Robert Hunter Is **Appointed Civil Defense Director**

Robert Hunter was named civil defense director of this community by Village President Clifford Croft at the regular meeting of the vil-lage council Tuesday evening. The appointment, confirmed by the village trustees, was made at the request of Michigan State Police who desire such a director in every community of 1,000 or more pecple. It is planned to hold a state meeting of all directors in Lansing early this month.

The date for the village caucus was set for Monday evening, Feb. 19. The terms of Clifford Croft as president, Wilma Fry as clerk and treasurer, Harold Jackson as assessor and M. C. Mchellan, Arlan Hartwick and Albin J. Stevens as trustees will expire next month.

The village council has decided to join the Michigan Good Roads Federation. They hope by this ac-

ning.

This is the ninth of 12 hymns based on the Apostles Creed, written by Samuel Stone, a curate of the Church of England. This hymn was inspired by the phrase in the Creed affirming belief in the Holy Church. The music was composed by S. S. Wesley, grandson of the Methodist hymnist, Charles Wesley. Archbishop Temple humorously complained it was sung

Clean Pastures

When sharp hardware swallowed by cows pierces the stomach wall milk flow drops abruptly. The condition, known as acute traumatic gastritis, often cuts milk production as much as 90 per cent within 12 to 24 hours and is a frequent cause of death. Surgery, involving removal of the piercing object, will save the animal if performed in time. But the easiest way to deal with the problem is to prevent it-by keeping pieces of metal and other sharp objects out of the feed and out of pastures.

in a hit and run case set a precedent in American criminal jurisprudence. It marked the first time a court ever had allowed the identification of a human being to be based completely on the evidence of a single particle of hair.

hair fragment in question, found on the fender of a hit and run automobile, possessed a peculiar structural design under the microscope which made identification certain In anothe case, Dr. Hausman's research heiped to right a miscarriage of justice in Oklahoma. His microscopic studies of hair found in the room of a murdered woman proved the man accused of the

crime was innocent. He was freed

Dr. Hausman explained that the

after spending two years in prison. Dr. Rausman's testimony isn't always a matter of life and death, Once he proved that a woman was underestimating the value of a fur coat to evade payment of an inheritance tax. Under the professor's microscope, the garment turned out lace panel extended down the front claimed it to be.

Dr. Hausman, who has devoted human and animal hair structure, has solved problems for government agencies, individuals, industries and museums as well as police. He says hair is not as definite an

identification as fingerprints, but "sometimes criminals who don't leave prints around leave hair."

Advertise it in the Chronicle.

On Trip to Florida

Marriage vows were exchanged Sunday afternoon by Miss Shirley Anne Watt of Caro and Dale Kettlewell of Cass City. The scene of the three o'clock rites, which were conducted by Dr. E. Ray Willson, was the chapel of the Methodist Church in Caro which was decorated with palms, candelabra and baskets of ferns and mixed flowers which included blue iris, yellow daffodils and white snapdragons.

The Wedding March from Lohengrin was played by Mrs. Bernard Fitzstevens of Caro and Mrs. Geo. Taylor, also of Caro. sang, "I Love Thee" and "The Lord's Prayer" for the ceremony. in black with black assessories and The bride, daughter of Mrs. Mabel F. Watt of Caro, was given a corsage of pink chrysanthein marriage by her brother, Ted Watt, of Kalamazoo. She was attired in an eggshell colored crepe cocktail dress, light brown straw, hat with veil, and two-tone brown E. B. Schwaderer, M. B. Auten accessories and carried a white

was her sister's bridesmaid and wore a light blue crepe cocktail paper with two white bells hangsories. Her bouquet was fashioned of white bebe chrysanthemums and yellow rosebuds.

Donatd A. Doerr of Cass City was groomsman for Dale who is the son of Mr. and Mrs. Arthur Kettlewell and is in the furniture couple will make their home in Cass City, Mrs. Kettlewell has been employed as teller in the People's State Bank in Caro since before her graduation from Caro High School in 1944.

Immediately following the cere- Gagetown and Armada. mony a reception was held at the Pine Room in Caro with about 30 relatives present. A long table covered with a lace cloth was centered with the bride's cake surrounded with greens, yellow bebe chrysanthemums and tiny silver bells and flanked with lighted candles. Three large silver bells, tied with a blue ribbon bow, and ferns decorated the front of the table. Guests were served at tables for four ornamented with blue and vellow flowers and silver bells, the color scheme of the room.

Mrs. Helen Stone poured and Miss Connie Watt and Miss Marjorie Kettlewell, sister of the

The newlyweds are on a honeymoon trip to Florida.

Candlelight Service At Church Wedding

A candlelight service was held Saturday, January 13, at seventhirty when Miss Marjorie Ann Root and Mr. Russell Owen Blakely exchanged marriage vows. The ceremony was performed by Rev. Melvin R. Vender in the First Presbyterian Church of Cass City. The church was decorated for the occasion with three altar baskets of white snapdragons, ferns and chrysanthemums, three palms and candelabra. The windows were

decorated with candles also. The bride, daughter of Mr. and Mrs. Jerome A. Root, Sr., of Cass City was given in marriage by her father. The groom awaited her at NEW BRUNSWICK, N. J.-Dr. the altar with his best man, Allan Leon A. Hausman, professor of Witherspoon, of Kinde and his zoology at New Jersey College for other attendant, Merritt Ender, of

Pennsylvania Discovers Draft Records of 1777

HARRISBURG, Pa.-Records of what is believed to be the nation's first draft were found recently by state officials digging into old state records. Auditor General Weldon B Heyburn said the records are contained in a book entitled "Apneals." dated July 2, 1777, cover ing mostly Philadelphia draft

The book, of handmade paper and bound in eardboard, contains, in the original handwriting of the appeal agents, the action taken on men who were drafted into the Pennsylvania militia during the Revolutionary War. Heyburn said draft exemptions

cases.

in those days were for much the same reasons as today. He said however, there was one notable exception in draft policy. Men called up for duty could hire substitutes.

Soviet Medical Paper Says

26 Million Americans III MOSCOW, USSR - The Soviet newspaper Medical Worker reports Americans are in a bad way. Ac | Best butcher cording to the newspaper 26 million Americans are chronically ill.

The newspaper also reports that Common eight million Americans are insane; that each year two million Americans lose their ability to work because of accidents; that 18 million are partly or completely unemployed, and that the ordinary farmer or worker rarely is able to undertake treatment to cure a disease because of the expense of medical assistance and medicines.

About 260,000 families are homeless in New York alone, the newspaper said, and claimed the cost of a week stay in the average American hospital exceeds by two or three times the average monthly wage of the average American worker. On top of this, the newspaper charged bospital treatment is seldom possible for the average American. To top its fantastic claims, the paper said that only a small percentage of those ill with diabetes in the United States are able to procure insulin. The drug. the newspaper explained, is in the hands of monopolies which intentionally restrict production to small proportions to get an exorbitant price for the product.

The article concludes: "The exclusively low level of public health in the United States is an expression of the general fate of capitalism, under which even poverty and iliness are a source of enrichment of a small group of capitalists."

Early Day Loggers One of the most prized earthly possessions of the early day logger was his razor-sharp ax. He swung it in the forest all day, honed it while swapping stories around the open campfire at night, shaved with it-when he shaved-and even took it to bed with him.

Baked Asparagus Here is an easy and delicious way to bake asparagus. Wash asparagus and cut in inch lengths. Cover it with cream, salt lightly and sprinkle with grated cheese. Bake in an uncovered baking dish until Rough hogs 15.50-18.75

George Washington Carver It is not every artist whose paintings are valued at \$4,000. It is all the more unusual when both the paint and canvas are made by the artist himself. Yet, it was the famous European art gallery at Luxembourg and also the Chicago World's fair which placed the price on these pictures painted by a man primarily known for his work as a research chemist-George Washington Carver. He made the paint from Alabama clays and the canvas from cornstalk fibers.

Milk in Industry

In more and more industries milk is being used to improve employee's health and counteract fatigue. Reductions in accidents with an improvement in safety, less absenteeism due to illness, increased production during hours of fatigue low-points, are reported where milk is being served between meals or added to diets.

Too tongue-tied to say those three little words?

Clean Pastures

When sharp hardware swallowed by cows pierces the stomach wall milk flow drops abruptly. The condition, known as acute traumatic ! gastritis, often cuts milk production as much as 90 per cent within 12 to 24 hours and is a frequent cause of death. Surgery, involving removal of the piercing object, will save the animal if performed in time. But the easiest way to deal with the problem is to prevent it-by keeping pieces of metal and other sharp objects out of the feed and out of pastures.

KATHLEEN NORRIS Frightened Woman

"I AM A FRIGHTENED WOM-AN," writes Mary Friedman, from Indianapolis. "Here in the midst of a modern city, with good health, a good husband, and plenty of this world's goods, I am beginning to be sick with terror. When I married Frank, 19 years ago, I would have said that what I have today would have fulfilled my highest dreams; I only wanted one child, I got him, a fine boy now in high school. I wanted to love my husband and to have him love me, and that difficult wish was granted, too. Frank is a wonderful man in every way.

"Well, then, what's the matter? I wish I knew. I've even been to a psychiatrist, but as he began his kindly, sympathetic questions I suddenly began to laugh and then to ery and I unceremoniously left, and didn't go back.

"The symptoms of my troubleand believe me, it is trouble-are these: I feel a terrible distaste for everything, in sudden fits and starts. Making a bed, discussing meals with my part-time maid, dressing to go out with Frank, lunching with women friends, I will find myself suffocating with a terrible restless feeling, as if I wanted to scream, tear things to pieces, rush out into the open air. Often I find tears running quietly down my cheeks.

"Reading a book seems out of the question now, and things like; card games, movies, radio, all the, amusements that once meant something to me just make me ache with boredom. It seems to me that life is sliding by me. I've accomplished nothing, I've nothing to show for it.

Fears the vuture

"I told the psychiatrist that I needed excitement, romance, selfexpression and as I said it, it, sounded so adolescent and immature that I was ashamed. When Frank asks me what I mean by

... tears running quietly ...!

change, romance, self-expression, I don't know. All I know is that I am letting my nerves get out of control and I am afraid of the

'Finally," says Mary's letter, "please don't advise me to take up Red Cross or hospital work, study a language, go off on a trip by myself, take up book-binding, upholstery or church work. It drives me mad to think of substituting namby-pamby busy work for the raging dissatisfaction deep within me. Sometimes for as much as two consecutive days I will be contented and occupied, then this hunger for something I can't define seizes me and I feel as if I should

fly to pieces." This last sentence reminds me of one of those capable old ladies who sends for a doctor and then gives him a complete diagnosis of her disorder and tells him what to pre-

Discounts Cures

scribe.

For Mary here mentions several actual cures for her unhappy condition, but discounts them all, untried, as namby-pamby busy work. And ridiculous as it is for a woman as fortunate as she to fall into this state, yet it is just our comfortable, protected, apparently carefree women who do go into these neurotic despairs, and find it almost imposible to get their feet firmly on the ground again, and once mose; breathe the air of healthy living and serving and enjoying life.

Well, perhaps the interests of a

woman's life are like a bank. Put love and interest into your life from the beginning, from the happy days when everything goes well, and later on you can draw out that love; and interest, infinitely increased in volume. Spread your sympathies and activities from the golden days. Roy Newsome on Garfield St. of youth, first love, engagement, 2-2-1 marriage, honeymoon, new home, new baby, new friends. Live fully and generously in those years, and when the first flush of zest and enthusiasm begins to fade—as it must -you will have a hundred outlets for your energy that are not essen-tially dependent upon youth and bloom. Yes, languages, gardens, cross-

word puzzles, games, radio, Red Cross, charities all have their place in a balanced life. Obligations to the less fortunate should play a very important part in our lives as American women, and unless you ere sharing, and sharing on a pretty generous scale, it is not surpris-ing that you feel possessions and privileges sometimes fall rather

In your case I would pick the lowest slum in the city, and the dirtiest house. Your organized charities will find it for you.

Long-term Investment that pays daily dividends

HESE days thoughtful people turn their minds I to the durability of things they purchase.

But it's rare when doing your duty turns out to be the best way to satisfy your heart's desire.

That's what's so marvelous about this '51 Buick. If you picked a car just for the lift it gives youyour pride in its power-or its generous comfortyou couldn't make a better choice.

But make note of this:

That gleaming new push-bar forefront, which greets your eye with flashing beauty, contains 25 grille bars made of stamped steel, individually mounted to "give" and come back unharmed. Combined with a massive, wrap-around bumper, fortressed by two stalwart "bumper bombs" and two added uprights, it gives unsurpassed protection.

Springs of stout spiraled steel on all four wheels let your wheels curtsey over bumps, while you ride level as a lance. But they also need no servicing, and breakage is virtually unknown.

Buick's great-powered engine is a Fireball, wondrously lively and eager at the mere touch of your toe-but it also wrings extra power from every drop of fuel, and has the mechanical perfection

that comes only from years of experience with this basic design.

Dynaflow Drive gives you effortless smoothness of control-but it also eliminates clutch repair bills, saves tires, eases strain on the whole driving mechanism, from engine to differential.

The road-steady gait of a Buick assures relaxed security - and is also evidence that you have a durable, deep-silled, X-braced frame beneath you. However you check it, you'll discover this: The things that make you yearn for a Buick on first acquaintance, are the very same things that make Buick such a smart long-time buy.

Better see your Buick dealer-soon. Standard equipment, accessories and trim illustrated are subject to change without earlies

No other car provides all this:

DYNAFLOW DRIVE* . FIREBALL POWER 4-WHEEL COIL SPRINGING . DUAL VENTILATION PUSH-BAR FOREFRONT . TORQUE-TUBE DRIVE WHITE-GLOW INSTRUMENTS . DREAMLINE STYLING BODY BY FISHER

the Railroads RESPECT

What is the TRUTH?

E this agreement!

The union leaders refused. ... the railroads accepted the recommendations of President Truman's Emergency Board. The union leaders refused.

At various states in the present dispute

with the brotherhoods of railroad

... the railroads agreed to arbitrate.

.. the railroads accepted the White House proposal of August 19, 1950. The union leaders refused.

Finally an Agreement was signed at Now the union leaders seek to repudiate the Agreement.

The railroads stand ready to put the terms of this Agreement into effect immediately, with back pay at the rates and date indicated.

The Agreement is given in full below.

MEMORANDUM OF AGREEMENT

the Labor Unions seek to

Washington, D. C. December 21, 1950

Establish 40 hour week for yardmen with increase of 23 cents effective October 1, 1950, and additional 2 cents effective January 1, 1951.

2. Set aside 40 hour week agreement until January 1952, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement. yardmen required by the carrier to work on the 7th day to be paid overtime rates except engineers who shall receive straight time rates for the 7th day. This does not create guarantees where they do not now exist. On and after October 1, 1951, three months' notice to be given of desire to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if and when the 40 hour week actually becomes effective.

3. Settle rules for 40 hour week and 6 day week.

4. Grant yard conductors and brakemen other rules such as daily earnings minimum, car retarder operators and footboard yardmasters as recommended by Emergency Board

5. Settle following rules: Initial Terminal Delay (Conductors and Train-No. 81:

Interdivisional Runs Pooling Cabooses (Conductors and Trainmen) Reporting for Duty More than One Class of Service

Switching Limits Air Hose (Conductors and Trainmen) Western Differential and Double Header and Tonnage Limitation (Conductors and Trainmen, all

Territories) 6. Road men to receive 5 cents per hour increase effective Cotober 1, 1950 and additional 5 cents per hour increase effective January 1, 1951.

7. Quarterly adjustment of wages on basis of cost

of living index (I point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 176).

8. Agreeement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters.

9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate. ~

Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951.

10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until changed or modified under provisions of Railway Labor Act. Moratorius on proposals for changes in wages or rules until October 1, 1953, as follows:

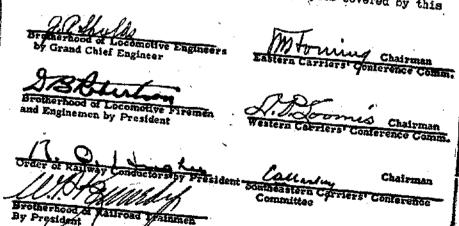

No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except such proposals for changes in rules or working conditions which may have been initiated prior to June 1, 1950. Provided, however, that if as the result of government wage stabilization policy, workers generally have been permitted to receive so-called annual improvement increases, the parties may meet with Doctor Steelman on or after July 1, 1952, to discuss whether or not further wage adjustments for employees covered by this agreement are justified, in addition to increases received under the cost of living formula. At the request of either party for such a meeting Doctor Steelman shall fix the time and place for such meeting. Doctor Steelman and the parties may secure information from the wage stabilization authorities or other government agencies. If

the parties are unable to agree at such conferences whether or not further wage adjustments are justified they shall ask the President of the United States to appoint a referee who shall sit with them and consider all pertinent information and decide promotive whether further wage increases mation, and decide promptly whether further wags increases mation, and decide promptly whether lurther wags increases are justified and, if so, what such increases should be, and the effective date thereof. The carrier representatives shall have one vote, the employee representatives shall have one vote and the referee shall have one vote. **

11. If the parties cannot agree on details of agreement or rules they shall be submitted to John R. Steelman for final

The usual protections for arbitraries, miscellaneous rates, special allowances, and existing money differentials above existing standard daily rates will be included in the

** The foregoing will not debar management and committees on individual railroads from mutually agreeing upon changes in rates, rules and working conditions of employees covered by this

Steel "Wallpaper"

By fusing glass to thin sheets of steel, "wallpaper" which will withstand water, grease, acid and wear has been developed for use in kitchens, bathrooms, stores, etc. Rolls of it can be sheared with an ordinary paper cutter.

Cotton Acreage

Cotton in cultivation July 1, 1950. has been estimated at 19,032,000 acres by the U.S. crop reporting board. This is 8,687,000 acres, or 31.3 per cent less than last year and 12.9 per cent below the 1939-48 average.

Origin of Pretzel

Pretzels were originally given to children by priests as rewards for learning their prayers. The design represented arms folded in an attitude of prayer. The word "pretzel" means little arms.

Annual Tax Sale

STATE OF MICHIGAN In the Circuit Court for the County of Toscola in Chancery

In the Matter of the Petition of Murl K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

On reading and filing the petition of the Auditor General of the State of Michigan praying for a decree in favor of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

specified, claimed to be due for taxes, interest and charges on each such parcel interest and charges and decree said interest and charges and the tail day of February from one in 1948 of 1948 per parcel interest and charges and that said petition will be a public and the said and decree shall be made and charges and charg

n the Matter of the Petition of Murl K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lends for taxes as-

To the Circuit Court for the County of Tuscola, in Chancery:
Muri K. Aten, Auditor General of the State of Michigan, respectfully shows unto the Court:

1. That he is the Auditor General of the State of Michigan and makes and files this petition under, by virtue of and currently to the provisions of Act No. 205

1. The state of Michigan and makes and files this petition under, by virtue of and currently to the provisions of Act No. 205

1. The state of Michigan and makes and files this petition under, by virtue of and currently to the provisions of Act No. 205

1. The state of Michigan and makes and files the petition under, by virtue of and currently to the provisions of Act No. 205

d. That your petitioner may have such other and further relief in the premises as to this court may seem just and equitable. And your petitioner will ever pray, etc. Dated: December 6, 1950.

MURL K. ATEM.

Auditor General of the State of Michigan, for and in behalf of said State.

present draft methods. School teachers will get short deferments in the selective service Town No. 13 North, Range No. 11 East system. This would apply to those instructors who are "momentarily irreplaceable." With the present teacher shortage that applies to most of the occupation.

> Michigan's governor now has a house. He bought it himself. Despite action again this year to provide state living quarters to

project, now are dragging possible material shortages out of the bag to kill the issue. And they all gasp at the cost.

> Michigan has 32,162 persons on federal civilian payrolls. It may be frightening to realize so many are supported here by taxes, but California has six times as many federal employees. In Michigan the postoffice leads the pack with 15,-190 employes listed." * * *

The conservation department again will ask for discretionary power over Michigan's deer herd. Efforts in the past have failed. Will the legislature give up its authority over the department this

Michigan is receiving recognition for pioneering with its mobile 25.88 hearing trailer units. Health workers of 15 other states as well as the federal security administration, the veterans administration and the United Nations health headquarters are asking for copies 8.42 of the plans.

Due to increased volume of sales tax collections, now shared 143.04 with schools and municipalities, Michigan public school teacher salaries have advanced from ninth to fourth place in the nation.

But Dr. Lee M. Thurston, superintendent of public instruction, fears that trend toward increasing reliance of localities upon statecollected funds for schools support is lessening the local sense of possession—and, consequently, the sense of responsibility toward the community institutions.

The superintendent also advocates more community colleges to bring at least junior colleges with-23.20 in reach of students living in areas remote from the existing colleges and universities.

This year is expected to be a

"Sneezing Pigs"

Belief that pigs with short noses are more susceptible to "sneezing disease" than long-nosed breeds appears to have no foundation, according to a report from the Ontario veterinary college in Canada. The malady, technically known as infectious or atrophic rhinitis, has been causing increasingly heavy losses in swine herds of the United States and Canada. Poor sanitation in hog lots is said to be an important factor in i's spread.

Nothing Better Than Good Food, Says Ohio Man

If a man isn't able to eat the f a man isn't able to eat the foods he likes he's in mighty sorry shape—imagine going through life without being able to enjoy a fine big platter of bacon and eggs. That is the way Joseph N. Damillot, 3414 E. 5th Street, Dayton Ohio, used

to be, but since he has been taking HADA-COL, he says he feels just fine and is able to enjoy lots and lots of fine foods. Mr. Da-

that taking HADACOL helped his system overcome a deficiency of Vitamins B₁, B₂, Niacin and Iron. Here is Mr. Damillot's statement: "My first bottle of HAD-ACOL convinced me that HAD-ACOL was what I needed for the ACOL was what I needed for the gas on my stomach at nights. I could not keep food on my stomache, but after the first bottle I was going great. Now I eat bacon and eggs, and other foods that never would stay with me. I also can sleep well at nights. Thanks to HADACOL. I will never be without it, and can recommend it to all who suffer with the above ailments that I had. I know because I have suffered for quite some time."

4-H Girl Donates Steer to Tuscola **Club Building**

A 15-year old 4-H club member, Janis Black, of Akron, was so successful in her first beef cattle feeding project that she decided to give her net income from the most profitable steer to the Wilber Memorial 4-H Building Fund, Her profit, amounting to \$201.32, was matched by donations from business and individuals in her community which paid the cost of feed and the original feeder calf, making it possible to give the entire sale price of \$488.25 to the build-

Janis' 4-H beef feeding project consisted of two choice Herefords, which she purchased as 850-pound calves in January, 1950. These animals were fed over an 11-month period, and each gained an average of 800 pounds-a gain of approximately two and one-half pounds per day. She exhibited her Herefords and sold them at the Detroit Junior Livestock Show held at the State Fairgrounds December 5-7,

Janis announced at the sale that she intended to give the profit from the second steer to the 4-H Building and buyers immediately raised their bidding more than \$5.00 a hundred above the prices being offered other club members for their steers of similar grade. The animal was purchased by Wrigley Stores, Incorporated, Deleaving a debt of just \$1,000.00.

safety, sheep, vegetable and flower gardens, and sugar beets. She was runner-up in the 1950 county 4-H dress revue contest, and was chosen as county girl winner of the Danforth 4-H award for foursquare living at the 1950 county 4-H fall achievement. Janis is not alone as a 4-H top notcher in her family. Both her parents, Mr. and Mrs. Fred Black, are local club leaders, and Mrs. Black has served on the Tuscola County 4-H Council for seven years, and is now council treasurer. Janis' brother, Fred, has won several 4-H achievement honors and showed the champion scramble steer at the 1948 Tuscola County Fair.

Other donors who aided in paying for feed and for Janis' original calf were Bradleyville Elevator (Wallace & Morley Com-

Eighteen Service Club members attended the ice skating party held City, and Michael Baranic of Caro. at the ice rink on the Caro Fairgrounds last Wednesday night, a short business meeting was held conducted by Charles Seddon, president. The annual program was presented and discussed. The next feature meeting is the trip to Silver Valley Saturday, February 10. This excursion is open to all Service Club and Junior Farm Bureau members and their friends. All persons are urged to contact Barbara Quick, secretary, if they intend to go. Cars will leave the courthouse, Caro, Saturday morning, February 10, at 7:00 a. m.

Sun-Burned Pigs The skin of white pigs and white spots on colored pigs are sensitive to bright sunlight, and severe burns may result from too much exposure. Likelihood of sunburn is tary-treasurer Carl Armbruster phis; Vince Gosik of Detroit; increased when the pigs feed on plants that cause an allergic type of skin sensitivity, such as rape pasture. Affected pigs may lose the tips of their ears or whole patches never become profitable producers. Keeping pigs off trouble-causing pastures and providing plenty of shade are the best safeguards.

Tuscola Co. ABA's Elected Directors at Annual Meetings

The annual meeting of the Cass City- Tuscola Artificial Breeders' Association was held in the dinon Wedensday, Jan. 24, with a good attendance.

This group was organized in 1946 with 27 members and 390 cows signed up. This year there are 140 members and approximately 1,300 cows.

In the business meeting, two directors were elected to succeed themselves for three terms. They are Ephraim Knight and Harley Kelley. The other directors are Maynard McConkey, Roy Wagg, Robert Osborn, Ottomer Sting and Edward Golding.

A very interesting program was Graydon Blank, M. S. C. exten- enjoyed by those present. The sion specialist in animal hus- guest speaker was A. C.
