

Final Rites for McCullough Held at E. U. B. Church Here

Cass City lost one of its most prominent citizens when final rites for Raymond "Mac" McCullough, Cass City druggist, were held Monday afternoon at the Evangelical United Brethren Church at two p. m. Village stores were closed from 2 to 3 p. m. in respect for the Cass City business man.

McCullough was born in Grant Township July 14, 1908, the son of the late R. N. McCullough and Mrs. Anna Stirton McCullough.

He was married to Miss Esther Tarnoski, August 17, 1931, in Naperville, Illinois.

After graduating from Cass City High School, McCullough attended Kalamazoo State Teachers' College and Ypsilanti State Normal College.

He taught school in Argyle for five years before returning to school, this time at Ferris Institute, Big Rapids. After graduating he returned to Cass City to become a partner in the "Mac and Scotty" Drug Store on Main Street.

McCullough was a member of the Evangelical United Brethren Church of Cass City. He was a charter member of the Cass City Gavel Club and a member of the Thumb Drug Association. He belonged to the Michigan State Pharmaceutical Association and was a member of Tyler Lodge, 317. F. & A. M.

To those who knew him, McCullough is remembered as one of Cass City's outstanding citizens. Always ready to promote the welfare of his community, he served as a leader in all civic enterprises undertaken in the village and surrounding area.

McCullough had been ill for nearly four years prior to his death although he worked until just a few days before he died.

Besides his widow, he leaves one sister, Mrs. John West; one brother, Glenn McCullough; and his mother, Mrs. R. N. McCullough, all of Cass City.

Funeral services were conducted by Rev. S. R. Wurtz, Cass City, and Rev. C. A. Parker, Bay City.

Committal services were under the auspices of the Masonic Order, with final resting place in the family lot in Elkland cemetery.

Draftees Leave For Service Wednesday

Six Cass City area youths were among 20 Tuscola County selective service registrants who left at eight p. m. Wednesday from the VFW post, Caro, for induction, in Detroit, into the armed forces.

Those who left from this area are: James E. Rabideau, R2, Gagetown; Lyle E. Deneen, R1, Cass City; Thomas W. Arnott, R1, Cass City; Wilbur L. Ricketts, Deford; Garry A. Evans, Gagetown; and Curtis H. Dickinson, Cass City.

Other inductees from Tuscola County are: John Miceli, San Diego, California, formerly of Tuscola County; Jack Benson, R1, Fairgrove; Charles R. Thatcher, Fostoria; Harold P. Hickey, R2, Fairgrove; Clarence W. Keinath, R3, Millington; Albert Karr, R1, Reese; James L. Felske, R1, Reese; Leon C. Keinath, R3, Millington; and Thompson Titus, R1, Silverwood.

Others who were inducted are Philip S. Ezakovich, Detroit; Johnny H. Vincent, R2, Kingston; Hugh V. Bogart, Caseville; and Leon J. Winiarski, Millington.

Seven Qualify for State Meet at U of M Saturday

The Cass City track team placed third, with 29½ points, in the regional high school track meet at Flint Saturday, finishing behind Fenton, who won the meet with 51 points, and Grand Blanc, who placed second with 30 points.

Coach Arthur Paddy took a 12-man squad to the regional tourney and seven of them are eligible to compete in the state meet at Ferry Field, University of Michigan, Ann Arbor, Saturday.

The Hawks took three firsts in the meet. The medley relay event was topped in 2:43.2 by Arleon Kelly, Tom Schwaderer, Eugene Kloe and Tim Burdon.

Schwaderer led the individual scorers from Cass City. Besides his leg on the relay team, he placed first in the 880 low hurdles, second in the 100 yard dash and tied for third in the high jump.

The only other first the Hawks won in the regionals was in the 880 yard run. Ben Hobart won the event in 2:14.4.

Other points were amassed by Stanley Guinther, second in the 240 yard dash; Wallace, ties for (Concluded on page 12.)

Bulletin

Raymond S. Kerbyson, 57, of Cass City, died at 11 a. m. Thursday morning from heart disease. Funeral service will be at the Presbyterian Church Monday.

Champions Crowned In City League

These teams took top honors in City League bowling for 1951. The Muntz five edged out Neitzel Studio for top honors in the woman's league. Muntz finished the season with 81 points while Neitzel had 75.

From left to right, back row: Ann Schuckert, and Irene Crawford. Mrs. Schuckert averaged 116 for the season and Mrs. Crawford 115.

Front row: Lois Auten, Dorothy Muntz and Bernice Hughes. Mrs. Auten averaged 118, Miss Muntz 141, and Mrs. Hughes 103.

The Juhasz bowlers won their championship by winning a double elimination, three team playoff. They defeated Norman Huff's squad once and George Dillman's team twice to cop the toga.

The bowlers and their averages, from left to right: Basil Bigham, 133; Earl Harris, 132; John Juhasz, 158; C. M. "Buzz" Wallace, 174; and A. J. Stevens, 134.

Ernest Luder Dies At Caro Hospital Tuesday Morning

Ernest G. Luder, Tuscola County Register of Deeds, died at the Caro Community Hospital Tuesday morning of cerebral hemorrhage.

Mr. Luder was a well-known figure in the county. He was born Dec. 31, 1888, on a farm in Fremont Township and lived there for 40 years before moving to Caro where he made his home at the time of his death.

He married Miss Luella Hoist, Caro, Feb. 2, 1914. He lived with the first Mrs. Luder until her death seven years ago.

In October 1947, he married Ruth Hanna Tomlinson, who survives.

Mr. Luder was a member of the Evangelical U. B. Church in Caro, a member of the East Almer Grange, Hickory Farmers' Club, Caro Board of Commerce and the Farm Bureau.

Surviving, besides his widow, are: Two brothers, Charles, of Washington, Ind.; Lewis, of Detroit; two sisters, Mrs. Mary Tweedy, Berkeley, Calif.; Mrs. James Newberry, Inkster; one daughter, Mrs. Norman Butler, of Ludington; and one granddaughter, Miss Susan Butler.

No Local Students To Graduate at MSC

Despite the numerous students attending Michigan State College from the Cass City area, the college fails to list a student from here for a degree in the 98th annual commencement in Facklin Field Stadium June 3.

There are 3,753 students who are to receive degrees in June. The class is the second largest in MSC history and compares with the record of 4,143 degrees awarded last year.

In Tuscola County seven students are slated to receive degrees. They are: Leon Akins, Frederick Hyslop, both of Vassar; Henry Bader, Jr., Mayville; Phillip Boots, Ann Pedlow, both of Millington; Dean Schulerter, Fairgrove; and Harmon Strieter, Unionville.

Rotary Club Holds Annual Ladies' Night

The Cass City Rotary Club held Ladies' Night at the Blue Water Inn, Caseville, Tuesday night and the group were entertained by a magician and his son.

Mr. Jervae did card and cigarette tricks for the guests.

His young son, Jimmy, 8, played harmonica selections for the group and had a good deal of technical skill, according to Don Borg, high school music director.

Rev. Vender Tells Of General Assembly

Sheraton-Gibson Hotel Cincinnati, Ohio

My wife and I arrived here Monday afternoon with a full schedule ahead, for me at least, as a Commissioner to the 163 General Assembly of the Presbyterian Church of the U. S. A.

Flint Presbytery is represented by two Lay (Elder) Commissioners: E. Gordon Black of Flint, and myself. General Assembly is comprised of an equal number of Elders and Ministers. From the 262 Presbyteries in the U. S. there are 880 Commissioners.

The G. A. is not a convention. It is many things: The church at worship, a legislative body or Assembly, or ecclesiastical or judicial high court, and a deliberative assembly in charge of the business of the church, national and foreign.

The "Blue Book" states: "The ministers and elders as elected, representative commissioners are sent to the Assembly charged and burdened with heavy and serious responsibilities!" The business and legislative sessions are inter- (Concluded on page 12.)

End of School Year Marked by Picnic

Wickware School in Greenleaf Township closed its doors Friday, May 18, to begin the summer vacation.

A large crowd, made up of pupils, their families, and other friends, enjoyed the bountiful picnic lunch at the schoolhouse. A ballgame provided entertainment in the afternoon.

Mrs. Carroll Howarth has taught the Wickware School for five years and expects to return to the same position when the fall term begins in September.

The pupils of the Holbrook School, also in Greenleaf Township, which is closed, also attend the Wickware School. Transportation is furnished by the Holbrook District.

Social Security Representative to Be At Caro Office

Joseph W. Ramsey, manager of the Social Security Administration Office at Saginaw, advises that a representative of that office is scheduled to be at the Michigan Unemployment Compensation Commission Office in Caro on Thursday, June 14 at 2 p. m.

The representative was also to have been at the Caro office which is in the rear of the State Savings Bank Building, on Thursday, May 24, at two o'clock.

Swing-out Hearlds Start Of Commencement Activities

Boy Drowns While Swimming In Gravel Pit Near Home

Walter Myslakowski, 15, ninth grade student in the local high school, was drowned Sunday afternoon while swimming in a gravel pit near his home in Evergreen Township. A younger sister, Joan, was with him but unable to rescue her brother.

Son of Mr. and Mrs. Walter Myslakowski, he was born Feb. 23, 1936, at Argyle. The remains were in the Douglas Funeral Home until Tuesday morning when the body was taken to the home of his brother, Matthew, in Detroit.

Funeral services took place Wednesday at St. Bartholomew's Catholic Church in Detroit and interment was in Mt. Olivet cemetery.

Noble Jump, Cass City, Sgt. John C. Casstensen and Trooper Rouse of the Bad Axe post of the Michigan State Police recovered the body.

The police worked unsuccessfully over the boy with an inhalator for 75 minutes.

Besides his parents and brother, Matthew, he is survived by five sisters, Miss Wanda Myslakowski, Mrs. Virginia Szymanski, Mrs. Emily Fluezek and Miss Eleanor Myslakowski, all of Detroit, and Joan at home.

Delegates to State Convention Named

Mrs. S. C. Striffler, president of the Women's Society of Christian Service of the Evangelical United Brethren Church, entertained the society at her home Friday afternoon.

Mrs. Harry Young directed the devotional period and literary program using the theme, "The Christian Home." That world peace begins in the home was emphasized in articles and poems read by Mrs. Young and Miss Muriel Addison.

During the business session, which was conducted by the president, plans were made to send supplies to the Red Bird Mission at Beverly, Kentucky, for use in the daily vacation Bible School held there in June. Mrs. Striffler was elected delegate and Miss Johanna Hommel, alternate, to the State W. S. W. S. convention to be held at Sebawaing June 21-24.

The hostess served a delightful lunch after the meeting was adjourned.

Hawks Lose Conference Title; Win Spot in County Playoff

Jack Andrus, ace right hand flinger for Elkton, ruined Cass City High School's chances for the Upper Thumb Conference championship last Thursday as he tossed a one-hit shutout at the Hawks to register a 6-0 victory.

Going into the crucial game, the teams were tied for the league lead, each with one loss in league play, but with Andrus in complete control Elkton racked up the league title.

Chet Dorland ruined a perfect game for the star Elkton pitcher when he singled after two were away in the last inning.

All the hit did was spoil a no-hit victory for Andrus. The game was decided in the sixth inning when Elkton scored all six of their runs. It wasn't hard hits that ruined the Hawk's chances in the inning. Elkton scored all of their runs without getting the ball out of the infield off the slants of Gerald Whittaker.

The Elkton nine put on a bunting campaign and, combined with Cass City errors, salted the game away with six runs.

Despite their loss to Elkton for the league championship, the Hawks won the right to compete for the county championship Friday at Caro by trouncing Fairgrove Monday, 13-0.

The victory gave the Hawks a perfect record in county competition. The county playoff is between the two teams with the best win-loss percentage in games played within the county. The Cass City bats, muted during the Elkton game, came to life against Fairgrove.

Swing-out heralds arrival of a busy two week period for eighty-four seniors soon to be graduated from Cass City High School. Next week will usher in a busy round of commencement activity to culminate in the graduation exercises on June the twelfth.

Traditional Swing-out ceremonies are scheduled for Monday morning at nine o'clock. Led by the band, the seniors will march through the business section and then return to an assembly in their honor planned by a committee from the junior class working under Tom Schwaderer, newly elected Student Council president for next year. Both faculty and student representatives will take part in a program signaling the first wearing of the caps and gowns by the seniors.

This will also mark the beginning of the last week of classes for the graduating class for, although other students continue in school through June seventh, seniors will be writing fins to their studies at the end of next week's sessions. For them, the week following will be devoted to a four-day lake cruise on the Georgian Bay Steamship South American.

Sunday morning, June third, will find the seniors leaving for Detroit where they will sail at three o'clock for Sault Sainte Marie. They will arrive in the Lock City Monday afternoon and will be given a short shore leave to inspect the city. Upon returning to the ship, they will sail through the locks and up into Lake Superior, returning later during the night and docking at Mackinac Island early Tuesday. Here a half day will be allotted to the island with ample time for sight-seeing. The trip back to Detroit will begin at noon Tuesday with arrival scheduled for mid-morning on Wednesday.

Baccalaureate services are set for Sunday, June tenth, and the Commencement exercises Tuesday evening, the twelfth. Complete programs for both these events will appear in next week's Chronicle.

Hawks Win Two More Track Meets

The Cass City Red Hawks defeated Bad Axe in a dual track meet Wednesday night, 58-51, for their second victory within a week.

Last Thursday they defeated Unionville, 67½-41½ and set six new field records in the second official meet at the local track.

Against Bad Axe, the Hawks took seven firsts and the Huron County seat squad took six.

Joe Grimes set a new field record in the high jump when he cleared five feet eight inches. Tom Schwaderer took second with five feet seven inches. Both marks broke the existing field mark.

Spring Band Concert to Feature Soloists, Ensembles

Music director, Don Borg, of Cass City High School, has announced a full evening of music for persons who attend the annual spring band concert at the high school tonight.

The program includes renditions from three bands, Tonette, Cadet and Senior. The Tonette Band is composed of fourth graders from Mrs. Arthur Holmberg's and Mrs. Ella Price's rooms. The Cadet Band features the fifth and sixth graders from the rooms of Miss Bailey, Mrs. Cardew, Miss Garety and Mrs. B. Shaw, while the Senior Band is the same one that competed in the state festival at Ann Arbor.

The Tonette Band will open the program and play four selections after America is sung by the audience.

The Cadet Band will play three numbers and both the fifth and sixth grades have special clarinet trio numbers to play at the concert.

Jimmy Jezewski, Donna Moore and Mary Helen Woodward, from the fifth grade, will play, "When Day Is Done."

Representing the sixth grade will be Sharon Brown, Dick Dillman and Catherine Patterson with, "Andantino."

Also from the sixth grade is Freddy Tyo who will play a baritone solo, "Elena Polka."

Keith O'Dell, seventh grader, will play a trombone solo with his interpretation of "Intermezzo."

"My Regards" will be a cornet solo by Roger Marshall, eighth grader.

Freshman Emma Jane Sicker will present a cornet solo, "Polka Arbutus" and a clarinet solo, "Alborada" will be played by Dick Joos, eighth grade member of the senior band.

Bill Patch, a junior and a member of the senior band, will present a cornet solo of "Fancy Free" to conclude the individual performances.

Besides the solo and ensemble numbers, all three bands will play selected pieces throughout the evening. Included will be some of the numbers played at the district and state band festivals.

Highlight of the senior band program will be their rendition of "Stormy Weather," a descriptive fantasy.

Saginaw Grass Day Plans Announced

Circle the date of June 18 on your calendar, is the advice given farmers by Alfred P. Ballweg, Tuscola County Agricultural Agent.

That's the date of the Grass Day program for this area, to be held on the Matthew Borsenik farm, located one mile west of Brant in Saginaw County.

The Grass Day, set up by the Michigan State College Extension Service and local committees, will bring farmers all the newest information on growing and using grass and legumes. Important advantages of grassland farming will be stressed at the all day program, says the agent.

Seedings of various forage crops were made last year on the Grass Day farm by MSC Extension Specialists as a preliminary to showing the methods used to produce high quality hay and pasture. These crops will be used in demonstrations of crop handling and to show how such crops can be used in soil conservation.

A large exhibit of machinery is expected for the display. Dealers will bring in new models of field balers, crop blowers, forage harvesters, and similar devices so that farm families may inspect them.

MSC Extension Specialists will be present to explain the various demonstrations to tell farmers how similar grassland farming techniques can be adapted to their own farms.

An increase in the amount of grass farming in Tuscola County would be desirable, the agent states. Full information on the many benefits to be found in a complete grassland farming program will be features of the Grass Day for this area on June 18.

Eggs should be held in a cool, moist, well-ventilated room, say Michigan State College poultrymen. Never put warm eggs in a case—it will hold the heat in the eggs. Market at least twice a week.

LETTER TO THE EDITOR

Dear Editor:
The time has come for the American farmer to speak. The office of price stabilization headed by Mr. DiSalle is now putting controls and ceilings on the beef producers of this nation. It has already announced controls to be put on pork and mutton.

If this vicious law is allowed to continue it will ruin the meat producers of this nation, and its far-reaching effect will reduce the number of live animals which will surely cause a meat famine.

Already the markets are filled to capacity, trucks are lined up for miles at the Chicago stockyards to be unloaded, and all markets big and small report the same condition.

Premature animals and breeding stock are being dumped to beat the price slashes. Some senators spoke against this law but DiSalle says, "no, wait and see if my plan will work." To wait is like waiting for the building to burn before calling the fire department.

A similar law imposed on coal, oil, etc., would have no effect on the volume which could be produced.

Although, we American farmers represent only about 10 percent of this nation's population, I think we deserve some credit. We have fed the entire nation plus creating a surplus, to the extent that our great ships are almost continually traveling the sea lanes loaded to capacity with food to feed some starving country of the world.

No, Mr. DiSalle, we American farmers are not to be considered like the farmers of India or the Chinese coolie where starvation continually threatens.

Calling your attention to a statement in the Sunday Bay City Times of April 29, 1951. Quote, "The office of price stabilization in announcing the new regulation states that the annual savings to the American public will be about \$700,000,000," unquote. What kind of foreigner do they consider the American farmer? Surely this amount would be taken from him. If this law, this monster created by some uninformed, ill advised, appointed Washington representative is allowed to continue it will cause a meat famine and a black market with its detriment to the producer and and higher cost to the consumer.

An army of men will be sent out through the nation to check the black market by the very men who caused it and at the expense of the American taxpayer, it is like talking sin and salvation in the same breath.

Congress has the power to check this vicious law, so let us write our Congressman and Senators, regardless of where we live, in town, city or on the farm.

This law is causing confusion from the producer to the consumer. Ask your retailer if he understands it, he will tell you no. Page after page is written in this law. He has to have a different

price on the same kind of cuts to comply with this law as in one part it states the retailer cannot charge over \$2.50 per lb. for sugar cuts and honey cuts, etc.

I never knew there were such cuts in beef, or does the beef grow different now than it did 25 years ago when I ran a meat market? Let us American voters do away with this nonsense. England tried it and results were one egg per month, no meat at all, only the rich who could afford to buy it at the high price on the black market. Let our State Representatives petition congress to nullify this law.

And we, the farmers, the meat producers of this nation, will create a surplus of beef and bring the price down the natural way, the American way, as we have proven in the past, with free enterprise.

In my opinion this law will create a shortage of meat, cause black market and rationing.

And the blame can only be laid at the very door of our elected

Winners Named In 4-H Chicken Contest

Dick Andrus of Reese and Marilyn Boyne of Marlette were named winners and became eligible to take their birds to the 1951 state 4-H show, says George C. MacQueen, County 4-H Club Agent. These two 4-H club members competed along with six other 4-H and FFA members for honors at the Hamilton Farm Bureau Coop Poultry Plant at Hamilton, Michigan, last Monday, May 14. Competition was on the basis of the individuals' record score and carcass score. Each entry had 15 dressed birds that were judged on the basis of confirmation, finish, fleshing and pins. The record was judged for feed efficiency, mortality, average weight and story. The record counted 40% of the total score and the carcass 60%. William Aho, poultry specialist from Michigan State College and P. G. Lundin, assistant state 4-H club leader, were official judges. Each contestant was given

the opportunity to look over his own dressed birds and remove three, leaving 12 to be judged. The final scoring was: Dick Andrus, 794 out of 1,000 possible points; Marilyn Boyne 793; Glen Bradley, Akron, 792 (this was a tie but Marilyn's birds got the nod

on finish); Paul Findlay, Reese, 790; Rex Coleman, Vassar, 744; Lincoln Gaborik, Mayville, 729; Rodney Tulloch, Vassar, 724; and Jim Muska, Caro, 721. These were all good birds, the agent went on to say, but were scored from a rather critical basis.

Down Memory Lane

FROM THE FILES OF THE CHRONICLE

Thirty-five Years Ago.
Next Tuesday afternoon the much discussed baseball game between the teams of the north and south side of Main Street will take place. The game is called for 3:30, directly after the Decoration Day exercises.

The Women's Study Club has added over 100 books to their library at Cass City of which a greater number are works of fiction.

The first guns in Tuscola County for the state-wide dry campaign were fired Thursday evening at the M. E. Church of Caro, at a well attended mass meeting. Several from the Cass City area were present and E. U. Jones of Cass City was elected secretary of the county organization.

W. D. Riggs has been selected as the new superintendent of the Cass City schools. He is a graduate of both the Michigan Normal College and the University of

Michigan. The former granted him a life certificate in 1899 and degree of Bachelor of Pedagogy in 1902. The latter granted him the degree of Bachelor of Arts in 1906. Since that time he has done some graduate work in the University summer sessions. He served 11 years as superintendent at Clare, Mason, Lake Linden and Marine City.

C. S. Wheaton of Evergreen Township has located deposits of massive and crystallized gypsum in the vicinity of Cass City which he believes are of great value and in sufficient quantities to make mining this product a successful venture.

Harold E. Dickinson, son of Mr. and Mrs. L. E. Dickinson, of Cass City has joined the U. S. Cavalry and is now stationed at Fort Bliss, Texas, as a regular trooper.

The senior class of Cass City High School is busy rehearsing their class play, "At the Foot of the Rainbow."

Reese and Cass City crossed bats on the local grounds Friday afternoon. This visiting team proved easy victims and Cass City won with a score of 14-7.

Twenty-Five Years Ago.
Monday proved an ideal day for the track meet held at Cass City in which athletes from the schools of Bad Axe, Sandusky, Vassar and Cass City participated in a preliminary to the county meets. Out of a possible 108, Cass City secured 70, Vassar 19, Bad Axe 18, and Sandusky 1.

Fern Benkelman, a freshman at Cass City High School, won first honors in Algebra 9 in the contest for Class C schools at Central Normal at Mt. Pleasant on Friday, May 21.

The Cass City Music Club held the last meeting of the club year at the home of Mrs. Charles Wilsey on Wednesday evening.

A discuss slipped from the hand of a local athlete while he was participating in a contest at the field meet here Monday and Coach Paul Smarks received a blow in his face. Fortunately, the discuss hit him with the flat side. He received a few minor cuts about the nose and suffered a severe headache which kept him from his school duties a day.

Neighbors gave a surprise farewell party at the home of Mr. and Mrs. B. J. Dailey on Friday evening. The Dailey family is moving to Three Rivers.

Ten Years Ago.
Miss Johanna Jane Sandham of Detroit, youngest daughter of Mr. and Mrs. John A. Sandham of Cass City, became the bride of Archibald E. Vallier, Jr., of Detroit, at the First Methodist Church in Cass City on Saturday evening, May 17.

Three hundred children will participate in the grade opera, "The Forest Court," which will be held on the school lawn here Wednesday evening, June 4, under the direction of Charles Keen.

Fifty-four members of the graduating class of the Cass City High School and three advisors will leave Thursday morning on the Youth Travel Senior Cruise on Lake Huron and Lake Superior aboard the S. S. South American.

The annual memorial service of Tyler Lodge, F. & A. M., and Echo Chapter, O. E. S., will be held at the Baptist Church Sunday morning.

Tuscola bankers will hold a county meeting in Cass City on Tuesday evening.

Five Years Ago.
Albert A. MacPhail, 16, son of Mrs. Angus MacPhail and a member of the graduating class of Cass City High School this month, has been awarded the University of Michigan Regents Alumni scholarship.

Two 4-H Club members in Tuscola County have been awarded scholarships to Michigan State College. Barbara Lou Prime, Akron, and A. J. Murray will both receive \$95 to be applied on enrollment fees.

LET'S TALK IT OVER

Future Farmers.
The other day we received a USDA pamphlet dealing with father and son partnerships on the farm.

When our nation was born there wasn't much else for a young man to look forward to. It was either farming or the sea. Shortly after the turn of the century, our population masses began to drift in the direction of the industrial centers.

The problem today is: How you goin' keep 'em down on the farm? The pamphlet we spoke of deals with this situation.

It's true that less manpower is needed on the mechanized farms of today. It is also true that there are fewer and larger farms than there were ten years ago. Economists view this trend with some alarm. Their findings show that fewer young men are staying in Agriculture. They leave the farm to earn the dollar that gives them independence.

If you could question a hundred young farm lads, you would find almost without exception that they like farming and wish to make it their life's work.

What happens to change all that and drive them to the city?

Cheap Labor.
While most city boys go to camp and play during the summer; farm boys find themselves on the business end of a hoe doing menial labor. A father expects his sons to work—and rightly so. The country boy may find himself working in the field with hired migrant labor. The only difference is: The outside labor gets six to twelve dollars a day, the boy gets a couple of dollars spending money for the whole week, (if he's lucky).

This arrangement, because of family ties, is satisfactory to the lad until he reaches the ripe old age when he starts to do his courting. The two dollars doesn't

stretch very far and chances are he's being put off with promises of more later. Possibly the father will advance the theory that some day the farm will be his anyway. These promises do not pass for equal tender. Our young lad wants a car, a pocket full of folding money to impress the maid that he would like to marry.

Farewell.
There is only one solution. If the parent can't give him a piece of land to call his very own, if some arrangement can't be worked out to establish a financial partnership, the boy is off to the city and the big union wage in the factory.

This is the same boy that loves the farm. If he had his way he

would like nothing better than to be a farmer the rest of his life.

Draft boards are finding many farm boys eligible for service because they hold steady jobs in factories. The parents say they can't do without the boy—yet they fail to share the earnings with his son. He works the farm in his spare time, gets his money from town.

And so we drive our youths to the city. Twenty years of valuable agricultural training wasted, traded for \$1.75 an hour on an automatic drill press.

Living.

Let's leave the money end of

this argument for a moment. What do you think that boy dreams of during his workday in the factory? That's right, his days on the farm. Someday, he says, I'll get out this smelly place and go back to the farm, get a place of my own.

Something goes haywire with that dream. Each year our national farm population shrinks a little bit more.

If you are a farmer with lads you'd like to see stay with the land, what are you doing in the way of a partnership to make them feel that they belong?

Michigan 4-H Girl to Austria

Miss Kathryn Louise Stencel, 21, Ionia, receives a check from State 4-H Club Leader A. G. Kettunen to cover her expenses to Austria this summer. The oldest of 11 children of Mr. and Mrs. John Stencel, Ionia farmers, will be the Michigan delegate in the 1951 International Farm Youth Exchange program. She will work and live with farm families in Austria for three months. Dean Allen, Sparta (left) and Russell Mawby, Grand Rapids, Michigan IFYE delegates in 1950 and 1948, watch the procedure with fond memories of living with German and English families through the program. All three of the young people are students at Michigan State College. Miss Stencel has had eight years of 4-H Club work and has been a junior leader. She will leave in mid-June with 51 other delegates from 28 states. Michigan farm groups and individuals provided funds for her expenses. (MSC Photo)

Nearly 60 per cent of the passenger service, nearly 50 per cent of the freight traffic, and 60 per cent of the switching service is now handled by diesel-electric locomotives.

Wood in Last War

World War II placed big demands on the lumber industry. Metals were in critical supply; they had to be replaced by wood whenever it could be adapted. Truck bodies, radio antennas, tubing, airplane bodies—these and numerous other items were manufactured from wood.

Wood Testing

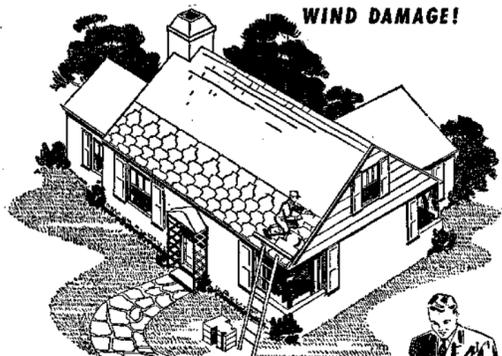

Researchers are now using sonic methods to test wood without destroying it. These exacting methods can permit safer construction of wood aircraft frames, ladders and scaffolds.

Hoyle with Highballs

Contract is a good game when the partnership bidding is running smoothly. But one night, at a friendly little game between two married couples, something went slightly wrong.

"I can't imagine," said one wife to her husband, "what you bid no-trump on when I had three aces and four kings."

"Well, if you really want to know," admitted the husband, "I bid it on one queen, two jacks and three highballs."

Some Taels!

Dorothy Shay tells of a smart suitor who offered to lay his fortune at his girl's feet.

"It isn't a very large fortune," the girl answered.

"But, darling," he assured her, "it will look very, very big beside your tiny, tiny feet."

Supt. Gillies Tells Of Activities at House of Correction

A large group of women met at the home of Mrs. Fowler Hutchinson Monday evening for the May meeting of the Presbyterian Guild Society. A Blake Gillies, superintendent of the Detroit House of Correction at Plymouth, gave a most interesting account of his work as head of the institution.

There are 1600 acres of land that belong to the Detroit House of Correction with 1100 acres under cultivation. Two hundred Holstein cows there not only provide milk for the inmates but also all the milk for the Maybury T. B. Sanatorium. The laundry is a million dollar piece of equipment.

The very best doctors and consultants are connected with the institution and inmates receive excellent medical and dental care. Eighty women are housed in each of the two-story cottages for women and each woman has a room to herself. Each cottage does its own cooking and serving of meals.

Following a radio appeal for blood, inmates donated 134 pints and many regretted that they could not give blood because of being over-age. During the drive for funds for the white cane organization, inmates gave \$139.05.

Assistant hostesses at the meeting Monday evening were Mrs. Grant Brown and Mrs. Arnold Fisher. Mrs. Lyle Koepfgen and Mrs. Ernest Croft poured when refreshments were served.

At a meeting to be held June 8 in the Presbyterian Church, Mrs. Olert, wife of the pastor of Detroit's First Presbyterian Church, will be the guest speaker.

Donahue Herd Tops DHIA in April

The herd of thirty registered Holstein cows owned by Dr. H. T. Donahue of Cass City emerged with top honors in the Tuscola County dairy herd improvement association report for April. The Donahue herd averaged 1204 pounds of milk and 51.6 pounds of butterfat per cow last month.

Cows owned by the Cass City doctor also captured 90 percent of the top ten individual butterfat production honors. All of the ten best monthly records except one were made by animals from the Donahue herd. The top cow in the county was Donahue's number 73, with a record of 2090 pounds of milk and 132 pounds of fat in April.

Placing sixth in the county DHIA individual cow list was Dollie, a registered Holstein owned by Clayton Rohlf, Fairgrove, with a record of 92 pounds of fat produced last month. Seventh through tenth places in the high butterfat individual cow records were taken by four more cows from Dr. Donahue's herd.

Fifty of the 78 herds on test in the county finished the month of April with herd averages of 30 pounds or more of fat per cow.

The L. S. Gussell herd, (Caro), of 12 Holsteins ranked in second place next to Donahue with an average of just over 49 pounds of fat, followed by the 12-cow herd of Alton Reavey, Akron, with an even 49 pounds. The Ben Loeffler herd at Reese placed fourth with a 48 pound average for 13 Holsteins.

There were twenty 305-day lactation records completed last month with 365 pounds of butterfat or more. The highest record was the one made by Sadie, a registered Holstein owned by Werner List, Vassar, totaling 665 pounds of butterfat.

Tester supervisors for the DHIA units in Tuscola County are Kendall Hobart, Unionville, association number 1; David Greenleaf, Kingston, association number 2; and William Andrus, Owendale, number 3.

Now herds starting DHIA testing in April were those owned by Alan Kirk, Fairgrove; Clifton Lotter, Silverwood; Jesse Treiber, Unionville; and Earl Langley, Postoria.

Zemke - Tait Engagement Told

The engagement of Miss Mabel Kathryn Zemke to Mr. Boyd Foster Tait of Caro was announced at a luncheon at the Bancroft Hotel, Saginaw, Tuesday, May 9. "Mabel and Boyd," inscribed on the white and gold napkins, told of the betrothal to the members of the families who were the only guests at the affair.

Miss Zemke, daughter of Mr. and Mrs. Wm. Zemke of Deford, is a graduate of Cass City High School and of Northeastern School of Commerce, Bay City. Her fiancé was graduated from Caro High School and for two years was a cadet midshipman at Kings Point, N. Y.

A family dinner at the Zemke home Thursday in honor of their son, Pvt. Wm. F. Zemke, Jr., of Ogden, Utah, and his fiancée, Miss Joan Jean Hartwick, of Pontiac was the occasion for announcing that couple's engagement.

The dinner table was centered with a bouquet of red roses with four streamers bearing the names, Mabel and Boyd, and William and Joan to proclaim the news of the engagement of the two couples.

Pfc. Wm. F. Zemke, Jr., has been stationed at Hill Air Base at Ogden and was given an unexpected furlough and accompanied his parents on their return to Deford from a five-day visit with him at the air base. He left for duty in France May 20.

No dates have been set for the weddings of the two couples.

Former Cass Cityite Editor of Panorama

Frank Majeske, a Junior at Wayne University, will serve as editor of the campus literary magazine, Panorama, for the 1951-52 edition, it was announced this week.

Son of Mr. and Mrs. Walter Maciejewski of Detroit, he attended Cass City High School when the family lived on R. F. D. 1, Cass City before moving to the city several years ago. He was graduated with the class of 1945. He was employed at the Chronicle while in his senior year here and later served in the U. S. Army

Frank Majeske, for 3 1/2 years.

Majoring in English Literature at the university, he is at the present time the feature editor of the campus daily, The Collegian, and is associated with the Press Club, the Journalism Club and Phi Delta Upsilon, honorary journalism fraternity.

Frank changed his name from Maciejewski to Majeske after his release from the service.

No Playboy, He

A Maine logger, fresh from the big woods, was watching a store clerk open a package of gaily colored men's pajamas.

"What's them?" he asked.

"Pajamas."

"Pajamas?" echoed the logger.

"What are they for?"

"Why, you wear them nights," the clerk explained. "Want to buy a pair?"

"Nothing doing," said the logger. "I don't go nowhere nights except to bed."

A house-to-house salesman stuck his foot expertly in Mrs. Fenichel's door and said, "Madam, I represent the Pawtucket Knitting Mills. Might I interest you in some coarse yarns?"

"Sure," said Mrs. Fenichel. "Tell me a couple."

Likes Big Things
A young couple were visiting the maternal grandparents of their five-month-old son. After a week had elapsed, it was time to go home.

"Why don't you leave him with us?" said the grandfather. "We'll give him anything his little heart desires."

"It's all right with me," replied the father. "He's crazy about big new shiny automobiles."

Patient: "Since we've known each other so long, doctor, I'm not going to insult you by paying my bill, but I'll leave you a handsome legacy in my will."

Doctor: "That's very nice of you. I'm sure. By the way, just let me have that prescription again. There's a slight change I'd like to make in it."

Gorilla
The Americanism—gorilla—made famous by Ringling Brothers' Gargantua, by Bushman in Chicago, Bambo in Philadelphia, and Makoko and Oka in New York, is only 110-years-old in the English language, although its word history dates back to the Carthage of 490 B. C.

TUSCOLA COUNTY EXTENSION OFFICE

Tuscola's new County Agricultural Agent, Alfred P. Ballweg, arrived in Caro Tuesday, May 15. His family is remaining at LaMoure, North Dakota, until the children complete their school term and will move to Caro early in June.

Extension agents and specialists from all over Michigan are meeting this week at Michigan State College for their annual extension conference. All of Tuscola County's extension agents, Jean E. Gillies, Alfred P. Ballweg, Byron E. Carpenter and George C. MacQueen are attending the conference and will not be in the office this week.

Dairymen should use caution and watch their cattle for signs of bloat the first few days animals are on pasture. Clear alfalfa or clover pasture is most likely to cause bloat. A pasture containing bromo or some other grass is safer. One way to reduce danger of bloating is to fill cattle with their usual indoor ration of hay or silage before turning out to pasture the first few days. If bloat is observed in cattle, it's best to get a veterinarian, because serious cases can cause death.

RESOLUTIONS OF RESPECT.

Little Stories about Great Hymns

Now the Day is Over

Now the day is over,
Night is drawing nigh;
Shadows of the evening
Steal across the sky.

Jesus, give the weary
Calm and sweet repose;
With thy tenderest blessing
May our eyelids close.

Rev. Sabine Baring-Gould was touched by the poverty and frustration of the miners and mill-workers of Horbury, England, his first parish. He started a night school to help them, and held services in a dilapidated upstairs room. For these meetings he wrote this cherished evening prayer. In response to his sincere and tireless efforts, within a year a mission chapel was rising at Horbury.

The Want Ads Never Speak, But Hundreds Answer Them!

PROMISE for the future

You see the bright promise of wonderful tomorrows in the young... from the colts that roam the blue grass to the boys and girls who will be tomorrow's leaders. There's still plenty of time for them.

But what of your own wonderful tomorrows? Have your plans for family security based on economic independence become a "someday" dream, wistfully recalled by a picture like this?

There's a way you can still assure that independence—a way you can protect your future and your family's future. Your friendly Equitable representative can tell you how. Why not have a talk with him soon?

Michigan Mirror News Briefs

With the legislature due to adjourn this week after the usual hurried passage of last minute bills, political eyes again focus on Washington and the senatorial seat now being warmed by surprise appointee Blair Moody.

The mill is turning on the G. O. P. side for a likely candidate to contest Moody's popularity. Vandenberg is the name being bandied about most loosely. Arthur Vandenberg, Jr., seriously is considering running for the chair so recently vacated by his famous

father. He has established a residence at Grand Rapids.

Lt. Gov. William C. Vandenberg of Holland (no relation) also is wondering if his magic name could carry him into the job. And he also is a vote getter in his own right.

John B. Martin of Grand Rapids, auditor general, is highly touted as a candidate and he also comes from western Michigan, which traditionally is represented by one senator. Senator Homer Ferguson and Moody both are of Detroit, and Republicans feel this is not good state representation.

Other names popping up in connection with the 1952 senatorial election: Sigler, Kelly, Brucker, Ford, Potter and Shafer, to mention but a few.

Detroit will celebrate its 250th anniversary without state assistance. A bill to give \$15,000 toward the event was ruled out of order by a harried house of representatives.

But the legislature was not too busy to whop up a terrific argument against the old "lien law." The state no longer can file claims against the homesteads of deceased old age assistance recipients.

And, putting the shoe on the other foot, a bill to increase old age assistance maximums from \$60 to \$70 went down in ignominious defeat.

Interesting interpretation is the decision of the attorney general that instructions by insurance companies to agents not to solicit negroes, Indians, Asiatics or Mexicans do not constitute discrimination. What the companies can not do, however, is to increase rates for these people.

Civil defense in Michigan has taken a back seat in news coverage because of legislative activities but now will again assume its position in the front pages. Most recent announcement is that the U. S. Treasury Department has ruled that contributions by corporations and individuals to civil defense are deductible from federal income tax.

And money is one thing CD director Gen. Lester J. Maitland really needs. Most pressing shortage is fire fighting and communication equipment.

Speaking of money and its source, there now is a new educational movie being shown which has a message to every community in the state. Its theme: Help yourself in your own community before running to the state or federal government for aid. And use the local school system as a focal point for community development.

Arthur H. Vandenberg, Jr., is back in Grand Rapids studying the

files of his father, the late G. O. P. and foreign policy leader, preparatory to publishing his memoirs. He has been approached by several syndicates who are interested in handling them.

The Michigan Farm Bureau has come out in favor of a "proper and permanent home" for the Michigan state library. In a resolution passed by the bureau's board of directors, it was pointed out that hundreds of thousands of rural residents throughout the state have been deprived of library extension service since the Feb. 8, office building fire.

Although oil never has been discovered in Michigan's Upper Peninsula, the conservation department has a request to offer an exploration lease on nearly 2,000 acres in Chippewa County.

A legal assistance plan for servicemen has been devised by the state bar. Machinery of the plan, which is unique to Michigan, provides proper handling of legal problems of armed forces personnel from the day they enter service at a minimum cost.

Tree-damaging anomala beetles, present throughout most of the northern lower peninsula, are getting in their most destructive blows in the jack pine forest area in Rosecommon, Crawford, Oseoda, Ogemaw, Presque Isle and Cheboygan counties. Says Norman F. Smith, conservation department research forester, "Michigan leads the nation in the amount of acreage reforested over the years, but like other heavily forested states we are only now effectively scratching the surface in the battle with insects and disease."

St. Helena's Peaks
Lot and Lot's Wife are neighboring 1,500-foot volcanic peaks on St. Helena, the lonely British island of Napoleon's exile which rises from two and a half mile depths in the South Atlantic ocean.

Clean Eggs Bring Premium at Store

Cleanliness is one of the first things the egg buyer looks for, say Michigan State College extension poultrymen. Elimination of causes of dirty eggs will pay profits in consumer good will. Dirty eggs are often caused by wet or muddy ranges, unclean floors in henhouse, infrequent change of litter on henhouse floors, unclean or insufficient nests, and overcrowding of henhouses. Each of these faults can be corrected.

The problem of muddy ranges can be solved by confining hens each day until noon or at least until the eggs are gathered. Wire cloth with a two-inch mesh, fixed under perches and over dropping boards, will prevent hens from carrying filth to the nests.

Dry, clean litter on the henhouse floor should be provided and changed frequently. An egg is produced clean, the poultrymen say, help keep it that way by correcting the cause of dirty eggs.

Spring Danger Time For Cattle Bloat

Springtime is cattle bloat time. George Parsons, extension dairyman at Michigan State College, cautions that death of the animal sometimes results from severe bloat.

Bloat is a condition in which the rumen of the cow becomes swollen by accumulation of gases. It is common in cattle and sheep and occasionally affects horses.

Bloat is not due to special gas formation by feed materials, but to the failure of the gases to be released at normal rates.

Parsons points out that feeds usually responsible for bloat are alfalfa, the clovers, peas, beans, as well as grass, cabbage leaves, and beet tops. When these feeds are wet as a result of frost, dew, or rain, they present even greater bloat dangers.

Symptoms of bloat are easily recognized. The first sign is a great swelling of the upper left side of the abdomen of the animal, giving a lopsided appearance. The animal becomes uneasy, the breathing rate increases and becomes short and jerky.

A veterinarian or person skilled in the treatment of bloat should be called to give relief. If the bloat is not reduced, the animal may first stagger, then fall, and finally die of suffocation. The gas pressure becomes great enough to prevent lung action.

Prevention is the first line of defense in the control of bloat in cattle, Parsons says. Gradually change the herd from the accustomed dry roughage to the succulent green feeds. Give the animals a feed of their usual dry material before turning them into unaccustomed pasture.

Animals should be watched closely for the first few days when turned into new grazing areas.

Overland Trails
The overland trails of the Indians, worn deep long before the white men came to America, were remarkable for following the shortest and easiest way possible between various points. So efficient, in fact, were the old wilderness routes, that practically all of today's transportation lines east of the Mississippi are based on them.

Paper Cuffs
School girls and office workers who wear white blouses will find it easy to keep sleeves and cuffs neat, clean and fresh through the day by wearing improvised paper cuffs—simply made in a jiffy and held securely in place with cellophane tape.

When it comes time for a tiling job on the farm, make sure that a well-drawn map is made, advise Michigan State College agricultural engineers.

WOMAN'S WORLD

Scheduled Cleaning Eliminates Great Expense in Replacements

By Ertta Haley

"REGULAR WALL care has saved me much expense in painting and papering," says a wise homemaker who was passing out tips in budgeting to her daughter about to become a bride.

You can save not only the expense of replacing the wall covering but the upset that comes from a house needing re-decoration by regular care faithfully followed. Not only that, but you'll live in cleaner, healthier and more attractive surroundings if you adhere to strict cleaning routines.

Homemakers can consider themselves good housekeepers only if they give their walls the same frequent dusting and cleaning they offer major appliances and furniture. Walls are just as much in contact with dirt and dust as are other parts of the home, even though they are not handled and touched as frequently.

Wall cleaning can be simple if you do it consistently. It really doesn't require a big investment of

Use cloth-covered broom . . .

time either. Just be certain that it's included in the schedule.

Dust is the major enemy of walls, be they painted or papered. With lack of dusting you also fail to eliminate the grease which comes with the dust, and this dims the colors and gives the room a dingy look no matter how clean it may otherwise be.

Proper dusting and weekly cleaning helps keep furniture and other furnishings in better condition, too, for you'll thus eliminate one of the major catch-alls for dirt. Clean walls permit no drifting down of dust and dirt on floors, pictures, furnishings, drapes or lamps.

Use Any of Three Dusting Aids

Depending upon your equipment for cleaning, you may use one of three different aids for helping combat the dust on walls. The simplest of these is the broom, fitted with an "apron" which is simply a cover of soft, clean cloth wound around the bristles of the broom.

You may have an attachment to your vacuum cleaner, too, which may be used readily. It's one of those with a long handle which sucks in the dust as applied.

For those who prefer it, there's a long handled, very soft brush for walls. If you desire to protect the

For dusting walls regularly.

soft bristles, these may be covered with a cheesecloth, especially when walls are dirty. The brush, when it becomes soiled, may be washed in mild soap or detergent suds, then thoroughly rinsed and dried.

Whatever type of aid you like best for the job, use it. Choose the one which you like to use, and the job's all the easier.

Clean Wall Coverings Before They Soil Heavily

No matter how careful you are about dusting, you'll still have to do some cleaning. Naturally this is more frequent in soot-laden communities, but even in these you can, save expense on wall coverings, if you clean before the soil becomes heavy. Eliminate strenuous cleaning methods by doing the cleansing frequently enough and you won't have to mar paint or wallpapers.

Strong soaps, harsh cleaning powders and powerful cleaning solutions are not to be used on walls unless you expect to renew the paint or paper. Stay with mild soap or detergent cleanings, professional cleaners or the whitening cleaner methods for painted walls. They're just the thing for lightly soiled walls.

Whitening cleaner is made by dissolving two tablespoons of white soap flakes in 10 tablespoons of lukewarm water. Cool until the mixture jells, then stir in 1 1/2 cups of whitening. This is best applied with a sponge or a damp cloth.

Other cleaners include the following: one-half ounce of tri-sodium phosphate in two gallons of warm

water; or, one teaspoon tetra-phosphate compound to one gallon of warm water. If you like a mild cleaner, use a water normalizer or conditioner according to the manufacturers' directions.

Work from Bottom Up To Avoid Streaking

Streaks on cleaned walls can be avoided if you work from the bottom up. The reason for this is simple: if water runs on dirty walls, it leaves streaks almost impossible to remove. With walls clean, water running on them will leave no streaks.

Dust the walls before cleaning solutions or compounds are applied. Use a circular motion in applying the solution. This may be done with a soft clean cloth that is fitted to the size of your hand, or a sponge, either natural or cellulose variety. Here, again, choose a size that's easiest for your hands to manipulate.

If walls are textured or sculptured, it may be best to use a stiff-bristled brush in applying the cleaning solution, as this gets into the design better.

Use soft water for rinsing the walls as hard water often streaks them. Use old Turkish toweling, wrung out in clear, soft water, with an up-and-down motion for the drying.

When starting a dirty area, always start well within the clean area near it so that you can avoid spotting and streaking.

Dough-Type Cleaner Recommended for Paper

Papered walls, especially those which are not washable, but even those which can be washed, respond to cleaning with a dough prepared specially for this purpose. Knead a portion of the cleaner until it becomes elastic, before attempting to use it.

Dust the walls thoroughly, then apply the cleaner, wiping a surface strip at the top of the wall next to the ceiling with the cleaner. It's not necessary to press or rub, simply wipe the surface. As the dough becomes soiled, fold it over to get a clean area.

Next, clean a strip from top to baseboard, using straight, even strokes. Repeat, starting within the cleaned strip each time.

When cleaning is complete, brush walls and baseboard to remove any crumbs which may have been left clinging from the cleaner.

Washable papers cleaned in the above manner may need only water and soap cleaning of the grimy spots. Be certain the paper is guaranteed washable before applying the following method to it.

Make frothy suds with water and mild soap. Apply sparingly with a sponge, and do not rub hard. Rinse thoroughly with sponge rinsed in clear cold water. Do not attempt to dry, for the sponge should leave it almost dry.

Here's How to Treat Some Special Stains

Blot ink stains quickly with a blotter, being careful not to spread the stain. Apply an absorbent powder to take up the ink, and brush it off as fast as the ink stains the powder. Repeat until no more ink can be absorbed.

Crayon marks are impossible to remove entirely, but they can be lightened with a sponging (not rubbing) with clean soft cloth and carbon tetrachloride.

Food stains are almost impossible to remove, but brush off whatever is possible. If washable, use mild soap suds and water with a sponge, removing what's possible without rubbing.

Woman's Study Club Adjourns Till Fall

In spite of the rainy weather on Tuesday, Mrs. A. H. Kinnaird, hostess, greeted thirty-three members and one guest of the Woman's Study Club who came with all the good things that go to make a bountiful potluck luncheon. The guests were seated at small tables, each of which was centered with a clever low arrangement of sprigs from flowering bushes around one tulip bloom.

After the "white elephants" had replaced the "goodies" and had been exchanged for cash all those who were present engaged in a lively game of "Twenty Questions," trying to guess the contents of each package. There were few correct guesses.

The members of the reception committee who were responsible for the lovely luncheon are Miss Hollis McBurney, Mrs. A. Woelfle, Mrs. H. Ludlow, Mrs. Ella Vance, and Mrs. M. C. McLellan.

Mrs. Ray Boughton, Mrs. Fred Maier and Mrs. Mason Wilson, the ways and means committee, who planned and supervised the sale of the "white elephants" with all of its fun and chicanery, were able to report about a twenty-five dollar gain for the club treasury.

During the business meeting which followed, annual reports were given by all the officers. The club closes the year with thirty-one active, ten associate and ten honorary members.

Mrs. Floyd Reid, president elect, presided while Mrs. E. L. Schwaderer, the retiring president, gave her report of the club activities for the year. Then after Mrs. Schwaderer had expressed her appreciation for the cooperation of all her officers and committees, a rising vote of thanks was given Mrs. Schwaderer for her splendid work. Club was then adjourned to meet again next September.

REV. VENDER TELLS OF GENERAL ASSEMBLY

Concluded from page 1.

dispersed with inspiring addresses and worship services and other special features.

Personally, I was commissioned to attend the Pre-Assembly conference on Evangelism, Tuesday and Wednesday, the Assembly convening May 24-30. Some special meetings of a social and educational character are planned for women who accompanied their husbands. My wife has already become acquainted with several of the "better halves."

The assembly begins with an address by the retiring moderator, Dr. Hugh Ivan Evans, and the Sacramento of the Lord's Supper. It is usually one of the high points of the assembly.

The moderator's sermon will be broadcast on Sunday, May 27, at 10:00 a. m. Eastern Day Light Saving Time over Columbia Broadcasting system, "Church of the Air."

Among guest speakers at the assembly the following are scheduled: Rt. Reverend Henry Knox Sherrill, president of the National Council of Churches and presiding Bishop of the Protestant Episcopal Church; Frank Graham, former U. S. Senator and president of the University of North Carolina; Dr. Elton Trueblood; pastor Kyung Chik Han of the young Nak Presbyterian Church of Seoul, Korea, and Mrs. Mildred McAfee Horton, vice-president of the National Council of Churches.
