

New Mission at Mayville

Father Bozek Announces Change in Church Services

Father John Bozek has announced that there will be changes in the pastors and the hours of service at Catholic Churches in the area and added that there will be a new mission at Mayville.

Beginning Sunday, the hour of Masses will be at 8:00 a. m. and 10:00 a. m. on Sundays and at 6:00 a. m. and 9:00 a. m. on Holidays of Obligation at the St. Pancratius Church in Cass City.

Novena services are on Friday evenings at 8:00 p. m. and confessions every Friday after the Novena services. Confessions will also be held every Saturday from 9:30 to 4:30 p. m. and from 8:00 to 9:00 p. m.

Father Bozek announced that in the future he will be in charge of the St. Pancratius Church alone—giving up his mission at St. Michael's Church, Wilmet, which has been under his supervision for 10 years.

Rev. S. Haremski will succeed Father Bozek at St. Michael's Church and will be in charge of the new mission at Mayville. The new mission will be under the patronage of St. Joseph.

Father Haremski announced that the order of Masses in Wilmet will be as follows, beginning Sunday, Oct. 28: 7:30 and 11:00 a. m.

At St. Joseph's Church, Mayville, there will be one Mass at 9:30 a. m. The Mayville services will be conducted at the theatre there.

Three Cass City Residents at Albion

According to the Albion College News Service and college registrar, Marvin Pahl, three residents of Cass City are among the 1010 students enrolled at Albion College this fall. They are the following: James Baker, son of Mr. and Mrs. Edward Baker, a sophomore; John Douglas, son of Mr. and Mrs. Earl Douglas of 4607 North Seeger, a junior; John Sommers, son of Mr. and Mrs. Joseph D. Sommers, a senior.

Former Cass City Farmer Lauded For Work Near Alpena

A former Cass Cityite is doing all right farming near Alpena, Michigan, according to a recent story in the Alpena paper. The farmer is Ernie Goodall.

The progressive farmer has one of the outstanding farms of the area. It is the only completely tiled farm in the county. The Goodalls are the only certified seed grain producers in their county this year.

According to the article, the former Cass Cityite has a modern farm grain storage that can store 9,000 bushels—and all the bins are filled and emptied by mechanical elevators.

The County Agricultural Agent Ralph Trafelet announced that a field of certified Morrie barley on the Goodall farm yielded 533 bushels on seven and one-half acres, one of the largest barley yields ever recorded in that county.

Besides the barley, the farm produced 900 bushels of Yorkwin wheat on 20 acres and averaged 65 bushels per acre on 16 acres of certified Eaton oats. It has an additional 80 acres of uncultivated grain and eight and one-half acres of field peas.

MacPhail Elected

Albert A. MacPhail, Cass City, who received a bachelor of science degree from Michigan State College in 1950, has been elected vice president of the sophomore class at the University of Michigan medical school. MacPhail is a member of Alpha Kappa Kappa, medical fraternity.

Art Club Meets

Twelve members attended the meeting of the Art Club Wednesday night at the home of Mrs. Ernest Reagh where games were played under the direction of Mrs. London. An excellent supper was served with Mrs. Karr and Mrs. Simmons acting as assistants. The next meeting will be at Mr. London's, Nov. 14.

New Track Squad Wins Second Meet

The new Cass City High School cross-country track team won a triangular meet at North Branch Tuesday—the second meet that the green squad had ever participated in.

Competing against Croswell-Lexington and North Branch, the Hawk runners came in first with 36 points, followed by North Branch with 40 and Croswell with 44.

Dean Kritzman, running the two-mile cross-country for the second time, came in first in 12:6 and Arleon Kelley copped a third place for Cass City.

Croswell, who was favored to win the meet, suffered a severe blow when their ace runner, Sid Turner, twisted his ankle and was forced to withdraw from the race.

Kelley lost a shoe in the race and ran three-fourths of the distance over gravel with one shoe on and one off—a feat which takes plenty of raw courage.

Other members of the eight-man track squad which raced Tuesday included Ed Nemeth, M. Cook, Jim Ware and Bill Martus.

Spot Check Reveals More Hunters in Area This Year

A spot check taken from four Cass City stores Wednesday indicates that the 1951 pheasant season is producing more hunters than the 1950 season—if the number of licenses sold here are any criterion of the number of hunters in the area.

Of the four stores checked, three reported more licenses sold and the fourth stated that their sales were about the same as in 1950.

The Western Auto Associate Store and Albee Hardware both sold out their complete stock this season while Bishop Hardware reported an increase in sales. Hulien's said their sales corresponded with last year.

The army of hunters that descended on the area generally reported good hunting and nearly all the nimrods had at least one bird to their credit after checking in from the fields Monday night.

There were no hunting accidents reported in the area through Wednesday evening, although several farmers complained of hunters ignoring signs and entering posted fields.

Sunday Official CROP Day in County

Tuscola County is observing Sunday, October 21, as official CROP Sunday together with Michigan and the entire nation. After that date solicitors will canvass the various townships of Tuscola County for donations in commodities or in cash. Tuscola and Huron counties are cooperating this year in sending a carload of beans.

All cash donors are requested to make their check payable to and mail to: Mr. Henderson Graham, CROP Treasurer, Caro.

The tremendous need for continued aid to refugees and homeless families in Western Germany is shown by firsthand information from the local County Agricultural Agent, Mr. Alfred Ballweg, who spent the summer of 1950 working in the State of Hesse, Western Germany, as a consultant in agricultural Extension Work. Says Mr. Ballweg: "Mr. Ludwig Otto, a farmer in southern Hesse, told of paying \$10.00 per acre land tax. On his farm he had a large home. He had three other families in this home besides his own—9 adults and 11 children. He had no choice but to accept these other families into his home. Income for work on farms in Germany is pitifully low. In many instances only 5c to 10c per hour."

Fire Department Kills Blaze After Five-Hour Fight

The Elkland Township Fire Department battled a strawstack fire at the home of M. Rockwell, eight miles east and two miles south of Cass City, for five hours Monday before subduing the blaze that threatened the barn at the farm.

According to Bud Burt, fireman from the Elkland Township Department, only quick action on the part of neighboring farmers saved the barn. The farmers followed instructions printed recently in the Chronicle and brought milk cans full of water and kept the blaze under partial control until the firemen arrived on the scene.

Even with the excellent cooperation of the farmers, large property damage was averted because of the wind blowing away from nearby buildings.

To assist the Elkland Township Department, the Snover Fire Department was called and also helped put out the blaze.

Eastern Stars Elect Officers Tuesday

Gifford Chapter No. 369, Order of Eastern Star, elected officers at the regular meeting of the chapter Tuesday evening. Elected were: Worthy matron, Mrs. Clayton Root; worthy patron, Lloyd Albrecht; association matron, Mrs. Howard Loomis; associate patron, Edmond Good, Sr.; secretary, Mrs. Wallace Laurie; treasurer, Mrs. John Doerr; conductress, Mrs. Preston Fournier; associate conductress, Mrs. Lloyd Albrecht.

Installation of officers, with Mrs. Archie McLachlan officiating, will take place Saturday evening, Oct. 27.

Mrs. Howard Helwig, retiring matron, presented her officers with gifts.

Refreshments were served by Mrs. Howard Loomis, Miss Bernice Clara and Philip McComb.

Community Chest Drive Starts With Kick-Off Dinner

More than 50 persons attended the kick-off dinner at the New Gordon Hotel Wednesday night to prepare for the most intensive drive in the history of the Elkland Community Chest Drive here.

Citizens of Elkland Township will be called on to give more generously than ever before, if the quota set for the chest is reached this year.

Because of an addition in the number of charities and the increased services offered by many of these charities, the drive will have to net 10 per cent more this year than in 1950.

According to President Dr. Delbert Rawson, the drive netted \$4,800 last year. Over \$5,000 will now be needed to carry the load.

The president points out that persons in Elkland Township should remember that the Community Chest is designed to take care of all charities at once, so when a volunteer knocks at your door, remember that this will be the one organized drive for funds in the township. The money you give will take care of all organizations for the 1951-52 period. The drive will be in progress until Oct. 31.

Coming Auctions

Steven Beno will hold a sale Saturday, Oct. 20, at his farm one mile north and one-half mile east of Cass City. On Wednesday, Oct. 24, Raymond D. Webster will sell his personal property because of poor health. The auction will be at his farm three miles north of Verona on Angling Road.

Francis Champagne will sell his cattle, feed and equipment on Thursday, Oct. 25, at his farm four and three-quarter miles west of Hemans.

The Huron County Beef Producers will hold their annual sale of registered beef and dual purpose cattle at Soldiers' Field in Bad Axe on Saturday, Oct. 27.

Honored on Anniversary

Mr. and Mrs. Elmer Hawksworth, who were married Oct. 23, 1901, will mark their fiftieth wedding anniversary this Sunday with an open house from 2:00 to 6:00 p. m.

Many friends and relatives are expected to be on hand to help the couple celebrate their golden wedding.

Mr. and Mrs. Hawksworth will celebrate their anniversary in the home where Mr. Hawksworth was born and where the couple have spent their entire married life.

Miss Ida Speirs and Elmer Hawksworth were married by Rev. Bircham, the Methodist circuit pastor, in 1901. To be at the ceremony, Mr. and Mrs. Hawksworth recalled that the pastor walked nine and one-half miles, performed the ceremony, and walked back to his home in Ubyly.

The couple have two children, Mrs. Cletus (Leona) Morell, Cass City, and Archie Hawksworth, Pontiac. The couple also have seven grandchildren and two great-grandchildren.

Joan Green Wins Contest to Select Football Queen

Students of the Cass City High School chose Joan Green, a junior as queen for the annual Homecoming game to be played this year against Caro, Nov. 2.

Miss Green will have Bonnie Benkelman, a senior, and Gale Lester, a freshman, as members of her court. The trio were awarded the most ballots in the voting from among ten students selected to participate in the final voting Wednesday morning.

According to school authorities, who counted the ballots, voting was exceedingly close among the ten finalists.

Miss Green will be crowned in pre-game ceremonies and will lead a "snake" dance Friday afternoon, Nov. 2.

Members of the Gavel Club, who are in charge of home football games here, are expected to have gifts to present to the queen and her court the night of the Caro game.

Plan Policy Talks At Caro Wednesday

Matters of public policy ranging from socialism, big business and big government to morals, ethics and free enterprise will be discussed at 10 meetings throughout the lower peninsula in late October and early November.

Representatives of all groups that make up the community are expected to take part in the public policy meetings, sponsored by the Cooperative Extension Service of Michigan State College.

The meeting for Tuscola County folks will be held at Caro in the court room of the courthouse, Wednesday, Oct. 24, according to Alfred P. Ballweg, county agricultural agent.

They point out that there seems to be a general feeling of alarm over such questions as "Are we drifting toward Socialism?" Those who want to "do something" about this situation are finding the problem exceedingly difficult to come to grips with.

It is to point up some of the problems involved in this alleged "drift" of ours that the public policy conferences have been planned, M. S. C. extension leaders point out.

Gavel Club Sees Jet Propulsion Film Tuesday Evening

Howard Wooley was program chairman at the regular Tuesday evening meeting of the Gavel Club held at the Home Restaurant.

Members discussed methods of improving the service at home football games which is under the supervision of the club. It was decided to have more men on duty to speed entrance at the gate for the homecoming game with Caro, Nov. 2.

To eliminate crowding on the sidelines during the game, the Gavel Club intends to ask the Scouts to be on hand to control the situation.

After the business meeting, members saw a film on Jet Propulsion.

Medical Society Fetes Dr. Geo. Bates

Dr. George Bates, Kingston, was honored on his ninetieth birthday by the Tuscola County Medical Society at the organization's regular monthly meeting at Caro, Thursday, Oct. 11.

He was given presents and a large birthday cake decorated the table in his honor. Dr. Bates has practiced many years in Kingston and is well-known to families in that area. Despite his 90 years, he is in good physical condition. Mrs. L. A. Maynard, Dr. Bates' sister, accompanied him at the meeting, Thursday.

Grover Burke Tells Rotarians of Early Cass City History

Grover Burke, pioneer resident of Cass City, entertained the Cass City Rotary Club at their noon luncheon meeting at the New Gordon Hotel Tuesday noon.

Mr. Burke recalled conditions and events in Cass City from the time he came to work here until the present day. For many years Mr. Burke owned and operated the drug store where Mac and Scotty is today.

After telling of his experiences since he retired, Mr. Burke explained his large and varied shell collection which was on display for members of the club.

Most of the shells were gathered in Florida and the collection included shells of nearly every type and size. Mr. Burke pointed out to Rotarians that shell collecting is one of the oldest hobbies in the world.

Many Attend Fiftieth Anniversary Party

One-hundred and fifty friends and relatives gathered at the farm home of Mr. and Mrs. Charles Seekings Sunday afternoon to help the couple celebrate their golden wedding anniversary.

A four-tier wedding cake of gold and white centered the table from which ice cream, tea and coffee were served by Mrs. Wallace Laurie, Mrs. Mose Karr, Mrs. Garfield Leishman and Mrs. Theo. Hendrick.

Guests attended the affair from Detroit, Freeland, Pontiac, Lake Orion, Flint, Croswell, Owosso, Caro and Cass City. They showered the Seekings with many gifts, including money and cards.

Auten Exhibits Coins, Stamps at Post Office

M. B. Auten has placed at the post office a display of gold coins and unusual uncanceled stamps from his large stamp collection.

The coins range from a tiny 25c piece to a \$20 gold piece, which is a little smaller than a current half-dollar.

Besides these two, there are coins worth 50c, \$1, \$2½, \$3, and \$5.

The stamps on display are all American issues that Mr. Auten has acquired through many years as a stamp collector.

Guest Day Slated For Farm Bureau

Guest Day for the Sanilac County Farm Bureau women will be held at the Sandusky High School, Friday, Oct. 26, beginning with a potluck dinner at 12:30 p. m.

Mrs. Marjorie Karker, State Director of Women's Activities, is one of the speakers scheduled for the program. Another speaker will present an address on Narcotics, according to Mrs. B. Kritzman, publicity chairman for the Sanilac group.

All Farm Bureau women are invited to attend and bring an urban guest.

Three Cass Cityites Attend Meeting

The second annual meeting of the Flint Presbyterian Council of the National Council of Presbyterian men was held Sunday afternoon and evening in the Presbyterian Church at Marlette. Dr. K. I. MacRae, Arthur Holmberg and Arnold Fischer attended from the local church. Registration took place at three o'clock followed by a song service and afternoon session.

Election and installation of officers took place between sessions. Bruce T. Hodgkinson of Marlette is the president. Other officers are: Vice president, Thomas Campbell of Bad Axe; secretary, Calvin MacRae of Greenleaf and treasurer, Arnold Fischer of Cass City.

The next meeting of the executive committee will be Dec. 2 at 3:00 p. m. in the Marlette Presbyterian Church.

Hawks Come from Behind To Whip Bad Axe, 13-7

End Bob Wallace made two touchdown sprints Friday night to avert an upset defeat at the hands of Bad Axe at the Cass City Recreation Park, as the Hawks came from behind to continue to roll toward an undefeated season. The score was 13-7.

Bad Axe charged 64 yards on a sustained drive the first time they got the ball to go into the lead that Cass City was unable to erase until the dying moments of the second quarter.

Sticking to the ground all the way, the Huron gridders, helped by a 36 yard dash by halfback "Doc" Rogers, moved to the Cass City eight-yard line from where John Belev ran over. Belev also plunged for the extra point.

A few minutes later, Tom Schwaderer fumbled deep in his own territory and Bad Axe recovered. After moving for short gains through the line, Bad Axe was penalized 15 yards to end the threat. The opportunity was the last for Bad Axe Friday evening as the Hawk's defense stiffened and kept them from staging a sustained drive.

Meanwhile, Bad Axe was stalling the Cass City attack and looked as if they might make the seven points hold up for victory.

But after exchanges of punts, Wallace and Schwaderer drifted back into double safety to take another kick. Wallace received, criss-crossed with Schwaderer and faked a hand-off and went galloping down the sidelines 70 yards to score. The blocking was perfect and not a Bad Axe tackler touched Wallace. If he had been jarred by a hard tackle, he probably would have fumbled as he failed to have a good grip on the ball and juggled it like a hot potato all during his touchdown jaunt. The Hawks received two chances to tie the game with a successful point after touchdown, but failed in both attempts. Pete Martin's kick was low and an attempted pass by Schwaderer went astray after Bad Axe was caught in an infraction of the rules.

The Hawks started their winning drive in the dying moments of the

The Cass City Chapter of the Future Farmers of America announced today that they are sponsoring a corn contest for farmers who live in the Cass City area.

According to Roy Benson, FFA advisor and local agriculture teacher, the contest is open to everyone—adults and children alike. It is very easy to enter the contest. All that is necessary to do is to find the best ten ears of corn you possess and take them to the agriculture room at the high school.

Then, at a date to be announced later, the corn will be judged by an authority who will be selected in a few days. The local FFA chapter is offering five prizes with a total value of \$20 for the exhibitors with the best display of corn. First prize will be seven dollars, second prize is five dollars, third, four dollars and fourth and fifth place winners will receive two dollars each.

All exhibitors in the contest must have their corn at the high school by Nov. 15, deadline, to be eligible to compete for one of the prizes.

The FFA boys stated that this contest is open to everyone and is not restricted to FFA members or 4-H club workers. The boys would like to have as many exhibits from as many different farms as possible on display at the school.

Wm. Cunningham Dies in Hospital

Mr. William Cunningham, 55, died Sunday morning in the Cass City Hospital.

He was born in Scotland and came to this country while a young man.

Funeral services were held Wednesday afternoon at the Pilgrim Holiness Church at Kingston, with Rev. H. C. Rickner officiating.

Survivors, besides his widow, are one son, Lawrence, and several stepchildren. Burial was in Kingston cemetery.

Three New Novels

The Cass City and Elkland Township public library has a new novel, "With All My Heart" by M. Campbell Barnes. Also two quite new books, a gift to the library, "Return To Paradise" by James A. Michener and "The Madlark" by Theodore Bonnet.

first half. Starting on their own 23, they moved 72 yards to score. A screen pass from Schwaderer to Stan Guinther picked up 31 yards and Frank Creason made valuable yardage through the line to move the ball to the eight.

With time for just one more play before the half, Wallace took the ball on the end-around and scored behind perfect blocking by the Hawk line.

Martin's kick for the point was good as the whistle sounded, ending the play in the half.

Both teams were unable to put together a sustained attack in the final two periods as the defensive play of both schools dominated the play, although Cass City moved to the Bad Axe five yard line before they ran out of gas in one touchdown drive.

The Hawks suffered one costly injury in the game. Don Turkey broke his shoulder and will be replaced by Clint Eschelsen.

A glance at the statistics reveal that the Hawks deserved to win. They had an 8-7 edge in first downs, outruled Bad Axe 168 to 132 and outpassed them 66 yards to 36 yards.

Cass City attempted 10 passes and completed three, while Bad Axe went to the air 11 times and completed four. The Hawks were penalized 10 yards and Bad Axe lost 40 through infractions.

Play Elkton.

Cass City will reign as heavy favorites to whip Elkton at Elkton tonight in another Upper Thumb Conference test. Elkton has yet to win a game, although they tied Ubyly earlier in the season.

Little Stories about Great Hymns

Blest Be the Tie That Binds
 Blest be the tie that binds,
 Our hearts in Christian love;
 The fellowship of kindred minds
 Is like to that above.
 We share our mutual woes,
 Our mutual burdens bear,
 And often for each other flows
 The sympathizing tear.

Rev. Fauwett was moving to a large church in London. Around the wagon stood his parishioners, weeping over the loss of their beloved pastor. He and his wife were also in tears. At last she said, "John, I cannot bear this; I know not how to go!" He replied, "Nor I either. Nor will we go; unload the wagon." Fauwett then wrote from his heart, this gentle, neighborly hymn, and remained in Waingate until his death.

Progress Show at Fairgrove Soon

During the next two weeks residents in Tuscola County will view the 1951 edition of General Motors Previews or Progress. Almost 5,000,000 people all over the country have seen this science stage show that moves like a fast paced vaudeville act. There are seven units throughout the country, each presenting the same show to 25,000 persons weekly. The presence of this unit is being made possible through the efforts of D. L. Striffler, Caro General Motors Dealer and district public relations man, and George C. MacQueen, county 4-H club agent. This will constitute the evening program for the annual 4-H and FFA Crops Show at Fairgrove November 2. The location will be in the Fairgrove High School auditorium.

No tricks of magic can compare with the actual science demonstrations that are performed on the stage. Synthetic rubber is manufactured in a pop bottle by mixing two liquids—and the finished product actually leaps out of the bottle. A soft white mass of elastic sponge rubber made from clear liquid in one minute.

The lecturer highlights a sequence on mechanical vibration by shattering a glass with a musical note. An inside-out engine practically explains high compression by itself. As the show proceeds the lecturer demonstrates Edison's first incandescent lamp and then a futuristic mercury vapor lamp, smaller than a cigarette, that gives off light one-fifth as brilliant as sunlight.

A recent Navy research project is explained—with music—and a capsule history of jet propulsion with actual jet-propelled engines and model aircraft in operation closes the show.

Winter 4-H Leaders To Meet at Caro

Four-H club leaders who are organizing or already conducting winter 4-H clubs will meet at the Wilbur Memorial 4-H Building on Tuesday evening, October 23. The evening will be opened with a potluck supper at 6:00 p. m. George C. MacQueen, County 4-H Club Agent, says for each leader to bring a dish to pass; coffee, milk and dessert will be furnished. After this time for sociability, the regular meeting will get under way. A general meeting will be held for all leaders, giving them an opportunity to become acquainted with new developments. Divided sessions will follow. Clothing and knitting leaders will meet with Miss Jean Gillies, county home demonstration agent, and Mrs. Corrine Ketchum, Assistant State 4-H Leader; electrical leaders will have a special session with Wes Raven, Farm Service Advisor, Detroit Edison Company, in the dining room. C. P. Kline will instruct the handicraft leaders at the Veterans' Shop at the rear of the Caro Motor Sales in Caro. Here he will cover choice and selection of materials, care and use of tools and other project information.

All leaders and their junior leaders are urged to attend and equip themselves for the coming winter program.

❖ LET'S TALK IT OVER ❖

Ed Vallender, Farm Editor.

Weather Reporting—

Of all the services we render to our farm listeners, weather forecasting is probably the most important. The farmer plans much of his activity around the prediction of whether it will or will not rain.

When the weatherman forecasts correctly, no one seems to pay any attention. Let a prediction go sour... and the roof falls in. This should make the weather bureau a little timid in looking too far around the corner. Weather reports to flyeys are only extended for six hours ahead. These are carefully computed because lives are at stake. Even this type is sometimes fouled up because of unforeseeable quirk in the jumble of fronts and storms.

30-Day Outlook—
 You can imagine our surprise when the U. S. Weather Bureau blossomed out with a new long range forecast called the 30-Day Outlook. This report is now being made available to the general public for free. The Bureau wants \$4.50 per year to let you in on this special crystal ball type of information.

The Bureau is frank to admit that the problem of long range forecasting has not been solved. This 30-Day Outlook was prepared in response to numerous requests received by the Weather Bureau from fruit growers and agriculturists for some clue as to what they might expect in weather changes over longer periods of time than the current 24 to 28 hour forecast.

Weather Bureau History—

We were a little amazed at some of the things we found out about the Weather Bureau. First of all, it's less than one hundred years old. Before the Bureau was established by Congress back in 1870, every man was his own weather prophet. And each had his own way of determining whether it was going to rain or snow... whether it was going to be a long cold winter or whether a drought was due.

Few, if any, of the weather predictions in those days were based on scientific deductions. People placed their reliance on the mournful cry of "rain crows," the behavior of animals, the position of the moon and a lot of other "weather indicators" which have long since proven worthless.

Michigan Mirror News Briefs

Michigan's \$300,000,000 unemployment compensation fund is being audited to give the public and the MUCC a clear view of the unemployment picture.

Did you know? Michigan's population is officially 6,371,766, seventh ranking among the states. Michigan is the second largest state east of the Mississippi. Largest? Uh-huh, not Pennsylvania, Georgia.

Three in every 100 children in Michigan are reared on public welfare rolls. State bill is \$2,300,000 per month.

On the heels of the announcement that Michigan's draft quota was being upped, it was revealed that enlisted veterans of World War II who had been called back to service would be released by Christmas. Machinations of military minds defy comprehension.

The famed "Vandenberg diaries" will be published soon. The late senator was a meticulous note-taker and the diaries may shed a bit of light on many a point concerning foreign relations. The diaries will be published through a syndicate in many newspapers and later will appear as a book.

Trout planting crews have stocked Michigan streams and other waters with nearly 2,000,000 trout so far this year.

Sen. Frank Andrews, Republican from Hillman, says it's time the bingo question was straightened out. He plans to introduce a bill legalizing bingo and small-time raffles sponsored by lodges, veterans' organizations, churches, chambers of commerce and etc. A "worthy cause" would be required.

Only 4,000 volunteers have signed up as aircraft spotters in the ground observer corps of the civil defense set-up. Some 15,000 are needed.

Year's toll in forest fires thus far is less than 4,000 acres burned over in Michigan from 628 fires—a small drop over last year. Wet fall has held down late damage.

Last year 275 Michigan residents died in fires. Some 16,000 home fires caused estimated damage of \$9,000,000.

One of Gov. G. Mennen Williams' thickest platform planks was scored at the Gatinburg, Tenn., conference for governors. For years Williams has harped against the "lien law"—the legislation which allows the state to recover public assistance grants from the estates or persons who had relatives who were able but unwilling to support them.

Oscar R. Ewing, federal social security administrator, stood up before the governors and said quite innocently that he favored such laws. This is the law which Williams says proves the Republicans are heartless skin flints willing to squeeze money out of the old folks.

The Prohibition party has demanded the ouster of officials who do not enforce the law. A convention resolution asked the governor to eliminate public officials who are not obeying their oaths of office.

whatever that means—and replace them with men of proven reliability.

The convention also accused the state liquor control commission of violating liquor laws, of granting more licenses than the law permits and of aiding the promotion of skid rows.

A fancy new type civil defense rescue truck is touring Michigan in an attempt to persuade local defense officials to buy one. Designed by federal CD experts, the trucks will sell for \$8,500 if mass produced, with an additional \$4,000 of rescue equipment. Federal funds are expected to be available for states and cities to buy the vehicles on a 50-50-matching basis.

The designation of Oct. 12-18 as "Poetry Week" caps the list of "weeks" intelligent people are supposed to observe. Already there are more "weeks" proclaimed than the year contains.

The petitions seeking a referendum on the state's one-and-a-half per gallon gasoline tax are under

scrutiny. Twelve Michigan cities are spot checking the signatures. Validity of 10 per cent of the signatures will be investigated. Checking cities: Detroit, Dearborn, Highland Park, Mt. Clemens, Flint, Saginaw, Bay City, Grand Rapids, Lansing and Jackson.

Want Ads are newsy, too.

Shear Lamb Faces

Shearing the faces of heavily-wooled feeder lambs will increase gains, according to Graydon Blank, extension animal husbandry specialist at Michigan State College. Blank explained that lambs can see better without a heavy crop of wool around their eyes. After shearing they'll find the feed trough more quickly, will eat better and will gain more rapidly.

Farm Auction Sale

Because of poor health, I must move to a milder climate and will sell the following personal property at the premises 3 miles north of Verona and 1/4 mile out of Rapson on Angling Road, first farm left hand side of road, on

Marjorie Karr Feted At Shower Thursday

Marjorie Karr, bride-elect of Ken Baur, was honored at a miscellaneous shower Thursday evening by Mary Jean Martus and Joyce Donnelly at the Donnelly home.

Guests present for the party included the girls from the West Elkland 4-H Club, their mothers and a few friends. The group spent the evening visiting and playing bug.

Prizes went to Mrs. Catherine Aleksink and Sue Edzek. Miss Karr received many lovely gifts and ice cream and cake were served to conclude the festivities of the party.

Diebel-Blondell Rites Saturday at Bach

In a beautiful ceremony at St. Peter's Lutheran Church at Bach Saturday, Oct. 6, Lois Marie Diebel, daughter of Mr. and Mrs. Clarence Diebel, became the bride of Martin F. Blondell, Jr., son of Martin Blondell, Sr., and the late Mrs. Bertha Leinweber Blondell of Gagetown.

The Rev. E. W. Scheck performed the ceremony.

The bride, given in marriage by her father, chose a white satin gown designed with a fitted bodice, net yoke trimmed with seed pearls and rhinestones and long wrist point sleeves. The dress buttoned to below the waistline, forming a cathedral low train. Her French illusion veil was fastened to a crown of seed pearls and rhinestones. She carried a cascade bouquet of red roses and white mums.

The maid of honor, Marge Blondell, of Utica, cousin of the groom, wore a two-piece strapless gown of forest green rayon faille and carried a cascade bouquet of yellow pompons. Mrs. Erna Rounds of Pigeon, Helen Lohzart of Saginaw and Janet Blondell of Gagetown, sister of the groom, were bridesmaids. They wore shrimp colored gowns similar to that of the maid of honor and their flowers were rust colored pompons.

Mrs. Diebel chose for her daughter's wedding, a teal blue crepe with black accessories and the groom's stepmother wore a navy blue suit with black accessories. Both wore gardenia corsages. Raymond Diebel of Detroit, brother of the bride, was best man and the ushers were Harold Rounds of Pigeon, James LaFave of Gagetown and Robert Diebel of Gagetown, brother of the bride.

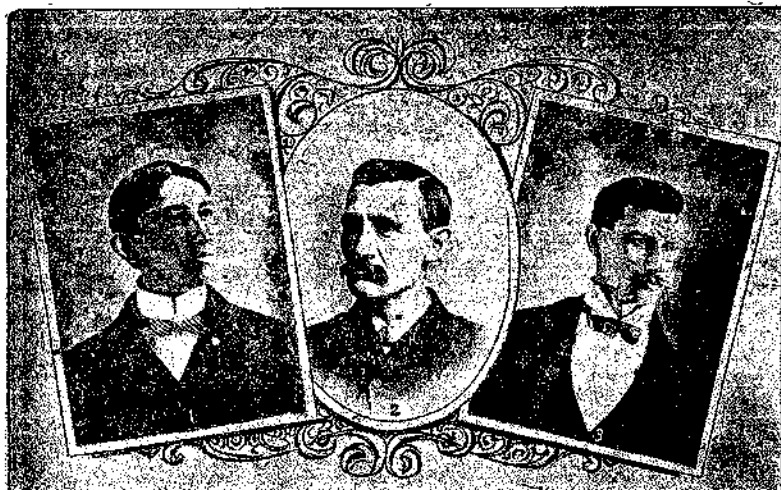

After the ceremony, a reception was held at the Arbuter Hall in Sebawaing. Four hundred guests were present.

When the couple return from their wedding trip in the upper peninsula, they will make their home on a farm near Owendale.

If you get too much bluing in a garment on washday, you can remove most of it by soaking the article in a gallon of water to which two or three spoonfuls of vinegar have been added, Michigan State College home economists advise homemakers.

If you are giving a large party, you can make extra coasters out of aluminum foil. Just draw circles on the foil an inch larger than the bottom of your drinking glasses and cut out with pinkish shears. Then turn up the edges of the foil a quarter of an inch all around.

Easy Identification

Reports from every corner of the Chronicle circulation area poured in with the correct identification of the picture shown in the Oct. 12 issue of the Chronicle.

First in was Mrs. A. A. Brian, who called the office Thursday evening. Mrs. G. A. Striffler also was one of the first to identify the picture. By letter an identification came from Mrs. Joseph F. LoPresti whose father, grandfather and uncle were in the photo. The correct identification is: Fred Bigelow, Nolton Bigelow and Sam Bigelow.

Iron Ore
Iron ore was first taken from the Cornwall district of Pennsylvania in 1740. More than 50 million tons of ore have been taken from the mines since they were opened. These ores are currently important because of their cobalt content. The Ringwood mines in Northern New Jersey were also opened about this year, and operated almost continuously until 1931.

Bowling

News and Views

George A. Dillman, Sec.

After six weeks of bowling in City League, we find Ronnie Geiger on top in the individual average bracket with an average of 173. Wallace came roaring back Monday night with a three game series of 582 to pull within 2 pins of Geiger with Galloway and Dillman tied with 173 in third and fourth place followed by Musall with 169, Huff 163, Peterson 168, Gross 164, Hunt 164 and Landon 164.

Due to the opening day of pheasant season falling on our league night, three members were absent without subs to take their place in the line-up. Six substitutes were very co-operative in bowling for other members who just couldn't make it. "Too much hunting" was the excuse frequently heard Monday night as bowler after bowler tired of firing at the maples and low scores prevailed. Seven three game totals over 500 were bowled by Wallace with 582, Huff 564, Geiger 533, Dillman 531, Musall 524, Andrus 509 and L. D. Copeland 508. Those that rolled single games of 200 and over were Kettlewell with 222, Huff 216, Andrus 215, L. D. Copeland 201 and Wallace with 200. W. Zawilinski, subbing on the Hunt team rolled 553 series total and a single high of 200.

Dick Root, a member of the Dillman squad, was the most consistent bowler of the evening when he opened with a game of 136 and followed with games of 137 and 138.

The Musall team banged away at the pins for a three game total (actual) of 2467 with high single games of 856 and 873, followed by the Wooley team with 2418, Bartz 2388, Hunt 2366, Schwaderer 2352, Dillman 2344. Other high team single games were rolled by Wooley team with 871, Bartz 858, 886, Schwaderer 837, Hunt 844, Rusch 815.

Janes Tells How to Control Cattle Lice

A pre-winter treatment of cattle for lice should be included on the schedule for a warm day in late October or any time during November.

Ray L. Janes, extension specialist in entomology at Michigan State College, says that the ideal time for treatment would be as late as possible in the season. But it should not be delayed so late that cold weather will prevent use of a spray.

For dairy animals Janes recommends using methoxychlor at the rate of 8 pounds of the 50 percent wettable powder to 100 gallons of water, or 8 level tablespoonsful to 1 gallon of water. You may use either DDT or methoxychlor at the same rate for beef cattle or dry stock—cows that won't be freshening within 60 days, that is.

Lindane may be used for a single treatment only for dairy cows. Use no more than 1 pound of the 25 percent wettable powder to 100 gallons of water or 1 level tablespoonful to a gallon of water. If more treatments are needed, lindane should not be used on an animal producing milk for human use, unless the milk is used some other way for 3 days after treatment, Janes warned. And not more than

one lindane treatment should be used on dairy animals freshening within 60 days.

One and a half pounds of 25 percent wettable powder lindane may be used to 100 gallons of water for beef animals and dry stock. Repeat treatments may be used if necessary although more than two treatments normally are not needed.

Janes also pointed out that neither DDT nor lindane should be applied within 60 days of slaughter of any animal. Methoxychlor wettable powder may be used up to 30 days before slaughter.

Multiple Deaths Few

Most of the accident death toll is made up of one or two deaths—accidents, the National Safety Council says. Only three catastrophes in 1950 caused more than 50 deaths each—the November wind and snow storm in the Northeastern states, the collision of two suburban trains in New York, and the crash of a scheduled air transport plane into Lake Michigan.

Down Memory Lane

FROM THE FILES OF THE CHRONICLE

Thirty-five Years Ago.

The Friscilla Club, for eight years a popular needlework club of Cass City, had its first regular meeting of this season Monday evening. Joanna McRae was elected president and Lura DeWitt was named vice president.

Members of the Echo Chapter, O. E. S., and friends to the number of 35 were entertained at the home of Mr. and Mrs. A. H. Higgins.

Mrs. P. A. Schenck entertained a number of ladies Tuesday at an afternoon tea in honor of her mother, Mrs. S. G. Anderson.

Low heeled girl's shoes were selling for \$2.50 a pair and the Chronicle had a statement about the rising costs of newsprint that cost \$100 a ton.

Twenty-five Years Ago.

Mrs. Lester Bailey left Tuesday morning for Ann Arbor to attend the State Federation of Woman's Clubs which convenes there this week.

Mr. and Mrs. Fred Smith entertained a company of friends at a

surprise birthday party in honor of their son, Morley Smith, who was 22 years old on the following day.

Officers recently elected in the Grant M. E. Sunday School are as follows: Supt., Luther Sowden; asst. supt., Arthur Ellicott; sec., Miss Vera MacCallum; asst., Miss Marion Mellendorf; treas., Harold Martin; librarians, Cameron Connell and Albert Ellicott; pianist, Doris Moore; choristers, C. E. Harrell and Mrs. Bower Connell. Teachers, Class No. 1, Chas. Harrell; 2, E. E. Harrell; 3, Mrs. Arthur Moore; 4, Arthur Ellicott; 5, Mrs. Bower Connell, and 7, Mrs. Roy Russell.

Sugar was selling 10 pounds for 70 cents, toilet soap, five bars for 25 cents and good salmon for 15 cents per can.

Ten Years Ago.

Peter Kloc, Novesta Township farmer, has realized \$491.00 from a crop of cucumbers harvested from one and one-half acres this summer. The pickles were sold at the H. W. Madison Co.'s plant in Cass City.

As an aid to meet the advanced cost of living, the board of education, at a meeting Monday night, increased the annual salaries of all instructors in the Cass City Public School. Single teachers will receive an additional \$25 and those maintaining homes will each have \$50 added to his contract agreement.

The twenty-fifth wedding anniversary of Mr. and Mrs. Joseph Fulcher was celebrated at their home in Wickware Sunday, Oct. 12. Thirty friends and relatives enjoyed a chicken dinner at the affair.

Smith's Restaurant were selling Kold Karmel Sundaes at 10 cents each as a week-end special.

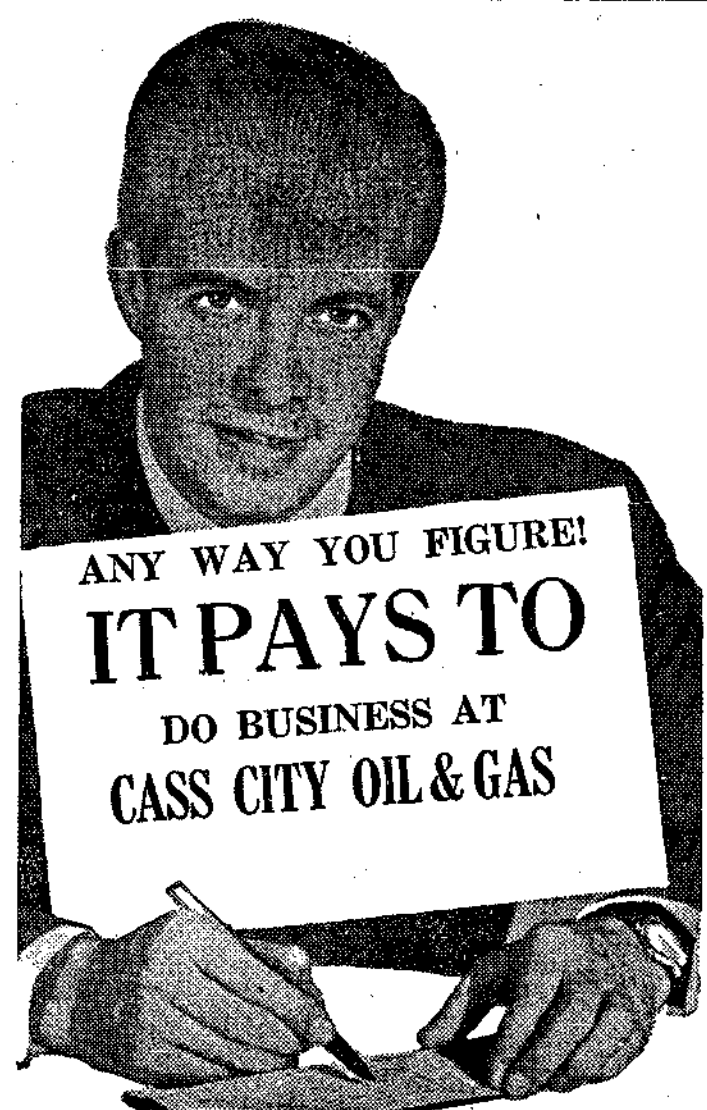

Five Years Ago.

The Detroit Edison Co. has filed with the Michigan Public Service Commission a formal request for permission to reduce charges to all classes of electrical customers—the reduction would amount to 30 per cent for commercial users and 15 per cent for residential users.

Leslie P. Peasley of Deford has completed his training course at Michigan State College and is ready to begin the artificial service Saturday.

About 60 enjoyed the pleasant supper Friday evening when Mr. and Mrs. E. W. Douglas entertained the Novesta Farmers' Club. Group singing and a talk by Rev. John Safran comprised the program.

Local stores were selling shotgun shells for \$1.28 a box and coffee for 32c a pound. Motor oil went for 31c a gallon in five-gallon lots.

"My electric range bakes beautifully," says attractive Mrs. Sid Abel. "That even heat . . . it makes such a world of difference! Sid can tell you and so can the children."

"Even heat is right," put in Sid. "Take steaks, for instance. I have one before each game and our electric range broils them just right every time."

"Electric cooking is so clean, too . . . and cool . . . why, my kitchen never gets 'oven hot' like some do. Honestly, there's just nothing to compare with an electric range."

It's true—nothing compares with electric cooking. Try it and you'll praise it no less than the Abel family. Visit your electric range dealer today.

The Missionary meeting was held at the home of Mrs. Arnold Moore Wednesday afternoon.

Pasture Warning

A word of caution about pasturing frosted sudan grass and alfalfa was given to farmers this week.

Dr. Glen Reed, Michigan State College extension veterinarian, said that both are apt to cause bloat and may poison cattle. Chemists have reported a heavy prussic acid content in frosted sudan grass.

Reed advises taking the cows off such pasture for a few days. If they are to be turned back on the pasture they should first get a full feed of hay or corn silage.

Mr. and Mrs. Kenneth Elliott of Royal Oak spent from Thursday through Saturday at his parental home.

Don Ervin and daughter, Donna Fay, are spending a few days in Wisconsin, with his grandfather, who is ill.

Dale Penfold spent the week end at his parental home.

Mrs. Cleo Evans and Beverly visited relatives in Marlette Sunday.

The Wilmot Flower Club will meet with Mrs. Robert Hawkins Thursday.

Mr. and Mrs. Ervin Evans called on their niece, Mrs. Elgan Sellers of Akron Sunday.

Mrs. Chas. Woodruff is slowly improving.

Mr. and Mrs. Clare Ballard and Russell Potter of Marlette were Monday dinner guests at the Cleo Evans home.

Young Pig Raisers Tour Packing Plant

The Peet Packing Plant of Bay City will be host to 4-H and FFA pig raisers, their leaders, parents and vocational teachers on Friday afternoon, October 19, according to George C. MacQueen, County 4-H Club Agent. The young pork growers will have an opportunity to tour the packing plant and witness the processing of pigs and beef cattle all the way from the hoof to the hook. Carcasses of pigs and beef cattle will be on display and the various cuts of each will be pointed out. This helps the youngsters realize the importance of proper feeding practices in developing the various prime cuts of meat.

Transportation will be arranged jointly by vocational teachers and 4-H club leaders concerned and the 4-H Club Agent. All persons wishing to attend should contact one or the other as soon as possible. All past, present, and future pig raisers should take advantage of this fine opportunity. All persons on the tour should meet at the office of the Peet Packing Plant in south Bay City at 12:45 on Friday.

Hear Jessie Wolcott—

Mrs. Walter Kelley, Mrs. Henry Rock, Mrs. Robt. Phillips and Alice Marie, and Mrs. Earl Rayl, Sr., attended a meeting in the Gagetown Methodist Church Monday afternoon to hear Miss Jessie Wolcott, a returned missionary from China, speak. This meeting was sponsored by the Woman's Society of Christian Service of that church and Miss Wolcott will be speaking in many places in the Detroit conference.

All of the Rayl children but Elmer, and all the grandchildren were assembled at the Rayl, Sr., home Sunday afternoon, as October is the birth month of Mr. and Mrs. Earl Rayl, Jr., Mrs. Harold Rayl, Walter Rayl and Francis Rayl. There were five birthday cakes with candles and ice cream to accompany them included in the dinner. In the afternoon Mr. and Mrs. Calvin Childs of Akron, Mrs. Lester Childs of Fostoria and Mrs. Francis Bowles of Flint were callers.

Church News—

Several youths from Kingston joined the Deford youths Sunday night in their meeting at 7:30 and the Kingston people joined in the evening church service also. Sunday, Oct. 21, the service will be in the Kingston church.

There were more out to last week's midweek service, but an invitation for more to come is extended to all who aren't attending services elsewhere. Prayer, though very simple, means much to those who participate in this fellowship.

The lighting fixtures are not installed as yet.

The Woman's Society of Christian Service has planned to pack 11 boxes for boys of the community, who are in the service. Anyone who would care to participate in the giving of money or cakes, cookies, candy, gum, pop corn, etc. to be packed to send the boys for Christmas may contact any member, or Mrs. Louis Babish and Mrs. Edwin Rayl, who are on the committee. The date to mail the boxes has been set for Nov. 1.

Mrs. George McArthur and children of Detroit are staying with Mrs. John McArthur this week.

Mr. and Mrs. Louis Sherwood were Sunday evening dinner guests of Mr. and Mrs. Gail Parrott of Cass City.

Mr. and Mrs. Gerald Fournier of Detroit spent Sunday with the Julius Novak family.

Mrs. Worthy Tait and son, Boyd, of Caro visited at the William Zemke home Friday evening.

Mr. and Mrs. George Jacoby and sons spent Sunday in Detroit with Mrs. Jacoby's aunt, Mrs. Beth Houston.

Mrs. Archie McArthur and son returned to their home in Lake Orion after spending the past week with Mrs. John McArthur.

Mr. and Mrs. William Gage are visiting at the Floyd Gage home.

Dr. David C. Asselin of Lansing and Mr. Lorn McCall of Detroit visited at the William Zemke home during the first three days of the hunting season.

Louis Locke of Detroit visited friends here on Monday.

Kitchin Writes Of Vacation Trip

Cass City, Michigan,
October 4, 1951.
The Cass City Chronicle,
Cass City, Michigan.

To those interested in the account of our vacation trip, we bring the concluding chapter.

Our last letter was dated Sept. 18. That afternoon we visited Hancock Park where the tar pits are located. These were the source of much commercial tar or asphalt in the early days of Los Angeles. Even today you may see places where the tar slowly bubbles up or oozes from the ground. In past ages these pits entrapped many wild beasts and birds. Great numbers of these have been recovered in recent years. The next day we went downtown on the street car. You shouldn't drive downtown in L. A. unless your errand is short and you have someone to keep driving the car around the block while you fulfill your mission. The parking problem is acute but the city is attempting to relieve the situation. I cannot see how they can improve it permanently as the freeways are completed more and more people will take advantage of them to reach the business district very easily and quickly.

While downtown we spent some time on Olvera St., which is called "A Little of Old Mexico." The shopkeepers, their stalls and their wares are Mexican. You can spend a few interesting hours there and more than likely come away with more in your hands and less in your purse.

Then we took the elevator to the top of the city hall. At the twenty-fifth floor there are lookouts on each side from which splendid views of the city may be had on afternoons when the visibility is fair.

L. A. does not boast of its skyscrapers. There is too much danger of earthquakes. The city hall is the highest building and has been known to sway as much as eight feet off center. Its tile roof was once shaken loose and has been replaced with steel.

We ate dinner at Clifton's Broadway Restaurant which is built so you seem to be seated in a Redwood forest. Then we went to Clifton's Pacific Gardens Restaurant on Olive St. and went down in the basement where the weaver's room, the meditation room and the garden of Gethsemane are located. It is hard to realize in these cool quiet rooms patterned after Judean places of two thousand years ago

that just above and on the street the rush of noisy traffic is passing and one block away is skid-row.

Mr. Clifford Clinton, the owner, is an unusual character. On each table are leaflets called "Food for Thought" which emphasize the thought that man needs spiritual food as well as food for the physical man and then proceed with some good teachings and poems.

His motto is "Do not pay unless pleased" and also "No one turned away for lack of funds." He practices the golden rule and on a net profit of one cent per meal has been a financial success.

That evening we drove out to Monterey Park after David and Merle, who had returned from their camping trip with some friends. While there we were entertained with television. It is almost a universal rage out there. As an example, at Christmas time Bro. Burke, our pastor at Nuevo, took out baskets of food to some of the poor families. Oh! yes, they are found in California. This family lived in what was a chicken coop. It was very open and airy and in one room the litter carrier track was still hanging. Imagine his chagrin when he called shortly afterwards to find them enjoying a television set.

Other places visited during the last week were first, Exposition Park containing a very large museum, the Exposition Hall with many interesting exhibits of California's growth, and the Coliseum which seats 90,000 and was built for the Olympic games in 1932.

On Sunday morning we drove down to Long Beach to hear Dr. Chas. Fuller. They have wonderful music and singing and the message that morning was very good.

On Monday evening we went up to the Hollywood Bowl to hear Billie Graham preach. You notice I said up. That is what I meant. It is up grade on the street but when you leave the car you climb up and up some more and there in a natural amphitheater, seating many thousands and surrounded on three sides by a rim of higher hills, you face the speaker's platform. It is backed by a huge bandshell where the choir is seated. Colored flood lights shine upon the platform, making the scene as colorful as the speaker himself.

Tuesday evening we had supper and spent the evening with the Esmon Harringtons. He was a resident of our community as a boy. A few will remember him as Byron Layman's step-son. They are doing well. They own their own home and three apartment houses. They have forty apartments rented.

I painted two rooms for my sister-in-law and wife washed and packed so that on Friday evening when David arrived from San Diego with those precious discharge papers we were about ready to load the car.

In spite of the urging of wife's sister and brother-in-law that we stay till April, we took leave of what had been our home and where we had been royally fed and entertained for five weeks, to begin the homeward journey.

We left at 8:00 p. m., Oct. 28. We like to travel by days so that we can see everything but traveling through part of Nevada's desert in the daytime, going out, and the drive around Nuevo with the thermometer at 108 degrees convinced us that it would be best to forego some pleasure for comfort.

Taking U. S. 60 to Riverside was over familiar ground and we knew we were passing irrigated fields, orange groves and towns in a thickly inhabited land. Twenty-five miles further east is Beaumont where a restaurant sign read Desert Outpost. However there is still the town of Banning, six miles further east with over 4,000 people and located in a rich producing region. From here we climbed a good grade for the next 12 miles to the San Geronimo Pass. This is between a Mt. on the north by the same name, elevation 11,485 feet and Mt. San Jacinto on the south, elevation 10,987 feet. Here we crossed the Colorado River.

er Aqueduct which carries water from the Colorado River to 13 Southern California cities. It is approximately 275 miles long and cost \$220,000,000 to build. At the Hayfield Reservation there is a pump lift of 441 feet.

From the pass to Blythe 128 miles is true desert broken only by an irrigated spot around Indio which is a R. R. and tourist town at the junction of U. S. 60 and 99 and 47 miles east of Indio is Desert Center with a gas station, a few other buildings and a Military Airfield.

We crossed the river at Blythe into Arizona at 1:30 a. m. and then passed the Arizona state inspection without trouble. In the next 114 miles to Wickenburg there are several little places with populations from 15 to 150.

Some of these little places have interesting histories. It would take too long to tell them all but will mention one. Near Quartzsite is the Hi Jolly monument, marking the grave of Hi Jolly, a Syrian camel driver, who was brought here by the U. S. War Dept. with a number of camels in 1858. The experiment was to test their usefulness as beasts of burden. It failed as the Arizona rocks were too hard for the camel's feet. They were turned loose or sold to circusmen. Many legends persist regarding Arizona's camels. Hi Jolly stayed to prospect for gold.

About 20 miles short of Phoenix we turned south on a state road and stopped beside the road to sleep an hour or so till daylight. As day dawned we found ourselves in what appeared as an Eden compared to the miles of desert we had crossed. Beautiful palm trees lined both sides of the wide streets. Houses and other buildings were well built, clean and set in spacious lawns. We were in Litchfield Park which was built by the Goodyear Rubber Co. Homes are rented and business places leased on a percentage basis. To the northwest is Luke Airfield and four miles south is another Military Airbase and the Goodyear Co.'s large base.

After an early breakfast we met Joe and Lawayne Towle and Lawayne's wife and children at Abraham's Market where they work. After visiting with them for a while, Gertrude and children went with us into Phoenix where we visited with Zelma in their home. They were all pleased to see us. Both families have nice homes and are looking well. They complained of this summer's heat which for about two months was unusually humid and then came rain which was unusual and very heavy. The building of Luke Airfield had filled the natural water courses so the water rushing down the mountains was forced to find a new outlet and, joined by water let off from the threatened dam, came pouring down through the town and came up almost to the window sills on and in many houses. The Goodyear plant was for the time flooded out.

We had intended to backtrack on U. S. 60 and reach Flagstaff on U. S. 66 but were advised to continue on 60 through Globe and on to Albuquerque. There is some good country east of Phoenix. At Mesa

we passed the State Experiment farm but soon after that there is desert again with all kinds of cacti from small ones to the giant Saguaro. We saw many small homes where there was no grass but cacti had been planted as we plant trees and shrubs.

At Superior in 1875 the Silver King mine was opened and later the Silver Queen. A few years later copper was found in underlying deposits and today copper mining continues as the ore is very rich.

At Miami are the Inspiration Consolidated and the Miami Copper companies. Before 1907 there were no white men there and it was known only for the Bloody Tanks Massacre of Col. Wooley and his men in 1864 by the Apaches.

To be concluded next week.

Pigs Need Antibiotics For Best Growth

"Antibiotics are most effective when used during the creep feeding period and the time immediately after weaning," Dr. J. A. Hoefer, research animal husbandry specialist at Michigan State College, told Michigan swine producers today.

"The suckling and weaning periods are very critical and it is during this time that most runts develop. Since antibiotics are not cheap it is a matter of good economics as to whether or not they should be fed during the entire growing and fattening period.

"If it is advantageous to get the most rapid gains and get the pigs to market early, then you may want to feed antibiotics all the

way," Dr. Hoefer said. "If there is nothing to be gained by reaching an earlier market, then it may be a good idea to stop feeding antibiotics when the pigs reach 75 to 100 pounds."

He recommended separating the runts from the bigger pigs when using antibiotics to make hogs out of the scrubs. Dr. Hoefer answered questions frequently put to MSC swine specialists about the new nutritional developments.

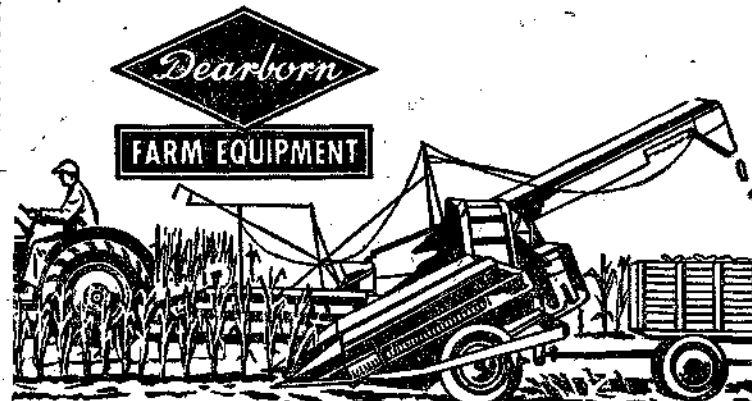

When asked about reservations concerning the use of antibiotics, Dr. Hoefer said that while they are truly wonderful in what they will do they should not be regarded as

"cure-alls" for everything that is wrong in swine production. Antibiotics are no substitute for good swine management. There is need for more fundamental research and there is little basis for their use in all swine rations, during gestation for example.

No Car Drive-Ins
Two drive-ins which prohibit cars are a unique feature of the Army Medical Center in Washington. They include a theater and a bank for wheelchair and Striker-frame patients at Walter Reed Army hospital located on the Center grounds.

Have McConkey's Inspect Your Diamonds REGULARLY

Take Your Diamond Ring

twice yearly to McConkey Jewelry. He will tell you whether the stones have become loose in their mountings from pressure, knocks or wear. Remember—once a gem falls out of its mounting it's as good as lost, unless you're fortunate enough to see it fall.

The Diamond Withstands

extremely high temperatures. It almost always remains intact in the ashes of a severe fire. But rapid changes in temperature may enlarge internal flaws or develop flaws you never thought were there.

In Its Resistance

to scratching, the diamond is the hardest natural substance known. However, it can be chipped or split in the direction of its grain. A severe blow from a sharp tool upon the girdle of a diamond may cause serious damage and impair its value.

Because Of This Danger

of chipping or internal fracture, only a skilled, experienced jeweler should be selected to furnish new mountings for diamonds or to repair diamond jewelry!
