CASS CITY, MICHIGAN, FRIDAY, JANUARY 11, 1952.

## J. R. McDermott Explains Michigan's Tourist Industry

The purpose for the existence of the East Michigan Tourist Association, whose main offices are in Bay City, is to "create a desire to School Assembly have persons spend as much time as possible in Michigan," said J. R. McDermott, fieldman for the or ganization.

How well the work is being done can be ascertained by the amount of money spent annually in the State by tourists. Last year the industry produced \$600,000,000 in revenue, McDermott revealed.

Besides performing all the usual functions of a tourist association, such as providing guide books, revaried descriptive sort maps, folders and road maps, the organization makes surveys to determine what tourists spend and what they enjoyed while in the State.

The Community Club had an opportunity to see some of the promotional work done by the Association when they saw two films depicting Michigan. The first, "Winter Sports," was an able presentation of the tourist attractions in Michigan in winter. The second "Outstate Michigan," revealed Michigan's economy outside of the metropolitan Detroit area.

A ham loaf dinner was served by the members of the Presbyterian Church. Louis Bartz, acting president, was chairman of the program for the evening.

The weather evidently kept at tendance down, for one of the smallest crowds of the season was on hand for the meeting.

#### Bruce Named to **Head Church Board**

Eldon Bruce was named chair man of the church board of the Church of Christ at the annual meeting of the congregation of the church, Tuesday evening.

Besides the president, many other officers and teachers were elected at the meeting. Mrs. Audley Horner was elected clerk; Mrs. Mack Little, treasurer; Mrs. Audley Horner, trustee for three years.

and Keith Little will be the pianist.

Assistant pianist will be Marjorie Peasley; Gerald Stilson and Howard Douglas, deacons for three years; Harold Little and Audley Horner, deacons for two years; and Hugh Connolly and A. J Pratt, deacons for one year.

Sunday School officers are: Superintendent, Keith Little; assistant superintendent, Ferris Ware; secretary, Lota Little; assistant Peasley; assistant pianist, Mrs. Audley Horner; and cradle roll superintendent, Mary Lou Kil-

Erwin Binder; Rev. Howard Woodard, with Hugh Connolly, substitute; Mrs. Leo Ware, substitute, Mrs. Audley Horner; Mrs. Joseph Tredeau

Joseph Tredeau Hugh Connolly, Joyce Little, substitute; Mrs. Mack Little, Joan Atkins, substitute; and Mrs. Woodard, substitute to be supplied.

#### Schedule Meeting

The Novesta Farmers' Club has scheduled a meeting at the home served at 12:00 noon.

First of all it got 15 loads of barnyard manure to the acre in the fall of 1950 and another 15 loads per acre in the spring of 1951. Commercial fertilizer was applied, too. Just before planting van Acker put on 200 pounds to the acre of 0-20-20. At planting time he put on 1,000 pounds of 3-12-12

La'el Club, 8:00 p. m. It will be innounced who will be the hostess. The field was seeded to sweet clover and oats in 1950, and 300 Wednesday, 4:00 p. m., Booster pounds of 3-12-12 was put on that Club. If we have enough, we will crop. The sweet clover was plowed down as green manure on May 25, Wednesday, midweek services, 1951, and the potatoes planted on May 28. Most of the weeds were Friday, 8:00 p. m., Judson Class taken care of by the oats-sweet clover crop, but to further insure If you have any spiritual probagainst weed competition van lems of questions, call or visit our Acker dragged the field six times office during office hours from before plowing. He went over the field with a weeder twice and a cultivator three times during the eason. Fraser Presbyterian Church ser-

He planted Russet Rurals, spacing them twelve and a half inches apart in rows 82 inches apart. He used 31 bushels of seed to the acre. Blight was controlled with 10 sprayings with dithane, and in-

ects by four applications of DDT. A frost hit the potato crop on September 29 and they were harvested soon after. Of the total yield of 1061.4 bushels per acre, 978.9 bushels per acre were graded U. S. No. 1's.

#### SURPRISE:

A young doctor, who hung up his shingle in a small town, waited for his first patient. Some days later one arrived-covered from head to foot with an angry dangerous-looking rash. The puzzled young medico hastly consulted his textbook butcould find no help there. Finally he said to the patient, "Did you ever have this affliction before?"

"Oh, sure, Doc," the patient replied. "I've had it twice before." "Well damnation," diagnosed the doctor, "you've got it again."

Children need constant safety reminders. Caution them about traffic hazards when they leave for school.

Heineman, Sunday county home demonstration agent. The meeting will be held at the Wilber Memorial 4-H Building in Caro at 1:30 p. m.

#### Slate Different Dairy Program at MSC

Michigan farmers attending the dairy programs during the Farmers Week at Michigan State College in late January are going to find the programs quite changed from previous years. "We want to give our dairymen a chance to find the answers to the problems bothering them. That's why we're having a more informal type pro-gram this year," reports Dr. Earl Weaver, head of the department.

The Monday, January 28 "Dairy Day" program is about as usual, with the general session for dairymen in the morning and breed association meetings in the afternoon and evening. Fred Idste, Beloit, Wis., will be the main speaker discussing: "Why Purebred Dairy Cattle." Idste is secretary of the Brown Swiss Breeders of America and also of the Purebred Dairy Cattle association.

Thursday, Tuesday through January 29 through 31, the morning dairy programs will be held in the East Concourse beneath Macklin Field Stadium. Here Dr. C. F, Huffman of the M. S. C. staff will show some of the research work being done in dairy nutrition and exhibit the animals. He and others will answer questions.

Afternoon programs will be at the new dairy housing research and demonstration center on the college farm, a mile south of the main campus on Forest and College Roads. Farmers will visit the new center and hear discussions of the labor saving methods made available. D. L. Murray, extension dairyman, and B. F. Cargill, agricultural engineer, will lead the discussions.

The dairy barns and the Michigan Artificial Breeding Coopera-tive bull stud will be open for in-

#### CUSTOMERS' CORNER

"Howdy Neighbor!"

That's just how we feel about the 6 million folks who call on us every day! That's how we'd like them to feel about us, too. And most of them do-simply because A&P has always been known as the friendly, "neighborly" place to shop. That "warm" feeling by our customers has been going on for a long time now. And in that spirit we think of you and are doing our best to see that A&P is all that you expect it to be. If it isn't, tell us. Incidentally, if your A&P store manager does call you "neighbor," rather than by name, we think you'll know why.

#### Glenna Fay Copland Wed Saturday Night

Three hundred relatives and friends were invited to the Novesta Baptist Church Saturday evening, Jan. 5, for the ceremony performed by Rev. C. E. Landrith, in which Glenna Fay Copland became the bride of Allen Theodore Vahovick, son of Mr. and Mrs. Allen Theodore Vahovick of Decker. The bride's parents are Mr. and Mrs. Laurence Copland of Deford.

Ferns, baskets of flowers and candlelabra decorated the church seven o'clock.

Guests were seated by LeRoy

troit, formerly of England, was the mas trees, poinsettias, white wore a navy suit with light pink accompanist.

In the wedding party were Larry and Mary Louise Heintz of The altar boys and Fr. Betzing and then flying to Texas where Berkley, niece and nephew of the were in red.

Mr. and Mrs. Forrest Tyo an nounce the engagement of their daughter, Dorothy Ann, to Ronald Phillips, son of Mr. and Mrs. Melvin Phillips of Deford.

No date has been set for the wedding.

#### Baler

This automatic saler is good example of how machinery is saving manhours on the farm. The baler can package a ton of hay in less than half the time needed by hand metheds. With only the tractor driver in the field, this machine automatically picks up hay, slices it, presses it into compact packages and then ties the bale with two strangs of twine. Further information is available at local machinery dealers or in the local hardware stores.

#### Rice Is Most Important Food in the Vorld Today

Although most Americans believe the statement exaggerated, rice is the most important food crop in the world today. It is the basic food of more than half of the world's population. In recent years the cul-tivation of rice has increased in watermelon. "What did they say?" this country, but in Asia it is the important crop because it is virtually the only food millions of people have—their means of sustaining

Definitions "What is a debtor, pa?" "A man who owes money." "And what is a creditor?" "The man who thinks he's go

ing to get it." Frank Approach In a Chicago restaurant one woman was overheard saying to an-

other: "Why don't you go to him in a perfectly straightforward way and lie about the whole thing?"

From Detroit comes a story of the day when a big minister's convention and a powwow of automobile salesmen were held simultaneously in the same hotel. The salesmen were topping off a big dinner with "spiked watermelon" for dessert, but the hard-pressed waiters served it to the ministers by mistake. The maitre d'hotel was frantic when he heard of the mixup. "That watermelon is soaked in alcohol," he moaned. "Get it away from those ministers before they

run me out of town." The waiters returned to say it was too late: the ministers were asked the harrassed matre d'hotel.

"How did they like it?" "Don't know," was the reply. "but they put all the seeds in their pockets."

## DEFORD NEWS

First W. C. T. U. of 1952-

Five ladies of the local Women's Christian Temperance Union came to the Earl Rayl, Sr., home for their January meeting on January 3. The president called the meeting to order; Harriet Rayl gave the devotions and Mrs. Edna Warner the lesson. Come and give us your opinions and votes on February 7 at Mrs. Phyllis Churchill's home.

Mr. and Mrs. George Jacoby and ons visited Sunday in Bay City at the home of Mr. and Mrs. Hazen Rupp and family.

There will be a meeting of the P. T. A. Monday evening, January 14, in the Deford Town Hall. Mrs. Worthy Tait of Caro and Mrs. Boyd Tait spent Sunday eveging with Mr. and Mrs. Forest

Tait and family of Deckerville. Linel Rayl, twelve-year-old son of Mr. and Mrs. Earl Rayl, Sr., was admitted to Pleasant Home Hospital Sunday evening where he underwent an operation for ap. pendicitis the same night.

Mr. and Mrs. Horace Murry and children were Sunday dinner guests of Mr. and Mrs. Burton and family.

Mrs. Carrie Lewis returned home Sunday night after a two weeks' visit with friends in Detroit.

Mr. and Mrs. R. E. Johnson left Wednesday, January 2, for Florida, where they expect to spend the next two months.

Mr. and Mrs. William Kelley spent the week end with relatives in Flint and Pontiac.

IT ALL ADDS UP

A woman we know who could never keep her checkbook straight has solved her problem very neatly. It's an unorthodox method, but one that's enabled her to set up a Christmas-shopping fund as well. All she does is keep her checkbook without any cents. If a bill is for \$7.20, she makes out a check for that amount, but in recording it and subtracting the amount from her balance, she calls it \$8. If the amount is for \$10.74, she enters \$11. At the end of a month, after making out countless household and personal checks, she has a balance of about \$20 that she thinks she spent but didn't. And at the end of the year, there it is-ber Christmas fund.

gan to move, slipping down the mountain, loosening tons of earth and ice and rock. Lorelei was coming up from the the mail. She heard the ominous roar and stopped. A moment before she had seen Stan and Inez enter the tiny engineer's field office, and without thinking she started running

toward it, shouting at the top of her Men appeared from other buildings and took up the cry, and before long a great crowd was racing down the valley road out of the path of

the onrushing avalanche. But Stan and Inez didn't appear in the doorway of the engineer's office and Lorelei kept on running

screaming. Above the office was a sharp outcropping of rock. When the avalanche hit this it divided, and stones and earth were catapulted into space over the building. Lorelei had pushed open the door

when this happened. She glimpsed Inez in Stan's arms. Then a falling timber crashed toward them and she screamed. Stan pushed Inez away from him, and almost got clear himself, but it grazed his shoulder and knocked him flat.

For a moment Lorelei stood transfixed. Then she leaped forward and began prying at the timber. "Help me!" she cried. And she turned desperate eyes toward Inez.

At the door, Inez turned. Her face was white. "Don't be a fool!" she shricked. "Save yourself!" Then the roar and crash became louder, drowning out her words. The first avalanche

had started a second. Inez flung open the door and rushed outside. Stan pulled Lorelei down beside him and yelled into her "Go on! You've still got a chance. You can't save me!" But she only stared at him in horror. Then she began picking up timbers and propping them in a sort of leanto against the one undamaged wall,

sheltering them. Rescue crews came in and were amazed to find the two alive. They pried Stan loose and carried him away on a stretcher. One of his legs was broken.

When he came out of the ether, Lorelei was beside his bed. She smiled and said, "She's safe. She got clear and escaped without a

He looked at her and said nothing. Then he took her hand and drew her down close to him. "It's more important that you're safe-...

As Aid to Garden Beauty

Mrs. Phil Patterson of Colorado came up with a new idea in the current issue of The Farm Journal. She suggested dying garden mulch to harmonize with the colors in your flower plot. A 10-cent package of vegetable dye, mixed with water, would dye a great amount. Mulches have been recommended for years Now, it will add to the beauty of executive. your garden.

Brevity

The doctor's new secretary, conscientious girl, was puzzled by an entry in the doctor's notes on an emergency case: "Shot in the lumbar region," it read. After a mo-ment she brightened and, in the interest of clarity, typed into the record: "Shot in the woods."

Absolutely Right

The preacher came along and wrote on a fence: "I pray for all." The lawyer wrote underneath: "I plead for all.

The doctor added: "I prescribe for all."

The plain citizen wrote: "I pay

#### **EVERGREEN**

The Evergreen W. C. T. U. will meet with Mrs. Maggie Mitchell on Friday, Jan. 18, if roads permit; otherwise will meet with Mrs. Freeman Whittaker on M-53. Plan to tie a quilt. Everyone cordially invited.

Mrs. Sam Hamilton of Shabbona has returned from Toledo after visiting relatives, Geo. and Paul Thompson. She is staying at the home of Tena Wells for the winter

Virtue is largely a matter of temptation.

When Thomas Edison was a young man, it occurred to him that he was handicapped by the lack of a formal education. A-person of great determination, Edison decided to teach himself, by reading the books in the library.

One day, a few weeks after he had undertaken this ambitious task, the librarian noticed him at a corner table.

"Well, Tom," she asked, "how much have you read?" "Oh, about 15 feet," he said. He had started at one end of the library and was reading every book on the shelf, regardless of the con-

## **Our Fast Service Truck** will come right to your farm

We really have an outfit here . . . a skilled mechanic with a truck full of all the parts and tools to fix you up when you need service in a hurry,

Just phone, and we'll burn the tires getting to you. Give us notice if you can but if you can't, we'll do our best anyway. It's our job to keep you happy with your Ford Tractor and Dearborn Implements.

The better we know you the better we can serve you. Drop in ...you'll be welcome!

| Ton high individual | فععدا | ro o | rae ta |

Ten high individual averages to date, Wallace 178, Geiger 176 Musall 173, Galloway 170, Dillmar 169, Peterson 169, Huff 168, Hunt 167, Hubbard 166, Landon 164. Thirteen men rolled 500 and over scores Monday night showing that most of us are recovering from the rush and excitement of the holiday season. Geiger led the 2442. group as he hit for a three game total of 589, followed by Gross with 543, Peterson 534, Musall 533, Wallace 530, Hanna, sub. 527, Landon 521, Hubbard 520, Huff 514, Dillman 513, Albee 506, M. B. Auten 502, Damm 500.

Single scores of 200 and over were rolled by Geiger 212, Gross 211, Ulrey 207, Musall 203, Peterson 203. The Peterson team rolled the high three game series of the Pinney evening with 2478. The Musall team 2452, Bartz team 2362, Reid Rabide 2349. The Peterson team has been tied with Reid for first place during the last three weeks of bowling and Pete says that he is going to stick with Reid until the Reid team breaks down from pressure; then his team (Pete's) will slide into first place all by themselves. The following teams rolled single games of 800 and over, Bartz 888, Peterson 860-821, Landon 848, Musal 828, 820, 804, Reid 816, Huff

We cannot let a couple of bowling honors go unheralded that took 173. place on the alleys the evening of January 4. Individual effort was performed by Wallace as he hit 200-177-220 for a total of 597 to make that first place in the individual average department a little more solid. The Peterson team was high for the evening as they rolled a three game total of 2583 on games of 803-847-933 to take four points from the high averaged Musall team.

Don't forget about the mixed doubles tournament on Sunday,

January 13. Select your lady partner and enter now. We always have fun at one of these tournaments. Total entry fee returned in prizes. Don't forget, see Rich Musall now.

> D. W. BENKELMAN. Correct—Attest: Elizabeth E. Pinney, Frederick H. Pinney, Horace M. Bulen,

State of Michigan, County of Tuscola ss:
Sworn to and subscribed before me this 7th day of January, 1952. F. B. Auten, Notary Public. My commission expires November 2, 1953,

drawing at the Cass Frozen Food received one-quarter of a beef and five free prizes were given away. Pisuich won second, \$25 worth of of free merchandise.

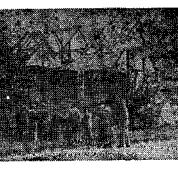

A large crowd gathered for the First was Mrs. Michael Holik, who groceries. A 20-pound turkey went, Sandusky; Mrs. Bruce Kritzman, to William Johnstone and Mr. Ed. Peters won the 2-pound ham, dusky; Locker held Monday, Dec. 24, when a year's free locker rent. Mr. M. Claude Peasley won the final prize

#### Mrs. Joan Merchant. Mrs. Leonard Heesch returned Water Supply Vital In Farm Fire Control **Annual Damage Amounts**

To Over \$100 Million and despite the efforts of three fire departments from nearby villages, the barn was a complete loss.

Two factors combined to defeat the firemen. There was a delay in notifying the fire department because the fire wasn't immediately noticed. There, wasn't a good supply of water near the barn from which the pumpers could draw.

These conditions are common to most properties in rural or small town areas. If rural residents can find means to correct them, they

No water. There is not much these firemen could do to save the barn without an adequate water supply.

will go a long way toward reducing the large number of "total losses" that occur on farm properties, causing damage amounting to \$100,000,000 a year and taking the lives of 3,500 farm residents.

In spite of efforts on the part of county agents, farm groups, insurance men, and volunteer fire departments to encourage the building of farm ponds, there still are thousands of farms in all parts of the country with inadequate water supplies.

The easiest way to provide adequate water is to dam a brook, or deepen an existing marsh or water hole near the barn. Or a farmer may be able to bulldoze. a suitable pond near his buildings. For proper drainage, the pond should be laid out with surveying instruments.

#### 'Sound of Corn Growing' Recorded by Professor

Probably every farmer in the United States at one time or another has heard the old saw "it's so hot you can almost hear the corn growing." Now, seven men, including three University of Wisconsin experts, have joined the ranks of believers.

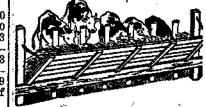

They have a tape recording of what they describe as corn growing. Herbert Jacobs, telegraph and farm news editor of the Madison Capital Times, thought up the idea. With the aid of Wisconsin U. experts the experiment was conducted in a 100acre stand of university raised corn.

Recording equipment was carried 500 feet into the field. Microphones were carried deep into the corn rows. There was no wind or other noises to complicate the recording, the experimenter reported.

When the experiment was over and the recording played, Verner E. Suomi, associate professor of meteorology at the school, said, "When background noises subsided, you could hear that corn growing."

Farm experts report corn makes 80 per cent of its growth during night-time and will grow as much as two to five inches in one night.

Hinged Fence

Here is an idea a number of midwest farmers might use in their feed lots. Hinged at the bottom and held in position by chains, a section of fence is lowered to form a manger. It can be raised when not in use to become again part of the fence. Posts should be set along the length of the manger as illustrated.

#### GREENLEAF DEATH

Concluded from page 1. Mr. and Mrs. Greenleaf re-

mained in Painsville until 1924, when they moved back to the Cass City area. Mr. Greenleaf died in 1935. On Oct. 30, 1946, Mrs. Green-Recently a New Jersey farmer's leaf married Norman Greenleaf. barn was set aftre by linghtning. The couple made their home in Cass City.

Mrs. Greenleaf attended the O. E. S., since 1938.
