

## More Mail Boxes

### Post Office Remodeled for Convenience of Customers

The long awaited improvements for the Cass City post office are now a reality. Workmen started Tuesday morning to modernize the facilities here and were to be completely finished in a few days.

The changes are varied and extensive. Gone are all the old style boxes and in their place are new, modern streamlined mail windows that are easy for the customers to handle.

Besides the new boxes that will replace the old ones, 45 new boxes are installed for customers. However, according to the postmaster, Mrs. Andrew Bigelow, the new boxes will not satisfy the demand in Cass City.

Mrs. Bigelow says that the waiting list exceeds the number of new boxes. In fairness to all concerned, the post office will allot the new spaces to persons with applications in the order the applications were received.

The new boxes are not the only change in the facilities. Gone are the old-fashioned windows and facing. In their places are gleaming new fixtures, the latest in post office design. All of the new windows are placed for more convenience in processing mail.

With the change in facilities comes a change in the spacing at the post office. Half of the front of the building is no longer utilized for working space for the crew. The partition that separated the public part of the office from the working side has been torn down. In its place is a partition stretching nearly the width of the room. When mail seekers enter now, they are in a lobby that covers the building's width and takes in about one-third of the premises.

The new system gives the public more room and also makes mail delivery easier for the post office staff.

## Noble Takes Reins Of Two Publications In California Area

Wednesday, August 1, William T. Noble, son-in-law of J. D. Turner, Cass City, will take over the reins of a weekly newspaper and monthly magazine at Coachella, California.

The weekly newspaper is the Desert Barnacle and the Desert Rancher is the magazine.

Noble left a position as a reporter on the Flint Journal to assume the duties of publisher of the two publications.

Before leaving the state, Noble was sent a personal note by Gov. G. Mennen Williams, congratulating him on his purchase.

The area in which Noble will make his home is famous for fruit raising. The farms are irrigated and the area is experiencing a period of rapid growth according to reports from the Coachella Valley Chamber of Commerce.

## Methodists Honor New Pastor Here

A profusion of summer flowers decorated the Methodist Church social rooms Wednesday evening when Cass City Methodists with the Gagetown Methodist congregation as guests, honored their new pastor, Rev. Floyd Porter, and family. The affair was held in the church, inasmuch as the parsonage is undergoing extensive improvements.

Mrs. Don Lorentzen and Mrs. Keith McConkey were in charge of arrangements and were assisted by Mr. McConkey.

Vocal duets by Mr. and Mrs. Borg, group singing and short talks by Rev. Henry Kuhlman of Gagetown, a retired minister, and visiting Cass City ministers, made up the program. Rev. Kuhlman, who has filled the local pulpit at various times during the past year, was presented with a purse of money by the Cass City congregation.

Mrs. L. I. Wood and Mrs. Audrey Rawson poured when refreshments were served.

Rev. Porter, his wife, and children, Mary Esther, five years, and Paul, three years old, came here in June from Imlay City where Mr. Porter had served as pastor for the past five years.

## John McPhail Dies At Detroit Hospital

John McPhail died at the Detroit Receiving Hospital Wednesday where he had been a patient for 10 days.

Mr. McPhail had been in ill health for five years before his death. He was born in Austin Township, Sanilac County, March 31, 1867, the son of the late Mr. and Mrs. Archie and Nancy Gillies McPhail.

Mr. McPhail will be at Little's Funeral Home until 2:00 p. m. Thursday, when funeral services will be conducted by Rev. Melvin R. Vender of the Presbyterian Church.

Mrs. McPhail is survived by three sisters, Mrs. Flossie Darvill, Detroit; Mrs. Bessie Walker, Cass City; and Mrs. Frank Simkins, Pontiac.

Final resting place will be in Elkland cemetery.

## Daniel Alexsink Wins Prize at Tuscola Field Day Program

About 100 4-H members and leaders and Future Farmers attended a conservation field day demonstration at the Dayton Davis farm near Vassar on July 18. The event was sponsored by the Tuscola County Soil Conservation District, of which Reid Kirk, Fairgrove, is chairman.

The program included demonstrations and discussions by soil conservation service personnel stationed at various parts of the farm to point out some of the problems present on that farm and some specific conservation practices being followed. The young people walked to each station in groups of 15 to 20. Demonstration stops included a deeply eroded gulley which Mr. Davis is attempting to stabilize with a grass and tree-planting program, a low wet area which will eventually be seeded to reed's canary grass for permanent pasture, and an area that is frequently flooded by run-off water from land upstream from the Davis farm on a creek which passes through the property. Other stops included an eight-acre ladino clover pasture on light soil which has provided forage for 14 head of cattle all summer, a grass waterway, and a demonstration showing rapid absorption of water in soil high in organic matter as compared with soil with less humus and a less desirable structure.

Each of the young conservationists had an opportunity to compete in a contest which required that they identify ten species of trees, ten grasses, five soil classes, and estimate a slope. Richard Enos, Vassar Future Farmer and 4-H club member, turned in the highest scoring contest paper, and won the first prize, a soil and plant tissue testing kit. Daniel Alexsink, Cass City, was winner of second prize, a 50-foot metal measuring tape. Third prize, a soil sampling instrument, was won by Ed Chanting of Kingston. Fourth through seventh prizes were soil test kits for testing soil acidity, and were won by Royer Uhl, Akron; Ed Nemeth, Deford; Paul Findlay, Reese; and Gene Taggett, Caro, who placed in the order named. All prizes were provided by the Tuscola County Soil Conservation District, which also furnished ice cream for all who attended the field day.

## Concluding Sermon At Presbyterian Church Slated

"The Value of the Long View" will be the subject of the last sermon by Rev. M. R. Vender, Sunday, before the vacation month of August.

During August there will be no services in the church. Special music is being arranged by Mrs. Brewster Shaw, director of music, in cooperation with Mrs. Ethel McCoy, organist.

## Bulletin.

## Three Legged Calf Born on Bill Perlaki Farm Saturday

Ever seen a three-legged calf outside of a sideshow? If not, you'd better take a drive over to the farm of Bill Perlaki, who lives four miles west, one mile south and one-quarter mile west of Cass City. For, last Saturday one of Perlaki's cows gave birth to a three-legged calf.

The unusual animal is in fine condition and is normal in every way . . . except for the leg.

According to Bill, the calf has no front shoulders. Where the shoulder would normally be, is a gradual slope to the center where the single front leg is.

The calf has the standard equipment, two legs on the hindquarters, Perlaki stated.

Like every normal calf, the freak has a big appetite . . . and that's what will prove to be its undoing. Bill claims that he intends to keep it for a few weeks and then ship it off for veal.

## Top Teams Continue To Win in Cass City Softball Loop

There were no startling upsets in the Cass City Softball League during the week, as the strong teams continued to show the way with victories over less powerful opponents.

Deford, who has led or shared the top spot in the league ever since the opening day, chalked up a pair of easy wins to entrench themselves in first place.

Their first victim was Ellington, who bowed, 10-6, on Wednesday, July 18. Bob Smith pitched for Ellington and Koert Lessman and Harry Hartwick shared the mound chores for Deford.

In the nightcap, Bill Patch was handicapped by shoddy support as Baldy's picked up an easy, 11-4, win over Western Auto.

Bill Andrus started for Baldy's and pitched shutout ball until he gave way to Elwyn Helwig after the gasmen had a comfortable lead. Bob Alexander and Helwig connected for the circuit.

In the opener on Friday, Decker again showed their hitting strength by edging Church of Christ in a slugfest, 12-7. Carl Kolb bagged out his fourth home run of the season for the churchmen, while hard hitting Lorn Hillaker clouted his second of the year for Decker. Frank Laming kept pace with Kolb in the home run derby by picking up his fourth in the game.

"Moose" Wiley was "right" in the nightcap as he paced Baker, Urquhart to a 7-2 victory over Alwads. The hefty chucker limited Alwads to five scattered hits and struck out seven. Wiley helped his own cause with a double and a single Friday.

In one of the closest pitching battles of the season, Helwig hurled Baldy's to a 2-0 victory over Ellington. The little fireballer limited Ellington to three hits for the shutout.

The winning runs were scored in the fourth inning. Dean Leach drove in the winning runs with a single that drove Helwig and Tom Schwaderer across the plate.

## Legion Nine Wins From Harbor Beach

With Jack Hool and John Ellis limiting the opposition to two scattered hits, the Cass City Junior American Legion baseball team easily whipped Harbor Beach Sunday, 6-1.

Pete Martin provided the scoring punch that made victory easy by blasting two doubles, one with the bases loaded, good for three runs.

Cass City picked up eight hits over the seventh inning route, while the Beach nine was collecting two. Harbor Beach made one error while Cass City was charged with a pair of boos.

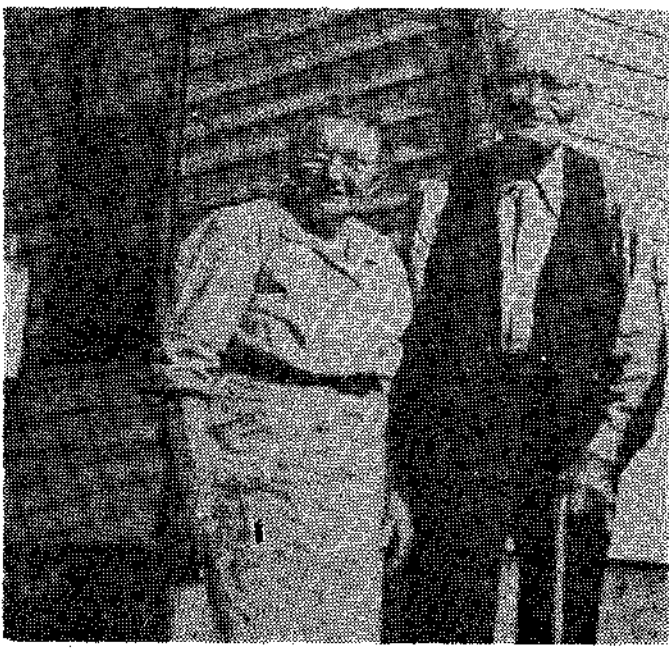

Next Sunday, Cass City will be host to Bay Port at the Cass City Recreational Park.

## Sixty Years Together

Mr. and Mrs. George Spencer will celebrate their sixtieth wedding anniversary with an open house Sunday afternoon at their home near Deford. The Spencers have lived in this territory for 44 years. Mr. Spencer is 81 and his wife is 77 years old.

## Golding's Herd Takes 3rd in DHIA Testing

Monthly reports of the three Tuscola County DHIA testers showed that the herd of 11 registered and grade Holsteins owned by Ruben Rohloff of Reese stood well above all the others in June with an average of 53 pounds of fat per cow. Rohloff's nearest contender was Reynold Johnson of Millington, whose 14 Holsteins averaged 48 pounds of butterfat in June; E. G. Golding's herd of 10 Red Danes at Cass City, stayed high in the list of top herds, placing third with a 46½ pound average. Other owners whose herds ranked in the first ten listed with their averages were Werner List, Vassar, (25 cows) 46 pounds, fourth; Peter Kern, Reese, 46, fifth; Alton Reavey, Akron, 45; Elmer Kern, Reese, 45; Roy Brown, Fostoria, 43; and Clarence Merchant, Cass City, whose herd also averaged 43 pounds of fat. Fifty-one of the 71 herds on test averaged 30 pounds of butterfat or more.

The highest fat production by an individual cow was a 97 pound record made by a 6-year-old registered Holstein in the Peter Kern herd. A grade Holstein from the high producing Ruben Rohloff herd, won second place honors with a 94 pound butterfat record in June. Other top butter producing cows in June were owned by Elmer Kern, whose 9-year-old registered Holstein "Polly" made 93 pounds; Clayton Rohlf's "Whitey", another registered Holstein, ranked fourth with a 90 pound record; and Leon Malkowski of Mayville was the owner of the fifth highest cow which produced 83 pounds. Owners of other high butterfat cows and the records were Homer Daubmeyer, Marlette, 82; E. B. Schwaderer, Caro, 82; Foster Hickey, Fairgrove, 82; Charlton & Rayl, Cass City, 80; and Werner List, 80.

Ruben Rohloff carried away honors in the list of owners of cows completing 305-day records last month too, when his grade Holstein, Jenny, finished a lactation with a total of 552 pounds of fat. A registered Holstein in the herd of Dr. H. T. Donahue, Cass City, finished the second highest record, one with 527 pounds of butterfat. Ranking third was a cow from the herd of Rufus Wark, Akron, with 463, followed by one of Ben Loeffler's registered Holsteins at Reese, with 460 pounds in 280 days. Owners of other high record cows and their 305-day totals are Chester Kinney, Millington, 456; H. T. Donahue, 451; Elwood Eastman, Cass City, 445; Foster Hickey, 439; Homer Daubmeyer, 435; and Park and Venema, Caro, 429 pounds in 291 days.

A judge for the needlecraft department is not definite at the present time. Judging in the 4-H and FFA classes will be done on Tuesday, Aug. 21. Judging in the open class will be done on Wednesday, Aug. 22.

## Two from Cass City Hurt in Automobile Accident Saturday

Mrs. Marion Harrison, 54, and her son, Donald, 14, were injured in a collision with a car driven by Ernest R. Periso, 33, Pontiac, at the junction of the Argyle and Germania roads, Saturday night.

Mrs. Harrison received a cut over the right eye and cuts and bruises on the arms and legs. Donald received cuts on the neck.

Vernon J. Harrison, who was driving, was uninjured, while Periso suffered possible fractured ribs.

All three were treated at the Pleasant Home Hospital and released, according to the Bad Axe police department, which investigated.

## Cash Asher Writes Book of Poems

Cash Asher, son of Mrs. Louise Asher Hartwick and the late Frank Asher, distinguished himself recently by having a volume of poems, "Sidewalks River," published.

The poems written by Asher were outstanding. They were judged to be the best in the competition of the Southwest Writers' Conference at Corpus Christi.

Asher has had long experience in newspaper work. At present he publishes two tourist magazines and is public relations director at the Padre Island Causeway and Parks, at Corpus Christi, Texas.

He has been on newspapers in Bay City, Detroit and New York and his poems are drawn from his experience on these jobs. Mr. Asher's work is easy to read and comprehend.

## Tuscola Fair May Draw Record Crowd

The Tuscola County Fair to be held at the Caro fairgrounds Aug. 20 through 25 is expected to attract more than 250,000 persons which was the estimated total attendance at last year's fair.

Carl F. Mantey, fair secretary, said that inquiries for entry blanks, premium books, machinery display space and other factors indicate the fair will be better attended than that of last year.

"Much of the heavy summer harvesting work of farmers will be out of the way sooner this year than last which means they will have more time to devote to attending and participating in the fair," Mantey said.

This year's fair will be the traditional display of farm crops, cows, hogs and other farm animals and there will be the traditional harness racing. A new feature will be a saddle horse division in which owners of fine riding horses will compete for premiums. This division will replace the draft horse division which has been abandoned.

"It's difficult these days to find enough draft horses to compete. The old work horse around the farm is being replaced with tractors," Mantey said.

Successful fairs are never just displays of agricultural products and animals and they also feature entertainment of the thrill variety seldom seen elsewhere.

The Tuscola County Fair will be traditional in this respect too. Entertainment which can be seen from the grandstand will include Joie Chitwood and his neck-risking crew of speeding automobile drivers, the Continental Varieties Revue of the Avery show with its chorus of girls, comedians and singers; various circus and hippodrome acts; an appearance of Michigan's governor, G. Mennen Williams; harness racing, midgeet and full-sized automobile racing.

One of the features of the grandstand show of Friday, August 24, "Homecoming Day," will be crowning of the Tuscola County Queen from about 10 contestants. Candidates will be selected by various farm organizations of the county by judges.

## One Injured in Four Car Smash South of Cass City

Not much damage was done by the grass fire that broke out at William Englehart's farm, five miles south and three-quarters mile east of Cass City, but a lot of damage was done to the cars following the fire truck to the scene of the blaze.

No less than four cars were involved in a smash-up that was attributed, by chief constable, Steve Orto, who investigated, to traveling too close to the fire fighters.

The first car driven by Arthur McArthur avoided hitting the truck, but when he stopped, Phil Olsway, Cass City, in the next car, rammed him in the back.

The third car in the pile-up was driven by Elwyn Bearwolf, R. 3, Cass City. Bearwolf smashed the rear of the Olsway car and was in turn rammed by Harvey Pelton, Deford, the final car in the accident.

Mrs. Pelton, a passenger in the car driven by Harvey Pelton, was the only person injured. She received a cut on the forehead and other bruises.

Damage to the cars, as estimated by Orto, amounts to a minimum of \$1,025. Worst damage was done to the Bearwolf car which was hit in both the front and rear with an estimated damage of \$500. Damage to the other cars was less severe. Olsway, Bearwolf and Pelton were ticketed by Orto for not having their cars under control.

## Jack Terry will Head Talented Acts At Home-Coming

One of the highlights of the Cass City Home-coming this year will be the professional acts hired for the big event, Thursday, Aug. 9, at the Cass City Recreational Park.

No less than five different performers are booked to put on a show here. Acting as master of ceremonies for the day will be Jack Terry who had his own radio program sponsored by an automobile concern.

Besides acting as MC, Terry is slated to give his act based on the "People Are Funny" radio show. It is an audience participation show that has met with success in other areas.

Assisting Jack will be a trio of other seasoned performers. Charmaine, a talented tap dancer, is expected to have several outstanding routines, including a perfect imitation of Eleanor Powell.

Fred Maher, a top-notch ventriloquist, will be on hand with his dummy "Skinny Dugan" . . . a one time friend of Charlie McCarthy.

The program will be completed by Gregory and Cherie, who have a musical comedy and novelty act. Their instruments are a vacuum cleaner, auto pump, saw, rubber glove and the "world's most unusual instrument . . . the Thermanin."

The instrument is used in the movies to create effect in dramatic pictures such as "Spellbound" and "Lost Week End."

It is acts like these that lead the Home-coming committee to believe that the second annual home-coming will be one of the Thumb's outstanding attractions.

## Casimir Straty, 60, Dies in Saginaw

Friends of Casimir Straty, 60, learned of his death early Friday in St. Mary's Hospital in Saginaw. He had been in failing health since February and went Thursday to visit at the home of his son, Henry, in Saginaw and was stricken ill late in the evening. Funeral services were held Monday at 9 a. m. in St. Casimir's Catholic Church on Jefferson Ave., in Saginaw, and burial was made in Saginaw.

He was born Oct. 18, 1890, in Poland and came to this country when a young man. In 1910, in Buffalo, N. Y., he married Miss Bernice Krawczyk. They came to the Bad Axe vicinity about 25 years ago and to this vicinity about 15 years ago. He had been employed at the Nestles Co., Inc., for a number of years until he became ill.

Surviving, besides his widow, are one son, Henry, of Saginaw; seven daughters, Mrs. Ben Ozyrtes (Frances), Mrs. Jos. Wydra (Cassie), Mrs. Ray Zollinski (Rose) of Saginaw, Mrs. Helen Brown of Detroit, Mrs. John Frankowski (Jennie), and the Misses Florence and Mary Straty, of Cass City; and 14 grandchildren.

## Panther Patrol Wins At Water Carnival

The Scouts of troop 194 chose a water carnival for their program Tuesday night at their regular meeting held at the swimming pool. The Panther patrol was first with 19 points, the Wolf second with 11 points, and the Beaver third with 8 points. Individual star was Gordon Ware, patrol leader of the Panthers, who won first in the 75-yard free style, the 25-yard backstroke, and the plate race, with a third in the underwater distance. Games for fun included ball tag and "ping pong polo," a strenuous team game. Score was kept by Assistant Scoutmaster Keith McConkey, the events were announced by Scoutmaster Harold Oatley, and Scouts Robert Baker and Ronald Fleenor acted as liegards.

## LADY IN DISTRESS

A young Cleveland matron stalled her car at a traffic light one winter day. She stamped on the starter, tried again, choked her engine, while behind her an impatient citizen bonked his horn steadily. Finally she got out and walked back. "I'm awfully sorry, but I don't seem to be able to start my car," she told the driver of the other car. "If you'll go up there and start it for me, I'll stay here and lean on your horn."

## Michigan Mirror News Briefs

A split vote for the Republican nomination of United States senator is indicated at the moment for November, 1952.

Owen J. Cleary, Republican state chairman, is said to be mulling his chances. Another prospective candidate is ex-Gov. Harry F. Kelly who lost his third term bid for the governorship last fall.

Kit Clardy, Lansing attorney, who last year opposed William W. Blackney for the sixth district G. O. P. nomination as representative, has hinted to friends in Washington that it wouldn't take much persuading to get him into the senate scramble.

The only announced candidate so far is a Republican from Grand Rapids—John B. Martin, Jr., now state auditor general.

Arthur Vandenberg, Jr., also of Grand Rapids, has been mentioned as a possible contender. Young Vandenberg hasn't revealed his intentions.

Speaker of the House Victor A. Knox (R-Sault Ste. Marie) long has cherished the job of secretary of state. Also eyeing the position is Rep. Robert M. Montgomery (R-Lansing) who is speaker pro-tem.

Fred M. Alger, Jr., who holds the position now, has announced his candidacy for nomination as governor.

Armed with additional funds from the legislature, Dr. Lee M. Thurston, superintendent of public instruction, quietly is investigating several more school districts. They are suspected of padding enrollment lists to gain more state aid funds.

Michigan is short 3,000 nurses for training, all of whom could be employed immediately upon completion of training.

Michigan's city officials criticize the federal government for lack of leadership in the civil defense effort. John Witherspoon, Detroit controller, says Detroit is about as well organized as any city in the nation—but "we are not as secure in our feeling about attack as the federal government seems to be."

Michigan's fruit crop, except for apples and pears, will be below the 1950 harvest, if federal-state crop reporting services' estimates are correct. Reason given for the pre-

dicted drop was a severe freeze last November.

A legislative committee, mapping a revision of Michigan election laws, has invited suggestions from anyone interested. Sen. Creighton R. Coleman (R-Battle Creek) chairman of the committee, says his group plan to draft a remodification of election statutes and submit it to the 1952 legislature. He will listen to all comers.

It's the polio season again. Some 88 cases were reported in the first half of 1951. Last year the peak load was 2909 cases. Dr. F. S. Leeder of the state health department says there is "nothing unusual" about the case incidence this year.

Jackson Republicans are trying to promote a shrine in their city to commemorate the founding of the party there 97 years ago. Financial support is the stickler.

The use of fluoride, a tooth decay preventative, has increased by leaps and bounds in Michigan. Already 10 cities are adding the chemical to their water and 12 others have applied for necessary installations. A survey in Grand Rapids, after six years of using fluoride, showed a 60 percent decrease in decay of children's teeth.

U. S. Sen. Homer Ferguson, now Michigan's senior senator, has started his own radio program. He is making a weekly report to the people through more than 30 radio stations.

In Michigan, one out of every four persons killed at work is a farmer.

Manistee and Benzie counties this year sent more than 2,000,000 pounds of strawberries to market, grossing growers \$350,000. It was the largest crop ever recorded in the two counties.

Hunters can expect more pheasants this year. Conservation department survey finds a 20 percent increase in ringneck roosters.

The "Michigan Realtor," official organ of the Michigan Real Estate association, revives an old—and touchy subject. Says the bulletin of the "El Siglo" apartment project rumpus of 1950, "not only did the state suffer no loss—but is showing a return on its investment—in private business the move would have been considered a stroke of financial genius—D. Hale Brake (state treasurer) will remain the unsung hero wizard."

Administration at the time made loud noises about a poor investment of state funds (VA monies) in the Arizona project.

From Arkansas to Australia Today, zinc ores are dug and smelted from Arkansas to Australia. The United States mines more of it than any other country, yet still must import zinc from abroad.

## Store Carefully to Save Canned Goods

Good storage space for canned foods is cool, dark and dry, according to Roberts Hershey, extension foods and nutrition specialist at Michigan State College.

The place where you store jars of fruit and vegetables also should be well ventilated and insulated if necessary to keep the storage space cool in hot weather and protect against freezing in cold weather.

Whether you decide to use a cabinet or storage room will depend on the amount and kind of food you have to store and the amount of space available. But you need to protect your investment of work and material from being ruined by spoilage.

Locating your food storage space near the canning center will save time and work in carrying, the MSC specialist said.

If you are planning to make or buy a cabinet, remember that an inside depth of 12 inches is best and two rows of jars can be placed on each shelf. A cabinet with inside depth of 6 inches will take care of only one row of fruit jars.

Storage rooms usually are best for use in the basement. You should allow at least 2 square feet of floor space so you can have room to enter and set cans on the shelves or remove them.

In short, allow 1 foot of 12 inch shelf space for each five cans of any size. Or allow 20 feet of shelf space for 100 cans. Top shelves should not be more than 72 inches from the floor.

If the shelves are more than 3 or 4 feet long they should be supported at 81-inch intervals. Put canned meats on the lower shelves, vegetables, next, and fruits near the top, the home economist advises.

Many Patents Needed It required 60 patents to secure the invention of vulcanized rubber, by Charles Goodyear.

George Stephens of the Lazy J Ranch says: "The low cost my Ford Truck showed in the Economy Run speaks for itself. I got regular service checkups from my Ford Dealer."

**"My ranch 'workhorse' runs for only 2 2/3¢ a mile!"**

Ranch owner George Stephens proved for himself, in the big Economy Run, just how little it costs to run his Ford Truck!

"The Lazy J's Ford Express did itself proud in the Ford Truck Economy Run," says Stephens. "Daily records kept during the entire six months show that our Ford Truck ran up a total of 5,109 miles. My out-of-pocket expense for gas, oil, main-

tenance and repairs was exactly \$123.51 ... about a \$20 bill each month ... only 2 2/3¢ cents a mile!"

The Ford Truck POWER PILOT carburetion-ignition system is one reason why Ford Trucks cost so little to run, in ranch work or any work. The POWER PILOT gives you the most power from the least gas. In the low-price field, only Ford has it!

### 305 Days Production Record Ends for McNabb's Ayrshire

Peggy's Milky, a junior two-year-old, owned by LaVerne McNabb, Crosswell, has completed an actual production record of 9301 lbs. of 4.0% milk and 372 lbs. of butterfat in 305 days on a strict twice-a-day milking schedule.

According to C. T. Cinklin, executive secretary of the Ayrshire Breeders' Association, this record is equal to 12,035 lbs. of milk and 431 lbs. of butterfat when figured on a mature equivalent basis. The record was made in accordance

with the rules of the Ayrshire Herd Test Plan.

The Ayrshire Breeders' Association herd test program is recognized and used by Ayrshire breeders from coast to coast. Monthly production tests are made and supervised in cooperation with the Extension Departments of the State Agricultural Colleges.

### Take Precautions With Hens for Best Egg Production

Poultrymen report that extra precautions need to be taken to maintain high egg production when the thermometer climbs.

These ideas are passed along to other farmers by Michigan State College extensive poultry specialists. One is to keep plenty of water before the laying flock at all times.

High egg production increases the need for water, since eggs have a high water content. Poultrymen advise running water where possible to save labor. Several types of fountains and watering devices are on the market to help assure a steady water supply or the farmer who's handy with tools can make his own.

Another important factor in maintaining top egg production is good ventilation. Every window, door and slot in the laying house should be opened wide, and shade provided for feeding and drinking areas, the MSC poultry specialists say.

Collecting eggs frequently in hot weather is the important job in maintaining quality. Quality is rapidly lost unless eggs are gathered and placed where they will cool. Frequent marketing also will help in making sure the consumer gets a quality product.

**Fuel Consumption**  
To carry the same load the same distance, trucks require 167% more fuel than railroads. Airlines 2800% more.

Choosing the most worthwhile toys and play materials for children is as much of a practical art as planning a balanced diet for them.

### Praying Mantis Is Oddest Friend of Man Its Unending Hunger Is Farmer's Greatest Ally

The Praying Mantis (see sketch below), is one of the oddest of all friends of man.

Three inches or more in length, green or brown, the mantis suggests some prehistoric monster in miniature. In perfect silence, it awaits the coming of each new victim, its spined forelegs folded meekly in an attitude of prayer. Once the victim is within reach, these forelegs shoot out, the blades snap shut, and the prey is held as helpless as though it were caught in a toothed steel trap.

Thus the insect that will kill many of the pests that harm American

crops is described in the July issue of Coronet magazine.

The mantis is driven by an almost-unending hunger for living victims. So valuable is the insatiable hunger of the mantis for caterpillars, beetles and moths, that in many parts of the country people place their egg-cases in their gardens.

It will eat bumblebees, crickets, houseflies, grasshoppers, spiny caterpillars, hornets, cabbage butterflies, Japanese beetles and even Black Widow spiders.

The mantis is entirely harmless to man. Its appetite is probably the farmer's greatest ally in his battle against insects and bugs. Special care should be taken not to destroy them.

### Nearby Woodlands Offer Stock for Landscaping

Nearby woodlands offer a variety of nursery stock for rural families who may be planning to landscape their grounds to improve the view through their picture windows.

Many of these plantings can be fitted into an overall landscaping plan so they bring out a sizable saving to the rural homemaker.

A number of plantings are common to woodlands in many sections. Some examples are rhododendron, dogwood, scotch pine, hilly, pine and laurel, all of which are used extensively in landscaping plans.

In addition, there are a variety of trees which may be used for shade. The American elm, which affords excellent shade, is found in many sections. There are also several varieties of ash as well as the different types of oak trees whose autumn colors vary from muted rose to brilliant scarlet. The hard maple also makes an excellent shade tree.

For screening and boundary plantings, most woodlands offer an assortment of evergreens which will fit well into the landscaping plan of most rural homemakers.

### Goose Pelts

The modern goose may not be able to lay a golden egg, but there seems to be gold in her skin. The model above displays two sample goose pelts. Through a recently-developed process, goose skins are tanned, then the down is dyed. The result is an incredibly soft, warm pelt which has captured the interest of the fashion world and promises to bring gold to goose raisers. Possible uses include deluxe power puffs (already being made), trim for negligees, dresses, baby shoes, hats, and bathing suits.

### Strange Disease Strikes Henderson Swine Herds

Farmers in the area around Henderson, Kentucky, have lost more than 1,000 hogs from a disease which veterinarians so far have been unable to identify definitely. The disease has been found in the Henderson area during the summer for the past several years, and each year the number of swine affected has increased. Over 150 herds have been treated so far this summer, vets reported.

Advertise it in the Chronicle.

### Chapmans' Holstein Ends Testing Period

With 446 pounds of butterfat and 12,815 pounds of milk to her credit, ElmCha Pansy Mutual, a registered Holstein-Friesian cow owned by Elmer F. and James H. Chapman, Decker, has completed a 365-day production test in official Herd Improvement Registry.

She was milked two times daily, and was nine years two months of age when she began her testing period.

Testing was supervised by the Michigan State College, in cooperation with the Holstein-Friesian Association of America.

### ILLUSTRATED DEFINITION

An American professor met three staid members of the Academie Francaise in Paris and asked for their definition of savoir-faire. "Et is not desecrated," one said. "Et I go home and find my wife kissing another man and I tell my hat to them and say: 'Excuse me,' that is savoir-faire." "Not quite," said the second. "Et I go home and find my wife kissing another man and I tell my hat and say: 'Excuse me. Continue,' that is savoir-faire." "No—not quite," rumbled the third, fingering his beard. "Et I go home and find my wife kissing another man and I tell my hat and say: 'Excuse me. Continue,' and he can continue—he has savoir-faire."

To eliminate some common safety hazards in your home, try using some of the luminescent paint on the edges of steps in a dark stairway, on door knobs, key plates and light bulbs. The paint glows in a dim light and will save you time, Michigan extension specialists say.

It pays to cultivate trees for the first two or three seasons after they are set out. Michigan State College authorities say this practice insures maximum growth by keeping down competition by weeds for available moisture and plant food.

The couple plan to be married in September.

Former Cass Cityite Married at Oxford

A gown of white marquisette over taffeta, featuring frosted lilies of the valley, was the choice of Isabel Mary Melzer, formerly of Cass City, for her marriage Saturday evening, July 7, at eight o'clock, to Sgt. Harry Richmond. The dress was fashioned with a button closing extending from the waistline, with sleeves terminating in points at the wrists. A full skirt ended in a cathedral length train.

Her fingertip veil, edged in lace, was attached to a tiara trimmed with seed pearls. The bride carried a white orchid on a white prayer book. She was given in marriage by her father.

Preceding the bride down the aisle, for the candlelight double ring ceremony, was her sister, Naomi Melzer, as maid of honor. She wore a gown of white marquisette over lime green taffeta, styled similarly to the bridal gown. Georgia Worthington of Rochester as bridesmaid, was attired in white marquisette over lavender taffeta, fashioned identically like the maid of honor's dress. They wore headpieces of net and carried floral arrangements of carnations and roses.

The way to the altar was strewn with petals from a basket of flowers carried by little Sandra Copeland of Cass City, niece of the bride. Her floor-length gown of white eyelet over pink taffeta was accented by a net headpiece. The bride's nephew, Richie Beardsley, carried the two wedding bands on a white satin pillow.

A light blue bemberg sheer, complemented by white accessories, was chosen by Mrs. Beardsley, mother of the bride, while Mrs. Brecken, the bridegroom's mother, selected a sheer print with which she wore white accessories.

Those attending from Cass City were Mr. and Mrs. Charles Bond and daughter, Betty, Mr. and Mrs. Jerry Decker and daughters, Kay and Connie, Mr. and Mrs. Elmer Fuester, Mr. and Mrs. Harold Copeland, Mr. and Mrs. A. J. Murray and daughter, Rhonda, and Alex Murray.

Following a honeymoon trip to Cass City and the north, Sgt. Richmond will return to Camp Custer where he is stationed. His bride plans to join him shortly.

Junior Softball Nine Defeats Sandusky

Under the leadership of captain and catcher, Gordon Ware, the Cass City junior softball team defeated Sandusky there Wednesday morning, 12-4. Pitcher Richard Mallory is credited with the win, working for the first five innings. He was relieved by Dean Hoag for the last two innings.

New "Angies" for Angler

An all metal landing net has recently been made available to fishermen. This unique net may be obtained in two sizes, for boat and stream fishing. The net, or filler, is made of a single strand of Monel wire knitted into cylindrical form with hinge-type stitches which makes it easy to disengage hooks that may become caught in the mesh. The frame and hollow handle are made of duralumin.

Reception Held for Newly Wed Couple

A wedding reception for Mr. and Mrs. Herbert Rallas, Decker, was held Saturday evening at the Shabbona Community Hall and about 200 persons were on hand to meet the new bride and groom.

The crowd who attended showered the couple with gifts and stayed to enjoy the evening in the new bride's honor.

Mr. and Mrs. Rallas are staying, temporarily, at the home of the bride's parents, Mr. and Mrs. Wilford Caister.

Shabbona Couple Wed Recently

Helen Anne Phetteplace, daughter of Mr. and Mrs. Earl Phetteplace, of Shabbona, became the bride Wednesday, July 18, of Cpl. John O. Parry, of the Marine Corps, son of Mr. and Mrs. Sidney O. Parry, of Dearborn, Mich.

Rev. Wm. Flannery conducted the ceremony in the St. Joseph Catholic Church, Argyle.

Miss Hilda Herdell of Argyle sang "Ave Maria."

The bride chose a white lace dress of ballerina length with which she wore a picture hat and white accessories. A single purple orchid completed her costume.

Mrs. Adam Gerres of Detroit was her sister's attendant. She chose a red net dress of ballerina length, which was accented with a picture hat and accessories. Her flowers were Talisman roses.

Adam Gerres acted as the bridegroom's attendant.

Mrs. Phetteplace wore a sheer blue print dress with white accessories. Mrs. Parry wore a blue print with tan accessories.

The wedding breakfast was served in the Phetteplace home, followed by a reception for the immediate families.

The couple left Saturday for Santa Anna, California, where they will reside. The groom is stationed at the Al Tora Marine Air Base, near Santa Anna.

Mileski-Putnam Marriage Saturday

Rev. Howard Woodard of the Church of Christ officiated at the ceremony at 8 p. m. Saturday in the Frank Mileski home near Kingston when their daughter, Donna Jean, became the bride of Richard Putnam, son of Mr. and Mrs. Harold Putnam, of Cass City.

Attendants were Mr. and Mrs. Lorne Evans of Detroit.

The bride and her attendant wore suits and orchids. The mothers had corsages of pink carnations.

A reception, to which one hundred fifty relatives and friends were invited, was held in the Putnam home south of town, following the rites. Only immediate relatives attended the ceremony.

The couple will live in Almont. The bridegroom is employed in Detroit.

Important Changes in Social Security Act

Some very important changes were made in 1950 to the Federal Old-Age and Survivors Insurance program of the Social Security Act. These changes very likely affect you, since the program now covers three out of every four workers and their families.

In Tuscola County alone 814 persons are receiving annually \$320,928 benefit payments. These payments were paid for by the workers and their employers.

The following figures give the number and amount of monthly benefits in current payment status, by type of benefit:

	No.	Amount
Old-Age	408	\$15,825
Widow's & Widower's	46	1,662
Wife's & Husband's	138	2,887
Mother's	32	1,124
Child's	188	5,164
Parent's	2	82

Total 814 \$26,744

Despite the number of persons in Tuscola County now receiving these payments, there are, no doubt, a number of eligible persons who are not receiving similar payments to which they are entitled because they have not made the necessary application for them.

There are three times when you should get in touch with the nearest social security office.

1. When you need a social security account number card.

When you are 65 years of age or older.

3. When someone in your family who may have worked in employment covered by social security dies.

A representative of the social security office will be happy to assist you in filling out the necessary form, and explain to you your rights under the law.

A social security representative is at Caro on the second and fourth Thursdays of the month, at the Michigan Unemployment Compensation Commission office, located in the rear of the State Savings Bank Building, between the hours of 2:00 and 3:00 p. m. Please feel free to call on him.

**Correction**

Conversation at a Washington dinner party turned on Postmaster General Donaldson's directive slashing home mail deliveries. From there it drifted to the possibility of Senator Margaret Chase Smith capturing the GOP Presidential nomination in '52. Teased the dinner partner on her left: "Tell us, Margaret, what will your platform be?"

Without thinking, she blurted: "I'm for two mails a day." To the other guests—only half-hearing what had gone before—that sounded like a mighty off-color remark. "Margaret!" gasped one woman.

The lady Senator hastily corrected: "I meant to say I would favor two deliveries a day"—and every one howled.

## ❖ LET'S TALK IT OVER ❖

Ed. Vallender - Farm Director  
WBCM - Bay City  
Dedication

This piece will probably be considered outside the realm of farming.

It concerns the spirit within a small town or village. This pulse is indicated to the tourist by a simple glance. A seasoned traveler can tell in an instant whether a town is alive, dying or dead.

It shows up in the way a town is kept up—the stores, restaurants, and service station—and of course, the merchants, themselves.

A couple of Sundays ago, we had the pleasure of participating in an Airport dedication in Sebewaing.

The average citizen might ask, "what does a town the size of Sebewaing want with an airport?" It could be argued that the whole effort is a waste of time, money and land.

### Betting On The Future.

The Chamber of Commerce in Sebewaing evidently has some members that can look into the future and bet on the results of long-

range planning. We learned that it took considerable effort and a lot of selling to make this new Airport a reality. It would be a waste of time in this column to list the advantages of a community airport. Certainly, there are many.

As we told the folks at the dedication, an airport is a town's front yard for pilots and travelers. A great many business executives travel by air. Many are searching for new locations to erect small manufacturing plants. Factories employing several hundred that will feed larger assembly lines. In the last ten years—the trend has been toward dispersal of this nature. This is one possibility.

### Pay As You Go.

The air travel tourist trade is increasing by leaps and bounds. Any town in the tourist area should publicize the fact that certain advantages are prevalent. Drawing tourists, who use air transportation, should be a continuing effort on the part of the town. Building an airport is a great undertaking. Making that same landing field pay for itself

is another job equally as important.

The Sebewaing Airport will draw many sportsmen because of the excellent fishing and hunting facilities. Sportsmen will not find their way to the Sebewaing area unless they are informed of the advantages.

This is true of any town. It pays to advertise—to tell others why YOUR town is a good area for recreation or work.

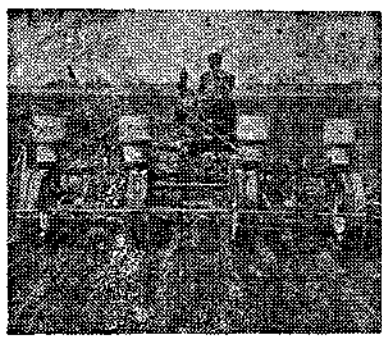

The town you live in is a mirror of you and your neighbors.

### Good Living.

There is no longer any reason for a man to feel ashamed because he lives in a small town. It's the best place to live. Even the big city man will admit that.

Ask a man where he comes from. Does he answer with pride? Do you?

### New Type Tires

Latest in the line of farm equipment is a strange-looking pneumatic rubber tire (above) that will improve the farmer's efficiency in planting corn. The new tire, which has a smooth-V-shaped tread and is constructed with shoulders and a low center, was designed to replace conventional steel wheels that come as original equipment on farm implement. It was developed by B. F. Goodrich engineers.

### High Quality Hay Can Reduce Feeding Costs

High quality hay can cut feeding costs about \$24 per cow and milk producing costs by 26 cents per hundredweight, says Michigan state college farm economists.

Cows fed poor hay required 250 pounds more grain and 450 pounds more concentrates to yield the same amount of milk produced from high quality hay. Good quality hay is high in protein-carrying legumes, cut at the right stage.

### Viking Period

The term "Viking Age" is usually applied to the period between the 9th and 11th centuries when predatory raids by the Scandinavian sea rovers were terrorizing all Europe.

## Storing Wheat Can Yield More Profits

Wheat growers may save themselves 10 cents or more a bushel by learning about the storage and government programs which help eliminate the necessity for selling their wheat during the harvest season rush.

The usual seasonal decline in prices coupled with the Korean peace talks have been reasons for lower grain prices in recent weeks, reports Clarence Prentice, extension marketing specialist at Michigan State College.

He says that heavy marketing during the rush of harvest are likely to further depress the market. The advantage then becomes greater in favor of storage and the government program to farmers who want to protect themselves against losses.

Here's the way Prentice says the programs stack up this year. Farmers will stand all storage costs as the allowance for storage has been discontinued. Farmers have until January 31, 1952, to apply for a purchase agreement or loan, either of which will guarantee the support price.

Cost of the purchase agreement is a half cent a bushel. Cost of the loan is one cent per bushel.

If a farmer needs the cash, it is logical to request the loan from

County PMA authorities as early as possible following harvest. However, under a purchase agreement there is no advantage in applying before the last of January. Under either plan the wheat may be sold at a higher price if the cash price should go above the guaranteed government figure. In case of a loan, the loan plus interest must be paid first, of course.

Support guarantees were announced early last fall on wheat. The exact loan rate just released for wheat is \$2.18 a bushel, based upon 90 percent of wheat parity price as of July 1. The support price in Michigan varies by counties from \$2.16 per bushel for northern counties to \$2.23 per bushel for southern counties, based upon No. 1 wheat.

Standard discounts apply to lower grades, provided the wheat is at least No. 3 quality or better, or No. 4 or 5 quality because of test weight only.

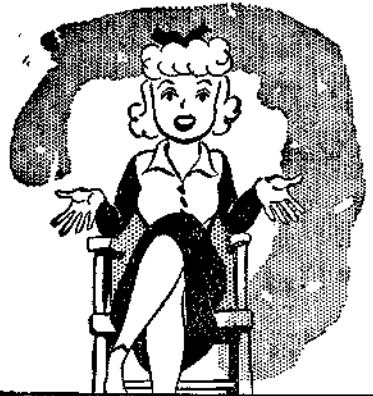

### Near Record Low

While American families borrowed half a billion dollars on their life insurance policies during 1950, the ratio of outstanding loans to loanable funds at year-end was very near the record low which has held for four years, the Institute of Life Insurance reports.

### Grow Your Own

When food was dirt cheap, it hardly paid the home owner to raise his own. Today, however, with the prices of fresh and canned fruits and the less-common vegetables soaring, home-grown food can make a big difference in the family food bill.

### WHIZ AT FIGURES

A pretty girl taking public-service examinations had this problem put to her: If a man buys an article for \$12.25 and sells it for \$9.75, does he gain or lose by the transaction?

The young thing pondered deeply, then answered: "He gains on the cents but loses on the dollars."

### Needs Protection

Billy Brown, unsuccessful candidate for police chief of Butternut Corners, was seen shortly after elections striding down the main street with a long-barreled pistol in his hands.

"Hey," called one of the town constables, "what are you parading around with a gun for?" You weren't elected police chief!" "I know that," countered Billy. "I only got seven votes out of 3,000, and if that's all the friends I've got in this town, I need a gun!"

"Nothing beats an **ELECTRIC Range**," say the Priddys

Evelyn and Jerry Priddy are ardent fans of electric cooking.

"It's tops in my league," says Jerry. "Man, how you can broil a steak with an electric range!"

"Broiling, baking—it's ideal for every purpose," insists Evelyn. "And an electric range is a real work-saver. My kitchen stays so nice and clean... and cool, too."

Take a tip from the Priddys and go electric. Visit your nearest appliance dealer now.

### STUFFED PEPPERS

Jerry's "Home Run" Recipe

6 medium-sized green peppers  
2 cups cooked ground meat (or leftover meat, diced)  
1 1/2 cups cooked rice  
1 large onion, ground  
1/2 can tomato soup

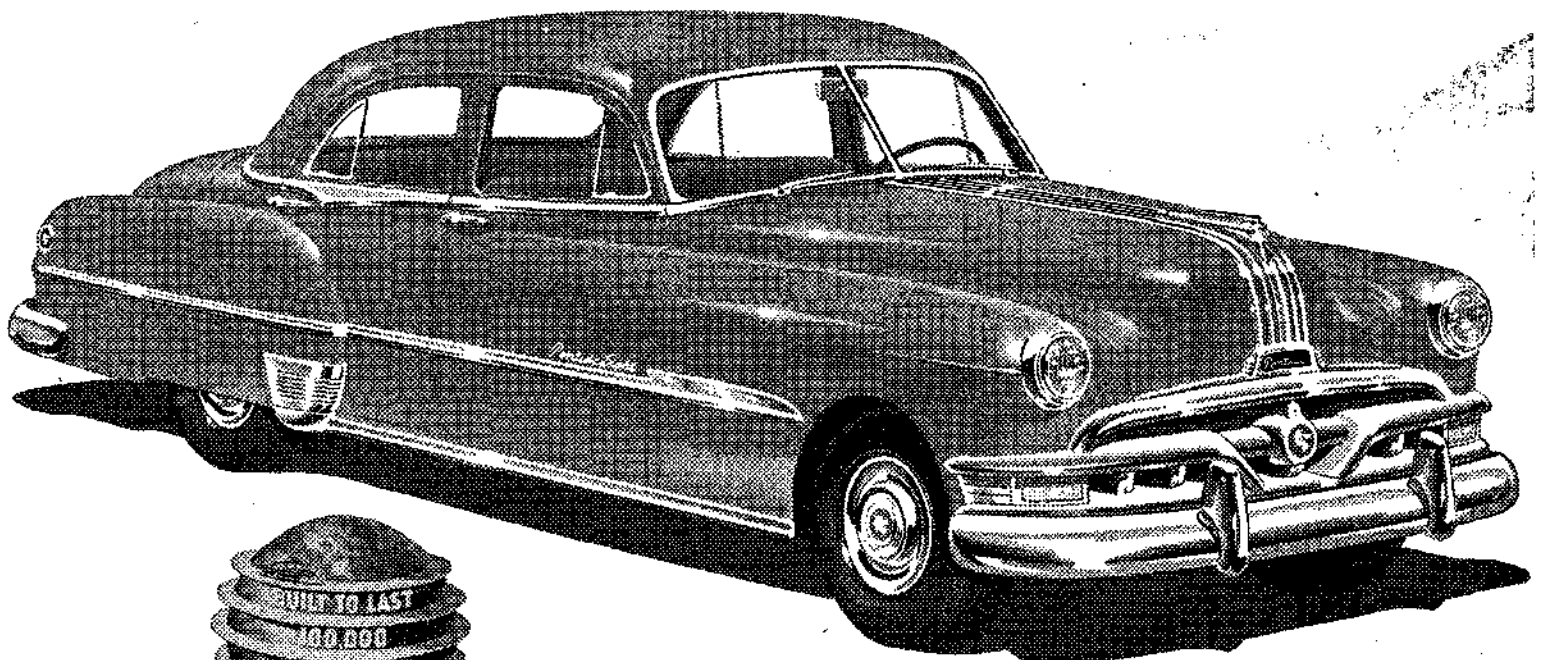

1 1/2 tsp. salt  
1/4 tsp. pepper  
1/4 cup water  
4 cups uncooked carrots  
1 1/2-inch slices  
1 tbsp. Worcestershire sauce

Cut tops off peppers, take out the seeds, then wash. Mix all ingredients together except carrots. Stuff peppers up in skillet and fill center of skillet with uncooked carrots. Season these with salt and pepper, pour over 1/4 cup water, then place cover on skillet. Turn current to High position and cook 35 minutes.

## You Couldn't Make a Smarter Buy!

BEFORE you make any deal on a new car, remember this:

One of the most important things you buy when you buy a new car is its name!

Just think for a minute what the Pontiac name means:

It means a car so thoroughly good it will give you years of carefree pleasure.

It means performance so fine

you will look forward to every minute behind the wheel.

It means a car so beautiful it stands apart from everything else on the road.

The name Pontiac on your car means you are buying from a dealer who takes pride in the car he sells, the service he provides and his place in the community.

Come on in and talk deal—see how easy it is to own a Pontiac.

FROM THE FILES OF THE CHRONICLE

Thirty-five Years Ago.

Treadgold's Drug Store has since Monday been under a new ownership, the stock and fixtures having been sold to G. H. Burke by Dr. A. M. Treadgold, who retires from the drug business and will give his entire attention to his medical practice.

Edgar Pelton, whose home is five miles south and one-half mile east of Cass City, was the victim of an accident Thursday which makes him a blind man for the rest of his life. While drawing in hay, he fell from the load and struck a broken piece of ladder, gouging out his right eye. Mr. Pelton had been blind in his left eye.

At a meeting of the board of directors of the Farm Produce Co. held Saturday evening, N. A. Perry was elected president, W. J. Schwegler, vice president; Geo. Hall, secretary; and I. K. Reid, treasurer.

Twenty-five Years Ago.

Cass City defeated Bad Axe for the Thumb championship Thursday, June 17, at Bad Axe. The score was 7-4.

An old-fashioned horse-pulling contest will be an attraction at the Cass City Fair the third week in August. Cash prizes will be awarded to winners in the two classes, lightweight and heavyweights. The contest will be held under the direction of J. D. Tuckey.

Grant Ball, a member of the 4-H Club, is the proud owner of a Jersey heifer purchased from the Fordney Dairy Farm of Saginaw.

A quiet wedding took place Wednesday, at the Mennonite parsonage when Miss Myrtle Bullock and Mr. Clark Montague were united in marriage by Rev. A. G. Herman.

Ten Years Ago.

Andrew T. Barnes, Cass City, contractor completes the longest bridge in Tuscola County. The contract price of the bridge was \$72,300.00 and was built with a combination of federal and state funds. The bridge is one of the finest in the state, a state highway man said recently.

According to the school census in Tuscola County, out of 15 districts with graded schools, 10 show less children of school age in 1941 than a year ago, four show gains in school population and Fostoria had exactly the same number both years.

The installation of a new grain cleaner, new spouting and a new dust box are included in a complete overhauling of the grain elevator of the Farm Produce Company. Several individual motors were also installed.

Five Years Ago.

The annual Copeland reunion which is held the third Saturday in July each year at Caseville attracted more than 100 relatives on Saturday. Mrs. Wm. Mills, of

Ubly, was chosen president for the coming year, and Geo. Copeland, of Cass City the secretary-treasurer.

Mrs. Mary Jane Crane, 72, a lifelong resident of this community passed away Friday evening in her home after a six months' illness.

Paul Murray had the misfortune to have five valuable Holstein cows killed by lightning during a recent storm. The five cows were in a

field under a maple tree which showed only a small damaged streak from the lightning. Insurance was carried on the animals.

## Personal News and Notes from Deford

### Church Activities—

On Saturday, around 80 from the Deford church community went to Caseville for their picnic. Although it was rainy looking when we left our homes, and most of the group drove through driving rain, the weather man did favor the picnic. There was enough sun to make the picnic dinner and games could be enjoyed. Some went bathing, even though there was more rain. Before leaving for home, ice cream and cake were enjoyed by persons at the picnic.

On Sunday evening, the Bible School workers and the children presented their final program for this year. Mrs. Kenneth Churchill as director, Miss Smith, Mrs. Farley Kelley, Mrs. Arleon Retherford, Mrs. Gerald Hicks, Mrs. Earl Rayl and Marilyn Rayl as helpers, as well as Mrs. Robt. Phillips, Mrs. Norman McQueen and Miss Harriet Warner assisting. The main points stressed were on the "Creation" and "What and Why We Worship."

The mid-week service Wednesday, 8:00 p. m. Interest fine but would be "finer" were you with us. Family Fellowship Night for young and old around Deford will be this Friday night at the Earl Rayl, Sr., home. May we welcome you?

The business and social gathering of the Young Group was held with Carolyn and Marilyn Rayl on Monday evening. The officers elected are: President, Arleon Kelley; vice president, Virginia Vandemark; secretary, Carolyn Rayl; treasurer, Doris McQueen; worship chairman, Kenneth Touseley; recreation chairman, Ellen

Sickler; counselor, Harriet Rayl. It was moved that the president and counselor appoint the pianist and the song leader. Miss Smith extended a hearty invitation to the group to meet with her at the parsonage the third Monday night in September. Recreation under the leadership of Arleon Kelley and refreshments of a wieners roast and Koolade were much enjoyed.

W. C. T. U. for August will be held at the home of Miss Harriet Warner Aug. 2 at 2:00 p. m. Election will be the main issue of the day and friends are urged to come. On Tuesday evening, July 17, the baseball teams of the Baptist and Deford churches contested again. After the game, the group gathered again on the lawn of the Warren Kelley home for fellowship and refreshments. There was a message given and songs sung during the evening, making it a full event.

Mr. and Mrs. Earl Moines of Royal Oak visited from Wednesday until Sunday at the homes of Lloyd Hicks, Wayne Ego and Mrs. Carrie Lewis.

Mrs. Wayne Ego and children are spending this week with Wayne, in Detroit, at the home of Mr. and Mrs. Frank Ego.

Mr. and Mrs. Kenneth Berry and sons of Sheppard, Michigan, visited at the home of Mrs. Carrie Lewis on Sunday.

Mrs. Louis Sherwood is spending some time with her daughters and their families, Mrs. Paul Moore of Royal Oak and Mrs. Ray Hamlett of Pontiac. Mr. Sherwood, who accompanied her, returned home on Sunday.

Sunday guests at the Kenneth Kelley home were Mr. and Mrs. William Dalton of Detroit and Mr. and Mrs. Robert Bills and daughter, Sherry, of Caro.

Mrs. Philip Retherford and son, Eddie, are visiting this week at the Port cabin at Mio.

Mr. and Mrs. Ollie Spencer called on friends at Fairgrove on Sunday.

Mr. and Mrs. William Clark and family spent the week end at the William Kelley home.

Mr. and Mrs. Don Hendrian of Detroit visited Mrs. Hendrian's parents, Mr. and Mrs. Ray Kilbourn, on Sunday.

Mrs. Carrie Lewis attended the burial of her cousin, Mrs. Margaret McCrea, of Detroit, at the Almer cemetery Monday afternoon.

Philip Retherford acted as substitute mail carrier for Norman Ruggles last week.

Mr. and Mrs. George Jacoby called on Mr. and Mrs. Rush Wilcox of Tuscola Sunday. Mr. Wilcox has been ill for several weeks. Bobby and Danny Jacoby spent the afternoon at the Max Valentine home in Millington and visited with Danny Alcantar, who is staying at the Valentine home.

Miss Alnita Wagner of Auburn Heights is spending her summer vacation with her aunt, Miss Belle Spencer.

Mrs. William Phillips and sons, Gary and Larry, visited her sister, Mrs. Melvin Phillips, Monday and Tuesday of this week.

Mr. and Mrs. Hugh McColl of Cass City called at the George Roblin home Sunday.

Mr. and Mrs. George McArthur and children, George and Jean, of Detroit, and Jackie McCaslin of Rochester visited at the John McArthur home Saturday and Sunday.

Mr. and Mrs. R. E. Johnson spent the week end at their cottage at Chippewa Lake.

Mrs. Ray Witse and Mrs. Harold VanConat and daughter of Clifford called at the Belle Spencer home Wednesday, July 18.

Mr. and Mrs. Burton Allen and children left Sunday for a two weeks' vacation at Kansas City, Missouri, Langdon, Kansas, and the Ozarks. They were accompanied on the trip by Allen Hildinger of Caro.

Mrs. George Jacoby and Mrs. Joe Schuler were shoppers in Detroit on Friday.

Guests at the Gordon Holcomb home over the week end were his mother, Mrs. W. M. Holcomb, and three brothers, Martin, Duane and Herb, wife and three children, all from Detroit.

Mrs. Gordon Holcomb attended a bridal shower in Detroit Wednesday evening in honor of Gordon's brother's fiancée.

### Collector's Choice

A hardware-supply house found one dealer particularly backward about settling his account. Letter after letter, first polite, then threatening, was dispatched, to no avail. At last a representative went to see him and asked, "Why haven't you sent us any money? Things going badly?" "Oh, no," was the cheerful reply. "Everything is fine. But those letters of yours were so good I copied them and sent them out to my delinquent customers, and they have brought in nearly everything that is owing me. I felt sure there must be another letter or two, so I was holding back until I had your entire series."

Mr. and Mrs. Glen Deneen, Miss Patsy McQueen and Mr. and Mrs. Harold Evans returned on Monday from a trip to Camp Breckenridge, Kentucky, after visiting Patsy, Glen Deneen and Garry Evans. The entire group, plus Pvt. Jim Felske (and his accordion) from Reese, visited the Kentucky Dam and Reservoir, one of the world's largest man-made lakes, crossed the

Mississippi River which is at flood stage now, journeyed into Illinois and had a thrill while being ferried across the Ohio and having the ferry run aground and unable to get close enough to the dock to unload. Even though it was 110 degrees in the shade, everyone had an enjoyable trip.

Mr. and Mrs. George Seeley of Cass City and Mr. and Mrs. Arthur Ewald of Pontiac spent a few days in Grand Rapids, visiting Mr. and Mrs. Roland Ewald.

## Do You Understand Your Watch's Movement?

Very few people who own watches understand the delicacy and intricacy of a watch movement. Watchmaking is a science which has been constantly developed and improved for over four hundred years.

## Your Watch Travels 4000 Miles

The balance wheel of your watch revolves 18,000 times every hour, 157,680,000 times a year. If this wheel were rolling in one direction, it would travel nearly 4,000 miles in one year.

## LET McCONKEYS CLEAN AND OIL YOUR WATCH

You change the oil in your automobile every 1,000 miles. Why not oil your watch every 4,000 miles.

Have McConkey's clean and oil your watch at least once a year. Proper lubrication and cleaning will prevent many faults which will otherwise stop your watch.

Prepare Canning Vegetables Correctly  
(See Directions Below)

### Processing Vegetables

IT'S EASY to bring the garden vegetables to the table, even in mid-winter, if you put them into jars now. Then, when you want them, they'll be at your beck and call, providing menu inspiration as well as nutritious food for the family.

Canning is no problem if you organize the work properly and avoid doing too much in a half day or a whole day. Lack of efficiency causes food to spoil before you get it properly processed and causes loss all along the way.

Do only as much as you can accomplish easily, and you'll cut down opportunity for spoilage. Then, too, you can do another batch of foods the following day without letting them over-mature in the garden.

Try to estimate the amount of time required to prepare and process the vegetable, as well as the amount of produce you'll have, so there's no trip necessary to the store to buy more jars while the vegetables wait, and probably spoil. There should be no time lost in the canning procedure, for spoilage may result, and certainly loss of food value, flavor and color.

It's smart not to plan any other big jobs for the day you can, as best results come from devoting yourself exclusively to this particular enterprise. Plan a simple dinner, and prepare in advance, if possible, so that nothing except the slightest and most unexpected interruptions can intervene.

### How to Select, Prepare Vegetables

**TENDER, YOUNG VEGETABLES** give the best results when they are canned because they can be processed more readily, and their flavor is at peak. They should be washed very thoroughly in plenty of water to remove all dirt, as soil frequently contains bacteria which may cause spoilage.

For washing, use a sink which can be stoppered, as it holds plenty of water, or a large basin or kettle. If you can spray the vegetables with water, this helps to get them clean. Use several changes of water, until it runs clear.

If the vegetable is to be canned whole, it's best to sort according to size, as this will give a better looking pack. It also helps during processing, as a larger vegetable takes slightly longer processing, and this would overcook the smaller vegetables if placed in the same jars.

Tomatoes, beets and carrots should be blanched by plunging into hot water, then dipped in cold water. This shrinks the skins and makes for easier peeling.

Hot pack is usually preferred for vegetable canning because it shrinks the vegetable before packing, and make more fit in the jar. To hot pack, cook the vegetable for a few minutes, according to the chart, before packing in the jars.

Peas, corn and lima beans should be packed in the jars somewhat loosely, and to within one inch of the top, as they will swell during the processing. Greens, such as spinach, kale and others, should also be packed somewhat loosely to allow the heat during processing to penetrate them properly. All other vegetables should be packed tightly so that the jar will be full, after processing time is over.

**Use of Pressure Cooker Helps Assure Safety**  
**VEGETABLES BELONG** to the non-acid group of foods, and this means that, to be canned with safety, they should be processed at high temperatures for a long period of time.

The pressure cooker should be fitted with a rack at the bottom, a tight cover that will hold in the steam, a petcock and a pressure gauge that will give accurate temperature for processing.

To use the cooker properly, place an inch or two of water in the bottom, and the filled jars on the rack. Prepare only enough jars to fill the cooker. Adjust the cover and fasten tightly.

The petcock should be left open to release air in the cooker, for five to seven minutes. Then close the petcock and allow the temperature to come to the desired amount. Start counting processing time only after the desired temperature is reached.

When processing time is complete remove the cooker from the fire and let the pressure return to zero before removing the cover.

Remove jars from the cooker and set on several thickness of cloth or newspaper. If the self-sealing variety is used, the lids should not be tightened or adjusted. Let these cool in the upright position, away from a draft. Store in a cool, dark place.

## WHAT DO YOU KNOW?

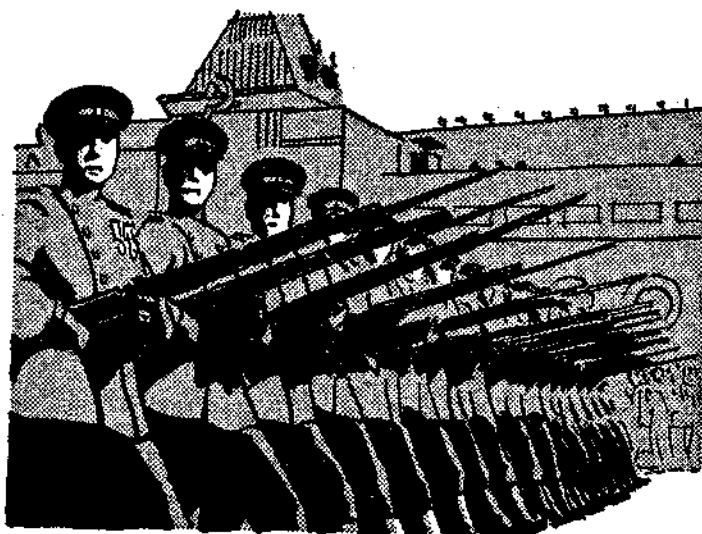

**Q: How can one save money building a house?**

A: A house you build with your own hands costs half as much as one you have built to order, according to Paul Corey in a condensed article from his book, "Homemade House." In the past 30 years Corey and his wife have built by their own labor, and without any previous building experience, four attractive, livable houses. Corey makes the work sound like fun. He claims that previous experience and skill are not the prerequisites to building a homemade house; all you need is the real desire for a home and the ability to plan and work.

**Q: How smart can a dog be?**

A: T. H. Tracy in a condensed story from his "Book of the Poodle" tells us that there is little truth in the story of the actor who played cards with his dog, yet didn't believe the canine smart because it never won a game. However, Mrs. Milton S. Branger of Philco Kenil, New Jersey, says she owned a dog who, if it could play cards, was smart enough to win nine out of ten games. This dog, "Rumpelstiltskin," otherwise known as

**Q: Why isn't Stalin Assassinated?**

A: No one gets the chance, according to Ellsworth Raymond, in his American Magazine article which explains the rotated guard under which no sentry knows his station in advance of taking it. Streets are cleared when Stalin's armed motorcade rolls by; visitors, even high Red officials, are searched and men, planes and equipment on occasions of Red Square parades are scrupulously disarmed. Troops may have guns but no ammunition, Raymond says.

"Curly" welcomed all guests, hung up their hats and put away their gloves. Curly also cleared the table after meals, transporting half-filled coffee cups from dining room to kitchen drainboard without a single error. This poodle was a parlor entertainer, a hunter and a watchman and romped off with top dog honors in all-breed shows throughout the country.

**Q: Do American Indians have a sense of humor?**

A: In an article in The Survey, Joseph Stocker tells of an official politician who became an Indian-Agency superintendent, and asked his Indian charges the meaning of the name they had given him. "It means," the Indians explained, solemnly, "The Man Who Scratches His Belly When He Walks." Affronted and indignant the disliked agent demanded it be changed, so the Indians obliged with another, which when translated meant: "The Man Who Does Not Scratch His Belly When He Walks."

### Top Railroad Span

What's the longest railroad bridge in the world? Diligent search into the records reveals that the Lower Zambezi bridge is 12,064 feet long. This bridge cost \$10,000,000 to construct, at a time when a dollar bought a dollar's worth. It took three-and-a-half years to build.

### LET'S GET THIS STRAIGHT

Two thoroughly inebriated men were driving like mad in an automobile. "Shay," one fumbled his words, "be sure to turn out for that bridge that's comin' down the road toward us."

"What do you mean, me turn out?" the other retorted. "I thought you were drivin'."

**ORDER FOR PUBLICATION.**  
State of Michigan, the Probate Court for the County of Tuscola.

At a session of said Court, held at the Probate Office in the Village of Caro, in said County, on the 24th day of July, A. D. 1951.

Present, Hon. Almon C. Pierce, Judge of Probate.

In the matter of the Estate of Joseph Vampell, Deceased.

Albin J. Stevens having filed in said Court his petition, praying for a re-appraisal of the interest of said estate in certain real estate therein described.

### Sandpaper Sagacity

Before using new sandpaper, rub two pieces together to remove coarse grains of sand. Never tear sandpaper. Cut it. Where rough paper has been used, always follow up with a fine sanding. Use only the finest sandpaper between paint coats.

### Household Hints

Extra vitamins and minerals may be worked into a sandwich by creaming the butter with shredded watercress, parsley, lettuce, or cabbage.

### Mexican Industry

Mexico is the world leader in the production of silver and sisal hemp and chicle, a chewing gum ingredient.

### Ice Those Batteries!

Because heat and low humidity deteriorate dry cell batteries, consumers can keep surplus batteries best by storing them in a refrigerator, preferably in a container but not tightly sealed.

### Heavy Toll

According to medical researchers, an estimated 800,000 persons in the United States are totally or partially disabled by arthritis.
