

## Clean-Up Campaign to Start With Parade Monday

Cass City's annual clean-up, fix-up and paint-up campaign will start with a parade of decorated grade school students Monday morning at 9:00 a. m., according to the Cass City Chamber of Commerce, sponsors of the event.

Because of the confusion prizes caused at the school, the Chamber of Commerce will not donate prizes this year as was originally planned. Participation by students, excluding the kindergarten, in the grade school will be on a volunteer basis for the event Monday.

It is expected that many of the students will help volunteer to start the clean-up drive off on the right foot.

Homeowners have also been asked to join in the spirit of the occasion by doing their clean-up jobs next week. As usual, the village will have their trucks on hand to make pick ups of trash collected by citizens of the village.

Authorities are asking residents to place their debris in barrels or other containers and place them at the curb for the trucks to pick up.

Business places are requested to help make Cass City clean by doing an extra special job on windows and floors in keeping with the drive.

## Track Squad Loses To Bay City Handy

Bay City Handy High School defeated Cass City's track team 80-29 in the opening meet of the season for the Hawks.

The Bay County team shutout Cass City in three events: The pole vault, shot putt and broad jump.

The Hawks posted their best record in the high jump when Tom Schwaderer was first and Bob Wallace tied for second.

Other events in which Cass City placed included: 60-yard dash, Schwaderer, second; 22-yard dash, Tim Burdon, third; half-mile, Don Bartle, third, and mile, Dean Krizman, third.

### Bulletin

Cass City won their first track meet of the season when they whipped Bay City Central Reserves Wednesday afternoon 62-47.

The squad had a fairly easy victory despite the absence of Tom Schwaderer and Dean Krizman, who were ill with the measles.

The Hawks placed in the medley relay. The runners were: Arleon Kelley, 440 leg; Schwaderer and Burdon, 220 leg, and Stanley Guinther, 440 leg.

The track team was to have met Bay City Central reserves Wednesday.

## School Approved For Collection of Tuition for 1952-3

Superintendent Willis Campbell of the Cass City Schools announced early this week that the Department of Public Instruction has approved the school for the collection of tuition from non-resident students, grades nine to 12, for the year ending June, 1953.

In another letter received, Mr. Campbell said that at a recent meeting of the executive committee of Bureau of School Service, Cass City High School has received creditation by University of Michigan for a three-year period beginning July 1, 1952, and expiring June 30, 1955.

Mr. Campbell said that the Department of Public Instruction will only approve a school for a year at a time for tuition and that the department acted on the recommendations made by the Bureau of School Service after that organization had made an inspection of the school.

### Pionk Promoted

Clarence Pionk of Route 2, Ubyly, Mich., was recently promoted to corporal while serving in Korea with the 25th Infantry Division.

A veteran unit of the Korean war, the 25th recently has engaged in probing attacks and patrolling action along the central front.

A truck driver with the division's Quartermaster Company, Cpl. Pionk arrived in Korea in June, 1951.

He had attended high school in Bad Axe, Mich., before he entered the Army in December, 1950.

## Doctor Saves Sight Of Jackie Connolly

Jackie Connolly, 10-year-old son of Mrs. Elmer Pfaff, is reported to be recovering from an eye operation in Saginaw after he was struck by a BB bullet Thursday afternoon, April 10.

Little Jackie was hit by the BB fired by his older brother, Jim Connolly. Jim aimed and hit the house and the bullet glanced off the building to strike Jackie.

He was taken to the Cass City Hospital and then transferred to a Saginaw hospital.

Wednesday, Mrs. Pfaff was notified by the Saginaw doctor that her son would not lose his sight in the injured eye.

## Final Rites for Earl Hillaker Tuesday

Funeral services were held at Little's Funeral Home Tuesday afternoon for Earl Hillaker, who died early Thursday morning, April 10, at his home at 33983 Edna Street, Farmington Township.

Mr. Hillaker was born in Sanilac County in 1901, the son of the late Mr. and Mrs. Ezra Hillaker.

He was married to Miss Vera Phetteplace in Port Huron in 1923. Following their marriage, they made their home in Marysville, later moving to Argyle and Detroit.

The last two and one-half years they have lived in Farmington Township.

Surviving, besides his widow, are: Two daughters, Mrs. Melvin Sockow of Walley Lake and Mrs. Earl Spaulding of Detroit; two sons, Paul, a soldier stationed in Alaska, and Robert at home; one brother, Norman of Caro, and two sisters, Mrs. Frank Bullis and Mrs. Clare Bullis, both of Gagetown.

Five grandchildren also survive. Prayer services were held for Mr. Hillaker at his home at 2:00 p. m. Sunday. Following the services, he was brought to Little's Funeral Home for the funeral.

Rev. Arnold Olsen of the Baptist Church in Lapeer officiated and burial was in Elkland Cemetery.

## Seniors Sign Three For Amateur Show

Two persons from Cass City and one from Marlette have signed to participate in the special show that the Cass City High School seniors are presenting at the high school auditorium Thursday, April 24, according to John Agar, in charge of the amateur portion of the program.

The three are: Winston Pike, Marlette, who will sing; Aurey Fredericks, Cass City, also a singer, and Jake Ramey, Cass City, who has an accordion act.

According to Agar, there is room for a maximum of 14 performers in the show and interested persons are asked to contact him or the principal's office at once.

Besides the amateur show, persons attending the program will see Pie-Plant Pete and Bashful Joe, regular performers over WJR in Detroit.

The radio pair play the guitar and harmonica and have an entertaining dialogue that has been heard over most of the larger radio stations in the country.

## Settle Ferguson Suit For Tractor Rights

The \$42-million dollar lawsuit brought more than four years ago by Harry Ferguson and Harry Ferguson, Inc., against Dearborn Motors Corporation, Ford Motor Company, and others, was settled April 9 for a payment of 9½ million dollars.

All claims against individuals, as well as all claims of conspiracy, unfair competition and violation of the anti-trust laws against all corporations and individuals were dismissed by a consent judgment signed in New York today by Federal Judge Gregory F. Noonan.

The settlement was made solely under some of the patent infringement claims of the complaint. The settlement was paid by Dearborn Motors, national marketing organization for the Ford equipment. Ford Motor Company will make certain changes in the means of operation and control of a pump used on the present Ford tractor and other patent rights that the court ruled belonged to the Ferguson Company.

## Dehmel Named Chairman of Board Of Supervisors

Arthur Dehmel of Unionville was named the new chairman of the Tuscola County Board of Supervisors Tuesday in the annual April session of the group.

Mr. Dehmel has been a member of the board since 1946. He represents Columbia Township on the Board. Mr. Dehmel makes his living farming near Unionville. He replaces Fred Henderson of Kingston, the retiring chairman.

After the election, new committees were appointed and the problem of equalization was presented. According to Eward Rawson, the supervisors expected to have the problem settled Thursday.

It may have been necessary to increase the amount of millage for operation expenses of the county. According to Tuscola County clerk, Fred Mathews, a half mill raise is needed to make the county solvent.

In case the supervisors decide in the April session to raise the amount of millage a half mill, the raise would mean that the board would be asking for seven and one-half mills.

## Gavel Club Seeks Another Team for Softball League

Five teams have been signed for the 1952 softball season under the direction of the Cass City Gavel Club, according to C. M. Wallace, one of the committee appointed by the club to handle the games here.

Teams who have indicated that they would field a squad this year include: Deford, Ellington, Western Auto, Decker-Shabbona and Church of Christ. The five teams represent the entire Cass City area with the exception of Gagetown.

Authorities here have contacted persons in Gagetown to see if they would be interested in sending a team to compete this summer.

Gagetown spokesmen have not as yet indicated whether or not they would become the sixth and final entry for 1952.

As soon as the sixth team has signed to enter, the schedule will be drawn and the date for the opening game announced.

## Rain Spoils Hawks' Opener Monday

Coach Irv. Clasenman was forced to wait until Thursday to find out what his baseball nine would do in conference competition as the season's opener against Elkton Monday was postponed because of rain.

Thursday dawned bright and clear and it was expected that the Hawks would play their first game against Sebawaing that afternoon.

Clasenman has announced no change in his line-up and will probably start the same crew that would have opened against Elkton with the exception of Tom Schwaderer, who is ill.

Players whom Clasenman was counting on include: Gerald Whitaker, pitcher; Don Tuckey, catcher; Pete Martin, first base; Dean Hoag, second; Bob Wallace, shortstop; Maynard Helwig, third, and Tim Burdon, Bill Martus and Russ Foy in the outfield.

## Support Clean-up Week

Village President, Clifford Croft, has proclaimed April 21 through April 26 official clean-up, paint-up, fix-up week for the village.

It is a week that should have a special importance to everyone in Cass City. Besides that obvious importance of making the place we live in more comfortable and attractive, it has the added advantage of being to the financial advantage of most citizens to cooperate.

One of the big money wasters in any community is fire—and fire, as any insurance company will advise, breeds on old papers and other trash that clean-up week is designated to remove.

A clean village also can be depended on to improve public health, improve your neighborhood and add to you and your neighbor's families well-being.

Clean-up week deserves to be whole heartedly supported, make your plans now to see that this year's drive is the most effective in the history of Cass City.

## 4-H Enrollment Drive To Start April 21

In cooperation with George MacQueen, of the Tuscola County Extension office in Caro, the Chronicle and merchants of the Cass City area are presenting a special section devoted to 4-H club work in the area that appears on pages 12 and 13 of this week's Chronicle.

Mr. MacQueen has reviewed the work of 4-H club members and told of the purpose of the clubs here. Besides explaining the program, Mr. MacQueen has used the section for the kickoff for the summer enrollment drive, which is slated between April 21 and May 3.

"The summer program," Mr. MacQueen said, "is probably the most important for members of the 4-H. It is here that members have the time to put in actual practice the work they have been learning all year." MacQueen asserted that his office hoped to have every boy and girl in the area enrolled in summer 4-H work.

## Slate X-Ray Unit to Tour Sanilac County

With a large turn-out already anticipated, Sanilac County citizens, 15 years of age and older, are being urged to get a free chest X-ray when the Michigan Department of Health mobile chest X-ray unit tours the area April 21 to May 3.

Termining the chest X-ray a "swift, safe and reliable" way to check against unknown tuberculosis, lung cancer and some heart conditions, health officials released the following timetable for next week's X-raying:

Monday, Marlette, Detroit Edison Office, 1:00-9:00 p. m.; Tuesday, Marlette, Detroit Edison Office, 9:00-12:00 a. m.; Wednesday, Sandusky, front of Temple's, 1:00-9:00 p. m.; Thursday, Sandusky, barber shop, 9:00 a. m.-5:30 p. m.; and Friday, Peck, in front of library, 1:30-5:30 p. m.

The X-ray unit will be in Shabbona May 7.

Sponsors urged older adults, especially men in the 40 to 70-year-old age bracket, to make a special effort to get a chest X-ray.

Because stopping the spread of TB germs "depends on finding people who have the disease and helping them to hospitals where they may recover, it is important for all adults to have a chest X-ray at least once a year," the health agencies urged.

The chest X-ray picture will indicate whether you have an apparently healthy chest, whether you have ever fought a battle with tuberculosis and won or whether TB germs may be gaining a foothold, according to the Michigan Tuberculosis Association.

## Dorlands Celebrate at Anniversary Party

Mr. and Mrs. Otto Dorland were pleasantly surprised Friday evening when their children and families and a few close relatives came to help them celebrate their 35th wedding anniversary.

Slides were shown of a recent trip to Florida taken by Mr. and Mrs. Wm. Collier of Lapeer and Mr. and Mrs. Arnold Hurley of Brown City. Flash pictures were also taken. Mr. and Mrs. Dorland were presented with many useful gifts.

A beautiful wedding cake centered the table and ice cream with cake was served to the guests by the Misses Shirley and Belva Dorland.

## Butler Finds Two Litters of Young Foxes Saturday

Frank Butler, who lives on a farm north and west of Cass City, and his brother-in-law, Lyle Dodds of Prescott, probably saved the lives of a good many area pheasants and chickens Saturday afternoon when they found 15 young foxes in the back of the old Barnes farm, six miles north and one mile west of Cass City.

Mr. Butler had been cleaning brush near the site of the dens when he saw the mother fox on two different occasions. Each time he did not have a gun.

Saturday, he and Mr. Dodds armed themselves and went hunting for the fox. They had a shot at the wily mother but missed.

With their chance of bagging the mother gone, the pair began an intensive search for the den. After finding it, they dug to the main runway and found the 15 little foxes.

Handling the litter with gloves, they took the youngsters home and later to the conservation department.

According to the officers in charge, Mr. Butler and Mr. Dodds had found two litters, as foxes have never been known to have over seven or eight young in a litter.

The foxes were estimated to have been a month or six weeks old. Capturing the litter is no new experience for Mr. Butler. Two years ago, he also found a fox den with young in it—although they were older than those he picked up Saturday.

## Marguerite Topez Wins American Legion Contest

Winners in the Americanism essay writing contest, sponsored by the Auxiliary to Tri-County Post No. 607 American Legion, have been announced by Mrs. Alex Tye. The topic was "Know Your Michigan" and the essays were very capably judged by Mrs. K. I. MacRae. The essay writing was entirely on a voluntary basis this year and the number of entries was small compared to other years.

First place rating went to Marguerite Lopez and her essay has been sent to the district contest. Marguerite is a freshman. Other winners, all seventh graders, are: First place, Marjorie Kelley; second place, Doris Matthews, and third place to Sally Hunt.

The Auxiliary will award medals to the winners in the near future.

## Quick's Holstein Completes Tests

With 644 pounds of butterfat and 16,356 pounds of milk testing 3.9% to her credit, Oakwynd Rag Apple Ruby, registered Holstein-Friesian cow owned by A. B. Quick, Caro, Michigan, has completed a 324-day production test in official herd improvement registry.

She was milked two times daily, and was four years four months of age when she began her testing period.

Testing was supervised by Michigan State College, in cooperation with The Holstein-Friesian Association of America.

## Brooks Writes of Duties in Germany

Oscar Brooks writes from Baumholder, Germany, to tell of activities of American troops in this area.

He is stationed in the mountains together with French troops. According to Oscar, the French dress uniform is comparable to American work uniforms.

It's fairly warm now in the Baumholder section of Germany and the ground is red clay. When wet, the soldiers sink almost to their knees in the mud, Brooks said.

Commenting on French troops, Brooks said that one of the French privates told him that he received the equivalent of three cents a day, free cigarettes, a bottle of wine, and a movie a month.

## DeForge Tells Community Club Members of Hobbies

### Free Highway Maps At Chronicle Now

The Chronicle received 50 copies of the official 1952 highway maps from the State early this week for free distribution to interested persons in the area on a first come, first served basis.

As usual, the maps are very complete. Besides the standard data found on all maps, it includes the Straits of Mackinac ferry service schedule, state tourist information sites, Michigan scheduled airline flights and other information.

## Salem E. U. B. Church Elects New Officers

The annual election of church and Sunday School officers for the coming year for Salem Evangelical U. B. Church was held Wednesday evening following a "family night" supper in the church dining room. Officers were elected as follows: Class leader, Edward Helwig; assistant class leader, Stanley P. Kim; trustees for three-year terms, Fred Buehrly and Leonard Damm; organists, Mrs. S. P. Kim and Mrs. Raymond McCullough; and choir director, Mrs. Arnold Copeland.

Other officers elected were: Assistant choir director, Mrs. Maurice Joos; flower committee, Mrs. Maurice Joos and Mrs. Leonard Damm; Sunday School superintendent, Mrs. Ray Silvermail; assistant Sunday School superintendent, Mrs. Stanley Kim; secretary, Francis Deibel; assistant secretary, Mrs. George Dillman, and Sunday School treasurer, Stanley P. Kim.

## Huron Bands Play In Elkton Tuesday

High school bands from Ubyly and Owendale, together with bands from seven other Huron County High Schools, will participate in County Band Festival April 22.

Elkton, which has arranged the event every year since 1935, will be the host for the event which has been scheduled to start at 7:00 p. m. at the Elkton High School auditorium.

H. E. Nutt, dean of the VanderCook College of Music, Chicago, will be critic judge. He has a national reputation and judged both University of Michigan and Michigan State College festivals.

After the competition, the schools will join for a concert under the direction of Dean Nutt.

### Coming Auctions

Frank Sinclair has decided to quit farming and will sell his personal property Friday, April 18, at his farm, two miles south and one-half mile east of Gagetown.

James G. Bouton will hold an auction Saturday, April 19, at his farm, two miles north and one-quarter mile west of Decker. The sale will be of farm machinery.

Harvey and Hazel Carless will hold an auction of their personal property at their farm, three miles north and three miles west of North Branch Wednesday, April 23.

## Chamber of Commerce to Enlarge Board of Directors

The Cass City Chamber of Commerce has taken steps to increase the number of members of its board of directors from nine to 12 in an election that will be submitted to the membership-at-large in the near future.

To accomplish their purpose, six new members will be elected to the board.

Names of candidates will be selected from a nominating committee that includes four members-at-large and Herbert Ludlow, Chamber of Commerce treasurer. The members-at-large are, according to president Jim Bauer, the following businessmen: Fred Pinney, Arlan Hartwick, Bob Hunter and Arthur Atwell.

The members will elect four members of the board for four years, one for two years and one for a one year term.

After the election, three of the present members of the board will have completed their terms. They are: Cliff Croft, Joe Riley and Dr. Delbert Rawson.

In other action, president Bauer named Howard "Baldy" Ellis to complete the unexpired term of Clarence Gregg, who moved from Cass City.

Danny DeForge told members of his hobby that he termed "the strangest in the world" at the regular monthly meeting of the Cass City Community Club held Tuesday evening at the Cass City High School auditorium.

Mr. DeForge explained that his hobby was showing pictures to bed patients in and around the Detroit area. He said that he started his hobby after hearing over the radio of a lady who was celebrating her 20th year in bed.

Since that time, he has made regular calls to about 100 homes with his camera and films, averaging six calls a week at his own expense.

Mr. DeForge also told members of his hobby of taking 100 boys from Detroit to a Canadian island for a month's vacation at his expense.

He said that the satisfaction that he receives in watching these boys while at the camp and later in life is a source of great satisfaction to him.

After his address, Mr. DeForge showed Community Club members a film from his large collection.

The dinner was served by the Eastern Stars Tuesday. The next meeting of the club in May will be the final one 'til the club reconvenes in the fall. As usual, it has been designated as ladies' night.

## Shagena Found Not Guilty by Jury Monday

A Tuscola County jury found Bernard Shagena, charged with negligent homicide for killing John Zmierski, 72, in an automobile accident Saturday, March 1, not guilty of the charges as presented by the state Monday.

In charging the jury, the judge said that, according to the evidence, Shagena's car was in good condition and he was obeying the law while traveling on M-81 at 60 miles an hour.

## Forty-three Attend Grant Farm Bureau

The Grant Farm Bureau Group met at the Williamson Schoolhouse Wednesday evening, April 9, with 43 members present.

The meeting was called to order by chairman, Richard Schutte. The minutes were read by Mrs. Richard Schutte. Chas. Taschner led the discussion, entitled "Constructive Agriculture." Program For A Free America.

Mrs. Clarence Shantz read a paper on Huron County roads by Mr. Bateman.

Euchre was played and prizes won by Mrs. Chas. Ashmore, Mrs. Oscar Nixon, Mrs. Thomas Quinn, Jr., Howard Irner, Chas. Taschner and Dudley Andrus.

Potluck lunch was served by the hostesses, Mr. and Mrs. Ernest Heck and Mr. and Mrs. Alex Jamieson.

The next meeting will be May 14 when Mr. and Mrs. Kenneth Auten and Mr. and Mrs. Charles Ashmore will be hosts and hostesses.

## Manager Tells of Construction Work

Carl P. Nye, District Manager of Michigan Associated Telephone Company at Cass City, stated Wednesday that three crews had been working in the Cass City exchange area since mid-February of this year, replacing and renovating the outside plant.

He reported that the Company was spending approximately \$11,000 on routine construction and maintenance in Cass City during 1952, which will run the total spent by the Company in Cass City since January 1, 1950, to \$38,000.

Mr. Nye became District Manager of Cass City on April 1 of this year.

Liberty Gardens Vital to Defense Good Kitchen Garden Can Cut Food Costs

The Department of Agriculture has approved a plan of the National Garden and Food Preservation Committee for a national Liberty Garden campaign in 1952.

The general plan is to encourage the cultivation of home gardens as insurance against shortages, to relieve transportation facilities, enlist labor in food production, and maintain health and moral values.  
On the local level the all-out program provides for using all available means to arouse the whole population to the need for gardens, to teach novices how to make gardens, make suitable land available in city, town and suburban areas, plow the land and insure the availability of seed, plant food and equipment.

A good kitchen garden may also be the answer to many a family's high food costs. The program gains merit in the light of past experience, because it has been shown that a garden and a home food preservation program is essential to the success of any home defense program.

An average garden can mean as much as \$200 to a family's food bill during one year with a reasonable amount of time and effort.

### Keep Food Budget Down by Serving Lower-Priced Meats

IF YOU HAVE to shake your head sadly at the high price of food, remember that you can help trim the costs by serving some of the lower-priced cuts of meat.

Naturally there are many kitchen economies that can be practiced to help keep the food budget trimmed, if not exactly slender, such as using foods in season and wisely serving leftovers. But higher priced meats add to the cost of the table set more, probably, than any other single item.

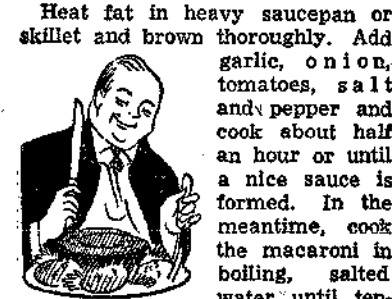

As long as your meals remain savory and nutritious, the family will not mind eating less expensive meats.

Pork is economical and gives plenty of good eating. Here's a dish all under one lid that's bound to please:

**Pork Skillet Supper**  
(Serves 6)  
6 shoulder pork chops  
2 tablespoons chopped onion  
1 green pepper, sliced in rings  
1/2 cup rice  
1 No. 2 can (2 1/2 cups) tomatoes  
1 teaspoon salt  
1/2 teaspoon pepper  
Brown chops in small amount of hot fat. Pour off extra fat and save for later use. Add onion and green pepper; sprinkle rice around the chops. Add tomatoes. Season with salt and pepper. Cover and cook over low heat until chops are tender, about 1 hour. Remove chops and arrange on a warm platter. Fill center with rice mixture.

Use one-half pound of meat and extend it with macaroni for this hearty dish that's flavorful, as well as economical:

**Meat-Macaroni Casserole**  
(Serves 4-6)  
3 cups elbow macaroni  
1/2 pound lean beef, sliced  
1 tablespoon fat  
1 clove garlic  
1 onion, sliced  
4 tomatoes, sliced or 2 cups canned tomatoes  
1 teaspoon salt  
1/2 teaspoon pepper  
1 teaspoon chili powder  
1/2 cup sliced, stuffed olives  
1/2 cup grated cheese  
Heat fat in heavy saucepan or skillet and brown thoroughly. Add garlic, onion, tomatoes, salt and pepper and cook about half an hour or until a nice sauce is formed. In the meantime, cook the macaroni in boiling, salted water until tender. Drain. Layer in a greased casserole the macaroni, cheese, olives and meat sauce, having the meat sauce on the top layer. Bake in a moderately hot (375°F.) oven for 45 minutes.

The last of the pot roast or roast beef can be used in this delicious puff for a nourishing supper:

**Beef Puff**  
(Serves 4)  
3 cups diced leftover beef roast  
1 medium onion, finely chopped  
2 cups hot, mashed potatoes  
1 tablespoon fresh horseradish  
2 teaspoons salt  
Few grains cayenne  
Heat fat in heavy saucepan or skillet and brown thoroughly. Add garlic, onion, tomatoes, salt and pepper and cook about half an hour or until a nice sauce is formed. In the meantime, cook the macaroni in boiling, salted water until tender. Drain. Layer in a greased casserole the macaroni, cheese, olives and meat sauce, having the meat sauce on the top layer. Bake in a moderately hot (375°F.) oven for 45 minutes.

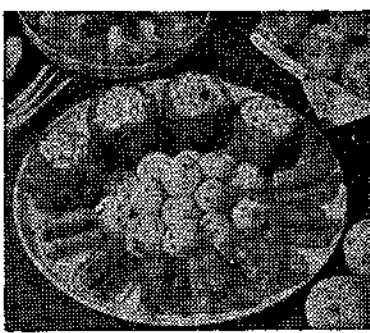

Hearty servings of corned beef hash with golden pineapple slices make mighty fine eating for cold evenings. Serve on the same platter with the hash some cooked wedges of cabbage with mustard sauce for a really old-fashioned meal prepared in the quick, modern manner.

**LENN SAYS:**  
Please Family Palates With New Flavor Tricks

Mixed fruit cups make a wonderful dessert with some simple cookies on those busy days. Sliced bananas with cubed pineapple and dark cherries or grapes are colorful and delicious.

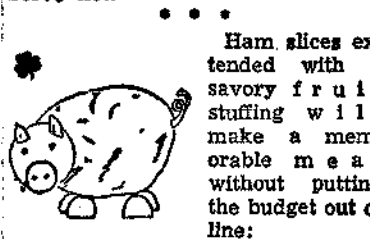

Another mixed fruit combination which takes honors includes grapefruit sections with bananas tinted a delicate pink with some maraschino cherry juice and a few of the cherries for color.

Any cook would be proud to serve this meal, but it doesn't take any time at all to prepare. Colorful green peppers are stuffed with well-seasoned corn served with pan-browned Vienna sausages and parsley buttered potatoes. Canned foods from the pantry shelf cut preparation time for this budget dinner.

\*Recipe Given

1/2 cup milk  
1 egg, beaten  
1/2 cup shredded cheese  
1 tablespoon butter  
Combine onion, potatoes, horseradish, salt and cayenne. Combine milk with egg, then fold into potato mixture. Fold in diced beef. Turn into a 2-quart casserole. Dot with butter. Bake in a moderately hot (400°F.) oven for 25 minutes. Serve hot.

Ham slices extended with a savory fruit stuffing will make a memorable meal without putting the budget out of line:  
\*Stuffed Ham Slices  
(Serves 6)  
2 ham slices, cut 1/4 inch thick  
3 cups soft bread crumbs  
1/2 cup seedless raisins  
1/2 cup orange juice  
1 cup diced apples  
1/2 cup melted ham or bacon drippings  
4 tablespoons sugar  
Combine bread crumbs, raisins, orange juice, apples, drippings and sugar and mix lightly. Spread one ham slice with a thick layer of stuffing. Place second ham slice on top. Put wooden toothpicks through one slice into the second one to hold slices together, sandwich fashion. Spread surface of top slice with brown sugar and stick with whole cloves. Place in rack in open roasting pan in a slow (300°F.) oven for 1 1/2 hours.

**Corned Beef-Cabbage Supper**  
(Serves 4)  
1 1-pound can corned beef hash  
4 slices drained, canned pineapple  
Hot cooked cabbage wedges  
Mustard sauce  
Open hash can from both ends and push contents out in one piece. Cut in four slices. Rough the top of each patty with the tines of a fork. Arrange hash slices on pineapple slices in a shallow pan. Bake in a moderate (350°F.) oven for about 20 minutes. Serve with wedges of cabbage, topped with hot mustard sauce; add 2 tablespoons prepared mustard and 1/4 teaspoon each of Worcestershire sauce and grated onion to one cup seasoned medium white sauce.

**Vegetable-Sausage Platter**  
(Serves 4)  
4 green peppers  
1 17-ounce can whole kernel corn  
Salt, pepper and butter  
1 No. 2 can small white potatoes  
Parsley butter  
2 cans Vienna sausage  
Cut off stem ends of pepper and remove seeds. Parboil until almost tender; drain. Season corn with salt, pepper and butter; fill peppers. Place in greased baking dish and bake in a moderate (350°F.) oven about 20 minutes. Heat potatoes and drain; dress with parsley butter. Arrange on platter with sausages which have been pan-browned and heated in butter.

Mix together some tart apple sauce with mint jelly and serve with lamb for a wonderful relish. You've heard of rice and chicken? Well, cook the rice and then without rinsing pat into a shallow pan and let chill. Cut into squares, place on a greased shallow pan and dot with butter. Broil or bake and serve topped with creamed chicken.

Several canned soups can make one delicious one fit enough for guests. Heat together equal amounts of consommé or bouillon, chicken broth and tomato juice.

**LaGorce - Paul Engagement Told**

Announcement of the engagement of Miss Elizabeth Cecilia LaGorce, daughter of Mr. and Mrs. Gilbert G. LaGorce of Washington, D. C., to Harold O. Paul, Jr., of Cass City, was made recently at a cocktail party in the LaGorce's Spring Valley home.

The young couple met two years ago when Elizabeth was the guest of her Immaculata Seminary classmate, Eleanor Sadowski, at the Michigan home of her parents, ex-Congressman and Mrs. George Sadowski.

Elizabeth is a freshman at Colby Junior College, New London, N. H., after being graduated from Immaculata. Her father is assistant director of advertising for the National Geographic Society. Her grandfather, Dr. LaGorce, is vice president of the society and associate editor of the National Geographic magazine.

Harold was graduated from Castle Heights Military Academy, Lebanon, Tenn., and Michigan State College, where he was a member of Psi Upsilon fraternity. During World War II, he served as a B-24 pilot in the Pacific and he is presently engaged in the retail automobile and farm equipment business in Cass City.

The couple is planning an early September wedding with a reception at Chevy Chase Country Club. They will travel to South America on their wedding trip.

**SHORT STORY**  
**Double Mistake**  
By Richard Hill Wilkinson

It was convenient thought Martha Sidney that Larry had money. "You see," she confided to Dorice Merton, who was to be maid of honor at the wedding, "Larry could hardly expect me to accompany him on these excursions into the wilderness. After all he has enough money so that this forestry business he's interested in could be classed as a hobby."

Dorice was dubious. "I sometimes wonder, Mart, whether or not you're wise in marrying Larry. Somehow I feel that he expects you'll be eager to follow him into the woods."

"Asburi! How could he expect me to get a thrill out of trees. Besides, there's that little summer home of his just outside of town. I'd much prefer to live there where I can entertain my friends and make some good use of his money."

It was rather an elaborate wedding. Martha's mother, who called her daughter extremely fortunate at making such a catch, went the limit. She didn't want Larry to think Martha was hopelessly poor.

The couple spent a two weeks' honeymoon on Long Island and returned to Larry's summer home in Albany in late September. All during the boat ride up the Hudson, Larry talked of the woods and their glory in autumn. That night he said:

"Better get your packing done, honey. We're leaving early."

Martha arched her brows in surprise. "My packing! Why, Larry, dear, you don't expect me to accompany you into the wilderness?"

Larry looked at her in bewilderment. He saw the whiteness about her lips, and knew suddenly that she had never intended to go with him. There was a quality in his voice when he replied that frightened her. "So that's how it is? I'm the season's outstanding sucker, eh?" He shrugged. "Tomorrow I'm leaving for the woods and you're going with me—whether you like it or not."

They departed by train the next morning. At Saranac they shifted to a power boat, and for hours drove steadily in the wilderness. At the head of the last chain of lakes they disembarked. The power boat swung away, standing on a narrow strip of wilderness that projected out into the lake. There was a log cabin, a canoe and nothing else.

Martha felt afraid and very much alone. Larry had been painfully formal during the entire trip. The mountains, the stillness, the vast solitude awed and frightened her. She stood quite still until the last faint put-put-put of the power launch had faded. Then she turned and entered the cabin that was to be her home.

IN spite of herself Martha could not help enjoying her new existence. For the first time in her life she knew sheer joy at just being alive. The cabin was comfortable and home-like. There were books. There was work to be done.

Larry made no effort to assist her about the cabin. His eyes still held the same cold glint that had frightened her on the night before their departure. He seldom spoke, was away from the cabin a good deal and spent his evenings bent over drawings and reports.

It was a month before Larry let down the barrier. He came up from behind Martha as she stood alone on a bluff overlooking the lake. She turned at his step and looked into his eyes. The cold glint was gone.

"The power launch is due back tomorrow," he said. "You may go back with the driver if you like. I—guess I made a mistake."

Martha felt a lump in her throat and swallowed hard.

"Larry, darling, please let me stay. I—I've been selfish. Can't you forgive me?"

Larry's head jerked up. For one brief moment he stared.

"Martha, Martha, I—hoped, I—I wanted you to—love the woods as I do. I brought you here for that purpose, and thought I'd failed."

Martha pulled his face down and kissed it. "Let's forget the past, Larry, sweetheart, and start all over again. I really don't feel as if I've had a real honeymoon. Let's begin over again. Now! Here!"

Far, far down the lake they heard the put-put-put of the returning power launch.

"Larry, darling," she said, "please let me stay."

**WHAT ABOUT CAT DISTEMPER?**  
Q: Is distemper a very serious problem among cats?  
A: Yes, it is one of the most common of all cat diseases.  
Q: What causes distemper?  
A: A highly contagious virus. It affects cats of all ages, but weaned kittens less than a year old are the principal victims.  
Q: How does distemper act?  
A: First symptoms include loss of appetite, vomiting, extreme weakness. There may be rapid loss of weight. Later there may be scouring, sore, ulcerated mouths, nasal discharge, difficulty in feeding. The affected cats will hang over feed and water.  
Q: Is distemper always fatal?  
A: No, but the death rate may run as high as 80 percent.  
Q: Is there any cure?  
A: Cats may sometimes be saved by prompt administration of anti-feline distemper serum and careful supportive treatment.  
Q: What can be done to prevent distemper?  
A: Vaccination affords the best protection. The veterinarian administers two small doses of vaccine about 10 days apart. Cats usually are protected for life after they have developed immunity.  
Q: Is vaccination expensive?  
A: No, it is inexpensive. On farms, cats are so important in control of rodents that the cost of vaccination is a minor thing in comparison to the good they do in saving grain and preventing other rat damage.

**Solution to Color Problem**  
The demand is constantly increasing for refrigerators and other kitchen appliances in the same color as the kitchen walls. Production and inventory problems, however, still present many difficulties for manufacturers, and make it impossible for them to supply the demand. As a consequence, many home owners are sending out newly purchased appliances to automobile body shops. There, they can have them sprayed in the desired hue.

**Early Swim**  
When George Washington lived as a lad of 19 on the Rappahannock River opposite Fredericksburg, Va., he often went for a swim in the stream. ## Personal News and Notes from Deford

### Church News—

Easter Sunday services at the Kingston Methodist Church included the baptizing of three babies, two children and four adults and the taking in of five new adult members. Of the 160 attending church, 122 stayed for Sunday School.

Three carloads of children from Deford attended the children's meeting from 3:30 until 4:30 every afternoon under the supervision of Miss Cooper, children's leader.

There will be a special meeting Friday evening beginning at 7:45 before the regular service.

The W. S. C. S. met with Mrs. Norman McQueen Wednesday afternoon, April 9. Mrs. Earl Rayl, Sr., gave the lesson and Mrs. Walter Kelley the devotion. It was decided to give a potluck party and program in the church annex on Friday, April 25, at 8 p. m. All are welcome to come. Next month the group will meet with Mrs. Betty McVety.

### P. T. A.—

Deford P. T. A. was held Monday evening, April 14. Mrs. Schott opened the meeting. Mrs. Stalaker read the minutes of the last meeting. The minutes were approved. Mrs. Jacoby gave a treasurer's report. Plans were made for the next P. T. A. which will be held in the schoolhouse May 14. Mrs. H. Murry and Mrs. E. Rayl, Sr., were nominated as program committee for the next meeting. It was voted to have a potluck lunch, as it will be the last meeting of the current year.

Our speaker for the evening was Mr. J. Liddicott, Superintendent of Tuscola County Schools. He gave a very informative discussion on problems to be met, advantages and prospects, for building a new school in our area to meet our requirements more adequately and give our children a safer building and opportunity for a better education.

We sincerely hope that all who are interested in this important matter will come to our meetings for further discussions.

Mr. and Mrs. Ollie Spencer entertained at Sunday dinner, Mr. and Mrs. Ed Dora of Gifford, Mr. and Mrs. Fred Haney and Mr. and Mrs. Richard Haney of Cass City and Mr. and Mrs. Charles Spencer.

The Rolland Roberts family of Sebawaing and Mrs. Kenneth Rupp of Owendale were Sunday dinner guests of Mr. and Mrs. George Jacoby and family.

Mr. and Mrs. Tony Probe and children and Mrs. Don Hendrian of Detroit spent the week end at the Ray Kilbourn residence.

Mr. and Mrs. Rudolph Palmer of Detroit were week-end guests at the Joe Molnar home.

Mrs. Lloyd Hicks was pleasantly surprised on Thursday evening by the arrival of Mr. and Mrs. W. A. Perry of Decker and Mr. and Mrs. Ronald Geiger and children of Cass City, who came to help her and Lloyd celebrate her birthday anniversary.

Mr. and Mrs. Archie Hicks enjoyed dinner on Easter Sunday at Frankennuth.

Mrs. Carrie Lewis, Mrs. Alton Lewis and daughter, Madeline, visited Mr. and Mrs. Wayne Ego and family of Berkley on Sunday.

Mr. and Mrs. George Roblin had Sunday dinner with Mr. and Mrs. Leon Roblin of Caro.

Mrs. Carrie Lewis entertained twenty neighbors at a Stanley party Thursday evening. Bingo and other games were played with prizes going to the winners. Mrs. Bertha Chadwick drawing the door prize. After refreshments were served, Mrs. Lewis showed moving pictures of Korea.

Mr. and Mrs. Alonzo Rayl of Caro were callers at the Earl Rayl, Sr., home last Wednesday.

Mr. and Mrs. Harry Hinds of Hart, Michigan, visited Tuesday and Wednesday at the homes of Mr. and Mrs. Howard Retherford and Mr. and Mrs. Arleon Retherford and family.

Mrs. Hattie Montague visited Mr. and Mrs. George Roblin on Wednesday.

Mr. and Mrs. Alva Spencer and family of Auburn Heights spent Sunday with Alva's parents, Mr. and Mrs. George Spencer.

Easter Sunday dinner guests at the Kenneth Churchill home were Mr. and Mrs. Avon Boag of Cass City, Mr. and Mrs. Donald Petersen and family of Marlette and Mr. and Mrs. Bill Bird and family of Bay City.

Mrs. Althea Kelley entertained at dinner Sunday, Mr. and Mrs. William Dalton and son, Stacy, and Mr. and Mrs. Bruce Malcolm and daughters, Sharon and Kathy, all of Ferndale, and Mrs. Edna Malcolm and Genevieve Hoffman. Mr. and Mrs. Dalton and Stacy remained until Monday evening.

Mr. and Mrs. Douglas Harvey and son, Michael, of East Lansing, Mr. and Mrs. Nelson Hicks and Mr. and Mrs. Robert Grieve and son, Bobby, of Flint spent the week end at the Lloyd Hicks home.

Mr. and Mrs. Louis Sherwood visited Mr. and Mrs. Paul More and family of Royal Oak on Sunday.

Mr. and Mrs. William Zemke attended a Roberts' family reunion on Sunday at the home of Mr. and Mrs. Ward Roberts and family of Pontiac.

Mr. and Mrs. Edwin Rayl, Renae and Carol, of Cass City, Mr. and Mrs. Arnold Rayl, Francis, Arland and Keith, of Almont, Mr. and Mrs. Earl Rayl, Jr., of Gagetown, Mr. and Mrs. Walter Rayl of Decker and Mr. and Mrs. Harold Rayl and Rona Lou were all at the Earl Rayl, Sr., home for Easter. It is anticipated that Cpl. Elmer Rayl is on his way home from Korea at this time.

Mr. and Mrs. Sidney Bishop of Royal Oak were business callers in town on Tuesday.

Mr. and Mrs. Earl Rayl, Sr., were visitors at the latter's mother's home, Mrs. Ella Childs, near Unionville.

Pvt. Calvin Easton of Cass City, George Martinek of Gagetown and Raymond Phillips, all left by plane from Bishop Air Field, Flint, on Monday afternoon for Camp Kilmer, New Brunswick, New Jersey. Mrs. Raymond Phillips left a short time later for Chicago where she will resume her work. They were accompanied to Flint by Mr. and Mrs. Melvin Phillips.

Mr. and Mrs. William Phillips and sons, and Mr. and Mrs. Pete Adams and children of Flint, Mr. and Mrs. Walter Jacobs and Mr. and Mrs. Hallie Holmes of Caro, Mr. and Mrs. Herman Rock, and Pvt. and Mrs. Raymond Phillips all had Sunday dinner at the Melvin Phillips home.

**Cool Colors**  
In boiler rooms, walls and ceilings are often painted in blues and greens. This makes the rooms seem cooler and improves employee morale.

### ASK ME LATER

A party of high-powered and over-dressed hunters from the city were pushing through swamp country when they came upon a small bare-foot boy with a sling shot. "And what are you hunting for?" one of the party asked. "I don't know," replied the boy. "I ain't seen it yet."

**Modern Room Dramatic**  
In a modern room with beige walls and trim, the area above the white-painted fireplace brick is painted charcoal black for dramatic contrast. The charcoal color is repeated on the edges of bookshelves and on the iron framework of a glass-topped table. Sheer white glass curtains from ceiling to floor are flanked by gold draperies. In the upholstery and accessories are dashes of red and yellow.

### Shifting to Grass Doesn't Mean Drop In Output of Grain

"Grassland farming" is not going "all out" to grass. R. G. Hill, Michigan State College Extension Specialist in soil conservation, believes too many people have the wrong conception of the aim of those advocating grassland farming.

Shifting of more land to grasses and legumes or using more legumes in crop rotations as soil conservation measures would not result in overall fewer bushels of grain or row crops in the future, Hill contends. Increased yields of cultivated crops following the grasses and legumes and with the application of other conservation practices would make up for the small decrease in total cultivated crop acreage.

Hill pointed to results of experiments conducted by the Michigan State College Soil Science Department at the Ferden Farm near Cheshaning. In 1951 on plots where alfalfa-brome preceded corn, the average yield was 63 bushels an

acre. Where no legume was used in the rotation, the average yield was less than 14 bushels an acre. All plots were fertilized alike.

Another consideration is the fact there are thousands of acres of rolling land on which corn is being grown where the average yield is too low to justify its continual production. This same land would produce a greater tonnage of roughage and animal nutrients if converted to grass and legumes. In addition, rolling land used for cultivated crops will continue to become less productive unless intensive erosion control practices are applied.

"If we would put more of our eroded fields that are yielding an average of 40 bushels of corn per acre per year or less, into grass and legumes, and if legumes are used in regular crop rotations, our overall production could be increased without adding more acres in crops. At the same time, we would be conserving our soil for future use. There will be greater demands by people and industry from about the same number of acres as the years go by," Hill concluded.

### Food Supply Appears Plentiful for 1952

The food outlook indicates that larger supplies will be available at somewhat higher prices in 1952. Incomes are expected to be higher also, so consumers will have more money to spend for food, according to the Department of Agriculture's bureau of agricultural economics.

An increased output of beef and veal is expected to more than offset military requirements. Just how much more meat will be available to consumers will depend upon producer's decisions about marketing their livestock.

Fish supplies will be about the same as in 1951, except there will be less canned and more fresh and frozen fish available.

Eggs, chicken and turkey are expected in larger supply than last year.

Among the dairy products more fluid milk and ice cream will be available, but less butter. Other dairy supplies about the same as 1951.

Fresh vegetables may continue in short supply, but high 1951 prices should encourage big spring plantings.

#### Rescued Attic

An unused storage area in an attic, transformed into a livable room, has been given definite distinction with its color treatment. Wallboard-paneled walls have been painted a medium tone of gray-blue, while the ceiling area, furniture, bookshelf niches and dressing table have been painted a cool gray-green. Crisp white curtains add charm to the windows and an accent note of deep crimson appears in the striped bedspread and in the floor covering.

**Stunning Soldiers**  
Nearly 7,000 Seventh Armored Division soldiers stationed at Camp Roberts, Calif., Army post, are enrolled in classes conducted by the Paso Robles Union High School during off duty time.

**Lightens Basement**  
In painting cellar walls, dark colors should usually be avoided. Light reflecting paints, such as white, cream and buff are particularly desirable and make cellar rooms brighter and more cheerful.

## LET'S TALK IT OVER

Ed Vallender, Farm Editor  
WBCN Bay City

### Water Fight

Man's contest with nature has ever been spectacular—but not always successful. The forces of the elements hurt and help.

In our search for new acres to till, we have moved close to the shores of the Saginaw Bay. This newly developed land is virgin soil—highly productive. Most of the great truck garden type of farming is done in this area. The soil—the irrigation facilities are unparalleled. In a good year—when the weather is favorable and prices are right—a small fortune can be realized from one bumper crop. These years are infrequent but they have been known.

### The Losing Battle

By now, most of the country is aware that high water is threatening disaster upon the shores of the Great Lakes. The stories we read and hear about deal mostly with damage to homes and personal property. This is sad indeed—BUT IT IS NOT THE REAL TRAGEDY.

This spring, millions of acres of productive land lies in the shadow of abandonment. A man can build a new house. A farmer cannot work acres that are under water. Even though we may spend thousands of dollars in pumping equipment in order to dry the land in time for planting—he can be reasonably sure that sometime before harvest the high water level combined with a nor'easter will wash that crop out.

### No Solution

Home owners and farmers have appealed to the State and Government for aid. There are cries of

"Do something!" There have been meetings—and conferences—and surveys. And there is no man-made remedy that can help—now or ever.

Can you force more water over Niagara Falls?

Can we pump more water thru the Chicago Drainage Canal?

Can you drain your favorite vacation lake with an eye-dropper?

The answer is no. And you cannot move the water level of the Great Lakes up or down one fraction of an inch.

### What Happened

There is a growing fear that we are long last paying the price for our greed. During the lumbering era, we wiped out Nature's protection without a thought of replacing what we had taken so freely.

We cropped the land—packed down the soil—We dug a billion

miles of drainage ditches to hurry the water to the rivers and lakes. The rains of today are in the Bay tomorrow.

### Record

The carefully kept measurements of the Great Lakes water level tells the factual story of the disaster—and the threat to come. With 75 years of records to look back on, it was known that the water cycle had reached a peak two years ago. Instead of receding, as anticipated, the level kept climbing.

We are losing thousands of acres of land every day. What price Conservation now?

### Shallow Sea

Between Japan and Korea the sea is so shallow that a comparatively slight upheaval of the bottom would permit an army to walk across dry-shod.

War Party

Tommy had been playing with his sister in the garden, and their screams had attracted mother.

"What are you doing, children?" she asked.

"We're playing Indians, mummy, and I'm scalping Betty," replied Tommy.

"You're doing what?"

"Oh, I'm not really scalping her properly—just taking her hair off with the shears!"

STRONG WIND

A near-sighted man lost his hat in a high wind. After 10 minutes of chasing it through the streets of a small town, he was stopped by an agitated farm woman.

"What do you think you're doing?" she demanded.

"My hat blew off in the wind!" he called, running on.

"Your hat!" the woman shouted.

"Your hat is over by the wall. You've nearly run the legs off my little black hen."

SHORT STORY

So Nice

By Helen Langworthy

BRUCE WHEELER looked across the restaurant table at his daughter Avis. He hadn't realized how much he missed her since he had sent her to Grand River to school. "Are you really glad you're going to Grand River? At the time you were determined to stay in Northville with me, remember?"

"Remember!" Avis said with fire-alarm emphasis. "I was just a 15 year old baby then. I didn't know about the big wheels at Grand River, and that I'd be a main spoke. You're screaming gorgeous!" Avis' eyes grew large over the fried chicken placed before her.

"We don't seem to talk the same language," Bruce said slowly. "Please interpret. What's a 'big wheel' and a 'main spoke'? That scream-something word, is it good?"

Avis smiled. "Dad, I forget you're of the vintage of the terrific twenties! 'Big wheel' is someone important around high. And I'm important—a 'main spoke'! 'Scream-gorgeous' is swooning good." Avis turned to the chicken.

Bruce decided he wasn't hungry. For the thousandth time he wished Avis' mother could have lived. . . . To avoid bringing up Avis in a

Bruce was glad when Jim came to their table.

woman-less household he had sent her to Grand River.

Avis finished the chicken and whispered, "Can I have a float?"

"Sure, Bruce answered, "but what is it?"

"This is the \$64 business! A float is ice cream and ooke mixed. Yummy!" Avis continued. "What are we doing after dinner? Frankie Martin's in town. . . . Frankie's a sax man! Can we go, Dad? I mean, can we?"

Bruce nodded and felt dizzy. May be a show with Avis listening would give him time to impress the new language onto his mind.

AVIS openly applied lipstick (her mother would never have done that!) as Bruce saw a familiar face across the restaurant. It was Jim McKinnon, son of an old friend. Jim returned Bruce's nod casually then Jim's eyes widened. Jim was 20. Bruce was glad when he came to their table.

Bruce pulled out a chair and began pelting the boy with questions about his father and about business. Jim responded that his father was well, business was fine, the football games had been won, but all the time his eyes were on Avis.

It hit Bruce like a wallop, Jim hadn't come for man-talk . . . it was Avis!

And Avis!—Bruce squirmed. Her eyes were downcast. The sparkle was gone. Bruce knew that bashful ten year old's had more personality. Plainly Avis was mentally swooning over Jim.

Jim asked her, "How do you like Grand River High?"

"Nice," Avis said softly.

"Do they have a good football team?"

"It's—it's nice," Avis answered. She raised her eyes as far as Jim's hands like it was a terrific effort.

Bruce clenched his teeth. Didn't she know anything! If she put one tenth of the gayness of her conversation five minutes ago into talking with Jim, he would be interested.

"Do you like having dinner here," Jim asked, already searching the room for an escape.

Avis took a long time to answer, and managed to raise her eyes to the level of Jim's. "It's so-so nice here," she said.

Bruce knotted his hands. Jim, sighed with disappointment and politely asked Avis to dance. He probably expected her to say she couldn't push one foot ahead of the other. As they walked away Bruce closed his eyes—probably she would fall! If only her mother had lived. Maybe she could have taught Avis how to talk!

Then they were back and Avis was drawing on her coat and Jim was walking away.

"He's peachy!" Avis breathed.

Bruce began, "There's something I should tell you. If you want a man to be interested you have to be alive—"

Avis interrupted, "Jim? Oh, we've a date for tomorrow night, another for the fraternity party and he asked me to go to the Fall Prom too! Not bad?" she asked with lifted brows.

"You'll do," Bruce whispered.

Painted Mural Under Water

Famed muralist, Diego Rivera, has been utilizing his artistic talents in an unusual way. He has been painting a mural depicting man's dependence on water on the walls and bottom of a tank that is part of Mexico City's new water system. According to Life Magazine, much of the painting will be under water when the project is completed. Rivera says it will not wash away. To protect the painting from water erosion, he has mixed a plastic emulsion with pigments.

Army Feet

The Army still depends on its feet, despite increased use of trucks and tanks for greater mobility. To provide more efficient foot care for soldiers, the Army Quartermaster Corps recently simplified shoe and boot sizes to reduce the supply and storage burden and introduced a new foot powder to fight foot perspiration and offer partial protection against weather injuries.

New Giants of Industry

Five giant transformers, capable of supplying enough power to light 14 million 80-watt light bulbs, will be made by Westinghouse for two mid-west power companies. Three of the giants will be the most powerful transformers in the world.

FROM THE FILES OF THE CHRONICLE

### Five Years Ago.

Iola Mabel Newsome, nine-year-old daughter of Mr. and Mrs. Roy Newsome, was fatally injured at the Cass City school grounds Wednesday, as a group of children were rushing to board a school bus. The total cost for the removal of snow in Tuscola County was \$104,377.36.

Mrs. Harold Thane was fatally burned Tuesday in an explosion caused by using kerosene to hurry a range fire.

At a meeting of the local council of the Evangelical United Brethren Church Monday evening, the following officers were chosen: Mrs. C. J. Striffler, vice chairman; Mrs. Andrew Seeger, secretary; Mrs. Wilma Fry, financial secretary; D. W. Benkelman, church treasurer; Mrs. Andrew Seeger, missionary and benevolence treasurer; Mrs. C. J. Striffler, debt reduction fund treasurer and Mrs. John Sovey, flower secretary of the church.

Mrs. Rosa VanHorn had the misfortune of breaking her left knee in a fall recently.

### Ten Years Ago.

Dr. H. T. Donahue and Orville Karr purchased ten purebred registered Holsteins to be added to the herd on the Donahue farm one half mile north of Cass City.

Horace M. Buley has left for Miami Beach, Florida, to report for service at an officers' training school of the U. S. Air Corps.

The Cass City Extension Club, Group No. 2, met at the home of Mrs. Grant Patterson on April 10 with Mrs. Ben Benkelman, Jr., chairman. Officers chosen for the coming year are: Leaders, Mrs. Fowler Hutchinson, Mrs. Warren Wood, Mrs. Frederick Pinney and Mrs. Raymond McCullough; chairman, Mrs. Ben Benkelman, Jr.; secretary and treasurer, Mrs. Don MacLachlan.

The Elkland Extension Group met Tuesday, April 7, in the home of Mrs. John Reagh for an all-day meeting and election of officers. Officers elected are: Chairman, Mrs. Alton Mark; secretary-treasurer, Mrs. Clifford Martin; leaders, Mrs. Edward Golding and Mrs. William Martus; recreation leader, Mrs. John McGrath. In the absence of Mrs. Martus, Mrs. Golding gave the lesson.

Funeral services were held Sunday at the Presbyterian Church here for Christopher Seeger, 87, who died in his home on West Main St., Friday. The Rev. Wendling H. Hastings officiated.

### Twenty-five Years Ago.

The April banquet of the Cass City Community Club was held at the M. E. Church Tuesday evening. At the business session, the nominating committee presented the following names as representatives of the various churches to serve as members of the executive committee of the club: Methodist,

F. A. Bigelow; Evangelical, W. J. Schwegler; Presbyterian, Frederick Pinney; Baptist, Bruce Brown; Church of Christ, Robert Warner; Catholic, M. E. Kenney; Bethel, Wm. Profit; community representative, W. L. Mann. On the motion of P. A. Schenck, the report of the committee was accepted and the nominees were elected. After community singing led by G. W. Landon, Rev. Cargo introduced Rev. H. H. Savage, speaker of the evening.

Joseph Hack, Deford, died Tuesday, April 19, at the age of 74 years. Funeral services were held at the Deford Church Thursday, Rev. Sherk of Kingston and Rev. Scott officiating.

Dr. I. D. McCoy and Miss Gladys Sickles, superintendent of Pleasant Home Hospital, escaped with slight injuries when their car collided with the rear end of a wagon loaded with lumber and traveling without lights five miles south of Cass City.

### Thirty-five Years Ago.

Village President Striffler announced the following appointments for village officers which were promptly confirmed: Health officer, Dr. F. L. Morris; attorney, J. D. Brooker; street commissioner and marshal, David Hutchinson; president pro tem, Edward Pinney.

The following were selected for members of the council committees: Streets and Sidewalks, Schenck, Gallagher and Tindale; Electric Lights and Waterworks, Gallagher, Tindale and Pinney; Bills and Accounts, Pinney, Kelsey and Jones; Printing, Tindale, Pinney and Kelsey; General Improvements, Kelsey, Jones and Schenck; Ordinances, Jones, Schenck and Gallagher.

Richard Clark, 69, died Tuesday at his home on Leach Street.

Officers elected at the meeting of the Woman's Study Club Monday afternoon are: Mrs. Edward Pinney, president; first vice president, Mrs. J. D. Brooker; second vice president, Mrs. I. A. Fritz; secretary, Mrs. A. A. Ricker; treasurer, Mrs. C. R. Townsend; librarian, Mrs. G. A. Stiffler; critic, Mrs. J. C. Farrell; reporter, Mrs. I. D. McCoy.

### Important Preparations

When preparing the exterior of a structure for painting, it is important to clean out crevices and cracks around windows, door frames and chimneys with a knife, followed by a stiff whisk broom. Next, a coat of exterior primer should be applied. When the primer is dry, cracks should be backed with calking compound. This should be allowed to set 48 hours before painting.

### FEMININE PETULANCY

"Warren," moaned Horace, "let my experience be a lesson to you. Don't ever marry a widow!"  
"What seems to be the trouble?" Warren stupidly inquired.  
"Remember my telling you that Maggie lived a cat and dog existence with her first husband—that they quarreled and fought all the time?" said Horace. "Remember Maggie said she was marrying me because I was so patient, gentle and considerate?"  
"Yes," replied Warren.  
"Well, it didn't work out. Maggie wants a divorce." Horace announced. "The other day I pointed out to her that she should be very happy, now that she had the kind of husband she 'wanted—good natured, kind, agreeable to her every wish. And do you know what she said?"  
"I can't imagine," Warren rejoined.  
"She said, 'Don't kid yourself. You're none of those things. No man is that good. You're just too darn lazy to fight!'"

### Michigan 4-H Club Report Completed

Michigan's 4-H Club boys and girls completed a total of 95,274 projects in 1951, according to a report completed by A. G. Kettunen, state 4-H Club leader, Michigan State College. That's the second best year on record—in 1950 about 300 more projects were completed. There were 4,868 clubs with 9,079 volunteer local leaders. Kettunen credits the local leaders for building the Michigan program and for allowing the state to maintain its high record of completions. Of all members starting projects, 89.2 per cent carried them through to successful completion. There were 57,851 different boys and girls participating in the program.

### Anthrax Invades Michigan's Farms

Michigan State College veterinarians this week issued warnings to farmers to be on the lookout for anthrax, a livestock disease which has invaded Michigan.

They told farmers not to work with or open animals that have died from the disease. They also warned farmers to call their local veterinarian if they suspect the disease as a cause for livestock death on their place. The double warning came because anthrax is communicable to humans and if it gets a foothold on a farm without proper sanitary measures it may be years before the soil is free of the disease spores.

The disease, which is believed to have come into Michigan from a shipment of imported bone meal, attacks animals so fast that the first noticeable symptom usually is sudden death. If you suspect the disease, contact your local veterinarian or state disease regulatory officials immediately. If you try to post the animals or work with the carcass without advice, you may contract the disease yourself.

Animals which have died from the disease should be buried deeply or burned completely, along with manure and straw contaminated by the diseased animal. Anthrax affects all farm animals. It can be controlled if it is diagnosed before it strikes widely. If the disease breaks out in your community, all dogs should be tied up, and traffic between farms of any kind eliminated as much as possible to avoid further spread of the disease.

#### Avalanche

A rock avalanche, which broke from the western face of the mountain, recently changed the appearance of Mt. Jefferson, Oregon's second highest peak.

### POISONOUS PLANTS THREAT TO STOCK

Poisonous plants cause American livestock raisers many million dollars in death losses and sickness each year.

Trouble of this type is more apt to occur among young animals—

Plants cause many livestock losses.

among those subjected to poor pastures, or livestock that has been moved to new pastures.

Most state colleges supply good bulletins which help owners identify the common poisonous plants of their region. Or, any veterinarian will give information on seasonal poison plant hazards.

Many of the noxious plants such

as young cockleburs, jimson weeds, nightshade, jacksnipe or young hemp contain specific poisons. Another large group of growing forage of the sorghum family such as Sudan or arrow grass and cane may contain prussic acid, especially if frozen, stunted or wilted. Other plants sensitize animals to the rays of sunlight, causing serious skin trouble or swollen heads.

One great danger is that spotty animal losses may be ascribed to poison plants when the true cause is some contagion like blackleg or anthrax. When doubt as to cause exists, skilled consultation should be sought at once.

If a livestock owner suspects that a pasture may contain poisonous forage, he can cut down his risk by allowing one of his least valuable animals to graze there.

If the animal is unaffected after 10 days or two weeks, the pasture probably is safe. But as a double check, the owner should keep close watch on the animals. He should also keep antidotes on hand which he can give as first aid before the veterinarian arrives.

### April 21 to May 3 Set for Enrollment

According to George C. MacQueen, county 4-H club agent, the weeks of April 21 to May 3 have been designated as summer 4-H enrollment weeks. This has been done as a means of encouraging more rural boys and girls to investigate the opportunities the 4-H program has to offer them.

Summer months afford more time that can be devoted to the 4-H program. It also helps young people keep acquaintances started at school and allows them to make new ones. Nearly every youngster is interested in having a part in caring for a particular growing thing, whether it be crops, garden or livestock. Such activities are of never-ending amazement to them. At this time, too, older boys and girls can realize more fully the results of many years' project work by applying methods and procedures learned in the past to their project work.

Although the project provides a means of developing a youngster along the lines of emotion, character, personality and ambition, the true worth of the 4-H program is found in the local club meeting. Here members are given a chance to express themselves, assume and delegate responsibilities and cultivate interests in their communities.

Enrollment should be made through the local 4-H club leader. There are approximately 105 4-H leaders in the different townships in Tuscola County. Any interested boy or girl between the ages of 10 and 20 years, inclusive, is eligible to enroll. If no club has been organized in a community and the members and parents are interested in forming a 4-H club, please contact the 4-H Club Agent, courthouse, Caro, for help.

Projects available for this summer include: Dairy, beef, swine, sheep, horse, poultry, rabbits; vegetable or flower garden; conservation projects, such as wildflowers, bird study, wildlife, forestry, soil and water conservation and insect collecting; home projects, such as food preparation, canning, freezing, home improvement and family living; and crops projects including beans, corn, beets, wheat and potatoes.

#### Royal Sport

The sport of polo has been associated with persons of royal and aristocratic rank since the days of antiquity. The Emperor Ming Huang, of Ancient China, the foremost patron of literature of the Imperial line of Tang, was also famous in his time as a polo-player and sportsman.

### Summer Camp for 4-H Club Members

The summer 4-H camp for Tuscola County will be held again at Sleeper State Park Group Camp on the shores of Saginaw Bay in Huron County. The dates are July 23-26, inclusive.

Camping adds a great deal to the lives and experiences of 4-H club members, says George C. MacQueen, county 4-H Club Agent. During this three-day event, campers will enjoy some of the best swimming facilities in the Thumb area; they will get three good meals a day prepared by experienced cooks; they participate in sports, recreation and nature hikes too. Each one usually takes home a memento created in a handicraft class. One of the most inspiring features of the camping program is the evening vespers. The campfire circle affords an ideal location for this evening communion with God.

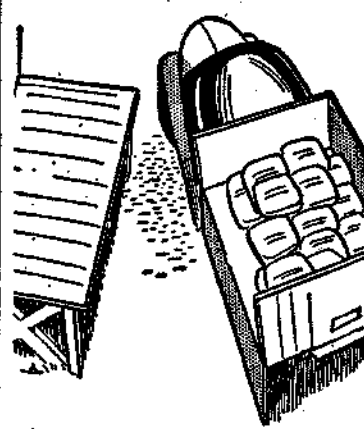

The camp is administered by a competent group of counselors, adults experienced in these many fields.

The 4-H man continued by stating that the camp enrollment will be taken on the basis of a reservation deposit of \$2 this year. This will constitute partial payment of the camp fee of \$5 or \$6 and will allow greater accuracy in meeting the camp capacity. Anyone wishing

to make a reservation may do so immediately.

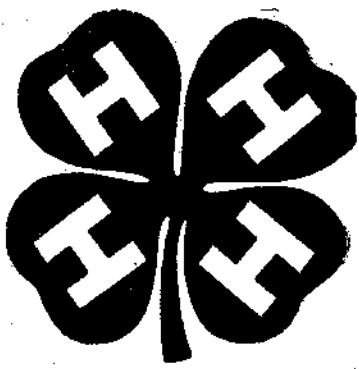

The Sleeper State Park Group Camp is under the administration of the State Department of Conservation. Separate cabins are provided and the boys and girls dine in the same dining hall.

#### Easier Loading

A farmer handy with tools can make a drop-side to his wagon or truck as illustrated above with a few pieces of scrap iron and a length of pipe. It will save considerable trouble loading and unloading, especially when the truck is pulled close to a loading platform.

## Fun Festival Slated For 4-H Clubs

An attractive part of the summer 4-H program in Tuscola County will be the 4-H Fun Festival. Michigan was the 'pilot' state for this program last year and the results were so encouraging that the sponsors decided to conduct festivals in other states as well. The Cooperative Agricultural Extension Service along with the U. S. Rubber Company devised this program whereby 4-H club members would have an opportunity to exercise their talents; either the 'home-spun' variety or the more learned type.

The local agency of the sponsor is the Shafer Tire and Appliance, Caro. This firm has demonstrated its enthusiasm and interest by tak-

ing an active part in the festival in 1951 and doing so again in 1952.

There are many different classifications of acts a 4-H member can undertake; among them are: Vocal, instrumental, dramatic, acrobatic and novelty. These acts are judged on talent, 40%; showmanship, 25%; audience reception, 25%; and costume, 10%. Only currently enrolled members of 4-H age and who have completed at least one project will be eligible. Ten-year-olds in their first year of club work are eligible even though they have not completed a project.

More particulars on this program will be issued later, concluded George C. MacQueen, county 4-H club agent.

## 4-H Softball Program Offered This Summer

The competitive spirit of 4-H club members in Tuscola County will have a chance of being developed further by the 4-H softball program again this summer. This was a new addition to the 4-H picture last year. Several 4-H clubs had teams. Akron-Santee 4-H Club was the county champion. The county champion from each county goes to the Extension District play-offs—in Tuscola's case, LaPeer. The district winners all vie for state honors at the State 4-H Show in August at Michigan State College.

Players must be enrolled in the summer program to participate on a softball team. Teams are classified as club teams and county

teams. Separate contests are provided for each group. Two small clubs may combine to form a club team.

4-H members work together for world understanding. They share with those across the seas. They send needed supplies. They exchange friendly greetings. They make visits to each other's homes. They help others to understand.

Treating seed gives higher yields because seed-borne fungi that cause plant diseases are destroyed, soil-infesting fungi that rot seed and kill seedlings are reduced and weeds are set back by establishment of better stands of grain.

## Good Management Can Build Pastures Renovation Program Should Be Well Planned

These "before and after" photos taken on the John Fleischenriem farm near Watkins, Minn., show how good soil management methods can build productive, high yielding pasture on wornout, undernourished fields.

Buck brush and June grass were about all that would grow on the field in the upper photo. Fleischenriem says he got only one month's grazing a year out of this pasture.

The lower field shows what happens on such land when a renovation program is undertaken, supported by the use of plenty of fertilizer.

## 4-H Members Do Fine Job in '51

During the past year the 4-H club members have done a fine job. 4-H members of Tuscola County produced and conserved food to make more available for their own families, for other families and for those in need in other lands: Garden products—27.6 acres; Poultry—2388 birds; Livestock—850 head; food crops—459 acres; Products preserved—11,926 quarts; Food frozen—5672 lbs.

They made their homes more attractive and liveable through their 4-H club work in: Food Planning, Preparation and Service—1672 meals; Room Improvement—88 units; Clothing—576 garments. Can this record be improved in 1952?

## GREENLEAF

Fraser choir met Thursday evening at the church for practice, going later to the Don Seeger home, where Mrs. Don Seeger and Mrs. Lucy Seeger served a delicious lunch. The entire choir went to Uby Friday to take part in the Good Friday services at the Methodist Church.

Mrs. Mary Wilding, her son, Julius, and brother, Adam Unterweiner, went to Cleveland Friday to visit relatives. They expect to return Monday.

Arthur Fisher suffered a painful accident last week while fishing. He ran a spear through one of his big toes so deeply that it was necessary to amputate it.

Mr. and Mrs. Keith Karr and children of Grosse Pointe Woods spent Saturday and Sunday visiting their parents, Mr. and Mrs. Anson Karr, and Mr. and Mrs. Kenneth MacRae. Saturday night Mr. and Mrs. Anson Karr entertained at dinner in addition to both their son's families, Mrs. Eleanor Morris and Mr. and Mrs. James Mudge.

Frank Nemeth of Deford was a Sunday dinner guest of Miss Amie Root at her home.

4-H members do things in the home and on the farm. They produce. They conserve. They help build America's agricultural help.

## Local 4-H Leaders Guide Members

The local volunteer leader can be easily called the keystone to the success of the 4-H club program. Local 4-H club leaders give of their time and talents, often at their own expense, to guide their club members and provide them with opportunities that lead to healthier homes and communities. All too often the local leaders are left to shoulder the burden of the local program. In many cases, however, there are parent committees organized to help the leaders when the work load gets heavy. All parents are urged to lend a hand in helping the local leader and to investigate further into the 4-H program. The benefits received by a 4-H member and the community through the program cannot be measured in dollars and cents alone; more specifically they can be measured in better citizens and a better country.

During 1951, about 120 volunteer adult leaders guided the 1260 4-H club members. This allows on the average a few more than 10 members per club. Besides the problems of the local club and its projects, leaders often are asked to assist with conducting a county-wide program. Examples of this are clerking for judges at achievement days; County Fairs; and other events. They record placings won by their members at the Fair and achievement days, take exhibits to and from these events and fight mud and snow getting word to the parents of club members telling them about latest happenings and events present and future.

The ideals and purposes of a local 4-H leader determine the kind of members, kind of club and community that will result. Our community is more important today than ever before.

Michigan State College veterinarians point out that foot and mouth disease is a serious threat. Should it break out in the United States and go out of control, meat, milk, leather, wool and some medicines might be reduced 25 per cent.

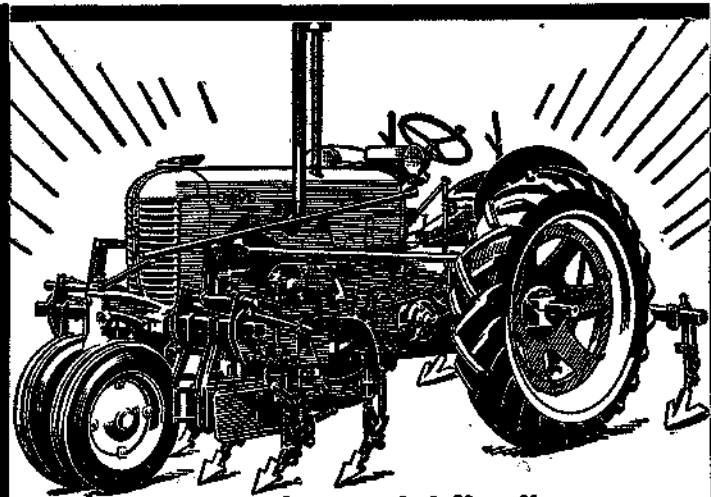

Highway signs actually are "signs of life." Know and obey them.

Forty years ago, 35 per cent of the nation's people were on farms compared to only 16 per cent now.

## MICHIGAN MIRROR NEWS BRIEFS

While the political whirl keeps  
Michigan in a continual tizzy—and  
will until next November—the  
state again is afflicted with Com-  
munistism.

Since the hearings of Rep. Pot-  
ter's congressional subcommittee  
in Detroit, the state has been buzz-  
ing with the "did you know"  
whispering which normally follows  
any investigation or exposure.

Now more investigations are in  
the air—especially in Wayne Coun-  
ty.

Are there political overtones?  
Well, it can not be denied that  
Potter's political career was not  
injured by his work in Detroit. Nor  
has Kefauver been hurt by his  
work in the now socially proper  
"corruption investigation" which  
now is almost mandatory before a  
man can run for any office.

But what are the results of such  
committees?

Kefauver's probe resulted in the  
jailing of Costello for a short time  
for contempt of congress.

Potter's committee revealed that  
Communism is rife in Local 600,  
the Ford company's United Auto  
Workers union. That was im-  
portant, of course, since Local 600  
has 50,000 to 60,000 members and  
is the largest union local in the  
world.

election pay, \$53.00; Telford  
Equipment Co., refill broom, \$45-  
00; Bigelow Hardware, material,  
\$3.99; S. T. and H. Oil Co., fuel  
oil, etc., \$64.32; E. L. Schwaderer,  
gravel, \$1.00; Elkland Roller Mills,  
coal for election, \$1.95; Albee  
Hardware, paint, \$11.89; Albin J.  
Stevens, services legal, \$15.00;  
Mayers and Sons, freight \$10.65;  
Steve Otto, 4 weeks salary, \$240-  
00; Steve Otto, mileage on car,  
\$60.06; Williams Simmons, six  
nights, \$36.00; William Schram,  
two nights full time, \$18.00; Wil-  
liam Schram, mileage on car, \$4-  
56; C. L. Burt, salary for Feb.,  
\$275.00; C. L. Burt, car allowance,  
\$25.00; C. L. Burt, postage, .74c;  
Wilma S. Fry, salary for Feb.,  
\$100.00; Louis Crocker, labor,  
\$215.63; George Holeschoe, labor,  
\$26.00; George Severn, labor, \$48-  
00; Steve Harbec, labor, \$20.00;  
Joe Tescho, grading, \$15.00.

Motion by Hartwick and Benkel-  
man that the bills be allowed, and  
orders drawn for their various  
amounts. Carried.

Meeting adjourned.

WILMA S. FRY, Clerk.

But it wasn't news.

Since the union organized the  
plant in 1943, it has been known to  
the state police and anyone else  
who took the trouble to ask that  
the union was controlled by the  
reds and pinks.

More important so far as the  
people are concerned is that the  
committee put their information on  
public record by its questioning.

All Communist Witnesses—that  
is, these known Communists—re-  
fused to testify, hiding behind the  
fifth amendment of the U. S. con-  
stitution, a document they have  
foresworn as archaic and decadent.

Friendly witnesses, ex-Com-  
munist and fellow travelers, ex-  
posed Communists throughout the  
state, naming some and giving de-  
tailed accounts of Red activities  
throughout the state.

But the testimony primarily  
was concerned with Wayne County,  
which of course, houses the world's  
automobile center and is more cur-  
rently the crucible for molding  
weapons of defense—and war.

What will a new investigation  
show?

It will bring out many new  
facets of the battle against Com-  
munism if ALL the evidence now  
collected is brought out.

Donald S. Leonard, who as state  
police commissioner, asked for an  
investigation, saying he had proof

of a Communist conspiracy against  
the constitution and its laws.

Such an investigation would:  
1. Put state police records be-  
fore the public.

2. Allow more time and man-  
power for an investigation than  
could be allowed by congressional  
probes.

3. Bring pinks and fellow  
travelers into the open.

4. Bring the seriousness of the  
situation to public attention.

Official sanction for an investi-  
gation would add a great deal of  
impetus to a program of prosecut-  
ing the Communies in Michigan.

But from there on, we're on our  
own. When a reporter gets in-  
volved in Communist investigations  
he suddenly finds there is no one to  
quote or authenticate statements.

But this observer predicts that  
(1) Communism in state govern-  
ment will be de-emphasized and  
(2) little will be done to expose red  
activities in our schools, univer-  
sities and colleges.

The pressure will just be too  
great.

### Foot Note

This time of the year doctors  
urge removing rubbers and galosh-  
es indoors because leather soles on  
shoes cannot ventilate feet properly  
if they are hampered by imperme-  
able foot coverings.

about **Great Hymns**  
Saviour, Breathe an Evening Blessing  
Saviour, breathe an evening blessing,  
Ere repose our spirits seal;  
Sin and want we come confessing;  
Thou canst save, and thou canst heal.

One night in 1819, James Edmiston, a young  
English architect, read an exciting tale of  
adventure in Abyssinia. One passage described  
the beautiful impression created by natives  
singing at nightfall. The evening hymn "Jesus  
Forgive Us" drifted thru their camp. Deeply  
moved, Edmiston lay the book aside and wrote  
his first hymn "Saviour, Breathe an Evening  
Blessing." Today he is remembered, not for  
his masonry buildings, but for his beautiful  
and inspiring hymns.
