

Tentative Plans Indicate Park To Cost School \$800 Yearly

The village council instructed Clerk, Wilma Fry, to draw a tentative agreement between the village and the Cass City school for the use of the recreational park for athletics.

Although definite plans are not completed, the village is expected to ask \$800 a year for the use of the park during the school year.

Included in this fee will be the cost of the lights and maintenance of the field. The village will pay to have the lights switched on and will see to having them disconnected at the end of the year.

The school will have the responsibility of lining the field before games and caring for the bleachers and the dressing rooms.

The council is expected to reserve the right to permit or to refuse any physical changes in the park. Before any additions or changes are made in the park, the council's consent is expected to be needed.

Besides setting a rate for the use of the field, the council explained the village's position on the use of the field by any group.

Grant Ball, representing a committee from the Gavel Club, asked the trustees how softball was to be handled this summer. The council then explained that they would meet with qualified representatives and discuss rates for the use of the field and lights for the summer program.

Since the Gavel Club relinquished control of the games, it is expected that a softball association will have to be formed, if the game is to continue here.

Name Sought for New Thumb Loop

The new Thumb class "B" athletic association adopted a constitution Monday evening at a meeting held among representatives of the eight schools at Marlette.

Several suggestions were brought before the organization, including a name for the new league. Members decided to have the name come from the students of member schools. According to present plans, each school will suggest three names and the president officers of the league will select the one that they believe most fits the league.

Officers at the present time are: President, Willis Campbell, Cass City; vice president, Harlan Hall, Croswell; secretary, C. G. Carlson, Sandusky; and treasurer, Don Stamatides.

Other business conducted in the meeting included setting the starting time for basketball games. Friday night games are slated to begin at 7:30 p. m. and Tuesday night games will start at 7:00 p. m.

Reveal Circuit Court Cases for February

Twenty-seven cases are listed on the circuit court calendar for the February term of court, according to information received this week from county clerk, Fred Mathews.

There are three criminal cases listed, three jury civil cases, four non-jury civil cases, 11 chancery cases and six cases in which no progress has been made for more than one year.

The complete court docket:

Criminal Cases

The People vs. Willie Ann Czup, abandoning children.
The People vs. Dewey Jones, bastardy.
The People vs. Arthur Sturgis, indecency.

Civil Cases—Jury

Russell Allen vs. Everett Silvernale, trespass on the case.
Howard Mead vs. Russell Manufacturing Co., a Michigan Corp., trespass on the case.
Claude Pierce vs. Bernice Sokolowski, also known as Bernice Florence, accounting.

Civil Cases—Non-Jury

H. O. Paul Co., a Michigan Corp., vs. Earnest Cook, assumpsit.
Anson Miller vs. James Humpert, d/b/a Reese Motor Sales, as concluded on page 10.

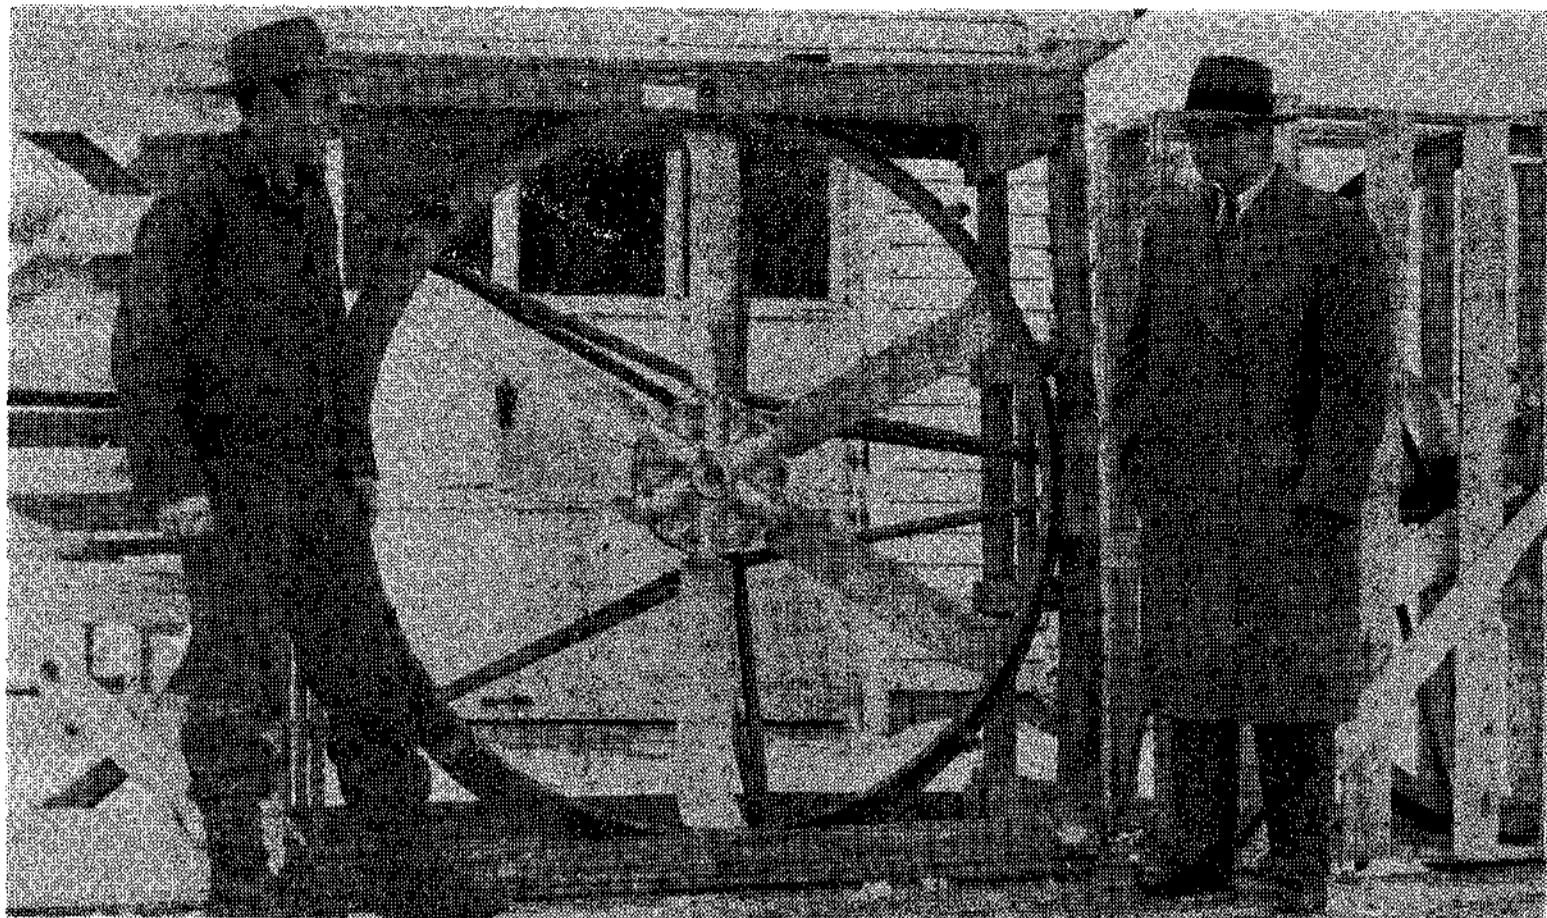

Council Votes for Social Security for Village Workers

In conformity with the changed status of the social security program in the United States, the village council voted to make all employees of the village eligible for the benefits.

The resolution which passed was made retroactive, as permitted by law, to Jan. 1, 1951, and includes everyone on the village payroll with exception of elected officials. Exempting these officials will eliminate clerk, Wilma Fry, and assessor, Harold Jackson.

The move by the council was in line with the work of other governmental agencies. At the recent meeting of the Board of Supervisors of Tuscola County, full time county employees were also granted social security benefits.

Owner, Manager Examine New Hay Drier

Dr. H. T. Donahue, progressive Holstein dairyman in the Thumb area, accepted delivery this week on three of the largest capacity hay driers in the country. Blythe Kellermann of Elkton, distributor for the hay driers in this area, said that Dr. Donahue was the first in the entire country to install three driers of such capacity.

Last year, Thomas Williamson, manager of the Donahue farm, processed over eighty tons of mow cured hay and this year Dr. Donahue is enlarging his Cass City dairy herd so as to need the largest size driers. The other driers will be installed at his other farms near Caro and at Prescott, Michigan.

The driers not only maintain a higher protein content in the hay but eliminate approximately one-fourth less acres of hay to maintain the same feeding program. In beef feeding, mow cured hay saves approximately 5 pounds of grain per day per animal. Hay fans can also be used in drying soft corn and wet grain.

Dr. Donahue, right, was examining the three fans with his farm manager, Williamson, as this picture was snapped.

Hawks Stop Harbor Gavel Club Asked To Help 4-H Work

Dr. Harry Crandell and the superintendent of the Cass City School, Willis Campbell, spoke to members of the Gavel Club Tuesday night at the Home Restaurant in the interest of 4-H work in this community.

Mr. Campbell pointed out that the present club is neglecting breeding animals in their club work. Although the club is rated tops in the state with steers, it has not followed through with breeding as it has done in the past.

Dr. Crandell suggested plans for raising money for expanded club work. Two of the plans broached were an auction of a steer and contacting area Farm Bureaus for assistance. The program was under the direction of Herb Ludlow Tuesday evening and members discussed the coming softball season in the business meeting.

George Cole of Midland was a guest of the club.

Over 200 Pay Tribute to Ugly Publisher Monday

More than 200 persons crowded into the gymnasium of the Ugly School Monday evening to pay tribute to Sarah Mixer, who this year, completed 42 years as editor, publisher and printer of the Ugly Courier.

Included in the group were the majority of newspapermen from Sanilac, Huron and eastern Tuscola counties. This group and the other guests heard publisher, Vernon J. Brown, tell of the importance of the small community newspaper to the persons it served.

Toastmaster for the evening was Herbert J. Zimmer and Howard Nugent introduced Mr. Brown. Other activities on the program included a skit by the Ugly Women's Club, "Composite Day in the Life of Sally Mixer," "Reminiscences of Sally" by Ben Elber and vocal solos by Delore MacNeil.

A beautiful watch was presented Mrs. Mixer on behalf of Ugly residents by Dr. D. C. MacNeil in recognition of her long service to the community.

Mrs. Mixer, visibly overwhelmed by the tribute, stood and Continued on page 10.

Quinn Speaks to Rotarians of "Low Lights" in Politics

Timothy Quinn, Tuscola County Prosecutor, was the guest speaker at the Cass City Rotary Club Tuesday noon at the New Gordon Hotel.

Mr. Quinn reversed the usual procedure in speaking before groups and told Rotarians about "low lights" in Government rather than the highlights of the work of elected officials.

Mr. Quinn said that a poor government or a bad government can, as a rule, be traced to the apathy of voters. Elected officials should be made to have and know the expressed conviction of the constituencies.

"There is a need," Quinn asserted, "for citizens to take citizenship seriously." The apathy of persons responsible for electing officials is easily noted in the apathy at the polls, Quinn explained.

Often times candidates are put into office by a very small majority of the voters—a trend that can be followed from a village caucus through national elections. Quinn explained that it is not enough to just elect someone to office, but a follow through after election is needed to secure proper work on the part of elected officials.

Corrective measures often start from small groups, such as Rotary Club, when members decide that they will not tolerate bad government, Quinn said.

Quinn said that it was of vital importance to follow through after election for good government. The recent trend of critical interest indicates that persons will take a more active part in voting in the next election, according to Quinn. When bad government affects the pocketbook, interest is immediately aroused, Quinn said as he concluded his address.

Jury Panel Selected For February Duty

Thirty persons have been selected on the juror panel for the February term at the Circuit Court in Caro. Of the 30, two are from Cass City, one from Gagetown and three from Kingston. From Cass City, Lyle Koefgen and Fred Knobel were selected. Kingston sends Carlyle Everett, John Burdette and John Burdette. Continued on page 10.

Super Market Adds Meat Department

Jim Woodward of Food Town Super Market announced today that his store has installed a meat market in their food store on West Main Street in Cass City.

The new department will be in charge of Stanley Wicks who formerly handled the meat department of a Bad Axe store and a grocery business in Vassar.

To facilitate the handling of meat, a new self-serve meat case, regular meat showcase and walk-in freezer have been installed in the new building.

Mr. Woodward announced that the store has scheduled their grand opening for this week end.

Breeders to Hold Annual Meeting

The annual meeting of the Cass City Red Dane Breeders' Association will be held Friday evening, February 1, at 8:00, at the home of Lloyd E. Karr, for election of officers and any other necessary business. County Agent, Alfred Ballweg, will be present.

Anyone interested in this breed of cattle is cordially invited to attend.

Potluck lunch will be served.

Businessmen to Protest Proposed Phone Increase

At a special meeting of the board members of the Cass City Chamber of Commerce Monday evening, it was decided that several local businessmen would attend the Public Service Commission's hearing for the proposed rate increases of the Michigan Associated Telephone Co.

The businessmen are expected to represent the Chamber of Commerce and protest the rate increase by the phone company at this time. The company has asked for an increase of from 65 cents to \$1.15 more per month for the use of the phones.

Prevailing sentiment of the area's rural and village phone subscribers, as indicated by comments and discussion, is that the increase in rates is not in order unless a definite arrangement is made to secure better phone service.

Businessmen have made independent surveys of neighboring communities served by other companies to determine their cost for comparable service. It is expected that some of their findings will be presented to the Public Service Commission at the hearing set Feb. 6.

A. J. Knapp Dies Wednesday After Long Illness

The village of Cass City lost one of its oldest and most respected citizens when A. J. Knapp, 87, died at his home here late Wednesday afternoon.

"Al," as he was known to his host of friends and admirers, moved to this community over 50 years ago to work in the J. D. Crosby Clothing Store.

From this small beginning, he rose to take prominent part in the civic and professional life of Cass City. Together with Mrs. Knapp, he ran a funeral service in the village for over 25 years. He had a brief career as a professional ball player with the old Michigan State League.

He was a member of many civic groups. He was a charter member of the Rotary Club and in recent years an honorary member of the same organization. He was a life member of the Masonic Lodge and served for 37 years as a member of the board of trustees of the Presbyterian Church and was an honorary member of the board at the time of his death.

Mr. Knapp was born on a farm near Ypsilanti, the son of Mr. and Mrs. Alfred J. Knapp, Sr. Mr. Knapp attended Ypsilanti Normal College and was a graduate of Cleary Business College.

He and Belle MacKenzie were married in April, 1899, in Cass City. The couple have spent over a half-century in the village.

Death was described as a result of a stroke that Mr. Knapp suffered nearly eight years ago. He had been in a very critical condition in recent months and Wednesday death came while he was lying quietly in bed.

Besides his membership in civic groups, Mr. Knapp served for six years as a trustee on the village council and was a member of the board of directors of the Cass City State Bank for 30 years.

Mr. Knapp retired from active business in September, 1931, when he sold his funeral home to Earl W. Douglas.

Surviving, besides his widow, is one son, Clark N. Knapp of Kalamazoo.

Funeral services will be from the home at 2:30 p. m., Saturday, Rev. Melvin R. Vender of the Presbyterian Church will officiate and burial will be in the Elkland Cemetery.

Coming Auctions

Two auction sales are listed in this issue of the Chronicle. The first is slated Thursday, Feb. 7, when Henry Turner and Son will sell their personal property one and one-fourth miles north of Cass City.

Tony Trajanowski has slated a sale Friday, Feb. 8, at his home, one and one-quarter mile south of North Branch on Old State Road.

Council Briefs

The council set the date for the annual village caucus. This year's meeting will be held Monday, Feb. 11, in the council chambers at the municipal building. Deadline for any caucus for this year's election is Feb. 19.

A discussion held in the December meeting of the council was acted upon in the January meeting of the trustees, Tuesday. The council instructed Chief of Police, Steve Orto, to clamp down on overtime parking in posted areas. Cars will be checked at intervals and ticketed if they exceed the two-hour limit on Main Street.

It cost the village \$37 to have the lights in the park turned on and nothing to shut off—the charge is for the transformer that has to be installed.

It is possible that there may be lights on the tennis courts in the near future. The council discussed the feasibility of installing metered lights on the courts. Persons using the courts would pay for the lights used, via the meters.

The dog warden reported that he picked up nine canines in December and January, destroyed eight and has one on hand.

Two building permits were O. K. 'D' by the council. Cass City Tractor Sales for alteration of their building and a dwelling and garage for William Simmons of Cass City.

The council voted to spend an estimated \$250 for new equipment. The village is going to purchase a pump with an engine for taking water out of the pool and breaks in the water mains. Size and type of pump will be determined after Bud Burt receives a demonstration from manufacturers.

Trustee Arlan Hartwick was president pro tem in the absence of vacationing village president, Cliff Croft.

Village Employees Granted Ten-Cent Hourly Pay Boost

The employees of the village of Cass City have been granted a pay boost of 10 cents an hour by the village council in an effort to bring wages in line with the spiraling cost of living prices.

The raise was voted into effect by the council in their regular monthly meeting at the municipal building. The boost marks the first raise for employees in nearly two years. Village clerk, Wilma Fry, said that a check of the records revealed that the last raise granted was in April of 1950 when workers received a nickel boost.

At the present time, regular employees are receiving 90 cents an hour, with the work foreman receiving \$1.05 per hour.

The pay raise will normally affect five men on the village payroll, although now there are only four men employed. Figuring a 40-hour week with a full complement of workers, the increased cost to the village would be \$20 per week.

Engineering is one of the most promising career fields open to capable young men today, according to Engineering Dean Lorin G. Miller, of Michigan State College. A big factor in this is the current shortage of engineers. Equally important, however, is the increasing need for technical engineering background for persons holding key sales, public relations, and other executive posts in America's industrial firms.

Investigate M S C 4-H Scholarships

4-H boys and girls who plan to enter college next fall should not overlook the possibilities of the Michigan State College 4-H scholarship program. Fifty of these scholarships are made available each year in the state. They are apportioned to each county on a percentage basis computed by dividing the number of boys and girls completing projects in the state the previous year by 50. The fraction that the county boys and girls completing is of this figure gives the county quota. Tuscola County has two 4-H scholarships available for 1952.

The provisions of the new Michigan State College 4-H club scholarship as formulated and adopted by the State Board of Agriculture are as follows:

1. Provides for the payment of term fees in the freshman year and is renewable during the sophomore, junior and senior years, providing the student earns 2.6 points for each credit hour, (a C is 2 points and a B, 3 points under the new schedule.)

2. A maximum of not more than 50 Michigan State College 4-H club scholarships are to be awarded outstanding 4-H club members in any one year and not more than 150 in total are to be in effect at any one time.

3. The scholarship candidate shall have completed at least three years of club work and participated in county and state events.

4. The scholarship candidate shall be in the upper one-half of the high school graduating class.

5. The scholarship candidate shall be a high school senior or graduate, but has not, nor is now enrolled in any college of higher education (junior colleges and short courses excepted.)

6. No member of a family on the staff of the Michigan State College shall be awarded a Michigan State College 4-H club scholarship.

7. The Michigan State College 4-H club scholarship will not be awarded to any student who has accepted any other tuition scholarship provided by Michigan State College.

8. The announcement of these scholarships is to be made by July 1.

9. Not more than one new scholarship is to be awarded in any one year to the graduates of a single high school.

10. The State Club Leader will prepare county quotas, process the applications, handle the requests of incoming students and each year file a complete report on 4-H scholarships to the faculty committee on scholarships.

The following shall be required to constitute a nomination for scholarship:

a. Michigan State College 4-H club scholarship application.

b. State 4-H club achievement record in the members own writing.

c. Transcript of high school credits.

d. Photograph of at least 2 1/4 x 3 1/4, of the candidate in glossy finish suitable for publicity purposes (not a colored picture.)

4. Letter from the extension agent vouching for the ability to and intent of the candidate to attend the Michigan State College at the following fall term.

Applications are available at the 4-H agent's office, courthouse, Caro. Nominations must be submitted by May 31 of each year.

-in the time the LEONARD refinery loading boom could fill your gas tank!

Pumping gasoline at the rate of 600 gallons per minute, the Leonard Refinery loading boom fills the big Leonard Tank trucks in less than 17 minutes, enough to fill the tanks on 500 automobiles. But that's only part of the picture of the speed with which Leonard gas reaches you.

Coming straight from the refining process to the loading dock, Leonard gas is never pumped, piped, and transported so much that it loses its valuable high octane molecules. It's always refinery fresh to give your car extra power, pick-up, and pep.

TAKEN AT HIS WORD

A man from a remote section of the country walked into the grocery store at the crossroads and announced to the owner that he had given up drinking.

"So you've finally given up drinking, have you?" asked the proprietor.

"Yes, sub," was the reply. "I ain't touched a drop in four weeks."

"Well, you deserve a lot of credit for that," said the storekeeper.

"That's what I think, too," said the mountain man. "And I was just goin' to ask you if you could trust me for some groceries."

Full House

The inspector of tenement houses found four families living in one room. Chalk marks quartered the room for each family.

"How've you been getting along here?" he asked.

"Pretty good," was the reply, "until the old lady in the far corner began to take in boarders."

Oversight

Foreman—"And what are you two fellows doing?"

Political Job Holders—"We're carrying these boards over to that lumber pile."

Foreman—"But where are the boards?"

Political Job Holders—"For gosh sakes, Sam, we've forgot the boards."

Presentation of the American flag and the 4-H flag to the Wilber Memorial 4-H Building will highlight the program planned for the 4-H Mothers' Club meeting to be held next Monday, February 4. Norine Cramer, Janis Black and Bill Pike, three Tuscola youths who attended the 1951 National 4-H Club Congress in Chicago, will lead the pledges to the flags.

The meeting is designated as parents' night and will be a potluck supper at the Wilber Memorial 4-H Building, according to Miss Jean E. Gillies, county home demonstration agent. All parents of club members are invited to attend. They should bring a dish to pass and their own table service. Supper is planned for 7 p. m.

Final Fites Held for
David A. Hartwick

David Adam Hartwick, 80, lifelong resident of Greenleaf Township, Sanilac County, and a retired farmer, died at his home Sunday following a long illness. Funeral services were held Wednesday at 2:00 p. m. in the Douglas Funeral Home. Rev. F. W. Porter of the Methodist Church officiated and interment was in Elkland Cemetery.

Son of the late Edward and Harriett Asher Hartwick, he was born Sept. 2, 1871, in Greenleaf Township. On Sept. 6, 1894, he married Miss Minnie Bigelow in the Baptist Church in Cass City with Rev. Curry officiating. Mrs. Hartwick died in August, 1950.

Surviving is one son, Clayton, of Greenleaf Township; two grandchildren; three sisters, Mrs. Ray Tahash of Stockbridge, Mrs. Hardy Patterson of Clio and Mrs. C. D. Rousseau of Flint; and four brothers, Alonzo, Newman and Ernest Hartwick, all of Detroit, and Earl Hartwick of Cass City. One son preceded him in death.

"Captain Columbus," said a seared seaman on the Santa Maria, "If the world is really flat, like everybody says—"

"Stop fretting," interrupted Columbus impatiently, "I'm telling you the world isn't flat."

"But what makes you so sure?" persisted the seaman.

"If the world was flat," returned Columbus, "where would I have gotten the money to make this trip?"

Best Prescription Yet

The driver reported to his doctor that he was unable to sleep nights. The doctor got all his facts, then said:

"Whenever you can't sleep, take whisky at intervals during the night."

"Will that help me to sleep, doctor?" asked the driver.

"It should," replied the sawbones, "but if it doesn't, it will at least make it a pleasure to be awake."

Hard To Identify

Mrs. L. I. Wood identified the persons in this picture. Evidently the men in the photo were not very well known as very few answers were received at the Chronicle.

According to Mrs. Wood, the men are: Lou Wood, Cal Ale, Jim Armstrong, Charlie Robinson, Mack Wickware, Lou Pierce, Paddy Kile, Will Hebblewhite, O. K. James, Charlie Stevenson, Nelson McClinton, Morris Kirby and Delbert Schenck.

Mrs. Wood said that, as far as she knew, only Mr. Kile and Mr. Schenck are now living.

SADDLE SAD

The widow who had arrived with her grown daughter at the dude ranch yesterday was now pacing up and down the flagstone porch of the lodge, waiting for her daughter to return from a horseback ride.

As the mother paced, she feared, more and more, that the horse had fallen or shied or bucked, or something.

At long last, there came the sound of hoofs, and the mother saw her daughter and a dude wrangler come around the corner of the building. Loudly the mother cried:

"Oh, darling, I'm so grateful. I'll bet I've walked ten miles up and down this porch waiting for you to get here!"

"You should be grateful, dear," said the young lady, stiffly, painfully dismounting, "that you didn't have to ride a horse that far."

News and Views

George A. Dillman, Sec.

With just two more weeks to go in the second schedule of the City League, the Reid Team looks like a repeat winner. They are solid in first place, five points in the lead of their closest rival, the Schwaderer Team. It isn't their high scoring ability that keeps them up there but they seem to cast a spell over the opposition and it doesn't matter whether they bowl 700 or 850, their opponents always manage to bowl just a little less. More power to them, if they can win two rounds in a row. With near zero weather Monday night and sub-cold pins only nine men were able to roll 500 and over three game series, and only six men were able to hit over two hundred single series. A. Tyo was the big boy of the evening as he rolled a big three game total of 560. Alex was subbing for Haire on the Schwaderer team. Hubbard followed with 553, Kelley 556, Reid 516, Dewey 511, Wallace 514, Damm 507, F. Auten (sub) 505, Steinman (sub) 504. Kelley was high with a single game of 249, F. Auten 213, Hubbard 208, L. D. Copeland 205, Geiger 203, Musall 202. High team three game series, Musall 2454, Galloway 2407, Wooley 2384. High team single games, Musall 887, Galloway 870, Musall 855, Wooley 853.

Speaking of scores, following is a team series mark to shoot at. The Gilbert Buick Team of the All Star League of St. Louis, Mo., took over the top scoring position in the nation on January 3. The Buick team scored a three game total of 3536 to surpass the Chicago Butler Bros. team's 3503. The Gilbert's last game of 1218 is fifth highest as of Jan. 3. Their box score:

E. Schlechte 215 223 265—703
A. Weisert 252 258 257—767
L. Springmeyer

255 245 235—735
E. Maass 234 207 214—655
F. Willen 210 219 247—676
Totals 1166 1152 1218 3536

If you will notice, Springmeyer opened with 255, his second game was ten pins less for 245 and his third game ten pins less than the second game 235. He has nothing

over Geiger of our league. Geiger opened with 203 for his first game, his second game for 164, 39 pins less than his first game, the third game was 39 pins less than his second game, 125, while Lounsbury was just opposite of Geiger and Springmeyer. He rolled 112 in his first game and then came back with a game of 116, four pins better than his first effort and then closed with a big game of 120, just four pins more than his second game.

Team standings as of Jan. 28, 1952.

4-H Achievement Slated in March

According to an announcement made by George C. MacQueen, county 4-H club agent, the spring 4-H achievement for Tuscola County will be held March 20-22 this year at Fairgrove. Arrangements have been made with Mr. Jack Smith, superintendent of Fairgrove high school, for the use of the gymnasium. Permission has also been granted by M. W. Aymer, fire chief of Fairgrove, for use of the Fire Hall.

Exhibits will be brought in by the leaders on Thursday, March 20. Judging will be done Friday, March 21, and the program and dress revue will be held Saturday afternoon, March 22.

The Tuscola County 4-H council board decided that the 4-H achievement booth program should be carried on at spring achievement. All 4-H boys and girls that are 17 by January 1, 1952, and are chosen by the awards committee, will have the privilege of constructing a booth.

SHORT STORY

The Firebug

By Daniel Shifren

DR. Hawes made whipping motions his staff interpreted as, "Grab the extension, quick!" Sadie Pruitt lifted a phone; then Hewitt Stevenson, Dr. Hawes' expert in things linguistic.

Lieutenant Linstrum was saying, "Doc, against my better judgment, the commissioner and the rest of the boys thought you ought to be called in on this case."

Dr. Hawes had been a psychiatrist until one of his cases caused him to see the application of psychology to criminal detection.

"Lieutenant, don't tell me only the commissioner. How about the business men whose properties are endangered by this firebug?"

"The business men tool"

Doc suppressed a laugh. "The case interests me. But first, your department lets the story out to the papers that Doc Hawes has been called in." The howl was just what Hawes expected. "Listen, Lieutenant, I like publicity, as you may have heard, but that doesn't matter here. I know these arsonists. Play ball or I can't be much help."

Hawes observed the pleasant re-

"I've come about your ad in the Chronicle," the little man said.

actions in his staff, waiting for the silence to break.

"Okay, Doc. I hope you know what you're doing."

Stevenson had the tape recorder ready; the front-page story in the Chronicle was spread out.

The waiting was getting to be monotonous. Doc eyed the phone morosely. But this time it pealed.

The stranger said, "Dr. Hawes, I've been an admirer of yours . . ." Doc knew who it was immediately. "Do you have any ideas on nabbing the culprit?"

To keep the man talking, Doc Hawes asked who was calling and waved for Sadie to notify the Lieutenant to trace the call, and for Stevenson to start the recorder. "My name is Harris," said the stranger. "Just an admirer, you see."

"Thanks for your interest, Mr. Harris. No, I don't have much of an idea. This arsonist is a very clever man and is going to be hard to catch."

Hawes heard a delighted laugh. He fed the conversation until Stevenson signaled "enough."

STEVENSON played the tape back. "Definitely! That's Lancashire, glossed over some by residence in America. Afraid that's all I have on this one, Doc."

"You mean Lancashire, England?" Stevenson nodded.

Sadie Pruitt said the call had fizzled. It had come from a drug store.

"Is the Lieutenant still on? . . . Lieutenant! Can you manage to look like a lawyer for a while tomorrow? Got a slim lead. I'm going to try something in the Chronicle."

In the quiet office Lieutenant Linstrum poured over a sheaf of stage-prop briefs, uncomfortable in his role.

He said, "Doc, this setup looks screwy. How you get any results playing these games I'll never know."

A whispered "Shhhhh!" came from behind the slightly open inner door. "There's someone coming."

A little, mild-mannered man entered. "Solicitor Linstrum?"

"Yes?"

"I've come about your ad in the Chronicle. I lived most of my life in Lancashire."

Doc Hawes stepped into the office. "Oh, it's our 'Mr. Harris'. How are you, sir?"

The man was startled, ran. "Grab him, Lieutenant. That's our firebug."

At police headquarters, the Lieutenant asked, "Mind telling me now, Doc, how you baited this fish?"

"Simple," said the Doc, smiling. "Few men can resist the chance at some easy money. Here's the ad I ran in the Chronicle."

The little rectangle read: "Attorney, settling large estate, requires point of information that can be supplied only by a former resident of Lancashire, England. Most liberal reward."

"How liberal would you say, Lieutenant?"

"About twenty years."

To get what you want, know what you want.

**When you pick a Tractor...
be sure you can
always get parts**

Any tractor is a big
investment. You have
every right to expect
years of profitable per-
formance from such
an investment. In this
connection one of the first things to think about
is—"Will I always be able to get parts?"

The Ford Motor Company manufactures the
Ford Tractor. What greater assurance could you
have of being able to get parts—anytime, anywhere.

Not only is this important to you as long as you
have the tractor, but it is also something the buyer
thinks about seriously when you go to sell or trade
in your used Ford Tractor. This is only one of the
many reasons why a used Ford Tractor commands
a high resale price.

**THE SIGN

We are pretty proud of this service sign. We do our
best to live up to those seven letters S-E-R-V-I-C-E.

We spend time and money training our mechan-
ics. But we feel this is worthwhile to us because
it's worthwhile to our customers.

We try to keep an adequate stock of genuine
parts on hand at all times . . . and to stock up on
parts ahead of the busy seasons so we have what
you need in emergencies.

We cordially invite you to look over our

Stress Marketing, Drying at Meetings

Farmers have increased the things they produce at the rate of 5% per person per year for the past number of years, according to Clarence Prentice, Michigan State College Marketing Specialist, who spoke at four Tuscola County crops marketing meetings. 100 years ago 85 people out of 100 were producing food. Today 15 people are producing food for the other 85. Prentice further pointed out, says Alfred Ballweg, county agricultural agent, that the farmer today is getting about 50% of the consumer's dollar. From the sale of dry beans the farmer gets 52c of the consumer's dollar, elevator 11c, retailer 21c, wholesaler 6c, cannery 5c, with transportation coming in for the other 5c.

Michigan pea beans represent 25% of all beans grown in the U. S. Average yield for Michigan beans is 1120 lbs. per acre. This compares with 1495 for Colorado, 1800 for Idaho, 2000 for Washington, 800 California, and a U. S. average of 1281 lbs. per acre.

About 17% of Michigan beans are now going into packages, according to Harry Rohlf, Akron farmer and director of the Michigan Bean Producers' Association. Shippers and producers, according

to Rohlf, have been working to get 90% of parity price support for Michigan beans.

Tuscola County bean growers will gather for their annual meeting on February 12th at 8:00 p. m. in the courtroom in Caro. The annual state meeting of the Michigan Bean Producers' Association will be held in the Masonic Temple in Saginaw on March 7.

R. L. Maddex (Extension Agricultural Engineer, Michigan State College,) discussed farm crops drying and storage. "We can expect to see increased interest in farm grain drying and the use of dryers will become more common on many farms in the future," said Maddex.

Meetings were held at Reese, Vassar, Unionville and Cass City.

During the next three years, U. S. colleges will graduate a little more than half the engineers needed for civilian and military efforts. The U. S. Department of Labor says that 63,000 engineers will graduate through June, 1954, compared to a normal civilian need of 90,000 plus heavy military demands.

Lifelong Resident Of Grant Twp. Dies

Funeral services were held Saturday, January 26, at 1:30 p. m., at Hunter Funeral Home, Gagetown, for Charles E. Williamson, who was the victim of a heart attack Wednesday, January 23, while waiting for his son, Merlin, to get his hair cut at Kehoe's Barber Shop, Gagetown. Rev. Melvin Vander of Cass City officiated.

Mr. Williamson was born in Grant Township Nov. 15, 1872, where he spent his entire life as a farmer.

On February 21, 1897, he married Miss Christina Thompson, who survives.

He has been a member of the Masonic Lodge since 1899 and held every office in this fraternity.

Surviving, besides his wife, are five daughters, Mrs. Eleanor Nebb and Mrs. Elaine Blasey of Midland; Mrs. Mildred Retief and Mrs. Phyllis Bauldus of Detroit and Mrs. Evelyn Patton of LaPeer; two sons, Lester Williamson of Rudyard, Upper Peninsula, and Merlin, at home.

Masonic services were conducted at the Grant cemetery, where burial was made.

INSPIRED.

A little Cockney went to his priest in great distress and explained he wanted to get married. He had two young ladies, Maggie and Maria, and he liked them both and couldn't decide which to marry. The priest talked to him and finally told him to go into the church and pray about it.

Five minutes later the doorbell rang furiously and the little Cockney, breathless with excitement, said: "Gor blimey, Father, it's a miracle."

"Why, what's the matter?" asked the priest.

"Well," explained Cockney, "I thought I'd say a prayer in front of the statue of Our Lady of Lourdes, and so I goes up to the altar and there on the blue cloth in letters of gold it says, 'Ave Maria!'"

NOTES from the TUSCOLA COUNTY EXTENSION OFFICE

Shuford Kirk, Juniata township farmer, says it has paid to put legumes to work for him in his crop rotation. In order to cut down labor requirement, Kirk is growing more corn. After the last cultivation, sweet clover is seeded. "It provides a winter cover crop and green manure to plow down the next spring," says Kirk.

Verne Houghtaling of Reese says, "good soil drainage has been the key to his successful farming experience." The application of 200 lbs. per acre of 0-20-0 in early spring on alfalfa has increased tonnage by 60%. 300 lbs. of 0-20-0 applied to pasture in early spring has doubled the growth of pasture grass, according to Houghtaling.

BEHIND ON THE NEWS

COFFEE SHOPPE

A salesman in Missouri was held up in a small town because heavy rains had caused a washout on the railroad. "This looks like the flood," he observed to a waitress in the local hotel.

"The what?" she asked.

"The flood," he repeated. "You know the flood when Noah saved the animals on the ark. You must have read about that."

The waitress assured him gravely, "Mister, on account of all this rain, I ain't seen a paper in four days."

Down Memory Lane

FROM THE FILES OF THE CHRONICLE

Five Years Ago.

Thirty-two were present Friday evening when the Methouple Club of the Methodist Church met at the Albert Gallagher home. Howard Wooley and Grant Hutchinson were in charge of entertainment. Dr. Walter Pelczar, who has been associated with Dr. H. T. Donahue since September, will leave Cass City to practice his profession in Unionville. Warren Wood has purchased Dr. P. A. Schenck's interest in the Wood and Schenck three-story business block at the corner of Main and Seeger Streets and is a partner with his father, L. I. Wood, in the ownership of this property. According to news dispatches Monday, William Spencer, who holds a captaincy with the Philippines National Air Lines, has made a forced landing in Northern Luzon after being lost for some four hours.

Ten Years Ago.

On Saturday, January 24, Miss Laura Marie Tesho, daughter of Mr. and Mrs. Joseph Tesho, of Cass City, became the bride of Albert Anthes, son of Mr. and Mrs. Amasa Anthes, Sr., also of Cass City. Rev. Dudley Mosure, of the Methodist Church, officiated. Three were injured Sunday when cars driven by Carl Reagh of Cass City and Peter J. Kaizer of Flint met a half mile west of Gageton. Mr. Reagh received a badly bruised knee and suffered a slight concussion. Miss Ruth Jean Brown of Cass City, an occupant of the Reagh car, and Mr. Kaiser also were injured. Despite the fact that this state is officially on Eastern Standard Time, it is very probably that Michigan clocks will be set one hour ahead, 2:00 a. m., Monday, February 9, when Daylight Savings Time, established by an act of congress, becomes effective.

Twenty-five Years Ago.

The Methodist Sunday School elected the following officers Sunday for the coming year: Supt., Walter C. Schell; First Assistant Superintendent, J. D. Turner; Second Assistant Supt., J. C. Hutchinson; Sec., Harold McGrath; Asst. Sec., Leila Battle; Treas., Donald Schell; Librarian, Mrs. Robert McConkey; Pianist, Mrs. L. I. Wood; Chorister, Mrs. F. A. Bifelow; Junior Dept. Supt., Mrs. W. C. Schell; Primary Dept. Supt., Mrs. A. H. Higgins; Cradle Roll Supt.,

Mrs. N. Melick; Home Dept., Mrs. Travis Schenck.

Armond Curtis, eldest son of Albert Curtis of Deford, was the victim of an unfortunate accident. A shot from a 22-rifle went through the big toe of his right foot, the ball lodging in the sole of his shoe.

A milk firm of Detroit bought out the East Side Creamery plant at Deford. Bert Curtis and Jos. McCracken are doing the repair carpenter work for a new milk station.

The annual oyster dinner of the Jolly Farmers' Club was held at the home of Mr. and Mrs. G. A. Striffler Thursday, January 27, with about 90 present. Officers for the year were elected as follows: Pres., J. D. Tuckey; Vice Pres., Mrs. Geo. W. Seed; Sec. and Treas., Mrs. Wm. Paul; flower committee, Mrs. J. D. Tuckey; reporter, Mrs. James Wilson. All officers except vice president and reporter were re-elections.

Thirty-five Years Ago.

Special services at the Evangelical Church will come to a close next Sunday evening after a five weeks' evangelistic campaign under the direction of Evangelist Boone and E. G. Angevine, musical director.

It was announced last Sunday, at St. Agatha's Church, of the approaching marriage of Miss Nellie Phelan, eldest daughter of Mr. and Mrs. P. Phelan, and Paul Seurynek of Detroit.

As Chas. Seigwart was melting some lead, an explosion occurred which caused the hot lead to fly up in his face burning him very badly.

A farmers' institute will be held at the town hall in Cass City Friday, Feb. 9. Matters of vital interest to agriculturists will be presented by Mr. Bailey, state speaker.

H. R. Wager, the McNess salesman, makes his third annual trip west to attend the annual convention of the company at Freeport, Illinois. Mr. Wager has been in the employ of this company four years and has won a free trip for three successive years. Only twenty-two of the best men out of over six hundred salesmen are favored with such a trip.

Seed cleaning, testing and treating are good farm practices every year. They are especially important this year with increased costs of putting that seed in the soil.

LET'S TALK IT OVER

ED. VALLENDER, Farm Editor
Station WBCM - Bay City

Most folks bought home freezers with high hopes of saving large sums of money on food purchases during the year. The selling argument was: Buy in season, in large quantities, cut food bills in half.

Some people followed through at the time of the purchase. There must be some of the fruits and vegetables still left from summer in the deep freeze. By the same token, there should be available space that can be put to good use.

That brings us to the subject of this column. We are going to turn "Home Economist" today. We have investigated the comparative costs very thoroughly. Some of the results may surprise you.

Buying a pig, one pork chop at a time is pretty expensive. A smoked ham will cost you over 60 cents a pound. Using your Home Freezer, purchasing a half or whole pig will result in a tremendous savings. A half or whole pig will cost from 28 to 35 cents a pound, depending on how good your connections are. There is a small charge per pound for cutting and wrapping. Another additional charge is made for curing the hams and bacon. When the whole cost is totaled, you can still eat high off the hog for under 40 cents a pound.

The same routine applies to beef. Most wholesale dealers can get "utility" and "commercial" type government inspected beef sides from 48 to 59 cents a pound. You buy a hind quarter or a side. Have the butcher cut and wrap it. Putting that kind of meat in the freezer is like putting money in the bank.

We hear lots of advertising that always starts with "Save Money." If you really need the item, I suppose you can profit on a GOOD bargain.

Buying food is something a little different. Three or four times a day, every soul in this world

gets the urge to eat. Lopping 25 to 35 per cent off the meat bill is a matter of foresight and judgment. We've heard the argument that if you buy meat in quantity you eat more—therefore—there is no real saving. That could be true. However, if there's one thing that should come first out of the week-

ly pay check—we'd cast a loud vote for good food. Good food and lots of it. When everything else gets too far out of pocketbook reach, the pleasure of fine eating ought certainly to be the last to go.

Did you take advantage of the herring run last fall? They were going for 10 cents a pound. Herring loses nothing in flavor after being frozen. Are you putting fish on the table once a week for about 30 or 40 cents?

We use the pork, beef and herring

illustrations to point out how your home freezer can work for you the year around. It's probably the very thing you had in mind when you bought it.

It takes a little "git up and go" to realize these savings. The deep freeze won't fill itself automatically.

Pork is the buy today. Why don't you and your butcher get together?

Thanks a Million

To the hundreds of customers who entrusted us with their laundry and dry cleaning work during our "price roll-back" last week, we say "Thanks a Million."

Some of the work, we feel sure, came to us because you wanted to congratulate us on our first quarter-century of business. Some of it came because you recognized a real bargain when you saw it.

But whatever the reason, we were glad to have the work, and the opportunity to show a lot of new customers the quality of laundering and dry cleaning that we do in our modern plant.

It is our hope that, through this experience, many more steady customers will be added to those who now use our service.

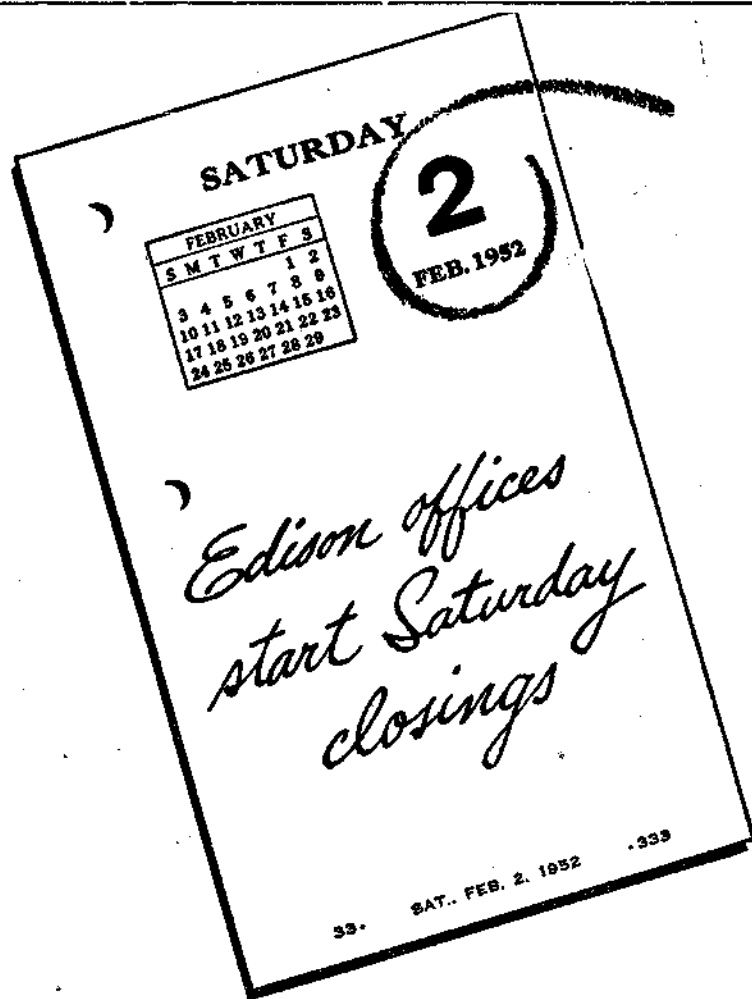

On our part, we will continue to strive to give constantly better service—and that's a promise!

Again, may we say "Thanks a Million" for your business and for your cooperation in waiting until we can get the huge amount of work done and back to you!

MICHIGAN MIRROR NEWS BRIEFS

Michigan's whirlwind legislature still is hitting it at a fast trot. Lawmakers are crying for still more speed as the February 21 deadline for all bills other than appropriation measures draws ever closer.

Both chambers have jammed calendars full of early bills, and committees are burning midnight oil, something unprecedented in Michigan annals for this time of the year. The legislature is determined to meet its new early adjournment time.

Senator George N. Higgins (R-Ferndale) has promised to keep his taxation committee's nose to the grindstone in a search for the revenues needed to balance Michigan's red-ink budget.

But while the rush continues,

politics are not forgotten and the steady whir of the honed can be heard in the background.

Republicans are thinking in terms of a \$750,000 campaign budget, some 25 per cent more than the loyal members came up with last year. But costs are up for politicians same as for anyone else. Postage, newspaper space, radio and television time have climbed in cost.

In Detroit, February 8, a \$50 a plate birthday dinner will be held to raise funds for Williams. Mayor F. Joseph Flaugh of Benton Harbor, chairman of the dinner committee says, "Originally we intended to present the proceeds to the governor without any strings on their use." Now he says it has been decided to give Williams the money

for such non-partisan purposes as his radio report to the people, and specifically not for political campaign use. Flaugh says he is a Republican, but is supporting the governor for re-election.

Senator Charles Diggs (D-Detroit) has introduced a resolution calling for a constitutional amendment extending voting privileges to 18-years-olds. The resolution, if adopted, would submit the issue to voters in November.

Last time this issue came up an unofficial poll showed most 18-year-olds do not consider themselves mature enough to vote.

Michigan's field crop production last year was second highest on record. Combined production of corn for grain, wheat, oats, barley and rye totaled 3,600,000 tons, 11 per cent more than in 1950 and higher than any other year except 1949.

If a bill introduced in the legislature by Rep. Lawrence Lindemer of Stockbridge is passed, Junior can cut Pop without a drop of the cup that cheers. His measure would prohibit liquor establishments from selling or furnishing liquor to any person when forbidden to do so by the husband, wife, parent, child, guardian, employer or township supervisor.

Violations of state sausage laws have jumped from 56 convictions in 1950 to 123 in 1951. Meat shortages and increasing prices are cited as the probable causes.

A Lansing man says he lost his job because of his religious beliefs. Lee Pruett, 41, lathe operator for a tool and die company said he refused to join the union, believing all men "should come to brotherhood without organizing or being affiliated with any natural force to which they must pay dues." He said he offered to contribute an amount equal to the union dues to any charitable organization, but was refused.

Profit Speaks at Farmers' Club

Thirty-five members and six visitors attended the regular monthly meeting of the Hickory Farmers' Club held at the home of Miss Agnes Cowan, Thursday, Jan. 24.

After the business meeting, held under the direction of president, William MacQueen, Henry Lane, program chairman, introduced William Profit, who told members the duties of the register of deeds office in Caro. Other entertainment during the evening included a song by the club and an address by Mr. Sickler, president of the Novesta Farmers' Club, who told members about his experiences in his younger days.

Mrs. Iva Hutchinson and helpers served a complete roast beef dinner at the meeting.

The next meeting of the club is scheduled to be held with Mr. and Mrs. Rayl of Caro.

merce figures it will cost every Michigan family another \$248 in tax or federal debt burden if current spending plans are approved by congress. Total figure for the state: \$466,000,000 more.

Rep. William W. Blackney, Flint, still hasn't revealed his intentions. He may retire from congress. The 75-year-old legislator has been deluged with suggestions both ways.

Dr. Lee M. Thurston, superintendent of public instruction, has asked legislature for \$15,000 to conduct an engineering survey of the possibilities of setting up a statewide educational TV network. Michigan colleges are willing to assist with the survey.

Average life expectancy in Michigan has jumped from 49 years to 68 years in the last half-century. And it is expected to keep on rising. In 1950 seven out of every 100 residents were over 65. In 1900 it was five out of 100.

An alarming shortage of college-trained engineers may prove a severe bottleneck to both civilian and defense production by 1955, according to Dean Lorin G. Miller of the Michigan State College School of Engineering. U. S. industry, already operating with fewer engineers than it needs, will be 60,000 short by 1955.

While industrial and governmental research and development have increased nearly 500 per cent since 1942, the number of U. S. scientists and engineers has barely doubled.—Fortune Magazine, 1951.

THE GREATEST CAR EVER BUILT

IN THE LOW-PRICE FIELD

The big 1952 FORD

Out-performs them all!

Ford's completely new 101-h.p. high-compression, low-friction Six, with free-turning overhead valves, is the most modern Six in the industry. And Ford's high-compression V-8, now 110 h.p., is the most powerful engine in the low-price field. Both are available with performance-proved Fordomatic Drive.

Out-rides them all!

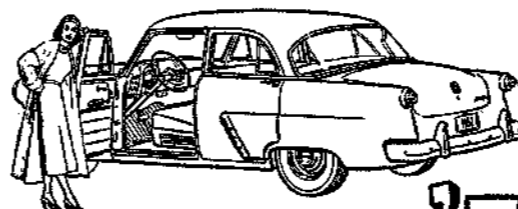

The '52 Ford gives you riding comfort such as you have never before experienced in a car in the low-price field. With front springs tailored to the weight of each model, longer rear springs and diagonally mounted shock absorbers, Ford's Automatic Ride Control gives you the smoothest, easiest ride of them all—a level ride on straightaways, an even keel on curves.

Out-sizes them all!

The '52 Ford has longer wheelbase, wider front tread and greater length. It's big outside and big inside, with spacious seating for six and the largest luggage locker of them all.

Full-Circle Visibility!

With narrower corner pillars, picture windows all around and a rear window that's 48% larger you have "all-direction" vision that adds to your enjoyment and your safety.

Exclusive Power Pilot Economy!

Both the new Ford Mileage Maker Six and the Strato-Star V-8 have the exclusive Ford Automatic Power Pilot. This completely integrated carburetion-ignition-combustion system gives you high-compression "go" on "regular" gas.

New Coachcraft Bodies!

Ford's new Coachcraft Bodies are longer, stronger... distinctive in their modern beauty. They offer new hull-tight construction which seals out dust, weather and noise. And Ford has more color and upholstery combinations than any other car in its field.

Out-values them all!

With such modern design and engineering features as new Flight-Style Control Panel, new Power-Pivot Clutch and Brake Pedals, new Center-Fill Fueling, and new counterbalanced hood and deck lid, Ford adds up to more dollars and cents value than any car in its price class.

Fordomatic Drive, Overdrive, white sidewall tires (if available) and two-tone colors on Customline Sedan optional at extra cost. Equipment, accessories and trim subject to change without notice.

You can pay more but you can't buy newer or better!
