,000,000 tractors on farms in U. S. and only 150,000 4-H tractor club members. Let's add a few more to the number of members. State awards given at end of project include one free trip to Chicago 4-H Congress, six college scholarships and medals to all who complete project work.

So come to the first meeting and see what we have to offer. Hope to see you Wednesday, Jan. 17, at H. O. Paul's.

Ed. Karr, Local leader.

YOUTH FELLOWSHIP HAD LUNCHEON SUNDAY

The New Year for the Westminster Youth Fellowship began on Sunday, January 7, with a luncheon at the Presbyterian manse as guests of Mr. and Mrs. M. R. Vender at 7:00 p. m. Miss Marial Addison was a guest of the evening.

The new quarter lesson discussion was introduced by Mrs. Vender.

Marjorie Karr, president, appointed Sally Colbert and Annette Pinney to serve on a nominating committee. Election of officers will be held next Sunday evening. Also, action will be completed with reference to the Youth Budget as approved for a project in 1951. Joan Holmberg is budget committee chairman.

EVERGREEN 4-H CLUB ENJOY PICTURES

The meeting was held January 8 in the community hall, Shabbona.

Miss Mulder showed some slides on her trip to Canada and Alaska.

After the movies the committee served a potluck lunch. The three girls who were on the committee are: Charlotte Masten, Lillian Decker and Marilyn Gray.

The next social meeting will be Monday, February 12, in the Shabbona Community Hall.

Hot Weather in History

How weather has affected history through the centuries is told in acres of major events, including the storm at sea that helped to destroy the Spanish Armada and save 16th-century England; the rain that hastened the defeat of Napoleon at Waterloo; and the famed snows of Russia in which the legions of both Napoleon and Hitler were bogged down.

Teacher Says 21 Most Dangerous Age for Drivers

CHICAGO—Prof. A. R. Lauer, director of a driving laboratory at Iowa State College laboratory, told the National Safety Council meeting in Chicago recently that men can drive better than women but they don't. The male is more skillful at the wheel of an automobile but the female seems to have more sense, and the man has more police tickets and more accidents.

Professor Lauer said his research project found that the most dangerous age for drivers is 21, and not the teen years. His study, aimed at finding better driver educational methods, was devoted as much to the differences of age groups as it was to the sexes as automobile operators.

Men Drive More

The difference in accident susceptibility between men and women was statistically small when considered in relation to miles driven, he said. About 75 per cent of all licensed drivers are men. They drive 90 per cent of total mileage and have 91 per cent of the accidents.

Professor Lauer found that women were better drivers than men in the ages 16 to 33, the men were better drivers than women from 33 to 40, and the women were better drivers from 41 to 53. Over the age of 55 the men have fewer accidents in a mileage basis.

The professor obtained his information by a sampling of 7,692 cases drawn from the Iowa drivers license files and subsequently polling by mail.

Conclusions Revealed

Here are some of his conclusions:

1. Women have better attitudes toward traffic ordinances than men.

2. Potential skill alone does not necessarily mean safe driving. In general men have more skill than women, but women between 17 and 28 have one-fourth fewer accidents for a given mileage than men of the same age group.

3. From the standpoint of safety and from an actuarial point of view, the male group from 29 to 34 comprises the worst offenders. Women drivers have fewer accidents than men in this group.

4. Aggressiveness and lack of judgment on driving hazards seem to stand high as the cause of automobile accidents.

5. The index of accidents per 100,000 miles for men is highest at the age when they should be most skillful.

6. The incidence of accidents among men goes up significantly above the age of 35. Among women the dangerous age arrives about five years earlier.

Professor Lauer found that although, on a mileage basis, accidents experienced by men were only slightly more numerous than those experienced by women drivers, the severity of the accidents may be more important than the number.

Saucy Mouse Sits On Trap, Sets Trade Wheels Turning

LONDON, Eng.—Because of an impertinent mouse, a Birmingham industrial plant is in disgrace.

The saucy creature sat on a British made mousetrap, ate the cheese and scampered away. The trap didn't click.

The man in Port of Spain who purchased the trap was angry. He took it to the British trade commissioner at Trinidad and pounded the table.

The trade commissioner could not snap it with a pencil, so he sent the trap 6,000 miles by air mail to the board of trade in London. A civil servant worked all day to identify the manufacturer.

Then the trap went by post to the board of trade's Midland office. The regional technical officer couldn't make the trap snap, so he went with it to the factory.

The engineers were called into consultation. A wire wasn't bent just right. A touch of the pliers at the right spot was all that was needed. Directors of the mousetrap company decided to put the offending trap into a glass case, and the man in Trinidad gets a new one.

"Our first complaint," said the general manager of the firm, which exports 13,500 mousetraps a week.

German Youths Make Home In Vault of Bombed Bank

FRANKFURT, Germany — A steel safe of a former local bank has become home to three young Germans.

The bank was blasted to bits by allied bombs in 1944, but under the pile of burned rubble the safe was left intact. A young couple and a single friend found it and decided to make it their improvised home.

They had lived in parks and the railway station, after coming to Frankfurt early in May. Their present home is 12 by 9 foot room 9 feet high.

"It took us a whole day's work to swing open the 600-pound steel door, so we could get in," said one of the refugees.

The door is left open all the time for air. A built-in gate of iron bars serves as door and window. A wooden ladder leads down to the rubble covered ground outside.

Any father can speak his piece at home, but will be ignored.

SHORT STORY

Third Richest Girl

By Richard H. Wilkinson

IT had happened back in Westchester or most anywhere in the world except here on the edge of a high mesa at the rim of Death Valley it would have made the front pages of every newspaper in the country. The reading public would have been delighted.

This was explainable, for Joan Roberts was the third richest girl in the United States, and what ever happened to her was news. If the reporters had been on hand that day she had her face slapped, the telegraph wires would have hummed. If they had known that the man who slapped her face was a cowhand, editorial offices would have been thrown into a shambles.

Joan Roberts and Lanky Andrews, who was the cowboy, had ridden away from the Wagon Wheel ranch that afternoon with the idea of watching the sunset from the rim of Howling Coyote Mesa.

This was not the first time they had ridden off alone together. At first Joan thought Lanky's attitude of deference was a pose, but later she decided he was acting quite natural. The discovery delighted her.

Casualty she had observed Lanky Andrews without appearing to do so. She registered the fact that he was a good deal more handsome than you noticed at first glance. Nothing about his manner or what he said was affected.

Casualty, too, she made inquiries about him and learned, to her astonishment, that he owned a Harvard diploma and a small cattle ranch down on the Mojave.

Her frequent trips into the desert with Lanky, coupled with the knowledge she had acquired gave Joan, so to speak, a new lease on life. Up to now her general outlook was bitter. She trusted no one. She hated people who posed. Lanky Andrews, without knowing it, gradually changed all that.

So Joan prolonged her visit and demanded Lanky's services more and more. She tried to be nice to him, tried to give the impression that she appreciated what he was doing for her.

But Lanky remained the same. He was a good dude wrangler. He was dependable, kind, thoughtful, courteous, but never personal. That is, he was never personal until the evening they stood on the edge of Howling Coyote Mesa and watched the sun ease down into the desert. Without turning her head Joan said: "It's lovely!" And Lanky Andrews, unexpectedly and without warning, turned to her and said: "That sunset's a washout compared to you." And he kissed her as effectively as Joan had ever been kissed.

NOW LANKY was acting like the man Joan knew and understood. She acted on impulse. She slapped his face. "Why you—" he began—and slapped her face, a resounding crack.

Joan stared at him, mouth open, cheeks white. "How dare you!" "By the same right you dare to slap me," Lanky said easily. "You—you—apparently, Mr. Andrews, you don't know who I am."

Lanky Andrews kissed Joan as effectively as she had ever been kissed.

I'm the third richest girl in the United States!"

"So what? I'm the best dude wrangler anywhere around. I'm just as human as you. Just because you've got more dough than I doesn't give you any more rights or make me any less feeling."

"Why, you—"

"Well, what? Can't you think of anything to say? Of course you can't. Time you learned a few things."

This time Joan didn't say anything. She merely gaped at him. She was conscious of only one thought, one feeling, one fear: He might not kiss her again.

But he did, and the newspapers had to be satisfied with the result. They were never told about the face-slapping episode, but the story of subsequent events was plenty to make lovely big black headlines.

Only a bus driver has the right to tell people where to get off.

7,000-Year-Old Spear Discovered In Nevada Cache

SAN FRANCISCO, Calif.—Anthropologists from the University of California have uncovered implements fashioned by primitive man in about 6,000 B. C., the most ancient reported so far in the western hemisphere.

Students working under Robert F. Heizer, associate professor of anthropology, discovered the prehistoric cache in a dry rock shelter at the base of an overhanging cliff near Lovelock, Nevada.

The "carbon 14" method was used to determine the age of wooden spear shafts buried under deposits of rock, dust and bat guano. Their age was fixed at 7,300 to 8,000 years old.

In the upper layers at the excavation site, the archeologists found basket and arrow fragments of relatively recent origin, dating back from about 2,500 years.

Lake gravels at the bottom of the site were estimated to be 25,000 years old.

From these findings and a survey of other sites in the area, scientists now believe that most of western Nevada was once covered by a fresh glacial lake about 900 feet deep.

Heizer said the area was first occupied by man between 7,000 and 9,000 years ago after the lake had receded and then was abandoned because of a dry weather cycle.

The evidence shows that the section was not occupied again until 2,500 or 3,000 years ago, Heizer said. He said the inhabitants who lived in the area during the later period were ancestors of the Paiute Indians, but the identity of the earliest group was not known.

Foe of Motors, She Scorns

ITHACA, N. Y.—Mrs. T. R. Briggs, wife of a Cornell university chemistry professor, objects to feeding a parking meter. As a result she was sentenced to a six-hour jail term.

Mrs. Briggs objected in police court to paying a "double tax." She told Judge Edward J. Casey that as a taxpayer she already had paid once for use of city streets and that the city's action in charging her again through parking meters constituted a double tax.

"It serves my conscience better to do it this way," Mrs. Briggs said as she marched off to the brig.

Science Discovers Oldest Known Village In World

CHICAGO, Ill.—Science has discovered the oldest known village site in the world.

It is a block square village site in northeastern Iraq that is little more than a mound of dirt—called Jarmo. Chicago scientists, who tested samples from the village on their atomic calendar report it is about 7,000 years old—the oldest known village site.

An expedition from the University of Chicago's oriental institute will go there this winter to search for evidence of "the first great economic revolution in human history."

Robert J. Braidwood, associate professor of old world pre-history and anthropology, said diggers expect to find evidence of town planning—the first row houses and walls known to history.

A representative of the Iran government stumbled onto the site in 1946. Scientists made a preliminary examination of the site three years ago, finding wheat and barley grains, utensils for grinding them, flint tools and small shells.

Chemical analysis of the amount of radioactive carbon 14 in the small shells fixed the age of the site. All living things absorb radioactive carbon from the atmosphere in the growing and living process. This halts when the plant or creature dies and the carbon 14 then starts losing its radioactivity at a known rate.

Cleveland Industrial Firm Tells Grads How to Get Job

CLEVELAND, O.—For the June graduate seeking a white collar job, a Cleveland firm has compiled its findings and advice in a book called "Getting the Right Job" from observing thousands of applicants over the years.

Graduates are advised: Never address the interviewer by his first name unless he asks you to.

Go alone. Take a bath beforehand. Don't chew gum. Smile as you enter the office, give your first name distinctly and shake hands firmly.

Don't hang up your hat and coat. Let the company decide if you're going to stay awhile.

Don't beg for a position. Be poised and relaxed.

The book says a deep breath taken before going in for the interview often calms the nerves.

Women are cautioned to avoid wearing gaudy lipstick, fancy shoes, too much perfume or crooked nose seams.

Men, the book says, should wear a pressed suit, a hat, garters and a fresh haircut.

No self-made successful man ever left out the working parts.

IN MEMORY of my husband and father, Leslie Phillips, who died 5 years ago, Jan. 11. They say time heals all sorrows and helps to forget, but time so far has only proved how much we miss him yet. God gave us strength to fight it, and courage to heal the blow; but what it meant to lose him no one will ever know. Sadly missed by his family. 1-12-1

200 TUSCOLA BEAN GROWERS ATTEND CO. ANNUAL MEETING

Concluded from page 1.
cussed bean diseases prevalent in the region in 1950 and showed colored slides of fields and plants affected. Anderson outlined a program of disease control which emphasized choice of resistant varieties, use of clean seed, proper rotation, residue disposal, and good cultural practices.

Clarence Prentice, Michigan State College extension specialist in grain marketing, talked about recent activities of the state bean council, explaining their efforts to expedite the movement of the 1950 bean crop from farms to processors and consumers. He stated that the Tuscola membership drive had been very successful, compared to that of other county organizations. A total of 1489 bean growers in Tuscola County were enrolled in the association in 1950.

Prentice explained further that it would be necessary to deduct more from growers' sales in the future if the advertising campaign desired were to be effective. He suggested a five-cent per hundred weight deduction and the majority of the growers present when a vote was taken on this question were in favor that it be passed as a law requiring that this amount be deducted by the elevator or processor buying beans from farmers.

The business meeting was conducted by Leon Van Steenhuse, Unionville, vice president of the association, in the absence of president Carl Keimath, Reese. Harry Rohlf, Akron, secretary-treasurer, read the minutes of the 1950 meeting and gave the treasurer's report. He read the amounts of dues or deductions turned in to him by each of the elevators in the county. Rohlf also told some of the activities of the Michigan Bean Producers Association, of which he is also secretary-treasurer.

Officers elected for 1951 were: President, Leon Van Steenhuse; vice president, Carl Keimath; and secretary-treasurer, Harry Rohlf. Cecil Baker, Reese, will succeed him as county membership chairman. Van Steenhuse and Rohlf were elected as county delegates to the state association for two-year terms. Elmer Uhl, Unionville, and Floyd Churchill, Caro, were elected for one-year terms as delegates to the Michigan Bean Producers Association.

Annual Tax Sale

STATE OF MICHIGAN

In the Circuit Court for the County of Tuscola in Chancery

In the Matter of the Petition of Muri K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

No. 4918

On reading and filing the petition of the Auditor General of the State of Michigan, against each parcel of land therein described, for the amounts therein assessed, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition will be brought on for hearing and decree at the February term of said Court, to be held at Caro in the County of Tuscola State of Michigan, on the 12th day of February A. D. 1951, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof their objections thereto on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a decree will be taken and entered in favor of said petition. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such decree, on the first Tuesday in May thereafter beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and to pay the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will pay the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offering, or during such sale, the same cannot be sold for the amount assessed, the Auditor General shall bid off the same in the name of the State.

Witness the Hon. Geo. W. Desjardins, Circuit Judge, and the seal of said Circuit Court of Tuscola County this 22nd day of December, A. D. 1950.

Geo. W. DESJARDINS, Circuit Judge.

Countersealed.

Fred Mathews, Clerk.

STATE OF MICHIGAN

In the Circuit Court for the County of Tuscola in Chancery

In the Matter of the Petition of Muri K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Tuscola, in Chancery, of the State of Michigan, respectfully shows unto the Court:

That he is the Auditor General of the State of Michigan and makes and files this petition under, by virtue of and pursuant to the provisions of Act No. 206 of the Public Acts of 1933 as amended and Act No. 125 of the Public Acts of 1935, as amended;

That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes which were assessed for the years mentioned therein, have remained unpaid for more than one year after they were returned as delinquent; and the description of all lands in said county heretofore bid off in the name of the State and thus held and upon which taxes which were assessed subsequent to the date at which such lands were sold to the State have remained unpaid for more than one year after they were returned as delinquent; and the description of all lands in said county which are delinquent for any installment of taxes under the provisions of the act last above mentioned;

That he has annexed hereto in said schedule against each description of said lands therein contained are (a) the total amount of delinquent taxes upon said lands, (b) the interest computed thereon at the rate of six per cent per annum from the date of the first day of May, next ensuing, (c) a collection fee of four per cent and (d) \$1.00 for expenses, all in accordance with the provisions of the act first above mentioned;

That all of the aforesaid taxes, interest and charges are valid, delinquent and unpaid, and have remained delinquent and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of the aforesaid parcels of land against which the taxes, interest and charges are assessed and extended in said schedule at the next annual tax sale for the non-payment thereof;

That the collection fee and expenses so extended in said schedule against each parcel of land therein described constitute a valid lien upon each of the said several parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the payment of which lien this court may enforce as a preferred or first claim upon such lands by the sale thereof;

Wherefore, your petitioners pray:

a. That within the time provided by law this court may determine and decree that the aforesaid taxes, interest and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the payment of which lien this court may enforce as a preferred or first claim upon such lands by the sale thereof;

b. That within the time provided by law this court make a final decree in favor of the State of Michigan against each parcel of said lands for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land therein contained;

c. That said decree provide that in default of the payment so ordered of said several amounts computed and extended against said lands in said schedule, the said several parcels of land, or such interest therein as may be necessary to satisfy the amount decreed against the same, shall never be sold as the law provides;

GAGETOWN

Mr. and Mrs. Frank Schwartz were pleasantly surprised last week when guests from Gagetown, Owadale, Unionville, Uby, Pigeon and Detroit came to their home to help them celebrate their 24th wedding anniversary. The evening was spent by playing cards and dancing. Later a lunch was served. Mr. and Mrs. Schwartz received many pretty gifts and wish to thank all for them and for making their anniversary an enjoyable one.

Mr. and Mrs. Willis McGinn and daughter of Montrose spent Sunday at the home of his parents, Mr. and Mrs. Lloyd McGinn.

Mr. and Mrs. Wm. C. Hunter and Miss Rosalia Mall were Sunday guests of Mr. and Mrs. Vincent Weiler of Saginaw. They visited Mrs. Henry Oehring, who is a patient at St. Mary's Hospital.

Mr. and Mrs. Frank Comment are in Pontiac spending the winter with their daughter and husband.

The Emerson Scott motion pictures shown in the high school Friday evening were well attended and very interesting. The pictures showed his trip to the Arctic region. The 4-H club and leaders sponsored the program.

Special Church News—

The Sunshine church is sponsoring a Sunday evening contest starting January 21 at 7:45 p. m. The topic will be "The History of the Methodist Church." Sides will be chosen and a teacher and a captain assigned to each group. One group will meet in the basement, the other in the auditorium for a short briefing, then all will assemble together and Rev. Hastings will conduct the quiz. Points will be given for correct answers, attendance, Bibles and collection.

This is not just for the young people though they are urged to come. This is for the young and not so young members and non-members and anyone who would like to come. At the close of the contest, the losers will treat the winners. See you there!

Mrs. Lyle Lounsbury called on Mr. and Mrs. W. C. Morse on Sunday.

George Evans was a Sunday dinner guest of Mr. and Mrs. Harold Evans.

Miss Lois Thane was a Sunday visitor at the Lewis Livingston home.

Billy Ewald was an overnight guest of Harold Bullis on Monday. Miss Betty Martin was an overnight guest of Miss Patty Evans on Tuesday.

Be Careful

A lady while entertaining guests at a rather large party was about to give a gentleman a cocktail, but drew back suddenly and exclaimed, "Aren't you affiliated with a temperance organization?" "No, madam," he answered, "I'm with the vice squad."

"Oh, well, that's different," she answered, "I was certain there was something I shouldn't offer you."

Not To Blame

The new Sunday School teacher was a stern looking woman, and the children were not sure what to expect of her. "Who made the earth?" she asked, sharply. There was a long silence, and finally a timid little fellow stood up and said earnestly, "If you please, ma'am, it wasn't none of us."

their annual meeting January 8-11.

The spectre of added taxes is stalking the legislative changers. Will it mean a personal income tax as was discussed two years ago? Most lawmakers agree that more corporation taxes would be paid by the consumer. An alternative, more sales taxes, is lagging in popularity.

Corrections Commissioner Ernest Brooks returned from his vacation to step into a hail of criticism that he has been too lenient with his paroles. Says Brooks: "I have done nothing not within my authority."

Governor Williams has made Camp Grayling available to In-

diana's National Guard. The Hoosier training camp, Camp Atterbury, has been taken over by the army.

Michigan farmers are asking if ceiling prices on grains will be applied during 1951. They will need to buy grains if they are to effect a livestock increase. Since the national stockpile of feed grains totals nearly a billion bushels it is doubtful if ceilings will be imposed during the year.

The liquor control commission is still in a lather. Chairman Harry Henderson has been replaced by Allan B. Milham, Kalamazoo, but Henderson says he will not give up the job until his successor is approved by the senate. He hints at court action even though his term expired December 15.

The governor's supporters en-

barrassed him at a harmony banquet by booing when it was announced that Republican Lieutenant Governor William C. Vandenberg had sent his regrets. Vandenberg says he forgot his tax.

Kit Clardy, Lansing Attorney and co-founder of "Fighting Republicans, Inc.," jumps back into the spotlight with a series of radio broadcasts in the Capitol City and in Flint. His theme: "I am so reactionary I don't like to pay taxes to raise prices to require more taxes." Clardy was defeated by Blackney in the 1950 race for congress.

He dubs himself a conservative and refers to Washington as the home of the "Small bore second raters."

As the 59th administration gets underway in Lansing, the governor is house hunting. Owner of the house he rented (\$275 per month) for two years wants to sell. New state mansion? With a \$21,311,232 deficit last year, legislators probably will make short rift of the splendid suggestion that Michigan build a home for its governors.

The automobile industry is breathing easier. A sudden spurt in new defense contracts and easing of aluminum restrictions brought on the sudden good humor. After Governor Williams' trip to Washington, procurement agencies suddenly announced new contracts with auto makers to produce trucks, jeeps, shells and other military equipment.

Michigan's 1949 "three man" grand jury law, requiring the service of three circuit court judges for indictments, has been under fire of the State Bar of Michigan and the state association of prosecuting attorneys. The new law bans granting of immunity to witnesses—a controversial feature of the old "one-man" grand jury law. The state groups criticize the new law as unworkable. During the past 18 months no three judge jury

has been in action. A committee was created by the 1950 legislature to study the matter.

Atomic Farmer

Aaron Ganz, of Chicago, the "atomic farmer" who has grown radioactive tobacco plants, received his doctor of philosophy degree in pharmacology at the University of Chicago.

Ganz, working at the university's "atomic farm", grew tobacco plants in air containing radioactive carbon dioxide. Minute doses of nicotine extracted from the radioactive plants was injected into rats and mice for the purposes of studying the behavior of nicotine in the human body. Ganz's tests showed that the body quickly gets rid of nicotine. The liver was shown to pick up more of the nicotine than any other organ, the brain the least.

Heifers Should be Bred By Weight — Not Age

Many dairymen have calving troubles in heifers even though they don't breed them until they are 15 to 16 months old, specialists report. These calving difficulties are usually due to small heifers that have not been grown out properly, the specialists said.

Feeding of proper growing ration will mature heifers quicker and start them on the road to production.

RESCUE

Charlotte Creguer, daughter of Mr. and Mrs. Elwood Creguer of Flint, spent a few days with her grandparents, Mr. and Mrs. Thomas Quinn, Sr., returning home Thursday.

Conservation Dist. To Hold Annual Meet January 17

Wilber Memorial 4-H Building in Caro will be the scene of the annual meeting of the Tuscola County Soil Conservation District Wednesday evening, January 17. "The district extends an invitation to all its cooperators and the public to attend," stated Reid Kirk, Fairgrove, chairman of the Tuscola Conservation group. "We are fortunate to have Tom Kelly as our main speaker," Mr. Kirk continued. "Kelly is a nationally known conservationist, cartoonist, and humorist. He will give a talk on the subject, 'There's More to Dirt Than Meets the Eye.'"

The annual meeting which is scheduled to start at 7:30 p. m. will include reports by secretary-treasurer R. L. Hill, Caro, election of one director to the district board and business from the floor. The

directors have arranged for some musical entertainment and wives of the directors will serve a free lunch at the conclusion of the meeting. The movie, "District Directors in Action," will be shown. This film shows some of the activities and results of work done by soil conservation districts in Lapeer, Saginaw, and Tuscola counties in recent years.

Highlight on the program will be Tom Kelly, widely known platform cartoonist who has given more than 4500 illustrated lectures on conservation during the last 18 years. A former newspaper cartoonist, Minnesota Department of Conservation and United States Soil Conservation Service worker, he has traveled 175,000 miles and given his humorous informative conservation talks before audiences from coast to coast.

Early Care Needed For Dairy Calves

Careful attention to a few pointers in raising dairy calves often means a more successful job in getting the calf off to a good start, report members of the Michigan State College dairy department.

Feeding, they say, is the first consideration. Feed milk at the rate of one pound a day for each 10 pounds of calf weight. This means eight pounds of milk for an 80 pound calf, which would normally be fed in two feeds of four pounds (about two quarts) each per day. Feed the milk at a regular time and be sure the temperature is around 90 to 95 degrees Fahrenheit.

Fast drinking often leads to scouring troubles, the dairymen say. Drinking can be slowed down by elevating the pail in a rack or manger. Many farmers use nipple pails and find them helpful. A caution in using a nipple pail is to be sure it is kept clean.

Most dairymen prefer to start calves at about two weeks of age on whole grains. A mixture of three parts whole oats, three parts shelled corn, and one part linseed oil meal or soybean oil meal has been used quite successfully. This is fed until about three months of age, when a ground grain mixture should be fed. A satisfactory growing mixture is 150 pounds of ground oats; 100 pounds of yellow corn meal; 100 pounds wheat bran; and 50 pounds of high protein concentrate. Many dairymen just feed the regular herd ration.

Clean, dry, well-bedded pens that are free from drafts are also a "must" to eliminate danger from colds and pneumonia. Some dairymen are using slatted or grated floors which are raised above the regular floor level. This aids in keeping the bedding dry and also reduces the amount of bedding needed.

Physician Says Mentally Sick Cause of Wars

DETROIT, Mich.—Dr. Robert S. Drews, a Detroit psychiatrist who has just completed a three-month study of mental health in Europe, contends all the world's presidents, dictators, and kings should be stretched out on a couch and psychoanalyzed before being allowed to take office.

"The history of war and chaos is the history of mentally sick people," Dr. Drews said. He had a number of examples to prove his point. He said the hostility, aggression, and mental instability of existing leaders in many countries has spread like a contagion to the mental make-up of people all over the world.

Remedies Suggested

He suggested these remedies for wars and dangers of war that are caused by the instability of political leaders:

1. All persons in political life should be subjected to "rigorous examinations in the structures of their personalities before being entrusted with the destinies of nations."
2. Mental hygiene must be taught in schools all over the world—as it is being taught already to some extent in the United States.
3. A universal "auxiliary language," such as Esperanto, must be adopted to make international and personal meetings easier.
4. More "interpersonal relationships" must be arranged to bring people together across national frontiers on a "me-and-you basis," instead of formal international conferences.

"What is needed now, immediately," he said, "is a dynamic program of education people to live one with another, instead of for, against, or away from another. To live for another person is emotional; to live against another is hostility; to live away from another is isolationism."

Research for Book

Dr. Drews called attention to Napoleon, Caesar, Hitler, Mussolini, and "as far as we know, Stalin, too—all of them were neurotic, mentally sick people."

He said such leaders came to power in Europe "in a history of essentially single individuals sincerely striving for conquest and supremacy. They very often were powerful, but immature, and very often neurotic in their leadership."

"Dr. Drews went to Europe last June with a group of professors from Wayne University. Later he left the group to conduct individual research for material on his forthcoming book, 'Mental Hygiene in The Changing World.'"

He and his wife visited virtually every western European nation in his search for material.

Woman Finds Old Bonds, Asks \$250,000 From State

RICHMOND, Va. — Mrs. Bonny Walker, 76, of Vinton, Va., recently found in her attic two \$1,000 bonds issued more than 75 years ago by the commonwealth of Virginia. She wants the state to redeem them for the \$250,000 she figures they're worth—calculated at six per cent compound interest.

The commonwealth is flabbergasted—but not contemptuous. If it legally owes Mrs. Walker anything, it intends to pay.

Mrs. Walker says the bonds were issued in 1861. The date isn't very legible—it might be 1864. If the bonds were issued in 1864, they aren't worth the paper they're printed on—the 14th amendment to the U. S. constitution says southern states may not make good any obligations incurred to finance the civil war.

"All I know," Mrs. Walker wrote Gov. John S. Battle, "is that the bonds say 'Be it known that there is due from the commonwealth of Virginia unto the bearer the sum of \$1,000, redeemable after January 1, 1899, with interest at 6 per cent per annum.'"

"Now, it's after 1899, and I'm the bearer."

Koreans Send \$50 to Girls Whose GI Dad Died in War

COLLINGDALE, Pa. — The two little girls, whose father wrote the now famous "Dear Joannie and Rosemarie" letter, have received a letter of sympathy and \$50 contributed by nine Koreans.

In September nine Koreans appeared at the Tokyo office of Newsweek magazine and said they wanted to let Mrs. McCormick know "there are good and decent people in Korea as well as bad ones."

Explaining that they wished the \$50 to go toward the children's education, the Koreans wrote to Mrs. John McCormick: "As your brave husband said in that letter there are many bad people who bring misery and destruction to humanity. However, we should like to tell you that there are a great many good and courageous people, of which Mr. McCormick was certainly an outstanding example. It is the effect of these good people and under his guidance that keeps the world going in spite of the evil done by bad people. This is one reason for our trust in God."

Cubans Eat U. S. Rice

Rice consumption in Cuba is more than 100 pounds per person per year, of which only about 15 pounds are produced in Cuba, and the balance is imported, chiefly from the United States.

WOMAN'S WORLD

Bathroom Should Receive First Attention in Remodeling Plans

By Erta Haley

BATHROOMS are usually the smallest rooms in a house, and deserve careful planning. With one bathroom, the whole family must use, it's essential to make it as colorful and useful as possible.

If you're remodeling or building a home, experts say that the bathroom should be at least five and one-half feet by seven. This is the minimum size to be practical, and if it can possibly be any larger, it's wise to make it so.

For those who already have their homes and cannot change the size of the bathroom, it might be wise to look to some tips for making more storage space available. If you can clear the floor of a small bathroom, for example, you will really have more room and thus simplify the cleaning job.

Decoratively, much can be done to improve the bathroom and make it more cheerful. There are many accessories which will spice the basic color scheme which you can change at little expense. The main thought to remember in this respect is that the room is small and too many different colors cause a jarring note as well as a confused appearance.

If you store soiled clothes in the bathroom, then have a hamper for them. Lack of floor space can lead you to place one which attaches to the back of the door. If several towels to hang are your problem

Modern Bathroom

Ample storage space for towels, drawers for cosmetics and toiletries and easily cleaned clay tile walls and floors are some of the excellent features of the modern bathroom. Since the tile is waterproof and color-fast, the bathroom never needs painting or decorating.

for the bathroom which will look right for your family.

If you and other members of the family are fair-skinned, the walls of the bathroom can be blue, peach, green or yellow. These shades complement light skin tones.

On the other hand, tans, browns and aquamarines will set off brunettes to best advantage.

It's wise to stick to one color or shades of one color inasmuch as the bathroom is small. Glazed tiles, for bathroom walls, are now manufactured in about 200 shades of basic colors, and unglazed tiles in about 75. The tile of the floor should be darker shade than that of the wall.

Those who desire to use different colored accessories in the bathroom would do well to choose a subdued color like gray. This may seem monotonous, but put in towels, shower curtain and mat of clear yellow and the room will fairly sparkle. Change accessories to different colors and you change the scheme successfully and easily.

If colored fixtures are chosen for the bath, plan to have them blend with the basic shade of the tilework, rather than seek an exact match. Both fixtures and tile may vary slightly in shade from samples from which you select.

Avoid intense colors as they seem to hem in the room and make occupants uneasy.

Finish the tiled wainscot with a cap of the same color, rather than black or a contrasting shade. This makes the room appear larger.

Provide Maximum Efficiency With Storage Space

Far from the least consideration in the bathroom plan is adequate storage space. Fully half of the home owners are dissatisfied with this feature in their bathrooms and would provide more storage facilities if they could.

Medicine chests are standard equipment, but many times they are completely inadequate for the average household. If the wall area permits, build a man-size chest with a full-length mirror as the door.

Storage cabinets built under the wash basin are convenient and inconspicuous places to keep face towels, soap supplies and powders and cloths for cleaning. Cabinets for these may also be built under counters adjoining the wash basin. Unused wall space could be used beside the shower stall or behind the door for a built-in cupboard.

Cupboards put in the space above the toilet can transform this space into a cache for medicine chest overflow. In bathrooms where the shower is not over the tub, cabinets built high on the wall over the tub can house towels, bath mats, extra paper and tissues.

Tiled counter space around the wash basin provides extra working space for those shaving, fixing hair or make-up. The surface would be moisture-proof and can be cleaned with a swish of the cloth.

Some of the storage space strain can be relieved in almost any old-fashioned bathroom by hanging what-not shelves in the corners. Use these for light-weight items such as soap and cosmetics.

Provide Enough Space For Hanging Towels

It's no fun to get ready to step out of the bath and find that you must run out into a hall closet to find a bath towel. For this reason it's good to place the towels within easy access of the tub.

There should be enough hanging racks in the bathroom for hanging both bath and hand towels for every member of the family. Towels for children's use should be on racks low enough to permit easy access to them. You will thus encourage towels to be hung there after using rather than having them draped over bath tub or other fixtures.

A good place for several hand towels and wash cloths is around the wash basin if you can place racks on either side.

Good storage space....

and you don't want them draped over the bath tub, then racks at different levels solve this problem nicely.

Hooks for brushes, combs, hand mirror, shower caps and such items will also help clear the room and keep it more neat.

Good Planning Held Essential

Windows in bathrooms are a necessity, but they should never be placed over the bath tub. If set there, they would be hard to open and close, and it would provide too much of a draft for bathers. The window is well placed on one side of the basin or against a free wall.

A separate shower stall is nice to have, but if there is not the space for this, the bath tub-shower combination works out well in most cases. If tiled, the tilework should be carried to at least the height of the shower curtain bar, to avoid damage around the walls around the shower, and the rod itself should be firmly anchored.

If a bather feels himself slipping he will grab for the nearest object, and this is the shower curtain or rod. On this account, have the rod fastened with long screws into the actual studing, not just into lath and plaster.

If all fixtures can be placed on the same wall, a considerable saving can be made in plumbing costs.

In homes with two baths or with powder room on first floor and bath on the second, savings can be made by placing one room over the other so they can both use the same waste pipe.

Electric outlets should be placed carefully. Switches should be an arm's length or more from the tub and wash basin, say safety experts, so there's no temptation to touch them while hands are wet. Avoid metal pull chains on lights and put in wall fixtures for safety's sake.

Plugs for electric curling irons and razors as well as vaporizers should be placed conveniently so the user can see in a mirror while the first two of these are being used.

E. U. B. Ladies' Aid Made Quilts at Their Meeting Wednesday

The Ladies' Aid Society of the E. U. B. Church quilted two quilts Wednesday at their regular meeting in the church social rooms. One of the quilts was in the beautiful "Wheel of Mystery" design in white and maroon colors.

A bountiful potluck dinner was served at noon by Mrs. Andrew Seeger, Mrs. John Jaus, Mrs. John Zinnecker, Mrs. George Dillman and Mrs. Maurice Joss.

In the afternoon, a devotional period and business session was conducted by Mrs. Fred Buehly, president. A large number was in attendance.

Farmers Must Weigh Expenses In These Times

In a period of increased farm income, emphasis should be placed on expenditures which will result in increasing the income-producing capacity of the farm—not only for the present but in future years—according to Dale Butz, agricultural economist at Michigan State College.

Doing this means combining proper amounts of land, labor, livestock crops, and machinery into a balanced farm business. For some farmers, this may mean purchase or renting of more land, purchase of more machinery or expansion of livestock and crop enterprises. On some farms, shortages of labor may mean a cut-back on other items to achieve balance in the business.

If the debt load is heavy some of the increased income could be used to retire debt and put the farm on a more sound financial basis he states.

"Farmers also have a very great stake in the problem of halting inflation," Butz cautioned. "Continued inflation raises the price of farm land, makes it more difficult for young people to get started in farming, raises costs, and has many other undesirable effects on the farmer and the economy as a whole."

One way that farmers can help in the battle against inflation is through the purchase of United States Savings Bonds, Butz says. From the patriotic point of view, there is no better investment than in the fight for freedom.

"Though interest return on savings bonds is not as high as that received from some other investments, the soundness of the investment in savings bonds is beyond question," Butz says. He also points out that the bonds represent assets which can be turned into cash in a hurry and thus provide an excellent means of accumulating reserves for future use in the farm business.

Noted Speakers at MSC Farmers' Week

An impressive list of outstanding speakers from over the United States and Canada are being assembled for the thirty-sixth annual Farmers' Week program at Michigan State College.

The annual mid-winter educational event for Michigan's rural people is scheduled for January 29 through February 3 on the East Lansing school's campus.

James G. Gardiner, Canadian minister of agriculture, and Herschel Newsom, new master of the National Grange, have been added as general session speakers. Gardiner has been minister of agriculture in Canada for more than 15 years. He will speak Wednesday afternoon, January 31, on "Common Problems of Good Neighbors."

Grange Master Newsom is from Indiana and will speak on Thursday afternoon, Feb. 1. He is an outstanding farmer and this will be one of his first addresses since he replaced the late Albert Goss in November as head of the farm organization.

William Laurence, science editor of the New York Times, is Tuesday's general session speaker.

Another speaker of national reputation, Oris V. Wells, chief of the bureau of agricultural economics for the U. S. Department of Agriculture, has been obtained for the Farm Management banquet on Thursday evening, Feb. 1.

Departmental sessions will list authorities in the many fields of agriculture and home economics from many states and from the Michigan State College staff.

A. J. MURRAY IS SPEAKER AT LUNCHEON

"Artificial Insemination" was the subject of a talk by A. J. Murray at the Rotary Club luncheon Tuesday. He told of the interest Samiac County farmers have in this method of breeding as well as agriculturalists in the state.

Mr. Murray was introduced by Leslie Townsend, program chairman for January.

Pastor Experiments Pasture's experiments started in 1855.

4-H and FFA Poultry Project Approved

The Tuscola County junior chicken-of-tomorrow committee will promote that project again this coming year, says George C. MacQueen, county 4-H club agent. The committee consists of Charles Bowles, Bowles Hatchery, Caro; Charles Andrus, Andrus Hatchery, Reese; Lew Tidgson, Michigan Bean Company, Caro; Norman Waggoner, Vo-Ag teacher, Caro High School; Wm. Tulloch, Vo-Ag teacher, Vassar High School; and George C. MacQueen, county 4-H club agent. This committee met with Bill Aho, poultry specialist from Michigan State College, Friday, January 5, to discuss the program for the coming year.

Agent MacQueen says that the project will begin February 14 and 15. It will be of 12 weeks' duration ending May 10. Order for chicks must be on hand at the hatcheries January 15 to 17. Boys and girls must be 14 years old before enrolling.

According to 1950 statistics on state-wide averages, \$74.71 profit was made during the 13-week contest. Tuscola County showed \$48.01 average profit amongst 17 entries. County averages showed a cost of 22¢ per pound of gain, each pound of gain took 4.8 pounds of feed, average number of chicks was 168, mortality was 5.5 birds or 3.4%. State-wide averages showed a cost of 21.5¢ per pound of gain, 3.86 pounds of feed to produce 1 pound of meat, average number of chicks was 193.3, 9.7 mortality or 5%. Tuscola County entries made good poultrymen. Paul Findlay, Reese, and Don Tinglan, Vassar, had their entries in the State 4-H Show. The project will be promoted through 4-H club leaders, vocational agriculture teachers, chicken-of-tomorrow committee, and the 4-H club office.

TWO MEMBERS ARE HONORED AT ANNUAL CHURCH MEETING

Concluded from page 1.

same church with Mr. Vender's mother and father as young people in Canada. A token of love and appreciation in the form of a small brass cross was provided as honoring her seniority of years and membership.

Orion Cardew spoke concerning the 37-year service of Alfred J. Knapp as a trustee of the church, who was voted to honorary life membership of the board. A beautiful booklet, "An Appreciation," officially documented, and signed by all present was presented to Mrs. A. J. Knapp to give to her husband on behalf of the church.

At the period of election of officers, Rev. M. R. Vender was called upon to preside. Under the plan of rotation in office, now in operation for all three boards of the church, whereby no official is eligible for re-election for at least one year after serving two consecutive three-year terms on any board or the session, the following terms expired, retiring for at least a year, the following: Arthur Holmberg from the Session; George Cole and Leslie Townsend from the board of deacons; and M. B. Auten and E. L. Schwaderer from the board of trustees. (M. B. Auten had served for over 25 years on the board, and E. L. Schwaderer for several terms. The rotation plan first became operative for the trustees this year.)

Succeeding them in office as elected were: James Colbert, elder; Donald Reid and James King as deacons; and Arthur Holmberg, E. A. Hanna and Dr. H. T. Donahue to the board of trustees.

Deacons re-elected to a second term were Leonard McLean and Harry Little; Orion Cardew was re-elected as an elder for a second term.

Cameron M. Wallace was re-elected as church treasurer. E. G. Golding was elected for another year 1951-52, as director of the every-member-canvass with Curtis Hunt as assistant director.

Members elected as representatives to the Cass City Council of Churches included: Mrs. Ivan MacRae, Arnold Fischer, Harold Perry, and Mrs. Louis Bishop, and the new president-elect of the Westminster Youth Fellowship, and the pastor.

Don MacLachlan was elected to succeed James A. Milligan to a three year term on the nominating committee of the church which also functions on a rotation plan. Other members of the nominating committee were Mrs. Ernest Croft and Mrs. Roy Taylor who automatically becomes chairman for 1951.

Following announcement that plans would be pointing toward the 75th anniversary of the church in two years, the pastor called upon Rev. Yolton for the benediction.

Eighty-four attended the supper. Some had to leave, but others came in for the devotional period and business meeting.

Goldenrod

The goldenrod (genus Solidago) is claimed by more states as their official state flower than any other American plant. Nebraska adopted the goldenrod by legislative act in 1895, with Kentucky following in 1926 and Alabama in 1927. North Carolina claims the flower by "common consent."
