

Twenty-three Local Entries At Junior Livestock Show

Twenty-three 4-H members are expected to have entries in the annual Junior Livestock Show to be held at Detroit Tuesday, Wednesday and Thursday.

Cass City this year has more entries in the Sheep division at the show than any county had in 1950. The local club expects to have 11 pens on display in Detroit. Of the 11, eight pens will be Southdown Wethers and three pens will be crossbred Wethers.

Eight of the 11 showing sheep will be making their first trip to the show, according to Harold Perry who will accompany the group. The event is divided into three categories. The opening day, Tuesday, will be for entering. Wednesday will be judging and Thursday sale day.

The boys and girls with entries are expected to be royally entertained whether or not they win any prizes. They are slated to see "Holiday on Ice" at the Masonic Temple and attend a Wednesday night banquet at 6:30. The Cass City boys will stay at the Hotel Tuller and the girls will stay at the Staller.

Mr. Perry, in charge of the boys on the trip, points out that parents who have children planning on exhibiting next year should make every effort to have their child see the judging on Wednesday this year. According to Perry, the experience is invaluable.

The complete list of persons making the trip are: Leaders: Harold Perry, boys; Mrs. W. J. Donnelly, girls; pen of three Southdown Wethers sheep: Robert Wallace, Jack Wallace, Arthur Severance, Bill Zinnecker, Jean O'Rourke, Doris Matthews, Jack Perry and Terrie Perry; crossbred Wethers: Lyle Ludlow, Mary Donnelly, Mary Ann Star; Shorthorn steers: Nellie Graham, Harold Little; Angus steers: Barbara Quick, Stewart Copeland, Jack Gallagher, Richard Auslander, Dale Leslie; Hereford steers: Pauline Quick, Ruth Ann Quick, Irene Quick, Allan Quick and Wilda Copeland.

Many Prizes Await Cass Cityites With Decorating Flair

Jim Bauer, president of the Cass City Chamber of Commerce, pointed out today that the time has come for persons living in homes in the Cass City area to decorate their homes for Christmas and a chance to win one of the Chamber of Commerce's prizes offered for the best decorating job.

This year the Chamber of Commerce is giving more prizes than it did in the two previous years the prizes have been given. A \$25.00 first prize, \$10.00 second prize and five \$5.00 prizes will be awarded to the winners.

Bauer also pointed out that area shoppers will have an opportunity to participate in the Christmas Jubilee that presents its first merchandise Wednesday, Dec. 5, at 2:00 p. m. Included in the gifts will be a 52-piece silverware set plus 18 other prizes from co-operating merchants.

Council Investigates Chances Of Forming Sinking Fund

The Village Council in their regular Tuesday evening meeting at the Municipal building decided to investigate the possibility of establishing a sinking fund to defray expenses when money is needed to repair the sewage disposal plant here.

Under fire by the Michigan Pollution Committee, the village is expected to have to spend money to satisfy the demands of the commission and the councilmen instructed Secretary Wilma Fry to write the Attorney General for an opinion as to the legality of carrying a fund for this purpose.

If the village is allowed to establish this sinking fund, it is expected to save taxpayers plenty of money in interest when money is needed for the sewer project here.

However, there is some doubt in the minds of the council as to whether their proposed plan is legal. M. C. McLellan pointed out that, under normal conditions, when over a certain amount is left in the treasurer's mill rate must be changed the following year.

Because of the big sales tax return this year, the village is in excellent financial condition. After current expenditures are met, there will be an estimated \$20,000 in the village coffers.

Shows Films Tuesday

ALFRED BALLWEG

Alfred Ballweg, Tuscola County Agriculture Agent, was the guest speaker at the Rotary Club Tuesday noon. Mr. Ballweg showed a few of the films that he photographed while in Germany that depicted the rural life and conditions in the American controlled zone of that state.

Before being entertained by Ballweg, Rotarians voted to send a Christmas package to the war orphan that they recently "adopted."

48 Attend Gagetown O. E. S. Meeting

Forty-eight were present for the November meeting of Gifford Chapter No. 369 O. E. S., held in the Masonic Hall in Gagetown, Nov. 20. A bounteous potluck supper at seven o'clock preceded the meeting.

During the meeting the worthy matron, Mrs. Clayton Root, announced her committee appointments for the year as follows: auditing committee, Robert Osborne, Mrs. Leslie Beach and Mrs. Wm. Profit; examining committee, Olin Thompson, Mrs. Charles Ross and Mrs. Wallace Laurie; reception committee, Mrs. Archie McLachlan, Mrs. Lloyd Albrecht and John Doerr; committee on obituaries, Mrs. Howard Helwig and Mrs. Edmond Good; Sunshine committee, Mrs. Philip McComb, Mrs. Leslie Hurd and Mrs. Olin Thompson; dining room committee, Mrs. Eleanor Webber, Mrs. Robert Albrecht and Mrs. Burton Roth; kitchen committee, Mrs. Howard Britt, Mrs. Martin Moore, Mrs. Concluded on page 12.

Seminary Quartet At Baptist Church

There will be a special musical program at the First Baptist Church, Cass City, Sunday, Dec. 9, when the men's quartet of the Grand Rapids Baptist Theological Seminary will make their scheduled appearance here.

The group is under the direction of the Seminary's Professor of Music, Joseph Balbach, and the meeting is open to the public.

The special service will be at 8:00 p. m., but the quartet will also sing several numbers in the regular morning worship service of the church.

W. S. C. S. Will Hold Christmas Party

The W. S. C. S. of the Methodist Church will hold a Christmas party at the home of Mrs. Edwin C. Fritz, Monday evening, Dec. 3, at 7:30 o'clock. Co-chairmen for the evening will be Mrs. Warren Wood and Mrs. Willis Campbell. Refreshments will be served by group four.

The program committee for the evening is Mrs. Earl Douglas, Mrs. Vernon Bothell and Mrs. Harold McGrath.

First Discussion Program Draws Favorable Reaction

Many present-day journalists, educators and statesmen are seeking to alert us to the danger of the East and near East, misjudging the motives behind our attempts to better conditions in the world. We are often confused as to the best means for giving aid and bringing peace among the nations. This seems an opportune time for the current series of Sunday evening discussions sponsored by the Presbyterian Church as a community service to lead us in Christian and democratic thinking on present-day questions.

The plan met with enthusiastic response at the first meeting Nov. 25, when chairman, Meredith Auten, introduced the subject, "Communism," various phases of which were completely covered by Dave Ackerman, Frank Reid, Evelyn MacRae and Arthur Holmberg.

Otto Ross will be chairman of the second meeting Dec. 2. The general subject is "Security" with the following sub-titles and leaders: "What Every Nation Wants," Harry Little; "Egyptian and African Problems," Harold Oatley; "Afro-Iranian Problems," Etta McLellan.

An open discussion is planned to follow the panel presentation. A third and final meeting will be held Dec. 9. Please note the time change to 8 p. m.

Two Brothers Win International Awards

Tuscola County farmer, Harold Metcalf, of Fairgrove was judged the wheat king of North America at the International Livestock Exposition in Chicago.

Metcalf won the high honor, first United States farmer to win the award since 1928, with a sample of Yorkwin, a soft white winter wheat. The wheat weighed 60.5 pounds to the bushel, was picked as the most nearly perfect of thousands of entries.

The last United States winner in the Chicago show was C. Edson Smith of Corvallis, Mont., who topped the show 23 years ago. Records reveal that Canadians have won the lion's share of the wheat awards—annexing the crown 18 times since 1919.

Metcalf was unable to attend the show—farm work keeping him at home. He owns 80 acres and works another 80, which he rents. He is married and has four children.

Winning prizes runs in the Metcalf family. Besides the honors bestowed on Harold Metcalf, the reserve championship for oats was won by Clifton Metcalf, brother of Harold Metcalf.

One other Tuscola County entry placed. Spencer Dunham of Caro won second in barley competition.

Dressing Hints Told At Extension Club

A well-dressed woman was described by the club leaders, Mrs. H. Ludlow and Mrs. E. Croft, when the Cass City Extension Group convened in the homemaking rooms of the high school building Monday evening. The lesson subject was "Your Clothes and You." The costume of a well-dressed woman is simple in design, appropriate to the occasion and personality, and accessories are few and matched or harmonize with the basic color scheme. Many other helpful hints were presented by the leaders.

An arrangement of red polished apples and sprays of bittersweet and evergreen centered the two long tables at which a delightful dinner was served at 6:30 by a committee, headed by Mrs. Doris Benkelman.

Last evening (Thursday) the group attended a presentation of the stage play, "There Will Always Be A Juliet," given by the Civic Players of Saginaw. Preceding the play, the Cass City women enjoyed a six o'clock dinner in the Bancroft Hotel.

The next meeting of the club will be in the form of a Christmas party in the home of Mrs. A. H. Kinnaird, when the secret pals will be revealed and presented with gifts. Mrs. Charles Bigelow, Mrs. E. Corpron and Mrs. Ray Boughton will arrange a program for the occasion and Mrs. Benkelman, Mrs. Albert Gallagher, Mrs. J. A. Sandham, Mrs. D. Lorenzen, Mrs. G. W. Landon and Mrs. Mason Wilson will serve as the luncheon committee.

Residents of Cass City are reminded that the City dump is open three days a week only. Approved days are Tuesday, Thursday and Saturday. There will be a man on duty at this time. You are asked to cooperate with the village.—Adv.

Democratic Leaders To Speak in Lapeer

Senator Blair Moody, Senator Harry Ferguson and Rep. J. Wolcott are expected to spark a meeting of Thumb Democrats at the American Legion Hall in Lapeer Wednesday, Dec. 5.

Seventh District Citizens' Dinner is under the auspices of the Lapeer County Democratic Club. Judge DesJardins will be master of ceremonies and there will be a question and answer program after the dinner.

Caro Shooting Victim Mending Rapidly

Mrs. William Gardner, Sr., 45-year-old Caro grandmother, who was shot and seriously wounded at her home Friday, Nov. 25, is recovering at the Saginaw General Hospital.

Gardner shot his wife after an argument over the disciplining of the grandchildren, who were staying with them while their fathers were deer hunting.

Mrs. Gardner had retired and her husband entered her room twice and said that he was going to kill her. She told him to go to bed. Gardner returned the third time and shot Mrs. Gardner three times.

Gardner then took his wife to the home of Lawson Stenger, a neighbor. The Stengers called the police and secured an ambulance.

Gardner offered no resistance to arresting officers. He is employed at the Eaton Foundry at Vassar and is being held at the Caro jail.

Three Hawks on Valley All-Star Football Eleven

The Cass City High School football team placed three men on an all-star team picked by the Saginaw News, from the class "B" schools of the Saginaw Valley area. In addition, Coach Art Paddy was named as coach of the second team for his work in bringing an undefeated season to the Hawks.

Tom Schwaderer was named captain of the club and given a spot at halfback. Bob Wallace was named at one end and John Ellis won a guard post.

Roy Wagg was named to the second team as tackle and Tim Burdon, Dick Wallace, Frank Creason and Stan Beach were honorable mentions.

According to the report on the selections, Bob Wallace was chosen for his defensive work, Schwaderer for his all-around brilliance and Ellis because he is considered one of the top linemen in the Thumb.

At 4-H Congress

Dick Hendricks.

Dick Hendricks, who was chosen from Sanilac County, is now attending the 4-H Congress at Chicago. Dick was sent on the trip through donations made by Frutchey Bean Co., New Greenleaf and Cass City, Bulen Motors and S. T. & H. Co., Cass City and Greenleaf Growers 4-H Club.

First Ten Seal Buyers Announced Here

Quickly getting into the spirit of the holiday season, last week many persons of this area who received tuberculosis Christmas Seals sent in their contributions by return mail. Evidence of this was a report from the Michigan Tuberculosis Association on the first ten buyers of the jolly Santa Claus tuberculosis Christmas Seals in Cass City.

They were: Mr. Stanley Asher, Mr. J. D. Turner, Cass City Oil & Gas Co., Bulen Motors, Miss Mable E. Snarey, Mr. Albin J. Stevens, Mr. Harvey Bartle, Mr. B. H. Shaw, Mrs. O. S. Goertzen and Mrs. George Rohrbach.

Village Buys New Equipment for An Estimated \$850

When the next hard snow storm hits this area, chances are good that you will see the city with some modern snow fighting equipment. For the village council has authorized the purchase of a hydraulic lift, V-type plow, a 20 cubic foot snow bucket, a nine cubic foot gravel bucket and a bulldozer blade.

The equipment is to be purchased from F. W. Ryan and Son, of Cass City, and is built to fit the John Deere tractor now owned by the village. The estimated cost for the equipment will be \$850.

The big bucket will be attached to the front of the tractor and will be used to remove snow from the corners and sides of the village's streets. Jim Gross pointed out that he had observed an identical piece of equipment working in Caro and that it kept the county seat's trucks busy hauling away the snow it scooped up.

The council voted unanimously to buy the equipment and told Cliff Ryan, who attended the meeting, to secure the equipment.

The purchase of the equipment is another step in the council's policy of purchasing a little equipment each year with available funds.

Presbyterians Vote To Improve Church

The Presbyterian Church of Cass City unanimously voted to approve the 75th anniversary year improvements program Monday night at a meeting at the church. The adoption of the program means that church workers will instigate a campaign to raise \$15,000 to meet the needs of the campaign. The vote was taken by secret ballot.

The improvements program includes a new heating system with four sectional controls and modernization of the downstairs rooms. The change in heating systems affords more space which will be utilized in serving the needs of the departments and classes of the church school. The new system also will enable the church to enlarge and rearrange the dining room which will serve the social and recreational needs of the expanding program of the church.

Other improvements include a stage in the north end of the dining and social room to facilitate a varied program and usage of the room by the various church groups. Already accomplished is the reconditioning of the organ which was part of the overall plan.

Officers plan a combined canvass on church loyalty Sunday, Dec. 9, and the improvement program will be financed on a three-year plan of pledges and gifts.

In other activities at the meeting, the budget for 1952 was increased \$800 over that of the current year because of the growth of membership, preparation for the 75th anniversary in the new year, increased costs and the local church's share in the denominational capital funds building program as described in the Nov. 24, edition of Presbyterian Life.

Sanilac P. M. A. Sets New Office Hours

The Sanilac County PMA office announced recently that their office is not open on Saturdays since a change of hours effective Saturday, Nov. 24.

The Saturday closing was made according to instructions received from the state PMA office, Russell Hill, chairman of the local office, asserted.

Persons who have business with the office are requested to call during the following business hours: 8:00 a. m. to 12 noon and 12:30 p. m. to 4:30 p. m., Monday through Friday.

Cass Cityite Lauded For Decorations

A Cass Cityite, Lloyd Vyse, was honored in a feature story in a recent issue of the Saginaw News for his ability to make Christmas figures out of old newspapers.

Mixing paper with water, wallpaper paste and chicken wire, Lloyd constructs Christmas scenes that stops traffic.

This year he will construct a scene from Santa's north pole headquarters—a castle gate with elves running in and out with Christmas presents for good boys and girls, and Santa standing nodding his head. A sign will proclaim: "Dedicated to those who still believe."

After making the scenes, Lloyd waterproofs them with paint to stand the wind and weather.

Ten Schools Interested in Entering New Thumb "B" Loop

Annual Senior Class Play in December

"Strictly Formal," the annual senior class play, will be presented at the Cass City High School auditorium for two days, Monday and Tuesday, Dec. 12-13. The play is a comedy revolving around the antics of girls who lose their boy friends to a strange girl, Marcia, who arrives from out of town.

Cast of characters include: Jane, Doris Root; Sally, Charlyne Bartz; Agnes, Ann Doerr; Andrew Cutler, Wesley Fredericks; Nettie Cutler, Delores Simmons; Mr. Ahern, Glen Meiser; Jim, Frank Creason; Rose Tilton, Peggy Urquhart; Mrs. Tilton, Ellen Sickler; Josie Tilton, Betsy Thorpe; Elroy, John Ellis; George, Dick Wallace; Marcia, Jane McMiller; Cindy Collins, Mary McClorey; Marilyn, Barbara Morrell and Lt. Bob Cunningham, Jim McDonald.

The four remaining members of the Upper Thumb Athletic Association received formal word early this week that Elkton, Pigeon, Sebawaing and Harbor Beach were seceding from the league to form a class "C" loop of their own.

To determine a course of action, the four schools, Cass City, Bad Axe, Caro and Vassar, met for the second time Tuesday evening at the high school here.

Schools represented at the meeting were: Vassar, Cass City, Caro, Bad Axe, Sandusky, Crosswell-Lexington, Yale, Marlette, Mayville, North Branch, Deckerville and Millington.

Although no definite action was taken at the meeting, results of the informal discussion indicate that there will be two new leagues in operation by the fall of 1952.

The "C" loop will be composed of former elements of the Mid-Thumb and Upper Thumb leagues and a "B" loop will be taken from a cross section of larger schools in the Thumb.

An attempt is being made to have eight teams in the "C" loop. Besides the four teams from the Upper Thumb, Deckerville, Mayville, Unionville and Uby will form the new league.

The "B" loop has ten potential candidates. Besides the former Upper Thumb teams, Sandusky, Crosswell-Lexington, Yale, Marlette, North Branch and Millington have indicated a desire to enter the new league. All of the schools are in the "B" range except Millington. North Branch is a borderline school that is on the edge between "B" and "C." Sandusky has the most pupils, while Cass City is second in enrollment.

The group will hold another meeting Jan. 7, to further plans for the new league.

Council Briefs

The council instructed Bud Burt to put straw on the floor of the swimming pool to protect it from the ravages of winter. The council also is to make allowances for some work in and around the pool when they make up next year's budget in December.

Members of the council were read a communication prepared by Fred Pinyne that showed that general obligation bonds were much cheaper to issue than revenue bonds. The reason for the difference in the interest rates is because general obligation bonds are more secure—a revenue bond is paid for only by persons using the utility the bonds purchased. If no one uses the product, the bonds are worthless.

The council warns persons who are going to sell Christmas trees to get off the streets. Selling trees from the curb is peddling and requires a bond. Selling from private property is free.

One thing that the new revision of the tax refund law did was to give the village an accurate measurement of the number of miles of streets within the village limits. Excluding Main Street, there are 11.3 miles of street in Cass City. Of the amount, 3.53 has been designated "major" streets. The term is used to describe to the state the streets for which two-thirds of the refund monies must be used. The designation may be changed every two years.

Jack Knuckles was granted permission to repair the interior of the old Farm Produce Lumber Department's buildings which he purchased from Brinker Lumber Co.

Mrs. Fry was instructed to order 15-inch tile for the sewer line that will eliminate the standing water on East Main Street. At present there is 10-inch tile in the drain. The work is expected to be done as soon as the tile arrives.

Bike racks on Main Street for the kids are still waiting for work to be completed.

Reporters were a dime a dozen at the council chambers Tuesday. Besides the Chronicle reporter, Jim Ware and Russ Foy were "covering" the council as part of their work for merit badges in citizenship.

The council reiterated that the dump is open on Tuesdays, Thursdays and Saturdays with a man in charge. Citizens were to be reminded via an advertisement that the dates would be rigidly observed.

The council referred a request for a resolution saying that fire protection was offered outside the village to the Elkland Township Board—who has jurisdiction over the fire department. The request, when acted upon, will send the farm homes in the community from their present class and lower the insurance rates.

There are six less stray dogs in Cass City. Art Eskelsen, village dog catcher, reports that he picked up six dogs and, when they were not claimed, destroyed them. The report covered October and November.

Hoot Evangelists At Nazarene Church

Evangelists G. W. and Pearl Hoot of Olivet, Illinois, have been engaged to conduct a series of special meetings in the Church of the Nazarene, Cass City, according to Rev. Fred Belleville, pastor of the congregation. Beginning Dec. 4, and continuing through Dec. 16, services will be held each evening at 8:00 o'clock. Everyone is cordially invited to attend.

In addition to an effective preaching ministry, the Hoots present an excellent musical program. Mrs. Hoot is a talented musician and radio artist, having played the organ on station WOWO, Fort Wayne, Indiana, for several years. A special feature of the services is given by young Genevieve Hoot, who plays the bass viol and sings.

Reverend Hoot is a former student of Olivet Nazarene College, Kankakee, Illinois, and has spent over 20 years in the field of evangelism.

Life-Time Resident Of Kingston Dies

Funeral services for James Hunter, 84, were held Monday afternoon, Nov. 26, at the Pilgrim Holiness Church, Kingston, Rev. H. C. Ricker officiating.

Mr. Hunter lived in the Kingston community all his life, having lived on a farm until a few years ago when he moved into town. He has been in poor health the past year.

He entered Stevens Nursing Home Thanksgiving Day and died there the following day.

Survivors are his widow; one stepson, Eugene Sutphen; a brother-in-law, Mr. Otis Howey; a nephew, Lloyd Howey; and a niece, Orpha Howey Sheehan.

Burial was in Kingston Cemetery.

When Color Scheming

The first step in planning the color scheme for an entire home is to consider the relationship of one room to another. Weigh such angles as exposure and the amount of natural daylight that each room will receive. A good rule to follow is to paint rooms which receive very little sunlight with light, warm colors, and those which receive plenty of sunlight in cooler tones—sometimes with darker hues.

Gagetown Church of the Nazarene—Clarence B. Sanborn, pastor. Sunday School 10:00 a. m. Lawrence Summers, superintendent. Morning worship, 11:00. J. Y. P. S. 7:15. Evangelistic service, 8:00. Prayer service, Wednesday, 8:00 p. m. Welcome to all our services.

Letters to Santa

Nov. 26, 1951
Dear Santa Claus,
How are you feeling? Nice I hope. I have seen your picture a lot in the paper lately. Have you got your toys made yet? Do you remember me? My name is Linda Dorline Geoit. I have been a good girl lately even though it is terribly hard at times. But I try awfully hard. I am two years old and I want a dolly that says Mama. I also have a puppy named Ring. He's been good too, so bring him something nice.
Yours truly,
Linda Dorline Geoit.

Cass City, Mich.
Nov. 26, 1951
Dear Santa Claus
My name is Brenda Dianne Merrill. I live at 6387 Houghton St., Cass City, Mich. I have tried to be a good girl all year. I would for you to bring me an Arthur Godfrey ukele and a walking doll. But if I can't get the walking doll I would like a "Blessed Event" doll. My mom would like a typewriter. My dad needs bedroom sippers and a leather jacket. Bring my dog, "Bobby" a new collar. Bring something for my parakeet, "Danny-Boy".
Love and kisses,
x x x x x x x
Brenda Dianne Merrill
P. S. I will leave cake and coffee out for you.

Nov. 25, 1951
Dear Santa Claus,
I am a little girl 6 years old, I am in the second grade at school. For-Christmas, I would like a doll, doll buggy, ironing board, bike, set of dishes and a high chair for my dolly. I have been a good girl all year. Your little friend,
Nancy Lee Behr.

LET'S TALK IT OVER

Ed Vallender, Farm Editor

Traffic.

Most folks will agree that traffic conditions are getting worse year by year. There is a natural tendency to lay the blame here and there—and trucks, large and small come in for their share. If all the trucks were taken off the road, we cry, conditions wouldn't be half bad. If some farmers have that opinion, we'd like to put forth some facts we learned the other day that probably will shed new light on the trucking industry—and what it means to American agriculture.

Controls.
We'd like to start out with a clear-cut statement. The trucking industry—which has assumed mammoth proportions since world war one—is largely controlled, either directly or indirectly, by the American farmer.

Figures show that farmers have a stake in more than half the trucks now being operated on the nation's highways. In fact, about 35 per cent of all trucks are actually owned by farmers. Countless others are engaged in distributing the produce of the farm from coast to coast. Nearly one fourth of the

trucks operated by manufacturing industries primarily haul agricultural commodities—either the raw materials from farm to factory or the finished products to points of local distribution.

Numbers.
Altogether, more than four million trucks are on the road laden with food and fiber products, mostly because of the lack of rail facilities.

The truck is very flexible in its operation, thereby solving one of the nation's most baffling problems—the problem of food distribution.

Today, huge refrigerator trucks haul fresh fruits and vegetables from the south to marketing centers in the north—or carry livestock from feedlot and pasture to slaughter, with a minimum of weight loss.

Better Living.
All this has made possible better diets for the average American consumer. Green vegetables, fresh from southern truck farms, are now available the year round. The output of peach, apple and citrus orchards is fanned out to every part of the nation on wheels which hum over highways to the most remote communities.

The direct hauls, made possible

by trucks, have also brought about lower prices, bringing such commodities within reach of everyone.

On The Farm.
Farm trucking has also resulted in greater conservation of food supplies. Before the advent of the truck, countless bushels of fruit rotted on the ground. Vegetables in excess of local requirements, likewise, spoiled.

The trucking industry, during the past 25 years, has been largely responsible for the nation's expansion. Not only are thousands of laborers employed in the manufacture of trucks, but millions of workers are required to drive or service them. Filling stations, garages, way-side restaurants depend to a certain extent upon trucks for a portion of their income.

We are a nation on wheels. Our strength is our mobility. As long as the big trucks fill the highways, we will prosper.

Best Test

Most popularly used method of chemical-analysis is the breath test, because of its ease of use. The suspect simply blows a measured quantity of breath into a rubber bag. The breath passes through a series of tubes containing chemicals and the reaction of the chemicals determines alcoholic content of the suspect's blood. Major cities using the breath test exclusively are Chicago, Detroit, Birmingham, Kansas City, Mo., Miami and Oklahoma City.

Cat Plaything

"Plaything for Cats" is the title of an invention listed in the Official Gazette of the Patent Office, February 6, 1951. The inventor is Harold L. Winsor, East St. Louis, Ill. The device is described as a "freely rotatable transparent tube adapted to receive the cats." Inside the tube are suspended objects which the cat can cut and box around. The keglike tube rolls as the cat maneuvers. People are said to have even more fun with the plaything for cats than does pussy, observes National Patent Council.

NOTES from the TUSCOLA COUNTY EXTENSION OFFICE

The Tuscola County 4-H Council will hold its annual meeting on Saturday afternoon, December 1, at 2:00 at the Wilber Memorial 4-H Building. All 4-H club leaders are urged to attend. The Council By-Laws state that all persons who have expressed an interest in 4-H work are considered members of the 4-H Council. Bruce Ruggles, Council president, will preside over the business meeting.

Enrollment for the winter 4-H clubs are due in the office of the 4-H Club Agent on Saturday, December 1.

Mrs. Milton Bedore, president of the Tuscola County 4-H Mothers' Club, reminds all members of the next meeting to be held on Monday evening, December 3, at the Wilber Memorial Building. A great deal of business is on hand that needs the attendance of all 4-H mothers.

Harry Moxley, swine specialist from Michigan State College, will be in the county on Saturday, December 8, to tour the 4-H and FFA feeder pig projects, says George C. MacQueen, County 4-H Club Agent. All young pig raisers should see that the 4-H Club Agent knows of their project, either through their ag. teacher or 4-H club leader, so it may be visited and help given on this day.

Directors and inseminators of Tuscola County's five artificial breeding associations are scheduled to attend a district directors' meeting at the ABA state headquarters at East Lansing next Tuesday, December 4. The Tuesday meeting will be for directors from twelve eastern Michigan counties. Other meetings are being held for each district, beginning November 30, and continuing to mid-December.

1952 Certified Seed Directory Issued

Michigan certified seed sources for 1952 are now available for distribution to anyone in Tuscola County interested in checking on a source of good seed, says Alfred P. Ballweg, County Agricultural Agent. Tuscola County certified seed growers are well represented in this state-wide list. Certified seed is seed which the purchaser can rely upon when he wants to be sure of getting the proper variety. Varietal purity is the most important single factor in certified seed production. All certified seed traces in association records to pure seed stocks released from or approved by the Farm Crops Department of Michigan State College.

Tuscola County growers list the following varieties: Oats, Kent and Eaton; Barley, Moore, Wisconsin 38, and Bay; Field Beans, Michelite; Hybrid Corn, Michigan 250, Michigan 350, Michigan 11A and Ohio M15.

Seed directories may be obtained by contacting the County Extension Office or Michigan Crop Improvement Association, Michigan State College.

Mrs. Robinson was an extremely careful mother and had repeatedly cautioned her six-year-old daughter against handling any object that might contain germs. One day the little girl came in and said: "Mother, I am never going to play with my puppy any more, because he has germs on him." "Oh, no!" replied her mother. "There are no germs on your puppy." "Yes, there are," insisted the child. "I saw one hop."

Give Feeder Cattle Best Possible Start

Feeder cattle are like baby chicks, except that they are much larger and more expensive, says W. L. Finley, of the department of animal husbandry at Michigan State College.

He explains that feeder cattle, like baby chicks, are new tenants on your farm. Like baby chicks, getting them started off right is essential for top profits.

Before the cattle arrive the accumulated litter and manure should be removed. Wet, muddy places should be filled or drained. Feed bunks, hay racks and especially the water tank should be carefully cleaned. The tank should be refilled with clean, fresh water. A liberal supply of clean fresh bedding and plenty of rest will help the cattle regain their vigor.

Put the cattle on their regular feeding program as rapidly as possible. For the first week give them

a pound or two of whole oats a head per day. Sprinkle on a small quantity of trace mineral salt, and then add a little bright, first-cutting hay. They may be moved up to a full grain ration in 14 to 21 days.

New cattle often will avoid the barn if possible. It may be a good idea to keep them in it for a few days, leaving the doors open so they can get lots of fresh air—but avoid cold, damp drafts.

Finley warned that you should never mix new cattle with others on your farm until they have been there for 21 to 28 days. Watch for tired, sick cattle. In case of sickness, call the veterinarian at once, remove the questionable steer from the herd and encourage him to eat and drink.

If your cattle have lice it will pay you to check with your county agricultural agent. He probably will advise you to pick a good, bright day and spray them with methoxychlor or lindane.

MICHIGAN MIRROR NEWS BRIEFS

Come Jan. 9, and our legislature will hitch up its pants and jump into the fastest regular session in its history—if everything goes right. This comes under the constitution amendment allowing for a regular session every year rather than one regular session every two years plus a series of special sessions at which lawmakers can consider only what the governor proposes.

Can the legislators get through a "quickie" session and be cleaned up by the April 11 deadline? None of the experts is ready to say—yet. Everyone agrees it will be an achievement. Ordinarily such a session would last until May 15, at least. Some 1,000 bills would be introduced. About one-third would be approved.

From 140-150 bills already have

been drafted for the 1952 session. Whether there will be 1,000 is doubtful. But if the lawmakers can meet their deadlines, everyone concerned will be pleased.

Out of a \$100,000 investment the state may reap handsome profits. The legislature, a bit dubious, appropriated that much for state health department laboratory staffers to research a new anti-biotic—it now is announced it will soon be on the market.

Known as Synnematin, the substance offers hope of relief from a variety of intestinal, genito-urinary ailments. Three scientists who developed the anti-biotic have waived claims to financial return. Next question: What royalties will the state ask for its sale?

Gov. Williams has pledged a hands-off attitude toward the conservation department. Now if the legislature would do the same, conservation officials would rejoice. For years the department has sought authority to regulate bag limits and open seasons for various areas according to amount of game available. For years the lawmakers have refused to give up their legislative drawingstraw on conservation powers.

How Michigan's United States senators voted for economy and spending in the 1951 session congress, as tabulated by the Council of State Chambers of Commerce: Homer Ferguson, 17 for economy, 1 for spending; Blair Moody, 6 for economy, 9 for spending.

A shortage of labor is delaying construction of ore carriers for the Great Lakes. Nearly a dozen carriers are scheduled to be launched in 1952. Any delay will affect defense mobilization and Michigan's civilian economy.

Detroit's long-sought expressway is fairly well set now. An \$80,000,000 bond has been approved.

Some 22,000 state civil service employees will receive pay boosts totaling more than \$5,000,000 in December. When the increases would be effective has not been determined.

Michigan's civil defense system got a work-out recently. A Canadian twin-engine airplane, lost in a snowstorm, wandered into Michigan. C. D. officials said "hundreds of ground observers reported the flight of the unidentified plane to the air raid filter center at Grand Rapids."

The state will need 12,000 more classrooms for 357,000 additional school children in the next five years, says J. F. Thaden, of the M. S. C. department of sociology and anthropology. He bases his figures on birth rate statistics.

U. of M's \$35,000,000 postwar expansion program is some two-thirds completed. Fourteen new buildings or building additions are now in use. Construction is underway on four other projects and three structures are in the planning stage.

Latest reports indicate there are 135,000 unemployed in Michigan, compared with 56,000 a year ago. Williams' full employment committee laid the blame on delay in obtaining new plants and machine tools to perform defense contracts already issued.

Public service commission made its first outright denial of a Bell Telephone rate increase in the state's history. The company wanted a \$22,500,000 rate jump. President John Greene said his company would continue its effort to get money "we need for sound operation." Says the governor: "... sound thinking."

Since police handle more breaking and entering cases than any other major crime, State Police will conduct a series of special schools in fingerprinting, identification and burglary investigation during the next two months. Classes will be held in various communities all over the state.

Before Christmas arrives more than 1,000,000 Yule trees and many tons of evergreen boughs will be brought in from Michigan forests.

Seed Production Is Conference Subject

Various phases of seed production in small grains, corn, potatoes and small seeds such as clovers, will be covered at the third annual two-day meeting of the Michigan Seed Producers at Michigan State College, December 11 and 12.

All persons interested in any phase of seed production of any crop are invited to attend. Producers of certified and uncertified seed, seed dealers and processors all are expected to be on hand to swap ideas and hear speakers discuss latest developments in the seed production business. One of the featured speakers will be Russell Billings, Buffalo, N. Y., who will discuss clover seed production.

The farm crops department of Michigan State College and the Michigan Crop Improvement Association are sponsoring the meeting. The Michigan Crop Improvement and Michigan Foundation Seed associations will hold their annual business meetings during the conference.

A pint of LEONARD gasoline has more energy than a stick of DYNAMITE!

It's true! The potential energy in six pounds of dynamite, (approx. one gallon) would run a modern car less than 3 miles, while the energy in a gallon of Leonard X-tane gasoline will drive the same car 18 miles.

Moreover, Leonard saves more of those power-packed molecules for use in your car. Climate-tested and blended right, Leonard gasoline is brought to you fresh from the refinery — those high octane components never get a chance to evaporate. Beef cows should be fed well during cold fall and winter months if they are to produce and care for vigorous calves in the spring.

Lobster Life
Unlike the chicken or the spawning salmon, the American lobster carries around its eggs for nearly a year after they are laid. After hatching from their hatch on the mother's abdomen, lobster larvae spend from three to five weeks irresponsibly floating near the surface of the sea. Then instinct asserts itself and the lobsterlings settle to the bottom. It requires five or six years before the lobsters reach maturity. Unless caught by lobstermen or eaten by predators of the deep, lobsters can live to the ripe old age of 40 plus.

The Cass City Chronicle established in 1899 by Frederick Klump and the Cass City Enterprise founded in 1881, consolidated under the name of the Cass City Chronicle on April 20, 1906. Entered as second class mail matter at the post office at Cass City, Mich., under Act of Mar. 3, 1879.

Subscription Price—Five cents per copy. In other parts of the United States, \$2.00 a year. In advance. For information regarding newspaper advertising and commercial and job printing, telephone No. 13.

National Advertising Representative: Michigan Press Service, Inc., East Lansing, Mich., and Newspaper Advertising Service, Inc., 188 W. Randolph St., Chicago, Illinois.

Wed in Cass City

On Saturday, Nov. 17, at 9:30 a. m. at St. Pancratius Church, Miss Lois Lorain McNeely of Saginaw, daughter of Mr. and Mrs. Joseph A. Malace of Deford, became the bride of Pfc. William Paul Demo of Fort Hancock, N. J., son of Mr. and Mrs. Clifford Demo of Cass City. Rev. Fr. John J. Bozek officiated.

The bride chose for her wedding, a gown of Chantilly lace. She carried white carnations, centered with an orchid.

Mrs. Maurice Lovay, Saginaw, was matron of honor and Mrs. William Penn, Detroit, was bridesmaid. In gowns of coral and blue taffeta, they carried mixed bouquets of roses, carnations and lilies of the valley.

Best man was Donald Binder, Saginaw, and Harry Fitzmaurice, Saginaw, was usher.

The bride's mother wore a brown dress with brown accessories. Her corsage was yellow roses. The groom's mother wore a turquoise dress with black accessories. Her corsage was red roses.

A reception was held at the Caro Gun Club for 200 guests. Out-of-town guests were from Saginaw, Bay City, Detroit, Hazel Park, Royal Oak, St. Charles, Sebewaing, Unionville and Pigeon.

Mrs. Demo will reside in Saginaw. Her husband will return to Fort Hancock.

Couple Speak Vows At Wisner Church

On Saturday, November 24, at 11:00 a. m., at the Wisner Church, Mrs. Margaret Sny, daughter of Mrs. Agnes Sheppard, Reese, became the bride of S/Sgt. John Miklovich, son of Mr. and Mrs. George Miklovich, Gageton. The Rev. Plantamen, Fairgrove, officiated.

The bride chose for her wedding a brown suit with a corsage of mums. The bridesmaid, Viola Stemm, wore a suit of champagne velvet with a corsage similar to that of the bride.

Anthony Miklovich, Gageton, was groomsmen. A reception for 265 guests was held at the Gun Club, Caro, which was decorated with mums, carnations, roses, gardenias and forget-me-nots.

Sgt. Frank Komor, Selfridge Field, Sgt. Rube Hewitt, Scott Field, Ill., Lt. Don Barnhart, Selfridge Field, and Lt. Colonel Carl Garrim, Dayton, Ohio, were among those attending.

Engaged

Mr. and Mrs. Roy Wagg announce the engagement of their daughter, Marilyn, to Bob Alexander, son of Mr. and Mrs. Nick Alexander, Gageton.

Miss Florence Smith Honored for Service

Miss Florence Smith, who owns a farm four miles west, one and one-half miles north and one-half mile west of Cass City, was honored recently by the Homemakers Club in River Rouge, where she was a former teacher.

The club was sponsored by Miss Smith in 1926 for the women of the River Rouge community and continued to exist until last year when Miss Smith retired.

At this time the club presented the school in River Rouge a number of library books, a check for kindergarten equipment and an enlarged picture of Miss Smith to hang in the library at River Rouge in token of her outstanding work in the community.

On Friday, November 16, Greenleaf Extension Club met at the home of Mrs. John McCormick. Following the business meeting, the lesson for the day, "United Nations," was conducted by Mrs. Raymond Thorpe and Mrs. Henry McLellan. The club learned of many things being done by the United Nations for this nation and foreign countries.

After the lesson, sandwiches, cup cakes and tea were served. The Christmas meeting will be held at the home of Mrs. Henry Klunkman on December 7. Each member will bring a guest.

Chicken-of-Tomorrow Contests Concluded

Program Increased Fowl Production in Country

The economics of chickens may offer a quick solution to the problem of the current quest of most Americans to keep their dinner plates well filled.

No matter what happens to other foods, there will still be plenty of chickens coming to market, according to estimates of production possibilities of the nation's top breeders at the windup of the national chicken-of-tomorrow finals.

Charles Vantress, Live Oak, Calif., twice winner of the contest, has estimated that his flocks alone

The whole chicken industry—breeders, growers, scientists and others—cooperated in the chicken-of-tomorrow program. Above a group interested in the industry examine products of the program.

will be responsible for production of more than 100,000,000 meat-type chickens in 1951.

This kind of production is due in great part to the six year chicken-of-tomorrow program when breeders and producers set out to improve the meat qualities of chickens. The program was also responsible to some degree in development of great "broiler areas" in Georgia, Delaware, Texas, Maine, Kansas, Indiana, Arkansas and other states.

Newer feeding efficiencies, better growing facilities, more knowledge of genetics developed on the farms of the nation were tested in the state, regional, and nation chicken-of-tomorrow contests.

The program was financed by A & P grocery chain.

Company Seeds 800 Mile Pipe Line Right-of-Way

How to maintain a farm that is 50 feet wide and over 800 miles long?

That problem recently faced one of the nation's largest natural gas companies when it wanted to properly care for the soil bordering its long, thin, pipeline stretching from Texas to Ohio.

To carry out its program, the company set up a soil conservation department and endowed it with nearly a quarter-million dollars for labor, seed, fertilizer and equipment. Eight crews went into the field and seeded an average of a mile a day.

The crews used carefully prepared seed mixtures to provide temporary cover crops according to the individual farmer's wishes. Plants chosen for seeding were selected to suit each locality, after consultation with local and national agricultural authorities on the best methods of soil conservation.

Proof Enough
 A middle-west draftee claimed exemption on the grounds of poor eyesight and brought his wife as evidence.

Big U. S. Coal Reserve

The U. S. Department of Interior estimates that the nation's reserves of recoverable coal total one and one-fifth trillion tons—enough to build a coal pile five miles high and fifty miles in circumference.

It is best to keep production records on each dairy cow in your herd, say Michigan State College extension dairymen. These records will help you determine how much to feed the cows. And when culling time comes around you can check for the ones which are least profitable.

Home Early

Officer (to man pacing the sidewalk at 2 o'clock in the morning): "What are you doing here?"
 Man: "I forgot my key, officer, and I'm waiting for my children to come home and let me in."

FINISH THE JOB

The tyro fisherman, in the excitement of his first catch, kept on reeling the poor little fish until his jaws were pressing against the rod.
 "All you got to do now, neighbor," exclaimed an old-timer, "is to climb the pole and choke him to death."

News Items From Rescue Area

Hello, everybody, I am back on the job writing news again after a month's vacation in Port Huron. Please send me news or call me by telephone as I am anxious to get all your news for my Rescue news.

A farewell party was held for Mr. and Mrs. John MacDonald and daughters on Thursday evening, before they moved to Memphis on Saturday.

Mr. and Mrs. Gerald Kreh and daughters, Linda and Marcia, of Bad Axe were Thanksgiving guests of the former's parents, Mr. and Mrs. Ervin Kreh.

Mr. and Mrs. Norris E. Mellendorf and children, Arlene and Milton, went to Port Huron Monday afternoon and returned Tuesday evening, accompanied by his mother, Mrs. DeEtte J. Mellendorf, who had visited at the home of his sister and husband, Mr. and Mrs. Richard O. Loss, and at the home of Mrs. Perry E. Mellendorf, at Smith's Creek.

Mrs. Charles Young and baby, Linda Grace, of Elkton came from the Cass City Hospital to the home of her parents, Mr. and Mrs. Wilbert Ellis, where they have been taken care of.

Lester Quinn of Brown City spent a few days helping his father and brother, Thomas Quinn, Sr., and Thomas Quinn, Jr.

Wayne Mellendorf returned home Sunday evening after working for Dudley Andrus the past few months.

Gerald Hagle, Robert Rinnert and Raymond Gardner were among the lucky ones who returned home with their bucks. Robert Rinnert's was a 5-point buck and Raymond Gardner's was a 9-point buck.

Mr. and Mrs. Thomas Quinn, Sr., and Mr. and Mrs. Olin Hinton of Owendale spent from Tuesday until Monday hunting deer at Sand Lake. No luck no buck.

Don't forget folks that "Family Night" will be held at the Grant Church on Friday evening, Nov. 30. All are cordially invited to attend.

Mrs. DeEtte J. Mellendorf was a dinner and supper guest of her daughter-in-law, Mrs. Stanley Mellendorf and children on Thanksgiving.

Donald Gemmel, James Metzger and David Swaistyn of Grant District No. 3 and Dwain Houghtaling of Grant District No. 5, who attend the Elkton Community High School in Elkton, received the Chapter Farmer Degree, the highest degree bestowed upon an F. F. A. member by its local chapter.

Mr. and Mrs. Oscar Nixon attended the funeral services of her aunt, Mrs. Eva Gingrich, at Akron on Friday afternoon.

Mr. and Mrs. Norris E. Mellendorf and children, Arlene and Milton, were supper guests on Thanksgiving Day at the home of Mrs. Mellendorf's parents, Mr. and Mrs. Thomas Quinn, Sr.

Mr. and Mrs. Stanley Endersbe attended the funeral services of the latter's grandmother, Mrs. Eva Gingrich, at Akron Friday afternoon.

Mr. and Mrs. Seth Roberts of Carlton were recent Sunday visitors at the homes of Mr. and Mrs. Ernest Roberts and Mr. and Mrs. Raymond Roberts.

Vernon Little and son, Tom, of Deford were Sunday visitors at the home of Mr. and Mrs. Raymond Roberts.

William Ashmore and son, Justus Ashmore, of Cass City were deer hunting near Tawas City a few days.

Frederick Strong of Gageton is spending some time with his sister and husband, Mr. and Mrs. Thomas Quinn, Jr.

Sanford Powell, Benjamin McAlpin and son, Harold, Donald Miljure, Charles Britt, Willard Ellicott, Glen Densen, Earl Parker, William Parker, Milton Mellendorf, Gerald Hagle, Robert Rinnert, Mr. Aaron Haley was a business caller in Sebawaing Friday evening.

Mr. and Mrs. Thomas Quinn were some of the deer hunters from Grant to go hunting.

Mr. and Mrs. Kenneth Maharg and sons, Larry and Johnny, were Thanksgiving guests of their uncle and aunt, Mr. and Mrs. James Phelan, in Gageton. Mrs. Maharg and sons accompanied Mr. and Mrs. Maynard Doerr to Detroit, where they visited until Sunday. Mr. Maharg went to Detroit Saturday and brought his wife and sons home Sunday.

Place of Treaties

Among peace-making palaces and chancelleries, Versailles' Hall of Mirrors holds a world record. The armistice ending the American Revolution, prior to the formal treaty of peace, was signed there in 1783. In 1870-71, Versailles was the headquarters of the German army besieging Paris, and there William I of Prussia was crowned German emperor in 1871. After World War I, the treaty between the Allies and Germany was signed in the Hall of Mirrors on June 28, 1919. Now General Eisenhower's Supreme Headquarters, Allied Powers in Europe, is rising in the Forest of Marly not far from Versailles.

Mulching Will Not Prevent Freezing Leaves, Grass, Straw Are Good Materials

Even though many gardeners have used mulches for years and are aware of its value, they are not sure of their reasons for mulching. It is not to prevent plants from freezing, as often thought, but to prevent quick freezing and thawing.

It prevents drying out of plant tissues, and freezing and thawing from heaving plants out of the ground. It also prevents plant development too early in the spring when buds might be harmed by late frost.

The gardener looking for mulching materials could try leaves when available in quantity. They

Mulching is nature's way of providing plant protection. Leaves, grass, straw, peat moss and ground corn cobs are all good mulching material.

are satisfactory for perennials borders and beds, rock gardens and around evergreens and shrubs.

Straw is another good material, especially good for strawberry beds. Oat straw is preferred over wheat and others.

Peat Moss is often used and does an excellent job of preventing temperature fluctuations, but has a tendency to crust on top. Grass clippings are good, too, if available in large quantity.

Ground corn cobs have recently come into use as a mulch, especially for roses. This material is reported to also improve the soil by stimulating the growth of microorganisms.

200-240 Pound Hogs Will Bring the Best Price

According to livestock specialists, both underfinished and overfinished hogs are likely to sell at larger-than-usual discounts this fall.

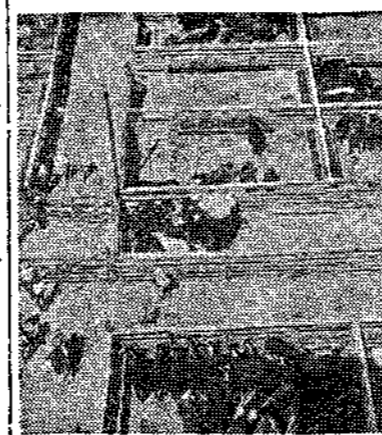

The 1951 pig crop of about 105 million head is the second largest on record, and there no longer is the strong world demand for fats and oils of a year ago. So there will be more fats available and possibly a weaker lard market.

As a result this will mean more price differential for type in live hogs. Hogs that are too heavy or too fat will probably have to take a larger discount than last year.

Specialists believe farmers should feed out hogs now under 180 pounds. Discounts on lightweights are such that farmers can hardly afford not to feed them out.

With so many hogs starting to market, packers can be rather choosy about the type of hog for which they pay top prices. Both underfinished and overfinished animals will sell at a disadvantage. Try to sell as many as possible between 200 and 240 pounds.

Filling Up

Restored pens of the Kansas City stockyards begin to fill up as cattle flow in again after the great flood. More than 20 feet of flood water covered this area. The job of rehabilitation has been hailed as an outstanding feat by livestock men throughout the midwest.

Cattle Grubs Cause Big Meat and Hide Losses

Not less than 12 million pounds of the most valuable part of the beef carcass are trimmed out around grub holes from cattle slaughtered in the U. S., according to livestock specialists. The trimming detracts from the carcass appearance, resulting in a lower price per pound. It has also been estimated that grubs cause \$20 million damage to hides each year, enough to make a million shoes.

The want ads are newsy, too.

ELMWOOD

Mrs. Chas. Barriger of Caro visited Mr. and Mrs. George Seeley on Tuesday.

Mr. and Mrs. Vilas McNeil and daughters were Wednesday evening supper guests at the LeRoy Evans home.

Mr. and Mrs. Floyd Dodge and daughters were Sunday visitors of Mr. and Mrs. Alfred Maharg.

Mr. and Mrs. Miles Dodge called on Mrs. Alma Streeter on Sunday.

Mrs. Lorne Evans and daughters of Garden City spent Saturday and Sunday at the Harold Evans home. Lorne and Jim Evans and Charles Martinek hunted a few days near Lupton.

Mrs. Anna Livingston, Mrs. Ella Peddie and Arthur Livingston spent Tuesday in Bay City at the Robert Joiner home.

Mr. and Mrs. Harold Evans were guests at a venison supper at the Ezra Kelly home in Detroit Friday evening. Mr. and Mrs. Sherwell Kelly and family were also present. Sherwell was the lucky hunter.

Thanksgiving Day guests of Mr. and Mrs. Miles Dodge were Mr. and Mrs. Alfred Maharg and Mr. and Mrs. Floyd Dodge and daughters.

Mrs. Ella Peddie, Miss Margaret and "Bud" Peddie were supper guests on Thanksgiving Day of Mr. and Mrs. Bill Perlaki.

Mrs. LeRoy Evans and sons, Alvin and Maurice, spent Thanksgiving Day at the home of Mr. and Mrs. Harley Kelley.

Mrs. Harold Evans spent Friday with Mrs. Richard Evans and son in Garden City.

Mr. and Mrs. W. C. Morse and Mrs. Lyle Lounsbury and family were Thanksgiving Day guests of Mr. and Mrs. Charles Cutler in Bad Axe.

The Sunshine W. S. C. S. will meet with Mr. and Mrs. Lewis Livingston on Thursday, Dec. 6.

NEVER DESPAIR

The ambulance was called to the scene of an accident, and a young doctor, doing his first stint at this type of aid, got out eagerly to help those injured. His face fell when it was found that no one was in need of medical care. The ambulance driver, noticing his disappointment, remarked cheerfully, "Never mind, Doc, there's bound to be another call. Why, we might even run into something on the way back."

Jesus Shall Reign

Jesus shall reign where'er the sun
Does His successive journeys run;
His kingdom spread from shore to shore
Till moons shall wax and wane no more.

When young Isaac Watts, at 18, disapproved of the psalms sung in his father's church at Southampton, an elder retorted, "Give us something better, young man!" He wrote "Jesus Shall Reign" and it was sung the following evening. It was an immediate success and encouraged him to produce 200 hymns in the next two years. Published as "Hymns and Spiritual Songs," it was the first hymn book in the English language.

The island of Crete had beautifully decorated bathrooms and indoor plumbing with a well-made system of drains and terra cotta pipes, more than 3000 years ago. These were connected with cisterns on the roof which caught and held the rain-water that was used in bathing. One Cretan bathroom is described as having "an earthenware bathtub with quaint designs of cows and calves"; another with "an exquisite fresco of flying fish, full of life, motion and exuberant joy."

Don't let your cows try to be patriotic during scrap metal drives by picking up nuts, bolts and baling wire, warn Michigan State College extension dairymen. Pick up such items around the lots and fields.

Symptoms Indicate Replanting Needs

Now is a good time to look around your farmstead for symptoms that indicate a need for replanting or replanting. These symptoms are warning signs and heeding them can save you time and money in making your farm home more attractive.

Joseph T. Cox, extension landscape specialist at Michigan State College, says that one of these symptoms is snow drifts year after year in the drive or farmyard. This bothersome situation can be remedied by planting a windbreak to protect the area.

If the farm grounds look bleak and barren during the winter months it's time to put nature's plants to work for you next plant-

ing season. Select low-growing evergreens and short-branched shrubs to break cold winds as they swirl around basement walls. Use some higher berry-producing shrubs to add variety to the planting. The same trees that produce shade during summer will slow down winter winds before they strike your buildings and will help reduce fuel bills.

Retracing your steps in doing daily chores is a symptom of poor building arrangement. Relocating small service buildings may help save energy and time in doing winter chores.

Keeping machinery in good repair will help reduce accidents, say MSC agricultural engineers.

Down Memory Lane

Five Years Ago.

The new pavement on M-81 between Caro and Cass City will be opened to public use Saturday.

For the fourth time since the organization of the Gavel Club, that society was host at a dinner party at which the Rotary Club members were guests. The dinner was served at the Home Restaurant Tuesday evening.

Fifteen 4-H club members of Cass City will attend the Detroit Junior Livestock Show next week and exhibit 16 steers. This group of 15 are among 35 boys and girls of Tuscola County who will exhibit a total of 45 fat steers and six fat lambs. All 4-H club exhibitors and leaders are guests at a banquet in the Statler Hotel, by courtesy of the show management. The following is the list of exhibitors from Cass City: Aberdeen Angus Steers—Elwyn Helwig, Marilyn Loney 2, Don Karr, A. J. Murray, Robert McDonald, Billie Zinacker and Ed Golding. Hereford Steers—Robert Wood, Louis Langenburg, Don Loomis, Dorothy Loomis and Alex Murray. Short-horn steers—Grace Graham, James Turner, Harold Little and Keith Little. Cross-bred steer—Evelyn Graham.

Ten Years Ago.

E. B. Schwaderer, highway contractor of Cass City, arrived by plane in Mexico City on Monday where he plans to remain for two weeks. Mr. Schwaderer is interested in getting details regarding construction work which will be awarded at the capital city of Old Mexico.

New electrically driven machinery has made its appearance in three business places in Cass City recently. One of these is an "electric eye" in the bean elevator of the Frutchey Bean Co. In the Gross & Maier meat market, a power meat cutter has been purchased and at the post office a stamp cancelling machine stands on the floor awaiting an electric motor for power.

Earl E. Neely of Richfield Center, director of the United Dairy Farmers, was in Cass City Wednesday and stated that members of that organization planned to withhold milk starting Dec. 10 unless distributors "come through" with \$3.00 cwt., flat rate; however, it is

anticipated that the Detroit distributors will agree to pay the \$3.00.

About 70 were present Wednesday evening, Nov. 2, when Echo Chapter, O. E. S., met for initiation. Degrees of the order were conferred upon Mrs. John Spangler, past matrons and past patrons filling the chairs.

Twenty-five Years Ago.

Cass City won the Thumb championship in football when Marlette was defeated last Friday 6-0. By its victory, Cass City remains the only unbeaten team in the Thumb and so to them goes the undisputed claim to the title. This is the first time in years that Cass City has won this honor and the credit for the victory goes to Keeney; although the rest of the team also deserves much credit.

Jim's Jet Jem, the famous Aberdeen Angus club calf of James Milligan, will be sent from Cass City next week for Cleveland, Ohio, where the animal will be shown at the Junior Livestock Show. Mr. Milligan expects to show the calf and will be accompanied by Willis Campbell, club leader.

Another local member who is winning recognition in club work is Loyal Boulton, who is the owner of a Chester White sow holding the record for consecutive litters.

A program was presented by students of Mrs. Caroline Fenn-Bigelow's music class at the chapel exercise Thursday afternoon. Those participating were David Gargo, Vernita Knight, Marguerite Henry, Fern Benkelman, Margaret Jondro, Margaret Landon, Pauline Sandham and Virginia Day.

Thirty-five Years Ago.

For the first time in its history, Cass City had a representative on Fielding H. Yost's varsity eleven at Ann Arbor. Clifford Gracey, a resident of Cass City, not only was a regular guard on the University of Michigan gridiron team, but he played so well during the season that he made himself a great favorite with the 6,000 student fans.

The Elkland Milling Co. is running its plant overtime in order to supply the demand. The wholesale trade, especially among merchants, is steadily increasing. The farmers' trade is also showing a steady growth as they bring in their wheat

from long distances in exchange for flour and other by-products. While buzzing wood at Robert Campbell's in Novesta, Henry Stone caught his left hand in the saw. The injury was such that necessitated the amputation of the middle finger.

While threshing on the E. Knight farm, Clarence Davison was injured by a belt flying off the machine. His right arm was broken and his face badly bruised.

Rice Review
The Arabs carried rice into Spain under the name of "Aruz". It first was cultivated in Italy, near Pisa, in the year 1468. At what period it was introduced in the United States is not definitely known, but one account states that it was grown in Virginia as early as 1647. Another account states that it was grown in a garden in Charleston, South Carolina, from seeds brought from the island of Madagascar, near the close of the seventeenth century.

Hail to the Victors! The Reid Five, whose team members are M. B. Auten, A. J. Murray, B. Bigham, Al Murray and Captain Frank Reid, like the Spartans of Michigan State, came roaring back after a first game trance to soundly whip their opponents in a big second game good for one point and totals to ease into victory by a one point margin. They are now champions of the first round in the City League. The two big guns for Captain Reid were Bigham and Al Murray as they bowled their hearts out in the second and third games to spark the drive to victory. The Reid five were 105 pins down as they went into the second game of their crucial series against Hunt. The second game ended with Reid overcoming Hunt's lead 857 to 722, a margin of 80 pins to coast along with in the final game. They needed this advantage, because Hunt arrived after the first two games had been rolled without his help and came through with a 204 game and the help of his teammates to down Reid 831 to 812. But it was not enough to wipe out the 30 pins and the Reid Five came out of the battle with eleven pins, 2357 to 2346. While all of this action was taking place on alleys one and two, over on alleys five and six, the Peterson team was taking the Rusch team for four big points to bring their point total to 28. The Musall team took four points from the Landon team as they hit the high series for the evening with 2542 to give them a total of 27 points. They calmly sat back, waiting and hoping for a possible first

place tie. But this was not to be. The second round starts next Monday night and from all indications there will be some unheralded teams from the first round to contend with when it comes to deciding the winner of the second round.

Team standings at the close of the first round:

W	L	Pts.
Reid	21	12 29
Peterson	22	11 28
Musall	20	13 27
Hunt	20	13 25
Landon	17	16 23
Woolley	15	18 22
Galloway	16	17 21

Motorized Baths

Apparently there's no limit to the things that can be motorized. Now motorized baths join the parade with an announcement that they will be delivered to front doorsteps in Southall, England. To help old folks who don't have bathtubs, the Health Department will bring a car loaded with a 20-gallon tank of hot water, yards of rubber tubing, a pump and a zinc bathtub on wheels. The tub will be wheeled into the house and the hot water pumped into it from the car.

A millionaire was playing golf with his daughter on the St. Andrews course in Scotland for five pounds a hole. Already irritated because he had lost three holes in succession, he really blew his top when a missed putt of less than two feet cost him still another. He looked up angrily but not a soul had said one word, or moved an inch. The green was perfect. The wind had subsided completely.

Suddenly, however, the millionaire spied a tiny boat in the distance, just over the horizon. He threw his putter angrily on the ground and grumbled, "How the heck can anybody putt with all these ships sailing around here?"

Russia Speeds Up Farm Program; On War Footing

The U.S. department of agriculture reports the Communist program for agriculture is being changed to put the Soviet Union on a wartime basis.

Students of the Soviet farm system report Russia's collective farms are being arbitrarily cut in two. This means that instead of 252,000 farms, Russia will now have 123,000. The conclusion drawn from this move is that Russian farmers are being regimented more. One hundred thousand very big collective farms are easier to manage from Moscow than twice that many.

Some experts believe there will be more systematic delivery of established farm production quotas under the new plan. Meeting production quotas on Russian farms has always been a problem in the Soviet economy.

HOUSEHOLD MEMOS... by Lynn Chambers

Leftover Turkey Does a Delicious Encore (See Recipes Below)

Holiday Favorites

STEAMED PUDDINGS and fruit cakes are age-old menu traditions that belong to Christmas and New Year feasts. As all of the more experienced home-makers know, these are both things which may be done, in fact, should be done before the holidays actually arrive.

Like most culinary heirlooms from other centuries, old-fashioned puddings and cakes would not please modern tastes. Many of them would be considered too heavy, lumpy and soggy.

Modern cakes and puddings are neither too heavy nor over-rich, and they combine all of the best and none of the bad features of the traditional concoctions.

Make them now, before you get too involved in shopping, making gifts and other decorations. Give them an opportunity to mellow.

HERE'S A PUDDING that's plump with goodness of fruits and nuts, fragrant with flavors and yet light enough to serve after ham, roast beef or turkey, whatever the choice for the holidays.

Steamed Date-Nut Pudding (Serves 8)

- 1/2 cup butter or substitute
- 1 1/2 cups dates, chopped fine
- 1/2 cup chopped nuts
- 3/2 cups soft bread crumbs
- 3 teaspoons baking powder
- 1/2 teaspoon salt
- 1/2 cup milk
- 3 eggs
- 1/2 cup sugar
- 1/2 cup apple juice

Cream butter; add dates and nuts and mix well. Combine bread crumbs, baking powder and salt and stir in milk. Add to date-nut mixture. Beat eggs, add sugar and beat until light. Add to batter. Finally, stir in 1/2 cup of the apple juice. Turn into one-quart pudding mold which has been well greased or oiled. Pour remaining apple juice over the pudding. Cover and steam for 2 to 3 hours.

HERE'S AN UNUSUAL fruit cake which is rich and delicious. It will keep well for several months, provided you have enough left to keep after the festivities.

Rich Fruit Cake (Makes 1 Cake)

- 1 pound dates
- 1/2 cup candied cherries
- 1 slice candied green pineapple
- 1 slice red candied pineapple
- 2 slices white candied pineapple
- 1/2 cup candied orange peel
- 1/2 cup candied lemon peel
- 1/2 cup candied citron
- 1 cup chopped pecans
- 1 can moist coconut
- 1 can sweetened condensed milk

Cut dates and cherries into thirds. Cut remaining fruits about the same size. Mix all ingredients together thoroughly and press into a small, greased loaf pan lined with greased brown paper or an 8-inch tube pan greased and lined with greased brown paper.

LYNN SAYS:

Try these Short-Cuts On your Busy Days

Want some colored sugar? Add some food coloring to granulated sugar, and rub with fingertips to spread color. Sprinkle this on plain cookies before baking.

Need to speed measuring technique? Keep a set of graduated measuring cups or spoons, whichever are used most often, in the canisters or cans containing your dry ingredients.

LYNN CHAMBERS' MENU

- Onion Soup
- Spaghetti with Meat Sauce
- Cheese
- Tossed Green Salad
- Olives
- Crusty Rolls or Bread
- Baked Caramel Custard Cookies
- Beverage

Bake in a slow (300°F.) oven for 2 hours. Turn out on cake cooler. Decorate with blanched almonds, candied cherries and leaves from green candied pineapple, if desired. Cover with waxed paper and store in refrigerator.

Miniature Fruit Cakes (Serves 10)

- 2 cups brown sugar
- 2 cups hot water
- 1/2 cup shortening
- 1 cup raisins
- 2 cups sifted flour
- 1 teaspoon baking soda
- 1/2 teaspoon salt
- 1 teaspoon cinnamon
- 1/2 teaspoon cloves
- 1/2 teaspoon nutmeg
- 1 cup chopped candied cherries
- 1 cup chopped dates
- 1/2 cup chopped nutmeats
- 1 cup oats, uncooked (quick or old-fashioned)

Combine brown sugar, hot water, shortening and raisins in saucepan and bring to a boil; cook 5 minutes. Cool. Sift together flour, soda, salt and spices into a bowl. Add chopped fruit, nutmeats and rolled oats. Add brown sugar mixture, mixing thoroughly. Fill greased custard cups, 3/4 full. Bake in a slow (325°F.) oven about 1 hour. Cool for 10 minutes before removing from custard cups. Serve warm or cold with hard sauce.

IF YOU DON'T like to make your cake several weeks ahead of time, here's one that can be made during the last week before festivities. The cake has a rich, luscious texture and a flavorful combination of citrus and nuts.

Santa's Prize Cake (Makes 1 Cake)

- 1 cup butter
- 1 cup sugar
- 2 tablespoons grated orange peel
- 2 teaspoons grated lemon peel
- 2 eggs, slightly beaten
- 2 1/2 cups sifted flour
- 2 teaspoons baking powder
- 1 teaspoon baking soda
- 1/2 teaspoon salt
- 1 cup sour milk
- 1 cup chopped walnuts

Cream together butter and sugar, beating until light and fluffy. Add orange and lemon peel, then blend in slightly beaten eggs; beat thoroughly. Sift together dry ingredients and mix into slightly creamed mixture alternately with milk. (To sour milk, add 1 tablespoon lemon juice to 1 cup sweet milk and allow to stand.) Fold in walnuts. Pour into greased ring mold pan and bake in a moderate (350°F.) oven for 50 to 60 minutes, or until cake springs back when lightly pressed.

Like some soup for supper? Use a bouillon cube plus juices from canned vegetables and heat. Add leftover tomato juice and leftover vegetables, if desired while heating for variety.

Need some melted chocolate? Wrap the squares of chocolate in a square of aluminum foil, and fit over the top of your open teakettle so it doesn't slip. Heat the water in the kettle and chocolate will melt, then pour off chocolate and throw away the foil. There's nothing to wash!

On The Serious Side

The Parents' Consultation Service has found that certain mothers and fathers seem to think it is "cute" to let their little ones join in the merriment of the cocktail hour. When some Mommy says, "Take a sip," they don't mean from a glass of milk. They're talking about the cocktail shaker which has become enshrined in the family hearth as a sort of household god. "It's difficult to believe that any parent would let a child even taste an alcoholic beverage, after observing its undesirable effects, even to adults. Yet, some parents are doing it," the Service observes, adding: "Perhaps their judgment is dulled momentarily by liquor. Whatever the reason, there is no excuse for their morally irresponsible behavior. At best, a cocktail party presents a questionable environment for a child. He should not be there, to begin with."

WHO KNOWS?
"What did you come to college for anyway?" asked the disgruntled professor. "You are not studying."
"Well," said the student, "Mother says it's to fit me for the presidency; Uncle Jim, to sow my wild oats; sister Helen, to get a chum for her to marry; and Dad, to bankrupt the family."

Final Rites Held For N. H. Decker

Mr. Newman H. Decker died unexpectedly at his home in Cass City, Thursday morning, Nov. 22.

He was born in Rome, Michigan, Oct. 10, 1880, the son of the late Mr. and Mrs. Hiram and Helen Perkins, Decker. In 1915 he was married to Miss Clara Schneider in Detroit, where he lived until 1946 when he came to a farm west of Cass City. In April he moved into the village.

Mrs. Decker preceded him in death.

Survivors are three daughters, Mrs. William (Margie) Cook of Oak Park, Mrs. Thomas (Betty) Bayer of Detroit and Miss Edith Decker, at home; one son, Mr. Earl Decker of Royal Oak; one sister, Mrs. Nellie Wilson of Ithaca; and two grandchildren. One sister preceded him in death.

Funeral services were held from Little's Funeral Home at 2:00 p. m. Saturday, Rev. Melvin R. Vender officiating.

Burial was in St. Charles-Cemetery, in Detroit.

LETTERS TO SANTA

Continued from page 2. Nov. 26, 1951

Dear Santa
I would like a train and a car and a sleigh for Christmas. I'm five years old.
I'm a good boy.
Bobby Hutchinson, Cass City, Michigan

Dear Santa Claus
How are you? I am fine. For Christmas I want a color and color book, figurine set plasterparis set and newspaper set. How is Rodolph the reindeer and all the reindeer.
With all my love,
Mary Ann Gracey.

Dear Santa and your Raindeer
I want a black haired toin doll and a set of Bobsey Twin books. My girlfriend Mary and Jimmy Fritze are going to have letters in the paper to here's a hug and kiss by by now.
Love,
Melinda Cathcart.

Nov. 25, 1951

Dear Santa,
I am a little girl five years old. This is my first year in school.

For Christmas I would like a nice big dolly with blonde curly hair. I would also like some dishes, a red sweater, a musical jack-in-the-box, and some candy and nuts.

Please don't forget to bring my little brother Gary some toys too.
Good-bye for now,

Long-Time Resident Of Grant Twp. Dies

Funeral services were held Thursday at 2:00 p. m. from Little's Funeral Home for Charles Edward Cummins, well-known resident of Grant Twp. for the past forty-eight years. Rev. Arnold Olsen officiated. Mr. Cummins died Monday, Nov. 26, at his home. He had been in ill health the past several years.

He was born in New York State October 31, 1862, the son of the late Mr. and Mrs. Daniel and Elizabeth Douglas Cummins. He came to Michigan when a young man.

He was married to Miss Ada Leng in Sanilac County, January 31, 1897, where they made their home following their marriage. In 1900 they moved to Bad Axe where they lived three years after which they moved to Grant Township, where he lived until his death.

Surviving are his wife; one daughter, Mrs. Vernon (Bina) Cary, of St. Clair; two sons, Mr. Edgar Cummins, of Cass City, and Mr. Earl Cummins, at home; seven grandchildren and three great grandchildren. Three sisters and four brothers preceded him in death.

Burial was in Grant Township Cemetery.

Taste Differences

Tests given to children of eleven show that boys and girls admire entirely different qualities. Boys rated each other highest for aggressiveness, boisterousness, skill in group games, fearlessness, and readiness to take a chance. The girls put the ability to be friendly, pretty, tidy, quietly gracious, and docile at the top of the list.

Osborns Hosts to Grant Farm Bureau

The Grant Farm Bureau met Wednesday, Nov. 21, at the home of Mr. and Mrs. Robert Osborn. Mrs. Osborn and Mrs. Clarence Shantz were co-hostesses. Charles Taschmer explained the many advantages the Farm Bureau has for its members. Euchre was played and prizes were given. Lunch was served. The next meeting will be Dec. 12, at the Williamson School, which will be a Christmas party for the members and their families. Mr. and Mrs. Charles Taschmer and Mr. and Mrs. Richard Schuette will be hostesses.

W. S. C. S. WILL HOLD CHRISTMAS PARTY
